NUMBER 45.

April 30th Tentatively Set For School Bond Election

Date Contingent on Preliminary Work by Architect-Bondsman

Members of Hico School Board met in special session Tuesday night of this week and voted unanimously to go ahead with plans to call a bond election for the purpose of constructing a new school auditorium and remodeling the present high school structure. Previously members voted to adopt the remodeling program over a complete new plant due to additional cost of a new structure. Tentative date set for the bond election is April 30. The election is expected to be officially called at the next regular meeting of the board, April 7.

N. E. Wiedeman and Don Salmond, Waco architects, and Mr. Scanland Hilger, bondsman of the firm Rupe & Son, Inc., Dallas, met with the board Tuesday night, as did John Gollightly and Conda Salmond, who will serve on the tax equalization board.

The election date is contingent on final figures from the architect, and a bond schedule from Mr. Hilger. Approximately \$96,000 will be voted.

The plans, as adopted by the board call for building a complete new auditorium, and renovating the present high school structure. One of the deciding factors which influenced members in their decision to remodel instead of build was the engineer's report on the present structure. The consultant stated that the present structure was in excellent condition, and was far superior to present day construction.

Under the renovation program on the old building plans call for removal of the old roof and top floor, installation of a new roof and overhang, with a tie beam around the top of building, installation of all new steel windows throughout, rework all masonry walls, rework front entrance, replace old plumbing fixtures, new wiring and light fixtures, complete new heating system throughout, new acoustical ceilings, and paint and repair exterior of building.

Should plans progress according to schedule, and the bonds voted on the above date, the architect informed the board that the building could be ready for occupancy by next September, for the opening of the 1960-61 school year. Further information will appear at a later date.

Fairy FFA Member Wins Calf In Houston Judging Contest

Danny Haile, Fairy FFA chapter member, was the 7th highest individual from a group of over 800 boys in the Houston Fat Stock Show Judging Contest.

Haile, along with nine other boys, received a certificate good for \$150.00 with which to purchase a registered heifer to take back to the show next year. This award was presented before more than 10,000 rodeo fans in Houston Coliseum.

In judging 10 classes of sheep, cattle and hogs, Haile got 464 points out of a possible 500 total. One teammate, Keith Streater, scored 458 points and missed the 10th prize by only four points.

Haile is the son of Mr. and Mrs. Wallace Haile of Route 6, Hico, near Olin.

Martin Schrank, vocational teacher, is his coach.

Fairy Judging Team Places High at Houston
Fairy FFA Livestock Judging team was the 7th highest team among 226 other entries in the Houston Fat Stock Show last week. The team scored 1317 points out of 1500 possible. Danny Haile scored 464 points, which won him a registered heifer. Keith Streater scored 458 points and Jimmy Estill scored 385. The Llano 4-H won first place and a huge trophy with 1395 points.

Fairy Projects Place High.
Keith Streater won a 1st place blue ribbon with his Angus steer in the heavyweight division. The steer then lost out in competition for the championship. This steer had placed 3rd at Fort Worth, and 2nd at San Antonio previously. He sold the calf for 51c per pound.

Streater also had a 14th place Hereford in a class of 65 steers. He sold the animal or 40c per pound. He is the son of Mr. and Mrs. Garlon Streater of Route 1, Hamilton.

Don Barnett showed three registered Suffolk ewe lambs and placed 5th, 6th, and 7th in the open division, and 4th, 5th, and 6th in the junior show. He is the son of Mr. and Mrs. R. V. Barnett of Rt. 3, Hico.

Jerry Jones had a Shorthorn steer placing 11th, and his brother, Donald Ray Jones, Fairy 4-H Club member, placed a Shorthorn steer

W. C. Stearman Jr. Named President of Breeders Association

The Hamilton County Registered Beef Breeders Association held a banquet at Edmiston's Cafe in Hamilton last Friday night, at which time the following new officers were elected for this year:

W. C. Stearman of Hico, president; Raymond Kinsey, Hamilton, vice-president; Dr. C. B. Cathey, secretary; W. O. Manning, treasurer. Directors are Charles G. Gollightly, Hico, Jack Stribling, Tom J. Thompson and George Gollightly.

Charles Gollightly is retiring president of the association.

Talks were made by Dr. George Toibert and Ralph Lawrence, County Agent. The group voted to cooperate in the state program to make Hamilton County a brucellosis free county.

The annual summer tour sponsored by the association will be held in July, and the fall livestock show will be held September 16-17.

Mr. and Mrs. E. R. Seago visited Sunday in Fort Worth in the home of their daughter, Mr. and Mrs. E. L. Parks and daughters.

Visitors in the home of Mrs. Bonnie Alexander this past week end were her nieces, Miss Alene Dunagan of San Antonio and Mrs. Lucille Doyle of Waco. They also visited with their mother, Mrs. W. A. Dunigan who resides at the Hico Nursing Home.

Services Held Friday For Mrs. Zona Haggard; Burial in De Leon

Funeral services were held at 10 a.m. last Friday, March 4, in the First Baptist Church for Mrs. Zona Faggard, 85. Rev. George Harris officiated, and burial was made in the De Leon Cemetery, under the direction of Barrow-Rutledge Funeral Home.

Mrs. Faggard passed away last Wednesday after a lengthy illness. She was born in Kaufman County, and had lived in Hico since 1944.

Survivors include one daughter, Mrs. Clarence Gibson of Hico; one son, J. Ward Faggard of Downey, Calif.; two sisters, Mrs. Lowe Gilmore of Eunice, N. Mex., and Mrs. Fred Reece of Odessa; two grandchildren and six great-grandchildren.

Mrs. Barto Gamble has returned home from a month's visit with friends and relatives in Odessa, Brownsfield, Amarillo, Lubbock, Oilton, Lockney and Plainview.

Large Crowd Expected for Annual R. E. A. Meeting

Approximately 1200 persons from an 11-county area are expected in Stephenville next Tuesday, March 15, to attend the annual membership meeting of the Erath County Electric Cooperative to be held in the City Recreation Hall.

The meeting will start at 10 a.m. but members are urged to come early to register before the meeting. Registration desk will be open at 8:00 a.m.

One person from each family should register, receive ballot for

two directors, and a ticket for the drawing of attendance prizes.

The program will include reports of various officials of the Cooperative, progress reports and information concerning other activities of the Cooperative.

Attendance prizes for the meeting include several major electrical appliances. All members are urged to present to get information on activities of their Cooperative and take part in the business of the organization.

RESERVE CHAMPION and First Place Junior Swiss Female of the Houston Fat Stock Show was Ozark Minona, owned by Nolan Pike, Iredell FFA Chapter member. Billie Sue Kitchen, also of Iredell, showed the reserve champion in the Holstein Division at the Houston Show.

Future Farmers Place High at Houston Show

Future Farmers returned from the Houston Fat Stock Show last week end and brought home prize money and ribbons in each division of entry.

Edwin Shannon won first on each of his two heifers. Pat Lackey had first place Yorkshire barrow; Wootton had the 13th and Fieldon Haley the 14th in barrow classes. There were 43 barrows entered in the show this year.

Pat Lackey's barrow sold at 45c per pound while the others brought a lower price.

Heifer competition Mark Knudson showed the 3rd place heifer in a class of 18 entries. Chew placed 23rd among the heifers, and Sylvia placed 9th in the same class.

Knudson placed a Short-horn heifer 8th in a class of 17 entries and sold the heifer in the Lasso sale for \$275.00. Rony, Rondy Giesecke and Chew also won prize money in the special Beef Scramble.

Pat Lackey showed a Shorthorn heifer in the steer show. The boys spent a busy week, and Lackey was elected representative of the Texas Junior Hereford

Breeders Association for 1960-61, after serving as 2nd vice-president last year. Rondy Giesecke, Butch Knudson and Harold Walker also attended the membership meeting. Pat was interviewed as a finalist for the Marshall Foundation Scholarship on Thursday, and both he and Mike received an Honor Award on Wednesday, Feb. 24, at the Sears Foundation Rural Achievement Day Banquet.

Knudson participated in the Calf Scramble Sunday evening, but was not lucky enough to catch a calf. Larry Erick, who was also scheduled to, scramble, did not make the trip.

Don Jernigan, Michael Lowe, and Mark McElroy judged livestock, and Tommy Chew, Fieldon Haley and Edwin Shannon judged dairy cattle in the Junior contests held last Saturday. Ross Price, Kenneth Hester, Freddie Naul, Ronnie Nachtigall and Floyd Drake attended the show during the week end, and Mr. and Mrs. Hershel Sherrard were visitors for the beef heifer show. Mr. and Mrs. M. I. Knudson and Mrs. Harold Walker were in Houston for the scramble Sunday night. The Sunday night calf scramble was not a part of the national telecast of the show, and another night's scramble was taped for technical reasons.

Mr. and Mrs. W. C. Hafer of Clifton visited in the home of their son, Dr. and Mrs. W. F. Hafer and Claudia this past week end. Contributed.

Water Conservation Postage Stamp to Be Issued Soon

Soil and water conservation leaders here are looking forward to issuance of the world's first water conservation postage stamp by the Post Office Department in Washington, Robert B. Jackson, local postmaster, said this week. The commemorative 4-cent stamp, printed in three colors, will be issued April 18 at the National Watershed Congress in the national capitol at a ceremony featuring three cabinet members, Agriculture Secretary Ezra Taft Benson, Interior Secretary Fred A. Seaton, and Postmaster General Arthur E. Sommerfield.

The stamp will go on sale on the following day, April 19, at other post offices throughout the country, including Hico and Hamilton.

The new stamp dramatizes the fact that water is today our most precious and most limiting natural resource. The stamp is being released at the Seventh National Watershed Congress because of the influence of upstream land treatment and small dams in small watersheds on our water supplies.

Supervisors of the Hamilton-Coryell Soil Conservation District said that local observance of the water conservation stamp's issuance is being planned.

Annual Dog Vaccination Day Set Next Tuesday at Gym

The Annual Dog Vaccination Day, sponsored by the Hico FFA Chapter, will be held next Tuesday, March 15.

Place of the inoculations will be the High School Gym, starting at 9 a.m. and continuing to 12 noon.

Dr. A. T. Lindley, formerly of Stephenville but now residing on his farm near Hico, will vaccinate the dogs. A charge of \$1.50 will be made for the service, which compares with the regular charge of \$2.00.

Harold Walker, Chapter Advisor, has stated that FFA members will pick up and deliver dogs to owners who are unable to take them to the gym at that time. Persons desiring this service may call the school.

The local chapter uses money derived from the program to help in defraying costs of staging their annual livestock show, which will be held Friday, March 25, at the City Park.

Persons residing in this and area communities are urged to keep the date in mind, and make arrangements to have dogs and other pets vaccinated at this time.

Funeral Services Held Last Friday Afternoon For Mrs. Chaffin

Mrs. George W. Chaffin passed away at her home in Iredell last Thursday morning at 3 o'clock. Funeral services were held at the Iredell Baptist Church Friday afternoon, March 4 at 2:30 o'clock, with Barrow-Rutledge Funeral Home of Hico in charge. Rev. James T. Draper Jr., pastor of the Iredell Baptist Church, and the Rev. Oval R. Bowman, pastor of Plymouth Park Baptist Church in Irving, officiated. Burial was in Hico Cemetery.

Mrs. Chaffin was a long-time member of the Iredell Baptist Church.

She was born Jan. 2, 1874 at Heflin, Alabama. She was 86 years, 2 months and 2 days old at the time of her death. She was married to George W. Chaffin in Alabama in 1898, and was the former Miss Arminda Lou Ella Stephens of Heflin.

They came to Texas in 1904, and to Bosque County in 1907. She has lived near and in Iredell for the past 33 years. Her husband preceded her in death Feb. 23, 1929. An infant daughter also preceded her in death.

She leaves to mourn her passing, four children, W. J. Chaffin and Miss Mae Chaffin of Iredell, and Misses Myrtle and Eva Chaffin of Dallas.

Mrs. Chaffin was loved greatly by her family, relatives and friends and will be missed very much by her children, and by all who knew her.

Mr. and Mrs. Chaffin celebrated their 60th wedding anniversary in July, 1935.

Out of town relatives attending the funeral were: Mrs. E. W. Stephens, Mrs. Hattie O'Brien, Mr. C. W. Stephens, Mr. and Mrs. Loyd Stephens, all of Knox City; Mrs. Vera Colley, Mrs. Carl Putnam, Mr. and Mrs. Sam Johnson and Mr. and Mrs. Willie Erianson, all of Waco; and Mrs. Francis Weeks of Wichita Falls.

A number of out of town friends included Mrs. Ed Moore and Mrs. R. M. Miller of Dallas; Mrs. Gilbert Helm and Mrs. Jack Ratliff of Cranfills Gap, and Rev. and Mrs. Oval R. Bowman of Irving. Pallbearers were Howard Myers, John D. Smith, R. F. Howard, Luster Simpson, Otis Oldham and Hugh Harris.

CARD OF THANKS

The children of Mrs. George Chaffin take this method of expressing our thanks and gratitude to our many friends for their kindness shown us during the illness and death of our dear mother. We also want to thank Dr. Herrin of the Hico Hospital for his kind attendance to our mother during her illness. We are grateful to all for the beautiful flowers and nice food and every word of comfort given us. They have all been a blessing and inspiration to us. May God bless all of you, and may you be blessed with such kind friends when sorrow comes to your home. We want to thank the Barrow-Rutledge Funeral Home for their untiring service rendered us and to thank the pallbearers for their kind service given.

WMU Week of Prayer

The WMU of the Iredell Baptist Church observed its annual week of prayer for Home Missions this past week. On Thursday, March 10, the ladies met at the church for an all-day meeting. A covered dish luncheon was served at the church and the program centered on prayer and mission study. All who attended were greatly blessed, as always, by the meeting.

School of Missions, March 20-25.
Our church will observe its first School of Missions beginning Sunday, March 20. Throughout the week we will have services at 7 o'clock nightly, with a different speaker for each service. It will be a wonderful week of mission emphasis which should bless our church greatly. Pray for these services and make plans to attend when possible.

Attendance Low For Services.
Due to many factors the past month saw the lowest ebb in many months, attendance-wise in our church. Thus, finances fell off considerably and now as never before the church needs the participation of each member in the services. Many have had, and do still have, illness in their families, but many of us could come and share in the worship services if we would. Let's not rob God of the worship due Him and ourselves of the joy of participating in His work. Pray for your church and attend at every possible opportunity.

IT'S THE LAW—

Caution Should be Exercised When Signing Promissories

Suppose that Mrs. Housewife wants to buy a vacuum cleaner. She may not have the \$100 or so required to pay for the appliance. The salesman will probably ask her to sign a negotiable promissory note, perhaps payable in a series of monthly installments. When Mrs. Housewife signs the note, the salesman will give her a cleaner. The cleaner company in turn will probably sell the note to a bank or commercial credit company.

Thus, Mrs. Housewife has the cleaner, the cleaner company has funds with which to do business, and the bank holds the promise of Mrs. Housewife to pay a sum of money. The bank, of course will pay to the cleaner company something less than face value of the note. The difference is the gross profit that the bank will earn on the transaction.

If the cleaner turns out to be defective, and contrary to the representation made by the salesman, an interesting problem arises.

Mrs. Housewife may feel that she is not legally obligated to pay the note until, some adjustment is made with regard to the cleaner. However, the law of negotiable instruments requires that Mrs. Housewife must pay the face value of the note plus any interest to the bank in spite of the defect in the merchandise. At least such results follow if the bank has taken

the note under these circumstances.

Mrs. Housewife certainly has the right to a cleaner in the condition represented, or damages resulting from the defect. But Mrs. Housewife must pursue these remedies against the cleaner company or its salesman. The fact that the merchandise is defective does not give her a defense against the bank on the note.

Whenever Mrs. Housewife signs a promissory note or other negotiable instrument, she should pay only the person who actually holds the note. For example, if Mrs. Housewife had paid the cleaner company at the end of the 30-day period, the bank, holder of the

note, could none the less sue from her.

Checks, drafts, promissories and bills of exchange, and other negotiable instruments, are, in effect, unconditional promises to pay a definite sum of money to the bearer or to order of the instrument in a fixed or determinable time. Their value goes back to about 1600 in England (This column, prepared by the State Bar of Texas, is written inform—not to advise. No one should ever apply or interpret law without the aid of a lawyer who is fully advised of the facts involved, because a slight variance in fact may change the application of the law.)

For COLDS take 66

Some people really seem to enjoy ill health. Nothing seems to please them more than to go to a doctor, get a diagnosis of their case, and then brood over the tragic name given their disease. What is the good of all this. Does naming a disease really make any difference. If you are suffering from gastralgia, is that any worse than just plain old stomach ache. From Chiropractic viewpoint, naming a disease has no particular value. If you have heart trouble, or liver trouble, or arthritis, we are sure that there must be something that has caused the heart or the liver not to function normally, and we are primarily interested in finding out what has gone wrong. If, during our examination, we find a disturbance in the nerve supply to the heart or the liver, we know immediately why the organ can't function normally, and with the aid of xrays, we know exactly what is causing this disturbance.

A Chiropractic adjustment is given primarily to release the life-giving nerve energy. The end result of course is to restore normal function to the affected organ. Of course if you have high blood pressure for example, we determine this and watch your case closely to see that the pressure is coming down, or that you are responding to adjustments, so that there is no danger involved. We do not take a patient of medication that he is taking for his high blood pressure until we are sure his pressure is dropping and then the reduction is made.

Country Club Being Planned for Lake Whitney

The country club featuring a definite membership concept of membership soon to be constructed on the north side of Lake Whitney. The club is being organized by the leading developers of the area—Charles Murray and O. T. Smyth and Stratton of Cleburne—nationally famous club and resort builders from Miami Beach, Fla., and R. Dutton.

The site is the heavily wooded Live Oak Estate which reaches to Cedar Lake Whitney, a point about 25 miles north of the town and only 51 miles from Fort Worth and 76 miles from Dallas.

for Lake Whitney Country Club combine the attractions of a lake and vacation resort with all the features of a club and include:

protected boat harbor and ramps, docks and facilities, swimming pool, tennis courts, riding stables, playgrounds, a resort clubhouse, which includes luxury lodging rooms and guests, meeting rooms for conventions and sales and all regular country club facilities.

The recreational activities provided by the club's facilities will also be such attractions as skiing, fishing and hunting combined with boating. Whitney, one of Texas' best and most popular resorts.

second largest lake in Texas. Whitney is 60 river miles long and has approximately 100 miles of shore line.

Five of the area's best-known specialists in their fields have been employed by the four organizers to handle the various phases of the organizational program for Lake Whitney Country Club.

To build the club they have commissioned: As the architect—Charles Stevens Dilbeck & Associates of Dallas, co-designers of Western Hills Hotel in Fort Worth and designers of Hunsley Hills Country Club in Amarillo, the Marion Hotel in Dallas and the Pier 66 Hotel in Fort Lauderdale, Fla., all three of which are currently under construction.

As the golf course architect, Ralph Plummer of Dallas, designer of the links at Jack Burke's and Jimmy Demaret's Champions' Golf Club and the Lakeside Country Club in Houston and at the Dallas Athletic Club's country club, the Dallas Country Club and the Northwood Country Club, also in Dallas; and director of golf course construction at Marvin Leonard's Shady Oaks Country Club in Fort Worth.

To direct the club's organizational activities, they have employed Paul Ridings Public Relations of Fort Worth, whose personnel has previously served organizational and membership campaigns for Colonial Country Club, Ridglea Country Club and Western Hills Hotel's Key Club in Fort Worth, the Preston Hills Tennis Club in Dallas and Tanglewood-on-the-Lake Country Club at Lake Texoma, Tex., and which additionally is now serving Colonial as public relations counsel for its National Invitation Golf Tournament for the 11th straight year.

The firm membership plan by which Lake Whitney Country Club will be organized is believed by its founders to be a national and world-wide first.

All memberships will be firm memberships—and, on joining the club, a firm may then extend membership to as many (or as few) of its executives and their families as it so desires, at no extra

cost either in the original initiation fee or monthly dues after the club is in operation.

Costs of the firm memberships are on a sliding scale based on the number of employees. Initially, the price schedule is as follows: For firms of 1-25 persons, \$500; for firms of 26-100, \$625; and for firms of 101 or more \$750. Monthly dues will be scaled according to same

categories after the opening of the club.

While there will be no individual memberships as such, individuals will be accepted as members of the club as "firms of one person."

Next step in Lake Whitney Country Club's program will be the opening of membership offices in both Dallas and Fort Worth. Stratton will head the Dallas office, and Dutton, Fort Worth.

STYLE TRENDS FOR SPRING AND SUMMER

Big sleeves, full skirts, and costumes with waist-length jackets take the limelight in style trends for spring and summer, according to clothing specialists.

Waistlines mark the current normal position on many fashions instead of last year's high-waisted effect. But gradually shifting to the other extreme, lowered waistlines, either fitted long torso bodices or shallow hip yokes in full-skirted dresses are appearing on the scene. Soft pleats around the waistline are being used to develop a rounded hipline. Circular skirts are re-appearing after an absence of several years. Many slim skirts taper to the hemline to form a new cone shape.

Black makes big news in color for midday. But the trend toward pale colors is also evidenced by widespread use of beige, chalk-white and pearl gray. Soft fruit colors of lime, orange, mint, and strawberry appear in solid colored silks and silk prints. Black and white and shades of brown in prints are new looking. Designs range from giant florals through interesting abstracts. Checks are everywhere.

Texture is important with dobby weaves, eyelash fringe and woven checks adding surface interest to silks, cottons and blended fabrics. On the other extreme, many lightweight fabrics are being used to give a soft feminine look to daytime and evening costumes.

FIVE-POINT PLAN FOR STRETCHING CLOTHING DOLLAR

Most of us would like to be better dressed and spend less time caring for our clothes. This is possible. Mostly it's a matter of careful planning and shopping for fabrics and ready-to-wear. To do this you need to know what to expect from the many fibers and blends of fibers available now. Specialists give a practical five-point plan for buying clothing in a new leaflet, "For Clues to Cloth-

ing Care—Read Your Fiber Label." Included are suggestions for identifying the new fibers and for choosing garments that will be comfortable, attractive and easy to care for.

Ask for a copy of this new bulletin from your county home demonstration agent's office. Get more satisfaction and service from the clothes you wear.

NATIONAL 4-H CLUB WEEK This past week, March 7-12, has been National 4-H Club Week. Several clubs have had special recognition in their schools.

On this Saturday, March 12, at 9:30 in the Ann Whitney Elementary School, all of the girls' clubs in the county will meet and have county eliminations. All parents and friends of 4-H club members and everyone interested in today's youth are invited to attend these contests. It is free and you can see what the girls are doing in their club work. Come and encourage the citizens of tomorrow.

CARD OF THANKS

We wish to take this method of thanking our neighbors and friends for their many deeds of kindness shown during the illness and passing of our loved one. Especially do we thank the doctors and the hospital staff. The flowers, cards, food, and expressions of sympathy were deeply appreciated, and we pray that you may be richly blessed for these kindnesses.

FACING LIFE...

By REV. CHARLES BECTON
Carlton Baptist Church

The Golden Rule

Jesus Christ never pictured the Christian life as easy to live. Take for example the "Golden Rule." We hear many people say, "Oh, I believe in practicing the Golden Rule."

But to prove that the Christian Faith is difficult to practice, may I ask, do you really practice the Golden Rule?

In Matthew 7:12 Jesus said, "Therefore all things whatsoever ye would that men should do unto you, do ye even so to them: for this is the law and the prophets." We know it better as "do unto others as you would have them do unto you." Examine this historical statement for in it you find three specific things. The first is that it imposes upon us the responsibility of knowing what things should be done unto us. It is much deeper than simply having things done unto us which we desire. If this were true it would soon become simply a changing of favors. We ought to know what our real needs are, the things which will make our lives richer, deeper, and more victorious in Christ. In other words, we need to know things we want others to do for us.

The second thing we find in the passage is that we should have some understanding of the needs of others. We should want to do unto them those things which would make their lives better, richer, and more outstanding for Christ. This involves a knowledge of their needs and a concern for their welfare. In other words, you speak FOR them and not ABOUT them. We may answer Cain's question by saying "Yes", we are our brother's keeper.

The third thing we find in the passage is that it requires we do something for others before we expect them to do something for us. It is more than simply paying back some favor which someone has bestowed upon you. It is a "giving kind" of love without any guarantee of receiving anything in return.

The greatest example of one who practiced the Golden Rule is Jesus Christ. He died that we might live, and now we live that He might be glorified.

CARD OF THANKS

I am thanking my friends for the thoughtfulness and kindly help during my bereavement at the passing of my father, and all the thoughtful care of the staff at the Hico Nursing Home, and to Dr. Bob Herrin. May God bless each of you.

ONE-ACT PLAY ENTRY

Robert Knipe's "The Heritage of Wimpole Street" this year's choice for entry in the Interscholastic League, is a drama.

Mr. Edward Moulton-Barrett, having one daughter who defied him and married against his wishes, became increasingly strict with his younger daughters. These daughters finally found an answer to their prayer.

Robert Browning, a small boy, came to England to see his grandfather, hoping he would find the love he had lost by his mother's death. While there, he started a discussion about a book of poems his mother had written. Before leaving he taught his grandfather never to blame one person for the act of another. On his departure the boy left his relatives in a much happier relationship with each other.

The cast is as follows: Edward Barrett, Bobby Boone; Arabel Barrett, Kathy Higginbotham; Henrietta Barrett, Dianne Howerton; Jane (the maid), Barbara Randals; Robert Browning, Edwina Black.

DPS Head Urges Early Inspection Of Automobiles

Col. Homer Garrison, Jr., director of the Texas Department of Public Safety, said this week more than two million motor vehicles remain to be inspected before the April 15 deadline. He urged all Texas motorists to obtain their new inspection stickers at an early date.

Garrison reported that more than 4,300,000 will be inspected in Texas this year. To date only about half that number have gone through inspection lines at some 4,400 inspection stations located throughout the state.

The DPS director pointed out that inspection stations cannot inspect vehicles during wet, rainy weather, a condition normally prevailing during late winter and early spring. To make sure every vehicle owner is able to obtain his 1960 inspection sticker in time, Garrison suggested that plans be made now to visit an inspection station before inspection lines grow long.

PUBLIC SCHOOL WEEK

During Public School Week the High School building had many visitors. Everyone seemed to enjoy the displays made by the students.

The third-year Homemaking class planned a "Home of the Future" which drew quite a bit of attention. The Seniors made posters about Shakespeare and the Sophomores made posters on vocabulary words.

In the biology lab, there were many posters on insects, heredity, respiration and circulation by the freshmen, sophomores and two seniors. There were some interesting exhibits made by the physics class, taught by Mrs. Brummett.

We would like to take this opportunity to thank all the people who attended our school during this special week and who made it such a success.

JUNIOR PLAY

The Junior Cass is sponsoring their annual play March 11. The name of the play is "You'll Die Laughing."

The cast consists of seven girls and six boys. The characters are: Bridget Mulgoon, played by Edwina Black; Kim Waller, played by Neil Ellis; Tommy Upton, played by Montye Ogle; Levi Hackett, played by Fieldon Haley; Augusta Caesar Jones, played by Bobby Boone; Peachie Chrysanthemum Jones, played by Sheila Partain; Otto Swartz, played by Lee Blue; Diana Dalbart, played by Kay Yochem; Miss Marilla Dalbart, played by Dianne Howerton; Mrs. Kitty Pike, played by Joy Little; Iona Pike, played by Linda Patterson; The Ghost Girl, played by Nelda Whiteside; and the Ghost Man, played by Mitchell Mayfield.

The entire action of the play takes place in Creepy Castle, a rambling old farm house near the Missouri village of Riverton.

Everyone be sure and come to the play. It's a bombshell of mirth and mystification.

VOLLEYBALL

This week ends the third week since the girls started playing volleyball. They have made a marked improvement in their playing and everyone seems to be thoroughly enjoying it.

THIS IS GARDEN CLUB WEEK

The purpose of the week is to acquaint the public with the splendid work being carried on by the Garden Clubs of Texas and to create local interest in civic beautification. The Garden Club may participate in at least a number of ways in observance of this special week.

Plant a tree or shrub in a park, or public place. Acquaint the public with the necessity of beautifying our city in general. Have flower boxes at doors and windows that will be attractive all summer. Every yard should plant a candle tree. They are not expensive, but quick growth. Do not delay in fertilizing lawns and flower beds. It's the desire of the Garden Club to be of any possible assistance in helping to make Hico a nicer and more beautiful place in which to live.

Civic Committee.

Visitors last week end in the home of Mr. and Mrs. I. A. Morgan were Mrs. Ella Arbuckle of Santa, Mr. J. C. Eubanks of Maple Mr. and Mrs. Bland Ewing of Proctor and Mr. and Mrs. Joe Miller of Comanche.

Coffee Time

CHATTER

By HELEN OGLE

Ordinarily this time of year we are enjoying a few signs of spring, but I wonder if I'm misusing that word this year.

People with those green thumbs are itching for a chance to dig in those flower beds or maybe add a new shrub, and it's the time of year that we want to drag out the mop, bucket and scrub brush to start that general face-lifting around the house. In other words I think we all will welcome that warmer weather if and when it arrives.

Visited with Mrs. Cheek last week and learned that her daughter-in-law, Mrs. Geary Cheek of Brunswick, Maine, is an ardent bowler these days. She belongs to a ladies' league that are proud of two trophies won lately.

A unique mail box adds to the yard of the Raymond Lowe home. The Lowes call it the Wonder Box, as it is used only for decoration. It seems that Raymond backed over the box with his car, and when all expenses were paid, he realized that he had a rather expensive mail box.

Nice to chat with Iris Eakins as we crossed the street. She, too, would like to see a change, weather-wise.

Mr. and Mrs. Hyles were busy polishing store windows and making room for more spring merchandise.

Wilena Sherrard commenting on the Houston Stock Show, as being the best ever held.

Jean Dunlop was having trouble finding stock in the store after an absence from working there.

Betty Knudson and Betty Walker back to the old routine after a week-end trip to Houston to join their husbands, who were attending the stock show.

Our right hand girl, Bette, enjoying being home from the hospital, but glad to take it easy for a while.

Conda and Ruth Salmon busy unloading the car, after a trip to Dallas Monday for merchandise.

Loud hollering and shrieking brakes made us rush to the door for a possible news story, only to hear Charlie Tolliver and Doc Couch ask Nubin Segrest if they might charge a cup of coffee.

Elta Higginbotham taking all kinds of punch lines from her friends, Judy Keller and Dora Strong, over her new adventure in the art world.

One, two, three, four, get set and move was the object for these people. First Dr. and Mrs. Bob Herrin moved into their newly remodeled home, with Mr. and Mrs. Squirrel Roberson moving into the house vacated by the Herrins; followed by Mr. and Mrs. Wayne Rutledge filling the space of the Roberson home, and as the Rutledges left their home the James Cryers moved in. So far as I know, that leaves the former Cryer home vacant, but not for long I bet.

Buck Price still trying to convince us that part of the Bosque River burned last week.

Harry Hudson wondering how to space his coffee breaks for the afternoon, on that long run.

Lois McLendon wearing a new spring hair style, and causing the ladies to be envious.

Mrs. Louise Angell beaming and proudly announcing the arrival of a granddaughter. Proud parents are her daughter and family, Mr.

Hedges Home Scene Of Luncheon-Bridge Last Wednesday

Mrs. H. V. Hedges entertained with a bridge party in her home last Wednesday for members and a guest of her club.

The hostess served a luncheon plate to her guests preceding bridge play.

Mrs. Morse Ross was a guest, and members present were Mrs. W. F. Hafer, Mrs. Harry Hudson, Mrs. Bob Herrin, Mrs. Odie Peticick, Mrs. Ellis Randals and Mrs. Bill Stearman.

At conclusion of bridge play, Mrs. Stearman was awarded high score and Mrs. Hafer held second high.

ATTEND SAN ANTONIO WEDDING LAST WEEK

Mr. and Mrs. George Griffiths and Judy and Mrs. Sam Trimmer were in San Antonio last Friday to attend the wedding of their niece and granddaughter, DeeAnn Akin, daughter of Mr. and Mrs. Truman Akin, who was married to Eddie Farrell of San Antonio.

The ceremony was performed at the Northside Baptist Church Friday evening at 8 o'clock.

Mr. and Mrs. H. H. Ramage visited in Austin in the home of their daughter and family, Dr. and Mrs. Al Vickers this past week.

Miss Conner, Don Seal Married in San Antonio

Wedding vows were read last Friday evening, March 4, at 6 p.m. in the Chapel at Brooks Army Medical Center at Fort Sam Houston uniting Miss Paula Jean Conner of San Antonio and Roy Don Seal of Hico.

Officiating was Chaplain August Linderstrom.

Miss Linda Catt of San Antonio served as bridesmaid, and Bill Chadwick, brother-in-law of the groom, served as best man.

Mr. and Mrs. Roy Seal of Hico, parents of the groom, attended the wedding.

Canasta Party Enjoyed Saturday Evening In Everett Home

A Canasta party was held in the home of Mr. and Mrs. Sim Everett on Saturday evening of last week for members of their club.

The hostess served a dessert plate of pie and coffee to her guests.

Present for the evening were Mr. and Mrs. Louis Chaney, Mr. and Mrs. George Griffiths and Mr. and Mrs. Robert Jackson.

TEXAS EGG LAW WORKS

As enacted by the 56th Legislature in 1957, the Texas Egg Law was aimed at preventing eggs of poor quality or unfit for human consumption from reaching our consumers. For many years Texas had been a dumping ground for poor quality eggs which failed to meet prescribed standards and could not be sold in the states where they were produced. This not only brought poor quality eggs from other states into the homes of Texas consumers but also acted to depress the price of premium eggs produced in Texas.

Rules and regulations promulgated by the Texas Commissioner of Agriculture under authority of the Texas Egg Law prescribe the standards of weight and grade, along with methods for determining the quality of eggs offered for sale, and these various grades must be plainly marked on each package of eggs offered for sale. Widespread physical inspection is accomplished through field inspectors who work out of the six District field offices of the Texas Department of Agriculture. Weekly reports are filed by each inspector as to the number of lots of eggs inspected, along with the results of the inspection. The general acceptance of the new law is reflected in the reports covering the last fiscal year of its operation. In that year, 19,444 lots of eggs were inspected, amounting to 1,346,311 dozen eggs. Out of this huge quantity, only 610 lots were found to be in violation of the Law, 89 by retailers offering the eggs for sale and 521 by the wholesaler or dealer who had graded and cartoned the eggs. This was a ratio of violations amounting to only three per cent of the eggs inspected.

CARLTON

By MRS. FRED GEYE

The old-time friends at Carlton were sorry to learn of the death in the Stephenville Hospital last Sunday of Mrs. Fletcher Cook, the former Miss Oveita Barrett of Carlton. The Barrett family lived at Carlton many years before the parents passed away. Mr. and Mrs. Cook made their home at Oak Dale near Stephenville. Burial was made in the Oak Dale Cemetery. She is survived by her husband, two daughters, five grandsons, one sister, Mrs. Cora Prater of Stephenville, two brothers, Alvin and Alvin Barrett of Carlton, many other relatives and a host of friends.

Rev. and Mrs. Charles Becton and baby, Charles Jr. visited the past week with their parents, Mr. and Mrs. H. C. Farrell and sons at San Antonio and Mr. and Mrs. Claud Stark at Hunt.

Mrs. Charley Proffitt has been a patient since early Saturday morning in the Hico Hospital.

Visitors Sunday afternoon with Mr. and Mrs. George Driver were Mrs. Driver's mother and two sisters, Mrs. George Pack, Miss Lola Bell Pack and Mrs. Juanita Ratliff and son, Charles of Stephenville.

George Barnett, a patient several days in the Hico Hospital, returned home Saturday. His condition is slightly improved.

Mrs. Charley Dyer and Danny Smith spent the week end in San Angelo with Mrs. Dyer's daughter and granddaughter, Mrs. Grady Littleton and Annette.

Mr. and Mrs. Bill Fairman of Fort Worth were week end visitors with her children, Sally Lou and Robert Helton and her mother, Mrs. Maud Chambers.

Mrs. R. L. Hopson of Dallas spent the week end with her mother and brother, Mrs. Marie Turner and Sam.

CARD OF THANKS

We would like to take this method of thanking our friends in Hico for the many acts of kindness shown us in our sorrow. To Dr. Herrin, the staff of Hico Hospital, and the nursing home staff, we are grateful for your services. We also thank each of you who sent the food, flowers, and for the cards. The Family of Mrs. Zona Faggard

CARD OF THANKS

We wish to express our thanks to everyone for their many deeds of kindness, sympathy, and comforting words during the illness and death of our loved one. Also our appreciation for the lovely floral offerings, the food, cards and letters. May God bless each of you. The Family of Mrs. A. R. Hoover.

FAIRY

By MRS. EUNICE DANIEL

We have been experiencing real winter weather for almost the entire past two weeks, last week being quite severe for most of the week. Sleet began falling on Monday around noon and by nightfall the highways were getting very hazardous to motorists. There was still some of these masses of ice on portions of buildings and roofs and also in places where it had drifted deepest on Monday morning of this week.

Mr. and Mrs. Leon Springer were in Hamilton Saturday to attend funeral services for Mrs. Cecil Jones, 69, who died suddenly Friday morning while preparing

breakfast at her home. Our sympathy is extended to the family at this time of sorrow.

We are very sorry to report that Mr. and Mrs. Ed Allison have moved to Waco to make their home. The children who were here at the home to be near Mr. Allison while a patient at the Hico Hospital, encountered such a bad spell of weather, water mains frozen and having to get on the icy roads and drive two miles to the Carl Ray Sellers home for water. The electricity was off for a while and the phone out. They decided their mother and dad needed to move the city. After learning they were having to go elsewhere for water we called and informed them they were welcome to water facilities at our home, as did the E. M. Hoovers. However arrangements were made and household effects moved as soon as the highways would permit. Mrs. Allison remained at the home of her son, D. E. Allison of Dublin to be near Mr. Allison. He was released from the hospital Monday morning. Waynand Allison came up Sunday from Waco and spent Sunday night at the hospital with his father and carried him and Mrs. Allison to Waco Monday. Mr. and Mrs. Allison will be greatly missed as they have resided in or near Fairy for the past sixty or more years. They will be located near their daughter, Mrs. Dellis Seago of 1921 Reuter, Waco. We deeply regret their change in residence but feel sure it is for the best, and hope they are well pleased and hope to be seeing them again before too long.

Mr. and Mrs. Ernest Seymour, Mrs. Dorman Vance and children and Mrs. Lewis Abel, all of Grand Prairie visited during the week end with the ladies' parents, Mr. and Mrs. J. T. Jackson. Mrs. Jackson reported that their daughter-in-law, Mrs. Vernon Jackson, also of Grand Prairie, was to undergo major surgery on Monday of this week. We wish for her a speedy recovery.

Our schools were dismissed several days last week due to icy weather.

Mr. and Mrs. Frank Driver state they encountered much difficulty in getting home last Monday following the funeral services for her mother, Mrs. Webber, 83. The services were held at Stephenville at 1:30, with burial in Greens Creek Cemetery near Dublin. The Driver's son, Dalton and wife, brought them home by way of Carlton and Hamilton as they had to return to Hamilton, to take an

IT HAPPENED . . .

HERE OR NEAR

By E. E. DAWSON

According to E. D. Alexander, in an article in last Sunday's Star-Telegram, Burnet County, our not too-near neighbor to the south, is in an expansive mood, and a sixty million dollar industrial plant is expected to be set up during the year to exploit some of the potentialities of the county. The town, and the county of Burnet, pride themselves on the fact that they are the east door to a vast recreational area of Texas very near both its population and its geographical center.

According to Mr. Alexander's story, numerous industries are already located in the county, such as marble and granite mining and processing, rock crushing for various purposes locally and in a vast area of the U. S. Graphite mining and processing is a considerable industry. The story asserts that there are only two plants in the U. S. that mine and process graphite used in the making of pencils and various electrical appliances and lubrication. So if you break the lead in your pencil the author says you are possibly breaking a bit of Burnet County.

The story does not say what the new sixty-million dollar enterprise is but it will be a development of the natural resources of the county.

This writer is frequently through the city of Burnet and has always been interested in it, and has observed its strategic position. But until he read the story above referred to he was not aware of various things of interest there. For example, the town has one block that has come to be known as

"salvation, education and damnation" because on the block are three churches, the county library and the county jail. One wonders if the proximity of the library and the jail to the churches are regarded as assets. At least they afford opportunities.

In the notable little city are several buildings that are of interest to visitors. A building on a thirty-acre tract of land at the edge of the city is the oldest building, a residence now occupied by Dr. Joe Shepperd, one of the promoters of the town. It was erected in 1860 by Brig. Gen. Adam R. Johnson of the Confederate army. Built of native stone, the material was hauled from the quarries to the house site on ox carts.

Writer Alexander makes one blunder in his article. He says Lake Buchanan is the third largest lake in Texas. He should have said the tenth, for that is what statistics reveal. Here are the ten largest in the state and on its borders with their acre feet capacity: Texoma 5,715,700; Falcon 4,096,083; McBee Bend 4,040,800; Rockland, 3,287,300; Texarkana 2,500,000; Whitney 2,017,500; Travis 1,600,000; Belton 1,097,600; Lewisville 1,016,200; Buchanan 831,000.

The Star-Telegram article says that if you want to have the friendship of the citizens of Burnet you had better pronounce its name right. It is pronounced Burn-it, with the accent on the first syllable. Only the telephone operators are allowed to pronounce it Burnette with accent on the last syllable, and they are allowed that

entertainment was enjoyed by those who attended. Those accompanying Mrs. Gleason and Mrs. Sellers were Peggy and Ruth Jones, Carolyn Sellers, Merrijo and Annette Gleason, Gale Rachuig, Patsy Whitaker, Sandra Taegel, Sue Prater and Mary Jo Clark. All enjoyed the program very much.

The writer attended singing at Evergreen Sunday and visited a while on our return in the Frank Driver home.

Mr. and Mrs. E. M. Hoover were business visitors in Fort Worth Monday.

At this writing, Tuesday morning, we have misty weather. All would sure welcome some sunshine and spring weather.

While talking with Jack Malone at the lumber yard last Friday he stated he thought we needed more rain as they had found dry soil in their yard and his wife was watering their pansy bed. We couldn't feature there being any dry soil any ways near, since everything is so wet out Fairy way. It will be quite some time yet before farmers will be able to resume farming operations. However if we could have some of that March wind which normally accompanies this month, it would soon dry the ground out. As things look now this is going to be an unusual March, since the first week went by with about the worst spell of the past winter months.

Mr. and Mrs. Harve Shields and other relatives were at the cemetery recently and did some work at their family lot, raising the concrete slab over the grave of their sister, the late Mrs. Dovie (Shields) Samuelson and shaping up other graves on the lot. We appreciate their thoughtfulness and assistance.

A check of the cemetery Monday showed it in good shape. There will possibly be a day's work to do there as soon as weather permits, doing some clean up work and a few slight grave repairs. We do appreciate so much those who have contributed from time to time to make it possible to keep our cemetery looking nice.

Our annual cemetery working, date, "Good Friday," falls on April 15 this year. Some five weeks away. There may not be a great lot to do if the weather remains cool but we can meet and attend to business matters, elect new officers and such, and hope all will keep this in mind. It should be of interest to all who have loved ones buried here. We will try to inform you at a later date as to whether to have lunch served at noon, since we haven't talked with anyone as yet as to their desires in this matter.

Mr. and Mrs. Raymond Jones and family and their nephew, Johnny Jones spent last week at Houston attending the stock show. Johnnie was a contestant in the calf scramble which was shown on television Sunday night. He failed to catch his calf. We understand Donald Ray and Jerry Paul Jones had entries in the fat cattle division, but sorry thus far we have not been informed as to how they came out. The Jones visited in the home of her sister, Mr. and Mrs. Charles Wilson and Trestia while in Houston.

privilege in order to distinguish it from Boerne, a county seat situated lower down the country. Which reminds me of the newscasters' awful pronunciations. The poor kids seem to have a bit of high school Spanish and invariably say "Burnett County." They also say "Al-va, rahdo" and "El-do, rahdo" and "U-vahdi." One wishes those lads would get out of town and find out how natives pronounce them. They would then repent and do better. Congratulations, neighbors.
