## COUNTY EXPECTED TO LEAD IN FOOD SAVING CAMPAIGN

LIBERTY LOAN WORK HERE SAID TO HAVE GIVEN WICHITA REPUTATION

### JOHNSON BACK IN CITY

Offices in Dallas Prove Busy Places, Many Clerks Being Used in Campaign in This State

"Because Wichita County has achieved a national reputation by being the first to send in her quota for the Liberty Loan," said B. F. Johnson this morning, "we are looking to her to be the first to send in her quota of pledge cards on the food conservation campaign. That is one point about a good reputation—you have to live up to it."

Mr. Johnson returned this morning from Dallas, where he has spent several very busy days on the food conservation work, which he says is going forward in rapid strides.

**Pledge Enthusiastic.**  
E. A. Peden, the Texas Food Administrator, was enthusiastic in praise of Wichita County's record on the loan, and said he looked for great things from her in the food campaign. He also warmly commended the eight commercial organizations, Mr. Johnson reported, who had loaned the services of their secretaries to the government for the carrying out of this work. These towns are Dallas, Paris, Wichita Falls, Amarillo, Beaumont, Brownwood, El Paso and Houston.

Dallas has provided eighteen clerks who are working for the government while their salaries are still being paid by their respective employers. These clerks are kept at the rush order point from morning till night, for every order in the office is a rush order.

**Prizes are Offered.**  
Alex Sanger, of Sanger Bros., who has charge of the work among the retail merchants, has sent a poster over the whole district, and the Dry Goods economist has offered a prize for the window display which gives the best advertising to the food conservation campaign.

Everything in the office has been donated, either by the Dallas merchants or from the outside communities. No one remembered, however, to donate the services of a janitor, and the office hired one before it remembered that it had no funds with which to pay him. So that when Saturday came, and the janitor demanded his pay, he was in no way comforted, nor even impressed by the information that Mr. Hoover would take care of his salary. He had never heard of Mr. Hoover, he had never seen him, and he desired no dealings whatever with him. He wanted his pay, and he was "awine ter get it."

**One Firm Gives Cash.**  
It so happened—fortunately for the janitor,—that one Dallas firm which had been unable to donate the services of any of its office force, had instead agreed to give \$50.00 per month to the work. This was turned over to the late Ethiopian, who seemed satisfied.

Mr. Johnson says that the plan is not so much a matter of food conservation as of intelligent substitution. "Some things," he said, "we need for export—meat, wheat, meat and fats, and it is up to us to substitute for ourselves foods which will take the place of these, such as vegetables, fruits, fish, corn, and so forth. When asked why the people at home were urged to eat those things which it was almost impossible for the mio buy, he replied that if he could answer that question, he would be drawing a very large salary indeed."

### Emperor Says France Must Come and Take Alsace and Lorraine

By Associated Press.  
London, Oct. 18.—The correspondent of the Berlin Lokal Anzeiger, who was permitted to travel on the train which took Emperor William to the Balkans and to lunch in the restaurant car with the emperor, says a dispatch to the Daily Chronicle from Amsterdam, sends the following to his newspaper: "His Majesty sat down to the table with the observation that he had just read Professor Painleve's first speech as French premier."

"So M. Painleve wants Alsace and Lorraine, does he?" exclaimed the emperor. "Good, but he must come and take it."

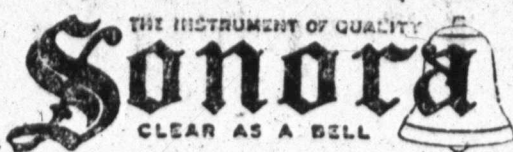

"At the conclusion of the lunch, which consisted of meat and fish courses and bread and cheese, about the same as might be served in a middle class household, the kaiser said: 'It is unworthy for any German to live when even the birds are being put to without things. What we have of foodstuffs is common property, which by just division, is sufficient to keep us alive for an unlimited time and for which permits us to await victory with calm. Who takes more than his share sins against those who serve, the Fatherland.'"

### Retail Coal Dealers Refusing to Accept Orders in New York

By Associated Press.  
New York, Oct. 18.—Retail coal dealers here are refusing to accept orders for immediate delivery and express concern over the apparent prospects that delay in receipts of supplies will result in one of the most serious coal shortages in the city's history. Some dealers say the price is demanding as high as \$9.25 a ton, or fifty cents more than the price established by Harry A. Gartfield.

## PROGRESS earned by VALUE

Present indications show that the Sonora sales for 1917 will be over 100 times as great as the sales for 1916.

This marvelous growth in so short a period could not have been reached with a phonograph that was only "as good" or even "slightly better."

Sonora had to be overwhelmingly superior to achieve so quickly such remarkable results in the face of the vigorous competition and the extensive publicity of older established machines.

Sonora's popularity is based on its intrinsic worth. Its exquisite tone which won for it the highest score at the Panama-Pacific Exposition wins for it new admirers daily.

## FRUGAL AUSTIN WOMAN BUYS STAMPS AGAINST DAY OF RAISES IN RATES ON FIRST-CLASS MAIL

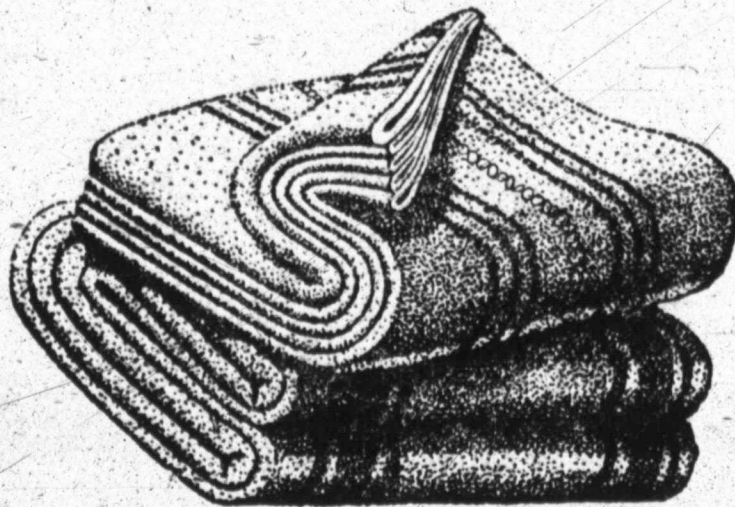

One of the articles in the war tax bill passed by the last session of Congress increases the rate of postage on letters from 2c to 3c, effective November 2. Shortly after the measure had received the president's signature the postoffice department sent out bulletins to all postmasters, and newspapers, with the request that the matter be given as much publicity as possible. The newspapers of the country, as usual, responded to the call, consequently hundreds of columns have appeared in the papers lately.

Conservation and economy in all things has also been advocated strongly by the government officials, with the assistance of the newspapers, and there's one lady in the capital city of this state who evidently has both the subject of increased postage and economy bearing heavily on her mind, as is shown by the following dispatch, which was issued from Austin yesterday:

A story is being told here of a certain housewife of this city, who, in her efforts to practice the strictest economy, went so far as to purchase \$25 worth of 2c postage stamps when she heard that postage on letters was to be increased from 2c to 3c.

"She was under the impression that there was to be an advance in the price of stamps and she decided to lay in a supply before the date of the advance."

PHONES: Business Office 107; Editorial Room 107; Wichita Falls, Texas, October 18, 1917.

NOTICE TO SUBSCRIBERS

Carrier boys are not allowed to collect for subscription to The Times, except in the factory district and on south side of river.

The enrollment in the city schools shows an increase of 232 students over this date last year.

"There is nothing to report," cautions Field Marshal Haig. Which, being translated, means, "Something is likely to break loose almost any minute."

Wichita County is known to be the first in the Eleventh Federal Reserve District to raise its minimum quota, \$897,000, in subscriptions to the second issue of Liberty Bonds.

An American torpedo destroyer has been seriously damaged by a German submarine with a number of casualties. Those men received their injuries standing between the women and children of our country and the ruthless barbarians who call themselves the "cultured" of the earth.

EXCEEDING THE SPEED LIMIT.

Scores of drivers of automobiles in Wichita Falls habitually exceed the speed limit in certain sections of the city. Some of them drive too fast even in the crowded business district.

But there seems to be something exhilarating in this driving of a car which erases dull care from tired brows and serves to quiet jangling nerves. There seems to be something about it which gives over-confidence to the individual automobile driver.

It is not an easy matter for the police force of any city to enforce the traffic regulations. They cannot be omnipresent nor can any department afford the necessary number of traffic officers, mounted on motorcycles, to make every car driver reasonably certain that he will be arrested if he fails to observe the letter of the law.

It is only possible for the officers to pick up here and there an isolated case, and this cannot go far toward enforcing the law.

It is only easy to enforce a traffic ordinance in a city in which the people themselves are in full accord with that ordinance and are willing to cooperate with their peace officers in assisting to bring about the proper observance of the law.

We are quite sure that the people of Wichita Falls are in accord with any movement which would safeguard the lives of other residents. We are quite sure that there is not a single automobile driver here who would not gladly give up driving his car today if he knew it would save him an accident that would maim or kill one of his fellowmen.

Where we not convinced of the last statement, this would not be written. It is written in a spirit quite as friendly for the car driver as for those whom he endangers. For a fatal accident, with knowledge of the car driver that his own carelessness was responsible, must result in mental pain for him that is commensurate with the physical sufferings of his victim in the accident.

LOCAL CHAIRMEN IN LIBRARY FUND CAMPAIGN NAMED

MRS. T. B. SMOCK ANNOUNCES THOSE WHO WILL AID IN COUNTY

Appointment of chairman for the various towns in the county, to assist in raising the war library fund of \$1,000,000 asked of the United States as a whole, has been announced by Mrs. T. B. Smock, appointed by Governor Hobby as county chairman.

Miles O'Reilly is chairman for Wichita Falls, J. P. Dunn, chairman at Electra, J. T. Norby at Iowa Park and W. D. Cline at Burk Burnett. These chairmen will appoint members of their committees to assist them in raising Wichita county's share of the \$1,000,000. Appointment has not been announced and no date set for the beginning of the campaign.

The cantonments and training orders to begin the work of raising the fund, is acquainting herself with the need of libraries for the men in the service. The War Library Association makes the following statement which explains the purpose of the fund:

In a few weeks our new army will be quartered in thirty-two cantonments and numerous training camps. Hundreds of thousands of vigorous, active earnest Americans have been suddenly snatched from a life of civil liberty, and as suddenly plunged into a new life of military restraint without many of the pleasures or diversions of their former surroundings.

The cantonments and training camps are to a great extent isolated, and in nearly every instance they are far removed from the home states of the troops to be assembled. The government will see that nothing is lacking in equipment and material to make the new soldiers efficient fighting men. But all of their time will not be required for training and drill. Some provision must be made for their hours of leisure.

At the request of the United States government the American Library Association has undertaken to provide libraries for our fighting men. This will be made possible by a \$1,000,000 Library War fund.

Good libraries constitute one of the few comforts of home which relatives and friends can provide for the men in the United States service. This Library War fund offers a definite way by which these libraries can be provided. It is the only thing he has to do that each man not only receives the book which could be purchased with the dollar contributed by a mother or wife, but also that he can secure another book when he has read the first, and another when he has read the second one, and so on throughout the entire period of his service.

HOBBY ANNOUNCES APPOINTMENT OF WATER ENGINEERS

By Associated Press. Austin, Texas, Oct. 18.—Governor Hobby today announced the appointment of W. T. Potter of El Paso, and R. J. Windrow of Waco, to be members of the state board of water engineers. Mr. Potter succeeded Major John Wilson of Barstow, who had been a member of the board since its formation, while Mr. Windrow fills the vacancy caused by the recent resignation of J. C. Nix, who was chairman of the board. Mr. Windrow has been the secretary of the board. The governor has not yet announced the appointment of a secretary to take the place of Mr. Nix. E. B. Gore, the third member of the board, has still four years of his term to serve. The appointment of Mr. Potter becomes effective at once, while Mr. Windrow will assume his duties on November 15.

Pinkerton Detective To Present Evidence Against Express Man

A. R. Holland, the man told of in Wednesday's Times as having been arrested on a charge of theft of express packages while in the employ of the Adams Express company, will be given a hearing at 4 o'clock this afternoon before United States Commissioner Lantz. He is alleged by the Pinkerton detective agency to have stolen silks and other valuables worth thousands of dollars.

SUGAR MILL MECHANICS AGAIN WORK IN CUBA

Havana, Oct. 17.—The strike of the sugar mill mechanics, which began early in the month in Santa Clara province when the demands of the men for an eight hour day and double pay for overtime were refused by the mill owners and which threatened seriously to interfere with the harvesting of the sugar crop, appears to be near a settlement.

Passenger Train Is Robbed in Tennessee; Big Sum Is Secured

Dyersburg, Tenn., Oct. 18.—A passenger train on the Chicago, Memphis and Gulf Railroad was held up at Minton, Tenn., about ten miles north of this city at 11 o'clock today, according to reports received here. The safe in the express car was dynamited by the robbers who are said to have secured a large sum.

Flight of Italian To New York City Has Been Postponed

Newport News, Va., Oct. 18.—Because of the failure to arrive of a party of attaches from the Italian embassy at Washington, the proposed flight today of Lieut. Silvio Resnati, in his Caproni bi-plane to New York, was postponed until tomorrow or Saturday.

DR. Q. B. LEE WILL GO INTO SERVICE, TELLS ROTARIANS

HEAD OF ORGANIZATION MAKES ADDRESS AT NOONDAY LUNCHEON.

TO LEAVE IN FEW DAYS

Government Engineer McInerney, in Charge at Aviation Camp, Thanks People for Courtesies Shown.

Dr. Q. B. Lee, president of the Rotary Club, stated at the club luncheon today that he had received orders from Washington to report in New York in a few days.

Dr. Lee volunteered his services to the government, and will go into active training as soon as he can get away. He said that his work for the first six weeks would be intensive training in "reconstruction."

Dr. Lee expressed his appreciation of the honor the club had conferred upon him by making him president, and said that the only thing he hated about going was leaving Wichita Falls "back," concluded the doctor, "and though I do not know when I shall see you fellows again, I do intend to see you some time, for I expect to make my permanent home right here."

Mr. McInerney expressed his thanks for the courtesies which the citizens of Wichita Falls have accorded everyone at the camp, both the government officials and those of the Gilsonite Construction company.

A. E. Miles suggested the adoption of a question box for the purpose of finding out what the members desired to know in connection with affairs of interest to the club, and a ten minute round-table discussion of the questions, and possibly the preparation of a motion picture.

O. T. Bacon gave a brief account of a recent trip into Oklahoma, where he was much impressed by the speed and vigor of the business men. He more seems to have particularly impressed Mr. Bacon, where he was made very welcome by the Rotary Club.

Mr. Bacon believes that there is much business to be done in a closer fellowship between the two towns, and is of the opinion that there is much undeveloped business opportunity in this locality which could be very profitably explored by entering Wichita Falls business men.

John Arnold, of the Humble Oil Co., observed in this connection that there would be no business possibilities as long as freight rates were so high, and stated that his company found it cheaper to buy in Oklahoma and ship to Iowa Park than to buy the same article in Wichita Falls.

The president remarked that it was not so much a matter of business as of good fellowship that the trip would bring forth, and the matter was referred to the board of directors for discussion.

Mr. Bacon believes that there is much business to be done in a closer fellowship between the two towns, and is of the opinion that there is much undeveloped business opportunity in this locality which could be very profitably explored by entering Wichita Falls business men.

At least two of the Wichita county rural schools are to be closed. The bill will apply for state aid under the \$2,000,000 rural school bill passed at the last regular session of the legislature.

GOVERNOR GIVEN RESIGNATION BY LABOR EXECUTIVE

By Associated Press. Austin, Tex., Oct. 18.—Frank Swor, of Fort Worth, today tendered his resignation as state labor commissioner, to Governor Hobby to become effective November 1. Swor was appointed by former Governor Ferguson after the Senate had refused to confirm the appointment of C. W. Woodman. No successor to Swor has as yet been announced by the governor.

In taking this action, Mr. Swor says he fully realizes "the acute and unprecedented political entanglement now prevailing in our Lone Star state, and knowing full well that many politicians are besieging" the governor in behalf of themselves, he therefore resigns; that all his life he had been taught "the unpardonable sin was the sin of ingratitude and disloyalty to true friends."

Special to The Times. Dallas, Tex., Oct. 18.—A state law prohibiting the waste of gas was proposed by E. L. Underwood of Grobeck in a paper on "The Conservation of Natural Gas," read before the final session of the convention of the Texas Association of Natural Gas Producers, declared that the waste of gas in his section of the state was enormous.

The committee chosen to recommend the time and place for the next convention reported favorably for Fort Worth, and that city will be the meeting place for the association in September 1918.

WOULD HAVE STATE LAW PASSED TO SAVE GAS

Special to The Times. Dallas, Tex., Oct. 18.—A state law prohibiting the waste of gas was proposed by E. L. Underwood of Grobeck in a paper on "The Conservation of Natural Gas," read before the final session of the convention of the Texas Association of Natural Gas Producers, declared that the waste of gas in his section of the state was enormous.

The committee chosen to recommend the time and place for the next convention reported favorably for Fort Worth, and that city will be the meeting place for the association in September 1918.

IMPEACHMENT BILL SIGNED BY HOBBY WITH TWO OTHERS

By Associated Press. Austin, Texas, Oct. 18.—Governor Hobby today signed the house impeachment bill passed at the last special session, which provides for the calling of the house by the speaker with the written consent of fifty members for the purpose of considering impeachment proceedings against state officials, heads of departments and institutions, and members of boards, including members of the board of regents of the university. This bill becomes effective December 28.

The governor also approved two other bills, being the bill to prevent diversion of electric current, water or gas.

gas. This is known as the Nordhaus bill, and the bill regulating emigrant agents and bureaus and defining licensed emigrant agents. These two bills also become effective on December 28.
The bill making an appropriation for the state training schools at Gatesville, which carries \$223,930 for the first and \$144,430 for the second fiscal year, was filed in the secretary of state's department without the signature of the governor. No statement was made for the action of the chief executive in not signing the bill. It becomes a law without his signature. The governor has now disposed of all bills passed at the last special session of the legislature.

Fort Worth Live Stock. Fort Worth, Oct. 18.—CATTLE—Receipts 7,000; unchanged. HOGS—Receipts \$11.25; stockers \$6.00; hogs \$7.25.

Chicago Live Stock. Chicago, Oct. 18.—HOGS—Receipts 17,000; dull. Bulk \$16.10; light \$17.50; heavy \$18.00.

Kansas City Live Stock. Kansas City, Oct. 18.—HOGS—Receipts 5,000; 25 lower. Bulk \$16.25; light \$17.50; heavy \$18.00.

St. Louis Live Stock. St. Louis, Oct. 18.—HOGS—Receipts 9,500; fifteen to twenty-five cents lower. Light \$16.25; heavy \$18.00.

Wichita Falls Produce Market. Wichita Falls, Oct. 18.—Eggs 24 cents; butter 20 cents.

HEAVY REALIZING IN COTTON SENDS PRICES DOWNWARD

New York, Oct. 18.—A renewal of heavy realizing caused some irregularity at the opening of the cotton market today.

After selling at 27.60 for December and 27.22 for January, or 29 to 34 points net higher, the market became less active and there were reactions of 10 or 12 points around midday.

New Orleans Cotton. New Orleans, Oct. 18.—Fear of cold weather in the belt caused buying of cotton here today and prices were advanced 14 to 20 points in the first half hour of business.

Liverpool Spots. Liverpool, Oct. 18.—Cotton spot quiet; prices easier; good middling 29.92; middling 29.42; low middling 19.92; good ordinary 18.92; ordinary 18.42.

Sugar Market. New York, Oct. 18.—Raw sugar steady; centrifugal \$9.90; molasses \$6.22; refined steady; fine granulated \$8.35.

Kansas City Cash Market. Kansas City, Oct. 18.—Corn, No. 2 mixed \$1.81; No. 2 white \$2.06; No. 2 yellow \$1.84.

New York Coffee. New York, Oct. 18.—Coffee No. 7 Rio \$24; Futures easy; Dec. \$7.95; March \$7.30.

New York Stocks. New York, Oct. 18.—Recurrent weakness in active specialties provoked further irregularities at the opening of today's stock market.

Kansas City Produce. Kansas City, Oct. 18.—Eggs, butter and poultry unchanged. Potatoes: Firm \$1.30; \$1.50.

Chicago Produce. Chicago, Oct. 18.—Butter lower; creamery, 35 1/2; butter, lower; eggs, lower; receipts 7,475 cases; frats 37 1/2; ordinary frats 35 1/2.

You Will Marvel How It Can Be Done!

The price still remains the same! Too great to believe you say. All we ask is an opportunity to show you the clothes made on the principle of concentrating volume on definite grades—the scientific way to manufacture at lowest cost.

Styleplus Clothes \$17

have remained at \$17 during the last three years because of this principle.

And the fabrics are guaranteed all-wool, hand-tailored-a-plenty, models so perfect that they have won a national reputation as the style authority at medium price.

Styleplus Clothes \$21

The makers have added a \$21 grade to increase the selling range and volume of Styleplus Clothes. They have the extra quality and show it.

Big assortments in each grade—suits and overcoats. Next season the makers announce that the \$17 grade will probably go higher and the \$21 grade correspondingly higher.

SOCIETY BRAND OVERCOATS—\$25 to \$50

PERSONALS

Miss Anna Pitwater was called to Mangum, Okla., Wednesday by a telegram announcing the serious illness of her mother.

B. F. Flowers and A. A. Edwards, of Fort Collins, Colo., are business visitors in the city.

### WOMAN SOLDIER

This is one of a series of letters from a Washington woman to her sister in Michigan, telling how one woman is co-operating with the U. S. Food Administration.

Washington, D. C.

Sister mine:

The Food Administration wants us to economize on fuel for the same reason it asks the use of the local supply of fruits and vegetables. Our railroads are overburdened with hauling war materials. We may relieve them by burning fewer fires this winter, by using wood instead of coal where practical. When coal is mined in a local district there is no advantage in not using it, but when it must be hauled

from a distance it will be a great help to use wood as a substitute as much as possible.

We are asking to remember when we leave electric lights burning, electric fans going, and steam radiators turned on when not needed, that we are wasting coal. As substitutes are suggested the use of kerosene, or electricity developed by water power, or gas as far as possible. We are also reminded of the fireless cooker whose advantages you and I already know.

We are asked to patronize our local dealer for green stuffs for the same reason that we are asked to economize on coal. If everybody uses the abundance of locally grown fruits and vegetables there will be no necessity of using the freight cars to haul perishables from a distance. We are reminded that we eat too little green stuff as a nation anyway and are asked to double our supply, eating the fruits and vegetables that are locally in season instead of demanding those grown in some other part of the country.

So there you have the six economies of the "Home Card": wheat, meat, milk, fats, sugar and fuel, with an added plea for the greater use of our present garden abundance. It seems to me that they are very necessary, and that we must heed them if untold misery in many lands is to be prevented. Ever since Jack said what he did about the little rodents in Belgium who stand for hours with their small caps waiting for their portions of milk I have carried in my thought a picture of our Billy in the place of some of them. It brings a lump into my throat.

Well, Edith dear, if they go hungry, or our soldiers want, or anybody in all the world suffers through hunger, it is not going to be through any failure of mine to follow the Food Administration program. It isn't much that is asked of me,—just a wee "bit", and I give it in gratitude for the chance to give.

Tomorrow I am going to take my little ten cents down to the Food Administration and buy the pattern for the "Service Pack"—the official badge of every woman's loyalty.

I'll tell you more about it then. Devotedly,

FRANCES.

## "In Again and Out Again"

In this picture, Fairbanks presents various new departures in the way of humorous incidents of the Fairbanks variety, together with a rapid-fire theme which will keep you on edge from start to finish. The story has to do with the capers of an energetic youth who falls in love with a pretty maid from the Jersey side of the Hudson River, and, contrary to the general rule, finds it more difficult to get into jail than to get out of it.

REMEMBER—Only one day, this being the only open date we had to sneak this picture in.

Admission - - - 10c and 15c

### YOUNG FOLKS WILL LEAVE FOR DALLAS NEXT SATURDAY

Arrangements have been concluded with the Fort Worth and Denver railroad to take from one hundred to one hundred and fifty young people to the

Wichita County agricultural clubs to the Dallas fair. The party will leave Saturday night, and the sleeper will be ready at nine o'clock.

J. W. Campbell, county agricultural agent, and Miss Opal Hughes, the home demonstrator, are in charge of the trip, and they have worked very hard on the arrangements. Many of the parents will accompany the children, and everyone seems to be very enthusiastic over the prospect.

### Treasury Secretary Is Informed By Kemp Quota Is Raised Here

J. A. Kemp yesterday wired Secretary McAdoo that the quota for Wichita County had been oversubscribed, and that a million dollars worth of bonds had been bought. The telegram is as follows:

Wichita Falls, Texas, Oct. 17, 1917.  
Hon. Wm. G. McAdoo, Secretary Treasury,  
Denver, Colo.

It is a source of much gratification to advise you that on last Saturday Wichita County had sold one million Liberty Four's, being twelve per cent in excess of her allotment. We are the first county in the Seventh District, and probably the first in the United States to be able to make such an announcement.

J. A. KEMP,  
Chairman Wichita County Liberty Bond Committee.

### CHAMP CLARK IS TO BE INVITED TO VISIT THIS CITY

A committee is being formed to go to Lawton tomorrow morning to invite Speaker Champ Clark, who is now on a speaking tour for the Liberty Loan campaign, to visit Wichita Falls. The plans are not yet definite, but it is believed that the committee will be composed of J. A. Kemp, Judge Ediger, Secury, Judge A. H. Carrigan, and B. F. Johnson, secretary of the Chamber of Commerce.

Mr. Johnson said today that it was extremely doubtful whether Mr. Clark would come, as Wichita county had already oversubscribed her quota to the plan, and he would probably wish to spend his time where he was needed.

### EIGHTH STREET BUILDING OWNED BY MRS. STATON

In an account of the fire on Eighth street on Tuesday night, it was erroneously stated that the building was owned by the Avis Hardware Co. The building is owned by Mrs. C. B. Staton. There was no insurance.

FOR SALE BY BAUM & GARDNER

### Bandits Make Raid Upon Mexican Town In Mission Section

Minneapolis, Oct. 18.—Two masked bandits entered the Calhoun State Bank on West Lake street during the noon hour today, drove the cashier and two bookkeepers into a rear room, gathered up the cash in the vault and cages and escaped in a high powered automobile.

After a hurried examination of cash, officials estimated that the robbers had taken approximately \$6,000.

### White Sox Players Receive Their Pay After World Series

Chicago, Oct. 18.—Members of the world's champion White Sox team today received checks for their share of the receipts from the world's series, amounting to \$31,732.15. Each of the 25 players eligible to share in the money, received a check for \$3,669.

### ADVERTISEMENTS ARE SUGGESTED ON LIBERTY LOAN

Dallas, Texas, Oct. 18.—R. L. Van Zandt, governor of the Federal Reserve Bank of Dallas, this afternoon sent out a suggestion to every banker and banker in the Eleventh Federal Reserve District that they publish advertisements in the newspapers pledging themselves to loan money on Liberty Bonds at the rate paid by the government on ten per cent margin, and urge customers to borrow.

Mr. Van Zandt said he had just received telegraphic advice that fifty banks in New York City are publishing full page advertisements three times, beginning today, making such a pledge.

"I suggest and urge that you join other banks in your city and do likewise or act independently along the same lines," he says in his suggestion to the Texas bankers.

**WOMAN SOLDIER**

This is another letter from a Washington woman to her sister in Michigan telling how one woman is co-operating with the U. S. Food Administration.

Edith Dear:—  
You should just see me now! Never was soldier-man more proudly uniformed than this particular Soldier Woman who has pledged her "bit" to the Food Administration.

I went down to headquarters yesterday after writing you and got the pattern for the "Service Dress" of the Food Conservation Section; stopped in a shop for the blue chambray and white pique—and here I am today in full regalia!

Makes Garment Quickly.  
It took me only a few hours to make the costume, for it's just a little one-piece adjustable garment, as neat, and chic, and practical as possible. The authorized shade is blue—a cool, clean looking blue. The deep cuffs are of white pique and button on to the sleeves so that they can be easily removed for any task that would soil them, and put on again in a jiffy. The cap too is of white pique. The insignia of the Food Administration, showing the United States shield and a wreath of wheat heads in natural colors,

marks the left sleeve and cap of the official uniform of the house-maker who joins the Food Administration. A set of this insignia for the cap front and sleeves, together with a membership button, can be bought for 19 cents.

You can send ten cents for that, and a request for the sleeves and cap badge, to the U. S. Food Administration at Washington and they'll be sent you at once.

I'm crazy to see you in this charming costume.  
If you don't mind my telling you so, I look stunning in mine.

No Special Compliment.  
But I don't know that I'm handing myself any special compliment, Edy, for I don't believe there ever was a house frock designed that would be so universally becoming.

I know there never was one easier to slip into, cooler to wear, or more practical in its service.

I am proud to wear this uniform, Edith I shall try to be worthy of the thing for which it stands,—an honest, earnest, full co-operation with the Food Administration,—my "bit" in winning this war.

Do write soon to  
Your loving  
FRANCES.

If you have a friend of Good Judgment who is not smoking Tom Keene Cigars already—try giving him one this evening.

Watch his look of satisfaction as he draws in the full, sweet fragrance of that blend of Good Judgment.

And finally, when the last whisp of smoke has melted away, listen for this:—"By George, that cigar was made with Good Judgment."

Tom Keene—the cigar that is made with Good Judgment—has made another friend.

Wichita Falls, Texas Fort Worth, Texas

**CONSERVATION IS AGAIN URGED BY 'PHONE COMPANY**

TRAINING OF ARMIES IN THIS STATE MAKES HEAVY DEMAND ON FIRMS.

**MANAGER GLENNY TALKS**

Fewer Calls to the Telephone, the More Instruments Can Be Handled by Each Operator, He Says.

The physical restrictions placed upon the possibility of getting telephone service in Texas cities are said to be such as to make it absolutely necessary that conservation in telephone use be practiced generally. The unusual conditions upon which this statement is based were described by Manager J. W. Glenn of the Southwestern Telephone and Telegraph Company in a statement issued this morning.

Not only has it been impossible, due to manufacturing conditions and the demands of the war, to secure telephone equipment as even-normal conditions would demand, but telephone use, due to extreme activity attendant upon the training of armies in Texas, has increased to such an extent as to have literally flooded the exchanges with calls.

Facilities inadequate. "Facilities at present available are altogether inadequate to meet the constantly increasing demands upon the system," the statement sets forth. "For some time it has been practically impossible to secure telephone equipment for extensive additions to the plant, and orders are taken for such equipment are now being subject to long delays. Because of the great demand for war stores, many of the raw materials from which the telephone equipment is manufactured were, for a considerable period, diverted exclusively to that use."

As a result plans for additions to the telephone plant could not be carried into execution. Consequently it has now reached a point where it is very difficult to maintain a high grade of service. Further increase in the use of the individual telephone is likely to impair all service and subject subscribers to excessive inconvenience.

One thing left is to devise some means for the elimination of useless and unnecessary calls that important calls receive proper attention. At the same time if the practice of conservation in telephone use becomes general, operators may be sufficiently relieved to make it possible for them to answer a few more telephones than at present. Then some of those who have waited the longest to have telephones installed may be accommodated.

Unusual Demands. "The telephone company has been called upon in the face of these unusual conditions to establish connections with all coast and border guard stations, army camps and cantonments and meet the very great requirements due to intensive military activity in this state. The country was secured for material and much of it was shipped by express."

It has been the policy of the Southwestern Telephone and Telegraph Company to meet every need of the nation in the present emergency. Right of way has been accorded the government representatives in the use of the wires and the interests of individuals have necessarily been subordinated to the general welfare.

Officials of the Southwestern Telephone and Telegraph Company realize that the co-operation of the telephone using public is necessary if relief from congestion due to the unnecessary and frivolous use of the telephone is to be expected.

Plainly the physical restrictions placed upon the service make it absolutely essential that some measure of relief be devised. Those requiring telephone service should be given every attention to their needs demand."

Machree, "A Lily From Heaven" and "The Irish Will There." Those who recall Mr. Wilson's former musical gems—which number more than half a hundred may well anticipate a delightful evening of enjoyment since without exception all the songs heretofore rendered by him have proven worthy of the extreme praise with which they have been received. Mr. Wilson's past performance is a guarantee of his future achievements—since he still possesses in his marvelous voice all the sympathetic qualities which gained for it the deserved soubriquet of "golden." Mr. Wilson's song entertainment will be incidental to the presentation by himself and company of a new stirring comedy song play entitled "The Irish Fifteenth" by Theodore Burt Sayre, which unfolds a story covering the present war period. Starting near the Lakes of Killarney and winding up in France. The central character is that of a young witty Irishman Richard Dale whose fortune in life advanced him from a young Captain in the service of his native country to military glory. One can imagine from this statement that the hero to be acted properly would require an artist of decided versatility in characterization and it was for this reason that Mr. Wilson selected the part being fitted in a marked degree with the proper talent and temperament to make it a success. The other characters are novel types and the actors have been selected with great care so that the company in support is one of absolute merit. The mounting is both picturesque and sumptuous.

THIRTEEN DRUNKEN MEN ARRESTED IN ONE NIGHT  
Thirteen drunk men were arrested in Wichita Falls last night, three by the police and ten by the county authorities. One man charged with vagrancy was also placed in the county jail. All the city prisoners were fined at each this morning, while those jailed by the constabulary paid \$10.80, which included costs.

**Every Firestone dealer is ready to show you**

The inside of a Firestone Fabric Tire

and explain new features that greatly increase mileage

That motorists find extra values in Firestone Tires is proved by the fact that our sales increased 72 per cent this year up to Sept. 1st. Our total business this year will exceed \$60,000,000.

FIRESTONE advances, never stands still. Every year Firestone means still More Miles per Dollar. New features are incorporated in the present output. So important that every dealer wants to show them to you. See the cross section and note: The Tough, Thick Tread: Many more miles of resistance against the friction of the road. More Cushion Stock: More pure rubber between fabric and tread to save the body of the tire from shocks and bruises and to increase resiliency.

More Rubber Between Layers: Separating the plies of fabric by an elastic wall which allows free play without friction. Reinforcement in Bead and Side Wall: Greatly increases the strength at the bead, at the junction of tire and rim, and raises the point of bending to the widest part of the tire. This one feature alone adds miles and miles to the service of the tire. Wherever Firestones are for sale you can see this section of tire and gain an inside knowledge that will teach you to buy Most Miles per Dollar.

Internment of Lombos Expected to "Stick," London Paper Hears

By Associated Press. London, Oct. 18.—The Central News says it understands that the appeal against internment of Philip Alexius Laszlo De Lombos, a popular Hungarian painter who is working in the United States, has failed. Although legally an enemy alien, De Lombos was a resident in London. He was interned in September 1914. Among his best known paintings and portraits are paintings of Prince Hohenzollern and Pope Leo. Other portraits painted by Laszlo were of King Edward VII, Queen Alexandra, Emperor William and former President Roosevelt.

CIVIL SERVICE EXAMINATIONS TO BE HELD SHORTLY

Civil Service men and women in many departments are in great demand and the frequency of the examinations, as well as the number, is increasing. The following is a list of examinations to be held in the near future.

October 20th. Sub-Inspector of Powder (male) \$5.04 per day. November 7th. Service clerk (male) \$55.00 a month. Apprentice Fish Culturist (male) \$600 to \$960 a year.

Many Valuables Taken By Burglars In Raid Made During Parade

In a rich haul that was made by the burglars who entered two homes on Burnett street and one on Tenth street during the circus parade yesterday jewelry valued at more than \$500 was taken.

AN ENEMY TO CORNS AS CORNS ARE AN ENEMY TO HUMAN COMFORT, SO IS DIKE'S CORN EASE

an enemy to corns. You can get rid of the misery and you can get rid of the corns, also, if you but try this preparation and use it as directed. Price, 25c the bottle.

DIKE'S FOOT POWDER

relieves tired, aching, burning, sweaty feet. A sprinkle in the morning means foot comfort all day. Especially good to use while breaking in new shoes. Price, 25c the can.
