HICO, TEXAS AUGUST 26, 1960.

NUMBER 17.

WERE IN HICO

By E. V. M.

Monday, August 30, local as well as those through the county will go, or go, to the polls and a strong "yes" to the deal to keep our county government functioning in an efficient manner.

A proposition which faces is that of combining the tax assessor-collector and that of sheriff.

Hamilton County has fared with the offices operating separate units of our government, and it would be unwise to change the arrangement even though we no longer count 10,000 people as a part of the county.

A few people who might balk in terms of economy in the court house will be disappointed if they should combine the two offices.

To continue carrying out the duties of his office in an efficient manner, the Sheriff would certainly not have to run both offices without perhaps two more deputies. Hiring of this extra help would far exceed the salary of a present tax assessor.

The economy is not a saving. To combine the two offices would certainly be false economy.

Under the actual facts in mind and then go to the polls to vote to maintain good government in a manner which has been most successful in the past years.

THE BIG AND THE LITTLE—Lee Blue, 252-pound tackle on the 1960 Tiger eleven, looks down on 120-pound Freshman halfback Jerry Casey during drills this week. Blue, the giant of the team, has been a stellar performer for the Tigers the past two years, and is being counted on to anchor a line which features three other lettermen. The locals have been practicing daily at 5:30 p.m. in preparation for their first game next Friday night, Sept. 2, at Tolar. They will go to Hamilton Friday night for a scrimmage session beginning at 7:30.

## Longtime Hico Resident, Mrs. D. M. Sublett, Buried Here Wednesday

Funeral rites were held at Barrow-Rutledge Funeral Chapel Wednesday morning, August 24, for Mrs. Donna Myrtle Sublett, 78, who died Monday following a long illness.

Services were conducted by Rev. James Draper of Iredell at 10 a.m. Burial was in Hico Cemetery.

Mrs. Sublett, a native of McCulloch County, had been a resident of Hico for the past 19 years. She was born August 11, 1882. She was the widow of D. M. Sublett, who preceded her in death in 1946.

Surviving are two daughters, Mrs. Alfred Bishop of Crowley and Mrs. J. C. Wright of Iredell; three sisters, Mrs. Lena Browning of Gatesville, Mrs. Della Smith and Mrs. Carrie Smith, both of Kempner; two brothers, Harvey Turner of Winnie and Ira Turner of Lampasas; four grandsons and one great-grandchild.

Serving as pallbearers were John Word, Louie Gatewood, Jim Word, Roy Seal, Lamp Rucker and B. F. Strong.

## YOUNG ARTIST SELLS FIRST OIL PAINTING

Miss Eileen Gannaway, daughter of Mr. and Mrs. R. L. Gannaway of Hico, recently sold an oil painting to Ed Bynum of Abilene. The painting of a dog was the first picture sold by the young artist.

Miss Gannaway, who is 14 years old, is a member of the Hico Art Club. Lon Helms of Fort Worth was instructor.

# Vote Set Tuesday On County Office Merger

## Brother of Hico Lady Passes Away in Amarillo

Mr. and Mrs. Conda Salmon were called to Amarillo Tuesday in response to a message that her brother, Jodie Etheridge had passed away.

Mr. Etheridge, 47, passed away Monday afternoon in an Amarillo hospital.

Funeral services were held at 2 p.m. Wednesday at Stratford, with burial in the Stratford Cemetery.

## Don Ross Accepts Job in San Antonio Schools

Don Ross, son of Mr. and Mrs. Watt Ross, has accepted a position as assistant football and basketball coach and general science teacher at Alamo Heights High School in San Antonio.

He received his bachelor of science degree in physical education from Texas A & M College last May, and has attended North Texas State College in Denton this summer.

## Fairy Man Candidate For University of Houston Varsity Football Team

Bob Barnett, graduate of Fairy High School, will be one of 63 candidates reporting to the opening University of Houston football practice September 1 in Houston.

Barnett, 5-11, 185, was a member of Tarleton Junior College football team last season. He will be a candidate for a right end spot on this year's Houston team.

While at Tarleton State, Barnett was named to the Little All-America team last year.

The Cougars will open the season Sept. 17 in Houston's 73,000-seat Rice Stadium with the University of Mississippi, 1960 Sugar Bowl championship team.

## ATTEND INDIAN EXPOSITION IN OKLAHOMA

Mr. and Mrs. Irvin Moore of Iredell were in Anadarko and Indian City near Lawton, Oklahoma last Friday where they attended the American Indian Exposition.

Hamilton County voters will trek to the polls in a special election Tuesday, August 30, to decide whether or not the offices of Tax Assessor-Collector and that of Sheriff will be combined or will remain as they have been in past years.

The election was called by Commissioners Court after the 1960 Bureau of Census showed that the county had dropped below the 10,000 population figure.

Under Texas law any county with less than 10,000 population must combine the two offices unless a vote by the people specifies otherwise.

The ballot is confusing. The proposition will read as follows:

"For adding an assessor-collector of taxes to the list of authorized county officials," and

"Against adding an assessor-collector to the list of authorized county officials."

Voters who favor keeping the two offices separate will scratch the last proposition, and leave the first.

It is not likely to happen, but if voters turn down the proposal and decide that the Sheriff's office should handle county tax affairs, the name of Mrs. Pearl B. Williams will not appear on the general election ballot in November. Mrs. Williams won the nomination in the May Primary.

Not too much interest has been shown in the election, and a light vote is expected.

A. A. Brown will serve as election judge for the Hico box.

## Mrs. R. H. Clark, Former Clairette Resident, Dies

Mrs. Robert H. Clark, formerly of Clairette, died Monday morning at her home in Garland. She was 71.

Funeral services were held at 2 p.m. Tuesday at Clairette Methodist Church. Burial was in Clairette Cemetery.

Rev. M. J. Jones of Rockwall conducted the services.

Mrs. Clark was born in Clairette and had lived there until moving to Garland eight years ago. She was the former Laura Mae Dowdy.

Survivors are her husband; three daughters, Mrs. Herman Wolfe and Mrs. Frank Pitt of Dallas, and Mrs. Robert Head of Fort Worth; two sons, Raymond Clark and Robert Clark of Dallas; a sister, Mrs. Nancy Cook of Dublin; two brothers, Charlie Dowdy of Clairette and Kyle Dowdy of Denison; seven grandchildren and nine great-grandchildren.

# Schools Set to Open Sept. 6; Faculty Almost Complete

Indications are that the enrollment in Hico Schools for the 1960-61 term will be about the same as last year, possibly up a little, according to an announcement by Supt. O. C. Cook this week.

Pre-registration for High School students will begin Tuesday, Aug. 30, at 8 to 10 a.m. for grades 11 and 12. Ninth and tenth graders will register Wednesday, August 31, from 8 to 10 a.m. However, when two or more in one family are registering, they may do so the same day, regardless of class.

All elementary students will enroll Tuesday, September 6, at 9 a.m., which is the first day of school. Text books will be issued to all students in classes that day.

School will dismiss at 3:45 each day except on opening day, when classes will dismiss at 2:45.

Three new faculty members have been elected for the year.

Mr. William Robert McCutcheon has been named band director, and Mrs. McCutcheon named Home-making instructor. Mr. Eddy Jo Henry was elected assistant coach, and will teach driver education and math.

Teachers Begin Work Early.

A general faculty meeting will be held Thursday, Sept. 1 at 8 a.m. in the elementary building. After the meeting a workshop will be

held. The day will be spent making a study of the California Test system, and how it will serve the best interest of the student. A consultant representing the Company will direct the study.

Birth Certificates Necessary.

A child is required by state law to be six years old before Sept. 1 to attend classes. A birth certificate can be obtained at the county clerk's office, or from the State Health Department, division of vital statistics in Austin. It is the parents' responsibility to obtain the certificate and present same to the first grade teacher on day of enrollment.

Lunch Program.

Lunches will be served in the cafeteria beginning Tuesday, Sept. 6. Prices will be the same as last year, 20c for first and second grades, 25c for third, fourth and fifth grades, and 30c for grades 6 through 12.

Lunches include meat, two vegetables, salad, milk and dessert. Children may eat in the lunchroom, bring their lunch, or go home for their lunch.

New High School Building.

Students in the local schools are looking forward to the opening of school this year.

The completely refinished high school plant will provide a most attractive place for all enrolled to enjoy. Although the building is not complete at this date, work is progressing fast and most of the classrooms will be ready for opening of school.

Among the many new features in the building will be a new lighting, heating, and plumbing system. Also new steel windows throughout.

All classrooms will have new furniture and fixtures. The interior of the classrooms will be in pastel colors, which will contribute to the comfort and pleasure of students while at work.

Classrooms have been rearranged to serve to the best advantage. The science department will be one of the most modern in this section of the state. It will include a laboratory equipped with three of the latest modern science tables. Also included in this department is a lecture room adjoining the laboratory with a large glass window as a divider, enabling more activities to be carried on during class periods.

The new arrangement in the library includes a large area for study and reading, plus a special reading room for group work. This area is equipped with sink, tables, a large glass window between the work room, also included in this area is equipped with sink, tables, and shelves where book indexing and mending, etc. will be carried on.

Horace Griffiths receives graduate degree.

Lubbock, August 23.—The Graduate School of Texas Tech has announced 82 candidates for degrees at summer commencement exercises, held August 20. In all, more than 500 were graduated.

Degree candidates included Horace Griffiths, son of Mr. and Mrs. Frank Griffiths of Hico, who received his Master of Education.

Vacation on Coast.

Mr. and Mrs. A. H. Lackey and Jim Bill have returned home from a vacation on the coast.

They spent several days with Mr. and Mrs. C. H. MacFadyen Jr. and daughters, Cindy and Lisa, at their summer cottage at Port Bolivar. They also visited Mrs. Lackey's mother, Mrs. Annie O'Rand, and other relatives at Galena Park.

## Rep. Leaverton Announces House Speaker Support

State Representative H. A. Leaverton this week announced his support of James A. Turman for Speaker of the Texas House of Representatives. In making his announcement Leaverton said:

"Mr. Spilman is a high class gentleman and my friend, but, in my opinion, Mr. Turman's philosophy of government serves the interests of my district and the State better than does the philosophy of Mr. Spilman.

"Mr. Turman is a moderate in all that he does. Some of his critics have attempted to tag him as an extreme liberal, claiming he supported organized labor. The facts are that the record of Turman on labor and wage issues in the House was 5 to 1 against and that of Spilman was 6 to 1 against. Turman's aye vote was for graduated maximum hours for firemen and for hours for policemen that would not be longer than the hours of other city employees; the aye vote of Spilman was to increase the pay of State employees up to 15 per cent.

"But why deal in generalities? Let's examine the records as applicable to us in District 62.

"Our Tarleton Four Year College Bill was pretty important to us. Spilman voted against us; Turman not only voted for us but he was a member of the State Affairs Committee which considered our bill and helped us get the bill out of committees and then helped us pass it on the floor.

"Our farming industry is of utmost importance. Turman supported most farm bills and Spilman opposed most of the major agricultural bills. To be specific as to a few: The Milk Inspection Bill for out of state shippers was vital to our great milk producing area. Turman voted for the bill and Spilman voted against it. Turman voted for improvement in our farm extension service. Spilman voted against it. A bill was introduced to eliminate our farm to market money. Turman opposed that bill and Spilman supported it.

One big issue in the last session was Sales Tax vs. Gas Pipeline Tax. The big, prosperous gas pipelines are taking our gas out of the state fast at extremely low prices and paying comparatively little tax. Turman thought they should pay a reasonable tax. Spil-

man voted against such a tax; instead he voted for a General Sales Tax. My district has indicated it is against the General Sales Tax at this time. I don't think a two per cent tax on our farmers—the heart of our industrial life—on his tractor, truck, auto, trailer, plow, cultivator, drill, baler, combine, seed, feed, building material and many other items would be best for our district at this time. Turman voted for the gas pipeline tax; and against the general sales tax; Spilman voted exactly opposite.

In 1958 the people of Texas voted overwhelmingly for a Constitutional Amendment that fixed a new limit on payments to our aged and needy. Several bills were introduced trying to implement this Amendment. Turman's votes were for the bills; Spilman's votes were against them.

Turman was reared on a farm and worked his way through college to a Doctorate of Education. He is a man of dignity, broad learning, and unimpeachable character. On moral issues Jimmy Turman has consistently followed the high road of moral responsibility. The trend of thinking may be indicated by the following: Turman introduced and supported a bill to outlaw Nudist Camps in Texas. Spilman by his vote helped kill the bill.

These are a few of the many reasons that induced me to support Turman for Speaker of the House of Representatives."

## Burglars Get \$800 in Bank Robbery at Cranfills Gap

Star Telegram Correspondent. Cranfills Gap, Aug. 21.—The First Security State Bank of Cranfills Gap was burglarized of almost \$800 Saturday night.

The burglary was discovered at 8 a.m. Sunday by bank President William B. Bertelsen on a chance stop at the bank. Otherwise the burglary probably would have gone undetected until the bank opened for business Monday morning. Exact amount of the loss was \$784.85, all silver, Bertelsen said.

The break-in dampened plans for an open house next month to slow off the banks new \$400,000 quarters which were occupied last week.

Entrance was made after a knob was twisted off a rear door.

Knobs of two vaults were knocked off, apparently by hammers, but no tools were found at the bank. All money was taken from one vault and apparently no attempt was made to enter a money safe inside the vault.

Bank officials declined to say what was in the safe or the amount of money it contained.

FBI Agent Bill Buckler and

Texas Ranger Johnny Krumnow of Waco and District Attorney Truman Roberts and Hamilton County Sheriff Woody Young of Hamilton were called to the scene by Bosque County Sheriff Clark Royal.

Officers believe the burglary was staged early Sunday morning. Mrs. Christine Tergerson was awakened at 1 a.m. by a car which parked in front of her home only a half-block from the bank. She became frightened and spent the rest of the night with a next door neighbor, Mrs. Orla Roane, who told officers the car left at 2 a.m.

A state-owned pickup was broadcast for an ex-convict seen driving in the area Friday night and Saturday. The car, later reported stolen, matched the description of the vehicle parked near the Tergerson home, Royal said.

The bank has operated continuously since its founding in 1910 and now has capital of \$60,000. The bank was robbed of some \$1,700 in 1934 by an armed bandit who was captured a few days later.

lowing a week's visit in the home of his parents, Mr. and Mrs. E. M. Hoover. While here they enjoyed being with his sisters and children, Mrs. Ralph Spencer, Don and Dickey of Lubbock, who also returned home Friday, and Mrs. Loyd Bolstad, D'Ann and Glenn of Laurel, Miss. who expects to return home the latter part of this week. While here two of the Hoover's grandchildren celebrated birthdates. These were Charles D., who was twelve on Thursday, August 18. His grandmother baked him a birthday cake with candles, which was served with delicious fruit punch to he and his little cousins and brother, all mentioned above, and to Jimmie Don Sellers and other relatives. Then on Friday, Aug. 19, Little Glenn Bolstad celebrated his first birthday. His grandmother also baked him a cake with a candle, and he and his cousins and sister, D'Ann were served the cake and punch.

September birthdates which we have in mind are: the late Mrs. Lucy Burden, Sept. 14; Cal Lowery, Fort Worth, Sept. 17.

# New Type Student Gaining Prominence In Colleges and Universities Over Country

By DEAN DEU FREE  
Tarleton State College

From Boston to San Diego and from Seattle to Miami, a new type of student is gaining prominence in colleges and universities throughout the nation. It is the "over twenty-one" student; the man and woman who for various reasons have discovered that their education should not have ended with high school. Now, many of these erstwhile students, with family and home responsibilities, have started or resumed their college careers.

The "over twenty-one" students are in sharp contrast with the typical freshmen. They will not be trying out for the football team or seeking a position on the pep squad. They probably will not enter the debate club, a fraternity or have their pictures in the college yearbook. The majority of the older group will not be day students, but enrolled in one or two of the night school courses which are attracting increasing numbers of adults to college campuses each year.

Adult education has matured. It has come to mean more than merely a tedious method of obtaining one's high school diploma or learning how to work with ceramics or woodcraft. In addition to the "hobby" courses, the older class is after an education.

In the past few years adult education and the evening school has nearly matched the daytime pro-

gram in the number of students enrolled. In one of Texas' largest colleges, the night program has sometimes exceeded the daytime enrollment.

What is the adult seeking? What is behind this return to the college classroom? Generally, the adults are enrolling in college for one or more of the following reasons:

1. For credit. They want to obtain credit toward a diploma or an advanced degree. Many take credit courses because they can't make themselves do the required work otherwise.

2. For job advancement. They want to learn a specific skill such as typing, shorthand, accounting, mathematics, or the latest development in their own field of work. Many simply want to improve their executive and administrative ability.

3. For greater understanding. They want to increase their knowledge of the world they live in; cultivate broader cultural interests; and find new challenges for their intellectual powers.

4. For fun. The housewife, the mother or widow, and many people who seek a change from their daily routine, are taking college evening courses for the fun of it. They may be developing a hobby, or they may simply want to spend an entertaining evening and meet new friends.

Adult education classes are by no means limited to the metropolitan areas. These classes, which help keep the public up to date

in a fast changing world, are needed as much in the small towns and rural areas as in the cities.

The person who is considering night classes at the local college or university might be surprised to learn that he is considered a first-rate prospect as a college student. The combination of maturity and incentive gives him a good chance for success in college work.

The myth that "you can't teach an old dog tricks" is badly out of date. In fact, most adults can learn faster than their younger schoolmates. For people of normal intelligence, the power to learn stays almost constant until the fifties or sixties and even then the decline is slight.

Fear that the mental faculty declines with age has kept more than one person from greater happiness and achievement. Mental faculty does not decline with age, but it does decline with lack of use. Thousands of adults are finding out that the mental activity of college study is exciting and rewarding.

The return of the American adult to the classroom is not surprising. These adults have already learned their most important lesson. First, that there is something to learn; second, that we never lose our capacity to learn; and third, that no one else can "learn" us.

This new brand of college student is already reaping the benefits of his study. Higher pay, greater prestige, and increased self confidence are only three rewards for their efforts. Possibly the greatest and longest lasting is the deep personal satisfaction gained from meeting and accepting the challenge.

Larry Eakins returned to his home in San Juan after a month's visit here with his grandmother, Mrs. Iris Eakins. Larry plans to enter Pan American College at Edinburg this fall.

Diane and Penny Dunlop visited last week in Brownwood with their grandmother, Mrs. Clifford Hampton. After they returned to Hico they also visited in Gatesville with relatives.

Susan Knudson visited last week in Hamilton with Robin and Tracy Roberts and their parents, Mr. and Mrs. Truman Roberts.

Rev. and Mrs. J. W. Liggitt of Marble Falls and Mrs. Ray Rogers of San Antonio visited here last week with relatives and friends and attended funeral services Thursday for Forrest Wren.

Weekend guests in the home of Mr. and Mrs. R. T. Simpson Sr. were Mr. and Mrs. R. T. Simpson Jr., Becky and Bob of Levelland, Mr. and Mrs. David Box, Carolyn and Donna of Hamilton, Mr. and Mrs. Earl Simpson, Gary, Randy and Kathryn and Mr. and Mrs. Lester Simpson, all of Fort Worth, and Mr. and Mrs. Gene Simpson of Glen Rose.

Mr. and Mrs. Jewel Ramage and children of Hooks visited here this week with his parents, Mr. and Mrs. H. H. Ramage. They have just returned from a vacation trip to Iowa.

Mr. and Mrs. A. L. Whatley of Olney visited last week end in the home of Mr. and Mrs. S. L. Whatley. Their children, Janice, Gary and Weldon accompanied their parents home following a week's visit here.

### ON BUYING SCHOOL DRESSES

If there are school-age girls in your family, you will find some helpful information in a special leaflet on "Buying A Girl's School Dress."

Written by extension clothing specialists of Texas A & M College, the leaflet gives practical guides for choosing fabrics, color, and styles that will assure comfort, attractiveness and ease of care. Descriptions of sizes for the dif-

ferent figure types will help you up some of the problems of school dresses for the girl who may be a bit chubby, short, or tall for her age.

Stores are featuring dresses in a colorful variety of colors and fabrics. Get a new leaflet from your home demonstration agent. Use it to help you get the most from your clothing dollar.

### PREPARE FABRICS BEFORE CUTTING

Lovely fall fabrics now are available for every type of garment. Read labels carefully before you buy and prepare fabric properly before cutting.

Look for labels that state shrinkage control. If sanforized and guaranteed not to shrink more than one per cent, additional shrinkage is not necessary.

Check the grain line of the fabric before cutting. Correct grain line insures proper hang and fit of garments. During wearing, the yarns are parallel to each other and so are filling yarns. The grain of yarns is at right angles to the other set. By the time fabric is purchased in the store, more of these conditions may have been changed. Yarns may have been pulled or stretched "grain" in the handling process.

To check:

1. Straighten each end of fabric by pulling thread or tearing.
2. Fold fabric lengthwise selvages together.
3. Lay folded fabric on flat surface.
4. If crosswise yarns are on diagonal, stretch in place by fully pulling on the true bias after stretching, the grain of fabric is on diagonal. It should steam pressed or dampened and pressed so the grain will turn to its correct position.

### IT'S THE LAW—

## After Death, Who Will Inherit Your Property?

What will happen if you should die without executing a legal and proper will? Who will inherit your property? Your husband, wife, mother, father, children, your wife's relatives? The best way you can say who will have it is to provide a will which will protect your rightful beneficiaries and dispose of your property in accordance with your wishes.

When a deceased has no will, or dies "intestate" as the law calls it, the property of that person is distributed according to a detailed formula fixed by law. In some cases this may be the way you yourself would divide it—but in many cases it is not.

The provisions of the law concerning the distribution of the property of a person who dies without a will are rather complicated, and all of the possibilities cannot be covered by a general statement.

There are different rules for real estate and for personal property, for community property and for separate property, for homestead property, and for all of the many possible combinations of surviving relatives. Each situation must be carefully studied to determine the correct distribution of the property.

For example, here is a general idea of how the community property which you and your spouse have accumulated will be divided if you do not make a will prior to your death.

If your husband or wife survives and there are no children, the surviving spouse receives all of the property.

If, in addition, there are surviving children or descendants of

deceased children, they would divide one-half of the property, while the surviving spouse would receive the other one-half.

Of course, grandchildren do not share in the estate unless their parent who would inherit is deceased. And when descendants of previously deceased children do inherit, they receive only the portion that the child would have received, regardless of the number of such descendants.

An odd note, perhaps, is that the surviving spouse already owns one-half of the community estate prior to your death, and the law adds nothing to this share where there are children surviving.

When there are only children and their descendants surviving, they divide the entire community estate between them.

Miss Helen Thomas and Donald Davis Wed Sunday

Miss Helen Marie Thomas, daughter of Mrs. Lester Thomas and the late Mr. Thomas, was married to Donald Ray Davis at 5:30 o'clock Sunday afternoon in First Methodist Church by Rev. D. L. Barnes. The bridegroom is the son of Mr. and Mrs. Ollie Davis.

Miss Clarice Powell, cousin of the bride, from Wichita Falls, was maid of honor. Junior bridesmaid was Miss Nancy Davis, sister of the bridegroom. Deborah Lynn Thomas of Fort Worth was her aunt's flower girl, and Ronald Douglas Arrant, nephew of the bridegroom, from Everman, was ring bearer.

Mr. Davis was his son's best man. Ushers were James Arrant, brother-in-law of the bridegroom and Charles Stipe.

Mrs. James Thomas, sister-in-law of the bride of Ft. Worth sang "Oh, Promise Me," "Because," and "The Lord's Prayer," accompanied by Mrs. Wayne Rutledge, who was organist.

The bride was given in marriage by her brother, James Thomas of Fort Worth. Her formal gown of satin was fashioned with a V neck, line emphasized with appliques of pearl-embroidered Alencon lace and long, tapered sleeves. Deep inverted pleats spread from the fitted bodice into a chapel train. She carried a white Bible topped with a white orchid and Stephanotis.

A reception was given in Fellowship Hall of the church. Mrs. James Arrant, sister of the bride.

groom from Everman, presided at the bride's look. Mrs. Gray Powell of Wichita Falls and Mrs. C. R. Maxey of Greggston, aunts of the bride, presided at the reception table. Others assisting in the house party were Miss Connie Bulloch, Mrs. Derel Fillingim, Mrs. J. B. Woodard, and Mrs. Edgar Bulloch.

The bride departed in a Copen blue Italian silk suit with a matching feather hat and black and white accessories. She wore the white orchid from her bridal bouquet. The couple will make their home in Odessa where Mrs. Davis will teach, and where Mr. Davis is employed by Superior Controls.

Out of town guests at the wedding were: Mrs. Bessie Hubbard of Dallas; Mrs. Forrest McCord of Dallas; Mrs. Art Green and Mrs. Ruth Poteet of Fort Worth; Mrs. Clinton Tinsley, Russell Maxey and C. R. Maxey of Longview; Milton Powell of Wichita Falls; Mrs. J. E. Dettingham of Haynesville, Louisiana; Mrs. John Boen of Sherman; Glen Ray Eubank of Fort Worth; and Bernice Stewart of Dallas.

Dana Roberson Feted On Fifth Birthday Last Thursday Morning

A birthday party honoring Dana Elizabeth Roberson was given Thursday morning, Aug. 18, from 9:30 until 11 o'clock by her mother, Mrs. C. L. Roberson. She celebrated her fifth birthday.

The refreshment table was decorated with a flower arrangement, a cake and small cup cakes. Favors of party hats and party blowouts were given the sixteen guests. Cake and punch was served.

Several party games were played during the morning.

Those present were Patty and Curtis Mercer, Mark and Selene Bulman, Trudy and Steve Pitts, Jan and Randy Christian, Kay Kilgo, Kathy Southall, John Gollight, Vekie Pierce, Steve Sims, Curtis Keller, James Horton and Melanie Bonner.

Mr. and Mrs. Maron Linch were in Clifton Sunday where they visited in the home of Mr. and Mrs. W. C. Blue.

Bridal Shower Fetes Mrs. Gene Cavitt Last Saturday Afternoon

A bridal shower Saturday afternoon, August 19, in Firemen's Hall, feted Mrs. Gene Cavitt, the former Miss Quata Adkison.

Co-hostesses for the courtesy were Mrs. Sim Everett, Mrs. O. C. Cook, Mrs. Elton Slaughter, Mrs. Maron Linch, Mrs. J. P. Drake, Mrs. Paschal Brown, Mrs. R. A. Herrington Jr. and Mrs. James Lindsey.

Mrs. Linch greeted the arriving guests and presented them to the honoree, her mother, Mrs. Travis Adkison, her grandmother, Mrs. Clint Adkison, and the honoree's mother-in-law, Mrs. E. M. Cavitt.

The serving table was covered with an ecru lace cloth over green, and centered with a lovely arrangement of pink gladioli. White tapers flanked the arrangement and crystal appointments completed the table setting.

Mrs. James Lindsey, Miss Nelda Whiteside, Miss Wilda Keller, and Miss Joy Little alternated at the refreshment table. Mrs. O. C. Cook presided at the gift table.

Crystal bud vases containing a rose were presented to each hostess by the honoree.

Approximately fifty guests called or sent gifts during the appointed hours of 3 to 5 o'clock.

Anybody need any little black creatures called crickets? The town has been swamped with them this week, and we'd be more than glad to share them.

Leonard Howard taking all the short cuts through alleys and driveways, as he makes the daily paper route.

If Buddy Randals doesn't have the yard in tip-top shape, he should be in for it, as Lorene had to detour by Hico on her trip from Temple to Coleman in order to bring the golf clubs home. If that's not worth a tip, it should be.

Wayne Rutledge dressed in white shirt and tie. Must be sampling for a new job, as he was driving Harper Pace's freight truck this week.

We have no quarrel with the man who has lower prices. He knows better than anyone else what his services are worth.

Mr. and Mrs. Edwin Pittard of Coleman visited with Mr. and Mrs. Byron Hawthorne Sunday afternoon.

Mr. and Mrs. Ernie Jacobs spent the week end in Junction with Mr. and Mrs. Charlie Meador and Ed. die.

Visitors this past week in the home of Mrs. Jessie Richbourg and Mrs. J. A. Garth were Mrs. Weldon Herman, Marilyn; and Bill and Mrs. B. D. Cole of Quannah, and Mr. and Mrs. John C. Garth of San Angelo.

Mr. and Mrs. Roy French visited last week in San Saba with their son and daughter and their families, Mr. and Mrs. Charles French and children and Mr. and Mrs. Jess Askey and Ann. They were accompanied to San Saba by their grandson, Roy Lee French, who had visited last week in Hico.

COUNTY AGENT REPORTS

By E. R. LAWRENCE

The cotton crop over the county is sure going to be variable this year. Some crops are all shot to pieces due to too much rain, while others are pretty fair. Insects have not done too much damage to date but weather conditions can cause them to do some damage before harvest.

Last week a few leaf worms were found for the first time, so you might be on guard for this insect. Boll weevil and boll worms are increasing some but it is doubtful controls should be applied.

With the heavy fall livestock marketing season only a short while away, producers are beginning to think about the returns they will receive on their investments.

According to Lloyd Bergsma, Extension Livestock Marketing Specialist with the Texas Agricultural Extension Service, selling price alone does not determine whether or not the producer shows a profit.

A combination of selling price and pounds sold is taken into consideration in determining how much money a producer makes or how much he must borrow in order to continue for another year. Cattle shrinkage reduces profits and can even mean the difference between profit and loss.

Mr. Bergsma offers the following suggestions for reducing cattle shrinkage:

- 1. Limit physical activity of cattle to a minimum during marketing.
2. Keep cattle off feed and water overnight or for at least a few hours before loading.
3. Utilize fully the feed and rest stops when animals are shipped long distances.

4. Plan the loading operation so that there are no unnecessarily long delays.

5. Feed hay before shipping. Animals accustomed to hay will not only shrink less en route but will take hay at the sales yards or rest stops much more quickly than will those not used to hay.

6. Make sure animals have a chance to eat and rest before sale time if they are shipped long distances.

7. Plan marketing in order to avoid conditions that increase shrinkage. Exposure to cold, wet weather or to extremely hot weather, as well as improper bedding and footing increase shrinkage.

8. Avoid excitement. Do not rush and crowd cattle into cars or through gates.

9. Do not overload or underload shipments.

10. Care for cattle at the market. Be sure they have fresh hay and plenty of clean water.

Research at Virginia Polytechnic Institute indicates that a beef cow's first calf is a fairly good indicator of what she will do the rest of her life. Therefore, if her first calf doesn't do well, you can pretty well bet the rest of her calves will do about the same. They say, "Considerable culling of cows, perhaps the low one-third could be done on basis of first calf produced with little danger of loss."

ing a potentially high producing cow."

In the same study, the VPI scientists found that you can cull cows just as accurately on basis of calf progress in mid-summer as fall.

Proposed CONSTITUTIONAL AMENDMENT NUMBER TWO ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 8, 1960.

SENATE JOINT RESOLUTION NO. 4 proposing an Amendment to Section 49-b, Article III of the Constitution of Texas, increasing to three and one-half percent (3-1/2%) the maximum permissible interest rate on bonds hereafter issued by the Veterans' Land Board, providing for an election and the issuance of a proclamation therefor.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS: Section 1. That Section 49-b, Article III of the Constitution of Texas, be amended by adding thereto the following:

"The foregoing notwithstanding, the bonds hereafter issued by the Veterans' Land Board pursuant to the authority of this Section 49-b of the Constitution may bear a rate or rates of interest not to exceed three and one-half percent (3-1/2%) per annum. "This Amendment shall become effective upon its adoption."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this state at an election to be held throughout the State of Texas on the first

Proposed CONSTITUTIONAL AMENDMENT NUMBER FOUR ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 8, 1960.

HOUSE JOINT RESOLUTION NO. 4 proposing an Amendment to Section 11, Article XVI of the Constitution of the State of Texas, so as to give the Legislature authority to classify loans and lenders, license and regulate lenders, define interest, fix maximum rates of interest, and provide for an election and the issuance of a proclamation therefor.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS: Section 1. That Section 11, Article XVI of the Constitution of the State of Texas be amended so as to hereafter read as follows:

"Section 11. The Legislature shall have authority to classify loans and lenders, license and regulate lenders, define interest, and providing for a maximum rate of interest; provided, however, in the absence of legislation fixing maximum rates of interest all contracts for a greater rate of interest than ten per centum (10%) per annum shall be deemed unenforceable, further, that in contracts where no rate of interest is agreed upon, the rate shall not exceed six per centum (6%) per annum. Should any regulatory agency, acting under the provisions of this Section, cancel or refuse to grant any permit under any law passed by the Legislature, then such applicant or holder shall have the right of appeal to the courts and granted a trial de novo as that term is used in appealing from the justice of peace court to the county court."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held on the first Tuesday after the first Monday in November, 1960, at which election all ballots shall have printed thereon the following:

"FOR the Constitutional Amendment giving the Legislature authority to classify loans and lenders, license and regulate lenders, define interest, and providing for a maximum rate of interest."

"AGAINST the Constitutional Amendment giving the Legislature authority to classify loans and lenders, license and regulate lenders, define interest, and providing for a maximum rate of interest."

Sec. 3. The Governor shall issue the necessary proclamation for the said election and have the same published as required by the Constitution and laws of this State.

THIS WEEK IN AUSTIN—

### Rise in Juvenile Delinquency Seen By Youth Council

By VERN SANFORD  
Texas Press Association

Austin, Aug. 11.—Election year upheavals plus Texas' "lame duck law" are playing havoc with the work of interim legislative committees.

Atty. Gen. Will Wilson ruled that, except in special cases, interim committee members not re-elected to the Legislature may not continue to serve on the committees. This brings a shake-up in the membership of a number of study groups now in the midst of their work.

Biggest change will be in the make-up of the House General Investigating Committee which has been asked to look into several politically touchy questions. Going off the five-member committee are the chairman, Rep. H. J. Blanchard of Lubbock, and Reps. Joe Burkett of Kerrville and Carl Conley of Raymondville.

Nine other legislative committees lost one or more members who either did not run again or were defeated.

Not affected were members of the Commission on State and Local Tax Policy. Attorney General noted that this group was set up under a law which specifically provided its members should serve a two-year term.

Also continuing to serve, whether re-elected or not, will be those members of the Legislative Council and Legislative Budget Board who—like the Speaker of the House—are members because of the jobs they hold.

In the appointment of committees on which "lame ducks" may not continue to serve, next year's speaker and lieutenant governor face a problem. Only way to prevent vacancies would be to second-guess the political future of each appointee.

Youth Crime Rise Seen.

Juvenile delinquency in Texas will get worse before it gets better, the Texas Youth Council director predicted.

Dr. James Turman presented to the Legislative Budget Board the Council's request for an appropriation of \$4,235,470 for the coming biennium. This is an increase over the present two-year allocation of \$3,487,442.

A part of this increase is to build for future needs. Turman noted that the Gatesville Training School for Boys had 403 boys in 1950 compared to its present average of 1,300. He predicted an average population of 1,790 during the coming two years and 2,959 by the end of the sixties.

Turman also urged the setting up of a system of paid parole supervisors "to keep some of these kids from coming back." He said that some of the boys had been at Gatesville as many as five times and that up to one-third were repeaters.

#### Anti-Loan Shark Committee.

A citizens committee is being formed to work for approval of a constitutional amendment to give the legislature more regulatory power over the small loan industry.

Abner V. McCall, executive vice president of Baylor University, is chairman, and Tom Reavley, Austin attorney and former secretary of state, is vice chairman.

Proposed amendment will be Number Four on the general election ballot in November. It would give the Legislature power to license and regulate lenders and set maximum rates of interest. Until and unless the Legislature set a new rate, the present constitutional maximum of 10 per cent would apply.

Adoption of Amendment Four is an essential first step, said McCall, to wiping out Texas' reputation as "the lone shark state." He said that Gov. Price Daniel, Lt. Gov. Ben Ramsey and Atty. Gen. Will Wilson favored the amendment and were honorary members of the committee.

#### TEC Hits Cheaters.

Texas Employment Commission has filed complaints against some 100 persons accused of drawing unemployment compensation pay while actually working.

As a result of a widespread investigation, TEC has filed several score suits against persons it declared were receiving benefits and salaries at the same time.

Some of the defendants have already been tried, fined and ordered to repay the money received from TEC. Most of the cases involve workers in Houston and Brownsville.

Law provides that workers who lose their jobs through no fault of their own and cannot get other jobs may receive \$28 a week for up to 26 weeks, while unemployed. Violators can receive up to a \$50 fine and 30-day jail sentence.

Department of Public Safety reports show that one of the fastest growing statistics in Texas is the number of major crimes committed—up 10.3 per cent for the first half of 1956.

For the first six months of this year DPS estimates 96,681 major crimes were committed in Texas, compared to 87,679 for the same period in 1955.

One of the brighter spots in the report is that murders and homicides decreased by 15.1 per cent. Burglaries, however, rose 19.2 per cent.

#### Vaccinations Urged.

Texas is one of the safer states as far as paralytic polio is concerned, but it's seventh in the nation in number of whooping cough cases, ninth in diphtheria and scarlet fever.

All these rates could be cut, said a State Health Department spokesman, if there were fewer people who can't be bothered with getting protective shots.

Late August and September are the usual season for polio epidemics, the Department warned.

#### Good Pasturage.

Texas range conditions showed a bigger mid-summer improvement this year than in any summer for 37 years, reports the U. S. Dept. of Agriculture.

Range conditions usually grow less favorable from July to August in Texas, but this year they got substantially better.

Though some areas of the state were reported very dry, 83 per cent was rated 12 points above the 10-year average.

#### Short Snorts.

Parents of children who will enter school for the first time this fall are urged to get the children's birth certificates immediately. State Health Department noted that requests pile up at school opening time and can delay the child's entrance into school.

Texas' general revenue fund went \$6,000,000 deeper into the red last month. This brought the fund's deficit up to \$59,061,860.
