ITALY'S ARMIES HOLD FIRMLY TO VITAL SECTION

HEROIC RESISTANCE BEING MADE AT WHITE TOBA MONFENERA LINE.

GERMANS MASS ATTACK

German Official Report Mentions Taking Positions "on the Northern Slopes" of Mountain.

The war situation of today is summarized by the Associated Press as follows:

Italy's armies are holding firmly at the point at present most vital to the preservation of the Piave river line.

The Austro-German attempts with heavy masses of troops to drive southward along the west bank of the Piave from Quero and thus outflank the heroic resistance of the Italian troops at the Monte Tomba-Monte Monfenera line.

The reports of both the Rome and Berlin war offices today show this clearly.

In the light of the current statement it appears probable that the Austro-German drive at Monte Tomba, which protected the Italian right flank west of the Piave, did not result in the capture of the entire eminence as yesterday's official report from Berlin indicated.

The German staff today mentions progress captured by the "Tentons" on the northern slopes of Monte Tomba, indicating retention by the Italians of the remainder of the height.

Even this much of a Teton line on the hill is being fiercely contested by the Italian forces for Berlin announces the continuation of a desperate struggle there with Italian counter attacks by concentrated masses.

Italian possession of Venice and the security of the Piave rests apparently on the outcome of the desperate struggle now between the Piave and Beretta rivers.

The Austro-Germans are attacking heavily and are advancing against the stout resistance of the Italians.

If the invaders have captured Monte Tomba as claimed by Berlin, they are within a few miles of the plains beyond the Piave.

The Austro-Germans have advanced several miles here within the past few days and seemingly are attempting to drive a wedge between the Italians in the region of Asiago and those along the Piave.

Monte Tomba is on the western side of the Piave six miles northwest of Vidor.

Strong Pressure

The Austro-Germans are exerting strong pressure here and are reported to have brought up Austrian troops from the eastern front and to have transferred General von Buelow's army to this sector.

Apparently the Anglo-French offensive operations have not yet reached the Italian fighting zone and from Italian headquarters it is announced that these troops could be used between the Piave and the Brenta where the pressure of the invaders is strongest.

Around Asiago the Italians have checked the Germans and have been successful in offensive operations, defeated in strong efforts to cross the Piave between Vidor and the Adriatic Sea.

The Austro-Germans have ceased their attempts to cross the Piave along the river, however is violent on the western front the infantry activity has increased somewhat.

The British have made a slight advance northwest of Bassano and have repulsed German attacks at other points in the Tyros salient.

In the region of Chaume Wood, on the right bank of the Meuse northeast of Verdun, the French have made an appreciable advance inflicting losses on the Germans.

In American Sector.

In the American sector the artillery firing continues very active and there have been further clashes between American and German patrols.

American soldier has been killed in a fight in No Man's Land.

Premier Kerensky is reported to be at Luga, 30 miles south of Petrograd.

There are two reports as to the committee for the salvation of the revolution, which is opposed to the Bolsheviks are stationed.

The Bolsheviks now hold the upper hand in Petrograd, Moscow and other large cities but it is indicated that the question of food supplies now overshadows the political situation.

Telegrams received in London show that the food problem is most pressing and that the menace of famine has brought about a cessation of hostilities between the opposing factions at least for the moment.

The government of Premier Lloyd George apparently has been successful in facing the first serious attack upon its administration.

The premier in the House of Commons has argued his critics and declared that the new allied war council coordinating the work of the various staffs and was not an attempt to place military power in the hands of politicians.

ONLY ACTIVE VOLCANO IN UNITED STATES IS DYING

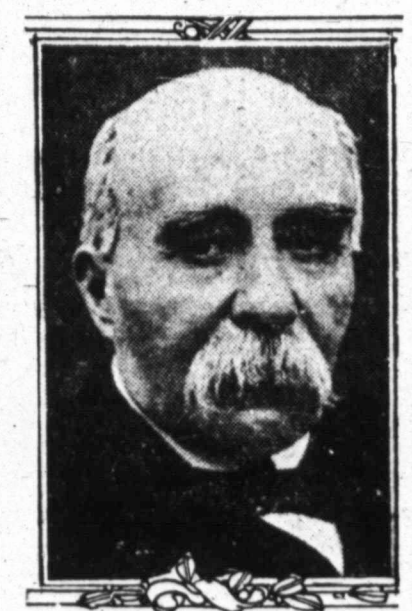

By Associated Press.

San Francisco, Calif., Nov. 20.—Lassen Peak, in recent years the only active volcano in the United States, is dying, according to a report brought here by three men who just made the ascent of the mountain.

Its caldron, that for three years has ejected steam, boulders and hot mud in turning into a caern of ice, they said, adding that anyone may now walk safely through the main chamber of the crater.

Only in a remote corner of the crater was there any remaining sign of activity, according to the explorers.

APPLICATION MADE FOR STATE ASYLUM, BOARD VISITS CITY

MEETING AT CHAMBER OF COMMERCE HELD IN AFTERNOON.

The chamber of commerce, together with many friends and well-wishers from over the state, presented the formal application for the state insane asylum for northwest Texas to Senator W. A. Johnson and Attorney General Looney of the asylum locating board, this afternoon at 2 o'clock.

Judge R. E. Huff presided at the meeting and called upon Messrs. Frank Kell, F. N. Lawton, B. F. Johnson and Dr. Daniels to lay before the board different phases of the situation, and to present the brief for Wichita Falls.

A large crowd of visiting delegates was present from Seymour, Vernon, Archer City, Gainesville, Montague, Decatur, Plainview and many other towns, all of whom have given their hearty endorsements to the claim of Wichita Falls for the location.

A banquet will be tendered to the locating board tonight by the Wichita County Motor Club at the St. James hotel, at which the visitors will be present. Plates will be laid for 150.

State Draft Committee Is Meeting in Austin For its Organization

By Associated Press.

Austin, Texas, Nov. 20.—The committee appointed by Governor Hobby for the purpose of mobilizing the legal profession of Texas to assist the registrants under the selective draft in the preparation of their questionnaires today.

The plan of the committee is to appoint county legal aid boards and these boards are to call to the assistance every lawyer in each of the various counties of Texas to assist in the work.

It may be a few days before the personnel of the local county boards are announced.

At today's meeting the committee selected Judge Hiram Glass, Austin, to be chairman; R. E. L. Sauer, Dallas, vice chairman; and Major John C. Jones, Houston, state administrator of the selective draft secretary.

In the absence of Attorney General Looney, First Assistant Attorney General C. M. Cureton represented General Looney.

All members of the committee are in attendance with the exception of Frank C. Jones of Houston.

Farmers' Union Opens Annual Convention in Jonesboro, Arkansas

By Associated Press.

Jonesboro, Ark., Nov. 20.—Delegates from more than a score of states attended the opening session here this morning of the thirteen annual convention of the Farmers Educational and Cooperative Union of America which was devoted largely to discussion of methods to increase soil efficiency and increase the yield of American farms as a means of aiding the United States in winning the war.

The convention will continue in session through Thursday.

Addresses of welcome and the appointment of committees made up of the first day's program.

Charles S. Barrett of Georgia, president of the Farmers Union and Governor Charles H. Brough of Arkansas will be the speakers at tonight's session.

Hobby Asked to Give Thirteen Pardons on Thanksgiving Day

By Associated Press.

Austin, Texas, Nov. 20.—The board of pardons today recommended to Governor Hobby thirteen applications for Thanksgiving pardons.

There are 15 other applications now pending and which will be recommended. It was learned today that the list of Thanksgiving pardons may not exceed thirty this year, although it is expected that the number of applications that will be filed with the board is likely to exceed fifty.

OLD TYPE VESSEL HAS ACCIDENT IN WAR ZONE WATERS

ONLY MEAGER DETAILS ARE THUS FAR RECEIVED BY DEPARTMENT.

By Associated Press.

Washington, Nov. 20.—Sinking of the American destroyer Chauncey in collision in the war zone early yesterday morning with a probable loss of 21 lives, was announced today by the navy department.

No further details were given in a brief report to the department from Vice Admiral Sims. The Chauncey was a small old type vessel, 420 tons.

Secretary Daniels made this statement:

"The Chauncey, a small American destroyer on patrol duty in foreign waters, was sunk in a collision early Monday morning. First dispatches indicate that 21 lives were lost. Further information will be made public when full reports are received.

"The Chauncey was one of the old type destroyers, completed in 1902. Her displacement was 420 tons and she complemented 91 officers and men."

For several years before the war the Chauncey was used only in coast defense work.

She was built at Philadelphia.

Girl Living Alone On Ranch Is Found Dead Under Bushes

By Associated Press.

Cart 2020, N. M., Nov. 20.—The body of Miss Lillie Ingram, who lives alone on a ranch six miles from White Oaks, was found yesterday in underbrush on the ranch. She had been shot through the body with a rifle and the body dragged about 300 yards to a place of concealment.

No trace of the slayer has been found. Indications were that the woman had been killed Saturday.

BRITISH PREMIER WEATHERS STORM WHICH HE RAISED

By Associated Press.

London, Nov. 20.—The reception of Premier Lloyd George's speech in the House of Commons, by the morning papers, justifies the assumption that the storm which he threatened a crisis has passed not without damaging the premier's hold on the country but perhaps even strengthening it.

It is rounded even by his opponents that the speech was in the premier's best manner and was a parliamentary triumph.

Editorial comment on the speech is low from many of his supporters while the comments of hostile critics lack the fierceness of previous denunciations.

FIVE MEN LANDED FROM SMALL BOAT OF THE ROCHESTER

By Associated Press.

London, Nov. 20.—The missing boat from the American steamship Rochester which was sent to the bottom by a German submarine Nov. 2 has just landed at a port in Ireland, the British Admiralty announced today.

The boat contained five men, the only survivors from the original boat's crew of twelve.

LABOR FEDERATION WILL BACK WILSON DURING WHOLE WAR

By Associated Press.

Buffalo, N. Y., Nov. 20.—The overwhelming defeat of the pacifists by the supporters of President Samuel Gompers at the annual convention of the American Federation of Labor was followed today by the rapid disposal of many important resolutions upon which the anti-war party had been expected to show fight.

Resolutions relating to labor supply to meet war conditions were adopted after brief debates.

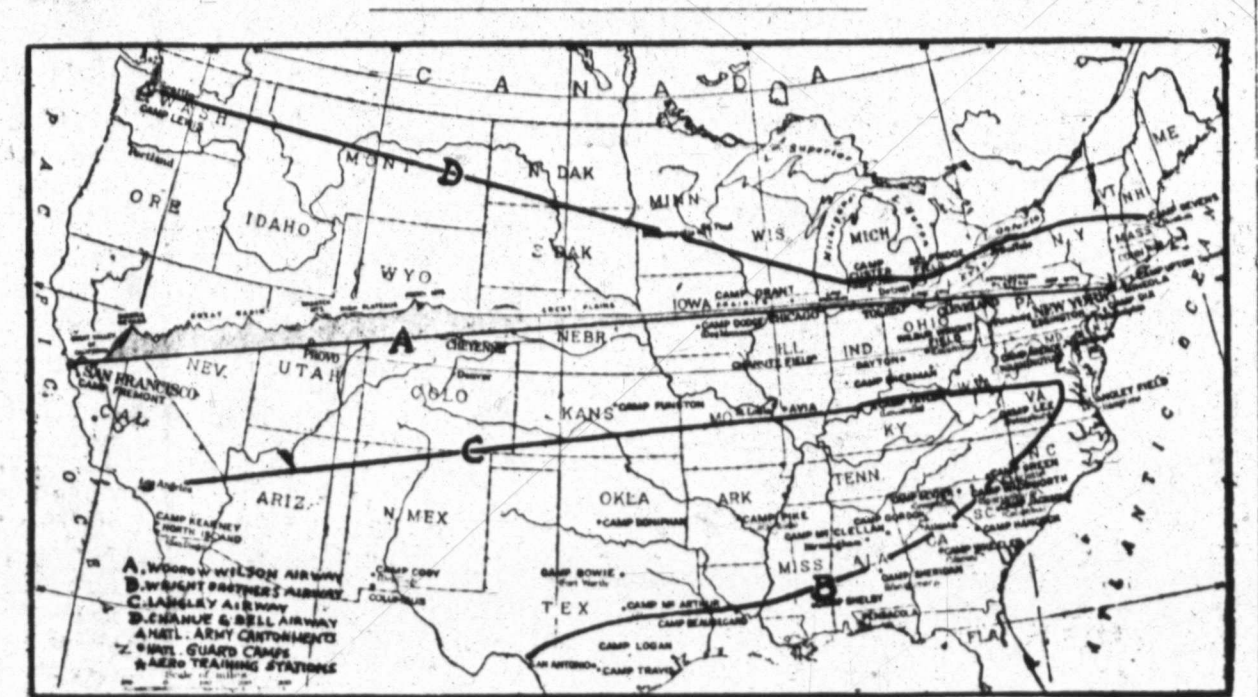

The creation of an emergency supply mission connected with the federal department of labor were covered jointly in a report from the resolutions committee.

The committee recommended that the incoming executive council take up with the presidents of all affiliated organizations and the proper government officials any question that may arise in connection with labor supply during the war.

It was adopted unanimously.

Will Establish Four Aeroplane Routes to the Pacific Coast

The establishing of four transcontinental airways instead of one, as originally arranged, has been approved by the Executive Committee of the Aero Club of America. The Woodrow Wilson Airway, the Wright Brothers Airway, the Langley Airway and the Chanute and Bell Airway are the names proposed for the airways by the committee on landing places, of which Henry Woodhouse is vice chairman.

It also has been proposed to have the airways interconnected by lesser "air routes," the principal of which are to be named for pioneers in aeronautics and government officials who have contributed to the development of aeronautics.

SERIOUS RIOTS IN BERLIN ARE NOW REPORTED

HEAVY CASUALTY LIST IS RESULT OF LIVELY CLASH.

By Associated Press.

London, Nov. 20.—Serious rioting took place in Berlin Sunday according to dispatches received by the Wireless Press and the Exchange Telegraph Company from Amsterdam.

The message to the Exchange Telegraph Company says that the fighting between the mob and the police was very fierce and that there was a heavy casualty list as the police used the fire arms.

The Wireless Press says the military and police were called upon to oppose the progress of the Independent Socialist demonstrators.

The German press, the dispatches say, have been forbidden to publish details of the affair. No newspapers have arrived in Amsterdam from Berlin.

TAKES OUT INSURANCE ONE DAY AND DIES OF PNEUMONIA NEXT

By Associated Press.

Robert J. Anderson of Lufkin, private in the one hundred and forty third infantry at Camp Bowie, took out a \$10,000 life insurance policy on himself recently.

He contracted pneumonia and died the next day of pneumonia. The \$10,000 will be paid to his mother at the rate of \$5 per month for twenty years.

The conference was originally called for October 15 and then was postponed to Nov. 12.

TEXAS UNIVERSITY WILL MEET AGGIES THIS AFTERNOON

By Associated Press.

College Station, Tex., Nov. 20.—The best football weather of the season was on hand today for the annual football game of the University of Texas and Texas A. & M.

The Aggies followers, citing the fact that they have a heavier team, faster backfield, better punter and more veterans, predicted defeat for the visitors but experts who have watched the Longhorns' steady improvement in recent games argue a stiff battle for the Farmers before victory is attained.

The return of Trabue is expected to help the University.

Today's game is the twenty-fourth played by the rival elevens. Texas has won sixteen of the annual battles and A. & M. five. Three were scoreless ties.

MEXICAN PAPER ALLEGES DRAFT TOOK NATIVES

EL DEMOCRATA SAYS 2,000 MEXICANS ARE IN FRANCE AGAINST WILL.

By Associated Press.

Mexico City, Nov. 20.—Despite President Carranza's declaration in a committee from the Chamber of Deputies that Mexican citizens are not in the American armies, El Demócrata asserts that 2,000 Mexicans have been drafted in Texas and California and they are now in France against their will.

El Universal, answering the charge, says that the director of El Demócrata is a congressman and asks why he did not have the courage to make this statement before the Mexican Chamber.

It intimated that German propaganda is behind the statement printed by El Demócrata.

American Ambassador Fletcher has issued a statement in which he cites the American draft law to show that aliens are allowed ample opportunity to establish their right to exemption from military service.

The Ambassador admits that it is possible some errors have occurred, subjecting to military service some aliens in the United States, possibly including a few Mexicans.

He adds that it appears that many aliens including Mexicans did not claim exemption and accepted service in the American army as volunteers.

Ambassador Fletcher says that recently the Mexican government called the attention of the American state department to this matter and a note dated Nov. 1 advised that the president as commander in chief was ready to consider the discharge of any Mexican citizen who had been drafted, even though he had declared his intention of becoming an American citizen should the Mexican government request such action in their behalf and provided that evidence of Mexican nationality was furnished.

MANY SUSPICIOUS CHARACTERS ARE HELD IN PRESIDIO

ALL WHO WOULD CROSS BORDER ARE BEING CAREFULLY EXAMINED.

By Associated Press.

Presidio, Texas, Nov. 20.—Alleged suspicious characters have been detained here as a result of their attempts to cross the Rio Grande since Villa captured Ojinaga, the Mexican town opposite here.

Military and other federal officers are examining all who pass out of Presidio in search of Mexican revolutionaries aligned with the Villa movement.

Millions of jars are used annually for bronchitis, croup, stiff neck, asthma, neuralgia, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet, colds of the chest (it often prevents pneumonia). 30c and 60c jars; hospital size \$2.50

PUBLIC SCHOOLS MAY ADOPT WAR SAVINGS SYSTEM

PROF. LEE CLARK AWAITS CIRCULATION OF GOVERNMENT STAMPS AND LITERATURE.

The public school system will probably be organized into a war savings system as soon as the government's plan for the circulation of the government saving stamps is completed, according to Prof. Lee Clark, who thinks this plan of the government will be exactly what the schools have been looking for as a means of encouraging savings among the children. There have been several savings plans under consideration for the public schools this fall and the officials are much interested in the government's proposal that the schools or entire into thrift societies. The school may be expected to take an active part in the war savings campaign, which opens the first week in December.

MEN OF MUSCULAR POWER POSSESS ABUNDANCE OF IRON

Iron in the Blood Makes Living Matter Out of the Food You Eat.

Muscular mechanics work on for years and years without resting, and each day accomplishing something that benefits the world. We often wonder at this and say to ourselves: "Why is it I can do a simple task and be fore I am through, I'm so tired I can't stand?" This is no secret and is due to a lack of iron in your blood, necessary to transform the food you eat into living matter.

For years, perhaps, you will remain in this condition, doing things half-heartedly and never getting ahead. You get careless and impatient and a look of misery grips hold of your features. Iron in the blood will strengthen the system so that dyspepsia, liver and other troubles disappear. But there are many forms of iron. The proper kind to take is one in an assimilated form, that will not discolor the teeth nor upset the stomach. This form, familiarly known as "BLAU'S MASS," is contained in PEP SYSTEMIC PILLS, strengthened by other alternative and reconstructive tonics. Pep System Pills can also be taken for such maladies as nervousness, constipation, malaria, boils, sleeplessness and a general run-down, fagged out system.

Try a course of these pills today. Dispensed by The Miller Drug Store and other live druggists here. Accept no substitute for these pills. --Adv.

SOCIETY

FIRST CHRISTIAN AID BUSINESS MEETING MONDAY

The Ladies' Aid of the First Christian Church met in business session Monday afternoon at the church. After opening with devotionals led by Mrs. A. O. Scharif, the society heard the report of Mrs. W. P. Danforth on the Y. W. C. A. war work council and pledged \$150 as their part of the Y. W. C. A. \$1,000 local fund. The society then heard an interesting address from Dr. Claude L. Jones, the state stewardship secretary, relative to the titling campaign now in progress.

MISSIONARY TEA FOR EPISCOPAL GUILD MONDAY

Mrs. John Shaw was hostess to the Guild of the Good Shepherd Monday afternoon, the missionary program being combined with a social half hour. Mrs. John T. Roberts reviewed the articles in "The Spirit of Missions" and a trio composed of Misses Roberts and King and Miss Simpson gave a number of selections. Mrs. M. J. Bashara also presided over a Victrola concert. Tea and sandwiches were served.

B. W. A. MEETS AT THE FIRST BAPTIST MONDAY

An interesting and important session of the Baptist Woman's Alliance was held Monday afternoon at the First Baptist Church, the final business session of the year. The alliance made their pledge to Y. W. C. A. \$1,000 fund, this amount being \$150; authorized the delegates to pledge \$225 for the society to the Buckner Orphans' Home and gave \$10 to the personal service fund to purchase wool to be used in the making of the December meeting of the Woman's Auxiliary to be held at the Cashier Baptist Church and a report was heard from each division. Divisions 4, 5 and 6 were appointed to work at the Red Cross on Thursday.

The alliance also "bought a brick" for the new Gainesville Baptist Church, sending one dollar. The annual reports were made, including the new officers, for the coming year. Miss Lucy Smoot is to be leader of the Girls' Auxiliary, with Mrs. Tom Hunt as assistant and Miss Thora Fore is the Sunbeam leader. The other division and auxiliary leaders have been previously published.

HUNG JURY RESULT PARKER TRIAL IN DISTRICT COURT

The jury could not agree in the damage suit of W. T. Parker against W. R. Arnold and 17 other defendants who reside at and near Iowa Park, and was discharged late yesterday afternoon by Judge Edgar Scurry of the Seventy-eighth division of the Wichita county district court.

The case was turned over to the jurors shortly after 5 o'clock last Saturday afternoon and they were told they could consider the case on Sunday if they wished to. Thus the case was in the hands of the jury for more than 48 hours. It is generally understood that the last poll of the jurors showed that eight were in favor of returning a verdict in favor of W. T. Parker, and that four held out for a verdict for the defendants, W. R. Arnold and others. The plaintiff was suing for \$10,000 alleged actual and \$5,000 alleged exemplary damages on the grounds as relate to his petition that the defendants had conspired to, and did, injure his business when he was editor, owner and publisher of the Iowa Park Herald. The case was fought from beginning to the end, it occupied one whole week of the court's time in getting it ready for the jury.

Fire Chief Receives Check for Good Work Done at Night Fire

Mrs. J. B. Legois sent a check of \$10 to Fire Chief McClure early this morning as a token of appreciation for the good work done by his department in saving a house owned by the donor at 203 Lake street at 11:20 last night. The roof of the house was ablaze when the fire boys reached it. The damage was to the roof only and will not exceed \$600. The house was insured for \$400 and was occupied by a negro family. Oil-soaked rags found in the vicinity of the house caused ground for the belief that the fire was of incendiary origin.

There will be no regular program of the Unity Club on Friday, as previously announced. Instead the club will hear a lecture by Dr. Payne of the University of Texas at the home of Mrs. J. A. Kemp.

of the M. E. South Missionary Society met Monday with Mrs. J. W. Akin. Devotionals were led by Mrs. A. M. Hartsook, followed by a business session. Mrs. M. P. Kelly, the treasurer, reported the pledge entirely raised with funds remaining in the treasury. A rising vote of thanks was given the leader, Mrs. C. B. Montgomery, for her faithful work through the year. A short program was given at the close of the business session. Miss Wessie Moore sang "Face to Face." Mrs. J. W. Akin and Mrs. Hartsook gave readings and Mrs. Trawock favored with an instrumental solo. Those present were Misses McDaniel, Hartsook, Nolen, Dobson, Miller, Barnes, Womack, Montgomery, Dakan, Kelly, Hartsook, Hanks, Trawock, Baggett, Misses Allen and Wessie Moore.

CIRCLE NO. 4 MEETS WITH MRS. M. D. ROWE

Circle No. 4, M. E. Church, South, met Monday afternoon at the home of Mrs. M. D. Rowe. Devotionals were led by Misses. Dougan and Stokes and in the business session a pledge offering of \$60 was taken. There were 24 members present and the meeting was considered the best of the year. Vocal numbers by Mrs. Wolf and piano numbers by Miss Gladys Herron made up an entertaining program, and light refreshments were served by the hostess.

JEWISH AID MEETS MONDAY AFTERNOON

Mrs. A. Zundelwitz was hostess on Monday afternoon to the Ladies' Aid of Temple Israel. After the usual routine of business the members enjoyed a social hour that was unusually pleasant, as refreshments at the Zundelwitz home always are. Victrola selections entertained and the hostess served delicately refreshments. The members present were Misses. Art, Abe, Marcus, Kleinman, Fine, Ziskind, Katz, Gottlieb, Kruger, Reisenberg and Lebnson.

When a woman uses Cottolene in her cake in place of butter, she adds economy, without leaving out richness and wholesomeness.

Use your own recipes for cakes, pastry, biscuits, muffins. But remember: Use one-third less of Cottolene than of butter because Cottolene is richer; it contains no water of salt.

RECIPE

Chocolate Nut Cake: 2 1/2 cup Cottolene, 1/2 teaspoon salt, 4 eggs, 2/3 cup sugar, 2 squares chocolate, melted, 1 cup milk, 1/2 cup flour, 3 level teaspoons vanilla (broken in baking powder).

Cream Cottolene, add gradually one cup sugar, stirring constantly. Beat egg yolks thick and light, and gradually remaining cup sugar. Combine mixtures. Add melted chocolate. Sift together flour, baking powder and salt; add to first mixture alternately with milk. Add nut meats and vanilla. Bake in well-greased cake pan for 45 minutes at moderate oven. Heat with boiled frosting.

Cottolene. The Natural Shortening. At grocers in tin of convenient sizes.

WICHITA COUNTY RED CROSS

There will be no shipment to go from Wichita county chapter for November. Output has slackened to such an extent that there are not enough supplies on hand to make a shipment. An illustration is taken from the surgical dressing department. From Sept. 1 to Oct. 10 375 kits were made. From Oct. 10 to this date only 100 dozen have been made.

The Wichita Falls Christmas packages for the Red Cross have been acknowledged by the St. Louis department with thanks. The packages are now in New York ready for shipment to France.

S. M. Greer of the bureau of development, Red Cross headquarters, has notified the local chapter that at present no more clothing is desired by the Red Cross. There has been some misunderstanding with the result that a quantity of secondhand clothing has accumulated. If the need arises for secondhand clothing a special order will be issued.

Under President Wilson's proclamation regarding alien enemies, they will all be allowed to remain just where they are, provided that isn't the wrong place.

This country's going to hold a number of sick Germans about next fishing time. Under the new regulations governing their movements, they will be permitted to fish if they want to, but they can't go within a mile or so of the water.

It is currently reported that many spies are disguised as waiters in Chicago. We knew a number of holdup men wore that garb, but it never occurred to us that they might be spies, too.

Five German submarines submerged for the last time during the past week, according to Premier Lloyd George. There used to be a slang phrase: "Coming up all the time," which was used as an answer to a hurry up call. But fashions change, even in slang phrases!

Wichita Falls today takes great pleasure in showing the members of the Locating Board of the Northwest Texas Asylum for the Insane the spot on which the new institution will stand. As Governor Hobby couldn't come with them, we'll probably have to tear ourselves away from this desk long enough to show him the road when he arrives next year for the dedicatory exercises.

ARE THE SUBS' FANGS PULLED? In spite of all warnings to the contrary, the submarine menace seems to be far less than it was a few months ago.

Only the government knows why, but the fact remains that fewer vessels are being sunk as the weeks pass by, while the American shipbuilding operations are being speeded up to the nth power.

It is not strange that the government should want the people that they are not to be too optimistic regarding control of the submarines. For there is always a chance that the Germans may find some method of overcoming such defensive measures as have been taken by the Allies, and again do much damage.

Yet it is surprising that so few transports, so few cargoes of munitions and food supplies have been torpedoed on the high seas during the last few months.

A continuous line of vessels, bearing troops and food supplies, is safely passing between the United States and England and France. This is well known to the German submarine commanders, and it is not to be doubted that they have made every possible effort to intercept these vessels.

Let us hope that the submarine fangs have been pulled. But whether they have or not, they are certainly half so dangerous as they were a few months ago.

And American scientists may be counted upon to complete the job which they have already begun.

"PASSING THE BUCK." By announcement of the managements of the railroads that, in case of a crisis with their employees, they will place their case entirely in the hands of President Wilson and abide by any decision he may make, another evidence has been given of the complete confidence reposed in the chief executive of the nation by capital and labor alike.

Judge W. L. Chambers, chairman of the United States Board of Mediation and Conciliation, states the decision of the managements as follows:

Speaking for all the railroads today we reiterate our belief in and general acceptance of the principle of arbitration. In the midst of war we are, however, prepared to go further. As no interruption of continuous operations can be tolerated under war conditions, we are ready, should any crisis now arise, unreservedly to place our interests in the hands of the President for protection and for disposition as he may consider necessary in the public interest.

It is true, that this is a mark of confidence in the integrity of the President and in his ability to reach an amicable agreement with the employees. It is also a nifty demonstration of the "passing of the buck" to Mr. Wilson, that he may shoulder, completely and entirely, the responsibility for whatever action may be deemed necessary to attain a settlement.

One thing, however, has been abundantly proven to the American people. President Wilson has never yet shirked a responsibility, no matter how grave it may have been. Nor will he shirk this one. The President will arrange for a settlement of the strike on grounds which he deems to be just. He will protect the interests of the managers, just as he will not attempt to contravene the rights of the men.

TRAFFIC OFFICER LAY STATED THIS MORNING that open-top and speeders had better be good. He said the campaign against such offenders had taken on a new head of steam and would be kept up. Speaking of alley speeders, Officer Lay said lives are being endangered by chauffeurs who dart out of alleys at a high rate of speed. He said this class of offenders is hard to detect, and that he would appreciate having his attention directed to such offenders.

N. H. CROWELL INTERESTED IN SHALLO WFIELD AT BURKBURNETT.

N. H. Crowell, formerly publicity and new business department manager for the National Bank of Commerce and the Farmers' Loan and Trust company, and associated banks at Sioux City, Iowa, with a combined capital of \$1,500,000, has located at Wichita Falls to engage in the oil business and is opening offices in a suite of rooms in the Kahn building, next to the Panhandle Refining Company's suite.

Mr. Crowell is interested in the shallow field at Burkburnett, in which ten good wells were drilled in during last week, with only two dusters. In the deep pool at Burkburnett Perkins & Snider's No. 1 Serrien is making 300 barrels from the 1,600-foot sand, after drilling to a depth of 1,725 feet and missing the second pay. No. 2 is swabbing 300 barrels at 1,675 feet and will develop into a good well. No. 3 has set casing at 1,460 feet and will probably be drilled in this week.

C. B. Farquharson's No. 12, Ramming, was drilled in at 1,567 feet and is good for 150 barrels. The Panhandle Refining Company's No. 2, Ramming, is drilling in today and will make a good well. The Humble Oil and Refining Company's No. 17, Serrien, which has been variously reported as being 700 to 1,500-barrel well, is not yet complete, but is swabbing at 1,700 feet and looks like a 1,000-barrel well when finished.

MANY HOSPITALS ARE TAKEN OVER BY GERMANS IN ITALY

News which indicates the severity of the German blow on the Italian front to a greater extent than press dispatches have just come to the local Red Cross in a message received this morning from headquarters. This message states that 36 hospitals on the Italian front, one which alone had a capacity of 40,000 beds, had been taken over by the Germans with all the supplies. As a consequence, the Red Cross supplies from America, which have been sent to France, have been rushed to Italy to take place of those captured by the Germans.

Headquarters asks that this be a signal for the mobilizing of the work of the women throughout the United States. "We cannot let our allies suffer. The Germans have struck a blow direct at the Red Cross hospital supply workers and we must answer with an energy that will fill every need that could possibly arise," is the conclusion reached.

# TODAY'S MARKETS

## CORN ADVANCES MODERATELY ON GOOD WAR NEWS

Chicago, Nov. 20.—Corn prices advanced to a moderate extent today in response to developments regarding submarines and owing to firmness of the New York stock market. Bulls in corn were checked, though, by favorable weather. Moreover, business lacked volume. Opening quotations, which ranged from 1-8 to 1-2c higher, with January \$1.16 5-8 and May \$1.15 1-2 to \$1.15 5-8 were followed by gradual further declines.

General buying on small amounts lifted out. Talk of two to four weeks more of large export demand had a strengthening effect. Provisions ascended with hogs and owing to a sharp advance at Liverpool where the government had raised the price limit as along the line.

Further gains resulted later from the spread opinion that the United States would now permit larger exports of grain. The close was strong, but to 2 1-8c net higher, with January \$1.18 1-8 to \$1.18 1-4 and May \$1.16 7-8 to \$1.17.

## HEAVY REALIZING PUTS DOWN PRICE IN COTTON MARKET

New York, Nov. 20.—The cotton market opened at a decline of 4 to 17 points under realizing attracted by the advance of yesterday. Wall Street and wire houses were the sellers while offerings were absorbed at the decline by the buying of spot-house breakers and covering promoted by the hope of large exports. Private cables attributed the easier selling of Liverpool to an improvement in the freight situation and said British government authorities had allotted 40,000 tons of shipping to the cotton trade for December as compared with 25,000 tons for November. This led to talk of narrower differences between New York and Liverpool and the market here ruled steady in the call with January working up from 27.79 to 27.90, or back, to within one point of last night's closing figures.

The early advance extended to 28.03 for Jan. and 27.71 for March with active months selling 1 to 12 points above last night's closing figures. Realizing was steady in the afternoon at the 2 cents level for January, causing reactions of 10 or 12 points late in the morning while there were reports also of an easier spot basis in the western belt.

Cotton futures opened steady. December 28.65c; January 27.80c; March 27.50c; May 27.33c; July 27.08c. Trading was quiet during the afternoon, with fluctuations comparatively narrow. Advances met scattered realizing but selling was restricted by reports of a good spot demand and the more optimistic view of the export movement. Prices held steady around 27.90c for January and 27.50c for March, or about 1 to 4 points under last night's closing figures. Exports for the day were 19,513 bales. Cotton closed steady.

**New Orleans Cotton.**  
New Orleans, Nov. 20.—Moderate selling pressure appeared in the early trading in cotton here today. The market opened at the decline and was depressed 9 to 14 points in the first half hour. Support was lacking and offerings came chiefly from recent buyers of long contracts.

Cotton opened steady. Opening bid: Dec. 27.40c; Jan. 26.80c; March 26.75c; May 26.58c; asked: July 26.55c. The more favorable submarine situation, as outlined by the British premier and a sudden increase in the spot demand in the local market stimulated buying of contracts. In the trading up to noon prices rose to a level 3 to 11 points over the final quotations of yesterday.

The demand fell off after the noon hour and prices sagged somewhat, standing 4 to 1 points under yesterday's close at 1 o'clock. Cotton closed 10 points down into 20 points net.

**New York Stocks.**  
New York, Nov. 20.—Market leaders advanced 1 to 2 points at the outset of today's trading on fairly broad operations. War shares and shipyards led the movement with motors and allied equipments. Coppers also augmented yesterday's late gains and specialties were featured by industrial Alcohol and Distillers securities. Rails showed less regularity, some of the Pacifics and coalers strengthening, while Pacific and Canadian Pacific were fractionally lower. Liberty 48 repeated their minimum of 97.

Stocks made general recoveries from their noon reactions. United States and minor rails featuring the rallies. General Motors and Delaware and Hudson were among the low lagers, the latter falling back 2 1/2 points. Active demand here for meats rallied the provision market whenever hogs took place. Most of the selling was from holders who could realize profits.

Highest prices were made in the active buying of the final hour, shipyards and steel pointing the way. The close was strong. Liberty 48 sold at 97 to 97.80, the 3 1/2's ranging from 99 to 99.22.

# Columbia Grafonola and Columbia Records

### Hear it in the store— Play it there yourself

YOU are to regard every man who sells Columbia Grafonolas as a man who is only too glad to let you learn about the Columbia Grafonola, to let you hear the instrument played, and to let you play it. Further, that he wants you to play your choice of records—those you like the best—the favorites that you select from the catalogue of Columbia records which you will find in the Columbia salesrooms.

winds. Turn the crank and notice how evenly and smoothly... motor-spring absorbs the tension which the winding of the crank puts on it.

Change the needle—play different records. Open and close the tone-leaves, thus increasing or diminishing the volume of sound, and notice how this distinctive Columbia feature gives you a practical and at the same time scientific music control.

Play the high-priced Grafonolas and the low-priced ones. If you have children, bring them along, and let the records which you think will appeal to them most be brought. Play them to the children.

Do all this with the absolute assurance that you are welcome to do it and that you are wanted to do it.

Columbia Grafonolas are made in a large number of models, with the widest range of prices in the phonograph field.

### KEEN INTEREST BEING EVIDENCED AMONG CLASSES AT HIGH SCHOOL

Keen interest and good results have been obtained from the inter-class contest, now in progress at the High School. The details of the plan, and all the general arrangements are the work of the students themselves and woe to the student who breaks over the rules, or jeopardizes the chances of his class. The rest of the class will settle his troubles, without any assistance from the faculty.

The contest is based upon scholarship which counts for the highest number of marks, attendance and punctuality, and athletic prowess; and a very complete and business-like set of rules has been drawn up by the students for the governing of the contest.

One of the most noticeable results thus far in the contest is the improvement in attendance and punctuality. In the senior class, during the first two months of school there were 35 absentees, and 19 cases of tardiness; but for the third month, so far, (the contest is to be judged upon results from the third month) there have been only 6 1/2 absentees, and 6 cases of tardiness.

NOTICES

SHERIFF SALE. THE STATE OF TEXAS, County of...

By virtue of a certain class execution issued by the Honorable County Court of Grayson County on the 22nd day of October, 1917, W. A. Cox, Clerk of said Court, against W. H. Peaden for the sum of two hundred and sixty-one and 38/100 (\$261.38) dollars and costs of suit in cause No. 2333 in said Court, styled Waples Platter Grocer Company vs. W. H. Peaden, and placed in my hands for service, I, G. A. Hawkins, as Sheriff of Wichita County, Texas, did on the 13th day of November, 1917, levy on certain real estate situated in Wichita County, described as follows: To-wit: The Courthouse, doot...

217 Acres of land out of the E. Duran survey, abstract No. 54.

160 Acres of land out of the H. and T. C. survey No. 15, abstract No. 118.

640 Acres of land out of the H. and T. C. survey No. 27, abstract No. 119.

310 Acres of land out of the H. and T. C. survey No. 15, abstract No. 118.

161 Acres of land out of the H. and T. C. survey No. 28, abstract No. 754.

300 Acres of land out of the H. and T. C. survey No. 29, abstract No. 722, and levied upon as the property of said W. H. Peaden.

And on Tuesday the 4th day of December, 1917, at the Courthouse, doot of Wichita County, in the City of Wichita Falls, Texas, between the hours of 10 a. m. and 4 p. m. I will sell said real property at public auction to the highest bidder as the property of said W. H. Peaden.

And in compliance with law I give this notice by publication in the English language, once a week for three consecutive weeks immediately preceding said day of sale in the Daily Times, a newspaper published in Wichita County, Texas.

Witness my hand this 13th day of November, 1917.
