## Tigers Score in Last Four Minutes to Down Gorman

Hico's reputation for spoiling foe's homecoming activities ran true to form last Saturday night, as the Tigers spoiled the Gorman Panthers' special show before a capacity crowd of ex-students in that Eastland County town.

In case you haven't heard, the Tigers downed the Panthers 6-0. The locals, crippled for the game concentrated on a tough defense which paid off handsomely, especially when the chips were down.

Twice during the night, in the second and third periods, the blue-shirted Tigers rose up to the occasion and slapped down Gorman backs just when it looked as if the home team would go ahead in the game.

On the other hand, the Panthers played some defense of their own, throttling the locals' attack at the 18 yard line in the first quarter, and at the 31 and 24 yard lines in the final stanza.

On the initial thrust in the first quarter, Hico started a drive at their own 36, moving to the Panther 18 before bogging down. Big play in the drive was a 30-yard pass and run, Charles Erick to Larry Shipman.

Gorman's only penetration in the first half came shortly before intermission when the Panthers moved from their own 49 to the Tiger 18. A penalty set them up at the 13, but the Tigers dug in and when the half ended the Panthers were back on the 29 yard line.

That appeared to be the pattern for the rest of the game, as the Panthers marched deep into Tiger territory after forcing the Tig-

ers to punt on the first series of downs following the kickoff. Gorman moved to the Tiger five, the yards became harder to get, and after four tries, the Panthers relinquished the ball back on the 20 yard line.

A blocked punt gave the locals an opportunity to go ahead in the game, but a fumble promptly gave the ball back to the Panthers at the 31 yard line. Hico staged the longest drive of the night after forcing Gorman to punt. The locals put the ball in play at their own 24 yard line, and moved to the Panther 24 before losing the ball on downs. Jerry Casey reeled off the longest run in the drive, a 22-yarder to Gorman's 41.

Lightening struck the Panthers on the next series of downs. Attempting to kick, the Panther punter was forced to eat the ball at their own 12, and three plays later, Casey skirted right end on a tricky reverse for nine yards and the only score of the night. Bill Rutledge had taken two licks at the line for three yards to the nine before Quarterback Erick pulled the sweep out of the bag.

An attempted outside kick by the locals following the TD almost backfired, with the Panthers taking over on Hico's 43. With less than a minute remaining in the game, Gorman's big man, Gary Overstreet, took off for 21 yards to the Tiger 21. On the final play of the game, red flags were all over the field, the penalties being for interference against the Tigers and for an ineligible receiver down field on the part of the Panthers. Offsetting penalties rubbed out the play as the clock ran out.

**PUBLISHED WEEKLY BY THE STUDENTS OF HICO HIGH SCHOOL**

**FIRE PREVENTION WEEK**  
(Editorial)

Fire Prevention Week, Oct. 6-12, was observed by Hico Schools this week with posters, themes, demonstrations and drills.

Thinking back a few years at the old elementary building (a fire trap). The students had to march single file down halls, a flight of wooden stairs and down another hall to either front or rear exits, being sure not to coincide with other lines of smaller children. Of course, the old high school building had better fire prevention safety measures. If caught on the top floor (auditorium at that time) just slide down the long slide or march down three flights of stairs.

Fortunately fire was never started, or possibly there would have been a disaster.

Everyone in Hico should be proud to have such modern, safe school buildings. The buildings provide quick exits from nearly any direction and every floor, and the "fire bug" does not have a chance in such neat, clean surroundings.

The students feel it's an honor and a privilege to attend the best school in this area, and the parents are relieved of any fears that their children are not completely safe, secure, and well-cared for.

**GREENHANDS ELECT**

On Wednesday, Oct. 1, an election was held for freshman FFA officers.

Jim Lackey has been elected president of the Greenhand Chapter of Future Farmers. He is the son of Mr. and Mrs. A. H. Lackey and is an outstanding agriculture student.

Other officers elected for this school year include Danny Jenkins, vice-president; Dwain Gray, secretary; Alan Royal, treasurer; Ronnie Hefner, reporter; and John Fouts, sentinel. Mr. Harold Walker, teacher of vocational agriculture, is advisor of the Hico Chapter.

**BAND ELECTS OFFICERS**

Officers for the Hico High School Band were elected last Friday. They are Morgan Leath as president; Pat Bruner, vice president; Sharon Howard, treasurer, and Evelyn Huff, reporter.

We enjoyed traveling to Gorman to help the pep squad support the boys in their success of beating Gorman. It was a very interesting night as the HHS Band was very determined to convince the Gorman band that we are all very robust, and it would take a lot more wisdom to obstruct us.

The band is working very hard to give a good performance during halftime at the games, and everyone is looking forward to this opportunity.

**BAND TO FORT WORTH**

On the evening of Sept. 30, the band saw a spectacular performance given by Maynard Ferguson, the great trumpeter. Eight members were escorted to Fort Worth by Mr. Morton and Mrs. McClure.

The eight persons were Barbara Casey, Linda Cronk, Mary Ann McClure, Denna Meador, Carolyn Wooton, Gary White, Morgan Leath and Richard Leath. The greatest men on the trumpet, play-greatest men on the trumpet, played in his unusual way. He reaches such high notes that he is the only man alive to play in an atmosphere by himself. He gave a performance of about 2½ hours, playing some of his nationally known songs.

The members that went to Fort Worth sincerely thank Mrs. McClure for taking some of them. The band also thanks Mr. Morton

Mr. and Mrs. H. O. Luckie of Terrell, and Mr. and Mrs. Elam Berra Jr., Calvin and Penny of Dublin visited with Mr. and Mrs. Cecil Luckie and Jimmy last Sunday.

Mrs. S. O. Durham, I. E. Durham and Miss Baylor Durham of Waco visited with Mr. and Mrs. John Gollightly last Saturday.

**FOR TAKING HIS CAR.**

**WHO'S WHO**  
This week's subject is a prize history student, in that she has very strong and radical views. She is outspoken and lets you know what she thinks about things. Sometimes it really gets the job done, especially with those fickle freshmen. Her comments are always what she believes to be the best answers. She helps us like Alexander Hamilton helped the Philadelphia Convention.

As a basketball player she is very active. Like all H.M. girls she will enjoy the trip to the fair. Down at the Tiger's Den where she spends a good deal of time, she has a smile on her face and a candy bar in her mouth. (She likes ice cream too).

Everybody agrees that she is a really good junior. I discovered who her secret love is the other day by sheer accident. Guess who? Why it's Jim Grimes, of course. Her favorite side kick is E.B. (Edwin Black). I'm sure you have all guessed by now that it is Sandy Hicks.

**TIGERS TRAP THE PANTHERS**  
Last Friday morning the Hico High School student body met for their regular pep rally. The cheerleaders led a few yells, and the band contributed a few musical selections to encourage our team. Then a few speeches were made. We earned about the financial factors concerning the game and were all encouraged to be present at the game at Gorman.

Bill Rutledge and Jerry Casey "eniors on the Tiger team, each expressed their confidence in the team. We then sang the school song and were led in another yell. With that final note of encouragement we were dismissed.

Everybody felt the seriousness of the situation. The game Saturday night would be with the Gorman Panthers. It would be their homecoming so they would naturally play much harder.

Saturday night the Tiger team, pep squad, band, and other fans ventured to Gorman. It was perhaps the most exciting game of the season for Hico spectators. The Tigers fought back and forth with the Panthers. Neither team made a touchdown during the first three quarters of the game. Then with four minutes left in the game Jerry Casey made a mad dash for the goal line, giving Hico the victory 6-0.

**KEEPING UP WITH SENIORS**  
One of our brave football heroes is temporarily out of action since he sustained an injury trying to win a Tiger victory. We hope that Butch Knudson will recover soon.

Julia's feet matched her shoes the other day, a nice bright shade of red. Try using stars and stripes band-aids next time—they sure do help prevent blisters.

Frank P. bought every one of his pictures because he wanted some to give his girl friends and one to put in a trophy case. Stephenville should really appreciate his charm.

Boonie L. is having a lot of trouble seeing lately. That knot seems to blur her vision.

I met Bill R. and Sharon L. had an exciting night last Friday. Seems the couple with them (Liz and Du.) were quite entertaining in more ways than one. Light. Shar? Don't you wish they'd take out the air conditioner.

Morris is still up in Seventh Haver since he kissed LB out on the football field. Fun, isn't it, Morris? Sweet 17 and now ac's been kissed!

Lloyd Hyles is never lonesome while he is at school because he is never given a chance.

Eilene Gannaway seems to enjoy sharing her knowledge during Civics class. Seems everyone is improving intellectually with her help.

Married life seems to agree with Herman M. Since he got married last spring he's gained ten pounds and is always smiling. Quit being so good to him Christine. We get tired of hearing him giggle.

Betty would be just as happy as HM, but Alaska is just too far away.

Every day Tommy has a pained

look when he comes into Civics class, just as if he had a sharp dagger in his back. Who is responsible for this? Don't tell, but I suspect that it is Butch Knudson.

Joni and Mike really enjoy the breaks between classes. Just remember—watch those hands. As the illustrious Coach Barnett once said,

Evelyn Huff is seeing everything in a different light lately. Those tinted lenses really make a difference, don't they? You had better watch out, Margaret Burgan, because Mr. Barnett knows that you are the one who puts all those stickers in people's clothes. Ha, ha, we told you!

Jerry Casey almost went thru the typing window when he received a little boost from behind. Serves you right, Jerry, you shouldn't make enemies. They always say you get your just desserts in the end.

Ronnie Mayfield takes two sets of books home every night. He's really going to be smart when he graduates, if he does!

Joy Elkins likes those younger men, especially freshmen. Or at least it looks that way at the ball games, doesn't it J.M.?

It seems that R.S. and R.H. have a lot in common. Maybe you should try getting together.

**FRESHMAN FRANTICS**

Students got their pictures last week and a few people were hiding theirs because they said they were awful, but just remember, the camera only makes what is in front of it.

The freshman girls have all begun to gain weight. It seems they started cooking in Homemaking I this week. The hard part is—they have to eat their own cooking!

Caroline W. has decided to play the field. There is a certain freshman boy and a certain senior boy she especially likes. Their initials are R.L. and R.M.

Denna M., Barbara C., Caroline W., Linda C., Gary W., and Richard L. went to Fort Worth last week to hear Manard Ferguson play his trumpet. Now all of them have decided our school has a Manard. He is no other than our own Richard L.

There isn't much romance in the freshman class this year; however, Suzanne P. and Linda B. seem to find something interesting in Iredell. Barbara C. has found a new spark in an old flame from Clifton.

There are still some freshmen that have hopeful prospects at Hico. Right Denna M., Nellye W. and Brenda K.

It seems that these days in HHS, the freshmen can't have any privacy from some of the sophomores, right Linda C.?

In closing we just have a few words for the wise. James M., J.D.B. is bigger than you!

**JUMPING ALONG WITH THE JUNIORS**

Say, juniors, see if you can figure this one out. Do you know how you can tell the difference between an elephant and a blue-jay? Do you give up? They are both blue, except the elephant! That's kind of corny but it seems to be the biggest rage in all the magazines and on the radio station.

Everyone was very proud of our big Tigers Saturday night. The team surely did a good job of beating Gorman. It seems that our boys had a few injuries, but they didn't seem to bother them a bit.

Reba, why do you sit in last period study hall and stare out the window? Are you thinking about anyone in particular?

Hey Edwin, it's a good thing that your girl friend doesn't live out of town. You would have the biggest phone bill anyone has ever seen. It is a lot easier to talk to some one on the phone, but isn't an hour a lengthy conversation?

Say Dorothy what's this new middle name that you have? Dorothy (?) Gray.

Linda, what did you try to do Saturday night, kick out on us or something?

Ronnie has a new name. It's DeCay. It's a long story; so you will have to get him to fill you in on the details. I think the name fits him perfectly. So, from now on just call him DeCay Partain.

James C. and John C. are having a little dispute as to the team that will win the World Series. They're not really having a battle, but each is set in his own way and only time will tell who is right.

Jim G. really seems to be enjoying English class this year. I guess it is because he sits right in front of Sandena. He is always turning around and talking to her. Do you suppose this could be another couple for ole HHS?

Liz, is it true that only your hairdresser knows for sure about your hair turning gray? Maybe it's an optical illusion. It surely did look gray, though. This may be a new fad, because I've seen several girls with spots of gold or silver in their hair.

Speaking of changing your hair, another girl in our class has changed hers. Kathy P. has cut her hair short.

Sharon has a very unusual purse. It seems that it walks. You don't believe me, but it really does. Just ask Sharon if it didn't get

up and walk off at the football game Saturday night. Well, maybe it did have a little help.

Hey Scott, isn't it kind of hard to ride a horse with that cast on your knee. You'll just have to be more careful on the football team.

Is something wrong with James Hord? Do you know that he hasn't been in very many arguments this year? James, known for his great debating, has been unusually quiet. The class would give you an award if we had one. Since we don't we'll just tell you about it and say, "Keep up the good work!"

**SURPRISING THE SOPHS**

Lynn R., what's this about your being a snuff addict, or was it Snuffetty Addict. Johnny S. could probably tell us!

Frances L. is definitely against bug spray. Could it be because of the Roaches—or is it just one in particular?

Linda D. seems to think that Clifton is the best. Maybe she's been brain-washed. What's your opinion Jim H.?

Fred Jaggars has informed certain ones that Dianne is either going out for the Olympics, or she's on the trail of a good-looking boy.

A song dedication is to be made to Claudia H.—"What Are You Gonna Do When The Well Runs Dry?"

Weldon O. is bound to become a great painter. We can tell by the originality of his work—which is displayed each day on Glenda O.'s neck.

Pat Bruner's only words are "Soldier boy, oh my little soldier boy, I'll be true to you."

Voreece C. still seems to be carrying the same old torch for the same old boy.

Leslie R. claims his is the Run-away. And it all started when someone said "Do you know how to start a motor scooter?"

Mike T. seems to try to keep his name out of the paper. Wonder why?

Cecil N. why is it you have a padlock on your locker? Are you keeping something hidden?

Donna Morgan is waiting for a love letter straight from his heart.

Judy J. surely did have a bright smile on her face in this year's school picture. Could she have been thinking of a certain handsome boy?

It seems that Toni K. made good pictures this year because he didn't seem to leave a person out telling them how good they were.

Drewford B. is a great history scholar. If you'll ask him, he might tell you about the Rock Age.

Dwain F., who's the girl who just wants your big colored picture for a going-away present?

Dwain F. has just discovered—his eyes are blue! Surely, Cherry has told you that.

Edmund H., what's wrong with driving by the Koffee Kup? Carolyn W. seems to like the scenery.

Lynn M. seems to be having a little girl trouble. That school house hill surely can be lonely can't it.

Lee S. has been getting letters from California. New romance, Lee?

**LOOKING IN ON THE EIGHTH GRADERS**

Well guess everyone thought the Junior High didn't exist, but as they say "Slow but steady!"

To begin with a hint would like to be dropped to Mike R. not to hit everybody in the arm as they walk in the door. Someday it's going to be a teacher!

Jody L., you better just leave Paula L. alone, because we know you're only trying to be tough when you say a good twist of her nose is worth a trip to the office.

We hate to be stool pigeons but just to let you know, Joe T., you better put your miniature lariet rope away. Jerry Beth M. and Cherry R. are tired of being your victims.

Seems as though Claudia W. can't get away with much these days. If you want to find out the details just mention it to her.

Karen D. and Patsy B., there will be no more skipping social studies class! Understand?

Steve K., you might as well come out in the open now. We know Wayne R. has been punching you in the nose to make it bleed, so both you can get out of class.

Lately it seems that Dennis S., Howard S. and Joe T. always come up with the same wrong answers on tests.

Doris S. and Ann M. seem to be finding mysterious notes lying on the floor. They can't find the owner.

Janis S. it is being rumored you have a new flame other than Lady.

The students would like to welcome Barry Adams and Charlotte Loyd to our fabulous school.

**SEVENTH GRADE**

Hey, don't forget us 7th Graders—we're part of junior high too! We can stir up just as much mischief as the 8th graders.

Mrs. Thompson plans to mummify Mary Ann L. and Louise F. because they seem to do nothing but exchange comments.

Seems that Judy P. has been popping off about her likes and dislikes in teachers.

Lee C. and Mike D., keep your papers to yourself. Recall hearing that statement somewhere before?

H.L.H., would you mind bringing Mr. B. a clothes pin because it seems he has trouble breathing when he comes into the 7th grade room.

Congratulations to Jim W. on being a father. His guppy had babies. He hasn't had time to count his children because the mother growls at him every time he goes near.

OK 7th graders—get on the stick. Aren't you getting tired of being thrown up to those messy 6th graders? All you have to do is simply keep your mouths shut. If you need any advice about getting exercises for not getting your homework ask Liz E. She seems to be experienced.

**SPORTS IN JUNIOR HIGH**

The Junior High football team has had three hard fought defeats and one great victory over Evant. After the game last Tuesday the students had a shirt-tail parade right down main street. The cheerleaders led three cheers and the group disbanded.

Now for the news about girls PE class. Mainly the girls have been playing baseball. That's Mr. B.'s idea of course. Who else would think of anything like that?

Speaking of Mr. Bonner he's quite a dancer when it comes to calisthenics. Namely the side-straddle hop.

By the way boys, if you think you hear Tarzan out on the baseball diamond don't be afraid—it's just Claudia W.

Really, Mary Ann L., can't you leave Robbie R. alone? She seems to be complaining quite a lot.

Karen D. please take it easy on the seventh graders. Even though you're an upperclassman they can only take so much.

It seems Charles L. has turned out to be quite a baseball player.

Cherry, quit day-dreaming on first base, you've let two or three balls go by without a glance.

Kathryn G., you had better watch it. Louise F. is tired of you catching her fly balls.

**JUNIOR CHEERLEADERS**

Cheerleaders for Junior High this year are Paula Lane, 8th, Louise Fall, 7th, Elizabeth Williams, 6th, Rebecca Sue Martin, 6th, Judy Paddock, 7th and Mary Beth Martin, 8th.

The cheer-leading team has been very successful and the students are very proud of them.

**WHO'S WHO IN JUNIOR HIGH**

FAIRY

By MRS. EUNICE DANIEL

Friends and acquaintances of Mrs. H. R. Brummett, 81, were very sorry to learn of her death about 6 p.m. last Wednesday at Hico Hospital, where she had been a patient for several weeks. Mrs. Brummett and her late husband, H. R. Brummett resided in the Fairy community for many years where they reared their family and attended church. The writer had known and been associated with the family 60 years this coming in January. In later years Mr. Brummett established a Church of Christ at Iredell where he and Mrs. Brummett attended and later the established the Cranfills Gap Church of Christ where he and Mrs. Brummett attended as long as they were physically able. When Mr. Brummett's health failed and they no longer could reside at their farm home they moved to the Payne Nursing Home in Hico where they were residing at the time of his death. Mrs. Brummett remained at the home until she was hospitalized. Mrs. Brummett, the former Bertha Geise was reared between Lanham and Cranfills Gap. She had many friends who loved her for her quiet and unassuming life. She was a good wife and mother, and will be greatly missed by her children and families and sisters, brothers, and friends. She united with the Church of Christ in early life and remained faithful to the end. Funeral services were held at the Hico Church of Christ, with Leon Frederick of Hico and John Jordan of Hamilton officiating. Burial was in Oakwood Cemetery at Hamilton. Pallbearers were E. M. Hoover, Audie Parks, Dewey Sellers, Charles Vaughn and Ralph Weaver, and Ansel Kern. The beautiful floral offerings bore a tribute to her memory. Our deepest sympathy is extended to loved ones at this time of sorrow. Most every home in this community was represented at the services on Friday. We are having real summer weather again and believe it or not, our outdoor thermometer reading was 106 Monday. We had just cleaned up and painted the pan of our portable air conditioner. Seems we should have waited awhile. But don't think we can look forward to cooler weather soon if we don't have some rain to soak up this dry earth. Water seems to be a problem in the area rather than hay as the Duffau correspondent spoke of last week. Several families who are depending on wind mills to pump water are practically out, and some are already having to haul water for stock. We, like several others have an electric pump but a weakened water supply due to the dry weather, which necessitates pumping only part time and with two families and some 45 head or more of livestock to water this pumping job takes quite a bit of time. All had better be taking advantage of these dry hot days, getting all those outside jobs done, for an extreme usually follows another and when it does begin to rain we have had as long a wet spell as it has been dry. Many of the oldtimers have never seemed to remember such a long dry hot summer and fall. Anyway we hope it rains soon for farmers will have to have moisture before too long if we have any fall grain. There will probably be a lot of leaky roofs during the first few rains, as shingles are really dry and probably warped from the extreme heat. Mrs. Carl Ray Sellers honored her little daughter, Janice on her birthday by serving refreshments to pupils of her classroom and her teacher, Mrs. Keeney at 2:30 Monday. Funeral services for Jack Havens, 38, of Hamilton were held Thursday last week at 2 p.m. Mr. Havens was well known as a radiator repair man. He was a fine man and did excellent work. He will be greatly missed. He left his wife and two small children. Our deepest sympathy is extended to them and others who mourn his loss. Contractors from Gatesville are drilling a water well at the P. L. Cox home. Mr. and Mrs. Frank Hanes and Mike spent Saturday night in the home of their daughter, Mr. and Mrs. Bobby Drew and Cynthia and attended the State Fair while there. Our high school students were in Dallas Saturday for Rural Youth Day at the Fair. All enjoyed the trip but came in quiet tired and sleepy. Our boys played Penelope at Iredell Friday night, winning the game 32-19. Mr. and Mrs. Willie Turner enjoyed a visit from all of their children last weekend, who were Mr. and Mrs. Billie Turner, Kurtis and Rhonda, Mr. and Mrs. Ray Botkin, Tammy and Patsy and Mr. and Mrs. Ray Turner, all of Killbuck, and Mr. and Mrs. Jackie Turner and Susan of Arlington. Mr. and Mrs. Winfred Gardner had all of their children home for the weekend. They were Mr. and Mrs. Larry Gardner and two little daughters of Arlington, Miss Cleon Gardner of Fort Worth and Mr. and Mrs. Don Barnett and baby of Huntsville. Mr. and Mrs. Eugene Colbath have moved into the Wilson house at Fairy, Mrs. Colbath is a daughter of the R. C. Moores, also of Fairy. They formerly resided at Kerrville. Birthdates for October which we have are: Janice Sellers, Oct. 7; Carl Ray Sellers, Oct. 15, P.L. Cox, Oct. 17; Mrs. Esther Allison, Dublin, Oct. 23; Lou Ann Lowry, Fort Worth, Oct. 12. While at our home Monday to turn in a donation on the cemetery sprayer, Bill Lackey of San Antonio showed us a drawing of a memorial marker that Whitt Whitson had drawn. Mr. Lackey stated that he had talked with Mr. Lusk Randaels of Hico, who stated a fund raising project for the memorial marker in honor of a Mr. Martin who was killed at Fairy by Indians. The town was first named for Mr. Martin and called Martin's Gap for a while. Since so many of the old-timers have passed on Mr. Lackey thought it would be nice to also include on the monument and

with better light

Maybe you thought proper lighting was to see with... reading, study, things like that. Well, of course, it is, but wait'll you see the other things modern lighting can do for your home. Light can decorate... light can beautify... light can add a cheerful warmth and friendliness. And the first step is to fill the empty sockets in the fixtures and lamps you already have. Next time you shop, pick up a carton or two of bulbs (better than buying one at a time)... and see your home in a new light.

have a space provided for the churches and when established, the post office and its postmaster, and the school first teachers, etc., which would make the monument of interesting in years to come those pioneer days. I'm sure Randals or Mr. Lackey would be glad to hear from others regarding this memorial marker. The following donations have been received for purchase of a sprayer for the cemetery: Whitson \$1; Mrs. Julia Turner \$1; Mr. and Mrs. Frank Turner \$1; Mr. and Mrs. Carl Ray Sellers \$2; Mr. and Mrs. Bill Lackey \$2; Mr. and Mrs. Willeford \$2. We still like to see the shipping charges please in your donation at once so we can get the sprayer and get it on this much needed way. Mrs. Carl Ray Sellers and writer were business visitors Stephenville Tuesday and there visited in the home of sister and daughter, Mr. and D. E. Allison.

COUNTY AGENT REPORTS

By DeMARQUIS GORDON

I attended the Heart O' Texas Fair in Waco last Thursday afternoon. My main purpose in being there was to assist with the Meat Miracle exhibit. This exhibit was put up by the Department of Agriculture.

County agents in this district were responsible for answering questions and explaining the exhibit. The exhibit emphasized the tremendous advances made in the production, marketing, and processing of meat during the last 50 years.

One of the first things visitors saw was the contrasting pictures of the small butcher shop of 1910 with meat hanging from the ceiling and a picture of the modern housewife shopping for meat in a supermarket. Today's food shoppers find an attractive display of good quality meat in the grocery stores.

Another part of the exhibit pointed out that meat in America is cheaper in relation to income than in other countries. For example, in America earnings from one hour of work will buy 18 ounces of meat. In Russia, wages from one hour of work will buy only 4 ounces of meat.

The advances in meat starts with the animals. Through scientific research and selective breeding our meat animals produce a large percentage of high quality lean

meat. They reach marketing size sooner on less amount of feed. The quality of feed the animals eat is better due to research. Most of our meat animals are fed in large mechanized feed lots.

The exhibit illustrated that modern transportation, marketing, and processing of meat has helped to provide Americans with better quality meat at lower prices.

The part of the exhibit that attracted most attention was illuminated pictures of five steaks, each representing a separate grade. Visitors were asked to choose the steak they would select in the store. Very few selected the prime steak, the highest grade. I think this was due to the excessive amount of fat on a prime cut. A large percentage of the visitors selected the choice cut. Choice meat is of high quality but usually has less fat than prime. Most of the people chose of the good grade steak and this is also probably true when they are shopping in the grocery store. This grade pleases thrifty consumers who seek meat with little fat but with an acceptable degree of quality. Cuts of this grade lack the juiciness and tenderness found in the higher grades.

Some visitors selected the standard grade because of its high proportion of lean meat. This grade is not as tender, tasty or juicy as the higher cuts, but if properly prepared is usually relatively tender. The fifth grade is commercial produced from older cattle.

The exhibit itself was educational, but the reactions of the visitors were more interesting to me. This means that the meat producer must continue to strive to produce the type of meat that the consumer demands.

**Riding Club Round-up**

By MRS. BUCK SHEPHERD

Last Tuesday night there were several very good cutters at the arena. Fred Jaggars' horse was so quick that both horse and rider fell to the ground, but immediately were back on their feet.

Mr. Williams' saddle cinch was loose, and gave him quite a tumble as the saddle slipped. His horse bucked the length of the arena and caused some excitement.

Saturday night there was fun and thrills as the Kids ran the barrels, rode calves, and ran the poles. The ropers enjoyed a good time too. Billy Ed Koonsman was very good. The only girl to rope, Janis Shepherd, got her first calf even though the loop went over the head and down to the calf's leg. She was very excited about catching the calf and the spectators enjoyed it too. The little calf riders are always fun to watch.
