HICO, TEXAS FEBRUARY 26, 1960.

NUMBER 43.

Patrons Invited to Visit School

Feb. 28-March 4 Set For Visitation Period

By O. C. COOK

The Hico Public School invites its patrons and general public to take part in the observance of Texas Public School Week, Feb. 28 through March 4. The Masonic

Lodge has, for a number of years, actively supported the observance of this special week. This organization, along with the State School Board and the Governor of Texas and many civic and state organizations, annually issues statements emphasizing the place of the public schools in our American way of life.

Stock Show Date Set March 25

Date of the 13th Annual Hico FFA Livestock Show was set this week as Friday, March 25.

In past years the show has been held on Thursdays, but due mainly to the chance of securing the crack Texas A & M judging team, local advisor Harold Walker set the stock show day on Friday.

The A & M team, which has won many national honors, will judge the livestock divisions at the show. Among their honors includes the 1959 Fort Worth Show team championship, winning team at the American Royal Show in Kansas City, championship at the International Show at Chicago, and high team at the National Western Show at Denver.

L. D. Wythe, Jr., is coach of the team. Last fall the group judged a pen of sheep at Golden Acres Farm here while en route to the Chicago show.

Walker expects a near-record number of entries in the local show this year, and stated that prize money had been increased in most divisions.

IMPROVING FOLLOWING SURGERY LAST WEEK

Roy and Clyde Wilburn of Houston and Mr. and Mrs. Glen Marshall of San Marcos spent the week end here with their sister and mother, Mrs. Maivin Marshall, who underwent major surgery early Saturday mornng at Hico Hospital.

Mrs. Marshall's condition is reported as improving this week.

Students waiting for check by School Nurse.

School Health Program Includes Regular Examination

The primary function of our health program is to install in the individual child a keen sense of self-discipline in everyday health habits. Also, to give him a rather broad outlook on community health problems and a knowledge of the functions of the human body.

Each teacher has a daily lesson in health, ranging from elementary habits to anatomy. They also have available to them at all times, the individual child's health record from the time he or she has entered school. It gives his weight and height, childhood diseases, eye and ear imperfections, and any abnormality occurring in childhood.

The school nurse, Mrs. Williams, makes periodic checks of each stu-

dent and also keeps a concise record of each child.

The elementary school is equipped with a modern health room which includes a hospital bed, rest room, first aid supplies and other necessary equipment. It is also used as an office by the school nurse.

Intramural physical education is carried on in the first six grades. Interscholastic competition sports start with the seventh grade for both sexes. A year-round program is carried on in football, basketball, softball, volleyball, and track. Our school has four instructors who teach physical education. The principle scope of this program is to teach sportsmanship and fair play as well as building strong and healthy bodies.

Go Back to School Next Week

The need for the public school never changes, but times and conditions may change or require to be changed methods and practices of public education. This is inherent with anything that grows, for growth is the result of change.

Our Texas public schools were created 106 years ago. In 1854 the first law was passed establishing the public school.

It is a healthy thing in our democratic way of life to have intelligent understanding of the important functions of our basic institutions. This is especially true of the schools. The initiative and resourcefulness and the wisdom and leadership that our schools are inculcating in the youth of today are the answer of the problems of citizenship in the years ahead.

Yes, "bring me men to match my mountains." That is the need of our times and must come from the public schools—schools that are strong in virtues required for building strong men and women.

We can be assured of this and do our part in understanding and helping the public schools to fulfill their great obligation to our times by being a participant in the annual Public Schools Week, Feb. 28 through March 4. Schools will hold open house hours; accept their hospitality, and you will enjoy the experience of going back to school—if but for a day.

Filing Deadlines Near in School and City Elections

Prospective candidates for school and city posts have until March 2 and March 5, respectively, to submit their names for places on the official ballots in those elections.

Thus far names of V. H. Jenkins and E. V. Meador have been filed in the school trustee election, both for re-election, and the present slate of city officials have al-

so been offered for re-election. In the city election, Mayor D. E. Bullock, and Councilmen G. M. Bullard, W. C. Howard and Jim Jameson have entered for places on the ballot.

In area school elections, terms of O. C. King and Carl Ray Sellers expire at Fairy, and Claude Carroll and G. L. Thompson at Carlton.

In other school action, voters must elect a County Trustee at Large, the office currently being held by Lagree West of Hamilton, and County Trustee from Precinct 3, now held by J. B. Woodard of Hico.

Waco Pastor Will be Monday P-TA Speaker

To coincide with Texas Public School Week, Feb. 28 through March 4, Hico Parent-Teachers Association will hold their regular meeting next Monday evening, Feb. 29, at 7:30 in the high school auditorium.

"Schools in Action" will be the topic of the evening, with Rev. Fred F. Devaney of Waco guest speaker. Rev. Devaney is Grand Secretary of Grand Masonic Lodge of Texas.

Mrs. O. C. Cook will direct members of her third grade class for the room program.

Concluding the program, refreshments will be provided and served by members of the Masonic Lodge.

Rev. Herrington Accepts Pastorate at Hearne

Rev. Clifford Herrington, who has been pastor of the First Baptist Church in McGregor for the past three years, has accepted the position of pastor in the Hearne First Baptist Church, and will assume his duties there March 1.

Rev. Herrington is the son of Mr. and Mrs. R. A. Herrington Sr. of Hico.

The McGregor church has a resident membership of 456, as compared to 750 resident members in the Hearne church.

Waco Pastor Will Speak at Open Meeting of AA Group

The Rev. Lloyd T. Watson, pastor of Richfield Christian Church in Waco will be guest speaker at an open meeting of Alcoholics Anonymous at Firemen's Hall in Hico on Saturday, March 2nd at 8 p.m.

This will be an educational program on alcoholism as seen by the ministry. Rev. Watson is an able speaker on the subject and the general public is urged to avail themselves of the opportunity to hear him.

High School Lab Scene—Well Equipped . . .

Science Department in High School Very Well Equipped

That our science department at Hico High School has much to add to the culture of individual student. The emphasis on science in high school enabled these students to excel on the science sections tests given by the high guidance department. The students who have graduated and college have also done well, indicating the caliber of the department in our school.

The science department is well equipped. We feel we have the equipment necessary to conduct any of the experiments to illustrate the basic laws and principles. In our school administration, we have spent an additional \$450 on the department, in order to keep this department in top shape.

The science department offers the following subjects: General Biology, Chemistry, and Physics. The General Science and is offered to freshman and sophomore students, and is taught in Ross Hall. The Chemistry department is offered to juniors and seniors, and is taught by Mrs. Brummett.

The science department offers the opportunity to the students to learn the laws and principles of the sciences. These students learn to apply the scientific method into their thinking. This is how they learn the method of a critical unprejudiced nature. They also learn to draw conclusions from the evidence they have gathered. Only the state accreditation

committee visited our school, and our high school science department received a very high grading by this committee.

The students, teachers, and administration of Hico Schools would enjoy having each of you visit the school and science department during public school week, or any time you wish.

Excellent Fire Record Gives Citizens Break On 1960 Insurance

Hico's excellent fire record for 1959 will entitle local residents to a credit of 20 per cent on their fire insurance, effective April 1.

This credit is the same rating enjoyed by residents last year. The credit percentage is based on losses within the city limits over a period of five years.

Hico's rate compares to neighboring towns, with the following credit rating: Glen Rose, 15 per cent; Clifton, 25 per cent; Meridian, 25 per cent; Granbury 25 per cent; Stephenville 20 per cent; Dublin 10 per cent; Hamilton, even, no credit or no penalty.

The maximum credit is 25 per cent. Hico Volunteer Fire Department answered thirteen calls last year in the city limits, and only two calls suffered losses. The Asa Bullard loss was estimated at \$500, and Ben Ganske Laundry at \$210, according to Fire Marshal W. R. Hampton.

4,990 Meals Served in Jan. In School Lunch Room

The Hico lunch room is made possible by the National School Lunch Program. A large quantity of commodities are received each year. Schools are reimbursed five cents for type A lunch by the federal government, and four cents per one-half pint on the special milk program. The school signs an agreement to serve a certain type of lunch on a non-profit basis. All money taken in is spent on food, labor, or equipment.

The month of January shows the following information concerning the local program:

Days taught	20
Total Meals	4990
Av. Daily Attend.	278.97
Av. Daily Eating	249.50
Program Income	
Food Claim	326.24
Children Payments	1261.80
Other income	95.60
Total	1683.64
Expenditures	
Food	1026.52
Labor	467.33
Other expenses	77.40
Total	1571.25

Each student is served a balanced hot meal including two 1/2-pints of milk. Many parents wonder just how the kind of meal we serve can be done for the 20, 25 and 30¢ charge. It is done by careful buying, volume, and the help of surplus commodities.

The lunchroom is equipped with modern cooking and serving equipment.

Personnel who work in the lunchroom are Mrs. Lucille Slaughter, who serves as head cook and purchaser, Mrs. Cecil Luckie, Mrs. Clarence Jackson, Mrs. Paschal Brown, and several students.

LOCAL SCHOOLS CLOSE FOR WEEK

Hico schools closed Thursday and Friday of this week due to an unusual large number of absentees. A total of 71 students were absent Wednesday, and school officials felt that by closing the last two days of the week, students would have a chance to recover before classes are resumed Monday.

Fairy schools were closed Wednesday of this week due to weather and illness.

Valley Mills Pops Hico in Over-Time Tuesday Night

Hico cagers "hung 'em up" for the season after Tuesday night's loss to Valley Mills.

The game, played at Valley Mills, was a real thriller, with the hosts gaining the regional berth in an overtime period, 53-51.

Valley Mills started off as if they would run the locals out of the gym, but after the first period, they cooled considerably and Hico took up the slack.

The Eagles hit consistently in the first period, gaining a 15-6 lead at the end. However, that was the only quarter in which they outscored Hico, with the locals gaining an edge in the other three quarters to make the game close.

The game as several minutes old before Hico could make a basket, Mitchell Mayfield breaking the ice with a set shot from his corner

position. Another set shot by Mayfield and one by Ellis produced all of the scoring in the initial quarter. Meanwhile Valley Mills was cleaning the boards on both ends of the court and hitting from the field to gain the margin.

Don Jernigan, stout freshman, collected three quick fouls, which forced him to play cautiously the remainder of the first half. He was unable to find the range in the first two periods, being held scoreless.

In the second quarter the locals caught fire, out-scoring the Eagles 15-10 to go out at halftime trailing by four points, 21-25.

Hico gained one point on the hosts in the third period, scoring 15 to 14, to trail 36-39 at the three-quarter mark. Not until the fading seconds of the third stanza did Jernigan find the range, hitting his first field goal with only seconds remaining in the period.

Hico went ahead 42-41 for the first time in the game early in the fourth period with a field goal by Doyle Crews. Crews then collected two more points at the foul line to give Hico the largest lead they enjoyed at night, 44-41. The remainder of the fourth period was played on a swap-out basis after the hosts had tied the game at 44-44.

The regular playing time ended with the score tied 48-48. In the overtime period Valley Mills hit two quick field goals to forge ahead four points. Mark McElroy hit a charity toss to cut the margin to 3, the Eagles hit a free throw to go four ahead, and Jernigan hit a field goal to cut the margin to two points ending the game.

Mark McElroy led Hico scorers with 16 points. Crews meshed 12, Ellis hit 9, Jernigan 8, and Mayfield 6. David Schmidt, great Eagle ace, gathered 19 points for game honors. The 19 points was one of Schmidt's lowest point outputs this year.

The local team thus ended one of the most successful seasons in history, compiling a 19-7 record. Of the team members who played Tuesday night, only one, Doyle Crews, will be lost to the team. The loss of Crews will be felt, however, as he has been the spark needed by the locals to gain the play-offs for the second straight year.

Mrs. Slaughter, Mrs. Jackson, Mrs. Brown and Mrs. Luckie.

Guidance, Testing Program Important Factor in Schools

Our guidance and testing program has been organized about five years with Mr. Chandler as co-ordinator. We have a real pride in our system. Our cumulative records are kept up to date in files in the principals' office.

We have added to our staff in testing and counseling, Mr. Justin V. Anderson, who does our standardized testing and does group and individual counseling under the direction of our co-ordinator of guidance. He is working on a co-operative basis in the county and gives us two days each week.

Mr. Anderson has long and varied

experience in school work, ranging from teaching in a one-teacher school to high school principal and teaching in a junior college. He capped off his training with a Master of Education degree in guidance in 1957. This is his fourth degree and it equips him admirably for his work.

His work, in brief, is to see that every student knows his abilities and potentialities. The aim is for each student to select a career that will utilize all his abilities and, at the same time, enable him not to select a career that is beyond his abilities.

STUDENT GUIDANCE PROGRAM—In picture: Charles Yell, Anita Mayfield, and Justin Anderson.

FAIRY

By MRS. EUNICE DANIEL

A pall of sadness fell over this and surrounding communities last Saturday as news was circulated of the death of Mr. N. S. Sellers of Hamilton, former resident of the Lanham community for many years. Mr. Sellers, who had been in ill health the past five years, died at his home in Hamilton at 2 a.m. Saturday.

Funeral services were held at 2 p.m. Sunday at the First Methodist Church in Hamilton, with Rev. Sidney Roberts of Hamilton and Rev. Billy McClellon of Cranfills Gap officiating. The Hamil-

ton quartet had charge of the song service. The beautiful floral offering and an attendance of some 500 friends, acquaintances, and relatives, bore tribute of love and respect to the life he had lived during his earthly stay here.

Mr. Sellers was born to the late Joel and Mary Sellers on Oct. 21, 1881 at Pancake, near Jonesboro. He was converted and joined the Methodist Church at 12 years of age. On Dec. 2, 1906 he was married to Miss Cora Mayhew of Pancake. To this union ten children were born. He was preceded in death by one daughter, Mrs. Haskell (Maggie Lee) Payne in 1942, and one infant daughter.

Survivors are his wife; three sons; and five daughters, namely, Frank and Dewey Sellers of Hamilton and Cary Ray Sellers of Fairy; Mrs. John (Stella) Anglin of Lubbock, Mrs. Charles (Joy Marie) Wilson of Houston, Mrs. Norman (Annie) Thompson of Hamilton, Mrs. Raymond (Prudence) Jones and Mrs. Wesley (Norma Lee) Jones, both of Lanham. He is also survived by 27 grandchildren and six great-grand-

children. Pallbearers were Grady Hooper of Hico, Milton Harlick, Harry Bullard, Fred Hartgraves and Eloe Stringer, all of Hamilton, and Lee-ota Jones of Lanham.

Burial was in the IOOF Cemetery at Hamilton. Throughout his illness the children had taken turns, some of them being there every day, to assist their mother in his care. Fortunately he was only bedridden about three weeks prior to his death. A good man has gone on to receive his reward. Our deepest sympathy is extended to the bereaved wife, children, grandchildren and others who mourn his passing.

Mr. and Mrs. D. E. Allison of Dublin visited Sunday in the home of their parents, Mr. and Mrs. Ed Allison and the writer. They were in Hamilton Sunday afternoon to attend funeral services for Mr.

Sellers.

Mr. and Mrs. Weidon Parks of Fort Worth visited during the week end with their parents, Mr. and Mrs. T. R. Parks and Mr. and Mrs. Robert Streater.

Mr. and Mrs. Texie Allison and Dana visited Sunday in the home of their parents, Mr. and Mrs. Ed Allison and Mr. and Mrs. Garlon Streater and sons.

Frank Hanes was on the sick list during the week end. We hope he is much better by this writing.

Irvin Jones Jr. of Desota was here during the week end to attend funeral services for Mr. N. S. Sellers.

Among those from the Fairy community attending Mr. Sellers'

funeral Sunday afternoon were Mrs. Frank Hanes, Mr. and Mrs. Carl King, Mr. and Mrs. W. E. Cunningham, Mr. and Mrs. Herman Sills, Mr. and Mrs. H. O. Richardson and Jerry, Mr. and Mrs. Scott Blakley, Mr. and Mrs. Leon Springer and family and Mr. and Mrs. E. M. Hoover and the writer.

After the funeral hour Sunday the writer attended singing at Warrens Creek for part of the singing and afterwards we visited a short while in the Jim Fuqua home near the church. Mr. Fuqua underwent major surgery at Temple recently. Glad to report him able to be up and about, and has also been able to attend church.

Birthdates for February are H.

H. Wolfe and Johnny Blaze, Feb. 3; Mrs. J. T. Leonard and brother, Elzie Lee Parks, Feb. 6; Mrs. Dewey Sellers, Feb. 10; Leslie Arant, Feb. 13; and Jerry Todd, Feb. 27.

Today, Tuesday, we have real winter weather again. Some rain fell before daybreak which has practically turned to sleet at this time of 8:45 a.m.

While in Hico last Saturday week we were handed \$9.00 by Mr. and Mrs. Emmett Anderson for the benefit of the Fairy Cemetery. The amount consisted of a \$3 donation by Vera Slater of Waco, \$3

by W. G. Slater (whose was turned in at the bank with the money but not to date) and \$3 by Mr. and Mrs. Anderson. We wish to thank their thoughtfulness.

Nona Brunson worked Monday afternoon at the tery, making repairs on two and working the following A. Anderson, Frank Tyler Allison, Adams, Clyde Burden, Barnett and Prof.

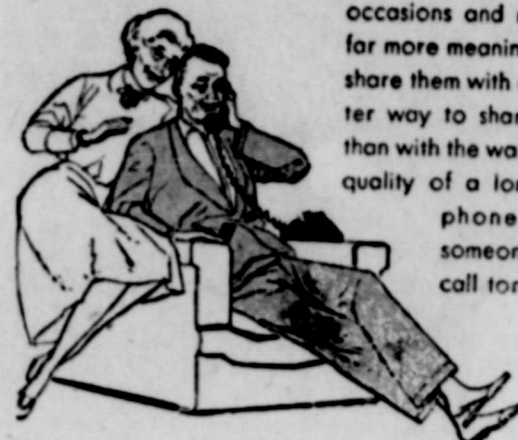

There will be singing on day, March 6, from 2 to 4 at the Olin Baptist Church. A cordial invitation to all

Lone Star Farmer Degrees Duced at Hico Schools

Vocational Agriculture students at Hico schools are receiving practical training in the classroom and in the field. The program includes instruction in crop raising, livestock raising, and farm management. Records are kept of the progress of each student, and the program is designed to prepare them for careers in agriculture.

The chapter is observing Vocational Agriculture Week Feb. 20 through 27.

The chapter also sponsors a livestock show, dog vaccination day and livestock clinic. Several ex-students are following careers in agriculture and a number of our current students plan to study some phase of agriculture in college.

The chapter is observing Vocational Agriculture Week Feb. 20 through 27.

Protractors maintain that falls, and other types of minor accidents occur daily, sometimes result in displacement of spinal segments and pressure on spinal nerve roots. The nerves leave the spinal cord and pass out between these bones. These trunks serve as lines of communication between the brain and the heart, liver, the stomach, the kidneys. The result of this pressure on nerves that the organ supplied by this nerve cannot function normally. This is disease. The name we give to this disease depends on whether it is the nerve going to the heart, liver, the stomach, the kidneys or some other part of the body which is involved. We are trained to locate the point of pressure and correctly realign the offending vertebra. A return to normal health can be the only result providing too much age hasn't already been done.

IREDELL ITEMS

By MRS. C. A. MITCHELL

Mr. and Mrs. Ben Sartor and sons of Hamilton visited with Mr. and Mrs. Joe Sartor and son Sunday.

Mr. and Mrs. Tom Munnerlyn of Hico spent Sunday with Mr. and Mrs. W. E. Boyd Sr.

Mr. Bill Clanton is seriously ill in the Hico Hospital at this time.

Mrs. Eunice Guthrie and children and Mr. and Mrs. J. L. Blakley and children of Fort Worth spent the week end with their mother, Mrs. Ida Musick.

Mrs. Guy Ellis of Waco and Mr. and Mrs. Donald Barnhill and Donna Sue of Marlin spent the week end with Mr. and Mrs. T. P. Barnhill.

Mr. and Mrs. Charles Basham

and Gary of Killeen and Mr. and Mrs. R. Y. Gann and Rodney of Stephenville visited their parents, Mr. and Mrs. Albert Hensley during the week end.

Mr. and Mrs. Charles Ogle and Mr. and Mrs. Kenneth Davis and son of Fort Worth spent the week end with their parents, Mr. and Mrs. Obie Dunlap.

Mrs. Mack Coper, mother of Mrs. Obie Dunlap, passed away Sunday night in the Sunset Home in Clifton after a long illness. Funeral services were held Tuesday afternoon at Spring Creek.

Mr. and Mrs. Roy Dunlap and Mr. and Mrs. Raymond Dunlap of Dallas spent the week end with their parents, Mr. and Mrs. Austin Dunlap and Mark.

Mr. Ferd Russell is seriously ill at this time. He is in his nineties.

Mr. and Mrs. Charles Blakley of Denton spent the week end here with their parents.

Mr. Ralph Bradley has been a patient in the Clifton Hospital. He is at home now.

Mr. and Mrs. Roy Davis, Ronnie and Lonnie of Fort Worth spent the week end with his mother, Mrs. Juanita Davis.

Mr. and Mrs. Edward Lee Nabors and Mr. and Mrs. Leon Nabors of De Leon visited Mr. and Mrs. Ed Lawrence during the week end.

Mrs. Helen Weatherford and Mr. Vinard are patients in Hico Hospital at this time.

Mrs. Mattie Phillips is real low in Clifton Hospital at this time. Mrs. Zella Maness is at her home now. She was staying with Mrs. Phillips.

James F. Bernhardt of Dallas spent the week end here with his wife and Tammy, and Mr. and Mrs. C. A. Mitchell Sr.

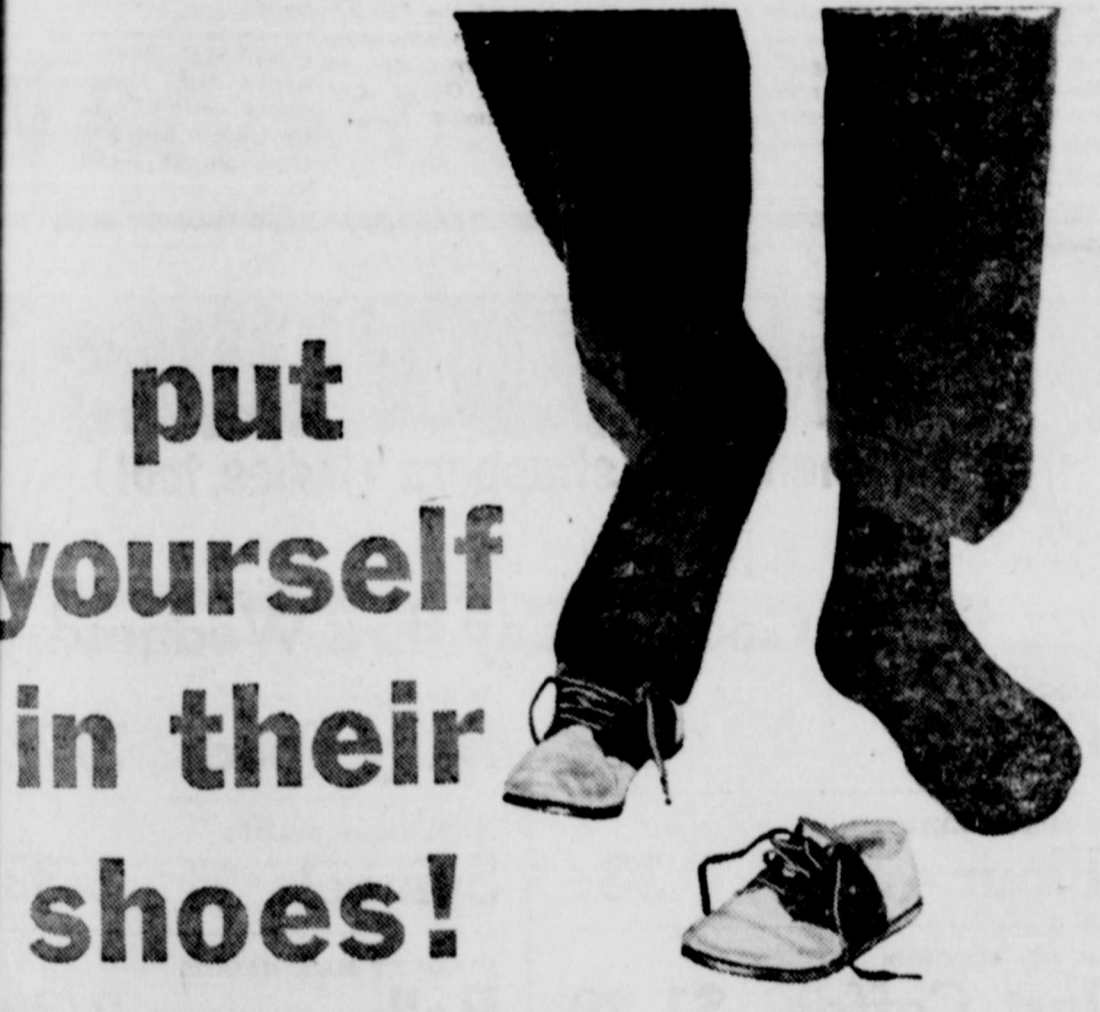

Mrs. Janie Woody, Mrs. Vada Howard, Mrs. R. O. Burns and Jimmie Neal Burns attended funeral services for Mr. Jim Conner in Cleburne last week. He was Mrs. Burns' father.

Deputy Grand Matron Presides at Meeting of Iredell O.E.S. Chapter

Iredell Chapter No. 850 Order of the Eastern Star met in stated meeting on Feb. 9. A buffet supper was served to the members and visitors. The Valentine motif was carried out in all of the decorations.

The Deputy Grand Matron of District 3, Section 7, Sister M. E. Echert of Valley Mills made her official visit at this time. She presided graciously and gave her instructions from the Worthy Grand Matron in an instructive manner. She was assisted in her duties by Sister Allene Houston, of Arlington, who is District Deputy Grand Matron and Sister Casey Louise Fidler, Deputy Grand Matron of District 3, Section 2, who lives in Granbury.

There were 25 members of Iredell chapter present and many other visitors were Sister Marceline Fletcher, Worthy Matron of Arlington chapter; Doris Williamson of the Hico Chapter, and E. C. Echert of Valley Mills.

Sweetheart Banquet.
Friday evening at 7 o'clock the youth of Iredell will have a Sweetheart Banquet at the Iredell Baptist Church. Special features will include music by Miss Ann Sadler and Mr. Ronnie Stephenson. Featured speaker and entertainer will be Mr. Ralph Gibson of the Calvary Baptist Church in Waco. He is also a student at Southwestern Baptist Theological Seminary in Fort Worth.

Time for the banquet is 7 p.m. A delicious meal is planned with steak, potatoes, green beans, fruit salad and strawberry shortcake. Tickets for the occasion are 25c per person. Each young person in Iredell is invited to this banquet. Get your reservations in by Wednesday night. Contact Miss Billie Sue Kitchings, Miss Kay Hanchew or Miss Diane Blue about reservations.

Workers Conference.
Already we are anticipating the monthly associational workers conference to be held in Kopperl on Monday night, Feb. 29. Each worker in our Meridian Association are urged to attend this meeting. The emphasis will be on Evangelism and will feature many most helpful suggestions for Christian Evangelism in our local church.

New Member in Our Church.
Our church is pleased to welcome into our membership, Mr. Tommy Trotter. Tommy is 9 years old and was converted two weeks ago. He was baptized last Sunday morning. We welcome him into our fellowship and pray God's richest blessings upon him and his family.

Three Years of Homemaking Offered in High School

Three years of homemaking are offered to girls at the local high school. The first year is required and the other two are elective. Seven different areas are studied in homemaking. These include meal preparation, construction, personal grooming, family relations, child care, home care of the sick, and housing and home furnishings.

Foundation study is given in each area during the first year. New experiences and further study are added during the second and third years. Sixteen girls are now enrolled in the first year of homemaking, seven in the second year, and ten in the third year. In addition to regular class work, each girl participates in home experience each semester for a period of six weeks. She may make a garment at home, prepare family meals, care for younger brothers or sisters, or choose her home experience from any of the other phases of homemaking.

In connection with the homemaking program, Hico High has an active chapter of Future Homemakers of America with a membership of forty-eight. To promote a growing appreciation of the joys and satisfaction of homemaking and to develop leadership and citizenship are among the purposes of the organization.

On the Home Range

By Helen Ruth Flowers
Home Demonstration Agent

CHECK LABELS ON SPRING FABRICS

Have you ever bought a lovely garment or piece of fabric that looked "sad" after the first laundering?

Much of the success or failure in laundering synthetic fibers lies in following directions given by the

manufacturers. Read your labels carefully before buying if you want to be sure you can launder the fabric at home. Follow directions given. Your label may say something like this:

"Hand Wash." Specific directions may be given. In this case, the fabric cannot be handled care-

lessly or washed in a tub with strong soap and very hot water.

"Wash at home or in commercial laundry with careful methods."

"Can be washed in commercial laundry with ordinary methods."

"Color Fast." Homemakers should be able to wash this with regular laundry if she is sure of the reputation of her dealer and manufacturer.

Labels should tell you what the fabric is, how to handle it, and what you can expect from it in the way of service. Look for a good descriptive label when you buy. Of course the new labeling act will go into effect next week (March 3) and according to this law, the homemaker can better care for fabrics and garments which she buys. This law requires that every piece of material give the fiber content of every fiber of more than 5 per cent.

— H R F —

CHOOSING SPRING ACCESSORIES

Have you ever brought home a bargain hat or bag or shoes of a delightfully "different" color to find that they did not go with a thing you had? In that case, they may have been expensive after all.

To get the most for your money, plan carefully before you buy—remembering the color and design of your basic dresses or suits. Accessories should accent or complement a costume. They can add spice to simple solid color dresses or suits, or supply the unifying note with striking print dresses or a plaid suit.

Avoid using too many different colors in one costume. The eye jumps from one spot to another, and you lose the effect of unity. A general rule for the use of contrasting color, texture or pattern in accessories is never to repeat more than three times—generally two are smarter; for example, shoes, bags and gloves, or shoes, bag and hat, or bag and hat.

Intensity of the color is important. Don't overdo it. The more brilliant or intense the color, the smaller the area it should cover. Unusual colors draw the eye just because they are complex in makeup. Use them with care.

Basic colors in accessories, namely black, brown or navy, are always in good taste, and easy to use.

Color in shoes is a fashion to be used with caution. It calls attention to the feet and ankles. Be certain you can stand the spotlight.

A final suggestion: Look smart but not extreme. Don't overdress. The best women are often the most

High School Library Offers Varied Reading Literature

The policy of the school administration in regard to the high school library is characterized by broad understanding of the importance of a reading center which provides materials for all kinds of reading interests and requirements. As well as the usual classic literary selections and recreational reading, there must be provision for material on current events, recent scientific topics, and reference materials ranging from encyclopedias of recent copyright date to bound copies of useful periodicals.

Books that are specifically for reference include dictionaries (language, biographical, geographical, scientific, and classical), encyclopedias, the Reader's Guide (a-bridged) for magazines, almanacs, world and Texas, world atlases, and bound periodicals.

Twenty-six magazines covering a variety of interests come regularly to the high school. The library subscribes to three newspapers, the Hamilton Herald-News, the local paper, and the Fort Worth Star-Telegram. The Stephenville Empire Tribune editor has made the school a gift of a one-year subscription.

For the last three years the greatest expenditure has been made to secure a more complete

scientific library. Some of the most books bought this year are "Tinkle and Maxwell's Boy Reader," "Carmen of America," "Michener's Asia," "Others include Inside Russia, Langui's Book of Modern Art, Hoover's Book of Deceit, The American Book of Great American Weyer's The Illustrated Natural Sciences, Jaffey's Science in America, United Makers of the Modern World, Barr's Research Ideas for Scientists.

Purchases for this school have not yet been made. Those already made total the heart is to the heart. From it is carried to the both essential information enrichment material. The need of a student's work is assured by the kind of uses and by the extent he uses it.

Too Late To Close

SUBSCRIPTION RATES

In Hico trade territory, One Year \$2.00; Outside Hamilton, Bosque, Comanche and Erath Counties, One Year, \$2.50; Out of State, One Year, \$3.00. (Additional charge for short term subscriptions.) All cash in advance.

Cards of Thanks, resolutions of respect, obituaries, and all matter not news will be charged for at the regular rate.

Any erroneous reflection on the character, reputation or standing of any person or firm appearing in these columns will be gladly and promptly corrected upon calling attention of the management.

TYPING CLASS—The above picture is of a typing class in Hico High School. There are 18 students taking first year typing and nine taking second year typing. In addition to typing, bookkeeping is being taught. The bookkeeping class is now studying about the depreciation of fixed assets. They have done one practice set which is equal to one whole set of books. They have just finished a test on payroll records, taxes and reports. Typing is an excellent opportunity for students who plan to go to work immediately after high school. In addition, typing skill is used for other phases of the student's high school and college work.

CLAIRETTE

By MRS. LUCILE MAYFIELD

Mrs. George Badgley of Stephenville and her daughter and children of Venezuela visited in the home of Mr. and Mrs. Marvin Rush Monday.

Mr. and Mrs. Artie Thompson accompanied their grandchildren home Tuesday and spent the night in Fort Worth.

Mr. and Mrs. Lem Huffpouir were in Mexia Monday to visit his brother, who is ill.

Henry Mayfield attended a semi-

nar on new election laws held in Stephenville last Wednesday night.

Mr. and Mrs. Roy Harvey visited their son and wife at Cisco last week.

Mr. and Mrs. R. W. Sherrard are having a new water well dug at their home in town.

Mr. and Mrs. Frank Johnson visited Mrs. Pearl Harris in Cisco Thursday.

Mr. and Mrs. Marvin Rush were in Dallas last Thursday visiting relatives. They were accompanied by Mrs. Donna Wolfe who visited with the Rupert Phillips and family.

Mr. and Mrs. R. C. Jones of Dublin visited Saturday afternoon with Mr. and Mrs. Mike Smith.

The ladies of the Baptist Church met Wednesday night and quilted a quilt for the Buckner Orphans Home. One visitor, Mrs. Reba Carter helped.

By HELEN OGLE

Former Teacher in Hong Kong Speaker At Review Club

Mrs. Ellis Randals entertained members and guests of the Review Club in her home last Thursday afternoon.

Miss Nettie Rodgers presented the club program on "Photography," and introduced the guest speaker, Dr. Christine Fall, professor in the English Department at Baylor University.

Dr. Fall gave a most interesting resume of her year spent in Hong Kong. Color slides of the city, nearby islands, and the University where she taught were shown during the discussion. The University in Hong Kong is sponsored by Baylor University. Ted Perry, also of Baylor, assisted Dr. Fall.

This presentation was one of the outstanding programs of the Review Club this year.

Miss Barbara Randals presented piano selections during the serving of refreshments.

Members present were Mrs. Louise Angell, Mrs. Edgar Bradley, Mrs. Bernell Jernigan, Mrs. L. J. Wood, Mrs. O. C. Cook, Mrs. Wayne Rutledge, Mrs. Paul Hamilton, Mrs. Odis Peticick, Mrs. Hord Randals, Mrs. H. N. Wolfe, Mrs. H. E. McCullough, Mrs. Lusk Randals, Mrs. D. L. Barnes, Mrs. Morse Ross, Mrs. J. E. Lincoln, Mrs. Robert Jackson and Miss Nettie Rodgers. Guests were Miss Helen Thomas, Dr. Fall and Mr. Perry. Reporter.

Kellers Entertain With Monday Bridge Party

Mr. and Mrs. Ray Keller entertained with a bridge party in their home Monday evening of this week.

The hostess served a sandwich plate and cold drinks to the guests during the evening.

Present for the occasion were Mr. and Mrs. George Kilgo, Mr. and Mrs. Milton Dunlop, Mr. and Mrs. Charles Goughly, Mr. and Mrs. Clinton Roberson, Mr. and Mrs. John Pitts, Mr. and Mrs. Von Scott, Mr. and Mrs. Charles Jones, Mr. and Mrs. Cecil Mercer, Mrs. Sarah Reeves, and Mr. Sonny Christian.

Mr. Kilgo was winner of high score for the evening and Mrs. Dunlop held second high.

Visitors in the home of Mrs. O. E. Meador last Wednesday were her daughter, Mrs. Edith Reed, and granddaughter, Mrs. Walter B. Griffin of Fort Worth.

Capt. Lloyd Angell and family of Abilene visited in the home of his mother, Mrs. Louise Angell the past week end.

J. W. Luckie Honored With Dinner on Birthday

Mr. J. W. Luckie was honored with a dinner on his 72nd birthday Sunday, Feb. 21, at his home in Hico.

Children and grandchildren present to help Mr. Luckie and Mrs. Luckie celebrate the occasion were Mr. and Mrs. C. W. Luckie and children, Jimmy and Sue, Mr. and Mrs. Elam Berna, and Mr. and Mrs. Charles Sharp and Vicki, of Hico; Mr. and Mrs. J. T. Wellborn and children, J. T. Jr., Rexie, Bobby and Dartha Jane of Iredell; and Mr. and Mrs. H. O. Luckie and Mr. and Mrs. Royce Luckie of Terrell.

Donna Doty Honored With Party Feb. 17

Donna Doty was celebrating her sixth birthday last Wednesday when she was honored with a party given by her mother, Mrs. Bill Doty in the Youth Center.

Favors of hats and blow-out whistles were presented the guests as they enjoyed party games during the hours from 3 to 4 p.m.

Refreshments of birthday cake and punch were served to the following guests: Milt, Penny and Diane Dunlop, Lee Ramage, Glen Fillingim, Patty, Curtiss and Tommy Mercer, Kay Kilgo, Bobby Jones, Tommy Southall, and Carolyn and Larry Doty.

Dunlops Hostess at Bridge Party

Mr. and Mrs. Milton Dunlop were hostesses at a party last Tuesday evening when they entertained with a bridge party in their home.

The hostess served a dessert plate and coffee to the following guests: Mr. and Mrs. Charles Jones, Mr. and Mrs. Bill Doty, Mr. and Mrs. Derel Fillingim, Mr. and Mrs. Ray Keller, and Mr. and Mrs. Sonny Christian.

At conclusion of bridge play Mrs. Keller was winner of high score for the women and Mr. Jones held high score for the men.

Dr. and Mrs. Al Vickers and children of Austin were Sunday visitors in the home of her parents, Mr. and Mrs. H. H. Ramage.

Mr. and Mrs. Conda Salmon accompanied his aunt Miss Mattie Stinnett, to her home in Menard Saturday following her visit here for the past several weeks with relatives. The Salmons also visited at San Angelo with their daughter and family, Mr. and Mrs. Glen Ross and children. Mr. Salmon returned home Tuesday, and Mrs. Salmon remained in San Angelo for a longer visit.

Mrs. W. L. Malone and Mrs. June Saunders have returned home following a visit in Dallas in the home of Mr. and Mrs. Pierce McBride, and in Waco in the home of Mr. and Mrs. J. C. Malone.

Rev. Morgan Garrett, pastor of St. Marks Methodist Church in Cleburne, and a former pastor in Hico, visited with friends here Monday afternoon.

ATTEND FUNERAL SERVICES IN LAMPASAS

Funeral services were held in Lampasas last Sunday afternoon, Feb. 21, for Mr. Robert Jones, father of Mrs. Loyd Trimmier and Mrs. J. H. Oakley of Hico.

Other survivors are Mrs. Robert Jones of Lampasas; and four sons, Shelby of Austin, Glen of Lampasas, Raymond of Burnet and Clinton Jones of Benton, Ark.

Others attending the services from Hico were Mr. and Mrs. George Griffiths and Mr. and Mrs. Frank Griffiths, and Mr. and Mrs. Melvin McLarty of Stephenville.

Friday Bridge Club Entertained Last Week In Meador Home

Members and guests of the Friday Afternoon Club were entertained in the home of Mrs. E. V. Meador Friday, Feb. 19.

The hostess served a dessert course and coffee during bridge play.

Guests for the afternoon were Mrs. Jack Elson, Mrs. Steve Parks, Mrs. Bill Howard and Mrs. Ellis Randals.

Members present were Mrs. Ray Cheek, Mrs. Sarah Reeves, Mrs. W. F. Hafer, Mrs. Sandy Ogle, Mrs. M. I. Knudson, Mrs. Jimmie Ramage, Mrs. Harold Walker, and Mrs. G. K. Lewallen of Stephenville.

Following games of bridge Mrs. Knudson was awarded high score and Mrs. Elson second high. Mrs. Lewallen was winner of the traveling prize.

Hafer Home Scene of Luncheon Club Party

Mrs. W. F. Hafer entertained members and a guest of the Luncheon Bridge Club in her home last Wednesday, Feb. 17.

A luncheon plate and dessert course was served by the hostess at conclusion of bridge play.

Mrs. Morse Ross was a guest of the club and members present were Mrs. H. V. Hedges, Mrs. Bob Herrin, Mrs. Harry Hudson, Mrs. Ellis Randals, Mrs. Odis Peticick, and Mrs. Truman Roberts of Hamilton.

Winning honors in bridge score for the afternoon were Mrs. Hafer with high, and Mrs. Herrin was winner of second high.

Mrs. James Teel and daughter and Mrs. Dixie Jane Teel of Azle were week end visitors in the home of Mr. and Mrs. Byron Hawthorne.

During the coming week of Feb. 28 through March 4, we have an invitation to observe Public School Week. Through these columns we would like to extend a special invitation to all concerned to visit our school next week.

Throughout this issue of the paper you will find pictures and stories covering many of the classroom activities of the school. The students, as well as the faculty, has planned and prepared a week for you to enjoy, and they hope you will take time to visit with them.

If there is any doubt about what is being done for education in our school, or what your child is accomplishing, for his or her education, you may find your visit even more worthwhile. This is not an extra special week at the school, but a special week of effort to get all the patrons and public to visit with them and see what is being done.

Besides the school and students, there is the P-TA and School Board members who should be remembered. They are also having a special week, open to you for a visit. Show your appreciation and interest in the school next week with a visit, and I'm sure you will enjoy it.

Time now to catch up on the chatter after enjoying a cup of coffee. Which reminds me, I wish all coffee cups could be the size of Bill Howard's. That's when you can say you have had a cup of coffee—pint size.

Received a note from E. C. Shaffer.

Visitors in the home of Mr. and Mrs. Ray Keller and children during the week end were M-Sgt. and Mrs. Bailey T. Owens of Fort Worth.

Visitors in the home of Mrs. E. H. Couch and Mrs. Ethel Stewart this past week were Mrs. Lucille Smeot of Dallas and Mrs. Dorothy Stewart of Sherman.

fer of Dallas this week with a renewal check and he asked that we please keep the news coming from the Capitol of the World, "Good Old Hico." Thanks, E. C., compliments like that make us really want to work harder.

Nice to say hello to Mrs. G. R. Ables and Mrs. A. B. Roberson, as they braved that cold south wind to attend to business.

Enjoyed visiting with Mrs. Bob Duncan, who I've hardly seen since we enjoyed taking art lessons together. At present she is confined at home due to the illness of her husband, and hasn't had time for painting.

Said hello to Kay Jameson, and she must have really stumped her toe, as she's still wearing those comfy slippers.

Mr. John Alexander of Clairette will enjoy reading the NR for another year, as the recipient of a birthday sub from Mrs. Zena Havens.

A holiday for the bank this week, and wouldn't you know that it would be a perfect golf day, so they could enjoy the sport and entice those who had to work.

Visited with Granny Meador and caught up on the news and latest happenings of her family, as she was on her way to the grocery store.

Mrs. Frank Hudspeth of Fort Worth will also enjoy another year of reading the NR, as a gift was sent her from her sister, Mrs. Brooks Arnold. Mrs. Hudspeth has received the home paper for years and especially enjoys it now as she is an invalid.

Mr. and Mrs. J. McVickers of Joaquin will receive the News Review as a gift from Mrs. H. O. Richardson of Fairy.

And these cold south winds that hurt the worst of all, I am told, are only those north winds going home.

Never question your wife's judgment, even if it pertains to you. Look who she married!

GLEE CLUB—The Girl's Glee Club was organized in the fall of 1959 and has enjoyed a great deal of success under the direction of Mr. Terry Randolph. This group, which numbers approximately 20, has sung on several occasions and has been well received. Their repertoire is varied, including sacred and secular numbers. During Public School Week the group will sing on the following dates: Feb. 28, evening services of the First Methodist Church; Wednesday, March 2, for the Civic Club luncheon; Friday, March 4, for school assembly; March 6, evening services of the Baptist Church.

ACTIVITIES—The Hico Tiger Band, while small, is an up-and-coming organization. Backed by the spirited Tiger Band Boosters, the future of the entire band program looks promising, said Terry Randolph, director. The beginners band is an enthusiastic group, and they were highly praised by parents who heard them perform at the regular meeting of the Band Boosters Feb. 15. First beginners, sophomores, and seniors are given awards by the Band Boosters if certain scholastic requirements have been met by the students. Some of the group will soon be wearing band uniforms of which they can justly be proud, for it will identify them as members of the organization.

OPEN HOUSE . . .

Mr. and Mrs. E. B. Thompson will be honored with Open House at their home in observance of their 50th wedding anniversary, Sunday afternoon, February 28, 1960. Friends are cordially invited to attend from 2 to 5 o'clock.

"Less To Pay All The Way"

It's Got to Last a Lifetime . . .

. . . let's make sure it's the best

After your youngsters receive their diplomas, it's too late to wonder if their education could have been improved.

If we continue to provide our children with the kind of schools they deserve, it is essential that we plan at least ten years ahead. Especially now—when schools are faced with overcrowding, teacher shortage, and other problems as a result of steady increases in enrollment.

Make your voice heard for the kind of schools you want for your children! Join your neighbors in local P-TA meetings and keep up with school activities.

Carlton Junior Girls Close Season With 18-2 Record

The Junior High girls of Carlton made a remarkable record this season. They have played a total of twenty games, winning 18 of them.

Both the boys' and girls' junior teams played in five tournaments this season. In the first, at Glen Rose, the girls won the first place trophy over Morgan. The boys were defeated by Stephenville. In the second tournament they entered the teams played in the Desdemona tournament. Again the Carlton girls won first place by defeating Carbon. The boys won second by winning over Gordon and losing to Desdemona. Virginia Thetford and Linda Sharp were selected on the all-tournament team. Jack Henry Self of Carlton was selected on the boys' all-tournament team.

The third tournament entered

was played at Stephenville, where the girls lost their first game of the season to the Lipan team, placing second in the tournament. The boys were defeated by Stephenville, winning over Dublin earlier and losing to Granbury. In this tournament they received the Sportsmanship Trophy.

In the Carbon tournament both teams were defeated.

Last week at Hamilton, in the tournament sponsored by the Hamilton Kiwanas, the Carlton girls won first place by defeating Priddy, Gustine and Evant. The boys lost to Priddy and Hamilton.

The Carlton boys and girls, together with their coaches, Supt. Barron and Coach Jerry Thompson, are to be highly commended for their success, and in bringing back to their home town eleven beautiful trophies during the season.

MATH INSTRUCTION—Eighteen students take plane geometry at Hico High School. Twelve of these students have had Algebra I and Algebra II. They are all in their Junior or Senior year of work except one, who is a Sophomore. Forty-six Freshmen and Sophomores are enrolled in Algebra I. The Sophomores in this group took general

mathematics last year. Next year these students will be offered Algebra II and plane geometry. The schedule is so arranged that each student has an opportunity to take four years of Mathematics. This has given the school a rather strong department. Over a period of a number of years the pupils have scored well above the national normal on standardized examinations.

CARLTON

By MRS. FRED GEYE

Mrs. J. N. Clark left Sunday for Lubbock in response to a message that her son-in-law, a Mr. Wilson had passed away suddenly on Saturday. Mr. Clark is staying in Hico with his niece and husband, Mr. and Mrs. Luther Burden while his wife is away.

We were sorry to learn of the death of a long-time friend, Mrs. Effie Moss in Sinton, formerly of Carlton. Other sisters not mentioned in last week's News Review are Mrs. Mattie Jordan of Carlton, Mrs. Myrtle Kilpatrick of Breckenridge, Mrs. Cora Zachary of Santa Anna, Mrs. Winnie Nance of

Amerillo and a sister-in-law, Mrs. J. E. King of Hamilton.

Rance Sowell left Saturday to visit in Cleburne with his son and wife, Mr. and Mrs. L. D. Sowell and Charles.

Mr. and Mrs. Lawrence Hamrick of San Saba spent last week end with her parents, Mr. and Mrs. Art Ward.

Mr. and Mrs. D. D. Barnhill and baby of Marlin were week end visitors with her parents, Mr. and Mrs. E. R. Coneley.

Mrs. J. E. Hollingsworth of Carlton passed away in Austin last Tuesday. Burial was made in the Sulphur Springs Cemetery. Mr. Hollingsworth resides at Route 1, Clifton.

Mrs. Hattie Sowel returned home Tuesday from the Hico Hospital. Her son and wife, Mr. and Mrs. Hal Sowell of Tyler spent the week end with his mother and sister, Mrs. Jess Reeves and husband. Mr. and Mrs. Glen Cox of Fort Worth were week end visitors with her parents, Mr. and Mrs. Art Ward.

Welton Chambers and son, Jerry Lynn from Lake View, Mich. are visiting his mother and brother, Mrs. Maud Chambers and Mr. and Mrs. Leo Chambers, and a sister, Mr. and Mrs. Bill Fairman of Fort Worth.

Jack Henry Self entered the Hico Hospital Sunday night with the

Carlton Cops District Title With Win Over Priddy

In a thrilling game played Saturday night in the Dublin gym, the Carlton Rams defeated the Priddy Pirates by a close score of 48-42 to win the district championship. Thus adding more sparkle to a most successful season. The coach of the team is Jerry Thompson.

During the regular season, the Rams have played a total of 37 games, losing only four.

In the four tournaments they have played, they have won first place trophies at Carbon, Desdemona, and second place at Huckabay, and first place at the District tournament at Pottsville.

The Rams won over Star and Priddy at Pottsville to win the district tournament.

Having tied with Priddy in the round robin, they entered in a three-game play-off to determine the championship. The first game played at Priddy Tuesday night provided a defeat for Carlton. Friday night the Priddy team was defeated on Carlton's home floor. At Dublin Saturday night the Rams won a hard fought game for the championship.

They will meet Jonesboro Tuesday night of this week in bi-district action. Winner of this tournament will advance to the regional tournament at Brownwood next week.

Leading scorer for the team this season is Jimmy Thompson with a total of 750 points scored by Jimmy Dan Long. Other members of the team who have made one of the finest records for Carlton in years are Max Tatum, Spurger, Mackie Thetford, Thompson, Terry Sharp, Miller, Alfred Barron and my Thompson.

The Carlton High School team lost to the Priddy team in the district tournament at Pottsville last week. During the regular season, the team has some very good ball, having 18 out of 33 games. The first place in the tournament was at Desdemona. Members of the team are Nita Sharp, Mickey Roberson, Susie Rita Chapman, Clara Helton, Helton and Elizabeth Helton.

DUFFAU

By MRS. PASCAL BROWN

Mr. and Mrs. Wilburn Templeton visited with Mr. and Mrs. Earl Booth of Hico Friday night.

Mr. and Mrs. Ray Battershell and baby of Arlington visited with her parents, Mr. and Mrs. J. D. Partain and family during the week end.

Linda Fay Holt was absent from school most of the week due to the flu. We wish for her a speedy recovery.

Miss Sallie Craig visited with Mr. and Mrs. H. M. Killion of Hico last Friday.

Mr. and Mrs. Max Burgan visited with Mrs. A. B. Naul, Freddie and Linda Saturday night.

Mr. and Mrs. Wilburn Templeton visited in Fort Worth Saturday with Mr. and Mrs. Orville Templeton and Donna Templeton, and assisted Orville and Betty move to their new home which they recently purchased in Burleson.

Harry Brown spent Monday night with Mike Lowe of Hico.

Mrs. Brice Ballard and son, Randy, of Hico spent Monday night with Bonnie Burden.

Mr. A. L. Flowers of Wink spent the week end with home folks.

Mr. and Mrs. Max Burden visited with Mrs. A. B. Naul, Freddie and Linda Saturday night.

Several in the community are still ill with the flu.

Mr. and Mrs. Wendell Scott, Randy and Lynda of Fort Worth visited her parents, Mr. and Mrs. H. H. Talley and Mr. and Mrs. Johnny Scott during the week end.

Mrs. Preacher Bowie and children of Killeen visited with Mr. and Mrs. George Bowie during the week end.

Mr. and Mrs. Hershel Head of Iredell spent Sunday with her parents, Mr. and Mrs. C. B. Burgan.

Mr. and Mrs. Alton Rainwater and children of Hico visited her parents, Mr. and Mrs. C. C. Nachtigal and family Tuesday night.

Mrs. A. L. Lindley suffered bruises when she fell at her home last week.

Bro. Bill Eason of Abilene preached at the Church of Christ Sunday and was a dinner guest in the home of Mr. and Mrs. Marvin Solsbery and family.

Mr. and Mrs. Bob Meyers and children of Hico visited with her parents, Mr. and Mrs. H. H. Talley Sunday afternoon.

Mr. Bill Hogg of Fort Worth preached at the Baptist Church Sunday. He was accompanied by Mrs. Hogg and they were dinner guests in the home of Mr. and Mrs. H. H. Talley.

Mr. and Mrs. B. J. Roberson and children of Fort Worth visited their parents, Mr. and Mrs. C. D. Herrin and Mr. and Mrs. Crinty Roberson and James Ray during the week end.

Mr. and Mrs. Junior Burgan, Vickie and Billy of Hamilton visited with her parents, Mr. and Mrs. Earl Shaffer and family, Sunday.

Mr. and Mrs. Paschal Brown visited with Mr. and Mrs. Dan Robinson and children Sunday afternoon.

Mr. and Mrs. Bob Sherrod and son, Bobby of Stephenville, and Johnny Scott visited with Mr. and Mrs. H. H. Talley Saturday.

Mr. and Mrs. E. M. Pritchard visited with Mr. and Mrs. Dan Robinson and children Saturday afternoon.

COUNTY AGENT REPORTS

By E. B. LAWRENCE

It sure is good to see churches being built again out in the communities of the county. One has been built in the Fairview community between Evant and Star. This new church is being used and has been for about a couple of months or so.

The folks around Lanham have a new church building under construction and will be using it for services in about a month or so. Generally, when a school leaves a community, the community suffers and it is apt to lose the church. I hope that more of our rural communities will be able to build churches.

— E R L —

For the last two weeks or so there has been a trapper working in the county and as of this week he caught two wolves in his traps. Red fox over the county cause losses in lambs, but these can be called up with fox callers, then shot.

— E R L —

Floyd Green and Roy Bynum of Pecan Wells and their crew of men went snake hunting again Sunday afternoon. They didn't have as good luck as in the past. Only got 23 snakes.

There is a group around Fairy that has also been doing some snake killing and they are having pretty good luck. With more people doing this, rattlesnakes can be reduced in numbers and more or less kept under control. These snakes kill quite a number of livestock each year.

— E R L —

Last week the Hamilton County Farm Bureau made a round of the county giving demonstrations on the use of rat baits. They used the liquid and dry bait. Some is still on hand and they will sell it through their office in Hamilton. Jess Reeves, Carlton, is in charge of some of the same kind of bait that is being sold by the American Legion as a service to the community. Those around Cariton can secure bait from the American Legion Post.

The screw worm fly has been eradicated in the state of Florida and stockmen of this state are

Hamilton-Coryell SCS District Issues 20th Annual Report

By L. A. MILES

The Hamilton-Coryell Soil Conservation District has just issued its 20th Annual Report. The history of the district is impressive and is a graphic illustration of the foresight and vision of agricultural leaders in both Hamilton and Coryell Counties of twenty years ago. Today soil conservation is a part of life and is looked on as an essential part of all farming and ranching operations. This was not necessarily the attitude of farmers and ranchers two decades ago.

If we have any "Rugged Individualists" left in this country, certainly farmers and ranchers can be placed in this category. They own the land and do not propose to submit to even the appearance of dictation from any one as to just what they shall do or not do in running their business. Anyone with the thought of organizing a Soil Conservation District on the basis of regimentation would have been stopped in his tracks. Legislators recognized this and passed laws authorizing the formation of Soil Conservation Districts on the basis that final decision on conservation and proper land use are made by owners of the land.

With this kind of legal procedure authorized by law, agricultural leaders with vision started work immediately to develop a Soil Conservation District in this area. It was in 1939 that such leaders as Monroe Blankenship, A. T. Jones, R. H. Alexander, and many others too numerous to mention, worked tirelessly for months to discover the best way to create a Soil Conservation District. Finally, after many meetings, much discussion and planning the Hamilton-Coryell Soil Conservation District was voted into existence by the people of Hamilton and Coryell Counties and the State Department of Texas issued formal charter April 30, 1940, the third such charter to be issued by the State.

The first board of supervisors were Monroe Blankenship, A. T. Jones, Virgil Lockhart, E. T. Hughes, and Herman Schrank. The present board is composed of T. M. (Mack) Riley, Charlie Rainbourn, O. C. King, M. J. Hanna, and Paul Hinson.

It would be difficult to spell out all the benefits derived from work done by the various USDA agen-

cies and the board of supervisors in the district. All have contributed to the success of many conservation practices. The district depends on the Soil Conservation Service for technical assistance in helping the individual farmer and rancher to determine conservation practices required for maximum production within land capabilities. When this determination is made and the individual agrees, he can then apply and receive financial assistance through the county Agricultural Conservation Program which is administered by the County Agricultural Stabilization and Conservation Committee. While others are involved in an advisory capacity in the Conservation program, the final decisions on what practices are to be carried out are made by individual land owners and their decisions are final.

Some of the stockmen, at least ten, will be called upon to cooperate with the USDA in this survey this summer and I'm sure they will be willing to cooperate. It is understood that the government of Mexico is willing to work with the U. S. Government on this program. If the screw worm fly can be eradicated from Texas, it will mean a saving of thousands of dollars each year from this pest.

While necessarily slow, much progress has been made. Research has resulted in many procedural changes for greater efficiency, but the objective of the district through its board of supervisors remains the same: "Use all land within its capabilities; treat all land in keeping with its needs for protection and improvement; every farmer or rancher a 'Conservationist'".

The Soil Conservation Service offices in both Hamilton and Gatesville have photo maps of every farm and ranch in the district. Any farmer or rancher can request and receive technical guidance on practices needed to increase and preserve the productivity of his land within its capabilities. A large majority of land owners in the district have received assistance in varying degrees from the adoption of one or two conservation measures on a small scale to complete conservation programs embracing all their farm or ranches and all known conservation practices.

IT HAPPENED . . .

HERE OR NEAR

By E. E. DAWSON

When I run across a story better than I can write, I usually tie onto it and it appears here; at least some of it. In last Sunday's Star-Telegram was a story by E. D. Alexander about our sister town of Meridian that I pass on to our readers this week. I am frequently through Meridian and have a very real admiration for it. And every time we pass through I repeat the story about the depot—if my fellow-travelers will listen. It is too good to miss.

Well, here's the story as Alexander tells it, somewhat deleted.

Long, long ago a drummer stepped from a Santa Fe train to the platform of the Meridian depot.

He hurriedly scanned his surroundings but he saw no town. Meridian was hidden behind a hill a mile away.

The drummer hired a Negro hack driver to take him to town. En route he became curious and asked the driver:

"Say, boy, why did they build the depot so far from town?"

The driver's answer is classic—"I don't know, boss, unless they wanted to have the depot near the railroad."

The drummer in question is lost in anonymity, but the hack driver, Pete Robinson, is still kicking around at the age of 91 or 82. He can verify the story.

Meridian citizens still chuckle over the old story and they even try to explain the pertinent question: "Why is the railroad so far from town?"

Roy R. Avirett, 76, a native of Meridian, attempted to answer the question with information handed down from an earlier generation.

It seems that some Galveston capitalists built the Gulf, Colorado and Santa Fe from Galveston into Fort Worth and the first train arrived in Fort Worth in 1891. Rigats of way and cash bonuses were requisites for running the rails through each town on the route.

Avirett said Meridian paid the bonus and then the railroad missed the original town by one mile. The railroad bought up some property and tried to start a new town on the railroad, Avirett said. The venture failed. Meanwhile Meridian annexed the area around the railroad and levied taxes.

Feeling between the rail executives and the town was strained for a long time, but the fact re-

main—Meridian refused to move to the rails and the town is still a mile from the depot. Avirett (born in 1884) was a small boy when the controversy arose.

Meridianites are proud of their courthouse, one of the most beautiful ones in Texas. It was built in 1886 of native limestone, rebuilt in 1935 and was sand-blasted in a face-lifting operation last year.

Tucker Glenn, Meridian banker, says what the town needs most right now is a hospital. A privately owned hospital here has been closed since the town's only physician, Dr. R. D. Holt, died in December. The good news is that a replacement will be found soon. That will be good news for Clifton doctors, who have been kept busy around the clock, calling on Meridian patients.

There's money in the town. Glenn reports bank deposits of \$1,663,212.83 as of Dec. 31, 1938.

The Meridian Horse Show Association is completing a \$25,000 arena for use by the riding club for horse shows and rodeos. Mrs. Margaret Ryan, association director, (who doesn't like to have her picture made) reports the club will stage a cutting horse contest soon and one of the biggest Appaloosa horse shows in the state come July.

Meridianites are also proud of annual Big State Baseball Camp, where teen-age boys are taught the fundamentals of baseball. The big leagues have claimed many of the graduates.

Late Fairy News—

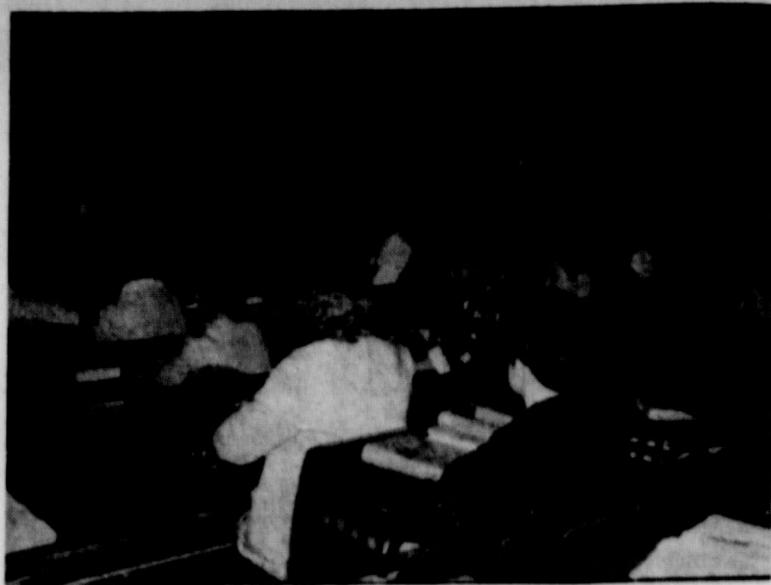

MRS. RACHUIG PASSES AWAY IN CLIFTON

Mrs. A. W. Rachuig of Fairy passed away Tuesday in the Clifton Hospital. Services were scheduled Thursday morning in the Immanuel Lutheran Church in Clifton.

We received a check for \$30 for the cemetery fund from Mr. and Mrs. Ollie Ford of Arlington Wednesday morning. The check was sent to Mrs. Ford's brother, Arthur Burden, who deposited it in the cemetery fund at the bank. We really appreciate the Ford's thoughtfulness.

Due to bad weather Wednesday no school was held at Fairy.

Visitors in the home of Mrs. Jessie Richbourg and her mother, Mrs. J. A. Garth, this past week were Mr. and Mrs. Ray Duckworth of Crowell and Mrs. B. D. Cole of Quanah.

SOCIAL STUDIES—The Social Studies program of Hico High School consists of classes in World History, American History, Texas History, and Civics. The World and American History courses are required for graduation and are taught by Mr. A. A. Chandler. The Civics and Texas History courses are elective and are taught for one semester each year. These courses are being taught by Mr. Jack Barnett this year. A leading purpose of these courses is to give the students a basic understanding of the facts about the history and government of the various areas of study. It is also a purpose to develop in each student a knowledge and appreciation of our American Heritage as well as developing skills in good citizenship.

Clairette H. D. Club Entertained Last Week In Gaily Home

Mrs. John Golyghtly entertained members of the Clairette Home Demonstration Club in her ranch home near Clairette last week.

Mrs. Golyghtly, president, called the meeting to order, and roll call was answered by the members with "My Favorite Hobby."

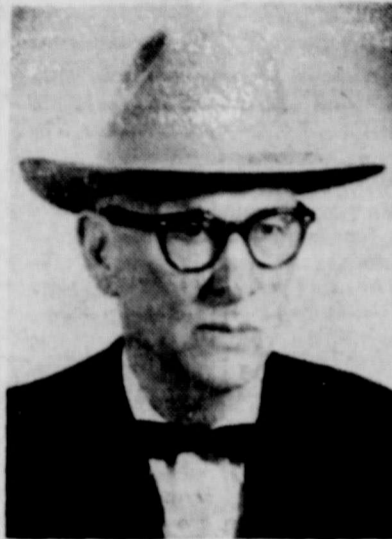

The secretary, Mrs. Chance Sterling, read the minutes of the last meeting, and the club approved them. The program was closed with the group singing the club song.

Mrs. Golyghtly was in charge of entertainment for the afternoon and conducted a contest on events of U. S. presidents. Mrs. Auverman was presented a gift for winning the contest with the most correct answers.

Mrs. Roberson was presented a gift for being the lucky lady for the afternoon.

Refreshments of cake, cold drinks, and coffee were served to the following: Mrs. Chance Sterling, Mrs. O. V. King, Mrs. H. K. Self, Mrs. George Loden, Mrs. M. C. Roberson and Mrs. Arthur Auverman. Mrs. Edwards will be hostess to the club on their next meeting, to be held March 4, when the program will be "Growing Old Gracefully."

Reporter.

R. M. (BOB) WAGSTAFF

Abilene Man Seeks Congress Post of 17th District

R. M. (Bob) Wagstaff of Abilene has formally announced his candidacy for the office of Congress from the 17th District.

"Effective representation is the issue in this race," declared Wagstaff.

"The present incumbent has been in congress for fourteen years, and has not given this district the character of representation to which it is entitled. A change is long past due."

Wagstaff is a member of the law firm of Wagstaff, Harwell, Alvis and Pope of Abilene. It is the oldest and largest law firm in this area. He is widely known as an able and experienced lawyer, and for the important legislation which he sponsored as a member of the Texas House of Representatives. The Wagstaff Act, preserving the rights of cities, towns, farmers and ranchers to the use of their own waters; and the Oil and Gas Conservation Statutes, regulating the production of oil and gas, are among the most important laws on the statute books of Texas today.

"The time has come for the peo-

H. A. LEAVERTON
(Re-Election)

For Commissioner, Precinct 1, Bosque County:
LAWRENCE TOLLIVER

Elementary School Science Program Has Fine Objectives

"We are now living in a world of science." This statement has been used so frequently that it has become trite, but nevertheless true. Recently discovered scientific principles and every application which have been made of them influence our lives at every hour and in every phase of our activity.

Television, newspapers, and all other forms of educational media have kept these facts constantly before the public.

The faculty of our school has taken these facts as a challenge and are doing something about it. They recognize that life has been made more complex by new scientific "gadgets" and that preparation to make a living requires a new type of education entirely different from the schooling that was adequate a few years ago. For their own physical protection, and to prepare them for successful participation in our modern society, all children must be acquainted with science as it influences the lives of the average person today.

Last fall the teacher wrote a new course of study for Science in the Elementary School. Each grade has its own list of aims and objectives. The course of study was planned carefully so as to have a flow of continuity in its scope and sequence.

The aims and objectives for the over-all Elementary Science program—Grades 1 through 5 are as follows:

1. To cultivate a new attitude.

2. Open new avenues of mental science concepts.

4. To open broader mental horizons.

5. To develop desirable attitudes.

Different procedures are needed to try to realize these aims and objectives. These methods include lecturing, writing, drawing and observation (keeping records, etc.) experiments and demonstration.

The major science concepts Hico Elementary teachers understand if he is to succeed in society included in the course of study under different unit headings are:

- 1. Vital Processes
- 2. Heredity
- 3. Environment
- 4. Controlled Energy
- 5. Uncontrolled Energy
- 6. Scientific Attitudes.

The teachers and students using the well-stocked table to a good advantage portable roll-a-lab is rolled room to room as needed for demonstration and is parked hall when not in use. Teachers may have available ment or supplies to take room if the entire table needed.
