## FRENCH DRIVE ENEMY BACK SOUTHWARD OF NOYON

Germans Claim Crown Prince Has Penetrated To Depth Of 37 Miles From St. Quentin

### GERMANS SHIFT ATTACK TO MONTDIDER REGION AND FRENCH FALL BACK

By Associated Press.  
Paris, March 28.—Blocked on the Lassigny and Noyon fronts and on the left bank of the Oise, the Germans last night threw forward important forces in the region of Montdidier, the war office announced today. Here the fighting rapidly took on extraordinary ferocity.  
French regiments fought hand to hand with the enemy and inflicted heavy losses.  
Finally the French fell back to the heights immediately to the west of Montdidier.  
Fighting was continued with violence yesterday evening and last night on the battle front, the war office announced.  
The text reads:  
"The battle was fought with sustained violence yesterday evening and last night. The Germans, blocked by the valiant French troops and cruelly punished before the Lassigny and Noyon fronts and the left bank of the river Oise, concentrated all their efforts on the French left, and threw forward important forces in the region of Montdidier."  
"At this point the engagements soon developed an unheard of ferocity. French regiments fighting hand to hand, inflicted heavy losses upon their assailants and did not falter. Finally they withdrew in order to the heights immediately to the west of Montdidier."  
"There has been intermittent cannonading on the remainder of the front."

### French Thrust Proves Successful On Ten Kilometer Front At Noyon

Dondon, March 28.—French troops this morning counter-attacked with great dash and drove back the enemy on a front of ten kilometers southward of Noyon.

### Americans Fight Like Veterans

BULLETIN—Paris, March 28.—"Entirely new in this warfare, the Americans worked like the best veterans in the battle of the Somme," says a wounded French captain who has been brought back from the front, according to La Liberté.

### German Official

Berlin, March 28. (British Admiralty per Wireless Press).—Troops of the German crown prince having penetrated to a depth of sixty kilometers (37 miles) from St. Quentin across the Somme, have captured Montdidier, says today's official report.

The German losses have been kept within normal limits, says the communication, although they have been heavier at the vital points on the front. The slightly wounded are estimated at 60 to 70 percent.

South of the Somme the Germans broke through the enemy position at many points and drove back the British and French into territory which had remained untouched by war since 1914, says the statement.

The Crown Prince's troops in their push which resulted in the taking of Montdidier, advanced their lines as far as Pierrepont (on the Aves, four miles northwest of Montdidier).

### PRISONERS AND MACHINE GUNS ARE CAPTURED BY BRITISH; BATTLE RAGES

By Associated Press  
London, March 28.—Prisoners and machine guns have been captured by the British, the war office announces. The fighting continues fiercely on both banks of the Somme.

This morning the enemy opened heavy bombardment on the British defenses east of Arras. An attack is developing in this sector.

Repeated attacks were made by the enemy along the valley of the Somme in the neighborhood of Beaumont-Hamel, Puisieux and Moyenneville. They were repulsed.

The statement follows:  
"Severe fighting took place again yesterday evening during the night astride the Somme and northward from Albert to Boyelles. Repeated attacks were made by the enemy along the valley of the Somme and in the neighborhood of Beaumont-Hamel, Puisieux and Moyenneville. They were repulsed. We captured a number of prisoners and a number of machine guns."

"The fighting is continuing fiercely on both banks of the Somme."

"This morning the enemy opened a heavy bombardment on our defenses east of Arras and an attack is developing in this sector."

Last night the Germans effected a crossing of the Somme near Chipilly, compelled the British left flank south of the river to fall back.

The French pressure on the enemy is continuing in the area of their counter attack south of Noyon.

The British are holding their positions north of the Somme, their line in that area standing virtually the same as last night. Several German attacks in this region were repulsed last night.

The references in the official British statement to an attack east of Arras evidently means that the Germans have widened their battle front and are delivering a new stroke to the north.

The battle was begun last week on a front extending as far north as the River Scarpe, the junction of which with the battle line is almost due east of Arras. No fighting north of the river has been reported.

The attacks which are developing today mark the beginning of a second phase of the battle. German military writers in the last few days have been hinting that surprises were in store for the British and there has been much discussion of the possibility of a German drive for the coast, with the channel ports of Calais as the objectives.

### PRINCE LICHNOWSKY ADMITS THAT BLAME RESTS ON GERMANY

EXAGGERATIONS ARE CHARGED TO GERMAN REPORTS

FORMER AMBASSADOR TO GREAT BRITAIN HAS NO DOUBT ON SUBJECT

MEMORANDUM SECURED

Hears of Potsdam Policy Later But None Would Listen to Warnings He Gave Them

By Associated Press.  
London, March 28.—The personal memorandum of Prince Lichnowsky revealing the inner workings of German diplomacy which has caused much falling in Germany against the former ambassador to Great Britain, leaked out last summer through the German general staff after the fall of Chancellor von Bethmann-Hollweg. This statement is made by the Socialist Vorwärts of Berlin and is published by the Times which also reprints from the Vorwärts the most important points of the memorandum. An editorial on the disclosures of the prince in the Times says:  
"It is a coincidence as strange as it is opportune, passages of the memorandum fixes the guilt for the war upon his own government, reach us as the fiercest and bloodiest conflict of the long struggle is at its height. At the moment when mankind is filled with horror and anguish at the carnage on the great battlefields, his eyes will turn to his account of the policy which brought dread visitation upon the world."

"I was not a shadow of a doubt about the responsibility for the war. Without hesitation he fastens it upon Germany. German militarists were irresistible. They would not suffer Count Berchtold to give way. When he flinched from plunging Europe into war, they forced his hand."  
"They delivered an ultimatum to Russia and the next day declared war upon her although the Russian emperor had pledged his word to while the negotiation continued not a man should march."  
"We deliberately destroyed the possibility of a peaceful settlement. It was the former ambassador's considered judgment. He cannot feel surprised that the whole civilized world outside of Germany attributes to us sole guilt for the world war. The whole story which he records corroborates this judgment and cannot be reconciled with any other."

"The first hint of coming trouble which reached him seems to have been von Bethmann-Hollweg's refusal to share his optimism when he visited Wilhelmstrasse early in July, 1914. The chancellor and the under-secretary for foreign affairs complained of Russian armaments and the latter declared that Russia was everywhere in Germany's way. At the same time he declared that von Eckhardy, the German ambassador at Vienna had been rebuffed because he had counseled moderation toward Berlin. But these were mere straws showing the direction of the current."  
"The Absolute Assent"  
"It was not until later that he heard of the decisive conversation at Potsdam on July five and of the absolute assent which all governments in authority had given to the war office."

"We at the war office are just as impatient as you are for the news and as soon as the situation stabilizes, we will again be receiving the hourly developments and promptly. Meanwhile let us be patient."

By Associated Press.  
Washington, Mar. 28.—Stirred by charges in the Senate of delays in the aircraft program, the Senate Military Committee this afternoon summoned Major General Squier and Col. Doeds of the signal corps in charge of aircraft production and Howard Coffin, chairman of the aircraft board, to appear immediately.

By Associated Press.  
Washington, Mar. 28.—Charges that German spies were responsible for this country's failure to keep up in its airplane program were made in the Senate today by Senator Overman, Democrat, of North Carolina. He also charged that there were spies in the Curtis plant.

"If I were secretary of war, I would commandeer the Curtis plant and put out every man employed there and hire Americans in their places," declared Senator Overman.

Senator Overman declared spies took metal braces and sawing points in two joined the pieces with lead and then painted them over. The first Bristol machine tried fell. An investigation disclosed the defect.

### Huns Drive Wedge Where British and French Lines Meet

### AIR CRAFT SHORTAGE WILL BE PROBED

The war situation of today is summarized by the Associated Press as follows:  
Striking with almost unexampled force against the Allied front near the point where the French and British lines connect, the Germans yesterday and last night drove in a deep wedge to the west and forced the trenches out of Montdidier.  
This town, which lies 10 miles south-east of Amiens, one of the German objectives, is ten miles west of Roye, which the Germans took on Tuesday.  
The threat against Amiens in the north seems to be well held by the British along their front north of the Somme, where they have maintained their line firmly at all points and even, as indicated by today's official report, have advanced it in places.

### SPIES?

By Associated Press.

### ANOTHER AVIATOR OF ROYAL FLYING CORPS IS KILLED

By Associated Press.  
Fort Worth, Texas, Mar. 28.—A cadet of the Royal Flying Corps was killed at noon today at Benbrook. He is the forty fifth aviator to meet death since the fields were opened here in October.

The cadet was Robert Daniel Garwood, son of W. J. Garwood of Canawana, N. Y. The accident happened a mile from Benbrook while the young flier was doing a tail spin.

The war situation of today is summarized by the Associated Press as follows:  
Striking with almost unexampled force against the Allied front near the point where the French and British lines connect, the Germans yesterday and last night drove in a deep wedge to the west and forced the trenches out of Montdidier.

This town, which lies 10 miles south-east of Amiens, one of the German objectives, is ten miles west of Roye, which the Germans took on Tuesday.  
The threat against Amiens in the north seems to be well held by the British along their front north of the Somme, where they have maintained their line firmly at all points and even, as indicated by today's official report, have advanced it in places.

Halting Germans.  
In the Noyon and Lassigny regions and along the Oise to the east, the French are likewise preventing the Germans from getting an opening. The force of their drive was thus diverted to the west of the Roye region and the forward push there developed probably the fiercest fighting of the present battle.

Paris characterizes the engagement as of "unheard of ferocity."  
The French regiments, however, fought with their accustomed bravery and made the Germans pay dearly for every bit of ground they covered in their desperate push for an outlet, the French finally retiring in good order to the heights to the west of Montdidier. News dispatches from the front this morning reported the line in this sector well held.

Threaten Arras.  
As the attack in this sector between the British and French armies was being carried out in the south the Germans, apparently worried by the salient they were creating and wishing to protect their right wing from a flanking attack, have developed a great on the extreme north of the present front in the region east of Arras. London reports the beginning of a morning of a heavy bombardment of the British lines in this sector, followed by the development of an attack.

The possibility is not lost sight of that this attack so far north on the front may herald the extension of the active fighting front along the Somme to the north in the neighborhood of a German push for the channel ports. Seemingly, however, the enemy has all they can take care of in the way of opposition in the present field of the offensive and the probability points to the Arras threat proving a protective rather than a new offensive measure.

Meanwhile the German line is being extended to an apparently dangerous extent on the southern front, where a flanking operation has been pointed to as most likely to prove effective.

British counter attacks have begun in the region of Albert which the Germans held but from which they have been unable to advance because of the resistance of the British who doggedly repulsed the attacks all day Wednesday. South of Albert, Field Marshal Haig has carried out several counter attacks and has advanced his line eastward between the Somme and the Souchez river (south of Lens) but up to the time of the filing of this dispatch, 10 a. m., no infantry action had been reported.

RIGHT WING REPORTED TO BE HOLDING WELL

By Associated Press.  
BULLETIN—British Headquarters in France, March 28.—News received from the extreme right wing is that the allies are holding well. (This refers to the southern sector where the French have been falling back.)

Near Beaumont-Hamel the enemy attacked heavily. Severe fighting followed. This morning it appeared that the village virtually was No Man's Land with the contending lines drawn close.

Hard fighting occurred at several points along the battle front during the night in consequence of enemy attacks. The latest reports indicate that the British have kept the situation well in hand.

The German artillery this morning put down an intense bombardment along the front between Scherville and the Souchez river (south of Lens) but up to the time of the filing of this dispatch, 10 a. m., no infantry action had been reported.

SUITS BY PLAYERS ARE NOW WITHDRAWN

By Associated Press.  
St. Louis, Mar. 28.—The damage suits filed by Derrill Pratt, second baseman and John Lavan, short stop, against Phil Bell, president of the Washington Americans, were withdrawn today.

French have retired slightly toward Montdidier, being overhauled by superior numbers.

The notes of pessimism in the published statements of German leaders since they failed to break through and roll up one side of the British line are added to by the recent German official statement, the latest one of which says that the German attack is "slowly progressing." The German casualties are estimated to be between 300,000 and 500,000 and it is reported that hospital trains are pouring into Belgium and Germany over all available railroad lines.

Purpose Counter.  
With the allied line holding against the enemy onslaughts, a counter blow may be in preparation. Premier Clemenceau has declared that the moment is near when the allied reserve forces will be thrown into the fight. He added that the Germans would not be able to hold the gains they have made at such great loss.

On the seas as well as on land the German offensive last week was much stronger. Enemy submarines sank 16 of more than 1,600 tons. The total greatest loss that any week since last September 16. In the previous week seventeen steamers including eleven of the larger tonnage were sunk. French and Italian losses were also reported.

Artillery Fighting.  
Heavy artillery fighting continues on the American sector northwest of Toul but no infantry actions have developed. What was believed to be German preparation for an attack was checked by a heavy American bombardment, the German troops not leaving their trenches. There is much activity behind the German lines but so far the enemy has not shown what this portends. There has been no change on the Lunville sector.

In Palestine north of the Dead Sea, British troops have occupied Es-Sail, south of Mount Gilead and are approaching the Hedjaz Railway east of Jericho. The railway has been the Turkish base in the operations east of Jerusalem.

No Indications of Further Disorders Are Given During Early Part of Day

By Associated Press.  
Kansas City, Mar. 28.—Organized employees of the local street railway company were instructed this afternoon by the officials of the union to refuse to continue the operation of cars as a result of the disorders arising from the general strike in progress here, which it was said, placed the lives of the men in jeopardy.

The order was to be effective at 3 p. m.

The men immediately began taking their cars to the barns. It was said that the entire street railway system would be tied up by tonight. About twenty-five hundred men are affected by the order. Whether the employees of the local power plant would join in the strike movement was still in doubt this afternoon.

Kansas City, March 28.—Dawn today found the downtown district of Kansas City patrolled by members of the Seventh Regiment, Missouri National Guard (home guards) to prevent a repetition of the rioting and wrecking of business establishments which marked the first day and night of the general strike of all union workmen in the city. Guards also were stationed in the outlying districts where it was thought probable an attempt to resume the disorders might be made.

Martial law had not been declared and the guardsmen were said to have been called to arms under authority vested in Colonel Bryan Jones, commanding the Seventh Regiment, to use his discretion in case of extreme necessity. The mobilization of the regiment followed appeals by Mayor Geo. H. Edwards to Colonel Jones, Harvey C. Clark, state adjutant general and Governor F. D. Gardner. General Clark telephoned from Jefferson City that he would come to Kansas City early today to take command of the Seventh Regiment.

Following a day of disorder in which

crowds estimated at times at several thousand, attacked and with stones and other missiles seriously damaged nine large laundry plants, to aid the striking employes of which the general strike was called; the strikers made a night raid on the down town district. Many restaurants which had not closed in accordance with the strike committee's edict were visited and the employes driven out and one of the places was nearly wrecked. Mayor Edwards, who had been active throughout the day and night in attempting to restore order, was in the big restaurant when the strikers visited it.

Three alleged strikers were shot and seriously wounded, one probably fatally in the attack on laundry plants yesterday. One policeman was struck on the head by a brick. There were numerous reports of bruised heads and other minor injuries as in some of the fights policemen swung their night sticks freely.

No Further Disorder. Early today there was no indication of further disorders. Nor was there any idea to be gained of how far the second day of the strike might affect Kansas City industries. Yesterday the strike leaders claimed approximately two thousand persons had walked out. The strike call was issued "to every man and woman carrying a union card," and it was expected that since the strike was called at a midnight session of the committee of business agents it would be the second day before its full force was felt. The strike of laundry employes had been going on several weeks and all efforts at mediation, in which two federal mediators participated, served only to gain a few concessions from the employers, which the strikers were not satisfied. The general sympathy strike originally was called for Monday but was postponed 48 hours to permit further negotiations.

As the morning passed no further serious disorders were reported, although it was said that in several localities parties of women had thrown bricks and stones through street car windows.

General Harvey C. Clark, adjutant general of Missouri, sent here by Governor F. D. Gardner, arrived this forenoon and took charge of the situation.

Latest reports indicated that the strike was continuing to spread slowly and in many parts of the city its effects could be plainly seen. Numerous business places were closed entirely. Closing of the restaurants worked an especial hardship upon those workers who had failed to bring lunches with them.

The question of a walkout of the street car men as well as the employes of the local power plant was regarded as more probable this afternoon it was said.

Quiet Prevails. With members of the tenth regiment, Missouri National Guard, (home guards) patrolling the downtown streets to prevent further outbreaks of disorder in connection with the general strike in progress here, comparative quiet prevailed throughout the city this afternoon.

A number of instances of stoning street cars had been reported to the police but there had been no disorders of proportions such as occurred yesterday and last night when a number of laundries and restaurants were wrecked by the rioters, and three alleged strikers were shot and seriously wounded.

NEEDS LITTLE NUJOL NOW

Nujol soon relieves constipation, making small doses generally sufficient to maintain regular bowel-habits, as in the case of Mr. Dickie, who gratefully writes as follows:—

NUJOL LABORATORIES, STANDARD OIL CO. (New Jersey), BAYONNE, N. J.

Dear Sirs:— I am pleased to say that your remedy "Nujol" for constipation, has helped me greatly. In fact I have improved so much since I commenced taking it that I need but very small doses now.

Kirby, Wyoming. Yours respectfully, James Dickie. Dec. 21, 1916.

LET Nujol relieve you from constipation as it has Mr. Dickie and thousands of others, who no longer endanger health by the use of harmful pills and salts.

Nujol is gentle and natural in action; affects only the source of the trouble, and cannot be absorbed by the body. Nujol therefore aids the bowels to act for themselves in a perfectly natural way—no phisicing; no griping; no dangerous or disagreeable reaction.

ABSOLUTELY HARMLESS. There are no substitutes—there is only Nujol. At every drug store. Send 50c and we will ship new kit size to soldiers or sailors anywhere.

Nujol for constipation. In bottles only, bearing the Nujol trade mark—never in bulk. Write for free booklet.

UPHOLD THEIR TRADITIONS

American soldiers, who have taken part in stemming the great German offensive shoulder to shoulder with their French and British allies are given the highest praise by a French captain who was wounded in the action and taken to Paris.

"Entirely new to this warfare, they worked like the best veterans in the battle of the Somme," said the Frenchman.

The fact in itself may be something of a surprise to the allies, but the information does cause the slightest raising of an eyebrow in the United States. These men on the battlefield are of a country which has never been beaten and which has never shown a yellow streak. They are battling for one great ideal as well as for the individual liberties which democracy guarantees to each one of them at home. They are free born, intelligent, courageous—men whose whole hearts and souls are bound up in the struggle to break forever the power of autocrats who would handle men's lives as so many pawns in a game.

The German writer in Berlin who expressed joy in the fact that the Americans are being given a "real touch" of warfare is likely to wish that the little handful engaged was safely back across the Atlantic before the last written of the German offensive of 1917.

Within a few days American casualty lists from the great battle in France will begin to burden the cables and the reality of the war for the first time will be brought to many communities throughout the land. The wounding and death of these heroes will stir the American people as they have not been stirred before and their sacrifice will do more than stirring words and impassioned urgings. The first effect will be in the outpouring of dollars for the third Liberty Loan. There will be no need of solicitation and urging to influence any man who loves his country to subscribe for the largest amount of bonds within his power. Red Cross work and all other war activities will go forward with greater speed. On the farms of the country there will be put forth such an effort to increase production as has heretofore not been dreamed of. In shipyards the work of building ships to hurry men and supplies across the water will be speeded at a rate that will make previous efforts seem a snail's pace. In all activities that will help win the war prodigal effort will be spent. These things will come from the supreme sacrifice of the young men who have been pushing into the horrible maelstrom in France. Their blood was needed to awaken American and their sacrifice will not be in vain.

PRIVATE TO SERVE IN LEAVENWORTH RESULT THEFTS

CONFIRMATION OF COURT MARITAL SENTENCE IN LEWIS CASE IS RECEIVED

Confirmation of a sentence passed by a general court martial sitting a few weeks ago at Call Field to hear the case of Theodore F. Lewis, of the Medical Corps charged with theft of numerous articles of jewelry and of several sums of money, was received at headquarters yesterday afternoon from Major General Beckman, at San Antonio commanding the southern department. The sentence, just made public on confirmation of the findings of the local court martial, is that Lewis is confined to Leavenworth for two years, with his pay forfeited and that at the end of the two years he be dishonorably discharged from the service. The missing articles which were found in Lewis' possession disappeared from their owners quarters late in December and in January. Since his arrest and trial Lewis has been under guard. He will be sent to Leavenworth soon.

MARLOW ASSURES PEOPLE THAT HE WILL ENFORCE LAW

CANDIDATE FOR MAYOR ANSWERS CHARGES MADE AGAINST HIM

J. B. Marlow, candidate for mayor of Wichita Falls in this coming election, in reply to declarations regarding his views on law enforcement which he states have been made against him states that he is in favor of enforcement of every law on the statutes. In regard to the liquor traffic, Mr. Marlow states that the state legislature has already determined that question and that it is no longer a political issue. The statement in full follows: To the People of Wichita Falls: For the lack of something more plausible to urge against me some of my political enemies have declared that, in the event I am elected mayor, I will not enforce the law.

By way of refutation of such claims I desire to go on record as standing squarely for the enforcement of every law on the statute book. I fully appreciate the conditions which exist and which may in the future arise out of recent legislation, and I well know that in order to meet this situation your officers should be both vigilant and faithful.

In the event of my success in this campaign, I shall put forth every effort to suppress vice, and to drive from the city all immoral institutions, and to this end will co-operate to the greatest extent with the State and Federal officers.

I have heretofore been an anti-prohibitionist, but now that the Legislature of the State of Texas has eliminated that question from our politics, and has seen fit to abolish the liquor traffic, I shall make it my business to enforce that every law is rigidly enforced in so far as the Mayor's office is concerned.

The prohibition question which has been the bone of much contention in the past has been settled once and for all by our legislature, who, acting as our representatives, have made the liquor traffic an unlawful enterprise, and every man, whether he has heretofore styled himself "anti" or "pro" should realize that it is no longer a political issue to be argued about, but a solemn, serious law to be enforced, and all should be willing to cooperate in its enforcement. In conclusion, I will add that I have nothing to conceal from the voters, and am at all times willing and ready to come out openly and frankly upon every issue involved in this campaign.

Respectfully, J. B. MARLOW.

Notice!

Owing to the accident at the power house, the continued drought, and the fact that many people have not complied with the request to conserve the water we find it necessary, for the time being, to limit our output of water to certain hours of the day: Commencing Friday, March 29th, 1918, water will be turned in the city mains from 6 to 7 a. m., 11 to 12 noon, and 6 to 7 p. m. If possible to lengthen these periods we will be glad to do so. Sufficient water will be stored at the pumping station to take care of any outbreak of fire. At such time the fire pressure will be turned on. All people are ordered not to open their hydrants during a fire, as such act would reduce the water pressure available to fight the fire. Very respectfully, WICHITA FALLS WATER CO. Mar. 27, 1918. By F. N. Lawton, Vice-Pres.

# TODAY'S MARKETS

## REPORTS OF RAIN CAUSE PRICE OF COTTON TO DROP

By Associated Press.  
New York, Mar. 28.—Reports of rain or better prospects for rains in the southwest caused some scattered selling in the cotton market during today's early trading. The opening was steady at a decline of one to eight points and the active months sold about 12 to 15 points net lower after the call with July touching \$33.50 and October \$30.50. One of the lead spot houses was a good buyer of general contracts at the decline, however, while there was covering for over three days adjustment and prices held fairly steady with active months showing rallies of a few points before the end of the first hour.

Cotton opened steady. Opening bid: May \$31.50; July \$30.87; Oct. 29.76; Dec. 29.29; Jan. 29.38.

Cotton futures opened steady: May \$32.70; July \$32.04; October \$30.52; December \$30.62.

The prospects for rains in the southwest were strengthened by the official forecast but failed to bring any material pressure against prices and the market continued very steady late in the morning. Favorable war news and the continued bullish average of spot advices, as well as trade buying served to promote scattered covering which sent active months about 5 to 8 points net higher with July selling at \$32.11 and October at \$30.99.

While there was no change in the general character of the news prices became steadier in the early afternoon under renewed liquidation which appeared to come largely from western sources. January sold to \$32.00 and Oct. from \$30.99 to \$30.91 or about 3 to 6 points net lower.

The market closed steady.

**New Orleans Cotton.**  
New Orleans, Mar. 28.—Liquidation of long contracts in preparation for the triple holidays following the close tonight caused a lower opening in cotton here today and around the first call prices were off 12 to 17 points. Reports of a good demand here after hours yesterday and large sales held the market steady at the decline.

Trade buying became a factor and the market improved until noon prices were 2 to 5 points over yesterday's close except on May, which was one down net.

Liquidation was again a factor in the afternoon. At one o'clock prices were 4 to 17 points under yesterday's close.

Cotton closed steady 12 points down to 2 points up.

**Liverpool Spot Cotton.**  
Liverpool, March 28.—Cotton spot prices easier. Good middling 24.84; middling 24.32; low middling 23.79; good ordinary 22.80; ordinary 22.27.

Sales 5,000 including 2,600 American.

No receipts.

Futures closed quiet. New contracts: April 24.44; May 24.24; June 24.09; July 23.96; August 23.79. Old contracts (fixed prices): April 23.17; April May 23.09; May June 23.01; June July 22.93.

Official noon closing: New contracts: March 24.82 value. Old contracts (fixed prices): March 23.17 value. March April 23.08 value.

**Fort Worth Livestock.**  
Fort Worth, March 28.—CATTLE: Receipts 4,000; steady. Boxes \$8.50 @ \$13.00; stockers \$8.00 @ \$10.00; heifers \$9.00 @ \$11.00; cows \$7.00 @ \$10.50; bulls \$7.00 @ \$9.00; calves \$7.50 @ \$2.90.

HOGS: Receipts 3,500; slow to 5 cents lower. Heavy \$17.00 @ \$17.15; light \$16.75 @ \$17.00; medium \$16.50 @ \$16.75; mixed \$16.00 @ \$16.50; common \$15.50 @ \$16.00; pigs \$2.50 @ \$15.25.

SHEEP: Receipts 200; unchanged. Lambs \$17.00 @ \$19.00; yearlings \$14.00 @ \$15.00; wethers \$12.00 @ \$14.00; ewes \$11.00 @ \$12.00; culls \$7.50 @ \$9.50; goats \$7.50 @ \$8.50.

**Kansas City Livestock.**  
Kansas City, March 28.—HOGS: Receipts 6,000; steady. Bulk \$16.75 @ \$17.25; heavy \$16.75 @ \$17.15; light \$17.10 @ \$17.50; pigs \$14.00 @ \$17.25.

CATTLE: Receipts 3,000; strong. Prime fed steers \$13.00 @ \$14.10; dressed beef steers \$11.00 @ \$13.25; southern steers \$9.00 @ \$11.00; cows \$7.50 @ \$11.50; heifers \$7.75 @ \$12.25; stockers \$8.00 @ \$12.50; calves \$7.50 @ \$13.50.

SHEEP: Receipts 2,000; strong. Lambs \$18.00 @ \$18.75; yearlings \$14.50 @ \$16.25; wethers \$13.00 @ \$15.50; ewes \$12.00 @ \$14.25; stockers \$8.00 @ \$17.25.

**New York Stocks.**  
New York, March 28.—Stocks were strong at the opening of today's market, New Haven being the conspicuous feature, at initial gain of 2% on the decision of the government to help the road out of its financial difficulties. Other rails, notably coalers, Union Pacific, Southern Pacific and St Paul preferred, were responsive to moderate buying. Industrials, including war shares, averaged substantial fractional advances but shippings and motors lost ground. A general reaction set in before the end of the first half hour. Liberty bonds eased slightly.

Mixed conditions ruled in the early afternoon, motor issues rallying while shippings, tobaccos and sugars recorded declines of 1% to 2 points. Liberty 3 1/2's were active at 99, the maximum quotations for the current movement.

Bulls, specialties and utilities yielded to general pressure in the final hour. The close was heavy. Liberty 3 1/2's sold at 98.75 to 99; first 4's at 97.75 to 97.40 and second 4's at 97.20 to 97.44.

**Sugar Market.**  
New York, March 28.—Raw sugar steady; centrifugal 6.005; fine granulated 7.48.

**Chicago Produce.**  
Chicago, March 28.—Better unchanged. Eggs receipts 14,663 cases unchanged. Potatoes lower 25 cars receipts. Wis. Minn. and Mich. bulk 100 sacks 36 to 39c. Rosters unchanged.

## CORN IS FIRMED; RECEIPTS SMALL; PRICES ADVANCE

By Associated Press.  
Chicago, Mar. 28.—Corn hardened in value today as a result mainly of assumed improvement in the military situation. Notice was also taken of reports showing increased use of corn by flour millers. Beside receipts here continued relatively small. Opening prices, which varied from a shade off to a like advance, with May \$1.26 1/4 to \$1.26 3/8, were followed by quotations that averaged slightly above yesterday's finish.

Oats responded to active buying for the seaboard. Export interests appeared to have raised their bids. After opening unchanged to 1/4 cents higher with May \$7 to \$7 1/4, the market scored some additional gain. Declines in the value of hogs pulled down provisions.

Subsequently unfavorable war de-

**Developments, especially the capture on Montdidier and word that the British had lost 100 tanks, led to something of a reaction in prices. The close was steady at a net decline of a shade, with May \$1.26 1/4.**

Weakness was increased later by assertions that warehouse stock were unusually heavy and were in need of an outlet.

## GEORGE CLARK IS DEAD IN WACO AT AGE OF 76 YEARS

By Associated Press.  
Waco, Texas, Mar. 28.—George Clark, distinguished jurist and former leader of the Texas Democracy, died at his home here early this morning. Judge Clark was born in Butaw, Ala., seventy six years ago and came to Waco in 1868. He began the practice of law but soon entered the political arena as the leading supporter of Richard Coke for governor in 1875. Coke was elected and Clark was appointed secretary of state. He was later appointed attorney general and after serving in that position several years was appointed justice of the court of criminal appeals. He directed the campaign against prohibition in the state in 1887 when the anti law election overwhelmingly. Judge Clark retired from politics some years ago and until an affection of the eyes forced him out of the practice he was the leading attorney at the Waco bar. He served four years in the Confederate Army.

Judge Clark was a candidate for Governor against James S. Hogg in 1892 after the state convention split at Houston.

His faction was considered irregular and Hogg was elected.

## LOUISE LOVELY AT THE GEN TODAY

Louise Lovely is featured at the Gen today in "Painted Lips." As Lou McTavish, the daughter of a sailing captain, Miss Lovely portrays an unusual role. The little strictly brought up girl is taken by a woman of the underworld, when her father meets with an accident, and the woman tries to make of Lou a creature like herself. How she meets a man of the world who does not believe in her, and how she makes him change his view of womankind in general and herself in particular is shown most strikingly.

## Argentine Upon Eve Of Break With Huns Result Torpedoing

By Associated Press.  
Buenos Aires, Mar. 28.—Argentina is on the eve of another diplomatic crisis with Germany, more critical than any of the former ones. This is the general opinion in political circles and is based on the torpedoing of the Argentine steamer Ministro Irrigoin in the Mediterranean January 26. The Argentine ambassador at Madrid has been called home and is expected to arrive this week. It is believed his coming is in connection with the attack on the Ministro Irrigoin.

It is believed that if it is shown the steamer was torpedoed the government will have little choice but to break off diplomatic relations in view of past exchanges on submarine warfare. The crisis is expected to reach a climax immediately after the Easter holidays.

### F. W. BRIDGE DIES AT HOSPITAL HERE; WAS ILL FOR WEEKS

WAR CORRESPONDENT, OIL EXP. PERT. TRAVELLED MAN PASSES AWAY HERE

F. W. Bridge, North Texas correspondent for the Oil and Gas Journal of Tulsa and the Oil City Derrick of Oil City, Pa., died at the Wichita General hospital at about ten o'clock this morning. Death was due to complications of typhoid.

Mr. Bridge represented one of the great London dailies and a New York paper in the Boer war and for a time conducted a department on the old Chicago Herald. At one of the battles of the Boer war he received a bullet wound, which, however, was not serious. He was born in England and had no relatives in this country and no immediate relatives anywhere.

He was very reticent and rarely discussed his personal affairs. Among his effects today were found some correspondence with Dean Francis Carrington of St. Mary's Episcopal college at Dallas. Dean Carrington was called over the telephone but was able to add little to the information concerning Mr. Bridge. He said he had known him a number of years and that he was a gentleman of wide and varied experience who had traveled in many lands. He came from a very old English family, the Dean said, and had no relatives in the United States and very few in England. He said that as a boy Mr. Bridge had sung in Canterbury Cathedral. There had been much unhappiness in Mr. Bridge's life, he said, but added that Mr. Bridge was a gentleman of high honor and many excellent qualities.

Mr. Bridge had been stationed here a little more than a year and as correspondent reported the news of oil developments throughout North and Central Texas. There was a quality about his writing that made it different from the ordinary oil reporting and Mr. Bridge was regarded by many as the best writer of the Oil and Gas Journal's staff.

Mr. Bridge returned from a trip to Brownwood five or six weeks ago a sick man and shortly thereafter was confined to his room at a local hotel. Friends at the hotel and among the oil fraternity did what they could for him but he gradually grew weaker and weaker until his removal to the hospital Sunday became imperative. The funeral service will probably be held Friday afternoon at Hill's chapel. The Episcopal burial service will be recited.

### GOOD PROGRESS IS REPORTED IN BOYS WORKING RESERVE

Very good progress on the resignation of the boys of Wichita County in the boys' Working Reserve is reported by Leo Clark, superintendent of city schools, who is chairman for the county. Electra has requested 30 enrollment cards and the other schools are doing well with their enrollment, taking into consideration the fact that there is not a large number of boys in the schools.

A plan has been devised upon whereby boys already at work in industries necessary to the carrying on of the war may be enrolled in the Reserve and receive the certificate and service badge.

Mr. Clark and his enrollment agents appointed are continuing the work of interesting the boys in the Boys Working Reserve and hope to have a creditable number of registrants to report when the week closes.

### WATER WILL BE FURNISHED ONLY THREE HOURS DAY

Water will be turned on in the city mains for only three hours a day, beginning tomorrow, Friday, March 29, according to announcement of F. M. Lawton, manager of the Wichita Falls Water Company. The hours in which householders may procure water from their faucets are: from 4 to 7 and from 11 to 12 in the morning and from 6 to 7 in the evening.

It is understood that this condition will obtain so long as the water situation remains as at present.

### JUNIOR RED CROSS WORK PROGRESSING IN COUNTY SCHOOLS

Working toward a 100 per cent enrollment of the children of the county in Junior Red Cross units, Mrs. C. H. Hartsook, chairman of the local committee, yesterday visited eight schools in the county organizing in each a unit which will immediately take up work on refugee clothing. Mrs. Hartsook reports the most encouraging and hearty response to her appeals in every way and is expecting good work from the units. The few remaining schools not already visited will be organized before the end of the week if possible.

One five dollar fine was assessed in police court this morning, the offender being drunk. A case of disturbance of the peace was passed.

### MEMORIAL SCULPTURE

"IT IS WONDERFUL how an envious competitor will endeavor to malign the reputation of the successful, thinking by their jealousy to influence business in their favor. Happily, the false statements act as a detriment even when they come to the attention of strangers to us. With 10 years service in Wichita, we can substantiate every statement we make."

### RIGHT WILL WIN

Militarism says "How can right win? Big guns will settle the business." But the fact of being really right will secure the big guns.

Germany's fighting power represents a lot of united enthusiasm for HER "right way of doing things," but her way includes Belgium, Lusitania and Cavele incidents, and is opposed by a greater enthusiasm for higher standards of right—and enthusiasm which will endure everything except defeat.

It is this clash of moral standards which will finally determine the outcome of the war, and the standards of the Hohenzollern family and the Prussian military caste will not prevail.

We need not worry about the ultimate results, but it is our present imperative business to work for Germany's quick defeat by all our powers of gold or muscle or brain.

**DELAY MEANS NEEDLESS WASTE OF LIFE**

Every confident word of wise and patient counsel helps. Just buying a war savings stamp in an earnest, encouraging way will help. All the little things will forge the mighty guns.
