### School Favorites Named

(From the Mirror)

Monday, March 14, the High School students selected class favorites for 1959-60.

Each class elected two favorites, a boy and a girl, by popular vote.

The all-school favorites were elected by students of all four grades. The Seniors also chose a boy and girl most likely to succeed.

The favorites selected, by classes, are:

Freshman: Anita Mayfield and Don Jernigan.

Sophomore: Janet Hooper and Edwin Shannon.

Junior: Kay Yocham and Bob-boone.

Senior: Judy Beth Moore and Tommy Johnson.

All-School Favorites: Judy Griffiths and Buzzy Hedges.

Most Likely to Succeed: Judy Griffiths and Royce Samford.

### Musical Slated Friday Night at Fairy School

A special musical show will be held Friday night at the Fairy School Gym, for the benefit of the athletic fund. No admission will be charged, but a free-will offering will be taken.

The show will feature the "Deadbeats" from Pottsville, Little Joe the Drummer from Dallas, and a special piano player and guitarist. The musical will begin at 8 o'clock.

Mr. and Mrs. Bill Howard were in Gorman Tuesday of this week to visit with his father, who is a patient in a hospital there.

### Mrs. Will Hardy, Lifelong Resident, Dies Wednesday

Funeral services for Mrs. Will Hardy were held at 3 p.m. Thursday, March 17, in the Barrow-Rutledge Funeral Chapel.

Mrs. Hardy passed away at her home Wednesday morning following a lengthy illness.

A more complete obituary will appear in next week's issue of the paper.

### Crinity Roberson, Duffau Resident, Died Tuesday

Funeral services for Crinity Winford Roberson, 51, were held at 3 p.m. Tuesday in the First Methodist Church, with Rev. D. L. Barnes and Rev. Wesley Jones officiating. Burial was made in Duffau Cemetery under the direction of Barrow-Rutledge Funeral Home.

Mr. Roberson passed away at his home Monday in the Duffau community. He was a retired farmer and a lifelong Duffau resident.

Survivors include his wife; two sons Billy Jo Roberson of Fort Worth and James Roberson of Duffau; his mother, Mrs. Nancy J. Roberson of Stephenville; two sisters, Mrs. Sam Anderson of Cleburne and Mrs. Owen Hefley of Stephenville; four brothers, M. C. Roberson of Hico, Frank Roberson of Waco, Cliff Roberson of Temple, and Bascom Roberson of Eastland.

Palbearers were W. H. Koonsman, Carol McLendon, Noah Little, Bobby Walker, Hershel Patterson and Wauwie Ogle.

### NO SCHOOL TODAY

The Hico Schools dismissed Thursday afternoon, and students will have Friday off while teachers attend the District Teachers Meeting at Waco. Classes will resume at the regular time Monday.

Plans are fast shaping up for the 13th Annual Hico Livestock Show, slated next Friday, March 25, at Hico City Park.

At mid-week more than 200 entries had been registered by Harold Walker, local FFA Chapter Advisor, sponsor of the show.

Premium books and entry blanks have been in the hands of prospective exhibitors for three weeks, and Walker stated this week that entries would be accepted up to Tuesday, March 23, without penalty in entry fee.

Prize money in the amount of \$446.00 will be distributed among winners of the show, along with ribbons and rosettes for grand championships. Broken down into divisions, the money is offered to winners as follows:

Beef Division, \$102.00  
Sheep Division, \$104.00  
Dairy Division, \$120.00  
Swine Division, \$60.00  
Goat Division, \$60.00  
Poultry Division, \$30.00

In the dog division, ribbons will be awarded to four places in three categories, Sporting, Work and Toy.

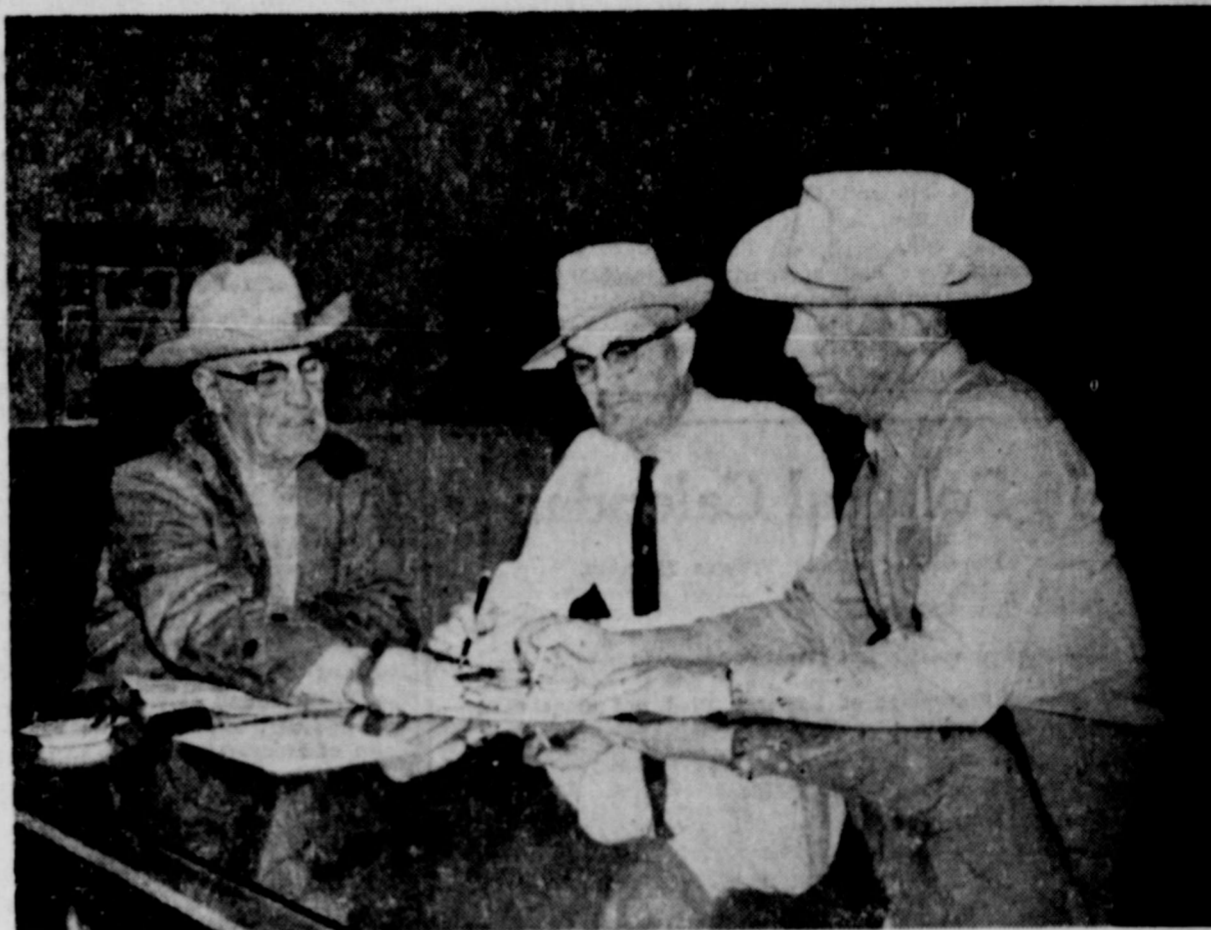

Tentative judging schedule, as set up show officials, is as follows: Swine 9:30; Goats 10:30; Dairy 11; Sheep 1:30 p.m.; Poultry 1:30 p.m.; Dogs 3 p.m.; and Beef Cattle 3:00 p.m.

The show consistently has gained wide recognition over this and surrounding areas, and record entries, as well as attendance, is expected.

### County Democratic Executive Committee To Meet Monday

The Hamilton County Democratic Executive Committee will hold its first official meeting Monday, March 21 at 2 o'clock at the County Courthouse.

Bradford D. Corrigan, county chairman, stated that the meeting is for the purpose of drawing for places on the official ballot for the May Primary.

SCHOOL TAX BOARD—Members of the recently appointed school tax equalization board are, left to right, John Golightly, Conda Salmon and J. B. Wooton. The board is charged with the responsibility of equalizing tax renditions in an amount sufficient to raise the overall evaluation of the Hico school district property. The group has spent many hours working on the evaluations and expect to spend many more before the work is completed. With the increase in property evaluations, the district will then lower the tax rate to offset most of the increase.

### Mr. Jess Reeves Appointed Census Crew Leader

Appointment of crew leaders for the 1960 Census of Population and Housing in this area was announced this week by Supervisor Max V. Mossholder of the Census Bureau's temporary district office in Abilene.

Mr. Jess Reeves of Carlton was appointed to serve this area.

Each crew leader will supervise about 20 enumerators in the big nationwide census which begins April 1. Crew leader training will begin on March 7. Topics to be covered in the training session include procedures for recruiting of census takers, canvassing methods, preparation and submission of reports, and the supervision of census takers to insure a complete and accurate count.

The crew leader is one of the key people in the field operations of the 1960 Census. It is his responsibility to recruit and train the census takers; plan and allocate work assignments; review the work of the workers and take remedial action where necessary, and to handle problems of difficult enumeration.

### 121 CANINES SHOT

A record number of 121 dogs were vaccinated Tuesday of this week during annual dog vaccination day sponsored by the Hico Future Farmer Chapter.

Funds derived from the special day will be used to help offset expenses of staging the annual livestock show, slated next Friday.

### Public School Week Activities Well Attended

Last Wednesday, March 9, concluded the official Public School Week observed by the Hico schools. Some 30 visitors representing the Hico Civic Club and the Masonic Lodges of Hico and Clar-ette had lunch with the high school students. The Choral Club presented three numbers for the entertainment of the group.

Over 100 parents visited the lunch room sometime during the special week. Many others visited classrooms and enjoyed the displays made by the students.

School officials expressed special appreciation to the Masonic Lodge members for providing the refreshments and speaker at the P.T.A. meeting.

"We would like to take this opportunity to thank all the people, in behalf of students and faculty, who visited the local school during this special week. Attendance would have broken an all-time record if the weather had been favorable," stated O. C. Cook, superintendent.

"The fine community spirit, on the part of all, was indeed gratifying. May we ask that you do not wait for a special week or day to visit your school. You are always welcome," Mr. Cook concluded.

## Omar Burleson Makes Statement in Behalf Of Candidacy for Reelection to Congress

On January 11, 1960 application was formally filed by Congressman Omar Burleson for his name to appear on the ballot for the Democratic Primary Election on May 7.

"My bid for reelection to the Congress of the United States is, of course, based on my record of service," Burleson states. "I make no claim of perfection. Doubtless, mistakes have been made, as is usually the case in all human endeavors, but two guiding principles have been constantly followed: First, to know the views of my constituents and reflect their sentiments to the greatest possible degree in my actions in the Congress. Second, to inform and advise as closely as I can on those issues which affect my constituency and our Nation."

Burleson was born and raised on a farm between Anson and Stamford in Jones County. He attended rural school, graduated from Anson High School, attended Abilene Christian College, Hardin-Simmons University, and graduated from Cumberland Law School, following which he had post-graduate law at the University of Texas. He married Ruth DeWeese, daughter of Reverend R. D. DeWeese who pastored Baptist Churches in West and South Texas.

He served as County Attorney and County Judge of his home

County of Jones. Later he became a Special Agent for the F.B.I. He served three years in the United States Navy in World War II, mostly in the Pacific Ocean area. After the war he was elected to the 80th Congress and has been re-elected to succeeding Congresses. He is now Chairman of the House Administration Committee in the U. S. House of Representatives.

Burleson points out that many vital issues have had to be faced in the years he has represented the 17th District in the Congress. "Many more loom before us. With constancy, I have striven to face these problems with the courage and good sense required," he says. "As the record will definitely show, on many occasions I have found myself in the minority, but have never failed to exercise the right to vote and to do as I thought best. This has especially been true in connection with the needless spending of Federal money. The record will show that at every single session of the Congress I have voted for expenditures below that recommended by the Executive Department, and far below that actually appropriated by the Congress. This has been the case in all matters except National Defense. In this instance, I have always voted for those things calculated to make and to keep our Nation stronger than any other in the world.

"At all times I have tried to represent the very best interest of every segment of the economy in our 17th Congressional District. Many times we do not accomplish all we think should be accomplished, but I believe those who have familiarized themselves with my record will know that I have done the best possible under all the circumstances which must be met.

"In domestic matters, the record will prove my opposition to the encroachment of the Federal Government on State and local affairs. As the Federal Government has grown to its colossal proportions, the threat of centralized power in Washington has increased. To this I am opposed, as my actions prove. Big government and high taxes are the result of many activities of the Federal Government which should be reserved to the States. Big government with its far-flung operations has created needless waste and extravagance.

"It has been my purpose to conduct myself at all times in a manner worthy of the trust and confidence which has been placed in me by the people who send me to Congress. To violate that trust in any respect would be unthinkable, and it shall never knowingly be done."

As Chairman of one of the Standing Committees of the House, Burleson

ALL KINDS OF WEATHER—Temperatures, and weather in general, have been so erratic the past few weeks in this area that this photo was set up to illustrate the extremes. From below freezing temperatures, to a high of 82 degrees last Wednesday, and topped off with rain, sleet and drizzle, has been the general trend. In the photo, top, is

## Duties of Game Wardens Explained By State Secretary

Austin, March 16.—"It is unfortunate that some persons never meet a game warden until they are involved in some difficulty," states H. D. Dodgen, executive secretary of the Texas Game and Fish Commission, in an editorial entitled "His Work—Our Wealth," in the February issue of the agency's official publication. "It is just as unfortunate that so many persons never get to meet a game warden at all."

"Basically," writes Dodgen, "the warden's job was created to enforce game laws passed by your legislature. This still is a very important part of their daily chores. Now, however, he has another part of the job which he likes. He has become a disciple of the great outdoors. He is a walking encyclopedia of information on how to hunt and fish, and where. He must know the multiplicity of laws that govern the ownership, control, and harvest of wildlife.

"Your game warden is your neighbor. He wants to take part in your civic club activities; he will pass the collection plate in your church, or serve as a Scoutmaster, or provide motion pictures and talks for the garden club and the P.T.A. on the subject of conservation or wildlife appreciation.

"He will be one of the first on hand to fight a forest fire or to search for the lost or drowned," he continues.

"Your game warden is not perfect nor is he a saint," concluded the executive. "But he is a dedicated man who is doing his best at his job, and with your help he'll do it better. Get acquainted with him."

weather at this year or so ago and is retiring. We will miss them from the community and hope they will be able to come back occasionally to our singings there. Mr. and Mrs. Neal Raybourn of California will operate the store and station.

Mr. and Mrs. Lawrence Adams of Hamilton and her sister, Mrs. H. O. Richardson of Fairy were in Stephenville last Monday to attend funeral services for Buddy Bass, 58, cousin of Mr. Adams. Services were held at a funeral chapel there at 3 p.m. Mr. Bass, who had never married, is survived

by his mother and three sisters, and a number of other relatives. He was ill only about five weeks. Our sympathy is extended to those bereaved in his passing.

Mr. and Mrs. E. M. Hoover were business visitors in Fort Worth last Saturday. While there they talked with Gene Tinkle formerly of Fairy, who informed them that his grandmother Tinkle of Corsicana was very low. Her son and wife, Mr. and Mrs. Clifford Tinkle of Hamilton visited her Sunday. Mrs. Tinkle had visited here on many occasions during the time the Cliff Tinkles resided on her ranch, known as the Tinkle Ranch. Mrs. Tinkle is 88 years of age. All will be sorry to learn of her illness.

Mrs. N. S. Sellers of Hamilton visited Sunday in the home of her son, Mr. and Mrs. Carl Ray Sellers, Carolyn, Jimmie Dan and Janice. She accompanied her son, Mr. and Mrs. Frank Sellers and family, who were on their way to Cranfills Gap to visit her parents, Mr. and Mrs. John Sorley. Their son, Bobby Sellers, also visited with Jimmie Dan.

The writer attended singing Sunday afternoon at the Lund Valley Baptist Church and after singing hours visited a while at the nursing home. Glad to report Mrs. Brittle Little, Mrs. Alford, Mrs. Smith and Mrs. Ganske all doing fairly well.

Mr. J. L. McCoy was carried to the Hico Hospital Monday due to a heart ailment. The McCoy's, who reside about four miles southwest of Fairy, have no telephone service and little passing by their home. She had been trying to get the car started, but due to dampness had been unable to do so, when the mail carrier, J. P. Rodgers came by. She sent word to Fairy for some one to contact her daughter and husband, the Scott Blakleys. Mr. Rodgers left word with E. M. Hoover, who in turn called the Blakleys. Mrs. Blakley said they had been checking on them daily, but as their daughter, Miss Lera Jane, who is now teaching in Arlington Heights, had the car in Fort Worth for conveyance and Mr. Blakley had to make a hurried trip to town early Monday in their pickup she hadn't had any way of transportation over there. Upon the return of Mr. Blakley they went over and took Mr. McCoy to the hospital. We hope he will soon be much better and able to return home.

body, every gland and organ, every tissue cell, has the ability to perform, but they must have an intelligent direction, so the Creator has placed within our bodies, an nervous system that conveys nervous energy from the every part of the body. These nerve fibers all go down the spinal column and emit at intervals along the spine little grooves provided for this purpose. When a segment of the spine becomes wrenched or knocked out of place, the nerve and impairs the full expression of life. Causes disease, name it what you will. Disease is the absence of health. Your Chiropractor is concerned with finding the cause of your trouble. His work consists of where the nerves are being pinched and releasing them so that Nature can restore normal function to the body. Do not take any credit for the repair that is made in your body. The healing forces within your own body will repair if you will only keep the nerve channels from getting in too big a hurry to get well.

## April 1st Deadline For Application for Highway Patrol

"If you are interested in a career in Law Enforcement with the Texas Department of Public Safety, you should apply now." Major W. J. Elliott said this week. Major Elliott, Regional Commander for the 46 county Waco Region of the Department of Public Safety, pointed out that April 1, 1960 is the deadline for applicants who desire to take the Entrance Examination in April.

There are over 100 vacancies in the Field Services of the Department at the present time. This means that young Texans between 21 and 35 years of age, who have the necessary qualifications, have a grand opportunity to join one of the Nation's most respected Law Enforcement Organizations as a Patrolman in Highway Patrol, Drivers License, Motor Vehicle Inspection or License and Weight. The law enforcement officers of this well-known State Police Organization are well trained and well equipped to meet any situation, come flood, tornado, or traffic disaster.

The department invites interested persons to view the qualifications and benefits of these positions in the light of their ambitions. They are urged to talk to one of the patrolmen. You will find him friendly, courteous and anxious to be of service, or write to the Department of Public Safety Headquarters, Box 4087 NAS, Austin, for further details.

week end with their parents, Mr. and Mrs. Ovie Clark and Mr. and Mrs. P. B. Bolton of near Hico. Mr. and Mrs. H. O. Richardson and Jerry visited Sunday in Hamilton in the home of her sister, Mr. and Mrs. Lawrence Adams.

Mr. and Mrs. Ferrel Murray of Abilene visited during the week end with her parents, Mr. and Mrs. Coyt Clark. While in Fort Worth recently Mr. and Mrs. E. M. Hoover learned of the death of Spencer Allen, formerly of Fairy, who had passed away some two years ago. He had resided in Fort Worth since leaving Fairy.

Jerry Richardson was ill of a cold and unable to attend school Monday, his first day to be absent this year.

Mrs. M. E. Parks and Audie visited Sunday in Fort Worth in the home of their son and brother, Mr. and Mrs. E. L. Parks and daughters, and also their daughter and sister, Mr. and Mrs. Milford Miller and Ronald.

Mr. and Mrs. Olga Duncan spent the week end in Cleburne and Dallas visiting in the homes of their daughters, Mr. and Mrs. H. M. Derden and family at Cleburne, and Mr. and Mrs. H. W. Luskie and family of Dallas. They went to Dallas on Friday and while at the Luskie home, Mr. and Mrs. Fred Duncan and baby of Irving came over on Saturday night and visited with them.

Mr. and Mrs. Bob Drew of Dallas spent the week end with her parents, Mr. and Mrs. Frank Hanes and Mike.

A goodly number enjoyed a get-together last Thursday night at the school in honor of Public School Week. A nice program was rendered, each class room had interesting displays of the year's activities, which was enjoyed by all present. Refreshments were served in the lunch room.

Mr. Rachuiq of near Clifton visited during the week end in the home of his son, Mr. and Mrs. R. W. Rachuiq and Gabe and Mr. and Mrs. Robert Rachuiq.

Rev. and Mrs. McGee and Gregory were luncheon guests Sunday in the home of Mr. and Mrs. Frank Hanes and Mike. Their daughter, Sharon, was a guest of Doran Willeford.

Archie Duncan, who received his discharge from the Navy last year is now in Utah where he is employed by a geology company.

Mrs. Fred Hartgraves of Hamilton visited Monday of last week with Mrs. Frank Hanes.

Mr. and Mrs. Parker of Iredell were week end visitors in the home of their son, Mr. and Mrs. Cecil Parker.

We are very sorry to learn today, Tuesday, that Mr. and Mrs. O. E. Whitson were in Fort Worth Sunday, where Mr. Whitson entered Harris Hospital on Monday for a throat ailment. We hope he will soon be much improved.

We also learn that Mrs. Leslie New was expected to undergo surgery at the Hico Hospital Monday

for a small growth on her throat. We hope she will soon be fully recovered.

## WHO'S WHO

My subject for this week is a good Senior. I say this because if you're not a Senior you're not good at all. (Just joking, of course!) This boy is a blond with blue eyes. He is a good student and every one likes him very much. He likes almost all sports, cars, music, girls, and has a part in the Senior play. This boy has joint ownership in a '55 black Chevrolet. If you didn't know him you might get him mixed up with his brother, who looks something like him. If you don't know what I'm talking about just ask someone and they will tell you I am referring to one of the Lackey twins, namely MIKE.

## SPOTLIGHT

Well, Friday night was quite busy. I believe everyone was out for the Junior Play and really enjoyed it. After the play the ones I spotted with the gleam of my spotlight were: Tommy J. and Clairee S.; Pat L. and Anita M.; Wayland W. and Carolyn P.; Judy O. and Carroll G.; Royce S. and Kay K.; Judy M. and Buddy A.; Linda P. and Harlon K.; Kay Y. and Billy B.; Kathy H. and Jerry B.; Joy L. and Charles T. Jay Dean C. and Lynn H.

Saturday night I think almost everyone went to the show at Stephenville. Some show, eh! The ones I saw were Kathy H. and Buzzy H.; Pat L. and Anita M.; Linda P. and Harlon K.; Kay Y. and Billy B.; Barbara P. and Floyd D.; Doyle C. and Barbara R.; Sylvia S. and Doug S.; Janell O. and ???; Netty Jo C. and James L.; Faye M. and Neil E.; Tommy J. and Clairee S.; Royce S. and Kay K.; Judy M. and Buddy A.; Kay J. and John M.

Sunday night after church the couples I spotted were: Kathy H. and Vernon H.; Kathy H. and Jerry B.; Kay J. and John M.

Keep up the good work everybody. Let's see a few more on this list next six weeks.

## HICO FFA MEMBERS PLACE HIGH AT HAMILTON SHOW

The FFA boys and 4-H members of Hico placed high in the annual livestock show held at Hamilton last week.

Hico projects placed high in the sheep divisions. Those placing

from Hico were: Floyd Drake, 1st place Junior Delaine Ram; Lynn Hanshaw, 3rd place Delaine Ewe; Jerry Johnson, several first places in the Rambouillet division; Claudia Hafer had 3rd and 5th places with her Suffolk mutton-type ewes to go along with her Grand Champion Suffolk mutton ram.

Other boys placing in other departments were Lee Blue with a 1st place Yorkshire barrow, and Ronny Henderson with a 2nd place dairy heifer.

The Hico annual livestock show, which expects a record crowd, is slated next Friday, March 25.

## A VISIT TO THE SCIENCE LAB

By LINDA DUNCAN  
(Sixth Grade)

Thursday, March 10, the sixth grade visited the Science Lab in High School.

As we entered the lab Margaret Prater told us about the lungs and how the blood travels through them.

When she had finished, Kathy Haley told us about cells and grafting.

Barbara Randals showed us an insect collection. She told us how to catch, kill and mount them. She also told us the kinds of insects.

Barbara also showed us their aquarium. She told us about the goldfish, and crawfish.

Royce Samford and Tommy Johnson showed us how to tune a wire with a tuning fork.

Then we walked over to the back of the room and Mr. Hall showed us some animals. We saw an octopus, shark, pig, catfish, white rat, and snake. Of course these were all babies.

Then we moved over to the other table and Chuck Yell showed us how to see something that had hydrogen in it.

As we moved over to the other table Barbara Randals and Jay Dean Crow showed us a calf heart and lungs.

Then we moved over to still another table and they showed us how to make a volcano erupt.

Mr. Hall told us to move back because Doyle Crews was going to show us what would happen if you set a handkerchief afire after you have soaked it in alcohol and water.

Then last, but not least, we went over to the microscope and viewed a piece of moss from the aquarium.

We could have looked at it all day but we had to go back to our room. I know we all had a wonderful time and learned something new and helpful.

## THIS WEEK IN AUSTIN—

### No Special Session Seen Until After May Primary

By VERNE SANFORD  
Texas Press Association

Austin — Texas adults by the thousands are going back to school this year.

Their object: to learn what nuclear warfare could mean to the country and what they can do to better their chances of surviving it.

Texas Education Agency and the State Division of Defense and Disaster Relief are co-sponsors of the civil defense adult education program. Since the program got under way late last year, 2,816 persons over the state have taken the free 12-hour course. Another 1,295 persons are attending 66 classes now in progress, and 150 new classes are due to begin this month.

Classes are held at public schools and taught by public school and junior college teachers who have been trained and certified by TEA's civil defense staff.

Seven new teacher training workshops are scheduled within the next few weeks. Eventual goal is to have civil defense classes in or near every Texas community.

Course material ranges from study of the effects of a nuclear bomb and probable capabilities of hostile powers to step-by-step instructions for personal survival preparedness.

Persons interested in having the course in their communities may contact their local school superintendent or write Civil Defense Education Director, Texas Education Agency, Austin.

### No Session Before Primary

Gov. Price Daniel said he will not call a special legislative session to raise teacher pay before May 7—the first primary date.

Conferences with lawmakers have convinced him, said the governor, that there is no hope of a successful session during the coming eight weeks.

However, the governor said he may call a session after the May 7 primary or submit the school improvement program as an emergency measure at the 1961 regular session. If he waits until 1961, Daniel said he would recommend an increased program to make up for money lost by delay.

Many observers have noted that a special session after the first primary election would pose many problems. As much as 25 to 30 per cent of the House could be made up of "lame ducks"—persons retiring from office or defeated at the polls. Incumbent legislators would run-off races would not want to leave their home districts to come to Austin.

Teachers would prefer to have the matter submitted at a special session. Regular session rules require that the budget be provided for before new spending can be considered. Last year approval of the budget was just about the last thing before adjournment.

### Accident Study

A new study indicates that motor vehicles and heart attacks or similar difficulties were involved in more than half of Texas' fatal industrial accidents in the last fiscal year.

Industrial Accident Board reported on an analysis of 23,000 accident claims. In the group studied, it found that fatal accidents were most often connected with motor vehicles, 28 per cent; heart disease, 26 per cent; slips and falls, 10 per cent; striking or being struck by an object, 7 per cent.

Altogether, in the last fiscal

year, the Board processed claims resulting from 195,000 non-fatal accidents and 497 deaths.

Annual cost of industrial accidents is estimated at \$500,000,000 a year. Board plans to make an accident analysis every year to gain information for planning improvement programs.

**Utility Payments Available.**  
Cities and private utility companies can now get reimbursement for money spent moving utility lines to make way for new interstate highways.

State Highway Commission said it is now ready to begin making payments under a law that was held constitutional by the State Supreme Court earlier this year.

Cost of the utility moving, as well as construction costs for the interstate system, comes 90 per cent from federal funds, 10 per cent from state funds.

### Bridle Paths Contested

Whether a person owning grazing rights in a state park area can bar the public from riding horseback in that area is at issue before the Supreme Court.

High court is to hear arguments March 30 stemming from a dispute over use of the Davis Mountains State Park.

Trial court upheld the right of the grazing lease holders to lock out horseback riders while the lease is in effect. Court of Civil Appeals held that riders should be kept out at least nine months of the year.

State contends that if a public park is locked, it is no longer any good as a public park and that any lease is predicated on this assumption.

### Bomb Law Attacked

A law prohibiting possession of a bomb or conspiracy to bring about a bombing is under attack in a case before the Court of Criminal Appeals.

Defendant in the case is accused of having masterminded a bombing of the premises of a non-striking employe of a Dallas industrial plant during a union walk-out. Two persons who were convicted of having thrown the bomb in the victim's driveway said they were carrying out the defendant's instruction.

Attorney for the defendant called "dangerous" a law that makes it a felony to possess items from which a bomb could be made.

### Crime Toll Mounts

An average day in Texas sees 3 murders, 3 rapes, 7 robberies, 32 aggravated assaults, 43 automobiles stolen, 266 thefts other than automobiles and 125 burglaries.

This is the end result of a crime increase that in the past ten years has brought a 73.2 jump in crime while the population increased only 24.4 per cent.

Department of Public Safety announced that in all categories, crime in 1959 was up 3.9 per cent from the previous year. Largest gain was in aggravated assault—up 22 per cent. Only robbery showed a decline.

Mr. and Mrs. Earl Burgan of Grand Prairie visited Sunday with her parents, Mr. and Mrs. Raymond Lowe and Mike.

Mr. and Mrs. Harold Stevens, Glenda and Gary, and Rosan Hoff, pour of Arlington visited over the week end with Mr. and Mrs. Frank Mingus.

Mr. and Mrs. Leonard Lively and Judy visited in Tyler Saturday.

### Wayne Ross Speaker at Cub Scout Meeting

Cub Scouts of Den 1 and 2 met last Thursday in the Den House for their March meeting.

A business session opened the program for the afternoon, with two new Denners being chosen, Denner Bryan Ganske and assistant Denner Wayne Ross.

Wayne Ross was speaker for the afternoon, and told a story as one of his achievements to complete work for his Wolf Badge.

Following the business meeting the Scouts worked on their foot-scraper projects.

Refreshments were served by Mrs. Richard Tooley to the following: Wayne Baker, Rusty Cryer, Billy Cooper, Bryan Ganske, Wayne Ross, James Gosdin, Joe Tooley and Den Chief Jerry Casey. Also to Den Mother Mrs. James Cryer and Assistant Den Mother Mrs. John Cooper.

#### HOME GARDEN TIME

Has the garden fever hit you yet? If not, it likely will because Blueford Hancock, extension horticultural specialist, says when we have a few warm days with clear skies and the trees begin to bud out they always look for the annual epidemic of garden fever.

Hancock gives these tips on gardening that will help you enjoy your 1960 gardening effort.

1. Plan your garden in advance.
2. Keep the garden small, Hancock reminds.
3. Make a succession of plantings. The idea here is to stagger the plantings so as to have a continuous supply of top quality vegetables.
4. Plant a variety of vegetable crops. There are 52 vegetables

#### FOR A REFRESHING DRINK MILK

When energy lags, drinking or afternoon, a glass of milk for a refreshment.

Extension food and nutrition specialists remind us that milk is a balanced diet out including a good source of every day. That's because it is rich in calcium and other high quality protein.

Many Texans are not getting enough milk and dairy products in their diet. This is shown in a recent home demonstration survey.

Drinking milk is the way to get the good stuff. But there are many ways in cooking to get part of the needed daily.

New and different ways are easy to prepare. Planning and organizing might arrange a "milk" refrigerator where you can make their own milk and other delicious drinks.

Recipes and ideas for milk in drinks and other are given in the extension "Good Milk for Good Living" booklet. Get a copy from your home demonstration agent.

'Yard of Month' Topic Of Garden Club Meet

The Hico Garden Club met in the First Methodist Church last Friday afternoon for their regular meeting.

The president, Mrs. Fred Rainwater, presided over the business meeting.

The "Yard of the Month" program will begin on April 1. This is a new project for the Garden Club, and anyone interested in being honored by the plaque for a month should give their yard considerable thought this year. Yards will not be judged on any specific thing, but as a neat yard in general.

The person or persons who will judge the yards will be kept anonymous.

Mrs. Royce Hall gave an interesting summary on the different things that can be done in the yard at the present time.

All members of the club brought plants, and these were exchanged at the close of the program.

A flower clinic will be held at the next meeting of the club and each member is asked to bring their favorite container and flowers.

Present for the afternoon were Mrs. H. R. Baker, Mrs. J. F. Blackburn, Mrs. Edgar Bullock, Mrs. L. J. Chaney, Mrs. J. A. Cryer, Mrs. B. B. Gamble, Mrs. John Gollightly, Mrs. Royce Hall, Mrs. P. W. CHATTER

By HELEN OGLE

I spoke of spring weather and house cleaning last week, and after Tuesday's dust storm I'm sure many housewives are going to have some deep cleaning to do. What could be more depressing than to arrive home after a day's work and find a door wide open letting the dust sift in.

Mrs. D. C. Hyles, of the Western Auto Store, handed me a clipping she had taken from her home town paper and said she thought others might enjoy reading it. Here it is:

When the other fellow takes a long time to do something, he's slow. But when I take a long time to do something, I'm thorough.

When the other fellow doesn't do it, he's too lazy. When I don't do it, I'm too busy.

When he goes ahead and does something without being told, he's over-stepping his bounds. When I do something without being told, that's initiative.

When the other fellow states his side of a question strongly, he's bullheaded. When I do, I'm being firm.

When he overlooks a simple rule of courtesy, he's rude. When I skip a few, I'm original.

When the other fellow does something that pleases the

boss, he's polishing the brass. When I do something that pleases the boss I'm cooperating.

When the other guy gets ahead, he gets the breaks. When I manage to struggle ahead, MAN, hard work did it! Funny, isn't it.

Saw Lawrence Lane hurrying down the street with his new car license plates, which reminds us of a deadline.

Faye Harrington was searching the shelves in their grocery store for items to prepare the noon meal with. Mean planning should be simple for her, but I bet she studies as hard as we do for a change in the menu.

Arthur Burden working those flower beds in preparation for the spring season.

Ray Teague and Bess Mingus visiting and window shopping as they returned to work after a coffee break.

Kay Jameson seeing things clearer and brighter with her new and becoming glasses.

Harold Walker busy making plans and getting things in order for the stock show next week.

Understand that the extra six weeks of winter for the Ground Hog has passed, so perhaps spring weather will arrive next week.

By MRS. C. A. MITCHELL

**MISS NANCY KEENE AND LOUIS DONAHOU WED**

Miss Nancy Keene and Louis Donahou of Hamilton were united in marriage in a double ring ceremony, performed by Rev. F. J. Waldrip of Eastland, uncle of the bride, last Saturday at 8 o'clock at the home of Mr. and Mrs. Homer Woody, Sr. in Iredell.

Maid of honor was Mrs. Woody Swindle. Best man was Mr. J. R. Stifflemire, both of Hamilton.

The bride wore a dress of navy blue, with white accessories and pearl ear rings and necklace.

A reception followed the ceremony. Forty-five guests attended. The couple will be at home at 312 North Rice, Hamilton.

Mrs. Carrie Adams, Mrs. Paula Carlson, Miss Ida Cohen and Larry Cohen spent the week end with their aunt, Mrs. Homer Woody. The Cohen children attended the wedding of their sister, Miss Nancy Keene.

Mr. and Mrs. Calvin Fossett and three sons of Cleburne and Mr. and Mrs. Dick Burns Jr. of Irving visited during the week end with their parents, Mr. and Mrs. R. O. Burns Sr. They also visited their

brother, Larry, who is a patient in the Stephenville Hospital.

Mr. Ralph Bradley returned home Friday from the Clifton Hospital. Mrs. Mae Long of Bluff Dale is visiting with Mr. and Mrs. Bradley at this time.

Mr. Don L. Howard of Dallas spent the week end with his parents, Mr. and Mrs. Chubby Howard.

Mr. and Mrs. Wayne Allison and son of Fort Worth spent the week end with her parents, Mr. and Mrs. Roy Gosdin.

Mrs. Manzie Burson and Mrs. Della Jones were patients in the Stephenville Hospital last week.

Mr. and Mrs. T. M. Tidwell spent Thursday near Hico with Mrs. Ida Blue and Grady. Mrs. Elue has been ill.

Mr. and Mrs. Don Owens of Fort Worth spent the week end with their parents, Mr. and Mrs. Weldon Phillips and girls and Mr. and Mrs. Terry Owens.

Mr. and Mrs. Homer Whitley moved into the house which they purchased from Mrs. Wildia Mitchell. Mr. and Mrs. Eddie Lee Putty and Joy moved into the rent house of Mrs. Bryan Smith, from the farm of Mrs. Lillian Ensminger.

Mrs. Pink Southern passed away in the Stephenville Hospital after a long illness. She was the for-

## IT'S THE LAW—

### Legal Answers Require Research by Attorney

Perhaps you have been in a courtroom and heard an attorney argue forcefully to the court that such and such a case clearly governs the case at hand. But did you

ever wonder about the intricate processes that have been directed toward finding that case which is often referred to as "controlling precedent?"

The lawyer's training received in law school enables him to recognize and analyze problems. In most law schools he will have studied what is known as the "case method." In the standard three-year course usually following his graduation from a four-year general college education, the law student will read hundreds and sometimes thousands of cases especially selected to illustrate the various phases of the law.

The case method of study enables the lawyer to recognize and classify problems created by the relationship of real persons to each other. It also emphasizes that the outcome of each case depends upon the application of principles of law to its own peculiar facts.

When a client seeks legal advice from his lawyer, the lawyer's mind immediately classifies the problem. Sometimes the problem is such that he may be able to give an immediate specific answer. However, more often the problem will have ramifications that will cause resort, as the lawyer says, to "the books." This means that research is in order.

It may take hours, and in many instances, days, of research to unravel a knotty legal problem. The process is involved. Cases must be found, analyzed, compared, and checked to determine whether they have been overruled by later decisions, before counsel can stand before the court and say "Your Honor, we believe that our case is controlled by the case of such and such."

(This column, prepared by the State Bar of Texas, is written to inform—not to advise. No person should ever apply or interpret any law without the aid of an attorney who is fully advised concerning the facts involved, because a slight variance in facts may change the application of the law.)

mer Pink Terrell, born and raised here. Funeral services were held in Dallas.

Mrs. Zella Maness visited with her daughter, Mrs. Sam Clark in Fort Worth last week. They were in Cisco and Carbon during the week end to visit relatives.

Mr. and Mrs. A. J. Blakley and children of Fort Worth visited her mother, Mrs. Ida Musick during the week end.

Mr. C. A. Mitchell is ill at this writing.

Mr. Bill Clanton is still a patient in the Hico Hospital.

Mr. and Mrs. Charley Conley of Stephenville visited here last Thursday with relatives.

TEXAS CATTLE UP 9%

It came as no surprise recently when the U. S. Department of Agriculture released its figures on livestock population at the beginning of 1960, showing that cattle on Texas ranges had increased by nine per cent over early 1959.

The USDA inventory reported the total of all cattle in Texas as of January 1, 1960, at 9,276,000, compared with 8,510,000 at the same time a year ago. This nine per cent increase in population was nearly double the rate of the national increase, which amounted to about five per cent.

It also came as no surprise when the USDA reported that the total value of all livestock—cattle, hogs, sheep, horses and mules, poultry—had gone down in spite of increased numbers in most categories. The total valuation at the start of 1960 was placed at \$16,236,408,000, compared with \$18,092,870,000 a year ago.

Nationally the livestock and poultry population figures showed these comparisons: Cattle, 101,520,000 this year and 96,650,000 last year; milk cows, 21,331,000 and 21,488,000; hogs 58,464,000 and 56,924,000; sheep 33,621,000 and 32,945,000; horses and mules, 3,089,000 and 3,142,000; chickens 368,859,000 and 383,529,000; and turkeys 5,673,000 and 5,923,000. Horses and mules declined two per cent, chickens fell off four per cent in numbers, and dairy cows eased off one per cent.

At the same time, the USDA estimated a sharp drop in value per head of livestock, as follows: Cattle, \$136 this year and \$153 last year; milk cows \$208 and \$219; hogs, \$16.50 and \$20.30; horses and mules \$112 and \$101; chickens \$1.05 and \$1.26; and turkeys \$4.91 and \$4.65. Only horses and mules and turkeys showed a slight increase in price.

Release of the figures re-emphasized the attitude of most authorities in their outlook on the 1960 cattle market, which is that the time has arrived for caution in planning any further increases of the livestock population on Tex-

as ranges. Good range conditions in general continue to encourage the trend toward taking full advantage of the conditions, but authorities agree that extreme care should be exercised before any further heavy expansion is developed.

Hubert Viertel of Cranfills Gap is trying a new method of marking his kid crop this spring. Hubert has purchased an electric needle that he will use.

The needle carries a small container of tattoo ink and it is used much like the tattoo needle as used on human beings. With the needle one can make figures letters or most any design wanted. This method looks pretty good to me for what it will be used for. Looks like it will be fast, cheap, easy on the goats, permanent, easily read and safe to use.

Not everytime is this column's heading quite correct. Often it may feature something or someone remote. For columnists are all temperamental and yield to the things that appeal to them mo-

mentarily. But this week the column's heading is certainly appropriate.

We quote another column because of the value of what it proclaims. It is about Alcoholics Anonymous. George Dolan says an ad appeared first in a classified column of the Star-Telegram in 1943—seventeen years ago—that started something of immense importance. That ad read, "If you want to drink, that's your problem. If you don't, that's ours." I have read that ad many a time and my heart sang a song of gratitude as I read it. It was signed "Alcoholics Anonymous." It would be hard to find a community as large as ours where an instance of the mighty service of the organization is not seen. Certainly here in Hico we have seen the miraculous effects of the organization and have occasion to be very grateful.

Now read George Dolan's good statement:  
Ask the man on the next stool in the coffee shop what made West Texas prosperous and he'll likely list water, oil and cattle. If that's his answer he'll be overlooking the most important ingredient: People.

And thousands of the people who have contributed to community and area growth, in the last 17 years barely missed being buried instead of assets.

One tiny classified ad that began running weekly in this newspaper in 1943, and later began running daily, changed their lives. It meant the difference between bumhood and community leadership for some; the difference between life and death for others.

**Chapter Spreads.**  
The ad was placed by Fort Worth's first Alcoholics Anonymous chapter, with a membership of three: two men and a woman.

West Texans came here stumbling drunk and left sober. They returned home and formed AA chapters there.

One wealthy oil man, who had 11 \$100 bills stuffed carelessly in one pocket, had attempted suicide.

Fellow alcoholics sobered him up, preached the AA doctrine and

## Traffic Summary for February Released By Area Sergeant

Sergeant Hancock of the Belton Area, of the Texas Highway Patrol, released Falls, Bell, Coryell and Hamilton County's Rural Traffic Summary for February, 1960.

The Highway Patrol in this area investigated a total of 53 accidents with the following breakdown: Property Damage 37, Personal Injury 15, and Fatal Accidents 1.

Sgt. Hancock reported a total property damage of \$30,489.00, with 29 persons injured and one killed. This is the same number of accidents and a decrease of one death for the same period of January 1960.

he went-back home a new man. He hasn't had a drink since.

A doctor who had lost his practice and his family because of alcoholism made a similar recovery. Now he's a leading psychologist.

Among West Texans who have learned to lead normal lives despite their alcoholism are bankers, oil men, ranchmen, doctors, lawyers, judges, ministers, educators and civic officials, including at least one mayor.

Now nearly every town of any size in West Texas has an AA chapter.

There's hardly a family or an employer—and certainly not a community—that hasn't been affected, in some way, by alcoholism.

## Hico Teachers Among 3,500 In Waco for District Meeting

Fifteen top educators are scheduled to speak to the 3,500 school teachers who will be in Waco Friday for a District 10 Texas State Teachers Association meeting at the Heart O' Texas Coliseum.

Among those in attendance will be teachers from the local schools, who in past years have attended almost 100 per cent. Local schools will be closed Friday.

Classroom teachers, principals and superintendents from nearly all schools in the 18-county district are expected to attend.

The convention's general session begins Friday at 9:30 a.m. at the Coliseum, followed in the afternoon by section meetings.

Speakers include Mary Alexander, president of the TSTA; Dr. J. W. Edgar, commissioner of education for Texas; Waurine Walker, assistant director of teacher education and certification for the Texas Education Agency; Doris Gates, noted California author of children's literature; Dr. E. T. McSwain, professor of education and dean of the school of education at Northwestern University; Dr. Mabel Maxey, professor of art education at Texas Women's College; Dr. James Reynolds, professor of educational administration at the University of Texas; Dr. George Stokes, speech and radio professor at Baylor University; Dr. Thomas Clark Pollock, dean and professor English at Washington Square College, New York University.

Dr. Theodore Anderson, chairman of the department of romance languages at the University of Texas; Dr. Ben F. Goldbeck, associate professor of mathematics at Texas Christian University; Dr. Daniel Sternberg, dean of the school of music at Baylor; Dr. M. G. Bowden, principal at Casis School in Austin; and T. J. Bond, professor of chemistry at Baylor.

The general session will be preceded by a business meeting of the House of Delegates Thursday at 7:30 p.m. at the Roosevelt Hotel.

Mrs. Annie Vaden, classroom teacher at Waco High, is president of District 10.

The district includes the following counties: Bastrop, Bell, Bosque, Burnet, Coryell, Falls, Freestone, Hamilton, Hill, Lampasas, Lee, Limestone, McLennan, Milam, Navarro, Robertson, Travis and Williamson.

## FACING LIFE . . .

By REV. CHARLES BECTON  
Carlton Baptist Church

**YOU CAN CONQUER—FEAR**  
"I sought the Lord, and he heard me, and delivered me from all my fears." Psalm 34:4.

Fear is man's number one enemy. It attacked man in the garden of Eden after he had sinned. Paul calls death the "last enemy," and since man fears death, it may be concluded that fear is our first and last foe.

If man had the power to look into the hearts and minds of the people who make up this world, he would see many kinds of fears: fear for the body, the mind, sickness, poverty, losing the job, criticism, temptation, consequence of wrongdoings loneliness, old age, and fear of the past, present and future.

It is not strange then that the Bible has so much to say about fear. "Fear not," "Be Not Afraid," "Be of good cheer," "Be of good courage." "Let not your heart be troubled." These and many other passages are found in the Bible dealing with the problem of fear.

A common fear among people today is the fear of growing old. If we live long enough, old age is inevitable. Therefore, we may ask "Why do men fear old age?"

Men fear old age because of its falling strength. They fear it because of the dependence upon others which it brings. Jesus said to Peter, "When thou wast young, thou girdedst thyself, and walkedst whither thou wouldst: but when thou shalt be old,—another shall gird thee, and carry thee whither thou wouldst not."

Another reason for fearing old

## H. W. (BILL) ALLEN MAKES REPORT TO PEOPLE OF HAMILTON COUNTY

To all of the People of Hamilton County:

I have been busy going to Coryell, Comanche and Bosque Counties for the last two months when I was not "weathered in." I have seen several thousand people in my race for District Judge, but there are many left to see in the short time left before election on May 7th. It is just as fair to one side as the other, but when the election date was changed, it took two months and three weeks off of the time to campaign. As about 15,000 votes will be cast in the District Judge's race, you can see I have plenty to do.

No one means more to me than the people of this County where I have spent my entire life. I thank you for the good things you have

said to your friends and me in Coryell, Comanche and Bosque Counties, as it nearly always comes back to me. It really helps the people who do not know very well.

You know me and know what I want your vote and help for District Judge. I just want you to understand what I am having until I can see you in person. Campaign is a pleasure and getting to see old friends and citizens with whom I worked over eleven years as District Attorney under Judge Creamer for your confidence, trust.

Sincerely,  
H. W. (Bill) ALLEN  
Candidate for District Judge  
(Paid Pol. Adv.)

## OMAR BURLESON

(Continued from Page 1)

leson will have to be in Waco at intervals during the campaign. He has opened his headquarters in his home in Anson. He retains his permanent Congressional Service Office in Abilene which is open at all times for official business. He returned to Washington after several days in the city with the expectation of being in April to further conduct campaign and see as many people as possible between the Primary Election on Saturday in May.

"In the meantime," he invited your investigation of past performances, and if you believe I have been faithful and worthy of your continued support, your active participation in my campaign will be greatly appreciated."
