

FINAL PLANS ARE MADE FOR GREAT DRIVE SATURDAY

TREMENDOUS EFFORTS TO BE MADE TO SELL WAR SAVINGS STAMPS HERE.

WILL USE FORTY PLANES

Courthouse Will Be Dedicated and Speeches at Theatre at Night—Parade One Feature.

Final arrangements were made this morning for Wichita county's observance of Texas Independence Day, which has a three fold importance...

At the meeting of the executive committee held this morning at the office of R. E. Shepherd, the county campaign manager, the line of parade and order was mapped out...

The parade will form at one o'clock Saturday afternoon at the corner of Temple, Fifth and Scott...

The parade will traverse the downtown section and proceed to the courthouse where the dedicatory services will take place.

At the close of the air demonstration at the court house the air demonstration will be given...

The soldiers will play an important part in the evening's program...

Each person attending the night meeting was asked to buy one 25 cent Thrift Stamp...

The committee emphasizes the fact that this celebration, every part of it, but especially the parade and dedication...

The committee members present at this morning's meeting were: Mrs. J. W. Lee, Mrs. J. W. Stone, J. T. Montgomery, H. E. Bachman, M. A. Bunn...

By Associated Press. Feb. 28.—Felicitation of the United States and Mexico and the United States were exchanged at a dinner in Piedras Negras last night...

By Associated Press. Feb. 28.—Club owners of the American Association met today to adopt a war problem and complete other details for the opening of the 1918 season.

Federal Amendment Is Warmly Debated By Representatives

By Associated Press. Austin, Tex., Feb. 28.—The resolution to ratify the federal amendment to the constitution was engrossed by the House this afternoon by a vote of seventy-three to thirty-six.

By Associated Press. Feb. 28.—After an appeal in opposition to ratification of the amendment, Representative El Paso, that "fair play" be granted and that those opposed to ratification of the federal prohibition amendment be given an opportunity to speak...

Representative Fly of Gonzales, then spoke in opposition to ratification of the amendment. The motion to reconsider was made and carried after Representative Cope of Childress had made a motion to suspend the rules and place the ratification resolution on final passage.

Representative R. D. Thompson, Hunt county, speaking in favor of ratification of the amendment before the vote for engrossment, which later was rescinded, was taken, asserted that ratification of the federal amendment was not surrendering state rights...

Much time consumed at the morning session in arguments concerning points of order. Representative Cope of Childress, offered an amendment to the ratification resolution which would submit the question of ratification to the people at the November election.

Representative R. D. Thompson, Hunt county, speaking in favor of ratification of the amendment before the vote for engrossment, which later was rescinded, was taken, asserted that ratification of the federal amendment was not surrendering state rights...

At the hearing Council Hony for the commission introduced letters from the packers files to show Everman as representing Wilson and Company, quoted as having advised the commission that in order to get information for them on the floor of the House, and referred to the fact that Secretary Reynolds was connected with the woolen manufacturers under a similar arrangement.

Everman's statement declared he had never been retained by Wilson and Company, but had advised the packers to have a representative and did suggest that a newspaperman be secured to furnish information from the commission in order that it might be considered if proper.

Mr. Reynolds, declared in his statement that he was connected with the woolen manufacturers, not because of his connection with the Republican committee but in order that all of the operations of the association have been conducted since a Democratic administration came into office...

The American sector in France on Wednesday again was subjected to an attack by gas shells, which had little effect. The Berlin claims to have caused six deaths and the poisoning of about sixty American soldiers.

The war situation of today is summarized by the Associated Press as follows: In their advance into Russia the Germans are meeting with more resistance and apparently they have been unable to make much headway toward Petrograd from Pskov. Progress is declared to be the Teuton objective in the north.

Tuesday the Germans made no progress there, or at least Berlin reports none, while in the south the greatest gains were made in the Ukraine. The German attempt to take Vitebsk near the center of the front failed before Russian resistance, which forced the enemy to retire.

VARIOUS ANGLES OF ACTIVITY OF PACKERS SHOWN

WANTED TO INCLUDE "CHECK MEAT" IN DELIVERIES TO BE MADE ARMY

TWO GIVE EXPLANATIONS

Explain Statements Made in Yesterday's Testimony About Them—Conference Reported On

By Associated Press. Feb. 28.—Various angles of packers activities were treated today by Francis J. Hony, counsel for the Federal Trade Commission, in its investigation of the meat packing industry. Letters were read telling of efforts made by Cudahy and Company to obtain permission from the food administration to include "check meat" in deliveries of Army contracts.

Conferees of representatives of Armour, Swift and Morris with Colonel Knister of the Chicago depot quartermaster's department, relative to changing the grades on so that backs and shoulders might be included in army bags, were also mentioned.

At the hearing Council Hony for the commission introduced letters from the packers files to show Everman as representing Wilson and Company, quoted as having advised the commission that in order to get information for them on the floor of the House, and referred to the fact that Secretary Reynolds was connected with the woolen manufacturers under a similar arrangement.

Everman's statement declared he had never been retained by Wilson and Company, but had advised the packers to have a representative and did suggest that a newspaperman be secured to furnish information from the commission in order that it might be considered if proper.

Mr. Reynolds, declared in his statement that he was connected with the woolen manufacturers, not because of his connection with the Republican committee but in order that all of the operations of the association have been conducted since a Democratic administration came into office...

Rogers, Santa Monica, Cal.; and Louis Sears, Liano, Ill.

Those Who Work Will Rule World in Future Says Chas M. Schwab

By Associated Press. Bethlehem, Pa., Feb. 28.—Charles M. Schwab, speaking here last night at the annual meeting of the Bethlehem war work fund, said the aristocracy of the future is not going to be made up of people born to position and control, through purple lineage and wealth but by the people who work.

"And," declared Mr. Schwab, "I here want to correct the misapprehension of the world which has been made on this subject before and to correct impressions formed, I mean by the people who work not only those who work with tools and machines but who work with their hearts, brains and energies in any form. I regard myself as a worker. It will not conform with the standards of the future to have the enterprises of the world directed by any others than those who work."

Many Saloons Have Been Closed During Last Year in State

By Associated Press. Austin, Tex., Feb. 28.—According to data in the state comptroller's office approximately 1,500 saloons have gone out of business in the state of Texas during the last two years. Many of these have been closed since the election of local option elections while a number have quit because they claimed they were not making any money.

HENEY ASKS CONGRESS FOR AUTHORITY

"GET A MOVE ON," UNCLE SAM!

TWENTY GRADUATES ARE ON FURLOUGHS FROM CALL FIELD

Andrew A. Skidmore of Columbus, Kansas, was among those who were on furloughs from Call Field yesterday, having finished his course at the Field Eighteen other young men were graduated and left on 10 days leave, to report back to the local camp at their commissions. With the addition of Emory H. Rogers of Santa Monica, Cal., commissioned the first of the week, the first class of flyers from Call Field numbers, twenty.

Lieutenant Skidmore's orders for future duty will be forwarded to him at his home and he will not have to report to the local camp at the end of his furlough. The remainder of the class are awaiting Washington's action on their commissions, but this is a mere formality, according to headquarters. The newly commissioned officers are from one of three military schools, Austin, Texas; Berkeley, California or Georgia Tech, at Atlanta, Georgia.

The entire list of graduates in this first class follows: James D. Adams, Stanford, California; J. M. Dudley, San Francisco, Cal.; Kenneth E. Frasier, Wilson, Ark.; Thomas H. Hayden, Jr., Arteson, Ky.; Lawrence Hilliard, Virginia Beach, Va.; Montgomery O. Jones, Richmond, Va.; Lawrence A. Lloyd, Taylor, Tex.; James W. Montgomery, Morgan Hill, Cal.; Clarence A. Brukman, Denver, Colo.; Lester M. Mullineaux, Park Hill, North Dakota; George W. Powell, San Francisco, Cal.; Roland G. Treon, Floraville, Fla.; Howe Walker, Fresno, Cal.; Homer G. Wyatt, Lincoln, Neb.; Henry H. Woodfin, Chicago, Ill.; Donald B. Stoen, Shippenville, Pa.; A. A. Skidmore, Columbus, Kansas; Walter H. Shirey, Buena Vista, Va.; E. H. Rogers, Santa Monica, Cal.; and Louis Sears, Liano, Ill.

ONE BLACKMAILER WILL SERVE YEAR UPON CHAIN GANG

By Associated Press. Atlanta, Ga., Feb. 28.—Mrs. Margaret Hirsch, accused of an attempt to blackmail \$500,000 from Asa G. Candler, Atlanta's 67 year old multi-millionaire mayor, will be placed on trial here tomorrow. J. W. Cook, a local real estate man, indicted with Mrs. Hirsch, was convicted yesterday on a charge of conspiracy to kidnap and serve a year on the chain gang and pay a fine of \$1,000 the maximum penalty for the offense—a misdemeanor.

Must Pay Taxes Upon Homes That No Longer Exist, Halifax Ruling

By Associated Press. Halifax, N. S., Feb. 28.—Owners of property destroyed by fire which swept over an area of two and a half miles after the explosion of a munitions ship in the harbor here on December 6, must pay taxes on homes which no longer exist, under a ruling by the court of tax appeals. The court held that as the assessments had been levied before the fire there was no legal way by which property owners could be relieved of liability.

JAPAN PLANS TO BECOME ACTIVE AGAINST HUNS

By Associated Press. London, Feb. 28.—A speech made Sunday by Viscount Motono and reports from Paris as to Japan's possible activities in view of the German advance into Russia are given prominence by the morning papers. The Times says it understands the statement of the Japanese foreign minister is regarded in well informed quarters as an authoritative statement of Japan's policy in its editorial comment the Daily Mail says:

"General Foch's appeal to Japan and the United States to cooperate in confronting the Germans in Siberia is answered by Viscount Motono as far as Japan is concerned. If an allied expedition in which Japan and America would necessarily have leading parts, could control the Siberian railway and with it the rich food raising and mineral bearing districts of Siberia, a heavy counter stroke would be dealt to Germany's advance. Japan's services in the allied cause already is considerable. It is not impossible that she will soon add to it."

Announcement was made in Washington Wednesday that Japan had soundly repudiated the Japanese military operations in Siberia. Negotiations on the subject between the United States and Japan are still in progress.

Officials Reluctant to Voice Opinion

By Associated Press. Washington, Feb. 27.—Japan's move to develop the feeling of the allies toward a proposal for joint military operations in Siberia to keep the vast stores at Vladivostok and also the trans-Siberian Railway from falling into hands of the German invaders of Russia, was widely discussed today among diplomats and officials but all were reluctant to give opinions for publication.

Opinion in London that the declaration by the Japanese foreign minister, Count Motono, in the Japanese Diet, could only be interpreted as a declaration that Japan was to intervene in the negotiations now proceeding between the co-belligerents to make the action of an international character, probably including the participation of American forces.

While all officials here are silent and disposed to minimize discussion of the subject, it is known that exchanges of opinion are going on with the object of a perfect understanding between Japan, the United States and the other co-belligerents which would make the plan of joint action wholly acceptable to all and thoroughly define its extent and duration.

Russian representatives here oppose action by the Japanese in Siberia but the co-belligerents are thoroughly alarmed lest the vast quantities of supplies piled up at Vladivostok, thought and paid for with American cash, should fall into the hands of the Germans.

CHARGES PACKERS WITH CONSPIRACY TO CONTROL MEAT

INJUNCTIONS PREVENT MARSHAL FROM SEIZING MEAT. NEEDS FOR SARY PAPERS

COURT ORDER IMPEDES

Federal Trade Commission Lays En-tire Case Before Body and Asks For Action

By Associated Press. Washington, Feb. 28.—Special and specific legislation to lay bare the confidential files of the packers, who have been restrained by court orders from taking further papers, and also from using those already seized by his agents, the commission, has been before congress and asked for action.

Charging that Henry Veeder, counsel for the packers, is still the custodian of many papers which have been used as instrumentalities in the commission of felonies, Mr. Hony asked for a supplement to the espionage law to facilitate the government's inquiry into the industry.

After Federal Judge Landis of Chicago had issued a search warrant authorizing the government to search documents in the possession of Mr. Veeder, the federal circuit court of appeals restrained a marshal from removing or examining any of the papers in Veeder's vault and further restraining him or in any way using papers seized by the government.

Specifically Mr. Hony asked that the espionage act so that "the decision of a judge who issues a search warrant shall be conclusive upon the question of the existence of the papers, and that a summary proceeding already provided by the statute for the determination of the question of whether the property seized upon the writ was used for the commission of a felony shall likewise be conclusive for the purpose only of enabling the court to return the property in the custody of the law until the purpose for which it was seized shall have been served."

Action of the appellate court in issuing the stay, Mr. Hony said, prevented the government from even examining papers already in its possession and which a federal district court had found to be the property of the means of committing felonies by Swift and Company and other corporations.

In his letter to Vice President Marshall, as president of the Senate, the Federal Trade Commission described this question to "be of such vital importance to its work and possibly the work of other departments of the government as to require its calling the matter to the attention of congress."

Counsel Hony in his letter declared that Mr. Veeder, at the behest of the government, had testified that for many years his office was the clearing house for the papers of the late criminal conspiracy which they obtained for the fixing of prices and the control of the meat industry.

The evidence have gathered in the present investigation, continued Mr. Hony "strongly tends to prove that this conspiracy with some slight variations in its scope and purpose has continued in existence ever since and is still active and that Veeder is still the custodian of many papers which have been used in the pursuance thereof as instrumentalities in the commission of felonies."

The Swift, Armour, Morris, Wilson and Cudahy packing companies are especially mentioned in the alleged "commission of felonies."

William Farris, general manager for Morris and Company, testified that statements made by General Superintendents for Armour and Company and the Cudahy Packing Company to the effect that the company's 8-hour day in the meat packing industry would in his opinion be impracticable. He said the substitution of two 8-hour shifts for the ten hour day and overtime would add to the present difficulties of the packers in meeting the conditions growing out of the war. He figured the output would be decreased twenty per cent. He said Morris and Company had never imported negroes from the south except in one instance last summer when 160 were brought to Chicago from the company's fertilizer works at Atlanta, Ga. The company paid the men's railroad fare and after a few months sent the men back south. The occasion for bringing the negroes north was a shortage of labor in Chicago. All other negroes employed, he said, were always hired at the gate of the plant.

French Plan to Charter Ships Held by Brazil

By Associated Press. Paris, Wednesday, Feb. 27.—The chamber of deputies voted today to appropriate 110,000,000 francs to be used in chartering German ships placed at the disposal of France by Brazil. The vote was 317 to 11.

Judge John Speer is Made District Judge

Austin, Tex., Feb. 28.—The governor today appointed Judge John Speer of Bowie, Montague county, to be district judge of the Sixteenth Judicial District to succeed Judge C. F. Spencer, resigned. The latter is to enter the race for congress.

supply of sugar in canning season. The following telegram from the Food Administration in Washington answers that query:

"Regarding sugar supplies for manufacturers of essential food products, appreciating necessity of both production and preservation of food supplies as bearing upon collateral industries, fruit jars and so forth and buyers of same, all manufacturers of essential food products are advised that they will be able to obtain their full necessary requirements of sugar for manufacturing purposes during the coming season.

"This applies particularly to packers of fruit, condensed milk and such vegetables for preservation of which sugar was necessary as well as to the housewives for usage in preserving purposes. When car shortage is believed supplies of sugar will be available for necessary preservation purposes. Shipments from Cuba are steadily increasing."

"The above rule does not apply to candy and confectionery manufacturers who are still to remain on a 5% per cent basis."

General Explosion Kills One Corporal At School of Five

Honolulu, Feb. 25.—Corporal John Simmons, Piedmont, S. C., was instantly killed, Captain Peter Sorenson and Lieutenant W. Hasina were injured seriously and three other officers received slight injuries from the explosion of a grenade at the school of fire, Schofield Barracks today. The explosion was said to be due to the presence of a live bomb in a box supposed to contain dummies.

METHODIST CHURCH WILL BE UNIFIED IS PROSPECT NOW

SIX YEARS TIME WILL SEE CON. SOLIDATION SAYS REV. FRANK THOMAS

Louisville, Ky., Feb. 28.—Unification of the two great branches of the Methodist church, the Northern and the Southern, with a combined membership of 7,000,000 persons, is practically certain to take place within six years, according to a statement by the Rev. Frank M. Thomas, pastor of the Fourth Avenue Methodist Church, who has just returned from Savannah, Ga., where he spent two weeks as secretary of the joint commission appointed to consider plans for unification.

Another session of the joint commission will be held in St. Louis beginning April 10 for the purpose of adopting proposals already tentatively passed upon.

Only Thin Line Now "Only a thin line now divides the two great branches of Methodism," said Dr. Thomas. "Practically every problem of re-union has been solved. Another thing—the foundation of a new church has to be laid from the best elements of the old. We have really got to build a world church, for Methodism is at home in every land."

"The union of the Methodist Episcopal Church and the Methodist Episcopal Church, South, will make a membership of about 7,000,000—and we are expecting other Methodist organizations to come in later. One is the Methodist Protestant church. Another is the Japanese Methodist church, which has been independent, in forming a world church the idea is to have one general conference and in time associate general conferences, one for northern Asia, one for India, one for Europe, one for South America and perhaps others later."

"The meeting at Savannah was most important and successful. The commission left feeling that solution of all problems involved in unification was near."

Can Be Ratified "If everything is agreed to at the St. Louis meeting the plan of unification can be brought before the Methodist church, South, for ratification at the general conference in Atlanta next May, while the general conference of the Methodist Episcopal Church will not be held regularly until 1920, the bishops of that denomination have the authority to call a special session if they deem it best."

"Should the St. Louis session develop agreement on every point it would be four or six years before we could get everything working."

"It has been discovered that \$750,000 has been expended annually by the two great branches in competitive territory, places where one Methodist church could have done the work. This would be \$1,500,000 in ten years, or enough money with what they already have, to provide for all the superannuated ministers."

The name for the proposed new church has not been determined. Several titles are under consideration.

THIRD OF SHIPS BEING BUILT ALONG DELAWARE

FORCE OF 25,000 MEN REQUIRED AT THE GENERAL OFFICERS

Associated Press Mail Correspondent. Philadelphia, Feb. 28.—More than one third of the war vessels and merchant ships called for by the program of the United States government are being built in ship yards along the Delaware river, according to figures which have just been made public with the permission of the Emergency Fleet Corporation. The tonnage contracted for, according to government officials, has transformed the Delaware Valley into the greatest shipbuilding center in the world.

W. H. Ferguson, representative of the Emergency Fleet Corporation, estimates that an army of about 30,000 shipworkers will be required to complete the 22 ships, including war vessels, contracted for by the eleven shipbuilding plants between Trenton and Delaware city.

Work on 120 cargo-carriers at the new government yard at Hog Island is progressing and this plant is engaging to turn out 6,000,000 additional tons in 1918. More than 250,000 tons will be the Delaware River's first quota in the fleet which Uncle Sam relies on to help win the war.

Forty to Be Built At the new shipyard at Bristol, Pa., forty ships are contracted for. Here more than 5,000 men are at work and it is expected that 10,000 more will be necessary to complete the vessels on schedule.

Ten vessels are being constructed at another new yard at Cornwells, Pa. The force there of 500 men will be increased to 2,000, at well-known Philadelphia shipbuilding plant more than 60 ships are to be turned out. Most of these are government craft on which more than 5,000 men are engaged. Another thousand are needed.

In the big yard at Camden, N. J., across the river from Philadelphia, 7,200 men are building twenty-four ships. More workers are needed here also.

Two yards at Gloucester, N. J., are turning out sixteen ships with a force of about 3,000 men. Twice this number of shipworkers is needed.

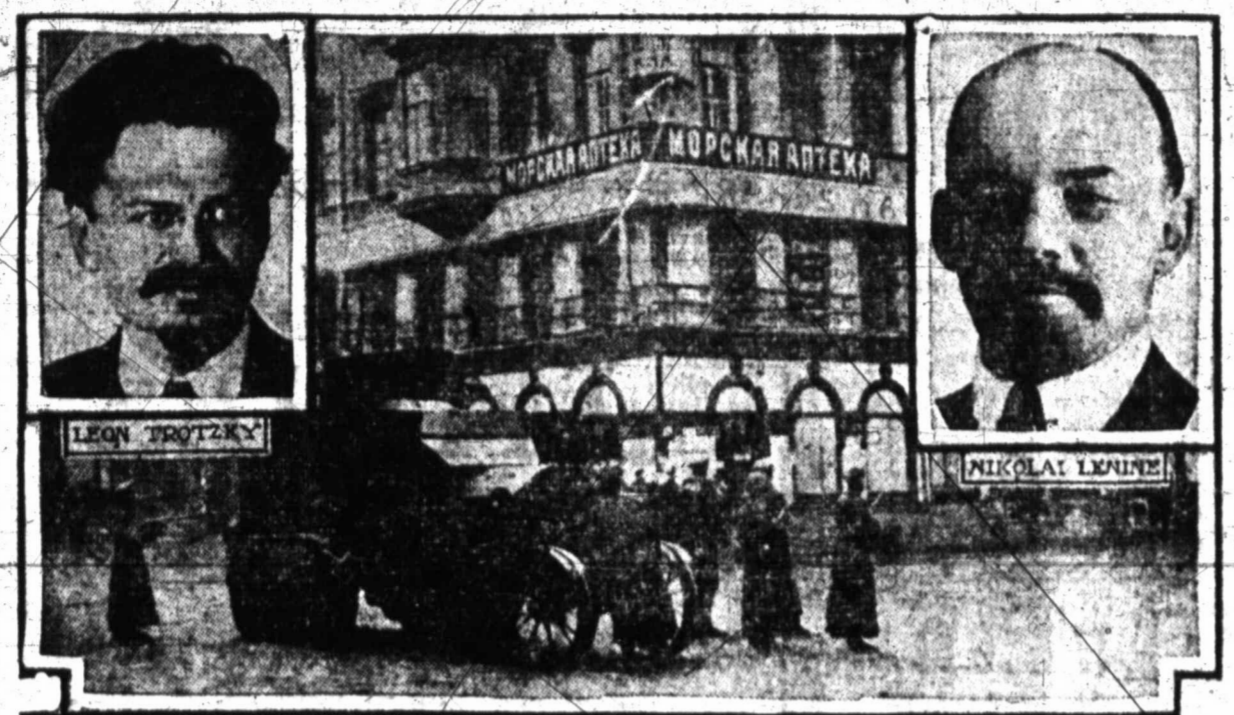

Two large plants, one a new one, at Chester, Pa., have contracted for eighteen and twenty-six ships respectively. One plant has only 1,700 men on the payroll and requires at least 3,000 more, according to the government figures. The other yard is employing 3,000 men whereas, at least 5,000 are necessary to complete its contracts.

Plant at Hog Island The plant at Hog Island is now employing about 10,000 workers and officials there estimate that at least 32,000 are needed.

Work in one plant at Wilmington, Del., is progressing on thirteen ships on which 2,800 men are employed. This company is in the market for another 1,600 workers. At another plant in that city eight ships are being built by a force of 1,000 men and officials require 1,800 more.

A drive under the auspices of the government is now being conducted throughout the country to register all men in the eighty-seven trades allied with shipbuilding. Many of these men

SCENES OF THE RECENT PETROGRAD RIOTING AND BOLSHEVIK CHIEFS

BOLSHEVIKI, WITH ARMORED CAR HOLDING OFF ATTACK

ARMED GUARDS DEFENDING A TELEPHONE STATION

The horrors of the French Revolution, which overthrew oppressive autocracy and out of which grew the nation's strongest government, are being re-enacted in Russia. Cable despatches from Petrograd indicate that the power of the Bolsheviks is waning slowly, weakened by the absence of soldiers and the attack on the Church. Rioting has been common in the capital recently, the uncontrolled mobs looting wine cellars and jewelry shops, just as the lawless mobs did in Paris in the French Revolution. Shooting in the streets is common day and night, "but increases at night." More than a hundred persons were killed in one night. The White Guards, backed by the Germans, are preparing to oust the Bolsheviks' Red Guards at Petrograd, while the masses of Jews fear the coming reaction, because the Bolsheviks are almost all Jews. At Petchersk the White Guards defeated the Red Guards, massacring 1,500 persons, or "all they found wearing workmen's blouses and having horny hands." They also shot the members of the Revolutionary Military Committee. The Bolshevik troops "are fighting desperately and are determined to act mercilessly against the bloody mercenaries of the Ukrainian bourgeoisie." Food is very short in Northern Russia, the bread now containing much straw and being indigestible. Forty thousand liberated German and Austrian prisoners of war face starvation in Petrograd.

SOCIETY

MRS. BRADSHAW HOSTESS TO MONROE SEWING CLUB

Mrs. James Bradshaw was a delightful hostess to the member of the Monroe sewing club, Wednesday afternoon. The guests were busy with the usual work during the afternoon. Excellent music selections, rendered by Miss Bradshaw added much to the pleasure of the meeting. Those present were Mesdames Sherrill, McConnel, Bennett, Nickles and Chaucery.

NEW OFFICERS ELECTED BY NEW CENTURY CLUB

New officers for the coming year were elected by the members of the New Century Club in a business meeting which preceded the work at the Red Cross Wednesday afternoon. The following officers were elected: President, Mrs. C. B. Foider. Vice President, Mrs. J. E. Daniels. Secretary, Mrs. T. J. Adams. Corresponding Secretary, Mrs. S. M. Jay. Treasurer, Mrs. D. G. Whitney. State Director, Mrs. S. H. Burnside. Following the business session several hours were spent in the surgical dressing department of the Red Cross. The workers were Mesdames Montgomery, Burnside, Walker, Wood, Martin, Silk, Adams, Guest, McDaniel, Daniels and Gardner.

STANDARD CLUB HAS INTERESTING MEETING

The regular lesson was not taken up at the meeting of the Standard club held at the home of Mrs. W. R. Little Wednesday afternoon. The afternoon was delightfully spent in social intercourse, and an interesting meeting enjoyed. Those present were Mesdames Walker and Davenport and Misses Hunter and Stonecipher.

SURGICAL DRESSING WORK OCCUPIES THE DELPHIANS

The usual surgical dressing work occupied the members of the Delphi Society at the regular meeting at the Red Cross work rooms, Wednesday morning. Those present were Mesdames Alexander, Macr, Moore, Taylor, Boone, Marcus and Miss Stonecipher.

ART LITERATURE CLUB MEETS WITH RED CROSS

The Art Literature club met in regular session at the Red Cross work rooms Wednesday afternoon. Several hours were spent in the surgical dressing department. The members present were Mesdames Rountree, Womack, Carithers and Daken.

NEW IDEA CLUB MEETS WITH MRS. DELLIS

Mrs. Denna Dellis was hostess to the New Idea Club on Wednesday. The meeting was the usual pleasant social two hours and the hostess served a tempting refreshment course. Mrs. H. R. Hanks was the guest of the afternoon, the club members present being: Mesdames M. E. Carey, J. J. Simon, Harry Thornberry, L. W. Newton, T. E. Dobson, Ross Corlett and Dellis. Mrs. J. E. Wolf will be the next hostess.

D. A. R. MEETING NOT TO BE HELD SATURDAY

The meeting of the D. A. R. announced for the coming Saturday, has been postponed on account of the "Fright-Stamp-Blitz." Members are requested to send dues to Mrs. W. M. McGregor.

MRS. R. O. HARVEY POSTPONES DANCE UNTIL MARCH 9

Owing to the conflict with the Savings Stamp Rally to be held Saturday night, Mrs. R. O. Harvey has postponed her dance to be given in honor of the flying cadets of Carl Field until Saturday, March 9.

RAIDS BY BRITISH PROVE EFFECTIVE

By Associated Press. London, Feb. 28.—"English troops carried out a successful raid last night against the enemy's trenches on Greenland Hill north of the Scarpe (river)," says today's war office report. "Twelve prisoners and a machine gun were captured by us, English and Scottish troops also raided German positions in the south portion of Houlthorpe Forest and brought back 12 prisoners and 3 machine guns. "The enemy's artillery was active in the neighborhood of Havincourt Wood and South of the Scarpe River."

Colds Cause Headache and Grip LAXATIVE BROMO QUININE

removes the cause. There is Only One "BROMO QUININE." Look for the signature of E. W. Grove on each box. Price 30c.

THE WICHITA DAILY TIMES

THE TIMES PUBLISHING COMPANY (Printers and Publishers)

Published every week-day afternoon (except Saturdays) and on Sunday mornings.

MEMBER OF THE ASSOCIATED PRESS

Entered at the Postoffice at Wichita Falls as second-class mail matter

SUBSCRIPTION PRICES

By Carrier in Wichita Falls, if paid in advance \$5.00 per year

By Mail in Wichita Falls, outside Wichita Falls, in Clay, Archer, Young, Baylor, Wilbarger counties, in Texas and in Cotton county, Okla. \$3.00 per year

By mail, outside foregoing except Texas \$5.00 per year

PROVE: Business Office \$1.00 per year

Editorial Room \$1.00 per year

Wichita Falls, Tex., February 28, 1918

Carrier boys are not allowed to collect for subscription to the Times, except in the factory district in the north side of town.

It is sincerely to be hoped that President Wilson will not interfere with the findings of the court martial

Budding peach trees in Wichita Falls are going to find that they have awakened from the winter sleep too early.

"Daddy, why does God make the rain?" asked a young hopeful last night, keenly interested in the strange phenomena of a sprinkle.

Experts at College Station have warned the people of North Texas against planting wheat in their zeal to raise food crops this year.

LAST STAND OF LIQUOR INTERESTS

In spite of the fact that there is better than a two thirds majority for prohibition in the Texas legislature

Efforts to delay a vote upon ratification of the Federal amendment had already begun in the senate this morning

Arrangements are being made on the coast to furnish the people of Texas with meat of the sperm whale

Few people in Texas know whether these fish will prove palatable

A taste for whale meat and shark can probably be cultivated as easily as a taste for olives

Who enjoyed his first olive?

The chief trouble about eating salt water fish in Wichita Falls and most other parts of Texas heretofore has been "lack of it"

Penitentiary Guard Killed By Prisoners Who Then Scale Walls

Jefferson City, Mo., Feb. 28.—Eli Jenkins, guard at the Missouri state penitentiary, was killed by two convicts this morning.

When guard Jenkins opened the cell door to let convicts Kenneth Brewer and David Bartlett go to work in the prison dining room

Locking the body of the dead guard in their cell, the convicts unlocked the cell of Joe Finney

COUNTY'S WOMEN MAKE RECORD IN STAMP CAMPAIGN

MRS. J. W. LEE RETURNS FROM CONFERENCE HELD IN DALLAS

"Wichita county's record for women's War Savings Stamps work is surpassed by none as yet and I am confident that this will be true throughout the year"

The meeting was called by Louis Lippsitt of Dallas—the state general chairman

Mrs. Lee has refused to act as chairman for the women's part of the Liberty Loan

It is sincerely to be hoped that President Wilson will not interfere with the findings of the court martial

SECRETARY BALFOUR DISCUSSES ADDRESS OF VON HERTLING

SAYS PACIFIC UTTERANCES DO NOT AGREE WITH GERMAN WAR AIMS

POINTS TO RUSS PACT

Tells What Turkish Rule Would Mean to Egypt, Armenia and Other Countries Latter Would Control

By Associated Press

London, Feb. 27.—Foreign Secretary Balfour in the course of his speech in the House of Commons

"We have had within the last few weeks a specimen of how von Hertling interprets in action the principle he so glibly approves in the oratory

"If von Hertling really wants to make the balance of power antiquated he can do it by inducing his countrymen to abandon that policy of ambitious domination which overhauled the world at this moment

"The cause of temperance which is inseparable from thrift will have representation in the Thrift parade Saturday afternoon

"Does anyone think that it would be to the interest and benefit of the populations concerned? Von Hertling accuses us of being animated with purely ambitious designs when we have helped Mesopotamia and captured Jerusalem

"What it Would Mean

"The Germans in the search for the happiness of these populations would have restored Egypt to the worst rule the world has ever known

"How could any one preach seriously profession of faith about the interests of populations after the evidence of the manner in which von Hertling desires to see it carried out?

"If she invades Belgium, it is military necessity; if Croatia it is the interest of humanity

Secretary Balfour then contrasted the different methods pursued by Germany and Great Britain in the expansion of their empires

"I am convinced that to begin negotiations unless you see your way to carry them through successfully would be to commit the greatest crime against the future peace of the world

"I encouraged the idea that there is any use in beginning these verbal negotiations until something like a general agreement is apparent in the distance and until the statesmen of all the countries see their way to that settlement, which it is my hope will bring peace to this sorely-troubled world

Man Is Arrested on Charge of Stealing Bonds at Ft. Worth

By Associated Press

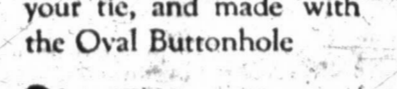

St. Louis, Feb. 28.—The police were informed today that eleven \$50 Liberty bonds taken from John Fred Wallace of Fort Worth, who was arrested here last Saturday

According to the Fort Worth police, Wallace recently was released from the federal prison at Leavenworth, Kansas

An Electric Vacuum Cleaner

Will Lighten the Work of Cleaning the House After the Dust Storms.

The hardest places are the easiest cleaned; the "impossible" nooks and corners easily reached; "dusting" and "wiping up" almost entirely done away with; the original newness and brightness of every thing preserved to the last.

ELECTRIC VACUUM CLEANER

Most women (who have never used one) immediately think of the Electric Vacuum Cleaner as being useful only on carpets and rugs. As a matter of fact, these are only two out of scores of various uses wherein a Vacuum Cleaner is indispensable to real household cleaning.

Clothing—All sorts of fabrics—even furs, can be cleaned thoroughly with every vestige of dust and dirt removed.

Bedding—Pillows, mattresses, woven wire springs, recesses and corners of the bedstead, all dusted and cleaned in one short operation.

Draperies—Curtains, hangings, tapestries can be "dry" cleaned just like sending them to the cleaner's shop, without removing from their places.

Upholstery—Tufted fabric and leather settees, chairs and lounges can be thoroughly cleaned in a way that is utterly impossible otherwise.

Hard-to-reach places—Like the backs of high shelves, tops of door and window sills, mouldings, chandeliers, baseboards, nooks, corners and crevices that no broom or dust brush can reach—all cleaned and dusted in a jiffy without stepladders, boxes, chairs, stooping, bending and crawling.

The real beauty about cleaning the home with a Vacuum Cleaner is the completeness of the one operation.

No mere words can tell the advantages. You must see one in operation—you must operate one yourself before you really know.

We handle the Ohio-Tuec, Hotpoint and Thor Vacuum Cleaners, the best that are made—Phone 837 for a demonstration.

TO OUR PATRONS

Owing to the extreme high cost of all materials used in the manufacture of ice and the higher expense of maintaining and operating our delivery system, we are compelled to raise our price on ice, effective March 1st, to 50c per hundred pounds.

Coupon books will be sold for cash only at \$2.50 for 500 lb. book and \$5.00 for 1000 lb. book, and may be obtained from our drivers at above prices. We suggest that you use our coupon books. You will find them to be both convenient and economical and they will give you more ice for the same money. We wish to thank you for favors shown us in the past and trust that we shall continue to merit your liberal patronage.

THE PEOPLES ICE COMPANY PHONES 81 and 259

WEATHER AFFECTS OIL PRODUCTION, DECREASE SHOWN

F. W. Bridge, writing in the Oil and Gas Journal gives the following report on production and operations in the territory:
Increase in Production
A glance at the statement of runs and shipments for this district during the month of January will show that there has been a considerable decrease in its production and shipments caused by the extreme cold weather that prevailed and also by the water shortage resulting from the drought.
The total production for the district has fallen to 271,024 bbls., of which 447,412 bbls. came from Electric; 333,756 bbls. from Burkburnett; 22,511 bbls. from Petrolia; 33,181 bbls. from Strawn and Ranger; 1,950 bbls. from Breckenridge and Moran; 21,814 bbls. from Corsicana; 26,150 bbls. from the shallow pool at Brownwood and the balance from wildcat wells scattered over various counties.
The Texas Co., as usual, got the lion's share of the shipments from the Wilbarger-Wichita county pools, with 478,905 bbls.; the Magnolia Co. shipped 340,905 bbls. and the Panhandle Refining Co. pumped to its refinery

in Wichita Falls, 53,897 bbls., all from the Burkburnett pool. This shows a daily average of 23,166 bbls. against 30,063 bbls. for the preceding month. The only increase for the month shows in the shallow pool at Brownwood, where more wells have been connected up, tankage has been built and cars for shipment have been placed at the loading racks by the railroad companies.
There is bound to be something of a slump in the production of this district in the near future, as the water facilities are practically exhausted and no new source of supply is apparent.
Little in Defined Pools
During the week there has been very little done in the defined pools of Wichita and Wilbarger counties, on account of the extreme scarcity of water. A few completions have resulted from the work done, but they are mostly unimportant. The best new well was brought in at Burkburnett, flowing 250 bbls. a 19-bbl. well and a dry hole accompanied it in the deep pool, while six small pumps resulted from the shallow development. A 40-bbl. well, a 25- a 20-bbl. well and a dry hole and in the Calbertson district a 20-bbl. well.
Electric Pool
For several weeks the Magnolia Petroleum Co.'s Piper No. 9 has been swabbing and cleaning out in a sand found from 1,953 to 1,972 feet and this well has finally been completed, with a 150-bbl. flow. This was rather a disappointment, as a big well was expected at this point, even after the pay showed to be a heavy dip, but a 150-bbl. well is surely to be appreciated. The Texas Co.'s Stringer No. 31 got 40 feet of pay from 957 to 987 feet, a barrel for each foot, of a 40-bbl. well. The same company's Waggoner

No. 146 was finally completed between 1703 and 1714 feet, good for 20 bbls. Prince & Prince's Ward Todd No. 3 was completed from 557 to 594 feet, making 20 units, since last Pittsburg-Texas Co.'s Davis No. 1 was a dry hole at 800 feet.
There have been no important drilling developments in the defined pools during the past week, but despite the scarcity of water there is much activity on Sunshine Hill. Drilling is being pushed wherever water can be obtained and the following new work is noted: Call, Sanders and others have made a location for their Barnett No. 2; Cole and others for their Ward & Todd No. 1; Dale and others for their Ward & Todd Nos. 3 and 4; the Liberty Loan Oil Co. for its Ward & Todd No. 2; Meyer et al. Ward & Todd No. 1 and Prince & Prince's Ward & Todd No. 4 are locations.
In the Culbertson district, the Gulf Production Co.'s Jennings No. 2 was the only completion a sand having been found from 1,400 to 1,418 feet, with a showing for 20 bbls. production. With the exception of this there appears to have been little progress made in the district, although a little new work is being started. The Gulf Production Co.'s Woods-Barnett No. 5 has been located and Simms and others Barnett, Section 6, is drilling at 150 feet.
Burkburnett Pool
In the deep pool at Burkburnett there has been only one important completion, the Humble Oil & Refining Co.'s Sorrensen No. 20 which was drilled in at 1,685 feet a 200-bbl. well, at 1,750 feet. A heavy shot has been put in it at this depth and the hole has caved on top of it. The cavings are now being cleaned out, after which the hole will be shot and the well com-

Wealthy Oil Dealer Goes on Trial for Killing Salesman

By Associated Press
Cleveland, Feb. 28.—Both sides announced they were ready when the murder trial of Elmer Hupp, the wealthy oil dealer, charged with killing Charles Joyce, a traveling salesman, opened in criminal court here today. The murder took place at the Hupp home January 19. At that time, it was said by the police, Hupp returned unexpectedly from Chicago and discovered his friend and Mrs. Hupp in the latter's room. Hupp and his wife have since effected a reconciliation.
LOADING OF SUGAR FOR MEXICO STOPPED
Havana, Feb. 28.—Loading of sugar for Mexican and Spanish ports has been stopped by order of the inspector general of the port under instructions said to have come from President Menocal. Mexican firms have contracted for 18,000 tons of sugar here.

SPRING WHEAT IS NOT ADVISED FOR NORTHERN TEXAS

"BETTER PLANT OATS" SAYS DIVISION OF AGRONOMY OF A. & M. COLLEGE
College Station, Texas, Feb. 27.—Earnest warning against the planting of spring wheat in North and North Central Texas has been issued by the Division of Agronomy of the Texas Agricultural Experiment Station.
Many farmers, prompted by patriotism, the government guaranteed price, and the food shortage, are apparently planning to plant their winter-killed out and wheat fields to this crop, a crop which has conclusively been shown on both federal and state experiment farms to be consistently unsuccessful in this region. Shipments will be subject to growing restrictions. It is regarded as natural that many persons, not understanding the almost inevitably small yields sure to obtain, will look with favor on and lend their support to the planting of spring wheat, along with other attempts to increase the grain production of the State. Spring wheat, however, may usually be depended upon to fail.
Spring Wheat
Spring wheat has been the subject of special investigations on government stations near Dallas and Amarillo, and on the Texas Substation at Denton. In not a single season have creditable results been obtained, except at Amarillo, where an occasional exceptional year has seen the production of a medium-sized yield. The results of these experiment farms apply with equal force to Denton, Wise, Montague, Tarrant, Collin, and neighboring counties.
At Amarillo, where tests have been conducted for 13 or 14 years, spring wheat is regarded as a supplement, grown in the Panhandle of Texas is almost entirely winter wheat. Winter varieties are much better adapted to this section than the spring wheats.
And again, "Spring wheats, both the durum and common varieties, have proved much inferior in yield to the winter wheats. Practically no spring wheat is grown by the farmers in the Panhandle. It is not necessary, therefore, to devote much space to discussing this crop."
Better Plant Oats
"People having winter wheat or oats frozen out, who feel that they should plant small grains, had better plant oats," points out A. H. Leitch of the Texas Station.
Following is a pertinent statement by the superintendent of the Denton substation, commenting on oat variety test data gathered over a period of four years:
"The Red Rust Proof is the standard variety of oats for this section, and it has shown up better both in fall and spring plantings than have the other varieties. The Sixty Day, Burt, and Ninety day varieties are valuable for late seeding and for dry seasons. The results indicate no appreciable advantage to be gained from fall seeding, there being less than one bushel difference in the results for comparison of the fall and spring sown yields.
"To get such results from spring seeding, the oats must be planted early on a well prepared seed bed."

EMBARGO on Tire Vexations

TO prevent tire troubles piling up until they threaten the service of your car, equip with Firestone Tires, Cord or Fabric. Both have special Firestone features which minimize tire troubles and lengthen mileage. In the Firestone Cord Tire pure gum insulation reduces friction. Individual cords are imbedded in protecting rubber so that no two cords can touch to cause friction. The extra thick cushion layer does double duty. It distributes road blows over a larger area of carcass. It welds the tread to the carcass.

Firestone Tires

Ask your dealer to show you this section. Have him point out the superiorities that produce Firestone comfort, Firestone safety, Firestone Most Miles per Dollar.

Actual size 3 1/4 inches

Firestone Cord Tire improvements have shown the way for material advances in Firestone fabric construction. In the Firestone Fabric Tire you find more rubber between the fabric layers, added strength to cushion layer and tread, special reinforcement to strengthen the sidewall and unite it more firmly to the bead. Put an embargo on tire vexations. Begin by making your next tire a Firestone cord or fabric.

"Sunshine Hill" Oil Lots

DO YOU KNOW OF A MORE PROFITABLE BUSINESS than drilling for oil when you are certain to get oil? Hardly—and you will agree also that it is a great big opportunity for anyone to spend money for drilling on a tract of oil land that is already producing.

"Sunshine Hill," the home of Acme Oil Lots, is now regarded by long experienced oil men as perhaps the most remarkable tract of oil land in Texas. At first, despised and rejected by eminent geologists as unworthy their attention, now easily the sensation of the hour and will go down in oil history as the marvel of the age in the Electra Field.

The active, wide-awake ones who see in this wonder-field an extraordinary opportunity to increase their incomes so that they can enjoy even the luxuries of life have been quick to pick up desirable drilling locations for private development.

The demand for good sites has been so increasingly great that the chances for gaining a foothold on this fortune-making piece of land are daily and hourly slipping by. Gradually but steadily the door of opportunity is closing on those who delay action. Right now we have a few choice drilling locations that are available at attractive prices. State the number of lots desired and block preferred and we'll be pleased to submit prices by wire on receipt of your inquiry. Better name first and second choice. "First come, first served." USE THE WIRES.

ONE ICE COMPANY INCREASES PRICE TO FIFTY CENTS

ONE REASON GIVEN IS SCARCITY OF AMMONIA PLANT MUST HAVE.

The People's Ice Co. has announced that on and after March 1st, it will charge fifty cents a hundred pounds for ice. The Wichita Ice Co. stated that its present price of thirty cents a hundred, in hundred pound quantities, would remain unchanged, unless something unexpected should develop in the future.

The reason given for the rise in price is the increased cost of the products necessary for the manufacture of ice, and the difficulty in obtaining ammonia. In the case of the latter, no actual shortage is experienced at present, though it is believed that with the ammonia plants under government control, and supplying such enormous quantities for munitions, the summer with its increased demand for ice, will see some difficulty in obtaining sufficient quantities for the ice plants and refrigerating establishments. It is declared that one pound of ammonia will make twenty hand grenades, and that as many pounds as possible is going to be used for this purpose. A little less than twenty cents is the cheapest price ever charged for ice in Wichita Falls, and twenty cents was the price for a number of years. Last year it went to thirty and thirty-five, and now it is fifty. With the increase in cost of all commodities in any connected with the business of living, there is no guarantee that in time it may not go even higher.

IT'S UP TO YOU

To buy your drugs and sundries from the drug store of your choice—but maybe you have no favorite drug store, and just figure that all drug stores are the same. We believe that we offer you the Best Drug Store and the drug store service you will find in Wichita Falls. Let this store be your favorite place for all your drug needs.

REMEMBER

That we are located at 612 Eighth street, right in the heart of the city, making our store the most convenient place for you to trade; that we are open and anxious for your business from 6:30 in the morning until 12 o'clock at night; that we ask for your trade from the standpoint of QUALITY, SERVICE, RELIABILITY, and with a very earnest desire to please you; that you may expect to get what you come after when you come to our store.

Travis School Will Have Flag Raising Friday Afternoon

A flag raising ceremony and program will be rendered on the grounds of the Travis school Friday afternoon at three o'clock. The children of the school will take a large part in the program, with Walbur Byce, of the 164th Aero Squadron at Call Field as principal speaker and Miss Jessie Mae Agnew as soloist. The flag will be presented to the school by Mrs. J. L. Jackson, representing the members of the D. A. R. The ceremony will follow the usual lines of similar occasions and the public is invited to be present.

Mexican Residents Just Over Border Sorely Need Food

San Antonio, Tex., Feb. 28.—The embargo which the United States government has placed on the exportation into Mexico of wheat, flour, lard, bread, rice and other staples has brought starvation to the citizens of Nuevo Laredo, across the Rio Grande from Laredo, Texas, according to a telegram received here by District Food Administrator John B. Carrington, from County Administrator A. D. Smith of Webb county. The Mexican town is out of flour of any kind and has been depending on the bakers of Laredo for bread. This has been cut off by the government embargo and a bread famine is in progress. There has been little grain raised in Mexico during the past three years, due to the internal strife prevalent there and the Mexican government has been unable to purchase any great amount of wheat, corn or other cereals, notwithstanding that they have made tempting offers for grains raised in South America.

Whale and Porpoise Stakes to Be Eaten By People of Texas

Corpus Christi, Tex., Feb. 28.—Texas, the greatest cattle raising state in the union, is going to send its beef to the soldiers in France and eat fish. Last week several hundred pounds of whale meat was sold in Houston. Now Porpoise steaks are to be offered to the public. Inhabitants of Labrador have eaten porpoise meat for ages and grew fat on it. In that

country porpoise steaks are considered a delicacy. E. F. Flato, food administrator for Nuecos county, says that whales and porpoises are numerous in the Gulf of Mexico and there is no reason why Texans should not eat the meat of both. "Whale meat is not strictly fish," he says. "The whale is a mammal, but the porpoise is a fish as strictly as a catfish. But it bears the same relation to catfish that a goose bears to a chicken. It has the meat and fat as well."

It is expected that the new regulations governing the fishing industry in the Gulf of Mexico will provide Texans with hundreds of thousands of pounds of sea food annually. Mullet, drum and shark meat, heretofore ignored by eaters of fish are now included in the list upon which there are no restrictions. It is pointed out that the hides of the porpoise and shark have excellent leather qualities, while the oils removed from their heads of these fish are considered very valuable.

Logging Camp Will Be Placed on Eight Hour Basis March 1

Portland, Feb. 28.—Beginning March 1, the logging camps and lumber mills of Washington and Oregon will be on a basic eight-hour day by an order of the government which was accepted by lumbermen here today as a move for ultimate control of the industry in these states by the govern-

ment because of the announcement from Washington yesterday that the government would assume control of the spruce production Spruce is used largely in airplane construction.

Von Hertling Denies That Germany Plans To Seize Provinces

By Associated Press. Amsterdam, Feb. 28.—Chancellor von Hertling's denial of any intention by Germany to establish herself in Estonia and Livonia says the Franks further Zeitung, excludes misunderstandings. "It must now be assumed that there is no fundamental difference of opinion between the chancellor and President Wilson and peace discussion has begun immediately. It is important, however, for the president to induce his allies to recognize his principles. As they seem to be hopelessly entangled in their own plans, while President Wilson is not free and a league of nations is not in existence to offer mediation, there is slight hope that the chancellor's appeal will introduce general peace."

Mail Upon Spanish Steamer Examined On Reaching Cuba

Havana, Feb. 28.—Postoffice department officials and secret service agents are examining the mail from Mexico on the Spanish liner Reina Maria Christina. The Spanish minister to Cuba who is in charge of German interests here is watching the inspection.

An unconfirmed rumor was current last night that certain documents from the Interior of Mexico addressed to a German consular officer in Spain had been found. The documents were said to contain information relating to the military plans of the United States and Cuba against the Central Powers.

Let me fit your eyes, fit guaranteed. One third off, until March 1st. T. H. Benninger, Morris Drug Store, 210-1c

IT'S REAL REFRESHING

It is indeed refreshing to know that there is at least one article of universal daily consumption that's as cheap as it was "before the war"—and its the most stimulating, invigorating and refreshing brew known to man.

The cost of a cup of GOOD coffee is so insignificant that you can hardly count it; the results obtained are immense; the finest meal is a failure without good coffee; the most frugal fare is both palatable and satisfying with it; then again there is plenty for all and you deprive no one in its use.

For fear you may miss the moral of this little story we will reveal it plainly—**DRINK COFFEE.**
