

DAVIS TESTIFIES AS TO MYSTERIOUS LOAN TO FERGUSON

ASSISTANT PRIVATE SECRETARY DENIES KNOWING WHO BROUGHT \$156,000.

GIVEN PART TO DEPOSIT

Says There Were Rubber Bands About Packages of \$40,000 He Received—Ferguson's Letter.

By Associated Press. Austin, Texas, Sept. 14.—The Senate high court impeachment trial this afternoon recessed until Monday when W. A. Hanger, chief counsel for Governor James E. Ferguson, announced that the governor would be the next witness and he would prefer not to break up his testimony by putting him on the stand for only a short time today.

Mr. Hanger said the governor's testimony would take two days. The cross examination should require at least as much longer. This means that the impeachment trial will continue probably all of next week.

By Associated Press. Austin, Texas, Sept. 14.—J. H. Davis, Jr., assistant private secretary to Governor James E. Ferguson, testified today during his cross examination before the Senate high court of impeachment that he did not know who brought \$156,000 in currency loans to the governor during the early months of the present year. This was money the governor applied to his indebtedness.

Davis said he saw only \$40,000 of the currency in April of the present year. This was money the governor applied to his indebtedness. There were rubber bands around the currency, he testified. He saw no one deliver the money to the governor. The \$40,000 was taken to the American National Bank a few minutes after banking hours and was deposited back of the closed receiving windows.

Over the objection of M. M. Crane, counsel for the house managers, the defense succeeded in introducing a letter of January 1, 1915, date, written by Davis to the Temple State Bank. It enclosed a draft for \$4081.11 on the National Reserve Bank of Kansas. City to be made the initial deposit of Canyon City Normal money in what was known as the governor's official account.

The letter said the bank must "not increase its loans on the strength of this deposit." Davis said he intended to refer to the entire account and not the initial deposit alone. Davis testified that at present neither he nor the governor possessed any state money.

Mr. Crane then began the cross-examination. He asked if he had said that about forty letters introduced as evidence were not written by Governor Ferguson to the Temple State Bank regarding his affairs. This was true, Davis testified.

Then Mr. Crane asked why the governor asked the bank for statements of his various accounts when he was not looking at his own affairs. "That is not true," said the witness; "he did look after some of his affairs."

Davis holds to statement. Davis stuck to his statement that he passed over the \$5000 charge against the governor's official account August 23, 1915, because he never needed the Temple Bank would charge a personal note upon the account. Davis said it might be true that the deposits to the official account in the Temple Bank totaled \$156,000, but he thought the sum was \$45,000. He kept no record of deposits, he added.

Total Canyon Money. By a long process of figuring Mr. Crane drew from the witness the statement that the total of remittances on Canyon City Normal money through the American National Bank of Austin, including the money sent up from the Temple Bank, was \$82,851.18. He said \$6156 was sent direct from the Temple Bank to the state treasury. This was a total of \$96,007.18 and when the final check settling up the account was drawn, he added the official account was short \$5600 of the total of more than \$101,000.

SWEDISH CHARGE IN MEXICO CITY ALSO INVOLVED

FOLKE CRONHOLM IS ALLEGED TO HAVE TRANSMITTED MESSAGES FOR TEUTON.

DEVELOPMENTS AWAITED

American Ambassadors in Countries Affected Are Informed of Matter by Washington.

By Associated Press. Mexico City, Sept. 14.—A report reached Mexico City last night that the state department at Washington had made public correspondence showing that Folke Cronholm, former Swedish charge here, had acted as an intermediary for the German minister, Von Eckhardt in a transfer of messages for the German diplomat. Mexican officials said they had heard nothing of the report.

Folke Cronholm was replaced as Swedish charge here on February 24, last, and since that time has held no official position with the Swedish government so far as is known. He was replaced by Carl Gotthard Gylfe Andersberg, formerly Swedish consul at Chicago. Cronholm has remained in Mexico City since he was replaced, but could not be seen last night. His successor, Andersberg, declared that he knew nothing of the state department's disclosure.

WASHINGTON AWAITS MOVE EXPECTED IN MEXICO. By Associated Press. Washington, Sept. 14.—Officials and diplomats today are awaiting the next development in the unusual international situation created by the state department's revelation that the Swedish legation in Mexico as well as in Argentina was utilized by the German government as a secret means of conveying valuable communication to the Zimernann plot intercepted here March 8, 1916, by Von Eckhardt, former German minister to Mexico, who was concerned in the notorious Zimmermann plot intercepted by American officials while enroute to the imperial chancery. It discloses that Folke Cronholm, former Swedish charge at Mexico City, visited the legation in Mexico City, and the German government as a secret means of conveying valuable communication to the Zimernann plot intercepted here March 8, 1916, by Von Eckhardt, former German minister to Mexico, who was concerned in the notorious Zimmermann plot intercepted by American officials while enroute to the imperial chancery.

SWEDISH CONSERVATIVES ARE BELIEVED DEFEATED. By Associated Press. Stockholm, Sept. 14.—Returns from the general election, which is proceeding throughout Sweden, says Reuters Stockholm correspondent, indicate that the conservative party has gained three seats and the liberals five, while the conservatives have lost 15.

SWEDEN IS PLANNING COMPLETE INVESTIGATION. London, Sept. 14.—An official statement issued by the Swedish government, telegraphs the correspondent at Stockholm of the Central News Agency says that U. A. H. Ewerist, secretary of the Swedish ministry of foreign affairs, has been given leave of absence from the foreign office, and has placed himself at the disposal of the minister of justice, with the object of assisting in the special investigation in connection with the Swedish-Argentinian revelations.

The document published by the state department disclosed now Folke Cronholm, charge of the Swedish legation in Mexico City, acted as a messenger boy for Von Eckhardt, personally transmitting as his legation's own dispatches, messages for the German legation, even delivering them personally at the telegraph office.

The disclosure gives a hint of the nature of the evidence in this government's possession of Germany's illegitimate use of neutral diplomats. Copies of Von Eckhardt's letter have been forwarded by the state department to Ambassador Fletcher Morris at Stockholm, and neither has instructions to present the information to the government to which he is accredited.

"INDISPENSIBLE" CLAIMS SENT WAR DEPARTMENT. By Associated Press. Washington, Sept. 13.—More than 1000 claims for army exemption on the ground that the claimant is indispensable to a war industry, appealing to the president, the final judge of such cases, are on file at the office of Provost Marshal General Crowder, and others are coming in.

Preliminary examination is being made by General Crowder, on whose final recommendation the president probably will act.

ENOUGH IN NAVY FOR THIS YEAR, STATES DANIELS

By Associated Press. Washington, Sept. 14.—Except for skilled mechanics no more recruits will be accepted by the navy for probably three months. Secretary Daniels said today the navy's personnel now was well above 200,000, including reserves. More men may be needed up on the completion of repairs to German merchant vessels to be used as transports, and by next summer another general call for enlistments may be necessary.

RECONSTRUCTION AFTER REBELLION IS ALREADY UNDER WAY IN NEW DEMOCRACY

MEANTIME, RUSSIAN ARMY AT FRONT, PARTICULARLY IN THE NORTHERN SECTOR, IS DISPLAYING COMMENDABLE FIGHTING SPIRIT, ACCORDING TO OFFICIAL REPORT—SEVERAL VILLAGES ARE SAID TO HAVE BEEN OCCUPIED BY GOVERNMENT.

CONDITIONS TAKE ON MORE NORMAL ASPECT AT ONCE

ONLY ACTIVE SURRENDER OF REBEL GENERAL IS AWAITED BY PEOPLE.

By Associated Press. Petrograd, Sept. 13.—(Thursday, 10 p. m.)—After being received by Premier Kerensky at the Winter Palace and informed of the fate which awaited him, General Korniloff, commander of the Korniloff troops which were sent against Petrograd, returned to his lodgings tonight and shot himself. The general's wounds were not fatal.

The Russian situation is summarized by the Associated Press as follows: Convinced that General Korniloff's rebellion is definitely at an end, although the general himself has not formally surrendered, the leaders at Petrograd are setting about the reconstruction of the government. The formation of a new cabinet is said to be well along toward completion.

Meanwhile, the Russian army at the front, particularly in the northern sector, is displaying a fighting spirit, and according to the official statement, is regaining some ground in the Riga district. Several villages have been occupied.

The Russian official news agency, will replace M. Nekrasoff as minister of finance. The evening newspapers say Premier Kerensky reproached the constitutional democrats for their passive attitude so long as General Korniloff seemed to have a chance of success.

The premier has commissioned M. Kishkin to negotiate with the Moscow industrial circles in order to obtain their support of the government.

"STEADY IMPROVEMENT," SAYS KERENSKY'S OFFICE. By Associated Press. Petrograd, Thursday, Sept. 13.—M. Soskice, private secretary to Premier Kerensky, today told the Associated Press today that "the situation shows steady improvement." Continuing, he said: "General Korniloff has not surrendered, but he is quite prepared to do so in his position of complete powerlessness. We have just received an offer of surrender from 12 companies of Korniloff's troops, who say they have no objection to the order of the Provisional Government."

A Petrograd dispatch to Reuters, limited under date of September 14, expressed the belief that the general Kaledine, who with his Don Cossacks began a menacing movement against the government, has been checked.

"SAVAGE" DIVISION YET HOLDS AGAINST SURRENDER. By Associated Press. Village of Popovo, near Tarskoe Selo, Russia, Thursday, Sept. 13.—Having obtained the only permit issued to a newspaperman since the beginning of General Korniloff's revolt, the Associated Press correspondent here this morning arrived at this village, which is the headquarters of the staff of a rifle regiment of the guard which, with two other rifle regiments, is engaged in holding the front opposite the "savage" division. The situation here is as follows:

Although all danger of an armed struggle is now excluded, the "savage" division still is not averse to surrender on the terms granted by the provisional government last night, but it has formally pledged itself not to attack the Korniloff forces. With its artillery and machine gun detachments, the division, which is composed of tribesmen from the Caucasus, is now quartered in villages south of this place without detachments, outposts, sentries or reconnoitering detachments.

Passing within forty yards of the Popov church, the government lines, but the Kerensky forces also have no intention of attacking, as negotiations are proceeding and there is a prospect of a settlement being reached before tonight.

Russian emissaries, and officers constantly are passing into the camp of the "savage" division, and from there, signed by General Filipenko, the supreme commissioner, advising the troops of the "savage" division to march to Tarskoe Selo, where tribesmen from the division all the time are coming into Popovo with plans for a settlement.

FURTHER EVIDENCES GIVEN OF DEFECTIONS OF COSSACKS. By Associated Press. Petrograd, Thursday, Sept. 13.—Further evidence of defection in the ranks of the Cossacks from General Korniloff is given by the arrest at Luga of General Krymoff. The council of soldiers and workmen's delegates sent a deputation to the troops to explain the situation, whereupon the Cossacks declared they were ready to arrest their commander, provided an order was received from Premier Kerensky. The council telegraphed the premier, who ordered General Krymoff's arrest. General Krymoff submitted without resistance and was brought to Petrograd. The members of his command have joined the government forces in the Luga garrison. Railway service between Luga and Petrograd has been resumed.

RELIEF OF DROUTH VICTIMS IS CHIEF MATTER IN HOUSE

APPROPRIATION OF \$500,000 IS TEMPLED IN THIS BILL.

MEASURE IS REDRAFTED

Constitutional Objections Raised by Attorney General Now Believed to Be Surmounted.

By Associated Press. Austin, Texas, Sept. 14.—The House drouth relief bill carrying an appropriation of \$500,000 for the relief of citizens in the drouth belt of West Texas, occupied the entire morning session of the House today, and when recess was taken the bill was still under consideration.

The bill has been redrafted to meet the constitutional objections found by the attorney general. Representative Bell, author of the bill, pointed out that the legislature in 1887 passed without amendment a bill appropriating \$100,000 for the relief of drouth stricken people of certain counties in Texas.

Many Counties Affected. It developed during the debate on the measure that there are 107 counties in Texas affected by the drouth and 67,000 people in dire need of assistance. Those making speeches for the measure were: Bell, Cripe, Neill, Bryant, Templeton, Thompson of Red River and Denton. Those against: Sackett, Thompson of Hunt; Sallus of Houston County.

The report of the committee on the appointment of a committee of ten to make a complete investigation of all state departments and institutions did not come up for consideration during the morning. It was explained that the House Journal containing the report and amendments had not as yet been delivered. There is now every indication that this report will go over until next Monday.

Restroom Bill Passed. The House today passed finally the restroom bill by M. Neill's authorization for women and children at the Dallas court house.

This resolution by Representative Martin congratulating Harris, Williamson and Llano counties on having defeated prohibition was today hurried by having it referred to the House committee on liquor. The House, however, yesterday adopted a resolution congratulating Dallas on having gone dry.

GERMAN "SHOCK" TROOPS ADVANCE AGAINST FRENCH

WAR OFFICE AT BERLIN ANNOUNCES FORCE REACHES SECOND LINE TRENCHES. INFLECT HEAVY LOSSES. Huns Also Claim British Have Been Driven From Wooded Section North of Langemarck.

By Associated Press. Berlin, Sept. 14, via London.—German "shock" troops yesterday penetrated as far as the second French line west of Ypres, and the defense of the defense line issued today by the German war office.

The general staff reports that on the night of the 12th the British were driven from the wooded section north of Langemarck on the Belgian front and that numerous English were taken prisoners.

Two Leave Posts in Russian Cabinet Giving Reasons. By Associated Press. London, Sept. 14.—The Petrograd correspondent of Reuters Limited states that Vice Premier K. Nekrasoff has informed the press that he and M. T. Tereshchenko, minister of foreign affairs, have decided to leave their posts in the cabinet, considering that their participation in the government narrowed their political horizon, and being only business ministers without party support, they did not possess sufficient strength in the cabinet.

Vice Premier Nekrasoff also announced the withdrawal from the cabinet of M. Pieschkehoff, minister of food and supplies. Other changes in the cabinet include the retirement of M. Tcheroff, minister of agriculture, who will be replaced by M. Avskentiev, present minister of the interior, who in turn will be succeeded by M. Kishkin, a constitutional democrat. M. Kishkin enters the cabinet unconditionally. M. Koerelief, minister of communications, resigned because he did not consider it possible to execute Premier Kerensky's orders to take certain measures against General Korniloff.

STRAP, DIRK AND PISTOL F. L. P. A. LODGE EMBLEMS

SEVEN OF RIBOT CABINET REMAIN IN NEW MINISTRY

COUNSEL OUTLINES WHAT GOVERNMENT PLANS TO PROVE

ORGANIZED OPPOSITION TO DRAFT, SAYS O'DELL, WILL BE SHOWN.

By Associated Press. Paris, Sept. 14.—The new French cabinet contains a new ministry at first called the minister of propaganda, but later changed to minister of missions abroad. Owing to the absence of Franklin Bouillon, the new post is not listed with the other ministry designations in the official journal.

The political groups represented in the new ministry do not include the unified socialists. Premier Painleve represents the socialist republicans group, while the socialist radicals have three members, the radical left three, the left three, the republican union of the senate two, the republicans of the left one and the radical republican union seven members.

Seven Are Retained. Seven members of the Ribot ministry remain places in the new cabinet. The most noted perhaps of the Ribot ministry to go are Rene Viviani and Albert Thomas.

The Ribot ministry failed last Sunday night when M. Thomas withdrew and Prof. Paul Painleve followed him, being unwilling to remain in a cabinet where the unified socialists were not represented. Prof. Painleve's first combination met the same fate late Tuesday night when the unified socialists also refused to cooperate with him primarily because Alexander Ribot remained as a minister.

No Unified Socialists. As President Poincare insisted that Prof. Painleve continue his efforts to form a cabinet ministry, he resolved on Wednesday night not to give the socialists representation.

These events are interpreted to show that the new ministry will start without the assurance of active support from the unified socialists. The role played by the unified socialists throughout the crisis is generally condemned by the press as comparable to that of the workmen and soldiers' delegates in Russia.

Foreign affairs, Alexander Ribot, Minister of justice, Raoul Perot, Minister of the interior, Jules Steeg, Minister of marine, Charles Chameret, Minister of munitions, Louis Klotz, Minister of finance, Louis Lucien Klotz, Minister of colonies, Rene Besnard, Minister of transports, Albert Clavelle, Minister of education, Daniel Vincent, Minister of labor, Andre Renard, Minister of commerce, Etienne Clement, Minister of agriculture, Fernand David, Minister of provisions, Maurice Long, Minister of missions abroad, Frank Ill Bouillon.

Foreign ministers of state who are also members of the war council are Louis Barthou, Leon Bourgeois, Paul Doumer and Jean Dauterive.

ELMORE, OKLAHOMA, BANK IS ROBBED DURING NIGHT. By Associated Press. Ardmore, Okla., Sept. 14.—The Bank of Elmore, Okla., Okla. County, was robbed late last night. Only a small amount of money was secured.

RETURNING I. W. W. MEMBERS ARRESTED ON BISBEE ORDER

By Associated Press. Douglas, Ariz., Sept. 14.—Thirty-three men from the Columbus, N. M. camp of men deported from Bisbee, Ariz., last July were arrested here today by a deputy sheriff when they arrived on their way to Bisbee on request of Sheriff Wheeler of Bisbee. This brings the total of such arrests yesterday and today to 73. Among those arrested is A. S. Embree, one of the leaders of the deported men.

Proposed to Use Rifles. He said the proposal to arm the members with high powered rifles to resist the draft officers was laid before the state meeting, together with plans to blow up railroad bridges, take charge of telephone and telegraph wires, to obstruct the raising of an army.

TWENTY AIRPLANES WILL HOVER OVER BIER OF LIEUTENANT'S HOUSE AS BODY STARTS ON JOURNEY HOME

By Associated Press. San Antonio, Texas, Sept. 14.—Army aviators at Kelly Field will pay unique honors to the memory of Lieutenant Lloyd House, who was killed in a motorcycle accident here last night. The body of Lieutenant House will be sent to his home at Lake Charles, La., tomorrow at noon and as the train bearing it pulls out of the depot 20 aviators from Kelly Field will fly over it in parade formation dropping floral tributes.

Lieutenant House died at the base hospital, Fort Sam Houston, last night a few minutes after he had been brought there suffering from injuries received when the side car motorcycle in which he was riding overturned on the Rio City road at 8 o'clock. The machine was driven by Corporal Hardin, who also was hurt, but will recover. Lieutenant House recently was commissioned from the ranks and was assistant adjutant at Kelly Field. He was 23 years old.

RAILROADS URGE FENCING STOCK TO SAVE THEM

Conservation of food is to go hand in hand with conservation of cars for shipments; and on the other hand will be conservation of live stock by keeping stock off the railway tracks. In spite of the fact that it is to the farmers' best interests to keep their stock up, there is an enormous amount of carelessness in this respect, leading to a fabulous amount of wastage. The railways have recently published a bulletin showing some of the figures on this matter, and they are startling to say the least of it.

"Do you know," asks the bulletin, "that thousands of horses, mules, cattle, sheep and hogs are killed annually by railway trains in this country, and that this economic waste approximating millions of dollars can be reduced?"

Many Are Killed.
"The thousands of horses and mules that are killed every year would fill the artillery requirements of many regiments; and the thousands of cattle, hogs and sheep that are killed every year would provide meat for thousands of soldiers."

"Anyone who aids in preventing the loss of even one animal serves his country patriotically and effectually."

The bulletin enumerates some of the ways in which this wastage can be reduced. The first recommendation is so obvious that it seems hardly necessary.

"Owners of stock keeping their animals in fenced enclosures, and not permitting their stock to roam at large on railroad right-of-ways."

Second Suggestion.
The second suggestion is a very sound one: "County and municipal officers passing the ordinances prohibiting the practice of permitting stock to roam at large."
Other suggestions are: "Engineers taking every precaution within their power to avoid striking stock, and never failing to report stock seen on the right-of-way." And, again: "Everyone making a persistent personal effort to bring about the desired results."

This bulletin is the forerunner of a very determined effort on the part of the railroads to educate both the public and their own employees to the importance of this very vital matter. It is expected that other publicity matter will be released from time to time dealing with this subject, both as to what is required, and as to what has been accomplished. This is all a part of the plan of the railroads to co-operate with the government in every possible way.

New Rector Praised By Congregation He Is Leaving In North

Unusual commendation of the new rector for the Church of the Good Shepherd is contained in two letters received by C. W. Reid, the junior warden of the church from Mariette, Wis., where Mr. Hicks has just resigned as rector. The letters follow:

Sept. 8, 1917.—Mr. C. W. Reid, Junior Warden, Church of the Good Shepherd, Wichita Falls, Texas.—Dear Sir: Herewith I hand you copy of resolutions unanimously adopted by the vestry of St. Paul's Church, Marinette, respecting the resignation of the Rev. Reginald T. T. Hicks as its rector.

I think it will please you to know, and that it is due Father Hicks to say, that these are not the perfunctory resolutions of courtesy sometimes adopted on similar occasions, but on the contrary, genuine and literally reflect the sincere sentiment of the vestry and congregation.

During his all too brief rectorship here both he and Mrs. Hicks have endeared themselves to the entire congregation. Father Hicks, although vital and forceful, is singularly free from the irritating and friction exciting qualities that unhappily affect many good and well meaning priests.

He is too good and young a man to spend himself and his virile years in a parish like this, where it is impossible to achieve results commensurate with his abilities.

Sincerely regretting his departure from this parish, I feel it would be an injustice to him and to the church to effectively urge him to remain here. Yours faithfully,
Francis A. Brown,
Senior Warden.

Marinette, Wis., Sept. 4, 1917.—At a meeting of the vestry of St. Paul's Church, Marinette, the following resolutions were unanimously adopted: Whereas, the Rev. Reginald T. T. Hicks has tendered his voluntary resignation as rector of St. Paul's Church, Marinette, to accept a call to a larger field of usefulness;

Resolved, That such resignation be and hereby is, with unaffected regret, reluctantly accepted.

Resolved, That the vestry hereby unreservedly expresses its hearty appreciation of Father Hicks as an exceptionally able and devoted priest and of his pleasing personality in his social and lay relations.

Resolved, That the vestry hereby extends to Father Hicks its most cordial good wishes for his future welfare and success in his work, and congratulates the parish that is to be the beneficiary of his pastoral care.

Clerk of the Parish.

Seals for Autos Are Received By Owners; to Go on Radiators

A number of Wichitans today received through the mails from the State Highway Department, metal seals to be attached to the radiators of their cars. This seal certifies that the car has been registered with the department.

The seals are circular in form, about four inches in diameter. In the center is a lone star with the figures "1917" in the center and the letters "T-X-A-S" between the points of the star. In an outer circle are the words "Registered Motor Vehicle."

Accompanying the seal is a card certificate giving the number assigned to the car and also a description of the car certified.

It had been understood that the commission would furnish the metal numbers. The enclosures from the State Highway Commission make no mention of these numbers.

FIRST TYPHOID VICTIM THIS SUMMER DIES THURSDAY

What is thought to be the first death this summer from typhoid fever occurred last night when Will Halcer, seven years old, died at the home of his parents on the corner of 10th and 11th streets. The funeral will be held at 10 o'clock Saturday morning from the chapel of O. W. Hines undertaking parlors, Rev. Father Boniface to officiate.

HEAD OF NASH COMPANY DIES IN MINNESOTA

Information by wire was received by the Wichita Falls branch of the Nash Hardware Company that President Charles E. Nash, head of the firm, died today in a hospital at Rochester, Minn., following a brief illness.

Knitting Bulletin is Received at Red Cross Headquarters Here

The following Knitting Bulletin has been received at Local Red Cross Headquarters: Information of the great demand for knitting, the Washington office of the Red Cross Supply Service placed orders some time ago for 1,000,000 pounds of yarn. Unfortunately the manufacturers have delayed delivery, and for this reason we can not fill orders immediately for yarn and needles, and hold all orders awaiting the receipt of the material. All the Red Cross Supply Branches are in the same condition, but the moment we receive the yarn and needles your orders will receive immediate attention. Complete illustrated knitting directions will shortly be sent to you; meanwhile, articles knitted according to present prevailing directions will be accepted. This delay will give you an opportunity to make your knitting forces. It is not the intention of the Red Cross to have any work interrupted which is being done at present, but the knitting must be supplied in addition to the regular work. Therefore, it is imperative that you get those people to knit who are not so doing; that you get new members to your chapter who will knit, but do not stop the work you are at present engaged in doing; have the knitting done in addition. When possible, have knitters buy the yarn from you, if they can afford it, as this will be a financial help. The Red Cross Supply Service can only sell yarn; it can not give it to chapters or branches. The price of yarn will probably be \$2.15 per pound. One set comprising a sweater, wristlets, socks and muffler will require 2 pounds of yarn. One person, devoting two hours per day to knitting, can knit one set of four pieces in thirty days. The yarn which we shall furnish you will be gray, as it is the only color acceptable to the army except khaki, and there is not a sufficient amount of khaki available. Send us your orders, meanwhile, mobilize your knitting force, and you will receive the yarn from us as soon as the manufacturers release it. Do not grow impatient over this unavoidable delay, as if your knitting forces are ready for work on receipt of the yarn, you will have the knitting finished in time for the purpose the Red Cross has in mind. Horace M. Swope, Director, St. Louis Branch, Red Cross Supply Service.

A NERVOUS WRECK

From Three Years' Suffering, Says Cardui Made Her Well.

Texas City, Tex.—In an interesting statement, Mrs. G. H. Schill, of this town, says: "For three years I suffered untold agony with my head. I was unable to do any of my work."

I just wanted to sleep all the time, for that was the only ease I could get, when I was asleep. I became a nervous wreck just from the awful suffering with my head.

I was so nervous that the least noise would make me jump out of my bed. I had no energy, and was unable to do anything. My son, a young boy, had to do all my household duties.

I was not able to do anything until I took Cardui. I took three bottles in all, and it surely cured me of those awful headaches. That has been three years ago, and I know the cure is permanent, for I have never had any headache since taking Cardui.

Nothing relieved me until I took Cardui. It did wonders for me. Try Cardui for your troubles—made from medicinal ingredients recommended in medical books as being of benefit in female troubles, and 40 years of use has proven that the books are right. Begin taking Cardui today. NC-134

By Associated Press. Chicago, Sept. 14.—Eugene L. PREPARATIONS ARE MADE FOR OPENING OF SCHOOL

By Associated Press. Austin, Texas, Sept. 14.—Active preparations are being made for the formal opening of the University of Texas for the fall term on October 1, according to President R. E. Vinson, of that institution.

By Associated Press. Austin, Texas, Sept. 14.—J. H. Davis, Jr., assistant private secretary of Governor James E. Ferguson, was again on the stand when the governor's impeachment trial before the senate high court was resumed to day, with prospects that his testimony would consume the entire morning.

Mr. Hanger's questions were directed toward showing that all the Canyon City normal insurance money had been applied to rebuilding the school.

A letter written by Governor Ferguson, August 25, 1917, to State Treasurer J. M. Edwards, enclosing payment of \$2403.55, "in compliance with my testimony before the House investigating committee on Mansion House expenditures since September 1, 1915," was introduced.

He recounted the governor's promise to refund this money if the legisla ture so demanded and his desire to do his duty to the state and himself.

The record of the refunding of \$1083.47 of mansion house expenditures also was read.

Davis testified he understood there was an overdraft on the governor's account in the American National Bank of Austin.

"But who was it," asked Mr. Hanger. "That looked after the governor's affairs."

"I did," replied the witness. "A letter in which the governor requested the Temple State Bank, through Davis, not to use a \$5081.11 deposit for loans was read."

There was an objection from Mr. Crane. Mr. Hanger said the intention was to show that this was an initial deposit of Canyon City Normal money and that a statement in the letter that the bank "must not increase its loans on the strength of this deposit" was meant to indicate that the entire account was to be immune from loans.

"Then," said Mr. Hanger, "when you wrote this letter you were referring to the entire account and not just the one deposit?" asked Mr. Hanger.

"That is correct," said Davis. The letter was dated January 1, 1915.

The deposit slip of \$35,000 in currency placed in the Temple bank April 25, 1917, by the governor was introduced into the record.

Davis testified that so far as he knew the governor knew nothing of the \$5,000 charge against his official account until the grand jury investigation came up. This concluded Davis' testimony and recess was taken.

He was much pleased with Wichita Falls and told Mr. Langford that he hoped to return at a later date when he could see more of the town and its industries.

Red Cross Chapter Will Accept Books to Send Soldiers

In common with Red Cross chapters throughout the United States the Wichita Falls Red Cross is asking for books and magazines to be sent to the thousands of soldiers, already in campments over the country, or who will soon enter training. The local board is asking for good books and periodicals that each member of the Red Cross do his or her share toward supplying the soldiers with good reading material in their leisure time. They will need something to read as well as food and smoking material and every citizen can help meet this need by making a small contribution.

Books and magazines should be sent to the Red Cross hall in the Masonic Temple and will be forwarded by the local chapter to the proper distributing depots. This call for books and magazines should be resounded to promptly and often and the Wichita Falls chapter is anxious that the people here do their full share.

Comfort Pillows for the soldier boys are the latest thing in Red Cross circles and the local chapter has been a collection of these pillows. Contributions are solicited and any amount of pillows, from one to a dozen, will be thankfully received. The pillows should be 16 by 20 inches, the regulation leather pillows. Slips for the Comfort Pillows will be made at two Red Cross hall. Any one desiring to make a donation to this cause send pillow to the hall. One hundred and fifty pillows have been asked as the local chapter's quota.

The Wichita Falls Campfire Girls and their guardian, Mrs. Rosa Corlett worked at the Red Cross hall Thursday afternoon, the girls present being: Misses Elizabeth Smith, Mary Underwood, Irvine Maupin, Sibyl Thornberry, Deaver Russell, Bynah, Rose Belle McGinnis and Angio Noc.

Other workers at the hall Thursday afternoon and this morning were: Misses Tony, Lucy Smart, Bishop, Chenault, Mesdames Oneal, S. Walker, Gray, Bashara, Stroud, Conn, Sammons, F. M. Kell, H. J. Thiessen, Fisher, Hood, W. E. Norton, W. E. Milligan, Mesdames Fred Weeks, Wade Walker, C. Y. Tully, Ed. Sanders and Miss Florence Sammons were Musicians club members working today being "Musicians Day". Others were to work in the afternoon.

WILBARGER FAIR ATTENDANCE WELL UP TO FIRST DAY

Special to The Times. Sept. 14.—Today is "Wichita Falls Day" and "Panhandle Day" at the Wilbarger County Fair, though the Wichita Falls visitors appeared at the fair in one month. There are large delegations here from the various Panhandle towns, however, and their attendance keeps up to the record mark established by the opening day. Tomorrow is "Farmers Day" and the closing day of the fair.

The visitors have found much of interest in the exhibits and in the special program of attractions prepared. Yesterday they were given a thrill that was not mentioned in the schedule of events, when Captain Theodore aviator, failed to clear the machine high enough in preparing for his first exhibition flight and struck some telephone wires. Aviator and machine came to the ground in a tangle and fortunately the captain escaped with minor injuries. Airplane exhibitions were omitted from the program by the wrecking of the machine.

Judging and awarding of prizes and ribbons in the various departments will be finished this afternoon, it is thought. The usual card of races is on the program for today and tomorrow.

Regents of University Consider Re-Employing Discharged Professors

By Associated Press. Austin, Texas, Sept. 14.—The board of regents of the University of Texas met here with President R. E. Vinson today shortly before noon. Though neither board members nor President Vinson would make a definite statement about the move, it is believed that a move is being made to reinstate the faculty members ousted at the Galveston meeting several months ago.

Regents Brent and Cook made an effort to have the faculty members dismissed at the Galveston meeting reinstated. Chairman Allen asked to be heard on this point and after beginning his talk declined to proceed further so long as newspaper men were present. This resulted in the meeting becoming an executive session in the afternoon.

A proposal to restore the appropriation for the domestic economy department, which was cut 20 per cent, was under consideration by the regents this morning, but no action has yet been taken.

old class pride of England. The story deals with the marriage of an aristocrat to a girl of the people and the consequent horror with which the man's proud mother regards the union. However, when the baby arrives he proves that love is greater than family trees and brings the two social elements together. Peggy Hyland, one of the popular stars of Greater Vitagraph, appears in the stellar role of the piece, playing opposite to Sir John Hare, England's greatest character actor.

PEGGY HIGHLAND

An intensely human play having for its main theme the argument that filial love counts for more than social position. It is a direct attack on snobbery in England, the home of social pride, and its appeal has won friends among all classes.

A new George Ovey Comedy will be included in the same bill.

pleased a crowded house last night at the Plaza in the musical tableau comedy, "A Night at the Cabaret," and will meet them there again tonight in a play of the same character entitled "The Hotel De Luxe." This company closes a two weeks engagement in this city Saturday night.

The Empress. "The Hidden Spring" Metro wonderplay in which Harold Lockwood, the popular star, will be seen at the Empress theater today, is a screen version of Clarence B. Kelland's novel, adapted by Fred J. Balshofer by arrangement with Messrs. Harper & Bros. This makes the eighth picture of a "six-seller" that Mr. Lockwood has prepared for the Metro program.

OPENING PERFORMANCE OF "CIVILIZATION" MONDAY SEPT 17. Thomas H. Ince's masterful drama, "Civilization," will have its first public production in Wichita Falls next Monday, September 17. "Civilization" is a \$1,000,000 production. In its creation 40,000 persons and 6,000 horses were employed in the mammoth war spectacles, and in the stricken nation's clamor for peace. The United States navy co-operated extensively in the pictured slaughter of men and vessels at sea. This section of the greatest of all filmed dramas being created from a mimic battle that continued for 27 minutes. Every engine of modern warfare as employed in Europe today is shown, including 2,500 feet of submarine operations.

"LOVE OR JUSTICE" AT MAJESTIC SATURDAY. "Love or Justice" will be the attraction at the Majestic Saturday. For the most part, "Love or Justice" is conventional melodrama, but it is interesting, and at times diverting, to a degree above the conventional. The vampire play is an institution that may be coming on its foundations, or again it may not be doing any such thing. At any rate, Nan Bishop, the vampire that Louise Glaum gives us in this offering, commands attention, be it the attention of one who is amused or deadly serious. There is a court room scene. Usually a statement of that kind is made to convey the impression that the picture in question contains at least one scene that is filled with old stuff and bore-some. In this case the action is unusually turbulent, and it is all as agitating to the spectator as it is to the district attorney who is prosecuting the woman he loves, and for Nan the former underworld character who is willing to sacrifice her life so that the man she loves may secure a conviction, for convictions are at a premium to the district attorney who is seeking reelection.

CITY MAY PLACE POUND UPON SITE WHICH TOWN OWNS

At the regular session of the city council, held at the city hall last night, that body passed several matters, the most important decision made being to try to establish the city pound on a piece of the city's property at Seventh and Holliday. The place now used as a pound is rented by the city, and the change will save just the amount of rent paid each year, \$100. The matter was referred to Messrs. Gardner and Dobson for final action. Naylor & Hamrick were granted permission to use 15 feet of the streets at Sixth and Indiana for the purpose of storing building material which is being used in construction work at that corner. The Wichita Valley Refining Company was granted permission to install a gasoline filling station at 107 Mississippi street. A number of applications were filed for the positions of city Food and Dairy Inspector and City Engineer to fill the vacancies caused by the resignation of Dr. Traylor and the death of Mr. Hinckley. All of the applications were passed until the next meeting for further consideration. Mayor A. H. Beyer presided at the meeting, at which the following aldermen were present: M. J. Gardner, E. G. Hill, J. A. Richolt and Marvin Smith. City Clerk V. G. Skeen and A. J. Humphries.

J. B. Fitts received a telegram yesterday from Mrs. Fitts who was called to Birmingham about ten days ago, saying that her mother had died yesterday. Mrs. Fitts' sister is also seriously ill at Birmingham.

WILL URGE CLAIMS OF WICHITA FALLS TO ARMY BOARD

THIS SECTION BELIEVED TO BE SUITABLE FOR GOVERNMENT MANEUVER GROUNDS

KEMP GOES TO DENISON

Secretary B. F. Johnson, at Dallas, Also Had Word to Say to Special Commission Visiting This Section

J. A. Kemp will leave tonight for Denison, when he will endeavor to obtain an audience with the army officers who have charge of the location of the new school for maneuverers. Mr. Kemp believes that Wichita Falls can make these gentlemen as good a proposition as they can find elsewhere, and perhaps better, and it will be his object to induce them to visit the city, and look over suitable locations. B. F. Johnson, secretary of the Chamber of Commerce, went to Dallas yesterday on the same mission, but the train arrived very late, and Mr. Johnson was only able to see the officers for ten minutes, before their train left for Ardmore. The official party consists of Colonel Munroe McFarland, Major F. W. Lewis, and Capt. Paul C. Potter.

Plans of Government. It is understood to be the intention of the government to secure a large tract of land, suitable for army maneuverers on an extended scale. As far as it is possible to do so, the government intends to give the soldiers the same training they will have in France. All the new tactics, gas, liquid fire, bombs, grenades, must become familiar to the men before they leave this country, if they are to be of maximum use when they arrive in France. The new school is to include instruction in all such methods of war, and there will be schooling in the handling of heavy artillery, machine guns, and so forth. The war department intends to have the men acquainted up to the minute in the manner of military science, whether for offense or defense.

To Be One of Largest. It is expected that this will be one of the largest military schools in the United States, as regards equipment and the area of the ground covered. Mr. Kemp said this morning, "We have the land, and I think it is desirable that we find out exactly what these officers want before we can do anything in the matter. If we can convince them that we have what they want, we may stand a chance of getting the school."

Delivery of Vessels Is Being Expedited By British Builders

By Associated Press. Glasgow, August 30.—(By Mail).—On the hull of a big ship being built in one of the many yards that line the river banks of Scotland and north-west England a workman has written with chalk in bold letters six feet high five words that express the determination of British shipbuilders to "do their bit" toward defeating the German submarines. The five words are these: "We will deliver the ships." A staff correspondent of The Associated Press has just completed a trip through the yards of the rivers Tees, Tyne, Wear and Clyde as the guest of the foreign office and the admiralty. Great Britain not only will deliver the ships; they are being delivered now—dozens of them, scores of them, even hundreds of them. Of the four principal ship building rivers of the country every available foot of adjoining land has ship, more or less completed over it. Nearby engine works are turning out motive power for the vessels, at a tremendous rate.

Two Aviators Killed In Tragic Fight Over Trenches of Belgians

By Associated Press. Havre, Sept. 14.—A tragic aerial combat took place the afternoon of September 9 above the Belgian trenches along the railroad from Newport to Dixmude. An English airplane which had been surrounded by five German fighters, was forced to land in No Man's Land with 150 yards separating the lines. The Germans opened a hot gun fire on the English plane, but several Belgian aviators, in several determined to lend aid, crawled out in the broad daylight to the aircraft. Both the aviators were found dead. The Belgians brought in one of the bodies and returned a few hours later for the other. They saw the Germans robbing the dead man, but the Germans fled on the approach of the Belgians. The rapid fire guns resumed their shelling of the spot where the machine lay, but the Belgians nevertheless succeeded in bringing back to their trenches the body of the other Englishman.

FEW CORRECTIONS FOUND NECESSARY AFTER INSPECTION

Chief of the Fire Department J. L. McClure made the following announcement last night: R. E. Miller, special inspector for the state fire insurance commission, and I have just completed the inspection of all the business buildings of this city. We made 473 inspections and found only 21 corrections had to be made, a few of these on account of defective electric wiring, some on account of bad connection of the rubber tubes from gas jets to stoves, and the remainder were from having gasoline in the building in an unapproved way.

Bevo BEVERAGE

for the boys in khaki

Bevo is a great favorite in the Army Canteens, where none but pure, soft drinks may be sold. After drill or march, you are sure to see a long line of hot and dusty-throated soldier boys making a bee-line for Bevo. They know that there lies complete satisfaction, full refreshment and pure wholesomeness. At home or abroad—at work or play—between meals or with meals, you will appreciate what we have done for you in making this triumph in soft drinks. You will find Bevo at inns, restaurants, groceries, department and drug stores, picnic grounds, baseball parks, soda fountains, dining cars, in the navy, at canteens, at mobilization camps and other places where refreshing beverages are sold.

Bevo—the all-year-round soft drink. Guard against substitutes. Have the bottle opened in front of you, first seeing that the seal is unbroken and that the crown top bears the Fox. Sold in bottles only, and bottled exclusively by ANHEUSER-BUSCH-ST. LOUIS. WICHITA PRODUCE CO. Dealers WICHITA FALLS, TEXAS

COUNTY COUNCILS OF DEFENSE WILL MEET DURING FAIR. A unique and important feature of the Dallas Fair this year will be the joint meeting of the various County Councils of Defense with the State Council of Defense, October 15th. Cards have been sent out by State Secretary J. F. Carl, to members of all county councils, urging them, if their business will permit, to be present. "We feel," he says, "that great good will come of this conference. The best efforts are being made to have merit of national reputation to address the conference."

MILITARY STRENGTH OF NATION GREATER THAN PEOPLE KNOW

CHAIRMAN DENT SUBMITS COMPARATIVE STATEMENT FOR PUBLICATION. By Associated Press. Washington, Sept. 14.—In the belief that the country does not understand the real strength of the American military and naval forces, Chairman Dent of the House military committee today submitted to the House for publication in the Congressional Record a statement prepared at his request by the committee of public information from government records. "On September 6, 1917," the statement says, "there were in the regular army, national guard, and reserve corps of the army 78,828 officers and 741,953 enlisted men. In the navy there were 141,347 enlisted men, 41,473 naval reserves and 14,500 of the naval militia in the federal service. There were 5,000 in the Coast guards and 6,500 in the hospital corps making a total of 210,340. Enlisted men of the service 1,070; national naval volunteers, 704; retired men on active duty 14. There were approximately 12,000 officers in the navy and 1,000 in the marine corps. "In other words, on that date the army had, including officers and enlisted men 819,881 and the navy 254,265 making a total armed strength of that date of 1,074,146 men all of whom are volunteers. Prior to that time there was not a drafted soldier in a single training camp. The draft law was approved May 18, 1917."

Route Is Evacuated By Belgian Civilians States Late Dispatch

By Associated Press. Havre, Sept. 14.—The removal of the civilian population of Belgium continues, according to dispatches received here. The town of Roules immediately behind the battle line in Flanders has been evacuated completely. Ostend is being emptied gradually and two thousand persons already have been sent from Courtrai. Many of the inhabitants of Berlaer have been taken forcibly to Turcoing to work on the defense. All the inhabitants of Slevinge, Flanders, rich and poor alike, have been made to work on military roads.

Secretary Houston Is Urged to Attend Meeting at Dallas

By Associated Press. Austin, Texas, Sept. 14.—Secretary of Agriculture David Houston was today urgently invited to attend the cotton conference to be held at Dallas on September 21, at which a minimum price for cotton is to be discussed. The invitation was extended by F. C. Weiner, commissioner of markets and warehouses, who extended similar invitations to United States Senator Hoke Smith and Congressman Asbury F. Lever.

WIDOW OF ARTIST FOUND DEAD IN BED IN HOTEL

By Associated Press. Fall River, Mass., Sept. 14.—Mrs. Robert Dunning, widow of Robert Dunning, an artist, was found dead in a room on the upper floor at the home of her sister, Dr. Lucy C. Hill, early today, an autopsy found her unconscious from gas poisoning in a room on the first floor. Dr. Hill is expected to recover. An investigation is being made.

Hobby Would Permit Publications to Use Flag of the Nation

By Associated Press. Austin, Texas, Sept. 14.—Acting Governor Hobby today submitted to the consideration of the legislature the enactment of an amendment to the act of the regular session of the legislature, making it a penalty to desecrate the United States flag. The amendment proposes that the act shall not apply to any act permitted by the state, unless the flag was found in any newspaper, periodical, book, circular, diploma, etc. Governor Hobby also submitted the enactment of a law making additional appropriations for the game, fish and oyster department for the next two fiscal years; also an act providing for the levy and collection of an ad valorem tax by a city or town sufficient to meet interest payments or to create a sinking fund of all indebtedness incurred prior to the adoption of the constitutional amendment in 1883.

BRITISH CONCERNS URGE PAYMENT OF ALL LOANS

By Associated Press. Washington, Sept. 14.—British corporations which have located about \$110,000,000 on southern cotton and farm lands are seeking for payment which may embarrass many farmers in the south unless they can find a way to transfer their loans. Several southern financiers conferred here today with southern members of Congress and later will see Secretary McAdoo. They urged that the government ask Great Britain to have the request for payment rescinded.

National Bank of Commerce Wichita Falls, Texas. C. W. REID, President. OUR SUCCESS The success of this bank is due to two things. First, we appreciate the business with which we are favored and we endeavor to show our appreciation by giving the most courteous, helpful and friendly service to our patrons under all circumstances. Second, our depositors are satisfied and pleased with the manner in which their business is handled and they recommend our facilities to their friends and acquaintances. To this friendly co-operation we attribute much of the new business which we are constantly receiving.

The Harrison-Everton Music Company have a novel advertising scheme on display this week in the shape of the "insides" of a player piano. The entire cabinet has been removed from the instrument, laying bare all the working parts of it. The piano is from the factory of the Cable-Nelson Company of Chicago, and is a novel piece of advertising, it being interesting to watch the internal mechanism of the instrument while it is being played.
