BANDIT CHIEF PLANS TO UNITE FACTIONS IN CONCERTED EFFORT TO SECURE PEACE BUT DENIES ATTEMPT TO SATISFY VANITY

By Associated Press. Presidio, Texas, Nov. 17.—Wearing his campaign costume of hip boots, high panama hat and flannel shirt, Francisco Villa is again in the saddle in Mexico at the head of a new revolutionary movement which he calls El Partido De La Convencion.

Issues Statement. Villa today authorized the following statement for the Associated Press:

First of all, I have no personal ambitions, but my earnest desire is that I have already expressed, is that my people may obtain unity and my country peace.

Calling for Men. "I wish now to make a solemn call to all Mexicans in general and in particular to Carranza soldiers to notice how I have conducted myself in this regard to the execution of Francisco Murguia in the state of Chihuahua.

Asking no Peace. "The papers of Mexico and the United States recently published in sensational form the notice that I was asking for peace with Carranza.

Not After Fortune. "He has said many times that I am fighting for fortune and I wish to make it public on this occasion that I have never fought for fortune's sake.

MEXICAN REFUGEES UPON WAY TO MARFA. With the Mexican Federal Refugees Caravan En Route to Marfa, Texas, Nov. 17.—Like a caravan crossing the desert the column of Mexican soldiers, their wives and camp followers lumbered along the dusty road of the Big Bend district tonight on its way from Presidio to Marfa, Texas.

By Associated Press. Kansas City, Nov. 17.—Working contracts for the much-disputed "automatic penalty clause" insisted on by Fuel Administrator Garfield were signed here tonight by the presidents of the Missouri, Arkansas, Oklahoma and Kansas union mine districts.

SOME INDUSTRIES MAY BE FORCED TO SUSPEND BUSINESS

COAL AND TRANSPORTATION MAY BE DENIED THOSE NOT DEEMED ESSENTIAL.

TO BE NO EARLY ACTION

Voluntary Economy Deemed by Administrator Only Way to Avert Issue of Order.

By Associated Press. Washington, Nov. 17.—Arbitrary elimination of industries regarded as nonessential to save coal and rail transportation will be undertaken by the government only after every business threatened has been given a full hearing.

Garfield Makes Statement. This was made clear today by Robert S. Lovett, director of priority of transportation, and Fuel Administrator Garfield in statements in reply to the recommendation of the railway board.

By Associated Press. Washington, Nov. 17.—The arrest of two men, one of them a German named Mueller, employed as scene painter in the Auditorium theater, led federal authorities tonight to a panic, convinced officials both of the government and of the city that its presence in the Auditorium was conceived by desperate persons.

By Associated Press. New York, Nov. 17.—Judge William J. Chambers, chief of the United States board of mediation and conciliation returned to Washington today after a conference with railroad managers in regard to the proposed demand of the railroad brotherhoods for an increase in wages.

JUDGE CHAMBERS TO CONFER WITH CHIEF EXECUTIVE. Although the result of Judge Chambers conferences was not officially disclosed, it was said that the railroad managers had indicated that he change their long standing policy of willingness to submit to arbitration under the Newlands act.

By Associated Press. Montreal, Nov. 17.—Nine persons are believed to have been killed to night when an old house in Canning street collapsed. Several were injured seriously.

MILITARY AVIATORS CONCLUDE LONG TRIP. Kansas City, Nov. 17.—Major C. K. Rhenard and Lieutenant Fred Harvey, military aviators, landed here this afternoon from their aviation training camp at Belleville, Ill. The trip was made in six hours. The men flew in an army airplane.

By Associated Press. Washington, Nov. 17.—Taking testimony in the hearing of the 15 percent increase in freight rates before the interstate commerce commission was completed today with the introduction of witnesses by shippers in an effort to show that the financial conditions of the railroads are not as serious as has been contended and that an increase in freight rates now is unwarranted.

GERMAN DRIVE IN ITALY IS CHECKED

ITALIANS REPEL FOE NEAR AISAGO

SHADED AREA SHOWS ITALIAN TERRITORY OCCUPIED BY ENEMY. According to the latest reports the Italian army is steadily gathering itself together and gaining some of the territory it lost in the recent Hun drive into Italy.

PIAVE RIVER S LINE OVER WHICH HUNS DO NOT PASS

RESISTANCE APPEARS DAILY TO GAIN IN STRENGTH AND STUBBORNNESS.

THRUST FROM HILLS SLOW

Increasing Artillery Fire is Reported in Sector Held by American Troops in France.

FURIOUS ATTEMPT IS MADE TO BREAK LINE; SITUATION IS GRAVE

By Associated Press. Italian Headquarters, Nov. 17.—The Austro-Germans today made furious attempts to break the Italian line and crossed the Piave river at two points, but were annihilated at one point and driven back at the other.

The war situation of Saturday is summarized by the Associated Press as follows: Italy's armies are making a heroic and so far successful stand against the Austro-German masses taro against the Piave river. Desperate attacks along the line of the Piave river in the mountainous region from the Piave westward to the edge of the Freatone district. The line has not been breached at any point, while the thrust of the Austrians southward from the hills in an attempt to drive a wedge through to the plains behind the Piave line is making slow progress.

Italian Resistance. The Italian line, however, seems to be growing stronger. The latest Austro-German attempts to gain a permanent hold on the westerly side of the Piave were only brilliantly frustrated, but the enemy's columns were badly cut up and nearly 10,000 men were taken prisoners.

In Palestine the British forces which recently have made so spectacular an advance up the Mediterranean coast to the relief of Beersheva are still moving forward, but apparently are feeling their way with some caution. The Turks are giving signs of weakness, and stand a good chance of where they are reported attempting to prepare an entrenched position.

In the sector of the French front held by the American troops there has been increased artillery fire, incidental to which there have been additions to the American casualty list, some of which occurred when a German shell hit an American gun.

The batteries have been energetic, giving the Germans better than they seek in the opinion of observers. On the other side there is an interesting development in the North sea, where British light forces operating in the Helgolands light encountered and engaged German light cruisers Saturday morning. The British admiral reported in an early statement that the Germans made off at high speed with the British vessels in pursuit.

From Russia the latest dispatches report Premier Kerensky in flight, his whereabouts unknown to Petrograd, after having been defeated by Bolsheviks and deserted by the greater part of his own officers and men. One report attributes the premier's defeat to the intervention of Lettish forces 30,000 strong on the side of the Bolsheviks. The Bolsheviks are also apparently in control of Moscow, where the provisional government's forces are reported to have been penned within the Kremlin under artillery bombardment. Unconfirmed reports say the bombardment was followed by an agreement of truce by the hostile factions.

By Associated Press. Haparanda, Sweden, Nov. 17.—Information from Haparanda from Petrograd indicates that the defeat of Premier Kerensky came in consequence of the intervention of Lettish forces amounting to 30,000 men on the side of the Maximalists.

By Associated Press. Zurich, Switzerland, Nov. 17.—The police were obliged to use tear gas to break up a pacifist manifestation here last evening. Several persons were wounded. Numerous arrests were made.

BOMB IN THEATER IN CHICAGO LEADS TO ARREST OF TWO

DESPERATE PLOT BELIEVED TO HAVE BEEN FRUSTRATED BY SECRET AGENTS.

By Associated Press. Chicago, Nov. 17.—With the arrest of two men, one of them a German named Mueller, employed as scene painter in the Auditorium theater, led federal authorities tonight to a panic, convinced officials both of the government and of the city that its presence in the Auditorium was conceived by desperate persons.

The fact that the bomb contained explosives enough, if limited, to throw the whole audience into a panic, convinced officials both of the government and of the city that its presence in the Auditorium was conceived by desperate persons.

By Associated Press. Washington, Nov. 17.—Taking testimony in the hearing of the 15 percent increase in freight rates before the interstate commerce commission was completed today with the introduction of witnesses by shippers in an effort to show that the financial conditions of the railroads are not as serious as has been contended and that an increase in freight rates now is unwarranted.

TESTIMONY ENDS ON REQUEST FOR ADVANCED RATES

By Associated Press. Washington, Nov. 17.—Taking testimony in the hearing of the 15 percent increase in freight rates before the interstate commerce commission was completed today with the introduction of witnesses by shippers in an effort to show that the financial conditions of the railroads are not as serious as has been contended and that an increase in freight rates now is unwarranted.

Wage Increases Are Granted Miners In Pennsylvania Field

By Associated Press. Washington, Nov. 17.—Wage increases for 15 percent for Pennsylvania anthracite miners were agreed today by the operators here today on condition that the advances are absorbed in higher coal prices.

By Associated Press. Washington, Nov. 17.—Wage increases for 15 percent for Pennsylvania anthracite miners were agreed today by the operators here today on condition that the advances are absorbed in higher coal prices.

GOVERNOR HOBBS EXPECTED HERE EARLY IN WEEK

WILL INSPECT PROPOSED SITE FOR ASYLUM FOR THE INSANE.

By Associated Press. Wichita, Nov. 17.—Governor Hobbs' visit to Wichita this coming week, probably Tuesday, Nov. 20, when the location committee for the new state insane asylum will be here to consider this city's application, will be made the occasion of a special meeting of the Wichita County Motor Club. The governor and his party, Attorney General B. F. Loomery and Senator W. A. Johnson, president of the senate, will be guests of honor at the Motor Club dinner to be held at the St. James Hotel.

Exact Day Not Set. The exact day of the locating party's visit is not set, owing to the uncertainty of the itinerary, but at present it is thought Wichita Falls will be reached on Tuesday. All arrangements have been made for the club dinner, so that the affair can be held equally convenient on any date. Officers will be elected at the dinner, this meeting to be the annual business session.

Visit Will Be Timely. It had been hoped that the governor's visit would be timely with the opening of the new courthouse, but many disappointments have been met in completing the furnishing of the building that it has been given up. However, the stay of the chief executive of the state and his committee will be made the occasion of informal hospitality by the Chamber of Commerce, the Club and possibly other organizations and individuals.

By Associated Press. Washington, Nov. 17.—Wage increases for 15 percent for Pennsylvania anthracite miners were agreed today by the operators here today on condition that the advances are absorbed in higher coal prices.

British Take Farm In Passchendaele Sector During Night

By Associated Press. British Front in Belgium, Nov. 17.—During last night the British carried out a small successful operation north west of Passchendaele in the Goeburg spur by which they advanced a section of their line and forced the Germans to give up Vocation Farm, a strongly fortified redoubt which has been the scene of bitter fighting recently.

The attack was delivered on a very narrow front for the purpose of improving the British positions so as to make the present line across Passchendaele ridge one more easily held. Vocation Farm, which was heavily equipped with machine guns, had been the British much trouble in the past few days.

HAMBURG MEETING REPORTED TO BE OF SIGNIFICANCE

By Associated Press. Amsterdam, Nov. 17.—Vast projects of far reaching importance are being discussed, according to the German papers at a conference at Hamburg of German, Austrian and Hungarian economic associations. So important are they, says the Cologne Gazette, that in the national interest, it is not desirable to disclose more than the bare outlines.

This newspaper vouchsafes the information that the discussions have turned on big schemes to procure raw materials after the war and defeat the enemy's plan to isolate the central powers commercially.

WORKING CONTRACTS ARE SIGNED BY COAL MINERS

By Associated Press. Kansas City, Nov. 17.—Working contracts for the much-disputed "automatic penalty clause" insisted on by Fuel Administrator Garfield were signed here tonight by the presidents of the Missouri, Arkansas, Oklahoma and Kansas union mine districts.

By Associated Press. Kansas City, Nov. 17.—Working contracts for the much-disputed "automatic penalty clause" insisted on by Fuel Administrator Garfield were signed here tonight by the presidents of the Missouri, Arkansas, Oklahoma and Kansas union mine districts.

MORE AMERICANS KILLED AND HURT ON FRENCH FRONT

EXCELLENT WORK BEING DONE BY CONTINGENT SAY LATE REPORTS.

FIFTEEN ARE MENTIONED

Gunners Are Daily Becoming More Accurate, While Resistance of Soldiers Declared Stubborn.

By Associated Press.
 With the American Army in France (detailed), Nov. 16.—The artillery fighting in the sector held by American troops has become even more lively and there have been further casualties, shrapnel wounding some men in the trenches.
 An enemy shell hit an American gun today and caused casualties. Some of the men wounded in the last two days have died.

Fire Rapidly.
 The American batteries have been firing rapidly in return. The ability is becoming better and it is considered certain that more damage and casualties have been caused in the German lines than the Germans have inflicted on the Americans.
 Patrolling continued actively last night.

The American troops which five French aviators routed three German airmen.
 The French general commanding the sector has mentioned in the dispatches 15 American officers and soldiers, including three who were killed, for excellent military qualities and for bravery displayed in the recent trench raid. A note accompanying the citation says that between 8,000 and 10,000 shells were used in the attack, which has been in preparation for three months, down to the finest details. The results obtained by the enemy were very small, he having been unable to penetrate more than the first trench because of the resistance of the American soldiers, with rifle and pistol fire and hand grenades. The enemy had to content himself, the citation continues, with carrying off a few prisoners.

General Order.
 The general in the order mentions the company, commanded by Lieutenant (name deleted by censor), as follows:

"On the night of Nov. 2-3 this company, which was in the lines for the first time, met an extremely violent bombardment which it met with arms and offered such stubborn resistance that the enemy, numerically superior, was obliged to retire."

The general specially cited in the order of the day Corporal James Gresham and Privates Merle D. Hay and Thomas F. Enright, who died bravely in hand-to-hand fighting with the enemy, who were killed in the first line. The others cited, "who showed excellent military qualities," are Second Lieutenants M. C. Laughlin and O. Patterson and E. C. Rickson; Sergeant John Arrowood, Corporals David M. Knowles and Homer C. Gens and Privates Charles Massa, William B. Thomas, George Hurd, Boyce Wade, Robert Winkler and John J. Jarvis.

The Sonora Phonograph

There is one phonograph which is chosen when heard in critical comparison. It won the highest award for tone quality at the Panama-Pacific Exposition. It is the Sonora.

For what qualities is the crown of success bestowed?

Not for loud claims and hollow words, but for proven truth. Not for outward merit and inward lack, but for solid worth. Not for apparent excellence and surface glitter, but for thorough value which time has tried and has not found wanting.

Before you purchase your phonograph, hear the Sonora. It will give to you, to your family and friends, years of the keenest pleasure, entertainment and enjoyment.

RICHARDSON-TAYLOR DRUG CO. "The Store of Better Service" Ohio and Seventh

It held here that many Austin housewives are taking advantage of its opportunities and are taking one or more courses under the capable instructors in this department. Its activities are not limited to local work, for it sends out agents in the interest of food conservation, who travel over the entire state teaching canning and saving lectures.

The Law Department.
 "The law department needs no special mention, for I think there is no one who does not realize that the law school of the University of Texas compares favorably with any in the country."

"Student activities, though somewhat crippled at first by the loss of many valuable men who went to training camps or enlisted in the army and navy, are in full swing now, and this promises to be a most successful year along this line. The Daily Texan, a student daily, is doing better work than ever before, and its attracting a favorable comment. During the Dallas fair, a Dallas edition was published each day in connection with the university exhibit. This work was in charge of students, and was so successful that it is certain that every year the Daily Texan will have its Dallas fair edition."

"The second issue of Liberty Loan bonds offered an opportunity to students and faculty to express their loyalty."

SWEETWATER NOW WILL MAKE RACE FOR NEW ASYLUM

Announcement that the locating board for the Northwest Texas Insane Asylum will begin its tour this week has brought to light the fact that Sweetwater will be a contender for the new institution, despite understanding to the contrary.

Secretary B. F. Johnson of the Chamber of Commerce, in stating that Governor Hobby and other members of the locating board are expected, there was a definite understanding, he said, between Wichita Falls and Sweetwater that if this town would stay out of the race for the A. and M. college, and would boost for Sweetwater, that town would stay out of the asylum race, and pull for Wichita Falls. Since this arrangement was made, however, a new secretary has been appointed at the Sweetwater Chamber of Commerce, and the agreement, apparently, no longer holds. However, although the support of Sweetwater cannot be counted on, inducements and promises of strong support come from a great many towns in the northwest section of the state, most of which have undertaken to send representatives here to meet with the locating board.

Baylor county has sent a list of seventy indorsements from prominent firms and individuals in that community, all heartily supporting Wichita Falls as a candidate. Seymour wires that she will do all she can and will send a representative. Amarillo will see Wichita Falls get the asylum, and will likewise send a representative. Gainville says she will be glad to give every assistance in her power, and is anxious to be personally represented, as are also Vernon and Plainview. Lubbock says she is "strong for Wichita Falls," and regrets that she cannot send a representative. Stamford remains neutral.

In connection with the Motor Club meeting, all members are requested to watch for the announcement of the date of arrival of the board, so as to be on hand at the meeting.

Non-Sinkable Ships To Be Constructed By United States

By Associated Press.
 Washington, Nov. 17.—The shipping board has approved the building of twenty 4,000-ton nonsinkable ships by the French government in the United States. By so doing it has waived the rule that no foreign construction should be permitted at this time.

The nonsinkable ship, developed by French experts, is said to have withstood torpedo attacks in a test in which four shots were fired into the hull.

WHAT STUDENTS THINK OF WORK OF UNIVERSITY

MANY, IN THEIR CRITICISMS, SHOW DISCERNMENT—ONE'S VIEWS.

By Associated Press.
 Austin, Texas, Nov. 17.—It is interesting to note the views which students of the university hold regarding the practicability of the work accomplished by that institution. For the most part students are discerning and reliable critics of matters in which they are concerned. I. H. Cutler, a student whose home is at Tyler, in a letter to a friend, touches on this subject as follows:

"Some people have the impression that the courses offered at the University of Texas are impractical, but it is quite plain that those who hold such ideas have not taken the trouble to inform themselves in the matter. The university is pre-eminently a practical school. The school of engineering, of mining, of civil, chemical, mechanical and electrical lines, has as high a standard as any in the south, as can be seen from the success of its graduates. The demands for engineers from the universities are much greater than can be filled, for this department, though not the largest of its kind in the state, is noted for its efficiency. Texas engineers are making good in civil life as well as in the United States army."

School of Journalism

"The school of journalism is another good example of the practical work offered here. This is a new department, comparatively speaking, but already the leading papers of the state are showing a decided preference for men with journalistic degrees from this school. The instructors are experienced newspaper men, and not merely theorists. Several courses in journalism are offered, including the mechanics of printing, news gathering and reporting, and the history of journalism. A number of men in this department are holding positions of importance, or are university correspondents for the larger dailies of the state, so that they demonstrate the practicality of the work."

"The school of home economics is well known throughout the entire southwest, and in such good esteem is

HERO OF TRAIN ROBBERY TELLS OF EXPERIENCE

LEE NEBLETT, WOUNDED MANY YEARS AGO BY HAYWOOD SPUR, HERE OVER SUNDAY. Twenty-seven years ago the people of Texas were stirred when the morning newspapers carried the story of a holdup at Haywood spur on the Cotton belt near Texarkana, Texas.

"I was in the car alone and a fusillade of shots was fired into the car before the quartet of robbers tried to gain an entrance. When the firing began I laid flat on the floor with my hands and feet on the floor.

"After the robbers had gotten the money, \$135, as nearly as I can remember, they took me from the car and when in the woods several yards from the tracks they opened fire on me. Several bullets struck me, one near the right temple and another maimed my right hand.

"All four of the men were arrested within three days after the holdup. One of them was a detective in the employ of the Texas Express Company, another one was an ex-hermit of Ellis county, another was a patrol man working for the city of Texarkana, Texas, and the fourth one was a farmer.

Mr. Neblett has several scars on his face and right hand to bear witness to the terrible ordeal he went through, and now when he exchanges a handshake with a friend he uses the hand.

DR. DRAPER GETS THREE MEETINGS FOR THIS CITY

PASTOR RETURNS FROM WOMAN'S HOME MISSIONARY CONVENTION AT LAWTON.

Rev. Harry Draper, pastor of the First Methodist Episcopal Church, returned Saturday night from Lawton with three conventions for Wichita Falls for the coming conference year.

Dr. Carrie M. Gibson of this city was elected vice president of the missionary convention. There lines a good attendance at the convention and Mr. Draper reports a very enjoyable as well as profitable session.

NEWS BOYS WILL BE ORGANIZED IN THIS CITY TODAY

NO EXPENSE WILL BE ATTACHED TO MEMBERSHIP IN CLUB.

In the Harrison-Everson building at 2 o'clock this afternoon the Wichita Falls Newsboys' Club will be organized. All boys selling or delivering newspapers are entitled to become members without expense.

Judge Shelton of the juvenile court will probably address the boys' meeting. The objects of the club are to surround the boys who spend much of their time in the streets with better enlightenment and to assist them along moral and educational lines.

WICHITA COUNTY RED CROSS

The local chapter of the Red Cross desires to express its deep appreciation of the splendid gift of blankets by T. W. Meigs, who sent up \$50 worth of excellent blankets yesterday.

The number of workers has increased over 100 per cent this week, no less than 403 workers having reported during the week.

There is still great need of old linen-table linen, sheets, pillow slips, and any kind of white cloth—for wrapping the bandages into muslin, and any person having on hand any spare linen will do great service by having it washed and sent to the work room.

TWO INDICTMENTS REMAIN STANDING AGAINST FERGUSON

COURT ORDERS THAT THEY BE LEGALLY RETURNED DURING VACATION

SEVEN OTHERS QUASHED

Expenditures at Mansion and Canyon City Normal Funds Must Be Threshed Out.

By Associated Press. Austin, Tex., Nov. 17.—Indictments in seven cases against former Governor James E. Ferguson, charging misapplication of public funds were quashed today by District Judge James R. Hamilton. Quashed was refused in two other cases against the former governor, charging embezzlement and diversion of a special fund. Judge Hamilton overruled the defense's contention that the indictments are invalid because returned in vacation.

Seven Are Quashed. The seven indictments charging misapplication were quashed on the ground that the governor was not by law a receiver of public moneys. One of the remaining cases was brought in connection with expenditures at the mansion and the other charges that the former governor used \$5,000 of Canyon City Normal funds to discharge a personal obligation.

Change of Venue Not Asked. No application for a change of venue has been made in the two cases which are to be called Monday in the criminal district court. The cases against ex-Governor Ferguson and C. W. Woodman former law commissioner, charged with perjury, are set for November 26. The cases charging misapplication of public funds against Charles L. Stowe, former state superintendent of buildings and grounds; John G. McKay, Bartlett, former secretary of state and Charles O. Austin, commissioner of insurance and banking are set for November 19.

University Teachers Are Before Committee Prosecuting Inquiry

By Associated Press. Austin, Texas, Nov. 17.—Professors J. T. Patterson, D. B. Casteel and several instructors of the University of Texas school of zoology were called before the investigating committee this morning and asked about the exercise of economy in buying laboratory equipment, the wisdom of raising salaries in the faculty and the need of student assistants. That the general raise in salary keep many of the best faculty men in the institution was the opinion of Professor Patterson. The zoologists explained that laboratory equipment was often bought "ahead of time," but this was only a far-sighted policy. Representative Oscar Davis returned from El Paso, where he has been investigating the university school of mines, and reported the work there favorable. The committee adjourned at noon until Monday morning.

NEW PRODUCTION IS REPORTED IN SEVERAL FIELDS

ELECTRA AND CULBERTSON, HOWEVER REPORT NOTHING EXCITING FOR WEEK

While there have been no exciting developments in the Electra and Culbertson districts during the past week there has been a quantity of new production added to the swelling volume in the North Texas fields.

One of the interesting developments of the week is the Acme Oil Company's well. This well has been looked upon as likely to connect the Burk Burnett and Electra pools. It seems to have done this. The sand is from 585 to 603 feet and the well is reported as good for 70 barrels.

The Magnolia Petroleum Company's R. S. Allen No. 76 which was drilled deeper after production from shallower said for three years is reported as a 125 barrel well at 1922 feet.

The Magnolia company has finally abandoned its J. P. White well in Wilbarger county at 3125 feet.

The People's Oil Co. drilling on a city lot in Electra has abandoned its hole as dry at 181 feet.

Producers W. T. Waggoner No. 141 is reported a 40 barrel well at 1447-1455 feet. Producers 2nd, Bywaters No. 60 is making ten barrels from a sand at 181 to 182 feet.

Producers 2nd, Bywaters No. 63 is a fifteen barrel well with 15 feet of sand at 1650 feet. Producers Skinner No. 21 is reported a 20 barrel well. Producers McBurney No. 15 is reported for fifteen barrels at 1135 feet.

Gulf Producer's Well. In the Culbertson district, Gulf Production Company's Patriot section 61 No. 1 is reported as a two hundred barrel well from a sand at 1420 feet. This is the best well in the Culbertson district in several months.

Producers' Oil Company's Throckmorton No. 1 is reported as a 75 barrel well at 1961 feet.

The Tarver Oil company's Corlett No. 2 is testing a sand at 1328 feet. Oil and gas developments in Young county are being watched with considerable interest by oil men here.

A strong flow of gas was in the Laeto well on Coal Creek ten miles south of Graham last week. The Graham Leader gives the following account of the development: "At the Laeto well on the river south of Graham gas was struck this week at a depth of about 2200 feet. The gas pressure is immense, 6,000-6,000 cubic feet per day being the yield and the roaring of escaping gas can be heard distinctly within a radius of one-half mile.

This means cheap fuel for all this territory and will also be a big inducement for various manufacturing enterprises to locate in and near Graham.

At the Goode well in South Bend the "bringing in" was not as auspicious nor as gratifying as had been expected. The well was "brought in" all right and the yield is from 15 to 25 barrels of oil per day. While the yield is not as great as expected it is encouraging and the company will go down another one thousand feet, which will put them in the deep sand at 2300 feet, to which depth they expected to have to go when they commenced drilling."

MISS STAFFORD WILL MAKE TALK ON Y. W. C. A. WORK

LECTURE WILL BE GIVEN ALL INTERESTED AT FIRST CHRISTIAN CHURCH

One thousand dollars at least, a great deal more if possible, is to be raised between now and December 10 by the women of Wichita Falls for the Y. W. C. A. war work. The campaign will be given an impetus next Sunday, November 25 when Miss Mable K. Stafford, one of the State Y. W. C. A. workers will deliver an address on the work of the Y. W. C. A. to men, the unusual conditions brought about by the war. Miss Stafford will tell of the work now being accomplished in nearby cities where there are large training camps and will acquaint the citizens of Wichita Falls with the particular need of this city as created by the local camp. Miss Stafford's lecture will be given at the First Christian church at 3:30 p. m. and all interested men and women, both old and young are urged to attend.

A temporary organization, which will have in charge the raising of the fund and which will later form a league for Patriotic Service among the girls and young women of the city, was organized at the meeting of representative women of the city Friday at the home of Mrs. C. W. Snider. Mrs. Orville Bullington was made chairman and Mrs. C. J. C. McDowell, secretary and treasurer. The organization will be completed at a meeting to be held next Friday.

Those present at the meeting Friday were Mesdames Wads, Walker, Hargrave, Zundelwitz, Montgomery, Ashmore, Simon, Kerr, Snider, Felder, Roberts, Richolt, McDowell, Danforth, and Bullington.

OFFICERS R. E. Huff, President W. M. McGregor, Active Vice Pres. F. M. Gates, Vice President T. J. Taylor, Cashier C. E. McCutchen, Asst. Cashier R. Wyatt, Asst. Cashier F. C. Barron, Asst. Cashier

DIRECTORS W. M. Coleman, F. M. Gates, J. G. Hardin, R. E. Huff, C. E. McCutchen, W. M. McGregor, J. T. Montgomery, T. B. Noble, T. W. Roberts, J. W. Stringer, T. J. Taylor

LIBRARIAN-CHOSEN BY DIRECTORS OF INSTITUTION HERE

Among the list of important announcements given out by the library committee after the meeting yesterday afternoon are that Miss Polly Roberts, who has been teaching in the public schools here, has been appointed librarian; that the contract for the furniture and fixtures has been let to a library furnishing bureau in Dallas, and that on Saturday, Dec. 1, a book shower will be held.

American Commission To Hold First Meet In London Tuesday

By Associated Press. London, Nov. 17.—The time for the meeting of the members of the American mission to the inter-allied conference with the British departments for the purpose of co-ordinating the work done by individual departments since the arrival of the American representatives has been fixed for next Tuesday in Premier Lloyd-George's office. This will be the first joint conference, at which, it is indicated, the conclusion reached is to the best methods of prosecuting the war more effectively through co-operation between Great Britain and the United States.

King Victor Immanuel Turns Over His Villa To Incoming Refugees

By Associated Press. Washington, Nov. 17.—King Victor Emmanuel, official adviser from Rome today say, has turned over the royal villa of Monzator to refugees of the invaded regions. The dispatches also tell of the bestowal of the highly prized gold medal on officers for deeds of extraordinary heroism.

St. Louis Reporter Released From Jail; Must See Grand Jury

Jefferson City, Mo., Nov. 17.—Robert E. Holloway, reporter for the St. Louis Republic, who has been in jail for the last two months on a contempt charge because he would not disclose to the grand jury the source of information on which he based a story that indictments had been voted in the alleged graft cases, was released by Circuit Judge Slate today. The story was printed before the grand jury returned the indictments.

UNION SERVICE IS TO BE HELD ON THANKSGIVING

Union Thanksgiving services in which church people of all denominations are expected to join will be held Thanksgiving morning at the M. E. Church, South. Rev. N. F. Grafton, pastor of the First Presbyterian Church, was selected to deliver the Thanksgiving sermon at the meeting of the Pastors' Association held Friday to arrange for the special exercises for that day.

War Literature

It is understood that as complete a stock of war literature as will be kept on hand and a good collection of agricultural works, as it is desired that the people from the entire county shall make use of the library. The librarian will announce shortly what is needed and what is not.

War Literature

The report of the finance committee showed that the finances are in good order, but not all citizens have been seen yet as to donations, and those who have not may expect to be visited in the near future.

War Literature

As to the book shower, the place of which will be announced later, it is stated that the library committee is anxious not to start off with a lot of old, discarded books, which people are glad to get rid of. Among the most urgently required books are authoritative, up-to-date encyclopedias and reference books, historical works, and so forth.

THE WICHITA DAILY TIMES

Published Every Week Day Afternoon (Except Saturdays) Entered at the Postoffice at Wichita Falls as second-class mail matter.

Subscription Price: By Carrier in Wichita Falls, if paid in advance, \$5 per year. By Mail in Wichita Falls, outside Wichita Falls, in Clay, Archer, Young, Baylor, Wilbarger Counties in Texas, and in Cotton County, Oklahoma, \$6 per year.

Business Office: 167 Editorial Room: 1671 Wichita Falls, Texas, Nov. 18, 1917.

Carrier boys are not allowed to collect for subscription to The Times, except in the factory district and on north side of river. Our collector will call on you or else you will receive a statement from us through the mail.

A special tax has been voted in Wilbarger county for an improved highway from Vernon to Oklahoma. Bonds have been voted in Wichita county and one of the highways that will be improved is that stretching from the Clay county line through Wichita Falls, Iowa Park and Electric to the Willinger county line.

We have an interesting letter, signed "A Reader," which takes The Times to task for "continuing" to other pages articles which are begun on the first page. The letter in full follows: Wichita Falls, Texas, Nov. 16, 1917.

THE CONDITIONS THAT GOVERN.

Very soon after war was declared Secretary McAdoo, realizing the necessity of enlisting the women of the country in any movement of national importance, appointed a woman's federal Liberty Loan committee, of which his wife, Eleanor Wilson McAdoo, was elected chairman.

Of course, The Times is not published at haphazard. And, of course, dear Reader, these things have been thrashed out in many newspaper offices time and again, and for years on end. They have been "thought of" and "thought out" and office and news conditions, which would require much technical talk to explain, govern the "continuing" of news from the first page.

We are convinced that your letter was intended to help us as well as yourself, and we are going to be just as considerate of you as you have been of us. Hence this suggestion as a means of avoiding trouble.

You read the entire paper first—of you can—then let your wife read it, or vice versa. Home conditions and the general tactical situation of the conflicting forces will have to govern.

SMASHING ONE PRECEDENT.

All precedents have been broken by a party of five congressmen who recently inspected British front-line trenches at a certain point in France. They went to France to ascertain actual war conditions. They have learned something of those conditions.

A shower bath of bullets from a German machine gun was turned on in their honor, but nobody was hurt. Evidently feeling they hadn't done the subjects justice, the Hun sent over a shell of big caliber, and their aim was perfectly good. But it didn't dent a single member of Congress. The natural conclusion is that the Germans, becoming discouraged, ceased firing.

But even at that, a time-honored custom, in vogue, in fact, since there

"A DIAMOND FOR MY LADY FAIR"

You know that nothing you could possibly choose for a Christmas gift will please her more. You know that every woman delights in fine jewelry of which a diamond leads in value and admiration. You know that what you choose here carries with it an assurance of quality, and value. We have them in all sizes and styles to fit your ideas of outlay.

Indiana at Eighth

first was a congress, was mutilated by the M. C.'s at the front.

For dispatches add that the gentlemen were under fire for "only a brief period." Quite so, and, probably, quite brief.

For once a party of congressmen may be definitely pointed out who decided to act first and talk afterward.

VICTORY IN ELEVENTH DISTRICT IS IN PART DUE TO NOBLE WOMEN

The following is issued by the federal reserve bank at Dallas:

Women have fought and won a battle for the United States in the Eleventh federal reserve district, which comprises the states of Texas, the northern half of Louisiana, the southern half of New Mexico, eight counties in Oklahoma and five counties in Arizona.

Very soon after war was declared Secretary McAdoo, realizing the necessity of enlisting the women of the country in any movement of national importance, appointed a woman's federal Liberty Loan committee, of which his wife, Eleanor Wilson McAdoo, was elected chairman.

A conservative estimate of the subscription obtained by women and definitely traceable to their efforts in the Eleventh federal reserve district amounts to \$13,121,896. More than half the amount mentioned was taken from men who gave their time and effort to the cause and to the people of the country at large.

In face of the fact that the total subscription in the whole of the Eleventh federal reserve district was less than \$3,000,000, above the minimum quota of \$75,000,000, it is not difficult to figure out where we should have stood had the women not raised this \$13,121,896.

Reports have been received of significant organizations which have shown not only enthusiasm but a businesslike knowledge of modern merchandising methods, which would make a success of any sort of either commercial or national in its object.

Stories have poured in showing humorous, pathetic and always interesting phases of the women's work. Amidst such splendid records it is extremely difficult to single out particular localities or individuals for interesting reports, although it may be interesting to know some of the larger amounts of subscriptions turned in by local committees. A few examples follow:

- Bell county, Texas \$196,000
- Bexar county, Texas 685,300
- Bowie county, Texas 429,300
- Collins county, Texas 150,000
- Johnson county, Texas 200,000
- Dallas county, Texas 247,150
- Ellis county, Texas 298,000
- Richmond county, Texas 120,000
- Grayson county, Texas 144,150
- Caddo parish, La. 251,300
- Cochise county, Ariz. 895,550

Many women unhesitatingly dealing with huge figures felt that the task of raising so many millions of dollars was a hopeless one, and that the little effort which they could put forth would be lost. The reply lies in the record just referred to.

The women in this federal reserve district have won a great battle for the United States, and they will win a greater one when the next loan is offered to the public.

SYMPATHY SHOWN BY BRITISH WITH HEBREW PEOPLE

(By K. Walter)

London, Nov. 17.—It has been an open secret for some time that the Zionist aspirations have met with understanding and sympathy from the leading British statesmen, but the recent declaration by Mr. Balfour is the first official statement of the government attitude.

The adoption of this Palestine policy as one of Great Britain's war aims has been very largely due to the unflinching efforts of Mrs. W. C. Weismann, president of the Zionist federation in England, and Mr. M. S. Osoklow, member of the executive body of the international organization, and to a small committee of the more far-seeing Jews who have been working in England for some time.

At the very beginning of the war Lord Cromer, late viceroy of Egypt, hastened to point out the political significance of Zionism and to draw the attention of British statesmen to it as a practical and urgent issue.

What does the declaration mean to the Jewish people? The Jews are the oldest of all disseminated nationalities and it is a good omen to commence reparations and redistribution by supporting the claims of this small but steadfast and imperishable nationality.

The terms of the declaration disarm all possible objections. It contains two qualifying clauses which are intended to safeguard the civil and religious rights of the non-Jewish communities in Palestine on the one hand and the political and civic status of Jews in other countries.

"What are the Zionist plans?" was asked. They do not contemplate the collecting of all the Jewish masses into Palestine and founding a Jewish kingdom or republic. No one realizes more clearly than the Zionist leaders that Palestine cannot be rebuilt in a day and their plans are accordingly to make a sensible and healthy colonization of Palestine by Jews and a more rapid development than was possible hitherto.

It is not surprising that Mr. Balfour's declaration is considered by the Jewish people as epoch making. Every Jew will be deeply stirred by the vision of a national center after nearly two thousand years of homelessness, and if one of the results of the war is the realization of such hopes it will afford proof that the noble aims which have been cherished by many and for which so much life and treasure have been spent, have not been mere phrases.

The French government has given official assurances of its favorable attitude. It may further be mentioned that the Vatican, being interested in the religious aspect of the problem, has declared its sympathy with the movement. In many unofficial ways the favorable attitude on the part of the American and Russian governments has been shown, the press and public opinion in allied and neutral countries have manifested a deep and sympathetic understanding of the great cause.

Jews look forward to the reconstructed world after the war with steadfast faith. They look forward to a speedy victory and to Palestine being reestablished as the national home of the Jewish people.

They look forward to the era of peace which the ancient prophet "recast in the imperishable words, 'and they shall beat their swords into plow shares, and their spears into pruning hooks, nation shall not lift up sword against nation, neither shall they learn war any more.'"

First Star Shells Seen By American Woman In London

(By Margaret Walter)

Standing in the portico of a country house just outside London one night during a raid I saw my first star shells being used against German aircraft.

As soon as I was given a permit to visit a munitions factory where these strange projectiles are made, I saw more than any of the sights which we who have yet seen to the front have seen. These beautiful shimmering bursts of light satisfied our expectations of the spectacle of war.

The construction of a star shell is as fascinating as its effect. It resembles a very intricate mechanical toy, the sort the Germans used to send over to us about Christmas time.

We hurried, by great belching forges where the short blocks of steel start on a journey that ends at sort of counter where a nimble fingered girl with rule and gauge measures the finished steel shells ready to be filled.

The compartment used in ordinary shells is measuring about 20 inches in diameter. The material of the umbrella-portion is reinforced fireproof silk and the framework is fine zinc cable. These delicately adjusted parachutes are made by trained seamstresses and firemen specially skilled in knotting and splicing.

The flexible wire is woven in and out of the silk and by every insertion there is a double knot, because no twist or kink must be allowed. The whole contrivance has to be compressed by machinery into the small steel compartment, yet when it is released it must spread out into perfect form without a crease.

Attached to the parachute is a steel vessel that contains the luminant. The base of the compartment into which the parachute and the luminant vessel are neatly packed is corked with a solid disc secured by copper alloys.

Parachute Fell Away. With the explosion of the shell the sectional jackets containing the parachute fell away from the parachute. The luminant is ignited and the parachute floats for several minutes, shedding a clear white light in which every detail of sky and landscape is plainly visible.

Girls are especially successful in the manufacture of such complicated missiles as star shells, for in each shell, besides the fuse, which is itself a work of art, there are 14 separate pieces, not counting the parachute itself, and each piece has to be constructed with the precision of clock works.

The women officers—the men in the details—were never under such conditions of course, to their supple fingers. Like most of the women, and the men too, for that matter, who are producing the bulk of the munitions coming over to the allies, these girls are technically speaking, unskilled. That is, they have not passed through the degrees of mechanical training which before the war qualified a workman for a fixed wage.

Recruited from all classes, they have gained their knowledge overnight, as it were.

Japanese Delegates To Peace Conference Are On Way to Paris

(By Associated Press)

Tokyo, Nov. 17.—Japan's delegates to the Paris conference, Viscount Chinda; the ambassador to Great Britain, Keishiro Matsui, ambassador to France, left today for Paris by way of Petrograd. They are accompanied by military and naval attaches.

BRITISH NAVY IS TWICE AS STRONG AS EARLY IN WAR

(By K. Walter)

London, Nov. 17.—The sum total of a week's deluge of information and impressions is that the British navy, the keystone of allied power, is at least 100 per cent stronger than at the beginning of the war and 50 per cent more efficient than in the days of the battle of Jutland.

These estimates are not based on any official statement, but are my own considered opinion after a visit to the grand fleet, lying on a famous battleship, the flagship of a still more famous admiral, mixing freely with officers and men, and visiting every port of call in the great northern bases in which the biggest concentration of sea power the world has ever known has been in those days.

Under no Delusions. The keenest sailors and fighters among them were never under such delusions. Perhaps the most surprising impression of all was that even today, after more than three years of war and after a wealth of scientific improvement, which can only be made public after the war, there is still a buzz and flurry of invention and reform such as one might imagine peculiar to the days of mobilization.

Every one of the privileged few who have visited the grand fleet has spoken of the continued keenness of officers and men, with an inexhaustible admiration or the manner in which they support their apparently tedious exile. But I find that the keenness is something more than readiness and fitness and the daily hope of battle: it was not so much the virtues of patience and discipline that struck me, but the intensive activity of the men, who every day awake anew to the task of making perfect that day their individual bit of work in this vast machinery of war.

As to ship builders and muniticians were behind the navy have been doing, it took all the days I was there to get any clear idea of the extraordinary increase of the fleet of the navy, and the instruments of power added to it. You would be passing some small rather battered-looking vessel in a jacket boat and ask a sailor "What's that old ship?" and he would laugh and tell you the very day last month or last year when she joined them with a cloud of mystery about her. And this would happen time and again, so effective is the training that the navy has been doing.

Increased Wage Is Granted To Marine Workers By Mediator

(By Associated Press)

New York, Nov. 17.—Increased wage schedules, granting in a large measure the demands of 7,000 marine workers at the port of New York, were announced here today by the government board of arbitration appointed to decide the issue between them and their employers.

Race Horse Breeding Is Becoming Lost Art Among Tennesseans

(By Associated Press)

Louisville, Ky., Nov. 16.—Tennessee, which thirty or forty years ago led the country in the production of thoroughbred race horses, will very nearly cease to be a factor in that line in November, when W. O. Palmer at public sale at Lexington, Ky., will dispose of his Belle Meade stud and retire as a breeder of race horses.

Thirty-three mares, some of them dams of animals widely known on American race tracks, will go under the hammer. Among them are Rose-tree II, dam of Roamer, and whose yearling by Voltare brought \$10,000 in the sales ring at Saratoga last summer; Colonial, the dam of Hessian, sire of Boots, Hortensia, dam of Reprobate and Mariano; Nevada, dam of Commanda; Hawklight, half sister of Luck Lass, which was the dam of Lucullite; Sweet Sister, half sister of Belle Meade and My Beasle, a full sister of Great Britain.

A number of yearlings will be included in the sale, including twenty-four weanlings, twenty by Assaga, two by Trap Rock, one by Charles Edward and one by Great Britain. Among the embryo racers are half brothers and half sisters of Ed Roche, ten leader, Hessian, Commanda, Mariano and Reprobate.

With the passing of Belle Meade will disappear one of the most famous thoroughbred nurseries in the country in the life of the late General William H. Jackson II, had been the Jomelle or Iroquois, the only American horse that ever won a British derby and sire of Inspector B; Luke Blackburn, Ment d'Or and Gotham. From it had come such performers as Tammy, Proctor Knott, Tremont, Imperator, Irritable, Endurance by Knight and a score of other equine celebrities.

Mr. Palmer two years ago attempted to reestablish Belle Meade, but was unable to obtain the requisite amount of pasture for a plant of the scope he contemplated. His stud was headed by the imported stallion Assaga, a brilliant broodmare of Spain and he purchased a number of highly bred mares at the disposal sale of the late James Ben Ali Haggin's once famous Elmendorf farm.

The sale will be without reservation.

MORTUARY

Mrs. B. W. Tate, Mrs. B. W. Tate, 14 years old, a bride of two weeks, died at the home of her mother, Mrs. W. B. Rayburn, 108 Lake street, Saturday morning at 10 o'clock. The funeral will take place this morning at 11 o'clock from the Rayburn home. B. W. Tate is an employee of the Levi-Campbell grocery store. Mrs. Tate became ill Sunday morning following her marriage two weeks ago.

Girl While Dusting Discharges Revolver And Meets Tragic End

(By Associated Press) New York, Nov. 17.—Maidel Duncan, aged 12, was shot and instantly killed this morning when a revolver was accidentally discharged in her home when she attempted to dust it. She was sitting at a table which she was dusting.

Market Report

COTTON MARKET RECOVERS PART OF RECENT LOSS

By Associated Press.
New York, Nov. 17.—The cotton market recovered a good part of yesterday's losses during today's trading. Rumors circulating on the sharp drop of late yesterday proved unfounded and there was covering on today's which carried Jan. up to 27.50 or more than two dollars per bale above last night's price. The close was a few points off from the best under result but the tone was firm at a net gain of 25 to 41 points.

The market opened firm at an advance of 21 to 34 points. Press advices indicated that the meeting in Washington yesterday had been for other purposes than that of considering price regulation, and many of yesterday's late sellers were buyers on the call. There was still more or less nervousness however, and early fractions were very irregular with the market sagging off several points right after the opening. December and March reacted but the market firmed up again during the middle of the morning and reached the highest levels in the late trading. This bulge followed receipt of a telegram from the president of the exchange, stating the conference attended by cotton exchange officials in Washington had been called only for discussing collections of war taxes. Dec. sold up to 28.83 and March 27.30, with the general list showing net advances of 29 to 48 points. There was scattered southern selling and realizing which was absorbed by trade buying and the covering of yesterday's sellers. Negotiations are reported in progress by agents of the American and British governments to change the agreed Atlantic freight rates on cotton. It appears that complaints have been made by southern shippers that the rates of 50 from northern ports and 36.25 from southern ports are working to their disadvantage.

New Orleans Cotton.
New Orleans, Nov. 17.—The cotton market stood at the advance here today, the demand for covers from recent sellers being strong. At the high end the active months were 28 to 29 points over yesterday's last quotations. The close showed net gains of 19 to 26 points.

The market was helped by favorable spot accounts and the claim of Texas spot sellers that there was no cotton

selling on the decline of yesterday in the contract market. Oklahoma points wired in that mills already owned much of the cotton held at many small towns, while the eastern belt reported picking early and slender offerings of spots.

Reserve Bank Statement.
Washington, Nov. 17.—Collections on the 18 per cent installment payment on the Liberty Loan sent the total resources of the twelve Federal Reserve banks above the three billion dollar mark to \$3,012,406,000, or \$315,326,000 more than a week ago. The banks condition at the close of business last night was:

Resources:
Total gold held by banks \$943,002,000
Total gold reserve \$1,534,328,000
Total reserves \$1,534,328,000
Total earning assets including investments \$924,898,000
Total resources \$3,012,406,000
Total liabilities \$3,012,406,000
Gold reserve against red deposit liabilities 62 2/3 per cent.
Gold and lawful money reserve against net deposit liabilities 65 7/8 per cent.
Gold reserve against Federal Reserve notes in actual circulation 65.9 per cent.

JUNIOR CIVIC LEAGUE DISCUSSES RAT DESTRUCTION

The Junior Civic League met at the San Jacinto school on Friday afternoon with Lucile Benson presiding. Talks were made by the various students on the rat pests and ways and means of destroying rats were discussed. The meeting was well attended.

REV. I. M. ASHBURN GOES TO BELLEVUE CHURCH

Rev. I. M. Ashburn and family passed through here yesterday on their way from Archer City to Bellevue, where Rev. Ashburn had been assigned as pastor of the Methodist Church. Rev. Hines of Petrolia has been assigned to the Archer City church.

IOWA PARK CASE VERDICT MAY BE RENDERED TODAY

TRIAL IS CONCLUDED AND CASE GIVEN JURY LATE IN AFTERNOON

The suit of T. W. Parker, former editor, owner and publisher of the Iowa Park Herald, against W. R. Arnold and 17 other citizens residing in and near Iowa Park, which occupied all of the past week in the Seventy-eighth division of the district court, was given to the jury shortly after 6 o'clock Saturday afternoon, when Judge Edgar Scully told the jury that they could consider the evidence today if they wished to, in the event no verdict was reached Saturday night, and none had been reported at a late hour.

The plaintiff alleged in his petition that the eight defendants had formed a conspiracy to injure, and had injured his printing business by the circulation of a petition by the terms of which they had, in the event no verdict was reached Saturday night, and none had been reported at a late hour.

Every inch of the ground was fought, and fought hard, by the attorneys on both sides, the plaintiff being ably represented by Attorney T. F. Hunt, and the defendants were as ably represented by the law firm composed of Carrigan, Montgomery & Britain, and by Attorney T. B. Cox.

The case was submitted to the jury this morning they were delighted to find water standing in low places. It was the first time they had seen such a refreshing sight in many months. And the fact that it was so timely was a relief that was appreciated and remarked on.

HEAVIEST SHOWER OF SOME MONTHS FALLS IN CITY

Three-tenths of an inch of rain fell in Wichita Falls late Friday night and Saturday morning, according to the observation kept by A. W. Allen. About 10 o'clock Friday night the heaviest of the shower fell. When citizens left their homes early Saturday morning they were delighted to find water standing in low places. It was the first time they had seen such a refreshing sight in many months. And the fact that it was so timely was a relief that was appreciated and remarked on.

Methodists Unable To Beat Baptists; Same 'Tother' Way

The game was a line plunging and end man contest. Abby of Baylor backfield to break up forward passes saved them from being scored on several times.

Belated Dispatches Tell of Fighting In Streets of Petrograd

The latest dispatch was dated Nov. 13, last Tuesday, and told how the Socialist factions had formed a government of a coalition with the only Socialists allowed to participate. Messages from the department to Ambassador Francis had been held up evidently in Petrograd for the embassy reported that had received no messages since Nov. 3. No American had been injured in the fighting.

Football Results

ARMORY EASY WINNER OVER LEBANON ELEVEN

West Point, N. Y., Nov. 17.—The Army met little opposition from Lebanon Valley today, vanquishing the collegians by a score of 50 to 0.

LITTLE NINETEEN CHAMP WON BY GALESBURG, ILL.

Galesburg, Ill., Nov. 17.—Lombard won the Little Nineteen conference football championship today by defeating Bradenton 9 to 0. Lombard has won all her games this season.

RICE INSTITUTE DEFEATED TULANE 16 TO 0

New Orleans, Nov. 17.—Rice Institute of Houston defeated Tulane's football eleven here this afternoon by a score of 16 to 0. Rice began its scoring in the first period, when Pippy kicked a field goal from Tulane's 25 yard line.

OHIO STAFF WINNER IN WESTERN CONFERENCE

Columbus, Ohio, Nov. 17.—By defeating Illinois 13 to 0 this afternoon Ohio State for the second consecutive year won the championship of the Western conference.

RAZORBACKS AND SOONERS GAME RESULTS IN DRAW

Fort Smith, Ark., Nov. 17.—The Razorbacks and Sooners battled to a tie this afternoon before a wildly cheering crowd of several thousand. At about Oklahoma gained 313 yards on straight football to Arkansas 58, the speed of forward passing of the Razorbacks and the mighty punting toe of Gene Davidson, star quarter back for Arkansas, kept the Sooners from scoring. Three place kicks for a field goal by Davis of Oklahoma missed the mark, in the final ten seconds of play when within fifteen yards.

WICHITA FALLS MADE TERMINUS OF STAR ROUTE

GOO ROADS BOOSTERS RETURN FROM WOODWARD MEETING

TELL OF GREAT TIMES

Place This City Definitely Before Public During Their Sojourn Abroad, Returned Ones Say

The party of good roads boosters which left on Thursday to attend the Star highway convention at Woodward, Okla., returned yesterday with the news that Wichita Falls will be designated as the southern terminus of the road; and, second, that they manufactured a grand, large time of their own while away, creating more or less of a sensation and developing a reputation for irresponsible frivolity.

Frederick, Okla., which was represented by no less than eighty delegates and a very fine band, secured the convention of the Star highway association for next June. All the delegates from here give the most enthusiastic accounts of the performance of a really splendid organization, and was the life and soul of the occasion, reflecting no small credit on the town of Frederick and covering itself with glory.

A Rare Opportunity Monday, Tuesday and Wednesday

We are making these reductions on our new stocks which are arriving daily and we can assure you that every item will give you perfect satisfaction. We are trying to co-operate with our government in selling groceries as cheap as possible.

pressed a desire to study publicity work with him.

The grandness and largeness of the thing began at the depot here, when it was discovered that six men out of the eight who did not go had omitted to pay the war tax on the railroad fare. Leaving the party to commence operations with a financial deficit, B. F. Johnson, however, proved equal to the occasion, and sometimes more; for, realizing that the train was chartered and paid for, and also that having made up the war tax himself, he was out of funds, he drummed up business for the sleepers, ending up 40 cents to the good.

Saw Football Game.
The party witnessed a very good football game between Woodward and Fairview, ending in a draw—4 to 4. Mr. Johnson said it was one of the most evenly matched games he had seen.

Sundry stray animals adopted the party on the way home: a dilapidated cat, with an appetite, at Woodward, which was brought along as a souvenir; a dog of sorts at Altus, and a dog of other sorts at Frederick. All are here, apparently well satisfied, and in a good way to become Wichitans.

Miller's Antiseptic Oil, Known As Snake Oil

Will Positively Relieve Pain in Three Minutes.
Try it right now for Rheumatism, Neuralgia, Lumbago, sore, stiff and swollen joints, pains in the head, back and limbs, corns, bunions, etc. After one application pain disappears as if by magic.

A new remedy used internally and externally for Coughs, Colds, Croup, Sore Throat, Diphtheria and Tonsillitis.

This oil is conceded to be the most penetrating remedy known. Its prompt and immediate effect in relieving pain is due to the fact that it penetrates to the affected parts at once. As an illustration pour ten drops on the thickest piece of sole leather and it will penetrate this substance through and through in three minutes.

Accept no substitute. This great oil is golden red color only. Every bottle guaranteed: 25c, 50c and \$1.00 a bottle or money refunded at Miller Drug Store.

DRAFT AGE MEN WITH DEPENDENTS ARE MADE SECURE

FURTHER ANNOUNCEMENT IS MADE BY PROVOST MARSHAL GENERAL

WOULD BAR FROM RANKS

Added Protection For Those Who Must be Supported in Secured in Specific Requirement

By Associated Press. Washington, Nov. 17.—Men of draft age with dependent relatives are placed in a more secure position under the new regulations to govern future operation of the selective draft service law made public today by Provost Marshal General Crowder. While deferred classification under the new plan which displaced all discharge or exemption certificates that may be revoked when granted for any other cause, there is no way in which men with dependents can be called up for service out of their turn.

Added protection for dependents is secured by the requirement in cases where the registrant seeks to waive his deferred classification status that waivers also must be obtained from those dependent upon him before he can be taken into the military service.

Would Close Ranks.
The effect of the regulations is to close the ranks of the army and navy or marine corps to men between 21 and 31 years where they have dependents upon them who would suffer if they went to the front. Local boards are constituted judges of all such cases.

For the first time also a way is provided in which men physically unfit for front line duty in the army and yet be able to do some part of the work of a soldier may be called for limited military service behind the lines. Partial physical examinations may be granted by local boards to create this new classification.

Where registrants are away from home districts, or in other circumstances, application to the local board for a questionnaire is all that is required.

Power of Local Board.
Local boards are granted virtually judicial powers to summon witnesses and obtain information. Local police will see that any witness responds.

A definite program of correspondence between the boards, state officials and the provost marshal general's office is provided to keep abreast of the business decentralized and moving smoothly.

The entire postoffice machinery is drafted to aid local boards in tracing registrants and right of way for mail connected with the draft proceedings is required.

Special Classes.
Authority is granted to form special classes of men highly skilled in particular trades or professions and summon them under this special heading regardless of their standing in the general classification plan. The secretary of war may revoke original classifications, except that no man granted deferred classifications because of dependents may be advanced in any way or called for service out of his regular order. When deferred classification has been granted for industrial or agricultural reasons, a specially qualified registrant may be summoned out of his turn.

Under the new regulations district boards become purely appellate bodies before which can be heard only evidence originating before the local board. For additional facts the case must be returned to the local board.

It is made plain that men already held by local boards for service will continue to be sent forward as needed until such time as the new class one in each district is sufficiently organized to care for the draft in the district. All pending appeals will then be wiped off the slate and the new system will apply in full.

Another Change.
Another change permits enlistment of registered men in the navy and marine corps where they are so far down on the call list as to make certain that their action will not delay the task of army building. No credit is given for such enlistment on army questions, however, and local boards are judges of such case.

Provision for voluntary enlistment is made by means of a voluntary waiver classification and the automatic advancement of the registrant to class one and his induction at once into the military service. Where the registrant has dependents, his waiver must be accompanied, however, by waivers from those dependent on him, if not minors, or by affidavits showing that minor dependents will be adequately provided for if there are minor dependents. A waiver by a minor cannot be accepted.

"EXPERIENCE" THRILLS TWO LARGE AUDIENCES

Thrilled from the very beginning, when the red, white and blue lights flashed on, were hundreds of men, women and children who stood as the orchestra played "The Star Spangled Banner" which marked the opening of the two performances of "Experience" at the Wichita Theater yesterday, matinee and night. And the thrills afforded from this patriotic opening remained with the audience throughout the show. There were times when the actors, playing their roles of the virtues and vices which come to Youth in his travel through life, brought laughter from the audience, times when the actors were very near, and other times when a silence expressed approval deeper than applause could have done.

At both matinee and night the journey of Youth with sympathetic and approving interest until he returned safe to the arms of Love, whom he had left behind to follow ambition who had been banished with Pleasure and Polly called, but who returned when Youth turned again to Love.

The play was one of the best seen here in several seasons and merited the record attendance accorded it.

PRAISE IS GIVEN MEAT WORKERS BY STATE INSPECTOR

Praise for Wichita Falls meat markets, which he declared to be the equal of any in the state, resulted from two days' visit of State Inspector C. M. Coganougher to meat markets of this city. Mr. Coganougher has returned to Austin, completing his inspection Friday.

There were only two complaints which the special inspector made to Mrs. Smock, city inspector. One with reference to the slaughter of the meat, a suggestion that a municipal abattoir would make conditions as near ideal as possible, and the board of health at a meeting Friday night took action that will possibly lead to the establishment of a municipal slaughter house within the near future.

Cafes Are Behind.
The other complaint was that the cafes of the city were as a rule not at all up to the excellent standards of the meat markets. However, according to Mr. Coganougher, Wichita Falls restaurants are on an average with similar establishments of Texas. The chief objection to any of the cafes seems to be, according to both Mrs. Smock and the state inspector, the counter displays of cooked meats, other foods, uncovered and exposed to flies and dirt. These foods should be covered with glass and already a number of cafes are said to have ordered the glass bells and cases, after this suggestion was made.

Must Be Rubric Demand.
To do any good in this inspection,

Mr. Smock said Saturday in discussing the sanitary work of the state and city departments, "we must have the public demand cleanliness. We can enforce the law to the extent that the public demands. We must have public sentiment behind us. If patrons of cafes and soda fountain demand clean glasses and covered food displays we can have them. First of all, the public must understand that to keep well they must keep clean, their food supply most important of all, and if they demand clean food from every source they will get it."

ODD FELLOWS TO CONFER DEGREE ON CANDIDATES

The Odd Fellows will confer the second degree upon candidates at their hall tomorrow, and a large attendance is expected.

Nominations for officers will also be made at the meeting, and it is earnestly desired that the members attend in order that selections will be the choice of as many members as possible.

The lodge at Wichita Falls has made an excellent growth during the past year and the members are very much pleased with the results, and it is hoped that the results will be as good next year as the one just closed.

Heavy Loans Are Made Farmers By Federal Government in North

By Associated Press. Washington, Nov. 17.—Loans of \$7,733,000 were made to farmers in October under the federal farm loans system. The federal farm loans board reporting today showed that the demand for loans was four times the amount actually paid and applications now in the hands of the twelve federal land banks amount to \$193,000,000. Loans applied for by states include Texas—\$19,167,223.

We sell on easy terms, made to suit any purse.

McCONNELL BROS. 819-821 Indiana Ave.

NINETEEN KILLED WHEN ROCHESTER WAS TORPEDOED

THIS ESTIMATE OF ADMIRAL SIMS INCLUDES SIX OF NAVAL GUARD.

By Associated Press. Washington, Nov. 17.—Nineteen men, including six members of the naval armed guard, probably lost their lives when the American steamship Rochester was torpedoed in the war zone Nov. 2. Early reports to the navy department told of only two members of the crew being killed by the explosion, but today Vice Admiral Sims cabled that four men died of exposure in an open boat, that another boat with the second officer and eleven other men had been given up as lost and that one member of the crew was drowned. Sims Cables Report. Vice Admiral Sims cabled today that no trace of the boat had been found. He also advised the department that Ernest H. Gregg, seaman, and member of the guard, and two members of the Rochester's crew died from exposure in another boat. One member of the crew was lost overboard, making the total casualties, previously, including Second Engineer Bondau and an officer named Anderson, previously reported killed by the explosion of the torpedo. Members of the armed guard in the second officer's boat and believed to have been lost were: Mearl Ralph Cox, seaman, father, Abner C. Cox, Kansas City, Mo.; Bernard Joseph Donovan, seaman, aunt, Katie Lynch, Phillipsburg, Warren county, N. J.; Marshall Underwood Corun, seaman, mother, Annie Corun, Lexington, George Franklin Wheeler, Jr., seaman, father, George Franklin Wheeler, Waterbury, Conn.; James Crowley, seaman, mother, Catherine Crowley, New York. Gregg's body was landed in Ireland and was buried there. He enlisted at Houston, Texas, Feb. 20, this year, and his mother, Mrs. Cora Gregg, lives at 515 Gregg street, Corpus Christi, Tex. Seven Known Saved. Five of the naval guard were in a boat picked up by a British patrol and in all seven of the navy men are known to have been saved. They are: William Frederick Eisenhardt, seaman, father, John Edward Eisenhardt, New Orleans, La.; Thaddeus Hatt Fellow, seaman, father, Harry E. Fellow, New York; William Foulis, gunner's mate, mother, Sarah Grassick, New York; Joseph Foyell Hoff, seaman, mother, Carrie W. Hoff, Doyle, La.; Edward Norton McCausland, chief boatswain's mate, father, Harry McCausland, St. John, B. Canada; Stephen Joseph Schulte, coxswain, uncle, John Grantzby, Broadbrook, New Jersey; William Brook Thompson, seaman, mother, Joha Thompson, Imlaytown, New Jersey.

TEXAN AMONG THOSE LOST WITH ROCHESTER

Special to The Times. Corpus Christi, Texas, Nov. 17.—News of the death of Ernest Cragg, who was a member of the naval guard on the U. S. S. Rochester, came as a distinct shock to his parents here late today, the family having been advised earlier in the week that their son was probably among the saved. The later message stated that he died aboard a lifeboat which had been on the open sea for a period of five days after the Rochester was torpedoed and sunk. Cragg's father is a lighthouse operator employed on a local newspaper. The young man had previously made several trips across the Atlantic. Today's message stated that Cragg's body had been buried on the Irish coast.

NEBRASKA DEFEATS KANSAS BY SCORE OF 13 TO 3

By Associated Press. Lawrence, Kansas, Nov. 17.—Nebraska University's football eleven earned a 13-to-3 victory over the University of Kansas team here today, the latter crumpling before the Nebraska onslaught in the third quarter after having outplayed their opponents through the first half and led them in the scoring 3 to 0 up to that time. The game was the second and last the Nebraskans will play with Missouri valley conference teams and gives them a clear cut title to the championship.

A. F. OF L. WILL HOLD MEETINGS MONTH OF JUNE

DEPARTURE FROM ANCIENT CUSTOMS IS OF POLITICAL SIGNIFICANCE.

By Associated Press. Buffalo, N. Y., Nov. 17.—After holding conventions for thirty-five years in November, the American Federation of Labor hereafter will meet in June. This was decided upon at today's session of the thirty-seventh annual convention after a lengthy debate on the resolution authorizing the change during which remarks as to possible political significance in the move were made by some of the delegates. The talk of politics prompted President Samuel Gompers, both during the session and after adjournment, to state emphatically that the federation's policy of non-participation in partisan politics had not and would not be changed by the adoption of the resolution. "We will continue to fight for our friends and try to defeat our enemies, no matter what their politics or creed," he said. The motion to substitute June for November was carried by a vote of 255 to 21. A motion to make the resolution effective in 1919 instead of next year was lost. Duncan Supports Move. James Duncan, vice president of the federation, supported the change, declaring that on account of the weather conditions in November delegates take cold, sometimes lose their voices and have to go home. He also added November conventions took delegates away from home districts at election time and prevented them from helping to defeat our enemies. "It was in response to declarations by delegates that the proposed change forced a political issue that President Gompers made the statement. "The remark in regard to the prohibition of discussion of politics in local unions, central bodies or state federations—if that intention is given forth—is quite erroneous," he said. "What the constitution of the American Federation of Labor declares is that partisan politics—not politics—shall not have a place in the labor movement, for as a matter of fact there is not any economic act which we can take or make but what has its political influence. "The American labor movement has influenced the political activities of our government, both national, state and municipal, more than any other group of people in the United States." The convention, after five days of discussion, buckled down to routine work today and disposed of a number of important resolutions. The delegates also asked President Gompers to name a committee to report on alleged shortage of labor in some sections of the country, a claim which enabling resolution claimed was not based upon fact but arose from a desire of employers to substitute unskilled for male, and unskilled for skilled labor. The committee appointed by Mr. Gompers was instructed to report to the present convention.

Receiving Barracks Are Well Arranged at Great Lakes Camp

Great Lakes, Ill., Nov. 16.—New receiving barracks, where recruits are first welcomed at the Great Lakes Naval Training Station, were opened recently at Camp Farragut (the winter camp lying just south of the old detention camp) has been designated the main building is known as the receiving barracks. It is so arranged that the new recruits, wearing their civilian clothing, enter through one door and passing successively through the different rooms emerge from the building after having been examined by physicians and dentists, vaccinated and given their clothing prophylaxis, and completely outfitted as sailors. The recruit is received in the administration office, where he turns in his enlistment papers, is assigned a pay number and given a lecture on sanitation by Gunner John Sharpe, the officer in charge. Next he passes into the shipping room where he removes all of his clothing, is given a shower and directed to his home address. Next he is taken into a large room equipped with shower baths, given a piece of soap and a big towel and ordered to scrub. In the adjacent room

U. S. CONGRESSMEN GET REAL BAPTISM OF FIRE AT FRONT

(Continued from Page 1.)

ONE CONGRESSMAN TELLS OF RAID ON AMERICANS. By Associated Press. London, Nov. 17.—Further details of the Germans' special effort to trap American soldiers in the front line on the American front on Nov. 3 on the occasion of the invaders' first raid on the American trench, which resulted in numerous casualties to the defenders, have been brought to London by the party of American congressmen now visiting France and England. Congressman Taylor of Colorado said: "Our men were detailed to a position on the front line for observation at 3 o'clock in the morning. There had been a lull during the night but signs of activity of the enemy during the early hours of the morning had been followed by the stationing of our men in advantageous positions for observation. "The German attack followed the usual with illuminating rockets, by means of which it was presumed the Germans located the American force. Their artillery fire appeared to be concentrated on that point and they achieved their hurriedly conceived operation in smashing our little squad of observers who were out there to gain experience. "The attacks seem to confirm reports that the Germans commanders have inculcated a spirit of rivalry among their troops for the taking of first American prisoners and to make a showing in American casualties. It is commonly reported on all the fronts that the Germans have transferred their vindictiveness and hatred of English to our men."

King George Tells Northcliffe Hopes Regarding America

By Associated Press. London, Nov. 17.—Lord Northcliffe authorized the Associated Press to state that in an audience extending over an hour today he heard from the lips of King George at Buckingham palace his majesty's views of the present state of the war and the world importance of American intervention. Speaking of the British war minister and of Colonel House, whom he had known for a number of years, King George said that the personnel of the American mission displayed knowledge and alertness indicative of the American character and purpose. Lord Northcliffe was surprised by the king's intimate knowledge of the possibilities of aircraft production in the United States and his majesty's great interest in the liberty engine and his knowledge of the men who have evolved it and the method by which it has been produced. Lord Northcliffe was commanded by his majesty to convey his thanks to the members of the British war mission for their good work in which they were so consistently assisted by their American colleague. The king is absolutely confident of complete victory.

King George Tells Northcliffe Hopes Regarding America

By Associated Press. London, Nov. 17.—The southern department national war work council Y. M. C. A. subscriptions to the war work fund went "over the top" tonight when its maximum allotment of \$1,000,000 was reached. The total amount reached being \$1,103,000. The campaign will close Monday.

Y. M. C. A. FUND NOW NEAR MARK SOUGHT BY BODY

SEEKS TO RECOVER GOLDEN NOTES

By Associated Press. Springfield, Mo., Nov. 17.—A new grand total for the United States of \$23,151,649 in the drive for the \$35,000,000 Y. M. C. A. war fund was announced tonight by William C. Sloane, chairman of the national war work council, in many churches throughout the country tomorrow special attention will be given to the advancement of the big war fund and the drive will continue with unabated vigor on Monday, the concluding day of the campaign. Dr. John R. Mott, general secretary of the council, asked that all who may not have been approached personally by canvassing teams send money or pledge to Cleveland H. Dodge, national treasurer, 124 East Twenty-eighth street, New York city, or to the treasurer of the local or state campaign. "Only by such a prompt and general response can we hope to reach and pass the goal," he said. "It would be nothing short of a national and international calamity for this fund to fail. There are reasons why it is of supreme importance to our own country and to the lands which have made common cause with us that a sum more nearly \$50,000,000 than \$35,000,000 should be provided. The development on both the eastern and southern fronts emphasize the absolute necessity of our doing much more for the allied armies in those sections than was contemplated when the \$35,000,000 budget was framed. "Moreover, the recent request of the premier of France that the Y. M. C. A. establish and operate 1,300 soldier homes covering the entire French army of 4,000,000 men is a request that cannot be denied and that in itself calls for at least \$3,000,000 more than our budget has designated to the French army. The development of the plans of our government and the inevitable increase of our own forces make it increasingly clear that we need to be put in a position to do everything our own men need to promote their comfort and efficiency."

SOUTHERN DEPARTMENT RAISES ITS ENTIRE QUOTA

By Associated Press. Springfield, Mo., Nov. 17.—The southern department national war work council Y. M. C. A. subscriptions to the war work fund went "over the top" tonight when its maximum allotment of \$1,000,000 was reached. The total amount reached being \$1,103,000. The campaign will close Monday.

SEEKS TO RECOVER GOLDEN NOTES

After audiences have been charmed by the golden notes of Mine. Frances Aida, soprano, as Mimmi in "La Boheme" and other operas. In the calous precincts of Wall street, however, the golden notes of the singer, of a quite different character, also had charm. Wherefore Mine. Aida's appeal to the courts to restore to her \$133,875, which represents her costly experience in the domain of the bills and bears.

CANADIANS LEAVING TRENCHES AFTER A SUCCESSFUL RAID NEAR AVION

This illustration, a Canadian official picture reproduced from the Sphere, London, shows Canadian soldiers who have been relieved in the trenches leaving them after a successful raid near Avion, which is south of Lens. Every hundred yards they have taken have been contested by desperate fighting, and after all repeated counter attacks against them they still hold Lens. The Canadians are making their way out along a narrow trench between high banks overgrown with a tangle of bushes, and it slopes steeply up as it goes on. It will be noticed that the floor of the trench is boarded.

Bond of Piersol Is Increased By Court; Release To Be Gained

By Associated Press. Springfield, Mo., Nov. 17.—Bond for Claude Piersol, convicted kidnaper of Lloyd Keet, was increased from \$15,000 to \$20,000 by Judge C. H. Skinner of the Webster county circuit court here today when he approved the appraisal of the property values of the bondsmen. Bond in the Clement conspiracy case for which Piersol will be tried in January, still remains at \$10,000. Piersol's attorneys say they can meet the bond and that the prisoner will be free on bail this week. A writ of habeas corpus is returnable in the supreme court at Jefferson City Monday.

Boys and Girls Will Sell Christmas Seals For Red Cross Here

School boys and girls who rendered such signal services in the "11,990 a Month" campaign of the Red Cross recently are to assist in the sale of Red Cross Christmas seals. A portion of these seals have already been received by Superintendent Lee Clark and arrangements for students to work with the local chapter of the Red Cross in disposing of the Christmas seals to the public will be made soon.

Carranza Denies That Mexicans Are Unlawfully Drafted

By Associated Press. Mexico City, Nov. 17.—In reply to questions asked by the lower house President Carranza said today there was no truth in reports that Mexicans are being unlawfully enlisted in the American army. He explained that the American draft law required all foreigners including Mexicans to register and undergo medical examination; that those not American citizens or unfit for service were exempt.

BRAZILIAN GOVERNMENT PROCLAIMS STATE OF SEIGE

Rio de Janeiro, Nov. 17.—The government has proclaimed a state of seige in the federal district and in the state of Rio de Janeiro, Sao Paulo, Parana, Santa Catharina and Rio Grande de Sul.

INTERNED GERMANS MAY BE PUT ON ARMY RATIONS

By Associated Press. Washington, Nov. 17.—Reports that the Germans interned at Hot Springs, N. C., eat five meals a day and enjoy many extravagancies of diet are denounced by the department of labor, which has them in charge. Food Administrator Hoover has recommended that the prisoners be put on army or navy rations.

CUTTING SAMPLE SIZES WOULD MEAN BIG SAVINGS

By Associated Press. Washington, Nov. 17.—More than 67,000 soldiers can be clothed with the material which will be saved by cutting the sizes of tailors' samples 21 percent and this has been arranged at conferences between the council of national defense, the National Wholesale Tailors' Association and many large cloth dealers.

Thanksgiving Proclamation

"I, King Gobbler, do hereby proclaim that Thanksgiving Day is the day on which I dedicate my life and the lives of my kind to your pleasure, satisfaction and good cheer. I do furthermore request that you honor the day in a manner befitting the festive board which I shall grace and dominate with food and table decorations of quality. That you bedeck your table with raiment of pomp and circumstance and that you make the day a gala event with cheer, amusement and good will."

(Signed) KING GOBBLER, (Turkey)

It Is Time You Were Thinking of Your Thanksgiving Apparel

Women of taste, refinement and economical ideas, have long since turned their attention to our store, having learned that here they can find merchandise to meet their every requirement. We search all the markets, for values for you—our army of buyers for our syndicate of twenty-five stores are constantly on the alert for bargains, and our well assorted stock is an evidence that their efforts have been fruitful.

The Thanksgiving and Christmas Holidays will soon be upon us—so get busy and do your shopping early—talk it among your friends, and tell them the real importance of early shopping.

An Unlimited Stock of Women's Correctly Tailored Suits

We like to talk about them—however it would take too much space to go into the real details as to their merits. We want you to come down tomorrow, select a model and try it on, see how lovely it fits, and note the graceful lines, and then you'll join us in the praise of our exquisite suits.

We display tomorrow many models in such materials as Silver tones, Broadcloths, Serges, Gaberdines, and other pretty materials, all the leading shades, priced

\$19.50, \$24.50, \$29.50, \$34.50, \$39.50, \$42.50, \$49.50, \$59.50

- Wednesday—Mrs. L. W. Newton will be hostess to the New Idea Club.
- The New Century Club, the Delphian Society and the Home Club will all meet at the Red Cross rooms.
- Thursday—The Merry Matrons will meet with Mrs. H. P. Dodge.
- 5:30 Broad—The Rebekahs will meet at 2:30 in the I. O. F. hall.
- Friday—The Unity Club will meet with Mrs. W. S. Maer. The ladies of the Macabees will meet at 2:30 in Labor Hall, initiation and other important business. All members urged to attend.

WITH THE WOMEN OF THE CHURCHES.

Circle No. 1 of the M. E. Church, South, will meet Monday afternoon at 3:40 o'clock at the home of Mrs. J. W. Akin. Circle No. 2 will meet with Mrs. C. W. Snider at 2 o'clock, and it is announced that this will be the last meeting of the year, and it is imperative that members be present with their pledges. Circle No. 4 is announced to meet with Mrs. M. D. Rowe, 1132 Eleventh street.

MONROE CLUB DOES RED CROSS WORK

Meeting at the home of Mrs. Alice Frasier Wednesday afternoon, the Monroe Club went in a body to the Red Cross room, where they worked until 5 o'clock. The Frasier home was again visited and the hostess served refreshments, after the club had dispersed of the business of the day. Next week the club will meet at the Red Cross rooms and the following week Mrs. L. E. McConnell will be hostess. Those present Wednesday were Misses L. E. McConnell, Bland, Shubert, W. H. Chauncey, Ford, Jeff Waggoner and Sherrill.

FORTY TWO CLUB MEETS THURSDAY NIGHT

Mr. and Mrs. J. W. Culbertson entertained the Thursday Forty Two Club this week in the regular fortnightly meeting here, were eight tables of players, members and a few guests, who enjoyed the hospitality of the pleasant home. Following the usual number of games a sherbet with cake, coffee and salted nuts refreshment was served.

FLORAL HEIGHTS 42 CLUB ENTERTAINED FRIDAY

Friday evening Judge and Mrs. P. A. Martin entertained the Floral Heights Forty Two Club. The time was spent with the dominoes as is customary and at a late hour a salad course was served. Those present were Judge and Mrs. J. W. Akin, Messrs. and Misses, Boone, Chauncey, Kelly, Bernard Martin, Davenport, Cox, Curlee and Shambarger.

TELEPHONE OPERATORS HAVE SOCIAL MEETING THURSDAY

Thursday evening the Southwestern Telephone operators enjoyed a social evening in the rest room of the Southwestern building. Games and contests of various sorts were enjoyed and a dainty refreshment course served.

MERRY MATRONS HOLD MEETING THURSDAY

The Merry Matrons were entertained in regular session Thursday by Mrs. W. D. Grant at the home of her sister, Mrs. C. C. Raley. Fancy work, selections by Mrs. Bass and Victrola music made the afternoon pass very pleasantly, and late in the afternoon the hostess served a light luncheon of sandwiches, fruit salad and hot chocolate. The members present were: Misses H. P. Dodge, J. I. Bass, Prothro Walker, Martin, Sides, Gant and Raley. The club will meet next week with Mrs. H. P. Dodge, 1392 Broad.

SAN JACINTO MOTHERS MEET WEDNESDAY AFTERNOON

The Mothers' Club of the San Jacinto School met Wednesday afternoon in regular session. There were 17 members present and an enthusiastic impromptu program was enjoyed with all contributing a good free-will offering was taken.

PATHFINDER CLUB MEETS AT RED CROSS ROOMS

On Friday the Pathfinder Club met at the Red Cross work room. Business and roll call occupied only a few minutes, then bandage making was in order. The members present were Misses Emma Smith and Rose Reisenberg, Misses Demere, Fine, Bell and Wiles.

NEW CENTURY CLUB MEETS WEDNESDAY

The New Century Club met Wednesday at the Red Cross hall and after

their roll call and business joined the workers in the surgical dressing department. The members present were: Miss Webster, Misses W. W. Silk, Wade Walker, T. P. Adams, J. S. Harcum, E. J. Daniels, C. E. Felder, C. H. Montgomery, C. W. Snider, C. E. McCutchen, D. G. Whitney, J. C. A. Guest, Clint Wood, J. S. McDaniel, Ed Gardner and C. J. Barnard.

UNITY CLUB STUDIES LONG FELLOW FRIDAY AFTERNOON

Mrs. J. A. Kemp was hostess on Friday to the regular session of the Unity Club, the study subject being Henry Wadsworth Longfellow, with Mrs. H. B. Patterson as leader. The program follows: "The Psalm of Life," recited in concert by club. Paper, "The Secret of Longfellow's Popularity," by Mrs. H. B. Patterson. Recitation, "Hymn to the Night," by Mrs. R. L. Miller. Reading, selection of sonnets, by Mrs. W. M. McGregor. Paper, "Longfellow's Longer Poems," by Mrs. J. T. Montgomery. Reading, "Hiawatha's Wooing," by Mrs. P. P. Langford. Interpretation and recitation, "Excelsior," by Mrs. W. L. Robertson.

BIRTHDAY DINNER FOR GEORGE DOBSON FRIDAY

When Street Commissioner George Dobson arrived at his home, 1119 Eighth street, Friday evening he found quite a bunch of his friends there and was surprised much when an ox was invited into the family dining room, where a dinner was spread. One of the features of the dinner was a large cake with a replica of "Old Glory" frosted on the top, the color scheme being carried out by the use of red, white and blue candies. The occasion was the fortieth anniversary of Dobson's natal day. The guests were Judge P. A. Martin, Judge E. S. Whitlaw, City Secretary V. I. Sreen, Fire Chief J. L. McClure, Sanitary Officer H. M. Morgan, Deputy City Collector H. J. Anderson and Jesse Pickett, brother of the hostess.

LOCAL CLUB WOMEN TOO BUSY FOR SOCIETY FUNCTION

Wichita Falls club women in deserting the forum for the Red Cross work room this year have been only acting in accord with their sisters of the federation throughout the state, as the local club women, who attended the Waco convention last week found out. And they also found out many more things to Wichita Falls womanhood's credit, for instance that there are far greater proportions working here than in Houston, San Antonio and other cities in the state and that in some instances there are actually a larger number working here weekly than in cities whose population is eight and quadrupled that of this city.

The society columns here are made up almost exclusively of club notices and most frequently these are only lists of club members working at the Red Cross hall on their former club day. Wichita Falls notes conform with those of other leading cities of the state in these lists of Red Cross workers and in the attainment of brilliant social functions.

Wichita Falls was represented at the Waco federation meeting by Madames S. H. Burnside, C. R. Hartsock and Miss Emma Smith.

FRESHMEN HAVE PARTY FRIDAY EVENING

The freshmen of the local high school had their second social event of the year Friday evening, when about forty of their number, chaperoned by Miss Louise Schmidt and D. W. Cooke (two of the faculty), gathered in the basement parlors of the M. E. Church, South, for an evening of fun. Various games, most of them old-fashioned, entertained and a variety of fresh fruit formed the refreshment course. The party adjourned about 11 o'clock.

SUGAR FOR MOTHERS IS TO BE GUARANTEED

By Associated Press. Hoboken, N. J., Nov. 17.—A card system whereby mothers with infants less than 18 months old will be guaranteed a pound of sugar weekly at a cost of ten cents is to be put in operation in this city next Tuesday.

Woman Picketer Is Refused Permission To Speak In Dallas

By Associated Press. Dallas, Texas, Nov. 17.—Miss Maud Younger of California, head, it was said here, of the lobby committee of the National Woman's Party, which has been picketing the White House, today was refused permission to lecture in the city hall auditorium next Monday night on the purpose of her party's picketing of the presidential mansion. City Attorney Callaway returned money which Miss Younger's representative had advanced for use of the auditorium, saying it was understood her address might reflect on the administration, and the city hall was considered an inappropriate place for such an address during war time. Action was taken on the instruction of Mayor Joseph E. Lawther.

Mystery Surrounds Shooting of Man On Highway Near Elgin

By Associated Press. Austin, Texas, Nov. 17.—Mystery surrounds the killing of John Snowden, who was shot while driving along the road near Elgin yesterday evening. Snowden was found dead with several bullets in his body. The car in which he was driving had left the road and stopped in the rough ground in an adjoining field. The dead man was found clinging to the steering wheel. Several men are being held by Sheriff George S. Matthews pending investigation.

J. McINERNEY IS MADE LIEUTENANT AVIATION CORPS

By Associated Press. Fort Worth, Texas, Nov. 17.—E. C. English, builder of the six aviation camps in North Texas three of which are located here, has been commissioned a major in the United States signal corps. It was announced at American aviation headquarters here this morning. Other commissions announced today are: Lt. McWilliams, assistant under English, first lieutenant. J. McInerney, engineer at Wichita Falls, first lieutenant. S. P. Burnham, engineer at one of the Fort Worth fields, captain.

Thanksgiving Silverware

The Silverware used by our Colonial forefathers, furnishes inspiration for the designers today. It is one case where old patterns are most in favor.

THANKSGIVING is the time when most housewives replenish their dinner ware service.

By early buying this year, we are able to offer our customers exceptional values in high class table accessories.

TABLE WARE IN STERLING SILVER OR THE SHEFFIELD AND ROCKFORD PLATE

you will always be proud of, and will last a life time. In the flat ware it is not necessary to purchase the entire line at once, just choose a piece or so now, and match it up later.

Also, Our Line of Cut Glass is full of the latest and attractive patterns, in the plain and the more elaborate cuttings, or the hand etched and engraved.

Come in and See These Lines and incidentally glance over our wonderful display of attractive Christmas Gifts.

FEDERAL COURT WILL OPEN HERE DECEMBER THIRD

United States Commissioner J. A. Lantz is in receipt of a telegram from Federal Judge W. R. Smith at Fort Worth stating that the term of federal court, which was to have been convened at Wichita Falls on next Monday, has been postponed until the third day of December.

Juries To Be Drawn For Federal Court By Commissioners

Federal Jury Commissioner J. A. Lantz and Otis T. Bacon will meet early this week and draw the names for the grand and petit jurors for the United States district court here. Forty-eight names will be drawn for the petit jury list and about thirty for the grand jury.

As has been announced, the court will be opened tomorrow and will be adjourned until Dec. 3. Judge W. R. Smith will preside over the sitting of the court here.

THE SATURDAY EVENING POST \$1.50

as a Christmas gift will please any business man or woman, professional man, soldier, sailor, any man or woman. Let me send in your gift orders early.

QUOTA EXCEEDED FOR Y. M. C. A. WORK BY WICHITA FALLS

FINAL SUBSCRIPTIONS ARE ANNOUNCED BY LOCAL REPRESENTATIVES.

As the result of the movement started here on the evening of Nov. 8, when Rhodes S. Baker of Dallas delivered an address in the interest of the national war work council of the Young Men's Christian Association of the United States, the object of which is to raise \$25,000,000, the sum of \$6,660 has been subscribed by the citizens of Wichita Falls, which is 245 more than the quota fixed for this city.

The amount previously reported was \$5,690, and since that list was published the following named citizens have subscribed the amount opposite their respective names:

Panhandle Refining Company	\$500.00
C. W. Beaver	12.50
J. C. Mytinger	12.50
Mac Taylor	15.00
Fred E. Cooper	15.00
J. C. Ward	50.00
Overland Sales Company	50.00
F. M. Kell	50.00
J. W. Parabee	25.00
W. R. Ferguson	25.00
Collier & Hendricks	25.00
Baum & Gardner	25.00
Linn Boyd	20.00
Orville Bullington	25.00
J. J. Lory	25.00
I. H. Roberts	25.00
H. H. Bray	10.00
Ed Howard	10.00
T. R. Boone	10.00
Tom Reese	10.00
P. S. Tullis	10.00
Haltom & Friedley	10.00
R. C. Sanders	10.00
E. E. Sanders	10.00
W. H. Felder	5.00
H. S. Nichols	5.00

Treasurer C. W. Snider, cashier of the City National Bank, gave out the above subscriptions Saturday. He said a considerable amount of the subscriptions have been paid in and that he would probably make a remittance of \$2,500 to the proper source right away.

Taking Cathartics Every Day for Weeks Don't Cure Stomach Trouble

They do not eliminate the poisonous Bile Accretions from the System, so declares a leading Chicago Stomach Specialist. After Gall Stones, Cancer and Ulcers of the Stomach and Intestines, Auto Intoxication, Yellow Jaundice, Appendicitis and other dangerous ailments are the consequences. Mack's Wonderful Remedy is the ideal prescription for Stomach, Liver and Intestinal ailments. It has restored millions. One dose will prove that it will help you. Mack's Wonderful Remedy is for sale by Mack Taylor.

Field Artillery Man Takes Poison While In Front of Mission

By Associated Press
Dallas, Tex., Nov. 17.—Standing in front of a mission bearing the sign "Prepare to meet God," Joseph M. Lacomba, a deserter from Battery B, Fort Worth, today took poison and slashed the arteries in his left wrist. He was taken to a hospital where it was said death was a matter of only a few hours.

Lacomba told the foreman of the company where he formerly worked here, that he had done wrong in deserting.

"I was sick," he said, "but I was to have been released from service in a few days."

Lacomba destroyed his uniform before attempting suicide.

At the Churches

Church of The Good Shepherd. (Tenth and Burnett streets.)
Rev. Reginald T. T. Hicks, rector.
Residence 1107 Tenth street, telephone 1908.
Prof. T. L. Krabb, organist and choirmaster.

Services for the twenty-fourth Sunday after Trinity, November 18th, will be held as follows:
Holy Communion at 7:30 a. m.
Sunday school at 9:30 a. m.
Morning prayer and sermon at 11.
Evening song and sermon at 7:30.

The choir meets every Friday evening at 7:30 for rehearsal. If you can sing, you are invited to attend.

The Auxiliary will meet Monday afternoon at 3 o'clock, with Mrs. J. Shaw, 1005 Elmore street, a cordial invitation is extended to all to attend this meeting. A short, but interesting program will be rendered.

The ladies of the parish are requested to spend all the spare time they were working for the Red Cross.

Were you inspired and helped by the services last Sunday? Then come again. A cordial welcome awaits you. If you have come here to reside don't forget to place your card with address on the clerical plate. We want to make you feel at home, and to be one of us. We need your help and you need ours.

The Right Reverend H. T. Moore, D. D., the newly consecrated Bishop Coadjutor of the Diocese, will probably visit the parish on December 16th.

Please bear in mind that special services will be held on Thanksgiving day. These will be services of intercession as well as Thanksgiving.

New courses of lessons are being

JUDGE W. T. BURNS DIES AT LAREDO; ILL SHORT TIME

By Associated Press. Houston, Texas, Nov. 17.—Waller T. Burns, judge of the United States court for the Southern district of Texas, died at 7:20 this morning at Laredo, where he opened court Monday.

Judge Burns was a Roosevelt appointee. He is survived by his widow and three sons.

Arrangements announced today for the funeral provide for interment at the jurist's birthplace, La Grange, Texas, Monday.

Walter T. Burns was born Jan. 14, fifty-one years ago, the son of Colonel J. Randolph Burns, a distinguished Texan and officer in the Confederate army. He removed to Galveston as a youth of 18, and found employment in the customs service, meanwhile fitting

himself for the law. After a 20-year stay in Galveston he came to Houston to enter the practice of law. His deep thought, his eloquence and quick grasp of law questions quickly brought him to the front and his appointment as judge of the United States district court for the southern district of Texas met with universal approbation. The appointment came from President Roosevelt.

He is survived by his widow and three sons, Coke W. Burns, 34; Waller T. Burns, Jr., 19, and Richard Burns, 16. One brother survives, Judge Uvalde Burns.

Russ Women Soldiers Captured In Palace Have Disappeared

Petrograd, Nov. 15.—(Thursday).—The fate of the women soldiers captured at the Winter Palace is arousing speculation. It is said they have been transferred to Liavoshaya beyond Fieliovstroff, Finland, where it is reported they have been treated harshly. Three are said to have disappeared. The British embassy has made futile efforts to ascertain the conditions under which they are held.

GILLESPIE HELD GUILTY AT CLOSE OF FIFTH TRIAL

After being out two days the jury in the Gaukey Gillespie trial at Henrietta returned a verdict of guilty last week, fixing the defendants punishment at two years in the state prison. This was the fifth trial of Gillespie. In three trials hung juries resulted. In another trial Gillespie was convicted and given nine years but the verdict failed to stand. Gillespie killed Jess Murray in Clay county on March 1, 1914.

The criminal docket in the Clay county district court is now practically completed with the exception of the trial of E. W. Fry, which is set for Monday, November 26th. Fry is to be tried on another of the forgery indictments against him. In the last case tried he was convicted and given two years, but his case is now on appeal and Fry is now in the army training camp at Fort Worth.

SLAUGHTER HOUSE FOR THIS CITY IS UNDER DISCUSSION

A municipal slaughter house for Wichita Falls was one of the important matters discussed by the city board of health at the meeting Friday night. This project was recommended, and will be referred to the proper authorities without delay, who will probably take immediate action.

The board decided to recommend to the city council that public camping within the city limits be forbidden, both on civic and sanitary grounds. Between Fifth street and the river, and in other places, the camping arrangements as they stand at present are considered objectionable and it is desired to do away with the practice.

It was ordered that all milk shipped into the city from neighboring towns be pasteurized before being offered for sale; and that the city dairies and their products shall be subjected to a regular inspection in compliance with the milk regulations.

Another important matter concerned towels in public wash rooms; and in this connection, cloth towels were condemned, and paper towels recommended. A general fall clean up of trash and litter on private premises was urged.

The Board of Health will meet again on Monday at 2 o'clock, when there are several matters of importance to discuss. Dr. J. F. Reed was re-elected president for the ensuing year. The following members were present: Drs. J. F. Reed, M. H. Moor, Wade H. Walker and Mrs. T. B. Smock.

REGENTS CHAIRMAN GIVES TESTIMONY TOUCHING NORMALS

Austin, Texas, Nov. 17.—A. C. Goeth of Austin, chairman of the board of regents of the state normals, testified today before the legislative investigating committee relative to the affairs of these educational institutions. It developed during the investigation that salary of the presidents of these four white state normals had been increased from \$3,000 to \$3,500 a year. Chairman Johnson of the committee wanted to know out of what funds these salaries were increased, and Mr. Goeth said out of a fund which provided for the adjustment of salaries. It was disclosed that there was a provision in this appropriation that it could not be used for the purpose of increasing salaries. Mr. Goeth stated this provision had evidently been overlooked. This matter is to be further investigated when the committee goes on a tour of inspection of these institutions.

Undervaluing Gowns Costs New York Women Total Sum of \$9,000

New York, Nov. 17.—Fines aggregating \$9,000 were imposed in the federal court here today on Mrs. Whitney Warren, wife of a wealthy New York architect, and treasurer of the Security National fund for the relief of French women and children, who pleaded guilty of undervaluing expensive gowns she brought into this country from Paris.

KREMLIN IS NOT BADLY DAMAGED DURING RIOTING

Petrograd, Nov. 16.—(Delayed).—The damage done to the Kremlin in Moscow is minimized in messages received here from the Maximalist delegates in the old Russian capital who say that only the Alexander Palace has suffered.

They confirm the burning of several houses in Moscow. From other sources it is reported the Bolsheviks have planted heavy artillery on Sparrow Hill and on the famous Khodyn field from which they are shelling the Kremlin. Other reports indicate a truce has been arranged between the Bolshevik troops and the government troops.

A third armed force is said to have developed in Moscow, the identity of which is not known. It is said to be fighting against both the Bolsheviks and the government troops and is supposed to be composed of the criminal elements released from jail.

The Khodyn field is the scene of the massacre at the time of the coronation of Emperor Nicholas.

The Victor-Victrola and the Brunswick Are the Finest Musical Instruments in the World

That is why, when we determined to put in a line of instruments, we paid an extra price for the agency of the Victrola, and went all the way to Chicago to get the Brunswick agency

Through either of these instruments the world's best music can be brought right into the home.

For an evening's entertainment, of song and instrumental selections, for a neighborhood dance, or for a quiet family gathering beside the fire place, these instruments furnish any class of music desired. **There should be one in every home in Wichita County.**

For the Christmas trade we are installing a line of both Victrolas and Brunswicks in all the different styles, priced from \$15 up to \$350. The Brunswick is made with the universal recording arm, which plays every kind of record made without change of arm.

Either of these instruments are sold on easy payments—so easy in fact that every home can afford one—and you can have the pleasure of it while paying.

With these instruments we are also installing a list of more than five thousand of the latest and best Victor records—the finest creations of the world's greatest artists.

NO REST FOR WEARY IN BURKBURNETT SAYS TUCKERED STAFF CORRESPONDENT ON RETURN FROM THAT BUSTLING TOWN

Oil Business There Never Better Than At Present, While All Other Lines Are Reported To Be Prospering.

(By Jack Stevens) My first night spent in Wichita Falls two weeks ago was on the surface of a table the top of which was as hard as the corner stone of some big temple. I had underestimated the good reports I had heard of Wichita Falls and had not provided myself with a room on leaving the train at the station. Since that time I have been going to bed when I ought to be getting up, and getting up when I ought to have been going to bed. I have not missed any meals, but have postponed some because all the stools were occupied and there were no empty chairs at any of the tables in the cafes, and about the time I had overcome these inconveniences I was told to go to Burkburnett for The Times.

I naturally thought it would be a diversion—that in that smaller city I would find the maddening crowd not half so mad as I had found it in Wichita Falls, and that there I would get rest and quiet. But again I was to meet up with conditions that almost beggar description.

No Lack of News. Leaving Wichita Falls on the Katy train at 2:25 Friday afternoon with a railroad ticket in my pocket with war tax trimmings, I was soon landed at Burkburnett. After elbowing my way up Main street through a surging and scurrying crowd, I finally reached the Burkburnett Pharmacy where E. D. Heine, "Heine Old Boy" as Ada Jones might say, was the whole thing, and when he had finished telling me what a great town Burkburnett

is and introducing me to many of the boys with the yellow top coats, I began to realize more than ever that there is no rest for the weary in Wichita county, no matter how lazy the weary ones might be, so I took the cue and went after anything and everything, because the whole town fairly bristled with news—real news, news fit to print, news while it was news.

Some New Wells. "Heine Old Boy" first introduced me to W. C. Cole, manager for the Gulf Production Company, who told me of locations his company is making on the Knauth farm two miles west of Burkburnett to sink a deep hole near the 50-barrel well brought in last week on the same tract. The hole was down 1,200 feet Friday and the drill was going deeper and deeper all the time. The Jule Oil Company, of which Stampfli & Cox of Wichita Falls, are the men behind the drill, is sinking a hole on the southwest corner of the Schultz on the Hall lease. This well is only 2,400 feet from the Serieu 1,700 barrel well.

Judge Stanfield has just made a location on the Bentley lease in the shallow field three miles south of Burkburnett. Eight holes are now drilling in the shallow field of the Benderback lease where they get wells that produce from 10 to 15 barrels daily at a depth around 200 feet and at a cost of about \$750.

C. B. Farguharson is engaged in erecting from five to 10 derricks monthly on the Ramming lease.

The Fricke-Heid Supply Company has built a new power house for the Shekog Oil Company that cost about \$600.

The Burkburnett Refinery Company's big plant one mile and a half south of Burkburnett expects to be

ready to refine crude petroleum within thirty days. The dirt being taken from the excavations is being placed to good advantage on the road between the refining plant and Burkburnett. Manager Farguharson is working about 150 men on the refining plant at present and hopes to have the stills and machinery in operation in not over a month's time.

There is so much going on at Burkburnett that no one man could begin to chronicle it all in even a whole day, and because there were no spare beds at any of the hotels or rooming houses I preferred to take the Katy train back which leaves Burkburnett at 7:25 p. m. and stand up all the way because there were so many people aboard the train who had gotten on before I did, which shows that the people do travel, war tax or no war tax, and better in Burkburnett than that the war tax is not having any effect on business there at all. L. R. McPherson, one of the proprietors of the Matheran Garage, who has been also agent for the "American Six" car, told me that business in Burkburnett depends solely upon the ability of the merchant to get what the people need and want. "It is not a question of price," he said, "but a question of 'can you deliver the goods.'" R. C. Ablett, M. M. Abbott are the other members of the firm.

Business Looking Up. C. B. Bailey, agent for the Republic Supply Company, said "Things are looking better in Burkburnett and in the oil field than they have for a long time." He said something about what would be the result of a good rain. "It is better in Burkburnett than it has been, and if things could get better, at Burkburnett I don't know that I would want to be there. I tried two or three times to get an interview with Cashiers V. Smith of the First National Bank and H. C. Cooper of the Farmers' State Bank, who were both so busy making in the coat that I gave it up and determined to visit them on some legal holiday. People at Burkburnett do not seem to be writing checks, but are depositing all the time. The two banks mentioned are carrying nearly one million dollars in deposits. That's fine for a town of less than 3,000 inhabitants, but there are about 1,500 men employed in the oil industry at and around Burkburnett and their daily wage runs from a minimum of \$3.60 per day to \$10 per day, the best drillers drawing the larger salary.

Two Movie Shows. There are two moving picture shows at Burkburnett. They do not show any serious pictures, though they carry some of the best comedies and picture dramas. The people at Burkburnett have no time for serious things, but are light hearted and happy and care themselves that way by negotiating the silver before it gets used up making lining for clouds.

"There's something doing every minute day and night, in this town and field," said H. M. Lingle, time keeper for the Producers Oil Company. "Good to know," said J. T. Bishop, agent for the Katy. "This station is contributing about \$1,000 per month to the government war tax."

The gin men say crops were not as good this year as they would like to have seen them, but the Hunt-Rigsby Company's gin turned out 772 bales this year as against 1,653 last year, and John Canada, manager for the Burkburnett Ginning Company, said his gin had turned out 500 this year as against 1,200 last year. The ginners and business men generally say that business would be better in Burkburnett if a free bridge spanned Red River which divides Texas from Oklahoma. They expect to see a free bridge substituted for the toll affair before very long.

Lumber Dealers. Each of the three lumber dealers had good reports to make. "From 20 to 30 new residences are going up now town," is the way President J. M. Alexander Lumber Company stated the situation. This company is erecting three cottages out at the refinery site for the manager, Mr. Alexander said several new brick business houses are being talked of. Burkburnett already has a number of good brick buildings.

W. W. Graham, manager for the Cleero Lumber Company, who is also an alderman, and one of the first men who initiated Burkburnett, (H. C. Akers being the second citizen bearing this distinction), ten years ago. He said his yard was busy all the time and that the beginning of the end to building operations was not near in sight.

R. L. Goodson, manager for the W. E. Thomas Lumber Company, said his company is putting up three cottages for W. G. Skelly of Tulsa, on the Ramming lease 10 miles west, and has just finished a gasoline plant for Skelly. He has been costing about \$5,000. The Thomas Lumber Company is also building new offices and sheds at an expenditure of about \$3,000 and has just completed a five-room cottage for E. H. Davidson.

The Pettolla Machine Shops is building an addition to its plant that will cost several hundred of dollars.

Milton Clendenin, editor, publisher and owner of The Burkburnett Star, a weekly publication, is keeping busy with the profession. He has just ordered a new Cottrell drum cylinder press and is getting out a special edition of the paper to be issued the first week in December. He is being assisted in the special edition work by Fred Chase, a veteran member of the Fourth Estate, which has been doing newspaper work in Texas 25 years.

Editor Clendenin is a booster for Burkburnett and uses his paper to that end. He has been agitating a new hotel to cost \$25,000 and the Commercial club has taken the matter in hand and has appointed a committee composed of Ben Schwabert, E. E. Hardin and F. E. Rigsby to determine on one of several locations that have been considered. He said 1,100 persons had been transients boarding house in Burkburnett daily, and that many people leave Burkburnett in the evenings and come to Wichita Falls because they cannot get lodging in Burkburnett.

To Build School. Burkburnett recently voted \$17,500 bonds to build a new high school. W. D. Chise, former mayor of Burkburnett, who resides in Wichita Falls now, bought a \$200 slice for the new high school and gave it to the school board "free, gratis, for nothing," with no string tied to it.

The municipal government at Burkburnett is composed of A. A. Carl, mayor, and Aldermen W. W. Graham, M. Mitcham, R. L. Eads, H. Beach and A. A. Kuehn. Alderman Eads is also the Wichita county commissioner or from the Burkburnett precinct. I have gone as far as I went, but will spend a whole day at Burkburnett for The Times sometime soon, provided the good citizens cut their brand for this and do not write into the Times editor and request that I do not come again. But I wish to add in conclusion that whether I go again or not, Burkburnett is a live town with a live bunch of citizens with whom it is a pleasure to come in contact.

Chiropractic Research Has Proven that 90% of All Diseases Are Permanently Removed by Spinal Adjustments

It is an established anatomical fact that the brain is the great nerve center of the body, and that it has a prolongation, the Spinal Cord, which passes downward through a canal in the spinal column. This spinal cord also has prolongations called the spinal nerves which pass out through the intervertebral foramina (small openings between the movable bony segments or vertebrae of which the spine is built up).

The spine is made up of 33 bones called vertebrae, 24 of which are normally freely movable. As the foundation of the entire skeletal frame the spine is subject to every jar or strain, and any violent contraction of the muscles is immediately concentrated upon the spine, and may, by wrenching some of the ligaments which bind the vertebrae together, displace one or more of these bones slightly out of normal position.

Disease Is the Result of Impinged Nerves

When unhindered, the nerves transmit 100 per cent of energy, and ease (HEALTH) is the bodily condition. When pressed upon and the flow of energy is impinged, DIS-ease is the condition wherever these impinged nerves lead to.

A light impingement may cause an abnormal increase of function, while a heavy pressure inhibits its action and paralysis of the part, partial or complete, ensues.

For instance, if the bowels are affected and cannot carry off the poisons of the body, this excrementitious matter remains and permeates every other structure of the body.

Chiropractic Courts Investigation

A science which is based upon logical principles delights in being investigated; while a pseudo evades analysis. Do not insult your intelligence by ridiculing a science with which you are unfamiliar.

RESULTS ARE WHAT COUNT!

Chiropractic is such a new science that but comparatively few persons understand what it is and how the results are obtained. Many are inclined to ridicule it because it advocates the abolition of dopes and drugs and, to a considerable extent, the surgical tools that are altering the makeup of the human body as fast as doctors can get to it.

Chiropractic has shown such large percentage of the causes of diseases removed, and the consequent recovery of the patient, that it should be heralded in its true light as the greatest health agent known to humanity.

We are always ready to demonstrate freely the beneficent results of Chiropractic, and will make an analysis of your spine and examination of your condition free of charge.

WITHIN TEN DAYS CALL FIELD WILL BECOME POPULATED

PREPARATIONS ARE NOW UNDER
WAY FOR ACCOMMODATION
OF AVIATORS.

MAJOR BROOKS ON WAY

Course Here Is Expected to Last
About Eight Weeks and Grad-
uates Will Be Officers.

Within the next ten days Call field will be accepted by the government. The flying school will open, between two and three hundred enlisted men to care for the 72 planes will arrive, and Wichita Falls will become a real army camp when the military police regula-

tions are established. On or soon after Dec. 1 the students will arrive and then begins the real activity of the camp. Major Brooks to be in command of Call field, is expected to arrive soon, being now on his way to this place from the Philippines, where he has been stationed, and the other commissioned officers who are to be stationed here are due to report at any time within the next few days according to those officers who are already here. Majors P. A. Walton and H. E. Pratt and Lieutenant Shedy, Imrie, Lee and Atkinson have already arrived and opened their offices at the camp. Right at present they are busy with the routine of getting the minor affairs of the camp administration in running order, preparing for the equipment of mess and barracks. Whether or not one vegetable dish for every two men was quite sufficient, the proper number of vinegar cruets and similar weighty problems, were under discussion on Friday afternoon among some of the above-named dignitaries. When the camp is accepted and khaki-clad soldiers take the place of overalled workmen, who have been conspicuous figures in the business district after work hours and on Saturday, Wichita Falls will begin to feel that it really has an aviation camp. Before the camp was located here the government saw to it that certain establishments and influences for evil were removed. There are no saloons within the half-mile limit prescribed for army camps and the civil author-

ities have pledged that the city will be on even better behavior, than usual. Military police will supplement the vigilance of the local business of the law. Eight Weeks' Course. The population of Call field, with the possible exception of the commanding officers and the instructors, will be changing about every eight weeks, as in that time the cadets who have been graduated from the school at Austin, or other schools where the mechanical instruction is given, will have mastered the art of flying and will be ready to move on, and new places to other students. Major Walton, who is in charge of the course at Call field he is given an officers' commission. Entering here he is simply an enlisted man. Call field students will be trained in straight flying for scouting and photographic work, these being swift, light machines. There are almost as many phases of air fighting as in the land fighting, and each aviation school will specialize in some one phase. At Fort Sill, for instance, the aviators are getting the practice, bomb dropping and artillery reconnaissance, this being made possible by the varied military units which are in training at and near Fort Sill. Cross Country Flights. There will be much cross country flying, for which the outlying grounds to Call Field are especially well adapted, according to the officers already arrived. Flights between Fort Worth, Dallas, Wichita Falls and Fort Sill will be common and even flights to San Antonio will not be unusual. The air currents in this section of the country are also said to be very favorable to flying. The Curtis and Standard planes will be used here exclusively, from one to three men capacity, it is understood. A number of the planes are already at the camp and will be assembled as soon as the squadron of mechanics and men to care for the machines arrive. The officers already arrived express themselves as much pleased with the camp and city. "We have only two suggestions to make, if we may," said Major Walton. There should be a big sign "Wichita Falls" painted flat on the ground near the camp, for the convenience of flyers coming from other camps. The other should perhaps be stronger than a suggestion. The roads to the camp will have to be fixed. Must Fix Roads. The other officers and, in fact, all who have had any occasion to go to the camp by either road will heartily agree with the major. "We are sure, however," the major also stated, "that the roads will be fixed, for we have noticed that Wichita Falls does what is expected of it and surpasses expectations. Four flying instructors have been assigned to Call Field from San Diego, Cal., and will arrive, perhaps some time next week, a little in advance of the cadets. The working arrangement of the school will await the arrival of Major Brooks. The fourth major who is assigned to Call Field, is Major Krapp and his arrival is expected at almost any day.

USL STARTER BATTERIES

US LAMP & HEAT CORPORATION

New Starter Battery Power

POWER is what you must have in a starting battery. And you need power not only for the first month, but month after month without failure. You get it with an improved-type USL. Any manufacturer can duplicate USL external battery fittings, if he spends the money, but he can't duplicate the exclusive USL machine-pasted plates that give it this "keep-it-up" power. These plates give the improved-type USL longer life than any other starting and lighting battery in the world. Built in sizes to fit all cars. Guaranteed for fifteen months. Free inspection of any battery any time.

TRANSPORTATION CHIEF PROBLEM OF AUTO FIRMS

LOCAL DEALERS ARE UNABLE TO SECURE SHIPMENTS ORDERED.

SOME USING EXPRESS

Closed Cars Are Declared to Be Becoming Popular as Winter Season Approaches.

The chief problem in the automobile business at present is the transportation situation, which is becoming acute, according to the report of almost all the dealers. McCall and Orth have gone so far as to advise Dodge Brothers that they will accept cars by express instead of freight—an added cost of about 10 per cent. The transportation charges. The Overland Company have been short of cars for some time; indeed, this is becoming a chronic condition in most of the dealers. The Motor Supply Company have just unloaded ten Ford cars, the first shipment to arrive since some

Oldsmobile

SETS THE PACE
20th Year

IN THIS Model 37 Oldsmobile you will find every requirement for comfort and pleasure of motoring and complete owner satisfaction.

Body lines are pleasing to the eye—with the trim simplicity and dignity expected of an Oldsmobile.

The refinements of finish and the convenience, completeness and character of the equipment, are such as you might expect in only a much higher priced car.

The six-cylinder, high speed, valve-in-the-head motor gives a flexibility and range of speeds that invariably brings added confidence and pleasure to driving. Frequent gear shifting is unnecessary and driving strain is reduced to the minimum.

More than 40 horse power provides a reserve power greater than may ever be used except on the brow of a steep hill or in deep sand or mud. Yet gasoline consumption is unusually low.

Smooth, easy riding is afforded by the long, broad, 54-inch springs, in conjunction with the sturdy 7-inch heavy channel steel frame. The deep coiled cushion springs contribute further comfort. The spacious tonneau and ample leg-room under the hood is assurance against cramped muscles after long riding.

When you examine this Model 37 carefully, ride in it, drive it, and compare it point by point with other cars, you will appreciate the reasonableness of the price \$1185.00, f. o. b. Lansing.

AMERICAN SIX—\$1375.00 f.o.b. Factory

The greatest motor car sensation of the year. In design, workmanship and material as well as appearance and appointments, it stands in a class by itself. Never before have so many moderate price. We list just a few:

- Motor—six-cylinder, 45 h. p. Rubenber, 3-1/4" x 5".
- Borg & Beck multiple-disc clutch.
- Warner transmission.
- Gray & Davis starting, lighting & ignition system.
- One hundred ampere-hour Willard battery.
- Springs special—front 38", rear 53".
- Spleer universal joints.
- Heavy duty bearings in axles and supporting differential.
- 12 spokes to each wheel, alternate spokes in rear bolted.
- Wrapped tread standard tires—no equipment tires as are usually offered.
- Wheelbase 122", which accounts for the ease of control.
- Three point motor suspension.

Engine driven tire pump.
Single fuse control electrical system—fuse in plain sight.
Long grain leather upholstery—French plated.
Instrument board and back of front seat of polished walnut.
Motor-meter.
Heavy crown fenders.
Lamps of distinctive design.
Spiral bevel gears.
Frame 25% overweight—side members 5-3/2" thick with 2" flange.
A balanced chassis—almost to a pound, each wheel carries an equal share of the load.
Average mileage of gasoline, 16 to 18, with credit to the Zenith carburetor and the long stroke motor. Weight 2950 lbs.

For information or demonstration, call or address:
Meridian Garage & Sales Co., Distributors, BURKBURNETT, TEXAS

time. The S. Berrod Auto and Supply Company were fortunate enough to receive a consignment of Chalmers cars, but the Staley Motor and Supply Company, the McMullen Auto Company and many others are out of cars, and do not know positively when they will have any.

Closed Cars Popular.
Closed cars of various makes and styles are becoming more popular, and there is an increasing demand for sedans, broughams and other closed types. The Staley Motor and Supply Company has just received a Marmion sedan of the very newest type, a very handsome affair, equipped with gray cloth upholstery, an electric cigar lighter, a mirror, card case and general priming accessories. There is some question as to whether cars will not ultimately be equipped with a kitchenette and pantry, so that a party could take up permanent residence in them.

The latest edition of "The Optimist," the Overland publication, is out, and has many interesting items, among which is the announcement of a very small model, which, it is said, will compete with the Ford and will sell for less than \$500, with a complete equipment, including electric starting and lighting, with combined dimmer control. The car complete will weigh 1,500 pounds.

Car Sales Good.
Car sales last week were very good in spite of the difficulty of getting shipments, a total of 47 sale-shaving being reported in all classifications. For the first time for many weeks wholesale deals have outnumbered retail, and for the first time since the summer only three dealers reported no sales. Wholesale deals aggregated 29, retail, 17, and secondhand 10.

The following sales are reported:
Overland, retail, R. H. DeLancy and Carroll-Brough-Robinson and Gates, a truck; wholesale, Jefferson-Overland Company, Hastings, Okla., two cars; T. H. Shives, Vernon, two cars; Rogers Brothers, Bowie, one car, and Coker & Adkins, Walters, Okla., one car.
Chenault & Wheat, Kiesel sedan, to J. L. Art.
H. F. Wurtz, Hupmobile, to W. A. Turner.
Willis Car Company, Premier, to W. S. Curles and J. F. Eggs.

Several Sales Reported.
McMullen Auto Company, Maxwells, to A. P. Rhodes, city; Bert Williams, Burkburnett; Chris Breden, and six cars, wholesale, to the Works Auto and Supply Company, Vernon.
Staley Motor and Supply Company, Hill & Son, Henrietta, wholesale, and five secondhand sales.
McCall & Orth, seven Dodge cars, wholesale, to the Vernon Hardware and Implement Company, Vernon.
Excelsior Motor Company, one secondhand car.
Consumers' Cash Company, one Enger car to H. E. Fallon, city; and Saxon cars to Walter Hahn, Iowa Park; G. W. Henson, Bellevue; E. W. Lovelady, Stoneburg; Woodruff Brothers, Bonita, and V. W. Counts, Iowa Park, all retail, and one secondhand car.
Velle Car Company, one truck.
Lloyd Weaver Company, M. W. Walker, Chevrolet, and three secondhand cars.

VAUDEVILLE WILL BE ONE FEATURE HERE THIS WEEK

EXCELLENT PROGRAMS ARE OFFERED AT NUMBER OF PLAYHOUSES.

The vaudeville program announced to open at the Majestic Monday is one of the leading features of this week, speaking from the standpoint of amusement. The theater will feature the Dainty Girls Company, a musical comedy and straight vaudeville. Pictures will be run each day with both halves of the program changed daily.

Wednesday—Vivian Martin in "Sunset Trail," at the Empress. Bushman and Bayne, in "The Contract," at the Majestic.

Thursday—Louise Glum, in "Idola," at the Majestic. Gladys Brockwell, in "Conscience," at the Empress.

Friday—"The Red Ace" at the Gem. Virginia Pearson, in "Thou Shalt Not Steal," at the Empress. Alexandra Carlisle, in "Tides of Fate," at the Majestic.

teen people, will open next week in the initial program. A Hawaiian act, a comedy quartet, some dancing specialties and other features make up the bill, which shows in addition to the pictures.

EMPIRESS TO STAR VIVIAN MARTIN, WEDNESDAY

Vivian Martin, the winsome Paramount star, is known to the world not only as a great actress, but is perhaps a more unique distinction as a famous comedienne. Miss Martin is the author of the "Vivian Martin" cooking "Chatter," which was circulated throughout the great newspapers of this country by a syndicate some months ago. Her latest Paramount photoplay "The Sunset Trail," a thrilling drama by Alice McLeiver, prepared for the screen by Lewis M. Hunt.

"THE JUDGMENT HOUSE" AT EMPRESS NOV. 19 AND 20

Oxidized Red Cross ambulances, nurses recruited hastily from all ranks of society, from the seagulls of the society of London and back, and peers doing menial service in the army, are some of the unusual sights to be seen in "The Judgment House," by Gilbert Parker and prepared for the screen by J. Stuart Blackton, released by Paramount. These scenes show the terrible hand-caps of the British in the Boer war, which they were obliged to enter unprepared and untaught.

BESSIE LOVE AT THE MAJESTIC MONDAY

Bessie Love is the typical little Irish girl her latest picture from the Triangle studios, titled "Wee Lady Betty." This is a fascinating love story from the home of the shagreened, I saw Miss Love in "The Sawdust Ring," her last picture, you will see her in "Wee Lady Betty," which is coming to the Majestic Monday at the Empress theater. It is a story of Ireland, told with all the humor of the Irish. There are ghosts, too—regular Irish ghosts—and the scenes are beautiful. The Irish tale will take you back, if you are Irish, and will give you a desire to go there whether you are Irish or not.

"THE FIGHTING TRAIL" AT THE GEM MONDAY

The "thrill stuff" that makes "The Fighting Trail," the Great Vitaphone serial now being featured at the Gem theater, such an absorbing romance was conceived by a clerkman, Dr. Rev. Dr. Cyrus Townsend Brundy. Dr. Brundy has been known to readers for many years as an author of great ability and within the last few years has added to his reputation by writing numerous bi-photoplays. Dr. Brundy wrote "The Fighting Trail," the fourth episode of which will be shown at the Gem theater on Monday. In collaboration with J. Stuart Blackton, who no longer is connected with Vitaphone. Some of the thrills which Dr. Brundy's story has to offer are: a collaboration with J. Stuart Blackton, who no longer is connected with Vitaphone. Some of the thrills which Dr. Brundy's story has to offer are: a collaboration with J. Stuart Blackton, who no longer is connected with Vitaphone.

Demand For Concert Of Genuine Class Is Expressed By Number

Many of the local musicians are extremely anxious that a good concert course should be brought to Wichita Falls, and it is understood that negotiations are going forward with the object in view. Opinion, which is unanimous as to the need of such an undertaking, is divided as to the advisability of it, some pointing out that almost all the concerts which have come here have been a loss to the promoters and other contending that if any real musical atmosphere is to be developed in the town, promoters must expect concerts to be an expensive luxury, and content to stand the loss. It is claimed that the only way to create wide interest in music is to let people hear it well done, and that this can be done at a cost which will be paid for by the audience.

Musical Program Is Completed For Elks' Memorial

The musical program of this year's Elks' memorial exercises, to take place at the Wichita theater Sunday afternoon, Dec. 2, includes a soprano solo by Mrs. John West King, a tenor solo by Ivan Marchison, a violin solo by Mr. C. J. Templeton, a voluntary, also a Liszt number by Katz orchestra. You'll need all your lamp sockets filled with Edison Mazda lamps for the winter. We deliver and install. Nunn Electric Co., Telephone 837. 150 1/2

PROF. ERNEST KATZ ANNOUNCES FIRST RECITAL BY CLASS

Prof. Ernest Katz announces that the first of his pupil recitals for the season of 1917-18 will take place on next Friday evening, Nov. 23, at the Harrison-Everton building, at 8 p. m. in which he will present a number of his pupils in a piano recital. There will be no special invitations, but a cordial invitation is extended to the general public. The program follows: March.....Burgmuller La Strivense.....Burgmuller At Twilight.....Ludwig Rink Idylle.....Aileen Haynes. Hungarian.....McDowell (From the 12 Etudes for Style and Technique.)

Miss Anna Bell Bradshaw. In Lively Mood.....Concone Scherzetto.....Concone Ocean at Sunset.....Silva Miss Lurelia Turner. The Breeze.....Friml Air de Ballet.....Herbert Etude Op. 72, No. 1.....Foote Lullaby.....Grieg Intermezzo.....Leschetitzky March Wind.....McDowell Country Dance.....Eleanor Pitman. Toccato.....Droyachock Ballade.....Sibelius Barcarole-Romantique, Frances Terry Temple Bray. Etude Opus 6.....Loeschorn Intermezzo.....Friml Orabegno (modern).....Savino Playtime in Spring.....Guriltz Marie Anna Perdue.

Symphony Orchestra Again Holding Its Weekly Rehearsals

The Wichita Falls Symphony Orchestra, since resuming its work after an adjournment during the summer months, has held its regular weekly rehearsals at the Harrison-Everton hall and under the able management of Mr. Joe Colonna is developing rapidly into a first class musical organization. The repertoire of the orchestra now includes the celebrated "Marche Militaire," by Franz Schubert; a selection of Wagner's beautiful "Cavalleria Rusticana," the well-known "Three Dances from Henry VIII," by Edward German; Johann Strauss is represented by his beautiful waltz, whose numbers being rehearsed are Tchaikovsky's "March Slave," Offenbach's "Orpheus," Puccini's "Madame Butterfly," Planquette's "Chimes of Normandy," Laigie's "Ballet Egyptienne," Nevin Suite "In Arcady." A valuable addition to the orchestra are three musicians recently arrived in this city, a violinist, clarinetist and French horn. It is the plan of the management to give the people of Wichita Falls an opportunity to hear the works of musical celebrities in the form of orchestral music, rendered by a complete orchestra and in this way elevate and refine the taste of even those who have never had an opportunity to study music.

St. James Concert On Sunday Evening Will Be Particularly Good

The management of the St. James Hotel called for in making the concert of 1917-18 are: Joe Colonna, president; Walter L. Robertson, secretary and treasurer; Miss Ha Cook, librarian; Ernest Katz, conductor, and C. J. Templeton, concert master.

GAUL'S "HOLY CITY" WILL BE RENDERED BY KREBS CHORUS

T. L. Krebs has organized a chorus for the purpose of rendering Gaul's "Holy City" the well-known cantata, a work of much musical beauty and artistic merit. Mr. Krebs hopes to have everything in readiness to present this work some time in January. The rehearsals, he reports, are going well and the chorus is delighted with the cantata. It is possible that the "Holy City" has been given, the chorus will take up other work and will continue as a permanent organization. It is an opinion frequently expressed among the musical element of the city that there is room here for a good, permanent chorus, and it is hoped that the present movement will develop into such an organization. At present Mr. Krebs would like to see many more members, especially in the male section. There is a difficulty which has always presented itself in the formation of choruses here and will probably remain a difficulty until Wichitans get the chorus habit. Chorus work of this sort is an excellent opportunity for choir singers and others who enjoy singing to get valuable instruction in the principles of chorus work, and to enjoy the stimulus of united effort, as well as to become acquainted with some of the more lengthy and ambitious works of good composers. There is a large and well sown field in chorus music, which is absolutely unknown to the average music lover, and must always remain unknown except through actual experience. It is hoped that every singer in the city who can spare the time will make arrangements to join this chorus, and it is felt that they will be well repaid for their time.

German Conductor Is Scored For Skipping The National Anthem

Dr. Carl Mueck, the famous conductor, is being heavily scored in the musical papers for refusing to play the "Star Spangled Banner." According to the Musical Courier, Dr. Mueck's reasons were that the piece is not symphonic music, and mars the artistic unity and atmosphere of a high class program. Furthermore, I am not an American citizen, and should not be expected to play the American anthem at a time when my country is at war with yours. The latter is doubtless the real reason; and one which, expressed under similar circumstances by an American in Germany, would doubtless have landed him in jail. If, indeed, he had not been already interned on general principles. Dr. Mueck has made enormous quantities of money and attained his present position in the musical world by means of American audiences and American influence; yet he refuses the simple courtesy of conducting the American national anthem. That is, he'd refuse, till the storm gathered so hot about his artistic ears that it threatened to dastard the organization unless the doctor gave in. In every place where the Boston Symphony Orchestra was scheduled to appear the engagement was cancelled unless the "Star Spangled Banner" should be played.

WICHITA FALLS DOGS ENTERED IN NEW TRIALS

MAJORITY OF PRIZES IN PAST GONE TO LOCAL CANINES.

A large number of Wichita Falls dogs are entered for the third annual meet of the North Texas Field Trial Association, which will be held this year on Boedeker's ranch, near Bowie.

Wichita Falls dogs have always captured a majority of the prizes in these meets, but this year there will be stronger competition than ever, the best dogs in Texas, Louisiana and Oklahoma being entered.

E. G. Hill of this city is president of the North Texas Association. H. F. Weldon of Bowie is secretary and treasurer and F. F. Cole of Ferris is vice president.

A number of Wichitans who do not have dogs entered expect to attend.

HUNDREDS OF DOCTORS PRESCRIBE IRON IN BLAUD'S MASS FORM

Pep Systemic Pills, the New Iron Compound, Contains Bland's Mass. Pep Systemic Pills possess the qualities of a general tonic, blood purifier and liver stimulant, all combined in one and have a marked advantage over other tonics that are used for only one particular ailment.

WHISTLE?

Why of course any one can whistle. Only it happens Miss Sybil Sanderson Fagan can whistle just a few hundred degrees better than any whistling of which WE know. Now for the first time Miss Fagan's whistling art can be found on her Columbia record set off by a brilliant orchestral background. If you want to know what whistling is "Simplicity" will tell you.

SOLOMAN SANG.

"As the apple tree among the wood so is my beloved among the sons. I sat down under his shadow with great delight and his fruit was sweet to my taste."

All the good of the apple is retained in OCTOBER CIDER made from hand picked selected New York State Apples and guaranteed to be absolutely sweet, pure and wholesome. By a fortunate, quantity purchase we will be able to sell OCTOBER CIDER at 30 cents for a full quart bottle. The price it sold for a year ago—although cider is much higher on the general market than it was at that time. We have also a quantity of PURE MICHIGAN BOILED CIDER for cooking purposes at 50 cents per quart.
