

UNIFORM PRICES FOR STEEL FIXED BY FEDERAL BOARD

ALL ARE BASED UPON COST OF PRODUCTION, IT IS ANNOUNCED.

APPROVED BY WILSON

War Industries Body Will Supervise Distribution of Material for Best Interests of Country.

STEEL PRICES FIXED BY FEDERAL DECREE, FIGURES ANNOUNCED.

Washington, Sept. 24.—Steel prices agreed upon between the government and producers were announced today as follows: Steel bars at Pittsburgh and Chicago \$2.90 per hundredweight. The recent price was \$5.50.

By Associated Press. Washington, Sept. 24.—Uniform steel prices for the American government, the public and the allies, which represent reductions of from forty to 70 per cent in present market quotations, were approved today by President Wilson.

The prices were determined in an agreement reached between steel producers and the war industries board after conferences lasting more than a month. They were based on cost of production figures furnished by the federal trade commission, which made an investigation at the president's direction.

Supervise Distribution. Under powers conferred in the priority of transportation act the war industries board will supervise distribution of steel in a manner best calculated to win the war.

The agreement reached stipulates that there shall be no wage reductions in the steel industry and producers shall exert themselves to maintain capacity production.

The prices will become effective immediately and are subject to revision January 1, 1918.

Other prices agreed upon, all subject to revision January 1, 1918, but to become effective immediately, follow:

- Iron, one basis lower lake ports, price agreed upon \$5.05 gross tons. Coke, Connellsville, price agreed upon \$6 net ton, recent price \$16 a ton, a reduction of 42.5 per cent. Steel plates: Basis Chicago and Pittsburgh, price agreed upon \$3.25 hundredweight; recent prices \$11 a hundredweight; a reduction of 70.5 per cent. Pig iron, price agreed upon \$8.00 gross ton; recent prices \$8.00 net ton. A reduction of 43.1 per cent. Steel bars: Pittsburgh and Chicago basis, price agreed upon \$2.90 per hundredweight; recent price \$5.50 hundredweight, a reduction of 47.3 per cent. Steel shapes: Basis Chicago and Pittsburgh, price agreed upon \$2.00 hundredweight; recent price \$6.00 hundredweight, a reduction of fifty per cent.

BINGHAM AWAITS NEXT ACTION OF BODY EXHUMERS

By Associated Press. Louisville, Ky., Sept. 24.—Robert Worth Bingham and his friends here today awaited the next move of those who, according to a statement given out last night by counsel for Judge Bingham, in the early hours of last Tuesday morning, caused the body of his wife, formerly Mrs. Henry M. Wagner, to be exhumed, and autopsy performed and some of the vital organs removed and sent to New York after which the body presumably was reinterred.

The statement issued by Judge Bingham's attorneys contained the first definite assertion that Mrs. Bingham's body had been exhumed. The exhuming of the body was carried out surreptitiously and without notice to Judge Bingham; the statement says, adding "it belongs to the public to form its own opinion of this ghastly drama."

After reciting that when Mrs. Bingham became ill three physicians had been called to attend her, a statement adds that when two weeks before her death her condition apparently became serious, her brother, William B. Kennerly, was sent for and came to Louisville. He and Mrs. Bingham's sister who was called to Louisville a few days later, were informed of the measures that had been taken and gave their approval, the statement asserts.

In its concluding paragraph saying that "it is whispered" that the suspicion shall end in the making of charges, the charges will then be "met with facts."

ADMITS THAT BODY WAS EXHUMED LAST TUESDAY

By Associated Press. Wilmington, N. C., Sept. 24.—County Health Officer Nesbitt issued a statement today in which he said he had issued a permit last Tuesday for the disinterment of Mrs. Bingham's body at the request of Graham Kennerly, who told him that the family was anxious to ascertain, if possible, the cause of death "the matter not having been settled to their satisfaction."

BAPTISMISM OF FIRE SECRETLY GAINED BY SOME OF ARMY

AMERICAN SOLDIERS SLIP AWAY TO BATTLE BESIDE BRITISH TOMMIES.

ONE UNIT NEAR FRONT

Hint is Given That From This Picked Bunch Some Officers Have "Gone Over the Top" at Times.

By Associated Press. Somewhere Along the British Front in France, Sunday, Sept. 23.—On a historic battlefield which merges into the fighting lines are encamped many American troops, far removed from the rest of their compatriots who form the van guard of Uncle Sam's expeditionary force in France.

For military reasons it is impossible to tell just where these men are, who they are or what they are or what they are doing, but it may be said on authority that they are a credit to the Stars and Stripes which for the first time in history fly over a camp of American soldiers in this part of the world.

Some of them have been working continually in a zone covered by German guns and already two of their number have been wounded.

Are Sought Out. The Associated Press heard these men were here and sought them out. They are a fine healthy looking lot and nearly two months of hard work under real campaigning conditions has put them in shape. Their main grievance is that for the present they are not permitted, except when necessary demands, to expose themselves to the enemy's fire. In fact, a strict order was issued recently to the effect that officers had a hard time keeping them out of the British front line trenches.

It is said that more than one American soldier has crept away when off duty and after making friends with the "Tommies," has taken his place beside them for a few glorious minutes while a minor battle was in progress.

Been "Over the Top." It would have been unwise, perhaps, for the correspondent to inquire too closely whether any of the American officers had "gone their bit" in this manner. Nevertheless the correspondent had grave suspicions that some of them had been "over the top" with their allies before orders forbade it.

The correspondent visited two different camps and in each there was the same record of military activity characteristic of American methods. At the second camp during a meal, the correspondent fell into conversation with a young officer who came from one of the famous and wealthy families of the United States.

"How do you like it out here?" asked the correspondent. "I like it all right," the officer gazed reflectively through the open door of the mess room out across the open and beyond the camp. As far as the eye could reach there was a scene of devastation and desolation. Here and there shattered walls of a building reared themselves to mark the spot where a farm house or perhaps a village has stood.

Will Do Their Bit. The officer returned from his contemplative gaze and answered: "Well, it isn't exactly the same as Forty-second street and Broadway here, but we didn't come out looking for the Great White Way. We are here for business and we like it—partly for itself and partly because we ought to like it. We want to do our bit and we are more anxious to do it than any boys here."

"I think that some of our boys who have crept up and stolen a look at the fighting lines have been a little disappointed in a way. Of course, they read of what it was like over here, but it did not seem quite right not to see banners flying in the battlefield and not to witness troops marching out into the open. But they are tremendously impressed with things in general."

Yankies Are Amused. The reporter's high remark offered by a German officer for the first American soldier brought into the German lines dead or alive has immensely amused the Yankies.

We are not worrying about it, laughed one officer. "We are here and 'Fritz' can come after us anytime he is ready."

Drive to Raise Money for Books for Army Begun. Washington, Sept. 24.—The drive of the library committee to raise \$100,000 to provide libraries for American soldiers and sailors began today. Every city and town in the United States had been organized to raise the money with the minimum contribution asked from each community based on five per cent of its population.

President Wilson made a substantial cash donation last Friday and at the same time autographed a number of book plates to be placed in the books purchased with his contribution. After the \$100,000 had been subscribed work will start on the library buildings as soon as is practicable. Every camp and cantonment will be provided with a library forty by 120 feet.

REAR ADMIRAL KEPPEL DIES IN GREAT BRITAIN

By Associated Press. London, Sept. 24.—The death is announced of Rear Admiral Leicester Chantrey Keppel, retired.

HOBBY ASKS REPEAL OF NEW COLLEGE AND ASYLUM MEASURES

NATIONAL ARMY MEN ARE CLEANING UP AFTER FIRST MEAL IN ONE OF CANTONMENT CAMPS

Scenes like this are being enacted all over the United States as the movements of the great draft army reach camp. The introduction to military life is made quickly and the men are soon accustomed to the routine of the cantonment. The men in the photograph have been at camp but a few hours, but they have already fallen in with the spirit of army life. They have had their first taste of army grub, and by their expressions it was to their liking. After their first meal they learned that one of the duties of our soldiers is cleaning their own dishes. They are busily engaged at that task, while others of their comrades are taking their turns at the mess tables.

German Assaults Repulsed

HEAVY CANNONADING AGAIN RESUMED ON BATTLEFRONT NORTHEAST OF YPRES WHILE CANADIANS PRESS UPON LENS

The war situation of today is summarized by The Associated Press as follows: Heavy cannonading was again in progress last night on the Flanders battlefield northeast of Ypres, but the infantry had a relief from the recent hard fighting. The last German reaction was not encouraging enough, apparently, to warrant a speedy resumption as Field Marshal Haig reported last night that when the Germans assaulted the British lines northeast of Langemarck yesterday they not only were repulsed but lost heavily.

Signs of apparently important activity impending activity are appearing in other sections of the British front, notably in the Arras region near the Scarpe and in the vicinity of Lens, which city is still being closely pressed by the Canadians. Considerable artillery activity is announced from these sectors.

The artillery on both sides is also notably busy on the French front in the Verdun region. Last night its activity reached the stage of intense violence.

GERMANS CLAIM CAPTURE OF PROVISION SUPPLY RAIDING PARTY NEAR LA BASSEVILLE WAS DRIVEN AWAY AFTER SHARP FIGHTING LAST NIGHT WITH THE "FRITZ".

ARTILLERY DUEL INTENSE ALONG VERDUN FRONT. Paris, Sept. 24.—North of Verdun and in the region of Fosses and Chameuses Woods, the artillery duel was intensely violent last night, the French war office announced this afternoon.

RUSSIAN FORCES TAKE OFFENSIVE AROUND RIGA. Petrograd, Sept. 24.—Russian forces on the Riga front in the region south of the Pskov road yesterday took the offensive and after a fierce struggle occupied the German positions in the sector of Silzeme, the Russian war office announced today.

GERMANS HEAVY GUNS ACTIVE ALONG SCARPE. London, Sept. 24.—German heavy guns were active early this morning on both banks of the river Scarpe, on the Arras front, in France, Field Marshal Haig reported today. A German raiding party near La Basseville was driven away after sharp fighting last night with the "Fritz".

EXPORT OF GOLD TO SPAIN TO BE ORDERED STOPPED. Washington, Sept. 24.—Treasury officials carrying out the government's policy governing the conversation of gold, have virtually decided upon a policy prohibiting the export of gold to Spain. No gold has been licensed for export to Spain since the president's proclamation became effective except several small shipments already loaded aboard steamers.

NEW CHIEF OF STAFF APPOINTED IN RUSSIA. Petrograd, Sept. 24.—General Douchonine, chief of staff to the commander on the western front has been appointed chief of staff to the commander in chief of the Russian armies.

Sights-Burning Ship Off Fanning Island. San Francisco, Sept. 23.—The burning hulk of a vessel thought to be the schooner Beluga, which cleared from this port May 16 with a cargo of 600 tons of wool, was sighted on the Pacific off Fanning Island in the South by Captain G. S. Dent of the schooner Attie Ford.

ANOTHER AMERICAN GIRL TO GET TITLE. Paris, Sept. 23.—The marriage of Baron Napoleon Gougouard and Miss Eva Buckingham Gebhard of New York will be celebrated at Neuvers, in the department of Nievre, on Wednesday.

JOE JACKSON GRANTED EXEMPTION BY BOARD. Greenville, S. C., Sept. 24.—Joe Jackson, the Chicago American league team's star batter, has been granted exemption from the selective draft on the ground of a dependent wife.

HEAVY GOVERNMENT APPROPRIATIONS NOW MADE NECESSARY BY STATE ARE GIVEN AS CHIEF REASON FOR MOVE

By Associated Press. Austin, Texas, Sept. 24.—(Bulletin).—The House this afternoon passed finally, by a vote of 83 to 13, the House bill by Tillotson, repealing the law creating the West Texas A. & M. College.

By Associated Press. Austin, Texas, Sept. 24.—Repeal of the laws creating the West Texas A. and M. College, the Northeast Texas A. and M. College, and the Northwest Texas Insane Asylum, were recommended to the Legislature today by Governor Hobby in a message sent to both branches of the Legislature. These three measures carry a total appropriation of \$1,150,000.

Governor Hobby, in his message, points out that the reason for the submission of the repeal of these laws is because of the large amount of appropriations made for the support of the government.

He shows that for the support of the government for this fiscal year it will be necessary to raise \$13,346,978, and with a tax rate of thirty-five cents on the \$100 property valuation, the estimated expenditures of the government will exceed by \$2,637,732 the revenue produced under this tax rate, hence the necessity for the repeal of these laws.

"In my judgment," says Governor Hobby in his message, "the state has not yet entered into a binding contract with interested parties or interested communities for the establishment of these institutions, and the subject becomes a proper matter for the legislature."

In the event the Legislature does not repeal these laws, Governor Hobby urges that the appropriations be postponed.

In accordance with this message, bills were introduced in both branches of the Legislature, providing for the repeal of the laws creating these new institutions. Two were introduced in the House, one by Tillotson, repealing all three proposed institutions, while Dunnam introduced a bill to repeal the act creating the West Texas A. and M.

Senate Committee Would Bar Ferguson From Public Office

By Associated Press. Austin, Texas, Sept. 24.—By a vote of 6 to 3 the Senate committee on civil jurisprudence adopted the report of the sub-committee which provides that the impeachment of the governor carries with it the disqualification against holding any office of public trust in Texas.

German Airplane Is Destroyed; Another Is Forced to Land

By Associated Press. Somewhere on the French Front, Saturday, Sept. 22.—Lieutenant Raoul Lufbery of the Lafayette Flying Corps continued his brilliant aerial exploits today when he destroyed one German machine and forced another to land near the front lines.

EMPEROR VISITS TROOPS ON MOLDAVIA BATTLE LINE

By Associated Press. London, Sept. 24.—Emperor William has a dispatch from Amsterdam to Reuters, has visited the battlefields in Roumania and inspected the troops which participated in the campaign in Transylvania and Roumania in the autumn of 1916. These troops are now on the Moldavia battle front.

Addressing the troops Emperor William pointed out the world wide historical importance of this fighting, which, he said, was also of great importance to the German people.

CHANGING PLAN TO EXHUME BODY OF MRS. R. W. BINGHAM

By Associated Press. Wilmington, N. C., Sept. 22.—Shepard Bryan, attorney of Atlanta, Ga., arrived here today and announced that he came on behalf of Judge Robert W. Bingham of Louisville to investigate reports that relatives of the late Mrs. Bingham had secured a permit to exhume her body with a view to determining the exact cause of death. Officials still refused to confirm or deny reports that a permit had been issued. Guarding of Mrs. Bingham's grave continued tonight.

THREE BILLIONS MAY BE AMOUNT OF NEW BONDS

Washington, Sept. 24.—Details of the second Liberty bond issue probably will be announced by Secretary McAdoo tomorrow. Indications are that the offering will approximate \$3,000,000,000 and run approximately 25 or 30 years. The interest rate as fixed by law, may be up to four per cent and is considered likely the issue will bear the four per cent rate.

TEXAS AND OKLAHOMA UNITS MADE INTO THREE NEW ARMY BRIGADES

By Associated Press. Fort Worth, Texas, Sept. 24.—The Texas and Oklahoma National Guard passed effectively out of existence this morning with the reorganization of the units at Camp Bowie. Now the troops of the two states are mixed in the three new brigades announced today. General Blakely commands the artillery, while Generals Hutchings and Hulen of Texas will be in charge of the infantry. The cavalry is all changed to artillery.

The depot brigade will be commanded by General Roy V. Hoffman of Oklahoma. Soldiers for this brigade will be sent here from Camp Travis in San Antonio. The reorganization also means the passing of all the Texas and Oklahoma cavalry.

Asks Investigation. At the request of several members of the legislature Governor Hobby today submitted to the legislature to enactment of a law to provide for an investigation of the various departments of the state government and to authorize the appointment of a committee to carry on such investigation while the legislature is in session and after its adjournment and also to authorize the employment of such accountants and efficiency experts as may be necessary to carry on the work. This is to give the committee legal status.

SCHOOL DISTRICT MEASURE PASSED BY STATE SENATE

By Associated Press. Austin, Texas, Sept. 24.—The Senate passed finally today the House bill creating the Estelino independent school district, and House bill creating a more efficient road system for Newton county.

ALLEGED I. W. W. LEADER IS HELD FOR OKLAHOMA

Seattle, Wash., Sept. 24.—J. E. Wiggin, said to be an I. W. W. organizer, is under arrest here, in Wiggin for whom a nation wide search has been conducted, is being held for Oklahoma officials. According to federal officers he has admitted that he participated in the Oklahoma riots.

TWENTY BUILDINGS BURNED TO GROUND AT LAWTON, OKLA.

By Associated Press. Lawton, Okla., Sept. 24.—Twenty buildings, all but two of which were of wooden construction, were destroyed by fire which broke out shortly after noon today and swept through an entire block on "E" avenue and half a block on "D" avenue, entailing an estimated loss of \$135,000. One woman, Mrs. Hattie Williams, 50, of Hollister, Okla., was struck by an automobile and killed.

The fire was placed under control at 1:30 with the assistance of the fire department from the army post at Fort Sill. The destroyed buildings included the Ingraham Hotel and the Lawton Ice Cream Factory. Fire fighters were handicapped by low water pressure, the city's normal supply from Lake Lawton's having been diverted to Camp Doniphan.

# Columbia Grafonola and Double-Disc Records

## The Pleasant Business of Buying a Phonograph

BUYING a phonograph is really a joyous experience.

You go to the store where Columbia Grafonolas are sold. Walk in.

These Columbia sales people have sold a great many instruments and they know how to treat the man and his wife who would like to do a lot of looking and listening before they begin to talk buying.

You will be welcome. You will be given chairs. You will be given a complete list of records indexed so that you can quickly find the songs and music you think you would like to hear.

Pick out what you want. The records will be fetched and played. After you have heard two or three played you can play others yourself.

Take this opportunity to get acquainted with the Columbia instrument. Ask questions.

Look at the instruments of different prices and hear them.

Then, if you are as human as most folks, you will wish you had the instrument at home, to talk over before buying it. The Columbia dealer will be pleased to send an instrument to your home on trial. Play it there. Get your neighbors' judgment on it. Compare it with other machines. In direct comparison the Columbia always appears at its best.

When you are ready to buy you will find that, as with pianos, the adjustment of payments is easy and convenient.

Columbia Grafonolas are priced at \$15 to \$350

COLUMBIA GRAPHOPHONE COMPANY, New York

## TICKETS FOR WORLD'S SERIES BEING SOLD LIKE "HOT CAKES"— CHICAGO PARK BEING PREPARED

Chicago, Sept. 24.—Secretary Harry Grabiner of the Chicago American baseball club, who is in charge of handling the thousands of requests for tickets for the world's series, declared today that even Sunday with no regular delivery of mail, showed no cessation in the rush for reservations. Almost 1200 special delivery letters were received yesterday from persons wishing tickets for all games. Complete arrangements for ticket sales have not been made. President Comiskey, has made no ruling rela-

tive to the number of tickets which may be purchased by an individual but he is said to be working on a plan that will eliminate the possibility of speculators securing a corner on the seats. Persons making request for more than one seat of tickets must supply the name of the persons for whom the additional seats are wanted.

Work is now in progress on the several thousand seats which President Comiskey is adding to his park. Most of these are permanent and will bring the regular seating capacity of the South Side park to 32,000. For the world series there will be room for 32,000 persons. New boxes of concrete are being installed from the stand to the field eliminating the present abrupt drop.

W. F. Sterley, general freight and passenger agent and W. C. Logan, general auditor for the Denver road, were in the city today.

## JUDGE HARRIS IS TO MANAGE SALE OF BONDS HERE

JURIST WILL PRESS DISPOSITION OF LIBERTY LOAN IN THIS COUNTY.

## IS AT HOME FROM TRIP

Mass Meeting of Citizens is Expected To Be Called For Purpose Of Selecting Committee.

Judge Harris has accepted the appointment as chief organizer for the second Liberty Loan in Wichita county and will act with the Chamber of Commerce and other civic organizations that may desire to assist in organizing the entire county for the flotation of the second loan.

The judge returned only this morning from a business trip to Jones county and finding the communication from the Dallas reserve bank asking him to accept the appointment, immediately accepted, promising to do all in his power to make the Wichita county contribution to the second loan fully as creditable as was the first.

**Will Call Meeting.**

A meeting probably will be called soon by Judge Harris of citizens of the county, where, in accordance with the plans outlined by the Federal Reserve, a central committee will be appointed. This executive committee will in turn appoint subcommittees to work each town, as suggested by the general plan outlined by the reserve central board.

Other suggestions made in an outline received by Judge Harris follow:

A county or district sales manager will be appointed at the first county or district committee meeting. This official will take charge of the personal solicitation work and will appoint as many deputy sales managers and salesmen as he may deem wise. The importance of the work of the sales manager cannot be over estimated. Our publicity will be made effective only through the efforts of the sales forces. It should be the object of the sales manager to cover every square mile of his district by means of salesmen. Personal solicitation is what sells bonds.

The county or district organizer will kindly advise the Liberty department of the Federal Reserve Bank on the name and address of the county or district sales manager.

**To Distribute Literature.**

The county or district committee will distribute to the sub-committees literature, posters, etc., sent from the Federal Reserve Bank at Dallas. A most earnest request is made that all literature be distributed promptly.

Wherever Chambers of Commerce associations are in existence they will be approached and asked to co-operate to the fullest degree with the county or district organizers and committees. During the last campaign the services of the Business Associations proved to be of the greatest possible value. It is the hope of the government and its agents that the business men referred to will excel even their last splendid record in personal solicitation for the sale of bonds.

A Woman's Liberty Loan Committee will be in existence in each county or district and the chairman of this organization has been requested to communicate with and co-operate with the county or district organization.

Ways and means will be devised at the chief and sub-committee meetings to further the sale of bonds, and it is the desire of the Federal Bank officials that every committee use the widest discretion in adopting policies and means. They ask, however, that the general plan of campaign outlined in this communication be used as a working basis. The plans outlined were successful last time and will be still more successful this time.

## Striking Cartoon Is Being Used By Navy To Secure Recruits

The navy department has issued a new poster, by W. A. Rogers. It is a reproduction of a cartoon by that artist, which appeared in the New York Herald and it will repay a little examination.

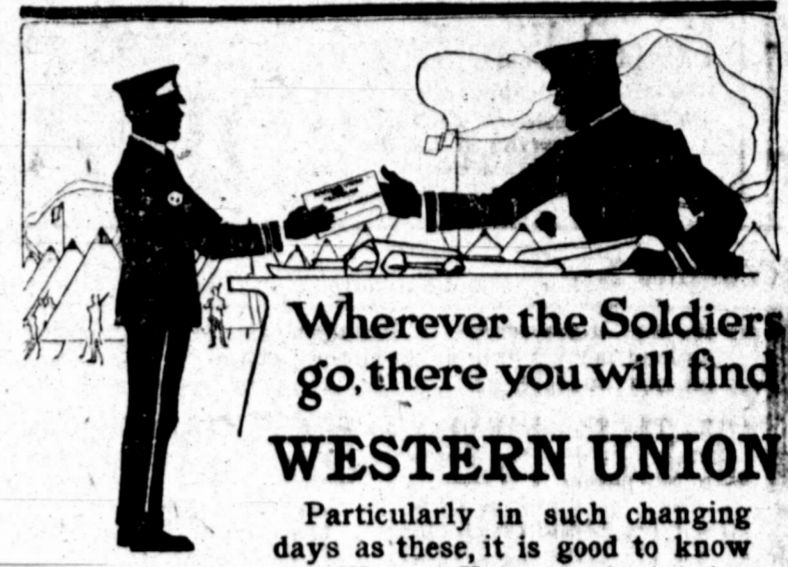

A giant figure, the personification of Grim War, is seen wading through a sea of bodies of women and little children, whose faces express only patient suffering. The hands and arms of the figure are ruddy, and he holds aloft a huge and bloody falchion; while his left hand grips a dagger steeped beyond the haft in blood. Underneath is written "Only the Navy can stop this."

The face and dress of the figure show the most careful thought on the part of the artist. He wears a ghastly belt of skulls and bones, and on his breast hangs a travesty of the Iron Cross. The shape is the same, but it is made of two bones crossed, and the insignia on the helmet are the skull and cross bones. But it is the face which tells the story, and especially the eyes. The mouth is sullen and brutal; but the eyes have none of that bestial ferocity which one usually sees in such figures. They are cold, and steady, and quite soulless. There is nothing back of them to which any appeal can be made. They give no promise of any possibility of approach on any ground whatever. The soul of the man has gone from him, leaving the beast in possession of his body. And this man, whose soul is gone, has started out on an orgy of human destruction upon the seas. "Only the Navy can Stop This."

The navy is using two sorts of posters—one for the man who wants to stop and look, and one for the man who wants to stop and think. Both posters—and both men—in the opinion of the navy department, are worth the latter type.

## TURKESAN COTTON GROWERS CONSIDER YEAR'S PLANTING

By Associated Press  
Petrograd, Sept. 23.—The congress of Turkesan cotton growers, composed largely of Mohammedans, is considering the possibility of not planting cotton this year. Such a step would be taken in order to free acreage for cereals, and also as a protest against the alleged ignoring of native interests by the local councils of workmen and soldiers delegates.

Wherever the Soldiers go, there you will find

## BOY'S PANTS—A Big Line SHOES FOR THE WHOLE FAMILY

# WHY THE SONORA Phonograph IS BETTER

- 1—The quality of tone is admittedly unrivalled.
- 2—The Motor (made in Switzerland) runs about twice as long per winding as do motors of other similar priced machines.
- 3—The Sonora is designed (not adapted) to play all makes of disc records; steel needle, sapphire, and diamond point.
- 4—The Sound Box does not deteriorate with age nor does it coarsen and harden the tones as it grows older.
- 5—The Sound Amplifier is made under scientific principles, known only by us, and is the result of our long experience in phonograph manufacturing.
- 6—The Patented Tone Control is at the Sound Source—the correct place, and alters the volume, not the quality of tone produced.
- 7—The Patented Envelope Filing System is unique and wonderfully convenient, each record being instantly available.
- 8—The Patented Cabinet Work is rich and distinctive, the graceful "Bulge" lines being exclusively Sonora's.
- 9—The Patented Automatic Stop is thoroughly reliable and requires really no attention.
- 10—The Patented Motor Meter and Spring Control are very convenient, telling how much power is left in the motor.

## RICHARDSON-TAYLOR DRUG CO. "The Store of Better Service" Ohio and Seventh

### Singing School for Army—Latest

There is something new under the sun—even in music. This time it is one of the most unique schools in existence, the school which Harry Barnhart will direct in New York this fall for the men who are going out to conduct singing in the army and navy camps.

The new song leaders are being selected by Lee F. Hammer of the War Department's Commission on Training Camp Activities, and their development for the highly specialized work for which they are volunteering will take place at 129 East 22nd Street, where the National Committee on Army and Navy Music, which is co-operating with the War Department's commission, has its headquarters.

Methods of handling large groups of men, songs of the army and navy, company and regimental singing, and problems relating to the army and navy will be among the questions to be given consideration, and the work will begin early in October.

At Long Island Camp, Mr. Barnhart takes charge of the singing at Camp Upton, Yaphank, L. I., on the first of October. During the summer he conducted singing in the Great Lakes Naval Training Station and in the Syracuse Mobilization Camp. Buffalo and New York both heard their soldiers sing under Mr. Barnhart's leadership, in Song and Light festivals in which the soldiers and civilians joined.

A notable list of men prominent in the musical world have laid aside their customary duties to take up the work of leading singing in the camps. The "pioneer" work that started in the summer was done by Geoffrey O'Hara, at Fort Oglethorpe, Ga., Kenneth Clark at the Ambulance Training Corps camp at Abingdon, Pa., Robert Lloyd at the officers' training camp at Fort Niagara, and Stanley Hawkins at Madison Barracks. With the mobilization of the new national army, many of these leaders are taking on new duties, leaving to leaders who are coming in later work in the camps where the singing has been organized.

Robert Lloyd has been sent to take charge of the work at Camp Funston, Fort Riley, Kan., the camp of which Major General Leonard Wood is commander. Kenneth Clark is in charge of singing at another of the national army camps, Camp Meade, Annapolis, Md., and Mr. O'Hara continues his work at Fort Oglethorpe, where he directs both the work for the regulars in the big camp, and the men in training for the officers' reserve corps.

Some of Leaders.

Among the new leaders entering the work this fall is John Archer of Providence, R. I., who is widely known as a community chorus leader. He has organized and conducted large choruses at Providence, and at Pittsfield

and North Adams, Mass. Holmes Cowper has left his duties as Dean of Music at Drake University, Des Moines, Iowa, to take charge of singing in Camp Dodge, Des Moines, and another leader who has forsaken similar activities is H. W. Barnes, formerly head of the San Antonio Texas School of Music, who is now leading in song the men at Camp Travis, Fort Sam Houston, Texas. Howard Wade Kimsey and his brother, Kolia W. Kimsey, have both left their work in Chautauqua music to become song leaders, the former at Camp Pike, Little Rock, Ark., and the latter at Camp Gordon, Atlanta, Ga. LeRoy Allen, formerly with the music department of the University at Berkeley, Cal., is working with the national committee in helping to arrange band parts for the songs which are to be included in the new army and navy song book. Vernon Stiles, former member of the Chicago Opera Company and a concert artist, is leading the singing at Camp Devens, Ayer, Mass., and the work at Camp Jackson, Columbia, S. C. is being directed by David Griffin, baritone concert artist of Philadelphia.

As there are in operation this fall 16 camps where the men of the new National Army are in training, 16 camps of the National Guard, nine of officers' training camps, and 20 mobilization camps of the regular army, in addition to the naval training stations, it will be seen that the need for song leaders is much larger than the supply. Men who feel that they have the necessary qualifications for this work should communicate with Mr. Hammer, who is leading the committee in selecting leaders to serve in this capacity.

### Adickes Home to Be Turned Over to Buyer About November 1st

Mrs. M. M. Adickes plans to give possession of her Tenth street home on Nov. 1 to J. H. Marriott of Electric. Mr. Marriott will bring his family here on that date it is thought.

For the present Mrs. Adickes will move to one of the bungalows comprising her rent property. She contemplates erecting a permanent home in the spring at Oglethorpe, where she directs both the work for the regulars in the big camp, and the men in training for the officers' reserve corps.

### AVIATION CAMP PAY COMPRISED OF NEW BILLS

Wholesale circulation of brand new paper bills and an extensive revival of the jitney industry are two of the most noticeable effects of the aviation camp construction work. The pay roll on Saturday was between \$40,000 and \$50,000 taking ten men five hours to count it out and place it in the envelopes, marked with the foreman's name, number and hours worked. Fifty thousand dollars in new money was shipped in to the City National Bank Friday for use in making up the pay roll, a large amount of pennies being included, as the government gives the exact amount due even to odd cents. The pay roll was made up in the morning and taken to the camp in a locked trunk at five o'clock. The automobile was guarded by policemen and armed officials of the Gilsonite Construction Company and a guard stood by while the cash was being paid out.

Jitneys are helping to solve the transportation problems for the workers, and as was the case some time ago, owners of a certain popular make of small cars are reaping a bountiful harvest. Instead of waiting for the next street car the overflow catches the first town faring jitneys, hang all over them and bump along merrily. From the number of tagged workmen on the streets at night it is apparent that practically all employed at the camp stay in down town rooming houses, as the factory facilities for caring for roomers and boarders is limited.

### Infantile Paralysis Will Be Checked With Coming of Cool Days

By Associated Press.

Chicago, Sept. 24.—Health Commissioner Robertson declared today that the coming of cool weather will probably avert a serious epidemic of infantile paralysis which within the last week claimed 27 victims with 66 new cases reported, for a total of 250.

### INVITATION IS RECEIVED HERE TO SHERMAN FAIR

The Red River Valley Fair will be held in Sherman October 1st to 8th, and there will be an unusually fine exhibit of seed grains, according to a letter from the Sherman Chamber of Commerce to the local chamber Wichita county farmers are invited to attend the fair.

The letter says in part: "I am extending an invitation through you to them to be present in person or by representative."

According to experts from the U. S. Department of Agriculture, Grayson and the surrounding counties have the best soil in the Southwest for producing seeds, especially the grains. Our yields this year were abnormal, both in quantity and quality, and our farmers themselves are planning to make an exhibit of oats, corn, wheat and cotton, the biggest and choicest ever assembled in the Southwest; their purpose being to get in personal touch with those who want choice seeds.

The yield of wheat was as high as forty-five bushels per acre; oats as high as one hundred and forty-two bushels per acre, and corn sixty bushels per acre.

J. W. Campbell, county agricultural agent for Wichita county, said that along the Red River, and in part of Oklahoma, the greatest percentage of the country where he had been able to obtain seed. Mr. Campbell, as was stated in the Sunday issue of the Times, has been able to get seed wheat for the farmers of this county at cost, by means of organization, and the buying of large quantities. These exhibits at the Red River Valley Fair will be of the greatest interest to the farmers of this county, who have been short of seed, and it is hoped that many of them will take this opportunity to see the excellent specimens on exhibition at Sherman.

### HURDLESTON HERE TO INSPECT SPUR TO AVIATION CAMP

WILL MAKE RECOMMENDATIONS FOR SETTLEMENT OF CONTOURS HERE

C. H. Hurdleston, a member of the Texas Railroad Commission, was in the city today making an inspection of the spur recently built to the aviation camp site.

In each city where an aviation camp or cantonment has been built, according to statement by Mr. Hurdleston this morning, disagreements have come up between the competing railroads as to the rates to be charged in the case of Wichita Falls, the Fort Worth and Denver City road contends that the camp site is within the switching limits of the city yards, and that freight to the camp should be handled by the Missouri, Kansas and Texas, which road built the switch, at the regular switch charge, but the latter road contends that it is without the switching limits, and therefore the charge made for hauling freight to the camp should be based on a line haul.

Mr. Hurdleston was appointed to make inspection of such conditions because of his long practical experience in the railroad business. He will report his findings here to the commission at their next meeting, and make recommendations which will be satisfactory to both roads.

In each of the other cases Mr. Hurdleston has handled in regard to camps and cantonments, his recommendations have been accepted by the commission thereby settling the question. While he would not state what he would recommend in the case of Wichita Falls, he felt sure the matter would be disposed of in a way that would be for the best interests of all parties concerned.

Mr. Hurdleston has been in the railroad business for over twenty years, and at one time was a conductor on the Katy between this city and Denison, and was later superintendent of the same division. Something like fifteen years has passed since his last visit to this city, and he was high in his praise of it, saying that it was the best little city in the state of Texas.

### Predatory Animals Doing Much Damage In Southern Texas

The president has asked for increased production in the supply of meat and wool, and the Chamber of Commerce of San Antonio, in order to cooperate with this request, has drafted a resolution dealing with the extermination of the various commercial bodies throughout the state, petitions the acting governor to request the "Predatory Wild Animal Bounty Law," with amendments, if necessary, making the bounty high enough, and appropriate sufficient amount of money to keep the bounty fund supplied to the end of the fiscal year 1919, that the people may be encouraged to complete the extermination of these expensive and dangerous animals dangerous for the reason that they transmit hydrophobia to both man and beast with the least delay possible.

The letter to the local chamber asks that it address a like resolution to the governor, and to various members of the legislature, in order that a great mass of opinion be brought to bear upon the legislature, to the rapid extermination of this law.

### GERMAN-MADE PEACE TALK IS DENIED IN RUSSIA

Petrograd, Sept. 23.—The announcement of the departure of a representative of the Hungarian opposition for a conference at Bern after a German press discussion of the possibilities of peace before winter, has caused apparent German-made rumors of attempts by the central powers and the entente to gain peace at the expense of Russia. The Retch denies the truth of the reported negotiations.

TODAY'S MARKETS

1,200 southern, 10 to 25c lower. Prime led steers \$16.00@17.25; dressed best steers \$11.50@15.50; southern steers \$7.00@11.75; cows \$5.50@10.00; heifers \$7.00@13.00; stockers \$6.50@12.80; calves \$6.50@13.25.

St. Louis Live Stock. St. Louis, Sept. 24.—HOGS: Receipts 6,000; fifteen higher. Lights \$18.50@18.95; pigs \$14.50@18.00; mixed and butchers \$18.40@19.10; good heavy \$18.25@19.15; bulk \$18.50@19.10.

COTTON MARKET PROVES NERVOUS; PRICE IRREGULAR

New York, Sept. 24.—The cotton market was very nervous and irregular during today's early trading. The sensational advances of last week evidently inspired a good deal of scattered realizing but there was a renewal of Liverpool buying and orders were pretty well divided. The opening was irregular at a decline of four points to an advance of nine points with October selling at 24.55 and January 24.28 on the call.

BULGE IN PRICES OF CORN RESULTS ON CROP REPORTS

Chicago, Sept. 24.—Unofficial predictions of unfavorable weather led to a bulge in corn prices today. The market was also bullishly affected by reports that crop damage of late appeared to have been more serious than the trade as a rule had believed. Offerings were much lighter than usual. Opening prices which ranged to 1/2c off to 1/2c net advance at \$1.17 1/2 to \$1.18 December, and \$1.14 1/2 to \$1.15 May, were followed by a decided advance all around.

Tell them to go ahead. You might as well have the use of that building you are planning—there is nothing to be gained by waiting. There is no prospect of prices going down for some time after the war is over. Go ahead and let your contracts.

Certain-teed Roofing

CERTAIN-TEED is not cheaper because the quality is lower, but because it is a less expensive roofing to manufacture. It is better, not only because it is cheaper, but also because it is light weight, weather-tight, clean, sanitary, fire-retardant and costs practically nothing to maintain.

Certain-teed Slate-Surfaced Asphalt Shingles. Certain-teed Paints and Varnishes. Certainteed Products Corporation of Texas.

R. H. KIRBY Austin, Texas

Make Texas Dry

Dear Sir: One thousand saloons will soon close in Texas by local option election. Their victims, the drunkards, the cutcasts, the criminals, the deprived, the debauched, the down and outs, the hangers on, the idlers, the saloon keepers, will then go to your town if it remains wet. I therefore respectfully suggest that you call an election at once.

Yours for a Dry State, R. H. KIRBY.

Reports of a tropical storm moving northward from the neighborhood of Cayman Island and a low barometer off the Carolina coast, combined with the prospect for rains or showers in the eastern belt, steadily advanced prices early. Offerings increased however, following reports of heavy marine war risks and talk of an easier spot basis in the southwest. With the market very nervous and excitable, prices broke sharply with Oct. selling off to 23.85 and Jan. to 23.60, or 60 to 65 points lower before midday.

Chicago Produce. Chicago, Sept. 24.—CORN: No. 2 yellow \$2.02@2.03; No. 2 white \$2.07@2.08. OATS: Standard 60% \$1.90 1/2; RYE: No. 2 \$1.90@1.91 1/2; BARLEY: \$1.25@1.41.

New Orleans Cotton. New Orleans, Sept. 24.—The hurricane warning for Gulf waters left the cotton market here in an upward tendency today and in the first half hour of business prices rose 25 to 28 points. Shorts were buyers of covers and there was moderate fresh buying for long account. The forecast of rains for the eastern belt was considered unfavorable.

New York Stock Market. New York, Sept. 24.—Steels, coppers, oils and shippings carried the list to lower levels at the opening of today's trading. Recessions in these several groups ranged from large fractions to 1 1/2 points. Ralls also were inclined to yield, notably granagers and Pacifics.

Chicago Produce. Chicago, Ill., Sept. 24.—BUTTER: Steady; creamery 33 1/2@43c. EGGS—Steady; receipts 7,368 cases. Firsts 37 1/2@38c; ordinary firsts 26@26 1/2; at mark—cases included, 35@35 1/2.

Kansas City Produce. Kansas City, Sept. 24.—BUTTER: Creamery 34c; firsts 33 1/2@35c; seconds 34c; packing 36c. EGGS—Firsts 36c; seconds 36c. POULTRY—Hens 21c; roosters 14c; broilers 21c. POTATOES—Weak \$1.20.

Table with columns: CORN, OATS, PORK, LARD, RIBS. Rows: Dec, May, Sept, Oct, Jan, Feb, Mar, Apr, May, Jun, Jul, Aug, Sep, Oct, Nov, Dec.

Kansas City Cash Grain. Kansas City, Sept. 24.—Cash corn No. 2 mixed \$1.94@1.95; No. 2 white \$2.07@2.08. Oats: Steady to 1 higher No. 2 white.

Cotton Seed Oil. New York, Sept. 24.—The cotton seed oil market closed steady. Spot 17.40 bid; Sept. 17.25; Oct. 17.02; Dec. 16.70; Jan. 16.51; March 16.82. Total sales 74,500.

St. Louis Cash Grain. St. Louis, Sept. 24.—Cash corn lower No. 2 \$2.03; No. 2 white \$2.10@2.11. Oats—Higher No. 2, 58c; No. 2 white 60 1/2@61 1/2c.

St. Louis Live Stock. St. Louis, Sept. 24.—HOGS: Receipts 6,000; fifteen higher. Lights \$18.50@18.95; pigs \$14.50@18.00; mixed and butchers \$18.40@19.10; good heavy \$18.25@19.15; bulk \$18.50@19.10.

St. Louis Cash Grain. St. Louis, Sept. 24.—Cash corn lower No. 2 \$2.03; No. 2 white \$2.10@2.11. Oats—Higher No. 2, 58c; No. 2 white 60 1/2@61 1/2c.

Forty Cents A Pound. IS PAID FOR ONE BALE OF LONG STAPLE COTTON. Clarksville, Texas, Sept. 24.—One bale of long staple cotton was sold by B. C. Lewis, farmer today, for forty cents a pound. The claim is made here that this is the highest price ever paid for cotton in Texas.

Russian Congress To Be Concourse of Over 1500 Persons. Petrograd, Sept. 24.—The democratic congress, according to the program will be composed of 1500 members, but demands to participate are arising from political organizations from all parts of the country and the definition of the congress has not been decided. As the organization committee has decided to give a small number of seats to representatives of professional and industrial associations, the middle or property classes will not be altogether excluded. The overwhelming majority of the members, however, will represent the peasantry. It is announced that the congress may open on Sept. 26, a day later than originally proposed.

Longshoremen Given Increases Asked and Resume Their Labors

By Associated Press. New Orleans, Sept. 24.—Partial resumption of shipping at this port, which had been tied up since last Wednesday, occurred early today when virtually all of the 2,100 striking white and negro union longshoremen returned to work at increased wages demanded, pending settlement in conference or by arbitration of questions of duration of contractors working regulations.

Girl Messengers Being Employed By Telegraph Company

By Associated Press. Fort Worth, Texas, Sept. 24.—Unemployed sufficient boys on account of the compulsory education law put girls and old men to work.

Naval Inventions Are Sought; Booklet Being Issued Telling People How to Present Them

T. R. T. Orth, secretary of the Council of Defense, has received a pamphlet from the State Council, entitled "Naval Inventions," by Capt. William Strother Smith of the United States navy, who at present is serving in special duty in the Navy Consulting Board.

The first mission of the booklet is to be of service to the multitude of inventors, who, though they have some good ideas, are ignorant of how to secure a patent, or in some cases where they do know how, are backward in doing so because of the amount of notoriety obtained which some do not desire.

Hence, the County Council of Defense has been asked to invite all inventors to come to them with their inventions, and let them suggest how to go about the matter. It is also pointed out that by sending inventions direct to the Navy Consulting Board, of which Mr. Thomas A. Edison is a member, the patent attorney's fees, which usually are from \$50 to \$100 may be saved.

Inventors are requested not to send models of their inventions, as they are liable to be broken in transportation, and then the men who examine these things are well versed in the reading of drawings, and it is said that a correct drawing tells far more than a model, for the model is misleading in that it will seem to show results that cannot be attained with a full-sized machine.

None in Person. This board also requests that no inventors call in person to present their ideas, for it takes time and energy of the government officials, both of which they have none to spare.

It is often claimed that naval officers are ultraconservative and are inclined to turn down every idea pre-

sented. This is combated by the fact that every battleship is filled with patented inventions. Practically every navigating instrument, electric device, an eleven the boilers and pumps are developed by outside companies from original patented inventions and are bought by the government from the manufacturing companies.

"It may be safely stated," according to the booklet, "that all owners of such inventions will be given due credit to the valuable assistance and suggestions freely given by naval officers to the improvement thereof. There is another feature in that the Navy Department possesses a very efficient counter-balance in this respect."

The Naval Consulting Board is composed of the broadest and most liberal minded men. If anything, they tend to lean away from conservatism. They are men eminent in their professions, many of them inventors themselves, and all who have come in contact with them are impressed with their earnestness and desire to leave no stone unturned in doing everything they can to present every device that could possibly be of value in winning a victory for the country they serve.

The services of this board have been offered to and accepted by the Council of National Defense and the War Department to act on all inventions.

Secretary Daniels, in first sentence of his directions to the officers who coordinate all ideas, stated:—Let no idea, however simple or roughly presented, pass unnoticed often; from the most unexpected source the highest value is often obtained.

England has already received thousands of ideas and inventions. Her office for handling them has grown from a small one to immense proportions. She has 48,000 people to 100,000,000 inhabitants of this land; and it can be safely stated that American inventive capacity is equal to or exceeds that of any other country of the world.

Officers Are Elected By Odd Fellows In County Association

The following officers were elected for the ensuing year at a meeting of the Rebekahs degree of the Wichita County O. G. F. held at the State Hotel, Monday night, President, J. R. Ogle, of Wichita Falls; vice president, Ernest Vaught, Electric; secretary, Mrs. W. M. West, Wichita Falls; treasurer, Lewis King of Burk Burnett; chaplain, Mrs. W. L. Dillard of Wichita Falls.

A number of local people attended the meeting, among them being T. Young and wife, Mrs. W. L. Dillard, James Bradshaw, and wife, Walter M. West and wife, Mrs. John Perry, T. S. Smith, J. R. Ogle and Mrs. Milan.

"TAKE TO BRUSH" ADVICE GIVEN TO MEMBERS W. C. U.

THIS IS STATEMENT MADE BY WITNESS IN ENID DRAFT RESISTERS CASE.

By Associated Press. Enid, Okla., Sept. 22.—When the possibility of German financial aid through the offices of the Industrial Workers of the World was closed by the arrest of "Rube" Munson, alleged state organizer of the Working Class Union, members of the W. C. U. subjects to the draft were advised to register and "take to the brush" if officers attempted to impress them into service in the army.

If the men subsequently were caught and forced to serve their country, a mutiny was to be carried out during which guns of the rebels were to be turned on the brother soldiers, witnesses swore. The mutiny, according to the alleged plan, was to be carried out at a pre-arranged time when two million other resistors throughout the country were to take similar action.

Witnesses called today included Sid John and Charles Herrod, three sons of Herrod, the agent man who attempted to kill himself yesterday morning when it became apparent that he would be forced to testify.

TERRIBLY SWOLLEN Suffering Described As Torture Relieved by Black-Draught.

Rossville, Ga.—Mrs. Kate Lee Able, of this place, writes: "My husband is an engineer, and once while lifting, he injured himself with a piece of heavy machinery, across the abdomen. He was so sore he could not bear to press on himself at all, on chest or abdomen. He weighed 165 lbs., and fell off until he weighed 110 lbs., in two weeks.

He became constipated and it looked like he would die. We had three different doctors, yet with all their medicine, his bowels failed to act. He would turn up a ten-cent bottle of castor oil, and drink it two or three days in succession. He did this yet without result. We became desperate, he suffered so. He was swollen terribly. He told me his suffering could only be described as torture.

I sent and bought Theodor's Black-Draught. I made him take a big dose, and when it began to act he fainted, he was in such misery, but he got relief and began to mend at once. He got well, and we both feel he owes his life to Theodor's Black-Draught.

Theodor's Black-Draught will help you to keep fit, ready for the day's work. Try it!

AMERICAN ARMY TO BE EQUIPPED WITH BEST ARMS

BREAST TO BREAST TACTICS ARE NOW THE RULE IN THE TRENCHES.

By Associated Press. Washington, Sept. 22.—The hand to hand character of modern trench warfare is sharply illustrated in detailed tables of organization for American overseas infantry units made public today by the war department.

The complete reorganization of the whole infantry service outlined in the new tables is based on the proven fact that the battle will be "decided" by the foot soldiers fighting breast to breast with bombs, bayonets and knives.

Included in the equipment of American regiments which enter the trenches are "trench knives," one of the most up to date developments of European battle fields. In addition each infantry division will have 418 machine guns. Less than two years ago the American army had not more than 1200 of these weapons for its entire active and reserve staff.

Will Be Well Equipped. American troops will enter the trenches equipped and organized in fact that no other army engaged in the war has been able to provide. Every lesson learned by the allies has been adapted promptly and the overseas units will be supplied with every weapon found useful.

The tables published today fix an infantry platoon as the operating unit. It will be composed of fifty-eight enlisted men under a lieutenant. The old days of the solid ranks of men with rifles on their shoulders and bayonets at their belts are gone. In each platoon there will be a section of twenty-two bombers and rifle grenadiers, two sections of twenty-four riflemen—all of them trained marksmen and the only survival of the old infantrymen, and one section of auto-firemen who will handle the light machine guns or the automatic shoulder rifles that may be developed.

Apportionment of Guns. This means that there will be four light machine guns on the line for every four hundred men by the regimental and divisional machine gun battalions and companies armed with the heavy water cooled weapons that are the real first line of defenses in trench warfare.

The use of trench knives supplements the old rifle and bayonet for forty men in each company of 250. These terrible weapons are long, keen knives with heavy metal hilts, worn strapped to the left arm and made for use in trench raids by men who cannot be encumbered with rifles and bayonets because of their special duties.

Each company of an infantry regiment will have four platoons and each platoon will have 103 officers and 3,652 men, one section of the headquarters company being armed with three machine guns. Each regimental machine gun company will carry twelve heavy guns and four reserve weapons.

Headquarters Company. The headquarters company will be the largest unit in the regiment, having seven officers and 254 men. In addition to the 1-pounder section there will be a signal section with a special trench telephone detachment, a sappers and bombers section and a platoon of pioneers for regimental engineering work.

The strength of the tactical unit, the infantry division has undergone a change, having been increased from thirteen thousand to 27,152 men of all arms. Its structure remains the same with four infantry regiments divided into two brigades, an artillery brigade of three regiments and a trench mortar battery, a regiment of engineers, a field signal battalion and the headquarters, ammunition, supply, engineer and sanitary trains. In the divisional and battalion organizations also provision is made for an addition of heavy machine gun battalions, making a total of fourteen machine gun companies of this type to the division, or 168 active and fifty-six spare guns.

At the Theatres

The Plaza. The new vaudeville program opening at the Plaza tonight is heralded as one of the hits of the season, the acts coming straight from the big time theatres of Dallas.

The Empress. Today and tomorrow the attraction at the Empress will be "The Mysterious Miss Terry." A boarding house does not sound like a very "romantic" spot wherein to place the greater part of the scenes in a motion picture but Director J. Earle Dawley and Billie Burke together have injected into "The Mysterious Miss Terry" the star's latest picture for Paramount, all of the charm and romance of southern Italy or any one of the spots usually picked out by dramatists for their stories.

"The Mysterious Miss Terry" while full of intrigue and suspense is nothing more than a good American story told in a most fascinating manner.

The Gem. Zoe Rae, the charming child actress of Universal, is starred in "Heart of Gold," showing at the Gem today, together with a program of other interesting films.

"GOD'S LAW" AT THE MAJESTIC TUESDAY. Lois Weber's new feature, "God's Law" is to be the feature attraction at the Majestic Monday. This picture is a strong argument against capital punishment and has received the commendation of statesmen, preachers, public men and scholars in the larger cities where it was shown when first released.

Hurricane Is Headed Into Gulf Waters, Is Late Bureau Report

By Associated Press. Washington, Sept. 24.—The tropical disturbance of great intensity reported yesterday north of Jamaica was apparently central this morning over Cayman Islands moving northwest, according to reports to the weather bureau.

WRIGLEYS

With the land forces and with the fleet WRIGLEYS gives solace in the long watch, it freshens and refreshes, steadies nerves, allays thirst, helps appetite and digestion.

CASH BASIS AFTER OCTOBER 1st.

On account of the continued increase in the cost of everything that goes into the manufacture of our products, we shall sell goods for cash only ON AND AFTER OCTOBER FIRST. We shall also discontinue the delivery of all special orders amounting to less than 50 cents. Our wagons will make regular delivery in any amounts, but no special orders for less than 50 cents will be made, for the reason that the cost of such deliveries absorb every cent of profit.

Keene judgment is Good Judgment. TOM KEENE the Cigar made with good Judgment. STATE NATIONAL CIGAR CO. FORT WORTH, TEXAS. WICHITA FALLS, TEXAS.

MAJESTIC THEATRE TODAY The locale of the play, Alaska; its period, the early days of the gold rush. In this drama of human weakness and strength DOROTHY DALTON as the dancer, who was well known by all coming into the country between Nome and Dawson as "THE FLAME OF THE YUKON" from the platform in the Cafe Midas she ruled the destinies of men of diverse characters and traits, luring from them their nuggets one day only to hand over the plunder to grub-stake others the next. Around this interesting woman a drama of many tense moments has been written, and in producing it striking scenic effects have been accomplished by the noted THOMAS H. INCE in a seven-reel picture so full of the unusual that the seven reels was necessary to crowd in the many vital points to round out one of the best productions ever released on the TRI-ANGLE program. "A JANITOR'S VENGEANCE," Tri-angle comedy, also on the program. 5c and 10c—Prices—5c and 10c TOMORROW THE BURNING QUESTION OF THE HOUR "GOD'S LAW" LOIS WEBER'S sensational master-stroke, depicting the dangers of capital punishment. 5c Admission—10c

LOOK OUT FOR JACK TAR A NEW STYLE FOR FALL IN Lion Collars ON SALE SEPTEMBER 25th FOR SALE BY BAUM & GARDNER

Empress Theatre TODAY and TOMORROW BILLIE BURKE IN "THE MYSTERIOUS MISS TERRY" The appealingly feminine, lovely Billie Burke, of many stage successes, as the heroine in an unusual romance of love and mystery, by one of our most famous writers and humorists Gillette Burgess. The above combination is enough within itself to assure one of the success of the play. Add to it a story of novel and amusing episodes, just a little bit different from anything that you have seen or read for a long time; a cast of extreme excellence, with Thos. Meighan as leading man, and a production above reproach, and you have the ingredients for a photoplay which should pack a theatre to its capacity. As the mysterious MAVIS TERRY, proud, high-spirited, captivating and fetching—too fetching in one incident—Miss Burke is in her element. The final unravelling of the plot is most entertaining. 10c—ADMISSION—15c Miss Billie Burke

A BULLETIN from Bell Mattress Factory

A faulty uneven Mattress makes a good night's sleep impossible. Let us make over any such mattress you may have in mind. We'll return it to you, not just as good but better than it was when you bought it new. And as to our own special make, we will not only guarantee its substantiality, workmanship, but guarantee you a good night's sleep, if it takes only a comfortable mattress to induce it. T. J. Edmonson, Mgr. Phone 2412.

HOUSES FOR RENT

are certainly scarce; in fact, you can hardly find a vacant residence in the city, but if you wish to purchase a home with possession guaranteed, we have a large list to select from. We can sell you nice homes for less than you can build them today. Being the agents of the Floral Heights Addition, we control a great many of the choicest building sites in the city, and if you desire to build your own home, it will pay you to see us before purchasing your location. We sell farms, ranches, city and suburban property, as well as choice oil leases close up to production. HUEY & COTTON Office 604 Eighth Street Phone 1478

ACCIDENT THEORY IS DISCREDITED IN CAROLINA CASE

PHYSICIAN TESTIFIES MRS. KING COULD NOT HAVE INFLICTED WOUND.

By Associated Press. Concord, N. C., Sept. 24.—Dr. William H. Burnmeister, chief coroner's physician of Cook County, Ill., testified today at the preliminary hearing of Gaston B. Means that in his opinion it would have been impossible for Mrs. Maude A. King to have held the pistol which inflicted the fatal wound in the back of her head near here Aug. 28.

Means, who is charged with the murder of Mrs. King, testified at the coroner's inquest that his opinion is accidentally shot herself.

Dr. Burnmeister also said there was no evidence of powder burns around the wound.

Means, business manager and confidant of Mrs. King, pleaded not guilty at the opening of the hearing.
