PERNAU IS REPORTED IN HUN HANDS

By Associated Press
Berlin, Feb. 25 via London.—German troops have secured Pernaau, a Russian seaport in Livonia, 99 miles northeast of Riga and 107 miles northeast of Vitebsk, the German office announced today. In the German advance to the east, three thousand Russians were taken prisoner. This flying detachment travelled 130 miles in five and one half days.

The advance guard of General von Linde's troops, in the south, have reached Zhitomir, 95 miles west of Kiev.

To Address Reichstag
Count von Hertling, the Imperial German Chancellor, will address the Reichstag today on foreign affairs, probably with most attention to the Russian situation and the peace terms now offered by Germany. The chancellor has not yet replied to the recent war aims statement of President Wilson and Premier Lloyd George and if he speaks he may take this opportunity to state Germany's case once more.

Russia, as represented by the Bolshevik government, has agreed to the German peace terms for a second time within a week. After the first agreement, the Bolsheviks decided to fight but the military activity on their part apparently did not halt by one step the German advance. As a result of the Bolsheviks' attempt to wage war, increased her terms in the last peace ultimatum, which virtually cut off from Russian domination all western territory added to Great Russia since the time of Peter the Great.

Exceptions are Small
Exception in Livonia and Estonia were small detachments made slight resistance, the Germans are progressing unhampered along the entire line from the Gulf of Finland to the Ukraine. In the north they are approaching Revel, the naval base, and in the south they have been intensifying artillery duels at several points along the line from Verdun to Switzerland.

Large Troop Movement
Large troops are being moved behind the German line at night are reported from the American sector north of Toul. The artillery bombardment there has been most intense. Little damage was done by German gunfire. Attempts by German patrols to reach the American trenches were futile.

American Is Killed
By Mexican Bandits
On Boat at Tampico

BULLETIN
Washington, Feb. 25.—One American was killed and two were wounded in an attack by Mexican bandits on an oil boat at Tampico Saturday. The names of the Americans were not included in the brief report received today by the state department. Officials, however, regarded the incident as a case of robbery rather than an outbreak of anti-American feeling. The boat attacked was probably in the Panuco River or one of the inland lagoons known to have been the scene of robberies by bandits who are not connected with any other military force. The government has called the incident to the attention of the Mexican government.

GENERAL ELECTIONS ARE HELD IN SPAIN
Madrid, Feb. 24.—General elections were held throughout Spain today. The liberals appear to have maintained their positions, though complete returns have not been received. Republicans carried Madrid and Valencia and the Catalina candidates were victorious at Barcelona. Disturbances are reported from Valencia and rioting at Almeria, Cadix and Monrri. At Madrid an airplane used by the Maurist Conservatives in a publicity stunt, fell. The pilot was seriously and the machine demolished.

LENROD MAY BE NOMINATED FOR SEAT IN SENATE
Washington, Feb. 25.—Representative Lenrod, Republican of Wisconsin, today announced he had permitted friends to go ahead with the formalities for his nomination to the United States senatorship next Friday, but had stipulated his action was with the reservation that he would not make final decision until that day.

TRAVEL HALF THE GLOBE TO WED.

After travelling half way around the world to meet, Lieutenant Eric Morey Murray, of the British army, whose home is in Mount Crawford, Australia, and Miss Jean Marjorie Knox, of Wooda-Torah, Victoria, have just been married in New York city. Before the war the couple were engaged in Australia, and after the bridegroom had twenty months of active service in the trenches his credit, both he and his bride thought it high time to get married, so they made arrangements for the wedding, which took place in New York.

SENATOR M'CUMBER ROASTS SLACKERS AND PROFITEERERS

Washington, Feb. 25.—Denouncing the Bolshevik surrender to Germany, Senator McCumber, Republican of North Dakota, told the Senate today that a "Bolshevik sentiment in America is a danger to the cause of democracy against autocracy. Profiteers, labor slackers and government officials who fall to stand against them were assailed by the senator in vigorous terms.

Unless conditions change, the Senator declared, only a collapse of the central powers can save the allies from honor. For the ignominious surrender under Bolshevik reign, let every Russian patriot for a thousand years wear branded on his cheek the blush of shame.

So, too, we have seen the effect of this Bolshevik sentiment more, still more, always more regardless of justice regardless of patriotic duty. In the shameful delay in ship construction on which the very life of a great world principle depends, and we are told that every line of industry upon which the life of the government depends, will soon be reduced to the same condition of impotency.

The time has arrived for the American people to accept this challenge. This Bolshevik cancer, which is sapping our strength and jeopardizing our safety, manifests itself in its most malignant form in supply profiteering and in labor profiteering in our shipyards.

UNFAIR PRACTICES CHARGED AGAINST 38 CORPORATIONS

FEDERAL TRADE COMMISSION IS SUBS COMPLAINTS AGAINST MANUFACTURERS

MANY VARNISH MAKERS

Three Ink Companies are Also Named in Complaints Placed on File at National Capital
By Associated Press
Washington, Feb. 25.—Complaints charging unfair trade practices were issued today by the Federal Trade Commission against 38 manufacturing firms as the result of a long and intensive investigation which has revealed "very serious and unhealthy conditions in certain industries."

Thirty four of the complaints were against varnish makers, three against manufacturers of printing ink and one against a soap factory.

In addition the commission has granted the request of a number of other concerns which admitted the practices complained of and asked for consent orders to avoid publicity in having their affairs investigated. A large number of other cases still are under consideration.

The 38 firms cited today were given thirty days to reply and ordered to appear for hearing April 8.

The Glidden Varnish Company of Cleveland, Ohio, was charged with attempting to stifle an aggressive competition by "systematically and on a large scale" giving employees of customers, prospective customers and competitors' customers gratuities such as liquor, cigars, meals, theater tickets, valuable presents and entertainments.

Secret Payments
"Secret payments" were also alleged to have been made employees to influence purchasers from the Glidden Varnish Company or to stop purchases from the company's competitors.

Practically identical complaints were issued against the other varnish makers, including the Columbus Varnish Company, Columbus, Ohio; Sun Varnish Company, Louisville, Ky.; Lilly Varnish Company, Indianapolis; Lindenman Wood Finishing Company, Shelbyville, Ind.; Adams and Ellinger Company, Chicago; Blackburn Varnish Company, Cincinnati; Frank W. Thurston Varnish Company, Chicago; Grand Rapids Varnish Company, Louisville, Ky.; Oneil Oil and Paint Company, Milwaukee; Grand Rapids Wood Finishing Company, Grand Rapids, Mich.; Pratt and Lambert, Inc., Buffalo, N. Y.; Rockford Varnish Company, Rockford, Ill.; Charles R. Long, Jr. Company, Louisville, Ky.; Ault and Wilberg Company, Cincinnati.

Essex Varnish Company
The Essex Varnish Company, of Newark, N. J., was charged with having been guilty of the same practices and in addition with having paid employees "large sums of money to adulterate and spoil varnish, lacquers and japans sold or offered for sale by its competitors."

Attempts to stifle competition by gratifying the payment of money to employees were charged against the Eagle Printing Ink Company, St. Louis; Aultman Company and J. M. Huber, ink manufacturers of printing ink, of New York and against the Warren Soap Manufacturing Company of Boston.

Munday to Be Tried in Connection With Wrecking of Bank

Chicago, Feb. 25.—Charles B. Munday, vice president of the defunct La Salle Street Trust and Savings bank, will be placed on trial today at Morris, Ill., for the second time on the charge of wrecking the bank. He was convicted at the first trial but the supreme court found in his favor. Munday, one of the founders of the bank and others connected with the institution were indicted on the charge of criminal conspiracy. The charges against him were dismissed while Lorimer was acquitted.

TELLS OF HARDSHIPS IN FRANCE.

"You must be prepared to do the same hard, dull work day after day, in strange surroundings such as you have never before known; to have no comforts; to look after yourself when you are ill, because there will be nobody to look after you; to be cold and damp, and—cheerful!" This was the message given by Miss Margaret N. Robbins, recently returned from hospital service in Britain, to ninety girls who are taking the trained attendant course, preparatory to going to France from the United States.

OUSLEY ADVISES COTTON LAND BE SEEDED TO FOOD

ASSISTANT SECRETARY OF AGRICULTURE SPEAKS AT BONHAM

Bonham, Texas, Feb. 25.—Increased food production and less cotton acreage in 1918 will be one factor in winning the war, Clarence Ousley, assistant Secretary of Agriculture and director of the extension service of the Texas A. and M. College told a meeting of farmers here today. Mr. Ousley is in Texas this week to make several speeches in various towns on food conservation.

Although food production in 1917 was greater than the preceding year, the 1918 crop must exceed all previous records. "Farmers must not yield to the desire for money by planting an all-cotton crop, for if this is done an excess production will be on hand and low prices will follow," said Mr. Ousley.

Labor is Factor
Farm labor is another important factor, he said. The drain war has made in farm workers has not been nearly as heavy as the call of the cities and the attraction of higher wages.

"Increased farm labor must come from one of two sources—it must be drawn by law or voluntary co-operation between town and country," he said.

Conservation of farm labor is a possibility, he said, unless food production is increased. Luxuries and servants must go because there are not enough men for this and at the same time furnish men for the battle front, run railroads, manufacture necessities and produce food crops.

Will Lose Million
"If we are put one million men a year in France, and if the war lasts as long as I believe it will last, without a miracle, we ultimately will be losing in killed, captured and injured 25,000 men a year," Mr. Ousley continued.

Railroads will be needed for transportation of supplies for the millions in the trenches, he said, and this is another reason why the south should depend on the east.

BELGIANS CHECK HUNS WORKING FOUR ATTACKS
Washington, Feb. 24.—The Belgian official statement issued tonight reads: Four German attacks during the night of Feb. 22-23 to approach our advance posts were checked. Artillery activity on both sides was general along the front, most intense in the region of Dixmude, where we effectually silenced several batteries by our destructive fire.

Florizel Rescued Are Reported 43

By Associated Press
St. Johns, N. F., Feb. 25.—Forty three persons aboard the Red Cross liner Florizel, wrecked near Cape Race in a storm early yesterday, were rescued today. Three rescue ships brought the first batch of survivors to port and others were on the way this afternoon.

Among the survivors are five salon and seven steerage passengers. Most of those saved were members of the crew. Among the survivors are Major Michael Sullivan, bound for Halifax; Ralph Burnham of the Royal Flying Corps, Alex Ledingham of St. Louis, Archibald Gardner and two women, Miss Minnie Danieff and Miss Kittie Cantwell.

COASTING STEAMER IS RUSHED TO RESCUE

By Associated Press
St. Johns, N. F., Feb. 25.—The coasting steamer Prospero was sent to the aid of the Florizel from Piacentia Bay, 75 miles around the coast from Broad Cove, but after her departure, government authorities felt that her task was hopeless. With the galeing ships Terra Nova and Home, she stood outside the cove while reports sent by observers on land, that the sea had not sufficiently subsided to allow the launching of boats before daylight.

When naval sunner had shot a line from the shore across the bow of the Florizel, as she lay submerged from her funnel aft and saw no attempt on the ship to make the line fast, it was believed all those on board were dead. About midnight however, watchers reported that light had been seen in the wireless room and the forecastle, showing some persons were still alive. Later came the message from the Prospero reporting she was along side the Florizel and expecting to take the survivors to the island, north of the cape. The region is uninhabited and means of rescue were not available.

One wireless message said the steamer was rapidly breaking up and nothing more was heard until rescue parties reached the scene. These reported boats could not be used and expressed doubt if any on board could be saved. Through the day reports came that the ship was going to pieces and that her after decks were submerged.

Ownership of Vessel
The ownership of the Newfoundland boats, was owned by the New York Newfoundland and Halifax Steamship Company known as the Red Cross line. Built in 1909 at Glasgow with sloping weather bow reinforced by concrete, she had been used in the sealing trade and this winter had done heroic service as an ice breaker in New York harbor.

Among the passengers who embarked at St. Johns were John Shannon Mun, manager director of the line and his three-year old daughter, the cadets of the Royal Flying Corps, Major Michael Sullivan, commander of the Newfoundland forestry battalion and a number of prominent Newfoundland business men.

Frantic efforts were made by relatives of the passengers aboard the Florizel to learn the names of those picked up by the Prospero. An earlier message from that vessel stating that at least forty persons were waiting to be rescued, held out hope that others might be saved, and the Prospero's commander was directed by the minister of shipping to send the names at the earliest possible moment.

Rescue Work Dangerous
Although the sea today was not as rough as it was when the steamer struck on the rocks, reports indicated that rescue work was extremely dangerous. The Florizel's wireless was wrecked, fires were out and the ship, helpless at the mercy of the waves, offered little protection against the cold and the fury of the elements.

Many of those lost yesterday had attempted to reach shore in small boats which were tossed about and swamped almost in sight of men and women watching from the bow of the Florizel or from the rigging where a few had climbed for safety. Others who had taken refuge in the forecastle were driven out when that part of the ship was battered in. Reports last night accounted for seven bodies washed ashore.

Minister of shipping Crobie said it would be impossible to give the correct number of dead until he had received definite reports from the Prospero and other relief ships. All told there was 148 persons aboard the Florizel when the vessel sailed from here Saturday night. There were 77 passengers including 12 women and four children and 69 of officers and men in the crew. Government authorities stated that if the figures as sent by the Prospero were correct the death list stood at 104 provided all reported aboard the Florizel were saved. They declined however, to announce this as the official estimate of the number dead.

"FORTY SOULS ABOARD" WRECKED SHIP REPORT
By Associated Press
New York, Feb. 25.—A dispatch saying that "forty souls are aboard," the wrecked steamship Florizel was received here this morning by the agents of the vessel's owner. The message said the sea was moderating. This dispatch was sent from St. Johns.

TWENTY-TWO SURVIVORS TAKEN ABOARD VESSEL
By Associated Press
St. Johns, N. F., Feb. 25.—Twenty-two survivors of the Red Cross liner Florizel, wrecked at Broad Cove, near Cape Race, yesterday, were rescued at daylight today. A message from the coasting steamer Prospero, which had stood by all night while the Florizel was being pounded on the rocks, reported that 20 others were alive on the ship.

The first batch of survivors was taken off in three life boats and four dories, but the sea was so rough that they were unable to approach the shore, near which the ship struck early Sunday while on a voyage from this port to Halifax and New York. All had suffered terribly from cold and exposure. Steamers met the boats and took the rescued aboard. A wireless message from the Prospero to John Crobie, minister of shipping early today was the first word of hope that any of the 77 passengers and crew of 88 had been saved. The Prospero reported that every effort was being made to transfer them from the battered hull.

CAPTAIN OF VESSEL IS AMONG SURVIVORS
By Associated Press
St. Johns, Feb. 25.—Captain W. J. Martin of the Florizel, chief officer James Marconi Operator Carter, two seamen and John Kiely, a passenger, were among the survivors.

LEGISLATURE IS NOW PLANNING TO RATIFY MEASURE

FEDERAL PROHIBITION AMENDMENT WILL BE CONSIDERED TOMORROW

By Associated Press
Austin, Texas, Feb. 25.—That a resolution looking to ratification of the federal prohibition amendment will be introduced in the lower house of the legislature soon after the special session convenes tomorrow, was stated positively today. Such a resolution now is prepared and in the possession of Representative K. R. Bryan, of Midland.

The fact that the federal amendment is not mentioned in Governor Hobby's proclamation will not prevent submission of the resolution, Mr. Bryan said. "The federal amendment is a subject left to the legislature," he added.

Doubt was expressed by some as to whether efforts will be made to force consideration of the amending the recommendations of the investigating committee, since they were not included in subjects presented by Governor Hobby for consideration. It was pointed out that the constitution provides that only subjects germane to the governor's call can be considered at a special session.

CABINET MEMBERS MAY BE CALLED ON TO GIVE TESTIMONY

San Francisco, Feb. 25.—Two members of President Wilson's cabinet, a former secretary of state, and Rabin-drath Tagore, renowned Indian poet and dramatist, will be subpoenaed to testify for the defense of 31 persons charged with conspiring to foment revolution against British rule in India. It was announced today by Raw Chandra, principal Hindu defendant.

The cabinet members are secretary of state Robert Lansing and Postmaster General Burleson. The former secretary is William J. Bryan. There is some question as to whether cabinet members can be called as witnesses, but every effort will be made to obtain their depositions, Chandra said.

SILENT TRIBUTE PAID TO HEROES BY CAMP TRAVIS

San Antonio, Texas, Feb. 25.—At noon Saturday every activity in Camp Travis came to a standstill. Not a wheel was turned, not a step taken and not a word spoken for twenty seconds. The same silent period will be observed daily from now until the men of Camp Travis go "over there." It is a memorial tribute to the heroes gone before. The order was contained in an address by Brigadier General W. H. Johnston, commanding, on Washington's Birthday.

RED CROSS IS TO TAKE LARGE PART IN GREAT PARADE

NURSES ARE DECLARED BADLY NEEDED NOW BY UNITED STATES ARMY.

The Red Cross has been given a prominent part in the parade which will start Saturday's big patriotic demonstration in promotion of the sale of the government savings stamps and an urgent call is made for members from all over the county to be in the parade.

The newest issue of "Important Items" the Red Cross publication of the Southwestern division contains a call for more nurses.

The appeal follows: "Nurses and more nurses in America to win the war, is the cry of the nation to her women today. There are at present about 7,000 nurses in the field and the first contingent of the American army is scarcely in the field. Men are being called to the colors by the thousands. When they will be protected and cared for when sick and wounded depends on whether American women are willing to make the same sacrifice their brothers are making. Failing in this they will have done incalculable harm to the efficiency and morale of our troops.

Over 500,000 men are in training in the American cantonments today. In a few months there will be a million. Though the American army is known as the strongest, healthiest in the world there must, in the nature of things, be some sickness. In order that the sick be provided for and the well protected we must provide a system of hospitals with doctors, nurses and equipment equal to that of our largest cities; for these cantonments are as a rule, far away from any usual facilities for caring for the sick.

Women Assigned. "About 2,000 women to date have been assigned to active duty in cantonment hospitals and several hundred more to the navy nurse corps. Women are also working in the sanitary zones about the cantonments. As new armies are called many thousands more will be needed.

Outside of actual work in the army there is tremendous response to the call for nurses today to aid in the protection of public health. With the new problems incident to war taken with the fact that so many nurses have already been called for military service, the problem becomes acute. It can not be satisfactorily solved unless thousands of women will come forward to take the place of those who have gone.

Strained Every Resource. "In the bitter struggle of the past three years our ablest have strained every resource to the breaking point and we must be ready to gradually take upon our shoulders the burden of caring for the sick and wounded as well as our own.

"The women today, over 21, who have had at least two years training in some recognized nursing school and who meet other necessary requirements, have by enrolling for active service under the banner of the Red Cross, which is vital to the success of American arms.

"The women who have not had the necessary training can find the largest opportunity to serve by taking it now. From the moment she enters a nurses training school she will be helping solve the present nursing problems and when the war is over she will be able to aid in the tremendous rehabilitation work which must follow in its wake."

THE BOLSHIEVIKI

Denouncing the BolshieviKI surrender to Germany, Senator McCumber today vigorously assailed those who are endangering the cause of democracy against autocracy in this country by profiting and striking.

He declared both the profiteer and the striker in and on the side of the BolshieviKI sentiment and warned the nation that unless conditions are speedily changed only a collapse of the Central Powers can save the Allies from defeat.

While many of us believe that Premier Lenin and his right hand man, Trotsky, who left New York in want and now is said to have millions to his credit, were actuated to some extent by selfish motives, yet we do believe that in the main they have done those things which their dreams of Utopia and necessity, combined, have dictated and that too harsh criticism of them at this time is misplaced.

The revolution which resulted in deposition of the Czar could be expected to precipitate nothing less than chaos among a people unaccustomed to self rule until they have "come to themselves."

DRY ZONE LEGISLATION.

We hope the legislators at the special session will not try to kill too many birds with one stone and that, if they want statutory state-wide prohibition, they will seek it in a separate measure and not complicate the dry-zone legislation with it.

The latter, which seeks to safeguard the army camps, is the principal reason for the session; its passage is virtually assured by a sufficient majority to give it emergency force as the sentiment now stands. But if some ill-advised proposal also to run in statutory state-wide in the dry-zone bill, not only will it endanger the two-thirds majority needed to put the latter measure into immediate effect, but it conceivably endangers the whole program which Governor Hobby has felt constrained to submit as a Texas contribution to making the camps safe for the 200,000 boys in Texas camps and cantonments.

Statutory state-wide probably can muster a good majority in both Houses; we are inclined to believe that the Governor will sign it, if it is presented to him. But there is a little doubt about the passage of the dry-zone bill by more than the desired two-thirds majority for emergency effectiveness and there is none at all about the sentiment would make unlikely a court contest over the war-camp measure and its military necessities would be more likely to prevail.

The Record-Chronicle puts up the best argument for Governor Hobby's proposal the Times has yet seen. It almost persuades the Times this course is the only one to pursue.

TODAY'S MARKETS

NEW YORK COTTON MARKET IS OPENED WITH PRICE STEADY

New York, Feb. 25.—The cotton market opened steady today at an advance of 9 to 18 points on the firmness of Liverpool over the holidays and a renewal of trade demand. March contracts sold up to 31.01 and May to 30.77, while October touched 29.11 during the early trading, or 12 to 21 points net higher. The failure of the weather map to show any further rain in the southwest, prompted the advance and there was English buying out of old crop deliveries, with early offerings largely in the way of resuming.

LARGE RECEIPTS EASE CORN PRICE IN CHICAGO PIT

Chicago, Feb. 25.—Big receipts had a bearish effect today on the corn market. Arrivals at Chicago, Omaha, Milwaukee, Minneapolis, aggregated 1,742 cars, the largest total yet on the crop. President Wilson's action in shutting off any likelihood of a higher guaranteed price on wheat tended also to favor the bears. Opening figures, which varied from the same as Saturday's close to 1-4 lower with March \$1.27 1-4 and May at \$1.28 1/2 @ 5-8, were

affected by slight further setbacks. Oats gave way under general pressure to sell. The same factors, which were effective in the corn market, discouraged the bulls in oats. After opening 3/4 to 1/2 down with May 86 1/2 to 87, prices continued to show a tendency to sag.

Provisions fell with grain. Higher quotations on hogs were ignored. Unsettled weather with forecast of more, led subsequently to a rally which was further helped by the lifting of embargo on various railway lines from here to the Atlantic seaboard. Prices closed firm 1 1/2 1/4 March and 1 1/2 1/2 May, unchanged to 1/4 higher compared with Saturday's finish.

Table with columns: CORN, OATS, HOGS, LARD, RIBS. Rows: Mar., May, July. Values: 1.27 1/4, 1.27 1/2, 1.27 1/4, 1.27 1/4, 1.26 1/2, 1.26 1/2, 1.26 1/2, 1.26 1/2, 8 1/4, 8 1/2, 8 1/4, 8 1/4, 86 1/2, 88 1/2, 86 1/2, 86, 48.55, 48.70, 48.55, 48.55, 25.97, 26.20, 25.97, 26.02, 26.25, 26.40, 26.25, 26.25, 25.20, 25.55, 25.20, 25.27, 25.70, 25.25, 25.70, 25.70

New Orleans Cotton.

New Orleans, Feb. 25.—The cotton futures market opened at an advance of 12 to 17 points today compared with the close of last Thursday on better Liverpool cables and bullish cotton goods advices.

Cotton opened steady. Opening bid: March 30.21; May 29.67; July 29.27; Oct. 28.98; Dec. 27.98. Cotton closed steady at an advance of 20 to 31 points.

Lead All Stocks.

New York, Feb. 25.—Recent irregular tendencies were resumed at the opening of today's stock market, in the same class moving in contrary directions. This was especially characteristic of rails, motors and some of the war equipments.

The markets course became more confusing in the afternoon. St. Paul common and preferred, equipments and Brooklyn transit receding sharply, while such specialties as Leathers, National Amalgam and Chandler Motors registering extreme gains of 2 to 4 points.

Pressure became more general in the final hour, the decline then embracing many prominent issues. The closing was heavy. Liberty 3 1/2's sold at 97.90 to 98, first 4's at 97.20 to 97.28 and second 4's at 96.78 to 96.86.

Sugar Market.

New York, Feb. 25.—Raw sugar steady; centrifugal 6,905; molasses nominal. Refined steady; Cut Leaf \$8.95; crushed \$8.70; mould A, \$7.95; cubes \$8.20; 4 "X" powdered \$7.85; powdered \$7.80; fine granulated \$7.45; diamond "A" \$7.45; confectioners "A" \$7.35; No. 1, \$7.30.

Coffee Market.

New York, Feb. 25.—Coffee No. 7 Rio \$14; futures steady; March 7.98; July 8.34.

Cotton Seed Oil.

New York, Feb. 25.—The cotton seed oil market closed quiet. Spot 20.00 bid; March 20.00; May 20.40. No sales.

Kansas City Cash Grain.

Kansas City, Feb. 25.—Corn: No. 2 mixed 1.80 @ 1.90; No. 2 white 2.00 @ 2.05; No. 2 yellow 1.85 @ 1.90. Oats: No. 2 white 9 1/4; No. 2 mixed 8 7/8 @ 9.

"Sunshine Hill" Oil Lots

DO YOU KNOW OF A MORE PROFITABLE BUSINESS than drilling for oil when you are certain to get oil? Hardly—and you will agree also that it is a great big opportunity for anyone to spend money for drilling on a tract of oil land that is already producing.

"Sunshine Hill," the home of Acme Oil Lots, is now regarded by long experienced oil men as perhaps the most remarkable tract of oil land in Texas. At first, despised and rejected by eminent geologists as unworthy their attention, now easily the sensation of the hour and will go down in oil history as the marvel of the age in the Electra Field.

The active, wide-awake ones who see in this wonder-field an extraordinary opportunity to increase their incomes so that they can enjoy even the luxuries of life have been quick to pick up desirable drilling locations for private development.

The demand for good sites has been so increasingly great that the chances for gaining a foothold on this fortune-making piece of land are daily and hourly slipping by. Gradually but steadily the door of opportunity is closing on those who delay action. Right now we have a few choice drilling locations that are available at attractive prices. State the number of lots desired and block preferred and we'll be pleased to submit prices by wire on receipt of your inquiry. Better name first and second choice. "First come, first served." USE THE WIRES.

FOR SALE—A beautiful home; one that will remind you of those old southern homes in Virginia. It has an acre and a half of land, a splendid porch, six parlor, breakfast room, two bathrooms, two large living rooms—one down stairs and one upstairs, with fireplace in each. Excellent improvements on outside, shade trees, flowers, two garages, two-story servant house, all modern; wash house with large porcelain laundry tubs and all modern and most modern home that has ever been offered for sale in this whole country. We doubt if there is an architect in this part of the state who could design a more up-to-date and complete home. In fact, such a home as this is not often offered for sale. Located on one of the best corners in Wichita Falls. Price is right. Thomas & Bland, agents, phone 99. 247-110

BOXING LESSONS ARE UNDERTAKEN AT CAMP TRAVIS

According to recent reports received here from Camp Travis, a movement is on foot among the men at the camp to take up systematic training in boxing. The work has been started by Y. M. C. A. officials who are now training a detail of five men, who will take up the work with the other men later. The boxing work is reported much enjoyed and very helpful, among the soldiers, the training and physical development being useful to the man as a fighter. One of the five men detailed for training now is corporal C. T. Cook, who went to the camp from Wichita Falls. Corporal Cook's home was in Oklahoma but he was transferred to Wichita county.

Others to Front. Among other Wichita Falls men who are coming into prominence at the camp are E. J. Reasner and C. H. Smith, both of the Headquarters company, 345th Field Artillery. Reasner has been given entire charge of the stock of government property handled for his regiment and is reported very successful in the work. Smith is handling the clothes supply for the regiment and has been so efficient as to be promoted to the rank of Corporal.

Reports have also been received of the work of E. J. Haynie, formerly of this city, who has just completed a course in horseshoeing and has returned to Co. 165 Depot Brigade to continue the work. Mr. Haynie was recently married and plans to make Wichita Falls his home after the war.

Good Reports Made. Good reports are made another of the Wichita Falls men now at Camp Travis, Claude Smoot, who was re-

cently transferred from Supply Co. 244th F. A. to battery D of the same regiment. O. L. Proctor, of Electra, has also been transferred from the 56th Co. 165th Depot Brigade to the 56th Co. Proctor has just received a diploma for efficiency in the culinary art after completing a course in the Cooks and Bakers school.

SQUADRON DANCE CALLED OFF FOR TONIGHT. Owing to the squadron which was to have been entertained, the 192nd, being in quarantine, there will be no dance given by the Civic League and the Military Entertainment Committee tonight.

Born at 6:30 this morning to Mr. and Mrs. Ben Ogutsch a baby girl.

Mrs. Walters Is to Direct Welfare Work Among Texas Children

Local child welfare enthusiasts are much interested in the announcement that Mrs. E. A. Walters of Fort Worth, president of the Texas Congress of Mothers has been appointed chairman of the child welfare work in Texas by Mrs. Fred Fleming, state chairman of the council of National Defense. The government has asked that beginning with April 6, the anniversary of the declaration of war the nation observe a child welfare year and lend its energies to conserving the children of the nation for service in future years when war is no more. Mrs. Fleming in announcing Mrs. Walters appointment stated that she had been chosen at the Congress of Mothers had been the most active agency in saving children in past years and was therefore the one best fitted to undertake the tremendous increase in child welfare work which the government has asked the country to carry on. Wichita Falls mothers clubs and parent-teachers councils will be ready to do their part in the work

which has been assigned to Texas and the plans which Mrs. Walters will outline are being awaited with interest.

Income Tax Expert Now at Call Field To Receive Returns

W. B. Hestand, income tax expert, is now at Call Field, giving the officers, cadets and some of the men, opportunity to have their income tax reports made out. Mr. Hestand is of the opinion that the office here will be continued open until April 1,

though he has not yet received orders on the subject. The supply of blanks for making income returns is complete and Mr. Hestand takes opportunity to again urge that all men and women of the city who come within the regulations of the revised income tax law, namely those making \$1,000 and over if unmarried and \$2,000 if married, see him at once at his office at the City National Bank and make their reports, not waiting until the last few weeks.

Thrift, Patriotism, Coffee and Common Sense

Its THRIFT to buy coffee of the local roaster, because you pay for nothing but coffee, eliminating tin cans, lithographed labels, national advertising, traveling salesmen's salaries, expenses, etc., and local freights.

PATRIOTIC, because it saves the tin for government uses and releases the labor and railroad equipment for government needs. Locally patriotic, because it fosters a home enterprise.

COMMON SENSE, because you get coffee fresh from the roaster at just the price of coffee.
