Warwick Jenkins Makes Formal Announcement of Senate Position

Warwick Jenkins, 40 year old Waxahachie lawyer, this week formally announced his candidacy for the office of State Senator for the Senatorial District, to succeed Crawford Martin.

Jenkins was born and reared in Waco, the descendant of a Texas family prominent in the affairs of the State, Baylor University and the Baptist denomination since the days of the Republic. He was educated in public schools, and completed three years of college, working his way through Baylor, prior to his capture by World War II, returned to Baylor after 42 months service, including combat duty in the European Theater of Operations with the 743rd Tank Battalion, the assault unit of the Infantry Division, and completed both the academic and law course in 27 months, graduated with honor in June of 1948, and Mrs. Jenkins, the former Barbara Graham Clack, of Fort Worth, South Carolina, are the parents of James R. Jenkins, II, 13 years old and John C. Jenkins, 11 years old. They established their home in Waxahachie in 1948, which time Mr. Jenkins has

Farm Bureau Stages Membership Drive Beginning Feb. 19th

Charles Schuman, president of the American Farm Bureau Federation contended this week that the U.S. Government intends to take complete control of the nation's food supply, land and farmers.

Schuman, head of the country's largest organization of farm families, spoke at the 50th anniversary meeting of the Kankakee County, Kansas, Farm Bureau.

"Seven dollars is a small fee to pay to protect an investment amounting to thousands of dollars, but that's all a membership in Farm Bureau costs," according to Chester Martin of Claiborne, president of Erath County Farm Bureau.

Mr. Martin announced that the local county organization is staging its annual membership drive beginning February 19th with a meeting at Claiborne Community Center at 7:30 p.m. L. D. Jordan, Area Field Representative for Texas Farm Bureau, will be speaker. The public is invited to attend.

"The Farm Bureau is owned and controlled by its members and is primarily designed to safeguard and promote agricultural interests on the local level, in Austin and in Washington," Martin said. He explained that one of the benefits of a membership in Farm Bureau buys is full-time representation in the Texas Legislature and national Congress.

"Farmers and ranchers cannot afford to be disorganized. Individual volunteer membership workers will be calling on farmers and ranchers and those interested in agriculture asking you to join Farm Bureau. If they come to see you, join with them and you'll see how Farm Bureau works

Play-Off to Determine Boys' District Cage Title

Former Resident, Fred Salyer, 80, Buried in Okla.

Friends here have recently learned of the death of Fred Salyer, 80, former resident of this area, Dec. 30, in a Lawton, Okla., hospital after a short illness. Funeral services were held at Binger Funeral Chapel in Lawton Dec. 31.

Mr. Salyer, a retired farmer of Cordell, Okla., was born Feb. 6, 1882 in Meridian, Ia., and moved with his parents, the late S. H. and Sarah Margaret Salyer, to Louisville, Ky., at the age of two. In the late 1890's, he settled in Erath County. He married Miss Maggie Winborn, who died in 1955.

Survivors are a son, E. D. Salyer of Lawton; two daughters, Mrs. Faye Brown and Mrs. Hazel Sewell, both of Oklahoma City; three sisters, Mrs. Edith Terrill of Los Angeles, Calif., Mrs. Ethel McNeill of Gracemont, Okla., and Mrs. Guy Aycock of Hico; two brothers, P. W. Salyer of Edmond, Okla., and M. D. Salyer of Topeka, Kan.; five grandchildren and one great-granddaughter.

for agriculture," Mr. Martin concluded.

Soil Leader Receives Bankers Plaque

Carl King of Fairy last week received a plaque at a meeting of the Hamilton Lions Club as the outstanding supervisor in the Hamilton-Coryell Soil Conservation District.

The award is sponsored annually by Bankers Committee for the district, and the plaque was furnished by Texas Bank and Trust Co. of Dallas. Bill Manning of Perry National Bank in Hamilton made the presentation.

ERATH SINGING SUNDAY

The regular third Sunday singing of the Erath Co. Convention will be held February 18 at 2 p.m. at the Primitive Baptist Church in Stephenville.

Games On Tap Thursday, Friday and Saturday Nights

Hico and Valley Mills boys' roundballers will go at it in a three-game playoff this weekend to determine the district champion.

Valley Mills shot into the playoff picture Tuesday night when they gunned down the locals at the Hico gym to cop the second half title in district play. Hico had previously won the first half crown, and needed the game Tuesday for undisputed championship.

First game in the best two of three series was being played Thursday night, Feb. 15 at the Hico gym. The second game will be played Friday

night, Feb. 16 in Valley Mills, and should the third game be necessary the two teams will move to Morgan Saturday night. All the games begin at 8:00 o'clock, and only one contest each night will be played.

The status of the Hico girls, who defeated Valley Mills Tuesday night, is still undecided.

Hico officials have been of the opinion that should the girls win Tuesday, then they and Meridian would be tied for the second half title, necessitating a play-off to determine the winner. On the other hand Meridian officials have considered their team as the district representative by virtue of having won the first half, and having defeated Hico in second half play, even though the two teams are now tied in number of games won and lost for the second half.

A district meeting will be held, probably Monday night, to determine the winner and make a ruling on future situations such as this. The league constitution contains no provision at this time for the situation.

Hico copped both games at Valley Mills last Friday night, with the girls winning 25-24, and the boys following up with a 41-30 win over the Eagles.

Tuesday night the local girls jumped into a first quarter lead which they never relinquished, and went on to post another one-point victory, 32-31.

In the boys game the locals led for the first three periods before falling back, Valley Mills took the lead midway of the final period and went on to cop the win 42-40 and throw the district race into the playoffs.

One of the largest and most enthusiastic crowds in several years packed the local gym Tuesday night to witness the action. Fans are urged to keep the Thursday, Friday and Saturday night dates in mind, and attend the games.

Salmon's Take Sole Possession Of Bowling League Lead

By MORSE ROSS

League Secretary

Pins flew furiously last Wednesday night at Tejas Bowling Lanes as the Hico Mixed League had one of its better nights. Nine women keglers rolled above 400 and several more were close. Five men topped the 500 mark with one 607 in the group.

After the last pin had fallen, Salmon's Shoppers were in full command of the league lead. The Shoppers took 4 points from Blair's Whiz Kids and Steve Parks, Orphans swept 4 points from Hico Motor Darts. F.W. Ranch surprised Judy's Beauties by outscoring them 3-1. Two games finished in draws. Hico News Review News-hounds dropped to second spot by splitting with First National Tellers and Cheek's Kingpins drew with Wilson's Dynamos.

All of the Shoppers rolled above average in their win, with Shirley Ross rolling 478, her top series to date, Ruth Salmon 414 and substitute Hershel Sherrard coming through with a 457-173 series. Bill and Willard Leach rolled well, and Jim Jameson finished strong for the Whiz Kids.

Morse Ross of the Shoppers set a new league standard when he laid down a 607 series. Previous high was a 599 by Watt Ross. Morse put together games of 226, 212 and 167 for the high mark.

The Orphans, after a lapse last week, made up for lost time this week by turning in some top scores. Verma Parks had a 161 and Odis Petsick's 581 series came close to the league high series. Steve Parks also had a nice series.

F.W. Ranch Cowhands climbed into fourth place in the league with three members, Wilma and Derel Fillingim and June Roberson rolling way above their averages. Although the Beauties lost, Von and Mary Scott turned in good scores. Von has consistently been in the top three scoring list for weeks, and turned in his best series to date with 561 pins. Mary had 420.

The Kingpin-Dynamo match was one of those "You take it, I don't want it" affairs with each side trying to give the game away. Pauline Bullard rolled well for the Kingpins and Sarah Reeves and Jack Goodman bowled well for the Dynamos.

Buddy Randals led the Tellers in their split with the News-hounds. His 506-213, Marlene Kilgo's 419 and George Kilgo's 465 offset Watt Ross' 527-212, June Parks' 407 and Bette Meador's 399.

At a board of directors meeting after the league, it was decided to add two teams to the trophy list. The winner of the first half

will play the winner of the second half for first and second places, while the second place finishers will play for third and fourth.

LOCAL KEGLERS IN SPOTLIGHT

Hico Bowlers have fared well in various bowling leagues at Tejas Lanes in Stephenville in recent weeks.

The Hico Outlaws a men's team consisting of Hershel Sherrard, Pete Keller, Steve Parks, Buddy Randals, Jim Jameson, Paul Hamilton and Charles Goughlight, recently brought home trophies for winning third place in the Tuesday night Commercial League. The Hico Alibis, made up of Watt Ross, Ray Keller, Von Scott, Odis Petsick, Ray Cheek, G. M. Bullard and Morse Ross are currently leading the same league. This team set a new house record for a five-man team by racking up a 1051 game and also hold high league series with 2829 pins. Morse Ross is currently in third spot in the Men Major Singles league.

Salmon Dept Store, sponsors of the league leading Shoppers in the Hico Mixed League, also sponsor the Crazy Kats, a ladies' team consisting of Ruth Salmon, Judy Keller, Joan Keller, Mary Nell Scott, Louise Blair, Shirley Ross and Gladys Partain, which is currently leading the Ladies' Twilight league on Monday nights.

From Your Fire Department—

Volunteer Notebook

(The following article will be a bi-monthly feature in the News Review columns, in cooperation with the Hico Volunteer Fire Department. The feature will appear after each meeting of the department, giving details of fire calls, practice meetings, etc. Willard Leach, veteran member of the department, is author. Purpose of the article is primarily to acquaint the public with the activities and duties of the company. Ed.)

By WILLARD LEACH

The Hico Volunteer Fire Department met in regular session Monday night, Feb. 12, with 16 members present. Business was transacted as usual.

Louis Chaney reported that the rural truck was ready for use, after installing a new motor.

There has been five rural grass fires, and one barn in the city

limits, belonging to Frank Smith, in the last ten days.

The grass is dry, and the public is urged to please be careful with fire.

The Company welcomed a visiting fireman, Cotton Dorman of Meridian.

Department members wish to express thanks to Mrs. Edith Lucille Robinson for her donation.

Safety suggestion for this week is "Burn trash in the early morning and place screen wire over container before burning."

Members present at the Monday meeting were: L. J. Chaney, Alvin Casey, Glenn Higginbotham, Willard Leach, J. C. Prater, John Cooper, Frank Williams, Des Cody, Theibert Roberts, Monroe Latham, W. R. Hampton, Fred Jaggars, Harvey Hewerton, Sherman Roberson, Von Scott and Edmond Hudson.

Girl Scout Cookie Sale Underway Here This Week

Intermediate and Senior Girl Scouts in Hico are participating in the Ninth Annual Cookie Sale, sponsored by the Texas Girl Scout Council. G. R. Lackey, local chair, announced last week.

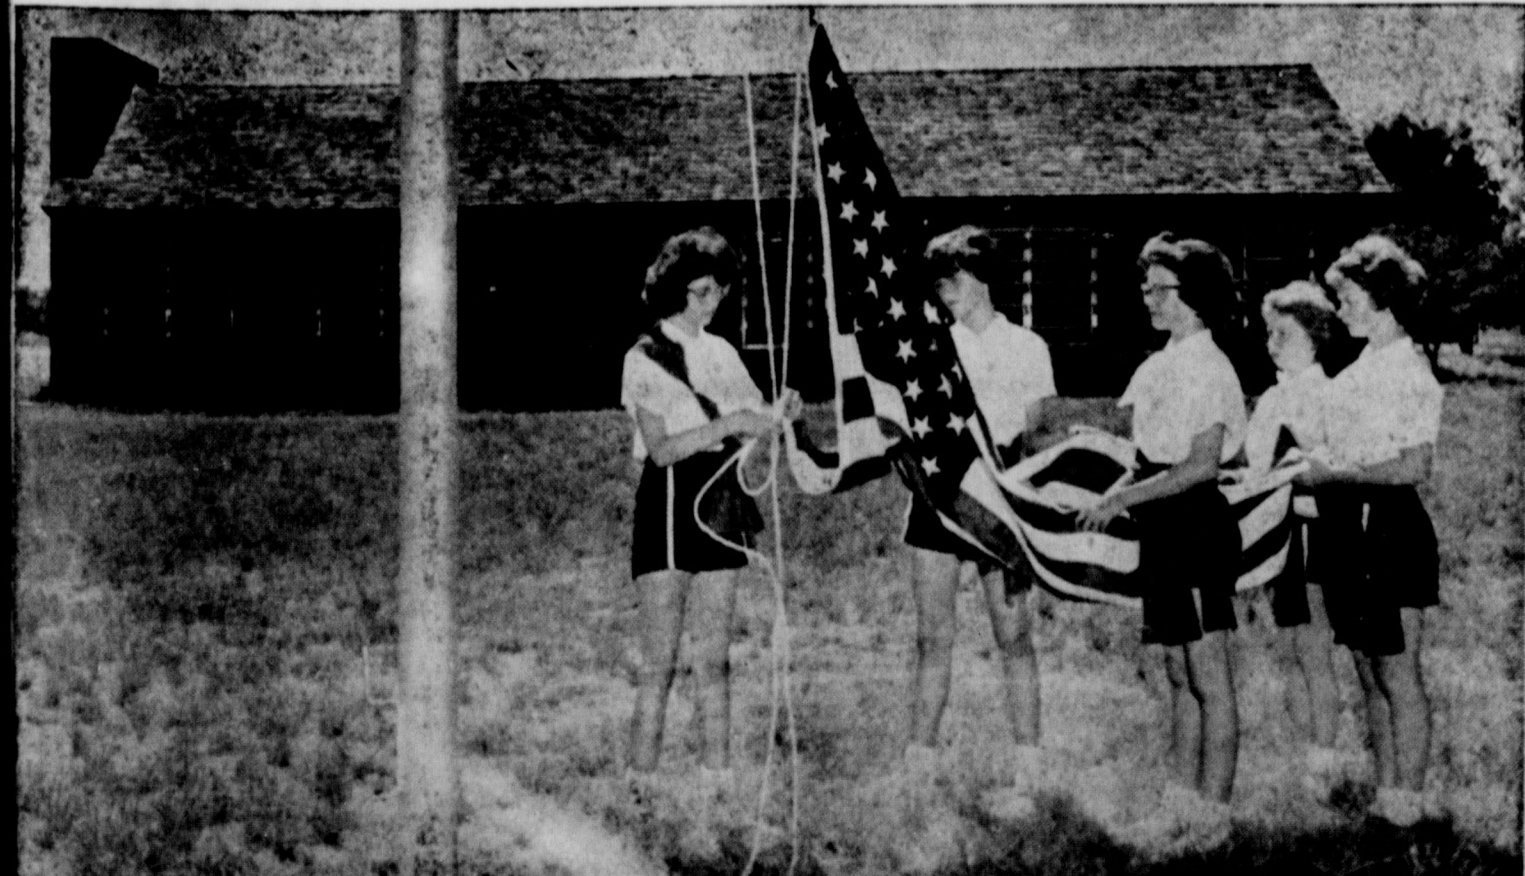

The sale began Thursday of this week and will continue through Friday, Feb. 24.

Plans for the maintenance and improvement of camping facilities almost entirely from this sale. Council proceeds from Girl Scout sale will be applied to most of building a swimming

pool at the council's established camp, Camp Wood Lake, since present waterfront facilities are not adequate for instructional training.

Three different kinds of cookies will be sold this year, assorted sandwich, vanilla butter and buttermilk round cookies.

"With a swimming pool at camp as a goal toward which to work, I'm sure the Girl Scouts in Hico will be working hard to sell their share of cookies. We are asking the support of friends of Girl Scouts," Mrs. Lackey said. "In making this sale the best yet"

GIRL SCOUT CAMP—Shown here is the main lodge of Camp Wood, Girl Scout Camp at Lake Brownwood, which

benefits directly from the annual sale of cookies by the organization. Sale is underway here this week.

IN BASIC TRAINING—Pvt. John T. Ryan, son of Mr. and Mrs. J. D. Ryan of Hico has been assigned to Company E 398th Regiment at Fort Chaffee, Ark., where he will receive his basic combat training. During the 8-week course he will be given instruction in fundamental military subjects such as first aid, dismounted drill, map reading and military tactics. He will qualify with the M-1 rifle. After basic training Ryan will be advanced to individual training in one of the thousands of specialties required in a modern army. Ryan is a graduate of Hico High School.

CLAIRETTE

By Mrs. Lucile Mayfield

A grandson of Mr. and Mrs. Lee Marshall, Bobby Cornelius, son of Mr. and Mrs. Gene Cornelius of Hamilton, was recently nominated for the National High School All-Star football team. Along with a plaque, he received a letter from the organization's chairman, Mose Simms, which reads as follows: "You were nominated by sports writers and broadcaster of your section for the 14th annual All-American football squad of 1961. This automatically places your name on the eligible list to take part in the annual football game to be played May 19, 1962. "If you are selected by the coaches and our selecting committee as one of the 44 boys to play in the game you will be furnished all expenses from time you leave home until you return."

Cornelius was fullback on the Hamilton High School district 8-AA champion team last fall.

Gardening time is about here and a good rain is needed before the planting. A rain would also help the sick-looking grain crop left from the freeze in January.

The Busy Bee Club members put in a quilt to help raise funds for the cemetery project. Everyone interested in helping care for the graves of their loved ones are asked to see the club members and help them get some money in the treasurer for this year's working or see the cemetery committee.

The club members met with Mrs. Zenith Johnson Thursday afternoon. Games were enjoyed by the group and prizes went to the lucky persons, Mrs. Bill Head and Miss Nola Lee. The next meeting will be with Eunice and Nola Lee.

YOU can do something about the 10% Federal Excise Tax on Telephone Service

Your telephone is a necessity, yet since 1942 you have been paying the federal government an additional 10% just for talking, the only public utility so taxed.

YOU can do something about it. The current Congress can act on this unfair tax in this session—if YOU let your congressmen and senators know how you feel about it NOW!

RESOLUTION OF RESPECT

To the Memory of Herbert F. Sellers: From Hico Lodge No. 477, A. F. & A. M.

WHEREAS: Through the mysterious dispensation of the Supreme Grand Master and Ruler of the Supreme Grand Lodge above our beloved Brother Herbert F. Sellers has been called from the "Labors" of this life, and has entered into a higher and nobler station, reserved for the True and Faithful member. The thread of a good life has been broken and his spirit has taken its flight to that Eternal Home, not made with human hands, where God reigns forever. The strong bonds of Friendship and Fraternal Love which closely links one to another, has been weakened by his passing, and his Brother Craftsmen are left to mourn his untimely fate.

AND WHEREAS: His life was a source of good and splendid achievements, and the influence of his loveable character and noble deeds, and will continue on down through the years, reflected in the lives of those who knew and loved him.

THEREFORE, be it resolved that we offer our deepest heart-felt sympathy to Mrs. H. H. Tracy, his daughter, and to all other relatives who mourn the loss of their loved one.

RESOLVED: Secondly, that a copy of these resolutions be sent to the Hico News Review for publication, the original, be sent to the family, and a copy spread on the minutes of our Lodge.

Stearman Ranch Featured in Star-Telegram Farm Section

(ED NOTE: The following story concerning Stearman Ranch was featured in the Farm and Ranch section of the Fort Worth Star-Telegram Sunday, Feb. 11, and is being reproduced here in the interest of local readers.)

By JON MC CONAL
Star-Telegram Writer

Six years ago, Bill Stearman put out the fire and called the dogs at his Dallas building firm. He took what wealth he had accumulated, sold the Stearman's dream house in the city and bought a ranch 11 miles southeast of Hico.

The Stearman's new home on four and a half sections of rolling and hilly pastureland, was, for the four-member family, going from one extreme to another. In Dallas their closest neighbor had been within spitting distance. On the ranch, it's a good mile and a half to their first neighbor.

Stearman, a Texas A&M graduate with a civil engineering degree, had nursed a desire throughout his life to go back to the farm where he was raised. His father was a farmer near Cedar Hill.

This desire stuck with Stearman throughout World War II. He was an officer in the Corps of Engineers during the European campaign.

This is an example of what is commonly referred to as: "You can take a boy out of the country, but you can't take the country out of a boy!"

Buck Trend.

The case of the Stearman's moving from the city back to the country departs from many of the statistics about rural people moving to town. Figures, however, seldom tell of people like the Stearman's who move back to the country and wrestle their living from the land.

This living from the land just doesn't happen. It takes hard work keeping up with the times, and in Stearman's instance, the initial

ting of a program that's meant to conserve and strengthen the pastures where his cattle graze.

Drawing a conclusion from Stearman's own philosophy, it's a long practice, tailored to bring in enough income to support his family. It's solid, filled with practices such as an improved breeding program and a rotational deferred system of grazing.

Stearman has his place divided by cross fences into five pastures. His cattle generally run in two herds.

"I try" explained the lanky rancher, "to defer one or two pastures for at least six months every year." This is part of his grass-land improvement plan.

Stearman has to have such programs, when considering what he wants and expects from his cows. In short, he expects his mother cows to remain in good shape throughout the winter on regular feedings of cottonseed cake.

He also wants these cows to raise calves that will wean at eight or nine months with average weights of about 490 pounds. That sounds like high qualifications for cows to follow.

In Good Shape.

But checking on Stearman's 50 mother cows it doesn't take long to see that he's hitting this nail on the head. His cattle, bred to polled Hereford bulls, were in mid-January, all carrying good, stocky, well-built offspring.

The mothers of these uniform calves were as equally impressive. In spite of recent cold, icy weather, they were all in good shape, carrying good flesh.

Though the cows are bred to registered bulls they are not pure-bred. They're just a top quality grade of commercial Herefords which any commercial stockman would be proud to see running in his pastures. The main herd sire is GHR Anxiety Domino 366.

Stearman never creeps his calves. Yet he expects them to hit that average of about 495 pounds when he markets them in the sum-

mer. And he wants more. "I want my calves," he asserted "to be of good quality for feeders so they bring top prices."

Looking at Stearman's past records on his calves that went to the feedlot it would seem that feeders would clamor for them. According to figures kept on the Stearman animals they hit an average daily gain of 2.10 pounds per day after being placed on feed.

"I'd like to see that get up to around 2.5," Stearman said.

Improvements.

Stearman believes in helping his cows. He has accentuated this, by pasture improvement programs. For example, in 1959 he harvested 2,000 pounds of native grass seed from a strong pasture and sowed the seed on parts of his land where the grass was thin.

Other improvement practices followed by Stearman include the eradication of mesquite on his ranch by oiling. In what he calls his "mountain pastures," Stearman runs goats. They help keep the cedar and other brush down.

Regarding his pastureland, Stear says he wants to see the whole place in pasture. He headed in that direction recently by re-seeding his cultivated land in blue-stem and other native grasses.

"In my way of thinking" explained Stearman, "a person should specialize in one thing—my speciality is cattle and good grassland."

In order to keep his breeding program going at the top level he desires Stearman keeps the best 10 or 12 heifers each year for herd replacements. All Stearman cattle, bearing his "steerhead" brand, are also in the Pioneer District Beef Performance Association. This organization keeps a close tab on cows, their production and the weight of the calves at weaning time.

A firm believer in high producing cows, Stearman gave his definition of such an animal. "A high producing cow to me" he remarked "is one that will raise a heavy-weighting weaning calf."

That he is achieving these aims was proven in 1959 when he had the grand champion pen of feeder heifers at the July stocker-feeder sale at the Fort Worth Stockyards.

Bloodlines

Stearman knows the bloodlines of Hereford cattle. He feels that you can achieve hybrid vigor by changing bloodlines. Consequently, he stays on top of which particular bloodline is doing what by reading breed magazines and attending registered sales.

Actually, the Stearman ranch is more than just a cattle station. It's a place for the whole family to work together in close-knit unity and that's exactly what they do.

It's not a strange sight to see Mrs. Stearman riding a horse and helping her husband work cattle. An attractive black-headed native of Wise County, Mrs. Stearman professes a strong love for this life.

"Sometimes the horses and I don't agree," she laughed, "but I manage to stay on them—most of the time anyway."

The Stearman children also pitch in and help with the ranching operations. Bill, 10, and Lucy,

A TRIBUTE TO THE MEMORY OF B. E. DUNCAN

By Mrs. Lee Barry

B. E. (Bob) Duncan, with his parents moved to Waco when he was two years old, moving from there to Meridian when he was yet a young man.

He and the former Miss Frank Barry of Ireidel were married on January 1, 1905. No children were born to this union, but hand in hand they walked and worked together, accepting with gratitude the success that came their way and meeting the hard years as a challenge, and with faith in the tomorrows.

Mr. Duncan believed in hard work. He loved the early mornings, the sunrise in the east, riding the range and answering the calls that the new day gave, and as the night drew near he would turn homeward under the starlit skies for his well earned rest. He was blessed with a long and useful life. After retiring from his ranch activity he gave much of his time helping others.

There were the many daily trips to the post office, and mail delivered to neighbors who were not able to leave their homes. There were the long afternoons made shorter from his visits with a sick friend. Then many evenings he brought cheer and hours of happiness to one confined to his room, through a game of dominoes or talking over experiences gone by.

In the business world Mr. Duncan had foresight, clear thinking and good judgment. In time of trouble and need, his warm, kind

8, with flowing blond hair, seem to have been born with a cattleman's instinct.

A fifth grader at Hico, Billy says even that someday he and one of his city-cousins are going to have a ranch.

"We want to be partners," he said solemnly.

His little sister, who dresses like a cowgirl most of the time, isn't coy about her future with livestock. At present she's longing for her ninth birthday so she can become eligible to show calves as a 4-H Club member.

Both routes seem to point toward further improvement of the Stearman ranch and cattle.

heart quickly and quietly responded to the call.

He and his faithful wife, Frank, had the pleasure of celebrating their 57th wedding anniversary January 1, before his passing away on January 23.

Knowing how well he loved the great outdoors this poem is dedicated to his memory.

REFUGEE

By Low Sarett

When stars ride on the wings of dust,

Out on the silent plain,

After the fevered fret of day,

I find my strength again.

Under the million friendly eyes

That smile in the lonely night,

Close to the rolling prairies' heart

I find my heart for the fight.

Out where the cool long winds

blow free,

I fling myself on the sod,

And there in the tranquil solitude

I find my soul—and God.

WASHINGTON—

As It Looks From Here

By OMAR BURLESON, M.C.
17th District, Texas

More than three years ago this column attempted to discuss "automation". We were reminded that in the years immediately ahead it would become a common term.

This is now the case. The effect of automation is reflected in numerous pieces of legislation now before the Congress and has a relation to practically all Government operations. It becomes a part of a proposal to retrain workers displaced by machines; public housing; recreation; international trade; and even the farm problem.

Technology is even overtaking the planners. By reason of it, the planners become more bold and ideas projected for meeting the advances of automation become more drastic.

Referring to new farm legislation, the President recently said "We will enjoy the fruits of the technological revolution only if we recognize its implications." Apparently the President was saying that farm policy has not kept up with farm technology. If it is true in agriculture it is equally noticeable in human welfare problems.

Relief rolls represent, to a very large degree the consequences of machines. Many of them are people left behind by these complexities in our society.

A study of the problem of automation by a private institution comes up with the title "The Silent Conquest." This publication shows how machines are displacing white collar workers, professionals, and particularly the middleman in management. It also shows how business must adjust to these changes the same as the individuals.

For business, it is "who will own the machines." A line in a recent business letter published in Washington is as follows: "If machines are to be masters of people who will be master of the machines?"

Machines and automation will affect just about all of us in one way or another. Aside from the farm program, retraining of displaced workers, retirement and pension plans, international trade programs and all these other involved matters, is the matter of land use for recreation.

The outdoor recreation resources review commission made a report to the President in January after three years of extensive study

showing that 90 per cent of all Americans 18 and over participated in some form of outdoor recreation in 1960. Recreation involves water pollution, which is already a subject of legislation. The manufacture and sale of boats and equipment is a rapidly expanding business. More fishing means more fish hatcheries. Conservation of land and water mean more reclamation, more dams, more of everything along this line. It means more de-stumping hillsides for skiers, more fish ponds, more farms and more equipment for skin divers.

As all of these industries grow and expand, more workers connected with them will be employed. It seems the big problem is the shift over. The question seems to be as to how many of the approximate 140,000 mine workers in the small State of West Virginia can be employed in some of these industries without some sort of Federal direction. When Federal direction comes, it inevitably brings the Federal Government into the individual lives of people, which means more Federal controls and, of course, more Federal expenditures.

This is an example of the complexities of this rapidly growing Nation—a growing population and a growing dependence on automation.

To Till Soil Gard and Garden Summer Beauty

Planting your flower gardens for summer can do wonders. Just a few changes increases the original beauty of your garden. Make ready your soil for special plants. Put out of trees or shrubs now, good growth before hot weather. To the extreme cold weather, winter, you should water Bermuda and St Augustine well to have an early green. Do not too early to put out for long summer blooming. Flower lover need not be for lack of yard space. With usual attention, many plants may be grown and it would be wise to visit supply shop to gain help as when and where to gain the most in beauty.

Members Welcomed. This is an interesting to join our Garden Club. Great value of club work from association with other where efforts to create beauty are united. It will much in future years to pleasant associations with women of mutual interests and selfish actions. Visitors and members are always welcome to attend Garden Club meetings.

Coffee Time CHATTER

By HELEN OGLE

If you see people tottering around slowly and find that their hand grip is a bit shaky these days, it really isn't a case of palsy, but an overdose of muscle exercise.

Arriving home from work one afternoon, Sim and Velma Everett took shears in hand and around the house they went. All the shrubs took on a new look, but the real fun was when it took both hands to eat the evening meal.

As T. M. Tidwell of Iredell says, "These rows get awfully long when planting 300 onion sets, but they will be mighty good eating later on."

And Grace French says, "Wouldn't it be hard to face a 30-degree norther this week?"

Trying to do alterations and keep up with the fast brick work at the new bank building proves to be a big job for Irene Wilson.

And there's Ma Ramage who is worried about all the cats in the neighborhood. Bennie Seal can hardly stand to be tied down to work these days and especially when fishing is so strongly on her mind. Quit worrying Bennie—it's too pretty I hear for the fish to bite.

"If I thought it would help my score I'd go up to the bowling alley and just plain goof off," says Bill Leach.

Think you have a busy schedule? Well, just try checking out a day, or I should say a week, with Jane Hafer.

Getting things in order for a trip and meeting all the social obligations can make it a busy week for Mrs. L. J. Wood.

Thought sure James Cryer and Wayne Rutledge would get tired of standing this week and drag out those chairs for some porch sittin'.

"Sure did hate to go to work this morning, after spending a day working in the yard," were Thoma Rodgers' comments.

"We're 30 days late on this trip but not too late to enjoy another visit home," commented Ras and Hazel Proffitt of Tahoka.

I think there were more shrubs piled in the yard than left in the bed after Vera Bulloch found the yard shears.

And Harry Hudson is wishing that he could have another chance to sleep over the purchase of a fishing boat.

If you're interested in the Garden Club, just say the word to Mrs. Lawrence Lane and you'll find she is one of the most ardent supporters.

When money taps the window pane at the News Review it means that Buddy Rands is ready for a cup of coffee.

And by the way, let's not bother with preparing desserts this week, and help the Brownies and Girl Scouts out by buying cookies.

Brownie Troup Gifts Presented Nursing Home

The Brownie Troop I members met Tuesday afternoon of this week at 3 p.m. in the Scout House for their regular meeting.

In observance of Valentine, the group presented the Hico Nursing Home with napkin holders that were made at a previous meeting.

Leaders for the meeting, Mrs. Pat Harris, Mrs. Dan Robinson, and Mrs. Jake McClammy served refreshments of cookies and cold drinks.

Each Brownie member was issued six boxes of cookies to be sold in the Scout Cookie Sale that began Thursday of this week.

Members present included Linda Bullard, Devonna Scott, Eller Strader, Rita Robinson, Trudy Pitts, Sue McClammy, Susan Knudson, Johnette and Stephanie Walker.

Johnette Walker, Reporter.

Visitors in the home of Tom Rodgers and Ruby Monday of this week was his brother, D. M. Rodgers of Covis, New Mexico.

National P.T.A. Reaches 65th Birthday With Glance Back, Plans for Future

An organization that devotes itself to children and their welfare reaches senior citizen status this February, with a schedule full of further projects in behalf of children for the years ahead.

The National Congress of Parents and Teachers celebrates its 65th anniversary on February 17, the anniversary of the "National Congress of Mothers" held in Washington, D. C., in 1897.

This session marked the beginning of the P.T.A. Its founding, by Alice McLellan Birney and Phoebe Apperson Hearst, will be observed this year by more than 47,500 parent-teacher associations throughout the U.S. and in communities of Americans living overseas.

Mrs. Clifford N. Jenkins, of Roslyn Heights, L.I., N.Y., president of the National Congress, calls the P.T.A. "a great social invention."

Like other inventions, she notes in her Founders Day anniversary message, "it was created out of need—the need of parents for more knowledge about children's health, growth, and development; the need for child labor laws and juvenile courts; the need for health and recreation facilities; the need to build broad highways of educational and vocational opportunities that might be traveled by all children and youth, not just the fortunate few."

Historic-minded P.T.A.'s across the country may mark the Founders Day observance with a glance back to the time of the first Congress. In the words of one historian for the National Congress, those were days "bustling with progress and growth . . ." but with educators "calling for increased appropriations to the public schools, more attention to teacher training, more practical curriculum, and greater consideration for handicapped children . . ." The time was ripe for reform — "especially for launching a movement directed toward the welfare of children."

Young Mrs. Birney and the philanthropic Mrs. Hearst sparked what was soon to become a nation-wide organization of which they are memorialized as Founders.

—Since that time, P.T.A.'s have continually directed their efforts toward:

- Establishing and supporting public kindergartens;
- Pioneering hot school lunch programs and supporting adequate appropriations for them;
- Conducting parent-education workshops in all parts of the nation;
- Sponsoring safety legislation

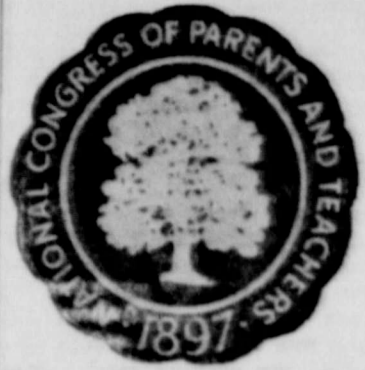

and programs of home and traffic safety education;

- Urging regular physical examinations for millions of children from birth through high school;
- Raising the standards of treatment for youthful offenders and helping establish juvenile courts for minors;
- Donating millions of dollars in scholarships for prospective teachers.

—Backing bond issues directed toward improving facilities for children's education and recreation.

Large as such achievements may seem, Mrs. Jenkins points out that "much remains to be done for children, in this changing world of 1962."

"Through the P.T.A.," she says "we help alleviate the hardships and confusion that result from change, and we help to establish services to meet new needs."

Qa' tree emblem adopted in 1922 represents relationship of members, local units, and state branches to parent trunk of National Congress of Parents and Teachers.

Since 1897 P.T.A.'s have been sponsoring public kindergartens. Photo above is from an early issue of *The P.T.A. Magazine*. Below, in P.T.A.-sponsored kindergarten today, children make simple experiment in science.

FAIRY

By MRS. EUNICE DANDEL

All are enjoying spring-like weather which we have had for the past two weeks. We fear if there isn't a change soon we will lose our fruit crop as there is some reports of plum trees blooming. Rose bushes and other shrubs are beginning to leaf out. February is the month for pruning your rose bushes.

Some are planting early garden vegetables, peas, beans, potatoes, and such. Also tomatoes and some report having tomato plants up.

We were sorry to learn that Mrs. Robert Streater and her daughter, Mrs. Weldon Parks of Fort Worth and the little son of Mr. and Mrs. James Ray Streater of Fort Worth were in a car accident last Saturday week in Hamilton. Mrs. Streater received a cracked knee cap and other bruises. Mrs. Parks, who was driving was uninjured but is now in a Dallas hospital suffering from shock due to the accident. The baby received severe forehead cuts and bruises which required 18 stitches to close, but is recovering nicely and the stitches have been removed. Their car was badly damaged. A young Mr. Gerard and girl friend were occupants of the other car. Mrs. Streater was carried to a bone specialist in Waco but glad to report her at home now and able to be up part time.

Word was received today, Monday from Mr. Ben Wright of Hico that he underwent major surgery in Harris Hospital in Fort Worth last Thursday morning at 7:30. He is doing fairly well, but has been in quite a bit of pain since the surgery. Mr. and Mrs. Wright and family are former residents of Fairy and we feel sure their many friends will be glad to hear from Mr. Wright. We all wish for him a speedy recovery and feel sure he would be glad to hear from their friends since they don't know when he will be able to come home. Thanks to Miss Ruby Rodgers of Hico for giving us this information while in Hico Monday morning.

We are sorry we failed to mention in last week's news that Mrs. Ed Allison had returned home the previous Sunday from Waco where she had spent the past two weeks in the home of her daughter, Mr. and Mrs. Dallis Seago. Mrs. Seago and her maid brought her home.

Bro. Bobby Brummitt of Killeen filled an appointment at the Church of Christ Sunday and he and his wife were luncheon guests of Mr. and Mrs. E. M. Hoover. The Brummitts moved to Ranger last week where his parents reside. Mr. Brummitt, who is in the service, expects to be sent overseas soon. His wife will remain at Ranger where they recently purchased a residence.

Mr. and Mrs. Lawrence Adams visited Saturday in the home of her sister, Mr. and Mrs. H. O. Richardson and Jerry.

The writer attended singing Sunday afternoon at Lund Valley and after singing hours visited a short while at the Hamilton Nursing Home and Irvin Anglin home. The new residence of Mr. A. H. Sumerford, father of Mrs. Anglin is almost completed. He and Mr. and Mrs. Anglin plan to move to the new home in about a week.

Mr. and Mrs. Marvin Porterfield and Billy Marvin of Bush, Colo. have moved back to their home here. He has not recovered from recent surgery as satisfactorily as he should and expects to undergo further surgery. We hope he will soon be much better.

The writer and sister, Mrs. E. M. Hoover visited Monday with our mother, Mrs. A. L. Newman and Mr. and Mrs. Prentis Newman of near Duffau. Glad to report our mother, who has been ill the past eight months, able to be up part time.

Mr. and Mrs. Ted Arrant and Mr. and Mrs. W. E. Cunningham visited during the weekend in Dallas and Fort Worth with their children, Garland and Glenn Arrant and families. The children of the Garland Arrants were very ill of a virus infection. Mrs. Glenn Arrant is the former Sherry Cunningham.

Mr. and Mrs. Arrant were in Fort Worth and Grand Prairie Monday and talked with members of Garland's family by phone and learned the children were improved. While in Fort Worth they

stopped for a short while at the home of her sister, Mr. and Mrs. James Bunch. Their son, Bobby Bramlet is seriously ill. Bobby, who is nearing his 34th year in age has been an invalid all of his life. They had called a doctor and it was thought he would be removed to a hospital. Mrs. Bunch is the former Nannie Moore, who is well known here and around Hico and vicinity.

Mr. and Mrs. Willie Turner enjoyed having all their children home during the weekend. They were Mr. and Mrs. Billy Turner and Curtis and Mr. and Mrs. Ray Botkin and two children of Killeen, Mr. and Mrs. Jackie Turner and baby of Fort Worth, and Ray and Bernice of the home. Miss Carolyn Sellers visited in the home during the afternoon.

Mr. and Mrs. E. L. Parks and two daughters of Fort Worth visited during the weekend with his mother and brother, Mrs. M. E. Parks and Audie.

Mrs. Max Lam of Flat visited during the weekend with her parents and grandmother, Mrs. J. L. McCoy and Mr. and Mrs. Scott Blackley. Mr. and Mrs. Jackie Turner and baby visited in the Blackley home a while Sunday afternoon.

Mrs. Benn Cunningham was called to Floydada last week to the bedside of her sister, who has been ill for some time.

In the cemetery statement it read Rooks sold \$3.50. This should have been racks.

With the help of our two grandsons Jerry Richardson and Jimmie Don Sellers we worked off 22 lots at the cemetery Saturday. These had winter weeds on them and we figured it would be cheaper to work them while the growth was small and the ground dry, and too many of them were going to seed.

We worked the following supported lots, and if your lot isn't listed, you can rest assured it isn't in need of work at this time. Rufe Lackey, Oscar Lackey and Pittman, Lee Adams, Lester Grisham, Lackey and Grisham, Frank Tyler, Proffitt and Josie Massena, gale graves, Henry Burden, Clyde Pittman, Barbee and Jones, Richardson and Allison, Ed Allison, Frank Hartgraves daughter, Gar-

nerly Priest and Wilson, Parks, W. T. Newman, J. L. Coy, Dr. Young lot, Jesse A. Sengale, Broyles, Grover daughter and sister, and Burden.

To those who have not your \$5 donation for the year lot for 1962 and want us to continue looking after lot, please mail us your donation or turn it in at the First National Bank in Hico. There is a number of other supported which have already been paid for 1962 which did not need at this time. Other lots we looked after and worked on growth appears sufficient to work. Thanks to all for your consideration and cooperation.

A Few Questions to Ask The Printing Peddler . . .

When the peddler selling Printing, Stationery and Business Forms solicits your business, here are a few questions which he should be willing to answer to your satisfaction:

1. Does he pay taxes in your community?
2. Can he supply your order on short notice?
3. Does he donate space in the newspaper to your local community enterprises?
4. Does he donate newspaper space to promote you and your neighbor's business?
5. Does the quality of merchandise stand inspection?
6. Does his price include freight, or postage and insurance?

IF HE CAN ANSWER ALL THE ABOVE QUESTIONS IN THE AFFIRMATIVE, HE HAS AN EQUAL RIGHT TO YOUR BUSINESS!

COUNTY AGENT REPORTS

By E. B. LAWRENCE

Last week we had one of the biggest pasture fires we have had in years. Several hundred acres of grass were burned off east of Hamilton. Some of it was south of Highway 36 and the rest north of 36 and south of 22.

We still have lots of well cured grasses in pastures over the county and all are very dry just now. Let's all be very very careful from now on about any fire that is started on farms or ranches. Keep them under guard as long as they are burning.

Isn't it good to live in a place where neighbors and friends all respond to a call for help. Never have I seen so many people helping others as I did at the fire. Fire fighting equipment came from Shive, Hamilton, Hico, Meridian, Gatesville, Evant and I don't know where else.

For the farmers and ranchers living in the burned area, and around it I want to thank the fire departments and all the people who came out to help. You people who brought wet sacks and used them you did lots of good. I didn't know a wet sack could put out so much fire until I saw it last week. Thanks so much to everyone who helped in any way.

The West Point Community Club is surely coming along in their community work. This club is just about a year old and already they have a nice communi-

ty building, meeting regularly and doing things to improve their community. Just this last month they reworked tables and painted them, painted the inside of the building, made arrangements for a water supply and arrangements and plans for setting shrubs and building a concrete walk. They will be happy for you to visit them at their regular meetings which are the second Friday night of each month. Should you live in the community and have not become a member, they welcome your membership.

—ERL—

A few more days like we have had the last week or so and we might not make too much fruit. Buds are beginning to swell and a freeze could do some damage.

—ERL—

It still isn't too late to make your contribution to the county Screwworm Control Committee. Any of the banks in the county will take your contribution and see that it gets to the committee. It is the hope of the committee that the program for controlling the screwworm can be put into operation this year.

Dr. C. B. Cathey, chairman of the county committee, and Jeff Perry, secretary, say they want to thank everyone for their contributions and also all the local committeemen who assisted by working out in the county getting donations.

—ERL—

The Wolf Club needs the help of all the stockmen of the county to help finance the control program they have in operation. Dues are \$2.50 per month and they welcome your membership. At the club meeting last week Garlon Streeter was re-elected president and W. E. Puckett was re-elected secretary.

JENKINS MAKES ANNOUNCEMENT—

(Continued From Page 1)

been engaged in the practice of Law. He served for 9 years as City Attorney of Waxahachie, was vice-president and director of the State Junior Bar Association for this Senatorial district in 1950 and 1951, President of the Ellis County Bar Association in 1951-1954, and is presently active in the work of the State Bar of Texas. He is a member of the American Bar Association, the Southwestern Legal Foundation, the American Judicature Society, Texas Association of Plaintiffs' Attorneys, and Delta Theta Phi, national legal fraternity.

Active in civic affairs Jenkins has served as President of the Waxahachie Lions Club, and as Cabinet Secretary of District 2X, Lions International; was for three years Director of the Ellis County Purebred Livestock Association; and is past vice-president and director of the Waxahachie Chamber of Commerce. He is a member of the First Baptist Church of Waxahachie and is a Scottish Rite Mason.

In announcing his candidacy for the State Senate, Mr. Jenkins made the following statement: "I believe that the people of Texas and our Senatorial District are in a sober mood, wanting to see state business transacted efficiently by mature, responsible and experienced representatives who are uncommitted to any pressure group and pledged to any position except the welfare of our state and all its people. I believe that the voters of our district will only approve of a candidate who repudiates the obligations of lobbyist support, who is independent enough to mean what he says and say what he means, and who can get the job done. I am offering my candidacy in the belief that public service is a sacred trust and that the business of politics and service to the state is not a dirty business but the duty and privilege of all citizens. If it is allowed to go by default, the inevitable result is confusion, corruption, and waste.

"I have no axe to grind in making this race. I have no special legislation to introduce, and neither do those friends and supporters who have helped me and will in the future help me. I need help in this race, but I only want it from those whose motive is to elect to this high office a man who will give it his honest best, uninfluenced by any consideration

of personal gain or private benefit, either for himself or for others and who will make every effort to preserve to our state its traditions of integrity and independence.

"There are problems that Texas must face, some of them of particular interest and concern to our district. We need to face up to the problems of bringing industry to our small cities and towns; conserving our natural resources, particularly those of water and soil; improving our educational system; strengthening our defense against the enemies of our society, including the re-examination of our penal, parole and juvenile laws; correcting existing inequities in our tax laws; and eliminating the evils of water pollution, usury, organized crime, and corruption in office. These are Texas' problems, not those of the Federal government, and they can no longer be evaded or shrugged off. They require not a negative approach, but an aggressive, intelligent, responsible positive approach. This Texas demands and deserves.

"As time and travel permit, I hope to visit with you personally. Your help and suggestions are always appreciated, to whatever extent you can give them. Please let me know how you feel and if you approve of my position, please help me."
