COMMITTEES WILL ARRANGE TO HAVE BIG HOUSEWARMING

OPENING OF NEW COURTHOUSE WILL BE FITTINGLY CELEBRATED HERE.

A meeting of the committees from all the civic and other organizations that will cooperate in a housewarming program at the new courthouse has been called for 9 o'clock Monday morning in the Seventy-Eighth District court room.

The committee from the Wichita County Bar Association of which Judge Scurry is chairman has taken the initiative in calling the meeting. Other members of the Bar Association's committee are J. T. Montgomery and W. P. Weeks.

It is not likely that the housewarming will be held much before the first of November, although the new building will be occupied before that date. It is expected to have all the county officials at home in the new structure so that they can enjoy the festivities and an effort will be made to bring every taxpayer in the county to the new building.

MONEY RETURNED FOR TICKETS TO WORLD'S SERIES

THOUSANDS WILL BE DISAPPOINTED IN NOT BEING ABLE TO SEE GAME.

By Associated Press. Chicago, Oct. 2.—It costs heavily in friends to play in a world's series. President Comiskey of the Chicago Americans, declared today as applications for reserved tickets to the baseball games here piled to the senders with the explanation that no more tickets were available.

In this connection it is pointed out that during the baseball season there are perhaps three hundred thousand persons in Chicago who may be termed patrons at the South Side Park and have expressed a desire to see the series. The park will seat approximately 32,000 persons which would indicate that there are several hundred thousand patrons of the Comiskey Park who are indignant that their money for reservations was returned.

Formal warning has been issued that the existence of a plot to counterfeit tickets for use by the scalpers is known and that anyone seen taking to mark the original pasteboards so they may be identified. Purchasers of the superior tickets will be the sufferers as the holders of the genuine will be protected against fraud.

ONE IS KILLED; ONE IS INJURED AT SWEETWATER

By Associated Press. Sweetwater, Texas, Oct. 2.—G. C. McMeans, former sheriff of Ector county who killed a man here today with Frank and Gus Hamer here this afternoon.

The battle was staged in a garage. Frank Hamer was badly wounded. Ten shots were exchanged during the battle.

The shooting is said to be the outgrowth of an old feud. McMeans was on his way to Baird to attend the trial of a man named Johnson who killed McMeans' brother-in-law at Snyder a year ago.

"I Should Worry New About Corns!"

They Peel Off With "Gets-It" Two corns are no worse than one, and one is nothing at all—when you use "Gets-It," the one real corn-remover, corn-remover, corn-remover, right-off corn-remover. This is because two drops of "Gets-It" cause your corns to peel off at once—when you know that that old corn has been "killed" in the "Gets-It" treatment. It makes cutting and digging at a corn and tugging with bandages, knives or anything else entirely unnecessary. Remember "Gets-It" is safe.

You'll not have to take off your shoe or pump under the table at the cafe to ease your suffering soul. See that you get "Gets-It." Don't be misled by imitations. See in all you need pay at any drug store for "Gets-It," or it will be sent direct by E. Lawrence & Co., Chicago, Ill.

Sold in Wichita Falls and recommended as the world's best corn remedy by Palace Drug Store, The Miller Drug Store, Mack Taylor's Drug Store.

The SONORA is the World's GREATEST PHONOGRAPH

DON'T MAKE A MISTAKE IN YOUR PURCHASE OF A PHONOGRAPH

Remember, the SONORA, in competition with all known Phonographs, at the great Panama-Pacific Exposition WAS THE ONLY TALKING MACHINE THAT WAS GIVEN ANYTHING FOR TONE QUALITY. The Jury of Awards gave the SONORA 100% PERFECT.

This is the highest endorsement that can come from the minds of the greatest musicians that have both National and International reputations.

The tone of the SONORA is nearer absolute perfection than any other talking machine. THE ONLY TEST OF TONE IS THE EAR. Hear any other Phonograph, then hear the SONORA. You will appreciate its deep, rich, mellow tone.

We Ask You to Come to Our Booth Rooms and Let Us Demonstrate to You the Better Qualities of the Sonora.

JUNIOR RED CROSS CHAPTER PLANNED FOR STUDENTS OF HIGH SCHOOL HERE

Plans are being perfected to form a Junior Red Cross among the high school students. Professor Lee Clark, superintendent of schools, stated yesterday that he was most anxious to see a junior department started, and that every endeavor was being made to that end.

The authorities are not ready at present to make any definite announcement beyond that it is felt that this movement will be as beneficial to the students as to the society itself.

With a properly organized junior auxiliary, probably double the present output of supplies could be handled. This means that twice as many men could be cared for on the battlefields, in the camps, and in the hospitals. It means that at the front, where they are now very short of hospital supplies of all kinds, there would be plenty. It means that where a life is now lost, it could be saved. Young people of student age are precisely the ones to whom this sort of appeal can be made with advantage; and they will be the first to see and realize that the sacrifices to be made for the carrying on of the work are their part in winning the war.

To Interest Schools. There is a strong and increasingly wide spread opinion among educators all over the country that one of the best ways in which to put the magnitude of the task within the war, and, in particular, the needs and work of the Red Cross before the great masses of the people, is to get the schools interested. If the boys and girls all active in the work, and above all, if they are taught what the work is for and are given a clear understanding of the whole question at stake, it is believed that this will have a tremendous influence on the country at large.

It is with this belief that the school authorities here are trying to form a junior branch to the greatest relief organization in the world. Details have not yet been completed, but the branch would work, of course, under the direct supervision and control of the parent chapter. Many of the young ladies at the schools are already familiar with the work, having given a good deal of valuable service during the summer.

Composed of Students. It is thought that the junior branch will be composed entirely of students, with an executive committee and chairman, who will be responsible to the parent chapter. The executive officers will first learn what is to be done, and exactly how it is to be done—for Red Cross work must be exact to a thread—exact, above everything else, or it is time and material wasted—and then teach their fellows. This plan is not definitely settled on, but it is believed that the young people will develop a greater sense of responsibility if their organization is their own, their officers and chairman their own.

The matter of the work room also has to be settled. If the junior branch should prove to be very large, it might be that there will be no room for them in the present headquarters, especially as the chapter has an increasing number of workers daily, and will doubtless increase much more as the season advances. In this case, another room—possibly one of the rooms at the high school, or any suitable building—will be used.

It is expected that some action will be taken almost immediately, and as soon as the plans are fully developed, work will commence. School studies have now settled into a comfortable routine, and there is nothing in the way of perfecting the scheme, and getting it to work.

stated that the receipts of the thirteen series played since 1903 have aggregated \$2,874,224, of this huge amount the players have received \$1,189,823, the club owners, \$1,411,156 and the National Commission \$282,245. The rule governing the series specifies that each player shall receive in advance of the play the men who are eligible to participate in the games. These players shall receive one share of the winning of losing teams per centage with certain arrangements for grounders, maacets and other connected with the teams in a minor capacity.

Some idea of the sums that fall to the share of players who engage in the World Series may be gained from a glance of the records of preceding struggles. The largest amount went to the members of the Boston Americans who played and won the eight game series from the New York Nationals in 1912. That year each regular member of the Red Sox received \$4,924. The next highest amount was \$2,910, also captured by the Boston Americans of last season as a result of their defeat of the Brooklyn Nationals. The smallest sum received since 1903 by the individual members of a winning team was \$1,125, by the New York Nationals in the series against the Philadelphia Americans in 1906. The Chicago Nationals hold the minimum record with \$429, when the Chicago White Sox won the title in four out of six games in 1906.

CATARRH VANISHES Here is One Remedy That All Sufferers Can Rely Upon If you want to drive catarrh and all its disgusting symptoms from your system in the shortest possible time, go to your drug store and ask for a Hyson's outfit today. Breathe Hyson's and it will rid you of catarrh. It gives such quick relief that all who use it for the first time are astonished.

Hyson's is a pure pleasant antiseptic, which is brought into the lungs over the inflamed membrane. It kills the catarrh germs, soothes the sore spots, and heals all inflammation. Don't suffer another day with catarrh; the disease is dangerous and often ends in pneumonia. Hyson's is the only remedy today. No stomach dosing, no sprays or douches, just "buck it"—that's all. Ask Poodles & Lewis. (Adv.)

Even National Commission will Come in For Share of "Loot" States Announcement.

By Associated Press. New York, Oct. 1.—The biggest financial bonus of the baseball year is to be distributed soon in the form of a division of the gate receipts of the World Series games of 1917. When the New York National and Chicago American players receive their share of the money, paid in the form of admission charges by the thousands of spectators who will attend the contests, they will be able to deposit to the credit of their bank accounts sums larger than the yearly income of many of the fans who will witness the play.

The players will not be the only ones to profit, however, for the Club owners and the National Commission also come in for a percentage of the receipts, which are expected to exceed a quarter of a million dollars this season. Under the rules of the latter body, which have governed the World Series since 1905, the division is made in the following manner: The National Commission receives ten per cent of the receipts of each and every game played by the contending clubs; the remaining ninety per cent of the first four games, is divided upon a basis of two thirds to the players of the winning club and one third to the club owners. With the playing of the fourth game the players cease to share in the receipts and the two clubs involved divide the receipts equally, after the National Commission has taken its ten per cent.

The players share of the World Series funds are apportioned upon a basis of sixty per cent to the winner and forty per cent to the loser, while the two clubs as corporations are required to contribute a certain amount of their portions to the leagues of which they are members.

Receipts Are Heavy. That these sums are not to be considered lightly, even in the present days of extraordinary financial operations, may be realized when it is

stated that the receipts of the thirteen series played since 1903 have aggregated \$2,874,224, of this huge amount the players have received \$1,189,823, the club owners, \$1,411,156 and the National Commission \$282,245. think that he represents a considerable portion of America. He does not. It is an American proverb that whereas heat always rises, hot air sometimes goes down. Mayor Thompson, Senator Reed of Missouri, and a few others who "would rather be wrong than be Vice-President," have accurately perceived that the only way to arrest attention is to try to get themselves arrested. It must be as painful to them to find how few care even to hit them with a club. The country at large is busy clearing a straight path for lization to pry head to cocoonate d ped by the monkeys here and in the tall timber. "We know the facts today.—H the inflexible determination that the truth shall make us free o bond as the bond of human brotherhood between America and Eng-

LONDONER WRITES THAT PRICES FOR BOTH FOOD AND CLOTHING FAR LESS THAN IN AMERICA

A citizen of Wichita Falls, who has relatives in London, received a letter a short time ago telling of a recent air raid, and giving a list of current prices on food stuffs, besides many other interesting items.

"I was out in the street during the last raid, on Tuesday," the letter says, "and though I heard bombs and guns unpleasantly near, I saw nothing of the enemy, nor even of the damage until a day or so ago, when hearing that Cleopatra's Needle—you will remember that huge monolith on the Embankment—was blown to pieces, I went down to see, it is still there, intact; but a bomb fell close to it, splintering the base, and the stone lions were chipped in one or two places. So, in the language of the Official Communique, I can say the damage was of no military importance."

"Do you happen to know how or why, in all these raids, no rich man or public man of importance has ever been hit? My greaser wants to know. He is a socialist."

Prices Mystery. "Things and prices are a mystery, for there is no normal shortage of anything—only a wicked maneuvering and juggling of the markets and the retailers—some things are in such profusion that they cannot be sold while fresh. Rhubarb, cabbage, vegetable marrow, French beans, scarlet runners, plums—the latter in great heaps at a penny a pound. But what can you do with them when the food controller won't let us have sugar? The confectioners get the jam makers get it, the chocolate makers get it, condensed milk firms get it, the biscuit makers get it."

Plenty of Clothing. "While dealing with mysteries, I will mention two others—the 'Marine Store Dealers' and 'Missiff Clothing and Outfitters'—all professing to sell clothes made by first class West End tailors. These shops can be seen all through London, their windows full of clothes at less than half the original price, with the makers' names inside. How is this supply maintained? That is the mystery. Are our best tailors guilty—work always—of misfitting their customers to such an extent that hundreds of shops can be supplied with garments which they (the makers) cannot sell? It is too much for me."

Other Mysteries. "There are other mysteries—government contractors, for instance, who besides being great mystery men, are also great men of opinion that their villany, if not their mystery, would be lessened if there were severer penalties for offenders. What do you think of a man who contracts to deliver twenty sides of beef, and delivers twelve?"

German prisoners are another mystery. They keep on escaping, and have such a fat time, even if they do not escape. We are so heavily slack about these things, I notice that very few of our men escape.

The following is the list of prices: Bread, 10 to 12 cents per two pound loaf; flour seven cents a pound; best fresh butter, fifty five cents; milk 12 cents; goat cheese 25 cents a pound; potatoes 4 pounds for 6 cents; carrots and parsnips 2 cents; Brussels sprouts 3 cents; cabbage half a cent a pound; beans the same; lettuce 2 to 5 cents; celery 3 to 6 cents a head; beets (ready boiled) 2 to 4 cents; cost \$0.75 per ton; beef 25 to 30 cents, unless you want the very best cuts, mutton is very dear 30 to 35 cents a pound; veal and lamb the same; venison 14 to 16 cents; pork 25 to 50; bacon 25 to 50; fish—the Grimsby fish mongers from the docks—certificates parcels sent by post, 14 pounds for \$1.50—about 10 cents a pound. These prices represent the average store, and the markets.

POLICE COURT IS FINDING LITTLE TROUBLE IN CITY

The report of the police court issued this morning by Det. Sergeant Chambers, shows a marked decrease in both the number of arrests made and the amount of fines assessed. Fines assessed last month aggregated \$1,140.50 while those of August amounted to \$1,416.50, showing a decrease of 16.1 per cent. The percentage of arrests collected last month also shows a slight decrease. The sum of \$25.50 was collected in September, as compared with \$700.50 the month before. Street work decreased from \$76.00 the previous month to \$72.50, and jail sentences from \$22.00 to \$48.00. The number of business, suspended sentences and releases for the month cost the city just \$484.50.

The number of arrests made last month is considerably lower than the number made during August, the difference being between 202 and 170. The number of arrests for intoxication, however, increased from 66 to 95. Vagrants have almost disappeared from the city, only 8 arrests being made for this offense, against 62 in August. 28 arrests for disturbing the peace were made during August, and 35 in September. Speeders and violators of the different clauses of the traffic ordinance have also disappeared. 15 cases being tried in August, and 9 during September.

The report, as a whole, is very gratifying to the city officials, as they believe that the city is almost rid of the lower element, which necessitates a police court. If the decrease in the number of arrests continues from month to month, it will be only a matter of time until the court's work is reduced to a minimum, and the decrease came this time in a month when the population of the city was suddenly increased by workers brought here for the aviation camp.

CONDITIONS GOOD ALL OVER NATION DECLARES REPORT

The Wichita State Bank has received the second financial and commercial forecast of the Collins Publicity Service. According to the forecast, which is vigorously optimistic, conditions all over the country are in excellent shape.

"The nation's quick preparation for war," says the forecast, "without serious disturbances to ordinary trade and industry, affords the strongest confidence for confidence that business will be sustained during the war, and that when peace comes, we shall have had

such a striking example of American resourcefulness, energy, and skill, that our future industrial and commercial progress should be multiplied many times by this proof of what can be done when we set about our work in real earnest. Today, the called business of this country is war, and the gratifying manner in which the nation has met the immense and sudden demands made upon it in this emergency gives an assurance that in the vast work of reconstruction and when the time comes for us to aid reconstruction throughout the world, we shall not fail."

Capital Represented. The amount of capital stock represented by new companies in the month of August for this year shows an increase of \$257,128, 500, over the same month last year. Dividends and interest paid out also show an increase of over seventeen millions in the same month.

Imports of gold show an excess over exports of \$59,000,000 for the twelve months ending July 1917. The gold received in the Federal Reserve Bank shows a gain in the last three months of \$22,000,000.

Shipments of anthracite coal for August 1917 show an increase of nearly a million and a half tons over the same month of 1916, while bituminous coal shows an increase of about one hundred thousand tons.

Twenty-six railroads for the first week in September of this year reported earnings of over twelve and a half million a net increase of \$19,644 over the earnings of the same roads for the same period in 1916.

SOCIETY

Must be phoned or sent to the Times office by 1 o'clock Saturday afternoon. Contributors are expected to observe this hour for the closing of the column. An exception will be made, however, through event of Saturday social happenings or special announcements.

CENTRAL PRESBYTERIAN AID MEETS MONDAY

Mrs. C. W. Berry was hostess to the Central Presbyterian Ladies Aid Monday afternoon. The society is commencing the study of St. John, the lesson Monday being the opening chapter with Miss Edmiston as leader. The society will meet next Monday at 3 o'clock with Mrs. C. C. White as hostess.

EPISCOPAL GUILD TO SELL SANDWICHES THURSDAY

Plans for a sandwich sale on Thursday, October 4, and for a fund-raising sale on Friday, October 5, are being discussed by the Episcopal Guild. The sale will be held at the home of Mrs. J. M. Allen, 1114 E. 10th St.

BIRTHDAY PARTY FOR MRS. R. E. HENDRY MONDAY

In celebration of the birthday of her grandmother, Mrs. R. E. Hendry, Mrs. Rhea Howard and Mrs. Shelton entertained a few close friends quite informally Monday afternoon at the home of Mrs. Howard. The affair was one most enjoyable for all the guests, chatting throughout the afternoon and enjoying the visit with the honoree always a pleasant privilege. The two great grand babies, Master Robert Shelton and little Miss Anna Katharine Howard were guests, scarcely second in importance to the birthday lady herself. For the refreshment the circle invited with the cake open. Here the birthday cake, decorated with a seventy-five lighted candles, one for each year, occupied the center of the table and the guests after wishes for Mrs. Hendry, blew out the candles. Pink and white brick cream was served with the cake.

GIRLS AUXILIARY SEWS FOR RED CROSS MONDAY

The Girls Auxiliary of the First Baptist Church sewed for the Red Cross Monday afternoon. The society carried out the sewing for the city for its winter. After six o'clock the party adjourned to Fell's for refreshments. Miss Lucy Smoot, one of the circle leaders, presided over the girls including: Misses Celestine McLean, Zola Hearne, Marie Shields, Stella Smith, Gladys Price, Rosabelle McGinnis, Wanda Crawford.

PARENT-TEACHERS COUNCIL RECEPTION FOR TEACHERS

A specially interesting program of music and readings has been arranged for the reception for the city teachers to be given tonight by the Parent-Teachers Council. The reception is to be held at the high school building at 7 o'clock and the invitation is extended through the press to all parents having children in the city schools. The new high school building will be worth while and refreshments will be served. The council is anticipating a large attendance.

Bond Issue Favored For Permanent Road Vernon to Oklaunon

Says the Vernon Record. A bond issue for permanent roads in a defined district, embracing East Vernon and Oklaunon, will be submitted to the voters of the district. This has been announced by Commissioner Roy Boyd of Precinct No. 1, and other good roads advocates who are anxious to see the state and Federal aid for Wilbarger county.

The county commissioners at first planned to submit a county-wide issue of \$50,000 for permanent roads. The construction of permanent roads leading out of Vernon and reaching into at least a portion of the four commissioners' precincts.

After investigation, however, it was decided that such a proposal would not meet with success. Another suggestion offered was that a defined district, running a certain number of miles in every direction from Vernon and including the city, be created and an issue voted, but this was later abandoned in favor of the request of Commissioner Roy Boyd of East Vernon and Oklaunon, who as defined district be permitted to vote the necessary money for the state and Federal money to Wilbarger county.

J. B. Nabers, assistant city engineer, is now drawing up and describing by metes and bounds, the defined district which will include East Vernon and Oklaunon. Just how much of an issue will be proposed, the exact territory to be embraced and the kind of roads to be built are details yet to be agreed upon. All moneys received from the sale of bonds and the government aid funds will be expended on the roads in the defined district.

It is believed that the bond issue as proposed will entitle the district to government aid next year as well as this. By this means it is likely the roads will be constructed at a very low cost, comparatively, to the taxpayers, for the reason that district is a big tax unit, the number of miles to be built is small and the small assistance will act to reduce the cost on the local people.

Perkins-Timberlake Co. ASSOCIATED STORES. Phone for Your Fitting Appointment. Not a day passes but some customer congratulates us on the splendid "fitting appointment service" rendered by this store. A Gossard Corset fitting is just as important in our eyes as an appointment with your physician, dressmaker, or an appointment with the Governor of the State. Many women find themselves too heavy, and to them we cannot over-emphasize the value of a correctly fitted corset. Phone for the hour you desire—it will save you time—and enable us to give you as much of our time as you need. We are always busy—the telephone helps us to adjust our program to suit you. Phone today for an appointment. Our Graduate Corsetiere will be pleased to show you the new Fall models. This does not obligate you to buy. Many Gossards to choose from \$2.00, \$3.50, \$5.00 and more. Telephone 168.

WICHITA COUNTY RED CROSS

Electra has already furnished her full allotment of equipment for the Wichita county quota for the Camp Service and has sent it to the local workroom, one day ahead of the time set for its delivery. Electra had been asked for four complete comfort kits, and these were furnished to the last button. The bags were made in Wichita Falls by the women in the work room. The Electra chapter furnished a sufficient supply of needles, safety pins, thread of two colors, thimbles, buttons, toothbrushes and tooth paste, soap in celluloid cases, wash cloths, safety razors, shaving soap, tooth brushes, tooth powder and other articles to comply with the Red Cross regulations.

Wichita Falls' quota for this Camp Service is complete except for one rubber sheet and two pairs of blankets for the emergency cot equipment. Donations within the next day are asked. Visitors from Whitesboro, Quanah and Nacoma, were at the work room yesterday on an information seeking tour.

C. W. B. M. MEETS AT FIRST CHRISTIAN CHURCH MONDAY

Mrs. T. W. Caskey conducted the opening devotionals of the Christian Women's Board of Missions Monday afternoon, the program being led by Mrs. J. M. Allen's division. During a short business session the society voted to become a "Life Line" for the coming year, as in the past twelve months. Dr. Cross led the Bible study, Mrs. E. Klander gave the special prayer and read the mission's letter and Mrs. Shariff conducted a map drill on Africa. The program was completed by a paper by Mrs. J. L. Downing, "A Geographical and Ethnological Survey of Africa."

Fort Worth Depot Matter Goes Over For Entire Year

By Associated Press. Austin, Texas, Oct. 2.—The railroad commission issued an order yesterday extending for a period of one year the carrying out of the commission's order requiring the railroads entering the city of Fort Worth to construct, maintain and operate a union passenger depot and terminal facilities. While the order does not so state, it is understood the reason the commission extended the time to construct the depot and terminal facilities is because of the present war conditions. The railroads had petitioned for this extension of time.

AMONG FOLKS OF AFFAIRS

Work of remodeling the front and interior of the Kruger Jewelry store was commenced today. Taylor Bros. have the contract and work will be pushed as rapidly as possible. Changes in the front include an enlargement of the north window and a single door entrance. The windows will be raised from the ground about two feet, with the space below filled in with white tile. Mr. Kruger also announces a change in the firm name, replete for a number of years, it has been decided to name the firm the Kruger Jewelry Co. It will not be incorporated, however, and Sam Kruger will be the sole owner. Business has been so good lately, especially in the repair department, that additional help was necessary, and Homer Herrick, a watch maker and jewelry repair man from Dallas has been employed to assist Mr. Gottlieb with this work.

INCREASE IS SHOWN IN POSTAL RECEIPTS IN CITY OF FORT WORTH

Postoffice receipts for last month were \$3,983.64, showing an increase of \$213.31 over the month of August, which was \$3,770.33, and of \$314.27 over September of last year, which was \$3,456.06.

BATTLESHIP AGAIN FLOATED WITH HELP OF MANY VESSELS

An Atlantic Port, Oct. 2.—The battleship of the United States navy which went aground in home waters on September 28, was floated today. The sea was smooth and a large fleet of vessels pulled the warship off at high tide.

TODAY'S MARKETS

CENSUS REPORT STEADIER PRICE IN COTTON MART

New York, Oct. 2.—The census report showing only 2,492,381 bales ginned prior to September 25 against 4,081,988 last year and 2,904,063 two years ago was even smaller than had been anticipated and the cotton market opened steady at an advance of 22 to 26 points. After selling at 2406 for December and 2390 for January or about 22 to 27 points net higher, the market reached some 15 or 20 points under realizing but steadied on Liverpool and scattered local buying. General business was quiet during the first hour with traders waiting for the government crop report. Some of the early reports from the southwest said the spot basis was softer but there was very little southern selling around the local ring.

The government report making the condition only 50% and the crop limitation of 12,017,000 bales, was followed by heavy general buying and an decided advance in prices. There was enough realizing to cause some irregularity around 24 1/2 cents for level for December, but was quickly absorbed and by midday active months were 110 to 118 points above last night's closing figures with December selling at 2492 and Jan. at 2480. These were the highest prices reached since Dec. sold at 1952 during the middle of Sept.

The market held its upward trend into the afternoon, the large exports for the day from all ports, 49,255 bales increasing bullish sentiment. At 1:30 the most active months were 1.16 to 1.19 points up net.

There was southern selling as well as realizing during the early afternoon but offerings were readily absorbed with Dec. selling up to 2504 and Jan. to 2487 or about 120 to 124 points net higher during the middle of the afternoon. Spot markets officially reported early were unchanged to 1.00 point higher.

Cotton futures opened steady, Oct. 24.50; December 24.00; Jan. 23.90; Mar. 24.00; May 24.00. Cotton closed barely steady.

New Orleans Cotton.
New Orleans, Oct. 2.—Smaller ginning returns than expected caused buying of cotton around the opening here today but the market did not have very steady tone. In the first half hour of business the most active months rose 11 to 21 points.

Following the government report of 60% the market firmed up, buying increased toward the middle of the day when active months were 101 to 107 points over yesterday's close. At one time selling was heavy but a fresh demand for long account was sufficient to absorb it.

New Orleans Cotton.
New Orleans, Oct. 2.—Cotton opened steady. Opening bids: Oct. 23.50; Dec. 23.11 asked; Jan. 23.08; Mar. 23.20; May 23.25.

Liverpool Spot Cotton.
Liverpool, Oct. 2.—Cotton spot steady; prices 8 points lower. Good middling 19.17; middling 18.72; low middling 18.22; good ordinary 17.77; ordinary 16.77; sales 3,000 including 2,500 American. No receipts. Futures closed steady. Jan. 18.02; Mar. 17.75; May 17.52; (New contracts.) Old contracts steady. Oct. 16.67; Dec. Jan. 16.50; Mar. Apr. 16.42; May June 16.26.

New York Stock Market.
New York, Oct. 2.—(Wall Street.)—Specialties were the strong feature at the opening of today's trading in stocks such as American Can, Baldwin Locomotive, Distillers, Maltine, Mexican Petroleum, Royal Dutch and Martin Preferred gaining 1 to 1 1/2 points. Rails were again heavy under the adverse influence created by new records for St. Paul common and preferred which fell to 5 1/2 and 9 1/2 respectively. Stocks were fractionally higher in afternoon. Liberty bonds were active at 99.94 to par.

Chicago Produce.
Chicago, Oct. 2.—Butter unchanged. Eggs lower; receipts 6,340 cases. Firsts 35 1/2¢; ordinary firsts 35 1/2¢; 2nds 35 1/2¢; 3rds 35 1/2¢. Potatoes lower; receipts 40 cars. Minnesota, Wisconsin and Dakota sacks 105¢ to 108¢; same bulk \$1.00 to 1.05. Poultry alive higher; fowls 20¢ to 23 1/2¢; springs 22¢.

Sugar Market.
New York, Oct. 2.—Raw sugar steady. Centrifugal 6.90; molasses 6.02; refined steady; fine granulated \$8.35 to 8.50.

Wichita Falls Produce Market.
Hens 15 cents; springs 17 cents; eggs 23 cents; butter 30 cents.

Kansas City Produce.
Kansas City, Oct. 2.—Butter, eggs and poultry unchanged. Potatoes steady. \$1.10 to 1.15.

Cotton Seed Oil.
New York, Oct. 2.—The cotton seed oil market closed firm. Spot 17.50 bid. Oct. 17.50; Dec. 16.87; Jan. 16.88; Mar. 16.98; May 17.10. Total sales 34,100.

SAG IN PRICES OCCURS IN CORN; BUYING IS LIGHT

Chicago, Oct. 2.—Increasing assurance that the bulk of the corn crop has escaped all serious danger from frost tended today to bring about a sag in prices. There was a noticeable enthusiasm of the buying side. Nevertheless the awareness of present supplies acted as a check on weakness. Opening quotations which ranged from the same as yesterday's finish to 1 1/2¢ lower at 11 1/2¢. December and 11 1/2¢ to 11 1/4¢. May were followed by a moderate set back all around.

Unfavorable weather gave comparative firmness to oats. Fluctuations were narrow and trade light. Big reductions in western stocks of meats rilled the provision market from an early break. The initial heaviness was due to lower quotations on hogs. Reports that Texas was absorbing all Mississippi offerings of new corn and that severe efforts of the Texas drought were being felt, led afterwards to a decided hardening of values. The close was firm 1/4 to 1/2 net higher at 1.19 1/2, December and 1.16 1/2, May.

CORN	Open	High	Low	Close

Provided Food for Lions
Farmer's Family Nag Was Sold to the Circus But Was Billed to Make Only One Appearance.

Edward Jones, now a farmer in Orange county, but formerly a resident of this city, was visited by his brother, Benjamin F. Jones of North Pennsylvania street.

Desiring to show the city brother the beautiful scenery of Orange county, the country brother hitched up the family nag and invited the city brother to get into the spring wagon.

The city brother firmly declined. "No, Edward," said Benjamin, "not behind that stack of bones. That's the worst specimen of horseflesh I ever saw in my life."

Some time later the Indianapolis brother paid another visit to the Orange county farmer. "Where," he asked, "is that stack of bones you called a horse?" he asked. "Dead, I suppose."

"I—J sold him," said the country brother.

"You sold him? For goodness sake, how much did you get for him? A dollar and a half would have been a big price."

"I got \$20 for him. I sold him to a circus."

CATTLE STEADY; RECEIPT OF HOGS IS LIGHT FOR DAY

Columbia Grafonola and Double-Disc Records

Go to Your Own Concert

GO into any Columbia Grafonola store, take a comfortable chair, and look through a Columbia Record Catalog.

Then you can enjoy your self-selected concert as leisurely and as comfortably as if the instrument were in your own home.

Select the kind of music you and your family like—pick out as many pieces as you want.

Hand the salesman the program of your concert.

You will then be conducted to a Columbia Grafonola where you can enjoy your concert in comfort. In most Columbia Grafonola stores small rooms are provided to add privacy to the element of ease.

Still you might want to try a Columbia at home—hear it in your own house. That's easy. A Columbia Grafonola will be sent to your home on trial if you wish. You can play it there and judge the merits of the instrument at your leisure. You can try it out with other makes of phonographs. The Columbia dealer welcomes such tests.

If you desire, the salesman will play the records for you. But as the Columbia has no complicated parts, and can be played by any one after a very short explanation, we believe you will be better satisfied if you play it yourself.

The superior tone of the Columbia is never more apparent than when it is heard in contrast with other makes.

When you have decided what style of Columbia Grafonola you want, you will find that convenient arrangements for its purchase can be made.

Columbia Grafonolas are priced at \$15 to \$350

Columbia Graphophone Company, New York

Only Real Wild Animal Circus on Earth
Glittering, New, Mile-Long Street Parade at 10:30
Exhibitions Daily, 10 a. m. to 10 p. m. Doors Open, 1 and 7

These animal actors take one over the entire gamut of human emotions. There are no cry spots on the program, however, but every moment is one of the keenest interest, delight, instruction, amusement or thrilling excitement.

Sixty lions, tigers, leopards, pumas and jaguars; fifty grizzly, Siberian, cinnamon, black and polar bears; fifty dogs, fifty monkeys, thirty Rocky Mountain, and forty foxes, camels, zebras, and rabbits; troupes of seals and sea lions, kangaroos and hyenas are actors with this circus.

The two most prominent and unrivaled features with the show are the Barnes Challenge, world premium horses and ponies—550 in number, and the great troupe of thirty full-grown, jungle-bred African lions shown in one act. This act is the greatest wild animal spectacle ever successfully presented to the public.

Patrons to the Barnes show are provided with plenty of clean, wholesome comedy, provoked by a dozen clever clowns and their fun-making elephants, monkeys, ponies, dogs, zebras, and the miles Danter, Dynamite and Mileamint.

A six-band, mile long parade is presented to the public at 10:30. Door open 1 and 7 p. m.

At the Theatres

DOROTHY PHILLIPS AT THE MAJESTIC TUESDAY

Dorothy Phillips in "Hell Morgan's Girl" will be the attraction at the Majestic Tuesday.

Here is shown a picture of five full reels of stirring scenes depicting the many different sides of a woman, who, though living among the denizens of San Francisco slums and, to all intents and purposes, being one of them, still retains the finer instincts of womanhood and further than that fully displays them.

The picture shows her many moods—she is capricious, vivacious, captivating, terror-awakening, but withal lovable. That there is such a person, real life cannot be denied, though they may be few and far between. The heroine is given ample opportunities for the display of her histrionic ability and there is not a single instance where she shows the slightest laxity. The human derelict, the witty political wardheeler and other species of fopsman and jetsam are ably represented.

THE PLAZA.

Al Schaffer's Boys and Girl's entertained a comfortably filled house at the Plaza Air dome last evening with a light musical comedy, the scenes of which were laid in "Gay Paris" and "Monte Carlo."

Announcement was made that on Thursday night of this week there will be a Tango Contest on the stage at the Plaza, and all the young men dancers of the city have been invited to take part. A cash prize of \$5 will be given to the couple adjudged by the audience to be the best tango dancers. A number of young men dancers of the city have been invited to take part. A cash prize of \$5 will be given to the couple adjudged by the audience to be the best tango dancers.

On Friday night an old "stunt" will be brought to life again. It is the old-fashioned "Country Store" drawing contest in which all merchants of the city will take part. Each merchant will have an article of value on the stage that evening, with number attached thereto, the person holding the number identical with that on the article will be presented with said article. This seems to be a form of amusement and advertising that never grows old, and since it has been years since the people of this city have had a chance to attend one the management is certain of a record-breaking house Friday evening.

THE EMPRESS.

"One of the most gratifying thoughts in connection with the production of my first picture," said the producer, Charles Foran, of the Artcraft studio recently, "is the fact that Maurice Tourneur staged it. The wonderful romance atmosphere of this mysterious and fascinating story is indeed a fine theme to bring out in a play and the artistic touch of Tourneur in a production of this kind can well be appreciated by his many thousands of admirers. I have seen much of Mr. Tourneur's handwork on the screen and appreciate more than the public perhaps, in what a great degree his particular talent enhances the merit of my first photoplay, with its vast possibilities for wonderful displays in modern scenery. "Barbary Sheep" made its first appearance in the city at the Empress theatre yesterday. This picture will be shown today also.

"LITTLE MISS OPTIMIST" AT EMPRESS WEDNESDAY
One of the most spontaneous and

BUSINESS IMPROVES IN THIS DISTRICT, RESERVE BANK SAYS

CROP CONDITIONS DECLARED BETTER EXCEPT IN COAST COUNTRY.

By Associated Press.

Washington, D. C. Oct. 2.—It is believed that there is no longer danger that the pink boll worm will become established near Hearne, Texas, following its discovery in a cotton field at that place two weeks ago. This opinion was announced by the United States Department of Agriculture today. Twenty-five entomologists of the department of Texas, in charge of a force of 400 laborers, have been at work around Hearne for the past week and a half. They have uprooted and burned all cotton from twenty fields aggregating 106 acres in a radius of nearly half a mile of the Hearne, and have carefully examined growing cotton over a much larger area. It was from infested seed brought by the Hearne Mill from Mexico that the insect found in an open field is supposed to have escaped.

Second Insect Found.

In addition to the first insect dis-

HEARNE SECTION BELIEVED SAFE FROM PINK WORM

The situation is now believed to be so favorable in the vicinity of Hearne that the 25 entomologists who have been at work there have been diverted in small groups to the 10 other oil mills in Texas which received seed from Mexico prior to the enforcement of the quarantine the first of November, 1916. These specialists will conduct in the vicinity of the other mills intensive examination similar to that made near Hearne. If infestation is found, the fields nearest the cotton mills will be cleaned up as a measure of precaution. All cotton and seed of the present year's crop from fields in the vicinity of the 11 mills will be so treated as to eliminate danger of spreading pink boll worms infestation.

COTTON CROP IS MOVING

Dallas, Texas, Oct. 2.—The monthly report of the Eleventh Federal Reserve Bank District issued today said that business conditions in general have somewhat improved during the thirty days in practically every section of the district. The first touch of fall weather put liveliness into many lines of business, the report says.

Crop conditions as a whole are greatly improved with the exception of West Texas, where the situation is reported only slightly improved since the last report when conditions in the drouth sections of this part of Texas were anything but desirable. Farmers are reported leaving this section. The drouth is said to be the most severe since 1887.

Cotton Movement Begins.

A good movement of cotton to the various districts is proceeding. The yield is varying. In Red River counties and northwest Texas, and in south and southeast Oklahoma the yield will be above the average boll worm activities are reported in these sections, as a result of continued rains.

In north Texas cotton is reported twenty days late and has just begun to move. The report says that farther south the drouth has done heavy damage and in some sections it will take from six to twenty-five acres to make a bale.

The Panhandle district reports increased production in winter feed crops, as do other sections to a lesser degree.

Rice Crop Buffer.

The rice crop in the coast country suffered heavy damage as a result of the drouth and shortage of water for irrigation.

Banking conditions, the report says are unchanged. Member banks in the drouth sections are being hard pressed, as a result of the heavy demand by farmers for financial aid. Bankers are preparing for the second Liberty Loan, with encouraging prospects.

Demand for labor is pressing notwithstanding increased wages.

Recent rains have given impetus to the live stock industry, particularly in the Panhandle. Grass and water for the winter is assured, the report states.

TWO ARE KILLED WHEN TRAIN STRIKES AUTOMOBILE

Orange, Tex., Oct. 1.—Claude Harrington, 31, and Herbert Pereto, 20, were killed early today when the automobile in which they were traveling, struck by a Southern Pacific passenger train.

covered in an 8-acre field, a second was found during the cleanup operation in a nearby field of 22 acres. No other pink boll worms were encountered and it is confidently believed that the infestation did not spread beyond the two fields.

The labor employed in the destruction of cotton around Hearne was paid for by the Federal Horticultural Board. Farmers were reimbursed for the destroyed crops from a fund made up by public-spirited planters and business men of the neighborhood.

Visit Other Mills.

The situation is now believed to be so favorable in the vicinity of Hearne that the 25 entomologists who have been at work there have been diverted in small groups to the 10 other oil mills in Texas which received seed from Mexico prior to the enforcement of the quarantine the first of November, 1916. These specialists will conduct in the vicinity of the other mills intensive examination similar to that made near Hearne. If infestation is found, the fields nearest the cotton mills will be cleaned up as a measure of precaution. All cotton and seed of the present year's crop from fields in the vicinity of the 11 mills will be so treated as to eliminate danger of spreading pink boll worms infestation.

thrilling flights ever seen on the screen take place in the Paramount production of "Little Miss Optimist," which will be seen at the Empress theatre tomorrow night.

The conflict is between Foster Jay Charles West and Charles Gerard in a darkened room. Director Thorby secured the effect without any special study, telling the actor to go ahead and fight, telling each one secretly, that his opponent was supposed to be a German spy. The instructions were enthusiastically followed by all who witness the production, which abounds in other incidents of interest.

Co-Operative Union Planned By Parties At Chicago Meeting

By Associated Press.

Chicago, Oct. 1.—Delegates to a national political conference of Progressives, Social Democrats, Prohibitionists and Independents arrived here today and announced their desire to mobilize all but the dominant parties. This is the third in a series of meetings planned to form such a co-operative union, according to V. G. Hinshaw, chairman of the national Prohibition party, who will participate in the deliberations.

Among those who are expected to make addresses are Victor Murdock of Kansas, Samuel Gompers, president of the American Federation of Labor; Nathan Hale of Boston, J. Stitt Wilson of California; Henry C. Neidhard of Los Angeles, Eugene Foss, former governor of Massachusetts, Clarence Darrow of Chicago, John Sigler of Vermont, and J. Phelps Stokes of New York.

Equal suffrage, national prohibition and government ownership if public utilities are the main subjects under discussion.

GREATER STRENGTH Fewer Spoonfuls

BIGGER SAVINGS

The value of baking powder is based on its leavening strength. You can't judge it by the size of the can—or by the amount you get for your money. You must estimate it by the amount of baking powder used in each baking and the results you get.

CALUMET

is the greatest value ever offered in Baking Powder—it has greater raising "force"—it goes further than most of the other brands. You use only a rounded or heaping teaspoonful where others call for two teaspoonfuls or more.

But Baking Powder is not all you'll save when using Calumet. You save baking materials. Calumet never fails. The 1-1/2 level teaspoonful is as powerful as the first. Calumet is perfectly manufactured—keeps perfectly—and is moderate in price.

You save when you buy it—You save when you use it

One trial will satisfy you of these facts—and demonstrate beyond doubt that "Calumet spells economy."

Your grocer sells it on a guarantee of money back if you are not pleased with results.

Calumet contains only such ingredients as have been approved officially by the U. S. Food Authorities.

ELSIE FERGUSON
—IN—
"Barbary Sheep"

Elsie Ferguson, one of the most famous stars of the speaking stage, is the heroine of Robert Hichees' romantic story of Algeria. This is Miss Ferguson's bow to the screen and her debut is looked forward to with great interest than has attended that of any other stage star for some time. This vivid romance of alien races seems to have been made to set off Miss Ferguson's rare beauty. As the wife of the middle-aged Englishman, who neglects her for hunting Barbary Sheep in the hills, she falls into the picturesque native cavalry of Spanish Tragedy comes at last, but not to Lady Waverley nor to Sir Claude. A hand out of the nest catches Spanish's throat just as his newest victim needs within his grasp. A noteworthy cast includes Pedro de Cordoba.

Better Gasoline Is Being Sought Now For U. S. Airplanes

By Associated Press. Washington, Oct. 2.—Hundreds of schemes for extracting more high quality gasoline from petroleum and other sources are being developed for a better fuel for airplanes. About thirty samples have been tested by experts of the bureau and all were reported no more than ordinary high grade gasoline. About 100 remain to be investigated.

Fire Destroys Hay At Camp McArthur; Loss Is Within \$500

By Associated Press. Waco, Texas, Oct. 2.—Fire caused by spontaneous combustion destroyed 1000 bales of hay at Camp McArthur last night. Quick work of the fire brigade of the quartermaster's department saved the balance of 10,000 bales on hand. The loss is estimated at \$500.

"Fools Gold" May Be Used to Good Purpose Geologist Believes

By Associated Press. Chicago, Oct. 2.—The yellow glistering metal so common in lumps, and called "fools gold," may be turned into real gold according to a statement made public today by Joseph E. Pogue, state geologist. He asserts that the "fools gold" or pyrites rich in sulphur, a substance used in large quantities for explosives and other war purposes.

A BULLETIN from Bell Mattress Factory

A faulty uneven Mattress makes a good night's sleep impossible. Let us make over any such mattress you may have in mind. We'll return it to you, not just as good but better than it was when you bought it new. And as to our own mattress makes, we will not only guarantee its substantiality, workmanship, but guarantee you a good night's sleep, if it takes only a comfortable mattress to induce it. T. J. Edmonson, Mgr. Phone 2412.

NOTICES

STATEMENT OF THE Ownership, Management, Circulation, etc., Required by the Act of Congress of August 24, 1914.
WICHITA DAILY TIMES.
published evening daily, except Saturday, and Sunday morning, at Wichita Falls, Texas, for October 1, 1917.
STATE OF TEXAS,
County of Wichita—
Before me, a Notary Public in and for the State and county aforesaid, personally appeared B. D. Donnell, who having been duly sworn according to law, deposed and says that he is the publisher of the Wichita Daily Times, and that the following is, to the best of his knowledge and belief, a true statement of the ownership, management, circulation, etc., of the aforesaid publication for the date shown in the above caption, required by the Act of August 24, 1914, embodied in section 442, Postal Laws and Regulations, printed on the reverse of this form, to-wit:
1. That the names and addresses of the publisher, editor, managing editor, and business managers are:
Publisher, B. D. Donnell, Wichita Falls, Texas; Editor, B. D. Donnell, Wichita Falls, Texas; Managing Editor, B. D. Donnell, Wichita Falls, Texas; News Editor, S. M. Ramsey; Business Managers, B. D. Donnell; Rhea Howard, assistant.
Ed Howard, B. D. Donnell, Mrs. J. L. Howard, Rhea Howard, R. E. Huff, J. A. Kemp, Frank Keil, G. D. Anderson, Anderson and Patterson, J. J. Bean, P. P. D. Davis, Mrs. H. C. Daban, and Richard J. J. Lory, Mrs. Rhea Howard, N. Henderson, J. C. Hunt, Wiley Blair, Jr., E. F. Blair, J. G. Blair, J. D. Avils, Mrs. H. C. Daban, Mrs. S. E. Boyd, Mabel Jones, Estate Monroe Newby, Wichita Falls, C. C. Huff, Dallas; Eli Ballinger, North Adams, Mass.; T. C. Thatcher, Oklahoma City, Okla.
2. That the known bondholders, mortgages, and other security holders owning or holding 1 per cent or more of total amount of bonds, mortgages, or other securities are:
Old Dominion Trust Co., Richmond, Va.; Mergenthaler Linotype Co., New York City, N. Y.
3. That the two paragraphs next above, giving the names of the owners, stockholders, and security holders, if any, contain not only the list of stockholders as they appear upon the books of the company but also, in cases where the stockholder or security holder appears upon the books of the company as trustee, or in any other fiduciary relation, the name of the person or corporation for whom such trustee is acting, is given; also, in cases where the said two paragraphs contain the names of individuals owning or holding 1 per cent or more of total amount of bonds, mortgages, or other securities, the full knowledge and belief as to the circumstances and conditions under which the stockholders and security holders do not appear upon the books of the company as trustees, hold stock and securities in a capacity other than that of a bona fide owner; and this affiant has no reason to believe that any other person, association or corporation has any interest direct or indirect in the said stock, bonds, or other securities than as so stated by him.

MANY COMPLETIONS ARE ANNOUNCED IN NEARBY OIL FIELDS

BRINGING IN OF THOUSAND BARRELS WELL IS REPORTED AT ELECTRA.
LARGE GAS FLOW FOUND
Producers Company Gets Six Million Foot Well in 1932 Feet, According to Statement.

Features of the past week in the oil field were the bringing in on Saturday of the Francis Sumner No. 22 at Electra, a 1000 barrel producer at 1932 feet, and the finding of a six million foot gas well at 1932 feet and a 2000 foot gas well at 1932 feet and a 2000 foot gas well at 1932 feet. Several producers, all from the shallow zone, were brought in on Saturday at the Burk Burnett field. The best was the Fisher et al. Birk No. 2, making 30 barrels at 455 feet. The Crowell-Condor No. 46, an old well which had ceased producing entirely, was drilled at 2002 feet and is now making 5 barrels. The Pittsburg-Electra Oil Company's Granger No. 1 is a 20 barrel well at 1015 feet.

Boys are Released From Local Prison To A. Zundelwitz

Upon the application of A. Zundelwitz, Edgar Lewis and J. L. Anderson, the two Stonehill county youths, who were arrested yesterday after they had attempted to pass a forged check for \$22.50 were released from custody. The boys were only sixteen years of age. One of them said that he had drunk some whiskey and "guessed" he didn't know what he was doing. Mr. Zundelwitz read of the arrest of the boys in Monday's Times. This morning he called at the jail and after a talk with the boys asked Judge Harris for their release to him, which Judge Harris granted. Mr. Zundelwitz told Judge Harris that he was certain that this was the boys' first offense and that they were penitent and he was sure they would give no further cause for complaint. He said that he would find jobs for them or would

METALIC MIRRORS FOR TRAVELLERS, SOLDIERS, WORKING MAN-

An unbreakable, high-reflection, metal mirror; fits right into the vest pocket—something to be used all the time. You cannot break it if you try. Every traveller should have one—every soldier should be supplied with one—every workingman away from home needs one. We are showing the mirrors in khaki-cloth cases; some with just the mirror, and some with comb, file and mirror. Price 40c to 75c.
