EVIDENCE OF DEFENSE PRESENTED TO SENATE

NO TAX MONEY IN TEMPLE BANK DECLARES CLERK

FRANK HARGON, OF STATE DEPARTMENT TELLS ABOUT FUNDS.

CASE MOVING SLOWLY

Owing to Press of Other Matters Before Senate, High Court Did Not Convene Until Late Hour.

By Associated Press. Austin, Texas, Sept. 13.—Five thousand dollars deposited in the Temple State Bank in 1915 to the secretary of state's account, and kept there since, represented excess remittances and not taxes subject to be drawn out quarterly, Frank Hargon, cashier in the state department, testified today at the impeachment trial of Governor James E. Ferguson.

Hargon was the first witness called for the governor. He said that checks sent out on the \$5,000 had never been cashed, and the money, which represented accumulations over a considerable period, had been kept in the bank.

The prosecution had attempted to show that the Temple State Bank profited through having state funds on deposit, and that \$5,000 through its long stay in the bank, had been particularly profitable.

Work is slow. Little progress was made today. Owing to the fact that the high court did not convene until about 11 o'clock, the prosecution then produced two witnesses and a number of letters that it read into the record.

Mr. Hargon read from records of funds in October, November and December, 1915, showing that the department's collections did not exceed \$10,000 during each of these months. He said it first became the custom to settle secretary of state accounts with the treasury quarterly in May, 1916. It was then decided, he said, the law permitted this. Before then settlements were monthly.

Mr. Hanger introduced a record prepared by Hargon of monthly balances in the American National Bank of Austin and Temple State Bank, through 1915, 1916 and 1917. Hargon said the \$250,000 deposit in the Temple bank which has been frequently mentioned in testimony, was there for five days. "There was another deposit about the time of \$50,000."

Mr. Crane asked on the cross examination if the \$5,000 had not been left in the Temple bank eleven months.

Long Time in Temple. Hargon replied it had, and also said checks on the excess remittances were drawn on the American National Bank, and the money had been taken from that bank and placed in the Temple bank.

"Did that money belong to the state?" asked Mr. Crane. "No." "Did it belong to the secretary of state?" "No."

"Isn't it true," asked Mr. Crane, "that the \$5,000 sent to Temple was just state department money?" "I guess it is," said Hargon.

The witness said it was a fact that the hundreds of thousands of dollars put in the Temple bank were simply deposited and not placed there for collection.

In reply to a question, he said that if checks had been presented for the excess remittances they would have been paid from the secretary of state's funds in the American National.

By Associated Press. Austin, Texas, Sept. 13.—Governor James E. Ferguson today began before the Senate high court of impeachment his defense to the twenty-one charges brought against him by the House board of managers.

At what time the governor will take the stand has not been indicated, although it is expected that he will testify.

TO INVITE OFFICERS TO VISIT THIS CITY AND INSPECT SITES

B. F. Johnson, secretary of the Chamber of Commerce, left last night for Dallas to meet a commission of army officers to invite them to come to Wichita Falls to inspect prospective sites for a big maneuvers camp in this vicinity.

What Could Be Done.

Among the things that could be done would be to adjourn the court pending a reply from the governor. If he maintained silence he would remain under suspension of office, and the Acting Governor, F. Hobbs, would continue in his present position.

The house record of Governor Ferguson's testimony was read into the Senate record yesterday.

It was nearly 11 o'clock when the high court convened, as the Senate had pending business to attend to.

At Crane's request permission before the defense began to read a letter written by the late banking commissioner, J. T. Patterson. W. A. Hanger, former governor, objected, saying the letter was not in the Temple State Bank, arranging for the deposit of \$1,000 or \$5,000 monthly in the Citizens Bank and Trust company of Austin to the credit of the Temple Bank to be repaid quarterly. The letter expressed the hope that the deposit would be added to the bank.

Blum is Recalled. Mr. Crane also recalled H. S. Blum, assistant cashier of the Temple bank, who identified a letter from Governor Ferguson to the Chamber of Commerce, 1917, asking that a statement of the special fund be sent him at once, and a letter of February 5, 1915, guaranteeing the \$5,000 to Ferguson and J. H. Davis notes for \$37,500 each.

Cross examined, Blum testified that these and two other letters were in a file of 83 letters which J. H. Davis, assistant private secretary of the governor, had written to the Temple bank. Mr. Hanger said he elected this testimony to show that Blum was the governor's agent and was looking after his private affairs. He said that Davis would be put on the stand. He said the contribution to the fund for the National Reserve Bank of Kansas City, with instructions that it be deposited in the Temple bank.

Blum said he did not know whether various checks deposited by J. H. Davis to the credit of the governor's official accounts were on Canyon City Normal insurance.

W. D. Hornaday, correspondent of the San Antonio Express, testified that in addressing the House March 13, 1917, he understood the governor to have said that he did not "owe the Temple State Bank a nickel."

Frank Hargon, cashier in the department, said the first witness in the Temple bank early in 1915 represented the accumulation of excess remittances in the state department and had been kept there continuously since. This \$5,000, he said, was part of a \$15,000 balance which had been in the bank since June of this year. Checks on it were still outstanding, he said.

Recess was taken while Hargon obtained records from the state department.

Message Dispatched By General Pershing to American Troops

By Associated Press. New York, Sept. 13.—Major General Pershing has sent a message to American soldiers through the New York Bible Society, which was made public today. The message, which will be inserted in the small khaki-covered Testaments given to the men, follows:

Aroused against a nation waging war in violation of all Christian principles, our people are fighting in the cause of liberty.

Hardship will be your lot, but trust in God will give you comfort. Temptation will befall you, but the teachings of our Saviour will give you strength. Let your valor as a soldier and your conduct as a man be an inspiration to your comrades and an honor to your country.

GERMAN-AMERICANS WANT LANGUAGE TEACHING KEPT UP

By Associated Press. New York, Sept. 13.—The German American Societies of Greater New York have united in a campaign to resist any attempt to banish instruction in German from the public schools of this city. A circular is being prepared in German and English in which great stress is to be laid upon the commercial and cultural importance of the German language.

ILLINOIS STREET CAR STRIKE SITUATION SERIOUS

By Associated Press. Springfield, Ill., Sept. 13.—The industrial tie-up growing up out of the strike of street car operatives became more acute today, when barbers, grocery clerks, brewery workers and meat cutters joined the strikers ranks. Plumbers and electricians are threatening to leave their work. Estimates strike the number now on protest at between 7,000 and 8,000.

NATION WIDE WOMAN SUFFRAGE AMENDMENT WILL BE VOTED ON AT NEXT SESSION OF CONGRESS

By Associated Press. Washington, Sept. 13.—The Susan B. Anthony resolution for nation wide woman suffrage by constitutional amendment was favorably reported today by the Senate suffrage committee and will take place on the calendar for a vote at the session beginning in December.

Without debate or objection the Senate today passed Senator Shafroth's bill authorizing the Hawaiian legislature to give women who have property and other qualifications of men, the right to vote in territorial elections. It also authorizes the legislature to submit to the territory the question of giving women unrestricted suffrage there.

Whether the suffrage resolution can command the necessary two third vote in the Senate and later in the House is a question. President Wilson so far has refused to put the influence of the administration behind it, although urged to adopt it as a war measure.

FOUR AUTOMOBILE BANDITS SPREAD TERROR AT SULLIVAN, MO., THEN ROB BANK AND RAILWAY OFFICE

By Associated Press. St. Louis, Sept. 13.—Four automobile bandits drove into Sullivan, Mo., fifty-five miles southwest of here, at 4 o'clock this morning, bound the night telephone operator, as well as his son, and threw them into a box car, and then blew the safe of the People's Bank.

The amount of money taken from the bank is not yet known, as the bandits cut all telephone and telephone wires leading out of the town.

The sheriff of Union, Mo., telephoned here that the bandits also had robbed the Frisco railroad station at Sullivan. They escaped and are supposed to be headed towards St. Louis.

SOLDIERS' "SMOKES" FUND STARTED BY TIMES, SEVERAL CONTRIBUTING

There has been no great rush of contributions to the "Boys in France Tobacco Fund" announced by the Times yesterday. This is not discouraging, for this has been the experience of papers much larger than the Times. The contributions come slowly at the start, but after a few days it has been the experience of most papers which are conducting the campaign that the contributions come in more freely. One dollar and seventy-five cents is the total of the contributions so far received. This will buy eight packages of tobacco, each of retail value 4 cents.

Wichita Falls, was the first contributor to the fund.

Twenty-five cents, just about what the ordinary cigar smoker spends for a day's smoke, will put these packages containing a week's supply of smoking tobacco in the hands of some American soldier in France.

The fund is being carried on by a postal card, bearing the address of the donor. The soldier receiving it is requested to return the card with his thanks and address thereon.

REST ROOM BILL FOR DALLAS GETS MAJORITY BALLOT

By Associated Press. Austin, Texas, Sept. 13.—The House today passed finally the bill by Miller of Dallas authorizing the county commissioners of Dallas county to construct a rest room at the court house for the accommodation of women and children who may be attending court. There was no opposition to the measure.

Representative Bessley, obtained the adoption of the resolution by a vote of 89 to 17, ten present and not voting, praising Representative Deborogy of Taylor county for the way in which he voted in the impeachment proceedings against the governor in the House. An editorial endorsing the action of Deborogy, appearing in an Austin paper, was incorporated in the resolution.

The House passed finally the Coleman county road law bill. The House investigating committee has not as yet presented its report to the House on the matter of investigating the various state departments and institutions of the state.

The Senate home guard bill by Johnson of Harris, was passed finally in the House, to provide that home guards shall be organized by the county commissioners' court and called out by the sheriff.

GOOD "COTTON WEATHER" PREVAILED DURING WEEK

Washington, Sept. 13.—Warm weather prevailed throughout the cotton area during the past week, according to the weekly crop bulletin issued here. It was somewhat too cool for cotton in the extreme northeastern district at the close of the week. Rain fall was heavy in central Texas, and in southeastern Oklahoma.

RIOTERS WRECK GERMAN HOUSES IN BUENOS AIRES

FEELING AGAINST TEUTONS SAID TO BE GROWING AMONG PEOPLE.

SEVERAL ARE INJURED

Cabinet Approves Action of Argentine President in Presenting Passports to Count Luxburg.

By Associated Press. Buenos Aires, Sept. 13.—The rioting which began here late yesterday in an anti-German demonstration continued throughout the night. Every German business house and restaurant in the downtown district was wrecked. The German club and several other buildings were damaged seriously by fire. The police wounded several rioters seriously as they fired into the crowds. Three of the injured are expected to die.

Crowds Unmanageable. At first the crowds were so unmanageable that the police cleared all the streets leading to the German legation and consulate. The archives in the legation were taken to the storage vaults for safe keeping. Firemen armed with rifles, prevented the mob from destroying the offices of the German Trans-Atlantic company, which supplies the city light. Heavy forces of provincial troops are guarding the railway over which German Minister Luxburg will arrive today.

Approves Action. The cabinet late last night approved the action of President Irgoyen in presenting passports to Count Luxburg. It is said to have considered some action in the case of Baron Lowen, the Swedish minister, but no action was taken pending the receipt of further details from Washington or Stockholm.

IGNORANCE OF MINISTER IS PLEADED AS EXCUSE. By Associated Press. London, Sept. 13.—The Daily Mail today publishes an interview had by its correspondent in Stockholm with Hjalmar Branting, in which the Socialist leader asserts his belief that Foreign Minister Lindman was not informed of the custom of the Swedish minister at Buenos Aires permitting German cipher messages to pass through the legation without troubling to decipher them.

"Hence we became involved in a scandal of the first order through blind confidence in Germany," Mr. Branting is quoted as saying.

"Sweden's desire to serve has been rewarded by a shameful disloyalty, more after because of enormous stupidity—nothing more."

"The Germans call us 'Dummen Schweden' (stupid Swedes). This colossal blunder proves that they truly estimated the ignorance of our ministers."

"All parties here unite in repudiating ministers who have made us play a ridiculous part, but we cannot complain of any measure taken by the allies while we have ministers capable of such stupidity."

SWEDISH DIPLOMAT ADMITS INFORMATION. By Associated Press. Washington, Sept. 13.—Baron Alkerhelm in charge of the Swedish legation here, today informed Secretary Lansing he had received the statement of the Stockholm foreign office already published here on the passage of Count Luxburg's dispatches through the legation at Buenos Aires, but that as the department already was in possession of that information, he did not consider it necessary to present it formally.

Supply of Petroleum Decreasing Steadily State Refineries Men

By Associated Press. Atlantic City, N. J., Sept. 13.—Because of the increased demand for gasoline and oils, members of the National Petroleum Association, in convention here, said they looked for higher prices in the near future for those products. The convention represents more than fifty independent refineries east of the Rocky Mountains. The supply of petroleum, members told the convention, is dwindling and there is no hope of increasing while the war lasts.

CIPRIANO CASTRO LANDS AT AN AMERICAN PORT

By Associated Press. An Atlantic Port, Sept. 13.—Cipriano Castro, former president of Venezuela, arrived here today on a Spanish steamship from a Mexican port. He declined to discuss the purpose of his visit to this country.

By Associated Press. London, Sept. 13.—General Korniloff, former commander in chief of the Russian armies and leader of the rebellion against the provisional government, has expressed a willingness to surrender on certain terms, says a dispatch from Petrograd to the Exchange Telegraph Company. The provisional government, however, demands his unconditional surrender.

POWER BEHIND BROKEN. Petrograd, Wednesday, Sept. 12 (9:25 p.m.).—According to an official statement just issued, General Korniloff's attempt seems to have collapsed and there is no longer any reason to fear a collision between the two forces. After General Alexieff had been in communication by telephone with General Korniloff the opinion was expressed that the revolutionary general would abandon his enterprise.

The Russian situation is summarized by the Associated Press as follows: General Korniloff's rebellion has collapsed and the army at his headquarters has surrendered, according to an announcement by a member of the Kerensky cabinet through the Russian official news agency.

General Korniloff indeed was believed to be on the point of abandoning his efforts. One report had it that he had offered to surrender on certain terms, but that the government demanded his unconditional capitulation.

The Russian army at the front evidently still is in a state of acute belligerency, as the German official statement reports the enforced withdrawal of German cavalry posts south of the Riga-Wenden road, on the northern Russia front because of strong Russian pressure. The Petrograd official statement today says that there was no communication from the field headquarters.

BITTER FIGHTING IS REPORTED ON ITALIAN FRONT

INTENSE STRUGGLE IS TAKING PLACE FOR POSSESSION OF MONTE SAN GABRIELE.

By Associated Press. Udine, Italy, Sept. 12 (delayed).—Italians and Austro-Hungarians are engaged in bitter fighting for possession of Monte San Gabriele on the Isonzo front. A bulletin issued today by General Cadorna, mentioning Monte San Gabriele for the first time, reveals that intense fighting for possession of that point has been going on since the taking of Monte Santo by the Italians.

AUSTRIANS RENEW ATTEMPT TO DISLODGE ITALIAN FORCE. By Associated Press. Rome, Sept. 13.—The battle between Austrians and Italians for possession of Monte San Gabriele is raging furiously, according to the official statement issued today by the Italian war department.

New Austrian forces yesterday renewed their attempts to dislodge the Italians from the slopes of the height, more after advancing at a few points, they were stopped by the main Italian line of occupation.

AMMUNITION IS GIVEN INTO MEXICANS' HANDS. Laredo, Texas, Sept. 13.—Nine thousand rounds of ammunition seized here by American customs officials a year ago because of an embargo order, were turned over to General Pablo Gonzalez last night and immediately sent to Mexico City. Additional ammunition still held is expected to be released later.

DEPORTED I. W. W. MEMBERS RETURN TO BISBEE, ARIZ.

By Associated Press. Phoenix, Ariz., Sept. 13.—A long distance message from Bisbee today said 34 members of the I. W. W., who were deported from there along with 1100 others on July 12, and who had since been camped at Columbus, N. M., arrived there on the train this morning and were met at the station by Sheriff Wheeler and 75 deputies. The men were marched to the ball park, the scene of the former famous roundup, where each one was examined.

It was found that seven of the men have property or families in Bisbee, and these were allowed to go about their business, unaccompanied. Eight more were found to be registered under the draft and their numbers called. These will be brought before the county board on Saturday.

All of these are foreigners and entitled to exemption. The remaining 19 stated that they had merely returned to get their personal effects and asked permission to get them and leave. Sheriff Wheeler placed each under guard of two deputies, who will see that they leave this afternoon.

STATE OF SEIGE PROCLAIMED FOR PORTUGAL PEOPLE

By Associated Press. Madrid, Sept. 13.—Portugal has been declared in a state of siege, according to a telegram received here from Lisbon, on account of a general strike. All establishments in the Portuguese capital have been closed. Several persons, including a number of soldiers, have been wounded by the explosion of bombs.

KORNILOFF DIVISION IS IN 15 MILES OF CAPITAL

By Associated Press. Petrograd, Sept. 13.—A division of General Korniloff's forces, composed of Moslem troops, has touched at Sakko-Selo, 15 miles south of Petrograd. Kukulshoff, a loyal Mohammedan officer, was sent to treat with them, and they agreed to abandon resistance to the provisional government on condition that they be sent home to the Caucasus, where they must not be employed against the rights of their religionists. Premier Kerensky agreed to the proposal.

According to official statements the so-called "savages" division, composed of Georgians and Caucasians, although devoted to General Korniloff, had no idea of their destination or his aims. The division consists of eight regiments of fierce Caucasian cavalry and contains a few Tartars.

Many Mohammedans. Almost all are Mohammedan, and among them are many princes. Their commander is General Bagration. The submission of the "savages" division was brought about through the devotion of a group of their religionists to the government. The tribune do not speak Russian, suspect and dread Christians, and when approached by the government they were emissaries, resented to listen to them and threatened them with arrest.

A Mohammedan Tartar artillery officer, General Kukulshoff, with other Moslem officers, who were devoted to the government, went yesterday on a mission to them and were well received. They have returned and are now at the Petrograd staff office. There the Associated Press interviewed General Kukulshoff, who said:

"The Caucasians declared they absolutely refused to surrender and come to Petrograd, for fear the Bolsheviks would massacre them. But they were willing to abandon resistance on condition they were sent home to the Caucasus front where, however, they must not be employed against their religionists, the Turks."

"After prolonged negotiations, we agreed to recommend this solution to Premier Kerensky. He returned to Petrograd. The premier has promised us that the 'savages' division will be unpunished and will be sent home. I consider their submission assured."

KERENSKY IS REPORTED MARCHING INTO BATTLE

By Associated Press. Stockholm, Sept. 13.—The Svenska Dagbladet announces it has received a dispatch from Petrograd stating that Premier Kerensky has left the Russian capital at the head of an army in order to meet the troops of General Korniloff before they reach the Petrograd. The premier has now promised us that the 'savages' division will be unpunished and will be sent home. I consider their submission assured."

WILBARGER FAIR HAS LARGE CROWD ON OPENING DAY

Special to The Times. Vernon, Texas, Sept. 13.—Yesterday's attendance at the opening of the fifth annual Wilbarger County Fair exceeded any previous first day attendance in the history of the fair, being but a few short of the 4,000 mark set by officials as the goal for the first day. The festivities were opened yesterday morning at 10:30 by the booming of five cannon in the fair park, which was the signal for starting the big parade through the downtown district. All business houses in the city were closed yesterday on account of "Ver-non-Day" at the fair. The exhibits this year are far in advance of those of previous years, despite the fact that the Wilbarger county has just passed through the most severe drought of her history. The live stock entries are unusually good. A big string of show cattle are here from Childress, while hogs and other live stock have been entered in large numbers from neighboring counties in Texas and Oklahoma. This is "Oklahoma Day" and hundreds of visitors are in the city from Tillman and Jackson counties in the new state. Yesterday's race card was exceptionally strong, and good races are promised for the remaining days of the fair. Special preparations have been made to entertain the visitors here Friday, which is "Wichita," "Patriotic" and "Panhandle" Day. Several hundred visitors are expected from Wichita county. Judging the live stock department is under way this morning and all of the ribbons will be up by tomorrow. Following are the results of yesterday's races: 2:22 Trot: Lee Daniels won, Frank S. second, Queen Oakley third; time, 2:30. 2:13 Pace: Daisy Gratton won, Lady Direct second, Slipaway third; time, 2:20. Half Mile Dash: L. G. Griffin won, Mollie Duval second, Harry Tracy third; time, 53 1-2.

He didn't come home last night and I could not stand it any longer."

Advices All Farmers to Hurry Purchases of Their Seed Grain

The following circular letter has been mailed to each newspaper in this section of the state by A. K. Short, Agricultural Agent of the Fort Worth and Denver City Railway: "The enormous demand and the high prices being offered for all grain and cotton seed, and the shortage of hay, makes it of the utmost importance that the farmer secure his feed and roughage now. "Buy or save now. Don't risk getting tight hay as you need it and don't risk getting short when time is plant. "We will be high next year, and a few acres planted now will help to save the high priced feed. "The Denver Road realizes the seriousness of this situation, and the precarious condition of the farmers of this section are sure to find themselves in unless the above advice is heeded. Not only are they sending out this advice, but place their entire agricultural department at the disposal of the farmers to help them locate just the kind and quantity of seed and hay they may want."

Deliberate Pillage Charged to Germans By French Populace

Associated Press Correspondence. Paris, August 20.—The Germans, according to the French claims, not only deliberately caused the fires that have partially ruined the beautiful and famous cathedral of St. Quentin, but pillaged the city before they set fire to a part of it. Officers and soldiers went about the city, it is claimed, and carried off furniture, silverware, pianos, and valuable pictures, and shipped them to Germany. They openly took safes filled with valuables, piling their loot onto vans in midday. One officer and a number of soldiers were observed, it is said, as they attempted to steal strong boxes from a bank.

FARMERS SEEK TO FIX MINIMUM COTTON PRICE

By Associated Press. Austin, Texas, Sept. 13.—J. W. Neill, director of farmers' institutes, department of agriculture, has issued a call for a conference of field workers of the department, and committees from the department, the Farmers' Union and Retail Merchants' Association, to discuss the question of fixing a minimum price for cotton. This conference is preliminary to the general conference to be held at Dallas on September 21, of directors of farmers' institutes from all of the departments of agriculture of the cotton producing states.

Garfield Asks Coal Supply be Conserved By American People

By Associated Press. Washington, Sept. 13.—Through the Chamber of Commerce of the United States, Dr. H. A. Garfield, fuel administrator, has appealed to American business men to assist in the conservation of coal. Dr. Garfield's appeal appears today in the official publication of the chamber, as follows: "It is the duty of every American to save coal during this winter. If every family will save a ton of coal, if every industrial plant will save ten per cent of the coal it uses, which ten per cent it now wastes, the coal problem will be largely solved. There is plenty of coal in the ground, but there is a shortage of cars and the labor at the mines. "If every family will reduce the temperature of its house at least five degrees, millions of tons of coal will be saved and the health of the nation will be improved."

Pink Boll Weevil Is Found By Government In Cotton at Hearne

By Associated Press. Washington, Sept. 13.—Discovery of the dreaded pink boll weevil near Hearne, Texas, and prompt measures to confine and eradicate the pest were announced today by the department of agriculture. The Texas department of agriculture and the A. & M. College of Texas have been asked to send representatives to join the government expert who has been ordered to Hearne. "Efforts will be made to establish by voluntary action a quarantine around the particular field or fields where the pest has been discovered. In the absence of any present legislation, state or nation, giving authority to deal with the situation, a voluntary quarantine was decided as a temporary measure. Legislation to meet such a situation is pending both in Texas and before congress."

MAY SEEK FEDERAL AID FOR DROUGHT DISTRICT

By Associated Press. Austin, Texas, Sept. 13.—The Senate has adopted a resolution by Senator Woodward providing for the appointment of a committee of three senators to make an investigation of the food control bill passed by congress, with a view of enlisting the aid of the Federal government and Food Controller Hoover for the relief of the drought-stricken citizens of West Texas.

MARINES MAKE RECORD IN LASHING AND STOWING

Special to The Times. Washington, Sept. 13.—What is believed to have been a record in "lashing" and "stowing" was made by the U. S. Marines serving on board a ship of the Atlantic fleet recently, according to reports received here today. When the call "up all hammocks" was sounded shortly after midnight, the sea-soldiers were sleeping in their hammocks. In just five minutes and twelve seconds they "turned out," "lashed" and "stowed" their hammocks in the nettings, dressed themselves and were at attention on the quarterdeck ready for any duty which might have been required of them.

"BEST" GERMAN AVIATOR REPORTED TO HAVE FALLEN

SOCIETY

FAREWELL RECEPTION GIVEN FOR REV. AND MRS. DATSON

Practically all the members of the church of the Good Shepherd, besides a very large number of friends from other churches, were gathered at the home of Mr. and Mrs. M. J. Bashara last night, to bid farewell to the pastor and his wife, Rev. and Mrs. Fred W. Datson, who are leaving on Friday for Fort Worth, where Mr. Datson has accepted a call.

Everything was delightfully informal. There were tables for forty-two, which were well occupied during the whole evening; and the selections on the Edison were much enjoyed. All the guests were invited to make a tour of inspection of the beautiful house, which was thrown open from top to bottom.

Guests gathered at the card tables, or in groups; or walked about, talking and looking at the beautiful rooms. Refreshments of brick ice cream, and cake and sundry confections were served, and a large punch bowl was in constant demand.

The very large number present was a further testimony to the very high regard in which Mr. and Mrs. Datson are held by their friends here. Coming to the church of the Good Shepherd about three and a half years ago, Mr. Datson and his wife started out to build up the church. How well they have succeeded may be judged in part by the presence of the beautiful new church at the corner of Burnett and Tenth streets, in part by the greatly increased activity in every department of the work of the church; in part by the smoothness and harmony with which all the work has been carried on; and in part by the genuine regret with which every one of the parishioners see them depart.

Mr. Datson has accepted a call at Trinity church, Fort Worth, and he will preach his introductory sermon there next Sunday. The family will reside at 605 St. Louis Avenue. Rev. Reginald T. P. Hicks will take charge of the church of the Good Shepherd. He is expected to be here on duty for the first Sunday in October.

ABE BASHARA ENTERTAINED JUNIOR LEAGUE TUESDAY

Abe Bashara entertained the Junior League of the Methodist Church South on Tuesday evening. The young people played forty-two, winks, and bunc; and enjoyed a number of selections on the Edison. Refreshments of ice cream cake, chocolate candy and fruits were served. Among those present were Ruth Crowell, Marvin Nutt, Louise Stevens, Louise Hines, Lona Brown, Henry Akin, Mary Mathilde Akin, Ethel May Martin, Joe Bailey, Loretta Allen Jerrold, Cecil Pryor, Ruth Nolan, Louise Maricle, Wayne Koonce, and Abe Bashara.

MRS. J. J. SIMON HOSTESS TO NEW IDEA CLUB

Mrs. J. J. Simon was hostess to the New Idea club Wednesday afternoon, the time being spent as usual with fancywork and chat and late in the afternoon a tempting two course luncheon was served, consisting of shrimp salad, mixed pickles, sandwiches and ice tea with a dessert of ice cream and cake. Mrs. C. S. Breneman and baby, Margaret, and Miss Clara McCarty were guests, the club members present being: Mesdames D. Della, C. F. Friberg, J. H. Simmons, E. V. Friberg, T. E. Dobson, Ross Corlett, Harry Thornberry and Newton.

MONROE CLUB MEETS WITH MRS. LOREN TAYLOR

Organization of the Monroe Club for the coming winter took place Wednesday afternoon at the meeting held at the home of Mrs. Loren Taylor, 1203 Lamar. Mrs. M. E. Faulk was elected president and Mrs. Everett McConnell, secretary and treasurer. The club decided to do special Red Cross work this winter and will meet again next week with Mrs. J. M. Bland to fill membership vacancies and make additional plans. Mrs. Taylor served delicious refreshments of ice cream and cake to: Mrs. Gilbert, a guest, Mesdames Everett McConnell, Frazier, Bland, Faulks and Chauncey.

American Red Cross Will Assist Russia With Ambulances

Washington, Sept. 13.—As a part of its program for rendering effective assistance to Russia, the American Red Cross is to ship at once to the Red Cross Commission in Russia, headed by Dr. Frank Billings, 125 motor ambulances and automobiles.

This is the third Red Cross shipment to be dispatched to Russia since the arrival of the Commission there less than two months ago. Drugs, medical supplies and surgical apparatus with a total value of nearly \$400,000, have already been sent.

Ambulances are needed with the Russian armies almost more than any other form of relief. On the eastern front there are now only 6,000 vehicles for the transportation of the wounded, while on the French front only a third in length; there are 75,000 ambulances. The automobiles now being shipped by the Red Cross will equip one Russian Army corps with five complete ambulance sections.

Each section will include fifteen motor ambulances, one auto-bus for transporting slightly wounded, one kitchen trailer, and one dressing station car. In addition, each section will have two touring cars for the use of officers; three light delivery trucks, one repair car carrying necessary tools and extra parts, and one extra car for gasoline fuel.

For the present, personnel for ambulance sections will not be sent to Russia.

ROTARIANS TOLD WORK UPON CAMP MOVING STEADILY

BELIEVES THAT CRITICISM OF CONTRACTORS WOULD BE UNJUST.

STANLEY FIELD TALKS

F. N. Lawton, Manager of Water Company, Warns Upholds the Views Expressed.

Stanley Field, of Maurice and Field, of Kansas City, and formerly of this city, told the Rotary Club at luncheon today that there should be no criticism of the work at the aviation camp, as the contractors were contending with difficulties of which the average man had no conception. This view was warmly upheld by F. N. Lawton, manager of the Water Company, though T. B. Spohn, of the Ball Bros. Glass Factory, contended that many of the leading local firms had supplied the bulk of the best sort of labor at the camp, and that these workmen were being corrupted by workmen beside men whose only idea was to do as little as they could get by with.

Progress Swift. "Knowing what I know about building," said Mr. Field, "I can safely say that the progress at the camp has been really extraordinary. There has been much criticism of the fact that there are a large number of men doing very little, and the government's money is being wasted. It is true that some of the men are not very industrious; but that is because it is practically impossible to get good foremen. Good mechanics are easily gotten, but they are hard to come by unless there is over them a good foreman, who will see to it that they turn out the work. The contract is not yet two weeks old, and that, too, ought to be taken into consideration. These men have had every sort of difficulty to contend with, and what is needed is your support, rather than your criticism."

Trouble A to Material. In support of this view of the matter Mr. Lawton spoke of the initial difficulty of getting the material on the ground. "Every drop of water, even whether for concrete or for drinking," he said, "had to be hauled onto the site. Much of the material was delayed. The right sort of men were difficult—almost impossible, in fact—to get."

As to losing men, Mr. Lawton contended that he had all lost men, but every water man I had for a while. But I think we must all be patient until the camp is completed. These men have just been to take that they could get, and do the best they could with it. In view of the difficulty of the conditions under which the work has been done, I am sure that you will agree with me, Mr. Field, that the results accomplished are extraordinary. I think we should all get behind these men and give them our support."

Vote. J. A. Kemp told the Rotary Club how proud he was of the Wichita county vote on the amendment, which he said, showed the largest majority of any county in the state, and the largest individual vote of any city in the state, except Houston and Dallas. Speaking of his visit to Austin, Kemp said that the acting governor had given every assurance that the statutory enactment necessary to make the amendment a law would be passed by special legislature. Mr. Kemp stated that if this were carried out, there would be a saving of about a year and a half. "And I feel sure," he concluded, "that the enactment will go through without any trouble."

Granted Leaves. President Dr. Q. P. Lee stated that all Rotarians who had been called to the colors would be granted indefinite leave of absence, and their dues paid while they were on duty. Dr. Lee also made the announcement that Rotarian Jack Shelton had been elected as honorary member of the Rotary Club, as a tribute to his ceaseless efforts to get into active service with the army. Mr. Shelton had persisted in the face of a great deal of discouragement, and had finally been accepted.

Other remarks were J. Colonna, who gave a short account of his trip to New York; A. L. Warren, who spoke of a recent trip to his old home, and E. G. Hill, who had recently seen the boys at Camp Bowie, and said that they were all in fine trim, though a little homesick.

FIELDER JONES TO MANAGE ST. LOUIS CLUB NEXT YEAR St. Louis, Sept. 13.—Rumors that Fielder Jones might not manage the St. Louis Americans next year were flatly denied by Phil Ball, owner of the team and by Fielder Jones today.

SMITH ELECTED ASSISTANT CHIEF FIRE DEPARTMENT

At a meeting of members of the Wichita Falls Fire department, held at the Central Station last evening, Fred Smith was unanimously elected assistant chief, succeeding Hubert Lewis, who recently joined the new National Army.

Another paid fireman has been added to the department, making eight in all. The federal laws governing this matter allow one fireman for each thousand inhabitants in a city, based on the last official census, which gave this city something over 8,000 population. It is obvious that the city now has almost double that population, but taken in 1920 can more paid men be added to the department. The adding of one man to the force reduces the fire insurance key rate in this city one cent.

Food of Households Perfectly Safe, Say Government Workers

Washington, Sept. 13.—Denial that the government is contemplating requisitioning any household stores of food is made by the department of agriculture and the food administration. Rumors had come to Washington that housewives were apprehensive that their stocks of canned goods were about to be seized for the army.

EPWORTH LEAGUE SOCIAL AT FIRST M. E. CHURCH

The latest activity on the part of the Epworth League of the First Methodist Episcopal Church, is what is called an Electric Light Social, to be pulled off in the basement of the church on Friday night at 8 o'clock p. m. This promises to be an extravaganza of a startling kind, including many novelties, old and new. Hardware refreshments—whatever that may be—will be served by Uncle Sam, notably disguised, Si Perkins, wop at large, the Candy Kid, Miss Newey, the Dutch Girl, and a Son of Sunny Italy. There will be, it is hardly necessary to mention, a curiosity program, though the nature of the curiosity has not been disclosed. Be on hand Friday night with a friend and fifteen cents.

PROF. T. L. KREBS TO DIRECT PRESBYTERIAN CHOR

Prof. T. L. Krebs of the Wichita Falls College of Music has been elected to direct the Session of the First Presbyterian church as choir director, and Miss Theresa Veale, the voice instructor at the college will be soloist. Mr. Krebs and Miss Veale will be in charge of the choir practice tonight with a full attendance of singers of the church is desired.

Kansas City Packers May Ask for Troops to Protect Industry

Kansas City, Sept. 13.—The packing house district is quiet this morning following the rioting of last night, when one striker was dangerously injured, two received minor injuries and an on-looker was badly bruised. It was said that Mayor Mendenhall may ask Governor Capper of Kansas, since the packing houses are in Kansas City, Kansas, to send state troops to prevent any further rioting.

STOCKHOLM NEWSPAPER ANSWERS ALLIED PRESS

Stockholm, Sept. 13.—The Conservative newspaper, Dagbladet prints a bitter editorial on the statements in British and American press concerning Luxburg affair. It says: "The barrage fire from New York and London editors will fall entirely to frighten Sweden out of its neutrality. The Svenska Dagbladet resents what it terms 'interference in Sweden domestic problems' and says the allied press is utilizing the present difficulties as propaganda for the formation of a 'Swedish party'."

American Transport Carrying Munitions Is Reported Sunk

New York, Sept. 13.—News received here last night from England that the Atlantic transport liner Minnehaha, which had made twenty-six voyages between New York and London, carrying 16,000 tons of munition and supplies on each trip, was sunk by a submarine last Friday, a short distance off the coast of Ireland, and fifty of her officers and crew were lost.

Shortage of Flour Feared by Millers Who Await Wheat

Chicago, Sept. 13.—Fear of an impending flour shortage will be expressed here today by representatives of milling companies, who asserted that unless there is an early and substantial increase in the shipment of wheat to terminal markets, the situation will be serious.

DECREASE OF MEAT SUPPLY IS PREDICTED BY PACKERS

Washington, Sept. 13.—That a decrease in the prevailing high meat prices cannot be expected unless cattle production is greatly stimulated, was among today's developments at the national conference of meat packers. Herbert Hoover has accepted the offer of the packers to put their plans under a licensing system and government regulation of the meat business will be the next move of the food administration.

A NOTABLE VICTORY.

The following from the Denison Herald, which has been one of the strongest and most forceful opponents of prohibition in Texas, will be read with interest:

A most notable victory was achieved by the dry forces when they placed Dallas county in the dry column on Monday. While the result had been forecast for sometime, none were so sanguine as to believe the vote in the city proper would be as close as the figures show.

The Austin press dispatches are authority for the statement that an effort is on foot to have the Legislature now in session take the proper legal steps to amend the State's primary election laws so amended and changed as to make it impossible for candidates for office to secure party nominations without having secured a majority of the votes cast at such primary election.

The Herald does not believe the relief desired is possible of attainment with primary majority nominations. Ever since we adopted the primary system of making nominations there has been more or less dissatisfaction and trouble and petty annoyances that ought to prove to every thinking man the utter fallacy of the system.

A joyless home, a pre-occupied husband and a bickering mother-in-law. You know the rest. What girl of spirits and love of life could long withstand the temptation to seek elsewhere the companionship she could not find in her own home. Then comes the inevitable—the crash and the realization. MEN WHO ESCAPED DRAFT MAY STILL ENLIST IN ARMY

Those who for any reason have escaped the army draft, are still eligible for voluntary enlistment, with the exception of those who were exempted on the grounds of their industrial occupation, according to instructions recently issued by the War Department. Recruiting officers are warned when examining any who claim exemption from the draft, to take great pains to verify such claims.

Instructions Given

The letter of instructions follows: Men registered under the Selective Law who have been examined and rejected by their local boards because of physical defects, or who have been exempted by the Rules and Regulations prescribed by the President for the Government local boards and resident aliens registered and who have not yet taken out their first papers and who have or may claim exemption, and who have been, or may thereupon be discharged by their local boards, are eligible for voluntary enlistment.

Men Once Rejected.

Applicants who have been rejected because of their industrial occupation, however, will not be accepted or enlisted. It will be understood, of course, that subjects of the enemy country or its allies, whether registered or not, will not be eligible for enlistment.

“Accepting and enlisting officers should take proper steps, to correspondence with the local boards if necessary, to verify the claims of registered applicants as to rejection, exemption, or discharge.”

Senate Is Expected to Enact War Bond Measure This Week

By Associated Press.

Washington, Sept. 12.—After only two days consideration which resulted in a few minor changes the eleven billion dollar war bond bill was reported to the Senate today with the unanimous endorsement of the finance committee. The measure has already passed the House. Senate consideration of the bill will begin tomorrow with virtually no opposition and its passage is expected not later than Saturday.

RULES OF “KULTURED” ABSOLUTELY SMASHED

By Associated Press.

Amsterdam, Sept. 12.—The Cologne Volks Zeitung, in an article under the caption “More American Prying Into Official Documents” says: “The state department has again published documents of which it obtained possession by God-knows-how underground methods.

“Such matters are of course not for publication and when published at all, they may hurt susceptibilities, by some turn or twist, like private conversations which, although not illegitimate, they may work like poison when repeated by the tattling of third parties. Such a poisoning process was of course the subject of the Washington government.”

The Empress.

“Wife Number Two” is a photoplay well worth seeing. Its story, that of a young girl who marries a man old enough to be her father, is of universal appeal and holds the spectator from beginning to end. Miss Suratt's work as the heroine of the story is unusually good and again proves her ability to play a sympathetic role as well as that of a siren. Miss Suratt is ably supported throughout the play. Taken all in all “Wife Number Two” is a sterling production well worthy of the Fox name. At the Empress theater today.

The Gem.

Jane Gail and Matt Moore are stars of “The Brass Girl” a two reel Victor comedy which will be on the program at the Gem Theater today. The story concerns a girl who is a teacher in the art of making beaten brass and a man who is a musician. They live in the same apartment house, one above the other, and disturb each other very much by their noise. There are burglars and other comic developments before the happy conclusion.

Drafting of Aliens Measure Is Passed By National Senate

By Associated Press.

Washington, Sept. 12.—Drafting of all aliens in the United States except Germans, others exempt by treaty, and those of countries allied with Germany, who have resided in this country one year, is proposed in a joint resolution passed by the Senate and which now goes to the House. It is estimated that more than 1,000,000 aliens would be affected.

Under the resolution by Senator Chamberlain of Oregon, chairman of the Senate military affairs committee, subjects of the allies or neutrals claiming treaty exemption would be allowed to leave the country within 90 days.

BRITISH AMBASSADOR EXPRESSES AMAZEMENT

By Associated Press.

London, Sept. 12.—The British minister at Stockholm called at the Swedish foreign office yesterday, drew attention to the charges made against the Swedish government by the state department at Washington and expressed his amazement that it was possible for such charges to be brought after the formal assurances given Great Britain some time ago.

Trading With Enemy Measure Is Passed

By Associated Press.

Washington, Sept. 12.—The administration trading with the enemy bill, which passed the House without a dissenting vote, last July has been passed by the Senate with many amendments, including one giving the president power to embargo imports and prohibiting publication of war comment in the German language unless accompanied in a parallel column by a translation in English.

MEASURE NOW REFERRED BACK TO REPRESENTATIVES

By Associated Press.

Washington, Sept. 12.—The administration trading with the enemy bill, passed by the Senate, has been returned to the House today and will be sent to conference because of important Senate changes. It had already passed the House by unanimous vote.

New Aeroplane Engine For Use of Americans Passes Its Final Test

By Associated Press.

Washington, Sept. 12.—The Liberty motor, the airplane engine upon which the United States is relying to establish definite air supremacy over the Germans over the battlefields of France has passed its final test and is a complete and gratifying success. Secretary Baker announced today.

TOTAL OF 50,486 ACCIDENTS IN TEXAS LAST YEAR

By Associated Press.

Austin, Texas, Sept. 12.—During the fiscal year ending August 31, 1917, 50,486 accidents were reported to the state industrial accident board, according to a statement just issued. Of these, 139 accidents were fatal. Within the same period, 9,478 claims were filed, and the companies writing workmen's compensation insurance paid out \$459,728, not including \$147,119 paid for medical expenditures, which included, makes a total of \$606,828 paid by the companies during the year.

W. B. YEARY WILL ASSIST IN COTTON PRICE CAMPAIGN

By Associated Press.

Austin, Tex., Sept. 12.—W. B. Yeary, of Farmersville, former president of the Farmers Union, has been appointed by Commissioner of Agriculture Davis to assist in the campaign to prevent the continued decline of the price of cotton. He will give his entire time to this work.

BE READY FOR THE COLLECTOR

Receiving Want Ads by telephone is the final detail in making The Times Want Columns promptly and perfectly useful to the readers. Telephone Ads cost no more, in money—and less in time—but The Times must employ collectors to follow the phone. The extra accommodation of receiving by phone should be encouraged by always being ready for The Collector. DON'T LET HIM CALL THE SECOND TIME. If you have a room to rent, a house to rent, a farm for sale, or if you want to buy an article, whether new or second-hand, you should use The Times Want Ad Columns daily. RATES—Want ads are one cent a word for the first insertion and half a cent a word for subsequent successive insertions. No want ad taken for less than fifteen cents and no ad taken to run three times for less than 35 cents. In giving in Want Ads PHONE 167.

STEVENS IS GIVEN 2 YEAR SENTENCE, TRIED FOR FORGERY

Another case is pending against man said to have operated extensively. C. S. Stevens, who is alleged to have passed a number of forged checks in Wichita Falls several months ago, bearing the purported signature of an assistant-treasurer of the Magnolia Petroleum Company, was tried this morning on the first of two cases. In the case tried this morning, he was found guilty of passing a forged check on W. E. Davis at Riggs' Misfit Parlor, and was given the minimum penalty of two years. This afternoon he is being tried on a charge of passing a forged check on Harry Jaffe of the People's Store. Stevens is being represented by Sol Blank, who is defending his first case. Sol conducted his case like a veteran lawyer, and surprised the court room audience with his eloquence when he argued the case. He was congratulated by Red River, well improved. Will sell either of the above at a bargain or will handle town property. N. O. Monroe. Phone 2454. 105 3tp. Stevens took the stand in his own behalf, testified that he had written the checks in a poker game in Oklahoma; that he suspected after he got them that they were forgeries, but that he had not reported them. L. S. Bustard lead rivet in the 78th district court late yesterday in two cases charging forgery, and was sentenced to two years in each case.

ANDERSON DUNN WEDDING WEDNESDAY AT NOON

Wednesday at 12 o'clock at the home of the bride's mother, Mrs. Myrtle Anderson, 1006 Brook, Miss Leona E. Anderson and Walter E. Dunn of P. O. Cross of the First Christian church. There were present only a few relatives and intimate friends, including Rev. Mr. Dunn of Olney, father of the groom. Mrs. Anderson of Olney, sister of the groom, Mrs. Christina Graham, uncle of the bride, Mr. and Mrs. Norwood, sister and brother-in-law of the groom and Juliette Bonner. The company of expert makes a floral setting for the wedding and the bride presented a pleasing picture in her traveling suit of French blue chiffon broadcloth, with all accessories harmonizing. Her bouquet was of bride's roses. Mr. and Mrs. Dunn left Wednesday afternoon for East Texas points and will be at home after September 20 at 1006 Brook. The bride has made her home here only a short time, coming here with her mother from Olney this summer, but she has made numerous friends in that time through her charm of appearance and manner. The groom was one of the most prominent young business men of Olney and will remove to this city.

A BULLETIN from Bell Mattress Factory

A faulty uneven mattress makes a good night's sleep impossible. Let us make up such a mattress you may have in mind. We'll return it to you, not just as good but better than it was when you bought it new. And as to our own special make, we will not only guarantee its substantiality, workmanship, but guarantee you a good night's sleep, if it takes only a comfortable mattress to induce it. T. J. Edmonson, Mgr. Phone 2412

Special to The Times. Washington, Sept. 13.—Inspiration, herewith, backs up her claim that she has not only the biggest war garden in the United States, but the most unique in many ways. When a couple of weeks ago a rush telegram for canning and drying manuals came to the National Emergency Food Garden Commission for the biggest war garden in the west, the work of the commission halted for a few minutes. The telegram was dated Inspiration, Ariz., and was signed by C. S. Sandigo. Nobody in the commission's offices, including Charles Lathrop Pack, the president, and P. S. Ridsdale, the secretary, could find inspiration on any map or in the postal guide. Inquiry at the post office showed the mail station for Inspiration is Miami, Ariz., two miles away. All Took Notice. Claim that place, that was not on the map and did not have a post office, had the biggest war garden made everybody sit a paid take notice, so the commission requested some substantiation of the claim when he ordered the manuals expressed. Today the data came, and in the opinion of Mr. Pack, other war-gardeners will have to go pretty strong to beat this one. As soon as this letter was received, President Pack rushed an application to the commission to compete for a share in the \$5,000 in prizes which the commission is giving for the best canned vegetables grown in war gardens. The commission requests data on other war gardens and submits herewith the letter from J. R. Sandigo, the garden expert, which claims so much for Inspiration. Location—The gardens are two miles east of Miami, Gila County, Arizona, at an elevation of 2,300 feet. The climate is semi-tropical, making it possible to grow some vegetables throughout the year. Plenty of Workers. "Gardeners—Majority of the gardeners are employees of the Inspiration Consolidated Copper Co., but quite a number of residents of Miami and a large number of children have been given space. The gardeners are made up of many nationalities, such as Italians, Mexicans, Indians, Chileans, Germans, Finlanders and Swedes. Over seventy per cent have never had experience in this work, or at least where it is necessary to irrigate, and they had to be taught. Methods—The gardens were planned by C. E. Mills, general manager of the company. An expert makes three trips a day over the gardens to instruct the gardeners. Bulletins and posters are placed at convenient spots in the gardens, which are 217 acres in area.

System—The double crop system was used. For example, squash were planted among corn so that when the corn came off squash covered the ground. We grow most anything, but need was considered first and 85 per cent of the ground was planted to Mexican pink beans and sweet corn. Nothing goes to waste, and drying and canning is encouraged especially drying, for our climate permits sun drying. War Garden Market—We have opened a war garden market where the excess vegetables are sold for the gardeners without cost to them. Nothing is sold at this market except that which is grown in the war garden. This market, I believe, is the first of its kind in the U. S. This is the largest single tract of land devoted to war gardens in the west. With 217 acres under cultivation, I believe it is the largest in the country. "Yes, that will be hard to beat," said Mr. Pack, after reading the letter from Mr. Sandigo. Real Estate Transfers Recorded. H. Sonnhammer to T. R. Boone, 2 1/2 acres out of the J. A.
