**GIRLS ARE ASKED TO SEND PACKETS TO THE SOLDIERS**  
 CHRISTMAS AT FRONT AND IN CANTONMENTS WILL SO BE MADE MERRY  
**SUGGESTIONS ARE MADE**  
 Two Hundred is Minimum Set For Wichita Falls and Red Cross Tells How to Arrange for Mailing  
 Two hundred girls and young women are wanted in Wichita Falls to make a Christmas package for some soldier boys of their own can easily spare the time to prepare a gift to another soldier who is not so fortunate as they are.  
 Red Cross headquarters point out that those who have their friends and brothers at home this time should be more than glad to supply some soldier with Christmas cheer as a thank offering to those who are at the front so that they and theirs may be safe at home.  
 Two Hundred is Minimum. Two hundred is set as the minimum from the local Red Cross chapter and as Wichita Falls never considered minimums this amount should be doubled. The articles suggested by the Red Cross are inexpensive, but thoughtful and useful articles and in case about the package cost, more than \$1.50, this is the limit set and the packages can cost much less than this.  
 The following is a suggestion for a package: One khaki colored handkerchief, price 10 cents; package of envelopes and paper, (one 25 cent package will supply four gift packages); pencils, 2 for 5 cents; pipe, 25 cents; package of tobacco, 15 cents; package of raisins, 15 cents.  
**How to "Do Up" Gifts.**  
 The gifts should be done up in tin boxes, discarded nabisco, marshmallow or cookie boxes are the proper things, tied in Christmas colors and enclosed in a khaki bag with drawstring. The gifts can be wrapped in strong manila paper and tied with red twine or ribbon but if they are enclosed in a bag the bag will prove useful to the soldier when the gifts are gone and will be a splendid souvenir. The card of the donor is requested to go in each package.  
 Scrap books, home made, will prove a welcome addition to any gift package. It has been found that soldiers in the trenches enjoy the scrap books, collections of nonsensical verse, funny pictures, jokes and a good short story or two.  
 Sunday school classes could make several of these in an afternoon and it is expected that several will volunteer for this work and for making Christmas packages as well.  
**Should Give Presents.**  
 The gifts will be divided equally between the forces in cantonments in France and perhaps in Italy. The Red Cross is to see that on Christmas morning there will not be a single boy in khaki who has no package from the United States, "home."  
 Suggestions for packages and articles which are acceptable gifts are given in the following Red Cross bulletin:  
 1. Nothing should go in them which will not keep fresh from the time of packing until Christmas.  
 2. Dried fruits and other food products should be packed in small tin or wooden boxes, one-quarter to one-half pound size.  
 3. Hard candy, including chocolate, would probably be safe in tin foil or heavy cardboard, but no soft chocolates nor anything that could possibly be crushed should be used, as the remaining contents of the package might be spoiled thereby.  
 4. Several dainties packed in oblong tin boxes each holding each a variety of a packet than a larger quantity of a single confection.  
 5. No liquids nor articles packed in glass should be placed in the package.  
 6. For wrapping the gifts use a khaki-colored handkerchief, twenty-seven inches square, and form the base of the package by placing on the center of the handkerchief a pad of writing paper about seven by ten inches.  
 7. Select a variety of articles either from the suggested list (or according to individual wishes) to an amount not exceeding \$1.50, and arrange them on the pad of paper so that the entire package shall be the width of the pad, and approximately five inches high.  
 8. Wrap and tie with one-inch red ribbon and place a Christmas card under the bow of ribbon. A card bearing the greetings of the Chapter would be desirable.  
 9. Wrap the parcel again in heavy, light brown Manila paper, tie securely with red, green, or gilt cord, and use Christmas labels or American flags as desired.  
**Suggestions for Christmas Packages**

**FOOD CONSERVATION IS STRIKINGLY BROUGHT FORE BY SHOW WINDOWS**  
 If Wichita Falls, collectively and individually, had not appreciated the value of food and saving it as a means of winning the war before, the fact has been driven home most forcibly by the food conservation windows of the patriotic merchants of the city. Since the windows were unmasked yesterday afternoon they have drawn crowds of men, women and children, who attracted by the unusual display remained to read the posters and placards which preached the gospel of food economy. Often repeated were the slogans: "Food is Ammunition; Don't Waste It;" "Our Waste Makes Our Allies Want; Save!" "Your Sammie Needs It;" "Food;" "America's Mothers Help America's Sons To Win The War."  
**Grocers Co-operate.**  
 The department stores and ready to wear shops which had more advantageous show space than the grocery stores, gave their window displays to the grocers co-operated with them in supplying the material for the demonstration. And in every window the decorator had given his time and skill to splendid advantage and no one seeing any of the displays could fail to be better informed as to what American citizens in order that more can be sent the allies.  
**Fireless Cookers.**  
 At Freezer's the fireless cooker as a means of saving fuel and of cooking vegetables in many tempting ways made up the display.  
 The central street window at the Pennington store was given over to one of the most elaborate displays which had been arranged. Hoover's request for "wheatless days" received a second and furthermore the window decorator showed just how attractive corn bread could be made. There was also a bread pudding made from scraps of bread. The great variety of vegetables, both canned and fresh that is at the housewife's disposal was shown in the window and a fireless cooker suggested that heat be saved as well as food, for our allies must be kept warm. There were numerous jars of home canned fruits and vegetables and dried fruit as an illustration of how the surplus fresh fruit and vegetables may be preserved for home use.  
 The unconquered American eagle, grasping a flag in his talons hovered over the foods that Americans are to use at home in order that by their denial the allies and the fighting men in khaki may have sufficient in the window at the Jones-Kennedy store. The entire floor of the window was covered with shelled corn and posters told how to utilize America's food resources so that the country will have enough and have the best to send to the battle front. Fat substitutes, sugar substitutes and vegetables formed the food display.  
 L. W. Newton's window shows an American flag in the background with "Help" in flaming red letters on the left side, and "Win the War" on the right. Whether this is to be read as one sentence or two, it is equally significant. For the rest, the window is filled with foods that are being recommended as substitutes for meat, wheat, fats and so forth, such as corn and corn products, vegetables, rice, breakfast foods, dried fruits, etc.

## JUST PLAIN HARD WORK IS PORTION OF MEN ENTHUSIASTICALLY TRAINING TO ENTER TRENCHES AGAINST GERMANS

(By J. G.)  
 Camp Travis, Texas, Oct. 30.—Nothing much has happened since the last letter about all that is going on in the training of some 30,000 Texans and Oklahomans in the business of killing Germans; outside of that there is nothing new to report, as they say on the front.

It doesn't look or sound much like war on this October holiday afternoon.

On opposite sides of the street a basketball game and a football game are in progress, with the usual noise accompaniments, including quasi-collegiate yells.

"Sweet potatoes, sweet potatoes  
 Forty cents a peck;  
 Battery A, Battery A,  
 Hit 'em in the neck."

No worse than lots of college yells. A bespectacled youth on guard is solemnly walking his post; he might be a mathematics professor or some freshwater academy, all sedateness and dignified. From the recesses of this building, inhibited solely by officers, come strange sounds as someone addresses hortatory remarks to a lady from Decatur.

On a bench not far away a soldier and a girl are holding hands. Down the street rolls a big Hudson car, whose soldier-owner is entertaining his friends with a ride. Substitute blue serge or tweeds for the khaki and it might be a holiday afternoon in some lovely village, except for the perambulations of the mathematics teacher.

But this is a holiday in camp and is therefore not typical. On most afternoons these same soldiers would be deep in drill, or maneuvering through the many movements, learning to handle the rifle; waiving the signal flags that mean so much while they seem to mean so little, and otherwise earning the dollar a day that represents their wage.

So far most of the recruits have been of Caucasian origin, but now the color line is down, and negroes are coming in. By November 4, some thousands of them will be here. White officers will be in command of the negro troops. Recently some negro officers were to be seen here, but they were San Antonio negroes on a brief furlough after being commissioned at a training camp in the north. Whether

any negro officers are to be stationed at Camp Travis has not been divulged.

**Army Carefully Prepared.**  
Probably no army in the world's history was as carefully prepared as America's National Army. Every reasonable provision for the soldier's comfort is made, and in addition some scores of ingenious persons are kept busy devising means to entertain and divert the troops in their off hours.

The Y. M. C. A. is a big factor in this work and has aided countless youths over periods when loneliness and homesickness were endangering them.

Football, baseball and other sports are encouraged and urged. Stamina, quickness and speed are valued military attributes, and in developing them these games are worth much.

To aid timers in the service it might seem that the rookie of 1917 is coddled and petted, but Uncle Sam doubtless has an idea what he is doing. Just where he would be without the Y. M. C. A. is another question. Games, music, reading matter, moving pictures, vaudeville, boxing matches and a modicum of religion are what the "Y" provides. It is not too much to say that it has saved lives; officers who have had to nurse rookies through the first few days of reaction, change of climate, depression and homesickness know what that means.

**Willingness of Men.**  
Much might be written of the willingness and the enthusiasm that pervade the ranks, but it is necessary only to cite one fact to show whether the hearts of these men are in the game, that fact is the taking of \$1,500,000 in Liberty Bonds, an average of \$50 per capita. A great many buck private soldiers, the majority, of course, allotting part of their pay for the required amount.

These men have left their homes and families and jobs and are here to prepare to give their lives if need be, for a cause. Many have known, for the first time, what it means to sleep in a tent, to eat hard-boiled cold night or to face a norther with light clothing. It has meant sacrifice for nearly every one, yet almost to a man they kicked me for the bonds. And yet not four miles away, the city of San Antonio, waxing fat off the soldiers, had to rake and scrape to make as good a showing as Wichita Falls.

"No one need think that these are any serious privations, from the above paragraphs, or some mistakes were recorded. The contractor had plenty of stoves, but omitted the trifling matter of stove pipe. Result, two blankets weren't quite enough on some recent chilly mornings.

**Wichitans at Headquarters.**  
Four Wichitans are now employed at division headquarters, the home town. John W. Thomas has just been made a field clerk, which is a cross between a soldier and a civilian; H. W. Yeager, John Colquitt and Chester Powell are also at headquarters. Of the other Wichitans among the draft-

### A NERVOUS WRECK

From Three Years' Suffering, Says Cardui Made Her Well.

Texas City, Tex.—In an interesting statement, Mrs. G. H. Schill, of this town, says: "For three years I suffered untold agony with my head. I was unable to do any of my work.

I just wanted to sleep all the time, for that was the only ease I could get, when I was asleep. I became a nervous wreck just from the awful suffering with my head.

I was so nervous that the least noise would make me jump out of my bed. I had no energy, and was unable to do anything. My son, a young boy, had to do all my household duties.

I was not able to do anything until I took Cardui. I took three bottles in all, and it surely cured me of those awful headaches. That has been three years ago, and I know the cure is permanent, for I have never had any headache since taking Cardui.

Nothing relieved me until I took Cardui. It did wonders for me."

## RAILROADS PLAN TO HANDLE MAIL WITH EFFICIENCY

Chicago, Oct. 31.—The postoffice department and the railroads are co-operating in plans for the prompt handling of an enormous increase in Christmas parcels sent by mail in addition to those sent by express.

Otto Praeger, second assistant postmaster general, and W. I. Denning, general superintendent of the railway mail service, held a conference here with the superintendents of railway mail service in the fifteen divisions covering the United States. A general plan, embracing many new features, was adopted for expediting the holiday mail service.

Before returning to Washington, Second Assistant Postmaster General Praeger issued this statement to the public:

"The Christmas season this year will have an added interest for the American people. There will be the usual seasonal greetings and remembrances at home, and in addition there will be messages and remembrances to perhaps 2,000,000 men in the army broad and in the cantonments in the country. The postoffice department will be called upon to handle practically two Christmas mailings—one on November 15, for the troops in France and the sailors with the fleet in European waters. The second will be the usual heavy Christmas movements for the homes, and, in addition, for the cantonments.

**Will Be Burden.**  
"This 'double Christmas' will devolve a great burden on the transportation system of the country; and considering the heavy demands imposed upon the railroads by these conditions it becomes the patriotic duty of every citizen to ease the burden of transportation by mailing Christmas packages early. A week's leeway for the regular Christmas mailing is not too great, in view of the heavy pressure on all transportation lines. The railroads of the country are making sacrifices and have announced the fullest co-operation with the Postoffice Department in handling this year's mailings; and the postoffice department trusts that the public will meet this commendable spirit by not delaying the mailing of Christmas remembrances until the last moment.

**Must Mail Early.**  
"I am particularly interested in impressing upon the public the necessity of mailing Christmas gifts to France before the 15th of November—in fact parcels mailed after that date can not be expected to reach the soldiers at the front until long after Christmas has passed. About November 10 would be the most helpful date to admit of the prompt dispatch of Christmas mails being made on November 14 and 15 being the last chances to get parcels to the men who are lining up under Pershing for the big war drive.

"Another matter that should be borne in mind is that under the transportation operations in France it will be impossible to send parcels of greater weight than seven pounds and postmasters have been directed to refuse parcels over that weight. These parcels should be offered to the postoffice for mailing, open, so that the postmaster may insert the contents and affix to the parcel his certificate that no prohibited articles are contained therein. Failure to comply with this regulation will cause long delays and will result in disappointment to the men, who otherwise would be the recipients of Christmas cheer.

"Therefore, I would urge upon all persons who may use the mails for the transmission of Christmas gifts and messages to bear in mind the postal slogan—Mail Early. Pack Securely. Address Properly.

"The hearty co-operation of the railroads with the postoffice department in the effort to serve the public well is being promptly met by the heavy Christmas mails is assured by the following letter sent to all roads by R. H. Aishton, chairman of the Central Postoffice Committee of the Railroads' War Board:

"Our attention has been called by the Postoffice Department and also by the express companies that the prospective increase both in the number and weight of Christmas packages to be transported by the railroads this season.

"There are more men away from home and family, under arms, in the military and naval service in this country, than ever before in our history. All of them will probably receive Christmas parcels ranging from one to twenty pounds in weight, which will be in addition to the large volume ordinarily handled during this period.

To take care of this traffic is going to require every available baggage and express car, as well as some high-class refrigerator and other special cars of this character.

"It is suggested and urged, that all of this class of equipment to handle this business that is possible, be made suitable for service and gotten off the repair tracks by the first part of December; and, further, that every means be used to induce the public to ship Christmas packages a week or ten days earlier than usual, in order that they may be sure to reach their destination before the holiday, and thereby avoid disappointment both on the part of the giver as well as the recipient.

"Any steps that you may take along the lines indicated will be very much appreciated both by the government and the public."

Hert Bean, speaking of the lecture by Corporal F. K. Wishart, to the Rotary Club yesterday, which will be given here next Tuesday night at the Wichita Theater, said "The poorest policy in the world is to underestimate the power of your adversary."

"I think it must be just people's optimism that makes them say the war is over—or else ignorance. If they would just consider what the leaders have said and are constantly saying, they would know that their statement has no foundation in fact."

Wishart Has Been There. "Concerning this lecture," said Mr. Bean, in conclusion, "I understand Corporal Wishart has been through the first two years of the war, and knows what he is talking about. Do not listen to what this man and that man thinks about the war, but go and hear what this man knows."

# TODAY'S MARKETS

## FRESH WEAKNESS IS EVIDENCED BY PRICES OF CORN

Chicago, Nov. 2.—Fresh weakness developed in the corn market today as a result more or less of weather conditions likely to facilitate the crop movement. The generally unsettled trade situation tended also to increase bearish sentiment. Business in the pit lacked volume. Opening prices which ranged from 1/4 to 1/2 lower with December \$1.17 and May \$1.12 1/2 to \$1.13 were followed by moderate further declines.

Oats showed heaviness influenced mainly by the action of corn. Provisions jumped in consequence of the big reduction on the warehouse stocks here announced in the monthly statement issued last evening. Attention was given also to sharp advances in the value of hogs.

Increased receipts of new grain in the southwest and renewed notice of the fact that no exports of corn would be permitted except under license brought about additional downturns later. The close was heavy 7/8 to 3/4 net lower with Dec. \$1.15 1/4 to \$1.15 1/2 and May \$1.10 1/4.

## PRICES REBOUND IN STOCK MARKET TO HIGHER LEVEL

New York, Nov. 2.—Prices rebounded vigorously at the opening of today's stock market as a result of the curb placed on short selling by the authorities of the exchange. United States Steel yesterday's weakest feature opened with a single lot of 20,000 shares at 95 1/2, a maximum overnight gain of 4 1/2 points. Advances of 2 to 4 points were made by other steels, coppers, equipments and shippings. Baltimore and Ohio led the rails, raising 4 1/2 points. Norfolk and Western rose 4 1/2 points. Canadian Pacific and St. Paul 3 1/2 and C and Q 3. Many of these gains were materially shaded before the end of the first hour.

On the advance front taking sales became popular and led to a sharp set back.

United States Steel's further rally to 97 1/2 and the sustained strength of marines were the only conspicuous features of the dull mid-session. Rails were irregular and specialties somewhat reactionary.

Starting with coppers, the whole list reacted again in the final hour. The closing was irregular. Liberty 4's were unchanged at par, the 3 1/2's being quoted at 99.74 to 99.82.

## COTTON MARKET PROVES STEADY THROUGHOUT DAY

New York, Nov. 2.—The cotton market showed a steadier tone earlier today. The firmer ruling of the stock market was considered an encouraging feature while Washington advices were rather more optimistic as to Italian affairs and there was a good deal of covering after the sharp break of yesterday. The market opened steady at an advance of 1 to 3 points and sold about 26 to 30 points net higher after the call with Dec. touching 27.38 and January 26.74. Liverpool was a buyer and there was a fairly active demand from Wall Street and local sources with the advance meeting scattered selling on reports of good picking weather in the south.

Mid-morning reactions of 10 or 12 points were attributed to a renewal of scattered Wall Street selling but the volume of business tapered off to the decline and the market was generally steady owing to the bullish average of southern spot advices. Prices at midday were about 20 to 30 points net higher with December selling at 27.38 and Jan. at 26.86.

Trading continues quiet during the afternoon with prices sagging off under scattered realizing notwithstanding the continued bullish average of southern spot advices. December worked down to 27.12 and January to 26.42 or about 4 points higher to 3 points under last night's closing figures.

Cotton futures opened steady; Dec. 27.19; Jan. 26.45; March 26.18; May 26.10.

Cotton closed steady.

## At the Theatres

**"EXPERIENCE" TEN EPISODE**  
LAST PICTURE AT MAJESTIC  
The most wonderful play in America as "Experience," George V. Hobart's modern morality comedy drama of today, is called being an engagement of two performances at the Wichita Theatre Saturday, November 17th with matinee Saturday.  
"Experience" is a joyous combination of the new type of sunshine play and melodrama without a dull moment in it, and the characters are passionate and pulsating with morality and nature, too, who to be mistaken for anything else except the average man and woman you meet in everyday life. There is that about the play which touches the heart-strings of all, giving that feeling of life as it really is, and it is a drama that flows from comedy to tragedy with all known elements of stage appeal contributing.

In ten unusual and spectacular episodes, "Experience" tells the love story of youth—the average man of today—and the adventures he meets when he leaves his home in the country and goes to the big city to make a name for himself, but the temptations that he meets are represented by beautiful young girls, who are called by the names of the various "vices" and virtues they portray in the play. Among the scenes in the Primrose Path of Pleasure in which the gay night life of a great city is shown actually being played out in the corridors of Chance act a modern gambling house is shown in full operation with every known game of chance actually being played before the audience in the House of Lost Souls episode the terrible effects of drugs on human being are shown.

In the notable cast are Leonard Doyle, Duncan Penwarden, Leona Hagar, Beatrice Benton, Mae Paul, George B. Miller, Fred Mosley, Marie Sinclair, notably as Pearl in "The Scarlet Letter," appears as Miss Carnegie's little seven-year-old friend, Margaret Fielding plays June's rival and Dan Mason, the master character man of several Fox plays, appears in a role which is a rare mixture of comedy and villainy. Marcella Harris plays the foster-mother.

**THE EMPRESS.**  
June Caprice, known to filmdom as the Sunshine Maid, is the star of the feature to be shown at the Empress Theatre today. The picture is "Every Girl's Dream," a William Fox production. The cast promises to be one of the strongest parts of this picture. Harry Hilliard will play opposite Miss Caprice. Kittens Reichert, who has won a host of lovers by her work in many Fox films, notably as Pearl in "The Scarlet Letter," appears as Miss Carnegie's little seven-year-old friend, Margaret Fielding plays June's rival and Dan Mason, the master character man of several Fox plays, appears in a role which is a rare mixture of comedy and villainy. Marcella Harris plays the foster-mother.

**FLORENCE LA BADIO'S**  
LAST PICTURE AT MAJESTIC  
On Saturday the last picture in which Flo La Badio, popular motion picture star, played before her untimely death a few weeks ago, as a result of an accident, will be shown at the Majestic. This is "The Man Without a Country." It is a patriotic number in which a blacker of the present day is converted into a patriot after being visited by a vision of the story of Philip Nolan, who was exiled from the United States for the greater part of his life. This vision, comparatively short portion of the six reels is the only part taken from the original work, the modern story being prepared by Lloyd Lonergan, who prepared the scenario for the whole. But all parts of the picture, both modern and otherwise, are of the most inspiring sort. And it is a safe bet that everyone who stands as an American will be so moved. It is a thrilling, inspiring and entertaining picture. Edward Everett Hale's book, "The Man Without a Country," contains some of the most impressive passages ever written and these Mr. Lonergan has brought to life in his pictorial portion of the film to wonderful effect. Philip Nolan's talk to the young midshipmen in which he tells them what their flag stands for, is one of the finest passages in the story—and in the picture it brings cheers and the hasty brushing away of tears.

**PEARL WHITE AT THE GEM SATURDAY**  
One of the most fabulous features ever recorded in criminal history is vividly shown in the sixth episode of "The Fatal Ring." Pearl's big serial Gem Theatre today. After helping Nicholas Knox recover the Violet L-amoni, Pearl Standish in a fit of anger at being unable to learn what it meant, hurled it from a window in the temple of the Sacred Order of the Violet God and it was picked up by Richard Carlisle. In the temple Pearl is slowly being lowered over a cauldron of boiling metal. Knox pleads for Pearl's life but the Priestess informs him that he has but one chance, and if he fails he will receive the same penalty for treachery to the Sacred Order of the Violet God.

## A WORD TO THE PUBLIC

From MR. I. MARKOWITZ

The magnificent production of "EXPERIENCE" the most wonderful play in America, with the original New York company, will be presented at the Wichita Theatre under the auspices of Messrs. Wm. Elliott, F. Ray Comstock and Morris Gest, for matinee and night on Saturday, November 17th.

"Experience" is without doubt the greatest success of this day and generation. It ran for nine months in New York, five months in Boston, seven months in Chicago and five months in Philadelphia—a every community where "Experience" is presented it always received the enthusiastic endorsement of the clergy of all creeds and denominations.  
"Experience" is a modern morality comedy drama by George V. Hobart, telling in ten vivid and powerful scenes the temptations confronting youth—the average young man—going forth into the world to seek Fame and Fortune.  
"Experience" is properly called "The Most Wonderful Play in America." I know of my own knowledge that this play has been a sensation everywhere. I am sure it will arouse enormous interest here. It is one of the biggest shows I have booked. I don't believe another one as big will come along for several years. I am proud to be able to bring "Experience" to the theatregoers of this city and especially glad to announce that this "Experience" organization, with a cast of 82 notable players, is considered by the critics the best "Experience" company ever assembled.—I. MARKOWITZ, Manager Wichita Theatre.
