

NEW DRAFT MACHINERY IS PUT INTO OPERATION BY WILSON'S FOREWORD

By Associated Press. Washington, Nov. 10.—President Wilson formally put the new machinery for the carrying out of the selective draft bill into operation tonight with the publication of the foreword he has written to the regulations under which the second call will be made. The regulations themselves and the questionnaire which more than 9,000,000 registrants will be required to fill out are being forwarded to local boards but have not yet been made public.

War department officials estimate that the whole process can be completed within sixty days. This means that no second call will be made until the draft forces before the middle of next February as the period of classification will not begin until Dec. 15.

The president's new plan of dividing all registered men not already mobilized into five classes, subject to military service by classes, as being intended to produce a more perfect organization of our manpower.

Each Quality Listed. "The selective principle must be carried to its logical conclusion," the president said, and he added that there must be made a complete inventory of the qualifications of each registrant in order to determine "the place in the military industrial or agricultural ranks of the nation in which his experience and training can best be made to serve the common good."

The inquiry projected in the questionnaire will go deep into the qualifications of each of nearly 10,000,000 men. The success of the plan and its completion within the estimated time rests absolutely upon wholehearted support given by the people, especially by the doctors and lawyers of each community, and the president calls upon them for that unstinted aid.

The president's foreword follows: "The task of selecting and mobilizing the first contingent of the national army is nearing completion. The expedition and accuracy of its accomplishment were a most gratifying demonstration of the efficiency of our democratic institutions. The swift and with which the machinery for its execution had to be assembled, however, left room for adjustment and improvement in effect are, therefore, being published today. There is no change in the essential obligation of men subject to the selective draft, must stand unaffected by the provisions of the new regulations. They can be given no retroactive effect."

"The time has come for a more perfect organization of our manpower. The selective principle must be carried to its logical conclusion. We must make a complete inventory of the qualifications of all registrants in order to determine as to each man not already selected for duty with the army, the place in the military industrial or agricultural ranks of the nation in which his experience and training can best be made to serve the common good. This project involves an inquiry by the selection boards into the domestic industrial and educational qualifications of nearly ten million men."

Render Good Service. "Members of these boards have rendered a conspicuous service. The work was done without regard to personal convenience and under a pressure of immediate necessity which imposed great sacrifices. Yet the services of men trained by the experience of the first draft must of necessity be retained and the selection boards must provide the directing mechanism for the new classification. The thing they have done is of scarcely one-tenth the magnitude of the things that remain to be done. It is of great importance both to our military and to our economic interests that the classification be carried swiftly and accurately to a conclusion. An estimate of the time necessary for the work leads to the conclusion that it can be accomplished in sixty days but only if this great marshalling of our resources of men is regarded by all as a national war undertaking of such significance as to challenge the attention and compel the assistance of every American."

Calls on All to Aid. "I call upon all to aid, therefore, to assist local and district boards by preferring such service and such material conveniences as they can offer and by appearing before the boards."

either upon summons or upon their own initiative, to give such information as will be useful in classifying registrants. I urge men of the legal profession to offer themselves as associate members of the legal advisory boards to be provided in each community for the purpose of advising registrants of their rights and obligations and of assisting them in the preparation of their answers to the questions which all men subject to the draft are asked to submit. I ask the doctors of this country to identify themselves with the medical advisory boards which are to be constituted in the various districts throughout the United States and to the number and names of those who are called to present themselves to their local boards from day to day. Finally, I ask that during the time hereafter to be specified as marking the sixty day period of the classification, all citizens give attention to the task in hand in order that the process may proceed to a conclusion with speed and yet with even and considerate justice to all."

Should Inform Police. "It is important also that police officials of every grade and class should be informed of their duty under the selective service law and regulations to search for persons who do not respond promptly and to serve the summons of local and district boards. Newspapers can be of very great assistance in giving wide publicity to the requirements of the law and regulations and to the number and names of those who are called to present themselves to their local boards from day to day. Finally, I ask that during the time hereafter to be specified as marking the sixty day period of the classification, all citizens give attention to the task in hand in order that the process may proceed to a conclusion with speed and yet with even and considerate justice to all."

Supplementing the president's call to the nation, Provost Marshal General Crowder issued the following statement: "The questionnaire which is the basis of the new system is a collection of questions bringing out the essential facts upon which all classifications are made. It is the only printed form which any registrant needs to use in making his classification. It is simple and direct, and it may seem a little formidable but a reading of the questions shows that they are simply enough for any person who can read and write understandingly to answer."

The president's message lines up the whole legal profession of the United States as assistants of the military system and as impartial advisers to registrants in filling out their questionnaires. Under the new regulations a place is to be provided for each man's local board where registrants may go for free advice and assistance in making out this document. The county judge or other judicial officer or filing clerk is placed at the head of a committee of lawyers in each vicinity and this committee is charged with the duty of seeing that the registrants are properly advised and that the questionnaires are filled out in a correct manner.

Plans to retain the retention of ship workers for shipbuilding were announced today by Provost Marshal General Crowder after conferences with officials of the navy department. Regulations for the second call for the national army will provide a special qualified list for shipworkers in military age and they will be placed in a category in the national army as long as they are employed on government ship projects.

Bloomfield, head of the Industrial Bureau of the shipping board said the war department has agreed also to return to ship building plants any of those who have been drafted into the army. Lists of these men will be made up by the war department and sent to the navy department as fast as their names are sent in the men will be released.

General Crowder's brief statement dealt only with exempting men to be called in the future. He said that actually employed on ship construction or in the navy department, or in the military age, are exempt from the draft. He said that the men are to be called in as soon as they are no longer employed on ship construction or in the navy department, or in the military age.

The organization of the shipping board was prompted by the feeling that the fleet corporation was not speeding up construction of ships. The board is to be organized as a separate corporation, with a board of directors and a president. The board is to be organized as a separate corporation, with a board of directors and a president.

was sent from the state capital to reinforce the garrison of Llaneta, in Ojinaga, following an attack, which machine guns have been mounted on the big rambling general headquarters building that is being patrolled by the roads and trails toward La Mula pass and reconnoitering parties have been leaving the garrison across the river to take the field and engage Villa followers who are reported between the Maljoma ranch and the border tonight. Federal commanders in Ojinaga, expecting an attack, have had men busy throwing up trenches and gun emplacements along the south and west rim of the mesa upon which the little Mexican town is built. Reinforcements have been asked for from Chihuahua City. A column of cavalry

SHIP BUILDING CORPORATION IS GIVEN SHAKE-UP

REAR ADMIRAL CAPP DENIES THAT HE INTENDS TO RESIGN

PIEZ PLACED IN CHARGE

Lack of Business Methods Resulting in Lack of Speed Given as Chief Reason.

By Associated Press. Washington, Nov. 10.—Complete reorganization of the shipping board emergency fleet corporation was begun today when Charles A. Piez, a Chicago engineer, recently made vice president of the corporation, was put in supreme charge of the government's ship building program.

Rear Admiral Washington L. Capps, appointed by President Wilson as general manager of the corporation succeeding Major General George W. Goethals, will continue in that position but must be taken over to the corporation by Mr. Piez. Admiral Capps denied vigorously reports that he would resign because of the changes that will be made.

Some Other Changes. Duties that have been performed by Admiral Capps' aides, most of them naval men, will be taken over to a large extent by engineers who will serve with Mr. Piez. Wooden ships constructed will be put in charge of James Heywood, a Chicago contractor who displaces Rear Admiral F. Bowles, retired. The building of fabricated steel ships will be under the supervision of Charles Day, a Philadelphia engineer now in England studying for the shipping board—English methods of construction. A. J. Mason of Chicago, another Philadelphia engineer, will be in charge of most of the field work, inspecting plants and supervising generally their operations.

Decision to reorganize the staff that has charge of building was made by the shipping board after an investigation by a special committee. This committee named by the board, was headed by Mr. Piez and had as its other members, Mr. Mason, Mr. Day and Frank Kirby, a New York engineer.

No Business Methods. The committee reported it is feared that shipbuilding was not proceeding as it should because of lack of business methods. The committee reported, yards, they reported, were not obtaining material as rapidly as they needed it. Specifications, they said, were often changed. The committee also reported that there was a lack of harmony between the fleet corporation and the navy department.

Plans to retain the retention of ship workers for shipbuilding were announced today by Provost Marshal General Crowder after conferences with officials of the navy department. Regulations for the second call for the national army will provide a special qualified list for shipworkers in military age and they will be placed in a category in the national army as long as they are employed on government ship projects.

Not Enough Speed. The organization of the shipping board was prompted by the feeling that the fleet corporation was not speeding up construction of ships. The board is to be organized as a separate corporation, with a board of directors and a president. The board is to be organized as a separate corporation, with a board of directors and a president.

Wooden shipbuilders told the shipping board today that their operations have been seriously handicapped. They complained that they have received no co-operation from officials of the emergency fleet corporation.

AVIATOR IS KILLED AS MACHINE FALLS

By Associated Press. Fort Worth, Texas, Nov. 10.—Cadet Walter I. Jones of Minneapolis, Minn., fell 800 feet at Hicks field, Camp Tule, Tex., this afternoon, and was killed instantly. The machine did a spinning nose dive, some part of the mechanism going wrong or of the aviator losing control. The one passenger in the machine was not badly hurt. His name could not be obtained.

U. S. AMBASSADOR CABLES REPORT ON RUSS AFFAIRS

ADDS NOTHING NEW BUT TELLS OF ARREST OF ENTIRE MINISTRY.

By Associated Press. Washington, Nov. 10.—The first reports from American Ambassador Francis on the upheaval in Russia arrived today but added nothing to the news dispatches already received. The ambassador's dispatches, filed Nov. 7 and Nov. 8, said that up to that time all the ministers of the provisional government, except Kerensky, had been arrested. No mention was made of harm befell Americans. Until the change has been more clearly defined there will continue a peaceful suspension of official relations with Russia. It was explained today that the negotiations were not known to be impracticable, because it was not known just who was in power in the different departments.

To obtain information from the country beyond the limits of Petrograd, Mr. Francis reported, was next in all control of the provisional government. A statement issued by the Russian embassy said in part: "The Petrograd events are a revolt of a party against a national government. The Maximalists are in no way representative of the whole of Russia. If they have succeeded in seizing power, they will refuse to accept its authority."

It was made plain that the United States can have no dealings with the Maximalists unless they attain the proportions of a party in de facto control of the country. The Russian embassy here, disclaiming that the Bolsheviks represent Russia, announced in a formal declaration that it would not respect any actions the Lenin government might take.

The immediate question before American officials is to what extent credits already extended to the Kerensky government may be used for the benefit of those who may oppose the allied cause in the war. Officials who would have charge of stopping shipments of supplies to Russia were silent when asked to indicate their course.

Library Association of Texas Will Meet at Houston Nov. 22nd

By Associated Press. Austin, Texas, Nov. 10.—The meeting of the Texas Library Association will be held at Houston Nov. 22-23, inclusive. A prominent place in the program is given to library war service. An attractive entertainment is provided by the Houston committee.

TWO OF FLOGGED I. W. W. MEMBERS ARE HEARD FROM

WORK OF BLACK-ROBED KNIGHTS OF LIBERTY AT TULSA PROVES EFFECTIVE.

NO ARRESTS ARE MADE

Holding Up of Motor Cars of Police With Captives Followed Later by "Tar and Feather Party."

By Associated Press. Tulsa, Okla., Nov. 10.—Taking their cue from the drastic actions of the "Knights of Liberty" of Tulsa, which last night flogged and tarred and feathered several members of the I. W. W., and warned all others to flee, officers at Drumright today raided the shooting outfit of a K. L. W. and arrested the secretary and a member of pistols forced the men found in the hall to throw bricks through the window on which their sign had been painted. Then all were ordered to "get out."

Drumright recently was the center of the I. W. W. uprising in the adjacent oil fields. Sheriff Griff Graham of Washington county issued a statement today urging the shooting outfit to discontinue its work. He said that he suspected that the outfit was planning to hold up the motor cars of the I. W. W. and to burn the houses of the members of the order.

City and county officials say they have been unable to secure any information which would enable them to identify any of the 50 black cloaked band which participated in last night's tar and feathering. Traces of only two of the seventeen victims were discovered today. A farmer out in the Osage hills reported that two men, exhausted, shirtless and with their backs covered by welts, tar and feathers, had called at his home early this morning asking for food and clothing.

Plot Carefully Laid. That the plot to kidnap the I. W. W. had been carefully planned was indicated by the machine-like precision with which the details of the capture were carried out. The policeman in charge of the prisoners were ordered to give support in staying the drive the motor cars to the rendezvous in a wild ravine at the edge of the city and watch the work of the "knights" none of whom was recognized because of the disguising robes. Later in the night the streets of Tulsa were placarded with printed signs bearing the legend: "Notice to I. W. W.: 'Don't let the sun set on you in Tulsa.'"

"VIGILANCE COMMITTEE." When the party arrived at the ravine the cowed Industrial Workers were ordered to strip to the waist. A circle of men was drawn about a huge tree and in the glare of the headlights man after man was tied up and lashed on the back until the blood ran down his face. The men were then bound with their hands behind their backs and their feet were held together by ropes. The men were then bound with their hands behind their backs and their feet were held together by ropes.

Men Talked Little. The I. W. W. talked but little, according to one of the policemen who was forced to witness the ceremony with an armed guard on either side. Some boldly proclaimed their allegiance to the I. W. W. One old man begged for mercy and cried that he was not an I. W. W., but a "knight" declared he had been arrested in the headquarters raided last night and took his turn at the whipping post.

When the residence of J. Edgar Atee president of the Carter Oil Company, was blown up here Oct. 29 by a nitroglycerin bomb city, county, state and federal officials asserted it was the premature breaking of a gigantic I. W. W. plot to terrorize the oil industry of which Tulsa is a center. The reign of terror, it was said, was to be launched Nov. 1. Extensive plans were made to combat the alleged aims of the I. W. W. and there were no serious developments.

KERENSKY'S ARMY REPORTED TO BE NEAR PETROGRAD

By Associated Press. London, Nov. 10.—Premier Kerensky arrived at Luga, 85 miles southwest of Petrograd last Wednesday and the garrison there attested its loyalty to his provisional government, according to a Petrograd dispatch of Saturday to the Weekly Despatch. Saturday morning he reached Gatchina, 30 miles southwest of Petrograd where the same thing happened.

The newspaper advised added that the troops loyal to the provisional government are known to be near Petrograd and a division of Cossacks is on the march from Finland. This news was given out at the Smolny Institute, headquarters of the workmen and soldiers congress. The garrison at Petrograd which two days ago was solid for the extremists now is said again to be wavering in its allegiance.

The Weekly Dispatch's advice says that at the town it was rumored Friday night that most of the Moscow garrison had refused allegiance to the provisional government, arresting the members of the extremist government at the Kremlin where they had taken refuge. Mr. Skobelev, minister of the interior in Kerensky's ministry in addressing a meeting Friday night at the town hall said the railway workers which at first worked under the instruction of Nikolai Lenin, now declared itself wholly on the side of the committee of public safety and that it would not obey further orders of the Bolsheviks.

This is the heaviest blow that the movement of the extremists has yet received. In sixteen ministries the union of government servants have instructed its members to strike thus paralyzing the whole governmental machinery.

BRITISH FORCES REACH BATTLEFRONT IN ITALY

with the route running through a hilly country, lending itself admirably to defense, as was shown in the Asipitan offensive in 1916, when the enemy was halted in the Asiago region.

British Win in Flanders. In Flanders the British have won another decisive victory. They have captured the salient in the Passchendaele region. Attacking early Saturday on a 2,500-yard front they pushed forward along the ridge and in the marshy district to the northwest to a maximum depth of about half a mile, capturing many strongly fortified positions in brilliant style.

British forces in Palestine are continuing their northward march, following up the retreating Turks. They have now advanced nearly 30 miles on the coast region since their capture of Gaza recently, and have nearly attained the latitude of Jerusalem. That city is more than 40 miles inland, however, and the interior British column, moving from Beersheba, apparently has made less rapid progress than the coastal forces. The British have taken more than 70 guns and inflicted estimated casualties of 10,000 upon the Turks, exclusive of prisoners.

Germany Aggressive. Germany shows signs of continuing her aggressive moves in northern Russia waters. Following upon advice that German troops had landed on the Aland islands, off the gulf of Bothnia, between Finland and Sweden, came a report from Stockholm that German forces had entered Helsinki, capital of Finland. This move is considered as probably having both political and military objectives, the former in taking advantage of Finnish discontent and desire for independence from Russia and the latter in the throat that is presented of interference with communication between Russia and Sweden.

Advices from Petrograd under current days were entirely lacking during the day on Saturday, and thus no additional news was thrown upon the situation created there by the Bolshevik seizure of power. Dispatches filed on Friday unofficially reported the formation of a cabinet with N. Kotel'nikov as premier and Leon Trotsky foreign minister. There were no further developments regarding the whereabouts of Kerensky, however, or of General Korniloff, who on Friday was reported to have escaped.

RODREZ BEIEGED BY FOLLOWERS OF VILLA

By Associated Press. Presidio, Texas, Nov. 10.—Ojinaga, the Mexican town on the mesa opposite here, virtually is under a siege of night by Villa followers who have been gathering to the south of the border port and along the Conchos river to the southwest.

Machine guns have been mounted on the big rambling general headquarters building that is being patrolled by the roads and trails toward La Mula pass and reconnoitering parties have been leaving the garrison across the river to take the field and engage Villa followers who are reported between the Maljoma ranch and the border tonight. Federal commanders in Ojinaga, expecting an attack, have had men busy throwing up trenches and gun emplacements along the south and west rim of the mesa upon which the little Mexican town is built. Reinforcements have been asked for from Chihuahua City. A column of cavalry

Illinois Aviators Go To San Antonio; Drop Many Pamphlets

By Associated Press. Rantoul, Ill., Nov. 10.—Lieutenant John M. Foot, accompanied by C. W. Blackie, an airplane expert, left San Antonio, Texas, this being the first flight between the two schools. They will stop at the aviation fields at Belle Plaine, Ill., and Lawton, Okla., en route. Y. M. C. A. literature is being distributed along the trail.

Wichita Falls Is First to Raise Its Y. M. C. A. Quota

Wichita Falls has gone \$700 over her quota of \$4,000 for the Y. M. C. A. war fund work, finishing this subscription early Saturday. As a result of this quick response on the part of the business men the city is again in the vanguard as finishing a campaign before it is ever started, as the Y. M. C. A. campaign week is to begin Nov. 13.

New City Reservoir Is Begun at Electra

Special to The Times. Electra, Texas, Nov. 10.—The city has begun work on the dam for the new city reservoir on the Schlemmer farm, north of town. Paul Clarion, former city secretary, has charge of the work.

GERMANY REGRETS SOME OF CABLES OF VON LUXBURG

By Associated Press. Buenos Aires, Nov. 10.—The Argentine minister at Berlin advised the government here today that Dr. von Kuehlmann, the German foreign secretary, had declared to the minister his disapproval of the two dispatches sent by Count von Luxburg, former German minister to Argentina, concerning South Brazil.

PRESIDENT WILL SPEAK TO LABOR FEDERATION

By Associated Press. Buffalo, N. Y., Nov. 10.—President Wilson will speak at the opening session of the American Federation of Labor beginning on Monday morning. It was announced today by Samuel Gompers, president of the federation.

FINISHING TOUCHES SOON TO BE GIVEN TO AVIATION CAMP

ONE OF CHIEF NEEDS AT CALL AVIATION FIELD NOW SAID TO BE RAIN.

MANY MEN ORDERED HERE

Organization is Expected to Be Erected in Short Time, as Officers and Students Arrive.

Call field this past week has gone through several inspections, passing the test favorably despite drawbacks which have delayed completion of the camp as soon as expected, and will soon be ready for the aviators, officers and students, who have been ordered here for training. The camp is now at such a stage of completion that it can receive the men and care for them comfortably while the final finishing details are in process.

Government orders assigning men to Call field have set the date of many of the arrivals for some time coming week. With the officers' arrival it will not be long before definite organization is effected and the business of the camp started.

Rain Badly Needed.
 The great need at the aviation camp at present, and for some weeks, is and has been rain. The waiting and road making is permanently hung up. If it rains and rain a plenty, indeed, practically all the activities at the camp, with the exception of a little plumbing, and the interior finish of one or two buildings, are suspended on this account.

The first coat of paint has been applied to all the buildings, but the twelve hangars, which are finished with this exception. Some of the buildings show a plain neat white, while others are a rich dull brown. This latter, however, is not paint, but good, plain Texas dust, which got a little storm on its account shortly after the paint had been applied, and added a few finishing touches, resulting in a complete transformation of the appearance, color and texture of the surface.

Weather Vane Up.
 A comparative recent innovation is the weather vane, mounted on the first hangar. It is quite the newest thing in weather vane, and, to the uninitiated, might be some cabalistic emblem connected with the mysteries of aviation. It looks like the gas bag of a Zeppelin, except that it tapers to a point at the far end, or like a glorified appendix removed from some antediluvian monster or like a giant butterfly net. As a matter of fact, it is nothing but a canvas tube, of which the mouth is stretched over an iron ring which is placed upright in a socket, in which it can revolve. Its purpose is not cabalistic, at all, but simple and obvious, being merely to show which way the wind blows.

The flying field is finished, as is the great bulk of the carpenter work. About four miles of roads are laid, except for the top surface, which must wait till it rains. About three miles of roads will be laid in the camp in all, and the material is all on hand.

Coal to Be Used.
 All the buildings will be heated by coal stoves, except the hospital, which will be equipped with a steam heating plant. An extremely simple, but quite comprehensive system of fire protection has been installed, fire plugs and hose being seen in abundance. There is plenty of water laid on to all the buildings, which is easily accessible, and chemical engines are expected to arrive at any time. There will be the smallest possible amount of risk from fire in any of the buildings in the camp, which will be one of the safest places in this respect that could be found. The water tower, which has a capacity of 50,000 gallons, is now completed, and is full of water.

The Y. M. C. A. building, towards the far end of the camp, is under way for the paint and wiring. A good deal of the furniture and equipment has arrived, and the magazine rack has already made a beginning. Stray copies of the Literary Digest, Munsey's and Cosmopolitan being already in place, and looking rather lonely for lack of company in so commodious a rack.

There is a good, roomy place, with writing desks running the length of the room on both sides, a double row on each side; one row fixed to the walls, the other collapsible. There is a stage at one end, flanked on either side with much larger and better dressing rooms than many a professional company finds on the road. There is a well for the footlights, but no lights as yet, nor any feet. Thus equipped, it will be possible to stage anything from Bill Bryan to Bill Shakespeare. Back of the stage is a considerable space of dead wall, whereon will be

MUSTEROLE—QUICK RELIEF! NO BLISTER!

It Soothes and Relieves Like a Mustard Plaster Without the Burn or Sting

Musterole is a clean, white ointment, made with the oil of mustard. It does all the work of the old-fashioned mustard plaster—does it better and does not blister. You do not have to bother with a cloth. You simply rub it on—and usually the pain is gone.

Many doctors and nurses use Musterole and recommend it to their patients. They will gladly tell you what relief it gives from sore throat, bronchitis, croup, stiff neck, asthma, neuritis, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frost-bite, colds of the chest (it often prevents pneumonia).
 30c and 60c jars; hospital size \$2.50.

Why Be Sick?

Chiropractic is truly the most common-sense method of dealing with diseased conditions. This is the day of the advanced, progressive idea.

You take no chances when you put yourself under the care of a skilled scientific Chiropractor. The positive results he can secure for you have been secured for thousands of others time and again.

The slightest subluxation of the backbone, causing a pinching of the spinal nerves, will in time produce a chronic diseased condition, unless it is adjusted promptly so that the nerve supply is normal.

What Chiropractic Has Done

Below are given a few of the prominent and important diseases that have been materially relieved:

Asthma, Appendicitis, Bronchitis, Backache, Constipation, Diabetes, Dropsy, Deafness, Epilepsy, Loss of Voice, Goitre, Gall Stones, Gout, Hay Fever, Headache, Heart Disease, Stiff Neck, Insanity, Jaundice, Lumbago, Neuralgia, Paralysis, Peritonitis, Piles, Pneumonia, Rheumatism, St. Vitis Dance, Typhoid Fever.

The Principle Right

The principle of chiropractic (adjust the cause and the effect is eliminated) is right. Clinical observation of tens of thousands of cases, as far as can be learned every known condition the human body is subject to, shows conclusively that this science is reaching all conditions, chronic and acute and correcting the cause of disease, opening the way for nature to cure.

Chiropractic is not a theory any more; it is a science of facts and is doing for suffering humanity that which other professions have been striving meritoriously to do for ages.

Physicians Approve

The most enlightened physicians are coming rapidly to recognize and admit the undisputed efficacy of Chiropractic adjustments.

They can very easily see that Chiropractic produces positive, definite results. The Chiropractor knows when he adjusts a backbone, just what organs or parts are affected. If the stomach does not feel well, certain conditions are found, if the liver, certain others, and so on.

G. H. Patchen, B. S., M. D., New York, says: "The greatest medical discoveries of this or any previous age," are the facts, "that the physical cause of the disease is, with few exceptions, due to some form of spinal displacement; and, second, that this cause can be removed by Chiropractic adjustments."

COMMISSION TO ACCEPT COUNTY'S NEW COURTHOUSE

The principal item of business to be transacted by the county commissioners' court when it meets in regular session Monday morning will be to make an inspection of Wichita county's \$250,000 court house.

County Judge Harvey Harris stated Saturday morning that the architects under whose plans the court house was erected, namely, Sanguinetti & Staats, of Fort Worth; Field & Clarkson, of Fort Worth, and C. J. Pate of Wichita Falls, will meet with the court Monday morning. County Judge Harris also stated that no other court would be permitted to move into the building until it has been finally accepted.

Outside of inspecting the court house for the purpose of determining whether it shall be accepted or rejected, the rest of the business to be transacted by the court will be routine. Nothing relating to road building and the expenditure of \$750,000 which was raised by a recent bond issue, the bonds already having been sold and the money realized, will come up at this term of the court.

Bulgar Hymn of Hate Proves Too Terrible Even for Ambassador

By Associated Press.
 Washington, Nov. 10.—Publication of a Bulgarian hymn of hate, replete with incitement to cruelty and atrocities, has aroused officials and diplomats here and drawn from the Bulgarian minister, Stephen Panaretov,

the declaration that the purported author, Ivan Arnanoff, described as "the Bulgarian Pindar," is of no standing to bespeak the national sentiments of Bulgaria.

"Let not one stone rest on another," says a translation of Arnanoff's poem to the Bulgarian troops. "Let no one child retrace on its mother's breast, not one old man lean on his grandson's shoulder. Thrown their skulls to the starving dogs." * * * Let there remain on the ruins your hand has sown only

skeletons and ghosts. "See that decrepit old man who drags his miserable years seeking to cheat death and your zeal. Fall him under your boot and with a fork tear out his troubled eyes." * * *

You'll need all your lamp sockets filled with Edison Mazda lamps for the winter. We deliver and install. Nunn Electric Co., Telephone 837. 150 ttc

Wichita First in Texas: "W. F. Texas" may well mean "Wichita First in Texas." Wichita is making a "first" record that is attracting attention throughout the country.

It is unlawful for any man, or set of men, to strip the shirt from the back of a human being, or being; apply the lash to the said back, or backs; then place thereon a lotion of cold tar, well heated, and trimmed with chicken feathers.

It is unlawful for any person, or set of persons, to speak seditiously against the country which affords him the means of earning an honest and a peaceful living.

It is unlawful in any way to countenance the breaking of the laws of the United States. Far be it from us from countenancing or palliating the offense of those dark-robed free-lancers of Tulsa, Oklahoma, in their treatment on Friday night of certain alleged I. W. W. members.

As a measure to conserve the fuel supply, the national food administration may soon issue orders restricting the use of electricity for advertising signs. If this was done throughout the country thousands of tons of coal would be saved.

Gasoline is another commodity in which there is a threatened shortage. It is not unlikely that the use of gasoline for pleasure driving will be limited, and it ought to be, if the supply becomes short, as it is likely to do.

A good many automobilists could very probably put up their cars for the winter and ride the street cars between their places of business and their homes, and in that way save a considerable quantity of gasoline.

Texarkana, Texas, Nov. 10.—James Kenny, former postmaster at Nash, Texas, today was sentenced in federal court to serve 18 months in the federal prison, following conviction on a charge of sending false cancellation reports to the postoffice department at Washington.

FOR-ONE SUFFS. ARE ARRESTED ON DUTY AS PICKETS

WOMEN TAKEN UP AS FAST AS THEY REACH STATIONS AT WHITE HOUSE.

By Associated Press. Washington, Nov. 10.—Militants of the woman's party resumed picketing the White House in force late today and 41 of the banner bearers were arrested as fast as they took their places.

Among the number were Mrs. Harvey W. Wylie, wife of the pure food expert; Mrs. William Kent, wife of former representative; Agent of California, now a member of the tariff commission, and Miss Lucy Burns, vice chairman of the woman's party.

All the women, who represented 14 states, were bailed out by Miss Mary Ingham of Philadelphia, for appearance in police court Monday morning.

"Nothing But the Truth" is a comedy made for the stage by James Montgomery, who utilized Frederick Lehmann's story as a basic idea.

HELINGFORS REPORTED TAKEN BY GERMAN FORCE

By Associated Press. Stockholm, Nov. 10.—Helsingfors, capital of Finland, has been entered by the Germans, according to a press dispatch from Haparanda.

Helsingfors, a city of nearly 100,000 population before the war, on the gulf of Finland nearly opposite Revel, on the Estonian side of the gulf and is connected by railway with Petrograd, from which it is about 190 miles distant in an air line.

Just before the Bolshevik revolt in Petrograd, Finland was declared a republic, with its own legislative institutions and government, but united to Russia chiefly through the treaty making power, giving control of international relations.

German Newspapers Are In No Hurry To Jump To Conclusion

By Associated Press. Copenhagen, Nov. 10.—The first German newspapers containing comment on recent Russian events to arrive here made no attempt to jump to conclusions or to predict speedy peace with Russia.

The dispatches in question were made public by Secretary Lansing on Oct. 26, in one Count von Luxburg, addressing the German foreign office on Aug. 4, 1917, declares his conviction that Germany would be able to carry through her "principlal political aim."

It is unlawful for any man, or set of men, to strip the shirt from the back of a human being, or being; apply the lash to the said back, or backs; then place thereon a lotion of cold tar, well heated, and trimmed with chicken feathers.

HOW NEGROES WERE ROUNDED UP TO AT COURT MARTIAL

COHERENT STORY OF HOUSTON RIOTS HAVE NOW BEEN RELATED

RESUME TRIAL MONDAY

This Week Testimony is Expected to Be Produced From Coast Artillerymen and Other Soldiers

San Antonio, Tex., Nov. 10.—Stories of how negroes of the 24th Infantry were rounded up after the riot at Houston, August 23 last, circumstances of their arrest, and further identification of prisoners whose capture was made under circumstances that would indicate their participation in the outbreak are expected to occupy the court martial of the 63 negro defendants facing charges of mutiny, murder and rioting, when it resumes at Fort Sam Houston Monday morning.

In addition to identification of several of the defendants as among those arrested after the riot the court martial thus far has netted a coherent story of the riot from its inception to its culmination in the killing of Captain Mattes of the Second Illinois Artillery. Witnesses have testified of feeling between the negroes of the 24th Infantry and the Houston police, of tears on the part of the negroes the night of the riot at Camp Logan, where they were stationed, would be attacked. Also there has been evidence to show that among some of the negroes at least, there had been forming a scheme for retaliation.

Wanderers Arrested. The names of 12 negro soldiers, members of the 24th Infantry, who were found wandering about the streets of Houston and arrested following the riot on August 23, were announced to the court martial this morning. Of this number ten were names of defendants now on trial while the other two are among those confined at Fort Bliss, charged with a lesser offense than that of mutiny and murder.

Desk Sergeant Polk testified that only three of these prisoners had their rifles or other arms or ammunition, when they were turned over to him. He explained, however, that some of them had been searched first by the arresting officer. Sergeant Polk expressed the belief that he could pick out those men gave when booked at the station.

It is unlawful for any man, or set of men, to strip the shirt from the back of a human being, or being; apply the lash to the said back, or backs; then place thereon a lotion of cold tar, well heated, and trimmed with chicken feathers.

BASEBALL LEAGUE TO HOLD MEETING IN LOUISVILLE, KY.

WHOLE MAP OF ORGANIZED SPORTS MAY BE CHANGED FOR THE MINORS.

SESSION OPENS TUESDAY

Shreveport May Be Taken Out of Texas Circuit and Added to the Southern, According to Plans.

By Associated Press. Louisville, Ky., Nov. 10.—What promises to be the most important meeting of the National Association of Professional Baseball Leagues in several years will begin next Tuesday and continue three days.

Interest was centered largely about proposals to change the whole map of organized baseball so far as the minor leagues are concerned and, as the plan with respect to the organization may develop into exciting affairs.

In this connection the proposal about which the "greatest amount of gossip has been spread and which is most likely to produce the bitterest controversy is the plan to form a new organization from parts of the American Association and International League. The proposed league would include Louisville, Indianapolis, Columbus and Toledo from the American Association and Toronto, Buffalo, Newark and Baltimore from the International League.

The four clubs in each league which would be left out in the cold under this arrangement are expected to publish all the opposition to the project of which they are capable.

Other Demands. In addition demands will be made, it is said, by interests in the Pacific Coast, Three I and Central Leagues, the Southern Association and several other organizations for a re-arrangement of their territories.

Among the specific changes said to be desired is the addition of Shreveport, a Texas League city, to the Southern Association, and the transfer of Seattle from the Northwestern League to the Pacific League.

In addition to these changes others would probably be effected, the success of any effort to form a new combination from parts of the American Association and International League. Otherwise there would be no benefit for some of the best minor league towns in the country.

Preceding the meeting of the National Association of Professional Baseball Leagues, the Western League will hold a meeting tomorrow. The Three I and Central League will also foregather. The American Association will hold its annual meeting Tuesday, on which day the national board of arbitration will be in session.

May Halt Some Minors. A movement may be launched to suspend operations in several smaller minor leagues until the close of the war. Practically every organization from the big American Association, International and Pacific Coast Leagues down, suffered seriously last season. Twenty-two minor leagues started the season and only about half of them finished. Only five league went through without changes in their circuit.

The blows to the minors began to fall early in the season. The Virginia League disbanded May 15. Two days later the North Carolina League gave up and three days later saw the disbanding of the Georgia-Alabama circuit. Early in June the Central Texas League gave way. The Dixie League and the Northern Association suspended early in July. The Three I League, which has weathered all kinds of conditions for seventeen years, was obliged to suspend on July 8. The Northwestern League held on for a week longer and the Central Association managed to continue until Aug. 7.

The Western League was forced to change its alignment and split its season in July to stir up new interest. Even the American Association began to slash expenses early in the season because of the heavy losses due to postponements, resulting from unreasonable weather conditions.

Presidents of several minor leagues in the middle west are wholeheartedly in favor of putting baseball on the shelf for a year and possibly two. They favor releasing all players and starting anew at the close of the war on a less expensive operating basis. Continuation of present salaries of minor league players, they contend, is out of the question. The question of conditions in the minors, however, are not entirely due to the war in the league, in the opinion of Harry W. Stahlhelfer, president of the Central League. He believes the small, inexpensive motor car has seriously cut down the attendance in the smaller cities.

"From my study of the question, I have concluded that the factory worker, who in former years, spent a quarter or fifty cents for a seat in a baseball park on Sunday, has bought a small automobile which takes his spare money. We usually counted on these seats for our Sunday business. But now, instead of going to a ball game, he takes his family for a ride in the country. And at present-day prices for necessities after this, he shies through buying motor supplies, he has nothing left to lavish on baseball."

"Gold also is a contributing cause. Men who used to patronize baseball at Evansville, Ind., my home, are taking exercise themselves instead of watching ball players get it."

A. R. Tauney, president of the Three I League, will head a movement at the national association meeting for a reclassification of all minor league and a reduction in the membership of the national board of arbitration. Tauney wants the membership of the board slashed from its present number to the one hundred.

"The board is unwieldy," he said. "Its members, presidents of leagues and in some instances former presidents, who are entirely out of baseball, are scattered all over the country. An important piece of legislation requires immediate action. It sometimes takes weeks for the issue to be submitted to the entire board."

"It is my purpose to propose a national board composed of three men, either to serve with salary or volunteer their services. They could devote their entire time to the minor league situation. The national commission has backed me in my recommendation."

DUELING IS FORBIDDEN BY AUSTRIAN EMPEROR

HIGH SCHOOL IS TO PLAY DECATUR HERE ON MONDAY

Monday afternoon the Wichita Falls High School football team will play the Decatur Baptist college team on the gridiron in Katy park here, the game to be called at 3:30 o'clock. The teams are said to be about evenly matched and an interesting scrimmage is expected to take place.

R. C. Conmack was sent to a local hospital early Saturday evening when it was thought he had been seriously hurt by being struck by a speeding automobile. At the hospital it developed he had received only a slight abrasion of the skin on one of his knees. He left the hospital on foot.

By Associated Press. Amsterdam, Nov. 10.—Emperor Charles has forbidden dueling in the Austro-Hungary army and navy, says a dispatch today.

LONGHORNS NOSE OKLAHOMA AGGIES OUT OF VICTORY

TEXAS UNIVERSITY TAKES GAME BY FINAL SCORE OF 7 TO 3.

By Associated Press. Austin, Texas, Nov. 10.—The University of Texas Longhorns nosed out a 7-to-3 victory here today in the face of a brilliant attack by the Oklahoma Aggies. The Longhorns scored early in the first quarter, when the ball was advanced to the Aggies' 1-yard line and by a 10-yard pass, Smythe to Trabue, a 12-yard gain by Moore and was carried over by Moore.

Eslinger booted a perfect drop kick over the bar for the Aggies at the beginning of the second period. The game thereafter was a scramble back and forth the length of the field, with nobody's goal in danger and great length of time. The lineup:

Table with 3 columns: Position, Name, Position. Includes Greer, Poyner, O'Connell, Conlev, Sweeney, Hamilton, Trabue, Smythe, Moore, Eslinger, Smith, Gallagher, Smythe, Moore, Eslinger, Smith, Gallagher, Smythe, Moore.

Officials: Moore (Vanderbilt), referee; Braun (Sewanee), umpire; Clay (Missouri), head linesman.

BAYLOR DEFEATED BY TEXAS A. & M. BY SCORE 7 TO 0

TOUCHDOWN IS SCORED WITHIN FIVE MINUTES AFTER PLAY BEGAN.

By Associated Press. Waco, Texas, Nov. 10.—In the hard-fought battle staged at Cotton Palace field this season Texas A. and M. defeated Baylor University here today by a score of 7 to 0. Both sides fought hard from beginning to end. Collins, for A. and M., intercepted a forward pass by Baylor and ran 25 yards for a touchdown, the only one resulting.

The touchdown was made within five minutes after play started when Baylor tried its first run. Neither side could break through the other's line to an appreciable extent.

Table with 3 columns: Position, Name, Position. Includes McMurray, McKnight, Anderson, Wilson, Ford, Gouger, Higginsbotham, Ealm, Mahan, J. Roach, Collins, Johnson, Hughes, Rickman, Reid, Plaster, L. Roach, Holland, Cavitt, Dyer, (Texas), referee; Joe Utay (A. and M.), umpire.

Southwestern Beaten By Rice at Houston Score Being 34 To 13

By Associated Press. Houston, Texas, Nov. 10.—Rice Institute kept its gridiron clean by defeating Southwestern University here today. While the visitors lost, they put up the best game the Rice team has had this season.

Stars for Rice were Bell and Lindsey, halfbacks, who went into the game at the beginning of the third quarter. Bell ran 45 yards from kickoff and carried the ball over. But he was called back to the middle of the field for stepping outside the gridiron.

Lawrence, a fullback, was the individual star for Southwestern.

HIPPOLITO VILLA IS BEING SOUGHT BY U. S. OFFICERS

FAILURE TO REPORT AS USUAL TO SAN ANTONIO POLICE CAUSES STIR.

By Associated Press. San Antonio, Texas, Nov. 10.—Agents of the bureau of investigation, department of justice, are seeking Hippolito Villa, who has not reported to them since last Saturday, and who is believed to have crossed the border near Presidio. By an agreement with the attorneys the department gave Villa his liberty on condition that he would stay away from the border and would make an early report to the office of the chief in San Antonio. This arrangement has been in effect nearly a year, and Villa was punished in his daily reports until last Saturday. He failed to come then and Monday an operative of the department went to his residence and learned that he had left for the border since then nothing has been heard from him except a rumor that he had crossed into Mexico at Presidio.

By Associated Press. El Paso, Texas, Nov. 10.—Department of justice officials here have been watching for Hippolito Villa along the border for the past week. He was reported to have reached Marfa last week and to have gone to the border below Presidio with the expressed intention of going to Mexico, presumably for a conference with his brother, Francisco Villa.

One of Hippolito Villa's friends recently returned from the Presidio district and said he and Hippolito had attempted to cross the border, but had been fired upon by troops patrolling the border. He said Villa disappeared when his horse was shot from under him.

VILLA IS REPORTED TO HAVE DISAPPEARED

By Associated Press. El Paso, Texas, Nov. 10.—Department of justice officials here have been watching for Hippolito Villa along the border for the past week. He was reported to have reached Marfa last week and to have gone to the border below Presidio with the expressed intention of going to Mexico, presumably for a conference with his brother, Francisco Villa.

Mr. and Mrs. R. L. Dickerson, of Philadelphia, are week-end visitors here.

Mr. and Mrs. J. W. Allison and Mrs. R. B. Edwards of Crow, are spending a few days here.

A party from Lawton, consisting of Capt. and Mrs. J. E. de Silva, 1 Lieut.

MORTUARY

Fred Ehmler, 60 years old, died at a local hospital Friday afternoon from some affection of the heart. The deceased is survived by a wife and several children. The funeral occurred Saturday afternoon, burial being made in the Riverside cemetery.

Entire Library Fund Expected To Be Ready By Last of This Week

The Library Board met last night at the home of Mrs. C. W. Snider, and very good progress is reported. The report of the finance committee was made in part, and it is considered quite certain that the entire fund of \$10,000 will be raised by the middle of the week.

Mrs. Snider stated last night that there was a good deal of business pending, the details of which were not yet completed, but that by the end of the week, it was expected that all these matters would be settled.

A librarian has been recommended for appointment, but until the city council ratifies the appointment, no definite action will be taken in this respect.

PEACE IN 24 HOURS

For Stomach Sufferers who take Marx's Wonderful Remedy, don't neglect your stomach. Aliments another advice. What appears to be only minor stomach disorder may often be symptoms of cancer and liver of the stomach and intestinal gall stones, acute indigestion, gastritis, auto-intoxication, yellow jaundice, and other dangerous ailments, of which the sufferer is not aware until too late. An ideal prescription for averting quickly stomach, liver and intestinal trouble is Marx's Wonderful Remedy. Millions of people have been restored by it. One dose will PLEASE that it will help you. Marx's Wonderful Remedy is for sale by Mack Taylor.

CHEMISTRY SCHOOL OF UNIVERSITY IS UNDER SPOT LIGHT

By Associated Press. Austin, Texas, Nov. 10.—The university investigating committee took up the scholastic chemistry today and Dr. E. P. Schuch, professor of chemistry, and Dr. Henry W. Harper, chairman of the school, and dean of the graduate department, testified before Representatives Oscar Davis and Leonard Filston about the operation of the school and the work bearing upon industrial art wiles.

Senator J. E. Clark, the other member of the committee, was absent today, having returned to his home in Schulenburg, Tex., to see to the oil, sulphur, lignite and other substances, are capable of vast development, according to the testimony of the two chief members of the school.

PARKS APPOINTED TO BE RECEIVER OF SOUTHWESTERN

A. C. Parks of Henrietta has been appointed temporary receiver for the Henrietta Southwestern Railway and has qualified by making a \$20,000 bond.

The suit for receivership for the railway company was filed in the district federal court here but the appointment of the temporary receiver was made in the federal court at Fort Worth Friday. The suit was brought by H. J. Scott of Toronto, Canada. The railroad had defaulted on its bonds.

The Henrietta Southwestern extends from Henrietta to Archer City by way of Seelyville. The road has been in operation on several years.

J. P. O'Donohoe and C. E. Rodgers of Wichita Falls made a net profit of \$8,500 on 40 acres of oil land in the Burk Burnett field one day during the past week in 15 minutes. They bought from W. C. Myers and A. J. Schulz the north half of the Evans 160-acre farm for \$61,500 and 15 minutes thereafter disposed of it to J. Fred Smith of Dallas for \$71,000. Then Rodgers and O'Donohoe bought the south half of the Evans farm for \$160 per acre and after keeping it several days sold it to the Texhoma Oil Company for \$320 per acre, making a profit of 100 per cent on the latter transaction.

Myers and Schulz bought the 160-acre Evans farm some time ago for \$800 and put down a well at a cost of 69,000, the well making good for a net production.

Perry Browning, in the Burk Burnett field, has received a new Star tire with portable baller and is drilling in the shallow field. The new rig represents an outlay of about \$1,000.

CADORNA TO LEAVE ARMY TO ACT UPON COMMITTEE

Rome, Nov. 10.—General Albert, the minister of war, in announcing to General Cadorna his appointment to the internal military committee, says that he understands how sorry General Cadorna will be to have to leave the army he so often led to victory.

However, the government has felt bound to ask General Cadorna to make this sacrifice so that he might contribute in a larger field to the common task of Italy and the allies.

RUSSIAN CABINET IS ANNOUNCED BY RADICAL LEADERS

MEMBERS ARE DECLARED ALL TO BE BOLSHEVIK AND SOCIALISTS.

LENINE HEADING BODY

Distribution of Landed Estates is One of First Matters to Be Taken Up by the Body.

By Associated Press. Petrograd, Nov. 10.—The all Russian congress of workmen and soldiers' delegates is reported unofficially to have named its cabinet composed of Bolsheviks and then adjourned. The cabinet is headed by Nikolai Lenine as premier and Leon Trotsky, holds the post of foreign minister. The cabinet will serve until the constituent assembly approves it or selects a new one.

New Cabinet. In addition to Lenine and Trotsky the other members are reported to be as follows: Minister of finance, M. Svortzoff. Minister of the interior, M. Rickoff. Minister of agriculture, M. Mikhlin. Minister of labor, M. Shilapnikoff. Committee on war and marine, M. Ovsannikoff, Krylenko and Bibenko. Minister of commerce, M. Nogin. Minister of education, M. Lunacharsky. Minister of justice, M. Oppokov. Minister of supplies, M. Theodosovitch. Minister of affairs of nationalities (a new post in charge of the affairs of the different nationalities within Russia), M. Dzhusashvili. Minister of communication, M. Riazanoff.

The cabinet members are all Bolsheviks and are supported by the left and the Social revolutionist party, the

LARGE DELEGATION WILL ATTEND STAR MEET IN WOODWARD

RETAIL MERCHANTS WILL CONSIDER MATTER AT MEETING ON MONDAY

TO CHARTER PULLMAN

Federal, Oklahoma, is Expected to Send Total of Hundred People to Roads Rally

At a meeting of the directors of the Chamber of Commerce Saturday morning it was decided to charter a Pullman to take a delegation to Woodward, Oklahoma for the Ozark Trails convention to be held there on the 15, 16 and 17 of November, inclusive, provided as many as 20 citizens would agree to go.

The fare for the round trip is \$12.30, and those who intend going can get reservations made by depositing \$6.15 with Secretary B. F. Johnson at the Chamber of Commerce. Lower fares will be reserved in the order the applications are received, and the first who come will be served first.

Merchants to Meet. The Retail Merchants' Association will hold a meeting Monday morning in the Chamber of Commerce rooms to discuss sending a strong delegation to Woodward on the occasion of the convention, Frederick, Okla. It is understood, is going to send 100 delegates, and it is deemed important that Wichita Falls send as large a delegation as possible to take care of this city's trade laurels.

Those who have volunteered to go to Woodward out of the Chamber of Commerce membership are: Lloyd Weaver, R. E. Shepherd, Judge R. E. Huff, John Bradley, Gene

PEOPLE OF CITY ARE THANKED FOR SENDING COVERING

Wichita Falls' response to the call for comforts and blankets for the base hospital at Camp Howe brought a letter of congratulation from Mr. Spofford, the Red Cross field manager at the camp. The need for cover at the hospital was pressing, according to this letter, and Wichita Falls people helped very materially to relieve this need.

RUSSIAN CABINET

Other parties having withdrawn from the workmen and soldiers' congress, Bibenko is a Kronstadt sailor, while Shilapnikoff is a laborer.

Socialists to Be Freed. In reply to a question from a peasant deputy who protested against the arrest of the former minister, Trotsky announced that the Socialist members of the Kerevsky cabinet would be released from the fortress of St. Peter and St. Paul pending an investigation. He said the others would be held.

The congress took action to turn over to the land committee for distribution the landed estates; and state and church lands of the Cossacks and the peasants will not be confiscated.

The banks in Petrograd reopened today. The city is quiet.

New York, Nov. 10.—Five members of the new Bolshevik cabinet announced in Petrograd dispatches in addition to Lenine and Trotsky were recognized here today in Russian circles as probably men who have long been prominent radicals in Russia. Some were thought to have spent some time in this city, as Trotsky is known to have done, although the absence of the men's first names made positive identification impossible.

At the office of Novy Mir, a Russian newspaper here, it was said that Shilapnikoff was undoubtedly a well-known author and speaker who had been here about a year and a half ago. Lunacharsky was recognized as a Socialist Democrat, author of many books on Social questions.

Nogin was said to have been a journalist and later a soldier. Aviloff, minister of posts and telegraphs, was believed to be Boris Aviloff, a Social Democrat, and an editor on Maxim Gorky's paper, New Life. A Russian by the same name, when a visitor here last March, asserted that there had been a plot in Russian court circles to bring about a separate peace with Germany.

Dzhusashvili was said to be a Georgian from the Caucasus, well known as a Social Democrat also. Krylenko was not recognized here, but a man by that name was arrested by the military authorities at Kiev charged with circulating the Maximalist propaganda in the eleven cities.

Fill your lamp sockets with Edison Mazda lamps. Call Nunn Electric Company. Telephone 837.

THANKS VOTED AMARILLO

At the directors' meeting a vote of thanks was extended to Amarillo for having endorsed Wichita Falls as being the logical location for the new asylum that has been authorized.

OUR ART DEPARTMENT

A settlement of the controversy between the Chamber of Commerce and the Texas Power & Light Company the latter represented by Col. J. F. Strickland of Dallas, was made at the meeting. The controversy related to the extension of water mains to Call aviation field.

There were about 150 comforts received, with 20 pairs of blankets and six pillows. More have been received and these will be forwarded to the hospital for the reserve. If the present need has been relieved.

solidly behind it. It is believed in view of the very uncertain conditions and of the presence in the city of several important factories that such a body would not only be of great practical use, but a positive necessity.

A communication on the subject has been addressed to the secretary of the State Council of Defense, asking for assistance and information. The letter follows:

Writes Council of Defense. "Mr. F. J. Carl, Secretary State Council of Defense, San Antonio, Texas:

"Dear Mr. Carl—The Rotary Club of Wichita Falls, the Lions' Club and the Chamber of Commerce are behind a movement to organize a home guard, and to do it quick. There has recently been an agitator through our oil district, and we are a little afraid that there may be trouble here, as there has been in South Texas and Louisiana. With this possible trouble in view, I behoove us to organize a home guard, so we can protect our industries which consist of refineries, large oil wells, pipe lines, terminal railroads, automobile factories, glass factories, and we are asking you to rush us all the information and instructions necessary to complete the organization at a very early date.

"We can enlist about a hundred good men that will be responsible and reliable, and it is the desire of the committees of the Rotary and Lions Clubs to have an instructor and give the home guard actual training, to make them efficient in case of trouble.

"The first question we want to know is, to whom direct are the home guard responsible, and what must be done to get the necessary equipment? Send us full instructions, so that it will be plain.

Spanish Americans. "We have several Spanish-American war veterans who will take pleasure in devoting a great deal of their time to this work. One of our pa-

triotic citizens, Mr. T. B. Smock, who is manager of the Ball Brothers Glass Factory, has seen three years service, and I believe, was an officer in the Spanish-American war. It is my opinion that the companies will name him as captain of these guards.

The Rotary committee directly in charge of recruiting this organization are: Mr. T. B. Smock, Mr. B. F. Johnson and Judge W. M. Bonner. The Lions' Club committee are Mr. Eugene Leopold, Mr. W. W. Silk and Mr. C. E. Rodgers. Myself, as secretary of the County Council of Defense, am supposed to get this information for them, and to assist, which I will gladly do, in this work.

Kindly give us all the instructions, also forward us any literature which you may have, that will give us useful information, and advise us how we may secure an army officer for instruction after we have recruited the members of this organization. Yours very truly, (Signed) "T. R. T. ORTH, Secretary County Council of Defense."

MAE MARSH STAR OF "POLLY OF THE CIRCUS"

A review of "Polly of the Circus," to show Tuesday at the Majestic, taken from a leading trade journal, follows: "There are many things to distinguish this first Goldwyn release from contemporaneous screen productions. Naturally Mae Marsh is the outstanding one. Her completeness of detail, its superb light effects, and its realistic settings are others. Lastly the manner in which the story holds up under slight recals is a point not to be overlooked. That it never for a moment becomes tiresome despite its precarious footage is a lasting attribute to the appeal of the picture.

The triumph of Miss Margaret Mayo's play as adapted and arranged for the screen. Miss Marsh again demonstrates her right to be termed the best actress of the show stage. A simple scene in "Polly of the Circus" is sufficient to drive that assertion home with great force. When she believes that the minister wants her to leave his home, Miss Marsh as the dismayed Polly is so expressively delightful about it that it makes the spectator almost want to cry for her. There are other episodes, too, which an actress of less ability could hardly have handled with such significance as does Miss Marsh. In the lighter scenes which outnumber those of a serious nature she is equally as good. One can feel the outlet of all the pent-up play of years of playless life.

Polly first begins to cavort around with the village children and drag the minister into a game of blindman's buff. The humorous note of Miss Mayo's play is the dominant one. Polly's initiation into home life, the way in which the minister's first sermon impresses her, her wrangle with the village children are episodes which can defy the gloomiest spectator to remain sour. The comedy supplied by the two old negroes is not to be forgotten either. But the thrills come in equal numbers. The accidents in the circus ring, the horse race and the final burning of the large tent and the scurrying away of the people are as dominant in the side of the dramatic scales as the humorous moments are in theirs.

JUDGE P. A. MARTIN TO GO TO GENERAL CONFERENCE

Judge P. A. Martin was named by the Northwest Texas M. E. South conference at Sulphur Springs as delegate to the general conference to be held next year in Atlanta, Ga. The assignments to churches has not yet been announced. It is understood that Dr. Barnes will be returned to Wichita Falls, to the general satisfaction of his congregation of the past year.

FEDERAL AGENTS NOT TO SEARCH FOR LIQUOR NOW

WHISKY MAY BE TAKEN INTO DRY TERRITORY BY JUDICIAL COURT DECISION.

By Associated Press. Washington, Nov. 10.—While awaiting a court decision on whether it violates the home dry law for a traveler to carry liquor into prohibition territory as part of personal baggage, Attorney General Gregory has ordered that searches of baggage by federal agents without warrant shall cease at once. The department of justice contends that such transportation of liquor does not violate the home dry law but wants a court decision.

MRS. TRAVERS IS TWICE INDICTED; MURDER CHARGED

By Associated Press. Dallas, Texas, Nov. 10.—The grand jury today returned two indictments charging murder against Mrs. Katherine Travers, formerly of Shreveport, in connection with the killing of Phil Tucker and Miss Myrtle Cunningham, formerly of Indiana, Pa.

Mrs. Travers contends the fatal shooting of Miss Cunningham was an accident. It was stated in previous proceedings that she was indicted next week in behalf of the defendant.

Two Girls Assaulted at Waco by Uniformed Men; Eight Arrested

By Associated Press. Waco, Texas, Nov. 10.—Misses Annie Moore and Ruby Herring of Dallas, each aged 22, are in a sanitarium here suffering from injuries inflicted last night when they were assaulted by eight or ten men wearing the uniforms of soldiers while returning to the railroad station from the Cotton Palace, according to their report to the police. Both were assaulted and robbed of \$60 in money they told the police. Eight arrests have been made and officers are energetically hunting for the assailants.

The girls lost their way while trying to reach the business part of town near the depot, they said, and wandered off the lighted streets into a dark section of the city. It was here the attack was made. Passing negroes heard screams but thought they were to give alarm of fire and did not make any investigation. Military police are aiding the city officers in the hunt for the men.

MILLION BARRELS MARK IS PASSED IN OIL FIELDS

FIELDS IN IMMEDIATE VICINITY GIVEN CREDIT FOR 938,500 BARRELS

OCTOBER BANNER MONTH

Humble Oil and Refining Company's Serrien No. 17 is Showing Good For 1500 Daily.

More than one million barrels of petroleum was produced in the Texas Panhandle oil field during the month of October, the output being about one million and thirty thousand barrels, of which grand total the fields around

Wichita Falls produced 938,500 barrels, the balance coming from the Strawn and Corsicana fields and the wildcats. The Humble Oil & Refining Company's No. 17 on the Serrien farm has been drilled into the sand and is showing good for 1,500 barrels, although this well is not as yet completed. The sand was found at a depth of 1,125 feet.

Perkins and Snider No. 1. Another good well is expected to be brought in on the 35-acre lease of the Serrien farm, known as the Perkins & Snider No. 1. It is in the sand with a rich showing of oil, and the sand in the Harvey No. 12 on the Rule farm, also owned by Perkins & Snider, is in the sand and the showing for oil is good. Perkins & Snider expect two other completions during the week. These wells are in the Burk Burnett field.

In the Electra field the Denver Petroleum Company has completed its J. Ziet No. 1 at 1095 feet. It will make 25 barrels. Granger No. 1, owned by Morrison and others, is a 20-barrel well at 1014 feet depth.

The Magnolia Petroleum Company's C. Honaker is a 10-barrel at 2058 feet depth.

The Red River Oil Company's B. A. Eywaters No. 88 is good for 30 barrels at 1773 feet depth.

The Texas-Colorado Oil Company's Marsh No. 2 was a duster at 1110 feet depth.

Frank Cullinan's Bean No. 1 is said to have found a new sand at 600 feet depth and rated as showing 12 feet of pay. The latest information on this hole is that 20 barrels is being swabbed from it.

New Company Organized. The Sure Shot Oil Company was organized for the purpose of engaging in drilling shallow wells in the Burk Burnett field and will start operations at once on the James Dodson land south and east of the new refinery.

Casing is Jammed. The Colcott well in Young county is reported to have two joints of casing jammed in the bottom of the hole and it looks like they will have to be drilled out. This well is south of South bend on the Lindlyou ranch.

The Cosden interests of Tulsa, Okla., have blocked up about 5,000 acres of land south of Jernyn and north of Bryson in Young county on which test wells will probably be put down soon.

The Roxana Petroleum Company is also getting busy in the same territory.

Adams & Co.'s No. 1 on the Fredline farm is drilling in a hard formation at a depth of 1,492 feet.

Frank Kell's No. 1, on the Hiseman farm, blew up the calf wheel Friday afternoon and a new one was being installed Saturday so that drilling can be resumed Monday. The hole is 1,490 feet down.

The Inspiration Oil Company's No. 1, Hatfield, is down 1,792 feet. It is 1,600 feet to the bottom of the well being put down on the Edwards ranch by Haggood and others in the southeast part of Clay county.

The Acme Oil Company. The Ward & Todd farm, has a sand at 600 feet, which shows considerable oil. It is much better than the company's No. 1 at the same depth. It will be drilled deeper.

Brewer and others have material on the McClure farm for their No. 1. R. S. Allen and others are shut down on top of a sand at 1,520 feet on their Bashara No. 1 and are waiting for standard.

The Wichita Gas and Fuel Development Company have a salt well in their No. 1 on the West farm.

The Ruyke Farm Oil Company have the sand on their No. 16 on the west line of the farm.

The Alkins Oil and Gas Company's No. 1 on the Watkins farm, four miles northwest of Iowa Park, had a sand from 280 to 288 feet which covered the slush pit with oil.

Ed Prather is in Wichita Falls from Houston.

T. B. Hoffer of the Humble Oil and Fuel Company is back from Houston. Frank P. Cullon and Fred Kellehr are back from Jack county.

Louis C. Sikes of the Producers Oil Company of Oklahoma is in Wichita Falls today.

L. C. Heydrick has returned from Fort Worth. W. J. McCallister and J. W. Farabee are in Eastland county looking over the oil field.

Several evenings since, while returning from a duck hunting expedition with a party of friends, L. C. Heydrick shot and killed a coyote that appeared in the road ahead. Heydrick was very much elated over the experience, and he is having a taxidermist mount the varmint. It weighed 50 pounds.

Miller's Antiseptic Oil, Known As Snake Oil

Will Positively Relieve Pain in Three Minutes.

Try it right now for Rheumatism, Neuralgia, Lumbago, sore, stiff and swollen joints, pains in the head, back and limbs, corns, bunions, etc. After one application pain disappears as if by magic.

A new remedy used internally and externally for Coughs, Colds, Croup, Sore Throat, Diphtheria and Tonsillitis.

This oil is considered to be the most penetrating remedy known. Its prompt and immediate effect in relieving pain is due to the fact that it penetrates to the affected parts at once. As an illustration pour tea drop on the thickest piece of sole leather and it will penetrate this substance through and through in three minutes.

Accept no substitute. This great oil is golden red color only. Every bottle guaranteed: 25c, 50c and \$1.00 a bottle or money refunded at Miller Drug Store.

THIS CITY LEADS IN NAVY RECRUITS NEW REPORT SHOWS

Wichita Falls again heads the list of substations for navy recruits, sending eight recruits on last week's quota, and two for the coming week. There is an excellent chance for him to be at the top again next week, and a certainty of coming very close to it. Abilene, San Antonio, Sherman, Paris and Denison come in for the whip this week from headquarters, and the official instructions state that these towns are expected in future to send in more recruits, as they are holding back the whole district.

Last week saw a very curious coincidence in the matter of recruiting. Three boys, all from Hazleton, Ind., all born on the 13th of the month, enlisted on the same day. Another from the same town, had been waiting with much impatience for his eighteenth birthday, which he celebrated by joining the navy.

Orders have been received that the recruiting age limit for apprentices seamen has been extended to 30. So that now any man between the ages of 18 and 30, who is otherwise able to conform to the plans and specifications of the naval structure, is eligible for enlistment. Further than that, he is urged to enlist. The navy wants him in large quantities. It does not want, at present, however, any non-hospital apprentices, enlistment for this branch of the service being temporarily suspended.

The standing of the towns is as follows: Dallas, 12; Wichita Falls, 7; Waco, 4; Cleburne, 3; Fort Worth, Texas; Arkansas and Amarillo, 2; San Angelo, 1; Paris, Abilene, Denison and Sherman, 0.

Cases Set for Trial in Seventy-Eighth Court Next Monday

The following cases are set down for trial in the Seventy-eighth division of the district court on Monday, November 12: T. W. Parker against W. R. Arnold and others. The plaintiff was formerly editor of The Iowa Park Herald and is suing for damages on the allegation that his business was hurt by the defendants whom it is charged took exceptions on an item that appeared in the Herald.

Mrs. Bettie O. Miller against the Wichita Falls Traction Company, suit for alleged personal injuries.

S. J. Munger against H. W. Barton and others.

J. A. Kemp against H. W. Barton.

E. A. Mertens against Harry Heasley and others.

Negroes To Organize Red Cross Division of the Local Chapter

Organization of a negro division of the local chapter of the Red Cross will probably be undertaken at a meeting of the leading women of the negro

population Monday. These women, since there are a number of Wichita Falls negroes in various branches of the service, have felt moved to undertake some sort of patriotic work and have offered their services to the Red Cross. The local chapter will furnish instructors and assist them in the organization, if such is decided upon. It is believed that this branch will prove very valuable and the interest of the promoters promises a general participation of the negro women.

Real Estate Transfers. Max Knauth and wife to J. H. Turkett, two acres out of the Wm. P. B. Dubose survey; consideration \$1,000. W. R. McKenzie to Frank P. Compton, lot 80, block 7, and lot 42, block 5.

Gibson Oil Company's subdivision; consideration \$80. Anna and R. Landrum to W. C. and G. J. Brown, 272 acres out of the John Deck survey; consideration \$2,240. R. E. Huff to W. J. McAllister and G. J. Brown, part of lot 3, block 12, Southland addition; consideration \$110.

GALVESTON BRAKEMAN KILLED UNDER TRAIN

By Associated Press. Abilene, Texas, Nov. 10.—Harry S. Evans, a brakeman on the Gulf, Colorado and Santa Fe Railway, fell under a string of moving cars while switching in the yards here early today and was instantly killed. His home was in Galveston.

Y. M. C. A. LAUNCHES NATION-WIDE CANVAS FOR FUNDS

MILLIONS TO BE RAISED AT ONCE FOR WORK IN WAR

STRENUOUS CAMPAIGN IS UNDERWAY IN EVERY PART OF NATION

TO TAKE CARE OF MEN

Association Has Scientific Plan For Extending and Enlarging its Work at Once

New York, Nov. 10.—Plans for the nation-wide drive for the big fund which, through the Young Men's Christian Association, the needs of American soldiers and sailors will be met, have been announced at the international headquarters of the association in this city. The drive will begin tomorrow (Nov. 11) and will close Nov. 18. The sum to be raised is \$25,000,000 every state, city, town and rural district will contribute to the raising of the fund, the amount of which was fixed by a national conference recently held in this city, composed of representative men from all parts of the United States.

Not only will the comforts and care which the big fund will make possible be extended to America's fighters, but to the men of France and of the other allied nations with whom our troops will soon be fighting shoulder to shoulder. Every penny of the fund, it is announced, will be used in caring for the needs of the troops. The work will be done through trained men which the Young Men's Christian Association will provide.

Object of Fund. The object of the fund is two-fold: to provide comforts, care and recreation to the men in camp and thus to keep on the morale of America's fighting forces. This the military authorities and those who have visited the camps in France regard as of greatest importance to the success of American arms. The sudden change from domestic to camp conditions, the distance from home and the necessary rigorous routine, they say, call for a fund of care that the army authorities are not in a position to provide.

General Pershing in August, authorized the statement that the greatest service America could immediately render was to extend the Young Men's Christian Association work to the soldiers of the French army, tired and worn by their valiant and successful resistance to the repeated waves of Teutonic attacks. Anticipating similar conditions among our own troops, the Young Men's Christian Association began early in the war to prepare care for our soldiers and sailors. The offer of service the association made was accepted gladly by the government authorities, and hundreds of men, trained in Y. M. C. A. work, were soon in camp. There are now 2,000 of these men serving American soldiers and sailors. Many Y. M. C. A. men were called in the draft and shouldered their rifles since no man accepted for Y. M. C. A. work unless he has been exempted by the government, or whose name is so shown the list that he is not likely to be called for some time.

Y. M. C. A. Overwhelmed. With hundreds of thousands of men the draft called to the colors, the Y. M. C. A. was overwhelmed with work and responsibilities. From the camps came a cry for more help, not only from the soldiers themselves, but from the officers, who value the work the association renders. Accordingly, a national conference was held, and it was decided that not a cent less than \$25,000,000 would adequately meet the war needs confronting the association, for not only was there a call for help in the American camps, but from camps of allied nations as well.

Approving the work of the association, President Wilson, in an address to John R. Mott, general secretary of the national war work council of the Y. M. C. A., said: "May I not in view of the approaching meeting of the war work council, express to you the very high value I have attached to the work which has been accomplished by the Young Men's Christian Association in behalf of the prisoners of war and the men in the training camps of Europe, and may I not express also my sincere personal interest in the large plans of the war work council for the work which is still ahead of the association."

The point emphasized that while the sum to be raised is nine times as great as the usual total annual budget of all the Young Men's Christian Associations of the United States for their own work in this and other countries, yet not a cent of this war fund is to be used for anything but for the care of the fighting men of this and other allied nations. The Y. M. C. A. is pointed out, is only the administrative agent, and the organization which supplies trained men for the work.

The association, with the comparatively meager funds that it has had at its disposal has erected and equipped hundreds of buildings and scores of tents in the cantonments, camps, military and naval stations in this country. It has enlisted, trained and put into service upwards of two thousand secretaries, almost all of whom serve at marked personal financial sacrifice. It has also sent several hundred secretaries to France and England, following them with equipment and supplies. It has erected "huts" at the base camps of the American forces and in Paris, London and elsewhere, and has provided substantial quarters where both enlisted men and officers can find wholesome food and lodging under American supervision. In a word, the association has provided for the men "homes away from home."

To Extend Work. Now the association proposes to extend and enlarge its work, doubling the number of secretaries, buildings and equipment and furnishing the necessary supplies in the face of stead-

Y. M. C. A. WORK UNDER SHELL FIRE AND CARE FOR GERMAN PRISONERS

GERMAN PRISONERS OF WAR IN SIBERIA. AMERICAN Y. M. C. A. WORK IS CARRIED ON HERE

Y. M. C. A. WORKERS UNDER SHELL FIRE

The Y. M. C. A. is doing work all over the world. One of the illustrations shows the prison war camps at Irkutsk-Voeny-Gorodok, Siberia. The German prisoners here are looked after by the United States Y. M. C. A. workers. They also do good work under shell fire. The Y. M. C. A. on the British western front shows one of the typical Y. M. C. A. stations.

ily rising prices. It is announced that for this work among the men of the American army and navy in this country \$11,250,000 is needed. For work for American forces in France and England the sum of \$11,950,000 will be required. For work in the Russian army \$3,300,000 is asked; for work in the French army, \$2,649,000; and for work in the Italian army, \$1,000,000. High military officials in all these armies are calling for this friendly co-operation on the part of the American association. Added to this, 61,000,000 at least will be required for work in the prisoner-of-war camps and \$2,322,000 to provide for the inevitable expansion as evidence by the daily and almost hourly experience of recent months.

The members of the budget committee which recommended \$25,000,000 as the sum necessary to carry this enterprise until July 1, 1918, are as follows: Cyrus H. McCormick, Chicago, chairman; George W. Perkins, Arthur Curless James and Cole Du Pont, New York; F. W. Ayer, Philadelphia; William Cooper Proctor, Cincinnati; George Warren Brown, St. Louis; Samuel Mather, Cleveland; George Wharton Pepper, Philadelphia; Harold J. Pratt, New York; W. Averill Harriman, New York; H. H. Leland, Detroit; John Sherman Hoyt, New York; J. L. Severance, Cleveland; and W. M. Kingsbury, A. C. Bedford, J. N. Jarvie, William Sloane, Cleveland; H. Dodge, John E. Mott, all of New York. Members of the ways and means committee appointed are: L. C. Cross, Boston, chairman; R. A. Long, Kansas City, Mo.; Ralph W. Harrison, Pittsburgh; Robert Garrett, Baltimore; K. E. Olds, Lansing; John J. Egan, Atlanta; Burke Baker, Houston; Geo. W. Marston, San Diego; F. J. Cooper, Minneapolis; J. H. Scott, Chicago; John Stewart Bryan, Richmond; W. H. Crosby, Buffalo; William M. Kingsley, New York; C. S. Ward, New York; J. W. Messer, Chicago; O. E. Brown, Nashville; Fletcher S. Brookman, New York; John W. Ross, Montreal; Fred Eldridge, New York and L. L. Pierce, San Francisco.

Thanksgiving Service Will Be Arrange for By Pastors This Week

Arrangements for the annual union Thanksgiving service for the churches of Wichita Falls will be made at a meeting of the Ministerial Alliance to be called by the president, Rev. N. F. Grafton, on Tuesday or Wednesday of this week. The observance is expected to be a combined prayer for the safety and success of the allies and thanksgiving for the success and blessings of the past year, in keeping with the president's proclamation.

WEEK'S BANK CLEARINGS SHOW SLIGHT INCREASE
Bank clearings last week show a slight increase, the figures being: Last week \$978,767.17, previous week \$957,443.88, increase \$21,323.29.

What Society is doing

THE COMING WEEK'S SOCIAL CALENDAR

MONDAY: Meeting of the various church societies as announced elsewhere in these columns.

TUESDAY: The Wesley Girls will meet with Mrs. H. A. McCarty. The W. C. T. U. will meet at 7 o'clock at the home of Mrs. J. W. Akin, 1205 Burnett; business session, all members urged to attend.

WEDNESDAY: The Art Literature Club, the Delphian Society and the New Century Club will all meet at the Red Cross rooms. The New Area Club will meet with Mrs. J. H. Simmons.

Thursday: The Merry Matrons will meet with Mrs. W. D. Giant at the home of Mrs. G. C. Haley. The Thursday Bridge Club will play with Mrs. Walter Robertson.

FRIDAY: The Pathfinder Club will work at the Red Cross rooms. The Floral Heights 42 Club will meet with Judge and Mrs. P. A. Martin. Mrs. W. W. Brown will be hostess to the General Crochet Club. The Unity Club will meet with Mrs. J. A. Kemp.

SATURDAY: The Library Association will meet at the M. E. Church, South at 3 o'clock.

were entertained throughout the day at the home of the bride's parents, Mr. and Mrs. Fred Litteken, dinner and supper being served. After a visit of about two weeks with relatives here Mr. and Mrs. Wilken will go to Bridgeport, Mo., to make their home.

The bride is a daughter of Mr. and Mrs. Fred Litteken, for about a year well known resident of this section. She studied at the Academy of Mary, immaculate and has many friends throughout this section. The groom is also well known, locally and the numerous friends of the young couple will unite in congratulations and good wishes for the future happiness and prosperity.

ALAMO PARENT-TEACHERS MEET FRIDAY AFTERNOON

The Alamo Parent-Teachers' Club met Friday afternoon with Mrs. J. W. Culbertson presiding and Mrs. Harris conducting the devotional. The club was first entertained by the kindergarten class. They sang a number of songs, then Miss Elmer Pittman sang "Don't Bite the Hand That's Feeding You," with the class singing the chorus. This part of the program was attended with hearty applause. During the business session the club decided to sell Red Cross Christmas seals for the benefit of the Red Cross; decided upon a course of study to be prepared by the program committee once a month and discussed ways and means of raising money.

SIGNING CHRISTMAS PLEDGES EARLY IS NOW URGED

Now, it's not, "Do your Christmas shopping early," but "Sign your Christmas giving pledge early." The New Century Club has headed the movement for women and girls to pledge themselves to get Christmas presents only to members of their family, the needy and the soldiers, and the club as a body has signed the pledge. Mrs. W. W. Silk is in charge of the pledge signers' list and those who will sign this pledge and put their name on the honor roll will please call her at 1118. Lists of those signing will be published from time to time.

MISS KENNEDY ENTERTAINS FRIENDS FRIDAY NIGHT

Miss Birdie Kennedy entertained a number of friends Friday evening at the Huey home, a short distance north of the city. The lawn was illuminated and the young people enjoyed numerous games until a late hour, when refreshments of hot chocolate, cake and fruits were served. Mrs. W. N. Hawley chaperoned the party on their trip to the Huey home, and those enjoying the hospitality of Miss Kennedy were: Misses Ruby Kessler, Elizabeth Polson, Annette Humphries, Myrtle Hudson, Kattie Huey, Messrs. Herbert Zorn, Charles Milliron, George Woods, N. B. Rawley, Abe Arnett, Barnstiel, Gus Burns and Monroe Huey.

JEANNETTE WALKER HOSTESS TO FRIENDS FRIDAY

Little Miss Jeannette Walker entertained her small boy and girl friends Friday afternoon with a lawn party at the home of her parents, Dr. and Mrs. Wade Walker, 1561 Tenth street. The small people played until late in the afternoon, when refreshments of ice cream and cake were

served to Virgie Mae Adams, Camille Ayva, Virginia Barron, Mildred Miller, Mildred Sherrod, Katherine and Ella Potter Weeks, Elizabeth L. Ford, Eleanor Walker, Mary Delaney, John Woods, Mildred (Giddens), Home Matson, Ar. Theizing and Jay Fisher, Helen Bullitt, Lucille Hund and Mary Broedlove, Masters Eugene Sherrod, Kemp Maer, Mack Thomas, Mark Walters, Richard Delaney, James Guest, Ralph Harvey, James Mark Fruthro and Edward Gohlke.

WICHITA CAMPFIRE GIRLS TAKE HIKE SATURDAY

The Wi-Chi-Ta Campfire Girls, with their guardian, Mrs. Ross Corlett, went for a hike up the Wichita Falls on Friday morning. During the day the students of first aid had an opportunity to demonstrate their skill when one of their number, Irvin Mason, happened to a very slight accident. For dinner the girls toasted apples, bread, marshmallows and waffles. The party included Misses Mary Drake, Mary Maupin, Grace Albritton, Angie Noe, Denver Russell, Grace Hart, Lillian Brown, Elizabeth Smith, Sibyl Thornberry, Idella Edwards and Mary Underwood.

NEW OFFICERS OF THE BAPTIST WOMAN'S ALLIANCE

The list of new officers for the Baptist Woman's Alliance has been completed. The executive and division leaders who will serve for the coming year are: Mrs. E. W. Carter, president; Mrs. R. C. Smith, vice president; Miss Cora Phillips, secretary; Mrs. A. W. Eichenberger, corresponding secretary; Mrs. W. L. Robertson, treasurer; Mrs. J. J. Lory, auditor; Mrs. W. N. Bazzinger, Mrs. R. H. Hall, personal service chairman; Mrs. J. C. Lewis, Y. W. A. leader; Division No. 1, Mrs. J. D. Peeler; Division No. 2, Mrs. J. L. Maxwell; Division No. 3, Mrs. J. G. Pressley; Division No. 4, Mrs. A. C. Trawcek; Division No. 5, Mrs. H. M. Young; Division No. 6, Mrs. E. J. Harrison; Division No. 7, Mrs. W. R. Little; Division No. 8, Mrs. J. L. Foushee; Division No. 9, Mrs. J. L. Jackson; Division No. 10, Mrs. James Newland; Division No. 11, Mrs. M. M. Walker; Division No. 12, or Walnut Street Mission, Mrs. J. C. Duncan.

BAPTIST BIBLE CLASS ENJOYS SOCIAL MEETING

The Woman's Bible class of the First Baptist Church was entertained in pleasant social session Friday afternoon by Mrs. W. L. Ponder. There were a number of guests present, including Miss Mears of Menard, Mrs. Robertson, Hall, Knowles, Muller, Colquitt, Little and Powers. These, with the members, enjoyed the informal program of a vocal music and readings by Mrs. Robertson, Cook, Eichenberger and Davis. Miss Ina Ponder gave pleasant piano selections. A contest supplied additional entertainment. Refreshments of ice cream and cake were served.

MRS. J. C. HUNT HOSTESS TO UNITY CLUB

The Unity Club met Friday afternoon for their regular study with Mrs. J. D. Hunt as hostess. Mrs. P. P. Langford led the lesson on "Ralph Waldo Emerson," and the informal program of a vocal music and readings by Mrs. Langford, Cook, Eichenberger and Davis. Miss Ina Ponder gave pleasant piano selections. A contest supplied additional entertainment. Refreshments of ice cream and cake were served.

OPEN HOUSE FOR JUDGE BARWISE TUESDAY EVENING

Tuesday, Nov. 12, Judge J. H. Barwise will celebrate his eightieth birthday, the observance to consist, as usual, of a family dinner at the noon hour at the home of his daughter, Mrs. A. H. Carrigan, and an open house in the evening. For years the judge's birthday has been celebrated in this manner and each year his many friends, old and young alike, have found much pleasure in the informal open house. The children of the judge, with several of the grandchildren, will attend the dinner and Mrs. Carrigan extend a cordial invitation to all their friends and friends of their father to call at any time Tuesday evening.

PATHFINDER CLUB SHOWERS TWO CLUB BRIDES

The Red Cross work of the Pathfinder Club was interrupted Friday for a short time while Mrs. Alfred Fine an August bride, was showered. The wedding coming while the club was disbanded for the summer, this was the first opportunity for the courtesy to this popular member, and at the same time the club remembered another of its number, Mrs. Dan W. Murphy, who last month married Lieutenant Murphy and is now at Camp Bowie. The shower gifts for the army bride were sent by parcel post and with them the best wishes of the club. The shower was held at the Red Cross rooms, preceding the business session, and after a few minutes of chat the club members took up their bandage making as usual. The members present were Misses Emma Smith, Myrtle Pipes, Mmes. Waggoner, Fine, Gracey, Bell, Willis, Beckmar and Burns, de.

Wichita County Near Maximum Quota for War Liberty Fund

Wichita county fell just a little over \$200 short of the maximum quota of \$2,000 for the war liberty fund, according to the final figures announced by Mrs. T. B. Smock. This was due to the fact that Electra failed to reach her maximum, though it did raise the minimum. Electra was the only town in the county not to reach the maximum. Wichita Falls' final subscription was \$1,352.50, Electra subscribed \$209.51, Burkhornett \$225.50, and Iowa Park \$100.

The Knights and Ladies of Security will give a dance next Tuesday night, the 13th. Admission 75c. Ladies free. Every one will be requested to show their invitation. 155 4tc.

WITH THE WOMEN OF THE CHURCHES

The Guild of the Good Shepherd will meet next Monday afternoon at the chapel.

The Ladies' Aid of the First Methodist church will meet in circles Monday afternoon. Circle No. 1 will meet with Mrs. A. E. Anderson at 3 p. m. Circle No. 2 will meet at 1 o'clock at the home of Mrs. J. J. Simon to quilt and Circle No. 3 will meet with Miss Baby Bachman at 3 o'clock.

The Woman's Alliance of the First Baptist church will meet Monday afternoon in separate divisions. All divisions to meet at the church with the exception of Nos. 4 and 5, which will meet at the home of Mrs. V. E. Stampff, 1618 Tenth. Mrs. Shepherd's division will entertain the members of Mrs. Lory's division.

The First Christian Ladies' Aid will meet in important business session at the church Monday afternoon.

LITTEKEN-WILLEN WEDDING TAKES PLACE WEDNESDAY

Wednesday morning at 8 o'clock the nuptial mass uniting Miss Sophie Litteken in marriage with Bernard Wilken of Bridgeton, Mo., was celebrated at the Church of the Sacred Heart, Rev. Father Rhiniface officiating. There were a large number of guests present for the ceremony. The bride wore a beautiful crepe de chine robe lace trimmed and her bridal veil was caught with a wreath of orange blossoms about the head. She carried a prayer book. Her maid of honor, Miss Anna Wilken, sister of the groom, wore a pink silk frock. The groom was attended by Anton Litteken, brother of the bride. The guests, about 70 in number,

Cox will speak. You will miss a message, if you fail to hear Judge Cox. Mrs. George Thorburn will sing a solo, the choir will sing a special anthem, Mess Cook, the organist will play. At the evening service Rev. George S. Wyatt, of Hereford, who is visiting his daughter, Mrs. S. Barnes, will preach. Come, bring your friends. The Epworth League, er, Wayne Somerville, "Worth While Results of Seeking God." Mrs. A. H. Masters, "Worth While Institutions." Drake. "The Master's Scale of Val-

MARMON 34

The MANY-YEAR CAR

The newer cars are showing strongly the influence of Marmon scientific construction and long, low design. The Marmon 34—now well in its second year—is unequalled by cars of this class for tire and gasoline economy, light weight, balance, ease in starting and stopping, rapid acceleration, and luxurious comfort at all speeds.

Except for a few mechanical refinements, this year's Marmon 34 is last year's Marmon 34. By the simple process of changing the color the Marmon owners of 1916 become possessors of cars as beautiful and efficient as the buyers of 1917. It is worth much to own a car that does not put you to the necessity of buying another model each year to keep in vogue. That should not be necessary. With a Marmon it is not. We will welcome your request to ride or drive in this car over any stretch of road you select.

Announcing The OLYMPIAN

"The Most Beautiful Car in America"

THREE DISTINCT TYPES

5-Passenger Touring 4-Passenger Speedster 4-Passenger Gypsy Roadster
OPTION OF FIVE COLORS

The experienced motorist is wise. He knows that now a car of ample Speed, Power, Strength and Beauty, to meet all his requirements, can be built to sell under \$1000. But, the temptation of manufacturers to slight the quality and make the "long profit" has heretofore forced him to avoid this "middle way." He has bought the "cheap" car that don't pretend much of the "expensive" car that charges a big bonus for prestige. The former gave no "class" and the latter no "economy."

WE SOLVED THE AUTO ECONOMY PROBLEM FOR OWNERS

General distribution of THE CAR OLYMPIAN has been awaited by wise motorists. Its specifications are a guarantee of low gas and oil consumption, low maintenance, durability, easy control and freedom from accidents. THE CAR OLYMPIAN has, too, a distinctive style beauty that jumps it at least three notches above its price class. THE CAR OLYMPIAN has both indicated and proven worth. The stability and dependability of its well-known parts have been demonstrated by two years' owner tests—by performance under official observation—on street and road and hill—where it has outclassed cars of far higher price and greater claims. Motoring America has long looked forward to this time—the advent of THE CAR OLYMPIAN.

They know that in such a car lies real economy. But mechanical excellence is not the only requirement of the particular owner. He demands of his car an individuality of style—distinctiveness of appearance. Given a reliable, economical chassis he is unsatisfied unless the body lines, finish, fittings and upholstery please the senses. He looks at THE CAR OLYMPIAN and is satisfied. It appeals to his artistic eye. The DESIRE of ownership is inspired by the PRIDE of ownership. THE CAR OLYMPIAN is the car of correct proportions and performance and price.

UNUSUAL ITEMS OF EXTRA EQUIPMENT

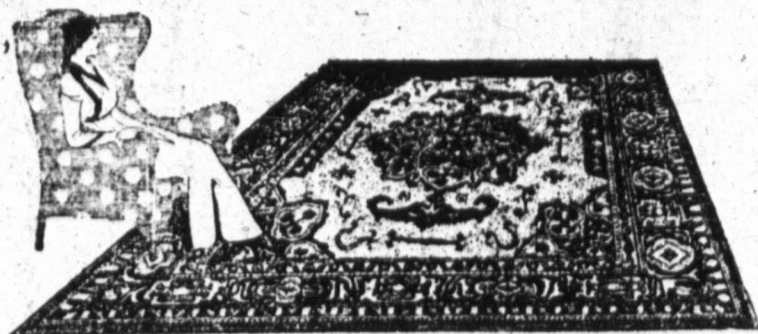

The Car Olympian FULLY EQUIPPED. A roadster of its regular, special and extra equipment reads like the specifications of cars costing twice its price. The Car Olympian has, without extra charge, Auto-Lite Starting and Lighting System, Four-Tumbler Ignition Lock, 6-80 storage battery, improved one-man top, quick-adjustable storm curtains, ventilating, sloping windshield, tire carrier, spotlight, bumper, motometer, oil indicator, dash-light, ammeter, speedometer, carburetor control, electric system switch, electric horn with button on steering wheel, robe rail, foot rest, door pockets, top cover, spare rimholder. COMPARE THIS EQUIPMENT WITH THAT OF ANY OTHER CAR ON THE MARKET.

We invite you to come and see this car now and we will be glad to give you a demonstration at your convenience

Wichita Mill & Elevator Co. WICHITA FALLS, TEXAS.

GAS ROW SHOWS BRISK BUSINESS THROUGHOUT WEEK

WHOLESALE BUSINESS IS AGAIN REVIVED AND RETAIL TRADE IS GOOD.

BIG PACKARD DELIVERED

Many Secondhand Cars Change Hands While Orders to Factories Are Also Reported.

Gas Row was brisk again last week, and sales aggregated nearly sixty. Retail sales totaled thirty-one reports and there were three or four sales unreported. Wholesales were fair—better, in fact, than the average for the past several weeks, and secondhand dealers showed more life than for some time.

A. W. Phillips, who was general manager for the McMullen Auto Company for some time, has taken a similar position with the Willis Car Company. Mr. Phillips is well known as a considerable ruster, and one of the most successful salesmen in this district.

Packard Deliveries. Perhaps the most notable delivery of the week was R. O. Harvey's Packard brougham. This is a \$6,000 proposition, and one of the handsomest equipments in town. Indeed, there are few better looking cars to be seen in the large cities. E. E. Sanders has some new model "chummy roadsters" of the Franklin make on hand. This is a very smart turnout, carrying four passengers, both front and rear seats being accessible through the same door.

The Motor Supply Company has an route \$10,000 worth of Ford parts, while are expected this week. The house reports sales to the Wichita Produce Company, J. B. Whitman, E. L. Shv, Charles R. Little, the Panhandle Refining Company and W. B. Hamilton, besides six sales from the Burk Burnett house.

The Excelsior Motor Company sold Cadillac cars to T. W. Zeigler, and W. A. Freear, besides three secondhand cars. Lloyd Weaver delivered R. O. Harvey's Packard brougham and three secondhand cars. The Motor Auto Company sold a Denby truck to Mr. Kennedy at Burk Burnett.

Consumers Make Deals. The Consumers' Cash Company made wholesale deals with C. R. Ballew-Bowle (five cars); Sloan-Theford, Olney (one car), and W. S. Husted, Newcastle (two cars); two retail sales to W. V. Smith, Stoneburg, and the Wichita Produce Company and two secondhand sales. All were Saxon cars. The S. Bonrod Auto and Wholesale Company sold a Chalmers to J. Duke and one secondhand car.

The Overland Company report one wholesale deal to the Jefferson-Overland Company, Hastings, Okla., as one secondhand car. This house is short of cars.

H. F. Wertz, who has had the Hummobile agency for the past five or six weeks, and has recently taken over the Stewart truck agency, reports the sale of a two-ton truck to J. H. Goole at Petrolia, as done Hummobile as last week's business.

The McMullen Auto Company reports retail sales to C. O. Willard, Dr. F. A. Block, J. G. Whitley and wholesale deals to Joe Cross at McGargle, one car, and the Works Auto Company at Vernon, four cars. A carload of Maxwells were unloaded last week.

Dodge Cars Sold. McFall & Orsh sold Dodge cars to Reese Allen, Electra; T. H. Coffey, Newcastle; G. D. Kahn, and N. H. Martin, city.

Chennutt & What sold a Kissel truck to Perkins & Crites, city; a Mitchell chummy roadster to Wade Smith, city, and a Kissel car to E. J. Hubbard, Verden, Okla. Mr. Wheat

left Friday for Kansas City, where he will visit his motner and transact some business. The Staley Motor and Supply Company sold Buick cars to J. W. Maxwell, T. W. Arvis, Burk Burnett; J. V. El-

pins, Bandlett, and I. A. Elliott, city; besides two secondhand cars. Stop by on your way home for Edison Mazda lamps. Nuhn Electric Co., 816 Indiana. 150 tlc.

Real Estate Transfers. R. E. Huff et al to W. J. McAlister, part of lot 9, block 12, in Southland addition; consideration \$550. W. M. Priddy to H. B. Patterson, undivided half interest in lots 1 and 2,

block 59, Floral Heights addition; consideration, \$350. Nuhn Electric Company, successors to Stokes Electric Co., 816 Indiana. Telephone 837. 150 tlc.

Oldsmobile SETS THE PACE 20th Year

THE comfort, power, body design and coachwork of this Oldsmobile Model 45 meet every desire of the experienced motorist—at a price several hundred dollars below any comparable value in a motor car.

Its comfort is a revelation; the underslung long rear springs combined with the deep, double-tiered springs of the upholstery, give riding unexpected smoothness and ease. Exceptional roominess and carrying capacity of the body come from the economy of space in the use of the compact, V-type motor.

The 8-cylinder motor delivers one horse power to every 51 pounds of car weight—a ratio so high as to assure more than ample reserve power for every emergency of the road.

Remarkable flexibility, fascinating smoothness of over-lapping power impulses and freedom from

vibration—all characteristic of 8-cylinder construction—are perfected to the highest degree. Its quick "get-away" and spirited "pick-up" at any speed, together with elimination of frequent gear shifting, gives Oldsmobile driving a real zest that is devoid of drive strain. Yet the gasoline consumption is unusually low—even as compared with less powerful cars.

Oldsmobile country-wide system of service stations and the generous full year guarantee are added insurance of complete owner satisfaction.

And the price of this car is only \$1467.00, f. o. b. Lansing.

RED CROSS WANTS THOUSAND WORKERS AT HALL EACH WEEK

STATEMENT OF SUPPLIES FOR WEEKLY SHIPMENT IS ASKED OF LOCAL BOARD.

DRESSINGS ARE NEEDED

Desperate Need Abroad is Emphasized in Cable Sent to America Recently From France.

"We must have 1,000 workers a week at the Red Cross hall. Are the women of Wichita Falls big

enough to put aside everything, if necessary, and devote their time to supplying the surgical dressings which this chapter will have to supply if we are not to be ashamed of our work and possibly have our patriotism doubted?"

This is the question asked by the local board which has just had a call for a statement of supplies which the chapter will contract to ship weekly. The urgent cablegrams from the fighting front in France accentuate the great need for surgical dressings, saying that the situation is critical, that the lack of dressings in sufficient numbers will mean suffering and death not only to the allies but to soldiers from the United States, perhaps boys from this town.

Cablegram is Sent. Mayor Grayson Murphy has just sent the following cablegram to national Red Cross headquarters in Washington, from France:

"The Red Cross has direct responsibility of supplying us with surgical dressings and nothing in the whole situation here is equally important. Red Cross standard dressings in millions must be sent over here with all possible speed. If this is not done and done immediately, a serious calamity and national disgrace is inevitable. The American women who compose

the Red Cross chapters should prepare with all the enthusiasm and speed possible the dressings which are going to mean life or death to our men. This whole question deals with the most vital thing that the women of America can do for the soldiers in this war."

Included with the cable is the call from the southwestern headquarters that Wichita Falls chapter increase its output very materially. The letter reads in part: "Latest advices from abroad emphasize the desperate need of immense quantities of surgical dressings and hospital supplies. Shipments are being made on every boat that sails and have been for many months. Every inch of shipping capacity available is being utilized for the purpose."

Red Cross Supplies Hospitals. "Our own men are now in the casualty list, but apart from all this, the Red Cross is supplying 3,432 military hospitals. In addition we must build up a large stock ahead for future emergencies."

The board is anxious that the question be brought home to Wichita Falls women. The entire matter of supplying the hospitals in the field with dressings, which mean life to wounded men, is in the hands of the women of America, working through the Red Cross. Wichita Falls women have the

same responsibility as women of other cities. There are boys gone from this city, some may be in France now. The fortune of war means that inevitably some will be wounded and die. The casualty lists which will have to come back will bring sorrow to local homes, but the sorrow must be intensified if the women have not the self-consolation of knowing that they have done what they could in making hospital supplies at home. The work of one afternoon of one woman may mean life to a wounded American boy in France.

Workers Seem Decreasing. In the face of the demand for increased production the local chapter reports a falling off in workers during the past month. On Oct. 19 five boxes of hospital garments and one box of surgical dressings were shipped. This represented the work of the chapter for one month. This month there has been no shipments and the attendance of workers at the supply hall has so decreased that the shipment will not total one box of hospital garments and one box of dressings. "This is appalling," said one of the officers. "The women are not yet awakened to the vital necessity of the work. The national headquarters says: 'Many wounded may die unless American women make whatever sacrifices

are necessary to largely increase our production.' This is urgent and important. We need at least 1,000 workers a week. We must have them. Will the women continue with their pleasures while they read of the hardships and sufferings our American men are facing. Make sacrifices now, if giving up for a time club or other social activities means sacrifices in order you may be spared sorrow of the deepest dye later. This war is a serious thing, the women do not seem to fully realize it and to end it as quickly as possible we must bend every energy and force of the nation to that end. Women of Wichita Falls, don't let this appeal be read in vain; promise, if you are not already at work, to commence this week and give at least two hours a week. Don't let Wichita Falls fall in the one thing which has been left to the women!"

Oklahomans Pay Visit To Burkburnett Field To Inspect Adkins Well

Edwin V. Polky and wife came in from Minco, Okla., late Friday afternoon, accompanied by a large party of citizens of and around Minco, who are prospective investors in the stock of the Adkins Oil Company, of which Charles Trammell is the local manager. The party, accompanied by Mr. and Mrs. Polky and Manager Trammell, left early Saturday morning for the Burkburnett oil field to inspect the properties of the Adkins Oil Company.

Following is the personnel of the Oklahomans who made up the party: C. Ferguson, E. S. Nash, H. Eden, H. Knippheimer, John Loeblil, R. R. Huma, S. S. Merwin, H. E. Bort and wife, A. A. Schafer, F. C. Boeset, G. W. Bernmeister, J. C. Miller, F. R. Roberts, A. E. Mahon, A. T. Brown, F. W. and E. V. Call, John Taylor, Charles Bethmann, W. C. Marsch, C. W. Brant, C. P. Thompson, L. E. Buchanan, W. J. Condra, A. Pappis, W. H. Conner, H. H. Thompson and W. B. Helborn.

School Districts Will Be Given Stimulus To Have Many at Meeting

Special to The Times. Woodward, Okla., Nov. 10.—To stimulate extra attention on the importance of good roads and to crystallize interest in the first annual convention of the Star Highway Association in Woodward, Thursday and Friday, Nov. 15 and 16, the Chamber of Commerce will give a \$50 Liberty Bond to the school district sending the greatest number of representatives, men, women and children, to the convention, Friday, Nov. 16, provided, however, that the number must come from a rural school district within Woodward county.

Those living within the incorporated towns are not eligible to entry in this contest. The Chamber of Commerce takes this occasion to demonstrate its loyalty to the great administration of the United States and offers in this prize a certificate which cannot be questioned, and one that will doubtless be greatly esteemed by every participating in the successful contest.

The requirements in connection with this contest is that all school districts participating must register at the Central park in Woodward, not later than 11 o'clock in the morning, Friday, Nov. 16, where facilities will be offered for such registration. Let all those who aspire to capturing this \$50 act promptly.

You'll need all your lamp sockets filled with Edison Mazda lamps for the winter. We deliver and install. Nunn Electric Co., Telephone 337. 150 (1c

Improved Type USL Starting and Lighting Batteries—"extra heavy duty"—equipped with their marvelous USL machine-pasted plates are guaranteed to outlast any other starter battery ever built.

Huckster Is Charged With Violating Local Option Law of State

J. M. Brown, a huckster, was arrested Friday night by Sheriff George Hawkins and Deputy Sheriff R. Spiller, six miles west of Burkburnett and placed in jail on a charge of violating the Texas local option law.

"Brown" stated Sheriff Hawkins "had a locker underneath the seat of his vehicle, and from this we took several pints of liquor."

LOYD WAGLEY IS SENT TO STATE PENITENTIARY

Lloyd Wagley was removed from the county jail here Friday afternoon and started on the journey to the state penitentiary at Huntsville, where he is to begin serving a term of ten years, having been convicted at the September term of district court here for having committed a statutory offense.

You'll need all your lamp sockets filled with Edison Mazda lamps for the winter. We deliver and install. Nunn Electric Co., Telephone 337. 150 (1c

Fair Treatment

Do You Realize the Size of Texas?

YOU know Texas is the largest state in the Union; but do you realize that it is one-twelfth the area of the United States, and 100,000 square miles larger than the second largest state; and that every United States citizen might own almost two acres in Texas?

By the same token, you probably do not realize Goodrich makes more than 4,000 different rubber products.

But you do know Goodrich makes tires, the world's standard and pattern for tires.

GOODRICH

BLACK SAFETY TREADS

Are tires built from the lessons taught by the Goodrich Test Car Fleets.

Millions of miles ground out under the Cars of the Test Car Fleets in widely different regions of our nation, have taught the lasting strength of the *Unit-Mold, Unbroken-Cure* body of these matchless fabric tires.

"America's Tested Tires" only give you the benefit of the lessons of the Goodrich Test Cars.

"Best in the Long Run"

FEATURE FILMS OF WEEK

"Experience" the big spectacular production which comes to the Wichita Theatre this week for a Saturday matinee and night performance...

THURSDAY: Dustin Farnum in "The Spy" at the Empress. Jack DeWitt in "Graters" at the Majestic. British War pictures at the Gem.

FRIDAY: June Elvidge and Arthur Ashley in "The Guardian" at the Majestic. Marrie Walcamp in "The Red Ace" at the Gem. Dustin Farnum in "The Spy" at the Empress.

SATURDAY: Pearl White in "The Fatal Ring" at the Gem. Mary Miles Minter in "Charity Castle" at the Majestic. Edward Earle and Betty Howe in "For France" at the Empress.

"EXPERIENCE" AT WICHITA NEXT SATURDAY. "Experience" George V. Hobart's modern morality comedy drama of today, telling the story of youth—the average young man of today—in his fight with the world...

Chance, who runs the gambling house, but Youth's last cent is lost to the merry click of the roulette wheel.

FRIDAY: June Elvidge and Arthur Ashley in "The Guardian" at the Majestic. Marrie Walcamp in "The Red Ace" at the Gem.

SATURDAY: Pearl White in "The Fatal Ring" at the Gem. Mary Miles Minter in "Charity Castle" at the Majestic.

"EXPERIENCE" AT WICHITA NEXT SATURDAY. "Experience" George V. Hobart's modern morality comedy drama of today...

"THE FIGHTING TRAIL" AT THE GEM MONDAY. A thrilling escape from certain death in a flaming hacienda surrounded by armed bandits...

allies. William Duncan, who directed the picture, is the young engineer, and the rears of physical danger these two perform in the filming of this wonderful production sets a new record in screens.

APPEALING INCIDENTS IN BRITISH WAR PICTURES. His hair was black and tousled and his eyes were as merry as only a youth's of 18 can be...

JACK PICKFORD STARRED AT EMPRESS WEDNESDAY. Jack Pickford, the strenuous young Paramount star in "The Fighting Trail"...

DOUGLAS FAIRBANKS AT THE EMPRESS MONDAY-TUESDAY. A special treat is in store for the many admirers of Douglas Fairbanks in his newest Arctur picture...

BESSIE BARRISCALE AT THE MAJESTIC MONDAY. "Wooden Shoes" will be the feature attraction at the Majestic Monday. Here is a comedy drama in which Bessie Barriscale appears to the best advantage...

The National Verdict Is: "Goldwyn Has Made Good"

GOLDWYN PRESENTS MAE MARSH

Polly of the Circus

BY MARGARET MAYO. At the very top as an artistic achievement—containing all the refinements and dramatic values, and all of the elements of popular appeal that should be embodied in "The Perfect Picture."

Mae Marsh in "Polly of the Circus" Goldwyn Pictures

NEW YORK TRIBUNE: There is only one criticism of "Polly of the Circus." It is going to make us all dreadfully dissatisfied with the usual photography. Goldwyn's first production is a picture of wonderful charm and power.

NEW YORK GLOBE: "Polly of the Circus" is leagues ahead of the average picture. Mae Marsh possesses all of her old-time appeal.

MAJESTIC THEATRE 15c-10c-5c TUESDAY 15c-10c-5c. POLLY OF THE CIRCUS, the first of GOLDWYN Pictures is in eight reels, coming to the

Empress Theatre MONDAY and TUESDAY Douglas Fairbanks "The Man From the Painted Post" This story was written by Mr. Fairbanks himself, assisted by his scenario staff. It is based on Jackson Gregory's recent magazine story "Silver Slippers."

EMPERESS THEATRE THURSDAY and FRIDAY DUSTIN FARNUM "THE SPY" Presented by William Fox and directed by Richard Stanton and in class with "THE HONOR SYSTEM."

WOODEN SHOES at the Majestic Monday. A special treat is in store for the many admirers of Douglas Fairbanks in his newest Arctur picture.

Wanted To Buy Second-Hand Furniture and Stoves!

Star Furniture Co. Phone 1011

BE READY FOR THE COLLECTOR

Receiving Want Ads by telephone is the final detail in making the Times Want Columns promptly and perfectly useful to the readers.

Telephone ads cost no more in money—and less in time—but the Times must employ collectors to follow the phone.

The best accommodation of receiving by phone should be encouraged by always being ready for the collector.

DON'T LET HIM CALL THE SECOND TIME

If you have a room to rent, a house to rent, a farm for sale, or if you want to buy an article, whether new or second-hand, you should use the Times' Want Ad Columns daily.

Wanted ads are one cent a word for the first insertion and half a cent a word for subsequent successive insertions. No want ad taken for less than fifteen cents and no ad taken to run three times for less than 45 cents. In giving in Want Ads PHONE 1011.

OLD MATTRESSES MADE NEW.

A faulty uneven Mattress makes a good night's sleep impossible. Let us make over any such mattress you may have in mind. We'll return it to you, not just as good but better than it was when you bought it new. And as to our own special make, we will not only guarantee its substantiality, workmanship, but guarantee you a good night's sleep, if it takes only a comfortable mattress to induce it.

DEFENSE COUNCIL ISSUES BULLETIN ON FOOD AND FEED

TRANSPORTATION, RECRUITS AND SPIES ARE ALSO BEING DEALT WITH.

The eighth bulletin issued by the State Council of Defense has been received by the local secretary, T. K. T. Orth. It deals with food, feed and fuel, transportation and recruits for the aviation department and spies. The text of the bulletin follows:

"To the various councils of defense—First—A great many sections of the state need food and feedstuffs, and will desire to know where the same may be purchased to advantage. We ask your local council to please get in touch with your people and if they desire to buy corn, oats, hay, wheat, or, in fact, anything necessary in this state, we believe that you will find assistance in furnishing information where it can be obtained at reasonable prices.

"Second—The Council of National Defense at Washington makes the following suggestions with reference to economy in shipments by railroads, substantially: Buy at the nearest market where prices do not prevent it, load car to fullest capacity, bunch your orders so as to make full carloads where you do not order as much as a carload for yourself, and unload cars promptly, have shipments ready when cars come, and unload cars on the day of arrival if possible; ship by direct route and do not change shipping destination where it can be avoided; let your loading and unloading correspond where possible with the arrival and departure of trains. Please take this up with your big shippers and obtain their co-operation and cooperate with them where necessary in obtaining cars.

Recruiting Authorized. "Third—Recruiting has again been authorized for the aviation section of the signal corps. It is desired to obtain as rapidly as possible 25,000 to 30,000 men for this corps, and men who are qualified as electricians, sail makers, carpenters, cabinet makers, automobile repair men, chauffeurs, internal combustion engine experts,

It's Just A Little Over A Month Until Christmas

We are as busy as we can be receiving and marking new goods and preparing for the Holidays YOUR DESIRE TO GIVE

Christmas gift giving is so well established that none of us would forego the pleasure which the custom provides. The greatest gift in all the world is happiness, and Christmas, the birthday of the world, gives us an excellent opportunity to exchange wishes of good cheer and tokens of good will, which make for happiness.

YOUR ABILITY TO GIVE

How to strike a satisfactory average between our desire to give and our ability to give is a problem which worries nearly every one at Christmas times. Our stock of useful, sensible things offers an easy solution to the problem. Something for the Soldier Boy—and lots of things for home folks at reasonable prices.

plumbers, painters and motorcycle repair men are desired. Please render what assistance you can in this respect and advise parties desiring to enter this branch of the army to get in touch with the nearest recruiting officer. "Fourth—The United States bureau of investigation is swamped with work, and desires you to obtain the fullest co-operation with your peace officers in keeping watch on the spy, the traitor, the slacker and those who by their statements, may do injury to our country, and whenever you hear of such you are requested to report them to your officers.

POPE'S ESSAY ON MAN

Was inspired in a London Coffee House, as was also the following lines:

"From silver spirits the grateful liquors glide, While China's earth receives the smoking tide, At once they gratify their sense and taste, And frequent cups prolong the rich repast. Coffee! which makes the politician wise, And see through things with half closed eyes."

OUR COFFEES ARE RICH, MELLOW, FRAGRANT AND FRESH ROASTED.
