## GERMANY AGREES TO RESTORATION OF BELGIUM ON SOME CONDITIONS

OFFICIAL STATEMENT SENT VERBALLY TO POPE, IS LONDON REPORT

## DEMANDS TO HAVE RIGHT TO BUSINESS ALLIANCE

Teutons Said to be Willing to Contribute Share of Compensation For War Damage

By Associated Press  
London, Sept. 26.—Germany has agreed to evacuate Belgium on certain conditions, it is declared in a German official statement, according to a dispatch from Berne today, given out by the Wireless Press.

Germany, it is stipulated, must have the right to develop her economic enterprises freely in Belgium, especially in Antwerp.

The proposal was made in a supplementary note to the Vatican, replying to the peace initiative of Pope Benedict.

Verbal Communication.

It was the result of a verbal communication made by Foreign Secreter Kuehmann to the papal nuncio at Munich, wherein the foreign secretary specified the conditions, under which Germany was willing to contribute to the basis of the evacuation of Belgium.

The verbal note to the papal nuncio said Germany would contribute a share of compensation to be paid to Belgium for war damages. Belgium would be required, it is said, to give a guarantee that any such menace as that which threatened Germany in 1914 would in future be excluded.

Belgian's Part.

Belgium must undertake to maintain administrative separation of the Flanders' Walloon districts by Germany, the verbal note says, because this separation corresponds to the wishes of the majority of the Belgian people and because Germany desires such a separation on account of racial sympathy.

Communication Given.

A semi-official communication announced in the German press in explanation of the proposal, says the government is avoiding stating more clearly the conditions thus outlined. These conditions are said to be compatible with the dignity of Belgium.

Germany avoided mentioning the question of the throne because this was a Belgian domestic matter. Germany, the communication says, will agree to any government in Belgium which accepts the condition set forth. The principal question is how the guarantees enumerated can be formulated.

**Senators Resentful Of Ferguson's Stand Upon Court Findings**

By Associated Press  
Austin, Texas, Sept. 26.—Resentful of the statement by former Governor Ferguson appearing in the morning papers, Senator Bee and Page this morning obtained unanimous permission of the Senate to make statements as to their views. Both declared that had they known such would be the attitude of the former governor, they would have been compelled and almost certainly taking cargo others will leave the ways in increasing numbers with each succeeding month. The first launching is expected within 60 to 90 days.

Senator Hudspeth who pleaded eloquently for Mr. Ferguson said that if the former governor thinks he can take the record of the court of impeachment before the people of this state and receive vindication he is welcome to do so and that he is welcome to "campaign in my district on this record. If he carries a single precinct I will be surprised."

**Trials at Abilene Temporarily Halted By Absence of Juror**

By Associated Press  
Abilene, Texas, Sept. 26.—The trial probably will be no session of the 12th A. M. trial today because the juror, M. B. Vaise, who went to the funeral of his father-in-law at Breckenridge yesterday, probably will not return until tonight.

The court was convened at 2 o'clock, however, to be formally adjourned until the trial of Federal Judge Jackman's rule on the defense demurser for an instructed verdict of acquittal for nine of the 49 defendants.

## SEVEN KILLED AND MANY INJURED; LONDON AGAIN MADE OBJECT OF BOMBING ATTACK BY GERMANS

By Associated Press.

London, Sept. 26.—Seven persons were killed and twenty-five injured in the southeastern outskirts of London in last night's air raid.

The following official announcement was given out: "The latest information shows that the first group of raiders which approached London last night was turned back by gun fire, not more than two machines actually penetrating the defenses. The two machines dropped a number of bombs in the southeastern outskirts of London at about 7:45 p. m., which damaged several dwelling houses, killing seven persons and injuring twenty-five."

"The second group of raiders, which approached London half an hour later, was driven off."

"Bombs were dropped in various localities in southeast England. Up to the present no casualties or damage has been reported."

## MOST RECENT GERMAN AIR RAID REGARDED AS "GOOD HUN SHOW"

By Associated Press.

London, Sept. 26.—Although details are lacking, it is reported that a thrilling battle occurred between German and British aircraft a few miles from London. The pilots were anxious for the fact that Tuesday night's air raid resulted in so little damage in the metropolis. German airplanes, although harried by a large force of British fighters, were not brought down, but according to early reports the formation of the German fleet which was coming toward London at a great height and at great speed was completely broken up by the British fighters. The raiders scattered and all except one turned back, closely pursued. So effective were the measures taken to intercept this lone intruder that he was unable to penetrate beyond the outskirts of London.

While the anti-aircraft guns boomed constantly, establishing a barrage fire around the city as on Monday night,

diners in hotels and restaurants and audiences in theaters and at the opera at the time for the most part were indifferent and unaffected. Some of the theaters and moving picture places discontinued their regular performances and their advertising in the evening papers with such announcements as "moonlight nights open as usual—ample bomb proof shelter." Many persons went to parks and other open spaces for a good deal of what they sought. The streets were crowded with women and children sought shelter. The scenes in the sheltered areas were similar to those in day night, many laughing and joking and others reading newspapers, magazines and books with which they had provided themselves apparently for a long time.

The crowds in some places were having such a good time that the police found difficulty in dislodging them when the "all clear" signal was given.

Hurricane Continues Sweep Across Gulf In Direction of Mobile

By Associated Press  
Washington, Sept. 26.—The tropical disturbance which is approaching the coast of the United States from the Gulf of Mexico probably was central this morning near latitude 25 degrees north and longitude 85 degrees west, the weather bureau announced.

Hurricane warnings are displayed on the gulf coast from Mobile to Apalachicola and storm warning over the remainder of the gulf coast of Florida.

Clark Would Expel Speaker F. O. Fuller; Called Out of Order

By Associated Press  
Austin, Texas, Sept. 26.—Senator Clark today introduced a resolution in the Senate proposing that the Senate ask the House of Representatives to expel Speaker F. O. Fuller. The resolution was declared out of order by President Dean of the Senate, whose ruling was sustained by a vote of 26 to 3.

53 Airplanes Are Destroyed By One Man Now Missing

By Associated Press  
Paris, Sept. 26.—Captain George Guyenne, who has been officially listed as missing, is credited in the army aviation records with having shot down 53 German airplanes inside France at least 25 more than were unaccounted. Captain Guyenne has been missing since he flew from Dunkirk on September 11.

## Senate Judgment Against Ferguson Is Given Entire

By Associated Press  
Austin, Texas, Sept. 26.—This is the text of the judgment of the Senate court of impeachment pronounced against James E. Ferguson, former governor, late yesterday afternoon, following the defeat of a minority committee report which would have removed Ferguson as governor, but allowed him to aspire to public office hereafter:

"Whereas the House of Representatives of the State of Texas did, on the fourth day of August, 1917, establish the Senate of the State of Texas articles of impeachment against James E. Ferguson, governor of the State of Texas, and the said Senate, after a full hearing, and an impartial trial, by the votes of two-thirds of the members present, this day determined that the said James E. Ferguson, guilty, as charged in the first, second, sixteenth, and nineteenth of said articles of impeachment."

"Said articles and the votes thereon being as follows, to wit:

(Here follow the twenty-one articles of impeachment, in their order.)

"Now, therefore, it is adjudged by the Senate of the State of Texas, sitting as court of impeachment, at their chamber, in the city of Austin, that the said James E. Ferguson be and is hereby removed from the office of governor and be disqualified to hold any office of honor, trust or profit under the State of Texas. It is further ordered that a copy of this judgment be enrolled and certified by the president pro tem of this Senate as presiding officer, and the secretary of the Senate, and that such certified copy be deposited in the office of the secretary of state of the State of Texas, and be printed in the Senate journal."

## Former Governor Doesn't Seem Worried Though Packing to Return to Temple

By Associated Press.

Boston, Sept. 26.—The desire of the Republicans of Massachusetts to continue the "war governor" in office for a third term was emphatically shown yesterday when Governor Sam W. McCall was nominated at the primaries by a majority of 58,180 over Granton D. Cushing, former lieutenant governor. The votes:

McCall, \$2,426.  
Cushing, 24,246.

Frederick W. Mansfield who opposed Governor McCall in the election last year, again, was nominated for governor by the Democrats without opposition.

EVEN MONEY IS BEST OFFERED ON SERIES, IS STATEMENT OF BROKERS

Chicago, Sept. 26.—Chicago brokerage houses with New York connections reported today that all they were able to get was even money on the world's series. They said that the New York team was winning in its city at 10 to 8 and 8 to 7 to 5 but that the odds vanished upon the appearance of Chicago money. In this city it is regarded as an even proposition.

## SECOND SMASHING DRIVE IS LAUNCHED BY BRITISH

### PREMIER KERENSKY WILL IGNORE NEW RUSSIAN CONGRESS

MAY ADDRESS BODY, HOWEVER, ACCORDING TO LATE REPORT.

### RETURNS TO PETROGRAD

Body Aims to Secure Cabinet That Will Be Responsible Only to Members of New Assembly.

By Associated Press.

Petrograd, Tuesday, Sept. 25.—Premier Kerensky will return to Petrograd today. His secretary said he would not recognize an official democratic congress called by the soldiers and workmen delegates which will meet on Thursday although he might address it.

Absurd and sensational rumors were current last night regarding the premier but were officially declared to be unfounded.

Chief Problem.

The chief problem before the congress will have to do with the plan which possibly will be backed by a majority, to bring about the formation of a cabinet responsible only to the congress.

M. Aksenstef, former minister of the interior, explained this project to the assembly, describing it as a patriotic speech in which he said Russia must fight Germany resolutely if it desired to avoid abject surrender. The probable policy of the congress was indicated by a message sent by the soldiers and workmen delegates to Premier Kerensky begging him to postpone formation of a cabinet until the congress had met.

Goloshhevki Reared.

The premier's secretary, who is one of the leaders of the peasant delegates, fears the Bolsheviks will have a majority owing to the fact that party is straining every nerve to rally adherents to its side. The moderates refuse to attend the congress on account of its unrepresentative character. They also allege that their participation would commit them to the Socialist program of June 12.

IMPEACHMENT BILL PASSED BY HOUSE; GOES TO SENATE

NUMBER OF OTHER MEASURES RECEIVE FINAL ACTION IN ASSEMBLY.

By Associated Press.

Austin, Texas, Sept. 26.—The House today passed finally the House impeachment bill which authorizes the speaker, with the written consent of 50 members, to call the House together for impeachment purposes. The bill now goes to the Senate for action.

The House also took up and passed the following "House bill:

Permitting the use of fish from lakes and streams for fish hatcheries.

Deficiency appropriation for state training school for juveniles.

Permitting Brewster county to issue scrips in payment of its indebtedness.

Flag Desecration Law.

Amending the flag desecration law so as to conform to the federal law.

Authorizing judges to decide cases of habeas corpus.

Providing for failure of motorists to have dimmers on their cars.

Establishing the claims of S. S. Perry.

Deficiency appropriation for sheriffs and constables.

The bills leading to the suspending or repeal of the laws creating the three new normal schools came up for consideration but action was postponed until some time this afternoon.

The bill was read in the House from Head of Testimony advising that more horn worm was discovered near there on a farm.

STATE SECRETARY QUITS OFFICE AS FERGUSON LEAVES

German Fatherland Party Is Addressed By Teutonic Leader

By Associated Press.

Copenhagen, Sept. 26.—The new German Fatherland Party held its first open meeting in Berlin last night and the crowd in Philharmonic hall was so enormous that an overflow meeting was held nearby. No government officials attended either meeting.

Duke Albrecht of Mecklenburg-Schwerin opened both meetings.

Admiral von Tirpitz was the speaker at each.

Admiral Tirpitz pointed out that the submarine warfare in Germany's legal right and that Belgium now has her own interests. Belgium, he declared, was already England's protecting master.

The former governor did not appear to be in any way worried today, despite the severe ordeal through which he has passed during the past two months.

## BAPTIST LAYMEN ARE ORGANIZED HERE ON SUNDAY

Quite a large representation of Baptist laymen from the various churches in this district were present at a meeting held in the First Baptist Church yesterday afternoon, which the organization was perfected and the following officers elected: O. Clark of Burkhardt, president; L. H. Lawler of this city, vice president, and W. W. Brown, also of this city, secretary. The organization was also authorized to draw up the constitution and by-laws and also to select a suitable name for the organization.

O. L. Powers, pastor of the First Baptist Church of this city, was present and made a short talk during the meeting, after which the organization was also authorized to draw up the constitution and by-laws and also to select a suitable name for the organization.

The organization will meet once a month in some church in the district, each time in a different one until each church has had the privilege of entertaining them, and then the visitation will start back around.

## COMMITTEE LEAVES FOR SAN ANTONIO TO PRESENT CLAIM

WICHITA FALLS MAKES CONCERTED EFFORT TO GET ARTILLERY RANGE

J. A. Kemp, Nat. Henderson and Dr. P. C. Johnson left today for San Antonio where they will present to the Army Board the case of the proposed site for the artillery school of instruction, which they presented yesterday.

They expect that the morning that it was impossible to form any ideas of the outcome of the project, and that it would not even known when the decision would be reached. It is probable that the committee will have some idea of this date on their return, however.

"The only thing we can say," said Mr. Kemp, "is that we believe we have a logical location for such a school in this locality. The land inspected is inexpensive, or relatively so, and the government, if it were to choose this site, would not be depriving the state or the community of land of any very great value indeed. Further than that we cannot say."

The committee will return Wednesday or Thursday, and it is likely that a little more definite information will be available by that time.

## AVIATION CAMP PAY COMPRISED OF NEW BILLS

A broad circulation of brand new paper bills and an extensive revival of the Jimmy industry are two of the most noticeable effects of the aviation camp construction work. The pay roll on Saturday was between \$40,000 and \$50,000 taking men five hours to count it out and place it in the envelopes, marked with the foreman's name, number and hours worked. Fifty thousand dollars in new money was shipped in to the City National Bank Friday for use in making up the pay roll, a large amount of machinery being included, as the government gives the amount due even 15 cents extra. This sum was made up in the morning and taken to the camp in a locked truck at five o'clock. The automobile was guarded by policemen and armed officials of the Glasmon Construction Company and a guard stood by while the cash was counted.

Citizens are helping to solve the transportation problems for the workers, and as was the case some time ago, owners of a certain popular make of small cars are reaping a beautiful harvest instead of waiting for the next street car to overflow catches the little town fishing jetties, hang all day long, but mostly at night, from the number of tagged workers who have been employed at the camp—say in downtown rooming houses, as the factory facilities for making rooms and borders is limited.

## Predatory Animals Doing Much Damage In Southern Texas

The president has asked for increased production in the supply of meat and wool, and the Chamber of Commerce of San Antonio, in order to cooperate with this request, has drafted a resolution dealing with the extermination of wolves and wild cat, which it is claimed, constituted a severe handicap to the efforts of the farmers in that section of the country to increase the supply of swine, goats, and poultry, the principal meat producers.

The resolution of which says a bill has been introduced in the state legislature to the effect that the navy department, and both men in the command of the navy department are to be given the power to make the bounty high enough, and appropriate sufficient amount of money to keep the bounty supplied to the end of the fiscal year 1919, that the same may be used to complete the extermination of these enemies and dangerous animals "dangerous to the reason that they transmit rabies to both man and beast" with the least delay possible."

The letter to the local chamber asks that it address a similar resolution to the government in order that a general vote of opinion be brought to bear upon the legislature in the rapid consummation of this law.

## JUDGE HARRIS IS TO MANAGE SALE OF BONDS HERE

JURIST WILL PRESS DISPOSITION OF LIBERTY LOAN IN THIS COUNTY.

## IS AT HOME FROM TRIP

Mass Meeting of Citizens is Expected To Be Called For Purpose of Selecting Committee.

Judge Harris has accepted the appointment as legal counsel for the second Liberty Loan in Wichita Falls, and will act with the Chamber of Commerce and other civic organizations that may desire to assist in organizing the entire county for the flotation of the second loan.

The judge returned only this morning from a business trip to Jones county, where he met with the manager of the Dallas reserve bank asking him to accept the appointment, immediately accepted, promising to do all in his power to make the Wichita county contribution to the second loan fully as creditable as was the first.

Will Call Meeting.

A meeting probably will be called soon by Judge Harris of citizens of the county, where, in accordance with the plan outlined by the Federal Reserve, committees will be appointed. This executive committee will appoint sub-committees to work each town, as suggested by the general plan outlined by the reserve central board.

Other suggestions made in an outline received by Judge Harris follow:

A county or district sales manager will be appointed at the first county or district meeting. This county will be left in charge of the personal solicitation work, and will at a point as soon as possible be appointed.

This executive committee will appoint sub-committees to work each town, as suggested by the general plan outlined by the reserve central board.

The county or district organizer will advise the Liberty Department of the Federal Reserve Bank at Dallas, A. M. Eastman, that the first request is made that all literature be distributed promptly.

Wherever Chambers of Commerce associations exist, they will be approached and asked to call to the fullest force with the county or district organizers and committees. During the last campaign the services of the Business Associations proved to be of the greatest possible value. It is the hope of the government and its agents that the business men referred to will do, even their last splendid and in personal solicitation for the sake of bonds.

A Woman's Liberty Loan Committee will be in existence in each county or district and the chairman of this organization has been requested to communicate with and co-operate with the county or district organizer.

Now and then will be arranged at the chief and sub-committee meetings to further the sale of bonds, and it is the desire of the Federal Bank officials that every committee use the widest discretion in adopting policies and means. They ask, however, that the general plan of campaign outlined by the reserve central board be used as a working basis. The plan outlined will be more successful last time and will be more successful this time.

Striking Cartoon Is Being Used By Navy To Secure Recruits

The navy department has issued a new poster, by W. A. Rogers. It is a reproduction of a cartoon by that artist which appeared in the New York Evening Journal. It shows a man who was made up in the uniform and taken to the camp in a locked truck at five o'clock. The automobile was guarded by policemen and armed officials of the Glasmon Construction Company and a guard stood by while the cash was counted.

The face and dress of the figure show the most careful thought on the part of the artist. He wears a chastely belt of skulls and bones, and on his breast a broad truncheon of the iron cross. The figure is the same, but the inscriptions on the helmet are the skull and cross bones, but it is the face which tells the story, and especially the eyes. The mouth is sullen and grim, but the eyes have none of that hateful cruelty which one usually sees in figures, but are gentle. There is nothing back of them to which any appeal can be made. They give no promise of any possibility of approach on any grounds whatever. The soul of the man has gone from him, leaving the beast in possession of his body. And this man, whose soul is gone, is hunting for his prey, and will stop this.

The face and dress of the figure show the most careful thought on the part of the artist. He wears a chastely belt of skulls and bones, and on his breast a broad truncheon of the iron cross. The figure is the same, but the inscriptions on the helmet are the skull and cross bones, but it is the face which tells the story, and especially the eyes. The mouth is sullen and grim, but the eyes have none of that hateful cruelty which one usually sees in figures, but are gentle. There is nothing back of them to which any appeal can be made. They give no promise of any possibility of approach on any grounds whatever. The soul of the man has gone from him, leaving the beast in possession of his body. And this man, whose soul is gone, is hunting for his prey, and will stop this.

## FIRST BAPTISTS' NEW PASTOR WILL REACH CITY TODAY

O. L. Powers, new pastor of the First Baptist Church, was expected to arrive this morning from Mansfield, where he has gone to bring back his family. The Woman's Alliance of the Church has put the parsonage at the disposal of the reception of the family and the church has a hearty welcome for them.

Powers will conduct the usual services today.

The First Church is in receipt of the following from the Mansfield, La., pastor:

Whereas, the Holy Spirit has called our beloved pastor and undersheriff, Rev. O. L. Powers, to a larger work as pastor of the First Baptist Church of Wichita Falls.

And whereas, the membership of our church has practically doubled, and the annual offerings, missions and benevolences has increased four-fold, the young people's work has been put in a flourishing condition, and the Church has otherwise greatly prospered under his leadership.

Therefore, be it resolved, by the members of the First Baptist Church in concurrence convened,

1. That we regret his going in measuredly.

2. That we extend him an unanimous vote of our appreciation of his service among us for the five years of his pastorate here.

3. That we express our unbounded confidence in him as a man, a preacher and a pastor.

4. That we commend him and his most lovable and estimable family without reserve to the First Baptist Church of Wichita Falls, to which they go.

5. That our prayers go with him and his family in their new field, and our sincere wishes that the Good Lord may mightily bless and prosper him and the work of the Kingdom given into his care.

Be it further resolved, that a copy of these resolutions be mailed to Mr. Powers, to the Baptist Chronicle, the Baptist Standard, and to the First Baptist Church of Wichita Falls.

## STATE DEFENSE COUNCIL NEEDS MONEY FOR WORK

MEETING IS TO BE HELD IN DALLAS IN OCTOBER, STATES INVITATION.

## ASSISTANCE ASKED HERE

Parts of Texas Drought Stricken and Hence Will Not Be Requested To Give Much Aid.

The Texas State Council of Defense needs money to carry on its work, and the various county councils have been asked to aid in raising this fund, the local council being asked for \$500; half of which will go to the State Council and the remaining half of the local council. An invitation to the joint meeting of the several county councils to be held in Dallas in October has also been received, and as many members can as possibly do so are urged to go. Mr. Orth, the local secretary, received the following letter from J. F. Carter, secretary of the Texas State Council:

**Has Big Field.**  
The Texas State Council of Defense needs a big field to cover and a very large volume of business, and the State Council expects that it will believe that great good is being accomplished, and this body and the county councils will become more important and useful all the time. We need some money, and the local councils ought to have some, too, in order to help the rest of you. You are stations, stumps, etc., are various other items will come in, although your members are giving their time, their without compensation. Even a church must have money in order to run successfully.

"Why not, as expeditiously as it may be done, raise at least \$250 for us, and a like amount for your own use? No business can be run with any degree of success without money; and this is a time when sacrifices must be made. We fear that much greater ones will have to be made, not altogether of a pecuniary nature.

**One a Restricted.**

"Most of West and Southwest Texas is drought-stricken and in a deplorable condition, and for that reason we cannot call on them. On the contrary, there are in dire need of assistance, with a few exceptions.

"Let us suggest that you call on only people who are able to make donations, for we have no desire to make the burdens of the needy any heavier.

As yet Mr. Orth and the county council have made no call for this money, but it thought that a plan of some kind will be adopted in a few days, whereby the local council may be of service to the state council in a financial way.

A strong effort is being made to have some men of national reputation present at the joint meeting in Dallas the 15th of next month, and since low railroad rates may be secured at that time, it is thought that quite a few will attend from this country.

## Chevrolet Is Winner of Hundred Mile Race For Harkness Trophy

By Associated Press  
New York, Sept. 22.—Louis Chevrolet won the 100-mile auto race for the Harkness gold trophy on the Sheepshead Bay Speedway track today. Ralph D. Cline, second; Eddie Harkness third; Ralph Mulford fourth, and Dan W. Hickox fifth.

Chevrolet's time of 54.298 is a new American speedway record for the distance. His average speed was 110.4 miles an hour, the former American record was 56.572, made over the same track by Darlo Resta in 1915.

## DATA UPON SITE FOR RANGE WILL BE SENT BOARD

SPECIFICATIONS AS TO REQUIREMENTS ONE OF CONFIDENTIAL NATURE.

Data regarding a site for the artillery school of maneuvers will be prepared today, and taken to San Antonio for presentation to the Army Board on Tuesday next. J. A. Kemp, B. F. Johnson and F. N. Lawton are the committee appointed to do the work at the called meeting of the board of directors of the Chamber of Commerce yesterday morning, and every minute of the time will be required in order to have the necessary data ready by Tuesday. The committee will utilize Tuesday for the public meeting.

Dr. Powers will conduct the usual services today.

The above matter was discussed at the meeting yesterday morning, the chances of obtaining the site, the preparatory work in every branch, and the methods of handling the many details. The directors feel hopeful, but that is as far as they can go at present.

The printed specifications issued by the government for the site of the proposed school are of a strictly confidential nature, and all publicity regarding them rigidly forbids at the present time. It is probable, therefore, that such conditions as have been published heretofore, and may be in the near future, are speculative and problematical. Nothing is definitely known as to the requirements, and the officials themselves have not completed all the detail work on the matter.

With characteristic magnificence Germany, it is said, is about to propose that she will evacuate Belgium and bear a part of the cost of restoration. She makes this proposal at a moment when it is apparent that if she doesn't impinge out of Belgium and do it soon, she will be blown out. The proposal to

pay a part of the restoration of Belgium is a cheap effort to save its face before the German people. It will be a mockery of justice if Germany

will have anything to say about how much

she will pay Belgium. That matter ought to be, and will be, settled between the allies. They will determine the indemnity that Germany will pay Belgium, and Germany will have it to pay. Doubtless other nations will contribute toward the rehabilitation of Belgium but to join with Germany would be an admission that others, besides Germany were responsible for the rage of Belgium. Germany can take her choice of getting out of Belgium the best way she can, with the allied guns spreading destruction among her ranks, or she can stay in Belgium and be blown out.

## GOVERNOR HOBBY:

William P. Hobby, the new governor of Texas, has made a most favorable impression upon the people of Texas, during the few weeks that he has been acting as governor. He

acted as governor under trying conditions and now that he is the real governor, the people are hoping that he

will continue to show the sound judgment and the cool head that he has been evidencing as acting governor.

The atmosphere is now clearing and Mr. Hobby will have a splendid opportunity to help redeem the good name of Texas. For many years Mr. Hobby has been favorably known in the newspaper fraternity in Texas. He is the owner of the Beaumont Enterprise and has made that paper one of the most successful morning newspapers

in the Southwest. Newspaper men who have worked with him or for him are his warmest admirers. They give sincere testimony as to his ability, his integrity and his warm hearted kindness.

The Houston Post where he formerly worked as a reporter and editor says:

"The people will find as the days go by, that they have in the executive office at Austin a man with a cool head, a clean heart and lofty purposes, one consecrated to the high tasks to which he has been called and one who will not fail them. There need be no misgivings. He has been equal to the demands upon him, and there will be no faltering now."

"It ought to be to the people's matter of the highest satisfaction that in such a time they are to be served by honest and patriotic men whose ambitions completely deserve their trust and confidence."

"He comes of distinguished stock. He is native to the soil, he represents what is best and finest in Texas citizenship and his patriotism is of that kind that there can never be in his heart the slightest betrayal of a public trust."

"It will be a government of law that will insist upon, not of caprice nor of self-assumed discretion, nor of laxity, but of strict and exacting duty. His ordinances will have to recognize that he will exact faithful and efficient service and the wholehearted cooperation of those whom he appoints to office."

"The Post feels that it can say this much of the new governor and that ought to say it."

"Speaking from an intimate personal interest in his career and from an affection for him that is rooted deep in the years, because he was for so long a time a zealous and ardent champion of his cause, I can assure you that he will be no disappointment to you all. The Terrell election law, if the Times remembers correctly, the man whom it has just been found necessary to oust as head of the state government was elected because he was a businessman and on his promise to give the state a business administration. Any one of several others who were aspirants for the nomination, whom The Times-Herald would doubtless class as 'professional politicians,' could not have made a worse mess of affairs. But the Times-Herald would say, 'This man would never have been chosen under the delegate system of the war by the American government, and yet have failed to achieve an end in and out proportion to the efforts which they expended.' Some have spoken too boldly against the Nation which protects them, and have had their period of usefulness ended prematurely behind barred wire down. Others have fallen into the opposition and have spent a quiet life in prison, and others still have reached more than a small circle of friends or Germanized neighbors. To prevent such misdirected efforts, the independent has complied with the utmost care and regardless of expense, to rule the world's greatest industrial empires, the methods and experience of the most successful practitioners of disloyalty."

1. When driven to make an unequivocal statement, protest your loyalty, and then change the subject.

2. Get in all the sneers you can, at any profusions of ideal motives; if you can't find any flaw in our democracy, say that "we are just as bad."

3. Profess great concern lest send

## RULES FOR DISLOYALISTS.

The independent has always professed a good record—affection, and we have been deeply grieved to see how many persons have started out with the noblest intentions of hampering the prosecution of the war by the American government, and yet have failed to achieve an end in and out proportion to the efforts which they expended. Some have spoken too boldly against the Nation which protects them, and have had their period of usefulness ended prematurely behind barred wire down. Others have fallen into the opposition and have spent a quiet life in prison, and others still have reached more than a small circle of friends or Germanized neighbors. To prevent such misdirected efforts, the independent has complied with the utmost care and regardless of expense, to rule the world's greatest industrial empires, the methods and experience of the most successful practitioners of disloyalty."

4. It is dangerous to denounce the United States directly. But raise his voice from end to end for mud to throw at the allies. Especially, twist the nose of.

5. Profess great concern lest send

ing food to Europe will starve America. Support every embargo movement that applies to the allied nations and none that does not.

6. If the President asks for any extension of power over about "dictatorship" and the "overthrow of the libertines" for which our fathers

7. Spread rumors that the allies are going to betray us or take advantage of us as soon as we are deeply enough involved in the war.

8. Accept conscription in principle but hamper its working in every possible way. Organize a protest as a pretext for keeping a large part of the army at home.

9. Demonstrate that the enemy is unconquerable and victory hopeless. Play the "candid friend" and act as a demagogue.

10. Be very zealous to prevent "engaging alliances" and be much concerned about the Monroe Doctrine if we mix ourselves in European quarrels." A permanent league of nations would embarrass our junker friends if they remain in power after the war. Germany can only hope to conquer other nations if they act selfishly and in isolation.

## THE VERDICT.

The impeachment of Governor J. E. Ferguson ends in a verdict of conviction and removal. No other result was possible.

Such is the end of the most humiliating and at the same time the most distressing ordeal through which the State of Texas has passed in its whole history.

The righteousness of the verdict will not be questioned by any intelligent and impartial mind which has carefully followed the proceedings at Austin.

The details of the balloting afford no opportunity for any dissentient to charge that it was a political lynching. The sense of duty which drove many of the senators to cast the vote which disgraced and deposed him must have been as a whip of scorpions, but personal attachment and inclination had led before conscience when honest and courageous men were forced to choose.

And the State of Texas, redeemed and redeemed, standing again erect and stanch purified and chastened, must honor the men who in their honest duty stood strong as their hearts snapped and vindicated her virtue and integrity.

It is a new era that dawns in Texas today. The tendencies, the systems, the factions, the terms of the storm which at last burst in its relentless fury have cleared the atmosphere and the citizenry of the State will see with clearer vision than they have been able to see in many years.

And in this solid moment—a moment of instruction it is and ought to be—they will see that they have not themselves been blameless in the conditions which came as the logical fruit of their own erring and indifference.

The people themselves made all these conditions possible. The tragic events upon which the storm descended was but an incident in the monstrous wrongs which were visited upon the State in an era of political tumult and selfishness.

The Post will not review the incidents of the trial in any remarkable detail. The accusations, the testimony, the evidence and the proceedings have been placed fully before the people and there is no doubt that they will approve the verdict, though with inexpressible regret for the necessity which has compelled it.

As slow as a camp carpenter" is a simile that some folks are using instead of the out of date reference to the snail.

"The saloon is law created" says the Waco Times-Herald. "Repeal the law and the saloons will automatically disappear. Isn't it queer that the legislature made up of the most part of prohibitionists will permit the law that creates the saloon to remain on the statute books? Every saloon in Texas gets its authority to exist from the law. Repeal the law and the saloon will die a natural death."

General Pershing has issued an order calling the attention of the troops in France to the necessity of the officers and men maintaining a smart appearance. He says this compels discipline. He might have added that it compels the admiration of the French maidens who are pictured as saluting the American soldiers with a kiss.

Prices Upon Flour  
In New York City  
Are Set By Board

An item on page one of yesterday's Times told of an agreement between the steel makers and the government whereby the prices of steel to the government, its allies and to the public will be reduced from 40 to 70 percent. An item on another page told of a ten per cent increase in wages to 15,000 steel workers at Johnstown, Pa. Items like these make the assertion that the big manufacturers brought on the war look silly. The fact is the big manufacturers foresaw many of them that the entry of the United States into the war meant government control and elimination of profits, and at the same time a great increase in the cost of production. One of the results of the war has been an advance in the pay of the working men. This has been almost universal. The taking of great numbers of men out of the ordinary industries for military service and for the manufacture of materials of war has caused a scarcity of labor that has not only resulted in higher wages for great numbers, but has placed them in a position of even greater independence, and at the same time has made the manufacturer more dependent. The rich men on the other hand is finding his profits limited by the government and a much larger part of his income taken by taxation.

American Sentenced  
To Prison Term By  
Court In JapanAssociated Press  
Nagasaki, Japan, Sept. 5.—Naoto Nenokori, a banditian attached to the Thirteenth United States Infantry, has been sentenced to life imprisonment and fined three thousand yen after conviction on the charge of inflicting fatal injuries on a Japanese tradesman.

The complaint admitted that the crime was not intentional and that it occurred during intoxication.

Frank A. Vanderlip  
Gives Up Business  
To Aid His Country

Washington, Sept. 5.—Frank A. Vanderlip, who as president of the National City Bank of New York, heads the largest National bank in the United States, has put aside active work with that institution and all other organizations with which he is identified, for the period of the war to assist Secretary McAdoo in his financial work.

Organization of the Clasby Oil Company has been completed with the election of the following officers and directors: J. W. Stone, president; J. W. Clasby, secretary and treasurer; J. T. Overby, M. J. Bassham, Joe L. Art, J. W. Stone and J. W. Clasby.

The Clasby Oil Company is capitalized at \$15,000, the stock being held by local people. The company has a lease on 100 acres of land located one mile from the Rayle lease and a similar distance from the Siberian, the largest well in the Bunkerville field. This is considered to be an extended acreage for the amount of capitalization.

The Clasby Greaser No. 1, being drilled with a new rig by Dillard and Kimmel was down to 820 feet, as of the first of the week and so far is said to have found the oil formation in the Rayle and Siberian wells.

A MARATHON LAW PROCLAMED IN PROVINCES OF GREECE

By Associated Press  
London, Sept. 24.—A Reuters Athene dispatch says that a royal decree has been issued proclaiming martial law in the Aegean and Saronic seas.

An Oklahoma company has leases on land a half mile south and have already let contract for a well to be drilled to a depth of 2200 feet.

Stockholm, Sept. 25.—Charles R. ## REAL ESTATE IS ACTIVE IN CITY; MANY SALES MADE

TOTAL TRANSFERS IN LAST SIX DAYS AMOUNTS TO \$150,000.

## FEDERAL COURT DOCKET IS HEAVY FOR NOVEMBER

COMMISSIONER LANTZ' COURT HAS BEEN BUSY SINCE MAY 1.

## ADICKES HOME IS SOLD JUDGE MEEK TO PRESIDE

Handsome Residence is Purchased By J. H. Marriott, Prominent Electric-Oil Man.

Approximately \$150,000 worth of Wichita Falls real estate changed hands during the week just past, this amount representing sales on commissions, small pieces of property, cottages and bungalows with the exception of a business house made in owing \$50,000 and the sale of the M. J. Adickes home on Tenth street, a \$22,000 trade. Property is changing hands rapidly and at a good profit, according to sales reported by number of electric dealers, who state that houses for homes are at a premium and the demand is in advance of the supply.

**Is Oil Man.**  
The sale of Mrs. Adickes' home to J. H. Marriott of Electric, means that another rich man will make his home in Wichita Falls. Mr. Marriott is a son in law of J. W. Stringer. This deed was filed for record on Saturday, the sale being made through J. J. Moran. Friday the purchase of one-half interest in the Vreden building by C. W. Snider from W. W. Wilcox, was reported, the consideration being \$50,000.

W. D. Cline, former mayor of Burkhardt, bought the MacMakin home, at 1619 Eleventh street through T. H. Peery, the consideration being \$17,500. This home still belongs to Mr. MacMakin.

**Pretty Bungalow Sold.**

The bungalow at 305 Lamar, built a few years ago by F. P. St. Clair was sold through O. F. Marchman to D. P. Taylor for a consideration of \$1,000. Taylor made the purchase for his daughter, Mrs. J. R. Newlin. Mr. Marchman reported other sales as follows:

A 3-room house in the 1600 block of Eleventh street was sold to Miss Eva Ingham for \$3,000, and a room house at 1802 W. 12th street to Harry Johnson for \$2,250. S. Y. Montgomery purchased a cottage on Ninth through Mr. Marchman, the consideration being \$2,500. A five room house at 1802 Ninth street was purchased by Ferdinand Hunt for \$3,250. A number of other houses were also disposed of through Mr. Marchman, the price of these being in the 1900 block, which was bought by Jerry Lucas for \$1,100. Others ranged down as low as \$550.

Thus H. Peery reports six sales, the consideration ranging down from \$300 upward to \$4,750. W. D. Cline of Burkhardt purchased the house at 1619 Eleventh street for \$4,750. O. L. Green gave \$4,500 for a home on Ninth street in the Floral Heights addition. The Thornberry home on Polk street, in the Floral Heights addition, was sold to W. E. Ladd for a consideration of \$2,250. Other sales were made to Chas. Fleming, A. T. Holt, Jack Porter and W. J. Mackin.

Thomas and Bland made three sales, the highest consideration being \$5,000, which was paid by Mrs. Mattie Spealman to F. Ladd for lots 5 and 6 of block 23, E. E. Thornton's lots 15 and 16 of block 27 in the Floral Heights addition from this firm for a consideration of \$2,750, and Mack Thomas sold lot 7 of block 18 in the Jalmon addition to W. H. Sanders for a consideration of \$2,500.

The Knights of Pythias held their successful district convention Friday at which there were about two hundred delegates present. The only bar to the full enjoyment of the program was the illness of Grand Chancellor George G. Shaw. Mr. Shaw was sick when he arrived, and went straight to his hotel, where he remained until Saturday afternoon.

## PYTHIANS HOLD DISTRICT MEET IN THIS CITY

ILLNESS OF GRAND CHANCELLOR GEO. SHAW MARS EVEN-ING'S PROGRAM.

The twenty-fifth district of the Knights of Pythias held a highly successful district convention Friday at which there were about two hundred delegates present. The only bar to the full enjoyment of the program was the illness of Grand Chancellor George G. Shaw. Mr. Shaw was sick when he arrived, and went straight to his hotel, where he remained until Saturday afternoon.

The program as arranged was carried out in full, with the exception of Mr. Shaw's speech. The Seymour Pythian Quartet added new laurels to their already enviable reputation, and the speakers were well received.

**COTTON RAISERS URGED TO HOLD FOR FAIR PRICES**

By Associated Press. Washington, Sept. 22.—Cotton raisers of the South were urged by Senator Randolph of Louisiana, in a speech today in the Senate to hold out for "fair and legitimate" prices and not sell for less than 25 cents a pound. Present prices, he declared, are also largely unwarranted, caused largely by a rush of offerings because of the large backlog.

Statistics were presented by the Louisiana senator in support of the contention that the actual purchasing power of cotton is much lower than of other products which have advanced in price. He also declared the south was not in a better position to hold its cotton for a fair price.

The former, he said, can bid by storing his cotton at home when it is ginned, or in warehouses, by shipping it slowly in small quantities, and by refusing positively to sell unless a satisfactory price is offered. He should not seek buyers.

"The cotton grower is in command of the situation. We are in a position to dictate our own terms and force compliance therewith."

"The people of the south were never so independent and so well able to hold their own," he said.

Carthage, the cotton production center, because of labor shortage and other causes was predicted by Senator Randolph. Its use for explosives, he believed, would increase the demand.

**German Airplane Is Destroyed; Another Is Forced to Land**

By Associated Press. Somewhere on the French Front Saturday, Sept. 22—Lieutenant Raoul Lufberry of the Lafayette Flying Corps continued his brilliant aerial exploits today when he destroyed one German machine and forced another to land near the front lines.

**Senate Committee Would-Bar Ferguson From Public Office**

Austin, Texas, Sept. 24.—By a vote of 6 to 3 the Senate committee on civil jurisdiction adopted the resolution to disqualify the governor from office on the question, consequently failed to make a report to the Senate this morning. A report may be made during the afternoon when action may be taken on the report. This sub-committee, composed of Senators Bailey, Henderson, Latting, Lattimore, Dead and Collins.

## RED CROSS WORK IN THIS CITY AND SECTION PROVES EXCELLENT ACCORDING TO STATISTICS GIVEN

A plea for more women to devote a part of their time to work for the Red Cross, and a word of praise for the work accomplished thus far, was contained in the first quarterly report of the executive board of the Wichita County Red Cross, issued Saturday following the quarterly business meeting of the board Friday afternoon.

Workers and funds are the two great needs of the Red Cross. The board feels that something must be done to arouse the women to a realization of the great need of the work of the Red Cross, of making supplies to care for those wounded in defense of the principles for which the country stands.

**Shipments of Supplies.**

With the few workers that have been at the local hall and at the work rooms in Burkhardt, Iowa Park and Electra in the past three months shipments of supplies in fairly creditable quantities have been sent to the next larger shipment will be sent to St. Louis, practically all coming from the branch chapters of the counties.

The Wichita county Red Cross has been changed from the Southern division, with headquarters at New Orleans, to the St. Louis division there are many large and active chapters and it is felt that Wichita county women will need to bestir themselves if they uphold the name of Texas in the manner befitting its dignity.

**Workers Next Week.**

The court, which was established here on May 1, has as heavy a docket arranged for November trial as any of the Federal courts in the district with the possible exception of Dallas. Commissioner J. A. Lantz has issued forty-nine warrants for arrests from May 1 to date. Of these, the largest number have been for failure to register with the white slave cases coming next. Many of the cases are of a peculiar nature, violating statutes which the average person has no knowledge of.

**Cases For Trial.**

There are fifteen charges of failure to register, nine of white slavery, four of violating the Reed amendment, and one of mail fraud. The case which has forbidden the manufacture and sale of it; three of inciting rebellion, two of impersonating United States officers, two of bootlegging, two of conspiracy to oppose the authority of the United States, and one of mail fraud.

When all matters have been satisfied, the board will call a meeting of the entire association, will be held and the work of the board placed before it for ratification. The board has been busy since actual construction work began on the library and expects to have announcements of much interest in short time.

**Ships to Europe.**

The employment of a librarian and furnishing of the new Kemp Library, together with numerous minor details are being considered by the executive board of the Library Association in the informal way, according to the president of the institution from Stanley Fields the architect. It is thought these plans will be ready some time this week and as soon as possible after they are available the board will complete its part of the work.

**Twenty Buildings Burned to Ground AT LAWTON, OKLA.**

By Associated Press.

Lawton, Okla., Sept. 24.—Twenty buildings, all but two of which were under construction, were destroyed by fire which broke out shortly after noon today and swept through an entire block on "E" avenue, and half a block on "D" avenue, entailing an estimated loss of \$135,000. One woman, Mrs. Hattie Williams, 50, Hollister, Okla., was struck by an explosion and killed.

The fire was placed under control at 1:30 with the assistance of the fire department from the army post at Fort Sill. The destroyed buildings include the Ingraham Hotel and the First Christian Church. Fire fighters were handicapped by low water pressure, the city's normal supply from Lake Lawtonka having been diverted to Camp Doniphan.

**Texas Leads.**

Texas stands second in the list of states contributing the most soldiers; she stands first in all in proportion to her population. We must make her stand first in Red Cross. To keep up with our boys in the field every woman and child will have to do "My Best" to keep up with them. Every child can save his pennies for the Red Cross. The motto of Americanism is that we are one nation from many states. From a man's point of view the country which organized the government organized the school teachers of every district to be its representative, when it needed anything it wired the school teachers. Here in America we are unified under the Red Cross. Each chapter is wired from the center, each the immediate news. Major Garrison M. P. Morris cables from France to the correspondent.

The correspondent visited two different camps and in each there were the same scene of methodical activity characteristic of American methods.

At the second camp during a meal the correspondent fell into conversation with a young officer who comes from one of the more wealthy families.

"How do you like it here?" asked the correspondent.

The officer gazed reflectively through the open door of the mess room out across the open and beyond the fence. In the distance he could see that there was a scene of devastation and desolation. Here and there shattered walls of a building reared themselves to mark the spot where a farm house or perhaps a village had stood.

**Will Do Their Bit.**

The officer returned from his contemplative gaze and answered:

"Well, it isn't exactly the same as Forty-second street and Broadway here, but we didn't come out looking for the Great White Way. We are here for training and discipline, partly for itself and partly because we ought to like it. We want to do our bit and we are more anxious to do it than ever before.

He thinks that some of our boys who have kept up with us and stolen a look at the fighting lines have been disappointed in a way, of course they read of what it was like over here but it did not seem quite right not to see banners flying in the battlefield and not to witness scenes of carnage in the open. But they are all the more impressed with things in general."

**Yankees Are Amused.**

The reported high reward offered by a German officer for the first American soldier brought into the German lines dead or alive has immensely amused the Yankees.

"We are not worrying about it," laughed one officer. "We are here and 'Fritz' can come after us anytime he is ready."

# HIGH COURT DECIDES THAT FERGUSON CAN NEVER AGAIN HOLD TEXAS OFFICE

By Associated Press.

Austin, Texas, Sept. 25.—By the action of the Senate high court of impeachment this afternoon in adopting the majority report of the committee charged with drafting the judgment in the case of James E. Ferguson, former Texas governor, the deposed executive is ousted from his office and forever barred from holding public office in the State of Texas.

Austin, Texas, Sept. 25.—The court first voted up on the minority report, which recommended against the disqualification feature, but, 17 to 9, this was rejected.

Senator Dayton offered an amendment to the minority report, providing that some future legislation might restore full citizenship to Mr. Ferguson. But three points of order against the amendment were sustained.

The vote on adoption of the majority report was 23 to three, with one pair and one absent.

## MAJORITY AND MINORITY REPORTS ARE ARGUED BEFORE HIGH COURT; FUTURE OFFICE HOLDING IS POINT

By Associated Press.

Austin, Texas, Sept. 25.—The Senate high court of impeachment convened shortly after 11 o'clock for the purpose of considering the judgment to be pronounced upon Governor James E. Ferguson, convicted Saturday upon ten articles of impeachment.

At the suggestion of Senator Bee, an agreement was reached to bring the debate on the majority and minority reports to a close at 1 o'clock.

Senator Suiter moved the adoption of the majority report, which would remove the governor from office and disqualify him from holding any office of honor, trust or profit under this state.

Senator Bee moved the adoption of the minority report as a substitute. It would merely remove the governor from office, not disqualifying him for the future.

### Bailey Opens Argument.

Senator Bailey opened the argument for the minority report, arguing that the words of the constitution simply place the maximum punishment at removal and disqualification, leaving it within the discretion of the Senate to impose the lesser penalty. The language "removal from office" and "disqualification for holding any office" he contended, is directory, not mandatory. He cited the record of cases in Congress, and in other states.

Mr. Bailey said that in his opinion the adoption of the extreme penalty would disqualify the respondent, notwithstanding his disqualification from holding a political office but for the discharge of a judicial trust, and perhaps for practicing law.

In Other States

Quoting language of the constitution of California, which is identical in this respect with that of the Texas constitution, he argued that the same result would be had in that state, during the civil war, where the judge who had been impeached was removed but not further disqualified. He cited a case in Minnesota where disqualification was limited to three years.

Discussing the question of policy, the speaker said that the test of a constitution should not weigh with the Senate; he would in fact, like for the people of Texas to have the chance to pass on the governor's case.

On the request of Senator Hudspeth the Senate high court recessed at 11:30, with the understanding that a vote would be taken at four o'clock.

Senator McNealus introduced three bills, in accordance with the request of the governor, permitting the sale of liquor in local option territory for medicinal and medicinal purposes, and by wholesale drug houses to retail druggists.

The Senate concurred in the House pink bell worn bill and it now goes to the governor.

### Collins Argues.

Senator Collins, the author of the majority report, made a plea against temporizing in this matter. He contradicted the statement that the governor is guilty merely of technical violation of the law. He contended that the governor has committed a number of serious crimes. He declared that it is important to the future history of Texas that the Senate should write its record in this case in no uncertain terms.

He called attention to the \$5,000 appropriation of funds set out in article one, and other statutory offenses he alleged in the charges. "You voted to sustain these charges," said the speaker. "If we not guilty, why did you do it? Do not show the white feather."

In the course of his talk, the senator argued in a colloquy with Senator Page, who objected to the phrase "show the white feather." "If anybody wants to see me outside, I am a champion, he can see," shouted the speaker.

"Do you want to fight about this?" asked Senator Page.

"No," was the reply, "but if anybody gets a right, he can get it. I don't know what I am going to show the white feather, but let whoever she shows it wear it."

Senator Collins' address was an impassioned plea but in spite of his arguments there was general friendly understanding between the two senators over the speech and other facets of the situation.

Admits of Only One Penalty.

The senator argued that the language of the constitution is both inclusive and exclusive, and does not admit of any penalty except removal from office.

Senator Hudspeth of El Paso began his speech for the minority report at 2:15 o'clock.

He made a plea against branding with infamy for life-time a man who had twice honored all the people of Texas. "I am bound to vote for the minority report," said the speaker. "Notwithstanding I have received a dozen of telegrams this morning telling me that if I do so my political career in Texas is at an end."

The speaker called attention to the various charges of the proponents of the minority report, saying that Mr. Ferguson would be the only man of perhaps one hundred years from whom the privilege of asking the suffrage of the people had been wrested.

Senator Luttrell of El Paso was the next speaker. He argued for striking the

State Ranger Gives Testimony Concerning Arrest of Several of Defendants in Latter Part of May.

By Associated Press. Abilene, Texas, Sept. 25.—Immediately after the government rested its case in the F. L. P. A. conspiracy trial this morning, Chief Defense Counsel W. H. Atwell moved for an instructed verdict of not guilty for all of the 49 defendants. He did this in the presence of the three-judge court.

The defense, he said, may be divided into three distinct classes:

Those against whom nothing has been said; those against whom only a few things have been said and those against whom the only testimony that has been introduced is that of the government.

Those against whom nothing has been said; those against whom only a few things have been said and those against whom the only testimony that has been introduced is that of the government.

## TIMES TOBACCO FUND IS USED ONLY FOR WEED FOR MEN ABROAD

### CONTENTS OF KIT THAT YOU MAY SEND.

The Times tobacco boxes, to be sent to the American soldiers in France, will contain forty-five cents worth of smoking tobacco, but will be supplied to the Times Tobacco Fund for 25 cents.

They will contain:

Two packages of Lucky Strike cigarettes.  
Three packages of Bull Durham smoking Tobacco.  
Three packages of Bull Durham cigarette papers.  
One tin of Tuxedo smoking tobacco.  
Four books of Tuxedo cigarette papers.

Every penny that you give to the Times Tobacco Fund will go to the purchase of tobacco. Not a cent will be paid out for promotion or other expenses. Nothing will be charged for the transportation and distribution of the tobacco.

Remember too, that for each twenty-five cents contributed, forty-five cents worth of smoking tobacco will be furnished to some American soldier in France.

The kit that will be given the soldiers is shown herewith. It forms a neat package and when delivered to the soldier will contain a stamped post card addressed with your name, so that he can acknowledge the receipt of the tobacco and express his appreciation.

Sixty two dollars had been received for the Times fund up to the last acknowledgement. We are anxious to have the fund reach \$100 by Saturday.

It will be a number of those who have resolved that they will contribute will upon that resolve without further delay.

## FLOCKS OF DUCKS SAVE BRITISH GIVING WARNING OF AN ATTACK

Associated Press Mail Correspondence

With British Forces in Saloniki, August 30.—This is the story of how the geese of Kale-Zir gave the warning and saved a British detachment.

When the Bulgars left their native mountains and came down into the plains their advance was held by certain famous river and a historic lake. A British company was holding the Upper Lake, for it was divided into two parts connected by the river. The company was charged with responsibility for the supplies and five miles of the connecting stream.

Kale Zir. They had absolute command of the lake, thanks to the motor-boats, and a crossing there was inconceivable, but the river flowed through a maze of reeds and swamps and formed many parts of which appeared absolutely impossible to cross.

A feeling of comparative safety pervaded the British camp.

Then one evening the Orderly officer set out from the camp on his bicycle to visit two outposts up the river nearly two miles from the camp.

It was very dark. As he neared the camp sentry he heard the movement of wings and a distinguished flock after him.

flock of ducks flying from their rest among the reeds.

"Looks odd," he remarked to the sentry. Then to a sergeant, "I'll take one man, sergeant, and we'll cycle down the path and have a look."

The path ran a quarter of a mile down the marsh and then died in a certain famous river and a historic lake.

Then the British picked up the German officer in charge of the enterprise, who had been hit in the thigh.

They got into a loose sort of open order and came on quickly. At that moment the British officer fired four shots. Immediately a light over the British camp appeared. The glare was dazzling. ### Vanguard of Hurricane Whistles Over Land

### NEW ORLEANS EXPECTS TO ESCAPE WORST WIND BUT MOBILE PREPARING

By Associated Press.

Washington, Sept. 28.—The tropical disturbance this morning was central at the mouth of the Mississippi river, where a hurricane was reported with a barometer reading at 9 a. m. of 29.06 inches, according to announcement by the weather bureau. At coast stations only fresh to moderately strong winds thus far had been reported. Hurricane warnings were displayed from the Louisiana coast to Pensacola and storm warnings at Saint Andrews and Apalachicola, Florida.

#### NEW ORLEANS EXPECTS LITTLE DAMAGE.

New Orleans, Sept. 28.—After receiving today's warning from the Washington weather bureau, announcing a shifting in the course of the hurricane, local weather officials stated that every indication at 10 a. m. was that the centre of the storm would continue to sweep inland east of the Mississippi from near the mouth of the river and that New Orleans might escape the full force of the blow.

As a precautionary measure, Dr. L. M. Cline, district forecaster here, advised the authorities of Thibodaux, Hammond and other small towns near here, to keep their schools closed today. The New Orleans school board issued orders to the same effect.

**MOBILE NOW IN THROES OF TERRIFIC STORM.**  
By Associated Press.  
Mobile, Ala., Sept. 28.—The tropical low pressure over Mobile is racing with a wind at 90 miles an hour. Weather Forecaster Ashenberger stated at 2 o'clock that he expected the velocity to increase when the wind shifted to a southerly position. An advisory warning for the Louisiana coast issued by the local weather bureau at 8:30 a. m. stated:

"The tropical disturbance was reported to have passed through the Mississippi river, apparently a short distance south of Pilot Town, Northwesterly winds, probably reaching hurricane force in Southeast Louisiana with high tides today and tonight. Strong northwest winds on the West Louisana coast."

Intensity increases.

That the intensity of the storm was increasing rapidly, there was indications of wireless messages from there giving the barometer reading at 7 a. m. at 29.06 and a wind of more than 16 miles. This report showed the barometer falling rapidly and that place apparently was receiving the full force of the hurricane. Reports from Pilot Town, Northwesterly winds, probably reaching hurricane force in Southeast Louisiana with high tides today and tonight. Strong northwest winds on the West Louisana coast."

#### NO REPORTS OF CASUALTIES RECEIVED EARLY IN DAY

By Associated Press.

New Orleans, La., Sept. 28.—The tropical hurricane which passed in land from the Gulf of Mexico about 1 o'clock this morning, was believed to be central early today about 75 miles south of New Orleans and moving northward according to reports received by the local weather bureau. Reports from Pilot Town, near the mouth of the Mississippi river at 5:30 a. m. stated the winds velocity there were more than 75 miles an hour and the barometer had fallen to 29.18.

Weather bureau officials here were inclined to the opinion that the full force probably would pass a little east or west of New Orleans.

The barometer in New Orleans at 7 a. m. registered 29.63, where it had been standing stationary for four hours, northeast wind was blowing here at between 26 and 30 miles an hour since 2 a. m.

Worst Yet to Come.

"New Orleans has not received the worst of the storm," weather bureau officials stated, "and the intensity probably will increase here up to noon."

The sky here was cloudy with an occasional clear spot early today. The center of the storm apparently passed inland from the gulf about 100 miles from the hurricane, which was accompanying the storm. Pilot Town is approximately 80 miles southeast of this city and has a population of about 100. It is the headquarters of the Pilots who guide the vessels over the bar at the mouth of the river. Since 5:30 a. m. in a gale of more than 75 miles an hour damage had been received here. No reports of property damage or casualties had been received here for several hours, the bar being used.

Many Leave Homes.

**PRESIDENT IRIGENY, OF ARGENTINA, SAYS MUST BE NO BREAK.**  
By Associated Press.

Buenos Ayres, Sept. 28.—President Irigeny is preparing a message in reply to the request made by Congress that the diplomatic relations between Argentina and Germany be broken off. It is said conditions make it impossible to break off relations with Germany, mainly because of the Count von Luxburg incident, the government considering this affair to have been adjusted by the German foreign office's explanation.

### RED CROSS WILL LAUNCH CAMPAIGN HERE Thousand Dollars a Month Is Income Local Chapter Believes to be Necessary

Wichita Falls is to stage a whirlwind campaign to raise one thousand dollars a month for the needs of the Red Cross. The campaign, to be conducted by the Red Cross, through the medium of the students of the High School, and next week will be designated as Red Cross Week.

This was the plan decided upon at the meeting of the campaign committee, which is to be held Saturday afternoon. The quota of supplies apportioned to Wichita Falls County Chapter, in accordance with the wishes of the President, the men in charge of the campaign are F. N. Lawton, manager; J. C. Mytinger, C. J. Johnson, and J. E. Gandy. Professor Leo Clark was present at the meeting and stated that while the matter had not yet come before the school board, he had one reservation in pledging the cooperation of the students in raising the created, and that in itself is a prime necessity.

Cross carrying on it is a well-known fact that this is work in which popular sentiment is a very large factor in the success of the work, and it can only be created by putting the teams into zones, and the students into teams, each team having a captain, and the large number of people involved in the campaign, the members of the community small, a great many people may avail themselves of the privilege of helping this most vital work, who can not otherwise do so.

Reports from the campaign committee show that the amount of subscriptions, and though the actual obtaining of signatures will not begin until Friday, there is no objection to this, as many young people get together with a much wider interest is thereby created.

### TAXABLE VALUES HERE INCREASE ALMOST MILLION

ROLLS OF CITY ARE APPROVED AT SESSION OF CITY FATHERS

### REPORT MADE COUNCIL

Total Now Estimated at \$9,707,470 As Compared With \$8,783,190 For Year Previous

Taxable values in Wichita Falls have increased \$24,280 within the last year, according to a comparative statement which has been secured, following the report made to the city council last evening of the new tax rolls.

The tax rolls of the city for the year 1917 were approved by the city council last night at the regular meeting of that body. Collections will be started promptly on the first day of next month.

The real estate values rendered \$6,582,790, and unrendered \$152,080, a total real estate value of \$6,734,879. Personal property rendered at \$2,972,600. Grand total of real estate and rendered is \$9,707,470. Taxes upon personal property rendered and uncollected from this at the rate of 8% on the \$100 will put \$85,425.75 in the city coffers.

**Nearly Million Dollar Increase**  
Taxable values rendered last year are as follows: real estate \$6,167,410; personal \$2,777,530; total \$8,738,190. Total taxes \$78,241.98. These figures compared with those just compiled show an increase in taxable values of the city of \$924,280, or nearly a million dollars, while the increase in 1916 over 1915 was only \$100,000. Taxes to be collected this year will amount to \$7,837.77 more than last year.

**To Place Poles**  
Representatives of the Southwest Telephone Company were present at the meeting and asked permission to place poles at certain places on streets in the Southland addition, at which place this is restricted without the consent of the city council. The matter was passed to allow the aldermen to talk to the property owners near where the poles are to be set, and it was at first called a special meeting, and so called in order to render a decision in the matter, but it was shown by the telephone representatives that this would be unnecessary, so the matter will be disposed of at the next regular meeting.

**Sewer Extensions**  
Sewer extensions in certain parts of the city were brought up discussion by E. G. Hill. Several residents living beyond the present sewer limits have applied for connections, but since it was thought that they would not want the connections made before after the first of the year the matter was passed

At an interest of four per cent the bonds will be issued in denominations of \$50 and more. They will mature in 25 years but may be redeemed at the expiration of ten years at the option of the secretary of the treasury.**

**Roosevelt's Friend Pays Visit to City**

G. R. Abernathy of Frederick, Okla., is in the city this week. He is well known to many Wichitans, having been United States marshal in the Indian Territory for seven years prior to the time it was made a state.

Mr. Abernathy is the father of the two boys who rode across the United States on horseback several years ago, who will be remembered that the young ones were trying to ride the trail in 50 days for a prize of \$15,000, but missed it by just two days. Not all of the prize was lost, however, as they were presented with a brand new automobile.

Abernathy was also with Theodore Roosevelt here last summer. In the city several years ago, the two gentle men being close personal friends. He has given up public life altogether now, and is living on his farm near Frederick. He has extensive real estate interests in Oklahoma, and is in Wichita Falls looking over the land markets.

**"A SPLENDID TONIC"**

Says Hixson Lady Who, On Doctor's Advice, Took Cardui And Is Now Well.

Hixson, Tenn.—"About 10 years ago I was..." says Mrs. J. B. Gadd, of this place. "I suffered with a pain in my left side, could not sleep at night with this pain, always in the left side..."

My doctor told me to use Cardui. I took one bottle, which helped me and after my baby came, I was stronger and better, but the pain was still there.

I at first let it go, but began to get weak and run-down from womanly troubles. Take Cardui. It should surely help you, as it has so many thousands of other women in the past 40 years. Headache, backache, sidesache, nervousness, sleeplessness, tired-out feeling, are all signs of womanly trouble. Other women get relief by taking Cardui. Why not you? All druggists, which I did.

This last Cardui which I took made me much better, in fact, cured me. It has been a number of years, still I have no return of this trouble.

I feel it was Cardui that cured me, and I recommend it as a splendid remedy.

Don't allow yourself to become weak and run-down from womanly troubles. Take Cardui. It should surely help you, as it has so many thousands of other women in the past 40 years. Headache, backache, sidesache, nervousness, sleeplessness, tired-out feeling, are all signs of womanly trouble. Other women get relief by taking Cardui. Why not you? All druggists

## WHY THE SONORA Phonograph IS BETTER

- 1—The quality of tone is admittedly unrivaled.
- 2—The Motor (made in Switzerland) runs about twice as long per winding as do motors of other similar priced machines.
- 3—The Sonora is designed (not adapted) to play all makes of disc records; steel needle, sapphire, and diamond point.
- 4—The Sound Box does not deteriorate with age nor does it coarsen and harden the tones as it grows older.
- 5—The Sound Amplifier is made under scientific principles, known only by us, and is the result of our long experience in phonograph manufacturing.
- 6—The Patented Tone Control is at the Sound Source—the correct place, and alters the volume, not the quality of tone produced.
- 7—The Patented Envelope Filing System is unique and wonderfully convenient, each record being instantly available.
- 8—The Patented Cabinet Work is rich and distinctive, the graceful "bulge" lines being exclusively Sonora's.
- 9—The Patented Automatic Stop is thoroughly reliable and requires really no attention.
- 10—The Patented Motor Meter and Spring Control are very convenient, telling how much power is left in the motor.

Through her attorneys, Martin, Bullington, Boone and Humphreys, Mrs. Shipley has filed suit against the City of Wichita Falls for \$25,000 damages on account of injuries she sustained when she fell into an excavation in Lamar Park. The excavation was for the new library building. Mrs. Shipley claims that two of her ribs were fractured in the fall, others broken loose and that she was injured internally. She charges that the city was negligent in not having warning lights and the excavation properly fenced or roped off.

Colonel Roosevelt wants to make a gift to Senator LaFollette to the Kaiser. We know a Texas congressman we'd like to send along with the Senator.

We admit that the War Department knows a great deal more about its business than we do, but we believe that if consolidations were necessary, it would have been much better to have kept up the organization of Oklahoma regiments at Camp Bowie and to have consolidated Oklahoma troops with other Oklahoma troops instead of making a mixture of Oklahomans with Texans, which seems to have been done. Regiments ought not to lose their identity and the better their names will identify them with their origin the better will be the spirit of the men. The British army has found this to be so. The same thing was learned during the war between the states.

This is the season when the householder is prompted to put up heating stoves for the winter. A good man folks rub a coat of polish over their stoves after taking them out of summer storage but this is about as far as most of them go. Gas men tell us that it is important that the burners be cleaned out and inspected if the best results are to be gotten from the gas. Gas ought not to be wasted at any time and its waste at this time when there is scarcely enough to go around and when everybody ought to co-operate in the conservation of every resource is the more to be censured. The time has come for Wichitans to take every reasonable step to get the most out of every cubic foot of gas burned.

The Houston Post suggests that one of the best services Governor Hobby's friends can do for him is to refrain from importuning him for appointment to office. "Every governor," says The Post, "who steps into the executive office is appalled at the multitudes who want office." The Post wants Governor Hobby to be unhampered by applications. It tells those who would seek favor from the governor, "re-member that the public service is not designed to favor individuals; that the appointive power is not designed to enable governors to favor friends and that patronage is not a personal requisite if the appointive power is properly used." This is mighty sound advice. Governor Hobby is a newspaper man and doubtless many newspaper may, recalling their friendship for him and their support and efforts in his behalf, are looking over the state payroll to pick out what they are going to ask. They ought not to do it. There are comparatively few offices for Governor Hobby to fill and he ought to be permitted to pick out the men for these offices without molestation from a horde of office seekers. One of the troubles with our ex-governor was that he used the public service to reward his friends and political supporters. All of Texas fervently hopes that Governor Hobby will not be led into the same error.

## F. L. P. A. TRIALS MAY BE CLOSED BY OCTOBER 8TH

Associated Press  
Abilene, Texas, Sept. 28.—District Attorney Odell announced Friday that an effort will be made to postpone the F. L. P. A. trial by October 8 when the regular term of court will open at Amarillo on that date.

Judge Jack will be unable to go there because he is already over due at Sherman, and Odell announced that Judge Paul West of San Antonio will hold court there.

S. J. Stovall of Weinert testified he was at the Dennis Chapel local when government witnesses declared Defendants Bergfeld and Wharton told plans to take members who revealed the secret of the lodge in.

Stovall declared the only discussion there was on cooperative buying of flour and potatoes.

Stovall denied the obligation he took included the penalty of death for a traitor.

New York, Sept. 28.—The action of the cotton market early today suggested that the development of the tropical storm had little effect will discounted. New Orleans wires said there had been no damage there but high winds were reported west of New Orleans, causing apprehension of delayed movement with a possibility of damage through beating out open cotton or breaking the grades. The market opened only a trifle advance of 12 points to a decline of 13 points sold about 9 to 23 points net lower during the early trading with October touching 24.30 and January 23.49. There was Liverpool and southern selling on the decline as well as realizing.

Cotton futures opened easy; Oct. 24.53; Dec. 23.90; Jan. 23.76; March 23.77; May 23.81.

At a level of 11 to 17 points down the market took on a steadier tone oil good spot accounts from the western belt. Toward noon prices were at a net rise of 4 to 10 points.

Reported that the tropical storm was moving in a northward direction suggested that it would not reach inland probably accounted for part of the early selling but the eastern belt forecast was for rain and some of the private condition figures made a bullish showing.

These features led to covering to the middle of the morning and there were rallies of 10 to 15 points followed by nervous and irregular fractions with the market rising about 1 to 5 points net higher, or around 23.88 for Dec. and 23.72 for Jan. at midday. Four private crop reports were issued, one indicating a deterioration of 5.6% in a crop of 12,250,000 bales excluding linters. Another made the condition 62 and the crop 13,806,000, including linters while the third report made the condition 63.1 indicating a crop of 12,600,000 bales excluding linters and the fourth 66.6 against 68.3 last month.

### New Orleans Cotton.

New Orleans, Sept. 28.—Only narrow fluctuations noted in the early trading in cotton today. Around 18.10 opening prices were 2 to 3 points up, with the end of the first half hour of trading they were 10 to 16 points down compared with the close of yesterday. The continued hurricane warnings for the middle gulf coast kept the market nervous and unsettled.

**Telephone Operators on Pennsylvania Join Strike of Telegraphers**

By Associated Press.  
Oil City, Sept. 28.—Train dispatcher and telephone operators on the Pennsylvania Railroad have joined the striking telegraphers. Strikers last night claimed that the engineers and conductors are considering a walkout in sympathy with the men who staged a strike between Pittsburgh and Buffalo kept nearer to their schedule today than yesterday but freight traffic was light.

**Red Cross Parade in New York City Set For Thursday**

By Associated Press.  
New York, Sept. 28.—A Red Cross parade in which 25,000 Red Cross workers and nurses will participate will be held in this city next Thursday. The demonstration, the first of its kind ever arranged by the Red Cross is intended as an appeal for contributions now serving in war hospitals and as a send-off for those about to embark for war service in Europe.

"MISS ROBINSON CRUSOE"

Emmy Wehlen, the dainty little Viennese comedienne, has never had a better chance to display her ability as an actress, and her own charm, as she does in this delightful story. If there is need to all outward appearances as some tall-tale's dummy would you try to prove to the world and your own satisfaction that he was a man after all? A fancy dress ball, a thrilling kidnapping, a broken down motor boat, and a "Cave-man" tactics adopted by the hero, to the intense disgust of the victim, and the overthrow of two conspirators against the United States make for a picture of thrills, excitement and interest that the five reels seem all too short to hold. The supporting cast, including Walter Miller, Harold Entwistle and Augustus Phillips is most excellent.

"RICHARD, THE BRAZEN"

A big munitions contract and an automobile accident opened the way for Richard the Brazen to love and woe an American girl he first saw in a London shop house. And when the opportunity came this breezy American didn't lose any time but tackled business and love and the impersonation of an English government agent with an enthusiasm that could not be denied. He is a story with enough thrills and laughs to suit the most exacting. A new George Ovey comedy.

**Bennett Holds Lead During Recount of Ballots In New York**

By Associated Press.  
New York, Sept. 28.—William M. Bennett, candidate for the Republican nomination for mayor continued to lead his opponent, Mayor John Purcell. Mitchell in the unofficial count of the ballots cast in last week's primaries when a recess was taken early today. The latest figures gave Bennett a majority over the mayor of 434 votes.

**One St. Louis Player Is Sued By Another**

By Associated Press.  
St. Louis, Sept. 28.—Grover C. Hartley, catcher on the St. Louis American League baseball team, has filed suits in a justice court here against Benny Kauff, centerfielder for the New York National League team and James L. Smith, another baseball player.

The suits grew out of transactions in which Hartley claims he was paid \$1,000 by Kauff and Smith when they were playing with the Baltimore Federal League team. The suit against Kauff is for \$33.90 and that against Smith for \$63.46.

**Widespread Interest Evidenced In This Year's World's Series; American League Leads In Games**

New York, Sept. 28.—In the long history of World Series play, for the championship of the baseball universe it is doubtful if any previous contest of this character aroused the widespread interest which has been engendered by the coming clash between the Chicago Americans and the New York Nationals throughout the World Series.

This is an unusually remarkable year. It is considered that the contests dates back to 1884 and has continued in one form or another and with but few breaks for more than thirty years. The ensuing series will be the 26th since the Providence Club of the National League defeated the Metropolitan team of the American Association in the initial contest back in 1884 and emerged victor in three straight games. It will also be the thirteenth played under the code and jurisdiction of the National Commission which has succeeded in an annual meeting between the pennant winning clubs of the two major leagues.

Americans in Lead.—The two series staged under these rules the American League teams have won seven and the National League Clubs five. Sixty-six games have been played, of which the Americans have won 33 and the National 31 with two resulting in ties.

Records of the two leagues in this respect as during these 66 games and the National League players have crossed the plate 223 times to their rivals' 222.

Another interesting feature of the meeting is the Chicago and New York Clubs in this year both may be said to hold charters membership in their respective organizations. The New York team entered the senior baseball circuit on formation in 1876 and finished sixth that season. At the close of the schedule play the competition dropped out until its return until 1882 from which date its connection with the National League has been continuous. The Chicago White Sox played a prominent part in the forming of the American League in 1900 and has also held continuous

**DICK RENFROW IS HELD FOR EXAMINING TRIAL**

Dick Renfrow was arrested in a local rooming house here last Wednesday night and is being held in the county jail on a statutory charge. The arrest was made by Police Officers Simon and Mann. He was interrogated by the Federal authorities, but later turned over to the county officials. Renfrow will probably be given an examining trial this afternoon.

**BONDS OF OKLAHOMANS SET AT THOUSAND DOLLARS**

United States Commissioner J. A. Lantz today set a bond of \$1,000 each for H. P. Kirby and Dot Otley of Lawton, Okla., who were arrested here on Wednesday evening on a charge of conspiracy to violate the Mann act. Kirby waived the preliminary hearing, and plead not guilty. Otley pleading guilty.
