APPROPRIATION HUNDRED SYMPATHIZERS OF GERMANY ARRESTED FOR VANDAL PLOTTING

By Associated Press.

New York, Sept. 27.—Plans to wreck machinery in munition making shops in America at the bidding of German agents in Europe are believed by the police to have been defeated through the arrests of about 100 Germans and German sympathizers in raids which, begun here last night, were con-

and German sympathizers in raids which, begun here last night, were continued today.

This morning the aliens, each guarded by a detective, were taken to Ellis Island, where it was announced, they will be interned probably for the duration of the war.

Nearly all the men arrested were mechanics. A number are employed in munitions plants and on navy contracts. In the possession of some were found quantities of carborundum in pulverized form—a chemical used to destroy delicate machinery. The men knew one another, had held various meetings at which police and navy department agents were present, unknown to them and had been under surveillance for many months, according to the police.

The suspicion is held that the carborundum reached here from German agents in Scandinavian countries. Emphasis was placed on the discovery of this chemical, some of it in the form of lead pencils, in possession of a German courier in Norway some months ago. This agent admitted, according to police information, that he had been sending carborundum to Germans in countries at war with Germany.

DIRECTORS OF CHAMBER OF COM-OF \$100.00.

Route of Star Highway Will Connect Santa Fe Train With Gulf to Colorado Highway

F. E. Giliespie, promoter of the Star Highway, yesterday addressed a called meeting of the directors of the Cham-ber of Commerce, putting before them the plans of the highway association. The Chamber voted to pay the assessment of \$100.00, the amount taxed each countyseat through which the trail will run, and to appoint R. E. Shepherd, of Burkburnett, as delegate to the convention at Woodward on November

The route will connect the Santa Fe Trail at Dodge City Kan, with the Colorado to Gulf Highway at Fort Worth; but will virtually mean the opening up of a much longer strip; because Dodge City is one terminus of the Red River route, connecting Dodge City with Bismark. N. D. The comple-tion of the Star Highway will therefore connect Fort Worth and Bismark, N. D. in as direct a line as it is pos-sible to make, according to Mr. Gil-

Long Considered.

The Star Route had been under consideration for the past two years, but has never until now gotten over the difficulty of crossing the South Canadian river. Now, however, there is a very fine steel bridge crossing this river at Taloga, Okla., and the organization has been recently revived.

A meeting was held in Hobart on July 25th last, for the purpose of reorganizing the association, and endeavoring to place it on a basis that

deavoring to place it on a basis that would accomplish results. In every county organizations were created, and the work of the road taken in hand. The chairman of these local committees formed the executive committee of the association. Boards were inspected all up and down the route, and competitive routes arranged in many

Purpose of Committee
The present purpose of the committee is to canvas the towns on the route. ascertain their sentiment regarding the road, and collect the assessments, which are \$100 for each county seat. and \$50 for the intermediate towns.

and \$50 for the intermediate towns.

Mr. Gillespie stated that with the exception of every few towns, he had had no difficulty in collecting the assessments.

The greater portion of this money will be spent in marking the road from Wichita Falls to Dodge City, and very fine steel markers are being used. A blue arrow, bearing on it "Right," "Left" or "Straight On," as the case may be is in the center of the marker. In the point of the arrow is a white star. On top is written in red letters "Dodge City", so many miles, and on the bottom the nearest court seat, with the distance. These markers are to be of settle and it is estimated that it.

and about \$200 for the expenses of the delegates.

The unorganized part of the oad is from Wichita Falls to Dodge City, and there are several very bad pieces of road on the way. The road from Woodwad noth to Buffalo is said to be almost impassable, and Mr. Gillespie stated that the Chamber of Commerce at Woodward has agreed to make a contract with him to have it put into shape. Mr. Gillespie thought it would cost a great deal of money, though he did not state how much.

Mayor Z. Z. Rogers, of Frederick, who was of the party of bocsters at the meeting, stated that the principal thing which they were asking Wichita Falls to do was to berfect the local organization of the Star Highway committee, and to see that the work of the road was attended to at all Itimes.

to a Red Cross worker I was informed that they were afraid that poisons, ground glass, etc., might be sewn into the garments and bandages! Saints ditions resulting from the war, and they were afraid that poisons, ground glass, etc., might be sewn into the garments and bandages! Saints ditions resulting from the war, and doing this without a murmur but with hands that made those first dainty garments, will be more careles in making the garments and bandages in a same son now grown to manhood?" With reference to Mrs. Phebe K. Warner's editorial in the Fort Worth Star-Telegram under the head of "The Worman Slacker". I wisk in behalf of the thousands of women who are mothers, wives, sisters and friends of our boys who are called to the colors, in behalf of these women flatly deny the accusation. We are not slackers. There are thousands of women who have stepped into the shoes of that husband, son or brother that has been called. These women have labored and are laboring beyond the first thing that really came our was called slackers.

IDA BELLE SAVAGE.

It is apparent from a summer trin in the cast. There were flat that poisons, ground glass, etc., might be sewn into the said that there are countless num doing this without a murmur but with additions resulting from the war, solution from the war shouldering beyond worker? With reference to Mrs.

Will you allow me to make reply to a saint they have a share in making the garments, will be more careles in making the garments and bandages. The guests were: Miss summer trin in the cast. There were said that there are countless num the thest of the work of the unusual conditions resulting from the war, and ditions resulting from the war shouldering beyond worker? With reference to Mrs.

In the work of the United States in make are countless num the the saint the ditions resulting from the war, state they have a share in the saint of which their men stand ready to w have labored and are laboring beyond their strength; and yet if they were permitted to do so they would gladly sew for the Red Cross. There are thousands of women who cannot leave their little ones to go to Red Cross that she did not understand. Mrs. Headquarters and yet they would gladly sew in their own homes. There are thousands of women whose health will be added to the sew for the red cross that she did not understand. Mrs. Warner in "The Woman Slacker" of the women whose health will have found now on their bands of women whose health will have found now on their bands of women whose health will have found now on their bands.

usands of women whose health will have found new duties on their hands permit their climbing stairs to through the departure of the men of I Cross headquarters who would not their household and who for this reahesitate to give a room in their own son gave no time for the work of the home for use of the Red Cross. Some Red Cross; or for those whose house time ago when I offered my services hold duties prevent. To the everlast

other fact will be noted, namely, that program follows: a number of the regular workers are women who are as busy as any in the ing) Miss Ennis Johnson, pupil of Er-

regulations of the national body. The Smile—George C Taylor local organization is not a free agent. "Pappillion" (Butterfl local organization is not a free agent none of the leaders are working as in dividuals, they are only obeying or ders, like soldiers, the greatest service in any movement can only be accomplished through implicit obedience without stopping to ask "Why."

However, there is home work that can be done. Right at present the great needs of the fighting men number woolen garments as among the first. When the yarn for the local chapter arrives, Mrs. Savage and the others whom she is defending can Miss Bayley. However, there is nome work that can be done. Right at present the great needs of the fighting men number woolen garments as among the first. When the varm for the local chapter arrives, Mrs. Savage and the others whom she is defending can most carraintly half the Red Cross and most certainly help the Red Cross and the soldiers by knitting in their homes.

This will be of as great benefit as doing the bandage work and can be done at odd times, so as not to interfere with other duties which may claim the

Laundry Bags Needed By Boys In Camp, Is Report Sent Home

The boys at Camp Bowie need laundry bags. This word is brought back by parents and other relatives who have visited the camp. The Red Cross suggests that relatives and friends of the Wichita Falls boys send good substantial laundry bags to the boys immediately, unless they know they went supplied.

mediately, unless they know they went supplied.

The boys say that their things make rather a mess if allowed to knock around in the tents, and this can be easily believed, especially by those who have had experience with boys at home, where even the efforts of a tidy mother, and a very complete supply of laundry bags and other home comforts did not always suffice to keep the wardrobe in spick, and span order.

BIRTHDAY PARTY FOR THELMA LAVERA SIMMONS

Tuesday, September 25, was the first birthday of little Thelma LaVera Simmons, so her mother, Mrs. J. H. Simmons invited a number of small men and maids about her age to spend the afternoon with her, includ ing in the invitation their mothers. The babies spent the time in playing with toys, some of the birthday gifts, and their mothers chatted. A really truly birthday cake with one candle had been baked for Baby Thelma Lavera and this cake was included in some of the snapshots taken of the honoree. Other pictures were taken of the halv guests and the honoree and the baby guests and the honoree and her two grandmothers, Mrs. Mapes and Mrs. G. E. rriberg. Refreshments of fee cream, cake and nabiscos were served late in the afternoon. Those present at this first birthday party of the little miss were: Mrs. Mapes and grandson, David Simmons, Mrs. Arch McKinley and daughter, Leatha, and son William, Mrs. George Friberg and daughter, Beathage and daughter Beathage and daught son Wijnam, Mrs. George Friberg and daughter Beatrice, Mrs. Duke and son Jack, Mrs. Roy Marquande and daugh ter Evelyn, Mrs. J. B. Dollard and daughter, Marte, Mrs. Roberts and son Clarence, Mesdames, E.-V. Fri berg, G. E. Friberg, Misses Mary By man, Juliette Hillburn of Brooklyn, Estelle, Nettie and Edmontine Friberg

NEW IDEA CLUB MEETS WITH MRS. T. E. DOBSON

Mrs. T. E. Dobson was hostess to the New Idea Club Wednesday after-noon. The time was spent with fancy work and the members were pleased to have with them again Mrs. M. E. Carey, who has just returned from a summer trip in the east. There were

such. It is to the women whose house work in that entertainment will welhold duties are light or non-existant, come this chance to be further enterthe woman who has no children, or tained by her art. Miss Bayley is a whose sons and daughters are no long-er a care, the woman of leisure but not necessarily a woman of great means. There are many such women in Wichli-ta Falls and some of them are already working at the Red Cross rooms, but any one visiting the work rooms any red to as "the child Paylowa." Last day in the week will be convinced that year she taught at Portland Ore. there is not near the proportion of In the program tonight Miss Bayley workers that this city should have. on Tuesday and Wednesday nights the delivery of The Times was greatly delayed through no fault of the carrier boys. On Tuesday evening, the forms were held past press time in order that the regular city edition order that the regular city edition order that the regular city edition of the final action on the impeachment of Governor tion on the impeachment of Governor Ferguson. When the paper did go press, or the paper, or both, were balky and an additional delay was experienced in getting the paper into the hands of the carriers. Wednesday in the question of right and wrong evening the paper went to press at the usual hour but trouble was again experienced and three hours and a experienced and three hours and a experienced and three hours and a the transgressor.

You are doing your bit in your own way: and I thank you more than run. The Times is doing all it can words can express for giving me to remedy the situation but feels that space in which to do mine it must apologize to its patrons in the city. More than a thousand telephone calls were received each night Tuesday and Wednesday nights. Under Germany's reply to the Pope's peace in good humor. The Times trusts that congress through the organization you know of."

Nothing in the German or Austrian

Editor Times: Editor Times:
Every one admires a broad-minded editor. I wish to thank you for printing my appeal to Uncle Sam, even though you gave it no headlines like you did the mother who wanted her boy to have tobacco. That was all right; you are her champion; however, you know there are quite a few of my way of thinking among your subscribers, and these have asked me to scribers, and these have asked me to

"come again."
So this is to let you know that your tobaccodrive has not gone over us even though you have Major General Wood at your head. That fact no more makes the thing right, than if we were to say it was proven wrong because Kaiser Withelm endorsed it. You are right where you say that tobacco gives a soldier a "certain measure of, contentment which be could not find without it." The same thing could be said of the Oklahoma men, who found contentment in the open saloons here on the night of the nineteenth. The disgraceful way in which Wichita Falls took advantage of the non-uniformed soldiers that night is not a pleasant pill for us to take, but it has been forced down our throats.

The writer even heard one woman

take, but it has been forced down our throats.

The writer even heard one woman say, "Oh, well, let them have a farewell drink, poor fellows," Well, the poor fellows got it, and a disgraced troop train reached San Antonio next day. The "poor fellows" had a wonderful measure of contentment until they had to be slapped to sleep while their hip pockets and baggage were searched, and the booty thrown overboard.

board.

Every one knows that a great many of the commanders in the Civil War dealt liquor out to the soldiers on the eve of battle. They were great good men, doing the very best they knew how. Time has proven them wrong—Uncle Sam says so.

So you see the question is not who or what endorses a thing: it is "does the progress of civilization uphold-it?"

The father who modestly gives us only his initials has a world of sympathy from the writer, who would remind him that if he would have aired his ancestry back a bit farther he ancestry back a bit farther

dition that she use either an Italian or French name.

Condition Not Just.

This condition, Mr. Bean said, is unjust to the American musician, and discrediting to the American nation. The influence of the Rotary Club, he said, was desired in helping to do away with the theory that a musician, in order to have a way were the said. have a name that no one could pro-

John Arnold gave a very interesting account of his recent trip to the East and North. Mr. Arnold told of the shipbuilding plants, and the construcsubmarines. He spoke particularly of the enormous amount of preparations for war that are going on all over the country he visited. Government orders take precedence over everything else; and even extra fare passenger trains are often sidetrack to allow right of way to govern

ment freight.
Two Chief Towns. Two Chief Towns.

The two towns which seem to have made the most lasting impression upon Mr. Arnold, were Cleveland, Ohio, and Tulsa, Okla., the former for its beauty, the latter for its pep.

Best Bean addressed the Rotary Bowle, gave a short account of the life and tdaining at the camp. Visit ors from Wichita Falls were at the camp almost daily. Mr. Peeler said and

Club at luncheon today on subject of camp almost daily, Mr. Peeler said, and American support of American musical the boys were mighty glad to see them. All the boys seem to have settled to the Rotary convention at Atlanta by Reginald de Koven.

The message dealt with the difficulty of American musicans to obtain recognition nnless they work under foreign names. One instance was given of an American girl personally of the Macklin speaks on war name.

C. B. Macklin spoke on war pam-phlets and publicity, showing that the German government devotes and has always devoted a great deal more time and expert attention to the matter of publicity through the press than other nations, and that this work had been both an immense advantage of

The Wilbarger County Fair was churches stand for tobacco in their ery successful, despite the drouth minister's mouths. This recalls a fighting for. There is an amazing cause it realized the great necessity

that we have never made the start.

The Times hopes that all civic organizations in Wichita county will join in assisting the county officers in opening the new county courthouse with fittig ceremony. The Chamber of Commerce, the Rotary Club, the Lion's Club, the Civic League, the Wichita County of the weed, but sanitary progress refused the comfort to the comfort to the future candidate.

A curious vision always came to the writer whenever she sat under the sound of a tobacco-soaked voice in the sound of a tobacco-soaked voice in the pulpit. Fancy always formed a huge worm, the only natural lover of the obbits with were not touched upon in the daily newspapers, being articles written by experts who had a great loose inaccurate, and futile talk that lead of expert knowledge of their value of the comfort to the He called attention to the fact that the publishers Stodder and Houghton. T. Fisher Unwin, and others, had been issuing a vast number of namphlets on the war from every angle, taking up for the most part with the publishers. Stodder and Houghton. T. Fisher Unwin, and others, had been issuing a vast number of namphlets on the war from every angle, taking up for the most part with the county of the sound of a tobacco-soaked voice in the called attention to the fact. He called attention to the fact. He called attention to the date that the called attention to the such mand third.

CORN GOES LOWER CATTLE STEADY, TROPICAL STORM UPON FAVORABLE - HOGS GO HIGHER REPORTS SEND UP REPORT ON CROP AT FORT WORTH

Chicago, Sept. 27.—Belief that frost damage had not been serious and that the crop outlook remained good despite predictions of more frost tonight had a berish influence today on corn. The sport interest appeared to have been largely eliminated. Houses with seaboard connections bought on the decline. Opening prices, which ranged from the same as yesterday's fluish to see some and \$1.17\frac{1}{2}\$ and \$\frac{1}{2}\$\frac{1}

then a decided downturn all around.

Oats eased down with corn. The general rains however, acted as a check on the bears. A selling drive on October ribs caused a material break in the price of that delivery. Other \$19.30; heavy \$19.000(\$19.40; light provisions hardened as a result of \$18.500(\$19.20; pigs.\$15.00(\$16.50.

A stirring drama of society and the underworld, in

property.

612 Ohio avenue.

While zebras have been with circuses for many years and the past year saw a few trained to drive, it remained for Al G. Barnes, the big animal wizard, to educate a group of these wild horses to do circus tricks. They are seen in this big entirely animal performer circus, roiling barrels, jumping through hoops, doing a seesaw walking on their hind feet and ordering a meal.

A most difficult feat was accomplished and a new circus history made when Mr. Barnes overcome the stubborn, vicious nature of these pretty beasts and made performers of them.

Camels and llamas were two other species of beasts nere-to-fore thought to be un-teachable that have come under the master hand of this wizard and they too, will be seen in the Barnes circus when it shows here on Thursday, Oct. 4.

Lions, tigers and pumas, educated to ride galloping horses and perform with each other and domestic animals is another decided feature of this animal show. Bears, dogs, monkeys and horses working harmoniously together in acts are distinct attractions. Two herds of the rarest performing dancing cangaroos, are stars of the animal order. Hyenas, dogs and monkeys have a funny act. Dogs and monkeys in trapese and aerial work, goats riding galloping horses and walking a tight-rope, a team of fine porkers, and a score of funny fellows take care of the laugh-producing department of the circus.

There will be a two-mile long street to ride galloping horses and perform with each other and domestic animals is another decided feature of this animal show. Bears, dogs, monkeys and horses working harmoniously together in acts are distinct attractions. Two here are two of the animal order. Hyenas, dogs and monkeys in trapese and derial work, goats riding erial wor

Baylor-Howard Payne Game Will Be Feature In Texas This Week

The 1917 football season will be formally ushered in this week when the teams of the East Texas Normal College of Commerce, and Austin College of Sherman clash at the latters home, and when Baylor and Howard

Payne come together at Waco.

The Baplor Bear's prospects for the season are bright indeed, their last year's coach and his essistant remaining intact, and several of the veteran

Ing intact, and several of the veteran players also coming back.

The Roach brothers and Theron Fouts, which is almost a team of itself, are back, as are Bill Walker and Holland in the backfield, and Hughes, Tinsley and Wood, linesmen. Mosley, their coach, received his training at Baylor, and was one of the west. their coach, received his training at Baylor, and was one of the most reliable ends the Bears have ever turned out. Balenti, the assistant coach, received his training at Carlisle and was one of the Aggies mainstays in the 1909 squad. The fact that these men are returning from last year and that they have been in Texas football for a number of years gives Baylor an advantage not to be overlooked. But Howard Payne also has some advantages that are not to be overlooked. They have ten of last year's men back, and one of the best known figures in Texas football for a coach, in the person of Arnold Kirkpatrick, an old Texas star. Of the last yearmen who have reported for practice an old Texas star. Of the last year men who have reported for practice this year are Green, Wray, Russell, Camp, Hood, Woodruff, Duke, Taylor and Lewis, Besides these more than forty new ones have presented them selves, and with the ability to get lots of work out of men and plenty of fight into them it is thought that Kirkpatrick will have one o fthe best elevens sent out from Brownwood in several years. A full schedule is being arranged, including games with Southwestern at Temple next Saturday. There is some conflict in the schedule already sent out from Brown wood for the date October 12, the A. and M. being booked, but the Aggies schedule gives the date to Dallas University. That is several weeks off, however, and the corrected schedule will be arranged by Sunday, it is thought.

These two teams clashed last year

These two teams clashed last year when they were both in good trim. though if Howard Payne had not been in trim before the game they would afterward, as the Bears trimmed them

WATER TO FIGHT FIRES

Associated Press Mail Correspondence.
Athens.—There was a fire on the main street of Athens the other day which permitted one to see the Athenian fire department in full action.
First came a huge tank of water drawn by horses. There is no water from fire hydrants, for water is very scarce and people are not permitted to take baths. So the fire department brings the tank of water to each fire, and the fire is held down as long as the tank holds out. Back of the tank comes one of the venerable hand-pumping devices which Benjamin Franklin introduced when he started the volunteer fire organizations in America. Still the Athenian fire department has a good record, mainly because Athens is built of stone and cannot burn. from fire hydrants, for water is ver is built of stone and cannot burn.

The day after the fire the huge tank was seen on the same street lay ing the dust, and it was explained that the fire department was also the

Tar and Feathers Applied to I. W. W. People In Arkansas

street-sprinkling department

Stutagart. Ark. Sept. 26.—Four white men alleged to be I. W. W. agents were whipped and tarred and feathered by a mob of 150 Arkansas county rice farmers near here about 10 o'clock this morning. The four were taken from the county jail to a point two miles north of town. After the men had been whipped, tar and feathers were applied and their clothes returned to them, each starting away in a different direction. They were warned that if they returned to this county a "necktle party" would be held.

The men were arrested yesterday

held.

The men were arrested yesterday afternoon after officers had been informed that the farmers were organizing to stop activities of the four in endeavoring to incite laborers brought here from working the rice harvest.

Coal Operators Say They Cannot Produce at Government Prices

Washington, Sept. 26.—Coal operators of Illinois Indiana, Onio and Western Pennsylvania today notified miers' representatives in conference that they were unable to meet the miners demands for a wage increase of about 25 per cent unless the government revised the prices on bituminous coal. It is probable that after an other conference between operators and miners late today, Dr. H. A. Garfield, the coal administrator will be called in to consider the situation.

BE READY FOR THE COLLECTOR

Receiving Want Ads by telephone is the final detail in making The Want Columns promptly and perfectly useful to the readers. Telephone Ads cost no more, in money—and less in time—but The Times must employ collectors to follow the phone.

The extra accommodation of receiving by phone should be encouraged by always being ready for The Collector. DON'T LET HIM CALL THE SECOND TIME.

If you have a room to rent, a house to rent, a farm for sale, or if you want to buy an article, whether new or second-hand, you should use The Times Want Add Columns daily.

RATES—Went ads are one cent a word for the first insertion and half a cent a word for subsequent successive insertions. No want ad taken for les sthan lifteen cents and no ad taken to run three times for less than 25 cents. In giving in Want Ads PHONE 167.

Eye, Ear, Nose, Throat.

GLASSES FITTED First National Bank Building

The funeral will be held Priday afternoon at 4 o'clock from the home, burial in Riverside.

For more than a year Addison had been suffering from hasty tuberculosis and had been quite ill for several months. Various resorts and cures had been visited without avail and about three weeks ago the young man returned from El Paso. He had been confined to his room only about a week during the last illness.

During his school days which were terminated less than two years ago when Addison went to work for the Past Worth and Denver in the local offices, he was one of the most popu-

Perb Worth and Denver in the local offices, he was one of the most popular athletes in the school and was a member of the football and baseball leams of 1914 and 1915 when the Wichita Falls high school teams made splendid records. With teachers and fellow students alike he was popular and his relations in the world of business were characterized by the same pleasant spirit. His many friends will sorrow with the mother and brothers and the steffather. City Tax Collector if. F. Robertson in their loss. The family has resided here twelve years. Six of the members of the football team on which addison was a star during high school days will serve as pall bearers. These are: Roy Colburn, Leonard Smith, Harold Erwin, Eugene Mathis, Ben Powell and John Tevis.

A Good CIGAR

As the cool weather comes on there will be more smoking. We want the lovers of good cigars to acquaint themselves with the quality cigars which we sell, and note the good condition in which they are kept.

Contentment follows the lighting of a good cigar. A good cigar is every smoker's after-meal friend.

If you want the best of cigars—imported or domestic—from Havana to Connecticut, in Club, Panetella and Perfecto shapes, get the habit of being a daily customer at our cigar case.
