BEAD-UP TREE—This shot of a pear tree in full bloom was taken at the farm home of Bertice Barnett Sr on Highway 220. The tree apparently doesn't realize that normal time for blooms is April or May. An expert on the matter can probably explain the reason for the late blooms, but it is beyond reasoning of the photog.

Hico, Gorman Resume Grid Fued at Local Stadium Tonight

Two Hico Tarleton Pupils Are Named 'Distinguished Students'

Stephenville—Spl. — Grady and John Lackey of Hico have been recognized as Distinguished Students at Tarleton State College for their academic achievements during the spring semester of 1962. Dean of the college Paul A. Cuny announced that both were members of the nine weeks and semester "B" Honor Rolls during the spring and had been placed on the Distinguished Student List for that semester.

Both Grady and John are beginning their fourth semester at Tarleton this fall. Appearance on the Distinguished Student List is a repeat performance for both students. John was placed on the list for the fall semester in 1960 and Grady was named to the list for the fall semester of 1961.

Distinguished Students are those who have no grade below C, who have completed during the semester at least 15 credit hours of college work, and who have a grade point ratio of 2.25 or more for the semester.

They are sons of Mr. and Mrs. Red Lackey of Hico.

Hico Tigers and Gorman Panthers, two teams which appear to be evenly matched this year, will tangle Friday night at Tiger Stadium in an 8 p.m. encounter.

For the season Hico sports a 2-2 record, while their opponents are winless in four outings. However, all Gorman losses have been to teams in higher classifications, one AA and three Class A squads.

For the modern series, Hico has

a 2-1 edge over the visitors, winning in 1959 24-0, in 1960 55-8. Gorman romped over the locals last year 30-0.

The Tigers will be in good shape for the contest, with the exception of Larry Erick who received a knee bruise in practice this week. He will be able to play but will be slowed some.

This will be the first of three consecutive home games for the locals, with Godley coming to town next week, and Hico hosting Meridian the following week in the district opener.

EARLY RAPS TIGERS.

In a game much closer than the score indicates, Early High of Brownwood rapped the Hico gridsters 37-8 last Friday night behind the 4-touchdown spree of All-State candidate Ken Lamkin.

Lamkin scored on runs of two, one, 24, and one yards to notch all but one of the host's markers. Hico got its only TD in the fourth period on a 20-yard pass play, Don Jernigan to Larry Erick.

The Longhorns led 8-0 at the half, 14-0 at the three-quarter mark, and then poured in 21 points in the final stanza to ice the game.

Hico had one touchdown called back early in the game, and failed to penetrate the Early defense on two other occasions inside the 5-yard line, both coming in the first half.

Tiger Defense Cited.

Defensive stalwarts on the Tiger eleven are being recognized each week by the coaching staff, and honors go to boys recovering a fumble, intercepting a pass, blocking a kick, or for the most tackler in a game.

The boys may be identified by a blue disk worn on either side of the helmet. The honor is not permanent, and each individual must qualify in each game.

Boys to date who have earned the honor are Larry Erick, Harry Brown, Butch Knudson, Mike Flowers, Freddie Naul, Alan Solsbery, Don Jernigan, and Bill Rutledge.

Three defensive members, Erick, Brown and Solsbery, will wear the disks this Friday night, Erick had the most tackles last week, 11; Brown recovered a fumble, and Solsbery intercepted a pass.

The awards are given by the coaching staff in recognition of outstanding play by defensive team members.

And winner of the big prize was Mrs. J. B. Dunlap who awarded \$40 on a ticket also issued by Sherrard Grocery.

Seven Teams Bunched Near Top in Bowling League

After the fourth week of action in the winter Hico Bowling League, seven teams were bunched within six points of the lead, with two teams out front with 22-10 records.

Salmon's and F.W. Ranch were tied for the top spot with 22-10 marks, followed closely by News Review and First National Bank with 20-12 slates. Wilson Cleaners and Hico Motor Co. Darts have 18-14 records, and the Orphans are 16-16 in the won-lost column.

DODGE PRESENTS THE DEPENDABLES FOR 1963!

Dodge Polara 2-door hardtop

1963 DODGE . . . BEAUTIFUL NEW ENTRY IN THE LOW-PRICE FIELD

Compact Dodge Dart GT 2-door hardtop

1963 DODGE DART . . . A FRESH NEW COMPACT IN THE LARGE ECONOMY SIZE

INTRODUCING THE 1963 DODGE

Now a complete new line of cars in the low-price field. The 1963 Dodge! People who see it just naturally get carried away. Reasons? 1. The looks: Great! 2. The price: Low! Wouldn't you rather own a Dodge than other low-priced cars? 3. The room: Big! Notice how the roofline sweeps straight back. That means ample headroom for the people in back, not just the ones in front. Seats? Your choice of models with sofa style, buckets or fold-down center arm rest. 4. The upkeep: Low! Dodge is rust-protected. The body unitized. The brakes self-adjusting. A major grease job lasts 32,000 miles, an oil change 4,000. 5. The feel behind the wheel: Like nothing else! Five strong engines to choose from. Smooth-going torsion-bar ride. Easy low-friction steering. Comfortable chair-high seats. Nylon, leather-grained vinyls. There are several hundred more reasons why you'll be carried away. Your Dodge Dealer has 'em all.

NEW 5-YEAR/50,000-MILE WARRANTY! Your authorized Dodge Dealer's Warranty against defects in material and workmanship on 1963 cars has been expanded to include parts replacement or repair for 5 years or 50,000 miles, whichever comes first; on the engine block, head and internal parts; transmission case and internal parts; torque converter, drive shaft, universal joints (excluding dust covers), rear axle and differential, and rear wheel bearings—provided the vehicle has been serviced at reasonable intervals according to the Dodge Certified Car Care schedules. Factory approved remanufactured parts may be used for replacement.

INTRODUCING COMPACT '63 DART

At last. A compact that doesn't give anyone the sardine treatment. The 1963 Dodge Dart! Now everybody gets a fair shake on room. Note the roofline. It goes straight back. Result: Even rear-seat hat wearers are treated with deference. And so are those who like some action for a change. Dart's standard Six leaves run-of-the-mill compacts waiting and wheezing. Its optional engine (just a few bucks more) is the same way, only more so. Economical? Like you'd expect a compact to be! That's the whole idea. Dart's too roomy to be a compact, too darned thrifty to be anything else. Few compacts cost less than Dart. None offers the value. A unitized body, for example, that's rust-protected. 32,000 miles between major grease jobs. Road-smoothing torsion-bar ride. An alternator. A high-speed starter for fast starts. Two series. Nine models, including two converts. See your Dodge Dealer.

IT HAPPENED HERE OR NEAR—

Pistol-Totin' Preacher Relates Early Experience

By E. E. DAWSON

Once I was a "pistol-totin' preacher! Believe it or not! And that brings on more talk.

It was back in the teen years of this century. I lived at Abilene and was editor of a denominational weekly that circulated all over Texas, but mostly in West Texas. I also was pastor of a part-time church some 60 miles from Abilene. I was indeed a busy "critter."

America was in World War I and everything was abnormal. In a community near the small town where my church was situated, a German population lived and they were bitterly anti-American in their assertion of loyalty to Germany. A farmer peace officer was stacking his grain crop, atop the stack of bundled grain, when two

men of the community approached with guns and after a brief interchange of violent words by the peace officer and the two German men, they shot and killed the officer. He was unarmed.

A few miles west of the town of my church was another German settlement in the town of Brandenburg. Trouble between the residents of the town and Americans occurred almost daily until it became very serious. Then the Post Office Department stepped in and changed the name of the place to Old Glory, which name it has today.

On a Sunday when I was with my church between these two turbulent German communities, two men of the church took me aside and told me my life was in grave danger, for I was outspoken

in my condemnation of Germany and of the German-American communities which were causing so much disturbance all over America. As a sample of my strong sentiments, I was making a speech one day at a meeting in the vicinity of Sweetwater, when I said, "I never cursed in my life, but if I should ever utter an oath it would be, 'God, damn Germany!'" The audience cheered me to the echo.

So these two men told me that I ought to go armed. They said every man of that community carried a gun. They offered to get me a gun by the time I came next to the church. I very reluctantly accepted their advice.

Thus I began to carry a .25 caliber automatic pistol in my handbag along with my Bible and the other items in it. Frankly I felt embarrassed all the time as I travelled over a wide area and attended meetings.

But my gun toting did not last very long. Our son boasted about his dad's gun to a friend of his, and that young scapegrace stole the gun and sold it to an adult. No, I never recovered the gun, but I did recover my equanimity and really never feared an assassin.

So I would not advocate gun toting for any preacher, whatever troubled situation might arise. It would be far better for a preacher

to be assassinated than to ever have a gun toter. I knew a community once to be torn to shreds because a preacher got mixed up in a brawl in his church, and he armed himself and threatened to shoot his enemy should that enemy ever cross his path. The preacher also stood in his pulpit and laid a heavy caltrop pistol on the pulpit stand beside his Bible. Later the violent preacher was shot and killed as he walked across the village where he lived from here and I knew the preacher, though he was not of my faith. It is better to die, even at the hands of an assassin, than to live late the spirit of our holy religion.

to the Editor

How about a Walker's Club in Hico? It's about the cheapest and best form of pleasure, though almost a lost art in this country.

There are some beauty spots around Hico. There are hills to climb to view the beauty of a sunrise or evening sunset, pleasures for the young or old, soft or tough. "Just walking" can be one of the greatest and most profitable pleasures known to man. On these walks we can not only see the sun rise or set, but a chat with a neighbor across the wall, or a well kept lawn, flowers and trees have a way of giving off a whiff of sweet aroma, early morning or late evening. All this lifts the spirit.

Walking is a reconitioner. It lifts the spirit and toughens the legs. We can live longer and better.

Listening to the deep silence of nature, sweet sounds, and morning fresh odors have a cleansing effect and we come home a bit tired perhaps but it all does something for the soul as well as the body. A WALKER

Mrs. Carl Ray Sellers and daughters, Janice and Mrs. Ray Turner of Killeen and the writer visited a while Sunday afternoon in the home of Mr. and Mrs. Wayne Pittman, Karen and Kay of near Stephenville. Allison stated that Mr. and Mrs. Texie Allison and two little sons of DeLeon had gone to Waco Sunday to visit their brother-in-law and wife, Mr. and Mrs. Dellis Seago who returned home a few days prior from a visit in the home of their daughter, Mr. and Mrs. John Chapman and two little daughters of Washington State. Mrs. Seago had flown

to Washington about three weeks ago to help in the care of her daughter and new baby, and Mr. Seago flew out to make his acquaintance with the new baby and accompany his wife home by train or bus, but he became ill while there and they returned by plane. Doctors feared he might have to undergo surgery. We hope he will soon be much better and surgery can be avoided.

Mr. and Mrs. Johnnie Elkins of Abilene attended church here Sunday and visited in the home of her brother, Mr. and Mrs. L. V. Houser. They were accompanied by Mr. Elkins' mother of Stephenville, Mrs. Elkins' mother, Mrs. Houser, who had been visiting in the home of her son returned home with them.

We liked only a few hours work completing the mowing at the cemetery last week, but were delayed by the showers which fell Tuesday afternoon. The work was completed this week. We would

appreciate it if those who have unsupported lots in the cemetery would get them worked. A few have come and worked their lots and we appreciate this, but would appreciate it much more if everyone would finish the job by taking the weeds and grass to the dumping piles and not throw it out over the ground around the lot. Someone must clean this up at the expense of the association. We work in every way possible to conserve our limited funds and we just can't understand why anyone could show such disrespect for the care of the grounds. We have hoed and pulled quite a bit of poisonous weeds and grass from these lots even though we receive no funds on them, to avoid them seeding and damaging the rest of the grounds. We have placed a basket near the tool box and lunch table and hope we can be able to keep one there and that the public will use it. We regret we cannot leave the tool house unlocked, but

to be able to keep the tools it must be kept locked. We will appreciate your cooperation in helping us in any way you can to cut down expenses. We have killed out the bermuda grass on several lots with Dow Pon. Anyone desiring the grass killed on their lot, we will do so for \$2.00. We make no charge for this service on lots that are financially supported. You may send the money to Mrs. Eunice Daniel, D. H. Proffitt or J. T. Leonard, all Hico Route 3, or the First National Bank in Hico, and specify that the money is for that purpose. We mention this due to the fact some have asked about this. Our thanks to Mrs. H. E. Wilson of Bovina for a \$5 donation

for the care of her lot, by mail by her daughter, John Sikes, also of Bovina. She stated that her mother was confined to her bed and she was taking care of her. We think there will be a change some that she will again be able to up. Mr. and Mrs. Larry Gardner two little daughters of Ardmore spent the weekend with her, Sandra and Randy. The Nance was a luncheon at the Gardner home Sunday.

COUNTY AGENT REPORTS
By E. R. LAWRENCE

Have you ever heard the term "Freeze-Drying" used? I hadn't either until this week.

Freeze-Drying is a food preservation process that removes moisture from frozen foods without appreciable change of shape, color, or taste of the product. With the water removed, the food can be stored for long periods of time without refrigeration.

Of major concern is the fact that the freeze-dried product loses 75 to 90 percent of its weight in the process. The food can be reconstituted by simply adding water or any other liquid. Although the freeze-drying technique is not new, recent processing innovations have lowered the costs so that it is now being considered as a food preservative method.

At the present time there are several companies doing this kind of processing, however there are none of the processed items available around here that I know of. The Army uses many of them and one can readily see their advantages. It means that when certain items are bought, they are bought without the water in them. Too, one can easily see the advantages of this method when it comes to shipping certain items.

It could be that one of these days we will be getting much of our food put up this way and the present deep-freezers we have in our homes will not be used—

Dudley Bros. Hereford Sale Set Oct. 18th

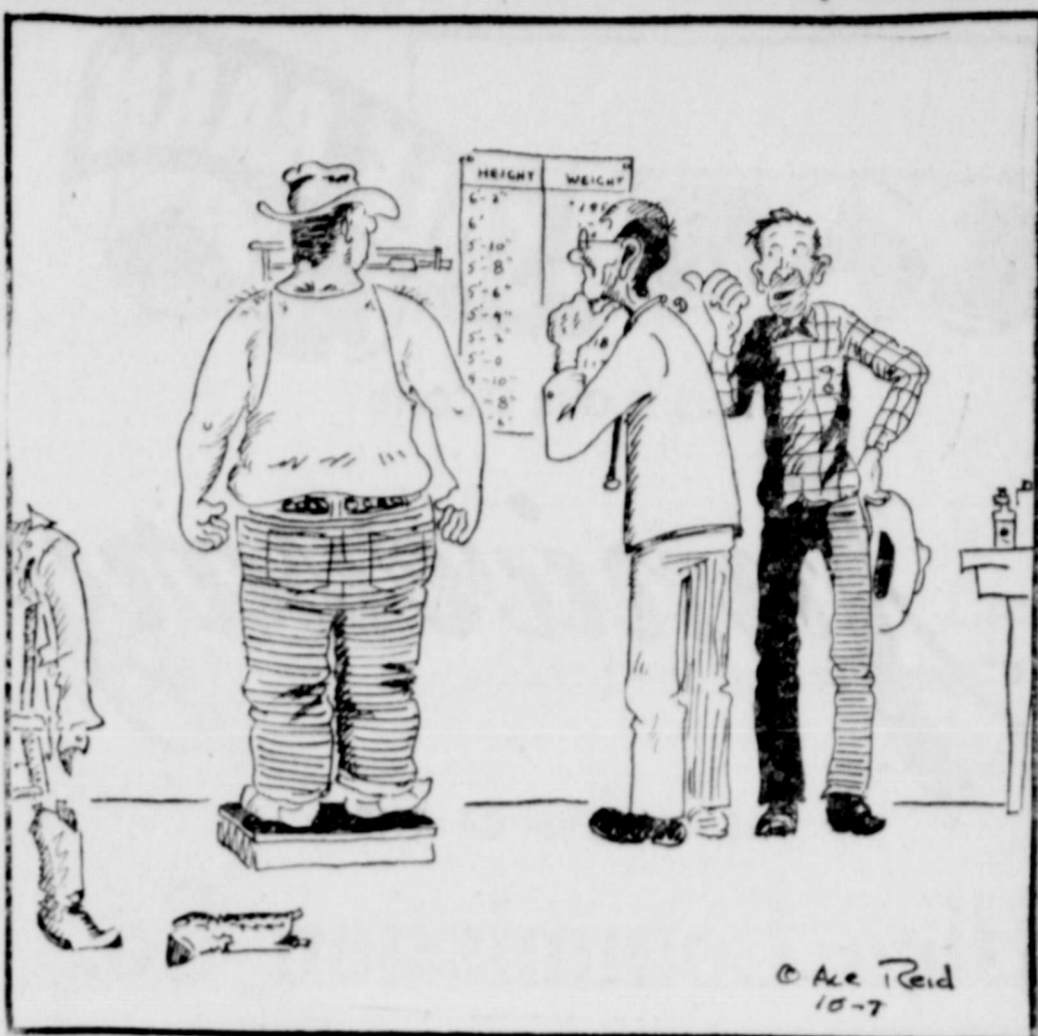

Dudley Bros., registered Hereford breeders for a quarter of a century plan to auction off 140 bulls at their first sale on Oct. 18. The firm is made up of three brothers, Gail, Tom and Elton. The sale will be held at their ranch at Comanche. 75 pasture raised two year old bulls and 65 pasture raised yearling bulls are included in the offering. The bulls will be sold in pens and singly. "The bulls are not fat but in strong, ready to work condition," says Gail Dudley.

The Dudley Bros. have long produced good useful bulls for the ranchers of the Southwest. The prominent herd is devoted to producing bulls that will improve the Hereford breed. Their cattle have won numerous blue ribbons at many of the major shows competing against some of the nation's top herds.

Gail Dudley is vice president of the Texas Hereford Association and a director of the Southwestern Exposition and Fat Stock Show in Fort Worth, and in the Texas Sheep and Goat Raisers' Association.

TSC Enrollment Reaches All-Time High With 1512

Enrollment at Tarleton State College, Stephenville, reached 1512 last week to set a new all-time record. The previous record enrollment of 1435 students was established 17 years ago when World War II veterans returned to the campus in 1946. The present enrollment exceeds last year's total of 1389 by more than nine percent.

College Registrar Stuart Chilton reported a breakdown of 963 freshmen, 369 sophomores, 120 juniors and 60 seniors for the 1962-63 term.

The 60 seniors constitute the first graduating class since TSC was granted senior college status by the 56th Legislature of Texas in 1959. Originally established as John Tarleton College in 1899, the school remained a degree granting institution only briefly due to lack of funds. As a junior college and academy, Tarleton was donated to the state of Texas by the citizens of Stephenville and became a part of the Texas A&M College System in 1917.

Remodeling, Repairs Keep Residents Busy

Fall spruce-up time has local residents busy with building and remodeling projects.

Carpenters are busy this week building a cement porch at the home of Mrs. Ethel Lackey and Miss Florence Chenault.

Work was completed last week on a new carport at the home of Mr. and Mrs. Ben Wright, and a new paint room was recently completed at Casey Garage.

Workmen are nearing completion of a two-bedroom frame home just north of the school stadium for Barnes & McCullough.

Repair and remodel work is progressing at the home of Mrs. Teen Sutton and Miss Annie Coleman, who recently purchased the former Roland Holford residence.

Businesses receiving new paint jobs are Jess Smith Mobil Station and Ogle Bros. Texaco Station.
