HICO, TEXAS NOVEMBER 10, 1961.

NUMBER 28.

PLANNING PARTY DUE NEXT MONTH ON WATER PROJECT

A major step was made last week toward development of a sound water and soil conservation and flood protection plan for the Stephenville area when Fred McCleskey, president of the North Bosque Water Control and Improvement District received word from the Texas Soil Conservation Service that a representative of the agency would be in Stephenville within a few days to make arrangements for the later arrival of a planning party for a flood detention project in the North Bosque watershed area.

Plans call for the construction of a series of dams to make surveys to determine the locations of approximately 40 flood detention dams on the 235,000-acre watershed and improvement area.

McCleskey said he was told among the arrangements

which must be made prior to the arrival of the planning party will be to make advance arrangements so that the surveyors and engineers of the planning party can get on all of the farms and ranches they need to get on to make their surveys.

McCleskey was told that although most of the dams will be built in Erath County part of the district which spreads into three counties, and that members of the planning party will have to be all over the district in making their surveys. The district president said an educational program will have to be carried out prior to the arrival of the planning crew. He said he was told the crew probably will arrive around the middle of December but the exact date is not yet definite.

The arrival of a planning party to survey for sites for the

proposed flood detention dams will not be one of those things which "just happen." Years of work on the part of civic leaders and those interested in soil and water conservation went into getting the giant soil and water and flood control program to its present status.

The district became a legal reality when citizens of the district voted overwhelmingly in November of 1955 to form the district. Even before the election, however, several years of educational and other work leading up to the election was carried out. The district lies in parts of Erath, Hamilton and Bosque counties.

Other members of the district's board, in addition to McCleskey, are C. C. Winters, vice president, L. B. Howard, secretary, and Odus Petsick of Hico and John Sharp of Stephenville.

Veterans Day Observance—

Memorial Services Sat.

HALLOWEEN ROYALTY—Shown here are winners of King and Queen honors at the annual Halloween Carnival held last week at the local school. In upper left photo are King Rony Giescke and Queen Barbara Elkins, representing

the senior class. In the photo at right are Queen Elizabeth Williams and King Russell Cryer. The carnival netted more than \$700.00 for P.T.A. treasury.

In observance of Veteran's Day November 11, a memorial program will be held at Hico Cemetery Saturday morning at 11 o'clock.

An arrangement committee composed of Kal Segrist, Mrs. Guy Aycock, and J. B. Woodard, has been working on details for the past two weeks, and have come up with a representative program for the morning.

T. E. Roberts, Commander of Byrd-King American Legion Post at Carlton, only active post in the county, will be in charge and call the services to attention. Color bearers are O. W. Hefner and Ed Lively.

Colors will be posted by George Christopher, and Allegiance to the Flag will be given by O. C. Cook. Rev. T. E. Pratt will give the memorial address, and Rev. Norman Purvis will give the closing prayer.

Echo taps will be sounded by Lynn Malone and Gary White. Flower decoration of graves will be in charge of Hico Garden Club, assisted by Carlton American Legion Auxiliary.

This will be the first official observance of either Veteran's Day or Memorial Day in Hico in several years, and the committee plans to make an annual affair of the observance. Those working on arrangements made an attempt to secure the name of every veteran buried in the local cemetery, but some names were perhaps inadvertently omitted. They ask the cooperation of residents in securing additional names.

The incomplete list of deceased veterans, totalling 62, are listed here:

Hugh McCullough, Cole Hooper, Horace Hooper, R. B. Segrest, Capt. W. J. H. McBeath, Arthur C. Spaulding, David G. Barrow, Ed Z. Alexander, S. E. Blair Jr., Roscoe Martin, Walter Williamson, John R. Blue, Earl Lynch, Homer Martin, Wayne Chew, Geo. Don Griffiths, J. P. (Buck) Whitlock.

Also Jess W. Fairley, John Lackey, Prof. Ben Randalls, John Durwood Lane, Odum Russell, Clifford Holt, Samuel Clinton Rodgers, Edgar Bullard, D. J. Brown, Clarence Swillings, Capt. R. Stinnett, Thomas W. Pruitt, Thomas J. Wood, Abraham Rainwater, Geo. R. Holladay Sr., Guy O. Eakins, Guy O. Eakins Jr., Chester W. Polk.

Also Charlie Douglas, M. H. Williams, John Farmer, Larry E. Gandy, Wm. L. McCormack, Chancelor K. Sterling, Walton A. Cox, Stephen N. Seales, Herbert L. Petry, George W. Cook, William J. Howle, Raymond D. Watson, Joe S. Hill, John A. Walker, Charles C. Trawick, Alexander L. Maxwell, Carl Pembroke, James J. Collier, John H. Munnerlyn, Garland A. Tunnell, James A. Oxley, Littleton M. Sawyer, Artie D. McFatter, Milton Osburn Gleason, J. R. Alford, James S. Slaughter, Francis Edward Stone.

Until the end of World War II, November 11 was observed as Armistice Day, the date in which the Armistice was signed following World War I. But an act of Congress changed that title to Veterans' Day several years ago to honor veterans of all wars.

Following the services Saturday a Memorial Committee will be elected by those present to make arrangements for future memorials, which have been tentatively planned as an annual affair.

All residents in this area are urged to pause briefly Saturday morning and participate in the services honoring not only the war dead, but all veterans as well.

seven long years of hard planning, suspense, dream, and an expenditure of some of the Upper Bosque Flood District became a reality.

It was received by the assistant president that the Planning Party would begin work in the district around the middle of the year, which is a climax to many hours spent in securing the project.

Good news, received from the Office of the Soil Conservation Service, means that the River flood waters will be harnessed. Once the project is completed, residents here no longer have to fear the floods which have occurred every year from heavy rains in the upper portion of the watershed.

The district still must do work to insure the completion of the 40-odd structures. Most of this work begins with the landowner himself, who grants the Planning Crew to his land to make the necessary surveys to determine locations for the structures.

Presently no one has the least idea where or how many of the structures will be located in our late area. The planning doesn't even know that. But the result of their surveys will locate the structures at the most favorable place to do the job that is meant to do.

Large landowners to grant access to their property to the crews that start work in the area. More cooperation on the part of property owners will only speed up the project to a point where actual work can be started.

The project, the largest ever to be undertaken since the program got underway several years ago, will soon be in this entire area, and should make every effort to obtain every cooperation or aid that can be given.

Hill to Review at Club Meeting

Open to Public

A regular meeting of Hico Review will be held Thursday, Nov. 9, at the Fellowship Hall of First Baptist Church at 4 p.m.

The special program, which is open to the public, will be a book review by Mrs. W. B. Hill, local elementary school teacher.

Business for the program are Mrs. Mattie Rodgers, Mrs. W. C. Brumman Jr., Mrs. O. H. Brumman, and Mrs. L. J. Wood.

The public has a special invitation to join Review Club members at this presentation.

Basketball in Limelight As Grid Season Nears End

The 1961-62 version of the Hico basketball teams kick the lid off their schedule this coming Tuesday night, November 14. The opponents will be the Class A Glen Rose Tigers.

The game will be played in that Somervell County city, with a returning game to be played between the two schools on November 16 at the local gymnasium.

The boys team will be seeking to win the district championship for the fourth consecutive year. They will have to find some extra spark to take up the slack left by two graduating regulars, Mitchell Mayfield and Neil Ellis. The latter earned all-state honors last year, leading the Tigers in scoring and assists for the season.

The locals will have eleven lettermen fighting for the five starting berths. The regulars from last year's team include Harold Hathcock, 5'6" guard, Mark McElroy, 5'2" forward, Don Jernigan, 6'4" center, and Larry Erick, 5'10" guard.

Mike Lowe, a two-year letterman and 6' forward will probably round out the starting five in the lid-buster. These veterans will be pushed by the following returning lettermen: Robert Reed 5'11" forward, Harry Brown, 6' forward, Charles Yell, 5'10" guard, Tom Pratt, 6'1" center, Jerry Casey, 5'7" guard, and Bill Rutledge, 5'9" guard.

A strong freshman group will provide some incentive for the upperclassmen. Some of these include Charles Erick, James Crews, Larry Shipman, Alan Solsberry,

Wolfe Club Meeting Set November 10

Garlon Streater, chairman of the Hamilton County Wolf Club, has announced time of a very important meeting of the Club. The meeting will be held Friday night, November 10 in the district court room at Hamilton beginning at 7:30 p.m.

Streater stated that there are not too many government trappers and that the Fort Worth office of the U.S. Dept. of the Interior would like to know if the club intends to retain the trapper through the coming winter.

Should the club not wish to retain the trapper, then he will be moved elsewhere as their demand for trappers is greater than the supply.

It is estimated that one wolf can cause from \$1500 to \$2000 damage in one year. At present, reports have come in to the club chairman that there are four known wolves in the county.

Streater urges all livestockmen in the county to attend the meeting and express themselves as to whether or not the trapper is to be kept for the coming season.

and James Randalls.

The girls' team will be looking forward to improving their record of last year. The femmes finished third in district play last season behind potent Meridian and Whitney. Coach David Anderson has the following lettermen to pick a starting six from: Kathy Higginbotham, Janet Hooper, and Margaret Warren, three-year lettermen, Jane Akin, Martha Padack and Barbara Randalls, two-year lettermen, and Christine Bullard, Anita Mayfield, Sylvia Sheridan and Patsy Wooton, one-year lettermen.

From these girls must be found replacements for Kay Yoeham and Sheila Partain who received their sheepskins in May. Yoeham led the team in scoring and Partain earned all-district honors at a guard post last season.

Church of Christ Minister Resigns; To Go to Cleburne

Minister E. A. Willingham, who has served the local Church of Christ for the past three years, has resigned to accept the ministry of the Eastside Church of Christ in Cleburne.

Bro. Willingham's resignation is effective Sunday, November 12. The minister issued the following statement to church members and friends:

"Hico, Texas, 'Where every body is somebody' is a great community! We have enjoyed being a part of it for these last three years. We want to express our gratefulness to our many friends for the kindness and good wishes as we prepare to leave. We will be moving to Cleburne, and invite you to visit us whenever you come by our way. We will be working with the Eastside Church of Christ, and give you a special invitation to come by and worship with us at any time. You have shown yourselves to be friends, we hope we have returned the friendliness. Sincerely, Mr. and Mrs. E. A. Willingham and family."

LOCAL MAN RECEIVES MINOR INJURIES IN AUTO ACCIDENT

J. D. Burney of Dublin, who owns and operates J. D.'s Watch Shop in Hico received minor injuries last Saturday morning when he lost control of his car near Clair, ette while enroute to work.

Mr. Burney was conveyed to Hico Clinic by Barrow-Rutledge ambulance where he received treatment and was released.

OKLAHOMA VISITORS

Weekend guests in the home of Mr. and Mrs. Bob Duncan was her sister, Mrs. W. D. Day and two daughters, Mrs. C. H. Anderson and Mr. and Mrs. B. C. Bright, all of Mangum, Oklahoma.

★ Trades Day Drawing Set Wednesday

November's Trades Day Drawing, slated next Wednesday, will wind up the monthly schedule of the give-away, with a stepped-up program forthcoming in December.

Committee members are working on plans for the additional drawings and have tentatively set four dates between Dec. 1 and Dec. 24.

Forty-six local merchants are participating in the program, a list of which may be found on page seven of this issue.

The drawing next Wednesday will feature \$85.00 in cash, with the money distributed in \$50, \$25, and \$10 amounts. Drawing time will be 4 p.m.

Tigers At Evant Tonight

Hico will take the field tonight, Friday, at Evant in the last game of the 1961 football season, and will be trying to improve on their 3.6 won-lost record.

Both Hico and Evant, winless in district play will be trying to stay out of the dungeon. Cranfills Gap has third place in district standings sewed up, having completed their schedule last week with a loss to powerful Meridian.

Other game being played in the district Friday pits Valley Mills against Meridian in a skirmish billed as one of the top games in Central Texas. The game will be played at Meridian.

Hico will be without the services of Mark McElroy, stellar half-back who also missed the Cranfills Gap game with an injury. Coach Jack Barnett reported several other doubtful starters at midweek.

On the basis of season records, Hico has been installed as a slight favorite to win from Evant. The Tigers show three wins and six losses, while Evant is winless for the year. Last year, behind a three-touchdown outburst by Neil Ellis, the Tigers buried the Elks 48.8 in the season finale and the memory of that shellacking could spur the victoryless Elks into such a dither to rise up and take the Tigers.

This should be one of the better games of the year, and a large caravan of local boosters is expected to make the trip to Evant. Kickoff time is 7:30 p.m.

Salmon's, Judy's Tied For Lead In Hico Mixed League

By MORSE ROSS
League Secretary

Judy's Beauties and Salmon's Shoppers end the first quarter of play in Hico's Mixed Bowling League with 750 percentage points each. The Beauties have a 44 pin edge over the Shoppers due in part to a 537-216 series by Von Scott who led his team to a 4-0 sweep against Wilson's Dynamos.

The Shoppers kept pace with a 4.0 win over First National Tellers. Ruth Salmon's 448, which was high ladies series in the league for the night, led the Shoppers as usual. The friendly rivalry between Ruth and Judy Keller for top average brings out the best in both.

Third place in the league had a new occupant in the News Review Newshounds, who, after a slow start, are coming on fast. Led by a 519 series by Watt Ross, the Newshounds whipped Hico Motor Darts 4-0.

Blair's Whiz Kids held Cheek's Kingpins to a 2-2 draw. Bill Leach, with a high game for the ladies for the night, and Ray Keller starred for the Whiz Kids, and Pauline Bullard and Ray Cheek turned in excellent performances.

FFA Members Take Grass Judging Hon.

Hico FFA Chapter' grass judging teams copped two top honors in competition with area schools Tuesday of this week at Tarleton State College.

The senior team composed of Butch Knudson, Jerry Casey, Charles McElroy and Frankie Phillips copped first place in their division, scoring 468 points. Glen Rose was second with 433 points, and Stephenville was third with 419 points.

Knudson was second high individual, and McElroy scored fourth.

In the Junior Division, Hico's Greenhands took second place, scoring 417 points. Glen Rose copped top honors, and Meridian was third. Charles Erick was second high individual in the division. Other team members were Ronnie Partain, James Crews and James Randalls.

The first three teams in each division received plaques, and the first three individuals were awarded pins.

Our hearts were saddened in the untimely death of Mr. George C. Walker of Lanham, who passed away last Friday in Baylor Hospital in Dallas following a short illness. Mr. Walker had been sowing grain and was thought to have ruptured a blood vessel in loading the grain to carry into the field. He was taken to Hamilton Hospital who in turn transferred him to the Dallas hospital where he passed away two hours following his arrival at the hospital.

Mr. and Mrs. Walker, who have resided on the Irvin Jones farm for the past several years, have resided in the Lanham community for most of their married life. It will be remembered by many of their misfortune early in marriage when two of their three small children were burned to death in the family car at Lanham where the children had found matches. They were staying in the car in the field while the mother was assisting her husband to hoe in their crop. The surviving child of this tragedy, George Jr., had not been located at our last report to notify him of his father's death.

There is also three other sons and one daughter, Benny Walker of Hamilton, Tommy Walker of the home, and another son, Roy Lee of Arabia who arrived by plane at Love Field, Dallas early Tuesday. The daughter, Mrs. Geo. E. (Barbara) Dunlap of Cheyenne, Wyoming, happened to be visiting with her parents at the time of her father's death.

Mr. Walker, who was 58, is survived by his wife, the above mentioned children, seven grandchildren, two sisters, Mrs. T. J. Box of Hico and Mrs. Opal Lowery of Waco. He was a member of the Agee Baptist Church. Funeral services were held Tuesday at 2 p.m. at the Lanham Methodist Church, with Rev. Bob Craig of Fort Worth and Rev. Len Dalton of Hamilton officiating. Burial was in the Lanham Cemetery at the family plot. A large crowd in

attendance and a beautiful floral offering bore evidence of love and respect to the memory of Mr. Walker.

Pallbearers were Leeota Jones, Eric Adams, Joe Harris, Robert Jones, Jess Fulton and J. R. Latham.

Our deepest sympathy is extended to the bereaved family at this time of great sorrow.

We were also sorry to learn of the passing of Miss Alice Rodgers of Carlton, and extend sympathy to her bereaved sister, Miss Mattie, with whom she made her home and others bereaved in her passing.

Mr. H. H. Wolfe is still a patient at the Hico Hospital and remained about the same at last report, as was Mr. J. R. Whitaker. We hope by this time they may be able to return home.

This finds this scribe back at home following surgery at Scott & White Hospital in Temple on Wednesday of last week. Although we talked our attending physician, Dr. Speed, in to letting us come home several days early, we will have to return to the hospital Wednesday and Saturday of this week for further observation and dressings. It's wonderful to be home and able to be up part time. Thanks to all for cards, letters, and flowers.

While at Temple we met a Mr. W. S. Baird of Little River, near Temple. In talking with him we inquired about the Hovey Blackleys who were living at Little River at our last report from them. Our sister, the late Mrs. Gladys Cox and the writer had stopped and talked with Mr. Blakley at his blacksmith shop at Little River some 12 or more years ago. Mr. Blakley operated a blacksmith shop at Fairy for a number of years. Mr. Baird informed us that Mr. Blakley had passed away last year at the age of 91 or 92 and that Mrs. Blakley had been dead some 12 or 15 years. Only one of the family, a daughter, still resides at Little River.

Mr. and Mrs. E. M. Hoover and the writer visited a while Monday in the home of our mother, Mrs. A. L. Newman of Millerville. Glad to report her much better. We met our sister, Mrs. Myrtle Enger of Brady, who came in Saturday to spend two weeks with her mother and sister-in-law, Mrs. Prentis Newman while Prentis is in Galveston for surgery. E. M. Hoover

carried him to McGregor Sunday afternoon where he left by train to complete the journey. We hope to hear from him soon.

Mrs. Mildred Sumpter and three children, Gary, Don and Charles of Fort Worth visited Saturday and Sunday in the home of her mother, Mrs. P. L. Cox and husband. She was met here on Sunday by her two brothers, Mr. and Mrs. Odus McDonald and her mother, Mrs. Van of Gatesville and Mr. and Mrs. Troy McDonald of Jonesboro.

Visiting in the Cox home on Friday evening were her nephew and wife, Mr. and Mrs. Omar Hefner of Hico.

Mr. and Mrs. D. E. Allison of Dublin visited here Sunday. While here they drove down to Temple for the writer. Their son Darrel had returned home Friday morning following a six-month training period at Ft. Ord, Calif. with the 36th division of the National Guard.

Mrs. Ed Allison has returned home after visiting in Dallas with her daughter Mrs. Pat Patterson and children.

Sunday visitors in the home of Mrs. Allison were Mr. and Mrs. Texie Allison and children of De Leon and Mr. and Mrs. D. E. Allison of Dublin.

J. E. Blakley, accompanied by his brother and wife, Mr. and Mrs. Roy Blakley, spent from Thursday until Sunday in Angleton visiting in the home of his daughter and family, Mr. and Mrs. J. R. Oglesby. While there they attended the wedding of the Oglesbys' next eldest daughter, Miss Kay, who was married at her parent's home.

Mr. and Mrs. Frank Hanes and Mike and his mother, Mrs. H. H. Hanes of Jonesboro spent the weekend at Dallas and Richardson visiting in the homes of their daughter Mr. and Mrs. Bobby Drew and Cynthia of Richardson and Mr. Hanes brother and sister and families in Dallas. Their daughter and husband honored them with a belated 25th wedding anniversary dinner at their home. All of Mr. Hanes' relatives were present for the occasion. Their anniversary was on October 24.

Mr. and Mrs. Willie Turner enjoyed having all of their children home for the weekend. Those present were Mr. and Mrs. Jackie Turner of Arlington, Mr. and Mrs. Billy Turner and two children and Mr. and Mrs. Ray Botkin and two children, all of Kilbuck, and Ray and Bernice of the home.

Sorry to report Loraine Blakley

a patient in a Marlin Hospital. Mr. Blakley is the custodian and a bus driver of our school. We hope he will soon be much improved and able to return home. The Harold Tagel family moved to the old Somers east of Fairy.

RETURN FROM DEER HUNT

W. Z. Carter and sons, J. J. and Don, and a group that they go with on their annual deer hunt to Pagosa Springs, Colo., returned home Friday with their limit of deer. Don lives at Buchanan Dam. Seems the Carters will have plenty of deer meat this winter. That's what I call good luck.

Jack Frost visited in spots in this area Saturday morning and nipped garden stuff in the tops, also a thin sheet of ice was found at the Mayfield home on Round Hole Branch.

The Baptist folks completed two quilts this past week for the Baptist Orphans Home. The tops were made by Mrs. G. S. Prueitt of Humble City, New Mexico and donated to the church for this purpose. Am sure members of the church here appreciate her good work.

The Busy Bee Sewing Club met with Mrs. Donna Wolfe Thursday afternoon.

Several attended the Halloween Carnival at Hico Tuesday night.

Mrs. Jessie Boone and Mr. and Mrs. Henry Mayfield went to see their sons play on the exes team against Hico last Thursday night in a football scrimmage. Others from Clairette also attended the game. It was rather cold but there was a pretty good crowd and the boys played a good game. Mr. and Mrs. John Noland spent Saturday night in Weatherford with their children. Mrs. Dalton McEntire of Stephenville, who underwent major surgery in Stephenville Hospital recently, reported to this correspondent she was doing fine and felt like a different person since her operation. She wishes to say thanks to those that sent her cards, flowers and other nice deeds done. She is the daughter-in-law of Mr. and Mrs. C. L. McEntire of near Clairette. We are glad to report that A. L. CARLTON

By MRS. FRED GEYE

Mrs. Rebecca Bounds, 92, passed away Friday morning after a long illness in the home of her daughter and husband, Mr. and Mrs. Ben Prinzing. Funeral services and burial were held Saturday at Miles, near San Angelo.

The entire town and community was shocked and grieved when the news came that Miss Alice Rodgers had passed away some time Sunday night in her sleep. She hadn't felt well since Saturday, but her death was unexpected. The obituary will be given in next week's news.

Mrs. Purley Sharp and Mrs. Fred Geye visited in Dublin Thursday afternoon with Mrs. Will Barnett.

Mr. and Mrs. Elbin Bethke and daughters of Hamilton visited Sunday with Mr. and Mrs. L. H. Lunsford and children, Kenneth Roy and Arlene.

Mr. and Mrs. Walter Smith spent last week end in Dallas with his sister and husband, Mr. and Mrs. Barney Waldrop.

Rev. Eddie Rickenbaker spoke Sunday morning at the Baptist Church at Lund Valley. Rev. M. O. Cheek, associational missionary of Waco, filled the pulpit in the pastor's absence.

Mr. and Mrs. D. D. Waldrop and daughter, Carolyn, of Stephenville spent Sunday with their daughter and sister, Mrs. Ronald Mercer and family and attended services at the Baptist Church. The Waldrop family are formerly of Carlton.

Mrs. Hattie Fellman left Sunday for her home in Idalou Springs, Colo., after a visit with her sisters, Mrs. Charley Dyer and Mrs. Watt Sharp Sr.

Mr. and Mrs. Carroll Smith and children of Waco were weekend visitors with her parents, Mr. and Mrs. Culmer Jordan and attended a housewarming Saturday night for her parents.

Mr. and Mrs. Lonnie Thompson and granddaughters, Sue and Cyn. this Couch of Gustine visited Tuesday afternoon with Miss Willie Johnson and Mrs. Fred Geye.

Weekend visitors in the home of Mr. and Mrs. Aubrey Gibson were Captain and Mrs. Kermit Hudson and son, who are now stationed at Fort Hood.

The Mirror

COUPLE OF THE WEEK

So far, we have been able to find enough real live couples to fill up this part of the Mirror, but now we have come to the end of the road. Therefore from this point on, we have decided to write each week about two people in our school that we think would make an excellent couple. Perhaps this will lead to wedding bells for someone—who knows?

Our couple of this week has a great deal in common whether they know it or not. Brains! No horse sense but brains! Both of them love Physics but can't stand for one to make better than the other. Our suggestion to this situation would be for them to join forces and put both brains into one and help our country. One is a hard-shelled Baptist and the other a free-floating Methodist. We are leaving it up to you to guess who our couple of the week is.

THE TATTLER

Since last week was Halloween the spooks were out causing a little trouble. Bright and early Wednesday morning the student body of HHS were faced with a very littered school yard. However, no one minded cleaning up, especially if they could get out of class to help.

There certainly was a proud bunch of seniors at the Halloween Carnival. Their candidates were crowned King and Queen, the first time in twelve years. I think the seniors are realizing that they are taking part in many school activities for the last time. Right seniors?

Last Friday in study hall the electricity went off for some strange reason. As a result, we will be seeing some pretty, new bulletin boards in the classrooms. I wonder if Martha P. and Kathy H. would know anything about that situation.

Mildred P. and Martha P. took a nice long walk Sunday afternoon. I have reason to believe it was against their will though. Morris S. has a cast all the way

up his leg although he broke his ankle trying to skate. He must have been trying to catch somebody, huh Morris?

I guess I haven't been on the look-out well enough this week but you better be careful. I just might be in the middle of your crowd sometime.

POWDER PUFF GAME

Noticed any skinned knees, bruised arms, and stiff legs, or heard any groans lately? These slight mishaps were the evidence of Hico's newest football teams—the girls' P.E. class. Even with all the groans and bruises the girls enjoyed it so much we have decided to have another one. This time the Senior Class decided to sponsor it as a fund-raising project and really "shoot the works."

Our Powder Puff game will be a week from this Friday, November 17. The coaches will be Bubbles Barnett and Little David (play on your harp) Anderson.

Names for the teams have been circulating around the halls of HHS but nothing definite as yet. You might see the Rhode Island Reds (the chickens), Bubbles' Bouncing Blockers, or some other favorite team.

The cheerleaders and majorettes for the game will be as follows: Freshman cheerleader, James Crews, majorette, Alan Solsbery; Sophomore cheerleader, Jerry Casey, majorette Mike Flowers; Junior cheerleader Freddie Naul, majorette Don Jernigan; Senior cheerleader, Robert Reed, majorette Rony Giesecke.

A special surprise feature will be the crowning of a sweetheart at halftime. In fact the whole night will be full of surprises. We feel that anyone who attends will get a "charge" out of it—at the gate and otherwise. So come out and support the superior seniors and have a good time "to boot."

—HHS—

A DREAM COME TRUE

This story you are about to read is very common but the good ole seniors of Hico High are the only ones that are able to pull enough strings to turn it around and make a dream come true.

Once long ago a young couple were about to have their first baby. The father hoped that it would be a boy so he would be able to make a football hero out of him. Well, you know how the old story goes, the boy turned out to be a sorry old girl. The parents tried to trade but finally faced the fact that they were stuck.

When this girl was in grade school she was a wildcat and there wasn't a boy that dared to cross her path without asking for more than he could handle. The parents were inwardly proud of this but they knew it wouldn't last long.

True to expectations when the girl went to high school she turned into a little Miss Priss. You can just imagine how the parents felt about this but there was nothing they could do to change it so they just sat back and dreamed of the boy that never was.

This is where the seniors step in. We don't want to leave those

parents with empty dreams so we're going to give that girl with many others the chance that they and their parents have always wanted. On the night of November 17 these left-out girls are going to take the gridiron to prove to themselves and their parents that they are as good as a boy. This story may be turned around where the boy wants to be a girl and from what I hear the seniors will also fulfill their dreams. Some girls that I hope will prove to their old Dads that they are just as good as those mean old boys that the Daddys sometime wish they had are K.H. M.P., and Little Miss J.A.

SPOTLIGHT

My spotlight and I were all set for a quiet Halloween since there are lots of chicken livers around here, but after seeing old HHS I decided that the spooks had taken over.

There wasn't a soul out until after midnight as everyone went to see "The Mummy." After the show everybody began to scatter so I hopped on a pickup piled high with trash and spooks, and soon found myself in front of the school. I believe every ghoul around was up there contributing his efforts to ruin the place. My spotlight also picked up some eyes gleaming from behind closed windows across the street saying "Who was that?"

All at once someone yelled something and everybody vanished. Not knowing what to do I ran behind the building where I found an open door. Deciding that I would be safe inside I ventured up the dark stairs. Hearing noises, I crept around a corner and books began to fly past me. When I heard a loud clanging of metal, I turned and ran, only to find myself caught in the clutches of the spooky poo poo. I was finally able to crawl out a window and climb into a red Chevy as it sped past. Not much safer, I thought.

After a fast joyride to Stephenville and back I tried to drag main but found it quite difficult as it was lined with boys doing exercises and whistling "Bridges on the River Kwai." I believe they had a good audience from a certain slumber party, eh M.P.? Around dawn my spotlight grew dim. I began to look for a place to sack out. I heard of a slumber party on Duffau Creek so I hurried out and after some trouble I drifted into dreamworld, only to find that the horrible night and the spooky poo-poo still haunted me.

I have seen all, but my lips are sealed to protect the guilty. (Even those who took someone out to the cemetery, who tied whom to a stop sign and the Spooky poo-poo.)

Thursday night, feeling quite rested after Halloween I went up

to the local stadium where the exes were battling with the Tigers. The exes did pretty good considering they were quite out of shape. Couples I saw afterwards were Sylvia S. and Pat L.; Anita M. and Melton L.; Kathy H. and Bob E.; Linda P. and Harlan K.; and Janell O. and Mike L.

Friday night there were quite a few kids at the show. Couples I saw were Kathy H. and Ronnie K.; Anita M. and Melton L.; Kathy H. and Bob E.; Judy O. and Billy B.; Dixie L. and Fieldon H.; and Nita K. and Wayne W.

Saturday night I was again on the prowl. I believe K. H. and M. W. were having a blast in Clifton; Kathy H. and Bob E. were redecorating in Mansfield; Mike L. was gallivanting around Lubbock; and Danny R. was enjoying a ball game.

Couples I saw around Hico and Stephenville were Sharon H. and Allen B.; Carol C. and Larry E.; Anita M. and Melton L.; Linda P. and Harlan K.; Fieldon H. and Nova W.; Jane A. and Don J.

It was quite cold Sunday there were plenty of kids and only romances I saw Sunday evening and night were Jerry and Linda B.; Danny R. and Beth B.; Anita M. and Larry Kathy H. and Baylis P.

WHO'S WHO

This week's Who's Who must have a jinx on her because she is always doing something like eating candy in her class and she always gets caught at it.

She is a Junior, has styled red hair, green eyes, and is 5 feet 5 inches tall. I have even begin to list all her names but here are a few. She has give slumber parties and parties until all hours; adores food; be seen at all hours of the day driving a blue Chevrolet, but not least she absolutely adores boys. For our subject, there one particular boy but I will in general.

By now everyone must have guessed that our subject is other than Margaret Prater.

Visitors in the home of Mrs. Tyrus King this past week were Mr. and Mrs. B. A. D. lin of Valley Mills.

To The Busy Housewife . . .

YOUR HOMETOWN NEWSPAPER
IS A REAL CONVENIENCE!

A wonderful way for a busy young mother to save countless hours is by shopping the ads in her hometown newspaper. By knowing, before she goes to town, which products she wants and where to buy them, she can do an efficient job of marketing. While the housewife spends her time becoming an expert nurse, laundress, cook, playmate, and bookkeeper, the local newspaper is bringing her the shopping news. It tells her about the latest products and services that will help her accomplish her work most efficiently. It tells her where to find the best prices offered on items she needs. It saves her many long hours of "shopping around."

Week-Long Appearance of Coppini Academy Art Exhibit Concluded Sunday at CPS Building

People of Hico and vicinity who have enjoyed the exhibit to see, and assimilate, the work created by some of the talent of Texas and New Mexico.

ing these works of art, many expressed surprise that an exhibit of this size and quality had been brought to a small community. Everyone is indebted to Mrs. J. E. Lincoln, program chairman of the Review Club, for her initiative in securing this showing for Hico. The local Art Club joined the Review Club in this project.

The artist members of the San Antonio Academy of Fine Arts, headed by Dr. Waldine Tauch, native West Texan and famed sculptor, loan their works for the exhibit. The main objective of the Academy in providing these free showings is to arouse, to stimulate in the public mind a love for genuine art; to instill a desire especially in our youth to create real art in paints, bronze, stone, and other media. The six sculptured pieces, two full figures of Abraham Lincoln and Robt. E. Lee, were executed by the master, the late Pompeo Coppini, founder of the Academy. The four splendid busts were works of Tauch and Fitzgerald.

expressed their delight and gratitude for the rare opportunity of enjoying this Fine Arts Show. Too, many found it difficult to choose and vote for a favorite in each class.

Out of town visitors were groups from Dublin, Comanche, Brownwood, Hamilton, Stephenville, Fort Worth, Dallas, Glen Rose, Waco, San Antonio, and from the states of New Mexico, Oklahoma and Michigan. Local townspeople and nearby communities were heavily represented.

Noted artists, contributors to the exhibit, here to supervise the display of the art works were Mr.

and Mrs. Erwin O. Wesp, who were overnight guests in the Lincoln home.

Dr. Waldine Tauch and Mr. and Mrs. Harold A. Roney also visited Hico. Other artists here for the showing were Gailtha Browning of Taos, New Mexico, Munselle O. Brian of Comanche, Ellie Rashell of Brownwood, Robert H. Sellers of Pleasant Ridge, Mich.; all of these people were impressed that Community Public Service Company had provided such excellent accommodations for the exhibit, and commended O. L. Davis, local manager, and office personnel for their generous cooperation with the Review and Art Clubs in this undertaking.

Texas' own Dr. Waldine Tauch, famed sculptor, is renowned for a number of fine works. Those most easily accessible are her

Browning's "Pippa Passes," at Baylor University, and the "Texas Ranger," Dallas. Dr. Tauch's early training under Coppini was sponsored by Brady Tuesday Club. Her genius led to her becoming his protegee. She now carries on the work he founded in addition to the commissions she executes in her chosen field of art.

Despite the fact so many visitors did not vote, the results are as follows: "Study in Dark" by Hundley, 56; "Bob White and Cactus" by Hundley 41; "Self Portrait" by Hundley 27; "Horse Shoeing Time" by Carrington 27; "Girl with Braids" by Woods 12; "Pintails" by McGahey; "Robt. E. Lee" by Coppini 10; "Henry Anthony Fitzgerald" by Tauch 8.

large numbers of votes were works of Wesp, Salinas, Childrue, Roney, Froman, Downs and Holmes.

In addition to the professional art show there was an interesting exhibit of the work of Hico's talented grade school youth. The Craftwork by eight grade, Notebook by 6th and 7th grades were outstanding; Finger Painting by 2nd grade, and Creative Art by 1st grade were excellent.

Eileen Gannaway's "Man on House," Caudia Hafer's "Landscape," Vicki Keller's "Tissue Girl," Bobby Boyd's "Bowl of Fruit," Ronnie Feller's "Sailboat," were remarkably well done.

This exhibit drew much favorable comment. Review Club and Art Club members were gratified by the attendance of so many boys and girls. Their lively interest, their many keen questions about the artists, their paintings, and the sculptured pieces, demonstrated their knowledgeable interest in the exhibit. Evidencing also that their teachers and others are concerned that their lives shall be enriched by their appreciation and exercise in real art.

Art Club members supervised the matter of furnishing refreshments and were assisted in serving by Review Club members throughout the showing. Both clubs are happy that their joint effort has been measurably successful.

Again they express heartfelt thanks to Community Public Service Company and Manager O. L. Davis; to Mrs. McCullough for necessary lumber for hanging the paintings; to our cooperating editor of The Hico News Review for the many favors he has given; to KCLW; and to Dr. Tauch, with all of her associates for bringing us the joy of this exhibit.

THIS WEEK IN AUSTIN—

Highlights and Sidelights

By VERN SANFORD
Texas Press Association

What happened to the million tourists who did not come to Texas this year?

That question faces a Statewide conference of "Texans for Tourists" called for Nov. 28 in Austin by Gov. Price Daniel.

Since 1957, the number of tourists coming to Texas has steadily declined. Governor Daniel always has felt that Texas should match the advertising programs of other states.

Nationally, tourism is the third largest industry. In Texas, it ranks 13th.

Texas voters amended the constitution in 1958 to allow state money to be spent to attract tourists. But two sessions of the Legislature have declined to appropriate the money.

Charged with responsibility of promoting tourism in Texas is the State Highway Department.

The upcoming all-day session is

designed to build grassroots support for legislation to finance a program of advertising.

Safe Highways

An increase in highway fatalities this year, after a 26 per cent decline in past years, disturbs the state's chief policeman, Col. Homer Garrison Jr. of the Department of Public Safety.

Present statistics indicate the number of deaths in 1961 will be 20 to 25 more than the 2,254 of 1960. So Colonel Garrison has sent out word for his men to redouble their efforts to remove the unsafe and reckless drivers from the highway.

Program includes more use of radar equipment to check speeds, especially the new type which requires only one highway patrolman per car. It also includes more stopping of drivers to make sure they hold drivers licenses.

Tougher enforcement policy will be followed by Gov. Daniels annual Christmas traffic safety

drive starting with Safety Sunday, December 10. Governor Daniel urged pastors to remind their members of their personal and moral obligation to drive carefully.

More Tax Laws?

City officials had their annual meeting and heard Governor Daniel give support to their main thesis—that cities need new sources of revenue if they are to handle the growing problems caused by Texans moving to town.

Most likely avenue is the movement to have the state abandon the property tax, so it can be used exclusively for city and school purposes. The State and Local Tax Study Commission created by the Legislature in 1959 is specifically directed to report on this possibility.

Speaker James A. Turman filled two vacancies on that study group. He named Reps. Charles L. Sandahl of Austin and Charles N. Wilson of Trinity to work with senators and citizens who have been named to it by Governor Daniel and former Lieut. Gov. Ben Ramsey.

In addition to reporting on the idea of state abandonment of the

ad valorem tax, now bringing in about \$40,000,000 a year the commission will report on whether other new tax sources should be granted to cities which need them.

Most startling tax news came from James McGrew, research director for the Texas Research League. He said it is a very close question whether the new sales tax will produce enough state revenue in the two years starting September 1, 1963 to keep the state's books in the black. The big factor—steady and heavy growth of public schools and colleges.

More Time

The State Board of Insurance urged all insurance companies to extend by 60 days the 90-day period allowed under Texas standard policies for filing proofs of loss on Hurricane Carla.

While it was not an order, it is fairly certain the industry will obey the Board's suggestion voluntarily.

Legislative investigation was completed on the claim-paying practices arising out of Carla. Rep. Charles Ballman of Borger, chairman of the House Investigating Committee, suggested strongly that some legislation should result.

Legislators were particularly critical of the fact that the Texas policy carries the word "hurricane" on the front, but also carries an endorsement which limits the coverage somewhat.

They also found many Texans do not have their insurance policies because mortgage companies require that the policy be filed with them. Legislators suggested that copies be supplied the homeowners, too. Some insurance companies do, and some do not.

"Baghera," the Panther, a 65-foot long balloon will be one of over thirty such balloons in the Annual Giant Balloon Parade, which will be held in Downtown Dallas, Saturday, November 18. The 10 o'clock event, sponsored by the Downtown Dallas Committee of the

Dallas Chamber of Commerce will have a "Fairy" theme. Other parade floats will be the appearance of Hollywood movie star Anne a number of festive Miss Downtown Dallas and drill teams; and the formed Boy Scouts.

A Christmas Gift Twice Given...

Is the one you buy in your home town!

It brings pleasure to the recipient, and also to your friend and neighbor, the hometown merchant from whom you buy it.

Maybe it's only a small purchase, but a town's retail community is built up in large part by small purchases, and every one helps.

It's a brighter Christmas for everyone when holiday business has been good in the home town, and your friend, the local merchant, has been planning for a long time to bring you the best he can find in his line. Why not give them a break?

Sometimes, a Christmas Shopping trip can be as simple a bit of arithmetic as \$10.00 spent for travel, \$1.50 saved on "bargains"—and the profit gone to strangers.

This Christmas, why not look first at home, buy first at home, and get the satisfaction of the gift twice given?

WE ARE CHALLENGED:

OPEN NEW WORLDS TO FREEDOM

The dream of freedom burns deep in every man. Today it is flaming to the surface in volcanic eruptions of hope and hate and fear.

Seventeen new nations were born in Africa alone last year. Their birth pangs shook the world and shake it yet. For the dream of freedom does not translate readily into reality.

The millions roused from ancient sleep wake to problems and responsibilities they can scarcely comprehend. Clamoring for an end to age-old degradation they waver between chaos and calm.

Communism seeks to exploit their confusion by political pressure, baited promises and guile. Communist technicians, trade missions and teachers come with skilled hands and blank checks... not only to Asia and Africa, but to our Latin American doorstep.

To the puzzled and impoverished millions, Democracy and Communism are only words. We are challenged to give real meaning to the words. To expose and counter Communism. To demonstrate the lasting truths of Democracy.

What can you do? The way is shown in a new Report of the President's Commission on National Goals. It is a program for personal action, a guidebook for the nation during the critical years ahead. You are the nation. You decide the nation's future and your own.

Decide now to make our national goals your personal goals. Know the challenges. Know how to meet them—at home, at work, with your neighbors, family, friends. Both President Kennedy and President Eisenhower urge you to read and think about the Report. Get a copy today. It is available in hardcover and \$1 paperback at your bookstore, or send for the free digest below.

Remember this. If we are to survive in freedom we must deserve our freedoms. And we must extend our freedoms to all mankind. Not merely for our security. The world has grown too small for anything less than moral kinship. **FREEDOM IS NOT A GIFT BUT A TASK.**

"No, I ain't throwin' none away. You never know when you'll need a little piece of balin' wire."

Frost Could Mean Trouble For Livestock Producers

When frost comes it could mean trouble for livestock producers. Johnsongrass and sorghum sometimes develop a high prussic acid content after a frost, and if grazed by livestock, can cause a lot of trouble, warns Dr. C. M. Patterson, extension veterinarian. Certain chemical changes occur in the frost-wilted plants, and are responsible for the development of the prussic acid, Patterson explains. The poison acts quickly and can kill an animal within a very short time after the damaged plant is eaten. Whether a poisoned animal can be saved depends upon how quickly a veterinarian can get to it, Patterson says. Frosted Johnsongrass or sorghum should not be grazed until it is completely dry, warns the veterinarian. If it is ready to cut for hay before a frost, it may be cut the first day after frost if care is taken to see that it is completely cured before baling. Frost-wilted plants may also be used for silage. Generally, points

out Patterson, enough prussic acid is lost in gaseous form during the ensiling process and as the silage is removed and fed to make it safe for livestock. Animals should not be allowed to self-feed from a silo filled with frosted sudan or sorghum. If there is any doubt about silage, it should be tested. This can be done by a veterinarian or by feeding the silage to one or two inferior animals. For more details on the question of grazing and, or the harvesting and storing of frost-wilted plants, Patterson suggests a visit with a local veterinarian or county agent.

Judge Frank McDonald Promoted to Colonel In 36th Infantry Division

Major General Everett S. Simpson, Commanding General of the 36th Infantry Division, Texas National Guard, announced the promotion to Colonel of Lt. Colonel Frank G. McDonald, Deputy Commander of the 36th Infantry Division Brigade.

Colonel McDonald enlisted as a Private in the Texas National Guard October 3, 1937, and was a Corporal at the time the Guard mobilized in 1940. He trained at Camp Bowie, Brownwood, and thereafter served some 30 months overseas in North Africa and Italy. He participated in all campaigns in the Mediterranean Theater of Operations; received 9 decorations and citations including the Legion of Merit; and attained the rank of Lt. Colonel in August 1945.

He assisted in reorganization of the 36th Infantry Division in 1946, and was assigned as Division Chemical Biological and Radiological Officer. He was reassigned as Division Intelligence Officer in February 1958, and in September 1961 was reassigned as Deputy Brigade Commander. He is a graduate of the Command and General Staff College, the Army Senior Tactical School, Ft. Leavenworth, Kansas.

Colonel McDonald is former District Judge at Hillsboro, and is presently Chief Justice of Central Texas 16 county 10th Court of Civil Appeals in Waco, which district includes Hamilton County. He is married to the former Miss Louise Vanderford of Aquilla. They have one daughter, Luann Leonese.

Colonel McDonald was born in Meridian, the son of the late Dr. and Mrs. J. Frank McDonald. He has many friends and acquaintances in Hico and this area.

Judge Frank G. McDonald

Father of Local Resident Buried At Haskell

Robert Coleman Gannaway, father of long-time local resident R. Lee Gannaway, was buried at Haskell last week.

Mr. Gannaway, born at Garland Oct. 6, 1880, moved to Wingate at the age of 10, and after his marriage to Lola Mobley, moved to the Panhandle area. Later they resided at Carrizo Springs where he was a prominent member of the Baptist Church, and a school board member. His wife passed away in 1939 while living at Haskell.

Survivors include three sons, Maurice Gannaway of Haskell, R. Lee Gannaway of Hico, and Jerry Gannaway of Brownfield; and 11 grandchildren.

Mr. and Mrs. Gene Smith spent Sunday afternoon in Fort Worth with their son and wife, Mr. and Mrs. Dowell Gideon. They also visited with Mr. and Mrs. Louie Hall.
