BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets are a Harmless Substitute.

Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative, and their effect on the liver is almost instantaneous. They are the result of Dr. Edwards' determination not to treat fever and bowel complaints with calomel. His efforts to banish it brought out these little olive-colored tablets.

These pleasant little tablets do the good that calomel does, but have no bad after effects. They don't injure the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquids. It is best not to take calomel, but to let Dr. Edwards' Olive Tablets take its place.

Most headaches, "biliousness" and that "lax" feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel "lumpy" and "heavy." Note how they "clear" clouded brain and how they "perk up" the spirits. 10c and 25c a box. All druggists.

### MARGUERITE CLARK AT EMPRESS TODAY AND TUES.

Those who saw Marguerite Clark in her famous Paramount picture, "Miss George Washington," will be reminded of it by "Bab's Diary," the charming story by Mary Roberts Rinehart of Bab, the "Sub-Deb," in the clever manner in which Miss Clark has portrayed the role of Bab, who, like "Miss George Washington," makes the discovery that we weave a "tangled web" indeed when first we practice to deceive. "Bab" is a fascinating girl with a vivid imagination and much surplus energy which makes it hard for her family, but adds to the charm of a diary whose every page abounds in adventure and the real kind of farce. "Bab's Diary" will appear to-day and tomorrow at the Empress.

### Local Boy Assigned to Negro Regiment; Promotion Expected

According to unofficial information received here Mack McGinley, son of Mr. and Mrs. Wm. M. Those who are assigned to negro regiments will be in line for quicker promotion, it is understood.

### BOYS WILL MEET TONIGHT TO LAY CAMPAIGN PLANS

HOMER L. HOISINGTON DELIVERED ADDRESS TO YOUTHS AT HIGH SCHOOL.

### TO RAISE Y. M. C. A. FUND

Belief Expressed That There Will Be No Difficulty in Securing Quota Of \$650 Set For This City.

Every boy under nineteen years of age, who is engaged in the city, cordially invited to attend the meeting of the Boys' Club at the High School tonight at 7:30, to discuss the plans of the boys' campaign to aid the Y. M. C. A. war fund.

Homer L. Hoisington, state boys' campaign director, spoke to the students of the High School this morning, and also the enthusiastic response was accorded to him. At the close of his address, Andrew Urban, Jr., who is local vice-secretary, rose and asked how many of the boys would go into the work, and about seventy hands promptly shot into the air. The boys have taken right hold of the campaign, and at their meeting tonight plans will be outlined.

**Organization Complete.**  
 J. W. Hogue, of the Y. M. C. A. war fund campaign, yesterday completed his organization for Wichita Falls, captains or teams having been selected and instructed at the meeting at the St. James Hotel. Homer Hoisington, who has charge of the boys' work in the state, addressed the meeting on that branch of the work.

The campaign is to open November 11th, and will last till the 15th. During that week it is planned to raise \$35,000,000 in the United States; the proportion in Texas being \$400,000, of which the boys of Texas are asked to earn and contribute \$20,000.

**Can Find The Boys.**  
 Mr. Hoisington says that he does not believe that it will be difficult to find two thousand boys in Texas to earn \$10 each and give it to the Y. M. C. A. badge cards are given out, each boy signing one, by which he undertakes to earn or save and give ten dollars to the fund. The money may go to the relief of prisoners of war, American soldiers, or soldiers of our allies, as the giver may designate. The entire payment may be made at one time, or in partial installments, which also is a matter of individual arrangement.

Andrew Urban, Jr., has been appointed vice-secretary of the boys' campaign here, and on him will depend in a large measure the success of that part of the work. The Wichita Falls boys are to raise \$650, and this in the city in the state to inaugurate a boy's campaign. Mr. Hoisington was here two or three weeks ago, and was so much struck with the progress of the campaign, because, he said, he believed this town would set a pace, which if the rest of the state followed would guarantee the oversubscription of the fund.

"We in America," said Hoisington to the students, "do not realize that we are at war. The speaker then told of some of the conditions in England—the air raids, the darkened streets, the tale of wounded and dead. He spoke of three attempts of John Snell to cross to America, in the first two of which he was torpedoed, the second time the commander of the submarine causing the passengers to leave the life boats, throw away their life preservers, and assemble on the upper deck. The submarine, when he promptly submerged, leaving the passengers, men, women and children to drown. "If we could see these things, and talk to the people," he said, "we should begin to realize that we are at war."

"American boys are now in the front line trenches," the speaker continued, "and it will not be long before we begin to get a glimpse of the realities of war. When we begin to read the death lists, as they have in England and France for the past three years, we shall begin to realize that we are at war."

The students campaign in the colleges and universities has started with a rush, \$65,000 is the amount asked for, and the T. C. U. at Fort Worth raised \$1,500 in two hours last Friday. The Southwestern University at Georgetown, \$2,200, and Wesley College at Greenville, \$1,300.

### SALES ARE SMALL AMONG DEALERS IN AUTOMOBILES

ONLY TWENTY-THREE CARS DISPOSED OF DURING THE PAST WEEK.

Among auto dealers last week there was hardly a chug audible. The motors were all silent, and sales were the lightest reported this year. A total of twenty-three sales, of which seven were second-hand, and one wholesale, was all that could be stirred up, stir one ever so hard. All the dealers are short of cars, they say, and have orders on hand to fill as soon as the cars come in. But even at that, it is considered that the rush season is over in the automobile business, and sales will be light for the balance of the winter.

The Staley Motor and Supply Co. headed the list with four retail sales and three second-hand. The solitary wholesale deal was made by the Overland Sales Co., and no less than six dealers reported no sales.

W. S. Willis has gone to Dallas to complete arrangements for a complete stock of Reo and Dorr cars and parts, and to take up a spectacular advertising campaign with the advertising managers. Mr. Willis will return some time this week.

"Men in Dallas are now compelled to go to bed without a 'nightcap' and to get up in the morning without an 'eye-opener,'" says the Waxahachie Light. Reports from Dallas, however, indicate that the men are still going to bed and that none of the disasters that had been predicted to follow a dry vote in Dallas county have yet occurred. It is even said that a large proportion of the former saloon men in Dallas have decided to remain there and go into other business. Certainly there has been no big emigration of Dallas business men to Wichita Falls.

ADJUSTMENTS MAY BE NECESSARY.

Discussing the dissatisfaction voiced by many farmers with the government's price for wheat, the Wichita Eagle says:

"Unless a halt is made somewhere, sometime, unless some price is taken as a standard, and other prices are leveled down to it, there will be no end to the price inflation that has continued unchecked now for several years. The competition between various producers, each to get the utmost profits for himself, and to keep ahead of the other fellow's rising prices, will end in chaos. The farmer will be one of the first and worst sufferers, for in a campaign of unlimited profits he will find himself now, as he always has been, unable to keep ahead of the organized trusts. It is they, and they alone who will profit."

The Eagle says the iniquities of the present system must be corrected and declares that private profits in the handling and milling of grain must be done away with. The Eagle advocates the government operation of mills and elevators and the scaling down of the prices of other commodities to the level of the wheat price. The Times does not share the view of the Eagle that the government should operate the mills and elevators. It does believe that in this crisis, there should be a basic price for wheat and that profits of millers and dealers should be regulated and limited. If the grain dealers and the millers are favored above the farmer then this ought to be found out, and will be, and the necessary adjustments made.

GAS PRESSURE IS LOW IN THIS CITY FOR MOST OF DAY

The gas pressure here was the lowest this morning it has been since last winter. There is nothing alarming in this fact, however, nor is it an indication that there will not be enough gas to supply the demand here this winter, according to statements issued from the offices of the Wichita Gas Company this afternoon. The shortage of gas was caused by the extreme cold weather and the heavy consumption. Shortly after noon when it began to turn warmer and the cook stoves were turned off, the pressure began to rise, and by the middle of the afternoon it was just about normal. It is generally admitted that the supply of gas in the field is not as good as in former years, but both companies are making arrangements and completing new lines into the southern Oklahoma fields which, when completed, will give equally as good, if not better pressure than ever before. On account of the scarcity of labor at this time it is impossible to tell just when the new lines into the Oklahoma fields will be completed, but it is thought that they will be ready for use before the winter weather sets in for good. The same condition in regard to low pressure is prevalent in all the cities on the lines of the North Texas and Lone Star Gas Companies, except in a few where the new lines have been completed. Some of the cities now using or about to use the new supply are having to make some minor changes and adjustments to their stoves and heaters, but it has not been announced whether this will be necessary in this city or not.

FOR SALE BY BAUM & GARDNER

WINDOW DISPLAYS ARE WANTED HERE ON FOOD ECONOMY

The Food Administration wants window displays, and prizes of \$300 are being offered to the window which preaches food conservation in the most graphic manner. Patriotic merchants, who are looking for an opportunity to serve the country, thus stand a chance to make some money out of it, to say nothing of the free advertising and prestige that their display will bring to their store. Harry Baum has charge of the work here, and is arranging with as many of the merchants as possible to put displays in their windows. "The man who will come in on this thing," said Mr. Baum, "will benefit in many ways." Mr. Baum will also arrange to have photographs taken of the windows, without cost to the proprietor of the store, thus giving him not only local, but state and national advertising. Mr. Baum said that the great thing to keep before the people was that they were not asked to buy less food, but different food. It is not saving, but substituting that is needed. It is more of some foods and less of others, and Mr. Baum was clear on the point that the merchants will stand to lose nothing by the substitution, but rather to gain by urging it. Posters have been sent out, showing what foods to save, and what to use. "Food will win this war," says one of them, and figures and facts are printed below to bear out the statement.

J. A. Black. J. A. Black, aged 50, died at his home in the suburbs of the city yesterday afternoon. Burial this afternoon at 4 o'clock in the Riverside cemetery following the funeral services to be held in the parlors of the Hmes Undertaking Company at 3 o'clock, by Rev. H. H. Black, survived by a wife and several children.

WICHITA FALLS AGAIN FIRST IN NAVAL RECRUITS

Wichita Falls stands first on the list of substations for navy recruits last week, all seven of the men sent in having been accepted at Dallas. A good start has already been made on this week's enlistment and the officers say that they will give the rest of the substations a run for their money. The standing of the stations is as follows: Dallas 11, Wichita Falls 7, Waco 4, Fort Worth 3, Abilene, Denison, Paris, Texarkana and San Angelo 1, Cleburne, Sherman and Amarillo 0.

WICHITA COUNTY EIGHTH IN STATE IN BUYING BONDS

In addition to being the first county in the Eleventh Federal Reserve District to subscribe its quota, and probably the first in the United States, Wichita County is the eighth largest subscriber to the Liberty Loan of all the Texas counties, and Wichita Falls the eighth city. "As chairman of the campaign committee," said J. A. Kemp this afternoon, "I feel highly gratified at the response of the people to the loan. It is merely one more demonstration of the loyalty and patriotism of the citizenry of this city and county." The final figures are as follows: Wichita Falls, \$1,068,900; Burkburnett, \$1,153,300; Electric, \$1,100,000; Iowa Park, \$50,000; Total, \$1,444,200.00, or about forty-nine per cent above the minimum quota. The cities ahead of Wichita Falls as subscribers are Dallas, San Antonio, Houston, Galveston, Fort Worth, El Paso and Waco.

HUSBANDS ENTERTAINED BY U. C. T. CLUB MEMBERS

The ladies of the U. C. T. Club entertained their husbands at the home of Mr. and Mrs. E. J. Harrison, 1107 Burnett, Saturday evening with a Halloween party. The house was tastefully decorated in orange and black. Cut-out cats, bats, owls and pumpkins were used profusely, together with many ferns and yellow chrysanthemums, carrying out the Halloween spirit. Score cards and namptags were in the same colors. Progressive 42 was played while the Victrola furnished the music. Refreshments were served, consisting of pumpkin pie and apple cider. Those present: Messrs. and Mesdames Allen, Baker, Brown, Brundage, Drinkard, Everton, Gant, Keith, Lummas, Reynolds, Walker, and Miss Ena Everton, who assisted the hostess with the refreshments.

KEPT HER AWAKE

The Terrible Pains in Back and Sides. Cardui Gave Relief.

Marksville, La.—Mrs. Alice Johnson, of this place, writes: "For one year I suffered with an awful misery in my back and sides. My left side was hurting me all the time. The misery was something awful."

I could not do anything, not even sleep at night. It kept me awake most of the night. I took different medicines, but nothing did me any good or relieved me until I took Cardui.

I was not able to do any of my work for one year and I got worse all the time, was confined to my bed off and on. I got so bad with my back that when I stooped down I was not able to straighten up again. I decided I would try Cardui. By time I had taken the entire bottle I was feeling pretty good and could straighten up and my pains were nearly all gone.

I shall always praise Cardui. I continued taking it until I was strong and well." "If you suffer from pains due to female complaints, Cardui may be just what you need. Thousands of women who once suffered in this way now praise Cardui for their present good health. Give it a trial. NC-133

GENERAL UPTURN IN CORN PRICES FEATURES TRADING

Chicago, Oct. 29.—Rains, which threatened to delay the movement of the new crop put some strength today into the corn market. Predictions of freezing temperatures, however, acted subsequently as more than an offset. Trade in the aggregate was small. Opening prices which ranged from the same as Saturday's finish to 1 1/2 cents higher with Dec. \$1.18 1/2 and May \$1.13 1/2 to \$1.13 1/2 were followed by moderate additional upticks and they set back to slightly under the latest figures of Saturday.

COTTON MARKET PROVES NERVOUS THOUGHTOUT DAY

New York, Oct. 29.—The cotton market was extremely nervous and unsettled during today's early trading. The Italian news appeared to increase the disposition to take profits on long cotton and there was a good deal of reactionary sentiment around the ring with the market opening easy at a decline of 18 to 31 points. Active months sold 20 to 37 points net lower after the call with December touching 26.88 and Jan. 26.40. Buying by trade and Liverpool interests checked the decline at this level, while there was covering on the prospect for another cold wave and the estimate of a Memphis authority placing frost damage at 1,171,000 bales. December rallied to 27.08 and January to 26.56 but this bulge met moderate offerings, the market still being nervous and irregular during the middle of the morning.

Cotton futures opened easy. Dec. 27.10 to 26.90; Jan. 26.42; Mar. 26.12; May 25.95; July 25.70. There were rallies of 7 points during the middle of the morning on the unfavorable weather news and trade buying, but the market soon weakened under continued liquidation with Jan. selling off to 26.43 and Mar. to 25.90 around midday, or about 25 points net lower.

Live Stock Spot Cotton. Liverpool, Oct. 29.—Cotton spot in moderate demand; prices unchanged. Good middling 29.92; middling 29.42; low middling 19.92; good ordinary 18.97; ordinary 18.47.

New Orleans Cotton. New Orleans, Oct. 29.—The cotton market here opened easy and rather irregular today. The selling movement of last week was carried over. Offerings of short cotton were stimulated by the Italian reversals and the market received little support in the first half hour prices lost 15 to 29 points.

Kansas City Live Stock. Kansas City, Oct. 29.—HOGS—Receipts 6,000; 5 to 10 higher. Bulk \$15.25; lights \$16.40; heavy \$16.20; mixed \$15.00; pigs \$14.00.

New York Stock Market. New York, Oct. 29.—Stocks recorded a sharp set back at the outset of today's dealings. Foreign developments over the week end, particularly the Italian reversal evidently encouraged traders to renew operations for the short account. Shipping yielded 2 to 3 points and war shares the general list of equipments and leading rails 1 to 2 1/2. Marine preferred rebounded quickly, however, soon showing a 1 1/2 point gain. The new Liberty 4's listed today changed hands in small amounts at par to 100.92. The 2 1/2's were steady at 99.94.

Certain-teed Roofing

Before its merits were recognized, roll roofing was regarded as a more or less temporary roof—but now CERTAIN-TEED has demonstrated that it is not only a most durable roof, but also the most efficient roof.

It is economical to buy, inexpensive to lay and costs practically nothing to maintain. It is light weight, clean, sanitary, fire-retardant and weather-tight.

It is now used as the preferable type of roof for office buildings, factories, hotels, stores, warehouses, garages, farm buildings etc., where durability is demanded. CERTAIN-TEED is guaranteed for 5, 10 or 15 years, according to thickness (1, 2 or 3 ply).

There are many roll roofings on the market, but only one CERTAIN-TEED. It pays to get the best. It costs no more to lay a CERTAIN-TEED roof than it does to lay a poor roof, but there is a vast difference in the wear. You can't tell the quality of a roofing by looks or feel. Your only safety is the label. Be sure that it is CERTAIN-TEED—then you are certain of quality and guaranteed satisfaction.

Certain-teed Slate-Surfaced Asphalt Shingles are supplanting wood and slate shingles for residences. They cost less, are just as good looking, wear better, won't fall off, buckle or split. They are fire-retardant, and do not have to be painted or stained.

Certain-teed Paints and Vernishes are the best quality paint materials, ground and mixed with mechanical accuracy. Made for all uses and in all colors. With paint, as with roofing, the name CERTAIN-TEED is a guarantee of quality and satisfaction.

## COME THROUGH

Produced in seven reels, will give you more thrills to the minute than any photodrama you ever witnessed in your life—read what the largest newspapers in the world said about it—

N. Y. AMERICAN—"The melodrama thrills; there is a veritable deluge of events."  
"ZIT" N. Y. JOURNAL—"Remarkable, thrilling, wonderfully entertaining. The best suspense drama New York has had for years."  
NEW YORK TRIBUNE—"One is appalled by so much cleverness."  
NEW YORK HERALD—"There is a punch to the play."  
N. Y. MORNING TELEGRAPH—"With a punch and a dash that should make it a success."  
NEW YORK EVE MAIL—"The best screen melodrama the Broadway has had this season."  
NEW YORK WORLD—"Realism in every foot."  
NEW YORK EVE SUN—"The plot? Tut, tut, it's there, so why worry. Come through yourself!"

A dozen other New York newspapers said: GREAT—FASCINATING—TREMENDOUSLY CLEVER—MARVELOUSLY REALISTIC—THERE WITH THE PUNCH, ETC., ETC.

The main virtue of "COME THROUGH" aside from the exquisite minutiae of detail of technical photographic side, lies in its originality—it's different.

## "BABY'S DIARY"

MARY RINEHART'S

Famous Saturday Evening Post Story

This is the first of the "Sub-Deb" stories which appeared in the Saturday Evening Post, and which Mary Rinehart made so popular all over the country. Dainty Marguerite Clark has been a particularly happy choice for the capricious and wholly delightful "Bab" and everyone who hasn't already fallen head over heels in love with her will tumble most willingly when they see her in these charming stories. As the prepossessive girl filled with the joy of living and loving, Bab gets herself into all sorts of funny situations by pretending to have a lover, and when the imaginary sweetheart actually appears on the scene of action her consternation gives an involuntary bath when she tumbles into a tub in her efforts to escape. You'll love every moment of this fascinating tale.

## "REUBENS SHIRTS" WANTED OF WOMEN FOR SOLDIER BOYS

RED CROSS CHAPTER URBES RELATIVES TO SEND THEM TO THEIR KINDRED

### FOUR HUNDRED NEEDED

This Number Believed Fair Quota for People of Wichita Falls—Directions Are Given.

Wanted—Four hundred women to make "Reubens" shirts for the Wichita Falls companies at Camp Bowie!

The above call is issued by the local Red Cross Chapter on receipt of news that the boys at Camp Bowie are in danger of suffering from the cold. Just at present it is impossible for the government to provide winter clothing as fast as it is needed, and through no fault of its own. So it is up to the individuals to see that the boys from their localities do not suffer. The Red Cross is not permitted to give to individuals but it can offer suggestions, so the following plan is offered.

Reason For Movement. It would be impossible to knit all the sleeveless sweaters needed at present. There is not enough yarn to be obtained, it is very expensive and knitting is slow work. So a sleeveless sweater, to be made of blanket cloth, quite as warm as wool yarn, has been patterned after a Reubens infant's shirt. Miss Kell, chairman of the local chapter, has estimated that these shirts would cost \$1 each, much cheaper than the yarn could be obtained for, and they are very simple of construction, being made with only shoulder seams. There are three sets of fasteners, allowing one size of shirt to be made to fit larger, medium or small soldiers. The edges of the shirt can be quickly buttonholed around with a crochet hook.

Relatives Asked to Work. It is urged that mothers or other relatives of soldiers at Camp Bowie make a garment for their particular soldier. The pattern and goods can be obtained at the Red Cross workroom next week and the simple instructions given for the making of the garment. The garments should be made and sent to Camp Bowie as soon as possible.

Miss Kell visited Camp Bowie on her return from Kansas City and found that the lack of winter clothing may cause discomfort. Camp Bowie is on a wind swept hill and cold that may not be felt a well built house becomes acute in a tent or a simple way. What ever is to be done in providing comforts for the home boys should be done immediately and volunteers who will donate one or more shirts are wanted.

Soldiers at Front and in Cantonnments in Same Need of Useful Articles, Says Mrs. Silk.

A new idea, emanating from the Wichita Falls Chapter of the Red Cross, that of a beautiful Christmas card to be sent by Red Cross members throughout the United States, to their friends on Christmas, to take the place of the customary elaborate gifts at that season, has been accepted by the National Chapter at Washington with congratulations and a card suitable for the occasion will be worked out soon by the headquarters.

Suggested by Mrs. Silk. This is the idea of Mrs. W. W. Silk of the local chapter. The card will contain a Christmas greeting, bringing a renewal of the Christmas ideal, the spirit of the Christ who gave His life for the future world as thousands of the finest young men of the country are prepared to give theirs for those

## ROYAL NAVAL FLYING CORPS LIEUTENANT WHO SUNK SUB WELL KNOWN TO LOCAL MAN

J. G. Culbertson of the Wichita Falls Motor Co., who has just returned from a trip to Chicago, New York and Washington has received a letter from Lieut. Basil B. Hobbs of the Royal Naval Flying Corps. In the letter Lieut. Hobbs tells his friend Culbertson as much about his exploit of bombing a German submarine in the English channel recently as the censor would pass. The Lieutenant says in his letter that the Associated Press dispatch reaching America telling of the exploit was practically correct. Lieutenant Hobbs has received the Distinguished Service Order and the Distinguished Service Cross in recognition of his valor.

Lieutenant is still on scout duty with the naval flying corps on the east coast of England. Mr. Culbertson got acquainted with Hobbs on a steamer going across the Atlantic early in 1916. Mr. Culbertson was on a business mission. Hobbs, a young Canadian, who had graduated from the Wright school of aviation, was on his way to apply for a commission. Arriving in London his funds were exhausted in a delay in securing his commission and he was about to enlist as a private in the infantry service. Mr. Culbertson advanced him funds and hastened the young Canadian so that he persevered and was accepted for the aviation service. Lieutenant Hobbs writes of his success with a great deal of pride, which is shared by Mr. Culbertson.
