Surprise! Comfort has come to compacts. Dodge Dart takes on a pack of six-footers with ease. Yet this roomy one is priced like other compacts, saves like 'em too . . . and then some. That's because of things like a new 5-year/50,000-mile warranty*. Little wonder, Dart's the success of '63. This year's sales are up 115% over our compact sales of last year! Get Dart, the large economy size compact. "Your Dodge Dealer's Warranty against defects in material and workmanship on 1963 cars has been expanded to include parts replacement or repair without charge for required parts in for five years or \$2,000 miles, whichever comes first, on the engine block, head and internal parts, transmission case and internal parts (excluding manual clutch); torque converter, drive shaft, universal joints (excluding dust covers), rear axis and differential, and rear wheel bearings—provided the vehicle has been serviced at reasonable intervals according to the Dedge Certified Car Care schedules.
