NUMBER 17.

HERE IN HICO

By E. V. M.

Publishing a newspaper can become a ticklish job—especially when issues come up involving a group of people who appear to be equally split on said issue.

Such is the case in the election Saturday for the consolidation of Fairy schools with Hico.

Thus far we have managed to keep these columns free of opinions and have made a genuine effort to treat both sides the same. Certainly we have an opinion about the proposition, and will express that opinion in person, but we feel that this newspaper represents not one side, but both.

That is, we have perhaps as many friends opposed to consolidation as we have for the merge, and believe that everyone has a right to think and vote his own convictions.

We have supported Fairy schools in the past, and will do so in the future if they are continued, but if they aren't going to continue and go somewhere else, then we certainly want to be among the first to welcome them to use the facilities of our school. We feel that other residents here have the same feelings, and that they will go to the polls Saturday and vote unanimously to welcome our neighbors.

As we see it, there are actually three issues in the Saturday election, which are:

1. Provide more tax money to continue school at Fairy this year.
2. Consolidate with Hico.
3. Continue for another year, and go to Hamilton next fall.

Only the people in that district can decide which of the three propositions they want to accept, and we feel that they are capable of doing just that.

Aside to the people of the Hico school district—Any figure under 250 votes Saturday in the school election will be disappointing. Each and every one in this district should make a genuine effort to go to the polls and cast their vote in this important election if they are eligible.

Enough emphasis cannot be put on the importance of a large turnout at the polls, and we are personally appealing to everyone in the district to vote.

Telling tales about friends is one of my favorite pastimes and just can't resist this one about a former resident here now "mayor" pro-tem at Johnsonville. (He couldn't get elected mayor because J. I. Wood has become a permanent fixture in that office.)

Seems that one day recently a colored man stopped at R. E. Turner's Store out at Johnsonville and told him this story about the Lord and he was going out to preach the gospel. Only thing—needed money to get wherever he was going, and would R. E. cash a check for him.

Being just as good-hearted as he was when he lived here, R. E. cashed the check and sent the preacher on his way.

I've always been taught that experience is the best teacher, and imagine R. E. feels the same way. The check was hotter than the face that the colored man was using out to preach against!

NEW JUDGE, COMMISSIONER—New County Judge G. W. (Dick) Hurley is shown as he presided at ceremonies this week when Elvin Miers, left, took the oath of office as Commissioner of Precinct 1. Mr. Hurley was appointed to fill the unexpired term of the late W. E. Tate as County Judge last Thursday. He is the former commissioner of Precinct 1. Miers received the appointment to fill the remainder of the term of Mr. Hurley. (Photo courtesy of Hamilton Herald-News.)

Band to Begin Pre-School Practice Next Monday

Next Monday, August 26 at 4:30 p.m., the Hico Tiger Band will begin pre-school practices for the coming year. Returning band director, Mr. Mike Morton, has planned 4 hour and a half practices to continue through Thursday as preparations for not only the coming football season but also parades which have been scheduled at Stephenville, Hamilton and Dublin.

Majorettes this year are Sharon Howard and Pat Bruner, and returning as Drum Major is Linda Jaggars. Both majorettes spent a week at Cisco Junior College at a twirling school and will be featured in several of the football shows being planned.

Most important, however, are the band members themselves, Barbara Casey, Mary Ann McClure and Ronald Fellers will make up the trumpet section. Gary White, who is playing football, is planning to help out in one or two of the shows. Playing clarinet is Mary Beth Martin, Denna Meador, Cathy Cryer, Cathy Powers, and Linda Naul. Rebecca Sue Martin will be on saxophone, while Linda Cronk and Karen Dunn will play flute. In the trombone section are Jerry Beth Merritt and Don Rainwater. Jansen Aikman and Reesie Giesecke will be playing bass horn. The rhythm of the band comes from an able drum section with James Mayfield, Carolyn Wootton and newcomer Linda Bruner. Aotis Land will be playing bass drum.

The band is also planning trips beginning with Music Day at the State Fair, and perhaps the Christmas Choir Concert at Will Rogers Coliseum in Fort Worth.

Mr. Morton said, "The band's main goal throughout the year is to earn enough money through various projects such as car washes and rummage sales to raise the money necessary to get the long-awaited for new uniforms." Mr. Morton added "I feel sure that with the backing of everyone in Hico, not only will the band receive new uniforms, but also new members. Anyone interested in becoming a band member, with or without previous experience, should contact me as soon as possible."

Mr. Morton is taking one year out from college to teach in Hico full time. He will make his home here during the coming school term.

I would like to mention at this time each time a person is convicted of this offense the penalty can get to be more. So let's all be good sportsmen and hunt or fish on and where we have authority to be.

And be able at all times to prove you have permission to be on the place you are on, because no doubt some of you will be asked to prove this.

Let's all remember to be very careful and get through this 1963 season as healthy as we entered it.

Game Warden Reports

By BOB RHUDY

Dove season will open on Sept. 1 and run through Oct. 30, both days inclusive. The daily bag limit is ten, and the possession limit is 20. Shooting hours will run from 12 noon daily until sunset.

There has been some questions raised on where you may shoot doves. There is never an open season on any game animal or bird from a public road or highway. You may not hunt in any city limits or on property where you do not have permission to do so.

As some of you folks have already heard "game wardens now have the authority to make arrest for trespassing." In order that you may understand this law I will quote some of the most important points so you will know just what to expect.

"No person shall enter or attempt to enter upon the enclosed land of another without consent of the owner, proprietor, leasee, or person in charge thereof, and hunt or attempt to hunt with firearms, bow and arrow, or any other instrument capable of being used in the hunting of any animal or bird. No person shall enter or attempt to enter upon the enclosed land of another without con-

DPS Director Estimates 31 Deaths During Labor Day

Austin, August 21.—The director of the Texas Department of Public Safety announced this week an estimated 31 persons will be killed in traffic crashes in Texas over the three-day Labor Day weekend, and called for "an all-out effort to prove the statistics are wrong."

Col. Homer Garrison Jr. pointed out that the estimate by the DPS Statistical Service is based on past experience, but added:

"There is always a chance that it can be proved too high if motorists will put forth a concerted effort to hold the line by driving within safe and legal limits and remaining especially alert to the added dangers of holiday travel."

To emphasize these hazards, he said, "Operation Motorcade" will be placed in effect from 12:01 a.m. Saturday, August 31, through 11:59 p.m. Monday, September 2. During this period, all traffic fatalities on the streets and highways will be tabulated and released three times daily to the public through the cooperation of news media.

In addition, the Department of Public Safety will do everything possible with the limited manpower available to stop reckless and illegal driving on the highways, Garrison said. Officers from other DPS uniformed services will be assigned for the holiday period to Highway Patrol duty to add to the enforcement effort.

The DPS Director said Labor Day this year comes at a time when traffic tragedy for the year 1963 appears to be heading for an all-time high. He reported that more than 1,400 persons have been killed already this year for an increase of some eight percent, adding that if the trend continues the toll will exceed the high of 2,611 persons killed in 1956.

Garrison noted that several public and private agencies are carrying on programs to supplement the safety emphasis effort for the Labor Day Holiday. The Texas

Safety Association will conduct a public information program stressing the need for courtesy and caution. TSA vice-president W. F. (Bill) Leonard will coordinate the efforts of Junior Chambers of Commerce over the state in operating numerous "rest stops" for fatigued drivers to whom free coffee will be served. The Texas Association of Broadcasters will conduct a statewide "Drive Lighted and Live" program in which appeals will be made to motorists to drive with their headlights on dim during the daylight hours to focus attention on the need for legal and safe driving.

The Texas Highway Department will carry on a continuing information and education program in structuring drivers in freeway driving and the need for caution near highway construction areas.

And the Texas Council of Safety Supervisors and the Texas Motor Transportation Association will sponsor a fleet of 35 to 40 cars which will be used to assist stranded motorists over the state. This "Holiday Road Patrol" will be manned by the safety directors, safety supervisors and safety engineers of the trucking industry who comprise the membership of the Council. Its primary purpose is to help relieve highway patrolmen for enforcement work by aiding motorists in distress.

Riding Club Round-up

By MRS. BUCK SHEPHERD

Last Friday night was Kid's Night again at the Hico Riding Club Arena. Many youngsters showed up full of enthusiasm and ready to enter all events and ride almost anything on four feet. There were spills and thrills and a night of good entertainment.

Harold Grueben provided the crowd with many laughs as he rode his donkey around the barrels. One of the little Holley twins (Loyd or Boyd) took a hard fall, which makes him a full-fledged cowboy. Everyone was so thankful he wasn't badly hurt, but at that, there was a real shock-up mother and daddy.

Out of the 16 entrants for barrel racing, 12 years and under, Sharee Williamson won with 16.4 seconds. Robbie Robison was second with 17 seconds, and David Gray third with 19 seconds. In the 13 and over division there were 12 entrants. First place went to Lonnie King of Stephenville with 16.3; second to Edmund Horton with 17 seconds, and third to Janis Shepherd with 17.2 seconds.

The next event was Flag Racing in which some of the pointers didn't seem to care for that little red flag. In the 12 and under division there were 16 entrants. First place was won by Elizabeth Black, 10.3; second, David Gray, 11.3; and third was a tie between Robert Gray and Sharee Williamson with 12 seconds. In the 13 and over division were 17 entrants. First place went to Wanda Keeney, Stephenville with 8.3 seconds, second was a tie between Edwin Black and Janis Shepherd with 9 seconds. Third place went to Lonnie King, Stephenville, 9.2 seconds.

In the Break-Away Roping event, our young boys just couldn't seem to catch a calf so there were no winners. In the older age group Scott Patterson took first with 9 seconds and Jerry Chew followed with 12 seconds. The Ribbon-Roping was much the same—no winners in the young group, but Edmund Horton and Ann McClammy took first place in the older division with 11 seconds. We think Ann should come out for track next year. Edwin Black and little sister, Elizabeth, took second place with 19.3 seconds.

In the Egg Race, which everyone especially looks forward to, there were 12 entrants in the 12 and under age group with first place going to Robbie Robison 16.2 seconds; second place to Betty Pettijohn, 21 sec.; and third to Elizabeth Black, 24.4 sec. These kids really handled the eggs with care but two of our older boys didn't—Edwin Black and Jerry

Chew know how a raw egg feels in their hands, therefore they received no time. First place went to Edmund Horton, 13.3; second to Lonnie King, 14; and third was a tie between Bobbie King and Johnnie Hampton with 17.3. The rescue race is always exciting and a lot of fun. In the 12 year group first place winners were Eldon and Kenneth Black, 13.2 seconds; second, Eldon and Elizabeth Black, 14.4; and third, Robbie Robison and Claudia Walters, 15.2 seconds. In the older group first place went to Edwin Black and Edmund Horton with 11 seconds; second to Jerry Chew and Scott Patterson with 13.3; and third was a tie between Wanda Keeney and Lonnie King and Leon McMillan and Gloria McMillan with 14.2 seconds.

In the Pole Bending event for 12 years and under, Robbie Robison won first with 18.2 seconds; second place was a tie between Jerry Pettijohn, David Gray and Sharee Williamson, each with 22.3 seconds; third went to Bobby Pettijohn with 23.2 seconds. In the older division first place went to Lonnie King 12 sec.; second to Wanda Keeney with 15.3; and third to Janis Shepherd with 17.4. We had no Scoop Race as no one brought a scoop. There were plenty of calves and plenty of riders, as the calf riding event wound up the show. The kids were ready to stay all night and play, but the hard working fathers called it a day about midnight. Again we say thanks to all the youngsters for their good sportsmanship and courtesy.

WASHINGTON—

As It Looks From Here

By OMAR BURLESON, M.C.
17th District, Texas

Federal Aid to Education is all over the place. Numerous letters received from people in the 17th Congressional District express their opposition to Federal aid to schools, but most have in mind direct Federal funds for our public schools in the form of grants for buildings and facilities and teachers' salaries.

As a matter of fact, we have had Federal Aid to Education since 1917. The Smith-Hughes Act and the George-Barden Act which have been in effect all these years provide Federal funds for vocational training in our public schools. No one questions these provisions, but week before last the House of Representatives adopted a new concept to these measures. If finally passed by both bodies of the Congress and signed by the President, it permits transfer of funds from one activity to another, and particularly establishes authority to build vocational training centers and provides for courses of instruction for people not in school. Ages range from 15 to 65.

Under present trends of trying to do something for everybody, the original Smith-Hughes and George-Barden Acts could be weakened by setting up outside training schools.

Last week the House of Representatives passed what is commonly known as a Higher Education Facilities Aid Bill. This measure, over a three-year period calls for a little less than \$2 billion.

It approves loans and grants to graduate and undergraduate schools with a large measure of control centered in the Commissioner of Education in Washington. Although the measure disclaims federal controls, it gives the Commissioner of Education the authority to decide who gets the money. The Federal Administrator can exercise his judgment as to whether a grant to a college or university would increase the supply of "higher qualified personnel critically needed by the research and teaching." This is community, industry, government, not supposed to be Federal control, but it is definitely controlled as to who gets the money and where it will go.

In addition to these two measures, the Congress has already approved Federal aid to dental and medical schools, which had the support of the Medical Associations of the Country. Yet to come is the re-enactment

and extension of the Impaired Area Bill. This is a measure which has been in effect since the war and provides assistance to schools located in the area of military installations or large defense facilities. The latter measure makes sense in that when the Federal Government is the cause of an influx of students into a public school system, it seems right it should share the burden thus created.

The point is, we have Federal Aid to Education. All these measures had wide support across the country and passed the Congress overwhelmingly. Yet to come is the sort of Federal Aid to Education which most people consider the term implied. This is direct Federal Aid to elementary and secondary schools. Had it not been for the religious issue involved, there would probably already have been federal aid to elementary and high schools. Aid to parochial schools is the objection expressed by many people. The fact remains that aid to higher education passed by the House of Representatives last week does exactly this.

In addition to these measures for Federal Aid to Education, there are other pending bills, a part of which provides a feature of Federal Aid to Education. This eventually to follow, is the Federal aid which most everyone has in mind when they write or discuss the subject, and this is direct aid to public schools. If all these other acts are finally approved and become law, direct aid to public schools will be all that is left to object to.

It is not necessary that the Federal Government apply controls by dictating courses of study and other authority over local schools. It is simply a matter of withholding funds if its direction is not carried out.

Some of the year's most luscious fruit is in season right now, and it's all appropriate for salads.

Take this opportunity to feast on fresh peaches, pears, Bing cherries, grapes, melons, or whatever you find in the garden or market. Combine these tempting fruits with cottage cheese and crisp lettuce and top with a creamy sour cream dressing. Honey Orange Dressing is a perfect choice and so simple to make. Just blend 2 tablespoons honey with two tablespoons orange juice then gently fold this into one cup dairy sour cream. Chill the dressing. At serving time, garnish it with grated orange rind and spoon over any chilled fruit and cottage cheese salad.

School will soon be starting and I want to remind you that good nutrition begins at home. Mothers who, without any fuss or comment, serve their families a good breakfast each morning are forming food habits their children are not likely to forget. There is no need to tell your children to "eat a good breakfast." Instead, serve them one. Be sure the table and food are attractive, and include a variety in the breakfast you serve. Make fruit or juice a regular part of their menu along with milk.

Add breakfast favorites such as cereal, toast, bacon, eggs, or other foods they like. If your family likes hot breads for breakfast, you will love the bulletin "Quick Foods" B-176. It is full of recipes that are, as it says, quick, for those mornings that don't seem to have enough minutes in them.

Are you planning to build a building, corral or possibly a piece of equipment to make your work easier on your ranch or farm? If so, here is a suggestion for you. Drop by the office of your county agent and ask to see the catalogue of building and equipment plans available. Included in this catalogue are plans for almost every type of building and equipment such as trash burners, barbecue pits, outdoor fireplaces, corrals, fences and other items that will make work easier. Also included are plans for many labor-saving devices that can be built in the work shop. Our extension agent will be glad to order plans for you from this catalogue of building and equipment plans.

Recent visitors in the home of Mr. and Mrs. John Trammell were her mother, Mrs. Lucy Bell, her brother, Mr. and Mrs. Jessie Bell, Mike, Richard, Hal and David, and a niece, Miss Shirley Ann Bell, all of Amarillo.

Advertising Doesn't Cost — It Pays!

Why Not Display Your Business in the Show Window Of Your Town

For a small investment you can be represented in your community newspaper every week, and the subscribers will have an opportunity to view your wares 52 times a year. As a result, complimentary remarks will be made of your business—and the same goodwill that is created for your business will be created for your town. Goodwill is an intangible asset, yet no business is operated successfully without it.

Buying Advertising is An Investment . . . Not An Expense

When you build an addition to your building, it's listed as additional assets. When you add new lines of merchandise to the stock in your store, it's listed among your assets.

When you invest in advertising it certainly creates additional goodwill, and certainly you can list goodwill among your greatest assets.

ADVERTISING'S FIRST DUTY IS THE CREATION OF GOODWILL, AND THROUGH GOODWILL IT AIDS IN SELLING!

Newspaper advertising is an avenue through which information is conveyed to your customers and prospective customers—a service that is provided through no other facility.

COOL ANNIVERSARY WALTZ FOR SIX FLAGS—The famous ragtime eleven known as the SIX FLAGS Crazy Band, made up entirely of college students, beats the heat the logical way while playing the "Anniversary Waltz" in honor of the Park's third birthday August 5.

SIX FLAGS Over Texas, now one of the most famous tourist attractions in America, celebrated its third anniversary since opening on August 5, 1931.

The 115-acre Park, located midway between Dallas and Fort Worth, has entertained over 2,575,000 visitors to date.

Measured by any yardstick, the growth of SIX FLAGS has been impressive. The figures below graphically illustrate this.

THIS WEEK IN AUSTIN—

Highlights and Sidelights

Highway Patrolmen Needed

Col. Homer Garrison Jr., head of the Department of Public Safety, is looking for 100 additional highway patrolmen.

He asks applicants, aged 31 to 35, to contact him no later than September 14. Recruits will start to school November 19. Pay is \$412 a month while in training, \$453 on graduation.

Department will endeavor to assign the men to stations within 100 miles of their present homes.

Hope to Cut Traffic Deaths

Col. Garrison cast a gloomy eye at his crystal ball, and predicted a possible 31 traffic deaths in Texas over the three-day Labor Day weekend. But he hopes he is wrong!

"There is always a chance that the estimate can be proved too high," Garrison said. "If motorists will put forth a concerted effort to hold the line by driving within safe and legal limits, and remaining especially alert to the added dangers of holiday travel."

DPS has enlisted the aid of the Texas Safety Association, Texas Association of Broadcasters, Junior Chambers of Commerce, Texas Council of Safety Supervisors and the Texas Motor Transportation Association for a Labor Day "Operation Motorcade"—a concerted campaign to call attention to highway dangers.

High School Dropout

The growing problem of high school dropouts will be the topic of the annual meeting of the Texas State Committee on Public Education in Austin on September 22.

President of the committee, Mrs. Helen J. Betchel of Corpus Christi, is inviting all interested persons to attend the one-day session. No registration fee will be charged.

Governor Connally has estimated the state rate of dropouts for the next five years as 325,000.

Oil Allowable Cut

Producing ability of Texas oil wells was cut by some 28,617 barrels a day when the Railroad Commission reduced the daily oil allowable from 28.5 per cent in August to 28 per cent for September.

Most of the major oil companies wanted more of a cut. But independent producers succeeded in getting the commission to hold production near the August allowable.

Commissioner Ernest Thompson of Amarillo returned to his office after a long illness and attended the hearing.

U-H Regents Named

Governor Connally named three University of Houston grads to the nine-member board of regents for the U. of H., which will join the state college and university system in September.

Alumni-regents are Jack Valenti and A. J. Farfel, both of Houston, and George S. Hawn of Corpus Christi.

Other appointees include James T. Duke of Johnson City and Edward Daniel Manion of Beaumont. Also Col. William B. Bates, James A. Elkins Jr., Corbin J. Robertson and Mrs. Gus Wortham, all of Houston.

School Land Board Member

A Taylor attorney—Wilson H. Fox—has been appointed by Attorney General Waggoner Carr to take Carr's place on the School Land Board. Law specifying the change was passed at the attorney general's request.

Governor Connally and Land Commissioner Jerry Sadler will remain on the three-member board which does a big, and complicated, business leasing many thousands of acres of state-owned land each year.

Fox was a former district attorney and state representative for Burnet and Williamson counties.

Hawaii Calls

Many of Texas' state officials now are in Hawaii attending the National Legislative Conference in Honolulu.

Lt. Gov. Preston Smith of Lubbock heads the list. Others attending are House Speaker Bryon Tunnell of Tyler, Rep. Ben Jarvis of Tyler, Sen. George Parkhouse of Dallas, Rep. Wayne Gibbons of Breckenridge, and Rep. Dick Slack of Pecos. Also in the group are Bob Johnson, former representative from Dallas and now executive director of the Legislative Council, and his assistant, John T. Potter of Austin.
