WICHITA FALLS, TEXAS, TUESDAY, JULY 17, 1917.

Number 56.

ALLEGED SLAYER OF ZELLA FAULK NOW IN THE WICHITA COUNTY JAIL; CONFESSIONS ARE REPEATED HERE

WILL BE KEPT IN JAIL HERE UNTIL TIME FOR TRIAL

COATES AND TUCKER REPEAT STATEMENTS MADE AT PORTLAND, ORE.

TELL STORY OF THE CRIME

Coates Beat Girl Into Insensibility Then Cut Her Throat at Suggestion of Clyde Tucker

Rufus Coates and Clyde Tucker, wanted for the murder of Zella Faulk, a young Fort Worth girl on June 2, are in the Wichita county jail, the last stages of their six days journey from the Pacific coast having been completed this morning.

The two young men were apprehended in Portland, Ore., last week by Police Captain Charles P. Young and Constable Tol Johnson of Fort Worth. The party on their arrival here at 2 o'clock this morning was met by Chief of Detectives J. A. Connelly and Fire Assistant District Attorney W. R. Parker of Fort Worth, who obtained statements from both youths before they were taken to the jail. So far as the details of the crime are concerned, the confessions were finished and officers and prisoners alike went to rest after their long journey, which has admitted of little rest.

Constable Johnson went on to Fort Worth this morning and the other officers returned this afternoon, leaving the prisoners in the keeping of Sheriff Hawkins and Jailer Bob McFall.

Little the worse, apparently, for his strenuous trip of the past week, and his self-possession and ease disturbed not in the least, the nineteen-year-old Rufus Coates made a free confession this morning before Detective Connelly and Attorney Parker. With a smile on his face and, according to Detective Connelly, in the manner of one who is staging an amusing piece of acting, Coates explained how he had asked Zella Faulk to walk with him the night of the tragedy. How he had become angered when she told him she had been with another man that same evening only a short time before. He determined then to slay her, he said, and lured her to this vacant land, where he knew they would be unobserved. He showed how they sat down beside each other and on a bench looking behind he espied a dead tree a few feet away. He got up and broke off about three feet of a branch, he said, and trotting up to the girl, he brought it across her forehead. He explained in detail to the detective and attorney, just where he hit the first time, above the left eye. After hitting her several times she still he said, and he went to Tucker's house, which was evidently not far away, and told him what he had done. Clyde said he wanted to see her. Coates said, "so we went back. She was still alive, but Clyde said she couldn't live any way, so why didn't I finish the job. Then he gave me his knife."

The cruel cuts across the throat of the young girl, any one of which would have resulted in her death, according to the details of the investigation, according to the officers, told how the two remained in Fort Worth until the next morning, catching different trains out of the city and meeting in Oklahoma City. They had been together ever since, he said.

Tucker, in direct contrast to Coates, is full of remorse and his statements were given in a sort of dazed manner. He corroborated Coates' confession in every detail, save that where he was alleged to have advised him "it tips the job."

The Faulk murder aroused the widest attention throughout the state on account of its brutality. The pretty 19-year-old North Fort Worth girl was found dead one month ago on a vacant lot, which was covered with a good deal of brush, near West Oakwood cemetery, her throat slashed from ear to ear and her head terribly mutilated. The details of the locality of Coates are now familiar to the public, and it was also discovered soon after Coates was located that a boy friend, Clyde Tucker, was with him, though nothing had arisen to attach suspicion to Tucker.

According to Chief Connelly, he has never received a freer confession than that made by Coates. Tucker also made his statement freely, though he did not choose to talk at noon.

"It's done. I have already told the officers all there is. I have nothing whatever to say," was his statement. Both boys were worn with travel, and Tucker's nerves also seem to have suffered from the strain, though, according to the officers, Coates shows no sign of any strain whatsoever.

Constable Johnson located Coates in Portland and secured a confession from him resulting in the arrest of Tucker also. The technicalities of the Texas laws concerning the admission of statements by the defendant, were not fully complied with in the statements taken at Portland and for this reason new statements were taken from the two youths here.

It is reported there was great disappointment in Fort Worth this morning when the Fort Worth and Denver train arrived and the prisoners did not appear.

It is said the two men will remain in jail here until the time for their trial which will take place in about two weeks.

AUSTRIA'S IDEAS ON PEACE MADE KNOWN BY PREMIER

Vienna, July 17.—Austria-Hungary's ideas on peace were made known to the constitutional committee of the Reichstag in the address of Premier Seydler, after referring to the unbreakable unity between Austria and her allies.

Seydler declared parliament would work for the aim for which Austria is fighting: "Namely, the unvarying right of her people to decide for themselves their eternal destiny."

"This task at the same time will be a long stride in the direction of honorable peace, which we desire to create on the basis of justice, moderation and conciliation—the firm unity of all civilized peoples and their uniform endeavor to abolish those circumstances which brought about the world war. We are all longing for this peace."

At its weekly luncheon at the St. James hotel tomorrow the Lions club will, among other things, discuss plans for the 55 Ranch and Humboldt circus which will be put on under the auspices of the club early in August. The club will hear a report from committee on this matter. The entertainment will be put on for the benefit of the Red Cross.

Gunner and Fireman Are Only Survivors

An Atlantic Port, July 17.—A gunner and a fireman who said they were the only survivors of the British steamer, which was reported sunk May 29 by a German submarine, were picked up May 29 in a life boat by a British ship which arrived here today. It was reported by her officers.

American Schooner Childe Harold Sunk

Washington, July 17.—News of the torpedoing of the American schooner, Childe Harold, in European waters, reached the state department today. The crew was landed.

Drawn Spikes Cause Wreck and Loss of Two Lives

Washington, July 17.—Removal of rail spikes by unknown persons caused the derailment of Southern Railway passenger train No. 26 at Caldwell Station, N. C., today with the loss of two lives. Report to Southern headquarters here say all spikes were drawn for a full rail length on the west side of the track.

State Highway Law Upheld by District Judge

Austin, Texas, July 17.—The constitutionality of the law creating the state highway commission was upheld today by Judge George Calhoun in the 53rd district court, in an opinion rendered in the injunction case of P. H. Atkins against Curtis Hancock, chairman, and other members of the state highway commission. Judge Calhoun refused to grant an injunction to plaintiffs restraining the collection of license tax. The court held that in passing this law the legislature acted in its legislative capacity and that there is nothing in the act repugnant to the constitution.

Porto Rico Votes Dry by Majority 2 to 1

San Juan, Porto Rico, July 17.—With 62 out of the 76 municipalities completed and reported the returns of yesterday's election early today shows Porto Rico to have voted for prohibition by more than 2 to 1.

THE GERMAN PEOPLE FAVOR JOACHIM, THE YOUNGEST SON OF THE KAISER

Joachim, sixth and youngest son of the German emperor and empress, in whose favor the Kaiser was reported to have abdicated, was born on Dec. 18, 1890, and was married on March 11, 1916 to Princess Marie Augustine of Anhalt. On Dec. 15, 1916, a son was born to the couple. The princess is the eldest of the four children of Prince Edward of Anhalt, and was born June 29, 1898. She is a niece of the reigning duke of Anhalt, Frederick II.

Joachim has always been a great favorite with the people and is said to be popular with the army. The only part that he has taken in the war was during the first few months, when he was with a Hussar regiment belonging to Cassel. He was wounded on the battlefield in September, 1914, and taken to Berlin for hospital treatment. According to some reports the prince, who is highly nervous and more of a pacifist than his father, was more of an invalid, took no part in the war at all, but this was contradicted by the official report printed on Sept. 14 that "Prince Joachim, who was wounded in France, has arrived at Berlin. He is now at the Bellevue palace."

In a character and in features of the face, Joachim's slight resemblance to the Kaiser is noticeable. In 1913 gossip in Cairo credited Prince Joachim with having lost his heart to an American girl, Miss Dixie Huntington, whom he met while touring in Egypt. It is true that the prince who shared his elder brother's taste for city and yacht American girls, showed a pronounced liking for the company of Miss Huntington, but it was vigorously denied that there was anything more to it. Miss Huntington was touring with other pupils of the Willard school in Berlin. To abdicate in favor of Joachim (No. 1 in the pictures) Emperor William (No. 2 in the pictures) would have to pass over not only Crown Prince William (No. 3), but also the four other sons, Ethel, Adolph, August and Oscar.

DRAFT NUMBERS MAY BE DRAWN FRI. OR SATURDAY

Washington, July 17.—With only ten states remaining to be heard from on the registration of local exemption boards, and with the serial number lists of registrations from all but 649 of the 459 exemption districts on file in Washington, Provost Marshal General Crowder was hopeful today that the preliminary stages of the war army drawing would be completed within 48 hours. He planned to take up with Secretary Baker later in the day details of the lottery process for final approval.

If there is no unexpected delay it seems likely that the drawing will be completed by the end of the week. The district which fails to finish its preliminary work can hold up action indefinitely, however.

COMMITTEE IN SENATE ACTS ON AVIATION BILL

Washington, July 17.—Another speed record in considering the \$40,000,000 aviation program bill, passed last Saturday by the House in five hours, was made today when the Senate military committee at a 45-minute session unanimously ordered a favorable report without amendment.

The committee decided not to hold hearings in order that the appropriation may become available as soon as possible.

American Breakfast Recommended to Europeans

Bordeaux, France, July 17.—The American breakfast of ham and eggs, liver and bacon, breakfast or other meat, vegetables and porridge, as a substitute for the meagre European morning meal, is recommended for France by Dr. Bergonié, professor of the Bordeaux Medical Faculty. Dr. Bergonié regards this substitution as one of the reforms most likely to relieve the economic situation, by providing rational nourishment and avoiding a great deal of waste.

He bases his argument on the fact that man requires sustenance most at the beginning of the day when he is about to make his efforts, whereas in Europe he takes his principal meal when his day's work is half through, when he is half tired out and is incapable of so digesting his meal as to give him proper support for the balance of the day's work.

PETROLIA FIELD GETS BIG WELL ON TAYLOR TRACT

Sand Found at 1760 Feet—Oil Begins to Flow and Volume Increases

500 TO 1,000 BARRELS

Benjamin "Tenderfoot" Own Well Which Starting Off One of Best in That Field

Special to The Times. Petrolia, Texas, July 17.—The Finley-Minnick Oil Co. operating on the Taylor tract in the old Petrolia field, late yesterday brought in a big oil well.

The sand was struck at 1760 feet and was drilled to 1773 feet when the gas and oil began to come on. At six o'clock yesterday evening the well began to flow and at midnight was flowing stronger. The flow has been growing stronger almost every hour since the well was drilled in and the well is now estimated to be making at the rate of 1,000 barrels.

All the tanks have been filled and the oil is now being run into earthen tanks hastily dug in the vicinity of the well. The oil is coming with a strong head of gas and precautions are being taken to prevent the well from catching fire.

The well is about four miles south-east of Petrolia. The Finley-Minnick Company is a Benjamin, Texas, company. Judge Sloan, J. N. Spikes and E. M. Taylor of this place being among the stockholders. They are "tenderfoot" in the oil business.

The well is one of the largest ever brought in in the Petrolia field.

REICHSTAG MAY VOTE WAR CREDIT THEN ADJOURN

New Chancellor Working on Speech and Appointment of His Colleagues

Copenhagen, July 17.—Chancellor Michaelis is described in special dispatches from Berlin as working night and day on his program speech and selecting new material for the Prussian Imperial administration.

The Lokal-Anzeiger says the changes have been completed and the chancellor will appear in the Reichstag accompanied by all his colleagues.

The Reichstag is still expected to adjourn Friday and Saturday, voting the war credits almost unanimously.

A dispatch from Berlin says the majority coalition plans to present peace terms in a resolution to the Reichstag Thursday and to demand from Dr. Michaelis a statement that he accepts it in principle, otherwise cooperation is impossible.

Speculation as to Zimmermann's Successor

Copenhagen, July 17.—The selection of a successor to Foreign Minister Zimmermann is still unsettled. Presently he is being brought from two directions to block the proposed nomination of Count Brockdorff-Rantzau, the German minister at Copenhagen and Ambassador von Helldorf, minister to Norway or Count von Bernstorff, former ambassador to the United States.

The present minister to Christiania is greatly advocated by pan-Germans, not only on account of his high diplomatic qualifications, but chiefly on account of his antecedents.

ANOTHER SHAKE-UP TAKES PLACE IN RUSSIAN CABINET

Four Members Reported to Have Resigned Over Differences on Ukraine

CRISIS MAY BE AVERTED

Premier Calls Conference of Ministers at Private Residence to Consider Dispute

By Associated Press. Petrograd, July 17.—Three members of the cabinet have resigned and a special session of the council of ministers has been convened in an effort to avert a crisis. Their names are: Prof. Manuiloff, minister of education; A. I. Shingoroff, minister of finance; and Prince Shalokovsk, head of the department of public aid.

The resignations of these ministers followed a sharp disagreement over questions involving the Ukraine, an extensive region in Russia embracing part of the territories of the old Kingdom of Poland. Premier L'vov has requested the ministers to meet at his private residence where the cause of the disputes will be considered. It is known he will attempt to prevail upon them to reconsider their resignations.

Minister of Commerce Has Also Resigned

London, July 17.—A Reuter dispatch from Petrograd, July 17, says that the minister of commerce has also resigned.

Shots Fired During the Panic at Nevsky-Propekt

Petrograd, July 17.—Two demonstrations against the government resulted in the firing of shots in the Nevsky-Propekt at midnight as a result of which a number of persons were killed or wounded. The firing, apparently, was the result of strong shots which brought on a panic in which the demonstrators turned rifles and machine guns on each other. Quiet was restored after a few minutes.

FOUR GERMAN STEAMERS TAKEN BY THE BRITISH

London, July 17.—The admiralty announces the capture of four German steamers by British destroyers in the North Sea.

Two other German steamers with the fourth vessel were later captured when the group was signalled by the British war-craft. Sixty mines were on the Dutch coast and two of them reached the shore. These two were badly damaged by gunfire.

The captured steamers are all small.

Four Other Ships Sunk and Three Stranded

London, July 17.—A Reuter dispatch from Ymuiden says four German ships have been sunk by British destroyers in the North Sea, three captured, three stranded and three forced to return to Rotterdam.

Since Saturday 17 German steamers have sailed for Rotterdam, three at one time and fourteen at another, the dispatch says. Of the first group, the Madagascax Blumenthal, was wrecked off Zandvoort. Of the second group, owing to the action of the British destroyer, not one vessel was able to proceed, eight being captured or sunk and three succeeded in putting back to Rotterdam. Of the three remaining steamships which were stranded, two were set afire.

Heavy Flood Damage in Eastern Tennessee

Knoxville, Tenn., July 17.—Extensive flood damage as a result of heavy rains was reported today from various points in Eastern Tennessee. Thousands of acres of corn land is inundated. No loss of life is reported.

FRENCH SUCCESS REPORTED FROM VERDUN SECTOR

All Positions West of Hill 304 Retaken in Attack Last Night

KORNILOFF IS UNCHECKED

Russians Continue Offensive in Galicia and New Forces Ready at Other Points

The Associated Press war summary today says: The Russian forces continue their vigorous offensive in Eastern Galicia and other troops of entire fresh forces are apparently ready to spring into activity at various points along the 800-mile front. Russian governmental affairs, however, appeared to have been going well for some time past, are again ruffled by a cabinet disagreement. Four ministers, including finance minister, Shingoroff, have resigned because of the obstruction to the policy decided upon by the other ministers regarding affairs in the Ukraine, and the movement in Finland for complete independence. Coincidentally come reports of disorders in Petrograd instigated by the radical sections of the social democratic party as a demonstration against the government.

An important success has been won by the French in the Verdun region. As the result of an attack last night at the northern end of the July 2nd, which remained in German hands after the attack on June 29 and 30, were recovered. German prisoners, in numbers yet unascertained, were taken in action. In the Champagne, the Germans made another attack last night in an attempt to retake their lost positions around the town of Metz. General Petain's troops repelled the assaulting forces in disorder.

German Air Squadron Bombs Russian Stations

Berlin, July 17.—Our aerial squadrons carried out bombing operations on a harbor installation at Arrsburg and Russian aerial stations at Astenholm and Oesen Island (in the Gulf of Riga), says an official statement today which adds: "All the machines returned safely."

Russians Have Evacuated Kaluzh Says Berlin

Berlin, July 17.—Russian forces which recently captured the Galician town of Kaluzh, evacuated that town yesterday, according to the official statement issued today by the German army headquarters.

Russians Secure Crossing of Lomnka River

Petrograd, July 17.—The war office announces the Russian army abandoned Kaluzh but have secured the crossing of the Lomnka river. The Russians drove the enemy from the village of Novitsa.

General Blockson Assigned to Brownsville District

San Antonio, July 17.—Brigadier General Blockson has been assigned to command of the Brownsville district of the Southern department by General Parker, department commander. General Blockson will succeed General Charles G. Marion, recently assigned to command at Svracue, N. Y. Brigadier General Samuel Sturgis has been assigned, by General Parker, as commander of the training camp at Camp Piquet.

200 American Miners Strike at Leadwood

Flat River, Mo., July 17.—About 200 American born miners went on strike at Leadwood this morning because mine operators there employ foreign born workmen. There has been no violence or attempts to drive foreigners out of town, although about 60 of them departed Sunday of their own volition.

A GOLD MINING COMPANY BEING ORGANIZED HERE

M. M. Cooke, civil engineer of this city, is organizing a fifty thousand dollar company, to engage in gold mining on Deep Red eight miles southeast of Snyder.

For several years placer mining has been carried on along this stream in a primitive fashion and some miners have made good money out of the business. Mr. Cooke is planning the installation of a dredge and modern machinery by which the gold can be secured in much larger quantities and much more economically.

Many highly profitable mining companies in California and elsewhere are operating in this manner, that show a much smaller percentage of gold than those on Deep Red. Mr. Cooke has sunk many shafts on the lands which this company proposes to take over and has had samples analyzed.

More than half of the stock is already subscribed by parties at Snyder and at Frederick. Mr. Cooke hopes to place the remainder of the stock here without delay so that the machinery may be purchased and work started as soon as possible. The deposits are located within sixty-five miles from Wichita Falls.

COMMITTEE NAMED AT MEETING
OF CHAMBER OF COMMERCE
DIRECTORS TUESDAY

TO SUBMIT PROPOSITION

Site of 500 Acres Required. With
Water And Light With Street Cars
If Possible

"If we can get irrigation," said J. A. Kemp at the Chamber of Commerce meeting this morning "we can make Wichita Falls one of the biggest cities in Texas." Mr. Kemp then announced that Wichita county had been asked for \$1500 as her quota of the fund to be raised for the campaign for the adoption of the constitutional amendment for the reclamation and irrigation of lands. The total amount required is at least \$150,000. It was at first thought that \$25,000 would be necessary; but after close figuring Mr. Kemp stated it is believed that \$15,000 will take care of it. It was unanimously recommended that Wichita county raise the \$1500, and J. A. Kemp, J. L. Jackson, and J. C. Ward were appointed as a committee to raise the amount. Mr. Kemp opened the list of subscription immediately at the close of the meeting with one quarter of the quota, \$375. Other subscriptions quickly followed making a total of \$875. Thus half the amount was raised within a few minutes after the subject was broached. The confidence of the Chamber of Commerce in Mr. Kemp's judgment and advice was never more quickly demonstrated.

The referendum is to be put up to the voters of Texas on August 21, and so far as can be ascertained, there is no opposition to the proposed amendment. There may, be it is feared, a silent vote, however, which will have a discouraging influence; and it is the conviction of the Chamber of Commerce in Mr. Kemp's judgment and advice was never more quickly demonstrated.

Mr. Kemp said that any one who wished to know the value of irrigation should visit the land contiguous to certain parts of Holiday Creek. "There are farmers here," said Mr. Kemp, "who are farming off land that would be worth nothing but for the water. As it is they are making three and four times the crops on that land than on any other they have."

N. Lawton and J. C. Ward were appointed to investigate the matter of the expenses incurred by the concentration camp of the National Guard at Lake Wichita. It is desired to ascertain how much of the expense of feeding and housing the men will be borne by the state. It is also desired to find out just when the men become the charge of the state. At present the Chamber of Commerce is standing up all the expense, and has done since the recruiting of the Guard was begun. There seems to be some uncertainty as to whether the men become the charge of the state upon enlistment or upon mustering in. The committee are to investigate the entire matter.

Messrs. Kemp, Dand, Solis, Langford and Harvey were appointed to take up the matter of the location of the State Asylum for the Insane here. It is understood that the location board will require five hundred acres of ground, with water and light connected, and, if possible, street car communication. The committee are to draw up a proposition and submit same to J. J. Pickett, field secretary of the Buckner Orphan's home, was present to request the endorsement of the Chamber in regard to the raising of the fund for the purchase of a car of flour for the home. The endorsement was immediately given. Mr. Pickett stated that owing to the high prices and the general condition of the Home fund itself confronted with a condition of great need. "We have at present a daily expenditure of two hundred and twenty-five dollars for food alone," he

It is hoped that by the end of the week enough will be raised to purchase a car of flour for the home.

MIKE LEVINE IS GIVEN A PARDON BY GOVERNOR

A telegram from Representative E. R. Greenwood today conveyed the news that Governor Ferguson has granted a full pardon to Mike Levine, sent to the penitentiary from this county on a four year's sentence for receiving stolen property. Mr. Greenwood went to Austin Saturday with letters and endorsements from prominent men in the county, and returned with the pardon. From Austin Mr. Greenwood went to Bosque county, where the Governor is spending his vacation, and there secured his signature to the pardon. Levine will probably be home in a few days. The pardon was secured through the efforts of friends who, knowing the situation in regard to the case, and taking into consideration the condition of the defendant's family, believed that justice could be best served by granting his liberty. Friends of Levine feel especially grateful to Representative Greenwood for his efforts in securing the pardon.

FREAR FURNITURE CO. MAKES HEAVY PURCHASES

Ivar Murchison is just back from attending the Furniture Expositions at Grand Rapids and Chicago. While away Mr. Murchison bought 11 carloads of furniture, including a solid carload of ivory finish bed-room suites, and another of fiber goods in different finishes. The fiber goods are mostly breakfast-room, dining room, and porch goods. In baronial and ivory. Mr. Murchison says that he stocked up heavily on a most unique line of Christmas novelties, some of which are very striking. In order to display these to the best advantage, the Frear Furniture Co. are building a little arbor on one of the deck-floors, combining ferns and vines with concealed lighting. Here will be shown folding aquariums, fancy bird cages, gimcracks and what-nots, and all the or-

GUARD COMPANIES TO BE INSPECTED NEXT SATURDAY

FEDERAL OFFICERS COMING TO PASS ON COMPANIES F AND G SEVENTH REGIMENT

MORE RECRUITS NEEDED

Local Companies Still Short of Full Strength—100 Men Are Yet Needed

One hundred more recruits are needed to fill the two companies of the Texas National Guard here to full strength. Efforts are to be made to secure these recruits before 3 o'clock Saturday afternoon July 21 when the federal inspection is to be made.

Telegrams were received here this morning by the Guard officers to have their men in readiness for federal inspection at 3 o'clock Saturday afternoon. All members of the two companies are being notified to be here at that hour.

The work of mustering in the two companies, F and G, continued here today. This morning Company F, Captain Perkins' company, had 92 men on the muster roll. Company G, Captain Stanforth's company, had 93 men on its rolls. A number of recruits were set to be mustered into service, but those examined and accepted who have not yet been mustered in will not fill the two companies up to full strength. A number of those who volunteered have been rejected by the medical examiner.

ornamental bric-a-brac that goes to make up "novelties." All the new furniture is expected to be here within thirty days, though there may be some delay. With fairly good luck, however, it should be here by the middle of August.

At the beginning of the great war The Times made a prediction that it would be ended in six months. Well all know now just how far we missed our guess. The Times at that time was not quite so well posted on the war situation as it now has reason to believe it is, and is therefore going to risk its reputation as a prophet once more by saying that in less than sixty days Germany is going to make a peace proposition for peace that the allies are going to deem worthy of consideration, and after a sufficient length of time passes in which to hold conferences, during which time an armistice will be declared, the war will end. This result in the judgment of The Times, cannot be delayed longer than January 1, 1918. Germany is getting her eyes opened. The day the American congress gave President Wilson its backing by adopting the declaration of war, and has continued to lose every day since that time. That very act seemed to have taken all enthusiasm out of the Germans. Until the German government forced the United States into the war the German government and the German people were confident of winning, and it did look as if the Germans had the best of it up to that time, and there is a possibility they (the Germans) might have won, or at least prolonged the war for such a time as to be able to make peace on terms dictated by themselves. The German government, to all outside appearances, now realizes the great blunder it made when it paid so little attention to the notes of protest sent by the American government. Our predictions are arrived at solely by reading between the lines of what is taking place in Germany, and the movements of our own American government.

Congressman Britten has introduced a resolution in the House that should be adopted will serve to exempt those of German blood or German origin from being drafted or conscripted and sent to fight Germany. There is hardly a chance, however, that Congress will adopt such a resolution. Doubtless it will receive the support of those Congressmen who owe their election almost wholly to the votes of American citizens, of German origin and for the most part speak the German language. Doubtless there are one or two congressmen from Texas who will give such a resolution their support, and would be proud, perhaps, to be the author of the resolution, but The Times cannot persuade itself to believe that Congress is going to enact legislation that will smack of class legislation, or favoritism. It is the duty of every American citizen to respond to the call of his country, and those who fail or refuse to do so are unworthy to be classed as American citizens. The American citizen who halts and is undecided on which side to fight—as between the United States and Germany, or any other country that he might have come from before becoming an American citizen, is the kind of citizen that deserves the severest penalty that can be assessed. And the Congressman who supports such a resolution is as unworthy to be classed an American citizen as is the man who would take advantage of such legislation in order to keep from striking a blow for his country in a time like the present. The seat in Congress now filled by Congressman Britten, and all like him, who give support to such a resolution, should be declared vacant. This certainly is no time to give encouragement to disloyalty. If this country appeals to Germans so that they leave their own country to come here and live, raise families and educate their children, it is good enough for them to fight for, regardless of the fact that in doing so, a bullet fired by them may find its lodging place in the body of a relative. That's a pretty strong test of one's patriotism, but it is no stronger than the test that is being enforced in the country from which they come.

The University-Ferguson controversy seems over, for the time being at least, in somewhat of a dogfight. The Governor got part of what he wanted in the ouster of Maxey, Coffey, Byrte, Mather, Lomax and Ellis, but he failed to get what probably he very much more wanted, the dismissal of Prexy Vinson, who seems to have had the support of four members of the board and of its chairman in a pinch. Regents Mathis, Love and Kelly voted straight through for the expulsion of the members of the faculty ousted and Major Littlefield voted with them in all but one case, that of Associate Professor Griffiths, whose offense seems to have been that he sang some songs

WANTS MICHIGAN TROOPS TRAINED IN THAT STATE
 By Associated Press.
 Lansing, Mich., July 17.—Governor Sleeper today telegraphed to the Michigan senators at Washington protesting because Michigan's National Guard troops have been ordered to Waco, Texas, for final training. Governor Sleeper urged that the troops be trained at the camp at Grayland, Mich.

HOT WEATHER WAVE CAUSES SUMMER COMPLAINTS
 People Who Are Easily Fatigued Will Find Quick Relief in Pep Systemic Pills.
 Pep Systemic Pills, the new iron compound seems to be just the thing that irritable and sickly people have long been seeking.
 This tonic not only gives quick results, but tones up the system without had effect. We have no record of a case where a physician who has seen this formula that hasn't praised Pep Pills highly.
 A great many of them have urged this combination to be used especially during the summer weather, thereby warding off malaria, nervousness and supplying their system with rich red blood.
 For years iron has been recognized as especially beneficial in purifying the blood. Pep Pills being composed of iron and reinforced by other blood, nerve and alterative tonics, make a combination that is unequalled for the treatment of all summer complaints, including that "tired, fagged-out" feeling and a general run-down system.
 Start on a course of these pills today and see how quickly they bring on a new lease of life. They are fully guaranteed to give perfect satisfaction or your money will be refunded—Sold and guaranteed by Miller Drug Co.

Hams!
 26c per pound
 Speaking of Water Melons and Fried Chicken—consider a Pig Ham, the one that makes that good brown gravy.
 I am in a position to offer you fresh Sugar Cured Hams, the very best grade, for only 26c per pound.
 Get them NOW—tomorrow may be too late.

Local Brevities
 Word has been received here of the death of the father of J. J. Perkins of this city, which occurred this morning at Jacksboro. The elder Mr. Perkins was past 80 years of age, and has been feeble for some time. Mr. Perkins left Sunday night for Jacksboro and was at his father's bedside at the time of death. The funeral will be held Wednesday in Dallas.

If your battery needs recharging we'll do the work as you'll expect factory-trained experts to do it, and you won't lose the use of your machine while, for we have a rental battery for your use while we are working on yours. Phone 606. Wildard Service Station, 810 Scott Ave. 25-tfc

BE READY FOR THE COLLECTOR

Receiving Want Ads by telephone is the final detail in making The Times Want Columns promptly and perfectly useful to the readers.

Telephone Ads cost no more in money—and less in time—but The Times must employ collectors to follow the phone.

The extra accommodation of receiving by phone should be encouraged by always being ready for the collector.

DON'T LET HIM CALL THE SECOND TIME.

If you have a room to rent, a house to rent, a farm for sale, or if you want to buy an article, whether new or second-hand, you should use The Times Want Add Columns daily.

RATES—Want ads are one cent a word for the first insertion and half a cent a word for subsequent successive insertions. No want ad taken for less than fifteen cents and no ad taken to run three times for less than 25 cents. In giving in Want Ads PHONE 167.

FARM LOAN ASSOC. VOTES TO GO ON AND SECURE LOANS

The Wichita Farm Loan Association will continue its existence and will proceed immediately with efforts to secure loans for its members, as a result of a meeting of the Association held today. The members were unanimous in their desire for the continuance of the association, if loans could be secured within a reasonable time.

B. F. Johnson resigned as secretary and George Simmons was elected in his place. J. H. Macpherson of Byars and C. C. Davis of Charlie were elected directors and a board of appraisers was appointed.

All abstracts and papers were turned over to Secretary Simmons who will have office with City Engineer Hinesley on the second floor. Members feel that the association is now on a more stable basis than ever and hope soon to be getting money from the branch bank at Houston.

The P. B. M. Co. at the first of the year, promised all of its employees that if the business showed an increase this year over that of last year, each employee would receive a bonus of ten per cent, payable five per cent each six months. This first five per cent has just been paid, each employee receiving a check for five per cent of the salary earned for the past six months.

Mrs. J. T. Traylor returned today from Burkburnett, where she has been organizing the food conservation work. Mrs. Traylor appointed as the executive committee Mrs. W. C. Willis, Mrs. Cook and Mrs. Trimble, who have taken on the work with a good deal of enthusiasm, as have all the workers there, especially those of the Red Cross. The executive committee will plan and carry out their own work which they expect to have completed by the end of the week. Some six hundred cards are to be distributed throughout the town and the neighborhood, and from first impressions Mrs. Traylor thinks that it will be a most successful campaign. Mrs. Traylor was accompanied by Mrs. Bert Bean and the party were driven over and back by John Kay, one of the Boy Scouts.

A. F. Sommer, chief engineer and assistant general manager, and A. R. Turner, master mechanic of the Quakache Acton and Pacific Railway, are in town today from Quannah by machinery for the roundhouse there.

RED CROSS BOXES ARE NOW READY FOR SHIPMENT

Boxes of supplies made by the Red Cross will be ready for shipment on Thursday. It is planned to have a dedicatory service in the room at McFall and Orth's tomorrow afternoon.

Two boxes of hospital supplies are more complete. Box number two contains a complete outfit for six patients as follows: Thirty-six sheets, 24 pillow cases, 18 pairs of pajamas, 24 pairs of bed shirts, 24 pairs of socks, 12 pairs of bed socks, 12 towels, 12 face towels, 18 wash cloths, 6 pairs of slippers, 12 hot water bottle cases, 36 handkerchiefs, 48 napkins, 12 white towels, box number three contains operating equipment for four surgeons as follows: Four dozen operating gowns, 4 dozen operating caps, 4 dozen operating helmets, 12 dozen operating shears, 4 dozen pairs leglets, 24 dozen towels, 4 dozen rubber covers.

The surgical supply room is sending 350 sponges.

All these garments and supplies represent an immense amount of the most faithful and accurate work. The measurements have to be exact to a thread, and the materials of a certain kind. Nothing may be left to chance or individual opinion, or the Red Cross could never know what they might expect shipped. That this work has been accomplished so successfully speaks eloquently for the executive ability of those who have been in charge, and for the quickness and adaptability of the workers.

Both the Red Cross workrooms are now equipped in a large and cool apartment on the second floor of the Masonic Temple. The room is admirably suited in every respect to the work.

SUBSCRIBERS ASKED TO PAY RED CROSS SUBSCRIPTIONS

Each subscriber to the local Red Cross Fund will please remit one-fourth of same to E. McTitchen, treasurer at First National Bank. This is due July 1, and unless payment for same is made, it will necessitate sending out personal notices, which will be an expense to be deducted from the fund. Your attention to this will be appreciated by the local Red Cross committee.

Chickasha, Okla., July 17.—Chickasha this vicinity are without ice facilities and a number of small towns in this area as a result of the burning of the Chickasha ice and cold storage plant. The loss is placed at about \$25,000. An effort will be made to obtain ice from Wichita Falls and Fort Worth.

FRENCH PREPARE TO DISPOSE OF WAR DEBRIS

By Associated Press. Lyons, France, July 17.—The debris of war has accumulated to such an extent in France that the government has decided to begin disposing of it without waiting for the end of hostilities. A commission has been appointed to inventory all the materials and equipment that have been discarded by the army and navy, to classify them and ascertain how they may be sold to the best advantage. The commission is asked also to determine where the second-hand material may be used to best facilitate the economic revival in France after the war.

MAY ANNOUNCE LEON SPRINGS APPOINTMENTS THURSDAY

San Antonio, July 17.—There are 2500 men in Texas who want to enter the second reserve officers' training camp which is to open at Leon Springs, Camp 27. At least that many applications have been received at the office of Lieutenant Colonel L. J. Fleming at Fort Sam Houston late this afternoon. This department has now been closed and no more applications will be received. Lieutenant Colonel E. B. Winans, chief examining officer, who is grading the papers according to the scale authorized by the war department, has made every effort to keep pace with them as they have come to the office. Today's influx, however, was so great that it will probably be another day or so before all are rated, according to their "face value." "It will probably be Wednesday before we are able to go over the lists," said Colonel Winans, "and select the men who are to come up for personal and physical examination. This work beyond a doubt will take at least a day." "Thursday, I believe, we can begin to get out the notices." Burton Statton has left on a fishing and hunting trip with a party for Newcastle. He will be away about two weeks.
