

GERMAN FLEET HAS APPEARED IN GULF OF RIGA

NOT ONLY IS SAFETY RUSSIAN ARMIES THREATENED BUT SAFETY OF FLEET AS WELL

GERMANS PUSH VANTAGE

Both Land And Sea Forces Operating Against Retreating Russian Forces From Riga

The Associated Press war summary follows: With the appearance of a German fleet in the Gulf of Riga the difficulties of the Russian position on their northern front are accentuated. Not only is the safety of their armies concerned but apprehensions are excited as to what will happen to the Russian fleet if the German naval forces are given full swing in the Baltic. Only submarines so far are operating against the Russian right flank and their operations along the Gulf of Riga coast. The warships now bid fair to take part in the activities, increasing the troubles of the Russian in the task of keeping their front protected. As to actual operations against the Russian fleet, it does not appear to be expected that they will succeed until the land campaign has progressed further and it is seen what success the Russians will have in their effort to make a stand on a new line. Moreover, it is a long way overland to Revel, where the Russian warships are supposed to be chiefly congregated. The Riga Gulf, however, would offer a favorable area for purely naval operations against Revel. On the forty mile front of the break in the Russian land lines the Germans are pushing their advance and have as yet met with no effective resistance. It is declared, however, that the Russian retreat is by no means a rout and the line is being carried out in the retrograde movement. Its success admittedly depended upon the Russian troops, whose morale on this front is now reported to be better than the earlier accounts of the retreat seemed to indicate. The Italian campaign for Trieste is being vigorously pushed in the face of vast concentrations of Austrian infantry and artillery and General Cadorna continued to report progress. It seems that unofficial reports of the capture of San Gabriele by the Italians were probably correct. Unofficially, the latest advice from the front, but the ultimate reduction of the last remaining stronghold of the Austrians in the Gorizia hills is accounted a certainty by the military writers in view of the steady progress through the protecting works.

BUILDING OF CANTONMENTS HOLDS UP TEXAS BUSINESS

Dallas, Sept. 6.—Construction of cantonments, heavy government orders for supplies, mobilization of troops and other similar activities, resulting from the mobilization, have offset to a considerable extent the usual dullness in many lines of business in this season of the year, says a monthly statement of the Federal Reserve Bank of this district, prepared by federal reserve agent and made public today. Other lines, he says, which are ordinarily depressed, have shown report renewed activities and a gain in business over a year ago. Speaking of crop conditions, the report says continued drought in certain sections is causing alarm and reports from these sections are not encouraging. The banks report adds, however, that conditions in many sections were somewhat relieved by rains. One of the bank's correspondents in Central Texas reports that it will take from twenty to forty acres of cotton to produce a bale. With reference to bank clearings the report says the principal cities of the district report an increase of 26 percent for July as compared with the same month last year. There is uncertainty in the labor situation due to the heavy draft arising from the selective draft and demand for men is greater than the supply. According to the banks data, the dry weather probably affected the cattle industry more than another in this district and the outlook at the present time is not good. Postoffice receipts according to the report were slightly less in July than in June and show a decrease of less than one per cent as compared with July last year. Referring to Mexico, the report says business in Mexico is increasing slowly with the restoration of more settled conditions in that republic.

RETIREE RANCHED AT SAN ANGELO KILLS HIMSELF

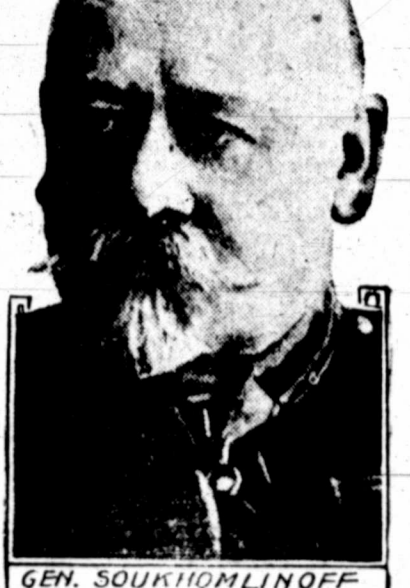

San Angelo, Sept. 6.—John W. Retley, sixty, retired ranchman and capitalist, shot and killed himself this morning. He had been in ill-health for some time.

NO COMPROMISE ON RESTORATION ALSACE-LORRAINE

Paris, Sept. 6.—France will not compromise on the question of recovery of Alsace-Lorraine, Premier Ribot declared today in an address delivered in connection with the celebration of the battle of the Marne. He said France would not consent to diplomatic discussion as to whether the provinces should be restored.

Russians Put on Trial

General Soukhomlinoff, Former Minister of War

GEN. SOUKHOMLINOFF

Copenhagen, Sept. 6.—The Berlin Tageblatt's correspondent on the Riga front describing the passage of the Dvina river. He says that this was accomplished without the loss of a man, thanks to the effect of the German artillery which threw being. The effect of the mine bombardment was literally overwhelming. Houses were reduced to fine dust and the demoralized Russian survivors fled. Bridges were thrown across the Dvina at this point, the troops crossing and storming the heights. Other bridges meanwhile were being constructed and the whole army was being crossed while the regimental bands played. The whole operation was carried out as such a little cost that the losses which were the thick of the fighting had total casualties amounting to only 150 dead or wounded.

WAR BULLETINS

By Associated Press. Berlin, Sept. 6.—It is semi-officially announced that a German fleet has appeared in the Gulf of Riga. By Associated Press. Berlin, Sept. 6.—More than 7,500 prisoners have been captured so far by the Germans in the Riga offensive, army headquarters announced today. Guns to the number of one hundred and eighty have been captured. By Associated Press. Paris, Sept. 6.—Two German attacks on the Aisne front last night were repelled by the French, says today's official statement. By Associated Press. Rome, Sept. 6.—The desperate battle for possession of vital positions in the district northeast of Gorizia on the Austro-Italian war is continuing, according to today's war office statement. The Italians yesterday took more than 500 additional prisoners.

CHICAGO MAYOR FILES LABEL SUIT AGAINST EDITOR

Chicago, Sept. 6.—Mayor Thompson, through an attorney today filed a preliminary suit for \$250,000 damages against the Chicago Herald Company and James Keely, the publisher. The Herald, among others, has vigorously criticized the mayor's anti-war attitude. It appeared from a formal statement issued by the mayor that he contemplated further suits charging libel. The statement explains that his absence from the Republican rally at Kankakee, Ill., yesterday was due to the preparation of the suits. The statement recites that he has been refused to visit Chicago and of refusing to allow the sale of Liberty Bonds in the city hall. "They (the newspapers) have become bolder and more unscrupulous until they have reached a point where they are accusing me of being a traitor to my country," said the statement. "In furtherance of the conspiracy against me," it continues, "my enemies have recently bored holes in the walls of my apartment, installed dictographs, tapped telephone wires, stationed operators in adjoining rooms and employed spies to hunt me down." The statement was signed by the mayor, who said he was going to mail it to 100 leading newspapers throughout the country.

POPE BENEDICT PREPARING SECOND PEACE NOTE

Copenhagen, Sept. 6.—A dispatch from Lugano, Switzerland, to the Yostoff Zeitung of Berlin, says it has been learned from a clerical source that the pope is preparing a second peace note is correct.

MERCURY AT 98 THIS AFTERNOON

The thermometer has apparently recovered from its tumble of last week occasioned by showers, and this afternoon was right around the 100 mark. The Palace drug store thermometer registered 98 at 3 o'clock this afternoon—and the heat showed no signs of modifying.

GERMANS CAPTURED RIGA WITH ONLY 150 CASUALTIES

Copenhagen, Sept. 6.—The Berlin Tageblatt's correspondent on the Riga front describing the passage of the Dvina river. He says that this was accomplished without the loss of a man, thanks to the effect of the German artillery which threw being. The effect of the mine bombardment was literally overwhelming. Houses were reduced to fine dust and the demoralized Russian survivors fled. Bridges were thrown across the Dvina at this point, the troops crossing and storming the heights. Other bridges meanwhile were being constructed and the whole army was being crossed while the regimental bands played. The whole operation was carried out as such a little cost that the losses which were the thick of the fighting had total casualties amounting to only 150 dead or wounded.

NEW GERMAN GENERAL WINS FAME AT RIGA

Copenhagen, Sept. 6.—The capture by the Germans of Riga has brought the name of a new German commander, Von Hutier, whose recent promotion to leadership of an independent army is one of the few examples of young blood forcing its way to the top through the Von Hutier, who is of French descent, his grandfather having been a French officer, a guard division commander at the outbreak of the war and until the capture of Riga he had no striking events to his credit. His chief of staff, General Stuberzewski, was for a time field Marshal von Mackensen's chief of staff and later was transferred to Belgium where his name gained a desirable prominence in connection with the execution of Miss Edith Cavell, the British nurse. Eitel Friedrich, commander of the First Guard Division, which captured Tarnopol, participated in the operations at Riga.

I. W. W. RAIDS ONLY THE BEGINNING OF ACTIVE CAMPAIGN

Washington, Sept. 6.—Nation wide seizure by the members of industrial workers of the world was said today to be but one step in the vigorous campaign which the Industrial Workers of the World are actively conducting against disloyalty and sedition wherever they may show themselves. While the I. W. W. is perhaps the largest organization which will engage the department's attention in the campaign from now on, other organizations and individuals whose names are being actively investigated ground for suspicion of disloyalty than ever and more drastic measures will be pursued in the future. Included in the classes of persons with whom the department soon may deal are the soap-box orators of New York and other large cities, writers and publishers, in a few instances connected with the German language press, so-called conscientious objectors and a large number of individuals not classified, whose activities have led them to be regarded as the active friends of Germany in this country. The department is collecting a tremendous amount of evidence which can be utilized in prosecutions in connection with yesterday's seizure of I. W. W. members and other persons contemplated in the near future. A great mass of documentary matter was obtained yesterday's raids and all this material is being reviewed by local United States attorneys with a view to determining the truth of charges against persons identified with the organization. It is stated that the department has heretofore been no actual proof.

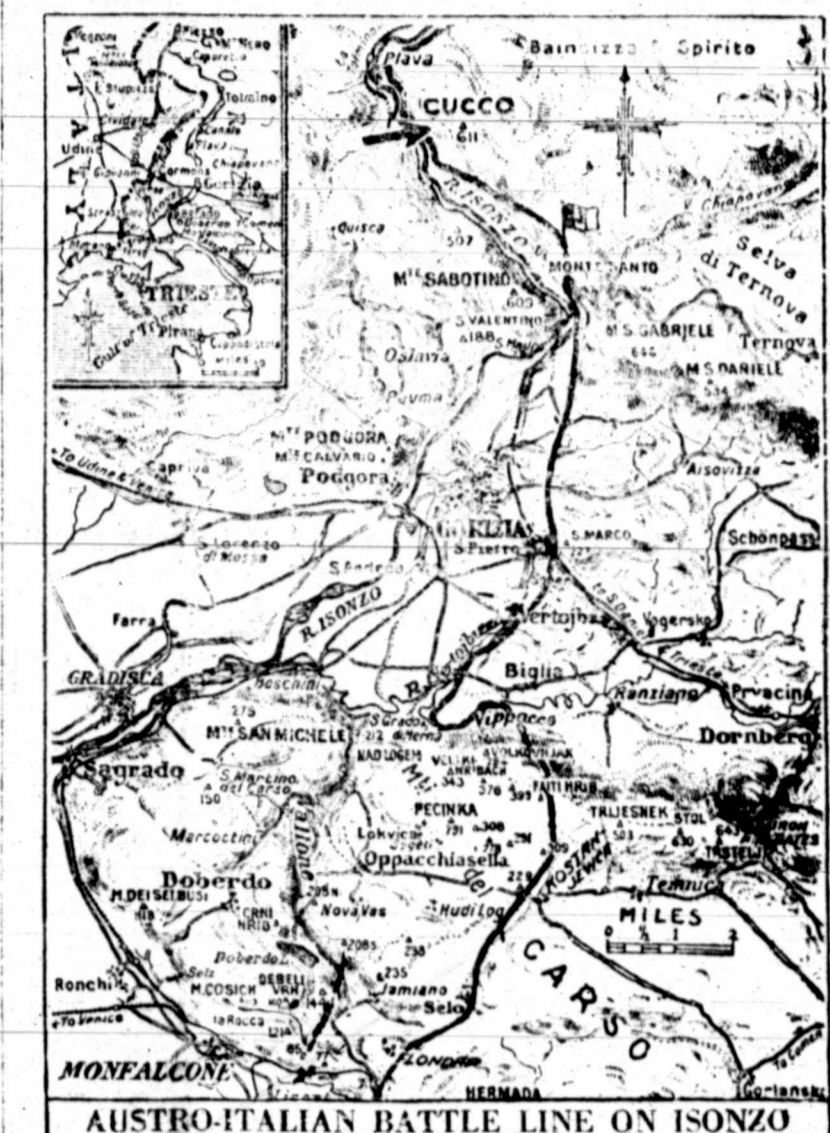

SUPPRESSION SOCIALIST PUBLICATION PLANNED

Chicago, Sept. 6.—Federal agents today revisited the scenes of yesterday's raids of I. W. W. and Socialist headquarters in search of the anti-war literature. It is said that unless court action prevents, the authorities plan to suppress publication of the American Socialist which for several months has been forbidden the mails. D. Haywood, executive secretary of the I. W. W. was one of the persons seized. The investigators were puzzled at some of the material found at the place which seemed to be written in code.

POSTMASTER AT LONGVIEW DEAD

Longview, Sept. 6.—R. G. Brown, local postmaster and well known business man, died at his home here late last night.

ITALIANS BATTING THEIR WAY THROUGH MOUNTAINS TO TRIESTE

AUSTRO-ITALIAN BATTLE LINE ON ISONZO

The map reproduced herewith shows in the heavy black line, the Austro-Italian battle line along the Isonzo river. The inserted smaller map shows the vicinity of Trieste, the important port for possession of which the Italians are battling. It is predicted that the fall of Trieste will mean the collapse of Austria-Hungary. The Bainsizza plateau at the extreme north in the larger map has been the scene of some of the hard recent fighting.

LIBERTY'S SHRINE SCENE LAFAYETTE CELEBRATION

Philadelphia, Sept. 6.—Lafayette Day drew thousands of patriotic citizens to Independence Hall today to honor the memory of the great Frenchman. While France was observing the 100th anniversary of the signing of the Declaration of Independence, the French ambassador, was of the program for the day. The Liberty Shrine in the city of Philadelphia was the scene of the celebration. A feature of the day was the raising of a flag in the Liberty Shrine. The flag was the flag of the new Washington-Lafayette Shrine. The flag was made in the little Betsy Ross house where the first American flag was created. A similar flag was to be raised over the city hall of Paris at the same time.

MEMBER OF CREW OF RAIDER ASKS EXEMPTION

Memphis, Tenn., Sept. 6.—Frederick Nelson who claims he was a member of the crew of the German raider Emden, today asked the district board of appeals for West Tennessee to exempt him from military service in the United States army. Nelson informed the board that he left Germany ten days before the outbreak of the war in August, 1914, as a member of the crew of the Emden. After war was declared Nelson did his bit on the raider when it turned up in the open sea. While the Emden was sailing in a coal port he was given shore leave and overstayed his leave. When he returned to the ship the Emden had departed. Nelson worked his way to New Orleans and from there drifted north to Lauderdale county, where he is employed as a farm laborer. Through a queer twist of fortune Nelson was one of the first numbers drawn in the selective draft. Nelson in his claim for exemption pleads agricultural pursuits as a basis for his discharge from army service.

DENMARK PUTS 100 PER CENT TAX ON BEER AND WINES

Copenhagen, Sept. 6.—The new Danish taxation program just introduced in parliament provides for a special tax on wines, equal to the retail price per bottle, exactly doubling the cost to the consumer, and almost doubles the tax on beer, making it, according to the president of the brewers' league, the highest in the world. The measure increases the tax on rum, cigars, cigarettes and tobacco from 20 to 33 per cent of the retail price.

RAIDERS AUTHORIZED TO DEFER PAYMENT

Austin, Sept. 6.—The Thirty-fifth Legislature through the adoption of a concurrent resolution has authorized the president of the brewers' league to defer the payment of interest due on state lands, especially in the western portion of Texas where the drought in many instances has caused a total failure of crops.

LABOR ORGANIZES TO STAMP OUT DISLOYAL ACTS

Minneapolis, Sept. 6.—The American Alliance for Labor and Democracy today took up plans for establishing local branches from coast to coast in the campaign to bring organized labor up solidly behind the government in its prosecution of the war and stamp out disloyalty and pro-German societies. The resolution committee in special session today drawing up the declarations of the alliance. Thereafter a general independent body of reports that a new Socialist party would be organized during the present conference. Speaking for the Socialists in the gathering, he said, "We have no intention of forming any new party, whether to be known as a labor party, Socialist party or otherwise. The Socialist party of America on account of its war policy. But that league and this alliance for labor and democracy have nothing to do with each other, and the Socialists here have no come as a separate group aiming to any certain policies over. We are here to join in with our fellow workers of the trade union in support of the country in this war."

RECORD OF BIRTHS AND DEATHS FOR THE FEDERAL GOVERNMENT

Washington, Sept. 6.—Recommendations to congress that department of commerce officials keep a record of all births and deaths probably will be made in the forthcoming annual report of Secretary Redfield. Only 12 states keep records of births and 26 death records. The work of the census bureau in estimating the country's population at any given time will be greatly facilitated by a federal record of all statistics. Officials studying the question are of the belief that an amendment to the constitution is necessary to enable the government to keep such a record.

HEAVY RAIN LAST NIGHT AROUND SAN ANGELO

San Angelo, Tex., Sept. 6.—The city reservoir was overflowing today for the first time this year as a result of a heavy rain last night. Egan, Menard and several other points report an inch of rainfall.

RAISING FUND IN MEXICO TO BUY CORN IN U. S.

Mexico City, Sept. 6.—The committee of the National Chamber of Commerce which has been considering ways and means for raising money to purchase 1,000,000 bushels of corn in the United States and bring it to Mexico where it will be sold at cost for the benefit of the poor has decided that the most feasible method of raising the money is by popular national subscription. The National Chamber of Commerce at first asked the Chamber of Commerce of the United States to establish a credit for this purpose but the American organization was unable to do so. The Commission Regulating the Sale and Prices of Starch in Mexico, then was appealed to, but declined to act.

ANNIVERSARY BATTLE OF THE MARNE AND LAFAYETTE'S BIRTHDAY

New York, Sept. 6.—The double anniversary of the battle of the Marne and the birth of Lafayette was celebrated today while similar exercises were held in many other cities in the country. Prior to the trial of the city at City Hall, there were to be exercises in the city hall. The guests of honor, including representatives of France, Great Britain, Belgium, Italy and Russia will meet Willard Hall, Ill. will preside.

MANY COMPLAINTS RECEIVED OF SHORT WEIGHT BALES

Austin, Sept. 6.—The State Warehouse and Marketing Department has received many complaints from various portions of Texas of short weights in cotton bales. In certain instances, the complaints declare the bales are as much as 10 pounds short of indicated weight. An amendment to the warehouse and marketing law, recently enacted, and this law went into effect on August 17. State Warehouse Commissioner F. C. Wilder announces that this law is to be rigidly enforced. Its enforcement is placed in the hands of the warehouse commissioners.

FRENCH PRESIDENT VISITS CAMPS OF AMERICAN ARMY

Paris, Sept. 6.—President Poincaré and General Petain, the French commander in chief, visited the headquarters of the American army today. They were received by Major General Pershing, commander of the American forces, with whom they inspected the training camp.

ALLEN'S CHANGE OF OPINION ABOUT PRESIDENT VINSON

FRANZ FISET TELLS OF ALLEN'S ESTIMATE BEFORE AND AFTER BOND INCIDENT

W. R. BRENTS ON STAND

Testimony 'Much Same As Before' House Adduced At Trial of Governor Today

Austin, Sept. 6.—In April of this year, Wilbur P. Allen, chairman of the board of regents of the University of Texas, expressed his opinion to the governor, Franz Fiset, an attorney of Austin, that Dr. R. E. Vinson was fulfilling all the expectations of his friends as president of the university. On June 6, the day Governor James E. Ferguson by proclamation remitted a \$5000 bail bond to Allen and others, Fiset added, Allen said that Dr. Vinson had proved himself "utterly incompetent" to fill his position. Fiset, who did not testify before the House, was one of the witnesses called by the prosecution today when the university matter came before the Senate high court of impeachment trying the governor. Franz Fiset, an attorney, was produced by M. M. Crane and Will Harris, counsel for the House board of managers, in an attempt to hear out the charges against the governor through coercion and other means to influence the board of regents to do his bidding. Other witnesses regarding the university matter were regent and Representatives Dudley and Thomas of El Paso. They gave practically the same testimony as before the House. Brents said Governor Ferguson told him on one occasion that he would veto the university appropriations if "President Vinson were not a member of the faculty, 'did not go.'" By Associated Press. Austin, Sept. 6.—That the prosecution in the impeachment trial of Governor James E. Ferguson may go further than yet attempted into his conduct with the Texas State Bank, is evidenced by the last list of witnesses it has summoned, as announced today. The list includes T. H. Heard, president of the Temple bank, C. A. Hughes, cashier, and K. S. Hull, a director. H. C. Poe, former president of the bank, also has been summoned. It is possible, however, that the summoning of these men is merely precautionary and that they will not go on the stand. W. H. Hanger, counsel for the governor, said today that references to respondents in impeachment cases before Congress, not testifying in an argument yesterday, were for argumentative purposes. He said these references did not imply that Governor Ferguson would not testify in the present trial. "It has been expected that the governor will testify," he added. F. L. Downs, vice president of the First National Bank, was the first witness today. He said that on August 20, 1915, a \$5000 note, with \$5000 of interest, owing the bank from Governor Ferguson, was paid off. He said the credit slip showed this date, but the charge-off might not have been made until August 21. At the time in question, he testified, that the note was paid off on August 21. The settlement was made by the Temple States Bank which was stated that the note be put in clearance, the witness said. Two other notes for \$5000 were settled in the same way. A request by the governor's agent of the state university, repeated the testimony he gave before the House. "Did you solicit the position of regent?" asked Will Harris, assisting Mr. Crane. "Most positively I did not," said Brents. The witness said on the day he was appointed regent, the witness said, "I was not a regent of the state university, repeated the testimony he gave before the House. WICHITA TROOPS ARRIVE SAFELY AT CAMP BOWIE

SPECIAL TRAIN LEFT HERE AT 10 O'CLOCK LAST NIGHT—ARRIVING AT 5 A. M.

CROWDS SEE THEM OFF

Thousands Throng Streets Until After Train Puts Out—Routed Via Katy And Santa Fe

The special train carrying 336 volunteers and officers from Wichita Falls to Camp Bowie arrived at Fort Worth at 5 o'clock this morning and by daybreak the train was at the Camp ready for the men to detrain after a tiresome night's ride.

The train left Wichita Falls at a few minutes before 10 o'clock last night, the route being over the M. & T. to Gainesville, thence over the Santa Fe to Fort Worth. At Gainesville cars carrying the Gainesville machine gun company and equipment were picked up and made a part of the train into Fort Worth.

In compliance with the wishes of the officers no demonstration was attempted by the citizens in behalf of the soldiers before they left. This did not mean, however, that Wichita Falls gave no farewell to the soldiers. The hour of the departure of the train was not announced but every body in Wichita Falls knew the soldiers were to leave last night, and hours before the train left, the streets downtown were crowded with thousands of citizens. The crowd was one of the largest ever gathered on the streets of Wichita Falls.

The cars carrying the soldiers from the camp at the lake did not reach the downtown district until about half an hour before the train was scheduled to leave. The men were unloaded on Ohio avenue south of Eighth street and organized into squads in the order in which they were to occupy the seven coaches on the train. Suddenly sharp commands rang out and in incredibly short time and good order the squads marched double quick into

Eighty street and to the places assigned for them on the platform. Just as quickly, too, the two companies of infantry, F and G, the headquarters company, and the sanitary corps boarded the train and took seats in the coaches.

Wichitans gave their soldiers farewell in good spirits and if there was any weeping it was not observed. While no announcement has been made, it is now believed that all the troops of the Seventh regiment comprising companies from Northwest Texas and the Panhandle are now in camp. The Quanah, Vernon and Crowell companies were carried through Wichita Falls over a special train on the Fort Worth and Denver which picked up the Decatur company on its way in to Fort Worth.

On the preceding night the Amarillo, Clearmont and Childress companies were carried through.

CHILDREN PUT ONE OVER ON PARENTS

Mr. and Mrs. Mack Thomas left their home last night and started to the depot to bid some of their friends goodbye, leaving the house in charge of the children. While the parents were away the children "framed up" on them, and ransacked the house of all the valuables, and in every way possible made the place look like it had been visited by burglars, and after getting their "spoils" went to a neighbor's house to await their parents' return.

When the parents did get home quite a little excitement followed on finding that both their children and valuables were gone. Police were called, and they made a desperate effort to find the "robbers," but of course were unsuccessful, and returned to the station. As soon as the police left the children came in and told them of their practical joke. They took it as such and early this morning Mr. Thomas called the police station, explained the matter, and said the soda water was on him.

ROTARIANS TO GET UP CROWD FOR WILBARGER FAIR

The Wilbarger County Fair Association were present at the Rotary Club lunch on today, for the purpose of inviting a large number of representative citizens of this county to visit the Wilbarger County Fair at Vernon, which will be held 12th, 13th, 14th and 15 of this month.

After many ideas had been put forth by various members, a motion was passed, authorizing the chair to appoint a committee, whose duty it should be to get together a large automobile party to visit the fair on Friday 14th. It was suggested that this day be set aside as Wichita County Day, and Messrs Heath and Coffey were assured that every effort would be made to have this county well represented at the fair.

Professor Lee Clark, superintendent of schools asked for the cooperation of the Rotary Club in the matter of establishing safety zones around the schools, in regard to the regulation of the traffic. Mr. Clark said he was very anxious to see some such regulation adopted before some child should be run over. "It is a matter," said Mr. Clark, "which I am sure you will agree does not admit of argument. The safety of these children is of the first importance, and I feel sure that if for say, a block on either side of the school grounds, possibly at certain periods of the day, some regulations could be enacted, making it necessary for automobilists to drive with special care, it would be a great step in the right direction."

To this J. G. Culbertson, general manager of the Motor Factory suggested that if, as in other cities, signs were prominently placed a block on either side of the school grounds, reading "Please Drive Slowly" and, on the reverse side "Thank You," that matter could probably be handled without further trouble. No action was taken by the Rotary Club in the matter.

C. W. Reid announced that the Motor Club would meet for luncheon on Tuesday next at the St. James hotel, when J. B. Crockett, county road engineer would address the club.

50,000 CARS OF MATERIALS USED FOR CANTONMENTS

Fort Worth, Texas, Sept. 6.—With the arrival of the first contingent of the new national army at the cantonments today the status of construction at the various cantonments is undoubtedly of public interest.

Altogether sixteen military cities have been built by the government to house 50,000 citizens for selected service by the draft. Of these cities 7 were ready today to receive their full quota of officers and enlisted men. These included Camp Taylor at Louisville, Ky., Camp Travis at Fort Sam Houston, Texas, Camp Lee at Petersburg, Va., Camp Lewis at Amarillo, Texas, Camp Sherman at Chillicothe, Ohio, Camp Devens at Ayers, Mass., and Camp Grant at Rockford, Ill.

Several other cantonments are ready this morning to receive all the officers and two-thirds or more of their full quota of enlisted men. These comprise Camp Dodge at Des Moines, Iowa, Camp Funston at Fort Riley, Kan., Camp Center at Battle Creek, Mich., Camp Pickett at Little Rock, Ark., Camp Dix at Wrightstown, N. C., Camp Jackson at Columbia, S. C., Camp Upton at Yaphank, Long Island Sound and Camp Mead at Adelphi, Md., have already received and are taking care of more than their full quota of officers and are ready to receive the number of enlisted men originally ordered on Sept. 5.

An army of approximately 150,000 men was employed in the construction of these buildings. The cantonments up to the first of Sept. Since that date the force has been gradually reduced. There are certain units in connection with each of the cantonments which are added after the original scheme was under way and which are in some cases not completed. These are general hospitals in addition to the regimental hospitals and regiment stations to take care of some 12,000 horses each, the completion of these buildings will not, however, interfere with the reception of citizen soldiers on the dates they have been ordered to report at the respective cantonments.

A typical layout such as required for accommodating the officers and men at a cantonment comprises in round numbers 1500 separate buildings, requiring approximately 30,000,000 feet of lumber.

Each cantonment requires a complete system of water supply and sewerage disposal, the piping alone for for which amounts to more than fifty miles.

Ten general warehouses with necessary trackage have also been provided in nearby cities. Complete refrigerating and laundry plants have been built at each cantonment.

Up to September 1 it has been necessary to complete on an average of one building every four minutes.

In the construction of the cantonments to date over fifty thousand carloads of material have been transported to and delivered at the sites, an enormous task on the already overburdened national railway system. The railroads, however, have given splendid service, all government orders having been given precedence, and the lumber and other supplies needed have been rushed to the cantonments in record time. The cantonments in the East have been handicapped by the fact that it has been impossible to secure sites without going away from the railroad lines and labor markets.

Every national army cantonment has required the building and installation of a transmission line for electrical current.

Complete cantonment approximately 4000 officers and enlisted men have already arrived and are being cared for.

15,000 CHINESE TROOPS WILL BE SENT TO EUROPE

San Francisco, Cal., Sept. 6.—The Twenty-fourth Chinese army corps composed of 15,000 picked troops from the northern provinces, is being mobilized in a Chinese city for immediate departure to Europe, according to a cablegram received here by The Chinese Daily World, vernacular newspaper from its correspondent in Shanghai.

The dispatch, censored and deleted, indicated that the troops would be taken through Siberia to the eastern front where the Russians are being pushed back towards Peking. The message hinted that gains in the Russian armies would be filled by these troops and possibly by Japanese.

The Twenty-fourth Corps was said to include several companies of engineers, commanded by Chinese graduates from American colleges, notably Stanford University and the University of California. An aviation corps trained by Americans and French will accompany the corps, it was indicated.

PURPOSE OF RAIDS TO SUPPRESS SEDITIOUS EFFORTS

Washington, Sept. 6.—The government as the result of country wide raids yesterday on headquarters of W. W. Socialists and other organizations was today in possession of documents to be used as evidence in an effort to suppress alleged activities of a seditious nature. The seizures, the department of justice announced, were in connection with federal grand jury investigations in Chicago.

In some cities W. W. officials were taken into custody for examination in court. Federal agents took charge of the national headquarters of the Socialist party in Chicago and served on its council a warrant calling for surrender of its documents. The wholesale raids were carried out in accordance with the orders of William C. Fitts, assistant to Attorney General Gregory.

was a good step. Now the same step to require all moneys belonging to the state for whatever character to be deposited where they will bring interest will not only insure to direct financial advantage of the state, but it will put a stop to some political financing, much of which is just now appearing before the startled gaze of a confounding public.

LOONEY REFUSED TO BE GOAT.

When the Senate asked Attorney General Looney for his opinion as to whether or not V. A. Collins of Beaumont had been legally elected senator it deliberately attempted to shift the responsibility from itself to the attorney general. Several lawyers hold seats in the Senate and it would be a reflection on them to assume that they did not know the Senate was the sole judge of the qualifications of its members and that there was no appeal from their decision.

Butler's back is the first guaranty Trust Bank of Clifton. Butler described the demonstration of students before the governor's office on May 28 when, he said, a meeting of the regents was broken up. He said at the later meeting of the regents, when the demonstration was investigated, faculty members said they were powerless to stop the parade.

ALLEN'S CHANGE OF OPINION ABOUT PRESIDENT VINSON

Allen, chairman of the board of regents, and others, was read. Franz Fiest of Austin was called to the stand. He was asked if an opinion of Dr. Vinson expressed by Allen prior to the remittance of the bond was the same as one expressed afterward. The governor's counsel objected but the objection was overruled.

300 DRAFTED MEN ARE ALREADY AT CAMP TRAVIS

San Antonio, Texas, Sept. 6.—Recruits to the number of 300 or more had reported for duty in the National army at Camp Travis by noon of today. They are being trained in their duties of their new life. Not a man has failed to report on time, officers at headquarters said, and the great majority of them are working out service in the right spirit.

FRATERNIZING GERMANS GENERALLY WERE SPIES

Petrograd.—The German soldier who is fond of fraternizing is more often a spy, according to diary found on a captured Teuton sergeant, says a Petrograd Gabetta correspondent at the front. Only those German soldiers qualified for their acuteness in observing are allowed to fraternize with their Russian opponents.

RED CROSS ESTABLISHES FARMING INSTITUTES

MANY APPLICANTS AT NAVAL RECRUITING STATION

There was a large number of applicants at the navy recruiting station today, and the officers seem to be of the opinion that business, which has been lagging for the past month, is picking up. The following six men, who have been on the waiting list for some time, were ordered out for duty: J. C. Mead, A. J. Moore, W. B. Ward, E. M. Collins, C. M. Harper and W. J. Duke. Ront, C. Kay, and Sig Sandy, and Aaron B. Brannon of McAdo.

COTTON PRICES REGAIN SOME OF LOST GROUND

New York, Sept. 6.—There was a renewal of Liverpool selling in the cotton market at the opening today. There also seemed to be selling here from southern sources with the pressure in both instances attributed to hedging and after starting steady at a decline of 2 to 14 points active months sold 19 to 21 points under last night's closing figures. This break carried October off to 29.93 and January to 29.70 and the market then steadied on covering which was promoted by complaints of too much rain and weed damage from some sections of the eastern belt.

Changes were small in the early afternoon but the market retained its steadiness due to continued bullish spot news from the south and rumors of floods in parts of Mississippi. Oct. sold up to 21.40 and Jan. to 21.20, a net rise of 28 to 29 points and around 2 o'clock was about ten points under these figures.

Cotton closed barely steady. Liverpool, Sept. 6.—Cotton spot in limited quantities. Good steady; good middling 18.00; middling 17.60; low middling 17.10.

Church and State Union Question Up in Russia. Associated Press Mail Correspondence. A decision for or against the continued union of Church and State under the new provisional government will be declared during the coming month.

Another Drive Against Rail Stocks Today. New York, Sept. 6.—The further improvement shown at the opening of today's stock market was generally attributed to the defeat in the Senate of the high tax on war profits.

Deputy County Clerk W. H. Harris accidentally stuck one of his fingers into the blades of a running electric fan yesterday afternoon, sustaining a severe cut and pain as the result.

FAILURE OF FROST EASES DOWN THE PRICES OF CORN

Chicago, Sept. 6.—Corn prices eased down today on account of failure of expected frosts. The principal sellers were houses with New York connections. Reports of increased demand by distillers who hold government contracts was a factor in preventing any radical decline.

Country dealers were said to be unfamiliar with the government orders. To this circumstance was ascribed much of the evident slowness of the movement of supplies.

Provisions averaged slightly lower as a result of declines in the hog market. About the only buying was on the part of pit traders.

St. Louis Cash Grain. St. Louis, Sept. 6.—CORN: Higher; No. 2 mixed \$1.98@2.00; No. 2 white \$2.10@2.12.

Levi Gamble was found guilty as charged in police court this morning.

With a recommendation of suspended sentence, Gamble was charged in a complaint with violation of the city sanitary code, in that he left his back doors open, thereby letting in flies and other insects. This is the first case to be tried in the city court by a jury in several months, and it created quite a little excitement, a number of persons being present at the trial. The jury deliberated for nearly an hour before returning a verdict.

Shuler and Wallace has recently installed a Delco Electric plant to light their building and are charging all of their Auto batteries with the Delco. 100 tfc.

Albert Wilson, who was run down by an automobile at the corner of 6th and Lee streets Tuesday night, is reported doing nicely by the attending physician. Nothing serious resulted from the accident, Wilson sustaining a small cut on his lip. He was riding a bicycle when hurt.

Mrs. M. J. Powell, near Electra had her Delco Electric plant installed Wednesday and is delighted with the city conveniences that is afforded by the Delco. 100 tfc.

The committee appointed to find new quarters for the Chamber of Commerce met this morning, and discussed the situation fully. No decision was arrived at, and it is felt that the matter is one for great care and judgment. The committee will probably hold another meeting on Monday next, and report to the regular directors' meeting on Tuesday.

Through an error in yesterday's issue of The Times, the subscription of the City National Bank to the aviation camp fund was given as \$25 instead of \$50.

J. R. Hill and Mr. Babal, the latter formerly with the Port Worth & Denver, have been appointed as assistant road engineers to J. B. Crockett, who has charge of the building of the new roads for Wichita county. A general survey of the roads has been begun, and all the preliminary field work is progressing as rapidly as possible.

J. W. Pond who has been confined to his home with fever for the past week, was reported improving today.

CHEAPER BANK CREDIT. By Associated Press. Washington, Sept. 6.—Cheaper bank credit as a means of stimulating live stock production was proposed to the National Live Stock conference today by E. C. Lassater, a Texas raiser, who is serving as a volunteer aide to Herbert Hoover, the food administrator.

Stock raisers, Mr. Lassater said, are paying eight per cent for money while commercial enterprises obtain it at four. Interest charges on capital, Mr. Lassater said, amount to forty per cent of the entire cost of producing live stock. If this were cut in half, the raiser, he said, could produce meat at 20 per cent less cost. Producers, he said, could pass this saving on to the consumer.

BUDAPEST REPORT CAUSES IRRITATION IN HUNGARY. Zurich, Switzerland, Sept. 6.—A report that the Hungarian minister of the interior intends to expel under food regulations residents of Budapest including refugees of Vienna who are unable to furnish reasons for remaining there caused intense irritation in Vienna.

GLADYS HULETTE

In a five-act GOLD ROOSTER picture with a charming setting and entertaining story. Posing as a member of the English nobility, she has ample scope for her capabilities as an artist, both in comedy, as well as serious work. A beautiful little love theme is woven into the plot and all turns out well in the end.

**CITY ENGINEER
HINCKLEY DIES
FROM PARALYSIS**

FAITHFUL PUBLIC SERVANT, OLD RESIDENT, PROMINENT MASON AND WELL KNOWN CITIZEN, D'AD

Louis C. Hinckley, for the past ten years city engineer of Wichita Falls, and one of the most prominent figures in Masonic local since the organization of the lodge, died this morning about 5:30 at his home, 1005 Virginia. The funeral will be held Friday afternoon at 3 o'clock from the family residence and will be conducted by Dr. S. A. Barnes, pastor of the First Methodist Church south, which Mr. Hinckley had served for years as steward. The Masons will take charge of the body at Riverside and it will be consigned to its last resting place by the solemn Masonic ritual.

Mr. Hinckley's last illness had its beginning in a paralytic stroke, which seemed at first slight, suffered about four weeks ago. Complications of kidney trouble set in, and for two weeks or more it has been seen that there was slight hope for his recovery. Last Thursday occurred a sinking spell which forecast the end, and since that time he had known nothing. Sunday morning his brother, C. J. Hinckley and sister, Miss Martha, both from Huron county, Ohio, arrived to be at his bedside. Both parents are surviving, but were prevented from making the trip by ill health and feebleness.

Surviving are the widow and four children, Vera, Della, Emanuel and Mary Elizabeth, the brother and sister now here and the aged father and mother, of the immediate family.

Louis C. Hinckley was 45 years of age at the time of death, he was born August 24, 1872 in Huron county, Ohio. In 1895 he came to Texas, settling in Archer county where two years later he took as his bride Miss Mary Gibbs, of a prominent Archer county family. The young couple moved to this city and have lived here continuously since that time. Mr. Hinckley taught school and engaged in civil engineering having followed that profession for the past 25 years. For the past ten years he had been engineer of the city of Wichita Falls. Still in the prime of life when death came, those who know him best feel that it was in part due to his tireless energy and unbounded ambition which led to his overworking that rendered him unable to combat the disease that came upon him. Ever anxious to keep up with the newest methods in his profession he studied at all times and his official and personal business as well as heavy. For more than a year his health had not been as vigorous as that he was accustomed to, but until the August stroke of paralysis he had made no complaint. Until the last relapse, with attendant unconsciousness, came, he was ever cheerful and confident of recovery.

In the loss of a kind and loving husband and father the family has the sympathy of the entire community and in city, business, church and lodge circles the place left vacant by the death of Mr. Hinckley is one that will not be easily filled.

Mr. Hinckley had passed through all the chairs of every local Masonic body and had received all honors that Wichita Falls Masonry is privileged to bestow. At the time of his death he was treasurer of the Commandery 59, Knights Templar. He was a Master Mason, a Royal Arch Mason, member of Council 140 and a Knight Templar of Commandery 59. He was also a member of the Modern Woodmen of America.

The pall bearers were chosen from the ranks of the older Masons: in point of membership, and the city officials. The acting pall bearers will be: J. M. Bland, N. M. Clifford, Frank Collier, Ed. Gardner, A. F. Kerr, and J. D. Avis. Honorary pall bearers will be: Mayor C. E. Smith, A. A. Richolt, E. G. Hill, Marvin Smith, J. L. Lea, Jr., M. J. Gardner, members of the city council with whom Mr. Hinckley had been associated, V. G. Skoon, city clerk and J. W. Walkup, city treasurer.

POST GRADUATE COWBOY WOULD ENLIST IN ARMY

A very bronzed and hardy looking individual about 40 years of age appeared this morning at the army recruiting station and said that he wanted to enlist. He was a post-graduate cowboy, and had seen a good deal of very hard service on the plains, he said. His only anxiety was that after he went, there would be no one to look after his wife and two daughters. Apparently the government has no provision for the families of men enlisting in the regular army, and in any event, this man was over age for that branch of the service. He appeared much disappointed to learn that his services could not be used at present, and he assured the officers that he was well used to taking care of himself, and felt sure he would be a useful man in the army.

The following instructions have been received at the army recruiting station: "Applications for Signal Corps as telegraph or Radio operator cannot be accepted for enlistment until authority is obtained from the adjutant general of the army."

"As soon as applicant applies for enlistment in the Signal Corps, you will examine him the same as any other applicant, and then send his full name, together with his number of years experience, etc., to this office. This must be furnished this office in order that proper authority may be obtained from the adjutant general of the army."

Carl Roy of Byers, was accepted in the infantry, and sent to Dallas yesterday.

At the Theatres

At the Big Tent Theater.
Rentrow's Jolly Pathfinders scored a big hit last night in the presentation of the mystical play of Dr. Jekyll and Mr. Hyde. The entire cast was excellent and too much cannot be said of the portrayal of the difficult role of Dr. Jekyll and Mr. Hyde by E. C. Dennis. Tonight another superb production, "Love and Politics" will be put on, a play dealing with graft and grafters as practiced at the present time in the larger cities of the country. In connection with the play will be seen the Whildard and Johnson fight pictures, a host of vaudeville acts and specialties, Saturday at 2:30 hours there will be the matinee attraction. Saturday night will conclude the engagement of the Rentrows when the Oriental spectacular production "Slaves of the Orient" will be put on.

THE BIG BUSINESS-MANS GUM

The truth and his opposition vanishes beneath the overwhelming power of his love.

The Gem.
"Like Babes in the Wood" will be the feature of the program at the Gem today. "Story book come alive" is the way the children describe the Victor two-reel comedy-drama, which was written and adapted for the screen by Karl Cooldige, and produced by George Coehfano, with Violet McMillan starred, and Fred Woodward, the greatest animal impersonator in the world in her support. "Like Babes in the Wood" will delight spectators of all ages. Violet and Billie are seated on a polar bear skin by the fire-place, tired out from playing so hard. Out in the yard Hank, the mule, is also lonely and weary. A fortune-teller comes to the door, and they tell the

old woman they are alone. She gives them a ring, which she says is a wishing ring, that every wish of the owner's will come true. The little girl pays the fortune-teller the few pennies she has in her bank. Seeing Hank in the yard, Violet wishes that he had a bag of oats, and immediately she sees a moss-sack of oats appear. They wish for a story book; it appears and they look at the pictures of the "Babes in the Wood." A spark flies from the bear skin, Violet to scare him, fishes that the bear would come to life. It does, and begins to chase them. They rush out to Hank and the three start to run.

Then starts a thrilling lot of adventures for the two children and Hank which are sure to interest old and young alike.

ill surroundings lead one, form the theme of the new drama which R. A. Walsh has made for William Fox with Miriam Cooper in the leading role. "The Innocent Sinner" is the story of a young girl who is led from the simple life of the country into the evil ways of a thriving community. The picture will be shown at the Empress Theatre today.

The girl, Jary Ellen (Miss Cooper), is brought to the city by a man's unfulfilled promise to marry her. When the man is murdered, she flees from the house to which he has taken her and attempts to make an honest living. She later meets Dr. David Graham (Charles Clay), friend of the murdered man. He falls in love with Mary Ellen, but turns from her when he learns that she had indirectly been the cause of his friend's death. The girl's story, however, reveals to him

the truth and his opposition vanishes beneath the overwhelming power of his love.
