

BRITISH AND FRENCHE ADVANCE SCORING NEW GAINS

EXACT CLASSIFICATIONS IN DRAFT REGULATIONS ANNOUNCED BY CROWDER

Washington, Oct. 22.—The five classifications into which men awaiting draft will be divided under the new regulations approved by President Wilson, have become public. It was discovered today that what was to have remained an official secret for a week or more was divulged Saturday night at a dinner in New York which Secretary Baker and Provost Marshal General Crowder attended. The provost marshal general discussed the new regulations, without intending to make the classifications public, but some members of a New York local exemption board, thinking to elucidate the general's speech, printed the classifications on the back of the menu card. The classifications were published today as follows, and show every man registered, to which class he belongs and in what order the different classifications will be called to service. Class One. (1) Single men without dependent relatives. (2) Married man (or widower without children) who habitually falls to support his family. (3) Married men dependent on wife for support. (4) Married man (or widower with children) not usefully engaged, family supported by income independent of his labor. (5) Men not included in any other description in this or other classes. (6) Unskilled labor. Class Two. (1) Married men or father of motherless children, usefully engaged, but family has sufficient income apart from his daily labor to afford reasonably adequate support during his absence. (2) Married men, no children, wife can support herself decently and without hardship. (3) Skilled farm laborer engaged in necessary agricultural enterprise. (4) Skilled industrial laborer engaged in necessary agricultural enterprise. Class Three. (1) Man with foster children dependent on daily labor for support. (2) Man with aged, infirm or invalid parents or grandparents dependent on daily labor for support. (3) Man with brothers and sisters incompetent to support themselves, dependent on daily labor for support. (4) County or municipal officers. (5) Firemen or policemen. (6) Necessary artificers or workmen in arsenals, armories or navy yards. (7) Necessary custom house clerks. (8) Persons necessary in transmission of mails. (9) Necessary employes in service of United States. (10) Highly specialized administrative experts. (11) Technical or mechanical experts in industrial enterprises. (12) Highly specialized agricultural experts in agricultural bureaus of state or nation. (13) Assistant or associate manager of necessary industrial enterprise. (14) Assistant or associate manager of necessary agricultural enterprise. Class Four. (1) Married men with wife (and/or children (or widower with children) dependent on daily labor for support, and no other reasonably adequate support available. (2) Mariners in service of merchants or citizens in United States. (3) Heads of necessary industrial enterprises. (4) Heads of necessary agricultural enterprises. Class Five. (1) Officers of states or of the United States. (2) Regularly or duly ordained ministers. (3) Students of divinity. (4) Persons in military or naval service. (5) Aliens. (6) Alien enemies. (7) Personally morally unfit. (8) Persons physically, permanently or mentally unfit. (9) Licensed pilots.

AMERICAN DESTROYER'S BATTLE WITH GERMAN SUBMARINE GIVEN IN DETAIL BY U. S. COMMANDER

Washington, Oct. 22.—It was officially announced today the American destroyer Casin had an engagement in the war zone with a German submarine and got to port under her own steam after being damaged was the United States ship Casin. The Casin was torpedoed while on patrol duty on Tuesday Oct. 16. Gunners Mate Osmond Kelly Ingram, of Pratt City, Ala., was killed by being blown overboard by the explosion and his body never was recovered. Five others were injured but not seriously. The Casin was commanded by Lieut. Commander Walter P. Vernon. While the vessel was on her patrol station a submarine was sighted on the surface about five miles distance. The destroyer immediately proceeded at full speed toward the U-boat with her crew at battle stations. After searching for about half an hour, zig-zagging back and forth, Commander Vernon sighted a torpedo running at high speed near the surface about 400 yards away headed to strike the Casin amid-

THIRTY-EIGHT MILLION MEN ARE DECLARED UNDER ARMS IN WAR

By Associated Press. Washington, Oct. 22.—At least 38,000,000 men are bearing arms in the war—27,500,000 on the side of the world allies, and 10,600,000 on the side of the Central Powers, according to latest war department compilations from published reports in various countries. These figures do not include naval personnel strength which would raise the total several millions. Against Germany's 7,000,000, Austria's 3,000,000, Turkey's 3,000,000 and Bulgaria's 2,000,000 are arrayed the following armed forces. Russia 9,000,000; France 6,000,000; Great Britain 5,000,000; Italy 3,000,000; Japan 1,400,000; United States more than 1,000,000; China 541,000; Romania 300,000; Serbia 200,000; Belgium 300,000; Portugal 200,000; Montenegro 40,000; Siam 30,000; Cuba 11,000 and Liberia 400. San Marino and Panama also have small forces under arms. Military experts do not regard these figures as accurate but believe they represent in round numbers the comparative strength of the contending armies as published recently.

Writer in Germany Makes Interesting Statements on War

By Associated Press. London, Oct. 22.—Some interesting admissions are made by an editorial writer in the current issue of Der Tag, which may be taken as particularly significant as this publication is a weekly supplement to the Hugo reactionary Berlin Lokal-Anzeiger. The article is in the main an appeal to the German people to stop them "winning for peace" and attempts to be "remedy against weak nerves." "The world war is ending," the writer declares, "in a duel, between

BOB FITZSIMMONS, FORMER CHAMPION, DIES IN CHICAGO

CHICAGO, Oct. 22.—Bob Fitzsimmons, former champion heavyweight pugilist of the world, died at a hospital here today after an illness of five days of pneumonia. The former champion, taken sick last Tuesday while appearing at a vaudeville theatre, and his ailment was at first diagnosed as ptomaine poisoning. Later it was discovered that he was suffering from double (lobar) pneumonia and physicians declared that he could not live. His remarkable vitality sustained him until Saturday, when he lapsed into unconsciousness, from which he did not rally. He died at 10:30 p.m. During the five days of his illness, Fitzsimmons was the recipient of many messages from men whom he had formerly met in the ring, including James J. Corbett, who had won the championship, and James J. Jeffries, who took the title from him. Other pugilists and followers of the sport sent telegrams to the fighter and his wife, expressing hopes of a speedy recovery. Fitzsimmons, until he sank into his final stupor, fought for life as he had fought for victory in the ring. Physicians declared life was prolonged several days by the grim determination of the men.

CASUALTIES IN SINKING ANTILLES GIVEN

Washington, Oct. 22.—Sixty-seven lives were lost when the army transport Antilles went down last Wednesday by the torpedo of a German submarine. The official list of casualties, cabled today by General Pershing, shows sixty-seven lost; total survivors 170, and one unaccounted for. Dispatches from General Pershing announce that the following were lost in the sinking of the Transport Antilles: Private John D. Clark, 336 East Thirtieth street, New York; Private Roy Cottrill, infantry, mother, Mrs. Alfred Cottrill, Clinton, Ind.; Private Leo W. Nelson, infantry, cousin, Max J. Nowaczyk, 41 Prescott avenue, Grand Rapids, Mich.; Private Ernest Egan, infantry, nearest friend, Mrs. Edna Barnett, 322 North Erie street, Chicago; Private Auton Erhart, infantry, cousin, Chas. Pitt, Perry Wharf, New Port, R. I.; Private John D. Bright, infantry, nearest relative, Mike Bright, 124 Lake street, Milwaukee, Wis.; Private John P. Lock, infantry, nearest friend, Mrs. Lillian McLaughlin, 127 Eleventh street, Kansas City, Mo.; Private Carl G. Norell, infantry, father, Carl Norell, Vesterbroeghe 47, Copenhagen, Denmark; Private Burt Hamilton, infantry, father, J. R. Hamilton, Grapevine, Tenn.; Private William L. Faust, field artillery, mother, Mrs. Sarah Faust, Stony Creek, Pa.; Private Edward L. Echel, field artillery, address unknown; Private Melvin E. Bradbury, medical corps, mother, Mrs. Inez Bradbury, Number 1 Rochester street, Boston, Mass.; Private Guy R. Bosworth, medical corps, mother, Mrs. Sophie Bosworth, Queen street, Milburn, N. J.; Assistant Carpenter, A. Pedersen, steamship Antilles, mother, Leonard Pedersen, Parsippany, N. J.; Seaman L. E. Erikson, sister, A. Neilson, Lake Myles, Ia.; Seaman E. Igholm, mother, M. Igholm, Nono, Denmark; Seaman R. Joly, mother, B. Joly, 1930 St. Catherine street, Montreal; Seaman R. Park, mother, Ella Parks, 31 Kearney street, San Francisco; Third Assistant Engineer E. A. Walker, wife, Mrs. E. A. Walker, 1019 Willow avenue, Hoboken, N. J.; Boy's mother, E. Boyle, County Louth, Ireland; Junior Engineer J. O'Rourke, sister.

ENDURING PEACE IS NOT IN SIGHT, THINKS PREMIER

GERMANY NOT YET READY TO AGREE TO ANY BUT HER OWN TERMS. LONDON, Oct. 22.—"We have scanned the horizon intently," said Premier Lloyd George today, "and can see no terms in sight which will lead to enduring peace. The only terms now possible would mean an armed truce ending in an even more frightful struggle." Mr. Lloyd George said Germany would make peace now only on terms which would enable her to benefit by the war. He asserted that would be encouragement to every buccannery empire in the future to repeat the experiment. More than twice as many German submarines were lost in the first ten months of this year as in all of last year, the premier asserted. The British tonnage lost monthly, now is not much more than one-third of the total destroyed last April. The premier said he had hoped the enemy's terrible power might be broken this year, but that the temporary collapse of the Russian military power had postponed this hope. But time was on the side of the Allies, he said. Things have changed this, namely, the advent of America and the increasing failure of the German submarine war. The Allies were working in the greatest harmony, the premier continued. He said they were on the eve of the most important inter-Allied conference ever held, at which for the first time representatives of America and of the Russian democracy would be present. He stated that the conference meant to determine the ultimate terms of peace. Mr. Lloyd George said that "Bohm" in all shapes and forms should be looked out for. "Beware of Disturbers." "Beware of people who try to sow dissention, distrust and suspicion," he said. "The enemy is trying to rattle our nerves. Keep steady and we will win." The war, said the premier, was terrible in its effect, but more terrible in the possibilities it revealed of the world's land and sea and in the air. It must be settled now, once and for all, he declared. If the war should be renewed after thirty years more of scientific application, it would mean the death of civilization. Brute force must be destroyed for ever.

RUSSIAN UNITS OUTWIT GERMAN NAVAL FORCES

PETROGRAD, Oct. 21. (Sunday).—All Russian naval units except observation elements, have succeeded in getting out of Moon Sound without losses and are protecting the northern entrance to the sound, the marine department announces in an official statement. In the operations in the Gulf of Riga, the Russian submarines sank one German transport and is believed to have damaged, if not sunk a German dreadnaught, at which two torpedoes were fired. The submarine Moon Sound notably the transports and smaller craft. "We left the whole of the abandoned base and the adjoining region in a condition rendering it entirely unusable for military purposes. Our naval forces are protecting the north entrance of Moon Sound against fresh attacks." During operations in the Gulf of Riga one of our submarines met an enemy squadron consisting of four dreadnaughts of the Markgraf type (vessels built in 1914 of 25,233 tons and carrying a complement of 1,152 men) and a large number of torpedo boats. It fired torpedoes at the leading dreadnaught but being shelled by seaplanes and riddled with shot, was obliged to submerge without noting results. The detonation of a torpedo, however, was heard and though clouds of smoke were seen through the periscope of the submarine. A large transport, escorted by torpedo boats made for the submarine. The submarine returned to the attack and sank one of the transports with a torpedo.

SENATOR HUSTING KILLED WHILE OUT DUCK HUNTING

MILWAUKEE, Wis., Oct. 22.—United States Senator Paul O. Husting was accidentally shot in the back yesterday by his brother Gustav, while hunting ducks near Rush Lake, Wis. He died last night at a nearby farmhouse. The body was taken to Fond du Lac early today. Interment will be at Mayville, Wis., the senators home. Senator Husting and his brother Gustav, were rowing in separate boats when the tragedy occurred. The boat of the former being just ahead. The senator saw a flock of ducks and called to his brother to shoot. The senator suddenly rose from a stooping position, evidently thinking that the shot would pass over his head. His brother, aiming at the ducks, pulled the trigger. Senator Husting was in direct line with the shot and the full charge penetrated his back at close range. He fell back in the boat. His brother hurriedly rowed to his side and then to the shore. Friends and doctors were summoned and the senator was taken to the farmhouse. The death of senator Husting marks the passing within a year of the third leader of a group of prominent Wisconsin Democrats who were instrumental in carrying their state for President Wilson when he was candidate for the democratic nomination in 1912. John A. Aylward, United States district attorney for the western Wisconsin district, died at Madison, Nov. 12, 1916 and William H. Wolfe, who succeeded Mr. Aylward, died suddenly at a gathering of Democrats in Madison Jan. 10, 1917.

MOON SOUND IS QUITTED

PETROGRAD, Oct. 21. (Sunday).—All Russian naval units except observation elements, have succeeded in getting out of Moon Sound without losses and are protecting the northern entrance to the sound, the marine department announces in an official statement. In the operations in the Gulf of Riga, the Russian submarines sank one German transport and is believed to have damaged, if not sunk a German dreadnaught, at which two torpedoes were fired. The submarine Moon Sound notably the transports and smaller craft. "We left the whole of the abandoned base and the adjoining region in a condition rendering it entirely unusable for military purposes. Our naval forces are protecting the north entrance of Moon Sound against fresh attacks." ALL MUNITIONS WORKS TAKEN FROM PETROGRAD

By Associated Press. London, Oct. 22.—All important munition works dealing with munitions have been removed from Petrograd, according to a dispatch to The Times. German Zeppelins are attacking towns some distance from the fighting front. Zepplins Losses Admitted. Berlin officially admits the loss of four Zeppelins of the squadron which raided England Friday night. The official statement, however, fails to announce the safe arrival home of other members of the contingent. Berlin claims that several England cities and ports were attacked with "special success," including London, Manchester, Birmingham and Hull. On Sunday British aviators made a raid into Germany and bombed with excellent results a foundry and railroad junction ten miles north of Saarbrücken, northeast of Metz. Nine German machines were downed by the British aviators who were driven down out of control. Emperor William returns to Berlin today and among his engagements are political conferences with Prince von Buelow and Dr. von Bethmann-Hollweg, the former imperial chancellor. Prince von Buelow has been mentioned as the probable successor of Dr. Bethmann, whose position as chancellor, recent reports from Germany have indicated, is most insecure. NO EFFORTS ARE MADE TO AVERT TREMENDOUS LIFE LOSS BY GERMANS. Stockholm, Oct. 22.—Newspapers accounts of the attack by German raiders on convoys in the North Sea say that two German cruisers and three torpedo boats fired ruthlessly on the merchantmen and subsequently on their life boats. They made no effort to spare the lives of the seamen.

ARMY STATION TO BE CLOSED IN THIS CITY

GOVERNMENT DOES NOT DEEM RESULTS JUSTIFY LOCAL RECRUITING.

MEN ARE BADLY WANTED

Naval Office Here is Also Finding Work of Securing New Men An Extremely Hard Job.

Army and navy recruiting in Wichita Falls has practically come to a standstill; to such an extent, indeed, that the army station has received orders from headquarters to close the office. This is to go into effect on Wednesday next. The officers, Sergeant Thomas Watkins and Corporal Hiram B. Hensley will be transferred to Denison, and will in all probability report there on Thursday. It is thought that the results here for the past few months do not justify the expense of keeping of office open. This does not mean, however, that Wichita county has not supplied her full proportion of men, but simply that the territory has been combed so thoroughly clean that there are practically no more recruits to be gotten from it.

Improvement Desired.
Instructions from the navy headquarters state that very decided improvement in recruiting must be obtained all over the Delta district, which produced a total of only fifteen from the entire territory for last week. C. A. Harrington, who is in charge of the station here, has sent out about thirty letters to postmasters in the surrounding country, urging them to use their best endeavor to obtain men for the navy, but so far but little results have been accomplished. Even the offer of the navy department to send mechanics for the aviation and motor boat branches of the service to Columbia University for special work without any expense to the recruits themselves, has not produced the results that were hoped for from this inducement.

Call is Still Out.
The call is still loud and emphatic for men, and men, and more men. The advantages of the service are now better than men of the class could find in almost any other line of work they cared to take up. Promotion is rapid and sure for the right man, all pay is clear money, and there are many ways of adding to the base pay. The life is clean and wholesome and healthful, and opportunities for a young man who is strong of body and keen of mind abound on every side.

Men are especially needed now for machinist mates, landsmen for machinist mates in both the aviation and motor boat section (with special training at Columbia University when the men are sufficiently advanced), landsmen for quartermaster apprentices, men, firemen, second and third class, cooks, bakers and negro mess attendants.

The standing of the towns of the district for navy recruiting for the past week is as follows: Dallas, 8; Fort Worth, 2; Wichita Falls, Waco, Texarkana, Paris and Denison, 1; Abilene, San Angelo, Sherman, Amarillo and Cleburne, 0.

J. D. Brown, Wichita Falls, and Clarence Ramey, Mountain Park, were accepted for the navy and sent to Dallas yesterday.

THE INSTRUMENT OF QUALITY

Sonora

CLEAR AS A BELL

PROGRESS earned by VALUE

Present indications show that the Sonora sales for 1917 will be over 100 times as great as the sales for 1916.

This marvelous growth in so short a period could not have been reached with a phonograph that was only "as good" or even "slightly better."

Sonora had to be overwhelmingly superior to achieve so quickly such remarkable results in the face of the vigorous competition and the extensive publicity of older established machines.

Sonora's popularity is based on its intrinsic worth. Its exquisite tone which won for it the highest score at the Panama-Pacific Exposition wins for it new admirers daily.

\$12.50 \$15.00 \$17.50
\$25.00 and up.

Colors are navy, blue, taupe, brown and gray, as well as black, with sizes for women and misses—and up.

to lock up and go home to keep folks from "bothering him," he said.

"If this keeps up there will be a fine field for gas boot-leggers," said another automobile man. Sunday, "I have been offered as high as fifty cents a gallon for gas today. Nothing doing, however."

It is not thought that those who suffered by forgetfulness yesterday will be found in the predicament next Sunday. However, suggestions have been made by out of town folks, some of whom were caught here yesterday, that different arrangements could be made in the case of people passing through, or workers in here for Sunday, who have to get back to nearby oil field in time to start work early Monday morning.

Motor Club to Hold Its Annual Meeting Here November Sixth

The Motor Club will hold its annual meeting about Nov. 6th, on which occasion there will be a dinner to which all members are cordially invited, as the guests of the club. Officers for the ensuing year will be elected, and the executive committee has promised a program which will be of great interest to all members.

Particular attention is called to the fact that there will be no weekly luncheon of the club till after the annual meeting the exact date and program of which will be announced shortly.

GASOLINE PRICE ON SUNDAY HIKES INTO THE CLOUDS

"NOBODY AT HOME," HOWEVER, AND NO SALES ARE MADE OF THE GAIN.

FIFTY CENTS IS OFFERED

"Must Stay Closed" Says Court Attorney, Garage Owners Have Live-ly Time With Car Owners.

Fifty cents a gallon was offered for gasoline Sunday afternoon in Wichita Falls with no takers. This sudden jump in price was due to the fact that after nine o'clock Sunday morning not a filling station in the city was open all having been ordered to close by County Attorney Greenwood, after a petition circulated by Dr. P. G. Cross for Sunday closing was signed by all gasoline dealers. Greenwood notified all stations that they would be watched and an immediate prosecution would result if any pump was unrolled after 9 o'clock and gasoline sold from it.

Must Stay Closed.
The dealers have signed the petition for closing and they have to stay closed, says the county attorney.

There were some differences of opinion as to the closing. The employees at the stations were frankly glad of a day of rest; the motorists who had forgotten about the recent decision to enforce the state law were somewhat peeved when their joyrides were cut short; and some of the garage owners expressed their opinion that "it was a nuisance."

"They have worried the life out of me this whole day, trying to get gasoline and oil. It's just like a hotel shutting up on Saturday night with all the roomers inside, and keeping them in until Monday morning. Folks want to get their cars out on Sunday, lots of them have only this time for riding. I'm not going to break any law but it's hard when a fellow wants to get out of town and hasn't any gas to turn him down."

Forced to Lock Up.
This garage owner finally was forced

JAP STEAMSHIP HITACHI MARU BELIEVED SUNK

By Associated Press.
Tokio, Oct. 22.—The Japan steamship Hitachi Maru, due at Delagoa Bay Portuguese Africa, Oct. 1, is missing and is believed to have struck a mine with a loss of all on board. The number of passengers on board is not known but Mr. Onai, London manager of the Nippon Yusen Kaisha, owners of the vessel, was among them.

The Hitachi Maru, a vessel of 6,556 tons sailed from Yokohama for Liverpool on Aug. 29. She touched at Colombo, Ceylon on Sept. 24 but since then nothing has been heard from her.

Million Barrels Mark Is Reached in Oil Fields

An approximate production of 1,000,000 barrels of oil was reached by the Texas Panhandle, of which the local fields form the most important part, according to F. W. Bridge's report in the current issue of the Oil and Gas Journal. The full report follows:

A review of the statement of runs and shipments for the month of September will show that the output of crude for this district was not quite as large as for the preceding month, although the daily average was greater, the month having but thirty days, against thirty-one for August.

The total production of the district was 998,298 barrels, of which 592,505 barrels came from Electric, 389,636 barrels from Petroleum, 25,954 barrels from Petroli, 34,350 barrels from Strawn, 24,178 barrels from Corsicana and the balance from the wild cat wells.

Of the output from Wilbarger, Wichita and Clay counties, where the defined pools of the Texas Panhandle lie, the Magnolia Petroleum Company

had the lion's share, as the product of its wells amounted to 307,421 barrels. The Producers Oil Company was next with 274,200 barrels, the Gulf Production Company's quota was 49,680 barrels, the Red River Oil Company got 20,790 barrels, and the balance came from the smaller companies and individual producers.

The Texas Company's proportion of the pipe-line runs in Wichita and Wilbarger counties was 434,344 barrels, in which is included 5,170 barrels pumped to Holliday from Archer county and shipped in tank cars to San Antonio. The Magnolia Petroleum Company got 369,756 barrels and the Panhandle Refining Company 92,211 barrels. The shipments were again much less than the receipts, the consequence being an increase in the stocks, the total of which is now 814,101 barrels, which, however does not include many thousands of barrels held at wild cat wells, owing to the lack of shipping facilities.

Wesley P. Norman, for several years with the Burgess Jewelry Store, has accepted a position as watchmaker in the Art Store. G. T. Lawson of Dallas has also taken a position in the Art Store as salesman.

BOYS AND GIRLS HAVE GREAT TIME WHILE IN DALLAS

STRENUOUS DAY IS GIVEN H. C. HOWARD AMONG YOUNG FOLKS DURING THEIR DAY'S VISIT THERE.

SEE GREAT STATE FAIR

Exhibits of Livestock Prove of Chief Interest Among Young Folks During Their Day's Visit There.

The members of the Boys' and Girls' Clubs of the county had the one and only grand time of their young lives in Dallas yesterday, according to H. C. Howard, assistant secretary of the Chamber of Commerce, who accompanied the crowd.

Strenuous? Mr. Howard says it was all that, but worth it, and if the children do not remember the Dallas Fair always with the very kindest thoughts, it is well to send the officials of the Fair, the railroads, or the street car companies, who seemed to vie with each other to show the children a good time.

Go On Special Cars.
Special cars took them to Dallas and brought them back, a special car took care of them when they arrived in Dallas, and conveyed them straight to the Fair Grounds, where they entered through a special gate at a special rate, when there were thousands of people standing in line waiting their turn to get into the grounds.

Once inside, they realized that there was a great deal to see, and a very big time to be had. It is understood that all such exhibitions passed this very critical examination with a plus.

The officials of the Fair told Mr. Howard that it was the biggest thing ever done in county club work, and commended the interest and the progressive spirit of the county which thought it worth while to send the children on so profitable and pleasant a jaunt.

Mr. Howard has written letters expressing the thanks and appreciation of the children and those in charge of the trip to the officials of the Fair and the railroads, who, by their courtesy and attention, helped to make the excursion a truly delightful adventure.

LYCEUM COMPANY ENTERTAINS METHODIST CONGREGATION

The Ocoola Poole Lyceum Company entertained the members of the First Methodist Church South last night with a program, the theme of which was "The Sign of Forgiveness."

Mrs. Poole, the manager of the company, rendered several readings, the first of which was the old favorite, "The Organ Builder."

OBITUARY.

Friends of Mrs. Lena Bartlett were grieved to receive news of her death on October 2nd, at Roswell, New Mexico, where she had resided since May, last, in the hope of benefitting her health.

Lena Cary Bartlett was born at Maple Creek, Tenn., May 17, 1889, and came to Texas with her parents, Oliver and Mary Cary, in January, 1890. She was married to W. H. Bartlett in June, 1908, at Huff, Texas. To this union was born two children, Otha and Mary, aged seven and five years respectively. Besides her husband and children, she leaves a father and brother in southern Texas and an aunt, Mrs. Betty Laugh, with whom she had spent most of her childhood years, and who was with her in her last illness.

She was a true friend and was loved by all who knew her; a devoted wife and affectionate and tender mother.

Edison Day

TODAY, OCT. 22, IS EDISON DAY

The anniversary of the invention of the electric lamp is a red letter day not only to the electrical fraternity—it is a date the memory of which should be deep-rooted in the mind of every living being.

In the hustle and bustle of our every-day existence we pay little attention to the light that illumines and protects our cities and brightens our homes. We take it as a matter of course.

Back of it all, though, lies the story of the accomplishment of an ideal born of a far-seeing mind, served by a tireless worker and nurtured by an ambition fired with the desire to serve the cause of humanity.

When the names and works of great men of our country have long since been forgotten the brilliancy of our cities and the comfortable brightness of our homes will stand out as monuments to the memory of Thomas A. Edison.

On this day, the birthday of this invention, we think it a just tribute to be mindful of his genius and to cherish an appreciative thought of the constructive work which he has contributed to the progress and up-building of this world.

Be Better Looking—Take Olive Tablets

If your skin is yellow—complexion pallid—tongue coated—appetite poor—you have a bad taste in your mouth—a lazy, no-go feeling—you should take Olive Tablets.

May God's blessings rest upon her little ones and relatives. Why do we mourn when another star shines out from the glittering sky? Do we weep when the voice of war? And the rage of conflict die? And why do our tears roll down, And our hearts be sorely riven, For another gem in the Savior's crown? Another soul in heaven? Her friend, NOVA ALLEN.

DIZZY SPELLS

Relieved After Taking Two Bottles Of Cardui, Says Tennessee Lady.

Whitwell, Tenn.—Mrs. G. P. Cartwright, of this place, writes: "About four years ago the dizzy spells got so bad that when I would start to walk I would just pretty near fall. I wasn't past doing my work, but was very much run-down."

I told my husband I thought Cardui would help me, as a lady who lived next door to me had taken a great deal, and told me to try it. This was when we were living in Kentucky.

My husband got me a bottle and I took it according to directions. It helped me so much that he went back and got me another bottle. I got a whole lot better and just quit taking it. I got over the dizzy spells. I took no other medicine at that time nor since for this trouble. No, I've never regretted taking Cardui.

I felt just fine when I finished the second bottle. Purely vegetable, mild and gentle in its action, Cardui, the woman's tonic, may be the very medicine you need. If you suffer from symptoms of female troubles, give Cardui a trial. All druggists. NO-129

Dispatches tell us that a sugar shortage impends. We should worry while there is a big crop of ribbon cane in East Texas.

The victory of the prohibition forces in McLennan county Saturday makes the success of state-wide prohibition within the next few years more probable. Not in recent years have there been such impressive local option victories for prohibition in Texas as those of the last few weeks in which Dallas and Waco, two of the largest and most important cities of the state, were voted dry. These victories will inspire prohibition workers with new zeal and will mean other local option elections and possible victories. The influence of these two important centers will now be stronger for either statutory or constitutional prohibition and if the question of constitutional prohibition is submitted, both counties can be counted on for substantial majorities for prohibition.

When the Kaiser visited Constantinople a few days ago he was a guest at a banquet of Turkish and German dignitaries. He is quoted as saying this: "In unmistakable loyalty the Germans and Turks will persevere shoulder to shoulder with the Austrians, Hungarians and Bulgarians until our enemies recognize the uselessness of their continuance of the war. In peace times they will be welded more firmly in peaceful work of culture." It seems hardly fair for the Kaiser to have included the Austrians, Hungarians and the Bulgarians along with the Germans and the Turks, who have far outdistanced their other allies in their barbarities. Turkish officials visiting an island to which the dogs of Constantinople are deported, when they become too numerous, to die of starvation, are said to have gotten their idea for the extermination of the Armenians. Just where the Germans got their idea for the killing of non-combatant women and children for the enslavement of the Belgians, the killing of non-combatants on neutral ships, and their other practices, is not known, but does not matter for they have carried on their campaign as ruthlessly and fiendishly as have the Turks their campaign against the Armenians and Syrians. The Turks and the Germans are flittingly joined. The Austrians, Hungarians and Bulgarians will not be pleased at the inclusion.

Every now and then there is expression to some complaint that the Food Administration has lowered the prices of foodstuffs, and that instead of being lowered, the prices of some commodities are higher than before the Food Administration was created. It is true that the prices of few commodities have been lowered and that in a few instances the prices are even higher. But the great benefit of the Food Administration thus far has been in its power of distribution of food products so that there has not been distress in any part of the country on account of a shortage of food. Its administration, too, has brought a check to the soaring prices of foodstuffs. There is no telling to what heights prices for necessities would have mounted but for the intervention of Mr. Hoover and his assistants in the Food Administration. They have pretty effectually stopped the activities of the food gambler and the speculator and the distribution of food products is being returned to an honest commercial basis once more and not a gambling proposition. Wholesale prices of food products are showing a lower tendency and while this has not yet been reflected in retail prices, it is certain to come. The goods that are now being sold were bought at the peak of the market, and, of course, the retailer must get higher prices than have been paid before. But he will buy many food products the next time at a slightly lower cost and in turn the retail price ought to be lowered. If it is not then it will be time for Mr. Hoover to determine retail prices.

WOMEN OF CITY BEGIN CAMPAIGN TO SELL BONDS

FROM TWO TO THREE THOUSAND ARE EXPECTED TO PUSH SUBSCRIPTIONS.

DISTRICT COURT BEHIND

Deputy Governor Hoopes Telegraphs That Only Super-human Effort Can Save The Eleventh.

The women's organization formed on Saturday to assist in the winding up of the Liberty Loan Campaign commenced active operations today. A committee of two was appointed by the central committee to go before each church, society, social club, and study club in the city and county, and the work of lining up the women of the county will begin today. It is believed that the assistance of from two to three thousand women will be obtained, and it is felt that this huge working force will have a tremendous influence, especially upon subsequent campaigns. Keep Body Together. It is planned to keep the machinery of the organization in readiness all the time, so that as soon as the call comes for the next campaign it will be possible to put into the field immediately this army of workers.

Appalling figures come from the official report of the Federal Reserve District, who state that only a super-human effort can save the people from the everlasting disgrace which will be their portion if the quota is not raised. A telegram from Deputy Governor Hoopes says: "The people of the Eleventh Federal Reserve District have to subscribe to the Liberty Loan approximately twelve million four hundred thousand dollars daily from Monday until Friday, both days inclusive."

"This means \$516,660.00 per hour, or \$8,611.00 per minute, sleeping and waking, and this must be done to raise the minimum amount asked for by the government."

The assessment or quota referred to represents 8 1/2 per cent of the total banking resources of the district. The people have the money. The question is, will they lend it? The situation calls for an effort almost super-human to save us from the disgrace which will be our portion if the quota is not raised. Word was sent to Mrs. J. W. Lee, the campaign chairman, that the women of Dallas have agreed to drop everything, even the Red Cross work, to make one last desperate rally that will bring up the required quota. It is believed that this call to the women of Dallas will be a great factor in the success of the campaign, where the Liberty Loan situation is said to be actually critical. Mrs. Lee very earnestly urges the women of this country to rouse themselves to realization of the possibilities for assistance of an organization such as is now being formed, and to use their utmost efforts to make the organization profitable active and efficient.

The victory of the prohibition forces in McLennan county Saturday makes the success of state-wide prohibition within the next few years more probable. Not in recent years have there been such impressive local option victories for prohibition in Texas as those of the last few weeks in which Dallas and Waco, two of the largest and most important cities of the state, were voted dry. These victories will inspire prohibition workers with new zeal and will mean other local option elections and possible victories. The influence of these two important centers will now be stronger for either statutory or constitutional prohibition and if the question of constitutional prohibition is submitted, both counties can be counted on for substantial majorities for prohibition.

CATTLE AND SHEEP RANCHES IN NEW MEXICO

New Mexico, the ideal range country for cattle or sheep, now offers to stockmen the final opportunity to buy desirable grazing lands at reasonable prices. I offer exceptionally good grazing propositions in New Mexico at attractive prices to stockmen who are ready to do business now. These properties come as dead land, leased land, open range and in combinations; stocked or clear. They are well located and possess all the essentials of first-class stock ranches. They are both large and small and include a few very large properties. W. H. Gilenwater ALBUQUERQUE, NEW MEXICO

The War of 1812

The battle of New Orleans was fought 15 days after peace was declared—so slow were methods of communication. The world moves quickly. The United States is a big country. Every part of it must know what every other part is doing. Western Union Service overcomes the old-time barrier of distance. Fifty thousand employes and one-million-five-hundred-thousand miles of wire are at the call of every citizen of the United States—in twenty-six thousand cities, towns and hamlets.

ring but his earnings soon vanished. His contest with Jim Hall in New Orleans was for a purse of \$40,000, but Fitzsimmons only received a portion. His first battle with Jeffries drew \$62,000 and his second \$31,000. The receipts of his battle with Gus Ruhlin were \$45,000 and his contest with Tom Sharkey drew \$25,000.

Symphony Orchestra Holds Rehearsal at Local Hall Sunday

The Wichita Falls Symphony Orchestra met for rehearsal yesterday afternoon at the Harrison-Everson recital hall at 2 o'clock. There was a fair attendance, and very enjoyable rehearsal. At the business session after the rehearsal, it was decided to change the day and hour of meeting, and the next and subsequent rehearsals are called for Monday evening at 7 o'clock at the same place. It was thought that many men prefer to have their Sunday afternoons free, and that they will prefer to meet on some week day. J. Colonna, president of the association, announced that there had been a large number of applicants for membership to the orchestra, but that the membership committee had not yet acted upon them. The orchestra desires of getting as many new members as are competent to be of assistance to the work.

SCHOOL LIBRARY ARRANGES BOOKS FOR REFERENCE

One of the first of several improvements in the local High School planned by Prof. H. E. Bell, the new principal, is now an established reality. This is a systematically arranged reference library where the students may do their reference work under the supervision of some one of the faculty, or take books out for work at home. There is only one thing lacking, a librarian, and Mr. Bell states that here is an opportunity for some young man or woman who desires to make a study of library work to find some practical experience in the library work, though of course, the salary will be small, because of the limited school finances. The classification of the volumes on the shelves has been done by Mr. Bell and his wife and son, working before school began and at odd times through the month just ended, and is now practically complete. The system used is one accepted by all standard libraries, modified to suit the school needs; and though the library is small, still it is fairly complete and practically every branch of reference work which the students have need for is covered. More Books Needed. However, more books are needed and will be purchased as soon as possible. In the meantime, the school will be very glad to receive any donations. The library at present is kept by any teacher who happens to have an off period. Students may be excused from study hall to do reference work in the library and the same order is maintained in the reading rooms in the study hall or recitation rooms. Written permits for each student entering the library are filed to form a record of the usefulness of the reference shelves, and in the same way cards are kept to show how many books are taken out for home study. For several years there has been no librarian at the High School, the last regular librarian was a post-graduate employed there five years ago and as a result the books have become scattered, some suffered from careless handling and some complete sets have disappeared. Few O. Henry Books Left. Of the entire works of O. Henry there are at present only two volumes to be found and similar treatment has been accorded almost every other set of reference or fiction. Mr. Bell asks that all who know of library books whose return has been neglected, see that they reach the shelves as soon as possible. It is through carelessness, says the librarian, rather than malicious intent that the books have been taken off and not returned and now that there is once more an open library it is necessary that all the books belonging to the High School be brought back. As soon as possible the library will be added to, both the reference and fiction departments, and Mr. Bell has plans for this to be announced later. It is probable that some of the classes may decide to make contributions to the shelves as a memorial of the class, and that other means will be found for increasing the number of volumes.

TODAY'S MARKETS

SEABOARD DEMAND AND SLOW HUSKING LIFTS CORN PRICES

Chicago, Oct. 22.—Evidence of a seaboard demand, together with slowness of husking and with rural complaints of ear scarcity tended today to lift corn values. Pit traders who at the outset favored the selling side found that offerings were quickly absorbed. The December delivery was in particular demand as the outlook for accumulating any larger stock here soon appeared remote. Opening prices which ranged from $\frac{1}{4}$ ¢ off to $\frac{1}{4}$ ¢ advance with December 14 $\frac{1}{4}$ ¢ to 14 $\frac{1}{2}$ ¢ and May 108 $\frac{1}{2}$ ¢ to 109 were followed by a moderate upturn all around. Oats hardened with corn. Buyers here were by no means urgent.

Subsequently further gains to place as a result of the smallness of hedging sales and because of the fact that the amount of corn on hand in Chicago had been reduced to the smallest total in many years.

The close was strong 1 to 2 $\frac{1}{2}$ ¢ net higher with Dec. 14 $\frac{1}{4}$ ¢ to 14 $\frac{1}{2}$ ¢ and May 108 $\frac{1}{2}$ ¢ to 109.

Firmness in the hog market led to higher prices on provisions. Trade was not very large.

Increased commission house buying led afterward to additional gains notwithstanding that meanwhile the hog market had undergone a break.

 SHEEP.—Receipts 85,000; slow. Weathers \$8.80@12.75; lambs \$12.65@17.75.

New York Stock Market.
 New York, Oct. 22.—(Wall Street)—On the opening there was trading in war shares at higher levels. Equipments were again the conspicuous feature at gains of 1 to 2 points shipping, metals, oils and various specialties shared in the advance but rails were sluggish and utilities as represented by Gas shares, manifested some of the recent reactionary trends. Trading was broad and suggested further closing of short contracts.
 Prices sagged again in the afternoon steel reaching $\frac{3}{4}$ ¢ to 108, leading rails losing a point and coppers and Central Leather 1 to 2 points.
 Reading became stagnant on the decline.
 Pressure increased in the latest hour, leaders showing extreme reactions of 1 to 4 points. The closing was heavy. Liberty Bonds changed hands in large blocks at 99.70 to 99.72.

Chicago Produce.
 Chicago, Oct. 22.—Butter, steady creamery, 38 $\frac{1}{2}$ ¢.
 EGGS—Receipts 5,689 cases; firsts 36@37; ordinary firsts 35 $\frac{1}{2}$ ¢@36; at mark cases included 26 $\frac{1}{2}$ ¢@37.
 Potatoes—Higher; receipts 75 cars; Wisconsin, Michigan and Minnesota bulk \$1.25@1.45; same sacks \$1.35@1.40.
 POULTRY—Steady; hens 14 $\frac{1}{2}$ ¢; broilers 29¢.
 Live lower; fowls 14@15; springs 17 $\frac{1}{2}$ ¢.

COTTON MARKET OPENS STEADY, THEN DECLINES

New York, Oct. 22.—The cotton market opened steady but first prices were 5 to 30 points lower and the general list sold 55 to 75 points under Saturday's closing during the first few minutes with December selling off to 29 $\frac{1}{2}$ ¢ and January to 29 $\frac{1}{4}$ ¢. Notwithstanding the unfavorable weather, it appeared that a good many selling orders had accumulated over Sunday. Liverpool was a heavy seller while there was also selling for southern acquisition, as well as Wall Street and local liquidation. A report that the government was planning to seize German owned cotton in this country, which was discredited, may have had some effect.

The volume of business tapered off after the early break and prices rallied later in the morning on the western forecast for wintry conditions and the unfavorable detailed weather report conditions. December sold up from 29 $\frac{1}{2}$ ¢ to 29 $\frac{3}{4}$ ¢ and Jan. from 29 $\frac{1}{4}$ ¢ to 26 $\frac{1}{2}$ ¢ with the market steady at a net decline of about 20 to 27 points around midday.
 The midday rally carried December up to 27.24 and January to 26.81, or about 69 to 63 points above the early low level and back to within 5 or 12 points of Saturday's closing. Later fractions were irregular with trading quiet. A southwestern authority reports heavier than normal crop deterioration between Sept. 25 and Oct. 9 with the crop indication pointing to 11,186,000 bales on the later date.
 Cotton closed very steady.

Liverpool Spot Cotton.
 Liverpool, Oct. 22.—Cotton spot in moderate request; prices easier. Good middling 20.92; low middling 19.92; good ordinary 18.87; ordinary 18.47.
 Sales 4,000, including 3,400 American.
 Receipts 2,200, all American.
 Futures closed steady. New contracts: Jan. 19.54; Mar. 19.02; May 18.60.
 Old contracts, (fixed prices): Oct. 19.12; Dec. 18.95; Mar. Pur. 18.72; May June 17.71.

New Orleans Cotton.
 New Orleans, Oct. 22.—General liquidation worked strongly against values in the cotton market here early today and prices lost 52 to 54 points in the first half hour. Selling was liberal in the face of continued cold weather and the bear. Many brokers and traders claimed unfavorable weather had been discounted.
 Cotton opened steady. Opening bids: Oct. \$27.18; Dec. \$25.95; Mar. \$25.60; May \$25.57.
 New York, Oct. 22.—Cotton futures opened barely steady. Oct. \$28.20; Dec. \$27.25; Jan. \$26.80; Mar. \$26.50; May \$26.38.

New York Coffee Market.
 New York, Oct. 22.—COFFEE: No. 7, 84; but receipts; Dec. 7.10; Mar. 7.31.
Kansas City Produce.
 Kansas City, Oct. 22.—BUTTER—Creamery 40; first 38 $\frac{1}{2}$ ¢; second 37 $\frac{1}{2}$ ¢; packing 35.
 EGGS—First 36 $\frac{1}{2}$ ¢; second 29.
 POULTRY—Steady; hens 14 $\frac{1}{2}$ ¢; broilers 29¢.
 POTATOES—Firm, \$1.35@1.50.

"Over the Top"

The grey fighting light—the rush up the short trench ladders—the silence of the men as the ghostly line moves forward behind the curtain of the barrage fire—our boys will see and feel it all. And when they return triumphant, tired, dusty, they will remember kindly the cool, refreshing drink that absorbs thirst and satisfies

NON-ALCOHOLIC LA PERLA NON-INTOXICATING

"The Drink that Satisfies"

Wholesome—Invigorating—Delightful

Wholesome because it's pure. Invigorating because of its health-giving ingredients. Delightful because it has the snap, the sparkle and the flavor that reaches the spot. La Perla is the most popular of all soft beverages now before the public. It is the favorite at the Regimental Exchange as well as all places where good soft beverages are sold. Try it today.

UNION-SUIT THE WHOLE FAMILY IN

MUNSING WEAR

AND YOU'LL ALL BE COMFORTABLE THIS WINTER

Many folks seem to have the idea that Munsingwear is high priced.

The fine quality and careful workmanship in Munsingwear undoubtedly gives that impression.

When they find out the price of the particular Munsingwear style and fabric that they like best, they are usually surprised—and delighted.

They are delighted again when they put on their Munsingwear—it fits so perfectly, fits so comfortable.

Again they are surprised when the Munsingwear comes back from the wash—as perfect-fitting as ever.

The climax to their Munsingwear experience comes when they discover how long it wears.

For any man, woman or child—tall, thin, short or stout—there's a perfect-fitting Munsingwear garment in any style, fabric or weight desired.

These Munsingwear features explain why there are now 10,000,000 Munsingwear garments sold annually.

THE Ziegler Gas Heater

Is warming lots of homes in Wichita Falls to the delight of every user

THE ESSAY CONTEST WON BY NO. 3
 was very interesting and is now starting on its **SECOND ROUND**
Everybody is Invited to Participate

The first award was made to the following poem

Help the Nation win the fight, with the fire you daily light,
 You can help the soldier's ill, if you save on your gas bills.
 And the only way you can, is to follow Ziegler's plan,
 Get the stove he built to heat when it comes to giving heat.
 With a small amount of gas, cold nor chill can near it pass,
 Get one now, without delay, before winter's come to stay.
 It will to your call respond as a safe Liberty Bond,
 Quickly it will save the price of the Bonds that you've bought twice.
 Safe, and sure, and very neat, patented and all complete,
 Gas, and air, and Ziegler's brain, iron-bound, can stand the strain.
 Of competition built to kill, figures four on each gas bill,
 Get one now; assure your mind, that you can't its equal find.
 Buy it made in Wichita; Texas furnished products raw,
 Fall in line, and get the best, Ziegler's zealous for the test.
 —Alice Brown Yeager.

We appreciate the lively interest the public is taking in this contest and invite everybody to take part in it.

About That Fifteen Day Lot Sale On Huff Avenue, Southland Addition

GET THIS IN MIND:

When you buy a lot on Huff Avenue between Brook Avenue and Archer street, paving guaranteed, you have distinct advantages and not ordinary real estate conversation. Buyers cannot be fooled by unfounded arguments, so the cold facts will be set forth here and you be the judge.

1st. The street is restricted to minimum building clause of \$2,500.00. This is high enough to cull out shacks and low enough to prevent a hardship on the general home-building public. All houses to be built back 30 feet from the front line so as to be uniform. **NO LOTS CAN BE CUT ACROSS AND FACE HOUSE OTHER THAN RESTRICTIONS PROVIDE.** No stores; purely a residence street.

2nd. Every modern convenience to be had on this street that can be found in any part of Wichita Falls. That means water mains in front of property, gas mains, accessibility to telephone, electric lights, sewer system in alley.

3rd. Will be connected up by continuous sidewalks with either the 9th street car line or the Southland car line, three blocks on either side of Huff Avenue.

4th. School facilities sell more property than any other one factor you can mention. Alamo school is within one block of Huff Avenue and not over four blocks to the farthest lot on sale. The Austin school and the high school is within easy walking distance of any part of Huff Avenue and can be reached without getting off the sidewalk.

5th. This district is within 25 minutes walk of the postoffice. Men walk, sometimes due to choice and breakdowns in transportation systems. Let Wichita Falls grow, as she will grow, and this section will be termed close in. Compare it with other sections already built and it is close in even at present.

All lots are 170 feet in depth, facing north, and 165 feet in depth facing south. An unusual depth or a surplus of ground over the average sized lot in Wichita Falls.

Prices range from \$825 for 50 feet front lots up, including paving and sidewalks.

Terms one-third cash, balance one and two years, eight per cent interest.

Paving increased values on every residence street in Wichita Falls. It will do so on Huff Ave.

Get your choice early. Within one year this street should be built up with homes. What's the answer? Profit to the early buyer.

710 1-2 Indiana Avenue

At the Theatres

AL. H. WILSON AT THE WICHITA THEATRE TONIGHT

The great character dialect comedian and singer Al. H. Wilson and company will present this new stirring comedy play entitled "The Irish Fifteenth," written by Theodore Burt Sayre at the Wichita Theatre tonight. This talented comedian's new play is a distinct departure from his former

offerings which have heretofore most savored of the modern, since it is strictly up-to-date and enables him to exploit his talents in a series of life military phases—so varied in style that great versatility is required to properly typify the character in all its completeness. The theme has an atmosphere of the present war and has to do firstly with the adventures of rolicking fighting loving youth—secondly with the sacrifice of his career for honor's sake and thirdly with his triumph over all the difficulties besetting his path. It is in four acts, each with a military environment, thus affording abundant

opportunity for character acting of a high order. The musical program embraces a number of melodies that add greatly to Mr. Wilson's already superb reputation as a singer of note. He sings five songs interspersed during the action and as rendered in his inimitable manner, proves a most delightful feature. The titles are as follows: "My Mother's Wedding Ring," "Ireland Is Home, Sweet Home," "I Want You Then, Madree," "A Lily From Heaven" and "The Irish Will Be There."

THE GEM. "The Last of the Night Raiders" will be the attraction today at the Gem. In this picture Eileen Sedgewick and Fred Church are stars. The scenes are laid in the tobacco raising country and the incidents tally with recent happenings in connection with "whitecap" and other raiders who terrorized tobacco raisers.

PAULINE FREDERICK AT THE EMPRESS TODAY

A list of the productions in which any popular film actress has appeared would without doubt, include a variety of subjects, but it is doubtful whether any screen star has to his or her credit a larger assortment or one with a wider scope than Pauline Frederick, Paramount star and emotional actress. For those who have followed the work of this popular star it will perhaps be interesting to recall her Paramount productions in the order of their bearings: "Gold," "Zaza," "Bella Donna," "Lydia Gilmore," "Spider," "Audrey," "The Moment Before," "The World's Great Snare," "The Woman in the Case," "Ashes of Embers," "Nanette of the Wilds," "The Slave Market," "Sapho," "Sleeping Fires," "Her Better Self," and "The

SELLS-FLOTO SHOWS WILL CLOSE SEASON HERE, BUYING SUPPLIES FOR TRIP TO DENVER, COLORADO

The Sells-Floto Shows will appear in this city Monday, November 5, and will close their 1917 season here, under the supervision of H. B. Gentry, the general manager. This show has had a most successful season, experiencing no serious accidents of any kind and has covered over 50,000 miles. It is a remarkable fact that Wichita Falls is the first "wet" city in which this show will be presented for the entire season. The show carries 45 cars and employs 500 people, all of whom will be paid off for the season in this city. The advance car No. 1, in charge of Ed C. Warner, is being paid off here today. Statements made this morning were to the effect that the show has had a big season in spite of the war. Advance car No. 3 will be paid off here next Monday. The company will make their winter quarters in Denver, Colo., and all supplies for the trip to Denver will be purchased in this city. They have been touring in the south for the past thirteen weeks. All shows and circuses bring crowds to town, and generally money circulates rapidly on that date, but the greater part of it is carried out of the city by the show people. Not so in this case, as the entire company of 550 people will receive their season's pay here, and a large amount of supplies are to be bought for the trip back to Denver. This company will spend more money, by far, than any other show troupe which has visited our city in several seasons, and since they have long since established a reputation of presenting a good show, November 15 bids fair to be one of the big days of the year in Wichita Falls.

VINCENT ASTOR'S FATHER-IN-LAW RECEIVES COMMISSION

By Associated Press. New York, Oct. 22.—Robert P. Huntington, father-in-law of Vincent Astor has received his commission as a lieutenant in the naval reserve and has already been assigned to the transport service on a ship carrying troops to France. It was learned today.

EMPRESS THEATRE

MONDAY and TUESDAY

Pauline Frederick

—IN—
"Double Crossed"

The charming, versatile, talented Pauline Frederick in a role quite different from that of the scrub woman in her last picture, "The Love That Lives", that of a young society woman much in love with her young broker husband. Miss Frederick's beauty is given a lovely setting in this story of a fashionable Long Island colony, and the part also enables her to charm the feminine portion of the audience as well as the male by her display of beautiful gowns. As the young matron who tries to help her husband live down a petty ghost of the past which has come back to haunt them just as success and happiness are within their grasp Miss Frederick encounters some thrilling adventures, but in the end after much suspicion and jealousy on the part of both, they win, and love comes to crown their efforts. The setting used for the Long Island home is the actual home of a millionaire, furnished just as the owner occupied it.

PATHE NEWS
OPENING WORLD'S SERIES—Thirty-five thousand ardent baseball fans see the White Sox beat the New York Giants in the first game of the series by the score of 2-1.
AMERICA UNDER ARMS—is the inspiring spectacle seen at Camp Mills as the Rainbow Division, 27,000 strong, marches in grand review.

Wanted To Buy Second-Hand Furniture and Stoves! Star Furniture Co. Phone 1011

BE READY FOR THE COLLECTOR

Receiving Want Ads by telephone is the final detail in making The Times Want Columns promptly and perfectly useful to the readers.

Telephone Ads cost no more, in money—and less in time—but The Times must employ collectors to follow the phone.

The extra accommodation of receiving by phone should be encouraged by always being ready for The Collector.

DON'T LET HIM CALL THE SECOND TIME

If you have a room to rent, a house to rent, a farm for sale, or if you want to buy an article, whether new or second-hand, you should use The Times Want Ad Columns daily.

RATES—Want ads are one cent a word for the first insertion and half a cent a word for subsequent successive insertions. No want ad taken for less than fifteen cents and no ad taken to run three times for less than 25 cents. In giving in Want Ads PHONE 167.

Firm Plans to Sell Tremendous Order of Underwear for Troops

By Associated Press. Washington, Oct. 22—Plans to produce and sell to the government with our profits, approximately 120,000,000 suits of underwear annually, or enough to supply each soldier in the allied armies with four sets of light and four of heavy garments each year, have been worked out by Louis Steinfeld, of New York, and probably will be laid before government officials for consideration in a day or so.

Mr. Steinfeld has been organizing into a single corporation about forty yarn spinning and knitting mills having a combined annual output of ten million dozen suits of knitted underwear.

The parent corporation to be known as the American Knit Goods Corporation, includes many large mills in the east and south.

A representative of the State comptroller's department was today taking depositions in a complaint that had been filed against Joe Long, proprietor of the Capital Bar. It is charged that Long has violated the state laws regulating the sale of intoxicants in several particulars. Depositions of several witnesses were taken. Hearings will be held before the comptroller for consideration. If the evidence is deemed conclusive action will be taken to forfeit Long's license.

FOR SALE—Two nice lots on 12th street on the corner, South front 1 1/2 block of High school, and a bargain at \$1500. for the two.

FOUR ROOM HOUSE—Rents for \$10. Nearly new, for \$750. Will take cheap car and give time on balance.

DEBATING SOCIETY AT HIGH SCHOOL IS NOW HARD AT WORK

The Debating Society of the Wichita Falls High School which was organized shortly after the present session opened, has been doing earnest work. Over fifty boys are in the club, which is one of the most widespread of any in the school. The society officers were chosen that served last year, when there were less than twenty-five members.

The club meets every Thursday morning from 8:30 to 9:30, at which time debates among the club members takes place. Some of the subjects recently debated upon are, "We Man's Suffrage," "Should Girls be Admitted in Intercollegiate Debates," "One of the big debates in store for the club in the near future is on 'Municipal Ownership'."

Arrangements have been made with the local school authorities and the State University to allow class credits toward graduation in their debating work. This is a new ruling and Wichita Falls High School is the first to be benefited thereby.

Prof. J. W. Williams has charge of the club, and is especially planning to make it more interesting and profitable for the boys. The sophomores recently challenged the freshmen boys for a debate on any subject that might be chosen, and it is probable that this debate will take place some time this week. Frank Patton and Abe Boshara will represent the sophomore class, the representatives of the freshmen class not having been announced. The debate will be held in the auditorium, taking the place of the regular class exercises.

OLD MATTRESSES MADE NEW. A faulty uneven mattress makes a good night's sleep impossible. Let us make over your old mattress you may have in mind. We'll return it to you not just as good but better than it was when you bought it new.
