NUMBER 20

WRAP-AROUND MODEL—This 1958 Plymouth was almost completely demolished last Friday night when it skidded on wet pavement and came to rest against a tree. The accident occurred on Highway 6 in front of the home of Mr. and Mrs. Hershel Sherrard. Driver of the car was Milton Lowery of Duffau, who was uninjured. Miss Kathy Higginbotham, an occupant of the car, received severe lacerations and bruises in the accident, and hospitalized until Tuesday of this week. The tree prevented the car from rolling over a steep embankment, which could have resulted in more serious injuries.

Final Rites Held Tuesday for B. N. Strong, Accident Victim

Funeral services were held Tuesday morning at 10:30 for Ballard N. Strong, 60, prominent area rancher and commission company owner, at Hico First Methodist Church. Final rites were conducted by Rev. D. L. Barnes, pastor, and Rev. Morgan Garrett of Cleburne, former Hico pastor. Interment was in Hico Cemetery under the direction of Barrow-Rutledge Funeral Home.

Mr. Strong, who owned and operated a 1500-acre ranch in the Black Stump Valley community, was accidentally killed Sunday afternoon when he became entangled in a rope and was dragged to death by a horse at the ranch.

He had gone to the ranch at mid-afternoon, and the accident apparently occurred shortly after his arrival there. His son, B. F. Strong, went to the ranch about 5:30 and discovered the tragedy. Unable to free his father from the rope, the son called neighbors and friends and an intensive search was begun.

The horse was finally penned late that afternoon by W. E. Boyd Jr., Iredell postmaster, who managed to work the animal to the corral near the home.

Peace Justice Henry Gosdin of Iredell ruled the death accidental. Mr. Strong, prominent in ranching activities in this area, owned Hico Commission Company, having purchased the business several years ago shortly after its establishment.

He was born on the ranch where the accident occurred, and had been a lifelong resident of Bosque and Hamilton counties. His parents, Mr. and Mrs. Harry Strong, were pioneer settlers of this area.

Dr. and Mrs. W. F. Hafer and Claudia were in Austin Sunday where they visited in the home of Mrs. Hafer's parents, Mr. and Mrs. Karl Schmidt.

M. W. Petty of Fort Worth and his daughter from Oklahoma City were Sunday visitors in the home of his brother, Mr. and Mrs. Watt Petty of Hico.

Junior Kittens Mark First Win 16-14 Over Glen Rose

Hico's Junior High School Kittens played their first football game of the season Tuesday night of this week, going to Glen Rose for a game with the Kittens of that city.

When the firing was over, the team had presented Coach Eddy Henry with his first victory of the year, a 16-14 triumph over the host team.

Hico scored first, taking a short-lived 8-0 lead. Alan Solsbery got the marker for the Kittens. Glen Rose bounced back with a touch-down and conversion to tie the game 8-8, and then scored again

Surviving Mr. Strong is his widow; one son, B. F. Strong of Iredell; and two grandchildren, Jan Carroll Strong and Ballard Terrell Strong, both of Iredell.

Serving as pallbearers were Jess Pruitt, Edgar Bulloch, H. A. Warren Jr., Harzie Hodge, Wick Simpson, and Jimmie Ramage.

A large number of sorrowing relatives and friends were in Hico Tuesday morning to attend the funeral services.

VISITORS FROM CALIFORNIA

Mrs. Beulah Warren of Los Angeles, Calif. visited in the home of Mrs. Eula Warren and other relatives this past week.

Mr. and Mrs. N. N. Akin and Jane were in Brownwood this past Sunday where they visited with their daughter and sister, Carol, who is a student in Howard Payne College.

Mrs. Fred Rainwater returned to her home Monday of this week following an extended visit in the home of her daughter and family, Mr. and Mrs. Bill Funk in Fort Worth.

CHURCH SERVICE TIMES CHANGED

Evening worship services will be conducted at First Methodist Church at 7 p.m. instead of 8 during the winter months.

Hico Church of Christ services will be held at 7:30 p.m. instead of 8, also for the winter months.

Rev. Thomas E. Pratt Is New Pastor at Hico First Baptist Church

Rev. Thomas E. Pratt, who accepted the pastorate of First Baptist Church, moved here last Friday.

Rev. Pratt, his wife, and two children, Tommy, 14, and Laura Jane, 12, are residing in the Baptist parsonage.

Rev. Pratt has served as pastor of the First Baptist Church in Tuleta, and the Huckabay Baptist Church. Both he and Mrs. Pratt are graduates of the University of Corpus Christi, and Rev. Pratt has completed a year and a half of work at Southwestern Baptist Theological Seminary in Fort Worth.

King Children Injured When Car Overtakes Last Sunday

Mike and Nita King, children of Mr. and Mrs. Lee King of the Duffau community, were injured last Sunday morning about 11 a.m. when the car in which they were riding overturned on the farm to market road between Duffau and the Stephenville Highway. The accident occurred near the home of Mrs. M. E. Laney.

Both the brother and sister were rushed to Hico Hospital, where Mike was still a patient at mid-week. Nita was released Tuesday. Both were treated for lacerations and bruises.

The 1953 Studebaker reportedly overturned three times, throwing the girl out of the car, and pinning the boy underneath. A passerby discovered the accident and went to Duffau where he summoned aid.

The children, who were alone in the car at the time of the accident, have been residing with their mother and grandfather, Elmer Giesecke, while their father is employed at Hobbs, New Mexico.

SUGGESTIONS ASKED

School Projects Discussed At First P-TA Meeting

Hico Parent-Teacher Association met Monday night in the school lunchroom for the first meeting of the year.

Mrs. Ellis Randals, president, presided during the business session when members discussed projects for the year. The group voted for the executive committee to appoint a committee to select a P-TA project for this year. Members are urged to contact members of the executive committee and those on the special committee, who will be announced in the near future, and express their opinions on needed ad desired projects for the organization. Funds for these projects will be raised at the annual Halloween Carnival in October.

Mrs. Randals stressed the importance of the membership cooperation in making the organization a success this year. She stated that it took all members' work, support, and cooperation in all activities to make a good school and in the only large organization of the local school, the P.T.A.

Officers and committee heads were introduced by Mrs. Randals. Supt. O. C. Cook introduced the faculty members.

Mr. Cook pointed out that the local schools had lost one teacher due to attendance drop last year and stressed the importance of student attendance this year so the school can regain the teacher lost. He said "the children are the losers due to the absenteeisms, as when a teacher must instruct 30 children rather than 20 they cannot be as adequately taught."

Following the meeting refreshments were served.

WEATHER REPORT

The following weather report is submitted by W. R. Hampton, local observer for the Climatological Service of the United States Weather Bureau:

Date	Temp	Wind	Clouds	Precip
Sept. 7	92	64	0.00	
Sept. 8	95	65	0.00	
Sept. 9	96	64	T	
Sept. 10	94	65	0.12	
Sept. 11	95	60	0.00	
Sept. 12	93	55	0.00	
Sept. 13	96	57	0.00	

Total precipitation so far this year, 14.72 inches.

Mr. and Mrs. C. L. Spinks were Sunday visitors in Waco with Mr. and Mrs. Earl Cotten and family.

The Hico Tigers, licking their wounds from the 40-0 thrashing received last week at the hands of Dublin, will hit the road for the third week in succession Friday night, going to Blanket for a game with the Tigers from that city.

The game is rated a toss-up, with either team capable of winning. In last year's game, the Tigers defeated Blanket the first time in six outings 14-6, to break a long-standing jinx which had prevailed in previous games.

Blanket, as small as it is, always comes up with a real tough football team, and this year is certainly no exception. They reportedly have seven starters back from last year, with potentially one of the best football players in the area still around. He is big Jim Edgar, a do-everything fullback who is a threat on every play.

The Tigers will be in top condition for the game tonight, with the return of Don Jernigan back to action. Jernigan was held out of last week's game with an injured knee.

Coach Jack Barnett has worked his charges long and hard this week in an effort to get ready physically and mentally for the Blanket team.

Game time is 8 o'clock in Blanket Stadium.

The probable starting line-up:

LE—Mark McElroy	170
RE—Mitchell Mayfield	155
LT—Gary Brewster	171
RT—Lee Blue	242
LG—Fieldon Haley	167
RG—Larry Erick	144
C—Mike Lowe	170
QB—Don Jernigan	157
RH—Neil Ellis	167
LH—Harold Hathcock	127
FB—Bobby Boone	182

The remainder of the squad is as follows:

E—Charles Yell	165
E—Tommy Donley	120
T—Butch Knudson	148
T—Freddie Naul	185
G—Robert Reed	160
G—Mike Flowers	148

James T. Draper, Jr., Pastor

Pastor to Preach Sermon Series.

The pastor of our church began last Sunday, Sept. 11, a series of messages on "Mountain Peaks of Bible Truth." This series will continue on Sunday mornings for the next several months. He began this Sunday morning with the Biblical Doctrine of God. Next Sunday's message will deal with the Biblical teaching about Jesus Christ. We invite each member of our community to attend these services.

Church Year Closes.

With the close of this month, another church year rolls to a halt. We have been greatly blessed this year by God. Our church has baptized ten and has received 24 by statement and letter. We praise God for these additions to our church family and look forward to even more before the end of this month.

WMU Week of Prayer.

The Women's Missionary Union of our church observed a week of prayer for missions this past week. The week began with an all-day meeting this past Monday with many ladies gathering for the study and prayer and sharing in a covered dish luncheon at the church. In connection with this, the Mary Hill Davis Mission offering was taken.

RESUME OF YEAR'S PROGRAM OUTLINED AT REVIEW CLUB OPENING TEA

The opening tea for the Hico Review Club was held last Thursday afternoon in the lovely home of Mrs. Robert Jackson, with Mrs. Paul Hamilton, Mrs. J. T. Appleby, Mrs. Morse Ross, Mr. Edgar Bradley and Mrs. Hord Randals as co-hostesses.

Pink asters and pink roses were used throughout the reception rooms and on the serving table where refreshments of sandwiches, cookies and punch were served.

Miss Mettie Rodgers, president of the club, brought greetings to the members. Her aims are high for the year and her talk was an inspiration to the members.

Mrs. W. C. Stearman Jr. outlined the year's work. Theme for the year is "Fields to Explore" and highlights of the programs to be presented are: Harold Walker will speak on American Agriculturists; Mrs. Mary Sue Staig of Tarleton State College will talk on American Economists; H. W. Allen, Judge of the 52nd District, will tell of American Politics; and Dr. Lorena Stretch of Baylor University will speak on American Educators.

The next meeting will be in the home of Mrs. J. E. Lincoln, Sept. 22, when pictures of her recent European tour will be shown.

Members present at the Thursday meeting were Mrs. Jackson, Mrs. Hamilton, Mrs. Appleby, Mrs. Ross, Mrs. Bradley, Mrs. Randals, Mrs. Stearman, Miss Rodgers, Mrs. Louise Angell, Mrs. O. C. Cook, Mrs. W. F. Hafer, Mrs. Bernell Jernigan, Mrs. Lincoln, Mrs. Odie Petsick, Mrs. Ellis Randals, Mrs. Wayne Rutledge, Mrs. L. J. Wood, Mrs. L. N. Lane, Mrs. H. E. McCullough, Mrs. D. L. Barnes, Mrs. Guy Aycock, Mrs. J. W. Fairey and Mrs. Pratt.

CHATTER

By HELEN OGLE

Just what we have had a sample of fall weather will be like, presently everyone is ready for the new season. If last night was fall's debut, a few Hico people were well with the rain. A large number of fans followed the Tigers for their football game, many were not prepared for weather.

Mr. Hancock and Lucy Lowe happened even though they were covered with a blanket. Mr. and Mrs. Hank had to quickly disband, the pep squad girls just shed their rain gear and fulfilled their job. Miss Elizabeth, Karon Ross, daughter, Vicki were wearing new style rain caps. Elita they were a new style and from Houston.

Mr. Hudson has a bad case of these days. Come on, plank down the money, we can all go for a ride.

Blair hurrying down the street taking a short cut through the alley in order to be on time for a meeting.

Blady having to hop and across the street to the post office that can be a busy spot at times, can't it Bill.

Linch busy in the after-

noon attending to business matters, and wondering why she can never catch Bette at the office.

Wayne Rutledge and James Cryer were talking in serious tones as they were returning to work following Civic Club meeting.

Mary Gandy, protected by a colorful umbrella, enjoyed a daily walk home for lunch.

Buck Price wishing that we would have a hurricane in Hico—A hurricane of business, not weather.

Mrs. W. A. Jenkins was out early bracing the cool weather to attend to business and pick up the daily mail.

Mr. and Mrs. O. O. Pollard were by the office to extend compliments on a good paper, and see that their subscription didn't run out.

A note from J. E. McClammy of Glen Rose asking us to please extend his subscription on the "best paper in the state."

Benny Seal is really an early bird, with plans in the making to start her Christmas shopping.

And speaking of shopping, the stores in Hico are full of the new, best fall merchandise and many items very suitable for gifts, so let's all join in the early shopping and make sure it's here in Hico.

HERRINGTON'S

FAIRY

By MRS. EUNICE RICHARDSON

Friends and acquaintances here of Mr. B. N. Strong were very sorry to learn of his tragic death Sunday. Deepest sympathy is extended to his wife and family and other relatives.

We were also very sorry to learn of the untimely death of Mr. Malvin Barrett of the Wilson community, seven miles west of Carlton, who was found dead in the field early Monday. Mr. Barrett who was a bachelor, had lived in the home of his twin brother, Alvin, since Alvin's marriage. Malvin, who suffered a heart ailment, failed to return to the home Sunday night. Relatives and neighbors searched throughout the night Sunday. The Dublin fire alarm was sounded at 5:30 Monday morning and the firemen went to the home and began a search. His body was found in the field. We met his sister-in-law, Mrs. Alvin Barrett while a patient in the Gorman Hospital in June and have corresponded with her regularly since. She proved to be a great blessing during our stay there, coming to our room several times a day, bringing in papers and doing such things as were needed that we

were unable to do. Our sympathy is extended to them in the loss of a member of their household and family which we know they are going to miss greatly. Mr. Barrett was 70 years of age. Funeral services were held Tuesday afternoon at Dublin.

Mr. and Mrs. E. L. Parks and daughters of Fort Worth visited during the week end with his mother and brother, Mrs. M. E. Parks and Audie. Little Melodie Leonard of Fairy, daughter of Mr. and Mrs. J. T. Leonard also visited in the home of her grandmother during the week end.

A miscellaneous wedding show, honoring Mrs. Johnnie Clark of Socora, N. M., was held Monday afternoon at 2 o'clock in the Home Economics Cottage with Mrs. Robert Streater, Mrs. Walter Abel, Mrs. Carl King, Mrs. Audie Clark and Mrs. Frank Hanes serving as hostesses. Decorations consisted of white gladioli and white roses, which were a portion of the decorations of the Thornton and Clark wedding on Saturday evening. Table decoration was a lovely autumn centerpiece in silver. Some 25 ladies were present and after

school hours, some eight or ten of the high school girls attended. Mrs. Clark is the former Ada Beth Thornton of the Lanham community and a graduate of Fairy High School. She received a nice assortment of nice and useful gifts. Delicious pineapple fruit punch and home baked cookies was served to the guests attending. Following the viewing of the gifts, their wedding book containing pictures of wedding on August 27 was passed for the guests to view. Our best wishes are extended to them.

Mr. and Mrs. Fred Duncan and baby of Irving visited Saturday in the home of his parents, Mr. and Mrs. Olga Duncan.

Mrs. Herbert Thornton and daughters, Fern and Judy and son Dennis and Mr. and Mrs. Johnny Clark and Allen Ake, all of Socora, N. M., who spent the week end here to attend the wedding of their son and brother, Harry Thornton, returned home Monday afternoon.

Mr. and Mrs. L. D. Sowell and Charles and Mr. and Mrs. Sidney Sowell of Cleburne, formerly of near Fairy attended the Thornton-Clark wedding Saturday night.

Mr. and Mrs. Charles Wilson and Teresa of Houston and her mother, Mrs. N. S. Sellers of Hamilton were dinner guests Monday in the home of Mr. and Mrs. Carl Ray Sellers and family.

Mrs. Scott Blakley and Lera Jane spent Saturday in Fort Worth. Lera Jane was honored with a miscellaneous shower by her college friends.

The writer attended singing at the Lund Valley Baptist Church Sunday afternoon and after singing hours we visited at the Wilford nursing home.

Mr. and Mrs. Carl Ray Sellers, Jimmie Don and Janice attended a birthday supper Saturday afternoon honoring his sister, Mrs. Charles Wilson of Houston, at the home of his mother, Mrs. N. S. Sellers of Hamilton. Those present were Mr. and Mrs. Frank Sellers and family, Mr. and Mrs. Norman Thompson, Mr. and Mrs. Dewey Sellers, all of Hamilton, Mr. and Mrs. Raymond Jones and family, Rev. and Mrs. Wesley Jones and family, all of the Lanham community and a number of grandchildren.

Mr. and Mrs. Joe Elder of Waco visited last Sunday week in the home of his sister and husband, Mr. and Mrs. Roy Blakley.

Mrs. W. E. Cunningham underwent surgery in Harris Hospital, Fort Worth last week and is recovering nicely according to reports received during the week end. She was expected to be dismissed from the hospital Tuesday or Wednesday of this week.

Mr. and Mrs. Glenn Arrant and family of Fort Worth visited during the week end with his parents,

Mr. and Mrs. Ted Arrant, and attended the Thornton-Clark wedding.

Mr. and Mrs. Jackie Turner of Arlington visited during the week end with his parents, Mr. and Mrs. Willie Turner and family.

Mr. J. L. McCoy has been returned from the Hico Hospital following a week's stay there. He is ill of a heart condition and is still very poorly.

Mr. and Mrs. Paul Henderson of Hamilton attended the Thornton-Clark wedding Saturday evening. Mr. Thornton is a nephew of Mrs. Henderson.

Mrs. Grant and a daughter from San Antonio spent Saturday night in the Frank Hanes home and attended the wedding of her nephew, Harry Thornton and Miss Darlene Clark.

Mrs. Herbert Thornton and daughters, Judy and Fern and son, Dennis also spent Saturday night in the Frank Hanes home.

The writer was at Gorman on Wednesday of last week for a physical checkup. We were accompanied from Dublin by our daughter, Mrs. D. E. Allison. While in Gorman we visited in the home of an aunt, Mrs. Ida May and daughter, Mr. and Mrs. M. C. Walker. Mrs. May will be 90 in October, but still maintains her jovial nature and has a very clear memory of days gone by. We enjoyed our visit with her very much. We had not seen her in a number of years.

Mr. R. O. Rachuig is now making his home with his son and wife, Mr. and Mrs. A. W. Rachuig and Gale.

The writer attended funeral services for Mr. Strong Tuesday morning in Hico, and was in Stephenville Tuesday afternoon to attend services for Mr. Barrett.

Cemetery News.
Nona Brunson worked some at the cemetery last week, hoeing some lots and mowing some on the north side of the west and center sections which was ready for mowing.

Mr. Dewey Spinks of Hico completed a concrete curb at the Roe lot Monday.

Monuments have been recently erected at the following graves: Baus Gann, Mrs. Gladys Cox, Mrs. Junnie Smith and daughter, Quanta, Mrs. Leslie Arrant and son, Roland, and the James Arrant infant. A marker is so essential. We wish many of the unmarked graves in our cemetery had a small monument of some kind.

So far, no one has responded to the endowment fund with the exception of ourself and Frank Bonner with donations of \$125 and \$100. Now we will appreciate any amount you feel able to give. All it will take folks, is to give this matter a serious thought and make

a donation in memory of those parents and loved ones who have gone on. That dad and mother who have gone on reared you and left their earthly estate and possessions in your hands. Then seems you would want to make a memorial donation in honor of them to help care for their last resting place. We feel that you who are not burdened by the task of raising funds by local donations to take care of the cemetery do not realize what a problem this is and too, have you stopped to think that we have very few young couples in our community now and most of them already doing more work at their farms than two men should be doing. So the time has come when it is absolutely out of the question to think about helping out with cemetery workings. For there is just no young folks any more. If we could build up an endowment fund, think how nice it would be to be assured of funds coming in to take care of the cemetery. Of course, there will always be some local donations but we can use all we can get. We do not sell lots here and never have.

Others who use city cemeteries buy lots. This money is put on interest and helps to maintain funds for the care of the cemetery and again we have never charged yearly dues which many cemeteries do.

Open up your heart and give a donation for this most worthy cause. You may deposit at the First National Bank in Hico for endowment fund, or hand to me or either Frank Bonner or Coy Parks.

Thanks so much in advance for your earliest consideration. We give special care and attention to lots whose relatives make a donation of \$5 a year. \$125 paid into the endowment fund will pay this \$5 a year. Brothers and sisters and their families can go together and make up this fund and you will then be assured your \$5 will be coming in when you have passed on.

COUNTY AGENT REPORTS

By E. R. LAWRENCE

If you by any chance failed to see the horse shows Friday and Saturday and the Kid's Show Saturday night, you really missed something. In the non-registered horse show Friday morning there were approximately 50 entries. In the registered show that afternoon there were 98 head entered.

In the cutting horse contest Saturday afternoon I believe there was around 50 horses, and in the kid's show Saturday night, well I haven't heard yet but I believe I'd be safe in saying that there was a whole big pasture full of them entered.

It is certainly pleasing to see so many of the young children taking an interest in horses and learning to ride at so young an age. Doing this makes mighty good riders of them in a very short while.

Too, I don't believe you parents will ever regret giving your children an opportunity to ride and participate in things like the show Saturday night.

A new bulletin of particular interest to livestock producers has just been released from the college. The bulletin, "Your Cow and Calf Business" is designed to help producers increase efficiency of his enterprise by:

1. Analyzing the overall cow and calf business and determining the phases of production that are limiting profit.
2. Studying the practices that might improve the phase of production that is limiting profit.
3. Arriving at some sound conclusions as to the practices that should be put into effect on his farm or ranch.

Copies of the bulletin are on the rack on the east wall of the office. The bulletin is brown in color. If I'm not in when you call, feel free to take a bulletin.

To The Busy Housewife . . .

YOUR HOMETOWN NEWSPAPER IS A REAL CONVENIENCE!

A wonderful way for a busy young mother to save countless hours is by shopping the ads in her hometown newspaper. By knowing, before she goes to town, which products she wants and where to buy them, she can do an efficient job of marketing. While the housewife spends her time becoming an expert nurse, laundress, cook, playmate, and bookkeeper, the local newspaper is bringing her the shopping news. It tells her about the latest products and services that will help her accomplish her work most efficiently. It tells her where to find the best prices offered on items she needs. It saves her many long hours of "shopping around".

The flight of butterflies was a momentous thing to me as a lad in the early 1890's. It was about the first of October when it occurred. The brown mammoth butterflies with black spots on their wings moved southward in an unbroken wave for an hour or more. A few large butterflies of other sorts were in the flight, but most of them were the brown ones. A few other times, one not many years ago, have I seen such a flight. They move rather deliberately, one now and then lighting for a moment to investigate something that appeals to him. Whether they stop for the night or not, I do not know, though I presume they do. How far south they go is a thing I have never learned by reading or observation. But it is a colorful thing to see.

The autumn flight of geese used to be a sight of great interest to me. I remember one such flight quite vividly back in the early

1890's. A norther was approaching and flocks of geese began to pass, flying close to the surface of the earth, all of them noisy with the prattle that geese make. On this occasion they were flying pretty fast, and in several instances two flocks would be merged, each retaining its individuality, with its leader out in front and the inevitable V of geese behind him. The chatter of geese was like that alleged of a woman's club, or of a noisy bunch of kids just let out of school.

Just at sunset one day as I crossed the Jim Ned on my way home to Coleman I saw an immense flight of hawks just as they were settling down to roost in the thick mesquite timber along the hill rising to the west of the creek. Every tree for a mile was wholly filled with hawks, all of a likeness. They spent the night in those trees and the next morning by dawn were on their way south. That was the only flight of hawks that I ever witnessed.

But one autumn morning in the 1920's as the Boy Scout Troop I was leading for a night and day out on Palo Duro Canyon, with a fairly brisk norther blowing, we saw a tremendous flight of kites, a bird of the same size as hawks and akin to hawks. They were flying high and quite deliberately as if they were in no hurry, headed south. They did not flap their wings very much, the wind pushing them and apparently thermals helping them to stay aloft without much effort. For an hour they passed over us, greatly exciting the Scouts. No other flights of kites have I ever seen.

As a child the flight of blackbirds was a frequent sight in Ellis County where we dwelt. But they were not southbound, just heading for their roosting places. The day I was in bed with measles I heard so much talk out in front of the house, father and mother talking of the flight of the blackbirds, that I got out of bed to see it. Father said the line moved southeastward for more than an hour. Several years later I went with father and a half dozen men to a blackbird roost on Mill Creek just east of Milford, and when the men would shoot into the treetops, the rest of us would pick up the dead blackbirds. I got over a hundred that night. We had blackbirds to eat until all of us lost our taste for them. They were mostly the red-winged variety, and quite tasty until you got tired of them.

One of the very interesting bird flights of all my observation were the raven flights to their nesting place in cottonwood trees in Reeves county just west of Balmarhea. Before migrating time, in late summer and fall, they would pass over us in an unbroken line for more than an hour nightly. A thing of particular interest in those flights were the smart alecs that chased each other through the flight, up and down and across, like two kids playing tag. The other ravens paid no attention to the pranksters, and the only noises of the flight were the cries of the rompers as they had their fun. The raven and the crow are close akin, but they are not seen in the same region together. West of Coleman and Brady are to be seen great numbers of ravens, but no crows. And east of that line, crows are everywhere, but no ravens.

Sales Tax Need Seen to Settle State's Needs

By VERN SANFORD
Texas Press Association

Austin, Texas, Sept. 14.—He will not try to muzzle anyone who wants to complain about the National Democratic Party platform, says Gov. Price Daniel.

But the state Democratic convention in Dallas Sept. 20 is not the place, said the governor, to debate the pros and cons of the national platform. This convention, he said, is traditionally for the purpose of writing a state platform and certifying Democratic nominees for state office.

Edward J. Drake, chairman of the Dallas County delegation, wrote the governor that the Dallasites would like to have a "full and factual" discussion of the national platform at the Sept. 20 meeting. Governor Daniel said there are planks in the National Democratic platform to which he is definitely opposed. But he said he didn't feel there was enough difference between the Democratic and Republican platforms to justify criticizing one without applying the same criticisms to the other.

Governor Daniel said he was definitely opposed to freeing the Texas Democratic electors, as proposed by some, to vote for whom they please. He said he felt it was a matter of "simple integrity" for the Democratic electors to vote for the Democratic candidates if the party carries the state.

Since the Los Angeles convention, the governor's position has been to work for the Democratic ticket without endorsing the total platform.

Schools Not Penalized.
A ruling by Atty. Gen. Will Wilson has provided a way out for Texas schools faced with conflicting state and federal orders regarding integration.

State law provides that a school system which integrates without approval of local voters loses state aid. Wilson ruled that this does not apply if the school is complying with a federal court order to integrate.

However, the ruling did not knock down the state law in question. Wilson said that schools that are not under federal court order and integrate without approval in a local election would still lose state aid and accreditation.

Immediately affected were two large school systems—in Houston and Dallas—both of whom are under order to begin gradual integration plans.

Sales Tax Need Seen.
Next year's money needs will be so staggering the Legislature will have to resort to sales taxing, general or selective, to keep the boat afloat.

This prediction is made by Sen. William S. Fly of Victoria, chairman of the Texas Commission on State and Local Tax Policy. Fly was defeated in his race for reelection last May but contended his tax stand had nothing to do with it.

Those who do come back, Fly said, may face the need to raise as much as \$108,000,000 in new money. This is the estimated new revenue need if the Legislature enacts bills to raise teacher pay and provide medical aid for oldsters—both programs with wide popular support.

Latest report by the tax study groups shows that Texas families are now paying less state taxes than the national average. Annual state tax bite on a theoretical "average" Texas family is \$115.89 a year. Nationally the average family pays a state tax bill of \$235.51 a year.

Medical Aid Urged.
Legislation to provide state-federal payments for medical care for Texans on old age assistance has near-top priority on his list, says Governor Daniel.

He noted that there are in state mental hospitals some 3,000 oldsters who are not really mentally ill, but who have no other place to go.

A medical aid program that would make possible the care of these people in nursing homes or their own homes would be "a great step forward," said the governor.

Enactment of such a program, he told the statewide Conference on Aging, "is near the top of the list of unfinished business of this administration."

He noted that a constitutional amendment to make such a program possible was approved by Texas voters nearly two years ago.

Investment Easing Sought.
State Board of Education will ask the next Legislature to pass a law allowing investment of some of the permanent school fund in corporate stocks and bonds.

Object would be to obtain higher earnings from the \$400,000,000 trust and provide a hedge against future inflation. Investment in corporate securities has already been allowed under the law for the University of Texas permanent fund, but the

public school fund is limited to government bonds.

Board of Education also went on record as favoring salary raises for Texas teachers, noting that teachers trained here are being lured away by higher salaries in other states. No specific amount was suggested for the raise.

Youth Council Harmonizes.
With past differences smoothed over, the Texas Youth Council is now in accord over the executive director's purchase of government surplus buildings.

Earlier, Council Chairman W. C. Windsor Jr. of Dallas had declared that Dr. James Turman did not have authorization to purchase the two buildings for \$230. Other two Council members backed up Turman. Windsor called a special meeting to look into the matter.

After conferences, which Governor Daniel also attended, Windsor announced he was completely satisfied. Turman said he had been offered \$25,000 for one of the buildings purchased for \$150 but that the contract with the government forbade such a resale.

One building is to be used to provide a classroom for Negroes at the Gatesville School for Boys and the other a lunchroom for the Gainesville School for Girls.

Short Snorts.

August collections for the state wine, liquor and cigarette taxes totaled \$9,611,005, reports State Treasurer Jesse James. This is an increase of \$2,473,188 over August collections a year ago which was before tax increases went into effect.

State general revenue fund ended the fiscal year last month with a deficit of \$34,572,407. Revenue for the year was \$1,252,298,961—an all-time high, but not enough.

State Department of Agriculture has announced the beginning of a demonstration livestock auction market news program beginning Oct. 16. Two livestock auction reporters are now being trained under the direction of the U. S. Department of Agriculture.

Many Advantages to Be Derived From Cover Crops

By A. L. MILES

Crops are either harvested or in the process of being harvested. Spring planting time is several months away. What to do with the land in the meantime presents a problem. However, the easy, simple and profitable solution is the establishing of a winter legume cover crop as soon as possible after crops are harvested.

There are many advantages to be derived from cover crops of winter peas, hairy vetch, common vetch or clover. No doubt, in this area, the most profitable cover crop is clover planted with small grain. Clover planted with small grain and an application of the right amount of the right kind of fertilizer will produce an abundance of winter grazing.

Some of the benefits to be derived are:

1. Cover on the land prevents erosion from wind or water.
2. When plowed under in the spring the cover crops add decayed organic matter to the soil. Decayed organic matter, or humus, is badly needed in a large percentage of all land in this area. Adding decayed organic matter will increase water holding capacity of the soil in addition to many other advantages as a soil conditioner.
3. Clover is a deep-rooted plant which will penetrate the plow pan

of crop land, permitting it to be absorbed by the land, reducing run-off to a minimum.

4. Proper fertilization creates growth for an amount of winter grazing deeper root penetration. The Agricultural Conservation Program offers a liberal costing plan for growing cover crops. When the amount of financial assistance received is added to amount winter grazing as feed bills, the result will be a profit on the land that would otherwise be idle.

In addition to dollar profit will be conserving and improving the land. See your Soil Conservation Service technicians' tails on kinds of cover crop kind and amounts of fertilizer use on your individual farm.
