TRAVIS MCCLINTON

## Oglesby Man Announces For State Rep.

Travis McClinton of Oglesby this week became the first 1962 Coryell County candidate for State Representative for the 53rd District, composed of Coryell, Hamilton and Erath counties. McClinton announced his candidacy in the May 5th Democratic Primary. McClinton, 34, was born and reared at Oglesby and has lived in that community all his life. A graduate of Oglesby High School, he served in the U.S. Air Force in 1946-47, and for the last 11 years has been a salesman for an automotive supply firm. He is married to the former Miss Jacqueline Lorenz, who teaches school at Oglesby. They have a 10 year old son, Vic.

## Hico Firemen Answer 2 Calls Last Week

Local firemen answered two calls this past week, both within a 2-hour period last Thursday. The first call was to the old John Howerton place on Highway 281 North where approximately 30 acres of grass was burned. The alarm was turned in at 1 p.m. The second call, at 2:15, was another grass fire on the E. Shepherd place east of town. Firemen have appealed to residents to be especially careful while burning trash, etc., during this dry period.

## Area Stockmen Contribute To Screwworm Program

Significant new developments point to an early start in the Southwest Animal Health Research Foundation's program to control the screwworm in the Southwest. A large quantity of special sterile fly production equipment which was used successfully in eliminating the screwworm in the Southeast will be moved to Texas by the United States Department of Agriculture beginning this week, according to Doyle Conner, Florida Commissioner of Agriculture. Conner's statement was reported in an Associated Press release which also pointed out that the equipment is now at the Sebring Center in Florida. "Screwworms are believed to have been frozen out in Texas, and possibly for some distance into Mexico," Conner said. "Early eradication efforts there stand a good chance of paying off in a big way."

The SAHRF is in the midst of a program to raise three million dollars through voluntary contributions. Livestock producers are investing in the program at the rate of 50 cents per animal unit (50 cents for each adult cow and horse, and 10 cents each for sheep, goats and swine). The screwworm eradication program is literally one of self extermination. It is based on the fact that the female fly mates only once. The native population is overwhelmed by systematic release of screwworm flies which have been sterilized by irradiation. The SAHRF is a non-profit organization governed by a board of trustees who serve without pay. It is headed by C. G. Scruggs of Dallas. The trustees have emphasized that every penny collected would be used solely to bring about a screwworm eradication program in the Southwest. A total of 73 local producers, and interested people, have contributed \$821.90 to the program, with money still being accepted by Buddy Randals at First National Bank. Enough money has been pledged state-wide to assure the start of the program, but any area farmer, rancher, or individual who may have been missed by

workers canvassing this area may still contribute to the fund. The list of donors through Wednesday noon of this week is as follows: Harold D. Walker, James Randals, Lusk Randals, V. H. Jenkins, F.W. Ranch, Geo. W. Powledge, L. J. Chaney, K. Coats, Glenn Higginbotham, E. A. Black, R. H. Shockelford, E. Bradley, Kal Segrest, Joe Knapp, Andy Lackey, Pat and Mike Lackey, A. H. Lackey, M. J. ## Showdown Due Fri., Tues. In Cage Race

### Dan McNeil 4th Candidate For State Rep.

Dan McNeil, 33-year old Gatesville mayor and businessman, became the fourth candidate to file for a place on the ballot in the May 5th Democratic Primary for State Representative of the 53rd District, composed of Hamilton, Erath and Coryell counties. McNeil, Baylor University graduate, filed with county chairmen in the district Monday. He is currently serving his first term as mayor of Gatesville. A member of the Presbyterian Church, McNeil is also a member of the Gatesville Chamber of Commerce, and is president of the Gatesville Kiwanis Club. He is married and the father of three children, age 19, five and three. A veteran, McNeil served in the Army for 16 months in the late forties. He moved to Gatesville and entered business following his graduation from Baylor in 1950. He stated that he would make a formal announcement within a few weeks.

### Bill Shannon Issues Formal Statement of Candidacy

Bill Shannon of Stephenville this week made his formal announcement for State Representative from the 53rd District. Mr. Shannon stated that "Due to my physical handicap I was forced to resign from the Texas Animal Health Commission. I had been with this Department for about three years." He made the following observations: "First, I feel like the Senior Citizens of Texas have been neglected. I mean to devote much of my time trying to correct this situation. "Second, I realize the present Sales Tax must be corrected, for example, medicine prescribed by a doctor is exempted, and that bought at the drug store is taxed, and other changes are necessary. "Third, the Safe Driving Premium plan, or driver responsibility law should be corrected and applied to collisions only. "Fourth, I feel like it is high time for some economy in government instead of continually raising taxes. "J. W. (Bill) Shannon will appreciate your help."

Hico and Valley Mills, perennial powers in District 23.B cage wars, square off tonight, Friday, at Valley Mills in a make-up game to determine the first half winner in conference action. The game, originally set for the middle of January, was delayed due to inclement weather. Then on the following Tuesday night February 13, the Eagles will come to Hico for a game which will determine the second half winner, and possibly the district representative in bi-district play. Should the two teams each win one of the two remaining games, a play-off would be necessary to determine the district winner. Both Hico and Valley Mills are undefeated in district play, owning identical 6.0 records. Both teams have eliminated conference members by impressive scores. Hico girls, who still have an outside chance of tying for the second half crown, will kick off activities Friday night at 7 o'clock. The boys game will follow immediately. Hico will be hampered in the crucial games by the absence of Larry Erick, stellar forward. Erick came down with the mumps in one jaw this week, and it is thought now that he has contacted the disease in the other side. Also two other members of the team, Bill Rutledge and Gary Wooton are absent from school with the mumps. Coach Jack Barnett will probably go with a starting lineup tonight of Don Jernigan, Mark McElroy, Harold Hathcock, Mike Lowe and Robert Reed. For the season the Hico boys own a grand 20.1 record, and without illness were expected to go a long way in post-district competition. A large delegation of Hico fans is expected to make the trip to Valley Mills tonight.

### SOCIAL SECURITY OFFICER TO VISIT

A representative from the Temple Social Security office will be in Hico at the City Hall Tuesday, February 13 at 10 a.m. Persons who wish to apply for social security benefits or wish to obtain information concerning the program should contact the representative.

## Salmon's, News Review Hold Top Spot in Bowling League

### By MORSE ROSS

Hico News Review Newshounds swept 4 points from Steve Parks' Orphans to replace Wilson's Dynamos as co-leaders with Salmon's. Shoppers after 4 weeks of competition in the second half of league play. The Newshounds, though not particularly hot rolled steady in taking the Orphans, who were a little off their game after a hot week last week. Buck Meador (465-183) and Joyce LaBowe (445-164) powered the News team. Salmon's Shoppers had a tough time hanging on to a piece of first spot. Cheek's Kingpins, seeking revenge for two previous shellackings emerged with a split due to G. M. Bullard's 545-197 and Ray Cheek's 503-186. Ruth Salmon carried the Shoppers with a 480 series. Wilson's Dynamos were felled from first to third place by the last place Tellers, who jumped to eighth by their 3.1 victory. Buddy Randals' 530-206 was his highest series and game to date for the Bankers. Marlene Kilgo had a good game as a booster. Sarah Reeves' 401 series and Mary Goodman's 153 game were tops for the Dynamos. Judy's Beauties advanced to 4th place, within two points of the leaders, by defeating Blair's Whiz Kids 3.1. Von Scott is getting a habit of having one of the high series every week and he did it again with a 519-200. The other Beautie, Mary Nell Scott (393-145), Judy Keller (413-145) and Pete Keller (464-172) furnished ample ammunition for the win. Jim Jamieson had top series for the Whiz Kids. F.W. Ranch Cowhands took over fifth place by whipping the Hico Motor Darts 3-1. The Cow-

hands had a real good night with all hands rolling well above average with the following scores: Wilma Fillingim 394-145, Derel Fillingim 420-154, June Roberson 411-161 and Rusty Roberson 455-176. Betty Walker was the shining star for the Darts with a 458-163. More interest in the league outcome is being created by the addition of trophies for the third and fourth place teams and special awards for high games and series.

## LAW WILL BE ENFORCED IN VEHICLE REGISTRATIONS THIS YEAR; TITLE A 'MUST'

Automobile owners in Hamilton County better be looking up that car title if they intend to own new license plates before the registration deadline. A bulletin this week from the Texas Highway Department and the office of County Tax Collector Pearl B. Williams is to the effect that no vehicle will be registered without the ownership title. No longer will a receipt of the past year's registration be sufficient. Also, those of you who have checked your calendars and found that April 1st falls on Sunday—Better not wait until Monday, April 2, to put those new tags on. According to state law, no provision is made for the day of grace when the final registration day falls on Sunday. Only way you can get by with the Monday registration this year is to have an affidavit stating that the vehicle wasn't driven on the final date. Penalty for waiting too late is 20 per cent. The wise thing to do in both cases mentioned above is to (1) look up that car title, and (2) register the vehicle not later than Saturday, March 31.

# FAIRY

By MRS. EUNICE DANIEL

We have enjoyed the beautiful spring-like weather during the week. Some farm work was accomplished including the re-sowing of some oats, but glad that the fields survived the severe spells recently and is now looking fine. However there are reports of damage to the crops by insects. Seems the low temperature we had would killed them. We had freezing temperatures again Monday night.

Mrs. P. L. Cox returned home Thursday night from Robert and San Angelo where she and members of her family from Robert and Gatesville had been the beside of their daughter, Mrs. Thelma Mauldin, of Robert Lee who suffered severe heart attack last Sunday. She was in a Robert Hospital for several days and moved to San Angelo. Mrs. Cox reported her still very ill and allowed in her room and she not permitted to talk. Relations here and at Gatesville and word is received that there is change for worse. A later report had she been able to have oxygen removed.

Mr. and Mrs. Carl Ray Sellers moved word this week that Mr. and Mrs. Leon Springer and family were moving to Paint Rock San Angelo. They moved their store stock last week and moved their household furnishings Sunday of this week. They will be near both their parents now. R. M. Springers residing at his and her mother and husband Odus Claxtons and Lynn and Shaw. We are very glad to know they have moved closer and feel they will now be

better satisfied.

We are also very glad to report that Mr. and Mrs. Herman Sills decided not to move to Hamilton at present. Mrs. Sills started work Thursday morning as scheduled at the nursing home, but will go by car to and from her duties at present.

Mr. and Mrs. R. C. Ammons and two sons of Stephenville visited Sunday afternoon in the home of his uncle, Mr. and Mrs. Ted Arant. They reported that his mother, Mrs. Coston Ammons, also of Stephenville had been ill since Christmas with a virus and had stayed for a time in the Stephenville Hospital, and is still very poorly. She is the former Ola Arant of near Fairy. Her many friends here hope that she will be fully recovered.

Mr. and Mrs. Frank Hanes were in Gatesville Monday morning to attend funeral services for a long-time friend, H. R. Brazzil who passed away Saturday night at Scott and White. He was from San Angelo. He formerly resided at Levita where the Hanes also lived.

Mr. and Mrs. J. T. Leonard and Melody visited Sunday with her mother and brother, Mrs. M. E. Parks and Audie.

Rev. and Mrs. Dean Bradley and baby daughter of Dublin were guests of Mr. and Mrs. Ted Arant Sunday. Rev. Bradley is pastor of the Congregational Methodist Church at Hico.

Mr. and Mrs. Frank Hanes and Mike spent the weekend at Dallas and Richardson visiting in the home of their daughter, Mr. and Mrs. Bobby Drew and Cynthia and other relatives.

Mr. and Mrs. D. E. Allison, their daughter, Mr. and Mrs. Wayne

Pittman, Karen and Kay, their son, Darrel Allison and Miss Conita Clayton, all of Dublin were dinner guests in the home of Mrs. Allison's sister, Mr. and Mrs. Carl Ray Sellers and family Sunday. The writer was also a guest during the noon hour.

The writer accompanied Mr. and Mrs. I. A. Morgan of Hico to Evergreen near Jonesboro Sunday where we were attending singing. Singers were present from Coryell City, Hamilton and Lund Valley, and all enjoyed a good song service.

Mrs. E. M. Hoover and the writer visited Monday afternoon with her mother, Mrs. A. L. Newman and Mr. and Mrs. Prentis Newman near Duffau.

Mrs. Max Lam of Flat spent the weekend with her parents, Mr. and Mrs. Scott Blakley.

Walter Porterfield returned home Friday following an extended visit through the Christmas holidays in Houston in the home of his daughter, Mr. and Mrs. Robert Hurt and daughter.

Mr. and Mrs. Jackie Turner of Arlington spent the weekend with their parents, Mr. and Mrs. Willie Turner. Sunday luncheon guests were Rev. Van Nance of Fort Worth, pastor of the Baptist Church here and Miss Carolyn Sellers of Fairy.

Mr. and Mrs. Walfred Gardner report that their granddaughter, Vicki Garner, 2-year old daughter of Mr. and Mrs. Larry Gardner of Arlington is doing fine following heart surgery Wednesday of last week at Crippled Childrens Hospital in Dallas. They stated that they were so thankful to friends for their prayers and well wishes during this time of anxiety.

The writer and daughter, Mrs. Carl Ray Sellers and Janice were in Gatesville last week at the Balze Clinic where we learned that we had received a broken rib in a fall January 21. X-rays earlier did not show the break.

Mrs. Raymond Jones and Joyce, and Mrs. Wesley Jones and Johnnie were in Arlington last Saturday night week to attend the wedding of their nephew and cousin, Tommy Thompson and Miss Norma Brown. Tommy is the son of Mr. and Mrs. Norman Thompson of Hamilton.

Jerry Jones, son of Mr. and Mrs. Raymond Jones of Lanham left Wednesday of this week for Huntsville where he will attend Sam Houston State College this semester. He is a graduate of Fairy High School and has also attended Tarleton State College.

## WASHINGTON— As It Looks From Here

By OMAR BURLESON, M.C.  
17th District, Texas

Among the many measures occupying the attention of Congress is the proposal that the United States purchase \$100 million of a \$200 million United Nations bond issue.

When this idea was advanced last December, I warned our officials that it would have rough sledding in the Congress. This certainly appears to be the case.

It has always seemed advisable to offer alternatives to that which one opposes, if an alternative is available. In this instance, I think there are alternatives.

It was suggested to our top officials that since more than 80 of the 194 countries of the United Nations belong to the World Bank, that the World Bank might either underwrite or directly purchase United Nations bonds. It was pointed out that the Soviet Union and the Soviet Bloc nations do not belong to the World Bank or any other international lending agency. The answer to this is that the Communist nations have already said they would not buy any of the bonds any way.

It was then pointed out that the going rate of interest of the World Bank was five and one-quarter per cent, and that the issue of United Nations bonds would carry only 2 per cent. The answer here, again, is that nations belonging to the World Bank would be borrowing their own money or having their own bonds underwritten.

There are many private foundations in this country which play a leading role in supporting the United Nations. It is, therefore, reasonable to expect that if these bonds were underwritten by one of the international lending institutions such as the World Bank, that several of the very wealthy foundations could be expected to invest in them.

It simply does not make sense that the United States Government should borrow money at the going rate of 3 per cent and invest the taxpayers' money in 2 per

cent bonds to finance the United Nations.

Another issue which will soon have to be determined by the Congress is that of raising the limit on the public debt. The Finance Committees of both the House and the Senate are going to take a very careful look at the necessity for increasing the ceiling.

As a sidelight of this proposal there appear to be some interesting statistics. During the past 15 years, or since World War II, the Federal Debt has increased about 12 per cent. By comparison, corporate debt has risen 210 per cent and State and local debt has risen 340 per cent. Individual debts have increased overall by a staggering

375 per cent. All this is related to what is commonly referred to by economists as the gross national product. This simply means the gross volume of business transacted in the entire country.

When the proposal to create a cabinet post of Urban Renewal hits the Congress, there will be considerable confusion as to procedures.

This measure will not be brought up for debate in the usual manner, but rather it will be approached in the negative. Since the Rules Committee of the House of Representatives refused to clear the White House request for a bill establishing a Department of Urban Renewal with a cabinet status, the President, under existing law, moved to establish such a Department by executive order. Unless within 60 days one House of the Congress rejects the plan, the order becomes effective. Under this procedure the vote will be "aye" for one who opposes the President's plan. In other words, the Resolution on which the vote will occur denies the President's request.

Personally, I see no need for establishing such a Department of Government.

Just A Thought: Shoulders which carry their responsibilities have no room on them for a chip.

## COUNTY AGENT REPORTS

By E. B. LAWRENCE

The hard freeze of a week or so ago more than likely damaged many shrubs around homes. If some of yours might be damaged, it might be best to not be in too big a hurry to prune out the damaged branches or wood. If you can determine that some of the branches are dead then prune out this dead wood. Cut the branches back to about three or four inches into the live wood.

—ERL—

Now is a good time to set out some fruit trees if you have not already done so. Several farm families have started new orchards this last year or so.

—ERL—

I'm sure that all of you have noticed how trees here in our county will lean a little to the north as they grow and get a little age on them.

Well when setting out the young trees in an orchard it is a good idea to lean them a little toward the southeast. This will allow for the wind pressure and as they get older they should grow almost straight.

Quite often the young fruit trees one buys are nothing more than slender whips. Should you set this kind of tree cut the tip off about two feet from the ground and leave it to grow for a year. After it has made a year's growth, five or six branches should be left on and the others pruned off. These branches left will be the ones that will be the main limbs of the tree from now on. These will never be removed unless for a very good reason.

Should you happen to have some trees that are a year or two old and have not been pruned, cut them as described. In setting these main limbs, we always like to have one or two of them growing on the southwest side of the tree. This makes shade for the trunk and prevents sun scald that causes lots of trouble here. In setting the five or six main limbs, it is good to have them growing around the tree and up the main stem about six or eight inches apart. With old trees that need pruning, cut out the bad crotches, cut back the top and lower the tree, low limbs should be taken out if they are in the way of farm tools when working the orchard, prune out some of the growth in order to thin out the fruit.

Right now trees are carrying a rather heavy load of buds and should they make it through the rest of the winter without being killed, trees should set a heavy crop of fruit.

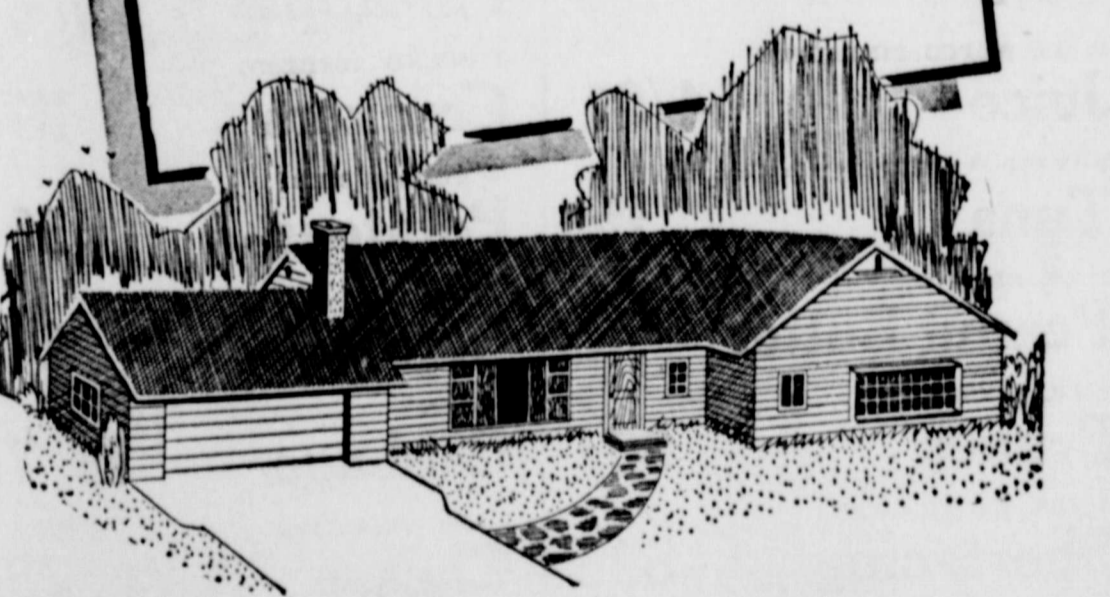

Due to the heavy growth of last year, many trees might not make much unless the fruit is thinned out and unless we have a good season throughout the year. Trees need water and food to maintain growth, mature the fruit set and at the same time produce buds for next year's crop.

So check your trees through the season and give some thought to thinning out if pruning is not done and if the season through the rest of the year is not too good. Shellac is good to use as a dressing where large limbs are removed.

The new size Dodge Dart has the most powerful standard six engine in the business. It develops 145 horsepower from 225 cubic inches. It takes a V8 in other cars priced near Dart to keep up with it. Even then most of them can't. Dead weight and useless overhang have been all but eliminated in the '62 Dart. What results is an astonishing power-to-weight ratio that makes a Dart-6 act like an eight. And

remember, this is the same six that got better than 23 miles to the gallon in last year's Mobilgas Economy Run. Frankly, we don't think anybody but a pro can get this kind of mileage. But it does give you an idea of the engine's potential. Repeated tests in the new size Dart prove that it will deliver at least 5% better gas economy than last year. See your Dodge Dealer now and drive the new size Dodge Dart. There's no better value on the market today.

PUBLISHED WEEKLY BY THE STUDENTS OF HICO HIGH SCHOOL

Last Friday night the locals traveled to Whitney to finish off one of our last rivals in the district race. After the game I was very disappointed to see only a few couples. Everyone seemed to be driving around quiet-like too. I guess because of a white Plymouth in town. The only couples I saw were Jane A and Don J; Anell O and Edwin S; Judy O and Billy B; Delores W and Jimmy H; Kay Y and Mitchell M; Sharon H and Allen B.

Saturday night I made the rounds without much luck again. Most of the kids went to see "The Wonderful Country." The couples I saw were Mike L and Karen C (there were sure lots of envious boys Mike!) Kay Y and Billy B; Anita M and Mayne W; Judy G and Steve O; Sheila W and Ronty G.

Sunday afternoon was quite a drag. There was a green pickup roaming around, probably looking for a '57 Olds. Later that night my spotlight found a few kids in Stephenville. The couples I saw Sunday afternoon and night were Judy O and Billy B; Sylvia B and Floyd B; Anita M and Allen S; Mike L and Karen C; Sheila W and Ronty G; Bonnie M and Mitch M; Jane A and Don J.

### FRESHMAN TATTLER

This week has been both sad and happy for some people.

Bonnie W and Mitch M seemed to have had a disagreement on one thing or other. Mitch, Bonnie wants to talk it over.

I hear that Kay C is happy once again. Good luck.

Elizabeth B had some company Thursday night. Right James R, James C and Charles E?

Margo, quit falling in places like you did Friday morning.

Hey Larry S. what are you doing with lipstick on your shirt. Funny but it looks like someone shade I know.

I hear that Alan S. has a new hobby. It sounds pretty dangerous to me.

Some crazy nuts were down at the phone booth Thursday afternoon. Hey girls, what's going on?

Charles E. you had better watch out. Linda is getting pretty angry with you for getting her picture.

I don't guess Kay and Bonnie did what they were planning. They're still here.

James R. and James C. are going to make a rocket and be the first on the moon! Good luck boys. Let me hear from you.

There was quite a commotion in English Thursday. I think Sha.

Congratulations Carol C. for one month, but did they have to celebrate that much?

Alma does your book have oil or something on it. Seems that you are always dropping it.

Friday there was something black flying all over the English room. Come to find out it was raisins. Next they'll probably get prunes.

I hear that Allen B. has the mumps Well, I guess we know who will get them next.

Hey, Sandena what happened to your ankle? Someone get after you or something?

Well, that's enough for this week. Keep up the mischief.

### SOPHOMORE TATTLER

Why is it that there was so few sophomores on the honor roll? It may be because PW has her mind on something other than school work or that BK spends too much time on a certain front porch.

There should be a law against Mike Flowers going around chapping girls' eyes.

We all hope that BR will get well soon!

The sophomore class did great at the P.T.A. last night.

What's all this about a fight or something? Is that boy a chick or was he just scared, Frankie P. and Lloyd H.?

Ronnie M. has been courting a little but he said that it is beginning to get a little expensive or has he been talking to Butch.

Jerry C. has an ambition but won't state it. Some of you kids ask him what it's all about.

Patsy W. is more than ready to play basketball as soon as Butch feeds her the steaks.

Mrs. Angell reports that she is sick and tired of just threatening

kids—that her next step is going to be action with a board. I don't blame you Mrs. Angell.

Margaret O. is going to start a revolution. Of course she doesn't know what it is all about but like Margaret would say "that is beside the point."

Morris S. heard that Monday of this week was supposed to be the last day of school so he didn't get his homework and sure enough the world was still there and he didn't have his homework.

-HHS-

### JR.-SR. TATTLER

Mike L. has a system going. He makes the same bets with all the basketball girls. So far he has come out as loser.

We have found out Kathy H.'s true ambition. She wants to shoot a pistol. She almost got off with Mr. Bulman's Colt .45

Barbara E. is almost packed for the senior trip. Knowing her she'll be sick and try to stay home when that time finally rolls around.

Dan R. is getting too big for his britches. "Liz, you're going to have to take him down a couple of notches."

I found out that Mark Mc. is almost a genius, although he keeps it concealed most of the time.

The latest is that Jane A. is a murderer. She let the lid down on a mouse's head. Poor thing!

Robert R., Doane M. and Chuck Y. have found their true love, Macbeth!

We call Laverne G. "old faithful." She always comes through with her geometry.

I hear if the breaks come through just right the girls are going to win district in basketball yet. That is, if the mumps don't catch up with them.

Poor Larry E., Bill R. and Gary W. didn't escape the mumps. Get well kids!

I noticed that Mr. Barnett came

snaking around a corner with an embarrassed look on his face at Meridian one night. It seems that he went into the wrong dressing room.

### HISTORY CLASS FIELD TRIP

Tuesday, the students of Jack Barnett's Texas History class went on an educational visit to the country home of Ed Bulman. The group was interested in his collection of Indian relics which the class has been studying. Mr. Bulman showed the group his Indian Mummy and explained where he found it. He told the class about the historical background of many articles in his collection. This was very interesting to the class. Mr. Bulman has one of the largest collections of arrowheads in this part of the country.

The trip proved to be very interesting, and educational along with being enjoyable too.

### Valentine Projects Started at Tuesday Brownie Meeting

Brownie members of Troop I met at the Scout House Tuesday afternoon of this week for their regular meeting. Mrs. Pat Harris was assisted by Mrs. Dan Robinson as leaders.

### Mrs. Loden Hostess to Clairette H.D. Club at Recreation Center

The Clairette Home Demonstration Club met January 31 at the Recreation Center. Mrs. George Loden as hostess.

Mrs. Rush presided. The group sang "Ever Onward", with Mrs. Loden at the piano. Prayer was offered by Mrs. Willis. Mrs. Loden led the group in a contest using Abraham Lincoln as subject.

Mrs. Edwards gave the most correct answers and the hostess awarded her a gift. Mrs. Strother also received a gift as lucky lady.

In the short business meeting it was decided to have a dinner at the Recreation Center for members and their guests on Feb. 14. Roll call was answered with "How to Save Time and Energy in the Kitchen," Mrs. Loden presented a talk on Bible Women, and Mrs. Willis gave a talk on Bible Men.

The hostess served a refreshment plate to Mrs. Marvin Rush, Mrs. Chance Sterling, Mrs. J. G. Edwards, Mrs. H. K. Self, Mrs. N. E. McGuire, Mrs. H. G. Wolfe, Mrs. Arthur Auvermann, Mrs. W. W. Head, Mrs. John Willis and a guest, Mrs. Zuella Strother.

The next meeting will be Feb. 16 with Mrs. Rush as hostess at her home. The program, "Yeast Breads" will be presented by Mrs. John Golightly.

GIRL SCOUT COOKIE SALE proceeds will go to further improve Camp Wood Lake on the shores of Lake Brownwood. Here is shown a typical tent bunking area used at the annual summer camp. Local Girl Scout Troop will sell the cookies here Feb. 15-20.

## Girl Scout Cookie Sale Set Here February 15-24

Plans are underway for the Ninth Annual Girl Scout Cookie Sale, to be held February 15-24. Scout leaders have completed special training for the project, and are now planning to train the girls in their troops in procedures for conducting the sale.

Mrs. G. R. Lackey is community cookie chairman for Hico. Three different kinds of cookies will be sold this year: Assorted sandwich, vanilla butter and Butternut roundup. Price of the cookies will be 50¢ per box.

Although cookie funds go chiefly to maintain and develop Camp Wood Lake, the council-owned established camp, each troop receives five cents per box of cookies sold by its members. Any girl who sells 45 or more boxes becomes a member of the Council's "48 Campership Club" and receives a \$3.00 campership to be applied to her camp fee.

Camp Wood Lake is located on the shores of Lake Brownwood and is being built almost entirely with cookie sale funds—money raised by the Scouts themselves. Scout officials estimate 95 percent of the money spent in developing the camp has come from cookie sales.

The camp features a number of new, modern structures, with two of the original four units planned already constructed. Included in each unit are seven to 9 tent frames, a shower house, a unit shelter which is used for program activities and shelter in case of inclement weather. A dining hall with accommodations for 100 people was opened for the first time in 1959. A troop camp building is

open for camping throughout the year.

A new and modern infirmary with facilities for treating minor accidents or illness among campers is also a feature of the camp. Included in this building are nurses' quarters, ward room, isolation ward, and a small kitchen. Another new building is the fire-room caretaker's home.

This year Council proceeds from the sale will be used to construct a swimming pool at the camp. Present waterfront facilities are not adequate for swimming instruction as needed.

At present, the camp accommodates 56 campers per week. Six sessions of camp are held each summer for Scouts in the Council.

Although development and maintenance of the established Camp is one of the purposes of the Cookie Sale, there are four other reasons for having this sale:

1. To give the girl a sense of working toward a common goal and an opportunity to raise funds for their individual troop activities.

2. To make the community aware of Girl Scouts and to acquaint its residents with the camping needs of the Scouts.

3. To enrich troop program through training in sales techniques, record keeping, and meeting the public.

4. To give "satisfaction of a job well done with every Girl Scout participating."

## Local Artists Attend Brownwood Exhibit This Past Sunday

An exhibition of paintings by Mrs. Rita Bettis of Brownwood was held this past Sunday in the Bell Club Room in Walker Memorial Library of Howard Payne University.

Mrs. Bettis' work is recognized by both professional and amateur artists alike for her clean, clear, vibrant color, sensitive design, and flawless draftsmanship. Her art training includes private study with Gaitha Browning, instructor for the Hico Art Club. Paintings exhibited included charcoal, pencil, watercolor and oil.

Attending the exhibit from Hico were Mr. and Mrs. J. E. Lincoln, Mr. and Mrs. Paul Neel, Mrs. Grady Hooper, Mrs. Ed Bulman, Mrs. Ellis Randals, Mrs. Robert Jackson and Mrs. Margaret Randals.

Saturday visitors in the home of Mr. and Mrs. L. R. Gosdin were Mr. and Mrs. Jim Riley and family of Levelland.

Weekend visitors in the home of Mr. and Mrs. A. A. Brown and James were Mr. and Mrs. Warren Cutright and children of Houston. Mrs. Cutright is the former Jimmie Gayle Brown. Sunday visitors in the Brown home were Mr. and Mrs. Finis Brown of Dallas.

## State President Honored By Medical Auxiliary in Stephenville Last Friday

The Women's Auxiliary of Erath, Hood and Somervell Medical Association met in the home of Mrs. Nathan Cedars in Stephenville, Friday, February 2.

A special guest at the meeting was the state president, Mrs. Garlan G. Zedler of Austin.

The Madrigal Singers of Stephenville presented entertainment for the guests preceding a covered dish luncheon.

Mrs. Zedler spoke to the group and was presented an orchid corsage by Mrs. W. F. Hafer of Hico.

Attending the meeting from Hico were Mrs. H. V. Hedges and Mrs. Hafer. Others present were Mrs. Bruce Terrell, Mrs. Vance Terrell, Mrs. J. C. Terrell, Mrs. L. J. Martin, Mrs. J. A. Whitaker, and Mrs. J. B. Whitaker, all of Stephenville, Mrs. H. L. Raley, Mrs. Carl Jordan and Mrs. T. P. Bryan of Dublin, Mrs. D. L. ## Mrs. Ogle Entertains With Club Party Friday Afternoon

Four games of bridge provided the entertainment at the home of Mrs. Sandy Ogle on Friday afternoon of last week when she entertained members and a guest of her club.

Guests were served refreshments during bridge play.

Mrs. Ellis Randals was a guest of the club and members present included Mrs. Sarah Reeves, Mrs. W. F. Hafer, Mrs. M. I. Knudson, Mrs. Ray Check, Mrs. Harold Walker, Mrs. E. V. Meador and Mrs. Jimmie Ramage.

Mrs. Ramage was winner of high bridge score and Mrs. Meador held second high score.

Mrs. Lucille Battershell returned this week from Austin where she had visited several days in the home of her daughter, Mr. and Mrs. Jack Ard and children.

Mr. and Mrs. J. D. Gage of Waco were Sunday visitors in the home of his mother, Mrs. Florence Blackburn. Saturday visitors in her home were Mr. and Mrs. Glenn Lee of Fort Worth.

Mrs. W. E. East and Ronnie spent Friday night in Fort Worth with her sister and husband, Mr. and Mrs. Frank Stidham, and they all attended the rodeo at the Southwestern Exposition and Fat Stock Show.

## Dr. Elsie Jennison Will Present Program at Review Club Meeting

The Hico Review Club met in regular session in the home of Mrs. Ellis Randals Thursday, Feb. 1. The hostess served chifon cake and coffee to 22 members and Mrs. Jack Barnett, a guest.

The group heard Miss Mettie Rodgers give a study on "The National Purpose Project."

Miss Rodgers, fluent speaker and thorough student, read widely to inform herself on the subject, using for research and reference such periodicals as The New Republic, Christian Science Monitor, New York Times, Waco papers, and others. The Commission appointed in 1960 to survey national affairs submitted a mass of material which served as a basis for both the 1961 and 1962 State of the Union messages in which the national goals were presented under two main headings, "Goals at Home" with these points developed: Economy, the Individual, Education, Agriculture, Health and Welfare; Secondly, "Goals Abroad" Under this heading Miss Rodgers mentioned basic foreign policy, discussed the administration's new trade policy, aid to less developed nations, defense of the free world, disarmament, and the U.N. This was an exhaustive study well presented.

In this meeting the Club acted to implement the year's project by voting a sizeable sum to furnish the Home Economics Cottage with good attractive dinnerware, and stainless steel flatware service for twelve.

Those who will serve as club officers for 1962-63 are: Mrs. Morse Ross, president; Mrs. W. F. Hafer, vice-president; Mrs. Marv Marshall, recording secretary; Mrs. Ellis Randals, treasurer; Mrs. Leonard J. Wood, corresponding secretary; Mrs. Wayne Rutledge, parliamentarian.

Closing the program "The Trio," Mrs. O. C. Cook, Mrs. Tom Pratt and Mrs. Jack Barnett, with Mrs. Wayne Rutledge accompanying, sang two numbers "Make Somebody Happy" and "Johnny's So Long at the Fair." The performance of this group always delights their audience.

February 15th study subject is "Trails" when Mrs. Edgar Bradley will be hostess to the club in the attractive country home of her sister, Miss Lucille Robinson, who will at that time have as house guests her friend and teacher associate, Dr. Elsie Jennison, formerly of Texas Woman's University. Dr. Jennison will show films of some of her extensive travels in various countries.

## FUNERAL SERVICES HELD FEBRUARY 1 FOR MRS. SARAH HOSKINS

Funeral services for Mrs. Sarah Elizabeth Hoskins, 83, were held Thursday, February 1 at 2:30 p.m. in Clairette Methodist Church, with Rev. A. L. Cronk officiating. He was assisted by Rev. Dick Senter, Baptist pastor.

Granny Hoskins was a member of the Clairette Methodist Church. She was born Dec. 18, 1878 at Cedar Bluff, Alabama. She came to Clairette to make her home a few years ago from Sikeston, Mo. after her husband passed away.

She is survived by two daughters, Mrs. Flora Haley and Mrs. Ora Williams of Clairette; five sons, Norman of Dexter, Mo., Harrison of Belton, Wesley of Vallejo, Calif., Leonard and Melvin Hoskins of Salinas, Calif.; 41 grandchildren; 67 great-grandchildren; two sisters, Mrs. Ada Hawkins and Mrs. Pluma Moats; one brother, Oscar Bishop of Cedar Bluff, Alabama.

Burial was made in Clairette Cemetery under the direction of Barrow-Rutledge Funeral Home. We extend our deepest sympathy to the bereaved families.

## MISS SUSIE WHITE AND MR. CUNNINGHAM WED

Miss Susie White, daughter of Mr. and Mrs. James R. White of Irving, and Pete Cunningham, son of Mr. and Mrs. Paul Cunningham of Dublin were married at 7 p.m. Friday night in the home of her aunt and husband, Mr. and Mrs. Wayne Chapman in Carlton, with Rev. Lloyd Sanders of Dublin, pastor of the Carlton Methodist Church, performing the double ring ceremony.

Mrs. Rita Slinger, cousin of the bride of Stephenville, was maid of honor and Jim Whitehead of Dublin served as best man.

The bride, given in marriage by her father, wore a princess gown fashioned of white crystalline with a deep V neckline and long tapered sleeves. Something borrowed was a string of pearls belonging to her grandmother, Mrs. W. W. Sharp Sr. of Carlton. She carried a white Bible, a gift from the bridegroom, topped with a white orchid.

Only relatives of the couple attended the wedding. A reception was held in the Chapman home following the ceremony.

For traveling the bride chose brocade blue suit with black accessories.

Upon returning from their honeymoon they will make their home at 519 Grifton St. in Dublin. The bride is a 1961 graduate of Carlton High School.

Mr. and Mrs. Ben Stiemann and sons of Clovis, New Mexico were visitors Sunday with her uncle and wife, Mr. and Mrs. L. H. Lunsford, Roy and Arlene.

Walter Smith has been a patient in the Hico Hospital since last Thursday.

Mrs. Jim Pierce is visiting in Amhurst with her sister-in-law, Mrs. Myrtle Parks.

Leo Finley of Walnut Springs visited Thursday afternoon with his mother, Mrs. Jessie Finley.

Mr. and Mrs. Wesley Warren of Fort Worth spent the weekend

with his sister and brother, Mrs. Mary Mitchell and Mr. and Mrs. Truman Warren.

Mr. and Mrs. Dave Farrar, their daughter and husband, Mr. and Mrs. Maples of Newburg spent Wednesday with her sister, Miss Willie Johnson and Mrs. Fred Geye.

Mrs. William Christopher and children of Fort Worth were weekend visitors with her mother, Mrs. S. B. Shaw. They all visited in Ranger Saturday with her son, Robert Shaw and family, and to meet her new grandson, born Thursday.

Mr. and Mrs. Charley Proffitt visited Sunday in Fort Worth with their grandson, Joe Marshall Vaughan and family, and see their new great-granddaughter.

Robert Bowden returned home Wednesday from the Hico Hospital where he had been a patient several days suffering from a severe heart attack.

Mr. and Mrs. Hob Thompson visited Sunday in Abilene with parents and sister, Mr. and Mrs. Ollie Thompson and Ollie Ma.

Mrs. V. O. Porter and son, Porter and family and her sister, Lizzie Leach of Stephenville were afternoon visitors Sunday with their sister-in-law, Charley Dyer.

Mrs. Stella Richardson of Carlton, who has been in the Rest Home in Hico several weeks is a patient in the Hico Hospital.

Mr. and Mrs. Culmer Johnson and her sisters, Miss Mittlebright and Mrs. Ben Nowwood, husband of Dublin visited Sunday in Ennis with their uncle, Shaffer, who is in the Old Home there.

**Proper Procedure Given For Pasture Planting**

Planting failures are costly. Cost of seed, seedbed preparation, fertilizer, and labor of re-planting all add to the cost. In addition, the use of the land is lost for at least a year when failures occur. All this makes it necessary to cut failures to a minimum by doing those things that the percentage of the time will insure success.

Cooperators in the Hamilton-Coryell Soil Conservation District have found it pays to follow procedures that give reasonable assurance of success in the establishment of grass. The first consideration is the planning of the pasture. Here thought should be given to the needs for a particular grass in the livestock operations. A decision must be made whether a summer or winter grass is needed and whether a high or average producing grass is desired. Consider species which are adapted to the particular soils and climate. This planning should be well in advance of planting. Choose the grass to fit a particular need.

Another important step is seedbed preparation. The seedbed should be well prepared as for planting any other crop; for example—corn or grain sorghum. It should be free of weeds. It is ideal to prepare seedbeds in the fall for planting the following spring. The seedbed must be firm. Plan on fertilizing the grass. It has been proven that grasses are greatly stimulated in growth by the addition of nitrogen fertilizer. Place fertilizer in bands directly beneath the seed or sod. If it cannot be put in bands, fertilize as a side-dressing after the stand of grass is obtained. Fertilizer put on the surface or broadcast and plowed in usually results in a heavy growth of annual weeds and grasses. Use good quality plant materials. In the case of a sodding operation, roots should be planted as soon after digging as possible.

After digging, keep the roots moist until they are planted. Sod in 36.40 inch rows at the rate of 8-10 bu. per acre. Plant about two and a half inches deep. Grass seed should be planted at depths of one-half to three-quarter inch, no deeper. Planting rate are available at the Soil Conservation Service offices at Hamilton.

After planting, control competition. This can be done by shredding. Do not shred closer than 4.6 inches. Chemicals can be used to control weeds, provided manufacturers' recommendations are followed.

Good stand of grasses can be obtained under average weather conditions if the following principles are followed:

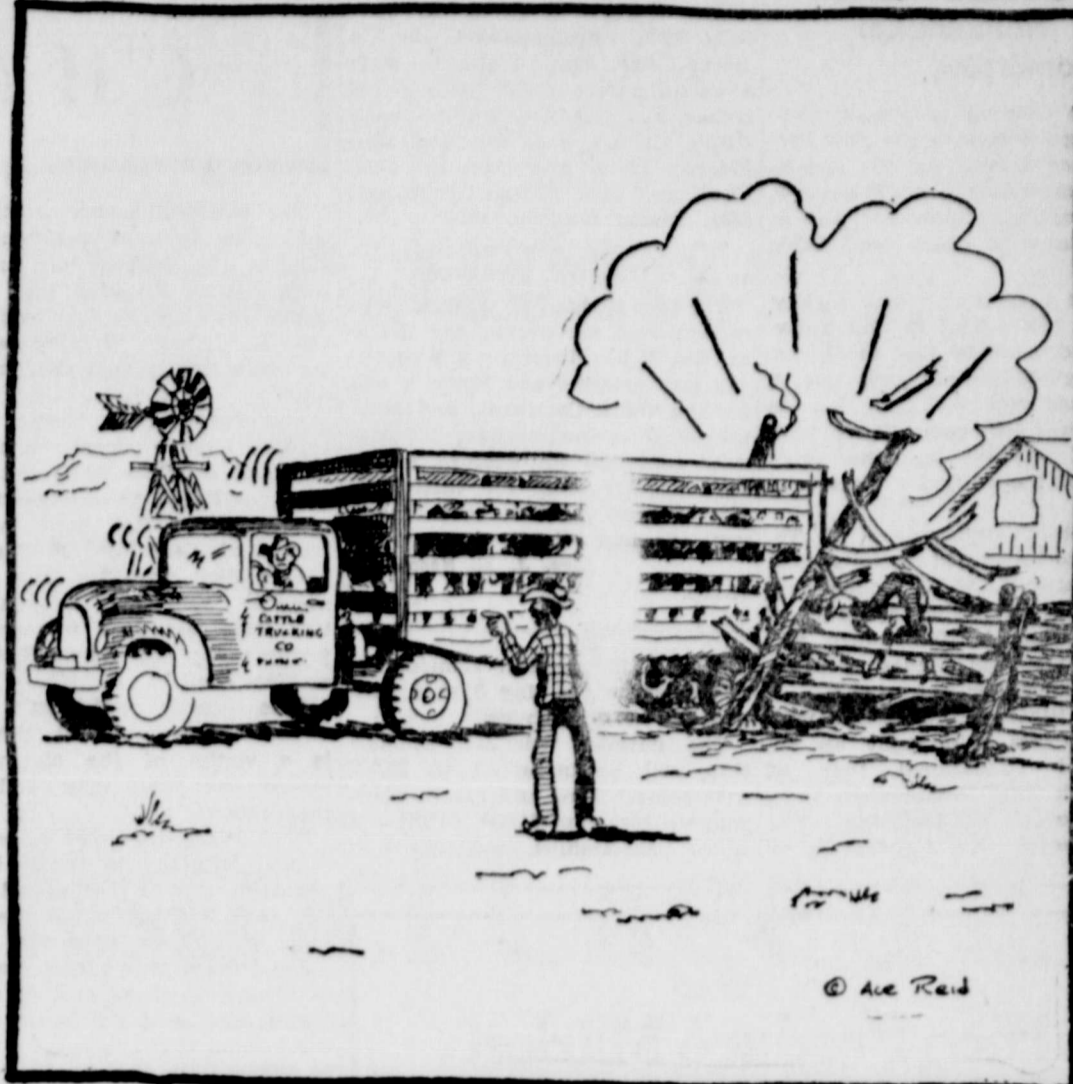

1. Make plans ahead. Choose the grass to fit a particular need.
2. Seed or sod on a well prepared clean seedbed. Prepare well in advance of planting.
3. Use good quality plant materials.
4. Plant at a uniform rate and depth.
5. Fertilize in bands at time of planting or as a side-dressing after stand is obtained.
6. Cultivate, spray or mow to control competition.

There is no such thing as a permanent and high producing tame pasture unless it is well managed and receives maintenance treatment. Grass is a living thing. It can be starved or it can be made to grow. The grass plant is a factory. The area of leaf surface it has will largely govern its ability to grow provided moisture and fertility are available. Therefore, close grazing will reduce the quantity of forage produced. It pays dividends to graze grass properly.

By HELEN OGLE

The taste of spring weather in this area brought everyone outside to inhale fresh air and absorb all the sunshine they could. After planting garden last week Doc Leeth says "that winter rest we had shore tells on your muscles now!"

And Granny (Mrs. Nettie) Meador may have a record, as she got her first sunburn while out walking last Saturday afternoon.

Remember what the weather was like a year ago? Well as Edgar Bradley says "It's hard to remember from year to year, but this time last year we were enjoying a six-inch snow followed by an ice spell."

Bess Mingus really isn't crying about things—it's just that she is a victim of the allergy that leaves her with eyes and nose that run.

Well, Watt Ross says he has had it and is ready to throw in the towel, shoes and that prized bowling ball. Nothing wrong—says he just can't bowl anymore.

Jen Horton was taking time out to attend to those end of month duties, and said she really didn't mind doing it but thought it would be much more fun to do the collecting.

The nicest thing that can happen to a person is retirement, says S. B. Starnes who is living it up. And who wouldn't enjoy sleeping late and absorbing the morning news over a late breakfast.

Marie Laurence was enjoying attending to errands in town this week as she was driving the new family car.

Tyrus King swears there is a big hump in that street and says the fall really didn't hurt—just the sixteen ribs he broke.

**LATE FAIRY NEWS  
Former Fairy Resident Dies in Fort Worth**

Mrs. Herman Sills of Fairy received word early Tuesday morning that her aunt, Mrs. Laura Newton of Fort Worth had passed away in a Fort Worth hospital where she had recently undergone surgery. She is survived by two sisters, Mrs. Claude Brunson of Hico and Mrs. Ester Huckabee, and four brothers, Johnnie Grimes of Fairy, Albert Grimes of Hico, Nat Grimes of California and Henry Grimes of West Texas.

Funeral services were held at 2:30 p.m. Wednesday in Fort Worth. Mrs. Newton was the widow of the late Ollie Newton, who was killed several years ago while wrecking a building. Their teenage daughter, and only child, was killed in a car wreck several years ago.

Mrs. Newton was the former Miss Laura Grimes, daughter of the late Mr. and Mrs. B. A. Grimes of Fairy.

**Fairy MOD Drive Tuesday at School**

The program at the Fairy School Gym held Tuesday night for the benefit of the March of Dimes netted \$62, Mrs. Carl Ray Sellers, chairman, has reported.

There will be more local donations before the fund is turned in from the Fairy community. Mrs. Sellers stated that she wished to thank everyone who had a part in the program and made it a success.

And there's Bette Meador who is afraid to start the day's routine until she finds out what her horoscope reading is.

Wayne Rutledge says you just as well get those bills paid so you can get started on another month.

Keeping up with the household routine is a big job for Lorene Randals and now she has a monkey and four guinea pigs to assist her.

After weeks of patient recuperating Robert Jackson says he is most glad to be allowed to return to work.

Coffee time was in order for Bess Larkley and Lucille Griffiths after attending WSCS program, which was much more fun than heading home to work.

"It's the classified ads that go results, so help me sell this deer freeze," was a request from Paul Neel.

And off to press with this guy—Money talks as loud as ever, what it says nowadays makes less cents.

Mr. and Mrs. J. F. Word and Kenneth visited Sunday in Arlington with their daughter and sister, Mr. and Mrs. Tony Litch and family. Mr. and Mrs. James David Word and Ricky of Fort Worth also visited in the Litch home Sunday.

Mrs. Annie Gordon spent last week in Fort Worth in the home of her son and family, James C. Gordon. Her grandson, Jim Tom Gordon, left Monday for Camp Carson, Colorado where he will spend the next 8 weeks in training for Army service.

Sunday visitors in the home of Mrs. Fred Blackburn was two of her daughters and their families, Mr. and Mrs. Irvin Duckworth, Charles and Sharon of Fort Worth, and Mr. and Mrs. John E. Pouts, John Willis and Steven of Stephenville.

**CARD OF THANKS**

I wish to thank all my friends and neighbors for their cards, visits and other expressions of kindness shown me during my recent stay in the hospital. Especially do I thank the doctors, nurses and entire staff of Hico Hospital.

O. D. Montgomery

**Bess Mingus Dress Shop**

He who has a thing to sell  
And goes and whispers in a well,  
Is not so apt to get the dollars  
As he who climbs a tree and hollers.

**NEWSPAPER ADVERTISING**

makes it Easy to Sell your Service or your Product!

Like the branches of the tree, NEWSPAPERS reach out into space — into the vast areas of the trade territory — into every home in every community, telling one and all about local happenings, local products, and local services.

It has its roots in all affairs — for your good and the community's.
