polls for the first time this year Tuesday, April 3, when they will name three aldermen and a mayor in the annual city baltoting.

No opposition was registered in city politics this year, with only the names of incumbents Jim Jameson, W. C. Howard and G. M. Bullard on the ticket for councilmen, and that of D. E. Bulloch for reelection to the mayor's post.

A light vote is expected, but residents should keep the date in mind and voice a vote of confidence in the officials by

casting their ballot. Annual school trustee election is slated next Saturday. April 7, and like the city balloting, no opposition was re-

More than 125 high school and four towns will compete here Sat- teria. urday for district titles in the

Interscholastic League Meet. Students from Hico, Meridian, for honors, and the right to represent the district in regional and state meets later this spring.

First activity of the program will get underway at 8:15 a.m. with a general assembly in the auditorium.

First contest of the morning begins at 8:30 with the following categories starting: Number Sense Prose Reading, Spelling, and Next contests will follow at 9

Leaverton's Corner

"As a man thinketh in his heart, so is

Heretofore I have discussed my attitude toward those of a are self-supporting. Today I will discuss my attitude toward the y, dependent and helpless. I try to support with my money and all worthwhile community endeavors such as the Churche Farm Bureau, Chamber of Commerce, Service Clubs, Salvation Firemen, and others. My personal support is a private matter the County Budget is not concerned. But it should be concerned thethe support of the aged, destitute widows and children, det

While in the legislature I gave successful support to legislating (1) Implementing the constitutional amendment passed by people for medical aid and hospitalization of the aged.

(2) Matching federal appropriation for the blind, the and dependent children.

(3) Compelling support by the husband of neglected wine dependent children.

(4) Providing that persons and institutions given care of adjudged dependent or neglected should be responsible for the dren's education, maintenance and physical welfare.

Yet, there are among us others who are sorely in need By of state and federal programs, the number of needy with us is However, there are some who do not qualify for pensions of assistance or social security as well as the indigent, dependent phans, defectives and sick, and certain emergencies.

The mandate for their care is found in our Constitution, or tutes and in our hearts. Such assistance must be administered the strictest of economy and only where the need is clearly and with ample provisions against "cheaters." Civilized society where acknowledges this social obligation. John, in writing is Holy Scriptures, 1 John 3.17, says: "But as for the well-to-de who sees his brother in want but shuts his eyes-and his heartcould anyone believe that the love of God lives in him?"

Certainly there should be private charity, and the grocen, stores, doctors, drygoods stores, etc. have a special obligation they should not have to bear the entire burden. Society is all This social obligation was recognized by our forefathers when wrote the command to care for the needy nto our Supreme law.

Our county is relatively poor. Ims should be kept to a minin present County Budget, prepared by our County Judge, provide our needy and helpless by appropriating the lavish sum of 3 per year to be raised from each person in Hamilton County. By budget it would take three years for an individual to spend one for his needy brother. Does that satisfy you? It doesn't satisfy brothers in Bosque County or Coryell County or Erath County, it doesn't satisfy me. I am close-fisted, but not that unfeeling amount actually needed to adequately provide for our dependent and needy is, at most, trivial when shared by each of us.

"As a man thinketh in his heart, so is he." VOTE LEAVERTON FOR COUNTY JUDGE (Pd. Pol. Adv.)

electric cooking is automatically

A good cook cooks even better-and with less effort-with an automatic electric range. Accurate time and temperature controls are the secret. A thermostat-controlled surface unit makes every pan automatic . . . carefully maintains any selected heat . . . helps assure perfect results every time. The automatic electric oven with sealed-in even heat means better baking. Other features of an electric range such as timed appliance outlet and meat thermometer further save time and watch over your cooking. With precision electric cooking, even your specialties improve! Promote BEN SUDDERTH State Senate

HIS BACKGROUND

Ben Sudderth was born on a small farm, the oldest son in a family of 6 children. He became employed at a very early age to contribute to the family support, and worked to pay for 100 per cent of the costs of 7 years of college education. From this experience he has gained first-hand knowledge of the problems of both the employer and employee. At 29 years of age Ben Sudderth is a moderately successful attorney, livestock raiser and businessman. Ben Sudderth is not ashamed of his very humble birth and background. Ben Sudderth firmly believes: THAT ECONOMIC JUSTICE CAN BEST BE WON BY FREE MEN THROUGH FREE ENTERPRISE.

(Next week: "His Education") (Paid Pol. Adv.)

Like Money in the Bank!

NO MATTER HOW YOU LOOK AT IT, HOME IMPROVE-MENT IS JUST LIKE "MONEY IN THE BANK!"

> Can you think of a better way to get more enjoyment out of living by improving your living standards . . . and at the same time increase the value of your property?

Home improvement is not an expense . . . it's an investment that your entire family can enjoy. Take a look around your home right now. Isn't it about time to start thinking about more cupboard space for Mom? What about the extra room that you've always wanted? Or . . . What about that extra bedroom you need so bad?

No matter what your particular problem, you can depend on Barnes & McCullough for all the answers .. and good, sound advice. We can also help you if you have financial problems, too! When you come in, ask about a convenient FHA Home Improvement Loan which enables you to spread your cost over a three to five year period.

Barnes & McCullough

It is a credit to any town the size of Hico to have a Hospital so modern, so adequately equipped, and so efficiently staffed.

This local institution, opened January 20, 1947, and its establishment and smooth operation during these years should be an inspiration to everyone who has watched its progress.

A good hospital is the mark of a progressive community, and in providing this section with unsurpassed medical facilities, its founders and its staff are rendering a distinct service to humanity.

Official Proclamation

For the past 29 years, March 30 has been set aside as as special day to honor Practitioneers of the Medical Arts.

This date commemorates one of the greatest discoveries in Medical History. In 1842 Dr. Crawford W. Long, the famous Georgian physician, first used ether as an anesthetic agent in a surgical operation, thereby providing mankind with the blessedness of freedom from pain and suffering during surgery.

The respect and appreciation of the noble achievement of the profession inspired Mrs. Eudora Brown Almond to present to the local Auxiliary the idea of having a day on which to honor the practitioners of the Medical Arts. The first Doctor's Day observance ever held was on March 30, 1933.

Therefore, I, as Mayor of the City of Hico, do hereby designate the day of Friday, March 30, 1962, as

Doctor's Day

IN HICO

In official recognition whereof, I hereby affix my signature ths 27th Day of March, 1962.

D. E. BULLOCH, Mayor.

The City of Hico

COUNTY **AGENT REPORTS**

Summer temporary pastures will be planted now or in the next few days and E. M. Trew, extension pasture specialist says that best quality sudan grass is an excellent grass for this. He also said a slightly less desirable plant is a 43-13tp. quality than Sudan, but they often produce higher yields. Sudangrain sorghum hybrids can also be used. These are coarser still, 29-tfc but they produce good yields and appear palatable.

> Grazing on Sudan and other temporary pastures can be started as soon as there is no danger in the animals pulling the plants out of the ground. Close grazing then resting should give maximum grazing. Weather being right, an application of nitrate after taking off is good.

> Some of you saw the long haired goats the Viertels showed at the Hico show last week. This hair is some 12.16 inches long and brings a pretty good price. Somewhere around \$4 to \$6 per pound. There is a market for it in New York where it is used in the manufacture of wigs. The above mentioned goats should shear around 40.50 pounds, and at \$4 per lb. this is pretty good-that is if one wants to go to a lot of trouble to produce it.

> Monday and Tuesday, April 2-3 are the dates for the annual Swine Short Course at Texas A & M College. The program that has been arranged is one that will be of interest to all who are working in any way with swine.

> Raising pigs on less feed-with more valuable carcasses at slaughter time is the major objective of the program. The short course will be held in Memorial Student Center on the college campus. -ERL--ERL-

> Saturday, March 31 is the last day one has to sign up with the ASC office on the Feed Grain Proram for this year. If you are interested and have not done so, you might drop by the ASC office and let them explain the program
