Cadet Dies As Plane Falls And Explodes

Cadet O. G. Franks, aged about 26, of Clyde, Ohio, was burned to death this morning shortly after a 9 o'clock flight at Call Field, when a plane in which he was soloing met with an accident and fell, nose down, exploding as it struck the ground. The accident occurred at the west end of the field, near the gunnery range and was observed by cadets on the range at practice.

As the machine hit the ground the explosion was heard and simultaneously flames burst out all over the wreck. Eyewitnesses were unable to say exactly from what height the machine fell and it will be impossible to discover the reason for the fall and the explosion, it is said.

Cadet Franks lived in Clyde, Ohio, and was unmarried. The body was prepared for burial at the morgue at Call Field by O. W. Hines, undertaker, and is being held, awaiting advice from the parents of the young man.

By Associated Press.
London, Mar. 27.—Thomas Holmes was the last of a long line of men whose attention to improving the conditions under which London's poorest toilers work and live, died yesterday after an operation. He was born in 1848 and was an iron worker early in life. He was editor of the London Home Worker.

**LUDENDORFF HAS
ANGRY SESSION
WITH EMPEROR**
By Associated Press.
Paris, Mar. 27.—Emperor William and General Ludendorff had a violent quarrel before the beginning of the great attack on the western front, according to a prominent Swiss who has just returned to Zurich after some weeks in Germany and has been interviewed by the correspondent of the Temps. This man is quoted as saying:

"There was much discreet talk in Berlin before the present offensive concerning extremely violent scenes between Germany's leaders at general headquarters. General Ludendorff spoke so violently and authoritatively that the emperor, becoming very pale arose from his chair and, pounding the table, demanded: 'General, are you or emperor of Germany?'"

"General von Ludendorff replied that he was only a soldier and more than any one else desired peace. He said he was convinced that his plans for an offensive were capable of bringing it about."

**TURNING POINT
OF BATTLE NOW
BELIEVED NEAR**
By Associated Press.
Washington, Mar. 27.—Belief that the turning point of the battle in France is near at hand, prevailed in Washington today and American military observers, who are closely following developments in the terrific struggle, centered their attention on the front held by the French in anticipation of a powerful counter thrust.

LUDENDORFF SAYS GREAT VICTORY HAS BEEN WON FINALE IS NOT FORSEEN

By Associated Press.
Amsterdam, Mar. 27.—"A great battle has been fought and victory has been won but nobody can foresee what will result from it," said General von Ludendorff, chief aide to Field Marshal von Hindenburg, in an interview with the correspondent at the front of the Tages Zeitung of Berlin.

The general praised the British for their tenacious resistance and continued:

"The British believed they could rely on the strength of machinery. Employment of tanks and great numbers of machine guns is typical of their methods of warfare. The German infantry, the general adds, had only one slight normal rest during five or six days of battle. 'In a battle like this,' he remarked, 'the infantryman must risk his life not only once but continuously from trench to trench.'"

**AMERICAN TROOPS GIVEN
PART IN GREAT ATTACK**
By Associated Press.
Amsterdam, Mar. 26.—American troops have taken part in counter attacks against the German front near La Fere, writes the military correspondent of the Vorwaerts, who says the attacks were repulsed. The correspondent adds:

"After the first surprise the enemy pressure along the entire front naturally grew stronger. Threatening catastrophe compelled the enemy to reckless action. South of the 'break through front' he, therefore, is collecting strong reserves intended for a flank assault on our attacking army. Attacks of combined allied forces yesterday against the pivot of the German attacking front near La Fere were particularly heavy. These counter attacks did not find us unprepared. It is attributed to foresight of the German command these attacks in which American troops certainly participated only symbolically were not only beaten off but were thrown back on the Oise Canal by an energetic blow."

**BRITISH REPULSE HEAVY
ATTACK SOUTH OF SOMME**
By Associated Press.
London, March 27.—A heavy attack was made early in the night against the new British lines south of the Somme. It was repulsed after severe fighting, the war office announces.

In consequence of attacks yesterday afternoon and evening astride the Somme, the British troops on both banks were forced back a short distance in the neighborhood of Bray. The announcement follows:

"As a result of the enemy's attacks yesterday afternoon and evening astride the Somme our troops on both banks were forced back a short distance in the neighborhood of Bray. A heavy attack made early in the night against our new line south of the Somme was repulsed after severe fighting. At one point in the neighborhood of the river the enemy forced his way into our positions but was thrown back by our counter attacks."

**GERMAN ADVANCE HALTED
EVERYWHERE UPON LINE**
By Associated Press.
Paris, March 27.—Last night the German advance was held up everywhere according to the official statement of the war office today. The enemy, weakened by heavy losses, is unable, has been obliged to slow up his efforts.

The statement follows: "Last evening and during the night the Germans, weakened by their heavy losses, were compelled to retard their efforts. The valiance of the French troops defending the ground foot by foot is beyond all praise."

PRESIDENT BLAMED BY REPUBLICANS IN SPEECH IN HOUSE

CHARGES WILSON DOESN'T SEEK
ENOUGH ADVICE IN
CONGRESS—
SAYS HE ASKS NO HELP
Thinks Closer Cooperation Between
Executive and Legislative De-
partments is Needed

By Associated Press.
Washington, Mar. 27.—Failure of government agencies to cooperate in the prosecution of the war was laid to President Wilson by Senator Jones of Washington, in a speech in the Senate today in which he charged that the president had shown no disposition to seek the advice of congress on the great problems confronting the nation.

"The president ought to cooperate himself and the sooner he does it, the sooner will government agencies be most effective," said Senator Jones. "Members of congress are already anxious to cooperate fully with the executive and the president should not only welcome but seek their counsel and advice upon the great problems which confront him."

Senator Jones asserted that if the president had cooperated as they should "a testing of patriotic unity throughout the country, that I believe every citizen would wish to exist, would be created."

In directing his attention to profiteering, Senator Jones declared that it was every citizen's duty to profit from the war. "The fight for gain is so fierce that it seems universal," he continued.

"It is confined to no class or condition. Why is it so? Because we are not patriotic. We have not come to realize what we must do to win this war. The people do not know the real facts. They will not cease their race for gain until they do know the urgent need for sacrifice and self denial."

**HARRY J. SPANELL
IS GRANTED NEW
TRIAL BY COURT**
By Associated Press.
Austin, Texas, Mar. 27.—The court of criminal appeals today reversed and remanded for a new trial the case of Harry J. Spanell, hotel proprietor, who was found guilty by a Coleman county jury and sentenced to serve five years in the penitentiary for the murder of Lieutenant Colonel M. C. Butler, U. S. A., at Alpine, Texas, July 20, 1916.

The higher court reversed the trial court on a plea of "former jeopardy" that the appeal had been granted. Spanell, having been acquitted of a charge of killing his own wife, could not legally be tried for killing Butler since the double killing "was a continuous affair."

Mrs. Spanell and Colonel Butler were shot and killed in Spanell's automobile at Alpine. Spanell gave himself up after the shooting. A change of venue was granted and he was tried on a charge of killing Mrs. Spanell at San Angelo, in January, 1917, and acquitted.

Another change of venue was granted and he was tried and convicted of killing Colonel Butler, at Coleman, Texas. During the trial attorney Lud Williams, of Waco, representing Spanell asked Judge W. O. Woodward to acquit the defendant on the ground that he was innocent of the crime. After hearing the defense arguments on the point, Judge Woodward refused to allow "the former jeopardy" or former acquittal plea.

Americans Are Fighting On Western Front Beside Armies Of Other Allies

By Associated Press
(BULLETIN)—Washington, Mar. 27.—Official French dispatches received here today say the newspapers in Germany are preparing the people for a Franco-British offensive, forecasting the entry of a powerful army of reserves.

(BULLETIN)—Amsterdam, March 27.—The German newspapers are already counting the German gains. "It is self evident," says the Cologne Volks Zeitung, "that after what is now happening we can no longer conclude peace on the terms which we were ready to accept a week ago. The enemy must be brought to a submissive spirit and forced to grant everything we need in the future, especially in colonies and raw material."

(BULLETIN)—LONDON, MARCH 27.—THE BRITISH DELIVERED A COUNTER ATTACK TODAY BETWEEN THE ANGLE OF THE ANCRE AND THE SOMME AND RECAPTURED MORLANCOURT AND CHIPPILY, THE WAR OFFICE ANNOUNCED THIS EVENING.

**ZONE OF WARFARE
BEING ENLARGED
BY HUN ARMIES**
**SUPREME EFFORT
TO GET THROUGH
IS NOT ABATED**

By Associated Press.
London, Mar. 27.—The zone of open warfare is continuing to enlarge as the entente forces fall back fighting under enormous weight of the German numbers, says Reuter correspondent at British headquarters in his dispatch today.

It is clearly established he adds, that the present offensive is the great main effort of the Germans and that it has not been as successful as they anticipated, the enemy being a long way behind his timetable and having failed to break through and begin rolling up tactics.

The Germans are pushing against the British line with the full pressure of their masses. They have thrown in their reserves more rapidly than they intended, it is declared, and are therefore wearing themselves down, although they are naturally tiring the defense in the process.

The general feeling, the correspondent reports, is that the days of trench warfare are definitely passed.

**JAPANESE SHIPS
TO BE FURNISHED
TO UNITED STATES**
By Associated Press.
Washington, Mar. 27.—Negotiations for the transfer of 150,000 tons to Japanese shipping to the United States have been completed on the basis of two tons of steel plates for one ton of deadweight ship capacity.

This agreement is understood to be in the nature of a preliminary one intended to bridge over the period of negotiations now being conducted by American Ambassador Morris at Tokio for a wider and more permanent understanding.

FURIOUS ATTACK IS CONTINUED BY HUNS NEAR ROYE

By Associated Press
British Army Headquarters in France, March 27.—The Germans last night continued their furious onslaught southwestward from Ham against the allied defenses in the region of Roye and Noyon, having slowed down in their present attempt to cut through the British line further north where such desperate resistance was offered.

Hard fighting occurred last night about the town of Albert. Large enemy forces pushed forward toward the place but at last accounts the British were holding them doggedly at this possible gateway to Amiens.

The conflict in the sector around Roye and Noyon appears to be of great importance from the many indications that the German higher command is attempting to split the allied front and start a rolling up process either way.

From the average of casualties in the various German units as given by prisoners, one arrives at the conclusion that the German emperor has lost fifty per cent of those men since he gave the signal for the advance.

The Germans have now reclaimed virtually the territory they held at the beginning of the war, the Somme in 1916. As some places they have not retaken all the old ground but at other points they have overstepped it somewhat.

Fresh enemy forces were flung into the southern phase of the offensive late yesterday. These reinforcements, standing together, present an unbroken front throughout the battle area. There has been a slowing down in the German pressure north of the Somme except possibly in the vicinity of Albert, where the British are holding doggedly. In the Roye region and along the line of the Oise to the east, the French by their valiant defense, weakened by their ceaseless efforts and heavy losses, to relax the force of their pressure.

Meanwhile it is clear that the Germans themselves are being compelled to admit that their success in driving back the entente lines for such great distances as so wide a front is by no means a decisive one. "Nobody can foresee what will result from it," General Ludendorff declared in an interview alluding to the victory he claims.

The British line from the Scarpe river southwest through Albert to the Somme has held firm for 44 hours and the Germans have been repulsed in local attacks along this sector. The front here is now west of the old Somme battlefield and east of the Aisne river just north of Albert, which is 18 miles northeast of Amiens.

South of the Somme the Germans have advanced west of the old front before the beginning of the Franco-British offensive of 1916 but have not yet gained it west of Roye. The most bitter fighting has occurred on the front south of the Somme and still continues, but the enemy has been checked west of the Roye-Noyon sector, perhaps the most vital on this part of the line. A further advance on this sector might endanger the French hold on the southern bank of the Oise, which has been steadfast against all German attempts.

American Aids
On this front Field Marshal Haig reports, American troops are now aiding the French and British. The identity and size of the American units have not been disclosed, but it is probable that they form a part of the Franco-American reserves on the Aisne and Champagne fronts.

From Noyon eastward to south of La Fere the French hold strong positions along the Oise which the Germans have been unable to pass back. It is reported from Berlin unofficially that French and American troops have carried out strong counter attacks south of La Fere against the pivot of the German line but without success.

The apex of the blunt pointed wedge the Germans have driven in the British line is six days east of Albert. Berlin reports that British counter attacks here have been repulsed but on the other hand the Germans have made no gains. The outer points of the wedge are Mouchy, south of the Scarpe and the Oise River, south of La Fere.

(Continued on page five.)

Resistance Offered
The resistance which has been offered by the allied troops to the German advance constitutes one of the finest pages in the annals of the war. The gallant sacrifice which those hardy warriors made in covering the withdrawal and delaying the German sweep forward undoubtedly will have an important effect on the final outcome of this greatest of all battles.

The appalling slaughter of the attacking masses has continued since the first day. All the prisoners have the same story to tell of the great losses suffered. Undoubtedly the Germans expected some such result and it is probable all their cards have not yet been played.

Emperor Honors Son
Result of Fighting
Of Troops on West
By Associated Press.
Amsterdam, Mar. 27.—Emperor William has appointed the German crown prince, chief of the Guard Grenadier regiment in recognition of the good work of his troops on the western front, in a telegram to the crown prince the emperor says:

"The fine and great success which in the troops of the army group under your command have achieved these days in the battles against the British army gives me a welcome opportunity to express to Your Highness my hearty recognition by appointing you chief of the Guard Grenadier regiment. I am convinced that the brave and war proved regiments were always worthy of its princely chief."

LIVELY CONTESTS WITH ELECTRA ARE NOW MADE CERTAIN

EVERY SCHOOL IS TO HAVE ONE OR MORE ENTRIES ON HAND.

Indications point toward a strong contest between Wichita Falls and Electra for the championship honors in the county inter-scholastic meet which is to be held at Electra Saturday, March 30, according to R. H. Johnson, principal of the Alamo school, who is the county director. All of the schools of the county with the exception of two small ones, have entered in some part of the meet, athletic or literary, and the enrollments already received by the individual directors point to a record entry. Electra is making arrangements to entertain a large number of contestants and spectators as well, as each school is expecting to have a large crowd of "rooters" to furnish inspiration for their athletes and representatives in other events.

FIELD MARSHAL HAIG REPLIES TO WILSON'S MESSAGE

By Associated Press. Washington, Mar. 27.—Field Marshal Haig's reply to President Wilson's telegram was received today at the White House.

"Your message of generous appreciation of the steadfastness and valor of our soldiers in the great battle now raging has greatly touched us all," Haig replied. "Please accept our heartfelt thanks. One and all believe in the justice of our cause and are determined to fight on without counting the cost until the freedom of mankind is safe."

ALL FORCES HERE ARE COOPERATING IN SAVINGS DRIVE

WICHITA COUNTY AGAIN IS EXPECTED TO BE "FIRST" IN NATION

Efficient co-ordination of the various forces of the city for the execution of the plans for the War Savings Stamp campaign which is expected to result in placing the county among the first to raise its quota of approximately 600,000, is reported by E. A. Thomas, special representative of the treasury department, who concluded his work here this afternoon and left for Archer City, to go from there through the nearby counties and assist at organizing war savings societies. During his stay here, since last Friday, Mr. Thomas has addressed practically all of the churches, the schools, factories and various organizations, urging the organization of war savings societies and has met with a splendid response, and a promise for prompt organization. A number of organizations are also reported.

Yesterday afternoon Mr. Thomas visited Burkburnett, speaking at the schools and organizing the men workers of the Red Cross into a war savings society. Last night he organized Troops 3, 4 and 6 of the Boy Scouts into societies and yesterday at the noon hour he visited Ball Brothers factory. The committee is working with the postmaster, Ed. Howard, as the government representative, and the entire country will be covered by the two forces, so that every person, man, woman or child be given an opportunity to become a member of a War Savings Society. J. A. Kemp and R. E. Shepherd, the county chairman and his campaign manager, and Mrs. J. W. Lee, the chairman of woman's work will be in charge of the organization of the societies. The mail carriers, rural and city, are all to act as agents in selling the stamps, to act in conjunction with the committees that the chairman will appoint.

PANTHER DIVISION WILL BE REVIEWED SOON IN FT. WORTH

SECRETARY OF WAR WILL BE ASKED TO ATTEND WITH GOVERNORS

Special to The Times. Fort Worth, Texas, Mar. 26.—Twenty seven thousand soldiers of Texas and Oklahoma, belonging to the National Guard contingent of the United States Army, will march in review through the streets of Fort Worth on Thursday, April 4th or soon thereafter, and this depending upon whether or not Secretary Baker can attend. These soldiers compose the 36th Division and most of them have been at Camp Bowie since last August. Their splendid appearance and military manner of the men in marked contrast to their general set-up when they first appeared in camp, although even then many of them were veterans of the border patrol which occupied the Texas troops for more than a year just before the guard was called out to make ready to go to Europe, in splendid shape. Under command of General E. St. John Greble, these soldiers composing what is known as the Panther Division, have been reviewed into splendid troops who will compare most favorably with divisions from any part of the United States. The men are browned by the sun, their muscles hardened by exercise and drills, their minds keyed to the importance of the work ahead of them and their enthusiasm making them impatient to get to the front. That these soldiers may be ordered away at any time is quite probable. The review on April 4 is likely to be the last opportunity the people of Texas and Oklahoma will have to see this great array of Texas and Oklahoma manhood. It will be a sight long to be remembered.

TRUTH TRIUMPHS

Wichita Falls Citizens Testify for the Public Benefit. A truthful statement of a Wichita Falls citizen, given in his own words, should convince the most skeptical about the merits of Doan's Kidney Pills. If you suffer from backache, nervousness, sleeplessness, urinary disorders of any form of kidney ill, use a tested kidney medicine. A Wichita Falls citizen tells of Doan's Kidney Pills. "Could you demand more convincing proof of merit?" J. H. Parker says: "I am glad to recommend Doan's Kidney Pills for my experience with this remedy warrants me in doing so. I had been suffering for some time from lumbago and rheumatic pains. At times my back bothered me a lot in the night and hindered my getting my proper rest. I got a supply of Doan's Kidney Pills at Starks Drug Store and began to use them. In a short time I was benefitted; the backache ceased and the other troubles left me entirely." Among other lessons, this war is going to teach many Americans the value of curbing their speech.

American soldiers are taking part in the greatest battle in the history of the world, fighting "shoulder to shoulder" with the French and British allies.

It used to was that a fellow could vote his vote and make a nobody out of him every time she votes the "wrong way."

There is a report arriving by way of Paris that General Ludendorff and Emperor William had an angry discussion as to the best method to be employed in the great offensive.

ANSWER-CALL OF HUMANITY

In spite of the fact that numberless calls are being made upon the American people by the government for support of war measures, many of which call for an outlay of their savings, it is gratifying to remember that the nation still generously responds to the call of the needy in Belgium by giving freely of its goods to the stricken people.

More than twelve large truck loads of clothing were collected in Wichita Falls Friday and Saturday to be sent to the Belgians.

It is also gratifying to know that most of the clothing which was collected was not "cast-off" in the sense that the owners could no longer use it and hence contributed to the poorer people across the waters.

In this undertaking the United States is living up to the principles for which its soldiers have taken the field. The cause of humanity is always first before the eyes of a democratic people.

However hard the war may pinch over here, we believe that it has been abundantly demonstrated that there will always be a little left in the pocket book or the homes of the American people to be divided with those less fortunate.

OUR NEW COURT HOUSE

Mr. Editor: Several Sundays back I was invited to inspect our new court of justice.

THE WATER QUESTION

Editor of the Times: The writer would like to ask a pertinent question. The Water Company has asked and the mayor has requested that the people use as little water as possible, under penalty of the supply being cut off, except at stated periods.

but to help and to pay for the privilege is a different story. Take into consideration the number of people who are paying for this privilege makes a nice little sum for the Water Company for which no returns are given.

FIRST SHOWING OF "FOLLIES MILITAIRES" TONIGHT

Scintillating with life and fun, the first performance of the Follies Militaires will be given at the Wichita Theatre tonight.

The cast of the Follies Militaires is made up of former professionals gathered into the ranks of Uncle Sam by the call to arms and prominent society girls of San Antonio.

The program is well-balanced, affording a variety of entertainment ranging from the delightful girly-girly song and dance revues to a supreme exhibition of the dances by Miss Ruth Russell Matlock.

Harry A. McLaughlin, proclaimed by experts as the perfect man, assisted by a company presents a series of living statues to open the bill.

Manly Kay, soldier-comedian and singer, Kenneth O'Hara, formerly with the Triangle film organization, portrays a series of London music hall types, which includes a remarkable impersonation of the beloved Harry Lauder.

Shannon and Farnsworth, formerly a vaudeville team of national reputation, present a pot-pourri of melody.

Miss Matlock, the 13-year-old premier danseuse of the Follies company, impressed Pavlova, before whom she danced recently, that the great ballet star took the little Texas girl into her arms, and asked to be allowed to direct her studies.

FURNITURE NOW ON WAY HERE TO KEMP LIBRARY

HAS BEEN SIDE-TRACKED DURING CONGESTION OF FREIGHT TRAFFIC

At last good news is heard from the Library Association. After long delays, the furniture for the Kemp Library which was shipped from an eastern factory long before the holiday has been located and started for the second time on its way.

The furniture was sidetracked during the freight congestion last winter to give way to freight necessary to the carrying on of the war and has only just recently been traced to storage and will be shipped by water.

The flag, the largest in the city, it is said, which was purchased by the school children of the city as their gift to the library has arrived at the W. B. McClurkin-store.

The furniture association, of which Mrs. C. W. Snider is chairman has been at work all during the time on the interior decoration plans and the other details of finishing the building.

An elaborate open house will probably be planned for the opening.

VINOLO MAKES WEAK WOMEN STRONG

Positive—Convincing Proof

We publish the formula of Vinolo to prove convincingly that it has the power to create strength.

It contains Cod Liver and Beef Peptides, Iron and Manganese Peptides, Iron and Ammonium Citrate, Lime and Soda, Greenhouse, Calcium.

Any woman who buys a bottle of Vinolo for a weak, run-down, nervous condition and finds after giving it a fair trial it did not help her, will have her money returned.

You see, there is no guess work about Vinolo. Its formula proves there is nothing like it for all weak, run-down, overworked, nervous men and women and for feeble old people and delicate children. Try it once and be convinced.

Your Electric Sewing Machine and have a light at the same time by using

BENJAMIN TWO-WAY PLUG

It fits easily into any socket and enables the use of any household electrical device and your light.

I've always loved to sew, to plan my clothes, then watch them take shape as I stitch. It gives me the kind of thrill I think an artist must feel at his work. And it gives me another thrill when I figure and see how much I've saved by making my own clothes. But it wasn't until I got this SEW-EEZ motor that sewing was possible for me. Pushing a treadle was out of the question. All the pleasure was knocked out by the hard work. And there's no economy either, in risking your health by getting overtired and nervous. Now I turn on the electric current, and the Sew-eez motor runs the machine. When I want to speed it up, I just press the treadle a little harder, that's all—and how the needle does fly! Take my advice, if you have a sewing machine—any ordinary machine—go now to NUNN ELECTRIC CO. and invest in a \$15 Sew-eez motor.

PIPING PLANT FIREMAN PROVES HERO FOLLOWING EXPLOSION OF BOILER

George King, Here! King hasn't received any medals or decorations, but he has been acclaimed a hero by his fellow workers at the pumping station of the Wichita Falls water company.

King is a fireman at the plant. This morning after gas had been turned into one of the furnaces there was an explosion. The furnace was torn to pieces and sheets of flame shot out into the boiler room. King was caught by one of these fiery blasts and his clothing ignited.

Most men would have followed the impulse to run and to escape. King didn't. His thought was of duty. The explosion released a flow of gas and flames in increasing volume, were shooting through the crumbling walls of the furnace. With his clothing aflame King dodged falling bricks and tons of gas and made his way to a cut off gate. It was not until he had cut off the gas that he made any effort to put out the fire on his clothing. He suffered serious burns on his hands and arms but they are not believed serious.

His fellow workmen who were prevented from helping him, speak in unqualified praise of his presence of mind and bravery.

The furnace was demolished by the explosion. It is only one of several furnaces at the plant and operations were not interfered with. Fuel was changed in the furnaces fast fall from gas to oil. The coming of warm weather makes a more abundant supply of available the furnaces are being converted back for the use of that fuel. A pocket of gas in the furnace igniting is believed to have caused the explosion.

George King, fireman at the pumping plant of the Wichita Falls Water Company, is a hero. King is the sort of a fellow who would throw his body over an exploding bomb to save his fellows.

MAIL CARRIERS DO MUCH IN SELLING SAVINGS STAMPS

Mail carriers of the local postoffice are doing splendid work in selling (thrift and war saving stamps, according to postmaster M. Howard, who states that the sales of stamps by this method amount to between \$200 and \$300 daily. This is one of the most thorough means of reaching every part of the city, as the postmen cover all parts of town, and as they are interested in the campaign it is expected that they will be one of the main factors in helping Wichita county reach its quota.

SUPREME EFFORT TO GET THROUGH IS NOT ABATED

Nearly Million Used That the enemy did not make other attacks on the western front since late last week, is accounted for by the statement from Field Marshal Haig that the Germans have used up most of their reserves and that more than 840,000 men have been thrown into the battle by the enemy. All other sectors of the western front have been drawn on by the Germans to carry out their final attack.

American gunners on the sector northwest of Toul have forced the Germans to abandon the town of Richcourt, opposite the American lines. This town has been shelled heavily as has St. Amand and other important points behind the enemy lines. The artillery on both sides has been busy firing gas shells but the Americans have given the enemy two shells for every one of his. There has been no infantry action either here or on the sector east of Laneville.

CAMPAIGN BEGUN TO RAISE FUNDS BY K. OF C. HERE

Members of the committee appointed to direct the collection of \$2,000,000 for relief being launched by the Knights of Columbus began work this afternoon. According to W. A. Nettie, chairman of the committee, the work of the organization is parallel to that done by the Y. M. C. A. in regard to the war and is founded in this respect on the same basis. Buildings have been constructed in almost every community in the country. Mr. Nettie says, and he will be further carried on in a broad field. Wichita county subscription will be raised by subscription from the citizens of the county. The committee is an independent religious denomination as that undertaken by the Y. M. C. A. The committee directing the work is composed of W. A. Nettie, chairman, Frank Griffin, P. D. Kelm, J. D. Moulder, and E. I. Walsh.

TODAY'S MARKETS COTTON MARKET PROVES STEADY THROUGHOUT DAY

New York, March 27.—The cotton market showed renewed steadiness early today. Traders found nothing in the war news to cause fresh nervousness, while Washington advices regarding the advance of cotton goods interests with government officials, tended to relieve apprehensions of price fixing. There was also a report in circulation that the market held generally steady on continued buying and the favorable war news. May work off \$3.01 to \$2.93 and Oct. from \$3.18 to \$3.10.

Cotton futures opened steady, Mar. 32.85; July 32.20; Oct. 31.12; Dec. 30.85.

Rapports of showers in the southwest were not enough to cause reactions of a few points later in the morning but the market held generally steady on continued buying and the favorable war news. May work off \$3.01 to \$2.93 and Oct. from \$3.18 to \$3.10.

Cotton Market. New Orleans, March 27.—Cotton was irregular on the opening here today but after the call the market firmed and went to a net advance of 8 to 9 points. Dry weather in Texas stimulated the demand. First trades in the near months were six to 7 points but the distant months were at a slight net rise.

Liverpool Spot Cotton. Liverpool, March 27.—Cotton spot in fair demand. Prices steady. Good middling 24.78; middling 24.26; low middling 23.74; good ordinary 22.73; ordinary 22.21.

Chicago Produce. Chicago, March 27.—Butter: firm; creamery 25@41 1/2. Eggs: Lower; receipts 21,462 cases; firsts 32 1/2; ordinary firsts 32 1/4; second mark cases included, 32 1/4.

Livestock. Fort Worth Livestock. Fort Worth, March 27.—CATTLE: Receipts 6,000; steady. Beves \$5.00@12.00; stockers \$3.00@11.00; heifers \$2.00@11.00; cows \$7.00@10.50; bulls \$7.00@10.00; calves \$5.00@13.75.

Livestock. Kansas City Livestock. Kansas City, March 27.—HOGS: Receipts 15,000; 10 to 15 cents higher. Bulk \$16.30@17.35; heavy \$16.70@17.10; light \$17.10@17.40; pigs \$12.50@17.00.

Freight Solicitors Here Expected to Fill Other Places Following a dispatch from Washington sent on Tuesday, ordering the discontinuance of all freight solicitation on the railroads, the local offices of the Fort Worth and Denver and the Katy railroads received official notice from their respective headquarters in Fort Worth and Dallas this morning, to carry the order into effect immediately.

CORN IS STRONGER RESULT HOPEFUL CHARACTER NEWS

Chicago, March 27.—Corn gained in strength today owing more or less to the hopeful character of advices from the battle front in France. Failing off its receipts here counted further as a bullish factor. Besides announcement that business in the March delivery had been shut off and that open traders in the option would be settled at the maximum limit, 1.27 a bushel, was a handicap to the bears. Opening prices, which showed 1/4 advance with May 1.26 1/4, were followed by a moderate additional upturn.

Provisions ascended with hogs and grain. Later the market was sustained by prospects that the grain priority rating on the railroads would result in a smaller movement of the crop. Prices closed firm, 1/4 net higher with May 1.26 1/4.

Table with columns: CORN, OATS, WHEAT, RYBARS, and prices for various grades and months.

New York Stock Market. New York, March 27.—A vigorous rally from yesterday's late recession attended today's early stock dealings. Bulls led the advance, coal and steel stocks rising from large fractions to 1/4 points.

Our Easter Shipments of Kayser Silk Underwear Are Now In

This will prove a welcome announcement to the women of Wichita Falls who are really well-dressed through and through! For centuries royalty alone could enjoy silk undergarments—but now the price makes it within the reach of all. And Kayser is the most popular of silk undergarments because it is so well and daintily made, so durable and so easily laundered.

Italian Silk Vests, in pink, white and soft tints—extra quality in regular and long sizes. Italian Silk Knickers, in assorted shades and white—all sizes. Fancy Vests, beautifully trimmed with dainty laces and ribbons, embroidered in dozens of dainty designs—in the most desired shades.

SPECIAL NOTICE To the Patrons of Our Shoe Department

We have, after much effort, succeeded in bringing to Wichita Falls America's leading foot surgeon, Dr. J. Dale of Cincinnati, Ohio. Dr. Dale can be consulted on any matter pertaining to the human foot absolutely free of charge for the balance of this week. The most difficult conditions are easily and painlessly removed by Dr. Dale's system.

CASH AND CARRY SYSTEM COMPARED WITH OLD PLAN

CUT IN COST OF GROCERIES SHOWN BY MEMBERS LOCAL COMMITTEE.

This week the Price Interpreting Committee has completed the comparative price list, showing the advantage gained by paying cash and carrying the purchases, the prices being compared at the regular meeting of the committee held Tuesday afternoon.

It is explained that only the highest grade of any commodity is quoted in the cash price, while the credit price ranges from the cheapest to the best grades.

Prices Believed Fair. The prices fixed are what the Price Interpreting Committee believes to be fair and not illegal for the dealer to sell even for cash.

The Price Interpreting committee regrets, however, that the majority of the housewives are not consulting the lists and keeping themselves posted upon prices, thus insuring the quoted prices as a guide.

Commeal, hominy (not canned) grits, edible corn starch, corn starch, barley flour, rice flour, oat meal, rolled oats, buckwheat flour, potato flour, sweet potato flour, soy bean flour, kaffir flour and meal. Kaffir corn flour will be on the market next week.

Three new rules made by Herbert C. Hoover, federal food administrator, were made public yesterday and the housewives and cafe and restaurant owners were asked to note them carefully.

No. 1. Householders use not to exceed a total of 1 1/2 pounds of wheat flour per person.

No. 2. Public eating places and clubs are to observe two wheatless days per week, Monday and Wednesday as at present.

No. 3. No wheat products shall be served unless specially ordered.

The members of the Price Suggestion Committee present: F. M. Gates, C. L. Fontaine, Jr., M. M. Gaffney, Mrs. F. C. Barron and Mrs. C. J. C. McDowell, chairman of the committee.

Campeigne Is Not Being Evacuated Is Statement in Paris

Paris, Mar. 27.—Reports current here that the inhabitants of Champagne between Paris and the battle front, were being removed are denied by the Petit Journal. A large number of persons, it says, are leaving the town voluntarily to avoid violent bombardments by enemy airplanes, but no order to evacuate has been given.

IMPLY? WELL, DON'T BEL

People Notice It. Drive Them Off with Dr. Edwards' Olive Tablets.

A simply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The skin should begin to clear after you have taken the tablets a few nights.

Cleanse the blood, the bowels and the liver with Dr. Edwards' Olive Tablets, the successful substitute for calomel; there's never any sickness or pain in taking them. Dr. Edwards' Olive Tablets do what which calomel does, and just as effectively, but their action is gentle and safe instead of severe and irritating.

No one who takes Olive Tablets is ever cured with "a dark brown taste," a bad breath, a dull, listless, "no good" feeling, constipation, torpid liver, bad disposition or pimply face.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil, you will know them by their olive color.

Dr. Edwards spent years among patients afflicted with liver and bile complaints, and Olive Tablets are the immediately effective result.

Take one or two nightly for a week. See how much better you feel and 70c and 25c per box. All druggists.

NEW PRICES SUGGESTED FOR WEEK ARE ANNOUNCED

BE READY FOR THE COLLECTOR

Receiving Want Ads by telephone is the final detail in making The Times Want Columns promptly and perfectly useful to the readers.

Telephone Ads cost no more, in money—and less in time—but The Times must employ collectors to follow the phone.

The extra accommodation of receiving by phone should be encouraged by always being ready for The Collector.

DON'T LET HIM CALL THE SECOND TIME. If you have a room to rent, a house to rent, a farm for sale, or if you want to buy an article, whether new or second-hand, you should use The Times Want Ad Columns daily.

RATES—Want ads are one cent a word for the first insertion and half a cent a word for subsequent successive insertions. No want ad taken for less than fifteen cents and no ad taken to run three times for less than 25 cents. In giving in Want Ads PHONE 157.

RICH WICHITA BACHELOR WANTS WIFE

"Many people have blamed me for not getting married. Since childhood I have suffered from stomach and liver trouble, never being able to get any medicine or doctor to help me. Now that Mayr's Wonderful Remedy has entirely cured me, I am anxious to get a wife." It is a simple, harmless preparation, that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunder.—Mack Taylor.

Stop Itching Eczema

Never mind how often you have tried and failed, you can stop burning itching eczema quickly by applying a little semo furnished by any druggist for 35c. Extra large bottle, \$1.00. Healing begins the moment semo is applied. In a short time usually every trace of eczema, tetter, pimples, such blackheads and similar skin diseases will be removed.

For clearing the skin and making it vigorously healthy, always use semo, the penetrating, antiseptic liquid. It is not a greasy salve and it does not stain. When others fail it is the one dependable treatment for skin troubles of all kinds. The E. V. Ross Co., Cleveland, O.

of Wichita Falls held at the Chamber of Commerce rooms Tuesday evening. Active interest is reported and the players trying out for the team will begin practice immediately, playing for about two hours each afternoon at the Katy park. A game is planned for April 7, but definite arrangements have not been completed.

BOLSHEVIK ARMY SURROUNDS THAT OF KORNILOFF

London, Mar. 27.—The forces of General Korniloff have been surrounded by Bolsheviki troops according to a Reuter dispatch from Petrograd.

General Korniloff, the former Russian commander-in-chief, allied himself with the Don Cossacks against the Bolsheviki and has been operating between Moscow and Rostov. Several times he has been reported defeated and near capture, but always managed to elude the government troops.

MEMORIAL SCULPTURE

"IT IS WONDERFUL how an envious competitor will endeavor to malign the reputation of the successful, thinking by their jealousy to influence business in their favor. Happily, the false statements act as a detriment even when they come to the attention of strangers to us. With 10 years experience in Wichita, we can substantiate every statement we make. —Wichita Marble & Granite Works

RIGHT WILL WIN

Militarism says "How can right win? Big guns will settle the business." But the fact of being really right will secure the big guns.

Germany's fighting power represents a lot of united enthusiasm for HER "right way of doing things," but her way includes Belgium, Lusitania and Cavale incidents, and is opposed by a greater enthusiasm for higher standards of right—and enthusiasm which will endure everything except defeat.

It is this clash of moral standards which will finally determine the outcome of the war, and the standards of the Hohenzollern family and the Prussian military caste will not prevail.

We need not worry about the ultimate results, but it is our present imperative business to work for Germany's quick defeat by all our powers of gold or muscle or brain.

DELAY MEANS NEEDLESS WASTE OF LIFE

Every confident word of wise and patient counsel helps. Just buying a war savings stamp in an earnest, encouraging way will help. All the little things will forge the mighty guns.
