GERMAN SUB BELIEVED SUNK BY U. S. DESTROYER

DEPT. BOMB DOES WORK; MEN GIVEN PRAISE

NAVY DEPARTMENT CAREFUL NOT TO MAKE DEFINITE STATEMENT OF CASE

JACKIES SHOW GREAT SKILL

Efficiency of Crew, in Graphic Picture Given by Formal Report, Gets Admiralty's Praise.

By Associated Press. Washington, Oct. 6.—In making public today an account of an action between an American destroyer in European waters and a German submarine, the navy department avowed any claim that the U-boat had been destroyed, although all indications pointed to that result.

The report showed the efficiency and skill of the destroyer crew and drew a graphic picture of the pursuit of the submarine with shellfire and depth bombs. Admiral Benson said that in this and other incidents which also will be made public when military reasons permit there is every reason to believe that the underwater craft was destroyed.

Admiral Benson made it clear that no government has definite knowledge of the number of German submarines or the rate of construction. Conclusions are arrived at from various factors and estimates based on these, he said, but there is nothing to indicate clearly what Germany is doing to increase her undersea fleet.

Statement Given Out. Announcement was made in the following statement: "The secretary of the navy authorizes the publication of this account of any engagement between an American destroyer and an enemy submarine."

"This is one of a number of encounters of more or less important nature, the details of which have been made public in this manner as soon as possible."

"A feature of interest attaches to this engagement because it was the occasion for a display of cooperation between the British admiralty, which expressed admiration of the efficiency and seamanship-like conduct of the officers and crew of the American destroyer."

"For military reasons the name of the destroyer and the date and the location of the action are withheld, which is in early morning."

"The following account of the engagement was prepared from the complete report received by the navy department: "The American destroyer first sighted the submarine in the early morning of a clear day. The sea was entirely calm with hardly a ripple of foam. The submarine was running submerged with only her periscope showing. A large number of merchant ships were in sight. The U-boat was less than a mile from the port beam of the destroyer and following a parallel course in an opposite direction when the periscope was discovered. It was throwing up a column of water several feet in height and a nearby spent torpedo went to the officer of the deck thought for a moment that this was what it was."

"The destroyer changed course sharply to the left and headed for the U-boat at full speed. At the same time the forward guns opened fire on the periscope. The commanding officer ordered a course steered that would bring the destroyer across the wake of the U-boat a little to the rear of the periscope."

"As the destroyer dashed across the line of bubbles, depth charge was dropped and a column of clear water shot thirty feet into the air."

"The destroyer turned to the right thirty degrees and the starboard guns opened on the periscope as she came

LA FOLLETTE PUTS OWN CASE BEFORE FELLOW MEMBERS

WISCONSIN SENATOR ANSWERS THOSE WHO WOULD HAVE HIM EXPELLED DEFENDS HIS ATTITUDE

Says "War Party" Carries On Campaign of "Character Assassination" Against Opponents

By Associated Press. Washington, Oct. 6.—Senator La Follette, whose expulsion from the Senate for disloyalty has been urged in various petitions, replied to critics of his course in the war today in a long and carefully prepared speech. He asserted that the "war party" besides carrying on a campaign of "liber and character assassination" against members of Congress who voted against the war, was attempting to suppress discussion of war issues and intimidate the people themselves by invading their homes and unlawfully throwing the milite jail.

Senator La Follette, who has been expelled from the Senate for disloyalty, today made a long and carefully prepared speech in which he defended his attitude and attacked the "war party" for its tactics of "liber and character assassination" against members of Congress who voted against the war.

"Six members of the Senate, and as I recall, about fifty members of the House voted against the declaration of war," he said. "Immediately thereafter they were subjected to a flood of invective and abuse from newspapers and individuals who had been clamoring for their removal from office."

"Prior to the declaration of war, men who had ventured to open our eyes to the fact that we were not as a nation as a coward or worse, and even the president had by no means been immune from these attacks. Since then, the war party has pursued those senators and representatives who voted against the war with malicious falsehoods and to the extreme limit of charging them with treason against their country."

"It is not claiming that the senators who opposed the declaration of war have since that time acted with any concerted purpose either regarding war measures or any other matter, but according to their individual opinions, have often been opposed to each other on bills and according to the records of the Senate, have committed no crime."

"Other Members Concerned. "But sir," he continued, "it is not only the members of Congress that the war party of this country has sought to intimidate. The mandate has gone forth to the sovereign people of this country that they must be silent while those who are being led by their government which most vitally concern their well being, their happiness and their lives, today and tomorrow, are being misled and deceived by their government."

"I have in my possession many affidavits establishing the fact that people are being unlawfully arrested, thrown into jail, their homes raided for no reason, their private residences are being invaded, loyal citizens of undoubted integrity and ability are being arrested and the most sacred constitutional rights guaranteed to every American citizen are being continually violated."

"It appears to me that the purpose of this campaign is to throw the country into a state of terror, to cause public opinion to stiffen and to prevent any discussion of the great issues involved in this war."

Gave Illustrations. Besides quoting at length from the American statesmen who opposed the war, Senator La Follette gave extracts from speeches by Burke, Fox, Lord Chatham and others in the British parliament attacking Great Britain's war upon the American colonies. He said he did it to show the new doctrine born of the constitution of the United States.

"In support of his assertion that Congress should speak for the country, he declared the purpose of war the senator cited precedents of war at great length. "It would be had enough if the constitution clothed the president with any such power," he said, "but to exercise such power without constitutional authority is long, he declared, if even the forms of free government are to remain. We know that the people would resist and, if necessary, resist with arms in their hands, any scheme to clothe the president with such power."

"The senator also pointed out that the president's power to declare war is not absolute, but is subject to the control of Congress."

"The senator also pointed out that the president's power to declare war is not absolute, but is subject to the control of Congress."

"The senator also pointed out that the president's power to declare war is not absolute, but is subject to the control of Congress."

CONGRESS IS ADJOURNED AMID SPIRITED PASSAGES; MANY BILLS GO TO WILSON

Mild Criticism of Heflin for His Insinuations as to Congressmen and Airing of the LaFollette Affair Are Among Features of the Day.

PRESIDENT PRAISES WORK OF CONGRESS AS SESSION CLOSES

By Associated Press. Washington, Oct. 6.—The work of the Congressional session adjourning today was praised by President Wilson in a statement saying: "The needs of the army and navy have been met in a war that assures the effectiveness of American arms and the war making branch of the government has been bountifully equipped with the powers that were necessary to make the action of the nation effective."

Washington, Oct. 6.—In the midst of a day's thrilling debate on alleged disloyalty of Senator LaFollette of Wisconsin, the extraordinary session of Congress, which began April 2 and generally regarded as the most momentous in American history, was adjourned sine die at 3 p. m. today.

The usual legislative program of the session was put through following six months of important war action, and tonight most of the members who had remained for the final day en route home to await the call of the next session, December 3.

With a few exceptions to their capacity the Senate chamber was the scene of five hours' stirring discussion of Senator LaFollette's attitude, and tonight most of the members who had remained for the final day en route home to await the call of the next session, December 3.

The day began with a three hours' speech by Senator LaFollette in defense of his criticism of war questions. He called for a "Non-Partisan League" at St. Paul, for investigation of which arrangements were completed today.

Senator La Follette's speech was followed by a speech by Senator Robinson of Arkansas, who denounced what he termed his unpatriotic stand. Senator Robinson asserted that if he held such opinions he would seek a place in the German underground. Statements accredited to the Wisconsin member in his St. Paul speech were flatly contradicted, especially that regarding former secretary of State Bryan's knowledge of armaments being on the Lusitania before she sailed on her fatal voyage.

Apparently in the criticism, Senator LaFollette made an unsuccessful effort to get time for a response. He succeeded, however, in making a point of the fact that the navy department has no information as to the cause of the loss of the ship and has ordered an investigation. There was no loss of life.

Further information of the incident which was reported by Vice Admiral Sims is being asked for by the navy department. There is nothing in the department's announcement to indicate the cause of the loss. Most of the American patrols are destroyers.

The last ship was an auxiliary, not one of the regular navy list and was on mine sweeping work when lost. The report she foundered is taken here to mean she was lost in rough water.

Mayor of Louisiana Town Is Sentenced To 141 Years' Term. Monroe, La., Oct. 6.—H. D. Apamar, mayor of Monroe, was sentenced to a total of 146 years imprisonment by Federal Judge Foster today, after being found guilty by a jury this morning of all 25 counts charged in the indictment growing out of the failure of the Union National Bank here of which he was cashier. The sentence of Judge Foster is five years to run concurrently on each of the 25 counts.

Road of \$10,000 was given pending receipt of appeal to the United States Circuit court.

PERUVIAN GOVERNMENT HANDS PASSPORTS TO GERMAN AMBASSADOR. Lima, Peru, Oct. 6.—The Peruvian government has handed his passports to Dr. Perle, the German minister.

The Spanish legation has taken over the interests of Germany in this country.

FLANDERS FRONT SCENE OF HEAVY ARTILLERY FIRE

HUNS ARE REPORTED PLAYING SECONDARY ROLL IN TITANIC CONTEST

GERMANS QUIT POSITIONS

Russia's Internal Affairs Are Again Coming Into Limelight With Adjournment of New Congress

The war situation of Saturday is summarized by The Associated Press as follows: Big gun actions are in progress along the Flanders front with indications that the Germans as usual in this form of combat are playing the secondary role.

Field Marshal Haig's report of Friday night's activities mentions only the increased fire from the German artillery, failing to reveal what his own gunners are about the statement regarding additionally only the fact that there was no infantry movement by the Germans during the night except by a raiding party in the vicinity of Holbeke and it was driven over the top.

Press reports however, show that the Germans are suffering heavily from the effects of the British artillery fire. Some advanced positions to which they still were clinging after Thursday's attack have become too hot to hold under the British pounding and have been withdrawn somewhat. British reconnoitering parties finding them evacuated.

The overwhelming nature of the British fire employed in the present offensive is being paid tribute to by the Germans. It is noted by the invention of a new term to describe the bombardment. It no longer "drumfire" nor even "whirlwind fire" that is spoken of, but "whirring fire." It is the British fire of this sort or probably near it that is preventing the German counter attacks from being launched as promptly or moving as effectively as they formerly were.

Germans Counter Fiercely. The Germans still are trying to retrieve some of their lost ground north of Verdun. An attack Friday night near Hill 244 was unsuccessful in dislodging the French, except temporarily from an advanced position. The line was shortly afterward re-established.

Russian Internal Affairs Still overshadow military activity on the battle front. The democratic congress has adopted a resolution for a permanent committee of 25 members which is expected to sit until the constituent assembly is elected. The congress radicals now have a majority in the congress and have called a session of the all-Russian soldiers and workers' deputies to meet in Petrograd before the end of the month.

Cabinet Situation in Russia. The cabinet situation in Petrograd is still unsettled but has been expressed by the government that an adjustment for a coalition cabinet will be reached. Admission of the constitutionals to the cabinet still seems to be the point at issue.

The Peruvian congress has passed a resolution for the breaking of relations with Germany and the expectation prevailed that the German minister will soon be handed his passports.

AMERICAN PATROL VESSEL FOUNDERS WHILE UPON DUTY

CARRANZA FORCE FAST CLOSING ON REBEL ARMY

Brownsville, Texas, Oct. 6.—Mexican rebel forces under the leadership of Porfirio Gonzales, reported to be organizing a revolution in the district between Aldamas and Ramones, station near Monterey are being closed in upon by government troops from Monterey, Nuevo Laredo, Matamoras and Victoria. It was stated officially in Matamoras today.

Colonel Tirzo Gonzales, commander at Matamoras, returned from the south today and said Porfirio Gonzales with seventy rebels was near Aldamas yesterday. He said there probably were several other small bands of Porfirio Gonzales adherents in the Monterey district.

EXTRAORDINARY PITCHING OF CLOTTE RESULTS IN FINAL SCORE OF 2 TO 1

Thirty-Two Thousand on Hand For Contest Which Proves Spectacular From Early Stages of Game.

Chicago, Oct. 6.—Eddie Cicotte of Detroit, pitcher extraordinary of the Chicago Americans, piloted his team to victory today over the New York Nationals by a score of 2 to 1 in the first game of the 1917 world series played at Comiskey Park. At the wheel of the White Sox machine he was master of the Giants at every stage of the contest which thrilled 32,000 followers of the local American League champions and sent them away from Comiskey Park convinced that after several years of waiting the highest titular honors of the baseball field were to fall to the share of Chicago.

While Cicotte was the master mind of the victory, he was ably assisted by the White Sox machine which played almost faultless baseball against the determined stand of the National League standard bearers, who would not admit defeat until the final catch of Robertson's fly by J. Collins ended a contest which equalled in every way the expected battle between the rival clubs of the two major leagues. His teammates played with the confidence of certainty, between Cicotte and themselves the combination proved too much for the vaunted power of the Giants.

An ever-growing crowd of spectators paid admission to the field of the local club with a result that \$73,152 was divided among the players, clubs and the National Commission. The amount the players received \$39,502.08; each of the clubs \$13,167.36. Had the National Commission \$7,482.20. Had the players collectively and individually caught one of Sallee's sweeping curves on the end of his bat and sent the ball soaring more than 400 feet into the air, the Sox fielder would have been a hero. It is doubtful if a better home-run blow ever has been delivered in modern world's series.

The Giants' Jones tally came in the following inning when catcher Carty hammered out a three base hit between Felsch and J. Collins, which might have gone for a home run also had the Chicago batsman been able to run faster. Recently recovered from a broken leg, however, the best McCarty could do was to reach third. The Chicago batsman, who had been out of the game since the first inning, was back in the game in the second.

There were several other times when the Giants threatened but in every case the Sox pitcher turned them back. The outstanding example of these wonderful defensive plays was a shoe-string catch by Jack Sallee in the fourth. When the Sox pitcher's drive just off the grass and finished with a somersault coming up to Sallee's glove, he was able to catch it. Sallee's drive was easily held at first, which he had reached as a result of a single to right.

Another unusual angle of the play was the fact that Cicotte was forced to work harder as the inning pitched than Sallee, who went down to defeat after hitting a creditable game in every respect.

First Inning. New York—Burns: He singled sharply over second after the count was three balls and two strikes. Herzog: He flied to Joe Jackson on the first ball pitched. Kauff: sent up a high fly to Jackson, who almost dropped the ball. Cicotte: He pitched a ball to Zimmerman; Cicotte tried to pick off Burns at first; Burns stole second. Zimmerman singled out: One hit, no errors.

Chicago—John Collins up: he singled to right. McCullen up: he sacrificed. Eddie Collins up: John Collins flied to Joe Jackson on the first ball pitched. Kauff: sent up a high fly to Jackson, who almost dropped the ball. Cicotte: He pitched a ball to Zimmerman; Cicotte tried to pick off Burns at first; Burns stole second. Zimmerman singled out: One hit, no errors.

Second Inning. New York—Fletcher up: Cicotte kept the ball around the Giant's knees. Fletcher fouled out to Gandil. Robertson up: Cicotte tossed out Robertson at first. Holke up: he batted a slow roller to Eddie Collins. McCarty up: Cicotte caught him on a deep fly. Sallee up: he batted a slow roller to Eddie Collins. McCarty up: Cicotte caught him on a deep fly. Sallee up: he batted a slow roller to Eddie Collins. McCarty up: Cicotte caught him on a deep fly. Sallee up: he batted a slow roller to Eddie Collins.

Chicago—Felsch up: Sallee began working his famous cross-fire ball. Felsch sent up a lofty fly to Fletcher. Gandil up: Heine Zimmerman dropped was not a miscue which could be at-

(Continued on page Two)

(Continued on Page Two)

(Continued on page Two)

out at first; Weaver up; Sallee tossed out Weaver at first; No runs, no hits, no errors.

Third Inning.
New York—McCarthy up; Felsch pitched in McCarthy's long drive; the Chicago outfielders shifted with every Giant batter; Weaver caught Sallee's fly; Burns walked; Herzog singled to right; Burns going to second; Gandil ran to the Giant's bench and caught Kauff's foul; No runs, one hit, no errors.

Chicago—Schalk; Zimmerman made a one-handed stop of Schalk's grounder and got his man at first; Cicotte drilled a single over the middle bag; John Collins singled to right, but Cicotte was out to third; Robertson to Zimmerman; on the throw to third, John Collins went to second; McMullen singled, scoring J. Collins. The official scorer gave McMullen a two-base hit; Eddie Collins fouled out to Fletcher; One run, three hits, no errors.

Fourth Inning.
New York—Schalk took Zimmerman's high foul; McMullen threw out Fletcher at first, making a nice play of Fletcher's right; Burns hit into a hot two bagger to right field; McMullen threw out Holke at first; No runs, one hit, no errors.

Fifth Inning.
New York—McCarthy drove a long hit to the center field fence for three bases; Sallee up; the Chicago infield played in; McCarthy scored on Sallee's single to right; Burns hit into a double play; Weaver to E. Collins to Gandil; Herzog struck out. He was the first strike-out victim of the game; On grand, two hits, no errors.

Sixth Inning.
New York—Kauff fanned; Zimmerman flied out to Gandil; Fletcher flied out to Jackson; No runs, no hits, no errors. It was the first inning that the New Yorkers had made no hits.

Chicago—Herzog threw out McMullen after cutting down what seemed a sure hit; E. Collins fanned; Holke took Jackson's grounder and held the runner to the bag; No runs, no hits, no errors.

Seventh Inning.
New York—McMullen threw out Robertson; Holke singled; It was a

wonderful pitch out; Jackson made a wonderful catch of McCarthy's seeming safe drive; Holke was held at first; Sallee flied to Felsch; No runs, one hit, no errors.

Chicago—Sallee threw out Felsch at first; Gandil got a hit through Zimmerman's legs; Weaver fanned and Gandil stole second, and on McCarthy's overthrow to the outfield Gandil went to third; Fletcher threw out Schalk; No runs, one hit, one error.

Eighth Inning.
New York—Burns flied out to Felsch; Herzog sent a lofty fly to Jackson; Weaver too Kauff's grounder, but his wild throw drew Gandil off the bag; Kauff was caught off first, the play being Cicotte to Gandil to E. Collins. No runs, no hits, no errors.

Chicago—Fletcher tossed out to Cicotte; John Collins got a two-base hit along the left field foul line; Sallee took McMullen's grounder and John Collins was run down; Sallee to Zimmerman; Herzog; McMullen was out stealing; McCarthy to Herzog; No runs, one hit, no errors.

Ninth Inning.
New York—Zimmerman up; Strike 1; Zimmerman flied out; Fletcher up; Fletcher flied out; Weaver; Robertson up; Strike 2; Robertson flied out to J. Collins. No runs, no hits, no errors.

Summary:
Two base hits, McMullen, Robertson; J. Collins; three base hit, McCarthy; home run, Felsch; stolen bases, Burns, Gandil; sacrifice hit, McMullen; double plays, Weaver to E. Collins to Gandil; left on bases, New

York 5, Chicago 3; first base on errors, New York 1; bases on balls, off Cicotte 1; hits and earned runs, Sallee 2 runs in 9 innings, off Cicotte, 1 run in 9 innings; struck out, by Cicotte 2, by Sallee 2; umpires—O'Loughlin, behind the plate; Klein, at first; Rikjer, at second; Evans, at third. Time of game, 1:48.

The official attendance figures and the receipts are:
Attendance, 32,000; gross receipts, \$73,152.50; National Commission's share, \$7,315.25; players' share, \$39,822.00; each club's share, \$19,167.50.

CICOTTE WORKED HARD BY GIANTS THROUGHOUT GAME

SALLEE THREW BUT 86 BALLS, WHILE OPPOSING PITCHER THREW 101.

By Associated Press.
Chicago, Oct. 6.—Analysis of the balls pitched indicated that the Giants kept Cicotte working harder than the latter's teammates did Sallee. The tendency of the White Sox to hit anything that looked good instead of waiting until the opposing pitcher was ill-illustrated by the fact that Sallee threw only eighty-six balls in eight innings. Cicotte's total for nine innings was 101.

Each pitcher was a bit off in the third inning. Cicotte threw twenty times in that season, nine of his offerings being balls, two clean strikes, three foul strikes, two fouls, one hit safely and three hit to fielders.

The total balls pitched by innings:
Innings—Sallee Cicotte
First.....19 13
Second.....19 11
Third.....15 20
Fourth.....10 10
Fifth.....13 14
Sixth.....6 9
Seventh.....8 9
Eighth.....14 9
Ninth.....6 6
Totals.....101 101

In the sixth inning neither pitcher had a ball called, and Cicotte repeated this feat in the ninth. In the whole game the totals of the various kinds of pitches were as follows:
Balls—Sallee, 86; Cicotte, 101.
Strikes—Sallee, 19; Cicotte, 22.
Foul strikes—Sallee, 12; Cicotte, 15.
Fouls—Sallee, 4; Cicotte, 4.
Safe hits—Sallee, 7; Cicotte, 7.
Hit to fielders—Sallee, 20; Cicotte, 23.

CICOTTE IS EXPECTED TO PITCH ANOTHER GAME

By Associated Press.
Chicago, Oct. 6.—Eddie Cicotte, who pitched Chicago to victory today, probably will face New York in another game of the series, it was indicated tonight in a statement issued by Clarence Rowland, manager of the Chicago club.

"I was glad that Cicotte did what he was expected to do," Rowland said. "He was stronger against the Giants at the finish than he was at the start. Eddie will beat them the next time easier than he did today."

"I am well satisfied with the first victory for we won a tough and brilliant game, and I now feel assured that the world's championship will belong to the White Sox."

Wichita Motor Company Will Place Salesroom In Downtown Section

Announcement was made late yesterday afternoon by the Wichita Motor Company that it would soon open a downtown salesroom and service station. This action was taken, the announcement stated, on account of the company's increased business in this territory. The new office will have charge of all the sales and service in North Texas and parts of Oklahoma.

"The managers of the new office were not announced, but it was stated that they would be men with years of experience in the motor truck business, and that the service department would be in charge of factory-trained experts. It will be open all night."

The new establishment will also carry a complete line of parts for immediate repairs, as well as an entire stock of all models of the Wichita Truck, from one to five tons capacity. Announcement of the location, together with the names of the managers of the downtown offices, will probably be made by the officials of the company the latter part of this week.

The SONORA is the World's GREATEST PHONOGRAPH

DON'T MAKE A MISTAKE IN YOUR PURCHASE OF A PHONOGRAPH

Remember, the SONORA, in competition with all known Phonographs, at the great Panama-Pacific Exposition WAS THE ONLY TALKING MACHINE THAT WAS GIVEN ANYTHING FOR TONE QUALITY. The Jury of Awards gave the SONORA 100% PERFECT.

This is the highest endorsement that can come from the minds of the greatest musicians that have both National and International reputations.

The tone of the SONORA is nearer absolute perfection than any other talking machine. THE ONLY TEST OF TONE IS THE EAR. Hear any other Phonograph, then hear the SONORA. You will appreciate its deep, rich, mellow tone.

We Ask You to Come to Our Booth Rooms and Let Us Demonstrate to You the Better Qualities of the Sonora.

Announcement

Owing to the increased demand for Wichita trucks in the local territory the Wichita Falls Motor Company wishes to announce they will soon be represented by a downtown establishment.

A complete line of Wichita trucks ranging in capacity from one to five tons will be carried in stock at all times for immediate delivery.

The new establishment will be managed by men of recognized ability and prestige in the motor truck industry and a capable sales force will cover much of North Texas and Oklahoma.

In connection with the new downtown establishment will be one of the most complete Wichita service stations in the country. Factory trained mechanics and service men will be in attendance and a special night service will be maintained for the convenience of Wichita owners operating in the oil fields, and others who find it inconvenient to have their service work done during the day. A future announcement will disclose the location and opening date of the new establishment.

Pending the erection of the new downtown establishment, The Wichita Motor Company invites their customers to continue patronizing the factory for trucks and service as they have in the past.

The Wichita Falls Motor Company also wishes to correct the impression prevailing in some quarters that they are short of materials and are handicapped in making prompt deliveries. Such a condition does not exist. Approximately \$1,000,000.00 worth of unfinished materials are on hand now in the Company's warehouses and immediate delivery can be made on all sizes from one to five tons capacity.

(Continued from page 1.)

dent with power to plunge this country into war and to continue the war as long as he desired." Senator La Follette said no conviction was stronger with the people today than that there should be no future wars except in case of actual invasion and unless supported by referendum.

No Clear Understanding.
"And," he added, "because there is no cleanness of understanding, no unity of opinion in this country on the part of the people as to the conditions upon which we are prosecuting this war and what the specific objectives are, upon the attainment of which the present administration would be willing to conclude a peace, it becomes still more imperative each day that Congress should assert its constitutional power to define and declare the objects of this war which will afford the basis for a conference and for the establishment of permanent peace. The president has asked the German people to speak for themselves on this great world issue, why should not the American people voice their convictions through their chosen representatives in Congress?"

RARE ARABIAN HORSES FEATURE OF SPECTACLE

When the Ringling Bros. stage managers were holding the initial rehearsal of the mammoth fairyland production, "Cinderella," they were struck by the finest horses in all the circus stables. But, splendid as were these thoroughbred, not one could be found that was thought to be entirely suitable for the prince of the fair, who as everyone now, takes "Cinderella" to wed.

There were hundreds of steeds admirably suited to the requirements of the ladies and gentlemen of the royal train but it was argued that the prince's horse should be the most striking ever seen in a spectacle. The Arabian word was called to the Ringling Bros., European representatives to secure the finest Arabian steed that money could buy. In reply came the horse Derrish, Accompanying the beautiful animal is his pedigree written in Arabic. Translated, it reads:

"In the name of God, the merciful! The cause of the present writing is that we witness that the white horse, Derrish, of Mahomet Bey, is of the first breed of Noddee horses, whose mother is the white mare, Hadha the famous, and whose father is the bay horse, Bahrouge of the horses of the tribe Beni-halid. We testify on our conscience and fortune that he is the best of his kind, and that he is the true runner when they run they strike fire; they grant prosperity until the day of judgment." We testify what is known and God knows we are true witnesses. Six signatures verify this pedigree.

When the Ringling Bros. exhibit here Derrish will be seen twice. First, on the vast stage on which the fairyland spectacle is produced, and again during the progress of the high-school and menage horse numbers. The riding acts will embrace more than fifty different horses, but the spectator will probably have no difficulty in locating Derrish, for he is the most superb animal of them all.

The circus will be in Wichita Falls Wednesday, October 17.

around to cross the U-boat wake again. Again a column of clear water showed that the depth bomb had not reached its mark.
Followed in Wake.
"Another quick turn to the right brought the starboard guns to bear, but this time the destroyer turned so sharply that she was able to come down for the third attack in the wake of the submarine. The third depth charge brought up a column of clear water and the destroyer wheeled once more this time to the left and all the port guns opened up but without visible result.
The last time the destroyer came down to the attack exactly in the wake of the U-boat and ceased firing. As she neared the end of the line the fourth depth charge was let go and there followed a widespread boiling of the surface of the sea, large bubbles and a heavy film of oil.
"The destroyer spent some time looking for further traces of the U-

ANNOUNCEMENT

In order to keep our high standard work of Cleaning and Pressing, we are compelled to make a small advance in price, owing to the continued advance of raw materials, gasoline and labor. New Prices will be in effect October 1st.

German Sub Sunk by U. S. Destroyer

(Continued from page 1.)
Such is Feminine Nature.
Once there was a model young man. He boasted in a chaste and triumphant way that he had never used tobacco nor liquor, had never attended a dance nor a horse race, and never played a game of cards. He never went to the theater to see a real show, but was extremely fond of helpful lectures and greatly enjoyed the chatty talk. Indeed, he stuck so close to the straight and narrow way that all the parents in the community pointed to him as being everything that a young man should be, and all the girls went with the other fellows—Kansas City Star.

TIMES "WUXTRY" HITS STREET IN THREE MINUTES

QUICK TIME IS MADE IN ISSUING ACCOUNT OF WORLD'S SERIES GAME.

Three minutes after the Associated Press wire in the Times building had flashed "Chicago Wins," news boys were crying "Times Wuxtry!" in the streets. The extra carried a detailed report of the game, play by play. The Times has before now issued extras in quick time, but Saturday afternoon's baseball extra made a new record.

As early as one o'clock the crowd began to gather in front of the Times building. Only a few bulletins were received and there were few developments of interest until after two o'clock, when the game opened. The Associated Press wire in the Times building was on a circuit connected directly with the press stand in Chicago.

Balls and strikes, play by play, the game was checked over the wire. Almost in the same instant the plays were made, they were announced to the fans of Wichita Falls. Jimmy Maxwell was the announcer at The Times building, and his record for fast and satisfactory work was as good as that made in issuing The Times extra.

Sentiment among the fans appeared to be about evenly divided and there were cheers alike when Felsch drove the ball far into left for a circuit of the sacks, and when McCarty, after hitting for three bases, raced home on Sallee's single to left. In the early part of the game spectators were in the sun, but before it had progressed far the sycamore trees opposite the building on Seventh street threw their welcome shade into the street and there was no discomfort.

The wire will open a few minutes before two o'clock this afternoon, and again the game will be megaphoned from the Times building. You are invited to come out and get the next best to being a spectator at the game itself.

Guage Quality. We will show tomorrow another shipment of "Case Hats in the very latest styles and best quality. Also another shipment of newest shapes, and fancy trimmings and novelties from New York. Prices the lowest. Oliver A. Child, Lady Hatter, 307 1/2 Indiana.

THIRTY TWO MEN LEAVE FOR CAMP MONDAY MORNING

The 22 Wichita county young men whose names were published last Sunday as ordered to report on Tuesday of the past week, will report to the local exemption board offices in Clint Wood's offices at 3 o'clock this afternoon. The call for Tuesday was repealed on Monday by reason of a special order. This third division will be entrained for Camp Travis on Monday.

As yet nothing has been heard from the appeals of eight of the men named in the third contingent from the district board. In the event that the board has sent no notice before Monday, these men will not go, but others will be called to take their place, according to the information of the local board.

St. James Concerts Are Proving Popular Program for Tonight

The Sunday night concerts at the St. James are proving a decided attraction, and the number of requests for special selections shows that considerable interest is being taken in the orchestra.

The following is the program for tonight: Match, "National Emblem".... Bagley. Selections from "The Only Girl".... Victor Herbert. Four Dances from "Nell Gwynn".... Edward German. Missouri Waltz.... Logan. Selections from "Madama Butterfly".... Puccini. Overture from "Orpheus".... Orfenbach. Peer Gynt Suite.... Grieg. In addition to the above, Prof. Ernest Katz will be pleased to play any requests that may be made.

Results Are What Count!

Various Interests, instigated doubtless by altruistic, though mistaken motives, seek to prohibit CHIROPRACTICE, and to that end suits for practicing medicine without a license have been instituted against us.

Chiropractic is Comparatively a New Science

And for that reason is not understood by the great majority of people. It is based on strictly common sense theories, however, and even a very casual study will convince any intelligent unprejudiced person of its value as a health agent. Of course, those who believe that the knife and the dope needle are the ultimate ends to health will not admit that Chiropractic can do any good. But—

Results Are What Count

And Chiropractic can show such a large percentage of causes of disease removed than could possibly be cut out of a person with a knife, or lulled to sleep with the needle, that, instead of being persecuted, it should be heralded in its true light as the greatest mechanical science for the restoration of health ever conceived.

NOW WHAT CHIROPRACTIC IS, AND WHAT IT DOES

Pressure on the nerves is the cause of disease. The 31 pairs of spinal nerves leading from the spine supply all the organs of the body. If there is a subluxation of the spine, there will be pain and lack of function in the tissues supplied by the nerve.

Chiropractic is the knowledge of the cause of disease and the science of knowing how and the art of being able to adjust it. The brain is the dynamo of life current. The spinal cord and nerves carry the current to all parts of the body and health is the result.

Disease is the result of obstructing the transmission of this current, thereby creating abnormal conditions and is due to varying degrees of pressure upon nerves at their exits between the vertebrae of the spinal column.

A Chiropractor is one who knows how to remove such pressure, thereby enabling nature to restore health.

Chiropractors are successfully removing the cause of Stomach, Bowel, Liver and Kidney troubles; Rheumatism; troubles of the Head, Throat, Lungs and other organs. Both acute and chronic cases yield readily to Chiropractic.

In no line of disease do we have better success than in the various diseases and ailments which affect womankind. Benefits are promptly shown without the annoyance to which women are subjected to when undergoing other treatments. The proper nerve supply being restored, normal functions are quickly re-established.

Chiropractors do not claim to cure, treat or heal diseases—nature alone is able to do that. Chiropractic consists of adjustments to remove pressure from impinged nerves, thus giving nature a chance.

This method removes the cause of 95 per cent of all human ailments, such as Asthma, Appendicitis, Backache, Epilepsy, Loss of Voice, Goitre, Gout, Hay Fever, Headache, Heart Disease, Stiff Neck, Insanity, Jaundice, Lumbago, Peritonitis, Neuralgia, Paralysis, Insomnia, Piles, Neuritis, Typhoid Fever and general nervousness.

We are ready to prove what Chiropractic can do for you whether you have acute or chronic troubles. If your life is worth anything your health is worth a few minutes investigation of this science.

shown on the report of Mr. Marshall the government expert, was 107 miles. To this was added by the county executive committee 12 miles, making a total of 119 miles, not including the mileage necessary to connect the roads with the paving in the towns of the county.

It will readily be seen from the above figures that the extra mileage involved in building 20 miles of 11.1 miles. Mr. Marshall's report estimated that the system of roads as outlined, to be paved 50 miles with Bituminous Macadam (mixed method), 22 miles of Bituminous Macadam (penetration method), and 35 miles Bituminous Gravel (penetration method), would cost \$1,000,000. This sum, our committee added \$74,500.00 to take care of the additional mileage, and cost of engineering and supervision.

The figures made by Mr. Marshall and supplemented by our committee, included no estimate for State and Federal aid, which should more than make up the extra mileage.

We see nothing in our present road situation over which to become hysterical. We have no doubt that our commissioners' court and road engineer are going about this work in a thoroughly business-like manner, and that when Mr. Crockett is ready with his report, we will all feel that he has done his work well.

After Mr. Crockett's report is received and studied, we will know more definitely just what character of roads can be built with the money which is available. Until such report is received, it seems about the best data we have on which to rely is Mr. Marshall's report, which was made for the Wichita County Motor Club some months ago.

Yours truly, C. W. REID, Chairman, County Executive Committee.

Bank of Commerce

The October Business Letter of the National Bank of Commerce of this city has just been received, and we find it to be the most interesting, by far of any yet published. The letter deals with the commercial activities of the world at large. The report on cotton, imports of luxuries and the Panama Canal, will be found especially interesting.

The country continues to plod along with the one main idea in mind of doing everything in its power to co-operate fully with our allies in bringing the war to a successful ending as soon as possible. It is only natural in such a tremendous undertaking that there are details that fall to come up to expectations, that there are delays, hard to endure and that there are people who even at this late date fail to see clearly what is at stake. But to criticize these drawbacks anyone of sufficiently broad vision must be impressed by the fact that the strength of the country as a unit in the great world struggle is growing every day.

While, of course, no unnecessary delays should be tolerated, we are fortunately in a position where it is not necessary for us to place speed ahead of every other consideration, and consequently we can build on a permanent foundation and avoid the costly mistakes of undue haste. If there was a time when it was necessary for every citizen to take to heart the expression credited to Lincoln, "Hew to the line, let the chips fall where they will," now is the time. Details, no matter how nagging, must not blind us to the fact that there should be only one main thought in every man's mind and that is that at all sacrifice this war must be carried on until it is won completely and for all time.

Cotton.

The forecast of the Department of Agriculture and of Australia, which shows an improvement in cotton estimates of 550,000 bales, bringing the estimate for the final output to 12,450,000 bales, an increase of practically one million bales over last year's production. The most noticeable feature was the deterioration which occurred in central and southern Texas due to the lack of sufficient rain in certain portions of northern and eastern Texas and in practically the entire cotton belt to the East, there was a marked improvement in the entire cotton crop, considered the outlook is distinctly better than a month ago.

The value of cotton manufactures exported from the United States in the first nine months of the year is equal to one-half of what was exported in the entire twenty years previous to the war, and this increase is by no means due merely to higher prices. For example, the value of cotton manufactures for the fiscal year of 1917 were 700 million yards as compared with 257 million yards in 1915. An interesting fact is that most of the increase in sales to our neighbors, North and South, in the Orient, which was formerly our best market, has been due to the substitution of Japan for Europe in our trade. The increase to Europe was very large, but mostly in knit goods rather than in cotton cloths.

Automobile and Food Saving

The increase in the substitution of the automobile for the horse is having a distinct influence on enlarging the food supplies of the world, not only in making possible larger areas for cultivation, but also in saving the grain fed to horses.

There has, of course, been an enormous growth in recent years in the number of power driven road and farm tractors, and figures of the world production of the various cereals indicate that the substitution of petroleum fuel for grain for the grain fed to horses is very largely increasing the area available for the production of food for man. The transfer of cultivation from grain chiefly used as food for horses to wheat as food for man is making rapid progress. For example, in the United States the number of acres devoted to the production of oats in 1916 showed an increase of less than 1 per cent over 1915, while the acreage devoted to wheat showed an increase of more than 27 per cent.

The number of horses on farms in the United States has increased very little during the past seven years, while the population of the country has increased thirteen per cent. These figures, furthermore, do not take into consideration city conditions, where the substitution of power driven vehicles for those drawn by horses is very much more noticeable than on the farms. In fact, the total number of horses in the entire United States at present is probably less than in 1910.

War Gardens.

A good deal of curiosity has arisen concerning the actual value of the innumerable war gardens which sprang up in all parts of the country this year. In this connection it is interesting to note some figures issued by the Pennsylvania Railroad, whose employees cultivated nearly 12,000 war gardens on vacant land belonging to the company. The value of the products raised by these gardens alone is

conservatively estimated at a minimum of \$250,000.

Considering the fact that these Pennsylvania railroad gardens are only a very small portion of the total number of gardens throughout the country, it is easy to see that the first year's record will be a most satisfactory one and that if people can be persuaded to keep up the good work, especially in better methods will result in the war gardens having a definite and increasingly important place in the food production of the country.

It was only to be expected that imports of luxuries into the United States would be materially reduced by the war. In spite of the fact that prices of luxuries have increased to a considerable extent, the total value of their imports during the fiscal year 1917 was \$12,000,000 less than during the corresponding period ending in 1914. In many cases, goods were 50 per cent to 50 per cent higher in 1917 than in 1914.

Among luxuries are listed pearls, diamonds and other precious stones, art works, ornaments, feathers, lace, furs, silks, fine wines, etc. Of course, the domestic production has in some cases replaced foreign buying of luxuries during war times.

The Panama Canal.

During the fiscal year ending June 30th, 1788 ships with an aggregate of 8,530,121 gross tons, passed through the Panama Canal. The cargo shipped through the canal during the year was 7,299,255 long tons. In the fiscal year 1916, 787 ships passed through the canal and 1,084 in 1915.

England led in the number of ships with 750, the United States second with 464, and Norway third with 150. In the three years from 1915 to 1917, 751 ships were loaded in the United States, 237 Norwegian, and 167 Chilean. Since the canal was opened, 167 Japanese ships, 10 Dutch, and 87 Danish, made the passage. In the entire history of the canal only six German ships have gone through.

The warehouses are crowded with every conceivable thing that may be required for the work—pianos, phonographs, typewriters, music, books, tapestries, bibles, prayer books and so forth. Foreign shipments amounting to \$175,000 have already been made.

The whole work is thoroughly and efficiently organized, and is being carried on with the greatest smoothness. The activities are being carried on by the funds at the disposal of the association, and as soon as the fund is completed, the work, like that of the soldiers themselves, will sweep forward over a wide front.

C. D. Shamburger, the lumber man, has returned from a trip to Sweetwater and Lubbock. The country, he says, is barren of grass or crops on account of the drought, but the town of Lubbock itself is growing.

Warehouses Crowded.

The warehouses are crowded with every conceivable thing that may be required for the work—pianos, phonographs, typewriters, music, books, tapestries, bibles, prayer books and so forth. Foreign shipments amounting to \$175,000 have already been made.

The activities are being carried on by the funds at the disposal of the association, and as soon as the fund is completed, the work, like that of the soldiers themselves, will sweep forward over a wide front.

C. D. Shamburger, the lumber man, has returned from a trip to Sweetwater and Lubbock. The country, he says, is barren of grass or crops on account of the drought, but the town of Lubbock itself is growing.

Warehouses Crowded.

The warehouses are crowded with every conceivable thing that may be required for the work—pianos, phonographs, typewriters, music, books, tapestries, bibles, prayer books and so forth. Foreign shipments amounting to \$175,000 have already been made.

The whole work is thoroughly and efficiently organized, and is being carried on with the greatest smoothness. The activities are being carried on by the funds at the disposal of the association, and as soon as the fund is completed, the work, like that of the soldiers themselves, will sweep forward over a wide front.

Y. M. C. A. BUILDING AT AVIATION CAMP SOON TO BE READY

SOME OF CONTRACTORS SAID TO HAVE PRESSING ENGAGEMENTS ELSEWHERE.

WORK WILL BE HURRIED

Four Secretaries Will Be In Charge of Structure. According to Announcement Complies on Way Here.

The Y. M. C. A. building at the aviation camp is already recognizable as a prominent structure, and it was announced yesterday that it will be completed to the last tack within two weeks. It so happens that one of the men at work on the building has particularly pressing engagements elsewhere in two weeks' time, so there is no doubt that every effort will be made to have the work finished by that time.

The Call Field branch of the association will be directed by four secretaries, who will have entire charge of the work. Shipments of furniture and supplies are already on the way, and will arrive at least by the time the building is finished. There is no doubt that everything will be ready for the flyers as soon as they arrive on November 1st.

The National War Council of the Y. M. C. A. has launched a campaign to raise \$2,000,000 to support the war work of the association both at home and abroad. The budget has already been submitted and approved, and a loan for the spending of a little over \$1,000,000 for work at home, a like amount abroad, for the service of American troops abroad, and four millions divided in Russia, France, and Italy, on the various fronts.

This is the largest undertaking the association has ever planned, and many prominent officials in France, England, Russia and Italy have given the scheme their most cordial endorsement. They say that the work of these camps is invaluable, and that they will give it every support and encouragement in their power.

Huts Back of Trenches

There are Y. M. C. A. huts back of the trenches on many fronts, where the work is carried on—looking after the men who come back for rest from the trenches, providing entertainment, and other things. The great problem seems to be to keep the men occupied when not on active duty, and to prevent time from hanging heavily on their hands when they are on leave. There are, for this purpose, reading rooms, writing rooms, gymnasiums, picture shows, amateur theatricals and occupation arrangements of many kinds.

George W. Perkins, chairman of the Finance committee, has given out the fact that of the five and a half millions already subscribed, over four millions have been paid in. More than 10,000 men of many callings have applied for war service, either at home or abroad, and more than eight hundred have taken a month's course of training in the Y. M. C. A. schools. It is estimated that over four thousand men will be needed by July 1st, 1918. In addition to this, a large number of men are being established at various points from which the local organizations may obtain supplies.

Warehouses Crowded.

The warehouses are crowded with every conceivable thing that may be required for the work—pianos, phonographs, typewriters, music, books, tapestries, bibles, prayer books and so forth. Foreign shipments amounting to \$175,000 have already been made.

HIGH SCHOOL TEAM DEFEATS ELECTRA ON LOCAL GROUNDS

COACH GLASS USES ALL MATERIAL AGAINST VISITORS TO "SIZE THEM UP."

SECOND BUNCH HAS TRY

Wichita Falls Eleven Said to Have Had Visitors Out-Classed at Every Point of Contest.

The Wichita Falls High School football team defeated Electra High here yesterday afternoon in the first game of the season. The local squad walked all over the visitors, the final score being 25 to 6.

Coach Glass gave practically every candidate for the team a chance in the game yesterday afternoon. The first team played the first quarter, the second team the second and third quarters, and in the last quarters the first team's backfield was called back to the field. This was done in order that Glass could know exactly the ability of each man, and it is in this way that he is hopeful of picking a winning team for the final games of the season.

Outclass Visitors. The local team seems to have had the visitors outclassed in every feature of the game. The interference for the local squad was almost perfect, and the team work was all that could be expected. Electra was held close to its own goal for the greater part of the game, and not once while the local first team was on the field was the Wichita Falls goal in danger. Electra, however, managed to score while the second was on the field, but the second team rallied and re-talented.

Wagoner and P. Trotter held the ends well, while in the backfield Wilson and R. Trotter started Harris' defense work was exceptionally good. Wilson scored two touchdowns, Trotter one and Powell one. Wilson carried the pigskin over Electra's goal after a 30-yard run, and a hard line buck, less than five minutes after the game was called. Powell made the second score on an 18-yard run around left end. The next score was made by R. Trotter on an intercepted forward pass, running 40 yards for a touchdown. Powell secured the ball in a fumble and went for a long run to the 20-yard line. Wilson carried the ball over the line in a breast tackle play, making the final score of the day.

Fumbled on Punt. On account of the high wind, the ball was fumbled on a punt. Electra

The Ladies Home Journal for \$1.50 The Country Gentleman \$1.00 The Saturday Evening Post for \$1.50 ... MRS. E. M. BROWN, Representing the Curtis Publishing Co. 804 Burnett St. Phone 608

secured the ball and went for a short buck across the line. The game from start to finish was quick and snappy, and clean hard football being played throughout the game. The number of errors made by both teams was exceptionally low, especially for the Wichita Falls team, since it was their first game. Harry Southworth umpired the game.

Line-Up of Team. Following is the lineup of the first team:

Wilson, fullback; left half, Harris; right half, Wagoner; quarter back, R. Trotter; left end, Turner; left tackle, Patton; left guard, Urban; center, Bannenberg; right guard, McConkey; right end, P. Trotter; right tackle, Bell; substitutes, Powell, Weaver, Chapell and Davis.

It was announced early in the school term that Wichita Falls would go in for the state championship, and the game of yesterday will give them a good start. Deaton High was one of the strong contenders for the championship last year, but Powell school has ruined all their hopes for this year. Beaumont was also in the thick of the contest last season, and is in the same class with Wichita Falls at this time, having played one and won one. Jacksonville has almost been eliminated from the championship contests, having been defeated yesterday by Rusk Academy, 39 to 0.

At Sewanee, Tenn.: Sewanee 6; Howard College 0. At Chicago—Northwestern 48, Lake Forest College 0.

At Houston—Southwestern 13; Howard Payne 0.

At Austin—University of Texas 27; Trinity University 0.

At Houston—Rice Institute 31; First Illinois Hospital 6.

At Fort Worth—T. C. U. 20; First Texas Field Artillery 7.

Temple, Texas, Oct. 6.—Southwestern University of Georgetown defeated Howard Payne of Brownwood 15 to 0 in a fast game on the Bell County Fair grounds here this afternoon. Attendance, 5,000.

Arkansas 34; Warrensburg 9.

Fayetteville, Ark., Oct. 6.—The University of Arkansas defeated the Warrensburg, Mo., state normal eleven here this afternoon 34 to 9 in the opening game of the season.

At Oxford, Miss.—Mississippi University 9; Arkansas A. and M. 0.

At Baton Rouge, La.—L. S. U. 20; Southwestern Industrial Institute 0.

Ohio State 53; Wesleyan 0.

Columbus, O., Oct. 6.—The Ohio state football team, last years western conference champions, overwhelmed Wesleyan here today 53 to 0. Coach Wilce used many of his second string men as no time had his entire regular team on the field. "Chick" Harvey, All American full back led Ohio states' attack scoring three touchdowns and kicking as many goals.

Navv 7; West Virginia 0.

Annapolis, Md., Oct. 6.—The navy met defeat at the hands of West Virginia here this afternoon the visiting team tallying one touchdown and one goal in the final period of the game after the two had played each other to a standstill during the initial two periods. A forty yard dash around the sailors left end by Harris was the deciding feature of the contest.

Price of Cotton Seed To Be Probed by State; Price Fixing Alleged

Abilene, Texas, Oct. 6.—A probe of the price of cotton seed in the cotton belt of Texas is under way by the Attorney General Department which may result in the institution of prosecution for the violation of the anti-trust laws. It is understood that the Attorney General has already obtained evidence which discloses that there are in existence combinations to fix the price of this commodity.

AMERICA QUICK TO MAKE READY FOR WORLD WAR

By Associated Press. Washington, Oct. 6.—The transition in America from conditions of peace to those of war from the standpoint of rapidly and thoroughly is without precedent in the history of democracies, says a statement issued tonight by the committee on public information detailing the nation's achievement, since the declaration of war six months ago.

"American industry and the people of the entire nation," the statement says, "are working speedily and efficiently the call to arms. Six months from the day war was declared finds the United States mobilized for the supreme task ahead."

Congress, the committee's resume says, has enacted more important legislation during the session ending today than in any preceding session in history.

Referring to the war department, the committee notes that without incident or disaster a large expeditionary force has been sent to France, more than a million drafted men and national guardsmen are under training and the army has eighty thousand trained officers instead of twenty thousand six months ago.

Son of Henry Ford Must Serve in Army - Says District Board

By Associated Press. Detroit, Mich., Oct. 6.—The claim for exemption filed by Edsel Ford, son of Henry Ford, the manufacturer, was denied today by the district draft board here.

BASEBALL SCORES. Cincinnati 2, Cleveland 1.

Cincinnati, Oct. 6.—Cincinnati took the second game of the Ohio series from Cleveland here today, 2 to 1, in a hard-fought battle between Schneider and Coveliskie, which went three innings.

The score—Cleveland, 100 000 000 0—1 1 2 Cincinnati, 000 010 000 000—2 7 0 Batteries: Coveliskie and O'Neil; Schneider and Wingo.

St. Louis, Oct. 6.—City series, second game: St. Louis, 100 000 000 0—1 1 2 Cincinnati, 000 010 000 000—2 7 0 Batteries: Stradinos and Gonzales; Sothoron and Hartley. (Game called, end of 5th inning; darkness.)

COMISKEY "IS HAPPIEST" MAN IN CHICAGO, HE SAYS

Chicago, Oct. 6.—Chas. A. Comiskey, owner of the Chicago Americans, declared tonight that he was the happiest man in Chicago, and that his club, as a team of the victors over New York, would annex the world's championship.

"It was one of the happiest days of my life," Comiskey said. "I think there never was a better game of ball on the opening of a world's series. We have won the first game in the fight for the world's championship, and I know that we get a great ball club. Winning the first game is a big advantage. I think the White Sox will be the champions of the world."

GUARD ON BORDER TO BE CONTINUED INDEFINITE TIME

By Associated Press. San Antonio, Texas, Oct. 6.—An announcement was made today that the 57th Infantry, now at Leon Springs, Texas; two companies of the 19th Infantry and the Eighth Cavalry will take up the work of guarding the Texas border after the Texas National Guardsmen of the second, third, and fourth regiments, ordered to Camp Bowie at Fort Worth, leave for that station next week.

When announcement was made recently that the Texas Guardsmen would be taken from the border it was stated that they would not be replaced. The eighth cavalry will replace the sixth with headquarters at Marfa, Texas, and is due to arrive there tomorrow after marching overland from El Paso. The sixth cavalry has been ordered to Fort Sam Houston.

Charles Phelps Taft Has Become Benedict

By Associated Press. Waterbury, Conn., Oct. 6.—Chas. Phelps Taft, son of former President and Mrs. William H. Taft, and Miss Eleanor Kellogg Chase, daughter of Mr. and Mrs. Irving H. Chase of this city, were married late today at the home of the bride's parents.

Y. M. C. A. BUILDING AT AVIATION CAMP SOON TO BE READY

Work will be hurried

Four Secretaries Will Be in Charge of Structure, According to Announcement—Supplies on Way Here.

The Y. M. C. A. building at the aviation camp is already recognizable as a potential structure, and it was announced yesterday that it will be complete to the last tack within two weeks.

The Call Field branch of the association will be directed by four secretaries, and the building is already under way.

The National War Council of the Y. M. C. A. has launched a campaign to raise \$5,000,000 to support the war work of the association both at home and abroad.

This is the largest undertaking the association has ever planned, and many prominent officials in France, England, Italy, and other countries have given their support and encouragement in their power.

Huts Back of Trenches. There are Y. M. C. A. huts back of the trenches, and many of them are being used for the purpose of providing entertainment of every kind, but always a valuable relief in a request to the men to keep the men occupied when not on active duty, and to prevent time from hanging heavily on the hands of the men on leave.

Warehouses are crowded with every conceivable thing that may be required for the work.

HIGH SCHOOL TEAM DEFEATS ELECTRA ON LOCAL GROUNDS

COACH GLASS USES ALL MATERIAL AGAINST VISITORS TO "SIZE THEM UP"

SECOND BUNCH HAS TRY

Wichita Falls Eleven Said to Have Had Visitors Out-Classed at Every Point of Contest.

The Wichita Falls High School football team defeated Electra High here yesterday afternoon in the first game of the season. The local squad walked all over the visitors, the final score being 25 to 6.

Coach Glass gave practically every candidate for the team a chance in the game yesterday afternoon. The first team played the first quarter, the second team the second and third quarters, and in the last quarters the first team's backfield was called back to the field. This was done in order that Glass could know exactly the ability of each man, and it is in this way that he is hopeful of picking a winning team for the final games of the season.

Outclass Visitors.
The local team seems to have had the visitors outclass in every feature of the game. The interference for the local squad was almost perfect, and the team work was all that could be expected. Electra was held close to its own goal for the greater part of the game, and not once while the local first team was on the field was the Wichita Falls goal in danger. Electra, however, managed to score while the second was on the field, but the second team rallied and retaliated.

Wagoner and P. Trotter held the ends well while in the backfield Wilson and R. Trotter starred. Harris' defense work was exceptionally good. Wilson scored two touchdowns, Trotter one and Powell one. Wilson carried the pigskin over Electra's goal after a 30-yard run, and a hard line buck, less than five minutes after the game was called. Powell made the second score on an 18-yard run around left end. The next score was made by R. Trotter on an intercepted forward pass, running 40 yards for a touchdown. Powell secured the ball in a fumble and went for a long run to the 20-yard line. Wilson carried the ball over the line in a breast tackle play, making the final score of the day.

Fumbled on Punt.
On account of the high wind, the ball was fumbled on a punt. Electra

secured the ball and went for a short buck across the line. The game from start to finish was quick and snappy and close, hard football being played throughout the game. The number of errors made by both teams was exceptionally low, especially for the Wichita Falls team, since it was their first game. Harry Southworth umpired the game.

Line-Up of Team.
Following is the line-up of the first team:

Wilson, fullback; left half, Harris; right half, Wagoner; quarter back, P. Trotter; left end, Turner; left tackle, Patton; left guard, Urban; center, Bunnenberg; right guard, McConkey; right end, P. Trotter; right tackle, Bell; substitutes, Powell, Weaver, Chapell and Downs.

It was announced early in the school term that Wichita Falls would go in for the state championship, and the game of yesterday will give them a good start. Denton High was one of the strong contenders for the championship last year, but Powell school has ruined all their hopes for this year. Beagmont was also in the thick of the contest last season, and is in the same class with Wichita Falls at this time, having played one and won one. Jacksonville has almost been eliminated from the championship contests, having been defeated yesterday by Rusk Academy, 20 to 0.

Columbus, O., Oct. 6. The Ohio state football team, last years western conference champions, overwhelmed Wesleyan here today, 53 to 0. Coach Wilcox used many of his second string men and at no time had his entire regular team on the field. "Chick" Harley, All American full back led Ohio states' attack scoring three touchdowns and kicking as many goals.

Navy 7; West Virginia 0.

Annapolis, Md., Oct. 6. The navy met defeat at the hands of West Virginia here this afternoon the visiting team tallying one touchdown and one goal in the final period of the game after the two had played each other to a standstill during the initial two periods. A forty yard dash around the sailors left end by Harris was the deciding feature of the contest.

Price of Cotton Seed To Be Probed by State; Price Fixing Alleged

Austin, Texas, Oct. 6.—A probe of the price of cotton seed in the cotton belt of Texas is under way by the Attorney General Department which may result in the institution of prosecutions for the violation of the anti trust laws. It is understood that the Attorney General has already obtained evidence which discloses that there are in existence combinations to fix the price of this commodity.

AMERICA QUICK TO MAKE READY FOR WORLD WAR

By Associated Press

Washington, Oct. 6.—The transition in America from conditions of peace to those of war from the standpoint of rapidly and thoroughly is without precedent in the history of democracies, says a statement issued tonight by the committee on public information detailing the nation's achievements since the declaration of war six months ago.

"American industry and the people of the entire nation," the statement says, "answered speedily and efficiently the call to arms. Six months from the day war was declared finds the United States mobilized for the supreme task ahead."

Congress, the committee's resume says, has enacted more important legislation during the session ending today than in any preceding session in history.

Referring to the war department, the committee notes that without incident or disaster a large expeditionary force has been sent to France. More than a million drafted men and national guardsmen are under training and the army has eighty thousand trained officers instead of twenty thousand six months ago.

COMISKEY "IS HAPPIEST" MAN IN CHICAGO, HE SAYS

Chicago, Oct. 6.—Chas. A. Comiskey, owner of the Chicago Americans, declared tonight that he was the happiest man in Chicago, and that his club, as a result of the victory over New York, would annex the world's championship.

"It was one of the happiest days of my life," Comiskey said. "I think there never was a better game of ball on the opening of a world's series. We have won the first game in the fight for the world's championship, and I know that we get a great ball club. Winning the first game is a big advantage. I think the White Sox will be the champions of the world."

GUARD ON BORDER TO BE CONTINUED INDEFINITE TIME

FIFTY-SEVENTH INFANTRY AND PART OF NINETEENTH TO GO THERE.

San Antonio, Texas, Oct. 6.—Announcement was made today that the 57th Infantry, now at Leon Springs, Texas, two companies of the 19th Infantry and the Eighth Cavalry will take up the work of guarding the Texas border after the Texas National Guardsmen of the second, third, and fourth regiments, ordered to Camp Bowie at Fort Worth, leave for that station next week.

When announcement was made recently that the Texas Guardsmen would be taken from the border it was stated that they would not be replaced. The eighth cavalry will replace the sixth with headquarters at Marfa, Texas, and is due to arrive there tomorrow after marching overland from El Paso. The sixth cavalry has been ordered to Fort Sam Houston.

Charles Phelps Taft Has Become Benedict

Waterbury, Conn., Oct. 6.—Chas. Phelps Taft, son of former President and Mrs. William H. Taft, and Miss Eleanor Kellogg Chase, daughter of Mr. and Mrs. Irving H. Chase of this city, were married late today at the home of the bride's parents.

DECEMBER COTTON CONTRACTS PRICE RISES HALF CENT

New York, Oct. 6.—December contracts sold in the cotton market here today up to 25.40 or more than half a cent above last night's closing prices and approximately 33.50 per bale over yesterday's level. That delivery closed at 25.52 with the general list closing at a net advance of 11 to 15 points.

The market opens firm at an advance of 11 to 25 points on covering by receiving sellers for a reaction. On publication of the forecast for frost in North and South Carolina and Mississippi demand became more active. There were very few sellers until January sold at 25.75 and March at 25.75 with the general list showing net advances of 45 to 67 points. After the first rush of covering, buying tapered off. The market then turned easier and the decline later was partly attributed to active selling by houses with south-eastern connections. Closing prices showed reactions of 31 to 43 points.

New Orleans Cotton.
New Orleans, Oct. 6.—The cold weather over the belt and reports of frost caused a higher market for cotton here today in the face of some liquidation to realize profits from the long side. The market was fairly active for a week end and it was almost wholly a weather market.

The opening was at the rise and the improvement continued until prices were 44 to 48 points up. Here selling pressure caused a reaction of about 15 points but the accounts of frosts last night in the eastern belt brought in fresh buying and the market advanced again advanced, this time to a gain of 46 to 60 points.

The close was at a net gain for the session of 13 to 15 points.

Galveston Spots.
Galveston, Oct. 6.—Middling 25.70; receipts 10,283; exports none; sales 1,012; stocks 135,137.

Dry Goods Market.
New York, Oct. 6.—Cotton goods were firm with an advance in demand. Yarns were firm and trading broader. Wool goods especially blankets were very firm and in good demand. Linens and burials were high and firm.

Reserve Bank Statement.
Washington, Oct. 6.—An increase of more than \$38,000,000 in resources of federal reserve banks during the past week, due to additions to the volume of gold and gold notes held in reserve the amount of new discounted and Liberty bonds purchased is shown in the bank statement of conditions Oct. 5.

Cotton Seed Oil.
New York, Oct. 6.—The cotton seed oil market was strong at the higher records on strength in land, due to large purchases by the Belgian Republic. Closing bids: Oct. 7-12, 17.50; Jan. 17.50; March 17.50; May 17.50; July 17.50; Sept 17.50; Dec 17.50.

Cotton Seed Market.
Memphis, Tenn., Oct. 6.—Cotton seed meal closed firm. Oct. 34.25@34.50; Nov. 34.25@34.50; Dec. 34.25@34.50; Jan. 34.25@34.50; Feb. 34.25@34.50; March 34.25@34.50; April 34.25@34.50; May 34.25@34.50; Sales 500.

New York Coffee Market.
New York, Oct. 6.—There was further covering in coffee futures here today with near month relatively firm. Opening prices were two points higher and Dec. sold up to 37.31 shortly after the call, or 8 points above last night's closing while March touched 37.56 or 9 points net higher. The advance was checked by realizing on a little trade selling and the close was slightly off from the best, showing a net gain of 4 to 7 points. Closing bids: Oct. 37.31; Dec. 37.31; Jan. 37.31; March 37.31; May 37.31; July 37.31; Sept 37.31.

Official cables showed an advance of 50 rise in the Rio market and of 32 in Rio changes in London. Rio unchanged. Rio cleared 36,000 for New Orleans. Brazilian port receipts 71,000; Janduary receipts 41,000.

Chicago Provisions.
Chicago, Oct. 6.—Butter unchanged. Eggs, unsettled. Receipts 5,161 cases, firsts 34 1/2c; ordinary firsts 34 1/2c; at market cases included 35 1/2c; potatoes receipts 50 cars; unchanged. Poultry alive unchanged.

MRS. CLAUDE WOODS WINS IN PUTTING CONTEST AT CLUB

Mrs. Claude Woods won the ladies' putting contest at the Golf Club yesterday afternoon, with a score of 17. Mrs. A. H. Axtell and Mrs. W. F. Weeks tied for second place on a score of 16, but Mrs. Axtell won the play-off, with a 20 against a 21. According to Mrs. Scott, the ladies were put very well and would give any of the men a race for their money. A great deal of interest was taken by the ladies and more such matches are planned for the near future. Quite a few ladies are now playing regularly, in a short while the club will have a good representation of the fair sex.

The following statement in regard to the ladies' playing was made last night by Mr. Scott, instructor: "As ladies are seldom long hitters, owing to their inferior strength, it is extremely necessary that they master the more delicate parts of the game, which are within the 75-yard line of the holes. In order to do this one must study and practice each and every shot until they have confidence in almost every shot. The most delicate shots of the game are played near the putting green and it is a very easy shot for the lady player to make for the 300 yard bunker. It requires no physical strength, but simply conscientious practice and anyone who takes time to practice is almost sure to be among the low scores."

The baseball game drew a great many of the men for the yesterday's handball match against Bogoy. The regular weekly sweepstakes will be held next Wednesday, and a nine-hole match next Saturday.

Following are the scores made yesterday:

Ladies' Score.
Mrs. Claude Woods 17
Mrs. A. H. Axtell 18
Mrs. W. F. Weeks 18
Mrs. Walker 20
Mrs. Wilford 20
Mrs. Marcus 22
Mrs. Harry Weeks 23
Mrs. T. Comper 23
Mrs. White 21
Miss Couper 30

Gentlemen's Score.
Harry Weeks 2 down
A. H. Britain 2 down
Carter McGregor 3 down
D. Moulder 3 down
A. H. Axtell Withdrew
C. J. Barnard Withdrew

WORK AT CAMP MOVING FASTER THAN EXPECTED

Work at the aviation camp is one and a half per cent ahead of schedule, and the officials at the camp stated yesterday that the camp would be ready for occupation of same November 1st. It is understood that a shipment of thirty airplanes is en route, and will arrive the latter part of the month. They will come knocked down, of course, and will be assembled at the assembling shop in the camp.

Painting has begun and road laying is well under way. Windows are in twenty buildings and the interior work on several of the buildings has been started.

Gravel for the roads is arriving at the rate of forty cars a day, and there is an abundance of this material on hand. Barrels of paint can be seen lined up against one of the buildings, and about twenty buildings have received the first coat.

Many of the hangars are practically completed, the windows being in, and the roofs on most of them. None are finished, however. There are large sliding doors to go in, yet, and sundry other additions to be made.

FUNERAL OF V. S. KAY IS LARGELY ATTENDED

The funeral of V. S. Kay Saturday afternoon was attended by a large congregation of friends among whom were a number of Confederate veterans.

The service was held at the residence, Rev. Morgan, an old friend of Mr. Kay's, officiating. He was assisted by Rev. S. A. Barnes. Burial was in Riverside cemetery.

Among those from out of town here for the funeral were: Mrs. Kay, a sister-in-law of the deceased, from Tyler; Mrs. Robert Knoll of Fort Worth; Mrs. Henry Johnson of Haskell and Mrs. Katie Carter of Ballinger.

Rev. P. G. Cross Will Deliver Lecture on Patriotic Service

Rev. P. G. Cross, pastor of the First Christian church, has announced that he will lecture at the church this morning on "The Patriotic Service League." Rev. Cross has been at places where this league is organized and will tell of its purpose, organization and the scope of its activities. It is likely that a branch of the league will be organized here at a not distant date.

WANTS TO BE A SOLDIER BOY

Wants to be a soldier boy, says a young boy who has been in the hospital for some time. He is a member of the Soldier Boy organization and is very patriotic.

MRS. A. H. AXTELL AND MRS. W. F. WEEKS ARE TIED FOR SECOND PLACE

Mrs. A. H. Axtell and Mrs. W. F. Weeks are tied for second place in the ladies' putting contest at the Golf Club yesterday afternoon. They both scored 18, but Mrs. Axtell won the play-off with a 20 against a 21.

Assailants of Taxi Driver Make Escape

Answering a call to what afterwards proved to be a fictitious number on Tenth street Friday night, a driver for the Lone Star Taxicab Company was seized by four men who attempted to beat him with a whip. The driver escaped and reported the incident to the police.

Trace of the assailants was picked up. It was found they had driven to the spot in an automobile. They escaped from town in the direction of Iowa Park. Members of the police force pursued them in the police car, but lost trace of them in a big pasture north of Iowa Park.

Saturday afternoon two suspected men slipped out their room in a rooming house and, snatching up their baggage ran and jumped into a waiting automobile and drove away. The officers believe they know the identity of the parties making the assault.

One Twin Is Arrested, But Was Wrong One, Hence Gained Release

It is not often that a man has the good fortune to be arrested by mistake, but this was the case of Willard Selder, arrested in place of his twin brother, Willis, who was wanted on a charge of sedition. Willard came before United States Commissioner J. A. Lantz yesterday, but was immediately released when the mistake was fully established. John Warnuth, who was arrested with him at the same charge, is being held over, the case being continued until Oct. 16th.

Other cases in Federal court on Saturday were those of J. P. Knesek, a Bohemian from Archer county, charged with failure to register, whose bond was set at \$300, and made, and George Turner, charged with violat-

Exemption Board to Receive All Pay of Federal Government

By Associated Press.
Austin, Texas, Oct. 6.—It was announced today in the adjutant general's department that all claims of local, district, exemption boards and registration boards are to be paid by the federal government through the adjutant general's department. There are approximately three thousand of these claims which also embrace the salaries of registrars and physicians examination fees. While a certain percentage of the members of these boards have made no claim for pay, it develops that most of them have. These claims will be paid up to and including Oct. 2, and the warrants will be mailed out on Oct. 10.

In Face of the Extremely High Prices on All Lines of Merchandise, the WICHITA HARDWARE COMPANY

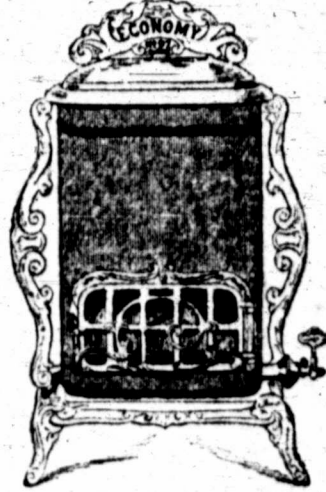

Are offering a **BIGGER** and **BETTER** line of stoves of every description than ever before at last year's prices. **NO ADVANCE IN PRICES**—the same stoves at the same prices.

As usual, we carried over from last season more than a thousand gas and fuel burning heating stoves, and to our joy we can sell you these stoves at last year's prices. Better still, we have always managed to represent the best stove manufacturers in the country.

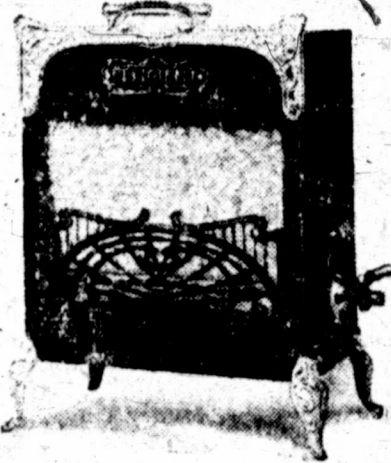

WE GUARANTEE EVERY STOVE TO BE ABSOLUTELY AS WE REPRESENT IT

A parlor Economy, rich and beautiful in appearance—has double burners and valves—tremendous.

We have sold hundreds of this style of Economy alone and still have plenty left at same old prices which carry same old guarantee, namely—
BEST FOR THE MONEY

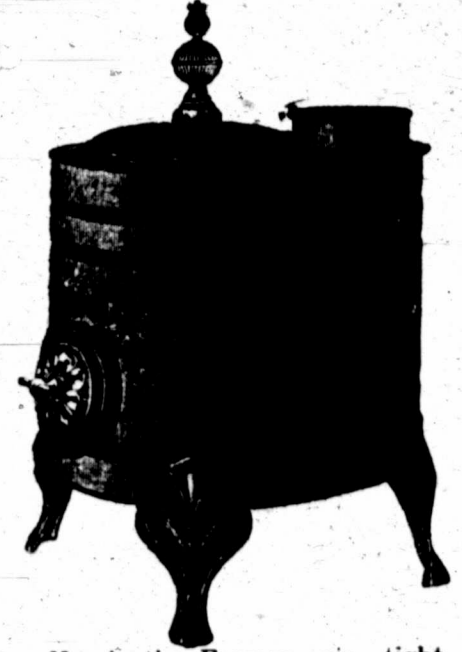

We have a nice line of cheap Reflector and Asbestos heaters at lowest prices. Our variety in this style too numerous to go into detail, but they are all right for the price

No other gas cook can compare with the Clarks Jewel in general appearance and durability. Unexcelled and costs no more than others. Remember seeing is believing.

A nice Asbestos such as we sell is always worth the money. We can furnish you with any size or kind, also at the old price.

Here's the Farmer air tight, which we are also selling at the old price. We have a good stock of Stove Pipe, Elbows, etc.

Remember the Wichita Hardware has always been the Stove Headquarters of Wichita Falls for the past nine years—always here with the biggest and best line of Stoves that can be assembled by an expert stove man. It is us who sell the Celebrated Economy Rire Place Heater. This heater we recommend in preference to any thing in the way of a natural gas heater for a nice home. **REMEMBER—Stoves at Last Year's Prices.**

PICKANNINNY IS REAL MUMMY Tremendous Throngs Spend Night in Line To Get Seats Today

Body of Little Black Baby Preserved in Pennsylvania City Did Not Change in Twenty Years.

A real mummy, a little colored baby, born some 20 years ago, who died after living several weeks, is preserved in an undertaking establishment at Chester, Pa.

There is no record of the parentage of the infant, and in brief its history is that it was found dead 20 years ago, and that the body was turned over to the late Thomas Minshall, then an undertaker and deputy coroner. As the body was never claimed, he decided to use it for experimental purposes in embalming, and prepared a special mixture of embalming fluid, a portion of which he injected into the little body. The result proved successful, and in a short time there were evidences of mummification, and after being an object of curiosity and a "ten days' wonder" the mummy, christened "Tizzie," was taken to an unused room in the building and tucked away on the top shelf of a closet.

During all these years the infant body has lain there undisturbed, except when some curious person has called at the establishment and requested permission to see it. The mummy is 20 inches long, weighs two pounds and resembles in every way a real colored baby.

WHAT SITE OF DOVER COST

Indians Were Paid Twelve Bottles of Drink and Four Handfuls of Powder, It Is Said.

Dover, Del., which one thinks of as belonging to that sisterhood of interesting little Colonial capitals of which Williamsburg and Annapolis are elders, has celebrated the two hundredth anniversary of its founding.

The three-neighbor Colonial capitals have no little historic resemblance, and though Dover is the youngest of them, it has its full share of historic interest and romantic tradition, political and social. That great man, William Penn, who had the wisdom to abolish the tariff duties that he found hampering the trade of the great river leading up to his noble proprietary province, having induced James, duke of York, to let him add to Pennsylvania the "three lower countries" on Delaware, lost little time in making provision for the founding of Dover as the county seat of "St. Jones County," now Kent county, for he issued a warrant for the survey of the town site in 1683, and eleven years later, according to one authority, says E. N. Vallandigham in the Philadelphia Record, paid the Indian owners for the land "two match coats, twelve bottles of drink and four handfuls of powder," an intolerable deal of freewater for so trifling a supply of ammunition.

By Associated Press. Chicago, Oct. 6.—By ten o'clock tonight the line of fans who wished to secure seats in the bleachers for the world's series game tomorrow was so large that the small squad of police at the park was deemed inadequate by Chief Schuetzler, and he dispatched twenty-five mounted reserve officers to make certain that no disturbance would occur.

The scene of last night was re-enacted. All came prepared for the long vigil and made themselves comfortable for the night. Some wrapped themselves in blankets and dozed, chattered the night away sitting on boxes and sofas.

Downtown Chicago tonight entertained one of the gayest crowds in its history. Theaters and cafes were unable to care for the merry making and hotels reported that not since the World's Columbian Exposition in 1893 has there been such a demand for rooms. Corridors, dining rooms and hallways were filled with cots. Betting was reported to be light.

British Army Boot.

The British army boot is made from very stout chrome-tanned leather. It is interesting to note that what is called the "front" of the boot is unlike the average civilian boot, cut all in one piece, right from the toe to the heel, and seamed up at the back. The toe contains, among other things, a plate of hard iron, which is nailed on underneath. On the whole, the British Tommy has a small foot, the average sizes being seven and eight. Compare Mr. Atkins' foot with that of his Russian brother. Here we have an average of nine and ten. The upper portion of the Cossack boot reaches to within an inch or two of the knee, and has a buckle at the top. Its construction is very similar to the British boot, the essential difference being the boot is not stitched round the "waists" as is the British.

Calory is Measure of Heat.

Calory is a word so much used by physicians and writers upon diet that there is no excuse for anyone not understanding what it means. The definition of the word calory in the dictionary is: "One or two recognized units of heat, of which the 'greater calory' or 'kilogram calory' is the amount of heat necessary to raise one kilogram of water 1 degree C.; the 'lesser calory' or 'small calory' being the amount of heat necessary to raise one gram of water 1 degree C."

Calory, then, is a measure of heat. The human body may be likened to a furnace, and the food that goes into it to the fuel, for this, in fact, is exactly what it is, as it supplies the body with what enables it to keep up its heat. So the heat-giving qualities of our food are measured in calories.

FIVE CAMPS FOR MARINES MAKE "TRIP AROUND WORLD"

Paris, Oct. 6.—The title "Around the World in Eighty Days" has been resurrected by United States Marines here, who apply that phrase

to their period of training. There are five camps, one on each leg of the journey, that the recruits must pass through before graduation

as sea-soldiers. It takes from seventy-seven to eighty days to make the circuit. The Marines invariably quote the

Jules Verne phrase as characteristic of the trip, even though many of them have never read the fascinating adventures of Phineas Fogg.

- SATURDAY: Meeting of the Library Association at the M. E. Church South.

FLORAL HEIGHTS AID QUILTS TUESDAY

A very successful all day quilting was held by the Ladies' Aid of the Floral Heights Presbyterian church Tuesday afternoon. The society completed its subscription of \$100 for the new church addition and reported money still in the treasury. The social features were not overlooked and a luncheon was spread picnic style at the noon hour.

HIGH SCHOOL JUNIORS HAVE PICNIC AND HAY RIDE

Chaperoned by Mr. and Mrs. T. M. Conroy and Mr. and Mrs. Robinson of the High school faculty the junior class of the High school enjoyed a hay ride Friday night. There were about thirty-five in the party which was loaded on a big hay filled motor truck. After a ride along the Thornberry road a stop was made and a tempting picnic supper spread.

MISS MATTIE LEE STRAUS ENTERTAINS FRIDAY NIGHT

Miss Mattie Lee Straus entertained a number of friends Friday evening at the home of her parents, Mr. and Mrs. J. C. Straus, 1001 Filmore. The young

people enjoyed a number of games and a guessing contest, in which the prizes, silk handkerchiefs, were won by Miss Ena Everton and Virgil Fisher. Miss Everton entertained with readings and a fortune teller. Miss Adele Marcus was quite an attraction. Refreshments of punch and cake were served. The hostess was assisted in entertaining by Misses Rose Marion, Art, Adele Marcus and Josephine Mayfield. The guests included: Misses Edna Kay, Maurine Smith, Helen Snider, Ena Everton, Ivy V. Larkin, Elizabeth Carrigan, Helen Grishman, Mildred Martin, Robin Wilfong, Flora Deena Greenwood and Oliver Moran, Anderson Kemp, Leslie Martin, Frances Clark, Lyle Stone, Ridway, Maple, Lawrence Marcus, Pat Greenwood, Verell Fisher, Hubert Stricker, Clyde Straus, W. C. Bell, Almond Gates.

U. C. T. CLUB ENTERTAINED BY MRS. HERBERT BROWN

Mrs. Herbert Brown was hostess on Friday afternoon to a social session of the U. C. T. club. After a short business session at which a donation was made to the Red Cross, the club members engaged in the usual game of 42. Dainty refreshments of pineapple float and devilfood cake was served at the close of the game. The players having been refreshed with punch throughout the afternoon. The guests: Mesdames Crane, Cotton, Hines, Knowles and Martin; Messrs. Mesdames Allen, Baker, Brown, Drinkard, Deaton, Gail, Tommus, Reynolds, Walker and Brunsdage.

Mrs. Hayden Head and son, Hayden, Jr., returned Saturday to their home in Sherman after a visit with Mrs. Head's mother, Mrs. H. L. Baker and sister, Mrs. W. W. Little. Mrs. Little has been seriously ill at the Wichita General hospital in now reported much better.

PATHFINDER CLUB MEETS WITH MISS BURNSIDE

The first meeting of the new club year was held by the Pathfinder club Friday afternoon at the home of Miss Alice Burnside. Roll call was answered with vacation notes. There was a program, the club having decided to convene at the Red Cross hall this winter and work instead of spending the time with study. Mrs. W. C. Demore was elected secretary at a short business meeting and the hostess before adjournment served a dainty fruit salad with cake. The members present: Misses Alice Burnside, Thelma Stokess, Emma Smith, Mabelle McDaniel, Mesdames Gracey, Willis, Waggoner, Beckman, Demore, Burnside and Fine.

POPULAR BURKURNETT YOUNG PEOPLE TO MARRY

Mr. and Mrs. W. T. Willis entertained on Wednesday, October 3, with an announcement party for their daughter, Cora Lee, who is to be married to H. D. Lewis, October 27, 1917. The house was beautifully decorated in ferns and cut flowers. After a pleasant chat and music by Misses Iva and Stida Willis the guests were invited into the dining room where they found the table beautifully decorated with a bouquet of roses and carnations. The secret was revealed when the ribbons to which the place cards were attached were drawn from the flower vase in the center of the table. A six course luncheon was served to Misses Cora Lee, Iva, Florence, Davis, Beth Fowler, Vera, Linscomb, Minnie Lewis and Iva Willis.

CONGREGATIONAL CROCHET CLUB MEETS FRIDAY AFTERNOON

Exceptionally pleasant was the meeting of the Congregational Crochet club Friday afternoon with Mrs. Gus Byman hostess. This afternoon was spent in the usual manner and the hostess served tempting refreshments of chicken sandwiches, coffee, peaches and cake. The members present were: Madame A. J. Andrew, Buchanan, Dillard, Duke, Friberg and Fred Snyder.

W. F. H. S. SOPHOMORES HAVE CLASS PARTY FRIDAY

The High school Sophomores opened their social season Friday evening with a class party at the high school. The spacious basement has been arranged for the party and here numerous games were enjoyed and refreshments of ice cream and cake served. There were about fifty juniors and a number of fifth faculty present.

MISS LAURA MARLOW HOSTESS TO J. Y. A's.

The J. Y. A's. met in regular session Friday afternoon with Miss Laura Marlow. Forty-two was the game of the afternoon. Miss Annie Dell Bradshaw winning high score prize. A delicious ice cream was served to Misses Lois Martin, Lois Fitzgerald, Lucille Ponville, Aubrey Walters, Annie Dell Bradshaw, Cecelia Roth, Laura Marlow and Temple Abernathy of Frederick, Okla.

MONROE CLUB MEETS WITH MRS. W. B. CHAUNCEY

Sewing for the Red Cross formed the diversion of the Monroe club members meeting with Mrs. W. B. Chauncey as hostess Wednesday of this week. Mesdames H. E. Wilson, Schubert and Bernard Martin were the guests, the members present being Mesdames E. E. McConnell, L. E. McConnell, Bland, Sherrill, Taylor, Faulks, Nickles and Chauncey.

UNITY CLUB RESUMES MEETINGS FOR WINTER

The Unity club held the first meeting of the year Friday afternoon with Mrs. G. D. Anderson. An interesting revelation that the club members were already engaged actively in some branch of the Red Cross work so the club decided to hold its regular weekly meeting but instead of refreshments the hostess each week will make a donation to the local chapter. Roll call was answered by current events and the club then enjoyed informal talks by the incoming and outgoing presidents, Mrs. T. B. Greenwood and Mrs. P. P. Langford, respectively. Those

Marvelously Captivating

A magnificent array of Jewelry merchandise that is truly captivating.

Diamonds, Cut Glass, Sterling Silver and Silver-Plated Ware, Ivory, and all the season's novelties in artistic jewelry.

The store fairly sparkles and glints with beauty and brilliancy—the most beautiful creations of artisans in gold and silver.

We welcome your inspection whether you are ready to purchase or not.

OLIVE A. CHILD 805 Indiana

TREMENDOUS DRIVE FOR LIBERTY LOAN IS BEING PLANNED

EVERY CLASSIFICATION OF MERCHANT AMONG ACTIVE WORKERS

COMMITTEES ARE NAMED

Opinion is Divided as to Difficulty of Selling Loan as Compared With the First Issue.

The big drive on the second Liberty Loan will begin Monday, and the county committee has set its teeth in the most vigorous determination to make the first campaign here look like the proverbial thirty cents.

All necessary committees have been formed, and every classification of merchant will be represented on the sub-committees. These sub-committees will appoint or select bond salesmen, who will get out immediately and sell the bonds.

Opinion is Divided. Opinion is divided as to the difficulty of selling this loan as compared to the first, some contending that it will be less, because the people are more awake to the vital necessity of beating Germany, and to the fact that American dollars are a prime factor in this heating; while others believe that the plea "I have already done all I can on the first loan" will be a hard nut for the bond salesmen to crack. The committee in charge of the work, however, are determined that whatever the difficulty, the Wichita county quota will be oversubscribed to a greater extent than the first. "We must get at least a million," said one of the committeemen yesterday, "and we can do it if we get after it right. There is certainly a million dollars in this county that is not needed but so bad here as it is by the government. We have simply got to show the people the fact to get it."

The following committees have been appointed: Wichita Falls Executive Committee—W. M. McGregor, chairman; H. H. Bray, F. H. Gohlke, F. N. Lawton, R. O. Harvey. Iowa Park Executive Committee—John T. Overby, chairman; J. F. Boyd, Tom Corridon, Jr. Electra Executive Committee—J. L. Parker, chairman; J. A. Wise, J. H. Johnson, M. L. Taylor, A. N. Treese, E. B. Massey. Burkburnett Executive Committee—W. D. Cline, chairman; J. C. Hardin, Ben Schwesler, J. A. Staley, W. W. Viles.

Sub-Committees Appointed. Sub-committees appointed to appoint Liberty Bond salesmen, one for each phase of business were indicated in the city of Wichita Falls. The executive committees of the other towns will appoint sub-committees in each town in the county, so that every place of business in the county will have a Liberty Bond Salesman on duty at all times.

Dry Goods, Furnishings and Shoes—Marvin Smith, chairman; J. J. Perkins, F. H. Pennington. Groceries—Bert Bean, chairman; D. B. King, C. H. Hardeman. Hardware, Furniture and Lumber—W. Lee Moore, chairman; J. A. Bradley, J. L. Maxwell. Drug Stores, Bakeries, Confectioneries and Jewellers—Mack Taylor, chairman; Vic Stampfl, Sam Kruger. Hotels and Restaurants—A. A. Dickson, Phy Taylor, J. A. Rochester. Real Estate Dealers—J. L. Jackson, A. L. Huey, J. S. Bridwell, W. S. Curlee. Banks—C. W. Snider, Chairman; C. W. Reid, W. W. Gardner. Ice Factories and Liquor Dealers—D. M. Hardy, M. A. Marcus, H. B. Hatton. Gins, Grain Dealers, Cotton Buyers—R. O. Harvey, chairman; J. C. Hunt, H. B. Hines. Auto Dealers and Garages—W. Newton Star, chairman; Lloyd Weaver, W. S. Langford. Auto Supplies and Filling Stations—F. R. Orth, chairman; D. C. Wood, E. E. Sanders. Factories and Wholesalers—Tom Smock, chairman; J. G. Culbertson. Freed Gatekeepers. Railway Offices and Shops—M. A. Bundy, chairman; W. J. Gardner, A. F. Winn. Oil Men—C. H. Clark, chairman; W. W. Silk, Charley Bean.

Date Is Postponed For Acceptance of Wichita Courthouse

Delays in the transportation of equipment has caused a further postponement of the opening of the new court house, and the date of the opening is now indefinite. A few days after the material arrives the court house can be turned over to the contractors. The equipment was shipped days ago, but the demands of the government on the railroads have delayed other shipments.

The county commissioners will meet Monday in regular session, and it is probable they will be called in session again later in the month to accept the court house. At nine o'clock Monday morning the committee from the bar association will meet with committees from other organizations to outline a program for the formal opening of the new building. The meeting will be held in the 7th district court room. Judge Scurry is chairman of the bar association committee.

THE SOLDIER WOMAN

Letters from a Washington woman to her sister in Michigan telling how one woman is co-operating with the U. S. Food Administration.

Edith Dear: I was never so mistaken in my life as I have been about the Food Pledge which the Food Administration has asked every householder to sign. I did not get a card. I did not see a card. I did not want to see a card. I had a notion that it demanded all kinds of skimping. "We skimp enough as it is," I told Jack. He did not answer me at once. Billy, clamoring for his morning kites, was excused enough. "They stand in line with their little

You'll see the above picture this week in the Saturday Evening Post in colors; it's a big double page spread

Get the most for your money

Dont make the mistake this fall of thinking that economy is in saving money; economy is in getting something for your money, not in the amount you spend.

The war may be a good thing for this country if it teaches that lesson; there's a good deal of money wasted in America every year by spending it for cheap stuff. Good clothes such as

Boys' Suits and Overcoats New Neckwear

HOME OF HART SCHAFFNER & MARX "GOOD CLOTHES"

can, over there in Belgium, waiting hours upon hours for their small portion of milk—they codgers like Billy," he reminded me quietly. "That settled it! I got ready right after breakfast and went down to head quarters of the Food Administration. I asked to see the Pledge Card. And when I had read it my shame deepened. It asks nothing that any American woman would not be proud to do. The pledge reads: "I am glad to join you in the service of Food Conservation for our nation and I hereby

accept membership in the U. S. Food Administration, pledging myself to carry out the directions and advice of the Food Administrator in my home, insofar as my circumstances permit. Following that is room for the stenographer and address with questions asked concerning occupation; number in household; occupation of breadwinner; if you have a garden, and if you are willing to take part in authorized and neighborhood movements for food conservation.

The card further states: "There are no fees or dues to be paid. The Food Administration wishes to have as members all of those actually handling food in the home. All women over sixteen are eligible. "Is that all?" I asked, ashamed of the ideas I had had about it. "I signed it without more ado. "Whereupon I was given the "Home Card" designed to be hung in the kitchen. It tells clearly and in few words just how every woman can "do

her bit" in winning this war. I find that the program is not one of skimping in any sense of the word. It is merely a request that we substitute foodstuffs that cannot be sent to the soldiers for the foodstuffs that can and MUST be sent. I showed it to Jack when he came home and told him that I had become a Soldier-Woman. "For there is nothing in the Food Pledge that is not NECESSARY if America is to be the bread-basket of the world.

"Moreover, it asks no hardship of anyone," I said in honest confession of my faith in the morning. Your letter telling me that you had not had a Food Pledge reached me today and clinched my decision of finding out about it. I am enclosing one for your signature. Tell anyone you know who has any such idea about it as I had just what I have found out. Also tell them to drop a card to the Food Administration at Washington for the Food Pledge and sign it today.

Of course there are going to be Food Administration Headquarters in every state after a bit, where the Pledge Card may be gotten at nearer range. But why wait for that when they can be had for the asking in Washington today? The U. S. Food Administration will send you the "Home Card" when your signed pledge is received. In the meantime, dear Edy, I'll write to you more about mine later. Love to you all from (Signed) FRANCES

Negro Orphanage Asks Public For Donations For Books For School

The "Dickson Chaired Orphanage" at Gilmer, Texas, of which Rev. W. L. Dickson is president, manager and general superintendent is asking the people of Wichita Falls for books for the school at the orphanage, which opened Monday. This institution is one whose appeals has met with a generous response and the managers of the home are hopeful that the need for books will be met by the white friends. It is stated that books from the first to the twelfth grade are needed, as there are competent teachers for primary, grammar and high school grades. There is also a domestic science department where the orphans are given instruction which will be of great benefit to them in making their way after leaving the home.

Knights of Pythias Initiate Three at Last Lodge Meeting

The Knights of Pythias met Friday night and initiated three members into the rank of Knight. This is exceptionally good, according to a statement by Dr. J. W. DuVal yesterday, since the majority of the lodges over the country are doing very little, imitative work at this time. Plans were laid for attending the Dokey meeting to be held in Fort Worth the 19th of this month. An effort is being made to have a special train run from Stamford, via Wichita Falls, to accommodate the large crowd that are expected to attend. Quite a few from this city will be candidates for initiation into this rank, which is the highest degree it is possible for the Pythians to bestow. An exceptionally good attendance was noted at the meeting Friday night.

WEEK'S BANK CLEARINGS PROVE YEAR'S RECORD Last week's bank clearings are the record for the whole year, beating the clearings of last March, which were so far the record clearings. Last week showed \$773,628.64, an increase of \$54,712.70 over the previous week, which showed \$724,915.94. This makes seven weeks in succession wherein the clearings have shown an increase over the previous week.

ORCHESTRA WILL ENTER ON SEASON ON NEXT SUNDAY

POSSIBILITY THAT WICHITA FALLS ORGANIZATION WILL VISIT CANTONMENTS

PROF. KATZ WILL DIRECT

Attractive Plan For The Work Has Been Arranged and Citizens Are Expected to Co-operate

The Wichita Falls Symphony Orchestra will enter upon its second season next Sunday, October 14th, when the first rehearsal will be held, followed by a business meeting at the Harrison-Everson recital hall, at 3 p. m. Officers and committees will be elected, and the plans of the organization for the coming season decided upon. It is understood that Prof. Ernest Katz will direct the work with the orchestra during the latter part of last season, will again be the director, as his ability both as a musician and a director is thoroughly proven. Suggestions have been made as to the orchestra's making a number of tours to the different training camps of the state. This, with other matters will be discussed at the meeting.

Work is outlined. Prof. Katz has outlined a very attractive plan of work, and some most attractive and ambitious numbers will be practised. Among these are the celebrated "March Slav" by Tschikowsky, selections from the favorite "Madam Butterfly" by Puccini, the "Orphans" overture, by Offenbach, selections from the famous old light opera, "The Chinese Wall" by Flotow, "Piaquette, the overture to "Morning or Noon and Night" by Suppe, and others. In addition to these, last season's repertoire will be kept up as the selections played last year proved very much to the liking both of the orchestra itself, and the public.

Will be Encouraged. It is to be hoped that this organization will receive the most enthusiastic encouragement and support of the citizens, and that the effort of last year will be rewarded by continued success this season. Many attempts had been made heretofore to organize an orchestra of this kind, but it was not until last year that these efforts bore any fruit, and to build successfully an organization of this kind that will hold together season after season requires the most persistent effort on the part of the promoters, which must also be backed up by the support and encouragement of the citizens. The time, money, and study spent by the men who have promoted the orchestra, as well as those who have composed it, is worthy of praise, and the work this year should be an improvement on the success of last. If the right sort of response is met with.

SALES OF CARS SLOW FOR WEEK IN WICHITA FALLS

The extreme difficulty of getting cars delivered has resulted in very light sales in the automobile business this week. Only thirty-four cars having been sold, dealers in town said yesterday. "No cars—couldn't get 'em here," Chenault and Wheat were especially inconvenienced, as the Kissel people had intended to stage an elaborate exhibition of the "All Year Cars" at this house next Saturday. Mr. Wheat stated yesterday, however, that on account of having been unable to get the cars here, the exhibition would be postponed for a while. Some of the heaviest sellers are in the same line. The Motor Supply Co., for instance, which last week sold twenty-seven cars, have been unable to receive their shipments, and have consequently sold very few cars. Other dealers in the same predicament are the McMullen Auto Co., McFall and Orth, the Staley Auto and Supply Co., and many more.

Few Second Hands Sold. Even second hand cars would not sell this week, only a few changing hands, and the wholesale deals were lightest recorded for a very long time, the total for this classification being three. Retail cars amounted to seventy-two. No one dealer sold more than five cars in total.

Excellent progress is being made on the new Ford building being erected by W. S. Langford for the occupation of the Motor Supply Co. The exterior walls are up, and the roof is on. The interior partitions are in place, but no finishing has yet been done, nor any flooring. The building should be ready for occupation about December or possibly sooner, and it will undoubtedly be one of the largest and best equipped automobile houses in the state.

The S. Hemrod Auto and Supply Co. report sales to Taylor Bros., City, a Monroe, H. Behr, Berthelmann, Chalmers, and Prince and Prince, Electra, Chalmers.

Excelsior Leads. The Excelsior Motor Co., usually a light-seller, are they handle an expensive car, headed the list of retail sales this week, selling five Oldsmobiles, to the following: C. W. Bean, Dr. R. C. Smith, Fred Carter, C. V. Russell, and Dr. J. Daniels.

The Motor Supply Co. report sales of Ford cars to J. W. Roberts, Byers, The Tschomski Oil Co. (two cars), and Curtis Hart, Olney.

Lloyd Weaver sold Chevrolet cars to J. W. Birckstock and A. W. White. E. E. Sanders sold a Franklin to M. J. Bashara, and four second hand cars.

The Overland Sales Co. report the sale of a car to J. L. Evans, Addington, and wholesale deals with Rogers Bros., Boyie and the Jefferson Overland Co. at Hastings, (two cars).

Chenault and Wheat sold two second hand cars. The Staley Motor and Supply Co. report one retail sale to T. Morrissey, a Mormon a wholesale sale to the Electra Motor Co., an Oakland, and three second hand cars. McFall and Orth report sales to Dick Lehmann, Olney, C. C. Mathews, City, and J. Alberding, Iowa Park.

KILGORE IS HIGH IN REGULAR SHOOT OF GUN CLUB HERE

SCORES FOR CONTEST PROVE LOW BECAUSE OF HIGH WIND

The Wichita Gun club held its regular shoot Friday afternoon, but the attendance was small, due to the fact that several members of the club are in Chicago attending the world series baseball games. The scores were low, the high wind causing the targets to act in a very treacherous manner. J. G. Kilgore was high gun in the official shoot with a score of 25 out of a possible 25. C. J. Pate made a straight run in the second event, breaking 25 out of 25. Following is the complete score:

Mark Walker	12	20
S. A. Wilfong	13	20
Fred Andrew	13	16
E. C. Hill	12	12
J. G. Kilgore	22	21
Dr. Thornburg	17	23
C. J. Pate	20	25

Checks That Cannot Easily Be Duplicated Are Being Introduced

James S. Brown, representing the Todd Protograph Co., was in town yesterday demonstrating various ink removing acids, and explaining many of the devices. Mr. Brown has had a wide experience with forgers and has many interesting tales to tell of them. His company has issued a new form of check, which Mr. Brown says reduces the risk of forgery to a minimum. The paper is of a peculiar color and texture, and is made by two companies, each using its own process on the same paper, and neither knowing the other's process. By this means, it is impossible for a forger to imitate the paper, which is sold only to users direct, and is not on the open market. There are sundry signs and numbers printed on the check, as additional means of identification, and the tinting of the paper prevents the use of ink removing acids, as it is impossible to remove the tint, leaving a clear white strip on the paper.

Mr. Brown is an Annapolis man, and was in service in the navy for a number of years. Amongst other peculiarities, he always makes out checks for demonstrating purposes to himself. He says he has always kidded himself that one of these days he will get away with one.

HOOPER URGES WICHITANS TO SECURE BONDS

COUNTY EXPECTED TO GO AT LEAST FIFTY PERCENT OVER ASSESSMENT

NEAR MILLION ALLOTTED

Deputy Governor Reserve Bank Says It Is Public Duty to Stand by Government Most Loyally.

Wichita County is expected to go 50 per cent over her second Liberty Loan assessment of \$3,162,000 according to information received from J. W. Hoopes, the deputy governor of the Dallas Reserve Bank to the Wichita County Liberty Loan organization. Mr. Hoopes letter follows:

The seventy-five million dollars subscription allotted to the eleventh Federal Reserve district as its contribution to the Liberty Loan has been apportioned carefully to each county on the basis of its total banking resources, as reported by the banks of the county.

Lowest Demanded.

The amount \$275,142.00 shown against the name of Wichita county is the very lowest subscription figure which the government demands. It is hoped for fifty per cent more. The word "demands" should not be objected to, but regarded very seriously. The demand is a moral one, and the obligation therefore binding. The government which has educated us, protected us by its just laws, and is now fighting a life and death struggle to protect our homes and our trade, has a right to ask for the loan of our money.

In putting the matter thus plainly before you, we desire you to understand that we are speaking through you to the public. Of your personal patriotism and willingness to do your duty there can be no question. Your action in serving your country as organizer or helper places you beyond the realm of criticism. You will find, however, that we shall not easily raise the huge sum demanded of us. Some people will say, "I cannot spare the money." I subscribed to the last loan, and can do no more. We ask you to put the people on their honor to fulfill their moral obligation and to meet the just demands of the government.

First Just Surplus Wealth.

Speaking broadly, the first loan was supplied from the surplus wealth of the country. Our people generally do not realize that sacrifice and self-denial are needed. It is not their idleness which has blessed us with resources beyond other nations, and which by its sagacity has enabled us from success to success, until we have lost that perspective of life which reveals hardship and self-denial in their true proportion. War, the disturber, is here, and will revolutionize our outlook on life. It is you gentlemen, who have undertaken to educate the people by your speeches and your actions, rather than leave them to find out the facts by sad experience.

Can't Act As If at Peace.

"We cannot wage war and act as though we were at peace. We must save or perish. Waste and extravagance must go, self-denial must become a factor in our lives, and love of country must be translated to that spirit which will enable us to hold tight to home comforts, even life itself. It requires this spirit to be engendered to but to a mild degree, to secure the loan of money to conduct the war.

"The spirit of true patriotism is not lacking in our people—but it is not yet fully developed. You can develop it, and we look to you with confidence to do it."

(Signed) J. W. HOOPES

First Degree to Be Conferred Monday By the Odd Fellows

The First Degree will be conferred upon candidates by the Odd Fellows at their hall tomorrow night. This degree is considered by many as one of the most beautiful and impressive degrees known, and usually calls for a good attendance when the members know it is to be put on.

Last Monday night the Initiatory degree was put on, before one of the largest turnouts of members in several months. A short lecture was given on behalf of the Initiatory degree by J. W. Mahan that was a treat to those who heard it. Mr. Mahan has been a member almost since the Civil war, where he saw service, and while his lecture had a humorous side, yet it had most impressive effects.

The Odd Fellows not only of Texas but of the whole United States are doing much that is commendable for the members or sons of members who go to war. Should there be those who never return, their children and families will not lack for a home. The Odd Fellows Home in Texas is second to none. It is said that the highest salaried woman in Texas lives in the ward of the Odd Fellows Home. They are thoroughly educated and trained.

Half Grown Coyote Is Caught in Trap Within City Limits

A half-grown coyote was caught in a steel trap within the city limits of Wichita Falls Friday night by George Halstead. Mr. Halstead lives in the Crescent Lake addition, and has some choice chickens. Some animal had been taking his chickens, and Mr. Halstead set a steel trap. Yesterday morning he found he had found the wolf in the trap.

GOES TO TEXARKANA TO FATHERS FUNERAL

Mrs. C. W. Reid has gone to Texarkana where her father, Captain T. F. Priest, died suddenly of apoplexy on Thursday. The funeral will be held in Hannibal, Mo., and Mrs. Reid will accompany the family there. Captain Priest was one of the best known cotton planters of Northeast Texas and a citizen of much prominence. He had resided in Texarkana for the past quarter of a century. He is a brother of the noted jurist, Judge Henry S. Priest of St. Louis, who survives him. He is also survived by his wife and two daughters.

At the Churches

First Methodist Episcopal Church

(Corner 7th and Lamar.) You are invited to a Sunday school that is breaking all its former records. Meet at 9:45 a. m. Mrs. Dell Shonemaker has charge of the Missionary program. Interesting classes with trained teachers.

11 a. m. morning worship with sermon, subject, "Added Strength." Special music. The organist, Mrs. Agnes Marquand will play as voluntary "Narcissus" by Nevin.

3:30 p. m. Mrs. H. C. Vandaveer, superintendent of the Junior League will conduct the meeting. Miss Alene Anderson with accompaniment will sing.

7 p. m. Intermediate League services, led by Miss Elizabeth Smith, subject, "The Way to Work." Special solo.

7 p. m. Epworth League meeting with lively music and orchestra. Mr. Donald Ross will lead, subject "Christ's Yoke," time here to get acquainted.

8 p. m. evening song and praise service with orchestra and Mr. Taylor's special solo. Voluntary, prelude by Hayes. Sermon, "Reasoning and its Sequel."

Monday 3 p. m. Woman's Home Missionary meeting, election of officers.

Tuesday 3 p. m. Bible study class conducted by Dr. Carrie M. Gibson.

Wednesday 7:30 prayer meeting.

Come and bring your friends to service and a fellowship you can't afford to miss.

HARRY F. DRAPER, Pastor.

Church of Christ

(Broad street between Eleventh and Twelfth.) Sunday school at 9:45 under leadership of W. O. Beaman. Classes all ages.

Preaching 11 a. m. and 8 p. m. by Rev. E. Christian.

Let all members be present to welcome Brother Christian home after his long absence. All visitors and strangers will find a welcome.

First Presbyterian church. Quarterly Communion Sunday morning. An opportunity will be given for church membership and for infant baptism. Rev. J. H. Bone will preach the communion sermon. His subject will be "The Open Door."

The pastor will preach the third of the series of sermons on the Apostles at the evening hour. The subject will be "John, The Beloved."

Miss Vande will sing solos both morning and night. The choir will sing: "Jesus, Thou Art Standing" at the morning service.

N. F. GRAFTON, Pastor.

First Methodist Church, South

(GUS BARNES, Pastor)

Sunday school at 9:30. The orchestra makes the music of the school one of the features of the Sunday school.

Morning service will be Communion service. The choir will sing "Awake, Thou That Sleepest," from the Daughters of Jairus. Miss Cook, organist.

Junior League at 3 p. m. Mrs. J. L. Richardson, supt. Sunday school at North Wichita at 3 p. m. Sunday School at Paul's Memorial Chapel in the factory district at 4 p. m. Intermediate League at 6:30. Note the change in time. Mrs. Huckabee will be present. Senior League at 6:30. Note change in time. Miss Hilda Maatros will lead the meeting. Miss Muriel Hickman will speak on "How to Wear Christ's Yoke." Mrs. Wolfe will sing a solo. At 7:30 p. m. (note change in time) the pastor will preach on "The Rewards of Stewardship." The last of a series. Be sure you hear this one. No special offering.

First Christian Church. (Tenth and Travis Streets.) To whom it may concern: The morning worship beginning at 10:45 will be featured by a special lecture on the "Patriotic Service League." This message is one that all parents with their sons should hear. High school students especially need to hear this lecture.

Sunday school is held at 9:30 with something doing. Change of hour in the night services which begin at 7:45 sharp with a song service followed by a red-hot sermon on "The Real Health Food." Special music by the chorus choir under the direction of Miss Ag-

new at both the morning and night services.

The Junior, Intermediate and Senior C. E. will meet at 6:45. Note the change of time and get in line. The mid-week meeting Wednesday meets at 7:45 too. Do not do not make the mistake "Christ in the Life does." No matter what your position may be, a welcome, home-like, and warm awaits you. Come get it!

First Evangelical Church. (Corner 15th and Broad streets.) The pastor will be in the pulpit both morning and evening.

The subject for the morning's discussion will be "The Spirit-filled Life." Worship begins 11 o'clock. Evening worship 8 o'clock. Sunday school 9:45 a. m. Junior Alliance 6 o'clock. Senior Alliance 7:15 p. m.

Monday the ladies' Aid will meet in the church at 3 p. m. A cordial invitation is extended to attend this service.

The pastor will give to devotional and social features. Wednesday evening prayer services 8 o'clock.

GEO. E. ALSTADT, Pastor.

Church of The Nazarene. (Corner Fifth and Bluff Streets.) Sunday school at 9:45 a. m. All the children are invited to attend Sunday school today, and learn about the prizes that are to be given away soon.

Preaching at 11 a. m. and 7:30 p. m. by Rev. C. C. Montandon.

Prayer meeting every Thursday night.

A hearty welcome to all. JAS. N. COOPER, Pastor.

New Pastor. Rev. Wm. Utish, the new pastor of Lutheran Trinity church, corner 14th and Bluff streets arrived with his family Friday, October 5th. He will conduct his first sermon on Sunday, Oct. 7th at 10:30 in the morning. Sunday school begins at 9:30. All members and friends of the congregation are cordially invited to attend services and send their children to Sunday school. Our next congregational meeting will be held Sunday, October 21st. After morning service new members are heartily welcome. God wants you, the pastor and church needs you. The congregation welcomes you. W. UTISH, Pastor.

MUSICIANS CLUB TO HOLD MEETING NEXT THURSDAY

Decision on number of important policies to be made.

Mixed chorus plan up.

Musical value of this letter form of organization is considered favored by Times critic.

The Musicians club will hold its first meeting of the season on Thursday next at 8 o'clock at the Harrison-Erson recital hall, when the tentative plans of the club will be ratified.

One of the most important matters of the club remains as yet undecided. This is the question of whether the mixed chorus, which was organized from the club last year, shall be continued during this season. A number from the male section last year have left town. Mr. Woodside and Mr. King, both from the bass section, being officers in the new army, and Mr. Smith, tenor, at Camp Bowie. The male section was small last year, and it is felt by some members that it is likely to be any smaller this year, the

mixed chorus would be hardly worth while. On the other hand, to give up the male voices is a solution of the question which many members view with much regret, and it is felt that every effort should be made to find enough men singers to make a good mixed chorus.

Value of Mixed Chorus. Of the musical value of a mixed chorus over that of either male or female, there can be no question. The difficulty seems to be to make the mixed chorus a practical success. This matter will be discussed at the meeting on Thursday, and it is urgently requested that if any of the male section of the chorus can be present, they make every effort to do so.

The club will be divided into three departments—the chorus, the study club, and the active members who will appear once a month on programs. The chorus matter is undecided, save that the practices will be held once a week. The study club will also meet once a week. The piece of meeting to be decided upon at the meeting on Thursday. The active members will be those who, for the most part have not the time to belong to the chorus and the study departments. But who can appear on the monthly program. Each department will have its own chairman who will be responsible for her own department in the matter of attendance, dues, fines, and so forth, and each chairman will work under the direction of the executive committee.

Course of Study. The course of study to be taken by that department is what is known as the "University Course," and is said to be an excellent one. One of the principal difficulties of the club heretofore has been to find a course of study which seemed suitable to the needs of the club. The committee of the study department believe that this is one of the best courses that has yet been tried.

Friday has been decided upon as the day on which the Musicians club will work at the Red Cross Headquarters, and a good, representative attendance of the club is particularly requested on that day.

CHARLES RAY AT THE MAJESTIC MONDAY. Charles Ray, who won a personal triumph in "The Clodhopper," will appear in the biggest role he has yet essayed in the Triangle play "Sudden Jim," the Saturday Evening Post story by Clarence Budington Kelland, which will be shown at the Majestic theater Monday. Millions have read the story, either in serial or novel form, concerning the boy who was given \$50,000 by his father and told to play or work, just as he might choose. Playing didn't appeal to Sudden Jim. Instead, he took his father's clothes pin factory up in Michigan, made things hum, fought down a combine that was trying to force high prices on the market and earned the title "hell on wheels." Those who have read the exploits of Sudden Jim and learned to love him for his quick decisive action, his altruism with a punch, will see him perfectly realized in Charles Ray. In fact, Ray's own personality is so identical with that of Sudden Jim that the Triangle producers purchased the story particularly to feature him.

STOCKDALE WILL MAKE ADDRESS TO MERCHANTS HERE

EFFORT IS MADE TO SECURE A LARGE ATTENDANCE UPON EACH SESSION.

FIRST TALK IS MONDAY

Believed That This is Splendid Opportunity to Learn Important Facts Upon Merchandising.

Frank R. Stockdale will address the local merchants next week in a series of five lectures, given in the Har-

ison-Everson recital hall, and beginning Monday evening at 7:45. The time of the other lectures will be announced by Mr. Stockdale on Monday evening.

Much gratification has been expressed by many because of this visit. Every effort is being made to secure a good and representative attendance, as it is believed that this is an opportunity to learn interesting and important facts about merchandising which should not be missed.

One of Stockdale's claims. Mr. Stockdale makes for his lectures is that they are constructive and not destructive. That is to say, he strives to show the merchant how to use what he has to better advantage, rather than telling him to cut out this, that and the other, remodel his store, alter his premises, and tear things up generally. He tries to help the merchant solve the problems which confront him, with such material as he has to hand, and he endeavors to find out as many individual cases of local difficulty as possible, so as to be able to deal with concrete examples rather than abstract theories.

Whilst a good deal of his information will be on what is being done elsewhere in large cities, this will be only for the sake of showing what may be accomplished here by similar methods. It is the local conditions, interests, and difficulties which will receive most of Mr. Stockdale's attention.

Secretary Visits City. J. W. Grist, Mr. Stockdale's secretary was in the city last week, preparing the ground and gathering such information as might be of value to Mr. Stockdale in his talks. Mr. Grist said that he found an excellent spirit among the merchants, and excellent ground for a very strong organization. There seemed to be less friction, and more good feeling amongst the competitors in the various lines of trade, he said, than in most places he visited.

Mr. Grist suggested that a merchants institute would be an excellent plan, and he thought that much benefit would result from some such an organization.

These merchants institutes have been tried very successfully in many towns and cities of various sizes, all of which proclaim them an excellent investment. The institute collects and passes on information of value to the merchants, and it is generally conceded by large wholesalers, jobbers, importers, and so on, that there is a new era in merchandising coming in the near future and that men in every branch of business can better their business efficiency by closer study of the most productive methods of doing business.

Keeps Up With Latest Methods. The institute keeps in touch with the latest and best methods and standards, it keeps the merchants together and helps them to co-operate for the best interests of the community and themselves.

It seemed extremely probable from what Mr. Grist said, that Mr. Stockdale will try to form some such organization among the merchants here, if it should meet with their approval. Constructive and constructive organization are the chief things Mr. Stockdale tries to achieve, and it is believed by the most prominent merchants here that they will very greatly benefit from the lectures, investigations, and suggestions they will receive from him.

OIL COMPLETIONS DURING WEEK ARE NOT PROMISING

DRY HOLES IN ARCHER AND DUSTERS IN CLBERTSON AND ELECTRA ARE SHOWN.

Some dry holes in Archer county and a duster each in the Culbertson and Electra districts, made the week-end completions reported look scarcely as promising as the mid-week reports of big barrels in Burkholder territory. The Fisher and Company Markowitz No. 2, good for from 40 to 60 barrels, and the 4-6 Oil Company's No. 2 in the Culbertson making 18 barrels from 1400 to 1416 feet, are the only two producers reported for the close of the week.

LOCAL LIBRARY ASSOCIATION IS CALLED TO MEET

MANY MATTERS WILL BE CONSIDERED AT SATURDAY SESSION.

Saturday, October 13, the Wichita Falls Library Association is called to meet at 3 o'clock at the Methodist Episcopal Church, South. At this time reports of the executive committee covering all the work up to the present time, including the progress on the building, arrangements for furnishing the library and supplying the book shelves, will be presented. Plans will also be discussed for definite work to be undertaken by the entire association immediately.

Society Brand Clothing

Opportunity knocks at the door of every good dresser

It's up to every would-be successful man to realize that good clothes are a part of the stock-in-trade essential to a more speedy development of a successful career.

As usual, we are more than adequately equipped with a resplendent "Dress Up Show" of the finest ready for service clothing, featuring particularly the season's finer creations. Those "breezy" ones with that indefinable "crackle" to them that all young "up-to-the-minute" dressers look for, faultlessly correct in every detail. New

effects that are bound to interest those who are looking for real class in their garments.

The new "Military" effects that the younger generation are adhering to so conspicuously are here in all the latest models and colorings. Creations that have been worked out by the foremost fashion artists, thereby exemplifying the embodiment of "superlative excellence." The last word in style, the cream of the best.

We also carry a wide assortment of style and patterns for men of more conservative preference.

FURNISHINGS

We offer you exceptionally good money-saving opportunities. A common sense argument for early buying. Here you will appreciate an extensive showing of really dependable merchandise. In fact, everything to satisfy the most exacting critic.

NECKWEAR

Exclusive designs, beautiful fabrics. Wide price range.

SILK SHIRTS

For the comfort and dressy appearance men want. \$5.00, 06.50, up to \$10.00.

HATS

An extensive showing of the season's best in high grade head gear, including Stetson and Mallory. A wonderful line of caps with that sporty catch to them that the young fellows like.

BOYS' CLOTHING

Mothers should certainly visit the boys' department. You cannot go wrong buying here because we buy right. Woolen suits in all the latest fancy mixtures. Some with extra knickers made to stand rough wear. \$5.00, \$8.50, up to \$15.00.

A complete assortment of boys' waists and shirts, sport shirts and blouses. Boys' hats, 50c, 65c, and up to \$1.50.

"Absolute Reliability"
'STYLE HEADQUARTERS'
The Store that Sells Society Brand Clothes

to furnish the shelves (in keeping with the magnificent building and to provide for the upkeep. It is desired that the gathering next Saturday be as nearly representative as possible.

McCOMAS-CHRISTENSEN WEDDING ON SATURDAY
Saturday morning at 11:30 Miss Elsie McComas and J. V. C. T. Christensen were united in marriage by Dr. G. Cross of the First Christian church. The ceremony was performed in the pastor's study and was witnessed by Mrs. McComas, mother of the bride; O. B. Cecil and John W. Bradley. Following the ceremony the party enjoyed an informal wedding luncheon at the Metropolitan Cafe. Mr. and Mrs. Christensen are now at home at 1406 Grant, the F. W. Griffin home, which Mr. Christensen purchased some time ago and had furnished for his bride.

The groom is a well known business man of this city, being president of the Wichita Falls Foundry and Machine Company. His bride was formerly secretary to J. W. Butz, superintendent of this division of the M. K. T. Ry. and is known as a most active young woman. The interest and congratulations of their many friends are with Mr. and Mrs. Christensen.

Children's Festival of Yeoman's Lodge Is to Be Held Oct. 19th
Plans for the Children's Annual Festival of the Yeoman lodge, to be held Friday, October 19, were made at an unusually interesting session of the

lodge held Friday night in the Yeoman hall. There will be a special program and a prize contest for the Yeoman children and the entertainment will be open to the public. The meeting Friday night was featured by the initiation of eight candidates from Electra and several local people. A short musical program was given by the orchestra and various of the members made talks. A luncheon was served at 11:30. The attendance was very good.
