HICO, TEXAS FEBRUARY 8, 1963.

NUMBER 41.

HERE IN HICO

By E. V. M.

Most talked about subject in town this week? The typhoid case, of course. Second most talked about? The weather.

The first item has caused considerable concern among Hico people, and they have been flocking to the clinic for preventative inoculations. We don't have the exact figure on how many have been "shots," but it will run into the hundreds. If you haven't had yours, better get with it.

The weather picture has changed considerably the past few days. The thermometer only showed 29 degrees Tuesday morning, and today, Monday, Tuesday and Wednesday gave everyone a little bit of "spring fever," with even some of the "softies" seen on the course.

Continued dry weather is also causing some concern. Not only farmers and ranchers concerned, but members of the local fire department have expressed their hopes for much needed moisture soon.

The fire department members are fearful of raging grass fires which are sure to start if the area doesn't receive rain soon. They realize the hazard even more so than in past years, with only one shift of equipment available to answer the calls.

Which reminds us — if you haven't already given to the fund which to purchase a new truck — and many, many haven't — is still approximately \$3700 short of the goal with money trickling in slowly. The project worthy of your consideration, why not send that check to —

Rufus Higgs, publisher, editor, general manager (and a pretty good ad salesman) of the two Hico newspapers, was telling his readers (bless their sometimes-not-so-gentle hearts) about an accident which occurred recently at the plant, delaying the paper for that particular day by a couple of hours.

It seems that while placing the printing forms on the press for today's run, they were "pied." Life will probably challenge the printing. To the average reader, the word probably doesn't mean anything, but in this racket, it is one of the most dreaded expressions. Always on a tight schedule to get the presses rolling, a form can cause a man to get up habits that he might not normally have (such as cursing, smoking, etc.).

Only 500 of the night was by Glenn Ross, who laid down a neat 518 in leading Salmon's Shoppers to a 6-2 win over Judy's, and pushing the Shoppers into sole possession of the league lead.

News Review Newshounds, who were tied for the lead prior to last week's play fell to second place after absorbing a 6-2 loss to Wilson Cleaners.

Jameson's Gassers moved into third place on the strength of a 6-2 win over Hico Motor Company. First National and Cheek Furniture split 4.4 as did Parks' Orphans and F-W Ranch.

Ray Cheek was second high for the men with a 491 series, followed by Bill Howard 481, Jim Bullard 472, and Jack Goodman 459.

RFT Fund Hits \$842.50; Dollars Slow Coming In

Contributions, from Pleasant Ridge, Michigan, to Crowley, La. continued to come in this week for the Rural Fire Fighter's Fund drive, being conducted by Hico Volunteer Fire Department.

The local department is attempting to secure \$4500 in contributions, with which to purchase a new rural fire fighting unit to go with present city equipment.

Contributions this week total \$298.50, bringing the amount received to date to \$842.50.

While donations are coming in nicely, leaders in the drive pointed out that the goal was still a long way off, and that they would need the cooperation of each and every resident in this area.

A Hico Civic Club committee was appointed this week to work with the fire department in the drive. Appointed to work with the president, Dr. B. C. Dayton, were Glenn Ross and E. V. Meador.

Committee members from the fire department working on solicitation are Ray Keller, Louis Chaney and Fred J. Jaggars.

Funds may be left at First National Bank, or given to any of the committee members.

Salmon's Pull Away From Pack In Weekly Bowling Action

Action in last week's bowling league was at an all-time low for the men, with only one 500 series rolled. However, the women fared better, all top five bowlers having 400 or better.

Only 500 of the night was by Glenn Ross, who laid down a neat 518 in leading Salmon's Shoppers to a 6-2 win over Judy's, and pushing the Shoppers into sole possession of the league lead.

Funeral services for longtime Duffau resident William Carl Rogers were held at Barrow-Rutledge Funeral Chapel Wednesday afternoon at 2:30 with Minister Leon Frederick officiating. Burial was in Duffau Cemetery.

Mr. Rogers passed away in Fort Worth Monday, where he had resided the past few years. He was 76.

Mr. Rogers was a retired farmer, and had lived at Duffau 31 years before moving to Ft. Worth three years ago. He was a member of the Church of Christ.

Surviving are his wife; four daughters, Mrs. Irene Giesecke of Hico, Mrs. Dorothy Albright of Stephenville, Mrs. Noia French and Miss Tina Rogers of Fort Worth; three sons, William G. Rogers of Bedford, John E. Rogers of Fort Worth, and Marshall N. Rogers of Stephenville; three sisters, Mrs. Maggie Koonsman and Mrs. Amy Newman of Iredell and Mrs. Ora Mae Martin of Houston; one brother, Otto Rogers of Mena, Ark.; 16 grandchildren and two great-grandchildren.

ATTENDS SHOWING

Paul Neel was in Dallas last week where he attended a dealer showing of International Harvester products.

Mr. and Mrs. B. E. Adams were in Fort Worth during the past weekend to attend the Stock Show where several D&E trailers were shown. They plan to have showings in San Antonio and Houston.

County Historical Committee Officers Elected Recently

Officers were elected, committee assignments issued, and work plans made by the recently appointed Hamilton County Historical Survey Committee during an organizational meeting held in the directors room of Hamilton National Bank recently.

Members of the county committee, which was appointed by Judge W. E. Tate to work with the State Historical Survey Committee on surveying this area in an effort to recognize places of historical interest, are: Mrs. Brents Witty, Miss Winnie Hampton, C. B. James, Wayne Durham, R. E. Miller, Art Oates, Dr. C. B. Cathey, all of Hamilton, and Miss Mettie Rodgers of Hico.

During the meeting, Mrs. Witty was elected chairman; Mr. Durham, vice-chairman; and Miss Rodgers, secretary.

Sub-committee assignments included the following chairmanships: Historical Markers, Mr. Durham and Mr. Oates, co-chairmen; Museum, Mr. Miller; Archives, Mr. James; Legislative, Dr. Cathey; and Publicity, Mrs. Hampton.

These sub-committee chairmen are asked to select other members to assist them with specialized committee work, and it has been announced that another committee meeting will be held at the Hamilton bank at 1:30 p.m. Saturday, Feb. 16.

One of the first projects the county committee will undertake is the selection of some historical building, home or structure to receive the recognition of the State Historical Committee's Medalion, Mrs. Witty said.

"The building may be selected for any or several reasons. The historical basis for the selection may be architectural or it may be because of some event that took place in the structure," Mrs. Witty explained, and she asked that anyone in Hamilton County having recommendations and suggestions for such a building to please submit them to the committee.

Another project will be to place markers on the graves of Union and Confederate soldiers buried in the county who fought in the Civil War. This will be quite a tedious project, she said, as there are 27 or 28 cemeteries, maybe more, in Hamilton County.

"In this project we will need the help of the people interested in certain cemeteries," she added. "According to a recent survey, points of historical interest are the number-one attraction to Texas as out-of-state tourists," Mrs. Witty said. "We don't want to leave out the recognition due to any person's historically famous ancestors or homesites, so we ask that everyone interested please cooperate with the committee in these projects."

Room program was given by the third grade, directed by Mrs. O. C. Cook.

The first part of the program was about "Our Flag." The children led the audience in repeating the Pledge of Allegiance, and in singing the national anthem. The group sang "I Pledge Allegiance" and "There Is No Other Flag" and gave several ways to display and honor the flag.

Trudy Pitts from the third grade, and Carol Campbell from Morgan delightfully entertained the group with a ballet dance.

Last part of the program was a take-off on the well-known TV program, "I've Got a Secret." Lee Ramage served as panel moderator, with Susan Knudson, Lucy Stearman and Mark Bulman as members of the panel. Jim Roberts was the fourth member of the panel, but at the last minute was unable to attend.

At the conclusion of the program Mrs. Tom Pratt gave a brief talk on "What Makes America Great." She told of what America means to many people from other countries, and what good Americans should do to keep America great.

"We should learn to value human relationship; we should show appreciation for the opportunities that are ours; we should not lose interest in America's past; we should challenge our children to take advantage of the many opportunities afforded them; and, above all, we should remember that America was founded on Christian principles, and we must rely on Christ as our guide if we are to keep America great," Mrs. Pratt concluded.

The room count was won by the third and 11th grades. The group enjoyed a social hour in the school cafeteria at the conclusion of the program.

This time of the year is when clothing stores in most parts of the country have sales. Mention the word "sale" and shoppers react in various ways.

When you go shopping use shopping sense at clothing sales. Efficient shoppers often buy at sales. Consider these factors when you shop at a clothing sale: Do you need the item? Does it fit to your satisfaction? Does it meet your needs? Is the color suitable and becoming? What alterations, if any, will be needed? If soiled, can it be cleaned? If damaged, can it be repaired successfully? Does it fit into your wardrobe? Will you have to purchase new accessories to complete the outfit?

You will want to consider fiber content when you purchase goods on sale. Check information about performance. What special finishes have been applied—is the shrinkage control adequate—what about color-fastness, and what about the type and amount of care required?

Sales terms often differ from those used to describe regularly stocked merchandise. Irregulars and seconds are terms used to identify merchandise that falls below standard specifications. If you shop carefully, these may be good buys. You will, however, want to check interfacing, grainline, adequacy of size, width of seams and hems, stitching, fastenings and trims. Stores feature a number of sales annually in an effort to increase sales volume, but be sure you know what you are buying before you buy.

The recent freeze in Florida will cut back the amount of frozen orange juice concentrate made this season, but there is a bright light in the picture. Some of the stock can be taken up by the more than 34 million gallons on hand December 1—almost one-third of a year's total supply and about twice what is normal for the date, therefore frozen orange

concentrate is still a good buy. The cost of a 6-ounce can averages 20 cents—or a nickel for each 4-ounce serving. According to U. S. Dept. of Agriculture economists that's a cent and a half less a glass than it cost in 1960.

Are you working on your 1962 income tax return? If you haven't mailed it yet, it may pay you to have one more look at it before you drop it in the mail. Watch for little mistakes. They cause trouble to more people than do big errors. Here is a list of things to check off before filing your return, in order to minimize the chances of having it sent back for correction:

Recheck your arithmetic. Mathematical errors are the most frequent of all and cause about 2 million returns a year to bounce.

Be sure to attach your W-2 forms. If withheld Social Security taxes total more than \$150, you're entitled to a refund of the excess.

Write legibly. If you don't type, it'll help to print everything but your signature. Many returns are sent back each year because of illegible writing.

Explain exemptions. Many taxpayers fill in the number of exemptions, but forget to show who they are, and the relationships.

Be sure to sign the return. Remember that if it's a joint return, the signatures of both husband and wife are necessary.

The Extension Office has the 1962 Farmer's tax guide on hand if any of the farmers need help with your tax returns.

Though short in days, February will be packed with a full measure of plentiful foods. Logically enough, red tart cherries head the list. They're a "must" for Washington's birthday and Valentine's Day cherry pies. They're convenient to use and always economical. Supplies are heavy.

Other February plentiful foods include sweet potatoes, eggs, win-

FRESHMAN NEWS

Dianne Jaggars is in search of the cast-aways, or could it be in search of Iredell?

Pat E. has been practicing mental telepathy on a certain boy. What were the results?

Lee Anne S. is getting a new face in homemaking Wednesday. Everyone watch for the transformation.

Who were the three freshmen boys that were with Three-Way girls Saturday night?

Frances L. keeps getting hung in lampshades. The last time she even burnt her chin on the light-bulb.

Judy J. has camera vision. Before you know it she'll be trying to cast a spell on someone.

The freshman homemaking class is taking over Mrs. Johanson's place for a week.

The Fish have a celebrity in their class. Chester has now joined our class in the form of Dwayne F.

JUNIOR HIGH NEWS

The Junior High news has been absent lately but we are back again. It seems the kids haven't been being very mean but they're up to their old tricks again.

Mr. Bonner, you really do have large flakes of dandruff these days, or is it confetti?

It seems that Danny J. has a new girl friend who sits right behind him. He's always turning around and admiring her blond hair. Right Shirley T.?

If you see a girl walking around with smoke pouring out her ears and nose, it's not a volcano—it's Linda C. It seems that she and C.E. have been having quite a few eruptions lately.

Jody L. why are you going around with a show calendar in front of your face? Have any ideas Alyce C.?

The Stephenville Honeybees really stung Hico Junior High last Monday night. But we're going to squash them on Valentine Day.

Cherry R. has it in for a certain Iredell boy since he wasn't at the show Saturday night. You had better do some fast talking D.E.

D.M. what's this we hear about you at the show in Stephenville?

ter pears, carrots, potatoes, canned corn, peanuts and peanut products, and dry peas and beans of several varieties. Consumers will find it profitable to buy and serve these items often because abundance usually means better quality and lower prices.

WHOS WHO

Another senior is in the limelight as my subject this week. She is 18, has very, very dark complexion, brown hair and dark brown eyes, weighs 115 pounds, and is about 5 feet 3 inches tall.

This girl has had many a good time in her years in high school. Some include doing a can-can dance in a very public place, losing her way to the lunch room, and making a detour to a certain green house across the street, printing her name in wet cement, getting mad at basketball games when the scorekeeper refuses to see things right, writing the U.S. Constitution in long hand, making daily trips to Mr. B's office and many, many more.

She is a wonderful basketball, volleyball, and baseball player, and has received many honors such as FFA Sweetheart and Football Sweetheart in previous years. Right now, though, her mind is occupied with a lot more than this. She's got a "feller" on her mind. We never do see her around Hico on weekends anymore because she's taken a deep interest in Clifton all of a sudden.

Her name is Anita Mayfield.

SENIOR NEWS

Our intelligent senior class has really made some astounding headlines this week as usual. Here's some of the main headlines:

There has been a strange rumor going around our school lately. Right AM, GW and BAR aren't speakin' anymore. Seems as if the nickname Lanky is a thing of the past.

JO and DL take people at their word, don't they BAR?

Seems the truth just doesn't get you anywhere anymore. JO felt honest and told Mr. B. the truth and got three points knocked off each course.

DL has a friend (?) JM who is real friendly with everyone but her own date. How about that BK.

LE seems to be having a hard time keeping up with his big (pillow) desk top. Seems DJ wants to use it too.

JUNIOR NEWS

Jerry C sn't the only fast boy in the junior class. It seems Frank P also has a trophy for having a fast car.

Mike F got caught in the act the other day trying to siphon gas out of someone else's tank tank. He got scared when he got caught he poured it all over him; serves you right Mike.

Bill R. and Renee S must really like blue. Every time they walk out of English class they have pretty little figures drawn in blue all over their clothes.

SOPHOMORE NEWS

To quote a fellow sophomore, "This one takes in where the last one left off!"

The sophomore girls got together and decided that we need someone on the moon. Weidon O get ready!

We were calmly watching the basketball game the other night when suddenly we heard a pep squad yelling for Hico. We turned around and to our surprise all of this noise came from one little sophomore girl. Mary Ann M. keep up the good work.

We recently heard that James J has been spending a good bit of time in Dublin. I wonder why?

Linda J does away with all forks used for eating shrimp. What's the use? Fingers were invented first anyway!

Charles E. Mrs. Johanson was very disturbed when you didn't hand in any homemaking today. Now we think you can do better than that.

Connie B. what about those mysterious letters you've been getting from Gary C.? Inform us please.

James C. it isn't nice to put tacks in someone's chair and blame someone else. Especially if it's a girl's chair! How about that AB?

Well, that's all for this week. Everyone be good and try to humor Sharon H.

CARD OF THANKS

I wish to thank the doctors, nurses and hospital staff for every kindness shown me during my stay in the Hico and Harris hospitals. For those who sent flowers, cards and visits, for every prayer and act of kindness, I am grateful. May God's richest blessings be upon each one, is my prayer.

Mrs. Knudson Hostess At Thursday Meeting Of Hico Review Club

The Hico Review Club met Thursday, Jan. 31 in the home of Mrs. M. I. Knudson. Nineteen members were in attendance to enjoy the interesting house and gracious hospitality of the Knudson home, and were served a delicious dessert plate by the hostess.

Mrs. Morse Ross gave the study for this meeting, the subject being "The Making of a Better World." Mrs. Ross had made splendid preparation and offered much thought-provoking material from a widely varied group of writers on this subject, quoting from statesmen, religious leaders, and just people, the speaker led the group through a wide range of thinking.

In conclusion of her well-developed presentation Mrs. Ross conducted a question and answer period that was most interesting.

At the close of the meeting Mrs. Knudson, regardless of how much governmental planning, how much money spent, or misspent, by agencies, if people sincerely want a part in "The making of a better world," then they must, as individuals, face facts. Such facts are weakened moral, spiritual, patriotic levels of conduct in this present time. That as citizens of the country, and the world, one must first strengthen and speak out for a return to higher and more rigid standards of morality, deeper spirituality, more pride, love, and devotion to America.

Next meeting of the club will be February 13, with Mrs. Odie Petsick as hostess.

THIS WEEK IN AUSTIN—

Highlights and Sidelights

By VERN SANFORD
Texas Press Association

Rep. Will Smith of Beaumont wants the voters of Texas to select the Speaker of the House.

He has introduced a resolution calling for a constitutional amendment to make the position of Speaker an elective office.

If passed it would eliminate much bickering among House members, not only during sessions but between sessions. It would speed up work in the House by enabling the members to get down to business on the opening day of each session. And equally important it would save the State many thousands of dollars as a consequence of the man hours lost.

Frequently serious and bitter personal feuds have developed between members of the House prior to the House's selection of a Speaker as well as by disgruntled groups following the election.

To add to the confusion, prospective candidates for Speaker start jockeying for position with the beginning of every new session.

In the end the taxpayer of course is the loser. It has been said that some special sessions have been necessary due to the long delays and the wrangling that has resulted in years past over the Speaker or the speaker-ship.

The Senate does not have this problem since the people elect the Lt. Governor to preside over the Upper Chamber. Both jobs are identical, but only in the Senate do the people have a voice.

Women's Rights

More than 200 women marched into a senate committee meeting on "equal rights for women" and cheered committee approval of a constitutional amendment they've battled for through several legislative sessions.

The "equal rights" bill—yet to be passed by the Senate—may run into trouble in the House of Representatives.

Rep. James Cotten of Weatherford—former foe of the amendment—is chairman of the House Constitutional Amendments committee.

Governor Signs First Bill
First bill to be signed by Gov. John Connally was one he'd requested.

It was the bill which appropriates \$65,000 for his office; \$30,000 for a study of higher education needs; and \$82,000 for investigation and prosecution by the Attorney General's office.

Gov. Connally also made two appointments. He named Austin attorney Robert D. Bullock to the Texas State Historical Survey Committee, and reappointed Mrs. J. S. Abercrombie of Houston to the State Board of Mansion Supervisors.

Sold on Screwworm Program
Governor Connally met with farm and ranch leaders and told them he's still a strong supporter of the Screwworm Eradication Program but won't request the legislature to make emergency appropriations until he sees the results of the program's fund drive.

"I am completely sold on the program," Connally said, "and I am confident the livestock industry will raise the remainder of its quota by March 1."

He said requirements for a state contribution to the eradication program will be considered after March 1. "I do not think we will have difficulty in securing state appropriations, if the producer can meet their commitment," the governor predicted.

'Made In USA' Order Hit

The 3rd Court of Civil Appeals in Austin has contradicted the State Highway Commission by declaring that the commission has no authority to enforce a "made in the USA only" restriction on highway construction materials.

Commission had stated on Oct. 28, 1960, that highway contractors can't use foreign materials for highway construction. This order was challenged by the Texas As-

sociation of Steel Importers, Inc., in the 53rd District Court in Austin, which upheld the state order.

Importers appealed to the 3rd Court. It ruled, "We believe an order disbaring all imported materials from the market available to highway construction contractors acts to restrict competitive bidding."

Attorney General Waggoner Carr plans to appeal the decision. **Leading Trial Atty. Joins Carr**

Texas' Attorney General, who recently bemoaned the fact that his department couldn't afford to employ experienced trial attorneys to prosecute slant-hole oil well cases and cases resulting from the Billie Sol Estes scandal, has added a legal luminary to his staff.

He is Joseph Searcy Bracewell, former president of the Houston Bar Association and father of former Sen. Searcy Bracewell.

Industry Lure

A proposal to give new or expanded industry a five-year exemption of state property taxes has been advanced by Rep. C. Jim Segrest of San Antonio in a constitutional amendment he introduced in the House.

"Tax lures" for new industries are considered unattractive by the Texas Industrial Commission, but Rep. Segrest predicted a property tax exemption would speed up industrialization. His proposed amendment would apply to new industries coming into the state or to existing firms which increase both capital investment and employment by 10 percent.

Stamps or Cash

Rep. Milton Schiller of Cameron is circulating a bill to require merchants to give customers a three per cent cash discount if they don't want to accept trading stamps as a shopping bonus.

Schiller is trying to see what sort of support he'd get if he decides to introduce the bill.

Not for JP Courts

Violators of game and fish laws cannot be tried in justice of the peace courts.

Attorney General Carr issued the opinion in response to a request by Rep. Bill Hollowell of Grand Saline, chairman of the House investigating committee. Hollowell said his committee has

received reports that such violations were being tried in justice courts contrary to at least two decisions by the Court of Criminal Appeals.

No Teen-Age Tattoo

Rep. J. E. Ward of Glen Rose has introduced legislation that would make it unlawful to tattoo any person under 18 years of age. Ward's bill declares that it is important to prevent young people from acquiring tattoos which may be disfiguring and impossible to remove without scarring.

It also noted that disease may be transmitted by the tattooing process.

Deficit Fluctuates

State General Revenue Fund shows a deficit of \$60,508,881, State Treasurer Jesse James says.

This figure is up almost fifty percent over the \$42,281,647 deficit reported on January 9.

Do-Nothing Officials Hit

Do-nothing public officials will get small paychecks if Rep. Maurice Ball of Dallas has his way.

Ball, a Republican, has introduced a House measure which would allow deductions from salaries of public officials who neglect their duties.

Texans unhappy with officials from the governor down to city department heads could present their complaints, along with \$100, to the appropriate person or agency which authorizes the payment of salaries.

Touchy Proposal

The Texas Legislature has been confronted with the politically touchy proposal of replacing justice of the peace courts with county courts of record.

Rep. Ben Barnes of DeLeon offered a proposed constitutional amendment on the subject. He noted, however, that his sponsorship is "by request."

The idea originated in the State Bar of Texas, and has been the subject of controversy both inside and outside the organization.

Stock Show Dates Set March 22

Dates for Hico's 16th Annual Stock Show were released last week by Harold Walker, vocational agriculture teacher, sponsoring organization for the show. The show will be staged at City Park on Friday, March 22.

Always popular with area exhibitors, the show will again offer an attractive premium list, and officials expect a large entry.

Last year the Hico show drew a record 354 entries.

Premium catalogues are now in process of being printed, and will be mailed to exhibitors within the next two weeks.

COUNTY AGENT REPORTS

By E. R. LAWRENCE

The Hico Volunteer Fire Department is undertaking the job of getting a new rural fire truck. This is something that I feel can be of much benefit to many people, and who knows, it might be you. Volunteer departments don't have any income and it is a pretty big job to finance a new truck. They are asking that all who will make a donation to this, so if you haven't sent in your check, now is a mighty good time to do this.

—ERL—
Fire fighting equipment that is purchased by a city government

can't make calls out to farms and ranches. Too, this kind of equipment is not made to take the beating a rural truck does.

Rural trucks have to be built to stand up to the knocking about they take running over pastures, and some pastures are pretty rough going. We haven't had many bad pasture fires in several months. And the more equipment we have in the county, the more grass, barns and rural homes will be saved should they ever get afire.

Just make your check out to the Fire Department, Hico, and drop it in the mail. It will be needed and appreciated.

—ERL—
Kinda hard to believe, but it does look as though we haven't lost all the oats from the hard winter. Many are reporting this week that they believe their grain will come back, though not to as full a stand. It might be a good idea to leave it if there is as much as half or better stand. Seed oats were rather hard to get this past fall and with the short crop coming up, they might be still harder

CARLTON

By MRS. FRED GEYE

As the obituary of George Williamson was given last week in the News Review, it will not appear in my news this week. Burial for Mr. Williamson was in the Carlton Cemetery.

Burial was made in the Carlton Cemetery Sunday afternoon, February 3, following funeral services at Dublin for James Reginald Shafer III, son of Lt. and Mrs. J. R. Shafer of Frankfurt, Germany. The 9-month-old infant was found dead in his crib Jan. 25. He had been ill with a cold, but seemingly was completely well. The doctors report that he must have had a quick type of pneumonia. He is survived by his parents; two sisters, Tammy 4, and Margo 2. Lt. Shafer is the son of Mr. and Mrs. J. R. Shafer of Odessa and Mrs. Shafer is the daughter of Mr. and Mrs. Chesley Kennedy of

Longview. His great-grandparents were the late Dr. and Mrs. F. P. Kennedy and Mr. and Mrs. Rance Sowell, all of Carlton.

Mr. and Mrs. Leo Finley of Walnut Springs and Mr. and Mrs. J. G. Finley and Dennis of Fort Worth were visitors Sunday with their mother, Mrs. Jessie Finley. Mr. and Mrs. Connie Mack Self and Connie Dowlyne of Fort Worth and Freddie Self of Dallas spent the weekend with their mother and husband, Mr. and Mrs. T. G. Lowery and Jack Henry Self.

Mr. and Mrs. Cecil Prater of Killeen visited one day last week with Mr. and Mrs. Aubrey Gibson. Mr. and Mrs. Gene Sharp and two sons of Andrews spent the weekend with their parents, Mr.

and Mrs. Sam Sharp and Linda and Mr. and Mrs. L. H. Lunford, Kenneth, Roy and Arlene. Mrs. Sharp and sons remained here for a longer visit.

It is reported that Dock Finley will be home today (Monday) from the Gorman Hospital where he has been very ill for two weeks.

Mr. and Mrs. Aubrey Gibson attended the funeral services at the First Baptist Church in Hico for her cousin, Mrs. Maggie Partain, who passed away in Dallas.

The E. L. Fine barber shop that has been closed for several weeks has been opened and is being operated by Conrad Roberson.

At this time, Hubert Vierte, Cranfills Gap, is testing a new product that was sent to him by one of the chemical companies. The product is given in small doses and is a liquid and a rather thin one at that. It takes a special drench gun to administer the dose but the gun is very easy to use.

Hubert says he has not had a chance to give the material a real good test yet as he has not had any trouble with stomach worms since he got the new drench. If some of you living near Hubert have a few sheep or goats that you think are wormy I believe he would try this new stuff on them if you'll let him know.

MRS. ELSIE BEHRENS PASSES AWAY

Funeral services for Mrs. Elsie Behrens, 63, were held Sunday afternoon at 3 o'clock from the Chapel of Barrow-Rutledge Funeral Home.

Mrs. Behrens was born at Gay Hill, Washington County, on July 4, 1899 and died Feb. 2 in the Hico Hospital where she had been a patient for 3 weeks. Mr. Willis G. Behrens, her husband, preceded her in death Sept. 24, 1954.

For the past several months Mrs. Behrens had been residing with her children in Arlington and Ft. Worth.

Rev. Geary Colburn, Baptist pastor, and Rev. A. L. Cronk, Methodist pastor, conducted the services. Mrs. Behrens was a member of the Clairette Baptist Church.

Survivors are two daughters, Mrs. Stella Fellows of El Paso and Mrs. Alice McCullough of Arlington; three sons, Marvin of Clairette, and Ermin and Emil of Fort Worth; 15 grandchildren; 2 sisters, Mrs. Erma Gregory of El Paso and Mrs. Beatrice Pulton of Fort Worth; four brothers, Ben Ganske of Stephenville, Willis of Jacksonville and John of Waco, and C. R. of Killeen, a half-brother Ermin Bottlinger of Hamilton.

Burial was in Clairette Cemetery. Pallbearers were Donald Mayfield, Fieldon Haley, Bobby Needham, Paul Dietiker, Fred Ganske and Bryan Bottlinger.

We extend our sympathy to the bereaved family.

Mr. and Mrs. J. J. Carter and family moved to Stephenville recently.

A good crowd attended services here Sunday morning at the Methodist Church. The Martin Sisters sang a special hymn, before Rev. Cronk delivered his sermon.

Mr. and Mrs. Glen Lee of Fort Worth spent the weekend with Eunice and Noel Lee.

Mr. and Mrs. Marvin Noland of Stephenville and Mr. and Mrs. Truman Noland and family of Weatherford visited Sunday with Mr. and Mrs. J. O. Noland. The grandchildren, Linda and David Noland spent Saturday night with them.

Mr. and Mrs. Bishop Stamford of Brownwood visited relatives here this weekend and also visited with Artie Thompson at the Hico Hospital. Mrs. Stamford spent most of the past week here. Sherman Reed, who is employed in Fort Worth, spent the weekend at home.

Everyone is glad to have warmer weather after the long seige of real cold weather. Rain is badly needed in this area.

Mr. and Mrs. Jack Stamford and daughter of Fort Worth visited Sunday with Mr. and Mrs. Lem Hoffpouir and Mr. and Mrs. Artie Thompson at Hico Hospital. Mr. and Mrs. Sam Thompson of Colorado City and Mr. and Mrs. Archie Thompson of Coahoma spent the weekend here and at the bedside of their brother, Artie Thompson.

Mr. and Mrs. O. H. Huckabee of Weatherford, former residents, were here Sunday to attend the funeral service for Mrs. Elsie Behrens, and visited friends while here.

The Busy Bee Club met with Mrs. Bill Head January 31 from 2 until 4 p.m. After the roll call and business session, the hostess had two games pertaining to Valentine. She had made a big red heart of material and several items were enclosed in the heart. The heart was passed around to each lady to feel and try to identify. Mrs. Bill Christian had the most correct answers, winning the prize. The second contest was song titles with the words love, dear and sweetheart in the titles. Mrs. Velma Gage won the prize in this contest. Other than the members, two visitors, Mrs. Arvy Dowdy and Mrs. Velma Gage were present.

The hostess served heart-shaped sandwiches and heart cookies with pink punch and heart-shaped plate favors and Valentine napkins.
