DRIVE TO INCREASE LOAN SUBSCRIPTIONS IS BEGUN

Minimum Sum Of \$3,000,000,000 Is Raised By Government, But At Least \$5,000,000,000 Is Desired Before Close Of The Campaign.

By Associated Press. Washington, Oct. 25.—With only three days left in which to complete the \$5,000,000,000 maximum of the second Liberty Loan, workers throughout the country, cheered by the tremendous stimulus given by celebration of Liberty Day resumed their drive today with renewed determination.

Indications at 11 o'clock were that Liberty Day sales had carried the total to approximately \$3,000,000,000 if not beyond that sum. Subscriptions officially reported to the Federal Reserve banks up to the close after business last night with reports from those banks missing, approximated \$2,200,000,000.

Reports of Banks. Banks reported officially subscriptions totaling more than \$100,000,000 but this sum, officials say, represents only a fraction of what was really secured during the day. The full extent of the Liberty day drive probably will not be known before the campaign closes Saturday.

A flood of telegrams from every part of the country, the treasury department announced, "told the sameness of subscription agencies swamped so badly that there was no possibility of making accurate estimates of yesterday's sale before tonight at the earliest."

The sale already is a success, it is felt, for the country has achieved the minimum but that is not enough for the purpose to sell five billion dollars worth of bonds as born of a desire to show the world and particularly the enemy of Liberty, what America can do.

No Section Asleep. "No section of the country can be said long to be asleep to the meaning of the sale. Until yesterday the Dallas and Atlanta districts and certain parts of the middle west were causing great concern, more in fact than any one other than those in direct communication with the district committee, who said they had come through with flying colors. Today they are moving swiftly along."

FRENCH, BRITISH AND AMERICAN SCHOOLS WILL COMBINE TO KILL GERMAN KULTUR AFTER THE WAR

By Associated Press. Easton, Pa., Oct. 25.—Plans for the overthrow of German "kultur" at the close of the war by an international education exchange were announced here yesterday by Dr. Lyman Powell, president of Hober College and Francis M. Mond, secretary of the French high commission. Dr. Powell has just returned from France where he represented the Association of American Colleges in a conference for the furtherance of the program.

Rivers Will Be Used To Relieve Railroads Somewhat Of Traffic

By Associated Press. Washington, Oct. 25.—Plans for greater utilization of navigable rivers to relieve railroads of war strain soon will be entrusted to waterways commission of seven members to be named by President Wilson. This commission will be asked to give special consideration to encouraging transportation of heavy freight in barges on the principal waterways; to relieving harbor congestion at seaboard terminals; and to developing water power quickly for war purposes.

SUFFRAGE REQUEST WILSON TO HELP THEIR CAMPAIGN

HUNDRED OFFICERS AND MEMBERS FROM NEW YORK AT WHITE HOUSE

DELEGATION SEES HIM

Amendment to State Constitution is Asked in Accordance With Provisions of Both Parties.

By Associated Press. Washington, Oct. 25.—A delegation of 100 officers and members of the New York State Women's suffrage party, headed by Mrs. Norman De R. Whitehouse, chairman, conferred today with President Wilson at the White House to urge the amendment to the state constitution in New York state.

Presenting the delegation, Mrs. Whitehouse told the president that the party wholeheartedly supported the administration war policy and was ready to cooperate with it in any manner.

Conducted as Referendum. The suffrage campaign in New York, the president was told, was being conducted as a referendum to show the state sentiment in accordance with recommendation of the Republican and Democratic parties that the question should be decided by state action.

Many Women Enrolled. Almost without exception she said, 1,012,800 women enrolled for suffrage have been engaged in serving their country, canvassing to sell Liberty Bonds, enrolling for the food administration, and in other ways.

AUSTRO-GERMAN OFFENSIVE HARD BLOW TO CADORNA

ALL SKILL AND STRATEGY OF ITALIAN COMMANDER CALLED FOR

ATTACKERS GAIN LITTLE

The war situation of today is summarized by The Associated Press as follows: General Cadorna's skill and strategy which made possible the capture of the heights on the eastern bank of the Isonzo, is being put to the test by a strong Austro-German offensive on a front from Filitz to the Sissac, northeast of Gorizia.

The first blow has been struck, but apparently with no great success for the attackers, which up to this time, has sent but few men and little munitions to this front, has come to the aid of the losing Austrians and it is German soldiers and German munitions and guns that are thundering against Cadorna's defenses along the Isonzo.

The Italians, General Cadorna reports, "are steady and prepared." After a heavy bombardment the Austro-German infantry was thrown forward against the Italian positions near Filitz near Tolmino and in the northern part of the Bainsizza Plateau a front of 20 miles. The first blow brought no great gains, the Austrians, however, their own report gaining only the foremost Italian defenses at three points.

Generally the Italians have some advantage in terrain but the Austrians and Germans hold many high positions near the Italian lines. The Austro-German political situation is clouded but the absence of definite news may be the cause before the storm. Mr. Michaelis is reported to have placed his resignation in the hands of the emperor, but there has been no confirmation.

Petain Activities. General Petain did not content himself with the wide sweep of ground gained southwest of Laon in Wednesday's attack on the Aisne front. His seventy guns were also taken. His central sector out again from the night about midway between Mont des Singes and Cavignon, progressing as far as the Robay farm.

PHYSICIANS NEEDED IN MANY LOCALITIES SAYS HEALTH BOARD

By Associated Press. Austin, Texas, Oct. 25.—Because of the large number of physicians entering the army and navy from Texas, a large number of communities are calling for physicians and the demand will continue to increase, according to Dr. W. A. Davis, of the state department of health. In order to relieve the situation, Dr. Davis said the state board of health has decided to assist such communities in obtaining the necessary medical service. Any community desiring to obtain the services of a physician should address the state board of health at Austin, through Dr. Davis, its secretary and assistance will be given freely.

AMERICAN STEAMER SAVED BY DESTROYER'S ARRIVAL

Desperate Battle Fought With Submarine Which Damaged Craft, But Latter Is Forced To Dive When U. S. Warship Appears Upon Scene.

SHIP AFTER ALTERING HER COURSE, STARTS AT FULL SPEED IN AN ATTEMPT TO ESCAPE

The stubbornness of the battle is indicated by the fact that the submarine fired 23 shots at the steamer which her crew wounded, two of them seriously. An American steamer arrived here this morning from an American port. The timely intervention of an American torpedo boat alone saved the ship from being sent to the bottom.

A few hours after the vessel had entered the danger zone a lookout sighted a submarine on the port bow, but before he had time to report its presence the submarine fired an shot which missed the stern of the ship by but a few yards. The captain immediately sent out a wireless call for assistance as the position of the submarine was such that escape was nearly impossible.

The gun crews of the submarine and the steamer then began an exchange of shots. The chief gunner of the steamer opened fire at a range of nearly 1,000 yards and the shots fell short. The submarine kept man overboard to keep out of the range of the steamer's guns, at the same time maintaining a running fire in an effort to disable them. The merchant ship after altering her course, started at full speed in an attempt to escape.

Airplanes and Officers Expected To Arrive Almost Any Time Now

Airplanes are due to arrive at the Aviation Camp at any time, and officers are expected to report there on Saturday next, according to a report received here today. Mild excitement was created by the statement made by a young man yesterday afternoon that he had seen airplanes loaded on an express wagon, en route for the camp; "and if you don't believe it," he said beligerently, "you can go down to the corner of the street and see for yourselves." A detachment went, but the airplanes proved, upon investigation, to be nothing more out of the ordinary than motor-cycles knocked down and crated. The young man afterwards admitted that he had been collecting money at one of the saloons, though he refused to disclose the brand.

German Officer Killed By Own Men Found In Forsaken Redoubt

By Associated Press. British Front in France and Belgium, Tuesday, Oct. 24.—In one of the redoubts captured from the Germans Monday northeast of Ypres, according to reliable information, British troops found a German officer who had been executed by his own soldiers. His hands had been bound behind him and he had been shot. Many tales are going the rounds among the British soldiers indicating the dissatisfaction among the various bodies of German troops. Very often German soldiers charged with desertion and violation of military law escape with slight punishment. According to prisoners this is something new for Prussian military men.

American Destroyers And Men Equipped For Coldest Weather

By Associated Press. Base of The American Flotilla in British Waters, Oct. 4.—All American destroyers and men have been equipped for the cold days ahead. The issue of winter clothing to the men has taken place and the fact little ships have been overhauled and have had several gadgets added to their equipment such as gun shields for the men operating the guns, non-breakable glass windows for the bridges, more crows nests and extra life rafts. An entirely new issue of heavy garments designed by the British from their experience on torpedo boats in the terrible weather off the coast has been made. Here are some of the things that will make the men look more like arctic explorers than blue-jackets: Helmets made of wool and covering all but the eyes, nose and mouth; light coateaters; jerseys and cardigan jackets, knitted mittens and gloves; extra heavy coarse under-

DRIVE TO INCREASE LOAN SUBSCRIPTIONS BEGINS

Minimum Sum Of \$3,000,000,000 Is Raised By Government, But At Least \$5,000,000,000 Is Desired Before Close Of The Campaign.

By Associated Press. Washington, Oct. 25.—With only three days left in which to complete the \$5,000,000,000 maximum of the second Liberty Loan, workers throughout the country, cheered by the tremendous stimulus given by celebration of Liberty Day resumed their drive today with renewed determination.

Indications at 11 o'clock were that Liberty Day sales had carried the total to approximately \$2,000,000,000 beyond that sum. Subscriptions officially reported to the Federal Reserve banks up to the close after business last night, with reports from those banks missing, approximated \$2,200,000,000.

Reports of Banks. Banks reported officially subscriptions totaling more than \$400,000,000 but this sum, officials say, represents only a fraction of what was really secured during the day. The full extent of the Liberty day drive probably will not be known before the campaign closes Saturday.

A flood of telegrams from every part of the country, which the treasury department announced, "told the main story of subscription agencies swamped so badly that there was no possibility of making reports on the sale of yesterday's sale before tonight at the earliest.

The sale already is a success, it is felt, for the country, which achieved its minimum but that is not enough. The purpose to sell five billion dollars worth of bonds is born of a desire to show the world and particularly the enemy of Liberty, what America can do.

No Section Asleep. "No section of the country can be said longer to be asleep to the meaning of the sale. Until yesterday the Dallas and Atlanta districts and certain parts of the middle west were causing great concern, more in fact than any one other than those in direct communication with the district committees could realize. But they came through with flying colors. Today they are moving swiftly along.

intention on achieving their maximum. "Next to the glowing reports from Dallas and Atlanta, the most encouraging news of the day came from St. Louis district. It passed its minimum mark of \$120,000,000 and set sail for its maximum of \$200,000,000.

Eleventh District Goes "UP" WITH STEADY STRIDES. Dallas, Texas, Oct. 25.—Total subscriptions to the second Liberty Loan in the Eleventh District as reported to the Federal Reserve Bank of Dallas today, had reached \$35,600,000 at noon.

The city of Dallas "went over the top" by more than subscribing its quota of \$6,162,000. Galveston, which already had reached its quota, reported \$200,000 additional subscription.

Eleventh District Must Yet Raise Tremendous Sum. Dallas, Texas, Oct. 25.—A little more than \$15,000,000 per day must be reported to the Eleventh Federal Reserve district bank during the three remaining days of this week if the district is to attain the total of \$35,600,000 in Liberty Loan subscriptions expected of it.

The total reported up to yesterday was in excess of \$29,000,000. According to officials of the reserve bank these figures do not represent actual subscriptions but only subscriptions received at the bank where forty men are engaged in compiling the totals. Telegrams young men to the district committees are not counted. It is probable subscriptions are also \$2,000,000 but still far short of the amount. Officials stressed again today the vital importance of renewed effort by all citizens to increase their loans.

In brief, said Dr. Powell, in outlining the plans, the idea is to cut away from the before-the-war habit of sending American young men to the graduate schools and universities of Germany and to abolish the old system of exchange professorships between American and Germany and to substitute a system giving American French and British access to the colleges of the three nations.

FRENCH, BRITISH AND AMERICAN SCHOOLS WILL COMBINE TO KILL GERMAN KULTUR AFTER THE WAR

By Associated Press. Easton, Pa., Oct. 25.—Plans for the overthrow of German "kult" at the end of the war by an intercollegiate education exchange were announced here yesterday by Dr. Lyman Powell, president of Hobart College and Francis Mould, secretary of the French high commission. Dr. Powell has just returned from France where he represented the association of American Colleges in conferences for the furtherance of the program.

HOUSE COMMITTEE MEETS TO OUTLINE PLAN FOR INQUIRY

CHAIRMAN FLY PRESIDES AT OPENING SESSION OF BODY TODAY. ONE SENATOR PRESENT

Organization of Body is Expected to Be Completed Today and Open Session Probably Will Be Held

By Associated Press. Austin, Tex., Oct. 25.—With a view of outlining the method of procedure to be followed in the general investigation of the possible capture and institutions, the house investigating committee met here today with chairman W. M. Fly presiding. With the exception of the speaker, the speaker of the House, and the speaker of the House, all members of the committee were present in the absence of those two members, the committee recessed until this afternoon, when it is planned to complete the organization and decide on the plan of the probe. These two members are expected to reach here some time this afternoon.

One Senator Member There. Only one member of the senate committee was present, being Senator Clark of Missouri. He asserted that he was summoned by Senator Westbrock, chairman of the senate committee, that the senate committee would meet at Dallas tomorrow. He did not propose to attend this meeting, because he said he was opposed to the plan to defer the probe until next January. He stated that the committee got down to business, and when the senate committee met with the House committee, it would facilitate the work.

Senator Westbrock also expressed a preference to defer the probe until January 12 to this Mr. Clark said he was strictly opposed on the grounds that such action would throw the work before the auditors to the investigation in the midst of a heated state campaign. This would create confusion.

It was suggested by Mr. Fairchild that the session this afternoon be executive. Mr. Cooper's committee also proposed to use executive sessions. "What we do here should be open and above board," said Chairman Fly, "and the people of the state should know what we are doing."

Mr. Fairchild did not insist on the session being executive. The committee will complete its organization and probably name the auditors to be employed for carrying on the detail work of the probe.

PUBLIC WARED AGAINST GLASS IN FREE SAMPLES

Warnings have been issued in Dallas against eating from sample packages of well known breakfast foods since the packages distributed in Dallas yesterday contained crushed glass, according to a telephone message received here from Mrs. Carrie Joline, of Wichita Falls, who talked with the mother of two children who are now ill in a Dallas sanitarium.

Boon children are reported seriously ill and recovery is doubtful as a result of eating from sample packages of food in which the glass was found.

Information was received in Dallas, according to the message, from Paris and Tyler that children there had been similarly stricken and that powdered glass was found in the sample packages.

KRONSTADT EVACUATION BY RUSSIAN CIVILIANS IS GREAT NAVAL BASE

By Associated Press. Petrograd, Oct. 25.—The evacuation by the civilian population of the naval base of Kronstadt has begun.

The removal of civilians from Kronstadt, the most important Russian naval base probably is a military measure. The "White" population is moving from Petrograd from which the government also will go to Moscow. The evacuation of Revel, another important port on the Gulf of Finland was reported last week.

SUFFS REQUEST WILSON TO HELP THEIR CAMPAIGN

DELEGATION SEES HIM ATTACKERS GAIN LITTLE

Amendment to State Constitution is Asked in Accordance With Provisions of Both Parties.

By Associated Press. Washington, Oct. 25.—Speaking as a party leader and as an individual, President Wilson today urged the women suffrage issue upon the voters of all states. He took a delegation of 100 members of the New York State Women Suffrage Party with him to see the president. It would be successful and urged men of all parties in New York particularly to vote for suffrage.

By Associated Press. Washington, Oct. 25.—A delegation of 100 officers and members of the New York State Women Suffrage Party, headed by Mrs. Norman De R. Whitehouse, chairman, conferred today with President Wilson on the suffrage situation in New York state.

In presenting the delegation, Mrs. Whitehouse told the president that the party wholeheartedly supported the administration war policy and was ready to cooperate with it in any manner.

Conducted as Referendum. The suffrage campaign in New York, the president was told, was being conducted as a referendum to amend the state constitution in accordance with recommendation of the Republican and Democratic parties that the question should be decided by the voters of New York state while the war had brought suffrage to the women of Canada and Russia and the assurance of it to the women of Great Britain. French opponents in the United States were using the war as a reason for withholding the franchise for American women.

Many Women Enrolled. Almost without exception she said, 1,012,000 women enrolled for suffrage have been engaged in serving their country, canvassing to sell Liberty Bonds, enrolling for the food administration, working for the Red Cross and even going into the factories to take the place of men. The president was urged to request to address a message to the voters of New York state asking them to place women on an equal footing with women of the allies when the question is put to them on election day and thus to advance the cause of democracy at home as they are ready to fight for it abroad.

ONLY ONE FRENCH VESSEL SUNK DURING WHOLE WEEK

AUSTRO-GERMAN OFFENSIVE HARD BLOW TO CADORNA

ALL SKILL AND STRATEGY OF ITALIAN COMMANDER CALLED FOR.

The war situation of today is summarized by The Associated Press as follows: General Cadorna's skill and strategy which has possibly been the cause of the heights on the eastern bank of the Isonzo, is being put to the test by a strong Austro-German offensive from a front from Fitch to the Bainsizza Plateau, northeast of Gorizia.

The first blow has been struck, but apparently with no great success for the attackers. The Austro-German offensive, which up to this time, has been sent but few men and little munitions to this front, has come to the aid of the losing Austrians and it is German soldiers and German munitions and guns that are thundering against Cadorna's defenses along the Isonzo. The Italians, General Cadorna reports, "are steadily and prepared."

Heavy Bombardment. After a heavy bombardment the Austro-German infantry was thrown forward against the Italian positions near Fitch and Tolmino and on the northern part of the Bainsizza Plateau a front of 25 miles. The first blow brought no great gain from the Austro-Germans but their own report gain only the forested Italian defenses at three points.

Generally the Italians, who have some 1,000,000 men, are fighting with their backs to the Isonzo river. The German political situation is still clouded but the absence of definite news may be expected to have the situation, it is reported to have placed his resignation in the hands of the emperor, but there has been no confirmation.

General Petain did not content himself with the wide sweep of ground gained southward on the Aisne front day a great drive on the Aisne front won more than 8,000 prisoners and even more than 8,000 taken. His troops pushed out again from the front about midway between Mont Des Singes and Cavignon, progressing as far as the Rohay farm.

This local thrust carried the French army back to within a few miles from the line whence Wednesday's attack was launched. Apparently the Germans have attempted to counter attacks in efforts to oust the French from any of the gains they have made. A vigorous artillery battle, however, is still in progress.

COMPARATIVE QUIET NOW IN AISNE DISTRICT

By Associated Press. Paris, Oct. 25.—Comparative quiet has reigned in the Aisne district since the German yesterday's battle field. The Germans, astonished by the rapidity and extent of the French success, are commencing to retreat. It is probable that they are engaged in moving their artillery to the rear. Prisoners arriving today appeared to have suffered great privations from lack of supplies during the French artillery preparation.

The French aviation service is praised for its work. During the attack it rendered innumerable services working unfavorable conditions. The airmen flew over the infantry when they were making the attack and when they saw the German infantry assembling, a counter attack they advanced at an altitude of less than one hundred yards, showered machine gun bullets upon the soldiers and brought about a dispersal of the assemblage. All the companies participating in the battle were riddled with bullets.

One of them fell blazing among the French troops. The pilot was uninjured and returned to the nearest hospital commander with the highly valuable information.

TWO BOYS IN HOSPITAL AFTER EATING SAMPLES

By Associated Press. Dallas, Texas, Oct. 25.—Jack Chinn, 12, and Charles Chinn, 7, of Ferris, Texas, are in a critical condition in a hospital here from eating ground glass in sample breakfast foods. It was announced today.

According to the mother of the children, two or three weeks ago one of her neighbor's children opened a sample package of breakfast food and found a quantity of ground glass in the bottom. The children had eaten some of the food, which was thrown away. Remembering her children had eaten some of the food a few days before she opened a package and found glass in it. Later the boys became ill and were brought here. Glass was found in the food. Tyler and other towns.

AMERICAN STEAMER SAVED BY DESTROYER'S ARRIVAL

Desperate Battle Fought With Submarine Which Damaged Craft, But Latter Is Forced To Dive When U. S. Warship Appears Upon Scene.

By Associated Press. A French steamer, Wednesday Oct. 24, escaping from a German submarine after a bitter fight lasting nearly four hours and with seven of her crew wounded, two of them seriously, an American steamer arrived here this morning from an American port. The timely intervention of an American torpedo boat alone saved the ship from being sent to the bottom.

A few hours after the vessel had entered the danger zone a lookout sighted a submarine on the port bow but before he had time to report its presence the submarine fired a shot which missed the stern of the ship by but a few yards. The captain immediately sent out a wireless call for assistance as the position of the submarine was such that escape was nearly impossible.

The gun crews of the submarine and the steamer then began to exchange shots. The chief gunner of the steamer opened fire at a range of 1,000 yards and the shot which fell short. The submarine kept on covering to keep out of the range of the steamer's guns. At the same time continuing a running fire in an effort to disable the ship.

The merchant ship after altering her course, started at full speed in an attempt to escape. The stubbornness of the battle is indicated by the fact that the submarine fired 274 shots. The steamer which responded with more than 200 shots.

Vessel is Damaged. After the fight had continued for about two hours and several shots had struck the ship, wounding four men, one shell hit the boiler and exploded in the engine room, putting the engines out of commission and rendering the ship helpless. The German commander then appeared nearer and the submarine continued to rain shells upon the disabled craft.

A high sea was running at the time and there seemed little hope of saving the ship when the low streak of a German torpedo boat destroyer which appeared then appeared nearer and the submarine continued to rain shells upon the disabled craft.

BRITISH CAPITAL BISHOPS ENDORSE PLANS COMBINE TO PROTECT INTEREST

By Associated Press. London, Oct. 25.—The board of bishops of the Methodist Episcopal Church has approved of the Young Men's Christian Association's conduct of religious work in Italy and in an endeavor to adjust relations between employers and employees, the government issued a statement that it had no objection to the policy of industrial reconstruction the recommendations of the special committee which reported last June.

The joint commission of the Methodist Episcopal Church South, named to effect a unification of the two bodies, reported that an agreement was in sight.

Sir Edward Carson Again Says England Will Fight To Last

By Associated Press. London, Oct. 25.—Great Britain's determination to fight on until German militarism is crushed was emphasized today by Sir Edward Carson, head of the war aims committee at Portsmouth and by Lieutenant General Jan Christian Smuts, private councillor at Sheffield, where they addressed meetings under the auspices of the War Aims Committee.

Sir Edward Carson said the war had entered the phase where the question with Great Britain was whether we are going to prove superior in our fighting power to our enemies. He added that Great Britain could not and would not make any peace without equal dominions. Neither would Great Britain enter into peace negotiations behind the backs of her allies.

BROAD GAUGE IS TO BE POLICY OF REGENTS' BOARD

J. A. KEMP PLEASSED WITH ASSOCIATES AFTER HIS FIRST MEETING WITH BOARD

GOOD SPIRIT PREVAILS

Ferguson's Plan Would Have Done Greatest Harm to Institution, According to New Member.

J. A. Kemp, who returned yesterday from Austin, where he attended the meeting of the Board of Regents of the University of Texas, stated that the meeting was one of the very pleasantest he had ever attended, that a splendid spirit of mutual cooperation pervaded the board, and that it stood ready to give the University everything that was needed to make it one of the largest and best institutions in the country.

The policy of the Regency, Mr. Kemp said, will be a very broad gauge one, untrammelled by narrow personalities and personal feelings; and its only object will be to advance the interests of the University.

Vincent is Honored.

At the reception given by Mr. Vincent in honor of the board of Regents, which was attended by the University faculty and their wives, great satisfaction was expressed by the latter that the board was composed of men who had so much genuine interest in the institution, and who would work together in harmony.

"I was made to realize one thing," remarked Mr. Kemp, "and that was that a great misfortune it would have been to the university, had the plans of ex-Governor Ferguson been allowed to carry. These men have their whole lives bound up in that institution, and for many of them it would have caused distress and many of them would have been thrown out of employment."

University Larger Concern.

Mr. Kemp further said that the main worry was a much larger concern than he had supposed, with a splendid equipment and great possibilities for future development. It will be the closest concern of the regency to foster that development.

While away Mr. Kemp presided at the meeting of the Buy-Made-in-Texas Association. The association spent Monday at the Dallas Fair, the day being set apart for the purpose of the fair officials. Clarence Ousley, assistant to the secretary of Agriculture, and formerly connected with the A. and M. College, delivered a notable address on the war situation dealing particularly with the conservation of food, which Mr. Kemp reported was greatly enjoyed.

"THE IRON RING" AT MAJESTIC FRIDAY

When "The Iron Ring" comes to the Majestic theater Friday the patrons of this playhouse will have the opportunity of seeing a particularly speedy and smoothly flowing drama of domestic life in a fashionable suburb of New York City. They will see exactly what sort of a life is lived by the commuters and will learn the temptations that beset a young married woman whose husband has put his foot on the first rung in the ladder of success. They will see a star cast including Arthur Ashley, Gerda Holmes and Edward Langford, together with a superlative cast composed of film favorites. They will see delightful indoor settings, interesting outdoor scenes, showing the famous Plaza hotel in New York, the big Pennsylvania railroad station and other spots of interest.

The Gem.

Today's attraction at the Gem is "Who Was the Other Man," a Butterfly special. This picture which features Francis Ford in a dual role is concerned with the workings of a great service and is one of the most thrilling and intensely interesting pictures put out by the Butterfly corporation. Mae Gaston plays the part of the beautiful American who becomes entangled with foreign spies through his resemblance to their chief, Beatrice Van in the adventures.

The Empress.

"When False Tongues Speak" is a thrilling mystery play, the first of that type made by Miss Pearson. It is a picture filled with interest and real drama and new and startling photographic effects, and has scored a great success with the crowds at the Empress theater today.

ANN PENNINGTON AT THE EMPRESS FRIDAY

There are many laughs, a tear or two and an abundance of tense dramatic moments in little Ann Pennington's latest screen vehicle, "The Little Boy Scout." Famous Playwright Raymond picture directed by Francis J. Graton. There is also an entertaining love story woven through the plot and of course a Pennington picture would not be complete without dancing in it. In fact the love story begins with the dancing when the little "Senorita" rips her way into the heart of young Lieutenant Morton who—but that is part of the story which you will see for yourself at the Empress theater tomorrow.

Present indications show that the Sonora sales for 1917 will be over 100 times as great as the sales for 1916.

This marvelous growth in so short a period could not have been reached with a phonograph that was only "as good" or even "slightly better."

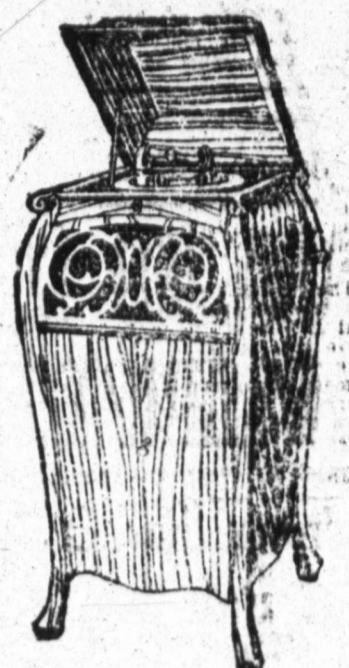

Sonora had to be overwhelmingly superior to achieve so quickly such remarkable results in the face of the vigorous competition and the extensive publicity of older established machines.

Sonora's popularity is based on its intrinsic worth. Its exquisite tone which won for it the highest score at the Panama-Pacific Exposition wins for it new admirers daily.

FOR YOUR HOME As the Nights Grow Longer artificial light must be depended upon to brighten the home. The question of adequate and proper lighting is not often given the thought it deserves. Electricity makes a "home" out of a "house." Did you know there was a difference? It puts at your finger tips solid comfort in reading, sewing, cooking and doing all sorts of household duties that become pleasures when done the "electric way." Our folks at the office will be glad to tell you all you want to know about modernizing your home. Wichita Falls Electric Company

Food Conservation Addresses Are Made Throughout County Food conservation addresses will be made at all the school houses in the county by the various speakers of the committee. Superintendent Hall will have charge of the work in the country school houses, and there will be addresses made in Iowa Park, Burk Burnett, and Electra. It has been stated that there is some confusion as to the use of old pledge cards, and the committee is very anxious to have it understood that only the pledge cards now being sent out will be counted on the county quota, and that cards signed formerly will be of no avail in the present campaign.

Relief from Eczema Don't worry about eczema or other skin troubles. You can have a clear, healthy skin by using a little zemo, obtained at any drug store for 35c, or extra large bottle at \$1.00. Zemo generally removes pimples, blackheads, blotches, eczema, and ringworm and makes the skin clear and healthy. Zemo is a clean, penetrating, antiseptic liquid, neither sticky nor greasy and stains nothing. It is easily applied and costs a mere trifle for each application. It is always dependable. The E. W. The members present being: Mesdames Faulk, L. E. McConnell, Frazier, Nichols, Sherrill, Bland, Chauncey and F. E. McConnell.

STANDARD CLUB MEETS WITH MISS KATHLEEN STONECIPHER

"Poets of the Ante Bellum Period" formed the study subject of the Standard Club Wednesday, the meeting being held at the home of Miss Kathleen Stonecipher. Mrs. G. S. Brennan was leader and Misses Chella Hendricks and Frances Hunter and Mrs. M. M. Walker took part in the program. The club voted to make a contribution at each meeting to the Red Cross in place of serving the customary refreshments. The members present: Misses Hunter, Hendrick, Stonecipher, Mesdames Little, Harris, Brennan, Conk and Walker.

NEW IDEA CLUB MEETS WITH MRS. E. V. FRIBERG

The regular meeting of the New Idea Club was held Wednesday afternoon with Mrs. E. V. Friberg as hostess. Fagework and conversation was the order of the afternoon and the hostess served a tempting luncheon course. The members present were: Mesdames T. E. Tolson, M. E. Carey, J. J. Simon, G. E. Friberg, J. H. Simons, C. A. Andree, D. Dellis and L. W. Newton.

GRADUATE NURSES MEET WEDNESDAY EVENING

A paper and discussion on "Should Hygiene be Taught in the Public Schools by Nurses?" by Miss Carrie Webster and Miss Cora Daniels formed the program of the Wichita County Graduate Nurses' Association, meeting Wednesday night in regular session. Business matters and a financial report were discussed at the opening of the meeting. The next meeting will be a social session at the home, with Mrs. Guy Wilson and Mrs. Travis Lanier as hostesses.

MRS. W. HARRIS HOSTESS TO U. C. T. CLUB

An informal session of the U. C. T. Club was held Wednesday afternoon at the home of Mrs. Wilford Harrison, the ladies devoting the greater part of the afternoon to discussion of the entertainment to be given in honor of the club husbands at the home of Mr. and Mrs. E. J. Harrison, 1107 Burnett Saturday night, October 27. Papey work engaged the attention of some and late in the afternoon the hostess served sandwiches with coffee, pickles and wafers. The Harrison home was made very attractive for the occasion

What is the most economical cooking fat?

When you step into your grocer's you find different shortenings—quoted at different prices. You may want to know which is the truly economical shortening.

The prices don't tell.

Some shortenings will go much farther than others.

For instance:

Many careful housekeepers have found that Cottolene goes very much farther than other shortenings which they had been using.

The reason?

It is very much richer.

Cottolene contains no water. It is always uniform in quality.

You will find, too, that pure, economical Cottolene gives to biscuits, cakes, pies and fried tid-bits a delicate flavor that even expensive butter might well be proud of.

The unusual richness of wholesome Cottolene makes its economy a true economy.

In baking, use one-third less of Cottolene than you have ordinarily used of other shortenings.

Remember that the next time you order from your grocer. Remember, too, that he can supply Cottolene in tins of convenient sizes.

Recipe for BAKING POWDER BISCUIT

Into two cups of sifted pastry flour sift and mix one level teaspoon salt and two rounded teaspoons baking powder; chop in one level tablespoon chilled Cottolene. Wet to stiff dough with 3/4 cup half water and half milk.

Rolled 3/4 inch thick and cut with 2-inch biscuit cutter this recipe will make about a dozen biscuits.

THE R.K. FAIRBANK COMPANY

Cottolene "The Natural Shortening"

by decorations of potted plants. Misses Burkett and Lassiter were guests, the club members present being: Mesdames Baker, Bachman, Brown, Beaton, Drinkard, Gant, E. J. Harrison and Reynolds. The club will be entertained on November 7 by Mrs. L. L. Allen.

NEW CENTURY CLUB MEETS WITH MRS. S. H. BURNSIDE

Red Cross work gave the New Century club members occupation at the meeting Wednesday afternoon, held with Mrs. S. H. Burnside. Mrs. J. C. A. Guest and Mrs. C. W. Snider read a lesson on Russia. Yesterday, Today

and Tomorrow" while the other members worked. The hostess served light refreshments to: Miss Webster, Mesdames Snider, Guest, Whitney, Daniel, Hartsook, McCutchen, Montgomery, Wood, Gardner, Barcus and Felder. A. J. Workman of Bowle is in the city.

"TO PAVE, or NOT TO PAVE"

That is the burning question before cities, counties and individuals today. It is the contention between progress and obstruction; profit and loss; comfort and inconvenience. You will notice that all modern communities are well paved. Sound business policy dictated such action. While paved streets and roads bring comfort and pleasure, the underlying principle of profit and good business policy was the deciding factor. Property on paved streets sells first. It is insurance against depreciation in value. Why delay when this unusual opportunity offers itself to you?

Huff Avenue, lying one block south and parallel with Eleventh street, between Brook and Archer streets, will be paved and equipped with sidewalks, sewerage water and gas mains. This street is restricted to insure its being anything else but a residential section with minimum cost of \$2,500.00 for homes.

Lots are unusually deep, being 170 feet in depth for all northfront lots, and 165 feet in depth for all south front lots. Whether riding or walking, paving and sidewalks will prevent getting off into the mud. Schools close by. Everything that will go to make a salable, active and well-built residence street will be had on Huff avenue.

A year ago Eleventh street parallel with Huff avenue was unpaved. Property along there was a drag on the market. The south side of Eleventh street had but one house on it between Brook and the J. W. Culbertson residence. See it today. After paving was completed no less than fifteen houses have been built or in course of building and more to follow. Huff avenue will do that and more in the first twelve months. It will have greater advantages than Eleventh street, due to restrictions and protection afforded investors on this street. Get your home site early. It is bound to come alive.

BOARDING HOUSE IS DAMAGED BY FLAMES TODAY

Fire at 11 o'clock this morning did considerable damage to the boarding house at 806 Scott. The fire originated in or under the kitchen, but had not made much headway before the chemical engine arrived and had the flames practically checked. The hose company arrived in time to get a stream on the blaze, and the greatest damage was done by smoke and water. The house is owned by Mack Thomas, and is fully covered by insurance. Mrs. Stuck, who is occupying the house at this time, has insurance on her furniture and household effects to the amount of \$800. It was impossible to estimate the loss this morning, but it is not thought it will amount to a great deal. The origin of the fire is unknown, as no one was in the kitchen at the time the fire started, and since the outside of the room was burned more than the inside, it is the opinion of Fire Chief McClure that the fire started under the house.

Russian Delegate Urges Settlement Of Internal Rows

Petrograd, Oct. 24.—M. Skobeleff, delegate of the workmen and soldiers' council to the inter-allied conference at Paris declared at a meeting of the congress of peasants deputies today that the Paris conditions are most state frankly the conditions on which the allies are willing to make peace and that the war must be finished in the shortest period possible. The formula of peace with our annexation and indemnities, he added, must be expressed clearly. Russia, M. Skobeleff said, must settle her internal quarrels before the conference. Otherwise the conference, knowing the weakness of Russia, might make conditions which would be unacceptable.

CHRISTMAS MAIL REGULATIONS ARE GIVEN FOR ARMY

Everyone who has relatives or friends in the forces overseas will be greatly interested in the arrangements for the sending of Christmas packages, issued by the Navy department. Below are regulations governing Christmas mail:

Washington, D. C., Oct. 16, 1917.

To Navy Recruiting Bureau; Recruiting Inspectors; all mail and sub-stations.

Subject: Arrangement for Christmas mail.

1. With the approach of the holiday season, special attention is being given to the delivery of Christmas mail to enlisted men serving abroad. Arrangements have been perfected by the Navy, War and Post Office departments whereby Christmas mail to American Expeditionary Forces in Europe and to the crews of U. S. Navy vessels serving in Europe waters will be delivered by Christmas morning. Without the fullest cooperation on the part of the public it will be impossible to accomplish this result.

2. The families and friends of enlisted men are urged to observe the rules adopted by the Navy, War and Post Office Departments, particularly in three essential respects:

1. Mails to reach sailors and soldiers by Christmas must be posted not later than November 15th.
2. Every package must bear conspicuously the words "Christmas Mail" the complete address of the person for whom it is intended, in the upper left hand corner, the name and address of the sender.
3. Every parcel must be so packed and wrapped as to admit of easy inspection by the postmaster. No parcel will be dispatched to Europe which has not the postmaster's certificate that it contains no prohibited articles.
3. All mail for men serving on board vessels of the Atlantic fleet and in European waters should be addressed to the U. S. S. S. All mail intended for men serving in the Pacific and Asiatic fleets should be addressed to the U. S. S. S. All mail intended for men serving in the Pacific Station, via San Francisco, Cal., or U. S. S. S. Pacific Station, via San Francisco, Cal.

4. Recruiting Officers are instructed to give this information prompt and wide publicity.
