ACTIVE CAMPAIGN WILL SOON BEGIN FOR ARMY BOOKS

VARIED ASSORTMENT OF BOOKS WILL BE NEEDED SAYS MRS. SMOCK

Mrs. E. B. Smock, county chairman of the War Libraries campaign, announced this morning that she expected soon to be able to announce the date of the active opening of the campaign to buy books and periodicals for the soldiers at the training camps, detention camps, concentration camps, and at the front itself.

The need of literature that will be acceptable and profitable to the soldiers has been pointed out and emphasized by many of the leading journals of the country. Attention has been called to the necessity of occupying the men's spare time, and to the great lack of reading matter at the camps and the front.

Much Accomplished.

A great deal has been accomplished by the Y. M. C. A., the Salvation Army, and similar bodies, but reports make it very plain that a great deal more remains to be done than has already been done.

Another fact to which attention has been called, is that many of the men of the new army are men accustomed to reading, and who will feel the lack of books and periodicals very keenly; and because the new army is composed of men from all walks of life, the literature provided for them must be of a varied character. One of the leading dailies in the state of New York recently urged the distribution of war literature, first for the purpose of acquainting the men with the real causes for which they were fighting, and also as part of a general educational campaign of propaganda, that these men, when they return to civil life, as many of them—most of them, in fact—will, may be equipped with a sound knowledge of facts which will go down in history, and with which it is believed that every man at present should be well acquainted.

Quota Not Yet Fixed.

The quota for Wichita county has not yet been definitely fixed, but it is believed that it will be between two and three thousand dollars. One million dollars has been asked for from the United States, and while it is stated that this sum will by no means do all that must be done, it will go far to relieve the present situation.

CORPORAL WISHART MAY LECTURE HERE UPON TRENCH LIFE

MEMBER OF CANADIAN OVERSEAS FORCES TELLS OF HUN ATROCITIES

Negotiations have been opened between the Lions' club and D. M. Fawcett, who is looking a lecture by Corporal F. K. Wishart, of the Canadian Overseas Forces, with a view to possibly bringing that gentleman here to tell Wichita what he has learned about war at the front. The letter from Mr. Fawcett follows:

"No doubt you have heard of Corporal F. K. Wishart, of the Canadian Overseas Forces. He is a survivor of the 162nd Battalion, and the 67th Western Scouts. Both of these regiments were wiped out at the battles of the Somme and Ypres.

One of Oldest Volunteers.

Corporal Wishart tells an intensely interesting story of his experiences during two years service in France and Belgium as a soldier in the front line trenches. He is the oldest volunteer in the Canadian army, and speaks only as one who has a mature mind.

"His experiences while in 'No Man's Land' are one of the features of his lecture. The operations of German snipers, how the 'tanks' are used, poison gas, liquid fire, charging over the top, and digging themselves in, is all portrayed by Corporal Wishart in a very graphic manner.

"Corp. Wishart's drawing power was demonstrated at Rockford, where he talked to a crowded house which seats 1600 people. Everyone is anxious to hear a truthful account, first hand, from a soldier who has actually been there.

Credentials Are O. K.

"Corp. Wishart comes to you with credentials which cannot be refuted. If you care to use his services to secure funds for the Red Cross, for a tobacco fund, or to stir up patriotic feeling, you may rest assured that Corporal Wishart will draw a large crowd.

"We refer you to the Chicago Daily News and the president of the Intercollegiate Club. We furnish large posters. If you are interested in having Corporal Wishart come to your city, write for dates, etc., at once.

"Yours truly,
 (Signed) D. M. FAWCETT"

When Itching Stops

There is one safe, dependable treatment that relieves itching torture and skin irritation almost instantly and that cleanses and soothes the skin.

Ask any druggist for a 25c or \$1 bottle of zemo and apply it as directed. Soon you will find that irritations, pimples, blackheads, eczema, blotches, ringworm and similar skin troubles will disappear. A little zemo, the penetrating, satisfying liquid, is all that is needed, for it banishes most skin eruptions and makes the skin soft, smooth and healthy.

THE INSTRUMENT OF QUALITY
Sonora
 CLEAR AS A BELL

PROGRESS earned by VALUE

Present indications show that the Sonora sales for 1917 will be over 100 times as great as the sales for 1916.

This marvelous growth in so short a period could not have been reached with a phonograph that was only "as good" or even "slightly better."

Sonora had to be overwhelmingly superior to achieve so quickly such remarkable results in the face of the vigorous competition and the extensive publicity of older established machines.

Sonora's popularity is based on its intrinsic worth. Its exquisite tone which won for it the highest score at the Panama-Pacific Exposition wins for it new admirers daily.

Drafted Men Offer To Sell Automobile At Great Sacrifice

"Drafted. This Car For Sale at a Sacrifice"

This banner on a handsome new touring car attracted attention on the down town streets of Wichita Falls yesterday. The two young men, J. L. Hunter and G. F. Rice, partners in a retail shoe business in Chickasha, Okla., were in the last contingent of the first selective draft, and disposing of their business started to drive in their car to San Antonio. They were informed that they would not be allowed to keep their car at the training camp; so it is meeting the fate of their other interests.

Loan Applications For County Granted By Bank at Houston

Applications for loans from farmers in this section aggregating \$39,000 have been approved by the federal farm loan bank at Houston, according to reports received by Secretary Simmons of the local association. Mr. Simmons has received certificates of approval for these loans and the money will be available as soon as the necessary papers are signed up.

Other applications are being acted upon as rapidly as the board can take them up.

GERMANY ANTICIPATES ATTACK BY ALLIED FLEET

By Associated Press.

Stockholm, Oct. 22.—The military critic of the Svenska Dagbladet assumes that Germany is anticipating an attempt by an allied fleet to force their way into the Baltic in consequence of the German success in the Gulf of Riga. He says that never since the war began has such a number of German destroyers and submarines been stationed in the neighborhood of the Belts, the sounds between the islands of Denmark and The Sound between Denmark and Sweden.

AL G. WILSON PEASES LARGE CROWD IN THIS CITY

Al G. Wilson, appeared at the Wichita Theater last evening, and with his new play, "The Irish 15th," delighted a crowd of admirers that taxed the capacity of the house.

The play was replete with pathos and scenes that touched the hardest heart, deftly enacted with just enough of Mr. Wilson's dry, original wit, to make it one of the most enjoyable he has ever presented.

Mr. Wilson as Lieut. Richard Dale of the 10th Irish Infantry, in his fight for the hand of Mona Fitzpatrick, an Irish maiden, and his struggle to save his niece's good name from disgrace, was the thread around which the story was woven.

During the action of the play Mr. Wilson sang several songs of his own composition, among them being "I Want You - Then, Macbride," "My Mother's Wedding Ring," "Ireland Is Your Home, Sweet Home," "A Lily from Heaven," and "The Irish Will Be There."

The Empress.

"Double-Crossed," a Paramount picture starring Pauline Frederick, at the Empress theater today, is a modern play of love and intrigue with a tremendous feminine appeal. It is the story of a young society matron who discovers that her husband, with whom she is very much in love and whom she has always set upon a pedestal, has, in his youth, committed a serious slip.

Miss Frederick's emotional acting in the scene where she overears a detective trying to blackmail her husband with a signed confession, is superb and up to her highest standards.

Pauline Frederick

"Double-Crossed"

Naturally, you expect us to say that Pauline Frederick scores a great triumph in "Double-Crossed"—that the play itself is the greatest ever written for her; that it is full of action, thrills and suspense. You think: "They always say that." But—

SEEING IS BELIEVING.

We want you to see this picture because we know you will like it; you will like its background of politics, burglary, society and love; you will like Miss Frederick. And then you'll agree with every claim we make for the play. Remember! Seeing is believing.

SOCIETY

PRESBYTERIAN COMMITTEES TO MEET WEDNESDAY

A meeting of the Three Months Campaign committees of the First Presbyterian church will be held Wednesday evening at the church at 7 o'clock.

INTERESTING MEETING OF B. W. A. MONDAY AFTERNOON

The Baptist Woman's Alliance met Monday afternoon at the church in regular session. Plans were perfected for the reception to be given for the new pastor and his family on Monday evening, October 29 and Mrs. R. C. Smith announced that the box recently packed and sent to the Buckner Orphan's Home had a value of \$400. The program was very interesting, the subject being: "Church Building Loan Funds" and Mrs. I. A. Farris was leader. Two songs were sung by the society, then prayers given by Mrs. O. L. Powers and Mrs. E. W. Carter. The Scripture lesson, from First Chronicles and Ezra was read by Mrs. S. J. Clabey and two papers were given: "On Opportunities for Service," Miss Cora Phillips and "Anniversary Hymns," Mrs. Wiley Robertson. Mrs. Young gave a vocal solo, "The Church in The Wildwood."

FIRST METHODIST CIRCLES MEET MONDAY AFTERNOON

Circle No. 1 of the First M. E. Church met Monday afternoon with Mrs. G. E. Friberg, the chairman, in business session. Mrs. A. E. Anderson was elected vice chairman and Mrs. W. B. Marquardt secretary-treasurer. Various business plans were discussed and the meeting was an interesting one.

PRESBYTERIANS STUDY NEW MISSION BOOK

The first chapter in the new study book, "The African Trail" formed the study of the First Presbyterian Missionary Society meeting Monday afternoon at the church. Mrs. J. W. Culbertson was leader and was assisted by Mesdames Joe Harris, A. H. Carrigan and J. A. Kemp. Mrs. Bernard Martin presided over the business session in the absence of the president, Mrs. H. B. Patterson.

CENTRAL PRESBYTERIAN AID SOCIAL MEETING

A delightful social meeting of the Ladies' Aid of the Central Presbyterian church was held Monday afternoon at the home of Mrs. C. E. White. Music and readings, together with an interesting contest entertained until late in the afternoon when refreshments of hot chocolate, wafers, candies and fruit were served.

FORTY TWO PARTY FOR TULSA VISITORS SATURDAY

One of the most delightful of the numerous informal hospitalities for Mr. and Mrs. Charles W. Nicholson of Tulsa, came at the J. T. Montgomery home the past week, was the forty-two party with which Mr. and Mrs. P. F. Langford entertained on Saturday evening. There were five tables of players, all of whom long time residents of the city and close friends of the honorees.

A tempting salad plate with an ice-cream dessert, coffee and fruit were served, served at a late hour to Mr. and Mrs. Nicholson, guests of honor. Judge and Mrs. J. T. Montgomery, Mrs. M. M. B. Darnell, Mrs. C. E. Reid, Judge and Mrs. A. H. Carrigan, Mr. and Mrs. J. C. Hunt, Mr. and Mrs. W. M. McGregor, Dr. and Mrs. Wade Walker, Mr. and Mrs. T. T. Reese, and Mr. and Mrs. Wiley Robertson.

EPISCOPAL GUILD MISSION PROGRAM MONDAY AFTERNOON

Mrs. Bruce Greenwood was hostess Monday to the monthly missionary social of the Guild of the Good Shepherd. The program was most interesting, consisting of a talk on missions by Rev. Reginald T. Hicks, the rector, vocal numbers by Misses Katherine Cook and Mabel Simpson and instrumental numbers by Misses Kathleen Stouffer and Florence Stannons. There were about thirty five present.

TULSA VISITORS RETURN AFTER PLEASANT STAY HERE

Mr. and Mrs. C. W. Nicholson have returned to their home in Tulsa after a visit with Judge and Mrs. J. T. Montgomery and Mrs. M. M. B. Darnell. This was the Nicholson's first visit here since leaving a number of years ago, and their stay was made very pleasant by the informal hospitality of old time friends, who alternately lunched and dined them.

MINING COMPANY WOULD PURCHASE MUCH SCRAP TIN. The Calumet and Arizona Mining Co. of Warren, Arizona, has written the Chamber of Commerce to inquire as to the possibility of obtaining large quantities of tin cans, provided said cans, labels removed, and also very clean, and of a reasonable junk dealer, with whom negotiations may be opened as to the purchase of this material is requested by the company. It is understood that the purpose of these tin cans is for what is known technically as the "leaching process," in which the tin cans are placed in huge wooden troughs, through which water pumped from the mines is passed, and which forms a sort of filter which separates the copper from the water. The action of the tin on the water causes this separation, and the deposit left from the water is practically pure copper. Some zinc oxide is also said to be found in this deposit, which can be used in the smelting process. Any persons interested in this kind of junk should notify the Chamber of Commerce, or take up the matter up with the Calumet and Arizona Mining Company of Warren, Ariz.

It puts economy into the good things that you bake with it. Try this cottage pudding, or take one of your favorite recipes. Only be sure you use one-third less of Cottolene than you do of butter or other shortenings. RECIPE Peach Cottage Pudding. 1 cup Cottolene; 1 cup sugar; 1 egg; 1/2 cup milk; 2 cups pastry flour; 4 level teaspoons baking powder; 1/4 teaspoon salt; 1/4 teaspoon almond extract. Sliced preserved or fresh peaches. Cream Cottolene, add sugar gradually, then egg well-beaten. Sift together flour, baking powder and salt; add to first mixture alternately with milk. Add extract and beat thoroughly. Bake in shallow pan. Cut in squares, pile with sliced peaches and sugar, and serve with hot sauce or cream.

Woodside Kept Busy At Camp Travis But Is Also Interested. The many friends of Lieut. J. U. Woodside will be interested to know that a letter from him has been received here, and that he reports himself flourishing. The work, he says, at Camp Travis, is very hard, but intensely interesting, though even yet, he has not entirely overcome the newness and strangeness of it. Lieut. Woodside is somewhat sorrowful over the giving up of the musical profession. "I never realized before," he writes, "just how much it meant to me, till I had to give it up entirely. I never sing any more." The letter continues, "and I can only hope that my voice will not be hopelessly injured in the work." All the martial world, and the work and the life seem so far away, he says, as though they were part of a previous state of existence. There is no complaint in this, however, for the new life is so full of activity and interest that there is no time for repining. Lieut. Woodside hopes for promotion soon, but adds that this is only hope and not definite prospects, and closes with very kind remembrances to his friends in Wichita Falls.

Town Is In Mourning Over Zeppelins' Loss Says Swiss Dispatch. Associated Press. Zurich, Switzerland, Monday, Oct. 22.—Friedrichshafen is in mourning over the loss of at least four Zeppelins in the ill-fated raid on England according to advices received here from Swiss towns on Lake Constance. The majority of the crews of the destroyed Zeppelins lived in Friedrichshafen. The king of Wurtemberg has sent messages of condolence to the families of the men lost. The Swiss newspaper express the opinion that the disaster is a death blow to the Zeppelins. The newest Zeppelins, according to information here are 720 feet long and 75 feet in diameter. They have eight engines developing 2,000 horse power and are able to keep in the air fifty hours with a crew of 26 men and a load of projectiles.

TODAY'S MARKETS

WEAKNESS IN CORN DEVELOPES RESULT NEW RESTRICTIONS

Chicago, Oct. 23.—Weakness manifested itself in the corn market today owing to prospects of new and high price restrictions on trading. Much selling took place chiefly to close out contracts that required delivery of corn in December. The reason for unloading of such contracts was a belief that the board of trade directors this afternoon would formally prohibit all new business in the December option, a step toward averting a sensational price upturn likely to be brought about otherwise by the temporary scarcity of corn in Chicago elevators. Opening quotations which ranged from 1 1/2 lower to 1/2 advance with December \$1.15 1/2, \$1.17 and May \$1.09 1/2 to \$1.10 1/2, were followed by a set back all around and then something of a rally.

Oats eased off with corn. Bears however, were not aggressive. Sharp breaks in provisions were ascribed to the weakness in the corn market. Pork fell more than \$1.00 a barrel. Lard and ribs were less unsteady.

Lard the market rebounded as a result of buying of the part of shorts but for the most part the advances were not maintained. Quotations closed unsettled at \$1.15 1/2, \$1.15 1/2, Dec and \$1.10 1/2, \$1.10 1/2, May, 1 1/2, decline to 1/2 gain as compared with yesterday's finish.

RAILS ARE STRONG FEATURE OF DAY'S TRADING IN STOCKS

New York, Oct. 23.—Rails were the strong feature of today's early dealings on the stock exchange, advancing from large fractions to more than a point on the decision of the interstate commerce commission to reopen the hearing of the eastern roads for higher rates. Equipments, shipping and oils shared more moderately in the rise. United Tea Steel, however, soon gaining a point. Gas issues, motors and a few specialties were hesitant or reactionary. Liberty 3 1/2's were again taken in round amounts at 99 1/2.

Trading became listless in the afternoon, but some of the leaders, notably shippings, Central Leather, Bethlehem Steel and Baldwin Locomotive rallied 1 to 1 1/2 points. Bonds and United States steel under further restraint.

COTTON MARKET MAKES ADVANCE RESULT OF COLD

New York, Oct. 23.—The cotton market opened steady with an advance of six to 28 points. Trade interests were buyers of the near months which were relatively firm with December selling at 27.55, or 30 points above the low level of yesterday while January sold at 27.02 compared with 26.18 yesterday. Apprehensions that the cold wave reported in the western belt would reach the eastern belt tomorrow also led to covering but the volume of business was not heavy and the market became irregular after the opening as a result of realizing.

Covering by Oct. shorts sent the price of that delivery up to 28 1/4 before the end of the morning, or about 50 points net higher. The strength in this position helped to check reaction in later deliveries and the market was generally steady with business comparatively quiet. After selling off to 27.35 Dec. rallied to 27.42 while Jan. advanced from 26.90 to 26.97 with active months raising about 2 to 12 points net higher shortly after midday.

Offerings about equally divided between liquidation and fresh short sales held the market down during the morning. At noon the active months were 10 to 15 points over yesterday's close.

The market became firmer during the early afternoon on covering by sellers and a continued demand from October shorts. The advance was encouraged by bullish southern spot advices with October selling up to 29 1/2 making a new high record for the season and an advance over a cent from last night's close. Dec. sold at 27.70 and Jan. 27.24 or about 35 to 43 points net higher.

New Orleans Cotton.
 New Orleans, Oct. 23.—Prospects of another cold wave over the belt caused a buying movement in cotton here today which put prices 20 to 24 points higher in the first half hour. Favorable local accounts from the interior made for a steady tone.

The report that fifteen German ships had been sunk or put out of commission in engagements with the Russians was construed in a very bullish way and prices bulged sharply, raising in the trading up to one o'clock to a net advance of 46 to 54 points.

DO THE WOMEN WORK?

ANSWER IS GIVEN

London, Oct. 5.—(By Mail)—What does all this talk about women on the land really amount to in England? What do the girls who volunteer for farm work actually accomplish and what would be their standing in the West where women have always done farm work?

Being from Missouri I accepted an invitation to be shown by the Women's Legion, a competition for women who are doing farm work. There were over two hundred entries, more than a thousand dollars in prizes, besides silver cups offered by earls and marquises and other big landowners. The test was held at Oakham, a small village in Rutland county in the heart of the most beautiful farming country, land which for centuries has been under cultivation. Rutlandshire contains country seats of the Londons, Londonderrys, and Gainsboroughs, so it might have been expected to hold pretty tight to tradition. But so far from holding back in regard to welcoming women as farm hands and turning ancient grass lands into cultivation this country is in the forefront of the great advance. The Marchioness of Londonderry is president of the Women's Legion and it was on her estate that the competition was held.

There was six classes of competition, butter-making, milking, ploughing, hedge-trimming, pitching and loading, and riding and driving farm horses. Missing from the largest number of entries, pitching and loading hay came next, while harnessing, riding and driving farm horses made a close third.

The Women's Legion was first in the field with women to run motor tractors. Now girls are not only taking charge of the motor machinery on many farms throughout the British Isles but the big tractor companies, both American and English,

are using girls as demonstrators for their newest models. American tractors were an unobtrusive source of interest at the Oakham competition. Two particular compact little three-trow, one-operator ploughs held a crowd of farmers all day long.

Plowing Contest.
I arrived on the grounds just in time to see the finish of the plowing contest. Each girl had to harness her team and ride it to the field, opening and closing various gates on her way, and to set a ride and plough one-eighth acre at a depth not exceeding four and one-half inches. An hour and a half was allowed for the job. It was a sight I'll not soon forget. The long line of teams appeared one by one over the brow of the hill, the great horses snorting in the October sun. Some of the girls shouted to their teams, some strooned as they clumped along in their high boots with earth-stained leggings, and one, who wore her hair in a long tawny braid sang a little song which seemed to please her horses as much as it did the on-lookers. Her furrow lay straight and clear across the field, too, and she came out first.

Pitching out of hay onto a wagon in an hour sounds easy enough but when I saw a company of young girls with slender ankles start off across a meadow, pitchforks ashore, I couldn't help smiling, for it looked too much like stage farming. They worked in couples and all but one pair finished well within the allotted time. It was a hard job to decide which wagon made the best show. Not a wisp of hay left on the ground and as each couple finished the girl on the top did down over the side in a workman-like manner.

Test in Harnessing.
The test in which caused a group of farmers to protest, because they said it was too difficult, required a girl to

harness to a farm wagon the biggest horses I have ever seen, drive through a succession of gates set at acute angles, then unharness the team, harness it in plough gear and ride through a long line of gates each of which had to be opened and closed, each contestant carrying a sack of chaff as big as herself on the ridden horse and leading the other.

There were no men about to help over the rough places, the girls had to do all their own toting. The judges were men chosen from among the country gentry and farmers, old men all of the old school, except the butter-making judges who were women dairy experts.

As to dress, there was as much diversity as in any other line of work. Some girls wore stout hobnailed shoes and puttees or leather gaiters, some high boots laced to the knees. They all wore riding breeches of whipcord or corduroy and most of them had on coarse linen smocks. One fashioning milkmaid who is earning her four dollars and a half a week and keeps the usual pay for farm work, had a smock which was elaborately stitched in a design of roses and daisies all in colors. She told me that all her brothers are at the front and that she just had to enlist for something, so her mother finally consented to farm work, and it was mother's pride to smock her tines in the outfit times between knitting and making goodies for the boys in France.

Another girl, the daughter of a great London physician, is shepherd and cow-girl on a farm in Hartfordshire. She and her chum, ploughing on the same farm, were in the compartment with me returning to London. They had gone up to Oakham the night before to be in time for the first even they let me have a peep into the little dispatch case which did dress in bag service for both. Two night gowns and two toothbrushes, a book of prayers, a book on fertilizers and a batch of farm bulletins issued by the Women's Legion.

Are Up Early.
One of the girls lives on the farm

where she works, the other in a cottage near by. They are up at five every morning and go through the regular work formerly done by men hands. They both said they had never been so well and their only complaint was that Sunday was deadly, there was nothing to do but sit around and read all afternoon.

The ploughgirl who came out second in riding and driving. The shepherd lass had failed to get any ribbon; she said she had never in her life taken a prize in anything interesting, the only thing she had ever won was a Greek scholarship and that sort of stuff.

I invited them both to dine with me in London but they said no. One declared that she must get back to a couple of lambs who would be sure to need attention after having been left all that time to the other girl and the ploughgirl who was so pretty I longed for a picture of her in her pale yellow smock and drooping straw hat with a cherry pland, said that the farm wife was short of maids and would be glad of a bit of help for breakfast so she must be up before the others.

We parted at the station exchanging cards, and it was quaint to be handed a dainty bit of cardboard with a smart country place in the Isle of Man engraved upon it, by a girl whose hands were hard and brown, whose nails had forgotten the tricks of the manicure and whose boots were still clogged with the rich black soil of Rutlandshire.

KEMP IS ELECTED UPON DIRECTORATE OF WAR WORK BODY

TEXAS AGRICULTURAL AND INDUSTRIAL ASSOCIATION, FORMED IN DALLAS

J. A. Kemp was elected as one of the directors of the Texas Agricultural and Industrial Association at the organization meeting of that body held in Dallas last week. Other directors are Nathan Adams, J. C. Duke, B. B. Cain, and J. E. Farnsworth of Dallas, J. W. Dawson and C. C. Case of Houston, H. N. Fitzgerald and H. C. Pope of Fort Worth, F. C. Welner of Austin, J. M. Vance and L. B. Crouch of San Antonio, and C. Cameron of Waco and W. V. Woodward of Stephenville. The organization has for its aim the aiding of the government by working for greater industrial and agricultural efficiency in Texas during the war. It will attempt to coordinate the activities of all commercial, agricultural, banking and industrial organizations. "Our first duty is to lend our administration every possible assistance in winning the war," said J. S. Cullinan, of Houston, who was chairman of the meeting. "It is assumed that we all agree that Texas is in a most critical time of peace to his family, and in time of war to his country. In the study of these problems we must approach them from the viewpoint of service, not profit; the government has called upon us to increase the production of space with a number of the war, and as Texas is normally the leading agricultural state, we should concentrate our efforts upon producing and conserving the necessities of food, wool, clothing, shelter, fuel and light."

VOLUNTEERS OFFER TO PAY FINE, ADMITTING GAMBLING

A young resident of this city presented himself at the police station here this morning, and of his own accord entered a plea of guilty to gambling, and left \$10 to cover his fine. Shortly before this a young resident of Oklahoma had presented himself and reported that he had been robbed of \$100 last night, and gave a description of the robber. When the second gentleman made his statement, however, he explained that it was a "trap-shooter" and not a robber who had relieved the gentleman from Oklahoma of his \$100. Immediately thereafter the officers instituted a search for the Oklahoma man on a charge of gambling, but so far have been unsuccessful in finding him.

French People Identify American Troops By Their "Bull" Durham Tags!

READ THIS

BY FLOYD GIBBONS.
(Special Cable to Chicago Tribune.)
BASE OF AMERICAN TROOPS IN FRANCE, June 28.—[Delayed.]—The first contingent of the American expeditionary forces has disembarked in France.

Symbol of Identification.
One common symbol of service in both our army and navy has been accepted as distinctive by the French peasants. It is a little black and white paper tag that hangs by a piece of yellow string from the left hand breast pocket of the service shirt or the navy jacket. This identifies the bearer as possessor of a sack of a well known tobacco brand and has been interpreted as uniform equipment.

This photograph of Private T. H. Grant of First Illinois Infantry shows how the Army carries the "Makings"—the familiar tag hanging from breast pocket.

BURKBURNETT POOL IS EXTENDED, ACCORDING TO INDICATIONS NOW IN PRODUCTION OF KONETT NO. 1

An extension of the Burburnett pool is indicated in the Konett No. 1 of Cline, Staley, et al. drilling north-east of the established production line, which is at 1847 to 1853 feet now and has filled up 500 feet with oil. This is taken up one of the most interesting oil developments of recent days.

In Burburnett proper C. B. Farnsworth's Running No. 11 has produced 250 barrels at 1830 feet. The Gulf Production Company's Cline Gaunt No. 9, in a ten barrel well at 1629 feet. Their No. 11 this lease has been abandoned. The Buyle No. 14 of the Humble Oil and Gas Company, is now estimated as good for 490 barrels. On a new tract of Hamming land Chevrolet et al brought in their opening well, good for 29 barrels at 1301 feet.

In Shallow Pool.
There have been several completions in the shallow pool. L. R. Croyle's Cropper No. 50 is good for ten barrels, completed at 525. The Smith and Knight Beach 5 is a 5 barrel well at 155 and the same company's No. 6 Beach is also a 5 barrel well at 205 feet.

The Reynolds Oil Company's Birk No. 2 is a 2 barrel well at 258 feet and their Birk 3 is making 5 barrels at 257 feet. The Willis and Staley Beach No. 10 is good for 10 barrels, the sand being found at 591 feet. The Weems Oil Company's Cropper No. 2 is dry at 595 feet. L. R. Croyle also got a duster of his Dodson No. 2, abandoned at 171 feet. The Great Northern-Itinery Company got a 5 barrel well of their Rexford No. 3, at 495 feet. Gaunt et al have abandoned their Cropper No. 1, dry at 525. The Willis Oil Company has two 10 barrel wells from its Cropper Nos. 14 and 15, the sands being found at 532 and 550, respectively.

In Black Land District.
There have also been some interesting developments in Eastland county, the Texas and Pacific Coal Company well reached at 3428 feet in the deep sand. The Texas and Pacific Coal Company, drilling one half mile south of the town of Ranger, has a big well at 3428 feet, making 500 barrels. This well is in the black land formation north to the northwest in Stephens county and will probably be one of the standbys of this district. At the northwest is the Texas and Pacific's Walker No. 1 which is drilling now at 3460 feet, showing about 2,000,000 feet of gas and a little oil. To the north the same company's Binney No. 11, Stephens county, is drilling in sand at 1782 feet and shows a little oil. There are two new wells ready to be drilled in Stephens county, the Texas and Pacific Coal Company is setting up a star machine on their Adams No. 1 and on the Supple No. 1 has a rig built ready to drill.

Jack County Operations.
In Jack county the M. A. Lowe and Son's Hamilton No. 1 is shut down in an apparently pay sand from 2071 feet to 3175, showing gas and oil.

New Location in Palo Pinto
In Palo Pinto county the Palo Pinto Petroleum Company is moving its tools for Abrams No. 1, south of the Chestnut, West and north of Palo Pinto, Taylor, Texas parties, the Taylor and Gas company is moving in a rotary rig on the Charlie Burton tract to drill a deep test, north of the Doan Mountain structure in Palo Pinto. If this location is not too far north of the Doan Mountain structure authorities are of the opinion that oil will be found both in shallow sand and deeper in this locality.

Miners Are Defending Quarter Million Suit In Court In Arkansas

By Associated Press.
Fort Smith, Ark., Oct. 23.—Suit to recover more than two and one quarter million dollars in damages from the United States Mine Workers of America was on trial today before Federal Judge Elliott of Sioux Falls, S. D. as special judge.

The Bechoe DeBuman Coal interests, owners of the Coronado Coal Company and a number of affiliated concerns are suing the mine workers under the Sherman anti-trust act, charging them with destruction of the coal interests' properties in the Hartford Valley in June 1914. A nationwide conspiracy to wreck the business and destroy the property of non-union coal operators is charged in the complaint and witnesses called on this phase of the case will include some of the most prominent coal magnates in America and international officers of the miners union.

"TO PAVE, or NOT TO PAVE"

That is the burning question before cities, counties and individuals today. It is the contention between progress and obstruction; profit and loss; comfort and inconvenience. You will notice that all modern communities are well paved. Sound business policy dictated such action. While paved streets and roads bring comfort and pleasure, the underlying principle of profit and good business policy was the deciding factor. Property on paved streets sells first. It is insurance against depreciation in value. Why delay when this unusual opportunity offers itself to you?

Huff Avenue, lying one block south and parallel with Eleventh street, between Brook and Archer streets, will be paved and equipped with sidewalks, sewerage water and gas mains. This street is restricted to insure its being anything else but a residential section with minimum cost of \$2,500.00 for homes.

Lots are unusually deep, being 170 feet in depth for all north front lots, and 165 feet in depth for all south front lots.

Whether riding or walking, paving and sidewalks will prevent getting off into the mud. Schools close by. Everything that will go to make a salable, active and well-built residence street will be had on Huff avenue.

A year ago Eleventh street parallel with Huff avenue was unpaved. Property along there was a drag on the market. The south side of Eleventh street had but one house on it between Brook and the J. W. Culbertson residence. See it today. After paving was completed no less than fifteen houses have been built or in course of building and more to follow. Huff avenue will do that and more in the first twelve months. It will have greater advantages than Eleventh street, due to restrictions and protection afforded investors on this street. Get your home site early. It is bound to come alive.

Wanted To Buy Second-Hand Furniture and Stoves! Star Furniture Co. Phone 1011

BE READY FOR THE COLLECTOR

Receiving Want Ads by telephone is the final detail in making The Times Want Columns promptly and perfectly useful to the readers.

Telephone Ads cost no more, in money—and less in time—but The Times must employ collectors to follow the phone.

The extra accommodation of receiving by phone should be encouraged by always being ready for The Collector.

DON'T LET HIM CALL THE SECOND TIME

If you have a room to rent, a house to rent, a farm for sale, or if you want to buy an article, whether new or second-hand, you should use The Times Want Add Column daily.

RATES—Want ads are one cent a word for the first insertion and half a cent a word for subsequent successive insertions. No want ad taken for less than fifteen cents and no ad taken to run three times for less than 50 cents. In giving in Want Ads PHONE 167.

INCENDIARISM IS ALLEGED BY CHIEF AS CAUSE OF FIRE

BLAZE NEXT TO WICHITA THEATER THOUGHT STARTED WITH OIL.

LUMBER YARD IGNITED

Second Alarm is Turned in From Home on Eighth Street But no Damage is Done.

Fire at 8 o'clock last night damaged about 2,000 feet of lumber in the stock of Moore & Richolt at the corner of Ninth and Indiana. The fire was discovered by some boys, and their prompt report to the fire department probably saved the major part of the business section of the city from being destroyed. According to a statement by Fire Chief J. L. McClure this morning is believed to have been of incendiary origin and his theory is born out by the statement that two men were seen jumping from the roof of one of the lumber sheds shortly after the house was laid. A number of others who were present declared they smelled oil burning.

Second Alarm Sounds.

While the department was at the lumber yard an alarm was turned in from a residence on Eighth street, and Company No. 2 was sent in answer but when it reached the address given no fire was to be found. At first it was thought that the second alarm was an attempt to decoy the company from the first fire in order that the business part of the city be endangered. Such was not the case, however, as was shown by the investigation of Fire Chief McClure early this morning, for there had been a fire at the second alarm, but inmates of the house succeeded in putting it out before the department arrived.

Incendiary Alleged.

The fire at the lumber yard was in green lumber, and since there were no shavings or trash of any kind near, and owing to the fact that for a few minutes the fire burned furiously, the officials feel sure that it was a fire bug's work. Moore & Richolt's loss will probably reach \$75 fully covered by insurance. The quick but quiet work on the part of the fire department probably saved a stampede in the Wichita Theater, which was seated to the capacity next door to the burning lumber yard. Had the alarm gotten started in there, several people would have been injured in the rush to get out.
