

FAIRY

By MRS. EUNICE DANIEL

We have cool misty weather at this writing, which has retarded all farm work. There is still some cotton to pull in the community. Grain is looking pretty and affording some grazing.

H. H. Wolfe is still a patient in the Hico Hospital and was thought to be some better at last report. Glad to report Mr. J. R. Whit-

aker now at home after spending a week or more in the Hico Hospital.

Our first basketball game of the season was to be played Tuesday night with Cranfills Gap at the Gap.

THE TATTLER

Loud, terrifying screams came from last period study hall last Friday afternoon. If you would have looked in you would have seen all the girls standing on the tables yelling "mouse!" Mrs. Angell was the brave one. She was trying to run the pest down. How ever she just never did find that mouse.

During our lunch period one day last week I noticed several girls going into the gym with new hairdos. They had that wind-blown, messed-up appearance. The talented hairdressers were Gary W. Larry E. Robert R. Edwin S. and Montye O.

I can't imagine why J.O. was sprawled on the floor in front of her locker Monday morning. Mr. Barnett was wondering the same thing.

Here's hoping that the public of Hico won't let their school down Friday night. Let's all of us turn out for the "Powder Puff" football game. The student body of HHS guarantees you an exciting, fun-filled game.

COUPLE OF THE WEEK

Honestly and truly, Girl Scout

Honor, our couple for this week may not be matched up yet, but by the time they get through reading this article, I am sure both of them will decide it's the best thing for them.

The gentleman could pass for Rock Hudson if he was about 12 inches taller, had a little more hair and weighed somewhere around 100 pounds more. The young lady could most certainly pass for Marilyn Monroe if she had blond hair, blue eyes, white skin, weighed 75 pounds more, and was 4 or 5 inches taller.

But like it is, they are both very dark, in many respects. They eat that Geometry up and both seem to go in for sports (football mostly). The young man, at this moment, uses very little of his time thinking about girls while on the other hand, our little Miss spends a great deal of time thinking about those bunky boys. I am almost certain that both of them, after reading this article, will consider the other source more observing like. Our couple of the week could be no other than Anita Mayfield and Harold Hathcock. Yea! How do you like those apples.

Tigers Clobber Evant 36-6 in Final Football Game

The Hico Tigers closed it out in a grand way Friday night, pushing Evant farther down the ladder into the "dark dungeon" of 23-B football.

The score was 36-6, and gave Hico a respectable season record of 4-6, finishing in the district race with a 1-3 for fourth place.

Meridian, as expected, copped all the marbles in the district chase, blasting Valley Mills 28-12 for the right to meet Crawford in the bi-district tussle.

Back to the Hico-Evant struggle. Don Jernigan was at his best, passing for all five Tiger TD's, and completing seven of 15 attempts for 151 yards. Larry Erick, Hico's leading scorer going into the game, added further luster to his pass-catching career, latching onto four of the aerials for touch-downs. Robert Reed snagged the other Jernigan toss for the final Tiger tally.

The locals, applying pressure to the Elk offense throughout the game, scored once in each of the first three quarters, and poured over two more tallies in the final stanza for the victory. The Elks got their only counter in final quarter.

Only casualty in the finale was a broken arm received by Butch Knudson, stellar guard, who suffered a broken bone in his left wrist midway of the second quarter.

The Tigers started the scoring early, following interception of an Elk pass by Larry Erick at the Evant 28 yard line. On the fifth play from the 28 Jernigan hit Erick with his first completion of the night, good for 13 yards and the touchdown. Mike Lowe rammed over for the two conversion points and the Tigers led 8-0.

On the first play of the second quarter, the Jernigan-to-Erick combo worked for the second Tiger TD, this time going 16 yards for the tally. The drive started

at the Elk 41 after a short kick. Point try was no good and the Tigers had a 14-0 lead going out at intermission.

Midway of the third quarter Erick again came through with the big play, snatching an Elk fumble out of midair to gain possession for the Tigers at their own 24. The locals moved the 76 yards in eight plays, with the payoff being a 16-yard toss to Erick. Big gainers in the drive were two fine runs by Jerry Casey who scampered 30 yards on one caper and 21 on another. Lowe added the two conversion points making the score 22-0.

Evant took the following kickoff and marched 58 yards for their only marker of the night, the payoff coming in the fourth quarter when Kenneth Doyle dove over from two yards out. Their point try was no good and the score remained 22-6.

Hico blasted the Elks for two more touchdowns in the finale for the 36-6 win. Their first marker in the period came on a 10-yard pass completion to Erick.

The final tally came after the locals took possession at the Elk 38. After one incomplete pass, Jernigan faded back and hit Robert Reed with a pass play that netted 38 yards and the Tiger tally. Jernigan then passed to Harold Hathcock for the two-point conversion. The final gun prevented another Hico score, when Freshman Charles Erick intercepted an Elk pass at the midfield stripe, and scampered back to the 20 before being chopped down. Two incomplete passes ended the game.

For the year the locals showed a 4-6 record, better than most had hoped for, and finished fourth in the district race. They opened with a win over Gatesville Training School, played perhaps their best defensive game of the year in holding strong Dublin to a 22-0 decision, bopped Blanket, lost to Early, and then won from Stephenville B to balance the record at 2-2 through the first four games. They lost a decision to strong Gorman before swinging into district action, and then saw three conference foes gain victory before closing the season on a victorious note last week.

Seniors seeing their last action for the Tigers were Robert Reed, Harold Hathcock, Freddie Naul, Danny Reeves, and Mark McElroy, who didn't suit out for the finale due to an injury.

New Laws

Atty. Gen. Will Wilson quickly plugged one possible loophole in the "Blue Law."

He advised Dist. Atty. Henry Wade of Dallas that a corporation owning two or more stores must close them the same day. One can't open Saturday and the other Sunday. Nor can a store accept orders by phone in advance to be delivered on Sunday.

Wilson also is busy interpreting other new laws, among them the one requiring holders of property for others, except banks, to report it to the state when the owner hasn't been around for seven years.

He advised Treasurer Jesse James that an oil company which holds royalties outside Texas on oil produced in Texas does not have to report it to the State of Texas except that amount held for persons whose last known address was in Texas.

The attorney general expects so much work out of this new law that he set up a special division to handle it.

In another opinion Wilson held that wiretapping to record phone conversations is not illegal in Texas.

PUBLISHED WEEKLY BY THE STUDENTS OF HICO HIGH SCHOOL

THE GRIDIRON'S HOT

Hico's SWC Powder Puff teams will come to a final blow up at the sole stadium Friday night. The winner of this great match is undecided right now. Thursday afternoon the coaches got a small sample of what they will have to put up with Friday night. That I formation and double wing formula didn't quite soak in all the player's heads. We hope to patch up all the minor details the next practice with the help of our able coaches.

Monday during P.E. the teams elected their sweetheart. We know that our sweetheart will look beautiful Friday and will truly represent the two battling teams.

The majorettes and cheerleaders have been doing a magnificent job. The majorettes and cheerleaders will learn Wednesday how to do stag leaps, two-hand spins, body rolls, and other fundamental steps. Friday there will be a pep rally with our men cheerleaders in charge.

Tickets are going fast and you may buy one from any senior, so you had better hurry. See you at the big game Friday night. OK?

SPOTLIGHT

Friday night the spirit was really high since our Tigers clobbered Evant in our last game of the season. After the game everyone was out stag. There were several girls chasing a '61 Impala. Wrong one, eh girls? I believe some girls like to sit on the side of the highway too, because they're usually there. The only couples I saw were Carol C. and David C. Linda P. and Harlon K.; Bonnie W. and Mitch M.; Margaret W. and Neil E.

Saturday night my roving spotlight couldn't find very many couples. Seems as though some girls were having fun finding people in the wrong places. The couples I saw were Anita M. and Melton L.; Kathy H. and Ronnie K.; Janell O. and Eddie T.; Linda P. and Harlon K.; Barbara R. and Mike L.; Jane A. and Don J.; Margaret W. and Neil E.; Betty H. and Charles H.; Nelida W. and Jimmy H.; Billy B. and Kay Y.; Judy G. and Steve O.

Sunday night I believe everyone was stag. Several boys returned from a visit in Dallas and I understand they had a good time. A group of girls were really trying to act like ladies but I believe they need some experience.

Say, how about some couples coming out next week? This is romancing weather.

WHOS WHO

Our subject this week is a peppy vivacious Junior about 5 feet 6 inches tall. She is forever giggling and carrying on about something. You can always see this girl prising down the football field dur-

ing football games and is a very good majorette.

Her hobbies are boys, boys, and more boys. You can see her usual-

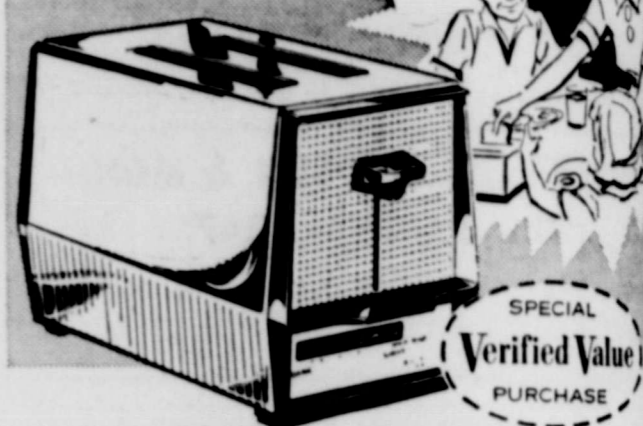

ly riding in a 1966 black... let but there's nothing... Handy-Andy, huh Sylvia? When the moon comes... blackness falls across... can find her among the... ing for bunny rabbits. She... a character all her own... enough to keep her own... ing on its heels. By now you've guessed... ject is Sylvia Sherrard.

CHATTER

By HELEN OGLE

A serious disease was prevalent in Hico this week that completely destroyed all peace-of-mind for its victims. Symptoms of constant staring into the wide open spaces, loss of work, appetite, and sleep, a count of the calendar days, effected numerous sportsmen here. For the victims of this disease, our only hope is that while you're reading this issue of the paper they are perhaps finding a cure, which can only be one thing—a deer.

There was no point in trying to locate Louise Blair this week as she was busy getting all the necessary gear ready to head for Cherry Springs. Most important items on her list were several dozen eggs, matched with a case of biscuits and then a big sack of potatoes. And they're supposed to be headed for a deer hunt?

The boss worked over and ahead of time this week in order to have a first day attempt in his annual hunt, and I just hope that he gets there as Orville Ogle has been adjustin' on his car all week.

The only couple that I know of that enjoy a "His" and "Her" deer hunt are the Bill Boyds, and while he is trekking the hills near Frederickburg, Joyce will be found in her doll house blind on the ranch. And if Joyce doesn't bring in a trophy, it will be because of the cozy and warm comforts she will be enjoying in her blind that has sliding windows and is camouflaged with coppertone paint.

Not everyone is heading for the hills this week as I hear that Jane Hafer is out for a big fish. Seems that she hooked a big turtle on the trotline last week, and is now using his head for bait.

By the way, if any of you have a supply of magazines that you would like to sell I think perhaps Judy Keller and Peggy O'Neal would be prospective buyers.

When you see Eva Edwards in town shopping she isn't taking notes—she is merely checking off her itemized list.

Upon meeting Elta Higginbo, whom she will say nothing for chatter, and Lois McLendon said she didn't care what I wrote, but I'd better not quote what she said. That's being sneaky girls, so better watch out.

And in order that our postmaster, Robert Jackson, will not walk into outer space again and suffer a broken collarbone, his many friends have made a request for a seeing-eye dog for him.

If you feel up to a nice long walk, why not call Mattie Ramage and ask her to show you the highlights of the new gas well. She's always good for a cup of coffee too.

I received a note from Mr. and Mrs. C. M. Hedges of Kerrville, expressing their thanks to the many people in Hico that are their friends and whom they thoroughly enjoy visiting with frequently. Hico will always be home to the Hedges, and they stand up to tell the world that there is no place else where you will find the fine school, churches, hospital and clinic, and businesses that we have here. They say the paper is like a letter from home each week and they spend the week reading it from page to page.

Thanks for the many compliments, Mr. and Mrs. Hedges, and we just hope that you will soon return to make your home here again.

And as we head to press this week, just one reminder that next week's issue will be early, so don't forget to call in your news early.

FUNERAL SERVICES HELD LAST TUESDAY FOR MISS ALICE RODGERS

She was born April 9, 1882, and was a lifelong resident of Carlton, and was a member of the Carlton Baptist Church, being one of the most faithful members that has been our privilege to know. Only when she was ill did she fail to attend worship services.

Carlton Seventh and Eighth Grades Take Educational Trip

By BETTY PATTERSON

The Carlton Seventh and Eighth Grade Classes decided on Oct. 26 to try to make enough money to go to Six Flags Over Texas. It took lots of hard work on the part of both students and parents, but they accomplished what they had set out to do.

On Saturday, Nov. 11, we left Carlton at 6:30 a.m. and returned about 11:30 p.m. It was a long day, but what a day!

Our teacher, Mrs. Betty Patterson had made the plans for the trip. Upon arriving in Fort Worth we went to the Amon Carter Western Museum which is located across the street from Will Rogers Coliseum. Before lunch we went to the Amon Carter Air Terminal. It is a very modern, luxurious, and efficient terminal. Chief Anderson of American Airlines took us on a tour of a large passenger plane that had been prepared for flight. We spent well over an hour there.

We had lunch and then on to our main destination, Six Flags. Everyone was expecting an exciting place, but what we found was beyond our grandest expectations. It is a marvelous display of Texas' colorful past and what

is dreamed of for our future. Everyone had his own ideas of what he thought was best, but that is one place that has to be seen to be understood. The rich heritage of Texas comes to life at Six Flags.

It was a tired teacher with a tired group of students and mothers at the end of the trip, but everyone agreed it had been a day that would be remembered with some wonderful memories.

Students making the trip were Agatha Miller, Arlene Lunsford, Janene Longino, Patsy Scales, Sonny Roberson, Lonnie Stephens, James Theford, Robert West, Donna Butler, Linda Griffin, Sally Hays, Pearl Prisk, Martha Stuckey, Karen Tinsley, Chester Bouquet, David Chapman, Bryan Spurger and Mike Cody.

The mothers who accompanied the group were Mesdames Geneva Miller, Hilda Lunsford, Jane Theford, Rita Stuckey, Alene Roberson, and Ruth West.

The fellow who got us there and back without mishap was M. R. Ross.

The class would like to take this opportunity to thank the Carlton School Board, Mr. Barron, and everyone else who had part in making this trip possible.

THIS WEEK IN AUSTIN—

Highlights and Sidelights

By VERN SANFORD
Texas Press Association

With filing deadline for state offices still more than two months away, the State Capitol already is taking on that political campaign atmosphere.

Announcements for office, state-wide speaking tours, and fund-raising dinner plans are setting the stage for the upcoming campaigns.

Only announced candidate for governor thus far, has been Jack Cox of Breckenridge. Cox will be running in the Republican primary.

As yet, no formal announcement has been made by any Democrat. But the field of probable candidates is growing daily.

Formal announcements by three Senators for the Lieutenant's Governor's race assures warm competition for the place left open when Ben Ramsey moved to the Railroad Commission.

Sen. Jarrard Secrest of Temple, Sen. Bob Baker of Houston, and Sen. Preston Smith of Lubbock are the announced candidates. There is likely to be GOP opposition for this post as well as at least one other Democrat.

Only thing certain now is that there will be stiff competition for those primary votes on May 5.

Capitol Value.

For years the huge red granite State Capitol, which was paid for with 3,000,000 acres of West Texas land, has been carried on the state's books at a value of \$131.50.

Board of Control has appraised the Capitol at \$9,948,391. They valued the land on which it is located at \$5,143,623. It's not for sale for the total of \$15,092,514. But at least it's on the books right now.

Incidentally, the old Capitol is getting a refurbishing. Workmen are replacing cracked and splintered panels in the hallways, and removing the old varnish. It will come out lighter and brighter.

Third Round.

In the next few weeks, Gov. Price Daniel will have completed his third round of appointments.

Most of the state's operations are directed by 3 or 9-member boards, appointed for six-year overlapping terms.

These appointments are made to more than 140 state boards and commissions.

Water Pollution Board.

Governor Daniel named former Rep. Sam Wohlford, Stratford; J. S. Hudnall, Tyler, and C. G. Shigley, Freeport as public members on the new State Water Pollution Control Board.

In the future, no one may discharge waste of any kind into or adjacent to the public waters of Texas, or the Gulf of Mexico, without a permit from this board.

Unfortunately, this board was handed a big job but no operating money. Governor Daniel will ask the Legislature, at a special session in January, to provide some expense money for it.

Short Snorts.

Starting January 1, the State Welfare Department will begin paying medical, hospital and nursing home bills for the 225,000 needy aged who are on the old-age assistance rolls. Program will cost about \$12,000,000 in state money in the coming 20 months. Federal dollars match the state's.

Governor Daniel has reactivated the Governor's Committee for the White House Conference on the Aging, to resume its study of the problems of the aging. Sen. Crawford

Martin of Hillsboro was re-named chairman.

The first month's payments under the new natural gas tax totaled \$356,481 but \$306,532 of it was paid under protest. Gas pipelines have brought suit to kill the new tax.

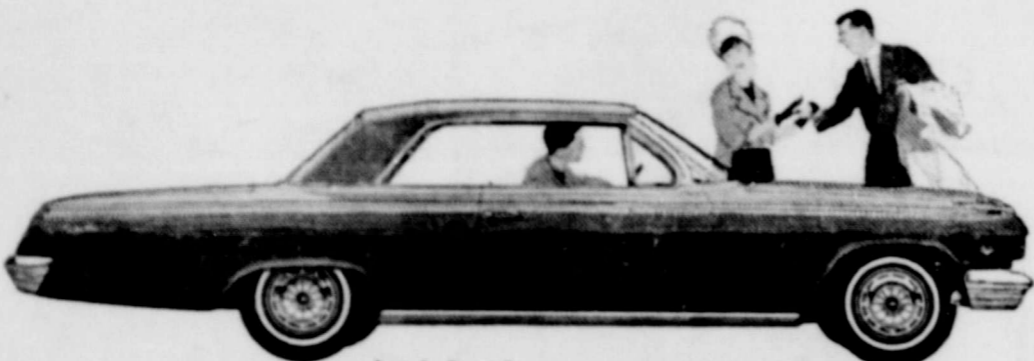

Income from the first 90,780 reports received by Comptroller Robert S. Calvert was \$7,206,727. Calvert thinks it will be February, when the first full quarter's sales tax is collected, before he can tell whether it will yield the estimated \$310,000,000 in two years.
