

CLASSIFICATION OF DRAFTED MEN GIVEN IN DETAIL

MARRIED MEN ARE NOT EXEMPTED FROM CLASS UNDER THIS RULING.

QUESTIONNAIRE IS ISSUED

Those Who Have Dependent Wife and Children Are Placed Far Down List to Be Called.

By Associated Press. Washington, Nov. 14.—The five classes into which nine million men registered for military duty—and those who are registered hereafter—are divided and the order in which they will be called for service were announced officially today in the provost marshal general's questionnaire, which every registered man must fill out and file.

Contrary to some published reports the order does not exempt married men as a class, but it does place married men with dependent wives and children far down on the list of liabilities. In fact, the questionnaire indicates that only men of the first class will be called to the colors except in the gravest emergency. The five official classifications of registrants follow:

- Class One. (a) Single man without dependent relatives. (b) Married man with or without children, or father of motherless children, who has habitually failed to support his family. (c) Married man dependent on wife for support. (d) Married man with or without children, or father of motherless children, man not usually engaged, family supported by income independent of his labor. (e) Unskilled farm laborer. (f) Unskilled industrial laborer. (g) Unskilled laborer in respect of whom no deferred classification is claimed or made. (h) Unskilled laborer who failed to submit questionnaire and in respect of whom no deferred classification is claimed or made. (i) All registrants not included in any other division in this schedule.

- Class Two. (a) Married man with children or father of motherless children, whose wife or children or such motherless children are not mainly dependent upon his labor for support for the reason that there are other reasonably certain sources of adequate support (excluding earnings or possible earnings from the labor of the wife available, and that the removal of the registrant will not deprive such dependents of support. (b) Married man with children whose wife, although the registrant is engaged in a useful occupation, is not mainly dependent upon his labor for support, for the reason that the wife is skilled in some special class of work which she is physically able to perform and in which she is employed or in which there is an immediate opening for her under conditions that will enable her to support herself decently and without suffering or hardship. (c) Necessary skilled farm labor in necessary agricultural enterprises. (d) Necessary skilled industrial laborer in necessary industrial enterprises.

- Class Three. (a) Man with dependent children (not his own) but toward whom he stands in relation of guardian or in firm parents. (b) Man with dependent aged or infirm parents. (c) Man with dependent helpless brothers or sisters. (d) County or municipal officer. (e) Highly trained fireman or policeman at least three years in service of municipality. (f) Necessary customs house clerk. (g) Necessary employe of United States in transmission of the mails. (h) Necessary artificer or workman in the United States army or arsenal. (i) Necessary employe in service of the United States. (j) Necessary assistant, associate or hired manager of necessary agricultural enterprise. (k) Necessary highly specialized technical or mechanical expert of necessary industrial enterprise.

- Class Four. (a) Man whose wife or children are mainly dependent on his labor for support. (b) Mariner actually employed in sea service of the merchant marine of the United States. (c) Necessary sole managing, controlling or directing head of necessary agricultural enterprise. (d) Necessary sole managing, controlling or directing head of necessary industrial enterprise.

- Class Five. (a) Officers, legislative, executive or judicial of the United States or of state, territory or District of Columbia. (b) Regular or duly ordained minister of religion. (c) Students who on May 18, 1917, were preparing for the ministry in recognized school. (d) Persons in military or naval service of the United States. (e) Alien enemy. (f) Resident alien (not an enemy) who claims exemption. (g) Person totally and permanently physically or mentally unfit for military service. (h) Person morally unfit to be a soldier of the United States. (i) Licensed pilot, actually employed in the pursuit of his vocation. (j) Member of well recognized religious, sect or organization organized and existing on May 18, 1917, whose then existing creed or principles forbid its members to participate in war in any form and whose religious convictions are against war or participation therein.

- Class Six. (a) Legal and medical advisory boards now being organized in every community will aid the registrant in making his answers. He will indicate in what occupation he considers himself

PRESIDENT WILL SEE BROTHERHOOD CHIEFS NOV. 22

MANAGEMENTS SAY DEMANDS EXPENDITURE OF \$109,000,000 PER ANNUM.

WOULD PREVENT STRIKE

President intimates that if it is Necessary Government Will Take Over Operating of Roads.

By Associated Press. Washington, Nov. 14.—Aroused by the plans of the railway men's brotherhood to demand wage increases, President Wilson has set the machinery of the federal government in motion to avert, if possible, the threat of a paralysis of the country's transportation system.

At a conference with the heads of the "Big Four" brotherhoods at the White House on Nov. 26, President Wilson will appeal to labor leaders to defer any struggle until after the country has passed through the period where its transportation systems are so vital to the conduct of the war.

With the announcement of this conference it was disclosed that President Wilson, while entertaining every hope for a complete agreement, does not intend to permit the country's transportation systems to be tied up by a strike, even if it becomes necessary for the government to operate the roads.

Brotherhood Silent.

It was disclosed today that Judge William L. Chambers, head of the federal board of mediation and conciliation, already has been holding conferences with the heads of the "Big Four" brotherhoods. The status of the proceedings so far shows a disinclination of the brotherhood heads to commit themselves to a plan of arbitrating the differences and the hope of the government negotiators is for an agreement which will postpone any disruption of the transportation systems until after the war.

Letter From President.

"My Dear Judge Chambers—May I not express my very deep and serious interest in your efforts to bring the railroad executives and the brotherhoods engaged in train operation to an agreement that there shall be no interruption in the relation on either side until ample opportunity has been afforded the United States board of mediation and conciliation to bring about, if possible, an amicable agreement and that in the event of failure to bring about such an agreement any controversy that may have arisen will be submitted to arbitration in accordance with the provisions of the Newlands law. "I take it for granted that your efforts will succeed because it is inconceivable to me that any patriotic men should now for a moment contemplate the interruption of the transportation which is so absolutely necessary to the safety of the nation and to its success in arms as well as to its whole industrial life; but I wanted, nevertheless, to express my deep personal interest in the matter and to wish you God speed."

"The last thing I should wish to contemplate would be the possibility of being obliged to take any unusual measures to operate the railroads, and I have so much confidence that the men you are dealing with will appreciate the patriotic motives underlying your efforts that I feel free to forward with assurance to your success."

"Cordially and sincerely yours," WOODROW WILSON.

Judge Chambers issued this memorandum.

Mexican-Americans Are To Be Charged With Smuggling Food Stuff

By Associated Press. Brownsville, Texas, Nov. 14.—Charges of smuggling and violation of President Wilson's proclamation against exportation of foodstuffs on a conservation list will be preferred against two Mexican-Americans who were arrested on the Rio Grande eight miles below Brownsville last night by United States customs inspectors.

The men are alleged to have been preparing to cross into Mexico in a wagon with 2,500 pounds of lard and 25 sacks of flour. Lard is selling in Matamoros, opposite here, at double the price on the American side on account of the scarcity of the goods, which were confiscated, came from a local warehouse.

expert and from that list it is proposed to create separate groups of men trained in any particular trade or profession should the need arise for them.

The questions on the subject of dependents are framed to meet every possible circumstance and to draw out every bit of information that might be of value to the boards in fixing the class to which a man is to be assigned. No detail of the status of dependents of possible or actual outside sources of income has been overlooked.

Seven days are allowed registrants after receipt of the questionnaire to fill it out and return it to the local board. Officials here believe that the classification by the boards will be a routine process requiring little time. The registrant after filling in the inside of his questionnaire, indicates on the front the class to which he believes he should be assigned, and if the board agrees there is no further action necessary by either party until the individual comes due for military service and is called up for physical examination.

If the board disagrees and places the registrant in another class, the machinery for appeal to the district board is set in motion automatically.

RAID TO SECURE AMMUNITION TOLD OF BY SOLDIERS

NONE OF THOSE ON STAND ABLE TO SAY WHY THEY EXPECTED ROUBLE.

By Associated Press. San Antonio, Texas, Nov. 14.—Members of the 24th infantry who remained in camp or took refuge in the camp of the Illinois national guard the night of the Houston riot, testifying at the court-martial trial of the 63 men of the twenty-fourth today identified six of the defendants as among those who left camp on the march toward Houston. They detailed the events at camp prior to the riot, told of the raid on the ammunition tents and of the cry "Here comes a mob," which preceded the rush for rifles and ammunition.

Witnesses Not Confused.

The testimony as the first to be given by any of the enlisted men of the negro regiment. The witnesses told their stories in a clear manner, save none of them could tell what made them believe there was going to be trouble. They all testified they remained in camp because they thought there was going to be trouble, but they could not tell why they thought so.

The defendants identified by the witnesses are: John Adams, Gerald Dixon, Dean New, Carl and James Wheatley, George Parham and Wash Adams.

Private J. C. Nelson, company I, 24th infantry, testified that he heard a conversation just before the outbreak in which he said Private Tyler remarked "Let's go get the man who shot Corporal Bald more."

He said he saw Wardlow, Moore, Tyler, Wheatley and Williams of I company just before the riot, near the ammunition tent. In substance he told the story as follows:

"Early that evening the men of I company were bunched and talking. Sergeant Vida Henry told the men to scatter and wait talking to shortly afterwards Major K. S. Snow put the men in line and told them to all stay in camp. Then some one yelled, 'Here comes a mob.' The men all ran to the quartermaster's tent to get their rifles and the firing started. Sergeant Henry had the company fall in. He told them to rest their canteens and ammunition. About 75 or 80 of them marched off toward town."

Former Waco Man Is Accidentally Killed While Hunting Ducks

By Associated Press. Corpus Christi, Texas, Nov. 14.—The body of F. A. Hogan, 75, accidentally shot yesterday by his son, Montomery, while duck hunting, today was sent to Waco, his former home. The accident took place near Ingleside.

Railway Firemen Soon to Decide As to Demands

By Associated Press. New York, Nov. 14.—Whether 61,000 railway firemen will join with the conductors and brakemen on all railroad lines in the United States in their proposal to submit demands for large wage increases will be determined at a meeting of the firemen's brotherhood to be held at Cleveland, Ohio, this week, it was learned today.

The conductors and brakemen, with a total membership of 175,000, now are making a secret vote on a proposition to place before the railroads demands for increases in wages averaging 42 per cent. The official brotherhood circular declares "that in case the proposition is turned down by the management a strike vote will be taken."

The fact that the engineers' brotherhood has not joined the movement is causing speculation in railroad circles here. An unconfirmed report indicates that Warren S. Stone, head of the engineers' organization, has refused to participate in the demands on the ground that it would be unwise at the present time to agitate a railroad strike. Mr. Stone is on an advisory board of the Council of National Defense.

State Department Gives Yearly Report

By Associated Press. Austin, Texas, Nov. 14.—During the fiscal year ending Aug. 31, 1917, the expenditures of the state health department amounted to \$87,862.94, according to a report filed today by State Health Officer W. B. Collins. The total appropriations made for that department was \$173,191.05, and the amount reverting to the state treasury from this appropriation was \$22,401.13. The total fees collected reached \$29,670.36, and the total amount on hand unexpended is \$62,926.94.

Naval Commission Visits Galveston: See Proposed Sites

By Associated Press. Galveston, Tex., Nov. 14.—A naval commission, headed by Rear Admiral John M. Helm, is spending the day here for the purpose of inspecting proposed sites for a naval base, dry dock and training station. Data regarding the proposed sites had already been submitted by the members of the commission, and the members of the commission wished to make a personal inspection. Proposed sites all along the Gulf coast have been, or will be, inspected by the commission.

Cattlemen Will Buy Heavily of Oil Cake In Effort To Save Herds

By Associated Press. San Angelo, Texas, Nov. 14.—A. J. Montague and W. L. Slaughter today were appointed as representatives of the West Texas Cattlemen's Association at the joint meeting of cattlemen and oil mill operators to be held in Houston today.

Authorization was given the committee to buy 10,000,000 pounds of cotton seed cake, which cattlemen believe will materially relieve the feed situation of the West Texas drought. It is said that probably 10,000,000 pounds additional will be asked for January delivery.

CADET IS KILLED WHEN PLANE FALLS AT KELLY FIELD 2

By Associated Press. San Antonio, Texas, Nov. 14.—Yesterday afternoon at 5 o'clock Cadet Sidney J. Brooks, son of Judge Sidney Brooks, fell 2,000 feet to his death at Kelly Field Number 2. He was finishing his final flight in a course of instructions which would have won him a commission as a first lieutenant in America's flying corps. Experienced aviators who witnessed the fall say Brooks must have fainted at his wheel just before beginning the descent, and this belief is strengthened by the fact he had been inoculated Monday with an anti-typhus serum and complained of feeling badly just before ascending.

Forces Of Italy Being Withdrawn East Of Asiago

PREMIER TAKES PETROGRAD SAY SEVERAL CABLES

By Associated Press. Stockholm, Nov. 14.—Premier Kerensky has entered Petrograd, according to a dispatch received from the correspondent of the Swedish News Agency at Haparanda on the Russian border. The majority of Maximalist troops have joined the premier, the correspondent adds.

STOCKHOLM CONFIRMS REPORT OF SUPREMACY OF PREMIER

By Associated Press. London, Nov. 14.—The arrival of Premier Kerensky in Petrograd accompanied by troops, is reported by the Russian legation at Stockholm, according to an Exchange Telegram dispatch from Copenhagen. M. Kerensky is said to have defeated the Bolsheviki.

According to these advices, which were received in a cablegram filed at Stockholm at 4 o'clock yesterday afternoon, Premier Kerensky defeated the Bolsheviki at Tsarakoo-Selo. The Bolsheviks were reported to have destroyed the Red guards. The telegraph lines are now in M. Kerensky's hands, the telegram bureau reports.

For the last three days reports have been coming in from Scandinavian sources of the defeat of the Bolsheviki but they have been contradicted by wireless dispatches from Petrograd. This is the third time that an account has been received of a battle at Tsarakoo-Selo, a Kerensky victory having been reported twice and a Bolsheviki success once.

PETROGRAD IS REPORTED IN HANDS OF KERENSKY

By Associated Press. London, Nov. 14.—The Finnish telegram bureau says the whole of Russia except a small part of Petrograd is now in the hands of the provisional government.

Premier Kerensky is now in Petrograd and has taken virtually the entire city, the announcement of the Finnish bureau says.

Travelers arriving from Petrograd the Finnish telegram bureau reports, say that when they left the capital there was fighting in the streets between the Bolsheviks and the Provisional Government. The Petrograd garrison was reported to be deserting the Bolsheviki and the allied embassies were said to have got into the city with the Provisional Government. The people of Petrograd, the traveler said, were turning down the Bolsheviki proclamation and hooting their leaders in the streets.

Highway Department Head Is Opposed To Any "Consolidation"

By Associated Press. Austin, Texas, Nov. 14.—Consolidation of the state highway department with the railroad commission or any other established department of the state government was today vigorously opposed by Curtis Hancock, chairman of the highway commission, before the legislative investigating committee. Mr. Hancock does not believe that the duties of the commission and the railroad commission are in any way related.

The various other committees are engaging in auditing the departments.

Aerial Gunnery Is Now Being Practiced By Men at Ft. Worth

By Associated Press. Fort Worth, Tex., Nov. 14.—Aerial gunnery practice has begun at the British and Canadian air fields here. A miniature train, fake enemy machines and dugouts have been completed on the range in the hills near Hicks. One train has already been blown to pieces by the American squadron. So intensive has become the training that the cadets are sent into the air with the break of day and do not return until darkness drives them in.

Replogle Appointed Director of Steel Supply of Country

By Associated Press. Washington, Nov. 14.—Announcement was made today of the appointment of J. L. Replogle, vice president of the American Vanadium Company, as director of steel supply for the council of national defense. He will have charge of purchases and distribution of all iron and steel for the United States and allied governments for all purposes other than ordnance.

THIRD CONTINGENT OF AMERICAN ARMY TAKES UP ITS POSITION IN TRENCHES

By Associated Press. With the American army in France, Nov. 14.—The third series of American battalions is now occupying the first line, and the second American detachments to enter the trenches have returned to their billets. The relief was accomplished on a brilliant startlight night without the knowledge of the Germans.

Included among the returning troops is the company which bore the brunt of the recent raid on the American trenches. At retreat this evening the company lined up in a little muddy street in a village nesting under a hill some miles from the front. Their clothes were caked with mud and the roofs and fences nearby were hung with wet blankets and equipment. Openings here and there in the

ON LOWER PIAVE GERMANS RETAIN FEW POSITIONS

By Associated Press. Rome, Nov. 14.—A withdrawal of Italian forces in the north is the result of a raid announced by the war office. On the lower Piave river the attack continues on the Germans, who yesterday effected a crossing near Zenson. The statement says the enemy has not yet been dislodged completely.

An attempt of the enemy to cross the Piave between Quercio and Fenero was suppressed. The enemy suffered severely.

Embargo On Traffic Into Juarez Brings Worth Loud Protest

By Associated Press. El Paso, Texas, Nov. 14.—Telegrams protesting against the embargo on traffic to Juarez and the state of Chihuahua were sent to the state department last night. The new order, which becomes effective Nov. 15, requires that persons crossing the international bridge for this reason should be accompanied by passports. The immigration officials here say the order will prevent American citizens from crossing the line. The order affects the American employes of the electric company and an announcement was made tonight that unless it be modified car service will be suspended Wednesday.

Delinquent Child Act Doesn't Give Power To Jury To Fix Penalty

By Associated Press. Austin, Texas, Nov. 14.—The court of criminal appeals today held that under the delinquent child act, the jury is without authority to fix the term of the duration of confinement of the delinquent child, and for this reason discharged the relator in the application for a writ of habeas corpus in the case of exparte Ethel McLoud, from Harris county.

Because of the introduction by the state of the clothes worn by the deceased, the court today reversed and remanded the case of Fuller Dozier, from Young county, who had been given a term of thirty years in the penitentiary on conviction of murder.

Dutch Are Preparing Better Defenses On Par With Belligerents

By Associated Press. Amsterdam, Nov. 14.—A supplementary estimate increasing the extraordinary war credit for 1917 by 160,000,000 florins has been submitted to the second chamber of the Dutch parliament. It includes nearly 3,000,000 florins for air service, 29,000,000 for artillery and nearly 15,000,000 for the improvement of our positions on the same principle as on the war fronts where operations long have assumed the form of a war of positions and zones at a considerable depth prepared for defense.

IOWA PARK CASE EXCITES GREAT INTEREST HERE

The following citizens of and near Iowa Park are the defendants in the suit styled T. W. Parker against W. R. Arnold and others which has been on trial in the Seventy-eighth division of the District court since Monday:

W. R. Arnold, R. F. Abernathy, J. P. Sunday, John R. Pace, P. R. Collard, J. F. Killebrew, T. F. Mitchell, G. L. Troutman, W. L. Hodges, J. W. Matthews, P. C. Jones, J. W. Love, L. W. Clark, Walter Denney, S. R. Menden, D. O. Smith, A. J. Smith, J. A. Watkins, and R. E. Golden.

The plaintiff is seeking to secure a judgment for \$10,000 alleged actual and \$5,000 alleged exemplary damages. The suit is the outgrowth of certain squibs and articles the plaintiff caused to be published in the columns of the Iowa Park Herald when he was the editor and publisher, to which the several defendants are alleged to have taken exceptions, and who, it is alleged, conspired to and did injure the business of the plaintiff.

Ever since the trial began the court room has been filled to its seating capacity, and often many have stood in order to hear the evidence adduced, which, at times, has been more or less sensational. Frequently Judge Scurry who is presiding at the trial has had to rap vigorously for order.

The wife of the plaintiff and several other women have been in attendance on the trial from the beginning, and at the outset Judge Scurry placed the kibosh on smoking.

EPOCH IN FIGHT AGAINST CATTLE FEVER TICK

Special to The Times. Washington, D. C., Nov. 16.—To many farmers in Southern States that have been infested by the cattle fever tick, December 1st will be a day marking an epoch. For on December 1st 65,520 square miles of Southern territory—the largest amount ever freed at one time—will be liberated from the federal quarantine placed to prevent the spread of cattle fever.

But in the history of tick eradication there has been another epoch day, one that will remain epochal as long as diseases—lower animal and human—persist on the earth. That day was when the true functions of the cattle fever tick were discovered, soon after the Bureau of Animal Industry of the United States Department of Agriculture undertook in 1884 the problem of combating the disease.

The discovery that ticks can carry germs of disease from one animal to another was the first instance in which the important role of insects as carriers of disease was ascertained. From it arose new procedures in preventive sanitation. Since then it has been learned that mosquitoes carry malaria and yellow fever; that the rat flea carries bubonic plague; and the house fly, typhoid fever.

Formally no attention was paid to the carriers. Only treatment of the patients was considered necessary. Now mosquitoes are screened out of buildings and exterminated, rats are killed, house flies are screened, starved or swatted, and the cattle fever tick, to which perhaps the world may owe a debt because its ravages provoked the inquiry which has been of immense importance in the fight against all diseases, is destroyed by arsenic treatment and starvation.

WICHITA COUNTY RED CROSS

The Red Cross is very sorely in need of a large supply of old linen muslin, or any kind of old waste cloth, for wrapping the bundles of dressings, and surgical supplies. The cloth should be freshly washed. This is at present a prime necessity of the local chapter, and it will be necessary to buy new cloth unless sufficient donations are forthcoming. Any persons having old linen, or white cloth of any kind, will be doing a real service by having it washed and sent to the Red Cross work room.

Owing to the enormous increase of workers, there is a great dearth of sufficient sewing machines, and the Red Cross asks for the loan of any lockstitch sewing machines that may be available, guaranteeing that the best care will be taken of them.

Some of the manual training boys at the High school have made a large box for the work room, and are now expected to be finished in a short time. The increase in equipment in the work room has become necessary with the rush of workers that has followed the recent meeting of last week, and tables and sewing machines (lock-stitch) are among the first needs.

Little Work Is Done By the City Council at Regular Meeting

At the regular meeting of the city council last night the question of amending the charter under which Wichita Falls is incorporated was briefly discussed and it was decided to go into the matter fully at the next regular meeting, Thursday evening. The council continued the appointments of W. H. Lay and W. W. Allen as members of the police force and granted City Treasurer J. W. Walkup two weeks' leave of absence.

BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets are a Harmless Substitute.

Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative, and their effect on the liver is almost instantaneous. They are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. His efforts to banish it brought out these little olive-colored tablets.

These pleasant little tablets do the good that calomel does, but have no bad after effects. They don't injure the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquids. It is best not to take calomel, but to let Dr. Edwards' Olive Tablets take its place.

Most headaches, "dullness" and that lazy feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel "foggy" and "heavy." Note how they "clear" clouded brain and how they "perk up" the spirits. 10c and 25c a box. All druggists.

Seven Men Are Fined For Seven-Up Game Played in Room 7

Seven men who had played seven-up in a room No. 7 and had \$11 between them when arrested, were fined in police court this morning, each contributing three more than seven dollars to the city, and one lonesome drunk, from Oklahoma who was introduced to Night Chief McDonald when he was brought in last night and failed to recognize him this morning while claiming he was not drunk when arrested, was fined \$5.

Filling Station Is Authorized By City Council at Meeting

The city council last night granted permission to J. E. Ward and G. W. Fligo to erect a gasoline filling station at the intersection of Tenth and Lamar in the residence part of the city. The application was signed by three-fourths of the citizens residing within a radius of 300 feet of the place where the station is to stand.

Kansas City Man Is Pleased With City; Touring Southwest

"Your fine stores and splendid lighting system, together with your splendid driveways, here in Wichita Falls made us feel at home," said C. H. Barber, manager of the Muehlbach Hotel at Kansas City, Mo., at the Westland Hotel here yesterday afternoon. Manager Barber and a party composed of himself and Otto Larsen and the Misses Jeannie and Kathleen Miller arrived in Wichita Falls yesterday about noon and remained here until today. The party is traveling in a big touring car and will visit many points in the Southwest before returning to Kansas City.

NIGHT OF AMUSEMENT PLANNED BY LOCAL MEN

At their regular meeting last night, Camp No. 2001 W. O. W. the committee in charge of entertainment announced that on next Wednesday they expected to hold the attention of the members for a few hours with an entertainment such as has not been seen in many a day. They promise a laugh for every step that is taken by the members who come; they promise drive away any blues or worries that one might have before hand. The entertainment is for all members of the W. O. W. order. It is free.

"A SPLENDID TONIC"

Says Hixson Lady Who, On Doctor's Advice, Took Cardui And Is Now Well.

Hixson, Tenn.—"About 10 years ago I was..." says Mrs. J. B. Gadd, of this place. "I suffered with a pain in my left side, could not sleep at night with this pain; always in the left side... My doctor told me to use Cardui. I took one bottle, which helped me and after my baby came, I was stronger and better, but the pain was still there. I at first let it go, but began to get weak and in a run-down condition, so I decided to try some more Cardui, which I did. This last Cardui which I took made me much better, in fact, cured me. It has been a number of years, still I have no return of this trouble. I feel it was Cardui that cured me, and I recommend it as a splendid female tonic." "Don't allow yourself to become weak and run-down from womanly troubles. Take Cardui. It should surely help you, as it has so many, thousands of other women in the past 40 years. Headache, backache, sideache, nervousness, sleeplessness, tired-out feeling, are all signs of womanly trouble. Other women get relief by taking Cardui. Why not you? All druggists.

TELEPHONE PLANT HERE INSPECTED BY HIGH PUPILS

SENIORS ARE TO WRITE THEIR IMPRESSIONS VISIT THROUGH PLANT.

METHODS ARE STUDIED

Are Shown Every Department of the Work From Cables to "Long Distance Desk" in Exchange.

High school seniors yesterday and today made an inspection of the local plant of the Southwestern Telephone Company and had a much clearer idea of the workings of that important organ in the business and social life of the country than has the average citizen. Now they are to write their impressions of the trip through the building as a part of their English course and at the same time their essays will compete for three prizes, offered by J. W. Glenny, the local Southwestern manager.

Is Much Enjoyed.
 This is a departure from the usual routine of school duties and was much enjoyed. The first contingent from the fourth year class went through Thursday afternoon and this afternoon the remaining members made the tour of inspection. On each occasion the students were accompanied by the manager, Mr. Glenny, Mr. White, district traffic manager and others of the force to explain in detail every feature that entered into the Wichita Falls telephone system.

First they were shown the cables, holding many thousands of wires as they entered the building, in the basement, to be taken through various parts of the buildings until they ended in the switchboard, where the skilled operators with their nimble fingers made of the wires highways of talk. The complexity of the system and the familiarity of the employees in every department with their part in the business of helping the people in this city to talk with their townspeople and with friends or business associates in this and other states made a deep impression.

All Explained.
 The means of communicating across the continent by telephone was explained with the instrument that acts as a relay from station to station across the country and all the various processes by which a call is completed, from the moment the light flashes on after the telephone receiver is taken to the hook until the operator pulls out the plug after the good-bye, were shown to the interested young people.

Students of chemistry and physics found the basement the most interesting part of the whole plant. Here was found the heart of the entire system, the huge engine that keeps the batteries which makes the wires and other equipment live, charged and ready to their work. This motor works about eight hours a day. On the second floor was found a substitute for this motor, supplied with current from the city power plant. In case of fire, flood or any emergency which might tend to put the generating motor out of commission it is necessary only to turn a few switches and the second motor takes care of the entire system.

Handling of Complaints.
 The methods of handling complaints, making tests, finding breaks or bad circuits were shown and very little of the complexity or detail of the wiring and machinery was lost on the attentive students.

Those who are the completing factors in the mechanical system, the operators and their work received much interested attention from the inspection party. They gained a clearer idea of the magnitude of the establishment when they learned that seventy girls were employed to keep Wichita Falls talking, and that from twelve to fifteen new girls are kept in training in readiness to receive six weeks instruction from trained supervisors with pay during the time of instruction practically all the time. They watched the quick fingers plugging out and putting in places that meant talk connections and they heard the steady "Number, please" as they watched, the always busy scene a new request, almost amounting to a roar for the telephone, the ordinary bill, instrument of commerce and of pleas are which they had handled so carefully, without thinking of the why or wherefore come to all.

This inspection of the telephone plant will be offered to each fourth year class of the High school from now on, Mr. Glenny announces.

WICHITA TRAVEL CLUB MEETS AT RED CROSS ROOM

The Wichita Travel Club met yesterday at the Red Cross work room, where the entire time was devoted to Red Cross work. The Travel Club was among the first to make the decision to abandon its regular study hour in favor of the Red Cross needs and will henceforth meet every Thursday at the Red Cross rooms for this purpose. Those present yesterday were Miss Alexander, W. C. Bell, E. H. Maupin, E. H. Clark, Andrew J. Ryan, W. M. McGregor, B. G. O'Neal and Miss Blanch Potter. Miss Clara Maricle was the guest of the club for the morning.

Negro Is Identified As Man Who Stabbed Street Car Conductor

By Associated Press.
 Galveston, Tex., Nov. 16.—A negro who gave his name as Evio Mickles, was identified today by three witnesses as the man who stabbed and killed Ed J. Howard, a street car conductor, shortly after nine o'clock last night. The negro is said to have refused to pay his fare on Howard's car and upon being ejected again boarded the car and stabbed the conductor to death. Mickles was not arrested for several hours.

Snake Oil

Will Positively Relieve Pain in Three Minutes.

Try it right now for Rheumatism, Neuralgia, Lumbago, sore, stiff and swollen joints, pains in the head, back and limbs, corns, bunions, etc. After one application pain disappears as if by magic.

A new remedy used internally and externally for Coughs, Colds, Croup, Whooping Cough, Bronchitis and Tonsillitis. This oil is considered to be the most penetrating remedy known. Its prompt and immediate effect in relieving pain is due to the fact that it penetrates to the affected parts at once. As an illustration you can drop on the thickest piece of sole leather and it will penetrate this substance through and through in three minutes. Accept no substitute. This great oil is golden red color only. Every bottle guaranteed: 25c, 50c and \$1.00 a bottle or money refunded at Miller Drug Store.

You'll need all your lamp sockets filled with Edison Mazda lamps for the winter. We deliver and install. Home Electric Co. Telephone 837. 150 1/2 E.

Forest Fire Rages To South of Dallas Near Boise D'Arc

By Associated Press.
 Dallas, Texas, Nov. 16.—A forest fire is raging at Boise D'Arc, 20 miles south of Dallas, in the Trinity river bottom, according to word received here today. The fire started about a week ago, but during the last few days it has spread rapidly, destroying much timber and driving cattle from pasture in that vicinity.

Business Bureau Is Being Organized for Italy by the Germans

By Associated Press.
 Copenhagen, Nov. 16.—Austro-Hungary and Germany are taking steps to organize a business bureau for the occupied regions of Italy. The intention is to lose no time in arranging for the planting of early vegetables on a large scale to meet the expected spring food crisis. The German civil administration in Lithuania and the Baltic provinces now being formed, Baron von Falkenberg, under secretary of the Prussian ministry of agriculture, and a son of the governor general of Belgium, has been selected, according to the Lokai Anzeiger, as governor of the district.

Announcement. We wish to announce that we have taken over the Harrison-Everton Music Co. agency for the Victrola, and have also installed a line of the new Brunswick talking machines.

NEW YORK COTTON MARKET NERVOUS THROUGHOUT DAY

By Associated Press. New York, Nov. 16.—The cotton market was nervous and irregular during today's early trading. After the recent big advance there was evidently a disposition to take profits for over the week end and the opening was barely steady at a decline of 3 to 18 points. Also there was southern selling of later months while spot firms bought and sold with offerings absorbed on a scale down by Liverpool buying and covering. January sold off to 27.38 and March to 27.23, or about 23 to 30 points net lower. There was enough covering to check the decline at this level, but the undertone showed little improvement and sentiment seemed to be unsettled by reports of an easier spot basis and the uncertainties of European politics. A number of wires were received from the south reported freer offerings at an easier basis but after the decline to 27.38 for January and 27.25 for March, prices steadied on covering and a renewal of trade buying. The tone showed continued nervousness and the rallies met scattered selling but prices ruled some 10 to 12 points up from the lowest at midday, or about 15 to 20 points net lower. Cotton futures opened barely steady: Dec. 28.35; Jan. 27.60; Mar. 27.36; May 27.18; July 27.00. The midday rally carried prices back to about last night's closing with Jan. selling at 27.70 and March at 27.46. For a time covering was active and early sellers seemed to be disappointed that reports of spot weakness were not more general or that southern selling was not more active. A little later, however, offerings increased with New Orleans a seller and prices broke some 15 or 20 points under renewed liquidation. Rumors of German successes on the Italian front were a factor in the decline. Cotton closed easy.

TODAY'S MARKETS

weighed against values in the cotton market here today, prices losing 9 to 23 points in the first half hour. Spot accounts were favorable and gave the market a steady tone at the decline. Cotton opened steady. Opening bid: Dec. 26.46; Jan. 26.67; Mar. 26.61; May 26.50 asked; July 26.34.

The decline was widened to 19 to 21 points but the market finally met support in fresh buying and at noon prices were unchanged to four points off compared with yesterday's final. An easier feeling developed under the small mill taking for the week—310,000 bales. At 1 o'clock prices showed net declines of 6 to 17 points.

Cotton barely steady at a decline of 39 to 41 points.

Liverpool Cotton. Liverpool, Nov. 16.—Cotton spot quiet prices steady. Good middling 22.63; middling 22.10; low middling 21.58; good ordinary 21.58; ordinary 20.05.

Sales 4,000 including 2,800 Americans. Receipts 24,000 including 23,500 Americans. Futures closed quiet. New contracts: Jan. 21.14; Mar. 22.99; May 22.04.

Old contracts (fixed prices): Nov. 20.75; Dec. Jan. 20.20; Feb.-Mar. 20.01; April-May 19.84; June-July 18.68.

Weekly Liverpool Statistics. Liverpool, Nov. 16.—Weekly cotton statistics.

Total forwarded to mills 80,000 bales. American 68,000.

Stock 474,000; American 260,000. Imports 93,000; American 92,000. Exports none.

Kansas City Produce. Kansas City, Nov. 16.—Butter and poultry unchanged.

Eggs: Firsts 44c; seconds 22c. Potatoes: Weak \$2.00-\$2.40 per hundred weight.

New York Sugar. New York, Nov. 16.—Raw sugar steady; centrifugal \$8.90; molasses \$6.92; refined steady; fine granulated \$8.35.

Local Produce Market. Hens 13c; springs 17c. Eggs 37c; butter 28c.

New Orleans Cotton. New Orleans, Nov. 16.—Liquidation

OFFERINGS SCARCE IN CORN PIT AND PRICES INCREASE

By Associated Press. Chicago, Nov. 16.—Scarcity of offerings brought about a sharp bulge today in the corn market. Bulls made much of the fact that stocks of corn temporarily were near the vending point. Besides a jump of oats values to the highest point yet this season tended to make corn shorts uneasy. Opening quotations which ranged from the same as yesterday's finish to 1/4c lower, with Dec. \$1.19 and May \$1.14 1/2, were followed by a rise all around, especially in the December delivery.

Oats ran up largely as a result of assertions that virtually no responses had been received to overnight bids in the country. Statements that exporters had been filled up by recent liberal purchases were also mentioned. Freights lacked support. The market rallied a little however, when grain turned strong.

On the bulge commission houses were free sellers and reaction ensued. There were reports that more cars were being sent into the corn belt and that larger arrivals here would result. The close was unsettled, 1/4 to 1/2c higher with December \$1.20 1/2 and May \$1.15 1/2 to \$1.15 1/4.

There were reports that more cars were being sent into the corn belt and that larger arrivals here would result. The close was unsettled, 1/4 to 1/2c higher with December \$1.20 1/2 and May \$1.15 1/2 to \$1.15 1/4.

There were reports that more cars were being sent into the corn belt and that larger arrivals here would result. The close was unsettled, 1/4 to 1/2c higher with December \$1.20 1/2 and May \$1.15 1/2 to \$1.15 1/4.

There were reports that more cars were being sent into the corn belt and that larger arrivals here would result. The close was unsettled, 1/4 to 1/2c higher with December \$1.20 1/2 and May \$1.15 1/2 to \$1.15 1/4.

EAT SKINNER'S THE BEST MACARONI. THE HOME OF REAL BARGAINS. HARRY JAFFE, PROP. 602 Seventh Street

Men's Fine Tailored Suits and Overcoats at Half Their Value

Men who value the cut and fit of their clothes know that to get the best styles they must have hand tailored suits always cost from \$30 to \$50, a price which many men feel they cannot afford to pay.

THESE ARE THE KIND OF MEN WHO TRADE WITH RIGGS.

We have contracts with the largest and finest merchant tailoring houses of Chicago and Cincinnati to take all of their undelivered suits and overcoats. This does not mean that they are misfits, or that they do not come up to every standard of workmanship, style and materials, but that throughout the United States there are many men who order suits, paying part of the cost in cash and are then not able to pay the balance when the goods are ready for delivery.

THESE SUITS ARE SENT TO RIGGS

They are all fine, hand tailored suits and overcoats, made to sell at

\$30, \$35, \$40, and up to \$48.50

They embody every decree of fashion that good taste in dressing demands, and are worth every cent of the original price.

WE SELL THEM FOR

\$20, \$22.50 and \$25

And with a stock of nearly one thousand suits to select from every customer is sure to find just the material, style and fit that his needs require.

DRAFT EVADERS IN PENNSYLVANIA WILL BE TRAINED

By Associated Press. Harrisburg, Pa., Nov. 16.—Steps to round up between 40,000 and 50,000 men who have not complied with the draft regulations are about to be taken by the officials in charge of the enforcement of the draft in Pennsylvania. The delinquents will be sent to a desolated camp and kept together for intensive training to make up for lost time, in the opinion of officials here, while those who did not appear because of ignorance of the regulations or other excusable causes will be sent to camps to fill up units.

New National Guard Not To Be Equipped For Several Months

By Associated Press. Austin, Tex., Nov. 16.—It was announced today by the adjutant general's department that because of advances from the war department that supplies and equipment for the new national guard will not be available for several months, the organization of the new guard will be postponed until after the first of next January. In the meantime, it is announced that no applications for commissions will be considered or authority given to organize units until after that date. Many applications for commissions had already been made to Governor Hobby.

Sprinkle of Rain Is Noticed Here By Few Of Faithful Watchers

A light sprinkle of rain was noticed here early this afternoon and reports of heavy showers at Woodward and Grandfield, Oklahoma, gave rise to hopes rain might fall here. East of town the "sprinkle" was more than a few scattering drops and early this afternoon there had been enough rainfall to lay the dust. The Wichita Valley railway office here received reports of light sprinkles of rain from most of the stations between Wichita Falls and Abilene.

Christensen Returns From Fort Worth With Some Big Contracts

J. V. C. T. Christensen returned last night from Fort Worth, where he secured a contract for another year for the foundry work for the North Texas lines of the Frisco. While in Fort Worth he also took a big order from the Fort Worth and Denver office for contract with the Wichita Falls Foundry and Machine Company.

Wilson Is Attacked By Germans In Paper; French Language Used

By Associated Press. With the American Army in France, Nov. 16.—German newspaper balloons used to distribute propaganda behind hostile lines, landed today in the town occupied by an American division headquarters in a copy of the Gazette des Ardennes, which is published in French at Charleville, attached. One article attacked President Wilson for his alleged pro-war attitude and for not prohibiting the sale of munitions to Germany's enemies. In an attempt to convey an idea of reliability the newspaper also printed a British official statement telling of the capture of a thousand Germans in Flanders. The copies of the newspaper were sent to General Pershing.

Clarence Moore Is Accepted For Air Service of Army

Word was received here today from San Antonio by W. Lee Moore that his son, Clarence, has been accepted for the aviation corps successfully and is expecting assignment soon to some field for study. The young man was accepted for the first officers' training camp last spring but while at Camp Funston was stricken with appendicitis and was forced to leave the camp. After fully recovering from the illness and operation he made a second attempt to be of service.

STEADY NERVE IS GREAT ASSET

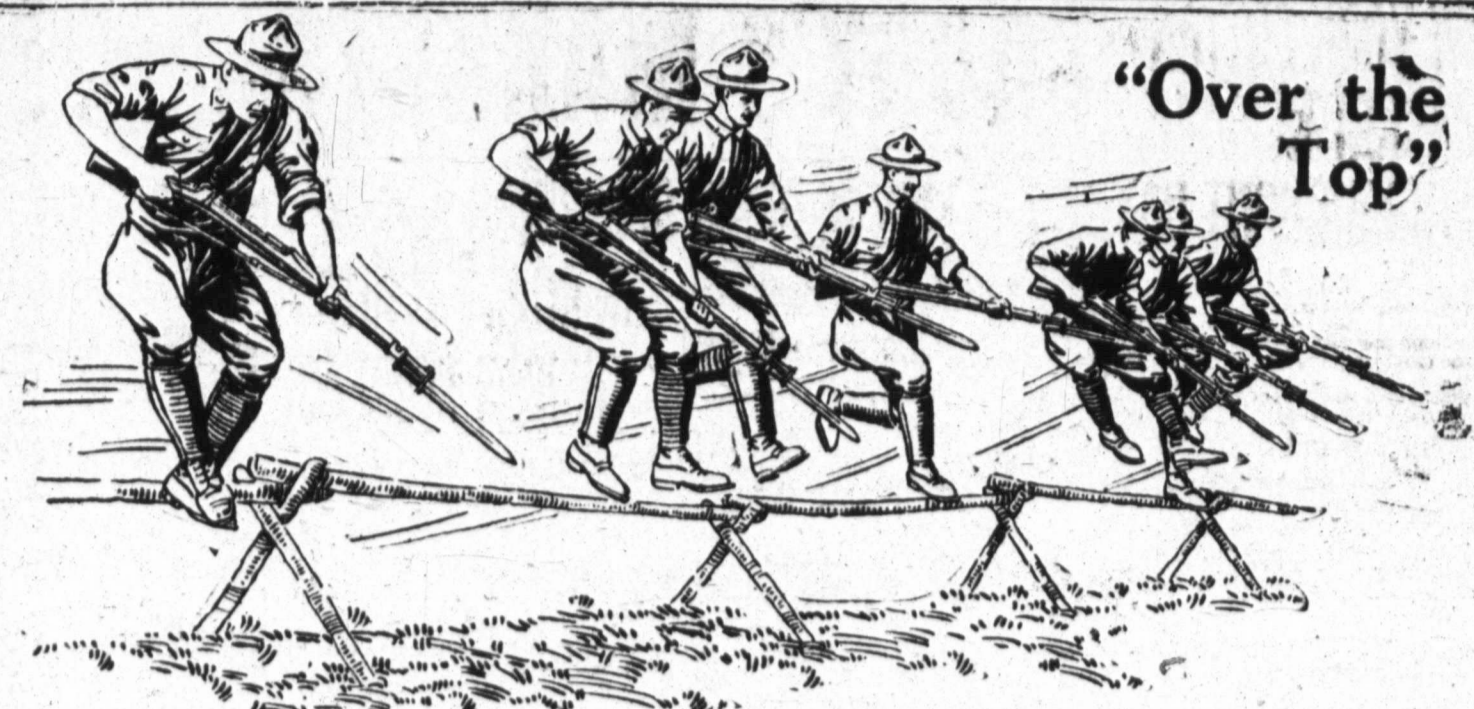

Men Possessing It Forge Right Ahead and Get Somewhere. Thinking people have realized how important it is to keep their nerves nourished, their blood pure and liver active. Physical conditions are keeping a great many people from advancing, while others are making rapid strides. Take an inventory of yourself and find out if you are in need of something to give you more "PUSH". If you find you have that lagged-out, carelessness feeling take this tip: Go to the Miller Drug Store and get a box of PEP SYSTEMIC PILLS. Follow directions and begin taking them at once. You will be greatly relieved and feel results quickly. Pep Systemic PILLS are recommended for rheumatism, boils, malaria, constipation, stomach trouble, indigestion, nervousness, sleeplessness and is an antidote for impure blood. ONE BOTTLE WILL CONVINCING YOU. ACCEPT NO SUBSTITUTE FOR THESE PILLS.—Adv.

You'll need all your lamp sockets filled with Edison Mazda lamps for the winter. We deliver and install. Nunn Electric Co., Telephone 887. 150 tfe

PEARL WHITE AT THE GEM SATURDAY

Pearl Standish (Pearl White) has been given five seconds to return the Violet diamond in the eighth episode of "The Fatal Hour" at the Gem theater Saturday. Five seconds had passed and Richard Carslake was pointing his revolver at her. As the last second expired, Pearl exclaimed, "Wait! I will give you the diamond." Fumbling in the bag with a pretense at getting the

The grey fighting light—the rush up the short trench ladders—the silence of the men as the ghostly line moves forward behind the curtain of the barrage fire—our boys will see and feel it all! And when they return triumphant, tired, dusty, they will remember kindly the cool, refreshing drink that absorbs thirst and satisfies!

NON-ALCOHOLIC **LA PERLA** NON-INTOXICATING

"The Drink that Satisfies"

Wholesome—Invigorating—Delightful

Wholesome because it's pure. Invigorating because of its health-giving ingredients. Delightful because it has the snap, the sparkle and the flavor that reaches the spot. La Perla is the most popular of all soft beverages now before the public. It is the favorite at the Regimental Exchange as well as all places where good soft beverages are sold. Try it today.

Experience to Show Tomorrow at Wichita

"Experience" George V. Hobart's modern morality comedy drama, is announced for an engagement at the Wichita Theater beginning Saturday, November 17th. "Experience" has been one of the great successes of our generation, and it is the type of play that a vast public thoroughly enjoys. It contains a little of everything and something that appeals to everybody. The hardened theater goes will find much to amuse and considerable to interest him. The casual theatergoer will also be pleased. He will find a blending of musical comedy, a bit of drama, a dash of "Pillgrim's Progress" and a touch of farce comedy. For the moralist, for the man or woman who go to the theater only on exceptional occasions, "Experience" will prove a boon. They will find in it everything they believe should be in a play. Mr. Hobart has taken as his theme

FOR FRANCE AT THE EMPRESS SATURDAY

A delightful romance involving a young American aviator and a beautiful little French girl is unfolded in "For France" the Greater Vitagraph blue ribbon feature, which is the attraction at the Empress theater Saturday. It is not a war picture in the accepted sense, because while there are flashes of war and a number of thrilling aerial scenes, the sanguinary element is missing and the love story overshadows the battlefield. The cast is an exceptionally well balanced one, headed by Edward Earle and Betty Howe, with Arthur Donaldson, Mother Mary Maurice and several other strong players supporting them.

CARRYING QUALITY That is the best in the long run, not only for the owner of a motor car but for us who sell the best automobile tires. You minimize tire trouble and save money on renewals by buying your tubes and shoes from us.

OLD MATTRESSES MADE NEW.

A faulty uneven mattress makes a good night's sleep impossible. Let us make over any such mattress you may have in mind. We'll return it to you, not just as good but better than it was when you bought it new. And as to our own special make, we will not only guarantee its substantiality, workmanship, but guarantee you a good night's sleep. It takes only a comfortable mattress to induce it.

POPE'S ESSAY ON MAN Was inspired in a London Coffee House, as was also the following lines: "From silver spirits the grateful liquors glide, While China's earth receives the smoking tide, At once they gratify their sense and taste, And frequent cups prolong the rich repast. Coffee! which makes the politician wise, And see through things with half closed eyes." OUR COFFEES ARE RICH, MELLOW, FRAGRANT AND FRESH ROASTED. BERT BEAN COFFEE HOUSE 824 Indiana Ave. Telephone 35
