

RUSSIANS APPEAR COMING TO STAND BEFORE GERMANS

RETREAT DEFINITELY HALTED AT SOME POINTS AND RUSSIANS DIGGING THEMSELVES IN

AUSTRIAN RESISTANCE

Teutonic Forces Battle Desperately to Stem Tide of General Cadorna's Advance

The Associated Press war summary Saturday follows: Russia's probable new line in Livonia following the retreat from the Riga region under Von Hindenburg's pressure, is now beginning to define itself. The retrograde movement which has been showing signs of slackening for the past day or two, now appears to have been definitely halted at some points and the Russians are digging in and evidently preparing to make a stand. Berlin's report reveals this state of affairs more clearly than Petrograd. Judging from the German statements the Russian line now extends from west of Kokenhusen on the Dvina, about twelve miles east of Frederichstadt and approximately fifty-five miles southeast of Riga northwest through the town of Bendig, twelve miles west of Venden and on to the Gulf of Riga. Thus the front northwest of Dvinsk, instead of curving sharply to the west of Jacobstadt, as it did to take in the Riga district, now leaves the Dvina there and continues on in almost a straight line to the coast. On both the German and Russian sides the opinion seems to prevail that the new German invasion will not proceed much further this fall. The approach of the wet and cold season operating against a real push toward Petrograd at present, it is held, even if Von Hindenburg had the men to spare for the difficult task. Cadorna's Drive. On the Austro-Italian front General Cadorna seems to be meeting with resistance even more desperate than before in his drive toward Trieste. An Austrian report, the date of which is uncertain, claims a decided reverse for the Italians in their effort to hold the town of Gorizia. In a region where Austria's best troops are massed for the protection of her great seaport. The driving of the Italians from the vicinity of Monte San Gabriele, northeast of Gorizia also is claimed. There has been no hint of such setbacks in the Italian reports of the last day or two and the Austrian statement, possibly refers to ground admittedly lost temporarily by the Italians a few days ago in both these sectors. The tone of the recent Italian statements has been decidedly optimistic as regards the fighting in the San Gabriele region. It is conceded, however, that the Italian troops are engaged in an extraordinary severe struggle with tremendous obstacles to overcome before any success they win can be said to have become decisive. On Verdun Sector. The Franco-Belgian front at Verdun seems again to be developing into the chief center of activity. Berlin at least indicates a serious effort by the French to renew their successes in this battle-scarred area. The French launched an attack on a wide front Friday night, centering their effort east of the Meuse between Samogneux and the Beaumont-Vacheraville road, says the German war office. The attack was repulsed, but the French, which claim a certain success, are upon General Petain. Saturday morning, however, after drum fire at the attack was renewed, the front of the French apparently was not broken. The point on which the French right flank hinged in the recent successful drive. In none of the other theaters have there been actions of wide importance. Swedish Legation Involved. Secretary Lansing in Washington made public today copies of official dispatches sent by the German charge in Buenos Aires through the Swedish legation in Argentina to the Berlin foreign office which reveal that information was thus transmitted to Berlin regarding the sailing of merchant vessels and directions given for their destruction by submarines. The communications, it is announced, were cipher and were sent by the Swedish legation as its own. In two of them the suggestion was made that Argentine steamers might be sunk "without leaving any traces," while in one, the acting minister of foreign affairs of Argentina is expressed by the German charge, of the announcement made by the state department embodying the dispatches were handed to the Argentine embassy in Washington and to the Swedish legation there. F. AND L. P. A. TRIALS START MONDAY AT ABILENE. Abilene, Texas, Sept. 8.—Fifty-six members of the Farmers and Laborers' Protective Association were indicted here today in this afternoon by the Federal Grand Jury. Each was indicted on eight counts, the charge being that of conspiracy against the United States government. The trials will begin on Monday morning. There is no means of knowing when the trials will be finished.

GERMANS USED SWEDISH LEGATION AS THEIR TOOL

FORWARDED INFORMATION FROM ARGENTINE ABOUT SAILINGS OF VESSELS

MESSAGES IN CIPHER

One Advised That No Concessions Be Granted Argentine in U-Boat Controversy

By Associated Press. Washington, Sept. 8.—Copies of three brief dispatches made public today by the state department revealed another case of sinister German diplomacy, this time directed against Argentina and involving the Swedish foreign office in an apparent grave breach of neutrality and diplomatic propriety. They were messages to Berlin from County Luxburg, the German charge at Buenos Aires, forwarded by the Swedish legation there, as its own communications. Besides revealing that no concessions be granted Argentina in the submarine controversy, they suggested that the South American country's ships be sunk "without leaving any traces," without notice as to the sailing and positions of certain vessels. The department's announcement also was sent to the Argentine embassy and the Swedish legation here. The action created a sensation, particularly among the neutral diplomats. Baron Akerhielm, the Swedish charge would not comment further than to say it was impossible to discuss the contents of the dispatches. Mr. Norfoll was of the opinion that Baron Lowen would be recalled by the Swedish government and said he looked for an explanation and a disavowal of any intention to commit an unnatural act. What effect the disclosure will have on Argentina's relations with Germany could not be guessed at both by state department officials and by Ambassador Naon. It was suggested by some diplomats that Argentina might have little difficulty in arranging her difficulties with Germany. It is pointed out that having entered into an agreement with Argentina recently, in which she agreed to Argentine ships and to pay for damages inflicted, Germany was in a position to explain that she had not accepted the suggestion of her agent in Buenos Aires. That Argentina at least will demand the removal of the offending German was assumed at both the state department and by diplomats. It was pointed out that Germany probably would grasp at such an opportunity to close an incident which, left open, might easily add one more national embarrassment to her. Argentina's evident desire in past months not to enter the war or even break relations with Germany, was pointed out here, that she will look with certain favor upon any moveable way out of the new difficulty. ARGENTINE FOREIGN OFFICE SHOCKED. Buenos Aires, Sept. 8.—The director of the Argentine foreign office when informed today of the revelations of the state department at Washington involving the Swedish legation here in the transmission of certain German communications expressed great astonishment. He declared that he had had negotiations with Count Luxburg, the German charge respecting the matter, said he would at once inform the Argentine government of the substance of which was described in the dispatches sent by the German charge in Buenos Aires. President Irigoyen, when informed of the matter, said he would at once call upon the foreign minister for a statement. After a conference with the president, the director of the foreign office expressed surprise at the disclosure and declared the situation is grave for the Swedish legation here. The public at first doubted the accuracy of the reports but the American embassy has confirmed press reports. Count Luxburg and the Swedish minister are absent from the capital over the week end. It is expected the foreign office will demand an explanation from the Swedish legation when confirmation of the Washington exposures is received from Ambassador Naon. DISCLOSURES AROUSE INTENSE INTEREST. London, Sept. 8.—Intense interest has been aroused in diplomatic and political circles here by the Washington dispatches announcing that the state department has proof that Sweden has been acting as intermediary for transferring German messages from the German charge d'affaires at Buenos Aires by way of the Stockholm foreign office to Berlin. The Associated Press learns that the foreign office at Stockholm has been acting as a telegraph office for the German government and for the last three years has regularly or continuously transmitted cables in German cipher under the guise of Swedish government messages. Cipher dispatches bearing the signature of the Swedish minister of foreign affairs and addressed to the Swedish legation in London were intercepted at Sumpter.

PRESIDENT WILSON MARCHES AT HEAD OF THE NATIONAL CAPITAL'S DRAFTED MEN

PRESIDENT WILSON HEADS PARADE OF DRAFTED MEN IN WASHINGTON

From the Peace monument near the United States capitol to the war department, a route symbolic of his own career in the presidency, Woodrow Wilson walked at the head of all the administrative forces of the United States. Nowhere on earth except in free America, could there have been such a demonstration of unified democracy. Nowhere, save in Washington, could there be such electric response to the presence and the will of a nation's chief. It was the president's prayer for the drafted men of America translated into action. He sent this message from coast to coast. "This great war draws us all together, makes us comrades and brothers, as all true Americans feel themselves to be when we first made good our national independence. My affectionate confidence goes with you in every battle and every test. God, keep and guide you. In token of brotherhood and affection he marched in the ranks with the drafted men of the District of Columbia. They were merely the symbols of the selected man power of the entire nation. As his journey typified true fraternity, so did the little body of Washington's drafted men typify the youth of America summoned to arms for the welfare of the world.

HORSES STAMPEDE; 1 DEAD 11 INJURED AT FORT SILL

THE REMOVAL OF MAJOR MOLLMAN IS RECOMMENDED

MALFEASANCE CHARGED

By Associated Press. Belleville, Ill., Sept. 8.—Mayor Fred Mollman, East St. Louis and his private secretary, Maurice Ahern, were indicted here late today in connection with the grand jury inquiry into the recent race riots in East St. Louis. Indictments were returned against thirty-seven other persons in connection with the riots but their names were not available tonight as the copies for their arrests had not been issued. The grand jury submitted to Judge J. K. Crow, a report scoring the mayor for his alleged dilatoriness in taking measures to prevent the massacre of negroes on July 2 and recommended that he be removed from office. Mayor Mollman says the report, may be made by his actions as proven by the evidence. If his failure to give directions to the militia and if his failure to call upon the sheriff and to deputize citizens who offered their services were the result of a lack of ality or fright, the office should be taken from him and given to an efficient person. "If failure to act was because his sympathies were with those who sought to drive the negroes out of East St. Louis he should make room for a chief executive who is in favor of enforcing one hundred percent of the law. The law-abiding citizens and industries and the respectable laboring men should unite and demand the resignation of the mayor as the greatest good he can do his city." The grand jury also denounced Maurice Ahern, secretary of the mayor. The specific charge against the mayor is that he ordered the police and militia to destroy cameras "thus preventing picture men from photographing the mobs." One hundred and fifty men were named in the indictment returned a few weeks ago as connected with the riots. If all the thirty-nine indicted today are men not previously named the number now under indictment as a result of the riots is 141.

By Associated Press. Philadelphia, Sept. 8.—Three men were killed and twenty-one men, including several women were injured in an explosion early today at the Frankfort Arsenal. The explosion wrecked the building in which primers and detonators for three, four and six inch shells were dried. Detonators recently completed were set off and destroyed. The loss is placed at \$35,000. The identified dead are: Howard Linton, 23 years old; Edward Batezel, 30 years old; Coroner Knight, completing an investigation started immediately after the disaster said tonight that from an explanation by Colonel Montgomery, commandant of the arsenal, the tragedy was due to the dropping of a tray of detonators by one of the men killed. "Linton and his two helpers," said the coroner, "who carried completed detonators from the 'Ra 4' building where they were manufactured were paid by the hour and there was no incentive for them to take chances by careless and hasty handling of these dangerous explosives." Colonel Montgomery in his report of the explosion sent to General George Washington said there was a week's output in the detonator dry house and the primer dry house was about half filled. These together with small lots of explosives in adjacent building blew up. The fire was under control within an hour and fifteen minutes. "Notwithstanding the disaster, the several hundred employees at the arsenal reported for work today. The arsenal is at present under a Congressional investigation at Washington for defective explosives in small arms. The explosion today, however, was in a department entirely separated from that being investigated.

NO IMPORTANT LEGISLATION TO BE SUBMITTED

HOBBY EXPLAINS WHY HE WILL NOT SUBMIT REPEAL OF NEW SCHOOL BILLS

Special to The Times. Lexington, Ky., Sept. 8.—During the pendency of the impeachment trial of Governor James E. Ferguson, in the Senate, no important legislation will be submitted for the consideration of the body, according to an announcement made tonight by acting Governor Hobby. He does not propose to submit the question of repealing the laws creating the new educational institutions, nor any other measure which will in any way create or arouse any prejudice in the impeachment trial. Acting Governor Hobby tonight made this statement in a department of the Normal schools and other appropriations for new institutions made by the Thirty-fifth Legislature. "I cannot think it is contemplated by the constitution, or that it is wise for one who is temporarily discharging the duties of governor, under the circumstances, to initiate legislation about which there is a wide difference of opinion, and which will be precipitated at a heated and extended controversy." This means that the petition to have the acting governor submit the subject of majority nominations for state district and county officers; the question of statutory prohibition and amendments to the denotatory laws, will not be submitted at the present special session of the Thirty-fifth legislature.

GREAT WHISKEY DISTILLERIES ARE NOW CLOSED

By Associated Press. Ponca City, Okla., Sept. 8.—Bert Purse, of Fort Worth, Texas, who claims to be the champion "bronze buster" of the world, was probably fatally injured here today during a roping contest, when the horse on which he was riding fell on him, causing concussion of the brain and other injuries. Physicians said tonight that he had slight chance of recovery.

\$150,000,000 LOAN TO MEXICO NEAR CONSUMMATION

By Associated Press. New York, Sept. 8.—With the return here today of Dr. Arthur C. Turrell, financial agent for the Mexican government in the United States, and T. W. Osterheld, representing Islen and Company, bankers for the Mexican government, from Mexico City, it was learned that preliminary negotiations looking to a loan of 300,000,000 pesos, or approximately \$150,000,000 to Mexico by New York bank, are nearing consummation. Dr. Osterheld said that he was not authorized to discuss the matter at this time, other than to say that the prospect for the loan looked favorable. Dr. Osterheld also declined to make any statement. Dr. Osterheld said that he found conditions in Mexico greatly improved, with every indication of rapidly returning normal conditions. Crops, despite late planting, promise good harvest and a general confidence exists in the administration of President Carranza. As to relations with the United States, he said: "We in Mexico have abundant confidence in the friendship of the United States and that of President Wilson. Reports of active German propaganda have been greatly exaggerated and nothing to be feared from that source that will interrupt the present cordial relations between the two countries."

WAR TAX BILL EXPECTED TO PASS IN SENATE MONDAY

By Associated Press. Washington, Sept. 8.—Amusement parks, the main gates, shows and "rides" where charges are 25 cents or less, were added by the Senate today to the list of exemptions from the amusement tax section of the war revenue bill. More than five hundred open air parks in cities throughout the country are affected. The amendment offered by Senator Stone was adopted without debate. It levies a five cent tax on each refreshment later passed on to the consumer. The bill would raise about \$85,000,000 in revenue and were defeated as a small per capita and easily collected assessment. Progressive inheritance taxes were introduced in the first instance and the Senator Lodge and Smoot declared that the taxes would fall lightly on consumers with a large part probably absorbed by the middleman. Senator Owen has pending an amendment to levy a graduated scale of taxes on inheritances ranging from one percent on \$100,000 up to 100 percent on those exceeding \$500,000. His purpose in introducing it, the Oklahoma Senator said, was to correct the results of long abuse of organized monopolies in the United States which has terminated in the establishment of a financial commercial and business overlordship. Progressives today of the minor and administrative amendments which include provisions making transportation a few other new taxes effective at once, the Senate adjourned.

3 KILLED, 21 HURT AT FRANKFORT ARSENAL SATURDAY

By Associated Press. Philadelphia, Sept. 8.—Three men were killed and twenty-one men, including several women were injured in an explosion early today at the Frankfort Arsenal. The explosion wrecked the building in which primers and detonators for three, four and six inch shells were dried. Detonators recently completed were set off and destroyed. The loss is placed at \$35,000. The identified dead are: Howard Linton, 23 years old; Edward Batezel, 30 years old; Coroner Knight, completing an investigation started immediately after the disaster said tonight that from an explanation by Colonel Montgomery, commandant of the arsenal, the tragedy was due to the dropping of a tray of detonators by one of the men killed. "Linton and his two helpers," said the coroner, "who carried completed detonators from the 'Ra 4' building where they were manufactured were paid by the hour and there was no incentive for them to take chances by careless and hasty handling of these dangerous explosives." Colonel Montgomery in his report of the explosion sent to General George Washington said there was a week's output in the detonator dry house and the primer dry house was about half filled. These together with small lots of explosives in adjacent building blew up. The fire was under control within an hour and fifteen minutes. "Notwithstanding the disaster, the several hundred employees at the arsenal reported for work today. The arsenal is at present under a Congressional investigation at Washington for defective explosives in small arms. The explosion today, however, was in a department entirely separated from that being investigated.

RUMORS OF NEW MEXICAN REVOLUTION HEARD

By Associated Press. El Paso, Texas, Sept. 8.—Reports of a new Mexican revolutionary movement which has been started in Los Angeles, California, were received here by Mexican officials. Dr. Alt, who was formerly close to General Carranza, is said to be the leader of the movement, which has for its purpose the alignment of the old Cientifico and Villa and the Huerta factions against the Carranza government in the guise of a movement friendly to the allies and against the alleged pro-German movement. Mexican officials here say this is only a movement to embarrass the government at a time when the loan of \$150,000,000 is about to be arranged. They say the movement is without force.

2 KILLED WHEN I. W. W. ATTEMPT A HOLD-UP

By Associated Press. Gleepoc, Minn., Sept. 8.—Two men were killed and one wounded in a gun fight today when four men carrying automatic weapons attempted to hold up a freight train on the Chicago, Milwaukee and St. Paul railway. One of the train hands, who gave the name of E. D. Nemic, notified Sheriff Frank Klaus of McLeod County, of the fight after having been wounded and thrown from the train. Charles Dunham and an unidentified man in whose pocket an I. W. W. card was found, were killed in the fight. Sheriff Klaus placed three men carrying I. W. W. cards under arrest at Sumpter.

REASONABLE PROPAGANDA SAYS REP. JOHNSON

By Associated Press. Washington, Sept. 8.—An attack on what he called the reasonable propaganda of the "People's Council" for Democracy and Peace was made in the House today by Representative Johnson of South Dakota, who voted against the declaration of war. He said it was time that congressmen made it known to the people who are sending them this literature that congress is united and that the men who voted against the entry of the United States into the war are supporting the government in every possible way.

NEGRO WOMAN FORGER MAKES NEW RECORD

Special to The Times. Dallas, Tex., Sept. 8.—The champion negro forger of Dallas was arrested here today. This woman is an artist in her line, and has issued no less than forty-five forged checks in the last thirty days, all for small sums, a dollar or two. She used the name of Mrs. M. B. Henderson, the lady for whom she had been working, before trying her hand in high finance.

DISCLOSURES AROUSE INTENSE INTEREST

By Associated Press. London, Sept. 8.—Intense interest has been aroused in diplomatic and political circles here by the Washington dispatches announcing that the state department has proof that Sweden has been acting as intermediary for transferring German messages from the German charge d'affaires at Buenos Aires by way of the Stockholm foreign office to Berlin. The Associated Press learns that the foreign office at Stockholm has been acting as a telegraph office for the German government and for the last three years has regularly or continuously transmitted cables in German cipher under the guise of Swedish government messages. Cipher dispatches bearing the signature of the Swedish minister of foreign affairs and addressed to the Swedish legation in London were intercepted at Sumpter.

ARGENTINE FOREIGN OFFICE SHOCKED

Buenos Aires, Sept. 8.—The director of the Argentine foreign office when informed today of the revelations of the state department at Washington involving the Swedish legation here in the transmission of certain German communications expressed great astonishment. He declared that he had had negotiations with Count Luxburg, the German charge respecting the matter, said he would at once inform the Argentine government of the substance of which was described in the dispatches sent by the German charge in Buenos Aires. President Irigoyen, when informed of the matter, said he would at once call upon the foreign minister for a statement. After a conference with the president, the director of the foreign office expressed surprise at the disclosure and declared the situation is grave for the Swedish legation here. The public at first doubted the accuracy of the reports but the American embassy has confirmed press reports. Count Luxburg and the Swedish minister are absent from the capital over the week end. It is expected the foreign office will demand an explanation from the Swedish legation when confirmation of the Washington exposures is received from Ambassador Naon.

HOBBY EXPLAINS WHY HE WILL NOT SUBMIT REPEAL OF NEW SCHOOL BILLS

Special to The Times. Lexington, Ky., Sept. 8.—During the pendency of the impeachment trial of Governor James E. Ferguson, in the Senate, no important legislation will be submitted for the consideration of the body, according to an announcement made tonight by acting Governor Hobby. He does not propose to submit the question of repealing the laws creating the new educational institutions, nor any other measure which will in any way create or arouse any prejudice in the impeachment trial. Acting Governor Hobby tonight made this statement in a department of the Normal schools and other appropriations for new institutions made by the Thirty-fifth Legislature. "I cannot think it is contemplated by the constitution, or that it is wise for one who is temporarily discharging the duties of governor, under the circumstances, to initiate legislation about which there is a wide difference of opinion, and which will be precipitated at a heated and extended controversy." This means that the petition to have the acting governor submit the subject of majority nominations for state district and county officers; the question of statutory prohibition and amendments to the denotatory laws, will not be submitted at the present special session of the Thirty-fifth legislature.

COMMITTEE NAMED TO INVESTIGATE ARSENAL

By Associated Press. Washington, Sept. 8.—Armed with broad power for investigating the ammunition situation including the sending of members of the military committee troops in France, a house committee will begin hearing probably next week. The committee was named tonight by Speaker Clark following an unanimous adoption of the resolution for its creation introduced by Chairman Dent of the military committee. "Five Democratic and four Republican members of the military committee were appointed. They are Representatives Deal, Alabama, chairman; Flanders, Kentucky; Quinn, Mississippi; Graska, Ohio; and Shallenbarger, Nevada. Democrats and Anthony, Kansas; McKenzie, Illinois; Greene, Vermont and Morin, Pennsylvania, Republicans. Secretary Baker already has named a board of two civilians and one army officer to investigate the defective ammunition turned out by the Frankfort Arsenal. He explained to the house committee that chemical deterioration caused the trouble and that the formula had been changed to prevent repetition.

BERT PURSE, BRONCHO BUSTER, SERIOUSLY HURT

By Associated Press. Ponca City, Okla., Sept. 8.—Bert Purse, of Fort Worth, Texas, who claims to be the champion "bronze buster" of the world, was probably fatally injured here today during a roping contest, when the horse on which he was riding fell on him, causing concussion of the brain and other injuries. Physicians said tonight that he had slight chance of recovery.

By Associated Press. Lexington, Ky., Sept. 8.—About two hundred distilleries in Kentucky were affected by the government order for the closing down of distilleries at eleven o'clock tonight. It is estimated that the distillery properties in the state are worth seventy million dollars and that they employ from six thousand to seven thousand persons.

WISCONSIN MAN ACCEPTS CALL AS RECTOR HERE

Rev. Reginald T. T. Hicks, now at Marinette, Wis., has accepted the call extended by the vestry of the Church of the Good Shepherd, and will be here to take up his duties as rector of the local parish the first Sunday in October.

Mr. Hicks has been in the ministry ten years and has been rector of the Marinette church for several years. He comes recommended as a fit successor to the resigned rector, Rev. F. T. Datson, who has accomplished much for the upbuilding of the church, including the erection of the handsome church edifice at Tenth and Burnett. Mr. Datson, who is here for his last service today, called on Mr. Hicks while in Wisconsin on his vacation a short time ago, and he expressed the belief that the congregation will be much pleased with the vestry's choice. The new rector is married, but has no children.

Saul Labenson left today for New York to buy fall and winter goods. He will search the markets for best bargains in clothing, shoes, women's and children's ready-to-wear.

ASSIGNMENTS OF TEACHERS IN WICHITA FALLS PUBLIC SCHOOLS

Organization of the teaching force of the Wichita Falls city schools was accomplished Saturday morning. Lee Clark, the city superintendent, meeting the teachers at the high school. Plans for the year's work, discussion of new departments and new problems and assignment of teachers for the coming year were among the matters attended to.

The assignments are as follows: Miss Jessie Mae Agnew, supervisor of music; Miss Mignon Martineau, supervisor of art and penmanship.

High School—H. E. Bell, principal; English—Chellie Hendrick, Mamie Walker, Anna L. Robey, Mary Dirlickson.

History—D. W. Cook, V. H. Robinson, J. T. Summerhill, Leona Barbig.

Winifred Robey, J. W. Williams, J. A. Elder.

Science—W. P. Akin, Lena McKee.

Spanish—Clara Clark.

German—Louise Schmid.

Latin—Hilda Masters, Elinor Pancoast.

Domestic Science—Lucy Martineau, Vera Hunkley.

Public Speaking—Ella Day.

Manual Training—T. M. Conroy, J. R. Glass.

Austin School (new building)—R. M. Johnson, principal.

English—Hugh Brown, Hybernia Grace; Arithmetic—J. W. Simmons, W. S. Millington; Reading—Jessie

Sammons, Willie McCamant; History—Francis Hunter; Science—V. T. Adrian; Spelling and Writing—Ivy Little; Music—Selma Cloud; Geography—Hoyie McCall.

Austin School (old building): Arithmetic, R. D. Adrian; Reading, Salome Anthony; Grammar, Maud Walker; Geography, Caddo Gorman; Drawing, Cornelia S. Kitchen; Low Third, Mary Boynton, Jennie Robertson; High Second, Ethel Blankenship; Low Second, Irene Rainey; Low First, Katherine Brothers, Maude Irwin.

Alamo School, J. T. Rundell, principal, Mathematics.

English, Lena Williams; History and Music, Lillie Hintz; Drawing and Art, Robbie Lancaster; Second Grade, Ida Moore; First Grade, Kate Haynes.

San Jacinto School, Bessie Stewart, principal.

Departmental Work, Ada Anderson, Florence Kell, Louise Denny; Fourth Grade, Ruth Masters; Third Grade, Mrs. Mildred McDonough; Second Grade, Francis Smith; First Grade, Mrs. Susie Potts.

Travis School, Miss Burgess, principal, English.

Art and Arithmetic, Florence Bannier; Fourth Grade, Laura Goolbsy; Third Grade, Loumie Vaughn; Second Grade, Travis Jones; High First Grade, Leona Shelton; Low First Grade, Miriam Shelton; Geography, Opal Shaver.

Sam Houston School, Principal, Eva Strickland, Fifth Grade.

Fourth and Third Grades, Norma Brown; Second Grade, Olga Morris; First Grade, Ida Doty.

Washington School, H. D. Robinson, principal, Grammar Grade.

Grammar Grades, Gertrude L. Hill; Primary Grades, A. M. Welsh; First Grade and Domestic Science, Z. E. Trimble.

Kindergarten Classes at High School Building

Miss Anna Belle Farquhar will conduct her kindergarten classes this year at the high school, instead of the Austin school, as in past terms. A large, well lighted and ventilated room has been set aside for the little tots at the high school, and an even more advantageous arrangement is promised than at the other school.

Miss Farquhar announces that she will be prepared for primary pupils as well as the kindergarten work.

This summer at Austin Miss Farquhar passed successfully examinations for a permanent state teacher's certificate. Three years' experience is required for this certificate as well as numerous scholarship attainments. Miss Farquhar also holds a diploma from the Kindergarten Training School at Fort Worth.

BULLETIN DEALS WITH PROVISION OF SEED WHEAT

The fourth bulletin of the State Council of Defense has been received by the members of the county council. It was prepared for the State Council by Frank Kell and deals with the providing of seed wheat for the farmers.

"In a great many counties in the drought stricken region of Texas there are a great many patriotic farmers who would gladly increase their wheat acreage this fall, if provided with funds with which to secure seed wheat," says the bulletin, which continues: "In the absence of any governmental or state aid, or any wholesale public fund to aid such farmers, it becomes the duty of the local commercial and financial institutions in each county where distress exists, to aid worthy and patriotic citizens in securing funds with which to procure their seed wheat supplies."

The bulletin then speaks of communities wherein cooperative plans have been carried out, whereby the farmers help each other, and tells of plans in use in the panic caused in 1914 by the outbreak of the war. The bulletin continues:

"Now, if the farmers in the drought

REV. DATSON TO PREACH FAREWELL SERMON TODAY

Rev. F. T. Datson will conduct his farewell services as rector of the Church of the Good Shepherd today, having accepted a charge in Fort Worth where he is due September 16.

The rector will be missed by his parishioners and by numerous other friends whom he had made during his four years stay as rector of the Church of the Good Shepherd. That the congregation is as thriving and wide awake as at the present and housed in such a splendid edifice is due in no small part to the enterprise and ability of Mr. Datson. His wife has been a splendid helpmeet and in church and club circles there will be much regret that she is leaving. The well wishes of his congregation and countless other friends in Wichita Falls will follow the estimable rector to Fort Worth, where he will find an even wider sphere of usefulness.

APPLICANTS WANT APPOINTMENT AS CONSTABLE

There will be several applicants before the county commissioners' court this week for appointment as constable in Precinct No. 1. It is reported that Constable J. A. Rawls desires to give up his commission. Mr. Rawls has not been active in the office for a number of weeks.

Among those who are asking for the appointment are R. V. Gwinn, J. B. Nall and R. L. Randolph.

SPECIAL MEETINGS FOR CHRISTIAN ENDEAVORS TODAY

Two special meetings for Christian Endeavors will be held today in this city, with Atwood A. Hyde of Sherman, field secretary of the Texas Christian Endeavor Union, in charge. In the afternoon a special leaders' conference will be held at the First Presbyterian Church at 4 o'clock, and at 7 p. m. a special union rally will be held at the First Christian Church. All Endeavorers and all others interested in young people's work are invited to attend.

JUNIOR RED CROSS TO BE ORGANIZED IN THE SCHOOLS

Washington, D. C., Sept. 4.—Henry P. Davison, chairman of the Red Cross War Council, announces the launching of a Junior Red Cross open to all school-children in the country. The new organization hopes to become a channel for patriotic service and interest to the 22,000,000 boys and girls of school age in the United States.

Membership in the Junior Red Cross is to be by schools. Whenever there has been placed in the local school fund an amount equal to 25c for every pupil, the school becomes a school auxiliary of the Red Cross, and is entitled to display a special Red Cross banner. At the same time every pupil becomes a Junior member, and is entitled to wear the membership button.

The school fund can be raised by the school, or collected by subscription. In some states it will be raised by cities to cover all schools in the city districts. In other states the campaign will be for a statewide fund and the enrollment of all the pupils in the state. In every case, however, the schools are to be associated with the local chapters of the Red Cross through a teachers' committee of the chapter.

The school fund will be used for the purchase of materials, which the children will make up into Red Cross supplies, and for other uses in which the children will have a personal share. No part of it is to go for chapter or general expenses.

Membership in the Junior Red Cross will be developed by states. Division managers will appoint membership committees and school activities committees for each state. The membership committee stimulates interest and raises funds for the school supply fund. It is to be composed of some of the most influential people devoted to educational affairs.

The school activities committee will make up of vocational teachers and other school officials. Under its direction patterns of articles to be made, and other instructions for use in the vocational class-rooms, will be prepared and sent to all the schools. The plan has been developed by President MacCracken of Vassar, in consultation with school authorities and the National Red Cross. Dr. MacCracken said today:

"I believe in the Junior Red Cross, not only because of the great sums of money it will earn and the immense amount of supplies which the school pupils, especially in our technical schools will make, but because of its educational and patriotic value for the children."

"The work for the Red Cross will teach service for others and unselfishness in giving; it will stimulate interest in our national government and its policies during the war; and it will afford a useful release for the youthful energy which is stimulated by the violent and morbid aspects of war conditions, and if undirected, may cause under wrong conditions great increase of juvenile delinquency and crime."

"It is the success attained in many school let years which has decided the Red Cross to undertake this important new step. The vocational classes in New York state alone last year made up 40,000 articles during the last few weeks of the school year for the Red Cross."

"Universal testimony from the chapters shows that these were in every way up to the high standards of the organization. Mrs. Talbot, director of vocational education for girls in the state, says that in many cases she was told that their work was, if anything, better than that in the adult work."

BIG DEMAND FOR NEGRO MESS ATTENDANTS

The Navy department has increased the weekly quota of enlistments, and has announced that there is a big demand for negro mess attendants. It is urged that every effort be made to obtain the new quota of fifty-two and that special work be done to obtain applicants for mess attendants. Recruiting officers are warned, however, to be very particular as to the physical examination.

Men sent to Dallas for enlistment were O. C. Thomas and F. H. Kiel, city. Men called to active duty were: R. Wilton, Ryan, Okla., and E. C. Sturman, and R. C. Petty, city.

WORK WILL GO ON AT AVIATION CAMP TODAY

HUNDRED OF MEN WILL DRIVE WORK AT TOP SPEED UNTIL CAMP IS COMPLETE

CONFUSION IS ABSENT

Work Proceeds With Almost Machine Precision, With Rapidity And Without Tangles

The sites for four or five others are laid off and staked out, and the foundations for hangars Nos. 5 and 6 are ready for the cement and concrete. Hangars Nos. 4, 7, 8 and 9 are all surveyed, and this work will be pushed ahead of everything else. Four buildings for commissioned and non-commissioned officers have the foundations complete, and the walls and roofs will be finished by Monday, in all probability.

The buildings, of which there are about fifty-three or fifty-four, are all arranged in groups along the north line of the site. First is the hospital, a one-story, rambling, h-shaped affair, about one hundred and sixty feet long by one hundred feet wide, having three long arms, or wings, spreading from the trunk. Next is the officers' club, and next is a group of buildings for the officers' quarters, one building on each side of the particular site for the quarters, and a small but very important building between them. This is the commandant's office. Next are two very large barracks, which are already completed, and two mess halls. These are company quarters or cantonments. After these comes the largest group of all, consisting of the quartermaster's department, the aero supplies department, the boiler room, the bakery, the school building, the administration building, the guard house and the mess hall. Beyond the large group follows, consisting of the aero repair shop and site for a future shop for the same purpose, garage, motor testing room, blacksmith shop and machine shop. The next group is the post exchange, and possibly a Y. M. C. A. building, though the latter, of course, does not come under the head of the government buildings. Following are two groups which are identical, each containing two barracks and two mess halls, as in the fourth group. The last group are four buildings for non-commissioned officers' quarters.

Twelve hangars will be built reaching the whole length of these groups of buildings, but separated from them by a wide street. Beyond the hangars is a large open space, which is strictly forbidden at all times to all comers except flyers.

Signs of activity are apparent even where one gets off the street, for swarms of men can be seen at

work, and an endless procession of teams coming and going from the spur to the site. On the road are numbers of dismantled prairie schooners, the tops being used as shelter for the families of the men who are using the wheels and tongues for hauling. As one approaches the camp itself, little office buildings can be seen, checkers' booths, the chart house, and so forth, all with men buzzing in and out of them like bees. There is a dog to be observed on this strip of road, who is quite certain of what he wants to do, and maybe sometimes does it. He didn't on this occasion, as it was right after dinner, and he wasn't hungry.

Inside the camp are to be seen everywhere in enormous quantities saw-horses, tool chests, benches, nail kegs, surveyors' stakes and supplies and tools of every kind. These things have been dealt out with a lavish hand, and there is more to come—much more. The sign "No Smoking" may be seen everywhere. There are forty of these signs, and nobody smokes; which is something else again. Gunga Din up-to-date is busy running in all directions with ice water, and he is followed by a team hauling water barrels covered with canvas.

Six horsemen ride over the work, checking the progress on each job, and keeping an eye on things generally. All the men are numbered, and are known by the number instead of their names. Large round discs, about the size of a dollar, or perhaps a little larger, are distributed to the men, and the disc bears the man's number. The timekeeper or the checker merely has to look at the number and find it in the column, crediting the number with whatever is coming to him. An enormous quantity of clerical work is saved by this system. Fifteen men take charge of all the office work, including the checking of the men.

This checking is, in itself, a very large undertaking, but it is simplified to a large extent by the application of a system. There are checking booths for every classification of work, and signs are painted plainly, and staked outside each booth, thus: "Teamsters' checking office," "Carpenters' checking office," and so on. No mere list of the building or the figures, however, can give any idea

of the bustle and life of the camp. Every ordinary operation has been carried to the nth power, everything moves at top speed. Sweating men and horses toil and pant as far as the eye can reach, and as one group moves away another takes its place. Yet the thing which strikes the observer is the complete absence of confusion, the absolute machine-like smoothness with which the whole gigantic engine moves, and the ease with which those in charge keep on the whole task. There is no speed, but no hurry. Nothing seems to tangle, to get out of place, or to overlap.

An accurate record of each day's work is kept by the logger, who is an omniscient person, with the most amazing head for details. Then there is a man in charge of the blue-prints, who can tell the size of any of the fifty buildings, the exact spot where it will be located, and how much it will cost. Everywhere the person in charge seems to be exactly the person who ought to be in charge.

All this has been accomplished in a week. Next week much more will be done, and about double the number of men will be used. It is expected that by the end of the next there will be three thousand men at work on the camp.

Work will be continued today and there will be no let-up until the camp is completed.

The Golden Rule

"Whatsoever ye would that men should do to you, do ye even so to them."

Translated into our language of today the Golden Rule means, 16 ounces to the pound; all-wool when you say "all-wool"; all leather shoes when you say "all leather shoes".

Here it means a square deal, honest value, dollar for dollar straight through.

Shoes

The element of quality enters into the prices of shoes today more than ever before. Shoes of all grades are being adulterated and every deception that will keep the price down and the appearance up is being resorted to. No one can judge the quality of a shoe until he has tried it out or torn it to pieces, and shoes at a price nowadays may look all right but real merit will be absent. The risk of getting poor shoes is eliminated when you trade at J. C. Penney Company Store. Our shoes are built on our own specifications and we know that they are all-leather, except in some of the cheaper grades, where we are using horn fibre counters, which wear better than a cheap grade leather counter.

MEN'S WORK SHOES.....\$2.69 to \$5.50

Ladies' Shoes....\$2.25 to \$8.90

Boys' Shoes.....\$1.79 to \$3.50

Men's Shoes.....\$3.98 to \$7.50

ELECTRA NEXT MEETING PLACE COUNTY BAPTISTS

REV. J. C. DUNCAN RETAINED AS MISSIONARY AND SALARY IS INCREASED

Rev. J. C. Duncan is retained as Wichita county missionary for the coming year with a \$100 increase in salary, making his annual salary \$1500. This action was probably the most important business of the board of the Wichita County Baptist Association, which convened here Thursday and Friday of the week just past, the executive meeting which resulted in Mr. Duncan's retention being held Friday evening just before adjournment.

The selection of Electra as the place for the next annual convention of the association and the decision to hold regular monthly workers' meetings, instead of the quarterly fifth Sunday meetings, also came up at the executive meeting of the new board Friday night. The custom of having workers' meetings monthly was followed some time ago, but has lately been displaced by the fifth Sunday meetings. However, it was the opinion of the board that the monthly meetings were of much value and that they should be resumed. The workers' meeting will be held in October, the place to be announced later.

Dr. O. L. Powers, new pastor of the First Baptist church of the city, was selected to preach the convention sermon next year at the Electra meeting. There were numerous other routine business matters attended to at the meeting of the board, which retains practically the personnel of the old board.

Apart from the business session, Friday evening was devoted to a discussion of Woman's work, B. Y. and Sunday School work, a large number of the delegates present taking part to make the session one of the most interesting of the whole convention.

AL. G. BARNES WILD ANIMAL CIRCUS IS COMING IN OCT.

Al G. Barnes' Wild Animal Circus will exhibit in Wichita Falls on Thursday, October 4, according to an announcement made yesterday by Harry Davis, advance man for this show. The Barnes' circus is not widely known in these parts, having exhibited mostly on the Pacific coast, where it has an excellent reputation. Practically the entire program of 65 feature acts offered by the Barnes show is given by educated animals—1,000 in number, the largest assemblage of educated animals ever presented.

"The Show That's Different" is a term given by many prominent critics to the Al G. Barnes animal-circus. Just why this show is different can be understood when it is known that the program presented completely upsets the conventional in circusdom for the reason that the entire entertainment is given by highly educated animals of the rarest specie.

Unusual, indeed, are the wild animal acts. Tom, Jerry and Brutus, the famous challenge lions, is known as the aviation lion, twice this magnificent specimen of king of beasts soars to the top of the tent surrounded by shooting fire works. Seals and sea lions in marvelous feats of juggling, sprightly young women dancing in the den of lions and putting ferocious leopards, jaguars and others of the tribe through astounding leaping hoop jumping and horse riding acts. Bears of many species and amusing circus acts, monkeys by the half hundred in trapeze and aerial work, flying ostriches, boxing kangaroos and by no means least, monster pachyderms that pose with pretty girls and act with tiny Shetland ponies.

For the first time in the history of animal training the public can see zebras, camels and llamas performing with rare skill in the Barnes show. The Barnes challenge horses and ponies—550 of them—every one a beauty and every one of which perform. The laugh spots of the program is provided by comedy mules, monkeys, bears, ponies and elephants enhanced by a score of human clowns. Parade at 10:30 a. m. Doors open at 1 and 7 p. m.

HIGH PRAISE FOR WICHITA FALLS FROM M'NAUGHTON

D. P. Talley is in receipt of a letter from G. A. McNaughton, editor of the Texas Good Roads Magazine, published at San Antonio, in which the editor praises Wichita Falls highly. "We had a swell time at Wichita Falls," he writes, "and the entire bunch enjoyed it to the limit. I regret that I was so busy butting in and around on good roads business that I did not have time to see more of your wonderful community. It's an inspiration to run with the Wichita Falls bunch; and if the magazine is not better than ever after that trip, then I have lost all perception of the bigger things in Texas. Wichita

Falls, the gateway of Texas, is in its swaddling clothes now, and when it gets its growth, if all signs do not fail it will be the industrial giant of the South. What a big and beautiful start you have made is plain to even the casual observer."

Mr. Talley is also in receipt of a letter from John C. Nicholson, president of the Meridian Highway Association. Mr. Nicholson returned to his home in Kansas by way of the new bridge at Terrell, Okla., by which an effort is being made to divert the Meridian highway from Chickasha, Okla., to Bowie, leaving Lawton, Burkburnett and Wichita Falls off the route. Mr. Nicholson tells of meetings being held along this cutoff and of the organization being perfected to carry on a campaign.

The letter is apparently a hint to Wichita Falls and Lawton to get busy and improve the condition of the highway across Cotton County, Okla.

Miss Bruce Dickson leaves today for Neosho to spend a few days with friends. She will also attend a house party at Bachman's Dam near Dallas before entering S. M. U. September 17th.

NEW PASTOR OF FIRST BAPTIST CHURCH ARRIVES

After being without a pastor for about four months, the First Baptist congregation will today welcome Dr. O. L. Powers, who comes here from Mansfield, La., and has accepted the call to the local church. Dr. Powers will preach his first sermon as pastor this morning at 11 o'clock, and will conduct the evening service.

Dr. Powers arrived Saturday. His family will not be here for probably two weeks. The parsonage has been gone over and the interior redecorated, and now all is in readiness for their reception.

A pro-German weekly paper of New York that is widely read is proposing Robt M. La Follette of Wisconsin as a candidate for President in 1920, and David Starr Jordan of California as his running mate. There is no question but that the Wisconsin Senator could come about as near polling the full strength of the friends of the Kaiser and the German government in this country as any man, and in order to find out just how many there are, we are willing for him to be given the nomination without being put to the expense of making a campaign. However, the ticket could be made some stronger by substituting for Dr. Jordan, Mayor Thompson of Chicago. He seems determined to outdo even La Follette in efforts to handicap America's war on Germany.

If the Russians are not equal to the task of keeping the Germans from overrunning that country and taking what they want of it, what's the matter with letting the Japs try their hand? It might be that an army composed of a few million Japanese soldiers could keep things in Russia lively for the Germans and prevent them from concentrating their forces on the western front against the French, the English and our own American army. Japan needs more territory, and the way things now look to Americans, if Russia is to be robbed of any of her, we would much prefer that it be given to the Japs, rather than taken by the Germans. The "Yellow Peril" is nothing to be compared to what Germany would do to the world if allowed to have her way.

Going back to the campaign of 1916, most of us remember that President Wilson was classed as a pacifist, and "too proud to fight." Among those who were particularly severe in their criticism of the President was one Thompson of Chicago, who was making a campaign for mayor of that city as the Republican nominee, on a platform proclaiming his Americanism and denouncing in the strongest terms the attitude of President Wilson toward Germany. Thompson had as his opponent Robert M. Switzer, the Democratic nominee and a pacifist at that time. Thompson was elected by 150,000 majority. Now the positions of the two opposing candidates for mayor of Chicago are reversed. Thompson, the successful candidate, is slavishly pro-German, while Switzer, a private citizen, is proving his loyalty as an American citizen by supporting the government. Times do change, and men change with them.

Wilbur P. Allen refuses to comply with the request of the Senate and resign his membership on the Board of Regents of the University of Texas. His friends deny the authority of the House of Representatives to institute impeachment proceedings against him. It will be interesting to watch the proceedings against the former president of the Texas League. Waco Times Herald.

Whether Mr. Allen resigns or whether he does not, it is certain that he has been shorn of his power to harm the University of any member of its faculty. With the Board of Regents as now constituted, the privilege of voting will be about all that is accorded the gentleman who has promised so much and did so little. Really, though, we would like to see him removed and the vacancy filled by the appointment of J. A. Kemp of Wichita Falls. We have an idea that he, with Col. Brackenkridge of San Antonio, Major Littlefield of Austin, John Sealy of Galveston and W. R. Brents of Sherman would "stay hitched" as long as the public desired them to.—Denison Herald.

The University of Texas is a great institution, and its Board of Regents should be composed of real big men—men who are competent to handle a big proposition. Such a board of regents as mentioned will soon eliminate policies from the government of that institution.

FOUR INDUSTRIES NOW INVOLVED AT KANSAS CITY

700 EMPLOYEES OF PEET BROS. SOAP PLANT WALKED OUT THERE SATURDAY

By Associated Press. Kansas City, Sept. 8.—With the walkout of seven hundred employees at Peet Brothers Soap plant and an alleged sympathetic strike of workers at the Kansas City Packing Box Company, strike in four different industries, involving nearly four thousand workers were in progress, tonight in Greater Kansas City.

Substitution for the present bonus system of a higher wage scale and an eight hour day instead of ten were the demands stated by the striking Peet Brothers employees at a meeting late today in Kansas City, Kansas, in which organization of a soap makers union was perfected. Nearly half of the strikers are said to have signed application for membership in the union at the meeting.

With packing plant officials declaring that they would treat only with a committee of strikers and not with organizers thereof as said to be slight immediate prospect for a settlement of the packing house employees strike involving nearly three thousand workers and four of the seven plants in Kansas City, Kansas, yesterday afternoon a meeting with Kansas City, Kansas, city officials, company officials agreed to listen to the employees' demands today, but at the time for the conference came they refused to deal with T. A. McCreach, organizer for the Meat Cutters International Union and Mrs. Sarah Green, president of the local women's trade union league, named by the strikers as their representatives at the conference.

Approximately 150 Wells Fargo freight handlers and teamsters joined the express strike today, started yesterday by the walkout of 95 Adams Express clerks, freight handlers and teamsters. This strike already has resulted in an embargo being placed upon all shipments of a perishable nature and in addition practically no freight of any description was being moved by either company at the Union Station. A conference was in progress tonight between the men and the companies.

WITCHITAN BECOMES GENERAL ATTORNEY FOR Q. A. C.

John P. Marrs has accepted appointment as general attorney for the Quianah Acme and Pacific Railway, also as general attorney for the Acme Cement Company. He is preparing to move his offices to Quianah. He has taken over Major D. E. Decker's business while the latter is in the military service.

FLOUR PRICES \$5 LESS THAN IT WAS LAST SPRING

J. C. Mytinger, manager of the Wichita Mill and Elevator Co., said yesterday that flour was now selling at five dollars a barrel less than the highest point reached last spring, bringing now \$11.00 as against \$15.00 last spring. Mr. Mytinger said that there was no possible doubt that the new flour law was responsible for this condition. The complete details of milling operations has been worked out, and starting on Monday, Mr. Mytinger said, the mills were forbidden to buy any wheat from any organization but the federal government, except such as was bought direct from the farmer which in the case of the Wichita Mill and Elevator Co. was very little. The government, in fact, has taken over the wheat of the entire country, cutting out the grain dealer, and will sell direct to the mills, Mr. Mytinger said.

FURTHER LOSSES RECORDED IN COTTON PRICES

By Associated Press. New Orleans, La., Sept. 8.—After showing more or less steadiness in the early part of the session today, cotton fell off widely and closed at a net loss of 24 points on the weakest months. October was comparatively steady and stood 18 points down on the lowest. This appeared to be the only result of the first ginning returns of the season which were small enough to indicate no great pressure against the contract. Closing prices showed net losses of 11 to 21 points.

Weather conditions over the belt were regarded as highly favorable, but they were balanced by reports of an increased demand for spot cotton at a higher basis. Some points in Texas wired that the basis had risen seventy-five points since yesterday morning.

CLEVER THIEVES STOLE DETECTIVE'S WATCH

Special to The Times. Fort Worth, Sept. 8.—They were clever thieves, and proved it. They had a rather over-developed sense of humor, and they proved that. They stole a watch from a detective, and took them to the county attorney's office to question them. The examination went forward pretty vigorously for half an hour or such a matter, and they were finally released, as the officers could get nothing on them. Then Leggett missed his watch, and he is confident that it was stolen while putting the suspects through their third degree. Now they are hunting for the youths once more.

MORGAN LINE WILL RE-ESTABLISH EMBARGO

By Associated Press. Galveston, Texas, Sept. 8.—Effective Monday, the Morgan Line will re-establish embargo restrictions on shipments destined for eastern points via Galveston. It was announced today by H. M. Wilkins, general agent for the company here. Two exceptions are made—copper and shipments consigned to the government. All government freight will move as usual. Lumber will be accepted when the shipper makes special arrangement with the freight department.

ALAMO NATIONAL BANK OFFICERS ARE TO TESTIFY

PROSECUTION TO CONTINUE THE TRAIL OF MONEY BORROWED BY FERGUSON AT MONDAY'S SESSION

Special to The Times. Austin, Texas, Sept. 8.—It is learned tonight that new witnesses have been summoned to appear next week in the impeachment trial of Governor Ferguson before the Senate, sitting as a high court of impeachment. The names of these witnesses have not as yet been disclosed, because they have not as yet been summoned.

The Senate having adjourned Friday afternoon until Monday morning, there were no proceedings today in the impeachment trials and the prosecution is to now confine itself during the remainder of the trial to proving the source of the \$150,000 borrowed by Governor Ferguson to liquidate his indebtedness to the Temple State Bank, and the \$5,000 item now under consideration by the prosecution. After the prosecution has gone as far as it can on these propositions, it is said, it will rest its case. The respondents are to introduce witnesses; in fact, a number of the state officials have already been summoned to give testimony as to the method of handling state funds and the disposition of such funds. The prosecution is expected to put on the stand Monday certain officers of the Alamo National Bank of San Antonio in an attempt to trace the source of the \$150,000.

SAME TRAINING AT CAMP BOWIE AS IN FRANCE

Special to The Times. Fort Worth, Texas, Sept. 8.—The course of training for the men at Camp Bowie is identical with that which is now being undertaken by the men with General Pershing in France. The result is that they will not be compelled to spend a long time learning new methods of warfare when they arrive in France. This is the statement of Major General Grebel, made here tonight, and it speaks well for the thoroughness of the training at Camp Bowie. Five thousand hand grenades have been ordered for throwing practice and the whole course of the training will be determined upon the principle of trying to save as much time as possible.

DALLAS COUNTY LOCAL OPTION ELECTION MONDAY

Special to The Times. Dallas, Texas, Sept. 8.—What has probably been the warmest prohibition campaign in the history of Texas will close Sunday night at Fair Park Coliseum, when the pros will hold a big rally, closing their ceaseless efforts to make Dallas dry on Monday, September 10, when the matter will be voted on. The anti-saloon rally will be held at ten o'clock, and the whole course of the training will be determined upon the principle of trying to save as much time as possible.

CAPTAIN FULTON ASSIGNED TO 345 FIELD ARTILLERY

Both sides have given out statements that they are practically assured of victory. Statements that the anti-saloon have said the election would be contested, thus admitting their defeat, made by the pros, were discounted by anti leaders, who again expressed confidence in an anti victory. Final arrangements have been completed for the activities of the Woman's League for Prohibition on election day, Monday. The women were assigned to work near the various voting boxes and arrangements were made to hold prayer meetings daily in all parts of the city. Luncheon will be served near each box to the women workers. An interesting feature of the campaign is the signed statement of a number of Fort Worth anti leaders, that they will vote and work for prohibition in Tarrant county.—Dallas county voters.

IMMENSE TASK FOR THE GOVERNMENT PRINTING OFFICE

The following has been issued from the government printing office at Washington: The draft has burdened the government printing office with the greatest task it has ever undertaken. Here are some of the printing jobs it has been working on: Thirty million blanks, affidavits and forms for use of the local exemption boards. Five hundred thousand copies of the exemption regulations of about 100 pages each. For the registration of the printing office turned out 27,000,000 registration cards and 18,625,000 certificates. Nearly 175 blank forms are needed for the draft. Over twenty-one tons of mail matter concerning the draft have been mailed out of the office.

TO SELECT TRAFFIC MANAGERS FOR AVIATION CAMPS

Special to The Times. Fort Worth, Texas, Sept. 8.—Railroad men of considerable prominence are to be named as traffic managers to handle the materials for the eight aviation camps to be built in the South. L. T. Allen gave out the statement that there is to be a meeting here today to select the men for the work. The task is an enormous one.

WANTS \$40,000 DAMAGES FROM PORT ARTHUR DISTRICT

Beaumont, Texas, Sept. 8.—Pulling all of a lady's teeth is likely to be a costly operation for two Port Arthur dentists. Mrs. Louis Mesquez and her husband have filed suit against them for \$40,000 damages. It is alleged that the lady wanted four teeth pulled, and the dentists, having administered opiates, extracted all the teeth they could find. The husband's share of the damages will be \$10,000, if they win the suit. He claims this amount is due "for the services and society of his wife," which the absence of her teeth apparently prevents his enjoying.

PEORIA NO LONGER WHISKEY MAKING CENTER

By Associated Press. Peoria, Ill., Sept. 8.—For the first time in half a century Peorians will awake tomorrow to find that they are no longer citizens of the whiskey making center of the world. This city's five great distilleries ceased the manufacture of beverage liquor tonight, and eleven o'clock, the hour set by the government, found all tubs in the plants empty. Innings today when they played the first nine games in one hour and five minutes with the score 0 to 6. Cobb won the game for Detroit in the 12th inning when he tripped against the right field fence and scored on Veach's sacrifice fly. It was a pitchers duel between Daus and Groom, the former holding St. Louis to one hit in the innings. Despite the fact that both Pratt and Lavan had filed \$50,000 damage suits against Owner Ball for alleged slander, both were in today's line up. Score: R H E Detroit 000 000 000 1 7 0 St. Louis 000 000 000 5 1 1 Two base hit—Stagae; three base hit—Cobb; bases on balls—Daus 1; struck out—Daus 4; Groom 1. Umpires—Dineen and Hildebrand. Time—1:38.

IOWA PARK MAN SUSTAINS BROKEN ARM IN OIL FIELD. M. T. Roper of Iowa Park, sustained a broken arm Friday afternoon, when a part of an oil rig, which he was engaged in moving, fell upon him. The accident happened on Fasset's ranch, and medical attendance was promptly secured, and the arm set. It was necessary for Mr. and Mrs. Roper to come to Wichita Falls yesterday, and the trip proved to be too much for Mr. Roper, whose arm was causing him such intense pain during the night that he was unable to sleep. About two in the morning Mrs. Roper was obliged to call in further medical aid.

The New Tendencies in Exclusive Suits

The New Tendencies in Exclusive Suits

This showing of the new Fall Suits will command the attention of every fashionable woman, for only what is new and never before shown in any other women's wear establishment is on view—tailoring throughout is of the best. The styles are largely tailor-made, having jacket lengths from just above the knees to within a few inches of the skirt hem. High, normal and elongated waistlines are equally noticeable. Belted effects, butterfly and straight tailor-made sleeves, and collars varying from the simple notch to the large draped style are in vogue for Fall. Skirts are on simple lines; some with pleats securely stitched to give the narrow silhouette. Colors most favored are rich dark browns, navy blue, greens, taupe and tans. Fur fabrics, plush, velvet, broadcloth and braids are the trimming tendencies.

Range of Prices—\$15.00 to \$75.00

Smart New Designs in Stylish Coats

Every newest style to be found in the most fashionable Fall Coats are in this premier showing. Every woman and miss should see them if only to satisfy their curiosity as to what the favored styles are to be. Your first gaze on the many new models in Plush Velour, rich woolen, cheviot, broadcloth and English and Scotch mixtures, will bring an appreciation of the time and thought we have spent in our selections. Practically all of the new Coats cover the entire dress, or at least reach to the skirt hem. They have a slightly less fullness than last year, but with ample lower width to give a graceful flare. A few extreme models are made quite narrow and on very straight lines. Sleeves are large and roomy, while belts and large collars are featured. Browns, greens, grapes, khaki, taupe and army blue are the most prominent colors. Priced from \$12.50 to \$65.00

By showing the best line of the newest and most authentic styles in Fall Millinery we hope to win your approval. THE NEW FALL HATS ARE ON DISPLAY

Zeigler Bros. Fancy Boots for Ladies. In Glove Kid. Colors, black, white, grey and ivory; 11-inch top. Specially priced at the pair—\$12.95. Illustration of a woman in a hat and boots.

Fall Apparel for the Little Folks

Coats and dresses, accessories, too, are ready in large assortments. As outfitters to children our reputation is quite well established, so it will suffice to say that our garments for the younger folks have received the same careful attention as those for their elders. We will show splendid assortments of fine quality, design and workmanship in garments and accessories of every wanted size. Bring the children to see these new Fall styles. Prices Worth Investigating

COMPLETE HOME FURNISHERS

SALES OF AUTOS BY DEALERS HERE IN PAST WEEK

Last Sunday the high water mark of automobile sales was reached, sales made and contracted for going well over the two hundred line. This week sales were lower than at any time since April, no fewer than nine dealers reporting no sales. Only thirty sales are reported for the week, of which eight were wholesale deals. The Lloyd Weaver Co. has a list of twelve sales, six of which were Hudson Sixers, and one a Packard. The Overland Sales Co. report eleven cars sold. The balance is distributed among four other dealers.

The Moon Auto Sales Co. are occupying the sales room formerly used by E. E. Thornburg, who has given up the Chalmers agency. The Moon Co. will handle in addition to the well known Moon cars, Republic and Denby Trucks. The S. Benford Auto and Supply Co. will handle the Chalmers cars. The Lloyd Weaver Co. reports the following sales: A. L. Keeter, J. F. Flowers, A. L. Staley, Wylie Wyatt, G. Elworth, and Mrs. R. E. Huff, all Hudson Super Six cars, R. O. Harvey, Twin Six Packard Brougham and T. J. Wyatt, Pat Barry, Otto Huefner, Jack Mosey and John Heuffner, of Henrietta, Four-ninety Chevrolet cars. There are three carloads of Chevrolet, one of Hudson Super Six and one of Packard en route for the Lloyd Weaver Co. McFall and Orth sold a Dodge touring car to Mrs. Grace Higgins, city, and unloaded two carloads of cars. The Overland Sales Co. made retail sales to A. E. Oster, and T. M. Patton, Petrolia, and W. H. Clegg and E. F. Courtney, city; also wholesale sales to Coker and Adkins, Walters, Okla., (one

car), and The Smith Garage Co. at Frederick, Okla. (six cars). The Overland Sales Co. unloaded four carloads of Overlands this week, two carloads are on the track, and six en route. The Moon Auto Co. sold a Republic Truck to O. S. Deaton. The McMullen Auto Co. unloaded a carload of Maxwell cars, but report no sales. The Staley Motor and Supply Co. sold a Buick to Hill and Son, Henrietta, and one to Mrs. Emiline McIntosh, city; also an Oakland to the Electra Motor Co. The Consumers Cash Co. report sales to C. R. Bailey, Bowie, and N. W. Self, the latter a wholesale deal. The Motor Supply Co. report no sales, the assemble plant at Dallas having shipped no cars this week. The plant has started putting out cars again, and the situation will probably be relieved shortly. The Motor Supply Co. report satisfactory progress on the new building. Chenault & Wheat reported the sale of a Mitchell to Mr. Myers of Burk Burnett, and another to Mr. Ray

NEW HIGHWAY TO DODGE CITY, KAN., BEING ORGANIZED

Frederick, leader. At a meeting of the executive committee and other officers of the Star Highway Association, in Hobart, Thursday, important organization steps were taken. It was decided that there should be local Star Highway organizations in each town and city along the trail, which will be auxiliary to the general association. Finis Gillespie, of Hobart, was employed to organize these associations. Individual memberships were placed at \$1 a year. Assessments will also be levied against the various cities and towns on the trail from Wichita Falls, Texas, to Dodge City, Kansas. The places will be divided into three classes, which will be assessed at \$25, \$50 and \$100. Frederick is in the \$100 class. Each city will be entitled to one vote in the general meeting for every \$25 paid.

The by-laws of the association were amended and adopted. The marker was changed and definitely decided on. It will be a board one foot by two feet, with a white base. On this will be painted a blue arrow, and in the head of the arrow will be a white star. Above the arrow will be painted in red the distance to the main objective in the direction in which the arrow points, while below the arrow will be the distance to the next town. On the arrow, in white, will be instructions as to whether to turn to left or right or go straight ahead at the next crossroads. The marker will be set 100 yards from the corner. November 15 was fixed as the date for a general meeting. The Star Highway will connect with other highways, which will make it possible to put Star Highway markers into Canada by one route and to Yellowstone park by another. Mayor Z. Z. Rogers, O. H. Searcy, Judge W. H. Huesey, E. J. Cowen, A. Carr and E. M. Parris attended the meeting from Frederick, this being the largest delegation from any city on the trail.

KEMP GOES TO AUSTIN TO CONFER WITH TILLOTSON

J. A. Kemp leaves today for Austin, where he goes in response to a call from Representative Tillotson, who was the author of the conservation and reclamation amendment recently adopted in this state. The

necessary legislation to provide for the creation of conservation and reclamation districts is to be considered at a conference of the leading men of the state. Acting Governor Hobby will be asked to submit this legislation at the special called session of the legislature. If this is done, it is hoped to have things in such shape that the organization of districts can proceed without long delays. **MOTOR CLUB WILL MEET NEXT TUESDAY** After several months of inactivity, the Wichita County Motor Club will hold a luncheon next Tuesday at the St. James hotel. Engineer Crockett will talk on the county road system. J. Wilkie Tabert has been chosen secretary, to succeed J. W. Thomas.

A BULLETIN from Bell Mattress Factory

A faulty uneven Mattress makes a good night's sleep impossible. Let us make over any such mattress you may have in mind. We'll return it to you, not just as good but better than it was when you bought it new. And as to our own special make, we will not only guarantee its substantiability, workmanship, but guarantee you a good night's sleep, if it takes only a comfortable mattress to induce it.

MILLER CHARGED WITH MURDER OF G.A. MORTON

ARREST MADE IN CONNECTION WITH DEATH OF ELECTRA RESTAURANT MAN - AUGUST 9

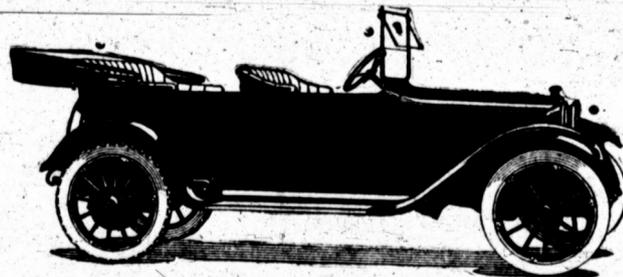

Tom Miller, of Electra, was placed in jail here Saturday on a complaint charging him with the murder of G. A. Morton, a restaurant man at Electra, on August 9th. Morton was found dead in his room in an Electra hotel, with a bullet wound in his head. A revolver was clasped in his hand. At the coroner's inquest it developed that Morton's skull was found to have been split open when the undertaker prepared the body for burial. Miller, who is said to be a restaurant worker, has been suspected for some time. The evidence against him is said to be purely circumstantial. At a hearing before Judge Howard Saturday morning, Miller's bond was placed at \$750.

What is CHIROPRACTIC?

THE GREATEST DRUGLESS SCIENCE FOR ELIMINATING THE CAUSE OF DISEASE
YOUR SPINE IS AN INDEX TO YOUR HEALTH

Chiropractic (Nature's Method) locates and removes the cause of 95% of all human ailments, such as Appendicitis, Neuralgia, Rheumatism, Nervousness, Asthma, Deafness, Insomnia, Gout, Constipation, Diarrhea, Headache, Paralysis, Locomotor Ataxia, Hay Fever, Skin Diseases, Piles, Bronchitis, Pleuresy, and Erysipelas. Affections of the eyes, throat, lungs, heart, nose, stomach, liver spleen, bladder, kidneys, and reproductive organs,

Pressure on the nerves is the cause of disease. The 31 pair of spinal nerves leading from the spine supply all the organs of the body. If there is a subluxation in the spine, there will be pain and lack of function in the tissues supplied by this nerve.

The United States Army officials, recognizing the efficiency of Chiropractic, have employed Chiropractors, along with surgeons, dentists, and oculists in the work of correcting the defects in the men exempted from military service for disease.

Wichita county officials have said they are determined to rid the county of Chiropractors, and have instituted proceedings against us, to be tried in the county court in the week beginning September 17. The Witch of Salem is evidently not dead yet. The county has already spent the necessary money to try one Chiropractor, and the jury could find no fault. The officials, of course, do not mind the expense, and more money will be spent to try us. But Chiropractic will survive, and we shall continue to practice in Wichita Falls.

CHIROPRACTIC SECURES RESULTS After Other Systems have Failed.

S. D. PEACE COUNCIL PLANS STATE MEETING

By Associated Press. Sioux Falls, S. D., Sept. 8.—A call for a state conference of the People's Council of America for Democracy and Terms of Peace for the purpose of organization to be held in Sioux Falls, Sept. 15 has been issued by state organizers, it was made known here tonight.

In a statement tonight Mayor Burnside declared the council would not be permitted to hold a meeting in any public building over which the city administration has control.

BASEBALL RESULTS

AMERICAN LEAGUE

Chicago 2, Cleveland 0.
By Associated Press. Chicago, Sept. 8.—Chicago put all its attack in the third inning today, and shut out Cleveland, 2 to 0. As a result of today's victory, Chicago gained one-half game on Boston, and now is leading the league by six and one-half games. Boston was unable to play at Philadelphia on account of rain. More than 3,400 soldiers and sailors were guests of President Comiskey and the eight military units represented were presented baseball uniforms, gifts of President Comiskey and the Woodland Bards, a White Sox routing organization.

New York 20, Washington 0.
By Associated Press. Washington, Sept. 8.—New York and Washington again split a double-header here today. New York taking the first, 2 to 0, and Washington the second, 3 to 0. Caldwell pitched in master-like form in the opening contest, and Ayer did his best performance in winning for the locals.

NATIONAL LEAGUE

Chicago 6, Pittsburgh 2.
By Associated Press. Pittsburgh, Sept. 8.—Chicago marked its comeback here today, winning from Pittsburgh, 6 to 2, today.

Boston 4, Philadelphia 3.
Boston won the first game today from Philadelphia in 10 innings, 4 to 3, when Lavender issued two bases on hits, the second forcing over the winning run. Philadelphia staged a two-run rally in the ninth inning of the second game and won, 5 to 3.

American Association.
At Columbus 4-6; Kansas City 1-2; At Indianapolis 0; St. Paul 2 (seven innings).
At Louisville 1; Minneapolis 3; At Toledo 1-0; Milwaukee 0-2.

GERMANS USED SWEDISH LEGATION AS THEIR TOOL

(Continued from page 1.)

gation in certain foreign countries have been handed by the Swedish legation to the German legation in the country to which the message were addressed, the messages being in reality in German code in the same way the German ministers in various foreign countries have been in free telegraphic communication with Berlin by handing their cipher messages to the Swedish minister, who signed and dispatched them as Swedish government messages direct to the foreign office at Stockholm whence they have been sent to Berlin.

In the spring of 1915 the British government, learning of the employment of Swedish telegraphic facilities in German interests, brought the information to the notice of the Swedish government with the intimation that unless definite assurance could be given that this practice had ceased it would be necessary to place restrictions on Swedish telegrams in cipher as far as the use of British controlled cables was concerned.

LONDON PAPER'S COMMENT ON DISCLOSURES

By Associated Press. London, Sept. 8.—"The Sunday Observer," commenting on the state department's revelations, says: "The greatest complexion is worn by the news from Washington regarding evidences of Swedish complicity in Germany's submarine warfare. Final judgment cannot be passed on the affair without close study of the official documents, which include the text of the incriminating telegrams themselves."

\$2.20 PRICE WILL BE MAINTAINED BY GOVT.

By Associated Press. Washington, Sept. 8.—The price of \$2.20 a bushel for wheat in the United States will be maintained, it was made clear today at the food administration. Virtually the only objection of any consequence, it was said, has arisen in North Dakota, where the crop was unusually poor.

BOMB PLANT IS DISCLOSED BY AN EXPLOSION

By Associated Press.

What appeared to be a fully equipped bomb making plant was disclosed to the police tonight, when an explosion blew off the roof of a small building, when Hans Schwab and Fritz Kober were arrested. Lichenfeld was held making ingredients. The plant was elaborately equipped. The supply of explosives was so plentiful that it was fully as complete as that found in under the technical charge of being a disorderly person.

RECOMMEND RATIOS BE STOPPED TO DEPORTED MEN

By Associated Press. Columbus, N. M., Sept. 8.—A recommendation was made to the department by the military authorities here today, for stopping rationing to the men deported from Bisbee, Ariz., July 12 be discontinued at once. It is contended that there is plenty of work for the men to do in the southwest and that there is no further need for the army to feed the 450 men encamped here. Originally 1,168 men were camped here.

SELLS EIGHT HUDSON SUPER SIXES IN SINGLE WEEK

The sale of eight Hudson Super Six cars in a single week is the record of the Lloyd Weaver Auto Co. Mr. Weaver also sold a Twin Six Packard and a number of Chevrolet cars, making a record that has seldom, if ever been equaled in Wichita Falls.

BAUXITE PLANT NEAR LITTLE ROCK BURNED

By Associated Press. Little Rock, Ark., Sept. 8.—The plant of the North Bauxite company at Bauxite, near here, burned this afternoon. Products of the plant are extensively used in making ordnance and the plant had a large government contract. More than four thousand men employed in plants at Niagara Falls, N. Y., and Worcester, Mass., will be thrown out of employment temporarily.

HOOVER TO TAKE UP MEAT SITUATION

By Associated Press. Washington, Sept. 8.—Meat producing an packing interests of the country will meet with Herbert Hoover, the food administrator here Wednesday to take up the meat situation. A threatened shortage in the supply will go given particular attention. A committee of twenty-five men representing the five branches of producing industries is now in Washington and discussing means of dealing with the problem. The food administration is directing its energies toward decreasing meat consumption so that a large supply of meat will be available for export.

KAISER TELLS TROOPS VICTORIES LIKE RIGA WILL END WAR SOON

By Associated Press. Berlin, via London, Sept. 8.—In thanking the eighth German army for the capture of Riga, Emperor William in an address to the victorious troops at Riga on Thursday, declared that such victories as that at Riga increase the prospects that the end of the war will come soon. The emperor, according to an official statement, spoke as follows:

"Riga is free. When this news ran through all the districts of Germany a storm of jubilation and enthusiasm arose everywhere in the Fatherland and in the foremost trenches in the enemy land."

RED CROSS WILL CARE FOR TROOPS EN ROUTE

Special to The Times. Washington, D. C., Sept. 8.—The Red Cross is rapidly perfecting plans to care for the comfort of the first detachments of the National Army which will be sent to the cantonments beginning September 5.

CAPTAIN O. B. KIEL PROBABLY NOW IN SERVICE IN FRANCE

Captain O. B. Kiel is probably already in service in France. Captain Kiel with the first Aero squadron which dispatched several days ago said, had reached France in safety. Captain Kiel will be the first army officer from Wichita Falls to reach France.

When the call for medical men for army service was made several months ago, Dr. Kiel responded promptly with his application. He was examined and accepted for service, and assigned to the First Aero Squadron at Camp Kelly at San Antonio with the rank of Captain. This is an assignment that was coveted by many medical men. Dr. Kiel being chosen on account of his hospital experience, in addition to his other qualifications.

While no announcement has been made, it is believed the First Aero Squadron will quickly see service at the front in France.

FIFTH POLICE OFFICER WOUNDED IN RIOT DIES

Houston, Texas, Sept. 8.—D. R. Patton, mounted police officer, wounded in the fight with rioting negro soldiers on the night of August 23, died Saturday morning. He was the fifth police officer whose life was sacrificed that night.

DOWNPOUR OVER NORTHWESTERN PORTION COUNTY The whole northwestern portion of Wichita county appears to have been covered by a heavy downpour yesterday afternoon, the rain extending several miles east of Iowa Park. At Iowa Park the streets were reported flooded last night, and the same conditions prevailed at Electra. It was not learned whether the rain reached the Clara district, where oil operations are being impeded by lack of water. SATURDAY ONE OF HOTTEST DAYS OF YEAR HERE Saturday was one of the hottest days of the year in Wichita Falls. The mercury reached a maximum of 102 shortly before 2 o'clock in the afternoon. The atmosphere was humid and there was as much suffering from the heat as in midsummer when higher temperatures were recorded. KANSAS CITY MAN KILLED BY GERMAN BOMB By Associated Press. Washington, Sept. 8.—The death of First Lieutenant William Fitzsimmons, medical corps, killed Thursday when German aviators bombed hospitals behind the lines in France, was announced in a dispatch received by the war department tonight from the military attaché of the American embassy at London. It was the first news the department had received about the attack upon the hospitals. No mention was made in the message of other Americans reported killed in press dispatches. Lieutenant Fitzsimmons joined the army medical forces at Kansas City, his home, last May and recently was attached to the British forces. He was just 28 years old and a graduate of Kansas University. Shortly before entering the army he had returned home after spending a year doing hospital work in France.

LACK OF WATER SERIOUS HANDICAP IN OIL FIELDS

OVER SCORE OF RIGS IN BURK-
BURNETT DISTRICT SHUT
DOWN TO AWAIT RAINS

COMPLETIONS ARE FEW

Clear District Continues to Hold
Center of Interest—New Wells
Nearing The Sands

Operations in the various oil fields in the Northwest Texas districts are still very much hampered by the shortage of water and labor. In the Burk Burnett district, the Magnolia Petroleum company has shut down fifteen drilling wells on account of lack of water and other operators are shutting down drilling wells daily. There were no new completions of note during the last week; a number of dry holes were brought in in the shallow district southeast of Burk Burnett and work is beginning to slow down there.

Magnolia Petroleum company's No. 3 L. F. Ramming is still flowing 700 barrels a day and their No. 14 W. F. Ramming is pumping 200 barrels a day. Adams Oil company's No. 3 L. F. Ramming is completed in the 1870 sand and flowing about 150 barrels a day; this well will probably be drilled deeper to the 1700 foot sand. Their No. 1 Prechel had four feet of sand from 1666 to 1870, but it does not look very promising and the well is being drilled to the 1700 foot sand. Their No. 4 L. F. Ramming is still fishing and is ready to drill in as soon as they can clean the hole. Willis et al. are nearing the pay in their No. 1 Prechel. Farabee Oil and Gas company's No. 2 P. Ramming has a rig up and will get started next week. Staley, Langford, and Chenault are drilling at 700 feet in their No. 1 P. Ramming. Godley Oil company's No. 1 Wagner is drilling at 1725 feet and as yet they haven't had any encouragement for a well. This well will be drilled to 2000 feet. Humble Oil and Refining company's No. 12 Serrien is still flowing at the rate of 800 barrels a day and their No. 10 Shultz is doing 500 barrels a day. No. 14 Serrien and No. 15 are drilling and should get the sand in the next ten days. Martin et al. have rebuilt their rig on the A. Weeth and the Wichita Fuel Development company is drilling at 600 feet in their No. 1 Weeth. The Clabby Oil company expects to get its No. 1 Cramer started early next week.

In the Electra district, Prince and others have what they think will make a paying well in their No. 2 Zeist; they will bail the well next week. No other completions were made during the week and nothing of a startling nature is expected in that district. In the Iowa Park district, Lockridge and others are drilling at 1600 feet in their No. 1 Lockridge; they expect to

get a sand in this well at about 1640. Lee Farm Oil company's No. 1 J. & D. Overby is rigged up and about ready to start drilling. Barton Oil company's two wells up the river are still shut down owing to litigation. Wichita Fuel Development company's No. 1 Fassett is drilling at 1700 feet. Fortuna Oil company's No. 1 Griffin, north of Dundee, is drilling at 1850 feet.

In Archer county, the Panther Oil company has completed its No. 9 Wilson and will have a 10-barrel pumper. Developers Oil company's No. 2 Wilson is still shut down awaiting the arrival of C. W. Bean. Midwest Oil company's No. 1 Skiles started drilling last evening. Inspiration Oil company's No. 1 Hatfield, south of Holly, is drilling at 1400 feet. Hagwood Oil and Gas company's No. 1 Hallsell is rigged up and will get to drilling very soon.

Frank Cullinan of Houston, is here looking after his interests in the oil fields at Wichita, Okla.

J. Hickman has resigned his position as chief clerk of the Producers Oil company in this city, and has accepted a responsible position with the Humble Oil and Refining company at Wilson, Okla.

E. H. Cuper, who has been connected with the warehouse department of the Producers Oil company for the past three years, left Saturday for Cumberland, Md. From there he will leave for Mexico, where he has been transferred by his company. This transfer is a promotion.

J. C. McCue, general superintendent of the Producers Oil company at Houston, was here during the week, making an inspection of the company's interests.

W. Chestnut left last Tuesday for New York, where he goes to receive treatment from Dr. Albee, a specialist. He expects to be absent for a month or more.

G. W. Moore of the Findlay-Minnick company has returned from a trip to South Texas.

Charles T. Price has transferred his services from Kay and Akin to the Gulf Production land department.

L. H. Cullum is now with the Harvey interests, having resigned from the Gulf Production company several days ago.

B. M. Gilchrist of Burk Burnett, was in town yesterday.

Wildcat operations. Friday's Oil and Gas Journal contains the following concerning wildcat operations in this section: The Producers Oil Co.'s Havlaty No. 1, in Ford County, is drilling at 2250 feet.

In the shallow pool at Strawn there were five completions during the week, two small wells, a gasser, and two dusters. The Texas & Pacific Coal Co.'s Fee No. 205 was dry at 1,075 feet. Fee No. 210 is a gas well, with a volume of about 1,000,000 feet, finished from 736 to 746 feet. Fee No. 209 is a 5-bbl. pumper at 1,151 feet. Fee No. 211 is good for 6 bbls. at 740 feet and Fee No. 214 was dry at 770 feet and Fee No. 207 is fishing at 500 feet and Fee No. 212 also has a fishing job on top of the same at 882 feet. Fee No. 213 is drilling at 930 feet and Fee No. 215 at 1,530 feet. Naylor No. 1 and Stewart No. 1 are drilling at depths not reported.

Mineral Wells, the Empire Gas & Fuel Co.'s Terry No. 1 is underreaming at 1,500 feet. Palmer, Owens & Wilson's Oakes No. 1 is shut down at 2,850 feet. The Johnson Drilling Co.'s Smith No. 1 is drilling at 620 feet. West of Palo Pinto the Empire Gas & Fuel Co.'s Watson No. 1 is shut down at 2,600 feet waiting cable, and north of Palo Pinto C. E. Werner & Co.'s Alexander No. 1 is still shut down at 3,000 feet.

In Eastland county, the Texas & Pacific Coal Co.'s Walker No. 1, near the town of Ranger, is still in the black lime at 3,220 feet, with an increased gas flow; the volume now being probably about 6,000,000 cubic feet. The company's McClosky No. 1 is drilling at 1,560 feet.

Showing in Stephens County. Reports from Stephens County show the Producers Oil Co. bailing its Smith No. 1, near Breckenridge, with oil in the hole and showing for a well. Keithley No. 1 is drilling at 1,210 feet and Sandage No. 1 at 500 feet. The Gulf Production Co.'s Fincher No. 1 is drilling in black lime at 3,250 feet and

McCaughey No. 1 is drilling at 2,400 feet. The Texas & Pacific Coal Co.'s Binney No. 2 got a gas sand at 1,720 feet, which sand was penetrated at 1,732 feet and the test is now drilling at 1,740 feet. The gas volume was about 2,500,000 cubic feet and no oil showing. The company's Winston No. 1 is drilling at 2,500 feet. Lee No. 1 is setting 12-inch casing at 750 feet. Wright No. 1 is fishing at 3,550 feet. Hughes No. 1 is drilling at 2,100 feet. Barron No. 1 is underreaming at 500 feet. Proctor No. 1 is drilling at 110 feet. Booher No. 1 at 2,250 feet. Maxwell No. 1 at 2,100 feet and Lauderdale No. 1 at 1,400 feet.

In Shackelford county, the Empire Gas & Fuel Co.'s Reynolds No. 1 is underreaming at 2,120 feet and in Jack county, M. A. Law & Son's Hamilton No. 1 is still shut down at 3,110 feet for repairs to underreamer.

South of Graham, in the big bend of the Brazos River, C. F. Colcord's Robertson No. 1 is at 1,655 feet, and in the northwestern part of the county, Stanfield & Coekorth's Benson No. 2 is drilling at 410 feet.

It is stated that the Dutch Shell interests of California have been investigating the possibilities of Taylor County and have taken over the leases and wells of the Hunch Oil & Gas Co. of Abilene, with the intention of developing the property.

CHARTER ISSUED TO POND LAUNDRY CO.

Special to The Times. Austin, Texas, Sept. 8.—The charter of the Pond Laundry Company of Wichita Falls, was filed today in the state department; capital stock \$25,000. The incorporators are: J. W. Pond, G. W. Pond and R. K. Pond.

MR. AND MRS. DEBERRY ENTERTAIN FOR VISITORS

In compliment to Miss Mamie Boone of Dallas, guest of Miss Kate Burgess and Miss Eva Stratton, Mr. and Mrs. J. J. DeBerry entertained informally at 42 Friday evening. The entire evening was spent at the game and at a late hour refreshments of ice cream

and cake were served. Those enjoying the hospitality of the DeBerry home were: Miss Boone, honoree; Misses Stratton, Burgess, Lucy Smoot, Ruth Leach, Cora Phillips, Ethel Blankenship, Messrs. Albert Smoot, Bliseu and Newman and Mrs. A. Smoot.

DALLAS WEDDING OF MUCH LOCAL INTEREST

Announcement has been received by friends here of the marriage on Thursday of Miss Auban Blake to Jack R. Tenison, Jr., the wedding being solemnized at the First Baptist church by Dr. George W. Truett. The bride has visited here and last summer was a member of the house party given by Miss Audrey Adickes and made many friends among the younger set. To whom this news is of interest. She was a schoolmate of Miss Adickes and Miss Pauline Richolt at Ward Belmont.

RENFRO-MOONEY WEDDING OCCURS SATURDAY

Saturday morning at 12 o'clock at the church of the Good Shepherd the marriage of Miss Virginia Renfro to Lorne E. Mooney was solemnized by Rev. F. T. Datson, rector of the church. Following the ceremony Mr. and Mrs. Mooney left for a wedding tour of St. Louis, Springfield and Clinton, Mo. After October 1 they will be at home at apartment 1, Kemp Kort.

The bride, a most attractive and charming girl, has made Wichita Falls her home for slightly more than a year, coming here from Clinton, Mo. She is the daughter of Mr. and Mrs. E. L. Renfro of Clinton, Mo., and a sister of Mrs. Parker Simson with whom she resided. The groom came here from Ontario, Canada, and is a student of the Wichita Falls and Northwestern. Both he and his bride have numerous friends here who are joined in offering the sincerest congratulations and good wishes.

WICHITA CAMPFIRE GIRLS MEET WITH MRS. CORLETT

Wichita Camp Campfire girls, met Thursday afternoon for a ceremonial meeting at the home of their guardian, Mrs. Ross Corlett. The routine ceremonial of opening was followed throughout. Then the girls read their honors and about 75 honor beads were awarded. Plans for fall work were made during a business session, a de-

finite decision being made to assist the Red Cross in every way. The Campfire Girls present: Misses Angie Noe, Ruby Pinkerton, Sibyl Thornberry, Anna Lyman, Rosabelle McGinnis, Grace Abritton, Mary Underwood, Elizabeth Smith, Denver Russell and Grace Hart.

GIRLS AUXILIARY TACKS TWO COMFORTS MONDAY

Four new comforts will be added to the bedding supplies of the Buckner Orphans' Home as a result of the summer work of the two circles of the Girls Auxiliary of the First Baptist church. Last Monday in an all day session at the church the girls of the two circles finished the second two of the four which were given to the Home. A picnic dinner was spread at noon and a social time enjoyed before work was resumed. The girls present: Messrs. Earle Carter, Pearl Breeden, Ruth Morgan, Rosabelle McGinnis, Gladys Price, Zula Hearn, Mae Bartlett, Maude Taylor, Winnie Crawford, Stella Smith, Elizabeth Coe, Willie Towery, Ella Mae Roark, Mrs. T. M. Smyre, Mrs. C. W. Rountree, Lucille and William Howard Rountree.

SENIOR HAYRIDE TO LAKE FRIDAY NIGHT

The 1917 Seniors went hayriding Friday night to Lake Wichita, making the trip on a hay laden truck, chaperoned by Mr. and Mrs. T. M. Conroy. The supper spread was preceded by a swim in the natorium and the ride home was enlivened by numerous vocal selections, solo and in chorus. The business section of town was traversed and those on the streets serenaded. The party included: Misses Louise Leicham, Louise Frieze, Alleen Alverson, Goldie Averson, Margaret Burrows, Mary Sypert Clark, Emma Carter, Katherine Craig, Estelle Friberg, Mattie Ruth Corlett, Eunice Musgrave, Patsy Lou Koonce, Beulah Walker, Messrs. Henry Akin, Fitz Hickman, Henry Davis, John Abritton, Willie Seals and Lester Leucke.

"AT THE SIGN OF THE DIAMOND RING"

Kahn Building—Eighth at Indiana

studio pupils this winter and she and Miss Bock have arranged a series of concerts for the winter throughout Oklahoma and Texas.

The Mineral Wells music-lovers quite the event of the season was a concert given at the High school auditorium on last evening by Miss Edna Bock, soprano, and Miss Gladys Herron, pianist and accompanist, under the auspices of Allen La Remin Club.

A large and appreciative audience evidenced on the occasion of the concert arranged and well rendered program.

'Twas the first time that many of the audience had heard Miss Bock since her return from Boston. They were surprised and delighted with the advanced stage of the musicianship. Her coloratura is clean, her vocalization brilliant and her tones when sweet sentiment is sounded are liquid sweet. She sings easily and artistically in German, Italian and French, and her lyric action in Russian and Chinese wearing native costumes was beautiful and clever. The Chinese love song, indeed, brought down the house.

In a group of tried and true, semi-sentimental songs, her voice was especially sweet and pleasing. It was most fitting that the program should have been concluded with the song of the "Star Spangled Banner," the audience joining, Miss Herron, who is also a Boston Conservatory girl, favored with four piano numbers and there was enthusiastic demand for more. She is a piano artist, indeed, with brilliant execution and appealing interpretation, and more rare still, she played so beautiful and sympathetic accompaniment.

MISS COOK BEGAN MUSIC CLASSES LAST MONDAY

Miss Katherine Cook announces the opening of her music classes, both piano and voice at her home, 1106 Burnett, the classes beginning Monday, September 3. Special classes in harmony will also be formed.

CALLED MEETING OF TRAVEL CLUB TUESDAY

Tuesday afternoon a called session of the Wichita Travel club will be held at 4:30 at the home of Mrs. Jack Shelton, 1210 Tenth street. A full attendance of members is desired.

LOCAL W. C. T. U. WILL MEET TUESDAY

The W. C. T. U. will meet Tuesday afternoon at 3:30 in the basement of the First Presbyterian church. This is an important meeting. All members are requested to be present to arrange for membership day Wednesday, Sept. 12th.

TOWEL SHOWER FOR MRS. BULLINGTON FRIDAY

Mrs. Grover C. Bullington, bride of the month, was honored with a farewell party and towel shower Friday afternoon at the home of Mrs. C. W. Rountree, the teachers of the beginners department of the First Baptist Sunday school in which Mrs. Bullington taught, being responsible for this hospitality. The shower was in the nature of a surprise, the presentation being made by little Elsie Fay Barron, one of the tiny beginners, after some time had been spent with music and chat. While the small miss made her way to the honoree with the basket laden with dainty hand made towels, little Miss Lucille Rountree played a march on the piano. Refreshments of ice cream and cake were served. Those present included: the honoree, Mrs. Bullington, who left Saturday morning for San Antonio, where she and Lieut. Bullington will make their home for the next few months, Mrs. T. E. Dobson, mother of the honoree; Misses Jewell Brown, Imogene Brown, Thora Fore, Julia Long, Annetta Monroe, Wilma Filgo, Lucille Rountree, Elsie Fay Barron, Mesdames Barron, Young, Daniels, Granbury, Rountree, Fitzhugh and Brown and Master William Howard Rountree.

CALLED MEETING OF MUSICIANS CLUB TUESDAY

The Musicians Club will meet in called session Tuesday afternoon at 3:30 at the Harrison-Everton hall. All members are urged to attend as matters of importance will be brought up.

MESDAMES LANGFORD AND WOODWARD ENTERTAIN

Mrs. W. M. Langford and daughter, Mrs. de Leon Woodward entertained a number of young people Thursday evening in honor of their guests, Misses Elizabeth and Ruth Eddins of Jonesboro, Ark. Piano numbers by both visitors, and vocal selections by Miss Elizabeth Eddins were pleasing features of the evening. Dancing was enjoyed until a late hour. A refreshing ice with cake constituted the refreshment course. Mrs. Benjamin Eddins, mother of the honorees, assisted Mrs. Langford and Mrs. Woodward in entertaining.

MRS. FULTON TO RESUME WORK AFTER BRIEF ABSENCE

Mrs. E. L. Fulton, who has been one of the leading instructors in voice, expression and dramatic art in this city for several years, and who has held the position of instructor in dramatic art at the Academy of Mary Immaculate, has received a very flattering offer from Simmons College at Abilene to become voice instructor. However, she has not seen fit to accept this offer and after a short visit with her husband, Captain Fulton, stationed at Camp Travis, she will return to this city and resume her classes. For the benefit of her patrons she announced that Miss Annetta Monroe, a graduate of the year of the Curry School of Expression at Boston, Mass., will have charge of her junior department during her absence.

Mrs. George Backus of Vernon is visiting Mesdames W. M. Langford and George Stearns

Mrs. C. W. Rountree and children, Lucille and William Howard, and Mrs. R. H. Joyce, mother of Mrs. Rountree, are in town after spending the summer at the Joyce ranch.

MRS. W. S. ROBERTSON RESUMES VIOLIN CLASSES

Mrs. Walter S. Robertson will resume her class in voice culture Monday, September 10th, at her Kenyon apartment. Mrs. Robertson has had seven consecutive seasons in New York City, covering a period of from two to four months each season with a lesson every day in voice culture. Her teachers were: McCall Lanham, head of voice department in the American Institute of Applied Music; Madame Anne E. Ziegler of the Singer Institute of Normal Singing; Cora Remington, concert and oratorio singer, and eight years as soprano soloist with Fifth Avenue Baptist Church of New York City; and Miss Marie Altona, dramatic soprano of Royal Opera Convent Garden, London.

PANHANDLE STATE FAIR ASSOCIATION'S CATALOGUE

The Panhandle State Fair Association, the fifth annual exposition of which is to be held in Amarillo October 8 to 13, inclusive, has just issued an attractive 64 page booklet containing the premium list and rules governing the awards to be given. The second day of the fair has been

designated as Old Settlers' Day, and Thomas F. Turner, president of the Panhandle Old Settlers Association, is now working on a program for the day.

Some of the attractions which have been secured for the Fair are Grace Ayer, an expert on roller skates; Bell & Eva, acrobats and tumblers; and the De Kribo Brothers Carnival.

New buildings are being erected this year and the officers of the association are making an effort to have the best livestock exhibit ever shown there. Fifteen thousand dollars in cash prizes will be awarded in the different divisions.

Four horse races are scheduled for every day of the fair after the first day. Over \$4,000 in prizes will be awarded in the racing contests alone.

Special excursion rates on all railroads have been secured. Officers of the Panhandle State Fair Association are P. H. Landergin, president; H. A. Nobles, vice president and J. L. Van Natta, secretary and general manager.

Dr. A. L. Lane has moved his office from 305 to 316 First National Bank building. Office phone 2801, residence phone 487.

AT THE CHURCHES

First Methodist Episcopal Church

(Corner Seventh and Lamar.)

Regular services: Sunday school 9:45 a. m. Robert Carey, superintendent; trained teachers, and interesting classes make the work inviting.

11 a. m. morning worship with sermon, subject, "Gleaners in the Harvest." The organist, Mrs. Agnes Marquande will play as voluntary, "Conchita," by Evans. The choir, Mr. George Taylor, will sing as solo, "Somebody."

3:30 p. m. The Junior League services conducted by the pastor. Any interested parents are invited. Meeting in the league room.

7:00 p. m. Epworth League services, Mrs. Richardson, president. The chorister has special music, Homer Karrenbrock will lead the meeting. Old and young members and visitors are invited.

8 p. m. evening song and praise service with the pipe-organ and choir, piano and orchestra. Special music by the chorister, the organist will play, "Twilight in Autumn." Subject of sermon, "Business." Subject of sermon, "Business."

Monday 3 p. m. meeting of the Women's Home Missionary Society.

Tuesday 3 p. m. the Bible Study class conducted by Mrs. Dr. Gibson.

Come and bring your friends to a fellowship and meetings that you can't afford to miss.

H. F. DRAPER, Pastor.

Church of The Good Shepherd, Holy Communion 7:30.

Sunday school 9:30.

Holy Communion and sermon 11. This will be the last service of the year. All are cordially invited.

FRED T. DATSON, Rector.

First Baptist Church

Sunday school 10 a. m.

Preaching services 11 a. m. and 8 p. m. by the new pastor, Rev. O. L. Powers.

Regular prayer service Wednesday evening at 8 o'clock.

The finance committee would much

appreciate all the members paying in their church dues. The funds are needed.

First Heights Presbyterian.

Next Sunday's services as follows: Sabbath school at 10:00. J. A. Giddings, superintendent. This is a five, wide-awake Bible school, with a hearty welcome for all. Splendid singing.

Junior Congregation (first 20 minutes of the eleven o'clock service). In this service the boys and girls learn some of the hymns of the church, with a special selection of two of newer songs, and a sermon of about seven minutes by the pastor. Subject for next Sunday, "Funnels, Sifters, and Sponges."

Senior Congregation service continues right on through the hour; subject for next Sunday being "Magnifying Our Task." If you have an idea that a new work of this kind is "kind-o-fittle," please come out, and think over it with us or if you really feel that you would like to put your time and talents to a good use, come and "throw in" with us in our task.

Y. P. S. C. E. at seven o'clock at night.

Night services at eight o'clock, and the pastor will preach on the subject of a "Bible Rule for a Successful Life," the text being Romans 12:11. You are cordially invited to any and all of these services.

Ladies Aid and Bible Study Class meets at the church on Tuesday afternoon at three o'clock.

J. WALTER HAGGARD, Pastor.

First Evangelical Church.

(Corner 15th and Broad Sts.)

The pastor's subject for the morning hour will be "The Tragedy of Sin" and 8:15 p. m. will speak on "Christ's attitude toward the Poor." Plans for Promotion Day are being made. Every teacher should be present Sunday if possible a few minutes before the opening hour 9:45.

The Junior Alliance is doing splendid

work. The change of the hour to 5 o'clock should make it possible for many more to come. Miss Pearl Painter, the leader, will sing. Miss Carrie Mohr will lead the Senior Alliance beginning promptly 7:15. The subject is a lesson on excuses. Are you doing your part or are you making excuses? This is a time to renew good resolutions.

The Ladies Aid will meet Monday 2:30 p. m. The lesson will be a black-board talk on the Kings of the Divided Kingdom.

Prayer Service Wednesday 8 p. m.

Rev. L. Newman will conduct quarterly conference Friday night immediately following preaching service at 8. On the Sunday following Brother Newman will be in the pulpit both morning and evening.

G. E. ALTSTADT, Pastor.

First Presbyterian Church.

The First Presbyterian church has a fine musical program for Sunday morning and night. At the 11 o'clock hour the leader will sing, "He Was Despised And Rejected." From The Messiah. At night, "Open The Gates." Miss Veale is the new director of music in the College of Music. The choir will sing at the morning, "Jesus My Saviour, Look On Me." At night there will be spirited revival songs. The subject of the morning sermon will be, "The Man In A Boat." At night, "Impetuous Peter." The 8 o'clock sermon is the first of a series of sermons on the Twelve Apostles. Each of the Apostles represents a type of men of today. Come and locate yourself. An opportunity will be given for church membership at 11 o'clock.

N. F. GRAPTON, Pastor.

Lutheran Church (Mo. S. road.)

(Eleventh and Holliday.)

Sunday school (German and English Classes) at 9:20 a. m.

German morning worship at 10:20 a. m. Vicar John Kolmeser will preach in the morning services.

Everybody is cordially invited to worship with us.

C. M. BEYER, Pastor.

First Christian Church.

(10th and Travis Street.)

Sunday school opens at 9:30. The orchestra begins playing at 9:15. The rules of the Greenville-Wichita Falls contest call for points to be counted by 10:15. Get busy! The Lord's Supper and sermon at 10:45 and the Benediction at 12 sharp. Sermon subject "Real Religion."

The Junior, Intermediate and Senior C. E.'s all meet at 7 sharp. Mr. Atwood, A. Hyde, Field Secretary of the Texas Christian Endeavor Union will address a big rally of Endeavorers at 7 p. m. in the basement auditorium. Evangelistic services at 8 closing at 9:15. Sermon subject "The Changing Mind, The Home of Civilization." To all of these meetings a hearty invitation is given for all to attend.

First Methodist Church South

(Corner 10th and Lamar, Gus Barnes, Pastor.)

Sunday school at 9:30. Every one will be welcome.

Preaching at 11 o'clock by Rev. W. T. Gray. In the absence of the pastor, the choir will sing "God So Loved the World," solo "In Thy Love O God Have Mercy." E. C. Huckabee, Miss Fannie Margaret Barnes will play the organ.

At 4 the assistant pastor will organize a Sunday school in the factory district at the Paul Memorial Chapel.

Epworth League at 7 p. m. Both Senior and Intermediate.

Senior program follows: "Christ as Man of Prayer and the Men of Prayer of the Bible." Mr. Wayne Somerville.

Secret Prayer, Mr. G. C. Raley. Hindrances to the Prayer Life, Mr. Crockdale.

Blessings of the Prayer Life, E. C. Huckabee.

Solo, "Jesus Lover of My Soul," Mrs. Perry Maricle.

Evening Services at 8 p. m. Rev. W. T. Gray will preach.

RICH, RED BLOOD IS PRIME FACTOR TO GOOD HEALTH

A PLENTIFUL SUPPLY PRODUCES HEALTHY BODY AND BUOYANT SPIRITS

Wherever the system is allowed to run down and the liver becomes inactive, look out for a severe illness. Rich blood is necessary to put you on the road to perfect health.

Rich blood makes the cheeks glow and furnishes the body with "Punch" and before long the person is "up and going," leaving others laboring a poor blood supply away behind.

You have a great task in life to perform and that is taking care of your self.

The job is a huge one and too much stress cannot be laid on the fact to keep the blood rich and pure.

More distressing still are caused from the source of a poor blood supply than anything else.

Pepp Systemic Pills contain all the elements to overcome anything that has a tendency to faint the blood, chief among them being Plaud's Mass, an assimilable form of iron recommended by the most able physicians and druggists that manifest an interest in the Public's Health.

Also take Pepp Systemic Pills for Rheumatism, constipation, stomach trouble, sleeplessness, malaria, indigestion, nervousness, boils and a general run-down fagged-out system.

For sale by Miller Drug Co. and other good druggists.

Do not accept a substitute for these pills.

(Adv.)

NINTH STREET PAVING DELAYED; LABOR SHORTAGE

Several cars of gravel have been received for the paving of Ninth street but the work is now being delayed on account of a shortage of labor, all the available labor being employed at the aviation camp, according to a statement by Mayor A. H. Britain yesterday afternoon.

It is hoped that the work can be started within the next few weeks, but that it will be in no way at all certain.

Ninth street is to be paved as far out as Broad.

accepted an urgent invitation to deliver an address at the Bell County Fair at Temple, Texas, on October 3, B.I.M.T. day at the fair. This fair is only one of the many county fairs that has arranged for a BIMT Day, or is planning to do so, according to Results, the publication of the association. The Dallas State Fair will have a BIMT Day. The association offers to arrange a special exhibit for any fair that may request this, and this feature is calculated to add much interest to the fairs which are to be held this fall.

OFFICERS ELECTED BY AMERICAN YEOMEN

Friday night the Brotherhood of American Yeomen held their annual election of officers at the regular meeting in the Yeoman hall. In addition to this business, the lodge heard an unusually interesting address by the new district deputy, Mrs. Nellie P. Rowles. Plans were also made for initiating a big membership campaign at the next meeting two weeks hence. The campaign will be given a rousing start at a banquet which will take the place of the regular meeting. Mrs. Rowles appointed three assistant deputies, Mrs. E. L. Richardson, Mrs. Ramsey and W. F. Wallace. The officers elected were: Lon Deatherage, foreman; W. F. Wallace, master of ceremonies; E. L. Richardson, corresponding; S. A. Anderson, master of accounts; Mrs. W. W. Shuler, chaplain; Mrs. C. E. Bland, overseer; Claud Hutson, sentinel.

The remainder of the officers are appointed. The foreman will announce the appointments at the next meeting.

COUNCIL ADOPTS RESOLUTION ON HINCKLEY'S DEATH

CITY PAYS TRIBUTE TO MAN WHO SERVED FOR YEARS AS CITY ENGINEER

MEET SATURDAY MORNING

Number of Matters Taken Up At First Full Meeting Since June 7

The city council met yesterday morning at 9 o'clock adjourned from August 24th, with Mayor A. H. Britton presiding. Every member of the council was present, the first time there has been a full meeting since June 7th. Besides the council those present were City Clerk V. G. Skeen, City Attorney Horace Nutt, C. C. Shelton, and Assistant Fire Marshal E. R. Miller. C. C. Shelton came before the body and asked reimbursement for the expense he incurred in sending Arvil Foole to the Pasteur Institute at Austin after he had been bitten by a dog affected with violent rabies. The matter was passed until the next meeting for further investigation. The action of City Clerk V. G. Skeen in paying for the packing and expressing of the mad dog's head to Austin was ratified.

Camp Ground Idea.
Alderman E. G. Hill brought up the matter of setting aside a part of Scotland Park across the river as a municipal camping ground for the benefit of automobile tourists. The plan is to cut up a section of the park into small camping sites, large enough for a car and a tent, and have lights and water there for the occupants. No action was taken on the matter further than to decide to discuss it with the Chamber of Commerce and the residents of the Scotland addition. Mr. Hill stated that he had seen the municipal camping ground plan worked in a number of cities, and that it was growing in popularity with the tourists, it making the town seem more home-like. —Permissions were granted by the council for the placing of signs near each of the school buildings of the city, warning automobile drivers of the proximity of a school house, and requesting them to drive slow so as not to endanger the lives of the school children, or disturb their studies.

On Death of Mr. Hinckley.
Mayor Britton read the following resolution on the death of City Engineer L. C. Hinckley, which was unanimously adopted: "WHEREAS the death of L. C. Hinckley has visited the official family of the City of Wichita Falls and removed from the city a man who has served the city for more than ten years as its city engineer during which time he has brought to the discharge of his duties a rugged honesty, a never failing energy and an efficiency unsurpassed, a cheerfulness and willingness seldom equaled, and

"WHEREAS during his tenure of office he has rendered to this city a service which can scarcely be estimated in its importance and at a time when the city was undergoing a transition from the town to the city, always looking and working to the city's interests, laying at his finger tips as it were the whole history of the development of the city in his department, in fact to such an extent that scarcely any public improvement made during his tenure of office or before but that he could instantly give the Board of Aldermen the true and exact facts concerning the same, and

"WHEREAS during the time of his association with this Board of Aldermen he has rendered it such efficient and faithful service that he has endeared himself to the Mayor and each member of the Board of Aldermen, who feel deeply the loss of Mr. Hinckley from among our City Council, recognizing that the city's loss and ours is second only to that of his beloved family.

"THEREFORE, BE IT RESOLVED: That this resolution be spread upon the minutes of the Board of Aldermen and that a copy be furnished to the family of our deceased officer and friend as a perpetual testimony of the high regard in which he was held by us as well as by the city, and as a just tribute to his true worth, both as a man, as a friend and as an officer."

Accounts of Officers Checked.
The accounts of the city officials were checked, and City Clerk Skeen highly complimented on the excellent report he had to present. The reports showed a balance of available funds on hand of \$37,584.16, and \$3,915.58 in interest in the sinking fund.

The Resignation of Dr. Taylor. as city food and dairy inspector was read and accepted with the regrets of all members. No action was taken to fill this vacancy, nor the one caused by the death of Mr. Hinckley.

E. R. Miller, special inspector for the State Fire Insurance commission, came before the council and made a very interesting report on his inspection of the city. He was very complimentary on the conditions he found here and stated that of all the towns of this state which he has inspected Wichita Falls showed the greatest interest in fire prevention and in sanitary conditions. His report to the Commission on Wichita Falls he said would be the best he had ever filed.

MAJESTIC TO SHOW

"THE GOLDEN LOTUS"

Among the famous and popular stars of the European screen, none is more noted than Regina Badet, the Vampire of France. Miss Badet is not alone noted for her siren beauty but also for her wonderful acting ability and her grace and ability as a dancer. Whenever a feature picture is shown in which she is the star, the theater is jammed to the doors by her admirers. Miss Badet can now be seen for the first time on American screens. She will be seen at the Majestic theater in this city on Wednesday in "The Golden Lotus," the strange story of a woman who led a double life and who brought sorrow and suffering to two men as the result. Miss Badet's wonderful beauty has never been seen to better advantage than in this production. She thrills the most sophisticated of spectators, and her acting is scintillatingly brilliant. Supporting Miss Badet is an exceptional company and the scenes where "The Golden Lotus" has been filmed are so gorgeously and romantically beautiful that they stand out as one of the most exceptional features of this very exceptional picture.

Baum & Gardner

EXCLUSIVE STYLES

It's part of our business to have the sort of things our customers like; the other part is to be sure they continue to like the things they buy here. That's what our guarantee of satisfaction means.

Clothes for men of affairs

There are many men built like those in the picture. Some are short; others are tall, erect; or head forward; many of them believing that the only way to get clothes that fit is to have them tailored to measure. That's costly and uncertain, these days. Hart Schaffner & Marx clothes are here ready and there's a fit for every man. These makers use nothing but the finest all-wool fabrics in their clothes. We have conservative models for men who like them, and younger models for middle aged men who prefer to look as young as they feel. Take your choice. You can have your money back if you're not satisfied.

SHIRTS AND UNDEWEAR FOR "ODD SIZE" MEN

We make a specialty of fitting "hard to fit" men in shirts and underwear—sleeves just the right length; no binding or drawing under the arms—the prices are as easy as the garments feel on you—and that's mighty easy.

"Absolute Reliability"

FEATURE FILMS OF WEEK

Two whole days of Margaret Clark's newest picture, "The Amazons," is promised picture fans by the Empress management, this picture to show Monday and Tuesday. Another two days run picture is "The Clodhopper," a comedy said to be quite the best thing put over in many a day in the Triangle studio, which will be shown Monday and Tuesday at the Majestic.

EMPIRESS TO STAR JACK PICKFORD WEDNESDAY Jack Pickford, star of "The Varmint" by Owen Johnson, which is appearing at the Empress theater this Wednesday, is the younger brother of the famous Mary Pickford. It is not often that a young actor attains fame at as early an age as has Mr. Pickford, especially with the handicap of a famous sister. But, step by step and by long and faithful working, Jack Pickford has earned for himself a unique place in filmdom and reckons among his most famous characterizations "The Dummy," "Freckles," and "Seventeen." In most of his pictures he has been supported by dainty Louise Huff, and in "The Varmint" also, Miss Huff appears as leading lady. "The Varmint" is a Paramount picture.

MONDAY: Marguerite Clark in "The Amazons" at the Empress. Mary Fuller in "The Untamed" at the Gem. Charles Ray in "The Clodhopper" at the Majestic. TUESDAY: Charles Ray in "The Clod Hopper" at the Majestic. Marguerite Clark in "The Amazons" at the Empress. WEDNESDAY: Jack Pickford and Louise Huff in "The Varmint" at the Empress. Regina Bader in "The Golden Lotus" at the Majestic. THURSDAY: Bossie Barriscale in "Hater of Men" at the Majestic. Valerka Surratt in "Wife Number Two" at the Empress. FRIDAY: Harold Lockwood in "The Hidden Spring" at the Empress. "It Happened to Adele" at the Majestic, with Gladys Leslie. SATURDAY: Mary Miles Minter in "Periwinkle" at the Majestic. Peggy Highland in "Caste" at the Empress.

WICHITA THEATRE TO SHOW "CIVILIZATION" Commencing Monday, Sept. 17, 18 and 19th Thos H. Ince's film spectacle, "Civilization," will commence a limited engagement in the Wichita Theatre "Civilization" has been running simultaneously in New York, Chicago and Boston for the past six months, and Wichita Falls will be one of the first cities outside of those to see the picture. Exhibitions will be given daily at 8:30 p. m. All seats will be reserved at all performances. The sale for "Civilization" opens at Rexall Drug Store, Friday, Sept. 14th. "Civilization" is distinctly modern in its theme, and as a specimen of photography is said to surpass anything ever projected on a motion picture screen. Thousands of people are employed in its battle scenes, but above all this is the remarkable and intensely dramatic story, unfolded as the action proceeds. This story has to do with a monarch whose motto is "Might is right," and who, to satisfy his lust for ambition and power, plunges an entire continent into war and causes untold misery and suffering. His country is defeated, however, and retribution is visited upon him in a manner terrible to behold. "Civilization" is booked at the Wichita Theatre, Sept. 17, 18 and 19th.

MARGUERITE CLARK STAR AT EMPRESS MONDAY AND TUESDAY For sheer grit and pluck little Marguerite Clark has no superior. In her latest Paramount picture "The Amazons," she plays a tomboyish sort of a girl who fences, boxes, swims, and swims exactly like a boy—and a mighty clever boy at that. In several scenes she fights, and the fights are real, stand-up-and-take-it fights, and little Miss Clark got severely bruised during the course of some of them. But did that stop her? On the contrary, she straightaway engaged a trainer and actually took lessons in scientific boxing. This is only an example of the way she has worked her way from the start of her motion picture career, stopping at nothing, making a stepping stone out of each obstacle. She started with amateur theatricals at her home in Cincinnati from which she graduated to a small part in the Zorn Opera Company and later to musical comedy. Step by step, little by little, she advanced, appearing on the stage both in this country and abroad. Some of the productions in which she starred were: "Affairs of Anatole," "Snow White" and "Prunella." It was a stunning photograph of Miss Clark in "Prunella" that caught the eye of Adolph Zukor, president of the Famous Players-Lasky Corporation, and set him speculating as to whether or not Miss Clark would be as irresistible before the motion picture camera as in the photographer's studio. The more he studied the more he became convinced that the star was suited both by personality and histrionic ability to become a great motion picture favorite. Thus the end of the long run enjoyed by "Prunella" found Marguerite Clark forsaking the stage to appear in a screen adaptation of "Wildflower." Her appearance in this was hailed with delight by the American and British public alike, and never did a star leap so quickly to public favor, for with her advent to the motion picture she gained a public a hundred times greater than she could ever have hoped for on the speaking stage. Her Paramount pictures since that time, in the order of their appearance, have been: "The Crucible," "The Goose Girl," "Gretchen Green," "Pretty Sister of Joe," "Seven Sisters," "Still Waters," "The Prince and the Pauper," "Mice and Men," "Out of the Drifts," "Molly-Make-Believe," "Silks and Satins," "Little Lady Elleen," "Miss George Washington," "Snow White," "The Fortunes of Fifi," "The Valentine Girl," and now "The Amazons," which will appear at the Empress Theatre Monday and Tuesday.

MARY FULLER AT THE GEM MONDAY Mary Fuller in "The Untamed" will be the attraction at the Gem Theatre Monday. Capt. Peacock wrote the story of "The Untamed," the two-reel Mary Fuller feature, which was adapted for the screen by Catherine Turner, and produced by Lucius Henderson. Mary is supported by William Walsh, one of the pioneer "villains" of the screen in the vital and intense story of a moonshiner's daughter, who makes an unexpected debut in society, loses her heart, and takes refuge again in her mountains. The ending after that, is the entirely satisfactory one. Casga is a moonshiner's daughter, and could see nothing wrong in making whiskey in your own still. Clem Wytal, the owner of the dance-hall in town, had not realized that she is grown up, until he sees her when he comes to get a supply of the illicit liquor for his place. Casga, as wild as a hawk, repulses him with violence. The revenue officers attack the moonshiners, and her father is shot. She continues to run the still herself. One day, Clem invites her to come to the dance-hall, and brings her a pretty frock to wear. She is delighted and determines to go. Howard Pike is a shy. Finally, when he tries to kiss her, she runs home. Howard Pike is investigating in the dance hall. He sees Casga, and admires her wild beauty. Clem introduces her to the men, but she is very shy. Finally, when he tries to kiss her, she runs home. Howard Pike is investigating in the mountains, and is joined by his fiancée and her father. Casga sees them in the distance and is jealous of the pretty well-dressed girl. Later their auto frightens her horse and she is thrown and hurt. Rose is fascinated by the wild charm of the mountain girl, and takes her home with her. In confidence Rose tells Casga that her father wants her to marry Howard, but that she loves some one else.

Wichita Theatre MONDAY, TUESDAY Sept. 17-18-19 and WEDNESDAY Wed. Matinee, 2:30 p. m.—Nights, 8:15 p. m. THOMAS H. INCE PRESENTS THE WORLD'S GREATEST FILM SPECTACLE Cost \$1,000,000 to Produce "CIVILIZATION" GREATER THAN "THE Birth of a Nation" The Acme of Realism. The Sensation of Boston, Philadelphia, Chicago, St. Louis and the Metropolitan Centers. IF YOU HAVE ONE DROP OF AMERICAN BLOOD IN YOUR BODY, SEE "CIVILIZATION" WICHITA THEATRE 3-Nights, Commencing Monday, Sept 17th-3 Reserved Seats on Sale at Rexall Drug Store Friday, Sept. 14th Prices, Nights, 25c, 50c, 75c, \$1.00—Matinee, 25c and 50c Bargain Matinee Wednesday, 2:30 P. M.

MAJESTIC THEATRE MONDAY CHARLES RAY The star of "THE PINCH HITTER" and "THE MILLIONAIRE VAGRANT" scores the hit of his career in a breezy comedy-drama of Broadway and Bumpkinville. "THE CLODHOPPER" A THOMAS H. INCE production brimming with beauty and action of the JOY-GIVING sort; the most remarkable human, humorous and touching play that it has been our pleasure of showing. It will bring tears to eyes unused to tears, and it will leave a smile in your heart, despite the frog in your throat. Did your mother ever order you a suit from the big mail order house? Charles Ray's mother did; and to see him on Broadway doing the "CLODHOPPER GLIDE" in this mail order suit is a delight that we are at a loss to find words to describe. But bring your family, or your BEST friend to see this CLEAN, DELIGHTFUL picture, and promise them the treat of their lives, and they will not be disappointed. 5c and 10c—Prices—5c and 10c

Free Pictures -AT- Lake Wichita EVERY NIGHT

EMPRESS THEATRE MONDAY and TUESDAY Marguerite Clark in "THE AMAZONS" [From the pen of Sir Arthur Wing Pinero, the great English author and playwright.] FIRST OF THE NEW ARTCRAFT-PARAMOUNT STAR PRODUCTIONS The story has a wonderful natural appeal to all ages. The weakest imagination can see screamingly funny possibilities in the idea of a mother bringing up her three daughters as if they were sons. Miss Clark plays the part of the one girl who really delights in the fact that she is a boy and enacts the character throughout with unprecedented delight. It will be a revelation to see Miss Clark in this picture, for to the charm of her inimitable self she has added the athletic agility of Doug Fairbanks and other characteristics heretofore undreamed of. Can you imagine Marguerite Clark doing a giant swing on a trapeze? Can you picture her jumping from a second story window and swinging on the limb of a tree to the ground below? Can you picture this star galloping madly along the highway on the back of a runaway horse, only to be snatched to safety by an English army officer who follows her in his auto? Picture her as a pugilist in a prize ring; imagine her knocking out a thug; visualize her climbing up the side of a vine-clad wall! Well—they're all there, and more, too. Thrills, heart interest, laughs galore, action, and that wonderful originality and novelty always found in a Clark production. Schedule: 12:30—2:00—3:30—5:00—6:30—8:00—9:30 P. M. ADMISSION—CHILDREN, 10c; ADULTS, 20c

SAXON \$395 f. o. b. Detroit A Wonderful Value Saxon Roadster at \$395. You may think you have seen big values in motor cars. And perhaps you have. But you have never seen a car offering so much visible, provable motor car value for the money as this Saxon Roadster. Just stop and count some of the things that distinguish Saxon Roadster and make it the big-value car of the market. First, it is the lowest-priced completely equipped car. The next lowest priced costs \$600—that's over \$200 more than the Saxon Roadster price of \$395. Next, it is the lowest-priced car with an electric starting and lighting system. Saxon Roadster has the Wagner 2-unit type. The next lowest-priced car with this feature costs \$750. Then, Saxon Roadster is the lowest-priced car with a 3-speed transmission. And that means 25% faster acceleration, more speed on less power, and it protects the motor from overheating and overworking. Saxon Roadster is the lowest-priced car with Continental motor. The next lowest-priced car with this attraction costs \$1095. Saxon Roadster is the lowest-priced car with demountable rims and 30 inch x 3 inch tires. Further, Saxon Roadster is the most economical car in the world to own and drive. A close and accurate record of upkeep costs turned in by thousands of Saxon Roadster owners shows that only 3c per mile completely covers all expenses including gas, oil, tires, service-attention, storage, depreciation on investment, and interest on investment. Saxon Roadster is a handsome car, and roomy, too. Two passengers have room aplenty—both in seat space and leg length. It is powerful and flexible. Every part is rugged and strong—built to meet hard service and long service without weakening. Now, of all the year, is motoring time. Come in and see Saxon Roadster. Let us give you a demonstration in the "bargain" car. Price, \$395, f. o. b. Detroit. Saxon "Six", \$935; Saxon "Six" Sedan, \$1395; Saxon "Six" Chummy Roadster, \$935, F.o.b. Detroit. Consumer's Cash Store Wichita Falls, Texas

PERSONALS

L. H. Lawler and family returned yesterday after a three weeks automobile trip during which they visited Galveston, San Antonio and other Texas points.

Miss Erna Dawson of Granbury is the guest of Dr. A. R. Prothro and family. Miss Dawson will be a teacher in the Wichita Falls schools.

Miss Louise Montgomery of Dallas, is spending a week end with her cousin, Elizabeth Webb.

Mrs. D. W. Fraley and daughter, Lucille Bandy, of Ardmore, Okla., are visiting their father and grand father, W. A. Bandy.

Miss Elizabeth Stovall left Saturday for her home in Plano after a short visit with Miss Pearl Bandy. Miss Stovall had been visiting in Stamford.

C. W. McDonald of Altus, is visiting friends here this week.

The many friends of W. J. Burt were pleased to see him on the streets yesterday afternoon after being confined to his room for more than a week with fever.

Mr. and Mrs. R. Hagin have returned to their home here after spending the summer at Fayetteville, Tenn.

Mrs. George Backus of Vernon is the guest of Mesdames W. M. Langford and Geo. Stearnes.

Mrs. Ben Edding and daughters, Misses Elizabeth and Ruth have returned to their home in Jonesboro, Ark. after an extended visit to the families of W. M. Langford and Geo. Stearnes.

Miss August Wilson has returned to her home in Fort Worth after attending the bedside of her sister, Miss Geneva Wilson, who has been quite low. Miss August is a teacher in the Masonic school at Fort Worth.

G. M. Thaxton of New Orleans was in the city today enroute to Abilene. Mr. Thaxton is representative of the Silvan-Newberger Cotton Company of New Orleans.

Major M. G. Holliday of the National Army, stationed at Dallas, was in the city for a few hours yesterday.

Rev. J. C. Duncan left yesterday afternoon for Electra. He will fill the pulpit at the Red River Baptist church at both services today.

J. O. A. Mann of Everman, Texas, is visiting his son, Luther Mann.

Roy and Guy Stuckey of Frederick, Okla., are visiting their sister, Mrs. D. I. Ellis.

J. K. Bisset and daughters, Corinne and Thelma, have returned from a visit in Fort Worth.

Mrs. Sam Bullman of Dallas was here this week to place her daughter, Miss Edwina Hart in the Academy of Mary Immaculate.

C. A. Patterson has returned from Mangum where he spent two weeks visiting friends.

Mrs. H. L. Krittenden has returned to her home in Mangum after a visit with friends here.

Miss Blanche Rose Walker, mission-

AN APPEAL TO YOUR TASTE IN FOUNTAIN DRINKS AND FINE CANDIES

You will find your Favorite Drink at our Fountain, and we will serve it to you in a way that will just suit your taste. Our aim is to make drinks just little better than you would find them elsewhere and to serve them to you in the most Sanitary way. People who once try OUR REFRESHING FOUNTAIN DRINKS come again and again, so we must infer that they are satisfied.

"YOUR CHOCOLATES ARE REALLY THE FINEST I HAVE EVER TASTED ANYWHERE IN THE WORLD"—that's what Mary Garden said about the Candy which we are Agents for.

—Fresh Spiciments every few days

WANTED Two messenger boys with good wheels; good job, good pay, steady work. Apply at once.

First Attention To All Sick Orders For The Sick **Palace Drug Store** Special Attention Given Our Prescription Dept.

ary from China, home on a furlough, was the guest of Rev. and Mrs. T. E. Cannedy Saturday. She went to Burk Burnett this morning to speak at the Baptist church in that place.

Miss Kathryn Lucille Cannedy will be among the Wichita Falls girls attending the College of Industrial Arts at Denton this year.

Mr. and Mrs. L. B. Cummings and son left yesterday morning for a three months visit in the northwestern states, for the benefit of Mrs. Cummings' health.

Miss Nathalie Lebeson left yesterday afternoon for New York, for a visit with relatives.

Mrs. Grace Higgins and Miss Willie Stewart will leave Monday night for New York, to spend their vacation. They will be away two or three weeks. Miss Bee Stewart will accompany them to Arkadelphia, Ark., where she will spend her vacation.

T. Emerson of Fort Madison, Iowa, was in the city yesterday. He is representing the Shaeffer Fountain Pen Co.

Miss Hilda Masters of Denton, who is to have charge of the Latin department of the High school here this winter, came in Friday night, and at present is the guest of Mr. and Mrs. Marcus Kelley.

Close Down Your Desk and get out in the open air. It will do you a world of good and you'll be a better business man tomorrow. If you haven't golf clubs or bag, tennis racquet, etc., come right here and get them. We have all the best makes.

C. B. WOODS HIGH GUN AT FRIDAY'S SHOOT

C. B. Woods was high gun at the regular weekly shoot of the Wichita Gun Club Friday afternoon, breaking 24 and 25 targets, respectively, in two twenty-five target events. G. A. Wilfong broke 21 targets in the first event and in the second event made 25 targets. This was the first time Mr. Wilfong has done such shooting. There was only a small attendance at Friday's shoot, most of the members appearing to prefer shooting live doves to blue rocks.
