COMPLETE DEFEAT OF KERENSKY AND KORNILOFF REPORTED IN RUSSIAN OFFICIAL STATEMENT

MORE OF RIOTERS ARE IDENTIFIED AT SAN ANTONIO

RECEIPTS AND ORDERS REGARDING THEIR INCARCERATION ARE INTRODUCED.

RIFLE IS IN EVIDENCE

Captain L. A. Tuggle, Formerly With Illinois Guard, Is One of Witnesses of the Morning.

By Associated Press. San Antonio, Texas, Nov. 13.—The designation of four more of the 62 defendants as negro soldiers who were arrested by military authority following the raid on Houston Aug. 23, was accomplished at this morning's session of the court martial. In addition, deputy sheriffs identified receipts and orders which they had issued and on which these negro soldiers had been confined in or released from the Harris county jail. Only one of the defendants was identified in person. This was Private William Brackendridge, identified by two witnesses, both members of the Galveston coast artillery who arrested him.

A feature of the morning session was the introduction of a rifle taken from one of the negro soldiers by Corporal Raymond A. Bramblet, third company, coast artillery. This rifle, No. 156,312, the witness said, was very dirty and looked like it had been fired many times when it was turned over to him by the negro soldier he arrested. The first witness of the morning was Captain L. A. Tuggle, formerly with the Illinois national guard, who testified as to the receipt of Private Terry Smith, the negro arrested in civilian clothes after the other members of the Twenty-fourth infantry had been ordered from Houston. He said Major K. S. Snow had identified this prisoner as a member of the regiment.

Artilleryman Testifies. First Sergeant Stephen R. Cameron, coast artillery, testified to the arrest of Private Oliver Fletcher, one of the negro soldiers. This occurred on the morning of Aug. 24 at a point more than half a mile from the Twenty-fourth infantry camp. Sergeant Cameron was with a detail hunting for stray negro soldiers and a woman said there were some men lying over in an adjoining field. The white soldier walked in that direction and Fletcher came out of the field. He was unarmed at the time and subsequently taken to the county jail. Captain Tuggle, who was in charge of this detail, substantiated the testimony of the preceding witnesses.

Corporal Raymond A. Bramblet testified that with other members of the coast artillery at Galveston he arrived in Houston about 8 o'clock on the morning of August 24 and was placed on guard duty in the bayou, about half a mile below Camp Logan. He had been there about two hours when a negro soldier came out on the other side of the bayou and asked: "Are you on?"

Was Disarmed. "I told him 'Yes,'" said the witness, "and he waded across the bayou and I disarmed him. I turned him over to the sergeant and he was taken to the police station."

"What arms did he have?" asked Major D. V. Sutphin, associate judge, in charge of the court. "He had a rifle and 170 rounds of ammunition."

"Did you make an examination of his rifle?"

"Yes, sir, it was dirty; looked like it had been fired many times."

"What became of that rifle?"

"I kept it and have it with me here," replied the witness.

He was instructed to produce it in court and it was submitted to the members of the court for its consideration.

"Did you have any conversation with this negro soldier?" asked Brig. General Hunter, presiding member of the court.

"Yes, sir, he said he had been out of camp the night before because he was afraid the whites were going to mob him."

Corporal Allison Wilbur, also of the coast artillery, told of the arrest of three negro soldiers. Only one of these, however, Harry Richardson, company J, was among the defendants. The arrest of Richardson, said the witness, was made in Houston Heights. With others in his detail, Wilbur learned there were some negro soldiers in a little red house.

NEW NATIONAL GUARD IS AUTHORIZED FOR TEXAS

By Associated Press. Austin, Texas, Nov. 13.—The war department has authorized the raising of a new national guard for Texas, it is announced today by Adjutant General James A. Harley. Adequate financial aid will be given by the federal government. It is planned under the authority granted by the war department to recruit the new guard to a full division which will comprise more than 16,000 officers and men. After organization, the new Texas National Guard will be subject to the call of the president for service, but there is a possibility that the forces to be organized will be used for state purposes.

By Associated Press. Buffalo, N. Y., Nov. 13.—All strike affecting government work in the departments and other war enterprises has been called off by the building trades section of the American Federation of Labor. It was announced by the executive committee of the building trades heads and government representatives will be held in Washington tomorrow afternoon. Pending the result of this meeting orders have been sent to presidents of locals to put their men back to work.

Track Improvement Hearing Goes Over at Commission Meet

By Associated Press. Austin, Texas, Nov. 13.—The railroad commission at its regular monthly hearing today continued the proposition to require material improvement to be made on the joint track of the Texas and Pacific and Katy railroads between Fort Worth and Whitesboro.

The commission also continued the proposition to amend, cancel or suspend the regulations of the commission affecting intransit shipments of freight. The commission heard and took under advisement the proposition to apply to Port Arthur the rates now used between Beaumont and Houston, that is to place Port Arthur on a parity with Beaumont. The Houston rates to be used as a basis. The commission also took under advisement the petition of E. A. Edwards to require the Trinity and Brazos Valley railway to maintain and operate a spur track serving the gravel pit at Shiro.

The question of the suspension of the commission's "30-minute rule" is likely to come up this afternoon.

Bennett Appointed Fine Inspector By State Commission

By Associated Press. Austin, Texas, Nov. 13.—Frank P. Bennett, formerly city fire marshal of Dallas, has been appointed fire inspector by the state fire insurance commission.

Mr. Bennett will soon assume his duties. He will be detailed at Dallas and Houston in connection with the protection of 300,000 or 400,000 bales of cotton concentrated there.

CLASSIFICATION OF DRAFTED MEN WELL UNDER WAY

The local exemption boards are at present very busy preparing information for the departments at Washington, as to the next and succeeding drafts. The whole list of county registrants are being classified; first as to marital or single; second as to nationality and race, including the statement of the condition of aliens, whether enemy or ally; and third as to occupations, of which there are thirty divisions of labor.

Ten days is allowed for this work, but George Thorburn, secretary of the local exemption board, said that the board here already had so much of this information listed and tabulated, that he would have the task finished in about three days. Mr. Thorburn also stated that the questionnaire forms were expected to arrive shortly.

GOVERNMENT ENDS EFFORT TO SETTLE OIL MEN'S STRIKE

ONE OF THE FEDERAL MEDIATORS EARLY IN HIS WAY HOME.

OPERATORS REMAIN FIRM

Declare They Will Not Agree to Closed Shop—U. S. Will Not Take Over District's Wells.

By Associated Press. Houston, Texas, Nov. 13.—The government's attempt to settle the controversy between the operating companies in the Louisiana-Texas district and striking employees, in a body, apparently has been abandoned. James Barlett, one of the two federal mediators, left today for St. Louis, his home.

Representatives of the operating companies, in a formal statement to the mediators, said no man will be re-employed, discharged or discriminated against simply because he does not belong to a union, or went out on strike. The operators said further that employers would at any time meet one or more employees and discuss the terms of a settlement. But they would not, they added, treat with a grievance committee.

The operators said they positively would not agree to a closed shop. The grievance committee answered that "at no time did this committee ever contemplate the inauguration of a closed shop policy, but did intend, and still intend, to protect its members from unjust discrimination."

For their part the mediators assured the operators that the government has no intention of taking over and operating the wells in the district. This assurance was given in a written statement by Mediator Musser.

WILLA EXPECTED TO MAKE ATTACK ON BORDER TOWN

TONIGHT BELIEVED TO HAVE BEEN DECIDED UPON FOR ADVANCE ON OJINAGA

By Associated Press. Presidio, Tex., Nov. 13.—Francisco Villa again is expected to attack the border port of Ojinaga, opposite here, and tonight has been set by Mexican officials here and in Ojinaga for the attack.

Following a conference of his chiefs at Matamoros yesterday, Villa and his forces were reported to be moving toward Ojinaga. This was not confirmed although federal patrols last night explored the country as far as La Mula Pass.

Yesterday Colonel Castro, commanding the Ojinaga garrison, sent an appeal to the United States for the Juarista government to proceed to Ojinaga and reinforce the garrison. Flores declined to do this. Castro has less than four hundred men in the garrison opposite here although a large federal column under General Cordova Tapasco and Cardona was reported last night to be advancing in the direction of Villa's rendezvous at Ojinaga, with the intention of encircling his forces. If Villa attacks it is expected to occur after midnight.

Couriers from Villa's main command approached the border last night and held conferences with Villa agents from the American side of the river. There now is practically no doubt that Villa is in command of his forces. It is thought that Hipolito, Villa, his brother, is with him.

The purpose of the Villa movement is believed to be for the obtaining of ammunition in exchange for silver bullion seized by Villa and to meet Hipolito and agents of Felix Diaz to consider joining the new revolutionary movement against Carranza and his government.

BAKERIES GIVEN REGULATIONS BY FOOD CONTROLLER

LICENSES TO BE GIVEN THOSE USING TEN BARRELS OF FLOUR AND MEAL EACH MONTH

TO STANDARDIZE TRADE

Certain Restrictions Are to be Observed And Regulations as to Fats And Sugar Will be Enforced

By Associated Press. Washington, Nov. 13.—General rules and regulations governing all bakers, including bakery products and flour, were announced today by the food administration. Both proclamation and regulations seek to standardize bread making, eliminate waste and conserve sizes, force down prices and otherwise help consumers.

Must Move Goods. Bakery licenses must keep products moving to the consumer in as direct a line as practicable and without unreasonable delay. Resales within the same trade without reasonable justification, especially if tending to result in a higher market price to the retailer or consumer, will be dealt with as an unfair practice.

Bread must be made and sold only in the specified weights or multiples, of six ounces or more than three ounces, not run over 17 ounces and 21 ounce units, which must not run over 25 1/2 ounces in both cases net weights, unwrapped, 12 hours after baking. Rolls must be deducted from 1 to 2 ounces but no rolls manufactured or offered for sale shall weigh unwrapped, 12 hours after baking, less than one ounce.

These standards are to be determined by averaging weights of 23 loaves or five dozen rolls of each unit.

Sugar Restrictions. In mixing dough for bread or rolls on the unit basis of 15 pounds of any flour, meal or mixture, bakers must not use more than three pounds of cane or beet sugar, or in lieu of them, 3 1/2 pounds of corn sugar, not more than 1 1/2 pounds of molasses, and which butter fats have been extracted; nor use any shortening except not exceeding two pounds of compounds containing not more than 15 percent of animal fats, instead not more than two pounds of vegetable fats.

Where sweetened condensed milk is used, its added sugar contents shall be deducted from the net sugar allowed. Sugars or fats are not to be added to the dough during the baking process or to the bread or rolls, when baked.

Food Administrator Hoover recommended to all wholesale bakers today to establish as their wholesale prices those at which they will offer their products in printed under seasonal conditions, or more, unwrapped, for cash, at the bakery door, subject to fair additional charges for wrapping and delivering when the products are sold in bulk.

Licenses are asked to report these wholesale prices to the federal food administrator in their state.

BRITISH PREMIER STIRS UP NATIVES WITH HIS ADDRESS

REFERENCE TO "INCREDIBLE BLUNDER" OF ALLIES CALLS FORTH LONDON COMMENT.

By Associated Press. London, Nov. 13.—The speech by Premier Lloyd-George in Paris yesterday has stirred the local press. His allusion to the allies' "incredible blunder" are printed under sensational headlines. Comment is mixed up with criticism of the new allied war council as announced here yesterday by Chancellor Bonar Law. Several newspapers endorse the speech in the main or are noncommittal. Others criticize adversely the new military plan and accuse the premier of wishing to take over the strategic direction of the allied campaign. Rumors in the Sunday newspapers of the impending retirement of Field Marshal Haig and General Robertson, chief of the general staff, caused some commentators to insinuate that the reports were set afloat intentionally by self-satisfied hints.

The Morning Post says: "The ush of the speech is that the premier is anxious for closer unity in the control of the allied armies. It is an unimpeachable idea by the point is whether the machinery set up at Rapallo will achieve this purpose. Lloyd-George's instinct is sound insofar as he proposes to substitute a systematic council of ministers for the past smoggy and ineffectual conferences, but he will come homelessly to grief unless he is aided with far greater precision than Bonar Law did in the house of commons, the duties of the council's military committee."

The Daily News, while thinking that the new council ought to be an important gain, says that "the disquiet which has been expressed is due to the well-grounded suspicion which has prevailed long that there has been trouble between Premier Lloyd-George and the heads of the army."

First Americans To Fall In Battle In Trenches In France

PRIVATE MARLE D. HAY, BELOW JAMES B. GRESHAM.

By Associated Press. London, Nov. 13.—A dispatch from the Copenhagen correspondent of the Exchange Telegraph Company says that two American soldiers, James B. Gresham and Private Marle D. Hay, of the American Expeditionary Force, were reported to have fallen in battle in the trenches in France.

The authenticity of these dispatches is open to question in view of the fact that no such developments are reported in dispatches filed in Petrograd as late as 7 o'clock yesterday evening.

ENRIGHT, GRESHAM AND HAY

Enright, Gresham and Hay, under the Frenchman's sod. Lads who have shown the way. To us through the fire, to God. Men who have paid our debt. Hearken, O Lafayette!

"Enright, Gresham and Hay. Names that will live forever. Millions are on their way. Ready their lives to give. Never will free men rest. Until they have brought to bay Those who have slain our best— Enright, Gresham and Hay. —G. WILLARD BONTE.

RUSSIAN WOMEN SOLDIERS ARE DECLARED ARRESTED

TWO FLYERS LEAVE DALLAS HEADED TOWARD THE SOUTH

By Associated Press. Dallas, Texas, Nov. 13.—Lieutenant John M. Food of the thirty-eighth air squadron, and H. W. Blakley, civilian flyer, flying from Chautauque Field, Hamou, Ill., to San Antonio, Mich., left Dallas today.

They arrived in Dallas late yesterday. Their actual flying time from Chicago to this city was eight hours and eight minutes.

Michigan Governor Arrives at Waco To Visit State Troops

By Associated Press. Waco, Texas, Nov. 13.—Governor Albert E. Sleeper, of Michigan, is here to visit Camp MacArthur, where the Michigan troops are training. The governor arrived last night and today he is the guest of the Michigan officers at the camp. Governor Sleeper will join the Michigan executive and camp officials and review the troops of the Thirty-second division, under command of General W. G. Haan. Governor Hobby is expected to arrive here this afternoon.

Body of Little Girl Believed Kidnapped Found In Machinery

By Associated Press. Chickasha, Okla., Nov. 13.—The body of Helen Solomon, aged 8, for whom a vigorous search has been conducted since Sunday, was found this afternoon crushed between some machinery on which she had been playing at a local iron works. Her parents believed she had been kidnaped.

Delivery Service Is Extended for Express Company of Texas

By Associated Press. Austin, Texas, Nov. 13.—As a result of the hearing held on the subject of the extension of the free delivery service for the extension of free delivery service by express companies in Texas, the order becomes effective on December 3, 1917. Under the decision of the commission the free delivery service is materially enlarged and is to include many points in Texas heretofore not covered by free delivery.

TRAVELLERS SURE FORMER PREMIER AGAIN IN POWER

By Associated Press. London, Nov. 13.—The complete defeat of Premier Kerensky and General Korniloff is announced in the official communication received here by wireless.

The announcement follows: "Yesterday, after bitter fighting near Tsarsko-Selo, the revolutionary army completely defeated the counter-revolutionary forces of Kerensky and Korniloff. It is the name of the revolutionary government. I order opposition to all enemies of the revolutionary democracy and the taking of all measures necessary to effect the capture of Kerensky. I also forbid similar adventures as are endangering the success of the revolution and the triumph of the revolutionary army."

(Signed) "AURIEFF, Commander in Chief of the Forces Acting Against Kerensky."

"After bitter fighting near Tsarsko-Selo the revolutionary army completely defeated the counter-revolutionary forces of Kerensky and Korniloff yesterday," says the announcement. "The soldiers and workers have ordered that all measures necessary be taken for the capture of Kerensky, who is retiring before our offensive."

The official communication goes on to say history will record the night of Nov. 12.

"The attempt of Kerensky to move counter-revolutionary forces against the capital of the revolution has received a decisive reply," it adds. "Kerensky's military adventure so we are taking the offensive. The soldiers, sailors and workmen in Petrograd know how to impose and will impose with arms in their hands their will and the power of the democracy."

"The bourgeoisie has endeavored to separate the army from the revolution. It has endeavored to break it by the violence of Cossackdom. Both efforts have failed. Workmen and peasants' great conception of the supremacy of the democracy has united the ranks of the army and has steered its will. The whole country will see that the autonomy of the army and workers' delegates is not a passing phase but is an unchangeable fact, denoting the supremacy of the workmen, soldiers and peasants."

Mouraviev is a prominent Russian name which is borne by a number of men who have held high public office. Most of them, however, were connected with the old regime of the empire. Until further details have been received, it will be impossible to identify committed in the forces acting against Kerensky.

RUSSIAN WOMEN SOLDIERS ARE DECLARED ARRESTED

By Associated Press. London, Nov. 13.—A report that loyal troops had occupied the Smolny Institute, headquarters of the Bolsheviks, in the Petrograd district, is announced in the official statement issued today by the German war office.

Several hundred women soldiers who had been preparing to defend the Winter palace, according to a Petrograd dispatch in the Daily Telegraph, were arrested by the Bolsheviks and handed over to the various barracks.

The correspondent of the Telegraph in Petrograd inspected the barracks, which had been in the hands of the Bolsheviks since Thursday. He said the rooms formerly occupied by the women soldiers were in a state of complete disorder. Newspapers and correspondence. Every compartment had been forced open and emptied. Pictures, maps and other valuables, were smashed, chair seats ripped. Everything too cumbersome to remove had been damaged wantonly. Almost every room in the barracks had been searched and the contents were scattered about. The cells also were so protected as to be safeguarded.

AUSTRO-GERMANS MAKE HEAVY THRU AT ITALY

The war situation of today is summarized by the Associated Press as follows: "Powerful efforts are being exerted by the Austro-German invaders of northern Italy to pierce the Italian front in the eastern Trentino and by breaking forward to the plains from the Adige valley outflank the Italian line on the lower Piave protecting Venice."

Berlin's official report today claims some success for the Teutonic arms in this attempt. They took Mont Longara, northeast of Asiago, and further to the northeast made headway between the Sugana and Cimone valleys. Between the Cimone and the upper Piave valleys the Italian line is strengthening out to virtually an even line for the connecting link between the Piave and Trentino fronts. It is presently in this process that the town of Fonzaso, about five miles west of Feltré, which was reached Sunday by the Teutons, has been given up to the Austro-German advance.

The extremist party, which gained control of the PePrograd government, last week inspected the capture of Petrograd to have inflicted a complete defeat on the forces of Premier Kerensky and General Korniloff, advancing on Petrograd.

BOMBARDMENT HEAVY ON LOWER PIAVE RIVER

By Associated Press. Northern Italy, Nov. 12.—A heavy and continuous bombardment is proceeding along the lower Piave River, marking the present stages of offensive operations on this new line. Whether a general engagement is imminent depends largely upon the enemy, as the Italians are now entrenched behind the river and fighting defensive tactics, with the stream and their re-established forces checking the further extension of the Austro-German offensive.

The engagements thus far have consisted of episodes at detached points, although the shelling extends almost unintermittently for forty miles along the lower Piave. The crash of some enemy heavy guns is now heard, showing that the Austrians and Germans have been able to bring up a few of these monster pieces.

Precautionary measures to protect Venice continue, lest the enemy, whose long range guns are not far off, should attempt to bombard the famous art center. The palace of the doges has been covered with sand bags and the delicate arched facade has been covered with heavy timbers. The camp has sand bags for forty feet around the perimeter.

DECATUR DEFEATS HIGH SCHOOL BY SCORE OF 56 TO 6

One of the most spirited football games ever played in Wichita Falls was that between the Wichita Falls High school and the Decatur Baptist Academy team at Katy Park yesterday afternoon, resulting in a victory for the visitors, the score being 56 to 6.

It looked for a time as if the locals would not score, but during the second half of the contest they put more pep into the game and averted what seemed for a time would result in a complete shutout.

Andrew Urban of the locals stated this morning that the local team is not the least bit discouraged over being defeated by the Decatur team, and that they will keep up hard practice and hope to negotiate the High school championship in this section of the state.

ABLE PHYSICIANS AND LIVE DRUGGISTS RECOMMEND PEP SYSTEMIC PILL. THE NEW IRON COMPOUND

Men of Muscular Power Possess Abundance of Iron.

Iron in the blood makes living matter out of the food you eat. Muscular mechanics work on for years and years with untiring strength each day accomplishing something that benefits the world. We often wonder at this and say to ourselves: "Why is it I can do a simple task and you cannot?" This is no secret and is due to a lack of iron in your blood necessary to transform the food you eat into living matter.

For years, perhaps, you will remain in this condition, doing things half-heartedly and nervously getting ahead. You get careless and impatient and a look of misery grips hold of your features.

Iron in the blood will strengthen the system so that dyspepsia, liver and other troubles disappear. But there are many forms of iron. The proper kind to take is one in an assimilable form, that will not discolor the teeth nor upset the stomach. This form, familiarly known as "BLAUD'S MASS," is contained in PEP SYSTEMIC PILLS and strengthened by other attractive and reconstructive tonics.

Pep Systemic Pills can also be taken for such maladies as nervousness, constipation, malaria, boils, sleeplessness and a general run-down, lagged-out system.

Try a course of these pills today. Dispensed by the Better Drug Store. ACCEPT NO SUBSTITUTE FOR THESE PILLS.—Advt.

NO MORE SMOKING IN COURT ROOM IS TO BE PERMITTED

Judge Edgar Scurry in the Seventy-eighth district court Monday afternoon placed a ban on smoking in the court room while court was going on, and on one occasion when there was an outbreak of laughter Judge Scurry rapped loudly for order and then told the spectators that if a repetition of applause occurred he would assess the heaviest fine against those responsible.

The applause was occasioned when the justice of the peace at Iowa Park stated on the witness stand in the beginning of trial of the damages suit styled T. W. Parker against W. R. Arnold and others that in conducting an inquiry on July 28 at Iowa Park to ascertain if there was a conspiracy to put Parker's newspaper, The Herald, out of business, he had informed one of the citizens summoned that if he did not answer the questions propounded to him that he would send him to jail, and then the audience fairly chuckled.

The plaintiff Parker claims a conspiracy was formed to ruin his business and is suing for \$10,000 actual and \$5,000 exemplary damages, alleging that at the time the alleged conspiracy was formed his business was netting him \$300 per month.

CRANKINESS OF TAXI DRIVERS RESULTS IN MANY FINES

By Associated Press. London, Nov. 13.—The crankiness of London taxi drivers resulted in one of their number being fined \$5 because he refused to carry two passengers who had a small package instead of recognizable baggage. The law says nothing about hauling merchandise in cabs, was the chauffeur's contention.

DON'T SUFFER WITH NEURALGIA

Use Soothing Musterole

When those sharp pains go shooting through your head, when your skull seems as if it would split, just rub a little Musterole on your temples and neck. It draws out the inflammation, soothes away the pain, usually giving quick relief.

Musterole is a clean, white ointment, made with oil of mustard. Better than a mustard plaster and does not blister.

Many doctors and nurses frankly recommend Musterole for sore throat, bronchitis, croup, stiff neck, asthma, neuralgia, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet—cold of the chest (it often prevents pneumonia). It is always dependable.

30c and 60c jars; hospital size \$2.50.

PETROGRAD WAITS FOR KERENSKY TO INVADE THE CITY

MEANTIME BOLSHEVIK REMAINS IN COMPLETE CONTROL, SAY EARLY REPORTS.

IS REPORTED TO BE NEAR

Most of Ministers Who Were Captured Have Been Released, But Two Remain Behind the Bars.

By Associated Press. Petrograd, Nov. 13.—Petrograd was still in the hands of the Bolsheviki today after desperate street battles on Sunday, in which a handful of brave defenders, headed by Leonid Lenine and Leon Trotsky, are having anything but an easy time in controlling the city, as the committee of public safety, which includes all the elements opposing them, is seeking to establish a new Socialist government. They continue to placard the streets with demands that the Bolsheviki withdraw their arms and consent to lay down their arms and await the coming of Kerensky.

Most of Ministers Captured. Most of the ministers of the Kerensky cabinet who were captured after the 8-hour battle at the Winter palace last Wednesday night have been released from the fortress of St. Peter and St. Paul. M. Tereschenko and A. Kononoff are still behind the prison walls, as are the military cadets captured in the battle at the telephone exchange on Sunday.

Members of the committee of public safety have gone to Gotchina in an effort to effect a compromise with Premier Kerensky on all-Socialist government.

There are conflicting reports from Moscow and other large cities. The Bolsheviki reports officially that Moscow is still in their hands although a telegram to the committee of public safety on Sunday said that the Kerensky adherents there had expelled the Bolsheviki into the Kremlin, where they were besieged.

Are Aboard Cruiser.

Among the reports heard is one indicating that Lenine and Trotsky are aboard the cruiser Aurora and are directing operations from that place of safety. The scenes on the streets today were similar to those of last Thursday when a people's cavalry (transacted their business as though no bullets had disturbed them).

At the corner of the grand Morskaya and the Gorokovaya the telephone exchange, during the long battle on Sunday in which the Bolsheviki regained possession of the exchange from the military cadets, incidents of the fighting could be seen from the office of the Associated Press nearby. There were intermittent fusillades from rifles and machine guns during the afternoon as the Bolsheviki stationed 400 yards down the Morskaya made sniping shots toward the exchange. A curious crowd gathered around the corner, huddled buildings and crouched in doorways to escape the bullets.

Cadets do Good Work.

An armored car manned by military cadets and stationed in the square around the cathedral St. Isaac cleared the streets there with a fusillade in reply to occasional firing from Bolsheviki infantrymen hiding behind the marble columns in front of the great cathedral. Some time later the fuel supply of the car became exhausted and the car was captured by Bolsheviki snipers, who killed two of the occupants by firing through the port holes. Then they broke in the steel door and dragged the third occupant, who was wounded, to the streets. He was killed by the light colored and a crowd of spectators within the Hotel Astoria cried out in protest. The bodies lay in the street for half an hour until hospital nurses and trench soldiers gained permission to remove them.

British People Asked NOT TO EAT ANY EGGS

By Associated Press. London, Nov. 13.—The latest move in the food campaign is to request British people to do entirely without eggs during winter. Eggs are now 12 cents each, and the entire supply is needed for hospitals. The high cost of chicken feed has brought about the scarcity of eggs.

The Knights and Ladies of Security Will give a dance next Tuesday night, the 15th. Admission free. Ladies free. Every one will be requested to show their invitation. 155 etc.

PHONE EXCHANGE SURRENDERED SHORTLY AFTER DUSK

When their ammunition became exhausted. The city then became quiet except for occasional sporadic firing.

Bolsheviki forces, reinforced by sailors from the battleship Petropavlovsk and other ships from Helsingfors, patrolled the city today. The heaviest guard, backed by artillery, was stationed at the telephone exchange to prevent a surprise attempt at recapture.

Two other clashes between the military cadets and the Bolsheviki occurred Sunday at the Fontanka bridge, where a military cadet car was captured and the inmates killed, and at Vladimirskiy, the military cadet school, which was bombarded and captured only after a brave defense. The military cadets, who correspond to the West Point cadets in America, are the only military forces in Petrograd loyal to Premier Kerensky.

Until Saturday afternoon, from surface indications, things were going fairly smoothly for the Bolsheviki. Rumors of the approach of Kerensky with an armed force were circulated Friday night, but received little credence. As a precautionary measure rails were torn up from the Petrograd-Gatchina railway line and a force of sailors was sent to reconnoiter.

A wave of excitement swept the city Saturday afternoon when reports arrived that a battle was in progress at Alexandrovsk, half way to Gotchina. The shutters went up, the shops were closed and excited people thronged the streets eagerly reading posters which appeared at intervals. Squads of armed sailors and soldiers marched through the streets toward the War saw station.

Throughout Saturday night and Sunday the whereabouts of Kerensky's fleeing army was the engrossing subject. Today no news of it has been received. Bolsheviki troops have been rushed to fill the gap between the city and appeals have been made to the factory workers to go to the suburbs to dig trenches or prepare barricades. The Nicholas and Selo and Baltic railway stations have become armed camps.

Watch Is Recovered With Arrest of Man By Vernon Officer

W. E. McCoy of the Victoria rooming house recently lost a fine coat, vest, watch and chain. When he reported the supposed theft to Desk Sergeant Chambers at police headquarters the latter, after ascertaining the location of his premises for the coat and vest, and these garments were found, but the watch and chain were missing.

A few days later Sheriff Keys of Vernon arrested a man from Wichita Falls who had two watches in his possession, and one of the timepieces has been identified as belonging to McCoy. Golden Gamble is the name given by the man Sheriff Keys arrested at Vernon, and he is in jail there.

A few days later the police department, with the co-operation of other officers in neighboring towns, has been very active in recovering stolen property. Out of a total of 42 automobiles stolen in Wichita Falls during the past two years 25 of the machines have been recovered.

Five Reasons Given For Releasing Man By Judge Whitelaw

Five reasons were given by Police Judge Whitelaw for dismissing one man in municipal court this morning who pleaded guilty to having been intoxicated. Four of the reasons were the defendant's wife and three children, and fifth was that he was a section foreman. Judge Whitelaw said a section foreman had a right, if any one has such a right, to get drunk once in a while.

Another man, who said he came from Comanche county, who was charged with being drunk, listened attentively to the colloquy that took place between Judge Whitelaw and the section foreman, so when his name was called he replied that he had a good wife and ten children and was on his way to Haskell, where he said one of his sons was to be tried on four felony charges. This old man evidently thought he would be dismissed, but Judge Whitelaw stated that a man who was the husband of a good woman and father of ten children should have better sense than to get drunk, and he fined his fine at \$5.

Three plain drunks at \$5 each and one affray at \$10 were disposed of in police court this morning, and one affray man was released.

Mr. and Mrs. O'Bannon left this afternoon for Dallas Center, Iowa, where they will spend their honeymoon visiting in the home of the parents of the groom.

The ceremony was said in the office of County Judge Harris and was witnessed by a sister of the groom, Mrs. E. H. Christopher, of Burk Burnett, Mrs. J. A. Funston, 801 Austin avenue, and a newspaper man.

Letters Received From Boy at Front.

From Richard Paul Jones, only 17 years of age, one of the youngest of Pershing's men and recently promoted to machine gunner's post, comes some interesting letters to his father, J. B. Jones, painter and decorator, who has recently come here from Trenton, Ill. Young Jones enlisted this spring and was in Jefferson Barracks, St. Louis, until June, when the force he was with was taken to Douglas, Ariz., for some intensive training, then after two months was moved to Hoboken, N. J., and thence across the Atlantic.

It is sure difficult, but expect to pick up some few words pretty soon. "There is one thing that grieves me, to see the women and girls having to work in the fields, and they wear clumsy wooden shoes. They sure have endured and are still enduring hardships." In a second letter written Sept. 26, the youth says: "I am still in good health and having a good time, though we are being put through some very hard drilling, getting ready for any emergency. I have been promoted to machine gunner and will be in the thickest of it when the time comes. "Well, a German airplane got over our lines and, Dad, you should have seen the excitement. Our anti-aircraft guns opened fire on him and the shells bursting around the machine made a slight not soon to be forgotten. Poor fellow, he never got back home, although he turned around and started back. It is certainly exciting to watch shrapnel bursting around an airplane you want to see come down. "Well, father, I heard one of the grandest lectures last evening by Senator Parker of Illinois. He sure was grand. I suppose you know him, do you not? We have some fine lectures at the Y. M. C. A. want to say a good word in behalf of the Y. M. C. A. and the Red Cross. I hope the people of the good old U. S. Attempt at Robbery Is Alleged Against Man Placed in Jail

Charley Harold, local horse trader, and two other men overpowered a man who gave his name as S. McCarty early last night in an Indiana street, and carried him to police headquarters where they stated McCarty had tried to rob Harold with firearms. McCarty, it is claimed, pulled a small caliber revolver on Harold and commanded him to "stick up" his hands, but instead of obeying orders Harold grabbed the revolver and wrenched it out of McCarty's hands. Two other men who were attracted by the commotion went to the assistance of Harold and the three escorted McCarty to police headquarters. McCarty was subsequently turned over to the county authorities.

The work of the legislative committee now engaged in probing the state government and state institutions will lose some of its effectiveness because the facts uncovered will not get before the public as they would in times of less stress and excitement. However, information that will be useful to the legislature in correcting methods and practices that add expense to the state government and at the same time reduce efficiency may be obtained. Another benefit from the probe is that it will start discussions that will inform the people for the constitutional convention that is almost certain to follow the ending of the war.

The government has seized twenty thousand tons of cottonseed cake owned by neutral governments and shippers and stored at Gulf ports. The cake will be crushed and distributed among the cattlemen of the Southwest. The delay of the food administration in ordering this seizure resulted in the resignation of Ed C. Lassiter, one of the leading stockmen of the Southwest, from the National Food Council. The resignation of Mr. Lassiter was accepted, but the government is taking the very course he advocated. Mr. Lassiter evidently attempted to force action before the food council was fully informed. The government's subsequent course shows that there is no disposition to act until it is informed and then to act wholly for the public good.

Military leaders of the other allies have held a war council with the Italian military leaders and it is announced that hereafter all military operations of the British, American, French and Italian troops will be directed by a central council. The wonder is that the allied governments have so long failed to recognize that a central war council was necessary. Practically everything that Germany has won has been because there has been no central control of the military operations of her allied enemies. Serbia, Rumania and Russia all might have been saved had there been the proper co-operation of their allies. It is quite possible that the Teutonic armies could never have gained a footing in Italy had there been the right kind of co-operation on the part of her allies. Germany has been winning because each of her enemies have been fighting independently, and she has been able to concentrate against them singly and to defeat them in detail. Another thing that has militated against the success of the allies has been that there has been a distinction between Germany and some of her allies. For instance, the United States has declared war against Germany, but there has been no formal declaration of war against Austria-Hungary. This lack of declaration might prevent full co-operation with Italy by the United States. This distinction ought not to exist.

THE PRESIDENT'S SPEECH.

Woodrow Wilson, President of the United States, had a heart-to-heart talk with the delegates to the American Federation of Labor convention, which assembled in annual session in Buffalo, N. Y., Monday. He made no bid for political support. He pleaded for nothing. He laid the bare facts of the world situation upon the table, asked his hearers to look them over, and then he outlined the necessities of the moment as he himself has been able to see them. The duty of labor and the duty of capital, during this period of national peril, were pointed out, and the President expressed the faith he has always shown in the American people, that every man will do his duty.

Declaring that co-operation of all of the forces of the nation—the constant, hearty co-operation—is essential to the winning of the war, he pointed out the ultimate danger that lies in the supremacy of an autocratic influence in world affairs, etc. by lack of concerted effort on the part of the peoples of the Allies, Germany emerges from the conflict victor. He pointed out that the existence of organized labor, itself, is

dependent upon the outcome of the war. For under autocratic rule the rights of the man who makes his living by the sweat of his brow has ever been given scant consideration.

There are few who can do more toward winning the war than the several thousand delegates to the American Federation of Labor, to whom millions of workers throughout the country look for advice and direction. If these leaders are loyal and place their love of country above every selfish consideration, it will be possible to speed up all industries necessary to the winning of the war, thus dealing heavy blows daily to the enemy with every falling of the sledge in an arms factory or throb of an engine in a food preparing industry.

Samuel Gompers, the one man in the nation who has done more than all others combined to better the condition of labor, has set a high mark of patriotism for other unionists to follow. His chief lieutenants are outspoken in their willingness to set aside, abide by all contracts at what is a comparatively small sacrifice for the sake of their country.

Will labor follow in their footsteps? We believe that the rank and file will be with them. We believe the average unionist is as patriotic as any man in the country.

Unionists can show this spirit by avoiding strikes over technical and trivial matters.

This war has imposed quite as heavy a burden upon the industries for which these men work as upon the men themselves.

But with each—both capital and labor—assuming its fair share of the load, the winning of the war will be made easier, its duration shortened, and most important of all, thousands of lives on both sides will be saved from the slaughter.

WANTS PRAIRIE DOG LAW ENFORCED.

Editor The Times. Section 1 of a law placed upon the statute by the first called session of the Thirty-fourth Legislature declares prairie dogs a public nuisance, and provides for their extermination, as follows:

Section 1—That prairie dogs are hereby declared to be a public nuisance and the owners of lands in any county in this state upon which prairie dogs exist shall, within two years from the date this act takes effect, kill, or cause to be killed, all dogs on lands so owned by them. Act dated May 28, 1915, effective Aug. 26, 1917.

Section 2 provides for all cases where the land owner fails to kill or cause to be killed all dogs upon his premises, by making it the duty of the county commissioner to report to the sheriff the names and address of all land owners who have not killed their dogs, and the sheriff has full power to kill or cause to be killed the dogs then remaining, at the expense of the lands upon which they exist.

Here we are more than two months after this law is effective and I have heard of no attempt on the part of those upon whom this duty is placed trying to put the law into effect. Many of us are very desirous to get rid of these pests, for they not only eat up our grass, but during the winter they dig the grass roots, thus injuring our pastures, but it is useless for one land owner to kill his dogs if those adjoining do not do so. We must have a concerted action to be effective. All the dogs must be killed or soon they will multiply and relinquit the lands. I believe it a good law. I believe it should be enforced impartially and without favor upon all our state, thus permitting more cattle to be grazed, more beef to be eaten, more wool for our clothing, etc. Is not our grass short enough without these nuisances digging for the roots all winter. I believe the Legislature very appropriately placed it upon the commissioners, or they, as they pass through the county looking after the roads and bridges, part of their work, can note where the land owners have not killed their dogs and can very easily report the same to the sheriff's office. Many of us desire to see this law enforced, and hope it will be done soon, so as to save the wheat and pasture from their ravages. Let's one and all press up those whose duty it is to this end. C. H. VAN HORN.

PATRIOTIC WICHITA.

Wichita county in the beginning of the war troubles led the country in recruits for both the army and the navy as well as the national guard. Wichita was the first in the United States to subscribe her quota to the second Liberty Loan. Wichita county was the first to send in her proportion of the pledge cards for the food conservation campaign. Wichita county was the first to raise her quota for the million dollar fund for libraries in the training camps. The Wichita Falls recruiting station has made a perfect score the past three weeks in recruiting men, and led the other recruiting stations in the south. Wichita county's oil field workers are not affected by the strike in other sections. Wichita county has never been infested with the I. W. W. workers. Wichita county has had a minimum of strikes and slackerism. Our Red Cross have been making regular shipments and doing a noble work. We have a county to be proud of and a citizenship which cannot be surpassed. It is not our nature to brag, but if all the counties in the United States were as loyal to Uncle Sam as Wichita county, the Kaiser would soon be eating horse-radish in hell. Electra Leader.

LOCATING BOARD OF ASYLUM WILL ARRIVE SHORTLY

At a meeting of the directors of the Wichita Falls Chamber of Commerce at 10 o'clock this morning Frank Keil was authorized to extend invitations to as many towns in the district in which the new northwest Texas Insane Asylum is to be located to send delegates to Wichita Falls to meet the locating board, which is due to be in Wichita Falls on next Tuesday.

Mr. Keil stated that he believed he could induce many towns which are not after the asylum to send delegates here to meet the members of the locating board.

At the meeting Secretary B. F. Johnson stated that the required twenty delegates to go to Woodward, Okla. for the Ozark Trails good road meeting, which is to be held three days, beginning on the 15th instant, had been secured and that these delegates had deposited one-half of the railroad fare.

A Pullman will be used and after reaching Woodward the Pullman will serve as a lodging place for the delegates while they are there.

Two Young Men Are Taken Into Custody On Charge of Theft

There seems to be big heartedness as well as honor among thieves, according to Patrolman Lay and Humphris. These officers about 8 o'clock Monday evening arrested two young men on charge of having "frisked" another man out of \$50.

After the arrests had been made both of the men were found to have more money in their possession than they claimed to have when questioned by the officers. It was well established that the two men who are supposed to have taken the \$50 from a newly made acquaintance had subsequently given him \$6 with money to pay his fare back to him home, which is a considerable distance from Wichita Falls.

TODAY'S MARKETS

COTTON IRREGULAR AFTER ADVANCE IN MORNING TRADING

New York, Nov. 13.—Trade interests were buyers of near months again at the opening of the cotton market today while there was further scattered covering. First prices were 3 points higher to 1 point lower and the active months sold about 4 to 15 points above last night's closing figures during the early session. December was relatively firm, touching 28.08 a new high record for the season while January sold at 27.30 or seven points above last night's close. There was southern selling on the advance as well as realizing, however, and later fluctuations were irregular.

Cotton futures opened steady; Dec. 27.95; Jan. 27.22; March 26.85; May 26.40; July 26.50.

Offerings increased on the early bulge and the market was unsettled later in the morning owing partly to the easier tone of the stock market. Houses with southwestern connections were moderate sellers of late months and there was scattering liquidations on the reaction which carried December off to 27.95 or back to within 2 points of last night's close. January sold off to 27.13, or 10 points net lower.

Trading was quiet during the early afternoon but prices ruled steady on the larger exports and reports that private returns indicated domestic consumption of 522,000 bales for October against 523,000 in September and 551,000 for October last year. December ruled around 27.95 and Jan. 27.25, or about 5 points higher to 4 points lower on the general list. Cotton closed barely steady.

New Orleans Cotton. New Orleans, Nov. 13.—The favorable construction placed on foreign news and the bulging tendency of Liverpool caused sufficient buying to put cotton four to 12 points up around the opening here today but heavy realizing met the advance and caused a reaction. At the end of the first half hour of business prices were 2 points up to seven points off compared with yesterday's close.

Cotton opened steady. Opening bid: Dec. 27.33 asked; March 26.46; May 25.79; July 25.25 asked. The market turned dull and rather easy under moderate offerings, part of which floor comments said were of the hedge variety. In the trading up to noon prices fell 10 to 13 points below a steeper feeling prevailed in the afternoon but without much activity developing. At 1 o'clock prices were at a net decline of 3 to 7 points. Cotton closed steady at a decline of 7 to 10 points.

Liverpool Spot Cotton. Liverpool, Nov. 13.—Cotton spot in fair inquiry. Prices firm. Good middling 23.47; middling 21.95; low middling 21.42; good ordinary 20.42; ordinary 19.92. Sales 25,000, including 10,000 American. Receipts 30,200, all American. Futures closed easy. New contracts: Jan. 21.95; arch 21.33; May 21.93. Old contracts (fixed prices): Nov. 20.25; Dec-Jan. 19.70; Feb-Mar. 19.51; Apr-May 19.34; June-July 19.18.

Chicago Produce. Chicago, Nov. 13.—Butter higher; creamery 38 1/2 @ 44c. Eggs higher; receipts 5,583 cases; firsts 44 @ 44 1/2 c; ordinary firsts 40 @ 41c; mark cases included 39 1/2 @ 41c. Potatoes lower; receipts 45 cars; Wisconsin, Michigan and Minnesota bulk \$1.75 @ \$2.00; same sacks \$2.10 @ \$2.20. Poultry alive higher; fowls 17 @ 21c; springs 20c.

Cotton Seed Oil. New York, Nov. 13.—The cotton seed oil market closed quiet. Spot 18.50 bid; Nov. 18.75; Dec. 18.60; Jan. 18.35; Mar. 18.44; May 19.00 asked. Sales 5,300.

New York Stocks. New York, Nov. 13.—Irregularity at the outset of today's trading in the stock market soon gave way to heaviness, prompted by renewed selling of rails. Canadian Pacific established a new minimum, dropping 2 1/2 points to 131 1/2 and St. Paul also made a new low record on its own point decline to 46. United States Liberty 4's sold at the lowest quotation thus far registered, a few lots changing hands at 99.94 to 99.90. Active stocks, including shipplings, equipments and the more prominent war issues were down 1 to 3 1/2 points.

Steel shares were the heaviest feature of the intermediate session, losing 1 to 2 points from yesterday's final prices. Rails steadied but shipplings and coppers showed further reactionary tendencies. Realizing sales led to something of a reaction but the effect failed to last. The moderate rally of the last hour led by metals and motors was offset by a reaction in marines. The closing was heavy. Liberty 4's sold at 99.94 to 99.80, the 3 1/2's varying between 99.35 and 99.26.

CORN PRICE WEAK IN SYMPATHY WITH FINANCIAL SLUMP

Chicago, Nov. 13.—Corn prices weakened today owing largely to instability of the New York stock market. Declines here, however, were checked by hesitancy about selling in the face of a government minimum on hog values and the consequent likelihood of sustained demand for corn to feed on farms.

Absence of any signs of seasonable cold weather tended also to handicap the bears. Opening quotations which ranged from 1/4 off to 1/2 advance were followed by a moderate general set back.

Oats were depressed by liberal commission house selling. The market was governed by the same general reasons as corn. Strength in the hog market lifted provisions. Stock yard interests were the principal buyers. Falling off in receipts and in notices of consignments from the country brought about a rally. The close was strong 3/4 to 1 1/4 net higher with December \$1.21 1/2 and May \$1.16 1/2 to \$1.17.

PACKING FREIGHT CARS CLOSELY IS PROVING ECONOMY

ALL AVAILABLE SPACE IS BEING UTILIZED BY SHIPPERS OF COUNTRY.

The American Railroad Association's war council has issued the following bulletin:

On 77 of the principal railroads of the United States a saving of 114,109 cars was effected in one month this year solely by packing the average loading of less than carload freight, the reports on which these figures are based, the latest that have been compiled, cover the month of July this year and July, 1916; they show that the average loading for that class of freight during July this year was 17,927 pounds, as compared with an average of 11,619 pounds during the same month last year, the 77 railroads from which reports have been received were able to move the total volume of less than carload freight last July in 73,180 cars had the average loading per car been at the same rate as during July, 1916, they would have been compelled to use 83,283 cars in place of 73,180 cars in the same month last year, a decrease of 7.6 per cent. freight cars now in use are being repaired at a rate of 135,831, which was 8 per cent. less than 146,460 in the same month last year, a decrease of 3 per cent.

The railroads are now moving what promises to be the biggest potato crop in the history of the country. This crop, which is estimated will total approximately 453,000,000 bushels, or half again as much as last year, has been on the way since the middle of September. The movement of it will continue until about April 1, next year. Reports received by the commission on car service indicate that even with intensive handling more than 700,000 cars will be required to handle the potato crop.

The Empress.

Staged in the most picturesque country in Wyoming, Douglas Fairbanks new Artcraft picture, "The Empress," now at the Empress theater, discloses the most spectacular natural setting ever accorded a Fairbanks picture. The genuine atmosphere of the prairie, with its snow-capped mountains in the distance, is evident throughout the entire production offering views of exceptional scenic beauty against a background to the rapid-fire story of cattle rustling days.

EFFICIENCY WILL BE STRESSED IN LOCAL CHURCH

With the arrival of Dr. Claude L. Jones state stewardship secretary for the Christian Church on Saturday, November 17, a church efficiency campaign will be begun at the First Christian church of this city. Dr. Jones will preach Sunday morning and night and will conduct services throughout the week. His work is for the church people, other denominations as well as the Christian being welcomed to the services, and no special effort will be made for additions to the church, though they will be welcomed. The idea of the campaign is rather to awaken interest and establish a firmer faith among the church people, according to Dr. Percy G. Cross, pastor of the First Christian church.

"We are anticipating a wonderful week when we have Dr. Jones with us," said Dr. Cross. "He is known as the man who made Shreveport dry and was pastor of the leading Christian church of that city for nineteen years. He has a national reputation for his work, not as a great public speaker, but as a man who gets results from the church. His visit to Wichita Falls may be expected to bear fruit in the Christian church and we hope on the entire city."

Dr. Jones' headquarters are in Dallas. During his stay he will be entertained by the church people, the ladies Aid of the church making plans for both his entertainment and their participation in the stewardship campaign at the meeting Monday.

BIG SUCCESS OF SPEAKING STAGE HERE SATURDAY

George V. Hobart's modern morality comedy drama of today, "Experience," will be presented at the Wichita theater on Nov. 17 for an engagement of two performances, with matinee on Saturday, Nov. 17. This is not a picture-play.

The play tells the story of the adventure of Youth—the average young man of today—after he leaves his home and goes out into the world to write his name on the annals of fame and fortune. After reaching the city we see Youth journey along the Primrose Path of Pleasure and down its byways, and we follow him until his return to the starting point—the home town cottage where Love awaits him.

In the Golden Cabaret scene one sees the very latest dances and hears the newest songs. There is also a smart fashion show in this act, in which the very latest creations of the modiste art are showcased. A spectacular act is called the Corridors of Chance; here one sees a modern gambling house in full operation with all known gaming devices being played, including a large roulette wheel.

The House of Lost Souls shows an underworld cabaret in a large city and here one sees the various characters which frequent such a place. The House of Lost Souls depicts a dilapidated room occupied by human beings who are addicted to the drug habit, and in contrast to this act is the street of Forgotten Days, where the memory of Youth's mother saves him from crime and degradation, and inspires in him with another effort to achieve success.

There are 82 characters in the play and the comeliness of the young ladies is said to set a new standard of exquisite girlish loveliness for the stage. In the large cast of notable players will be seen Leonard Doyle, Duncan Penwarden, Leona Fingarh, Beatrice Benton, Mae Paul, George E. Miller, Fred Mosley, Marie Sinclair, Leota Sinclair, Jennifer Sinclair, Alice Palmer, Irene Palmer, Julia Cobb, Gertrude Dustin, Harold Burnett, William Dupont, George Berry, Lillian Armstrong, Aldean Wise, Rut P'Farnum, Axel Olson and others.

"THE SPY" AT THE EMPRESS NOV. 15 AND 16

An American's sacrifice of life and all it holds dear to him, to save his countrymen and learn the secrets of the German spy system forms the theme of the stirring William Fox production "The Spy," which, with Dustin Farnum in its lead, comes to the Empress theater Thursday and Friday.

Dustin Farnum, one of the few popular men stars of the screen, plays the role of Mark Quaintance, a man of wealth and social position, who under-

takes the hazardous task of gaining a list of the Teutonic spies in the United States. In Berlin he finds it necessary to enroll himself among those spies before he can learn where the book containing their names is kept. Then he gets possession of it and sends it to the American ambassador, while his himself is court-martialed.

ETHEL BARRYMORE AT THE MAJESTIC WEDNESDAY

One of the most impressive scenes ever reproduced on the screen is the visualization of Hoffman's wonderful painting, "Mary Magdalene Brought Before Christ," which will be shown in the Metro wonderplay starring Ethel Barrymore, "The Lifted Veil," which will be seen at the Majestic Theater on Wednesday. The picture is first seen as a stained glass window in the church, where the heroine, played by Miss Barrymore, is worshipping. Impressed by the powerful sermon, and the sight of the sun breaking through the stained glass picture, the picture itself seems to assume life in her mind's eye. The figures of the painting are seen to move and the whole impressive scene, what the mob drags Mary Magdalene before Christ, is acted before the spectator up to the moment when Christ shames the woman's captors with the words: "Let him that is without sin among you cast the first stone." Gradually the mob is seen to slink away, leaving the two principal figures together and then these dissolve again into the stained glass window. The experience has a profound effect on the life and thoughts of Florida Gildersteeve, the heroine. Incidentally, the scene furnishes an opportunity for remarkable photography.

"THE MAN FROM THE PAINTED POST"

In his new film Fairbanks appears in the role of "Fancy Jim" Sherwood, "two-gun marvel," who makes a hobby of cleaning up gangs of cattle rustlers, and has plenty of openings for his humorous acrobatics. For the sake of atmosphere the scenes were photographed on a big Western cattle ranch.

The New York Tribune says: Douglas Fairbanks is foolish to work so hard when he doesn't have to, unless perchance, he is unlike other mortals and enjoys work. His new picture, "The Man from Painted Post," which was presented at the Rialto yesterday, has little of the Fairbanks' humor in it, because there isn't any room for it. He is too busy shooting men's hats and climbing mountains and riding wild horses to have time just to be funny. The whole cast is excellent, and the picture is filled with stunts which are impossible to believe unless one sees them. For instance, the hero riding up the side of an absolutely perpendicular mountain. Oh! yes he does—very well, go and see for yourself.

LEGAL NOTICES

SHERIFF SALES. THE STATE OF TEXAS, County of Wichita.

By virtue of a certain class execution issued by the Honorable County Court of Grayson County on the 22nd day of October, 1917, W. A. Cox, Clerk of said Court, against W. H. Peardon for the sum of two hundred and sixty-one and 28/100 (\$261.28) dollars and costs of suit in cause No. 9333 in said Court, styled Waples, Plaintiff, Grocer Company vs. W. H. Peardon, and placed in my hands for service, I, G. A. Hawkins, as Sheriff of Wichita County, Texas, did on the 13th day of November, 1917, levy on certain real estate situated in Wichita County, described as follows, to-wit:

211 Acres of land out of the E. Duran survey, abstract No. 54. 160 Acres of land out of the H and T. C. survey No. 15, abstract No. 116. 640 Acres of land out of the H and T. C. survey No. 27, abstract No. 119. 310 Acres of land out of the H and T. C. survey No. 29, abstract No. 722. 163 Acres of land out of the H and T. C. survey No. 28, abstract No. 754. 300 Acres of land out of the H and T. C. survey No. 20, abstract No. 768, and divided upon as the property of said W. H. Peardon.

And on Tuesday the 4th day of December, 1917, at the Court house door of Wichita County, in the City of Wichita Falls, Texas, between the hours of 10 a. m. and 4 p. m. I will sell said real property at public vendue for cash to the highest bidder as the property of said W. H. Peardon.

And in compliance with law I give this notice by publication in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Daily Times, a newspaper published in Wichita County, Texas.

Witness my hand this 13th day of November, 1917.

It's Just A Little Over A Month Until Christmas

We are as busy as we can be receiving and marking new goods and preparing for the Holidays YOUR DESIRE TO GIVE

Christmas gift giving is so well established that none of us would forego the pleasure which the custom provides. The greatest gift in all the world is happiness, and Christmas, the birthday of the world, gives us an excellent opportunity to exchange wishes of good cheer and tokens of good will, which make for happiness.

YOUR ABILITY TO GIVE

How to strike a satisfactory average between our desire to give and our ability to give is a problem which worries nearly every one at Christmas times. Our stock of useful, sensible things offers an easy solution to the problem. Something for the Soldier Boy—and lots of things for home folks at reasonable prices.

A CEDAR CHEST Would Make an Elegant and Useful Gift

If you have a Cedar Chest in mind for Christmas, in which to pack away your own clothes—something that is spacious and convenient and into which you can dive for things in a hurry—something which is also a handsome ornament to any man's bedroom, den or library—WE Have It. Or do you intend buying a Cedar Chest with the object of making happy the life of some sweet woman? Genuine Red Cedar—the treasure wood of our Southern Mountains—from which these chests are made, is of that imperishable quality which makes the chest impervious to the wear and decay of time. Every year it will pay its original cost several times over in the absolute protection it affords against the destruction wrought by moths, mice, dust and dampness. Prices \$15.00 to \$30.00.

POPE'S ESSAY ON MAN

Was inspired in a London Coffee House, as was also the following lines:

"From silver spirits the grateful liquors glide, While China's earth receives the smoking tide, At once they gratify their sense and taste, And frequent cups prolong the rich repast. Coffee! which makes the politician wise, And see through things with half closed eyes."

OUR COFFEES ARE RICH, MELLOW, FRAGRANT AND FRESH ROASTED.
