

FAIRY

By MRS. EUNICE DANIEL

Warm weather prevails, with predictions of showers for the next few days.

We were sorry to learn that Lewis Heyroth of the Lanham community underwent surgery last Friday at Hillcrest Hospital in Waco. His brother, Elmo Heyroth of Walnut Springs has also been taking treatment at the hospital for a growth on his face. We hope both will soon be much improved.

We were also very sorry to learn of the misfortune of Eugene Hicks of Hico who is in Baylor Hospital at Dallas due to a critical back injury he received recently when he fell from a line pole. We hope he is much better by this time.

Many had wondered about a funeral possession that passed thru Fairy and Hico last Sunday week. We have learned it was the remains of a Mr. Thompson, 82 of Gatesville. The possession was en route to Coak Mountain where burial services were held.

Mrs. O. J. Clark, Mrs. Arnold Gleason and Mrs. Ted Arrant were joint hostesses for a wedding shower last Saturday night at the school gym honoring Mr. and Mrs. Frank Fields, who were married Saturday, July 2. Refreshments of punch and cookies were served, and games of dominoes and forty-two were played. A nice crowd attended.

Mrs. Charles Price and Cheryl of Austin spent from last Friday until Tuesday in the home of her father, P. L. Cox.

Mr. and Mrs. Fritz Campbell had their farm residence in the Sunshine community south of Carlton moved to Hamilton last week. Mr. and Mrs. Campbell formerly resided at Alhambra, Calif. She has been here the past several months looking after her mother, Mrs. Mattie Kavanaugh.

Mr. and Mrs. D. E. Allison and daughter, Mrs. Wayne Pittman and Karen of Dublin visited a while late Sunday afternoon in the homes of Mr. and Mrs. Carl Ray Sellers and family and the writer. Jimmie Don Sellers returned home with them for a few day's visit.

Mr. and Mrs. Lonnie Redden and family and Mr. and Mrs. Chuck Simons and family, all of Mesquite were Fairy visitors last Saturday. While here they visited at the Fairy Cemetery.

Mrs. Grace McDowell and baby

of Fort Worth spent the week end with her parents, Mr. and Mrs. W. E. Goyne.

Mr. and Mrs. Marvin Porterfield, who purchased the Brittle Little residence, are making extensive improvements. A new roof is being layed on the portion that Mrs. Little hadn't got recovered, a cement porch run at the back, new windows on the south portion, and the outer walls will be plastered. The interior will also undergo many changes.

Those from here attending funeral services for Mr. Cecil Mercer last Thursday were Mr. and Mrs. Carl King, Mr. and Mrs. W. E. Cunningham, Mr. and Mrs. Walter Abel and Bill, Mr. and Mrs. J. J. Jones Jr., Mr. and Mrs. Woodard Brummett, Ovie Brummett, Leon Springer and the writer.

The writer attended singing at Olin Sunday afternoon. We drove slowly en route the old road from Fairy to Olin inspecting the setting back of fences preparatory to building a new farm to market road. Much of the farm and pastureland is being thrown into the right of way. We understand all new right of ways of being fenced wide enough for 4-lane highways if the need arises. The younger generation of our day and age may live to see most of our highways the four lane type. We returned by Hico and visited a while in the home of Mr. and Mrs. Rufe Burnett. Glad to report Mrs. Burnett able to be up most of the time.

She was injured recently when she fell down an embankment on an outing at the river with her daughters and families.

Mrs. V. D. Fulbright and son, Paul of Kerrville, who have been visiting during the past week in the home of her mother, Mrs. M. E. Parks and Audie, visited from Tuesday until Friday of last week in Texas City in the home of her sister, Mr. and Mrs. Raymond Driver and other relatives. Her mother accompanied her.

The writer visited Wednesday afternoon of last week in the home of Mr. and Mrs. Woodard Brummett with her mother, Mrs. Velma Anderson, who had recently undergone surgery at the Hico Hospital.

We also visited in the home of Mr. and Mrs. Frank Driver. Miss Mary McKandless of Gran-

bury visited a while Saturday in the home of her grandparents, Mr. and Mrs. Olga Duncan. Her brother, Albert, who has been staying with his grandparents the past several weeks and assisting Mr. Duncan with his work, returned home with her.

Rev. and Mrs. J. M. Hayes of Waco and Rev. and Mrs. E. W. Holt of Stephenville were dinner guests of Mr. and Mrs. W. E. Goyne Sunday.

Mr. and Mrs. Willie Turner, Ray and Berniece, their son and daughter and families of Killeen, Mr. and Mrs. Billy Turner and son and Mr. and Mrs. Ray Botkin and baby were in Arlington last Friday to attend the wedding of their son and brother, Jackie Turner, who was married to Miss Kay Gordon at 8 p.m. at the Arlington Baptist Church. Others from Fairy who attended were Kay's grandparents, Mr. and Mrs. J. H. Davis and their daughter and family, Mr. and Mrs. Layman Newton and three sons. Also several from Fairy who are employed in Fort Worth attended. These were Anita New, Mrs. Shirley Abel, Darlene Clark, Cleyone and La Rue Gardner. The newly weds will reside in Arlington where he is employed. We wish for them much happiness along life's way.

Mr. and Mrs. Clyde Shields and family of Richardson are visiting relatives here at this time.

Our sympathy is extended to Mrs. Marvin Noland and family in the death of her brother, E. N. Russell, 59, who passed away in a Veterans Hospital at McKinney. He was a resident of Fort Worth. Funeral services were held in Fort Worth for the veteran of World War II.

Mr. and Mrs. Bennie Dowdy of Fort Worth visited during the week end with her parents, Mr. and Mrs. W. E. Goyne. Mrs. Dowdy remained for a longer visit. Mr. Dowdy accompanied his sister-in-law, Mrs. McDowell and baby back to Fort Worth, as both are employed.

Birthdates for August which we have are Mrs. Evelyn Enger Smith, Brady, Aug. 3; Mrs. Lucille Snyder, Hico, Aug. 5; Mrs. Lola Wilson Newton, Plainview, Aug. 2; Larry Driver, Stephenville, Aug. 13; the late Grady Enger, Aug. 13; D. E. Allison, Dublin, Aug. 28, which is also the wedding anniversary date of the Allison; Darwin Hoover, Aug. 29; Charles D. Hoover, Aug. 18; Mrs. Patsy Hoover Spencer, Lubbock, Aug. 25; the late Mrs. L. P. Richardson, Aug. 22; Vernon Jackson, Grand Prairie, Aug.

13. Trutt New of Fort Worth visited Saturday afternoon with his parents, Mr. and Mrs. Leslie New. Anita New and LaRue and Cleyone Gardner of Fort Worth spent the week end with their parents, Mr. and Mrs. Leslie New and Mr. and Mrs. Winfred Gardner.

Mr. and Mrs. Willie Turner and family spent last Sunday at Flat visiting his mother, Mrs. L. J. Turner, the visit being in honor of her 82 birthday on Saturday, July 23.

Cemetery News.

Bill Lackey of San Antonio was here last week looking after business interests at his farm. Be-

fore returning home he drove by and left a donation of \$5 for the Fairy Cemetery. We sincerely thank Mr. Lackey, and also Mrs. Edna King of Hico who mailed a \$5 donation last week.

Mr. Brunson hopes to complete work at the cemetery this Tuesday. We just hope we have funds to complete the work as we ran out of money before our previous working was completed around the curbs and markers.

Several have worked their lots but there are many others un-

supported lots that need some work. We hope others will help us in working them.

W. E. Goyne drove down to our

home Monday afternoon to give us \$2.50 left with him during the week end by Clyde (Hatchett) Shields of Richardson and his sister, Mrs. Horace Rowe of Fairy. Mr. Goyne also gave us a check for \$5 for he and Mrs. Goyne. We surely thank each. We had feared we might again have to stop the work before it was completed. But just hope we have enough funds. The good people have never let us down yet and we have the greatest confidence that there will be others who will take their turn and help out when the cemetery needs working again. Our sincere thanks to all who have helped from time to time in this most

worthy cause. May God bless each who have had a part helping in the upkeep.

An Essential Ingredient
 of Outdoor Meals...

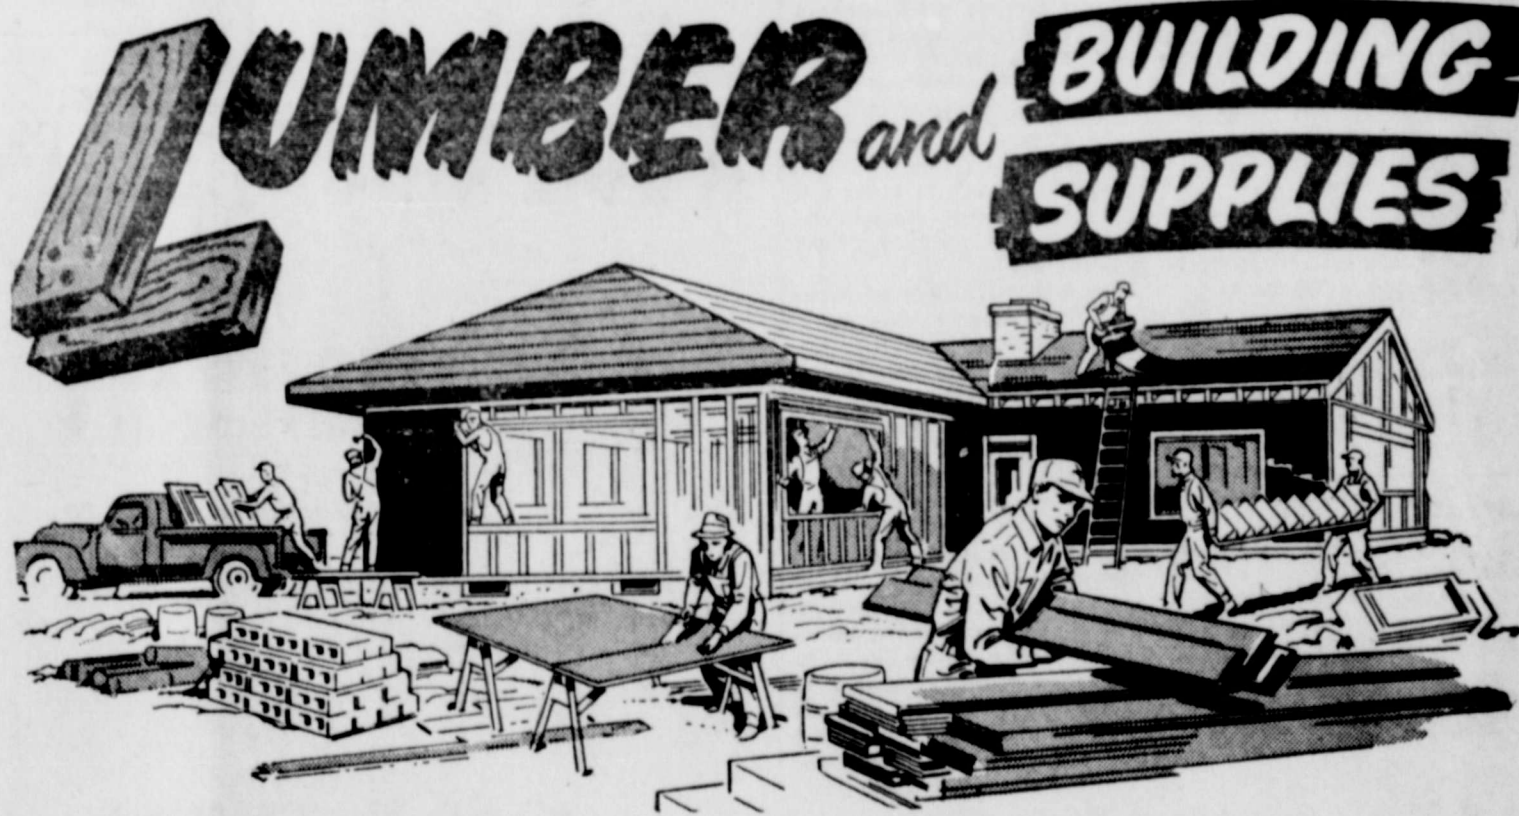

PROPER OUTDOOR LIGHTING

Experienced backyard chefs agree that one of the necessary ingredients of a successful backyard barbecue is plenty of outdoor lighting. Outdoor floodlights, mounted on poles or attached to house or garage, turn your entire backyard into an outdoor living room, where you can rest and relax or enjoy activities in the cool of the evening. Convenient, too, for doing your yard work after the hot sun goes down.

See your lighting equipment dealer or visit our office for outdoor lighting suggestions.

Coffee Time

CHATTER

By HELEN OGLE

A busy week in Hico and only four good working days are left to get everything in order for the 74th Annual Reunion. Haven't had any good news as to what the parade will have in store for us, but I do know that many boxes of Kleenex for making flowers and many a roll of crepe paper have been used in decorations this week. It takes a lot of thought and hard work to present the Reunion each year, and we are all guilty of complaining about so much work and extra expense, but it would seem rather dull about this time of year if we did skip the affair.

If you ever get blocked into a parking space, just call for Dora Strong. Without bothering anything but your nerves, she can turn a car around in its parked space and calmly drive off with a smile.

Nice to say hello to Bill Leach as she was headed for a morning coffee break.

It's not pay day, but "weigh day" on Monday for Louise Blair. Keep counting, Liza, and it will soon be pay day.

Ruby Rodgers is sending copies of the News Review to friends and relatives as an invitation to attend the Reunion next week.

Can't help but envy Sharon Howard and her new hair style, but am afraid that I can't be as complimentary of her pineapple or strawberry cokes. Just plain coke, specialists, gives a standard chart for patterns. Also included are suggestions for selecting pattern styles for different figure types.

You can get a copy of the leaflet by writing or coming by the office. USE MORE RAW VEGETABLES. Work more vegetables into the diet by using them to spark appetites on these hot summer days. Crisp, colorful raw vegetables for appetizers, between meal snacks, and tasty salads are just a few ways to use raw vegetables.

For entertaining, add some carrot curls, celery sticks, radish roses, raw cauliflower or broccolli flowerets to the refreshment tray. Serve a zippy sour cream cheese, or avocado dip for "dunking" the vegetables. Guests will enjoy the informal atmosphere of the party and appreciate the "extra vitamins."

PARIS BEACH—European influence can be seen in this holiday cotton ensemble in a woven striped pattern designed by Dick Holthaus. Cover-ups such as this one for beachwear will be prominent in this country this summer.

BABY DOLL—Set for a summer by the water is this cotton stripe "baby doll" suit with shirred front, three tier ruffle and little ruffle at the inserted camisole bra. The suit is by Sea Fashions of California.

COVER-UP—A side-tied bikini with matching tie bra is covered up by a short jacket in matching geometric cotton sateen. Featuring large, loosely tied bows, the beach ensemble is by Sea B with cotton sateen by Everfast.

Curbing Accident Problems is Goal of Farm Safety Week

Farm accidents claim about 3,500 lives each year, more than any other industry. Some 11,000 farm residents die each year in all types of accidents, and another million suffer accidental injuries.

To direct attention to this appalling problem, President Eisenhower has designated the week of July 24-30 as "National Farm Safety Week." In Texas, Gov. Daniel has proclaimed the period "Farm Safety Week in Texas." The Texas Farm and Ranch Safety Council, together with the Texas Safety Association, Texas Agricultural Extension Service and the Texas Farm Bureau, is pushing a farm safety education program during the week.

Theme of the observance is "Enjoy Farm—Practice Safety." Objective of the educational effort is to curb the soaring farm accident problem which hits one farm family in four each year.

Texas is among the top ten states in the nation in accident rates associated with drowning, firearms, burns and electricity. The major cause of accidents across the nation is machinery, which accounts for about 35 percent of all accidents, followed by drownings, firearms, falls, blows,

animals, burns, electricity and lightning.

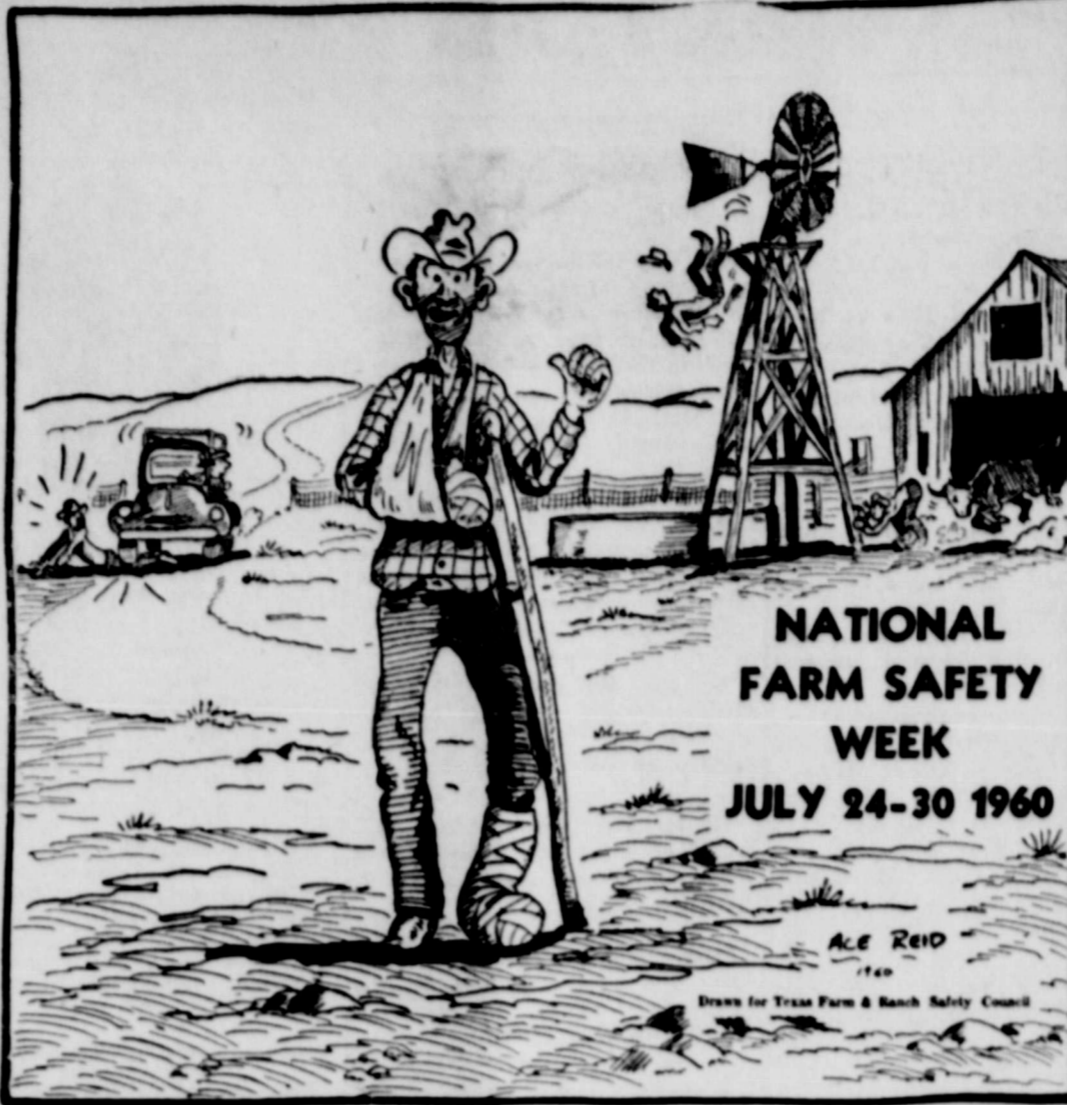

In his proclamation designating National Farm Safety Week, the President noted that accidents "substantially reduce the productive capacity of our farming industry." Governor Daniel's proclamation urged farm families to "increase their vigilance against needless accidents." The Governor said the nation's economy is dependent upon the continued well-being and progress of its agricultural population, and accidents from farm work causes needless suffering, distress and loss of life each year among rural families.

The rate of accidental deaths from work and recreational activities on farms is increasing slightly each year. The death rates associated with machinery, drownings, firearms and electrical current are increasing, while those associated with animals, falls, lightning and burns are showing some decrease.

There are more than four times as many accidental deaths in farming than in manufacturing. Today's farms are becoming more like small industrial plants, and they have some of the same safety needs.

Recent visitors with Mr. and Mrs. John Goughly were Mr. and Mrs. J. D. Jordan of Cisco, Mr.

and Mrs. R. R. Jordan of Abilene and Mr. and Mrs. L. J. Jordan and granddaughter, Debbie, of Petersburg.

Had a visitor? Been some place? Then call in your news items each week.

DEADLY WEEK-ENDS

Pleasure time is no time for accidents and sudden death, but unfortunately that is when the grim specter works overtime.

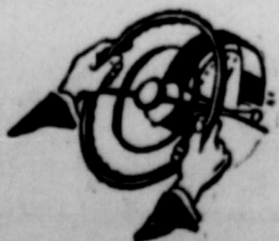

On the average week-end about 290 persons are killed and more than 13,600 injured. In a year's time, week-end and holiday casualties climb to the numbing total of 15,000 dead, 750,000 injured, or about 41 percent of all lives lost annually in traffic accidents.

With a week-end or holiday coming up, families and vacation parties swarm the roads to places of recreation, traffic is congested, driving strain increased—and then the fatal count begins.

Millions of good, bad and indifferent drivers speeding, cutting in, weaving, ignoring the rules of courtesy, challenging traffic controls, provide the lethal ingredients for crashing and killing. Add to this the potion of the drinking driver and the mixture is deadly.

When you plan week-end driving be doubly cautious. Try to avoid peak hours of travel and congested routes. Start early, return before or after the rush. Watch your driving, keep your temper, don't contest the right-of-way—and watch the other driver!

Slow down—take a little longer and bring your family home alive.

SLOW DOWN—LIVES ARE IN YOUR HANDS!

LAKE WHITNEY COUNTRY CLUB—This bird's-eye view, as conceived by Architect Charles Dilbeck & Associates of Dallas, shows an ultra-modern clubhouse facing on docks which will provide complete boating facilities. Work has already been started at the site for this unique club, exclusively for company members, on the upper reaches of Cedar Creek on the northeast side of Lake Whitney.

IT HAPPENED . . .

HERE OR NEAR

By E. E. DAWSON

Not so long ago Miss Deborah Kay Williams and I were out on the road, as I frequently am with that adorable lady of plus three years. We passed a dead polecat that somebody's car had killed. I pointed it out and Miss Deb looked at it but had no comment. Less than a mile farther along there lay another Mr. Polecat beside the road, victim of a hit-and-run driver. I pointed toward the dead animal and said, "Deb, there's another polecat." She looked and without any enthusiasm or excitement said in a level voice, "Ain't a polecat; it's a skunk." Period. Granddaddy had to grant the correction, and then proceeded on an explanation that the polecat and

the skunk are the same. Now all that has been said as an introduction to the story that follows, one of George Dolan's daily "This Is West Texas" productions in the Star-Telegram. I think it is quite interesting.

A much-maligned animal is nature's closest counterpart to the Old West's gunslinger.

It's the skunk, the animal world's leading exponent of chemical warfare.

The skunk, like the Old West's bad guy, is a two-gun man. It has two musk glands that emit its odoriferous chemical.

And each gland is capable of six successive shots without reloading.

The skunk, like the gunman, can fire its weapons one at a time or simultaneously.

There are other similarities: Each lives and dies in a tradition that's much the same. The gunslinger preferred to engage rigor motis the hard way—with a smoking gun in each hand and his boots still pinching tender feet. The skunk goes out squeezing its triggers, too.

The journeyman skunk warrior, like a six-gun craftsman, doesn't waste its shots. It waits until the last second to fire. And, like an honorable six-gun duelist, it always gives a warning. The tip of its tail hangs limp until it "reaches"—then the tail tip goes up.

And, finally, neither of the two gun artists seems so formidable in these modern times. The gunslinger would encounter greater firepower. And the skunk, while still capable of dealing with its enemies of the wild, can't cope with the automobile.

Any sort of trip through West Texas indicates that while the highways may not be safe for man, they're not safe for skunk, either.

Skunks, this summer, seem to be leading rodents, snakes and rabbits at hit-and-run victims.

Or maybe it just seems that way—because a driver whose car passes near or over the body of a skunk has a strong reminder of it for the next several miles.

A skunk is at a disadvantage, too, when it is caught on pavement. At least, that's the theory of W. V. Elizzey of Fort Worth, who believes a skunk must be on a surface it can dig into with its toenails, for leverage, before it can fire.

Elizzey tested his theory one cold misty day when he was returning to Fort Worth from a trip to the west.

"After I passed through Breckenridge," he recalls, "I looked in the mirror and saw a car gaining on me. I was going to give him plenty of room to pass when I saw a skunk up ahead start to cross the highway from the left side.

"I stopped and so did the driver behind me. Feeling secure in my belief, I waited until the kitty cat got to the middle of the slick highway. Then I drove around back of it and got past OK.

"I looked back to see what the other driver would do—and he hesitated a couple of seconds too long before deciding to follow me.

"About the time the driver reached the crossing line the skunk reached the soft shoulder of the highway.

" . . . I closed my windows tight before the other car passed me,

ATTEND WATER ASSOCIATION MEETING

W. R. Hampton, Monroe Latham, Edmund Hudson, and Kenneth Hudson were in De Leon Tuesday night, July 26, to attend the regular meeting of the Bosque River Water and Sanitary Association.

CARD OF THANKS

I want to thank everyone for your deeds of kindness shown me since I have been ill. Especially do I wish to thank the doctors and staff at the hospital, and Bro. Barnes and the minister of the Church of Christ for their visits and to you who have sent flowers, food, cards and letters, and who have helped in any way. I am indeed grateful. May God bless each of you.

Mrs. J. W. Prater.

CARD OF THANKS

I wish to express my appreciation to Dr. Hafer and Dr. Hedges and to all of the nursing staff at Hico Hospital who were so kind and considerate while I was a patient recovering from my accident. Also to my friends and neighbors for the lovely flowers, the cards, letters and prayers for my recovery. I do appreciate your thoughtfulness.

Mrs. R. E. (Martha) Burnet.

IN APPRECIATION

A word of deep heartfelt appreciation of the many gracious expressions of kindness, by word or deed of every one during my injury, who sought to lighten the suffering and hasten the recovery, or to cheer the day, I would most sincerely offer my gratitude and God bless you. Tenderly,

Alice Rodgers.

Mr. and Mrs. Grover Porter of Waxahachie visited Sunday with Mrs. Ethel Lackey and Florence Chenault.

Mr. and Mrs. Lester Simpson of Fort Worth were weekend visitors in the home of their parents, Mr. and Mrs. R. T. Simpson and Mrs. Wauwie Ogle.

Mr. and Mrs. Thomas E. Routledge of Odon, Indiana visited last week in the home of his brother, Mr. and Mrs. S. C. Routledge.

but even then the odor was terrible."

Another researcher, perhaps, would want to put his theory to another test. But Elizzey is satisfied to rest his case right now.
