to a rising scale of wages. No estimate appears for the com mittee of public information, the expenses of which are being paid out of the president's \$100,000,000 war emer-

gency fund.

The state department revives its proposal for an under secretary of state at a salary of \$7,500, congress has rejected the plan when submitted before. The office is proposed in addition to the three assistant secretaries now serving. For additional clerks the department asks \$120,000; to meet the increased cost of living for consular and diplomatic officers, which is recognized as being all out of proportion to their small salaries. The greatest sums, of course, are estimated for the army and navy. Estimates previously submitted in terms of thousands and occasionally millions are now stated in terms of millions.

PRES. CLEVELAND WEDS PRESIDENT WILL SOUND LEGISLATIVE KEY-NOTE IN MESSAGE TOMORROW

Washington, Dec. 3 .- The Sixty-Fifth Congress reconvened today for its second and "long" session, with the leaders prepared to stay here until next autumn.

The keynote of the legislative program will be sounded Tuesday by President Wilson in his opening address to be delivered in the house chamber at 12:30 p. m. at a joint session. It will be the presidents first appearance before Congress since the night meeting of April 2, at the opening of the spe-cial sesson called to permit him to ask for a declaration of war against Germany.

was as usual brief and perfunctery, accompanied by the ordinary scenes of a new session—handshaleng and other felicitations with well filled galleries and much bastle and confusion. After appointment of committees by both bodies to notify President Wilson and each other of their presence for data was as usual brief and perfunctery, trict, succeeding former Representative Bleakley, Republican, who resigned, and Representative Merritt, Republican, of the fourth Connective Hill, Republican, deceased. both bodies to notify President Wilson and each other of their presence for duty and fixing their daily meeting hours at 12 o'clock, the senate and house adjourned until stomorrow out of respect to members who died during the recess—Senator Husting of Wisconsin and Representative Martin of fillinois.

President Will.

President Will Lead. President Wilson in his address, it is understood, will urge congress to confine its work strictly to measures for the successful and speedy prose-cution of the war. There is a general disposition among the leaders of both des to depend upon him to take the lead in proposing the war measures and to give him all the non-partisan

while the question of declaring war upon Austria. Turkey and Bulgaria Germany's allies, is being agitated in congress, there is a general disposition to follow the wishes of the executive branch of the government which understood to oppose any change policy at this time. President Wilson's address was in

printers today While it is practically complete it is being held open for any changes until a short time before delivery.

Arrangements will be made tomor row for a joint session, probably Wednesday, to hear President Wilson deliver his address, expected to large define the legislative program.
Organization of both senate house under Democratic control hav ing been effected at the special ses sion, both bodies were ready to plunge into the mass of waiting bust ness Legislation, however, is not expected to get into full swing until next month, after the Christmas re-cess, although there is some agitation

to forego the holiday.

General, miscellaneous legislation is to come immediately before congress possibly including some measures at fecting this country's course in the war in view of widespread sentiment among returning members for declarations of war against Germany's al-lies, Austro-Hungary, Turkey and Bulgaria. Congress is expected, however, to follow the views of the Presi dent in this respect.

Appropriation measures will require much time. Civil Rights Bill. The administration soldiers and sallers civil rights bill, which passed he house last session but failed to get through the senate soon will be taken up by the senate judiciary com-nittee. It operates in the nature of moratorium, suspending court pro-cesses against members of the Ameri-an military forces. Other unfinished war legislation includes Senator Chamberlain's resolution to subject aliens to the draft; Senator Calder's oills for daylight saving and expedi-tious naturalization of allens, and Senator Pomerene's bills, to enforce covernment control of iron and steel products and for reclamation of physially unfit men from military service Revision of second class postage ates for publications also promises o be agitated during the session.

Creation of a congressional commitee to supervise war expenditures, which President Wilson prevented luring the last session, will be urged by Senator Weeks of Massachusetts und other Republicans. The proposal of Chairman Fitzgerald of the house appropriations committee for a single ommittee to control war appropria

tions also is pending.

Will Watch Estimate.

Closer scrutiny of appropriations and departmental estimates, during the present session is generally pre-dicted, with efforts to prevent extra-vagance while at the same time providing adequate funds for war needs. Spectacular features during the session are regarded as possible developments from the agitation against Sen-ator La Follette and others because of their opposition to some war legis-lation. He and Schater Hardwin Georgia have announced their intention to seek repeal of the draft law, while Senators La Follette and Sher-man of Illinois have peace resolutions pending before the senate foreign re ations committee.

Guards in the two towers nearest he east gate fired on the fleeing convicts as they disappeared over he way, but none is believed to have been hit. A large posse started after the convicts, who took a southernly airection.

The thirteen men were in solitary turbances last week in the cell houses. To escape they had to break out of their individual cells, then saw through two barred doors, and finally through a heavy steel door which leads into the "solitary" from the corrider.

Albert Chancelli, a guard stationed just inside the steel door, was beat en into unconsciousness, but not be-fore he had summoned John Carlson, night captain of the guard, with his cries. Carlson, too, was beaten into unconsciousness. The men then climbed the fifteen foot wall at the east gate. They fied toward the Illinois and Michigan canal and were lost n the darkness.

Warden Murphy stared that the men could not have escaped without te assistance or connivance of some-body about the prison.

Three of the men were sentenced life imprisonment.

GROWTH OF ELKS LODGE RELATED BY A. E. MYLES

EULOGIES FOR DEPARTED MEM BERS ARE SPOKEN BY JUDGE EDGAR SCURRY.

The origin and growth of the Elks traternity from a group of ten members fifty years ago to a great brotherhood of 475,000 members with 345 lodges throughout the United States and Canada was recounted by A. E. Myles speaker at the Elks memorial service at the Wichita theatre Sunday afternoon.

Sunday afternoon.

Mr. Myles, emphasized some of the virtues which the fraternity teaches, these being Charity, Justice. Brotherly Love and Fidelity and told how these virtues were being practiced by members and by the ledge as a whole

whole.

Big Brother Movement.

He called attention to the Big Brother movement and told how Elks throughout the country were acting as big brothers to boys to whom opportunity would not be opened without the help of these big brothers. He said that the fodge and its members avoided ostentation in charities but that he might mention that within the past few months the lodge had expended more than three quarters of a million dollars for charatable purposes. He also called attention to the fact that none but American citizens can be members of the order and that before a man is made an Elk he must swear alleis made an Elk he must swear alle-giance to the American flag which is draped on the altar of every Elks lodge in existence. Eulogies Are Given.

Bulogies for the members who have passed beyond during the past twelve months, T. B. Henry A. A. Hughes and W. C. Gibson, were spoken by Judge Edgar Scurry.

Musical numbers were given by Miss Cook, Mrs. King, Mr. Templeton and Katz orchestra. There was a large attendance of members and many friends.

THEY DON'T SWEAR AT THE MESSENGER BOYS NOW.

The type of language long considered available for use to messenger boys in requesting speed is on vacation in business circles. Nowadays when the telegraph call boxes are used they are turned gently rather than slammed, as formerly. Furthermore, when a messenger arrives the boss of any establishment adjusts his cravat, unlimbers a broad smile and sings a roundelay while the messenger is shown in. She's usually a peach. With the scarcity of suitable boys and the possibility of war time precautions it was a good idea to employ girls as messengers.

High, Prices Cause Unrest in England, Committee Reports

By Associated Press.

Washington, Dec. 3.—An increase in the cost of living out of proportion with the advance in wages and an unequal distribution of food are assigned by the British commission of inquiry into industrial unrest as the chief reasons for restlessness among the workers of Great Britain.

The commissions report, re-published in a bulletin issued today by the bureau of statistics of the department of labor, covers an investigation of leading British industrial centers lasting more than a month and recom-mends, among other things, an im-mediate reduction of food prices. Suggestion also is made that the in-creased cost of food be borne to some extent by the government.

Restriction of personal freedom under the munition: act. liquor restrictions, inadequate housing and industrial fatigue are mentionad as con-

tributary causes. Although the report clearly indirest it says there is a "strong feeling

Representative Tillotson and Davis of the sub-committee.

With respect to the university's two million acres of lands, it developed that Colonel George W. Brackenridge and Major George W. Littlefield were strongly disposed to retain possession of them. Mr. Kemp. on the contrary, favored selling them if, as someone had said they would bring \$5 an acre. Otherwise, he favored an alternative plan suggested by Mr. Tillotson that the state take over the lands at an agreed price to be paid the university. Major Littlefield did not think that the lands would bring more than \$2.50 an acre. Half of them would bring over \$1 an acre, he said.

Mr. Tillotson called attention that many citizens considered it against public policy to hold these lands off

KE PART IN DEFENSIVE COURT SECTION.

By Associated Press With the British Army in France, Saturday, Dec. 2.—American army engineers working in the region of Gouzeacourt joined the fighting ranks of their British allies yesterday and helped them stem the onslaught which resulted in Gouzeacourt being en-veloped for a time.

Many of the Americans were caught in the German turning movement about Gouzeaucourt and only escaped death or capture by lying concealed for hours in shell holes until the British had succeeded in pushing the invaders back. Hundreds of other men from overseas were subjected to tremendous shell fire from enemy artillery and great quantities of gas shells were thrown in the territory where they were working. The Ger-man attack was made with greatly superior numbers and every available man was needed on the British side

Many of the engineers seized rifles and fought side by side with the Tom-mies throughout. Ne bitter day and many scores of Americans last night were armed and sent forward as volunteers to do patrol duty in the hos-pital zone before which a large army of Germans was encamped

Like the great Mississippi Valley in North America, Argentina will undoubtedly develop into the largest consumer of motor vehicles in South America.

South America.
Once Bought in Europe.
Previous to 1911, says the report, automobiles imported into Argentina came largely from Europe. The number of cars imported into Argentina during the last six years was as follows: 1911, 2,461; 1912, 4,281; 1913, 5,115; 1914, 2,185; 1915, I,347; 1916, 5,929. Argentina was importing automobiles from Europe a searly as from mobiles from Europe a searly as from the United States. Each year saw many Argentine citizens spending the winters in Paris, London, and Berlin, where they lived at the finest hotels, purchased the finest motor cars, and naturally attracted the attention of the entire European automobile inwas this stock of bigh priced Euro-pean cars that held back the Ameri-can car and that it still holding back to some extent the sale of American cars in the cities.

Almost smultaneously with the war a change came about in the representation of American automobiles in Argentina. Selling activities formerly confined to the cities were transferred to the country. Pioneer American salesmen started across the pampas with their demonstrating automobiles. They proved that the American car They proved that the American car is a practical machine for those end-less level stretches of fertile farming land. OVER THIRTEEN BILLION DOLL'ARS WILL BE ASKED FOR THE YEAR 1919

By Associated Press.

Washington, Dec. 3.-Estimates of more than \$13,500,-000,000, the greatest in the nations history, for the conduct of the government and the prosecution of the war during the fiscal year 1919, were submitted to congress today by the treasury department.

In round figures more than \$11,000,000,000 of that vast sum is for the war alone. Only part of it will be realized from taxation; the remainder will come from the issues of Liberty Bonds.

Deducting an item of \$153,000,000, intended as an annual appropriation toward a sinking fund for the discharge of the old public debt and some \$330,000,000 which will be turned back to the treasury from postal revenues, the estimated sum for which congress actually is expected to appropriate is \$13,018,725,595. No previous estimate ever has exceeded two billions.

Indio, Tex., Dec. 3.—One American cavalryman, a Mexican foreman of an American cattle funch and 25 Mexicans were killed in a battle which occurred early Saturday morning at Buena Vista, a small hamlet on the Mexican side of the Ria Grande. The dead Private Riggs, Eighth Cavalry, sandary detachment.

The lieutenant rode through the ambush into the midst of the bandits, his men killing 35 and wounding many more. The Mexicans retreated in disorder into the town. In the meantine Col. Langhorne had dispatched the machine gun troop and Troop L and I, under Captain Barnes to the scene. These engaged the bandits who fought desperately.

Many Horses Shot.

During the fighting a number of the cavalrymen's horses were shot from linder them as was also that Private Noriel, Troop R, was slightly wounded.

The bandits, 200 in number under command of Shico Cano, on Friday raided the cattle ranch of J. F. Tigner, driving off a number of cattle and shooting down others in the nasture.

If rom finder them as was also that of Tigner who mounted behind a soldier, joined in the pursuit of the bandits after the attempted ambush. In crossing a deep ditch the cattle man was jolted from the flore and was not found for several hours after the fight.

By Associated Press Washington, Dec. 3 .- The Sixty-Fifth Congress reconvened today for its second and "long" session, with the leaders prepared to stay here until next autumn.

The keynote of the legislative program will be sounded Tuesday by President Wilson in his opening address to be delivered in the house chamber at 12:30 p. m. at a joint session. It will be the presidents first appearance before Congress since the night meeting of April 2, at the opening of the special sesson called to permit him to ask for a declaration of war against Germany.

KEYNOTE IN MESSAGE TUESDAY

Perfunctory Session.

As in the special war session which ended October 6, prosecution of the war is the principal task facing the legislators. Todays' opening meeting was as usual brief and perfunctory, power development bill; the Walsh-Pitters of the special war session are the Webb bill permitting exporters to combine in foreign trade, which has twice passed the house and is the senate's unfinished business: the Shields water-power development bill; the Walsh-Pitters of the special war session are the Webb bill permitting exporters to combine in foreign trade, which has twice passed. accompanied by the ordinary scenes of a new session—handshaking and other felicitations with well filled galleries and much bustle and confusion.

After appointment of committees by both bodies to notify President Wil-son and each other of their presence for duty and fixing their daily meet ing hour at 12 o'clock, the senate and house adjourned until tomorrow out of respect to members who died dur-ing the recess—Senator Husting of Wisconsin and Representative Martin of Illinois

President Will Lead. President Wilson in his address, i is understood, will urge congress to confine its work strictly to measures for the successful and speedy prose cution of the war. There is a general disposition among the leaders of both sides to depend upon him to take the lead in proposing the war measures and to give him all the non-partisan while the question of declaring war pon Austria, Turkey and Bulgaria,

dermany's allies, is being agitated in congress, there is a general disposition to follow the wishes of the exec-utive branch of the government which s understood to oppose any change policy at this time President Wilson's address was in

the hands of the printers today While it is practically complete it is being held open for any changes until a short time before delivery Arrangements will be made tomorow for a joint session, probably Wednesday, to hear President Wilson ly define the legislative program. Organization of both senate and house under Democratic control hav ing been effected at the special ses: sion, both bodies were ready to plunge into the mass of waiting bustness. Legislation, however, is not expected to get into full swing antil next month, after the Christmas re-

cess, although there is some agitation to forego the holiday.

Flood of Bills. Tomorrow will come the initial flood of bills, resolutions and peti-tions. Among the latter are many petitions accumulated during the re-cess, demanding the expulsion of Senator La Follette of Wisconsin for alleged disloyalty. His speech last September at St. Paul, Minn., was considered today by the senate privi-

leges and elections committee in con-nection with a sub-committee's insibly including some measures at fecting this country's course in the war in view of widespread sentiment among returning members for declar ations of war ageinst Germany's al dent in this respect.

of the army's artillery equipment is provided under this heading. Two items for cannon totalling \$2.897,000,000, make up the bulk of the estimate. The provision for heavy mobile artillery includes an item of \$310,500,000 and one ammunition item is for \$93,000,000. Under engineering provisions, \$60,000 is asked for the protection of the shore line of Sandy Hook reservation.

An item of \$1,533,000 is carried for fortifications in the Insular posses.

May Reach Fifty Billions.
With \$21,399,000,000 already appropriated for the present fiscal year's needs, many members believe that, with forthcoming appropriations, the fifty-billion-dollar mark may be reached for two years of war. New war revenue legislation is not

scheduled for active consideration for a month or more. A deficit of \$3.906,000,000 in this year's expenditures remains to be provided for.

It operates in the nature of moratorium, suspending court pro-cesses against members of the Americesses against members of the American military forces. Other unfinished war legislation includes Senator Chamberlain's resolution to subject aliens to the draft; Senator Calder's bills for daylight saving and expeditious naturalization of aliens, and Senator Pomercene's bills to enforce tious naturalization of aliens, and Senator Pomerene's bills, to enforce government control of iron and steel products and for reclamation of physically unfit men from military service. Revision of second class postage rates for publications also promises agitated during the session.

Creation of a congressional commit-tee to supervise war expenditures, which President Wilson prevented which President Wilson prevented during the last session, will be urged by Senator Weeks of Massachusetts and other Republicans. The proposal of Chairman Fitzgerald of the house appropriations committee for a single committee to control war appropria-

tions also is pending.

Will Watch Estimate.

Closer scrutiny of appropriations and departmental estimates, during the present session is generally predicted, with efforts to prevent extravagance while at the same time providing adequate funds for war needs.

Spectacular features during the session are regarded as possible developments from the agitation against Sen sion are regarded as possible develop-ments from the agitation against Sen-ator La Foliette and others because of their opposition to some war legis-lation. ASK 40 PER CENT WAGE INCREASE

By Associated Press. Cleveland, Dec. 1.—Demands were presented to practically every railroad in the country today for increase in wages for trainmen and conductors which are approximately forty per cent higher than the present scale. The general chairman of the two labor organizations presented the wage scale to the general managers of the railroads throughout the country to day. The railroads are asked to make answer to the demands by December

Barred Plymouth Rocks were easily in the majority, nearly one hundred and fifty of this variety were exhibited. White Leghorns came next with about one hundred entries; Partridge Rocks, next, a long way below with forty, and Rhode Island Reds, thirty. There were no very unusual varieties shown, good domestic staples being uphostery, and one or two slight but importrant changes in the motor.

AT UNIVERSITY ARE CONSIDERED TERM OF TWO WEEKS

Austin, Dec. 3.—Two principal topics were discussed this morning by the regents of the university and the legislative sub-committee which is conducting an investigation of the institution. One had to do with the disposition of the university lands or the finding of some other source of revenue with which to carry on an orderly building program. The other had to do with the reasons which prompted the regents to grant con-siderable salary increases at the uni-

the sub-committee.
With respect to the university's two million acres of lands, it developed that Colonei George W. Brackenridge and Major George W. Littlefield were strongly disposed to retain possession of them. Mr. Kemp, on the contrary, favored selling them if, as someone had said they would bring \$5 an acre. Otherwise, he favored an alternative plan suggested by Mr. Tillotson that the state take over the lands at an agreed price to be paid the university. Major Littlefield did not think that the lands would bring more than \$2.50 an acre. Half of them would bring over \$1 an acre, he said

Mr. Tillotson called attention that many citizens considered it against winery known as one of the most astute and just judges in the country had charge of the judging, and his work requires no comment. By Associated Press.
Washington, Dec. 3.—An increase in the cost of living out of proportion with the advance in wages and an unequal distribution of food are assigned by the British commission of inquiry into industrial unrest as the chief reasons for restlessness among the workers of Great Britain.

The commissions report, re-publish ed in a bulletin issued today by the bureau of statistics of the department of labor, covers an investigation of leading British industrial centers last ing more than a month and recom-mends, among other things, an immediate reduction of food prices. Suggestion also is made that the in-creased cost of food be borne to some extent by the government.

Restriction of personal freedom un

der the munitions act, liquor restrictions, inadequate housing and indus-rial fatigue are mentionad as conrebutary causes. Although the report clearly indicates the prevalence of industrial unrest it says there is a "strong feeling of patriotism on the part of the em-ployed and they are determined to

Submarine Warfare And Prussian Autocracy

By D. F. Houston

Secretary of Agriculture. Why is the United States at war with Germany? Why all this prepara tion, expense, and jeopardy of thousands of American lives? Are we fighting the battles of England, France, Italy and Russia? Are we in the war. to pull the chestnuts of the allies out of the fire? Are we fighting to help them recover lost territory or to acquire new possessions? Why do we fight at all? Why not employ peace. ful means? Why not negotiate?

These questions are now being ask ed not infrequently, especially by the German propagandists, by a few disloyal natives, and by some unintelligent and unpatriotic pacifists. Such people imagine that the time is opportune. They imagine that many Americans are astounded and resent ful over the prospect of enormous expenditures, burdens of taxation, and sacrifice of life. They assume that there is, or will be, a reaction-that the people have short memories. They place reliance on the fact that the scene of conflict is remote, that our people can not appreciate that a defensive war can be waged by forces at a distance, and that aggressive action may be in the highest degree de-

Submarine Warfare And Prussian Autocracy

By D. F. Houston, Secretary of Agriculture. Why is the United States at war with Germany? Why all this prepara. tion, expense, and jeopardy of thousands of American lives? Are we fight. ing the battles of England, France Italy and Russia? Are we in the war to pull the chestnuts of the allies out of the fire? Are we fighting to help them recover lost territory or to acquire new possessions? Why do we fight at all? Why not employ peace. ful means? Why not negotiate?

These questions are now being ask ed not infrequently, especially by the German propagandists, by a few disloyal natives, and by some unintelligent and unpatriotic pacifists. Such people imagine that the time is opportune. They imagine that many Americans are astounded and resentful over the prospect of enormous expenditures, burdens of taxation, and sacrifice of life. They assume that there is, or will be, a reaction -th. t the people have short memories. They place reliance on the fact that the scepe of conflict is remote, that our people can not appreciate that a de fensive war can be eaged by forces at a distance, and that aggressive action may be in the highest degree de tensive.
