

KANSAS MINERS RETURN TO WORK PENDING FINAL DECISION AT CONFERENCE

By Associated Press. Kansas City, Nov. 4.—Telegraphic instructions ordering all striking Kansas coal miners back to work were sent out this afternoon by Alexander Howat, president of district 14, United Mine Workers of America. Mr. Howat will leave here tonight for Pittsburgh to take personal charge of the situation, he said. The miners are ordered back to work with understanding that the "penalty clause" matter will be taken up at the convention to be held here Nov. 12. "The convention here will determine whether or not there shall be a general strike in the southwestern district," President Howat said today.

"If the convention elects to accept the so-called penalty clause there will be no strike, but if the clause is rejected there will be a strike. My advice to the miners of the Kansas district is to return to work now and abide by the decision of the convention." According to Mr. Howat, the chief grievance of the miners continues to be the penalty clause. He declared that mine operators were insisting that the clause be so worded that they would be able to draw fines from the miners' wages whenever a mine shut down without an investigation as to the causes of the shutdown. The miners, he said, were equally insistent that an investigation fix responsibility for any such stoppage.

DRASTIC ACTION IS PROMISED AT CAPITAL. Washington, Nov. 5.—Drastic action to compel operation of coal mines in Kansas was promised today by the fuel administration. "The Kansas district, it was said today, is the only one in the southwest in which the miners' union still refuse to accept a penalty clause to prevent strikes in the new wage contract. Until one is inserted Fuel Administrator Garfield will not approve wage increases in part of the southwest. In Oklahoma, Arkansas and Missouri operators and miners have agreed that the wage increase will be made retroactive to date from Nov. 1 and that it is to be paid on the first payday after a final form of a penalty clause is drawn. Dr. Garfield has declined to announce what he will do to compel production where strikes have shut down mines, but it is known he has consulted the department of justice as to whether strike leaders may be proceeded against in the criminal courts.

IMPORTANT CASES ARE DECIDED BY HIGHEST COURT

NEGRO SEGREGATION LAW IS NOT CONSTITUTIONAL. Washington, Nov. 5.—Louisville's negro segregation ordinance was today declared unconstitutional by the supreme court. The decision affects similar ordinances in Baltimore, Richmond, St. Louis and many southern cities. "That there exists a serious and difficult problem arising from a feeling of race hostility which the law is powerless to control may be freely admitted. But this solution cannot be promoted by depriving citizens of their rights and privileges. The right which the ordinance annulled was the civil right of a white man to dispose of his property if he saw fit to do so to a person of color and of a colored person to make such disposition to a white person. We think this attempt to prevent the alienation of the property in question to a person of color was not legitimate exercise of the police power of the state and is in direct violation of the state constitution."

RAILROAD MEN MUST ANSWER TO COMMISSION. Washington, Nov. 5.—President Milton H. Smith and other officials of the Louisville and Nashville Railroad, the supreme court decided today, must answer questions asked by the Interstate Commerce Commission regarding the political activities and campaign contributions of that company.

More Ground Glass In Breakfast Food Found In Ballinger. Ballinger, Texas, Nov. 5.—The first case reported of injury resulting from ground glass being mixed with breakfast food is believed to be that of Tex Wood, son of W. W. Wood, of this city, who this morning was in a serious condition as a result of the alleged German plot. The food eaten by Wood was purchased at a local grocery and affidavits say the package apparently had not been tampered with before its use.

Miners and Operators to Resume Conference at Capital Wednesday. Fort Worth, Texas, Nov. 5.—Texas miners and operators will resume their conferences here Wednesday. By that time, it is thought, word will have been received from Fuel Administrator Garfield as to the possibility of raising the retail price of coal in Texas. This must be done, the operators say, in order to increase the wages of the miners and keep them from leaving Texas for other fields.

BRITISH PREMIER HOLDS CONFERENCE WITH GEN. PERSHING. Paris, Nov. 5.—Before leaving for Rome David Lloyd-George, the British premier, had a long interview with General Pershing. The American commander came especially from the American army headquarters to meet the British prime minister. Field Marshal Haig, the British commander, also was present at the conference.

NEGRO CORPORAL HAD PREMONITION OF HOUSTON RIOT

SHORT TIME LATER, GLADNER DECLARES, AMMUNITION WAS STOLEN.

FOUND PRIVATE IN TEARS

Parker Tells of Belief Among Men That Mysterious Body Intended to Return and "Shoot 'Em Up."

By Associated Press. San Antonio, Texas, Nov. 5.—Although he made no remarks indicating that there was going to be trouble, Corporal Gladner, 24th Infantry, had a premonition that there was about to be a riot, he testified. Gladner testified this morning at the court-martial trial of his superior officer, Private McWhorter, who was charged with murder and rioting at Houston Aug. 23 last. A short time later the negro soldiers raided the ammunition tents, he testified. "I saw Private McWhorter standing in front of about a squad of men," Gladner said, "and noticed when I turned my flashlight on him that he had tears in his eyes. 'I stood there a while trying to divine what he was thinking about and then went back to my post,' Gladner testified. 'I thought there was a body of men that evidently were going to mutiny or riot.' Sergeant Parker Testifies. Sergeant Henry Parker, M. Company, told of receiving orders from Major K. S. Snow that all men were to remain in camp and of hearing Gladner say, 'Here's the mutiny. This was about 8 o'clock in the evening, he said, and the soldiers had previously been ordered to turn in their rifles. Parker said he was guarding the supply tent of his company when it was rushed by the soldiers and he was knocked down. 'When the firing started,' witness testified, 'I ordered 'cease fire,' but that didn't mind me. 'The firing lasted about five minutes, he said, and he saw McWhorter coming back to shoot us' and that the men 'formed in firing line' to protect the tent. About this time Parker said he saw Captain L. McElroy go to the tent and about 15 minutes later toward M. Company street and told him 'I heard the firing and I saw the officers.' To this, McWhorter replied, 'I don't care,' and continued on his way. Gives List of Names. The witness produced a list of names of men of M. Company who were present at the riot on the morning of Aug. 24, and read it to the court. The witness said that at this time the following men were found to be mutinying: Private Jackson, Private Street; had been killed, he said. Asked by counsel if any one else was wounded, witness said: "Private McWhorter was found wounded about 11 o'clock the night before. At this point the first question of admissibility of testimony was raised by Major Harry S. Greer of the defense, and the thirteen members composed the court went to executive session to decide the point. In cross-examination of Parker, Major Greer elicited a statement from the witness that he had seen McWhorter, on direct examination, Colonel J. A. Hull, judge advocate conducted the prosecution, asked Parker why he did not shoot McWhorter. Parker testified that McWhorter had been confined in the guard house several times for misconduct. Argue as to Testimony. Major Greer objected, saying the prosecution had no right to bring out this testimony. Colonel Hull contended that the witness had seen McWhorter and that the testimony would be permitted to go in the record. No further questions were asked of Parker by counsel, but several members of the court asked him with reference to his statement that he heard that attempts might be made to kill some of the officers of the 24th infantry. Parker said he did not know how he got that impression, but that there was so much going on, but I know he made a remark of that kind, sir," he testified. Witness said he heard no remarks during the day that indicated that there probably would be a riot that night. "The first intimation I heard of any trouble was about 7:30 in the evening," Parker said. "Sergeant Green, of M. Company, told me two or three men were around the ammunition tent and that they had yelled at them and that they were trying to get ammunition. Sergeant Green said that when the prisoners were brought into court this morning W. R. Johnson, M. Company, one of their number, was being taken to the hospital. He was brought in on a stretcher. It was explained that he was ill, threatened with appendicitis. The first witness called was Corporal Custer Pajo of M. Company, 24th infantry. He was detailed to guard the company's ammunition tent on the night of the riot. Private Lampkin came to him, he testified, and inquired if he was going to guard the ammunition tent. Witness told him he was, and Lampkin said: 'If I were in your place, I wouldn't go on guard at the tent.' Witness then told of the rush on the tent for ammunition. His testimony was similar to that of other witnesses.

AUSTRO-GERMANS CROSS RIVER IN DRIVE ON ITALY

SITUATION IS GRAVE

Intense Naval Activity Is Also Reported in Gulf of Trieste, According to Late Reports.

The war situation of today is summarized by the Associated Press as follows: Italy's situation appears increasingly grave today with the announcement from Rome that the Tagliamento river, west of which General Cadorna established his new line after the great retreat from the Isonzo, has been crossed by the Austro-German invaders. The crossing of the river apparently has not yet been in sufficient force to compel Cadorna to decide on abandonment of the Tagliamento line, but the Austro-German advance undoubtedly will make the most of the opening he has forced to debouch against the Italian positions north and south of the point where he has gained a footing on the west bank of the stream. That this process is already under way is indicated by the fact that Rome tells of increasing Austro-German pressure against the Italian left wing, where the crossing was effected. Spot Selected. The spot selected by the enemy for the successful attempt—near Pizzano, about 40 miles from the mouth of the river and about 15 miles northwest of Udine—was at a point where the marshy ground accumulated further to the south, being 150 yards wide, the bank rising perceptibly and the river narrowing down. If General Cadorna decides to abandon the Tagliamento line, at which it is by no means certain that he intended to fight more than a delaying action, his next natural stand for the defense of Venetia will be at the Leventina, from 10 to 15 miles further west, or finally at the Piave, some 19 miles further in that direction. Furthermen in Clash. Furthermen of the American overseas forces have had their first clash with the Germans in a front line trench on Nov. 3, under cover of a heavy barrage fire, which isolated a short salient occupied by a company of Americans apparently left the little force at the mercy of their enemy. An Italian naval bulletin, referring to the intense activity in the gulf of Trieste, indicates that the Adriatic sea has become an important development and the turning point in the present struggle in that theater of the war. Meanwhile France and Great Britain are rushing their greatest military and governmental leaders to aid Italy. Premier Lloyd-George, General Sir William Robertson, chief of the imperial staff of the British army; Lieutenant General J. C. Smuts, the former South African commander, and other officials in company with Premier Painleve, who is heading the French mission, are on their way to Rome for a conference with the Italian commander-in-chief. An intensive campaign involving the Italian forces, reinforced in both man power and materials drawn from France and Great Britain. Inlanders only minor operations are reported, these being confined to artillery activity and small raids into German territory.

ITALY PLACARDED WITH PEACE NOTE TO THE POPULACE

By Associated Press. Rome, Nov. 5.—Udine and other towns in the invaded districts are being placarded with messages announcing the peaceful intentions of the Austro-German forces. Airplanes also are dropping handbills along the Tagliamento river offering peace, according to Deputy Girardin, who has just returned from these districts, which he represents in parliament. Last summer Austrian airplanes dropped poisoned candy in these regions. All the cities in central and southern Italy are filling up with refugees from the invaded districts and also from behind the Tagliamento line, who fear cruelty at the hands of the invaders. Contributions for the refugees are being received from the government, banks, newspaper subscription lists, the American relief clearing house and Italian colonies in North and South America. A majority of the refugees have little more than the clothes they are wearing. Most of them are women and children.

FIRST AMERICAN CASUALTIES FROM TRENCHES IN FRANCE ARE RECEIVED FROM GEN. PERSHING

By Associated Press. Washington, Nov. 5.—The official casualty list of the losses of American troops in France in their first clash with the Germans follows:

KILLED. Private Thomas F. Enright; sister Mrs. Mary Irvin, 6C41 Premo Street, Pittsburgh. Private James B. Gresham; mother, Mrs. Alice Dodd, 1001 West Ohio Street, Evansville, Ind. Private Merle D. Hay; father, Harry D. Hay, Glidden, Iowa.

WOUNDED. Private John J. Smith; brother, F. D. Smith, Box 82, Ludington, Mich. Private Charles J. Hopkins; brother James W. Hopkins, Stanton, Texas. Private George L. Box; father, James L. Box, No. 700 North Grady Street, Altus, Okla. Private Homer Givens; father, William F. Givens, Cloverdale, Ala. Private Charles L. Orr; mother, Mrs. Sarah Regnell, R. F. D. No. 5, Lyons, Kans.

CAPTURED OR MISSING. Sergeant Edgar M. Halyburton; father, George B. Halyburton, Stony Point, N. C. Corporal Nicholas L. Mulhall; mother, Mrs. Bridget Mulhall, 189 Ninth Street, Jersey City, N. J. Corporal Edwin H. Haines; mother, Mrs. Elizabeth Haines, Route No. 4, Woodward, Okla. Private Herchel Godfrey; father, William C. Oberst, 709 North Ridgeway Ave., Chicago. Private Vernon M. Kendall; father, Sam Kendall, R. F. D. No. 2, Roll, Okla. Private William P. Grigsby; mother, Mrs. Lizzie Grigsby, Louisville, Ky. Private Frank E. McDougal; father, R. L. McDougal, Maryville, Mo. Private Daniel B. Gallagher; father, Neil Gallagher, Blockton, Ala. Private John P. Lester; father, William Lester, Tutuiler, Miss. Private Harry Langhman; mother, Ada R. Langhman, Chicago. Private Dewey D. Kern; mother, Mrs. Eva Tilton, Collins, Ia. Private — Keekon; cannot be identified.

The list was accompanied by the following announcement: "The war department has received a dispatch from the commanding general of the American expeditionary forces which states that before daylight November third a salient occupied for instruction by a company of American infantry, was raided by the Germans. The enemy put down a heavy barrage fire cutting off the salient from the rest of the line. Our losses were three killed, five wounded and 12 captured or missing. The enemy's losses are not known. One wounded German was taken prisoner."

AMERICANS TAKEN WITH SURE DEATH AS ALTERNATIVE. THIS IS EXPLANATION OFFERED BY WAR DEPARTMENT AS TO LOSSES. REPORTS NOT DETAILED. Exact Way in Which Three Lost Lives and Others Were Wounded Has Not Been Ascertained.

By Associated Press. Washington, Nov. 5.—American troops captured by the Germans in the trench raid on Nov. 3 probably were trapped in their dugouts and forced to surrender or be blown to pieces with hand grenades without a chance for their lives. This is the only explanation which occurs to the war department, lacking any detail of the fighting. General Pershing's brief report merely stated that the German artillery had dropped a heavy barrage fire about a sector of the trench, cutting the men off from help. No Complete Explanation. No explanation of the eight casualties and the 13 men taken prisoners was sent. The fact one wounded German was captured, however, indicated that the trench had been recaptured by the American forces. Whether the men killed and wounded received their injuries in hand-to-hand fighting with the raiding German infantry or were struck down by shrapnel is not known. A single shell, scoring a direct hit in the trench, might have caused all the casualties. That would not explain, however, the surrender of the remaining 12. Under anything short of positive orders the 12 would have been expected to offer desperate resistance to the German advance through the darkness to jump on the trench and there probably would have been more than one wounded German left behind when they retired. Usual Way of Raiding. The general practice of trench raiding all along the front, however, seems to offer a possible explanation. It has been customary for French, British and German raiding parties to be carried out with an intense barrage fire used to isolate the small sector of the enemy line which it was planned to invade. As additional protection for the raiders the artillery fire has covered a far wider portion of the front than that which constituted the real objective of the raid. The result of the fire is to conceal from the defenders the exact point of attack until the raiders arrive there. Presumably the American trench raid was an advance post. With only 20 men in it, it could not have had a front of more than 50 or 60 feet. Possibly it was the head of a sap driven out into no man's land, or a salient with the general trench line, to be used as a listening and observation post.

CURRENT ISSUES OF MAGAZINES URGENTLY DESIRED BY Y. M. C. A.

Copies of current issues of monthly magazines and periodicals are needed for the Y. M. C. A. hut and the hospital at Call field, the aviation school here. The men will be coming in this week and it is hoped to have a good supply of reading matter ready for them at the Y. M. C. A. and citizens who have current magazines will greatly help if they will bring them to the chamber of commerce rooms at the city hall to be delivered to the camp. Magazines such as World's Work, the Review of Reviews, the North American Review, McClure's, Munsey's Metropolitan, Cosmopolitan, Literary Digest, Collier's Weekly, Saturday Evening Post, the Nation, Current Literature, the Outlook, Leslie's Weekly, Life, Judge and similar publications of the current issue or not over two months old will be appreciated. They may be left at the chamber of commerce, where they will be called for by representatives of the Y. M. C. A. Books may also be donated, but the immediate need is magazines and periodicals.

EMBARGO IS ENFORCED AGAINST SHIPMENTS OF FOOD STUFF TO MEXICO

By Associated Press. El Paso, Nov. 5.—A strict embargo was enforced here yesterday by customs officials against the exportation to Mexico of any flour, sugar or other foodstuffs. The last residents of Juarez have been permitted to take home from El Paso a limited quantity of these articles, but it was discovered exporters were using this privilege to assemble carload lots in Juarez for shipment south in violation of the embargo act and also of the trading-with-the-enemy act by shipping to German ships. By Associated Press. Austin, Texas, Nov. 5.—Governor W. P. Hobby leaves Tuesday night for Houston to meet Governor Lowden of Illinois. Governor Hobby had intended to leave tonight but on account of pressure of official duties he will be unable to do so. Governor Hobby will review the Illinois division now in camp at Camp Logan. Mrs. Hobby will accompany the governor.

Cabinet Crisis Is Reported Impending

By Associated Press. Amsterdam, Nov. 5.—Another cabinet crisis is threatened in Hungary, owing to the intention of Dr. Alexander Wekerle, the premier and minister of finance, to introduce in parliament new budget proposals before submitting a franchise reform measure. The government party unless Dr. Wekerle puts franchise ahead. Count Karolyi has gone to Vienna to consult Emperor Charles concerning the matter.

ALL OIL FIELDS PERFECTLY QUIET DESPITE STRIKE

By Associated Press. Houston, Texas, Nov. 5.—There have passed since the walkout of approximately 10,000 oil field workers in Texas and Louisiana fields as officials of both the strikers' committee and the producers' companies have yet to report any disorders. Government troops continue to guard storage tanks and wells, but fraternizing with the strikers is reported and confidence is expressed there will be no clashes of armed men. So far no further progress has been made in the direction of a settlement of the strike, which hinges principally upon union recognition by the producers.

RAILROAD MEN ARE TO SUBMIT DEMAND SHORTLY

By Associated Press. Chicago, Nov. 5.—Officials of the Brotherhood of Railroad Trainmen and Order of Railway Conductors left here today after four days of deliberation, prepared to submit their wage increase demand to the railroad managers within the next three weeks. It is said the demand will be for an increase of approximately 16 per cent, made imperative by the high cost of living. The action will affect more than 200,000 railroad employees. These demands do not include the members of the Brotherhood of Locomotive Engineers and the Brotherhood of Firemen and Enginemen.

FRANK MORRISON RAMSAY DIES AT JERSEY CITY

Y.M.C.A. WAR FUND CAMPAIGN MOVING FORWARD STEADILY

DINNER WILL BE GIVEN ON FRIDAY NIGHT, WHEN PLANS WILL BE MATURED.

The campaign work of the Y. M. C. A. war fund of \$25,000.00 moves forward without ostentation, and J. W. Hogue, campaign manager for this district, will have the organization completed this week. On Friday night dinner will be given at the St. James hotel, at which every man who is or will be connected with the work of raising the \$11,000 required of the district will be present and the final plans discussed and matured.

From 11th to 15th of the week set apart for the collection of the funds, and the preliminary work of organizing has been so thorough and comprehensive that little difficulty is anticipated; indeed, it is believed that on this count also Wichita county, which represents the major portion of the district, will over-subscribe her quota.

Millions to Be Raised.

The gigantic sum of \$25,000,000 has been set as the least sum that will be needed by the Y. M. C. A. to carry out its plans for the next eight months. The money will be spent both at home and abroad—about \$11,000,000 for American soldiers at home, a like amount for American soldiers abroad, and the balance to be distributed among the various offices of fighting nations and the prison camps.

The number of things to be bought are many and various. Buildings are to be constructed, similar to that of the aviation camp here or smaller or larger as the case may be, in every camp that can be reached. And it is to be remembered that buildings which cost from \$2,000 to \$5,000 here cost from \$10,000 to \$15,000 in France; that coal is \$69 per ton here, and that many other things necessary are in proportion. Writing materials, stationery, testaments and hymn books, for the spiritual needs; athletic equipment, clothing, blankets, tea and coffee for the inner and outer man; pianos, gramophones, moving picture machines, theatrical equipment and books for his intellectual relation, are a few of the things that are required in staggering quantities, and are to be bought with this money. Salaries must be paid to the men who are looking after the distribution of all these things, and to the secretaries who are in charge of the buildings and "hutsments," as the shacks near the firing line are called. For these men, working though they be for service and honor, as many of them are, at a far lower salary than they receive in their own callings, must have some money; and it comes from this fund.

Sign of Red Triangle.

The sign of the red triangle is well known now on the French and English fronts, and in the German prison camps. These men, fresh from the shambles of the trenches, can get hot coffee or tea and rest for a space. The reports say that these shacks are crowded with men, who flock to the messengers and gratefully behind the firing line the shacks are filled with soldiers writing home, playing pool or billiards, reading, seeing moving pictures, playing the piano and otherwise enjoying themselves. The religious services, too, are well attended; for it is said that under the stress of the abnormal life they lead all the emotions are quickened and that the serious side of life frequently receives more attention than under ordinary conditions.

Oklahoma Capitalist Comes to This City To Spend the Winter

Mr. and Mrs. W. I. Pace of Hugo, Okla., have arrived to spend the winter at Wichita Falls, and are domiciled at Mrs. W. E. Cobb's, 1102 Indiana.

Mr. Pace is engaged in the dry goods business, and on an extensive scale. He is a capitalist and is making investments in farms, having recently acquired 1,800 acres near Archer City, on which tract he now has 200 Mexicans at work clearing preparatory to planting it to cotton.

Since coming to Wichita Falls the latter part of last week Mr. Pace received a letter from his son, First Lieutenant D. H. Pace, in the school of field artillery, "somewhere in France," saying he and the other Sam Houston boys were having a great time. Lieutenant Pace is a product of the Leon Springs officers' training camps.

Mr. and Mrs. W. I. Pace are much impressed with Wichita Falls, and it is probable they will take up their permanent residence here.

CONSTIPATION

And Sour Stomach Caused This Lady Much Suffered Black-Draught R ed.

Meadowville, Ky.—Mrs. Pearl Patrick, of this place, writes: "I was very constipated. I had sour stomach and was so uncomfortable. I went to the doctor. He gave me some pills. They weakened me and seemed to tear up my digestion. They would grip me and afterwards it seemed I was more constipated than before. I heard of Black-Draught and decided to try it. I found it just what I needed. It was an easy laxative, and not bad to swallow. My digestion soon improved. I got well of the sour stomach, my bowels soon seemed normal, so more gripping, and I would take a dose now and then, and was in good shape.

I cannot say too much for Black-Draught for it is the finest laxative one can use."

Theodore's Black-Draught has for many years been found of great value in the treatment of stomach, liver and bowel troubles. Easy to take, gentle and reliable in its action, leaving no bad after-effects, it has won the praise of thousands of people who have used it.

"KEEP SOLDIERS FIT TO FIGHT" SLOGAN COMMUNITY SERVICE.

Washington, Nov. 5.—"Keep the American soldiers fit to fight and help to win the war by making clean environments around all military camps," is the slogan on which is based the campaign of the War Camp Community Service. With the campaign well under way and with the heart of the American people being aroused to the vital importance of proper surroundings for the men now preparing to fight the battle of democracy, confidence was expressed today by officials of the Service here as to the outcome of the work.

Although much service already has been furnished men at the various camps by the people of the nearby cities and towns, a vast amount still remains to be done, it was pointed out here at the national headquarters of the service, which is in the city of Washington, that the men near training camps are taxing themselves to the utmost to care properly for the camps, who many times are surrounded by communities by three or four times.

Encouraging Reports.

Encouraging reports are being received daily from all parts of the country showing the spirit in which American is welcoming its army, and it is to be expected that the work of the community in the great task of providing all sorts of good, clean recreation for the men in training, that the direct beneficial results to be obtained.

Community service workers are approving this work and recognize that it will help to bring up the moral, fighting spirit and the actual military efficiency of the men. Major General Henry T. Allen, Commander of Camp Travis, San Antonio—and other army officers have made similar statements—says in regard to the entertainment provided for the soldiers at San Antonio.

"The Community Service workers are not providing haphazard recreation but are giving to these men in training something like unto what has been taken from them in their separation from home ties. The Community Service committee is not only effecting direct beneficial results to us by aiding in the creating of high moral standards and clean recreation, but indirectly it is influencing all classes of society to help towards our desired goal."

Aviator Writes Letter.

As to the sea, the men are looking forward being made "at home," a young student aviator has written a letter in which he says:

"We enlisted men here like to be able to associate with the citizens. Most of the men want dances where they can meet decent people on a social footing. There is no mother, or wife, sweetheart or sister to love, and we want this human fellowship more than anything else, and it ought to be supplied as best as we can."

Interesting letters have been received here from a large number of the "boys" who have enjoyed the home hospitality of the good people of cities and towns near training camps. These letters bubble over with the deep, sincere appreciation of the men toward the kindness and help of the citizens of the men, not able to express themselves well, have gone to their sergeants or one of the young lieutenants for assistance in writing the letter. One of the letters they desired to send to the people who had entertained them. For instance, one boy wrote as follows:

"The dinner I attended yesterday

was one of the most enjoyable events of my life. Such courtesies shown the boys by the good people of your town make them feel that they are appreciated, and certainly puts red blood in their veins and makes them more eager to defend Old Glory when called upon."

Men Miss Friends.

A letter from one fellow shows that the men miss home and friends and how they are eager to have someone extend the hand of fellowship. "I have been in the Navy," he writes, "for almost six months and except for some friends of my brother here, I haven't met anyone at all. There are many fellows out here in the same position, or worse who would appreciate the opportunity of meeting some people in the line of life to which they are accustomed."

one of the interesting and helpful things done for the men in training are illustrated by the following reports:

Fort Worth reports the appointment of an arbitration committee which takes action on over-charges; from which many of the soldiers were suffering at the hands of local tradesmen.

At San Antonio school children aid in the work of finding accommodations for the families of soldiers. Blankets were distributed to these children who thus took a city census of all houses which might be rented by soldiers' families.

Calendar of Events.

Philadelphia is now issuing every week a "calendar of events" to keep the marines, naval reserves and soldiers near the city posted as to what is going on for their benefit. Last week's calendar included a number of commercial recreation places where the uniform was a pass-port of free admission to a certain number of amusement places, including home and club houses, automobile sight-seeing rides, swimming, religious services, church parties and a smoker and song service at the navy yard. The calendar listed fifteen local clubs which offered facilities to soldiers and sailors; Augusta, Georgia, is making its soldiers guests at home in various ways. For instance, the Catholic churches, for instance, provides breakfast for all soldiers who come early Sunday mass. From 500 to 600 men are being served each Sunday. One church entertains more than 800 men at a Saturday night reception.

Alexandria, La., is doing valiant work in looking out for the "boys" at Camp Beaufort. Five hundred soldiers enjoyed good Sunday dinners a week ago, and this home hospitality will be continued, along with a lot of other ways in which the hospitality of the city is doing its part to aid the army.

From Battle Creek, Mich., comes the report of a good, old-fashioned barn dance at which more than 1,000 people sang and danced until the bugle sounded all too soon calling the men back to their camp. In some places, Indianapolis among others, "surprise packages" are being left at various stores for the soldiers. A soldier may draw a box of candy, a package of cigarettes, some cigars or other acceptable gift.

Adopting a regiment is the happy idea which has been hit upon by the churches in Chattanooga, Tenn. Nearly every regiment in camp there is now being "adopted" by some church. Rockford, Ill., reports 18 men's organizations, including 14 laboring men's societies, ready to assist in the community service.

REMOVE THOSE STAINS

Government Tells How Spots May Be Taken From Garments and Fabrics.

Washington, D. C., Nov. 5.—To give clothes a longer period of service, and to conserve garments or fabrics which may appear to be hopelessly stained, is the object of a new publication just issued by the United States Department of Agriculture.

Lady Macbeth might have had less trouble with that spot if she could have read this bulletin on "The Removal of Stains from Clothing and Other Textiles." Uncle Sam says that if the housewife knows the cause of a stain, she can find a commonsense way of getting rid of it by following the directions given in this bulletin. Methods are given for the removal of practically any kind of stain, from "acids" all the way through the alphabet to "whitewash." They have been tested by the home economics experts of the department.

One of Requisites.

One of the first requisites in removing stains, says the bulletin, is to know the kind of fabric which is spotted and, if possible, the nature of the stain. Some stain removers which will give admirable results on cotton or linen may, if applied to woolen or silk, remove pieces of the fabric as well as stain. Likewise, stain removers which are entirely satisfactory for cleaning silk or woolen materials cannot always be used for removing stains from vegetable fibres, such as cotton or linen. Similarly, treatment which will remove some stains immediately will cause those of a different nature to take firmer hold on the fabric.

A Cardinal Principle.

The second cardinal principle in spot removal is to work while the stain is fresh. Cold or lukewarm

WAY ONE MAN MADE HIS START ABOARD BRUSHTAIL PONY TO RICHIES IN OIL IS RELATED

Eight years ago A. H. Tarver rode out to the "Shoestring" district of the Sour Lake oil field on a Texas brush-tail pony and carried his dinner pail and worked from early morn until it began to get dark under the trees. His compensation was \$3 per day, and it looked mighty big to him, because it was more money than he had ever earned previously.

\$3.60 per day, while drillers get a minimum of \$240 per month. The Tarver Ship Building Corporation, he said, is employing about 75 men, few of whom are actual ship builders, from the standpoint of experience, and his men in this corporation served notice on November 15 that they would walk out of the yards of the company at Beaumont on November 1, unless they received a big increase in pay, but did not do it. None, he said, are getting less than \$3.50 per day for eight hours work. They want a minimum compensation of \$5.

Ships Two Rigs.

Because of the oil field workers' strike in the South Texas coast fields the Tarver Oil Company is shipping two additional rigs to the Electra field, already having two at work in that field, and the company will ship in other rigs as fast as they can be loaded.

Discussing the oil field workers' strike Sunday, Mr. Tarver was at a loss to understand why the men in the coastal field struck. He said common laborers are being paid a minimum of

selective draft maximum age and is a fine example of what a young man with a purpose in life can accomplish in a short time.

Twenty-Six Pullmans In Single Train Pass City on Way to Denver

By many coaches the largest train of Pullman and tourist cars ever handled in the Wichita Falls yards of the Fort Worth & Denver road was viewed by hundreds of citizens Sunday morning when it pulled in from Fort Worth. The train consisted of 26 coaches, either Pullmans or tourist cars, and there was a porter in each. The train was brought in from Fort Worth by Conductor E. N. Ash, arriving about 10 o'clock Sunday morning.

One hour later it was taken out on the run to Denver by Conductor A. B. Ruff, with Engineer T. B. Cook at the throttle of locomotive No. 408, one of the ten big ton-wheelers recently placed in service by the Fort Worth & Denver. The brakemen were C. L. Nugent and J. E. Scott, the entire crew being made up of Wichita Falls railroad men.

The crew which took the train out from here accompanied it as far as Childress, Texas, a division point, where it was turned over to another crew. The coaches are being assembled at Denver to move troops to the Texas cantonments. It is understood that eight sections are to pass thru Wichita Falls within the next few days at intervals of eight hours between trains.

Pickle Is Promoted to Manager of W. U. at Oklahoma City

O. J. Pickle, formerly manager here for the Western Union Telegraph Company, has been promoted to manager of the Western Union office at Muskogee, Okla., for the past two years, has been promoted to the management of the Western Union office at Oklahoma City.

The Muskogee Phoenix announced his promotion Friday. The Phoenix said: "O. J. Pickle for the past two years manager of the Muskogee office of the Western Union Telegraph Company, has been transferred to the Oklahoma City office of the company as manager in that place. The new position is a decided promotion for Mr. Pickle, who will leave Muskogee the middle of the month for Oklahoma City. His successor in Muskogee has not been named."

Mr. Pickle has been an active member of the Rotary club and is chairman of the entertainment committee of the club. His resignation as a member of the club was sent in yesterday. Mr. Pickle was in Muskogee when the Western Union has been a stepping stone to further success for almost every manager the company has had here. O. J. Hart, the manager who succeeded Pickle, succeeded, went from Muskogee to Little Rock. The transfer to Oklahoma City is the third offer of promotion that Mr. Pickle has had within the past year. A year ago he was offered a transfer to the Tulsa office and promptly refused the transfer. Six months ago he was again offered a transfer to Tulsa and again declined to leave Muskogee.

Busy Flagman Finds "Boys Will Be Boys" Every Circus Season

"Boys will be boys, and I'm glad it is so," said T. F. Shipley, flagman at the Seventh street crossing at the Fort Worth and Denver road, Sunday morning, as he turned hundreds of lads back who thought the Sells-Floto circus was unloading on the Fort Worth and Denver tracks. The circus trains were belated, not arriving until several hours after scheduled time from Denton, and unloading on the Katy tracks.

respite of one day, Sunday, the court martial trial of the sixty-three negroes of the 24th infantry who are being tried on charges of mutiny, murder and rioting—as a result of the shooting up of Houston, August 23 last—was resumed again this morning in Gift Chapel at Camp Travis. Although much headway was expected to be made during the trial, it is understood that the case would make a prediction as to when taking of testimony will be concluded.

Over a dozen witnesses have been on the stand thus far and it is said the ground has been pretty well covered so far as movements of the negroes in Camp Logan, before the attack on the city of Houston took place.

came riotous, rushed the supply tents, fired more or less promiscuously in camp and then were formed in line by one or more of their number and marched on the city. Efforts of commanding officers to prevent them from procuring rifles and ammunition and from leaving camp were to no avail. Thus far twenty-one of the 63 defendants have been identified in court by witnesses as having participated in some form or other of riotous or mutinous actions in camp or of their having been seen later either in Houston or coming back to camp after the attack. In addition to these, witnesses have submitted lists of checks of the men made in camp after the rioting and left for the city which showed certain soldiers absent.

THIS CITY THIRD FOR PAST WEEK IN NAVAL RECRUITING

Wichita Falls ranks third in the list of sub-stations in many recruits for the last week, and for three weeks has made a perfect score. That is, every man sent from here has been accepted at the Dallas office. Instructions for speeding up the recruiting at many of the stations have been sent from headquarters, and several stations sending no recruits, or very few are urged to get very busy in the near future. Applications for Hospital apprenticeship, second class, will again be received, as there is a shortage in this branch of the service, according to the instructions. Local officers say that there is every prospect of a good week again this week, as five men have already been accepted, though it is possible that some may not go till next week. Several men were accepted last week but stated that they could not arrange to go to Dallas immediately, as they had some affairs which would require a few days to settle. Two of these have already gone on this week's contingent. The standing of the towns is as follows: Dallas 10, Fort Worth 7, Waco 6, Wichita Falls 3, Cleburne, Abilene and Denison 2, Sherman, Amarillo and Texarkana 1, Paris and San Angelo 0.

small and will be selected in Omaha, in order that they may live at home during the training, and they will be paid a small salary while attending this school, at least enough pay for their carfare and lunches. After they have advanced sufficiently it is the purpose to give each one an opportunity to spend part of each day in the Union Pacific ticket offices at Omaha, both in the city ticket office and in the depot ticket office, where the working conditions are quite dissimilar that they have no doubt that by the time these women are thoroughly trained, there will be a demand for their services. There is every expectation that this experiment will prove successful, and if so it is probable that similar schools will be started in other cities on the Union Pacific system. However, no further schools or opportunities for attending this one will be offered until it has been proven to be successful from every point of view.

denominations to see that they get into circulation.

Here in the Southwest there has been a prejudice against the use of pennies, and in cash transactions where more than two cents and less than a nickel was involved it has been the practice to make it a nickel and where less than three cents to disregard the cents altogether.

The war taxes and the necessary increases in cents in many articles is changing the practice rapidly and pennies and nickels are coming into wide use here in the Southwest.

TODAY'S MARKETS

SHARP ADVANCES IN CORN MARKET ARE MADE EARLY

Chicago, Nov. 5.—Sharp advances in the corn market today resulted from government announcements...

The action of the government regarding hog values led traders to ignore fresh weakness in Wall street...

Oats went upward with corn. Activity and strength characterized provisions from the outset...

Later a moderate temporary reaction came about through selling ascribed to the fact that the \$15.50 minimum for hogs was not guaranteed...

Offerings increased on the advance but caused no material setback in values.

It's too expensive. 72 pages full of the best, most delicious recipes—prepared by the most noted cooking experts the country affords. Remember, we do not ask you to buy a can of baking powder, or send us one penny. Simply say—"Send me your latest, beautiful cook book" and you will receive it promptly. Peddlers and house-to-house canvassers have been trying to induce ladies to buy the baking powder they have for sale and as an inducement are offering a cook book, egg beater or some other trinket with every can bought. To our customers and friends, we are offering our handsome cook book absolutely free. If you are in need of one it will be unnecessary for you to buy something you do not want. Take advantage of this free offer. Send for the cook book today. Address CALUMET BAKING POWDER CO., Chicago, Illinois. NOTE—Avoid the cheap and big can powders, for they are not always of uniform strength and quality. Sometimes they leave the biscuits and pastry bleached and acid, sometimes yellow and alkaline, and often unpalatable.

TODAY AND TOMORROW

JULIAN ELTINGE

THE CLEVER MRS. CARFAX

THE WORLD'S FOREMOST IMPERSONATOR OF THE FAIR-SEX

For ten years Julian Eltinge has been making and breaking box office records at the largest theaters of leading American cities...

CRITICS PRAISE ELTINGE

"Julian Eltinge is known to most everyone as the greatest female impersonator the stage has ever seen. His advent into pictures is worth something right away before any consideration is given to the production."

"As a film star Mr. Eltinge registers every bit as satisfactorily as he did on the stage, if not more so."

"You can safely promise that this is funny, interesting and unusual. But if Eltinge has never played in your town you want to lay in on thick about his being recognized as the GREATEST impersonator the world has ever known, because many of your regulars may never have heard of him."

"Julian Eltinge in his first scene on vehicle not only landed on the jaws of several men on the screen with both hands, but he also reached the jaws of the audience, jarring them open with laughs. Eltinge established himself immediately as the best woman of his kind in the movies."

"The Eltinge Theatre was crowded yesterday afternoon and evening for the opening of the new week's program, which included as its principal attraction the first moving picture for which Julian Eltinge has appeared before the camera."

"Julian Eltinge, the wise ones predict the sensation of the year in pictures. The camera likes him, and, as one man said, 'He can set away with murder after this, and all because his first picture, 'The Countess Charming,' struck the public's fancy at the Rialto yesterday. The reason one enjoys the particular brand of portrayal offered by Eltinge is because it is so good that one instantly forgets that it is Eltinge.'"

SELLS-FLOTO CIRCUS BIG ATTRACTION IN WICHITA FALLS TODAY, THIS BEING ITS FINAL PERFORMANCE OF SEASON

CHICKEN DINNER IS GIVEN PERFORMERS AS SEASON CLOSES. Two hundred chickens were bought by General Manager H. B. Gentry of the Sells-Floto Circus Sunday afternoon to be used at a dinner to be given the show's employees this evening. It will be the final dinner of the season.

The Sells-Floto Circus is the big attraction in Wichita Falls today. The show lot is in Katy Park, where this great amusement affording aggregation is scheduled for two performances, one at 2:15 o'clock this afternoon, and the final one for the city on the season at 8 o'clock this evening.

Beginning at 10:30 o'clock this morning the circus presented a street pageant about a mile and a half in length, which was viewed by thousands of men, women and children who thronged each side of the principal thoroughfare as they were traversed.

Joy for the kiddies. Horses pranced to the swaying lilt of gorgeously-clad bandmen, two of the band organizations being mounted, while jungle beasts stalked solemnly to and fro in open dens. The cage of black bears was a unique attraction, two of the monster brains indulging in a wrestling match as the pageant passed through Indiana avenue. Camels and elephants in harness were featured, as was also a good looking woman astride of a beautiful cream-colored equine that was standing like a monument on one of the show's large trucks, this vehicle being drawn by six Shetland ponies.

The leading band wagon was drawn by great dappled horses perfectly matched and haughtily in crested trappings. The hussar and dragon bands were mounted on the most magnificent much attention and elicited considerable favorable comment, this feature being something of an innovation.

Another noticeable feature was the lavish display of "Old Glory" and from every wagon the Stars and Stripes were unfurled, while Miss Columbia, seated on the beautiful cream-colored horse carried a patriotic banner in gold and silver, proclaiming "Our Country, Right or Wrong, Our Country, Right or Wrong." The first performance began at 2 o'clock this afternoon under the big top which seats 8,000 people, and the attendance was large. The second and last performance to be given here this season begins promptly at 8 o'clock this evening, and the doors will be opened at 7 o'clock in order to give the patrons plenty of time to see and speculate upon the big message.

The Sells-Floto Circus this year is under the personal management of Mr. Henry B. Gentry, who is also president of the big and famous dog and pony shows which have visited Wichita Falls a number of times. He is known as one of the best posted circus managers in the world of tented amusements.

Patriotic Pageant. The concluding performance this evening begins with the big and patriotic pageant, "America," and in this both Uncle Sam and Miss Columbia are to be introduced amid the unfurling of hundreds of flags.

As a grand finale of the closing of the show for the season at the performance tonight the band will play "Home Sweet Home," at the conclusion of which the hundreds of employees will make a rush for the depot and many of them will go out early Tuesday morning on a special train which will take them direct to Chicago, while others will take the regular trains for different points of the country. Many of the employees will go to Denver where some will stay in the show's winter quarters and others will go on to the coast.

After a brief rest the thoughts of the employees will turn towards the workings under the white tops next season, and the new year will find most of the performers with contracts for the 1918 season already in their pockets.

ELECTRA BEATEN BY ARTILLERYMEN BY SCORE 32 TO 0

Special to The Times. Electra, Tex., Nov. 5.—The 132nd Field Artillery eleven outclassed the Electra team in the football contest here Sunday afternoon and won by a score of 32 to 0. The artillery men made effective use of the forward pass and trick plays.

Dickey, the Electra center, sustained a broken ankle early in the game and Sylvester was put in his place being taken from the right guard position, Powell succeeding him there. May, the artillery quarterback, was also knocked out by an injury on the head early in the game. Hughes succeeded him in that position.

The first performance was witnessed by a large crowd, a number of Wichitans driving up to witness the contest.

The line-up of the opposing teams was as follows: Electra: Douglas center; Dickey and Sylvester Gillman rt. McComas Reeder lt. Cooper Madden rt. Dwyer Hendricks lt. Turner Wachaman rt. Sylvester and Powell Howles lt. Conroy Ogilvie rt. Bryson Benedict lt. Myers May and Hughes quarter Courtney Lehane lb. Debrates

At the Theatres

The Empress. Julian Eltinge is now a regular Paramount star and will be seen regularly at the Empress today and Thursday. He is seen in his first picture, "The Clever Mrs. Carfax" in which he is seen in his usual role of female impersonator.

The Gem. He was nothing but a Yaqui Indian, servant of a rancher and mine owner in the Sierras of Southern California, but he was faithful when two hands demanded of him the secret location of his employer's mine, he closed his lips and knife thrusts and burning brands did not open them. Then, weakened by agony when he saw one of the bandits about to murder the only daughter of the mine owner, he staggered in front of the pistol and took the bullet in his own breast. Joe's death is one of the many strong scenes in episode 3 of "The Fighting Trail," Greater Vitagraph's wonderful serial of adventure, romance and intrigue, which will be the attraction in the Gem theater on Monday. Ninety-five per cent of the picture was filmed in the remote recesses of the Sierras of Southern California, making it the most amazing screen spectacle ever produced. William Duncan, the strong man of photography, directed the picture and also plays the leading male part. The heroine is Miss Carol Holloway. Vitagraph's fearless little star and the remainder of the cast is made up of widely known Vitagraph favorites.

The Smart Fashion Show in "Experience." One of the interesting features in the modern morality comedy drama "Experience," is the swag-gar fashion promenade which takes place in the beautiful golden cabaret on the "Primrose Path of Pleasure."

The costumes worn in this sartorial display are said to be the season's latest fashions, gowns and costumes, that were designed by the world's greatest originators on the order of William Elliott, F. Ray Comstock and Morris Gest, the producers of "Experience."

Fashion, one of the characters in "Experience," in speaking of the gowns, says: "Oh no, we women don't need an alarm clock to waken us to the importance of dressing stylishly."

Several of the garments shown are from Paris. Others are carefully made and adaptations of the smartest Parisian designs, and show the progress and originality of the modistes of our own country. The promenade is made more captivating as the gowns are not worn by young women who are the ordinary type of chorus girls, but by actresses who know how to dress and who also represent distinct types of beauty. The color scheme of each gown has been particularly chosen to harmonize with the type of beauty of the girl who wears it. This fashion show in "Experience" has been considered of more than ordinary importance as the gowns are changed every month and in that way the dresses are kept distinctly up to date. At the Princess Theater, New York, there is an entire floor which is devoted exclusively to designers and makers of these costumes, and Messrs. Elliott, Comstock and Gest, also have arranged with the largest importing houses to notify them as soon as a new dress creation reaches this country. And American designers also have been contracted with so the newest native designs would also be seen in this smart fashion show. Expectations are high for the Wichita theater Nov. 17, matinee and night.

BRITISH WAR PICTURES AT THE GEM NOV. 14 AND 15

Highest praise has been bestowed by military experts on the official British War Pictures to show at the Gem Nov. 14 and 15th.

These men know the difference between commonplace pictures of soldiers on parade and actual battle scenes. They have given them a life study and a business. They have not only recognized these films as authentic reproductions of actual battle scenes, but have characterized them as the most vivid and accurate war pictures ever exhibited. Pictures with such an endorsement would be worth while for themselves alone. It is part of the current duty to know how modern warfare is conducted. And nothing else can teach this as pictures taken on the spot, showing the most fiercest tanks in action, trench fighting and armies charging and counter-charging across "no man's land."

RUPERT JULIAN AT THE MAJESTIC TUESDAY

"Mother O'Mine," a Bluebird special, will be the attraction at the Majestic on Tuesday. A strong story is unfolded in this 3-reel number, written and produced by Rupert Julian and put into scenario form by Elliott J. Clawson. Mr. Julian appears to advantage in the lead role and is supported by a good cast, which includes Mrs. Ruby La Fayette, Elsie Jane Wilson, Ruth Clifford and W. C. Warner. The story is one that brings by smiles and tears. It is developed in a quiet, effective manner and rounds up with a pleasing climax. The chief idea is pertinent new to the screen, though familiar in fiction. It concerns an elderly woman who comes of the city to see her son, unexpectedly, and arrives in the midst of a social affair. The son really loves his mother, and is delighted to see her, but her plain, old-fashioned appearance makes him just a little ashamed of her, as she is a girl "bred in the purple." Mrs. La Fayette gives a splendid portrayal of the sweet old lady being so active that herself to all appearances, and gets a firm hold on the sympathies. Her appearance at the reception is carefully noted by the many scenes having been shown at the old country home where she has waited a long period of years for the return of her son. The son welcomes her joyously and then later succumbs to the false pride which induces him to tell his sweetheart that the old lady was a nurse. The mother hears this and that night slips away from the house and returns to her country home. The son follows in a repentant frame of mind and with a firm resolution to devote future years to the care of his mother. He even breaks the engagement with his sweetheart but later, who knows the truth, follows with her own mother, and there is a reconciliation at the country home. The production is splendidly mounted and that should prove successful wherever shown.

MAJ. GEN. SQUIRE WILL REACH CITY TO INSPECT CAMP

SQUIRES WANTS LANDING ON WAY TO FORT WORTH
By Associated Press. Fort Worth, Nov. 5.—Major General Squires requested the aid of the Chamber of Commerce today in securing landing places for aviators between Fort Worth and Waco and Fort Worth and Wichita Falls.

Major General A. Squires, chief of the United States signal corps, probably be here tonight, for the purpose of visiting Call field. The general will stay here for a very short time, and intends to go on to Fort Hill to inspect the camp there, according to E. F. Johnson, who talked with him in Dallas on Saturday, and said that he believed these were the general's plans.
