

HUNS PULLED BACK IN MONTDIDIER SALIENT DURING NIGHT

GERMANS REPULSED IN ATTACK AT ALBERT; MAKE GAIN AT MOREUIL

By Associated Press. British Army Headquarters last evening made two British lines west of the enemy was driven back. At 2 o'clock yesterday attack before Moreuil. troops gradually forced the large forest lying between the Luce and the Somme. The immediate objective of the Somme was to push energetically against the German line westward toward Amiens.

April 1.—The Germans made a heavy attack on the British line at Albert, but on both occasions the British were repulsed. The Germans made a heavy attack on the British line at Albert, but on both occasions the British were repulsed. The Germans made a heavy attack on the British line at Albert, but on both occasions the British were repulsed.

BRITISH COUNTER ATTACK PROVES EFFECTIVE AT ALL THREATENED POINTS

The war situation of today is summarized by The Associated Press as follows: Germany's great drive into the allied lines in northern France seems virtually at a standstill today. Her first great onrush appears to have been stemmed, with large gains of territory scored but with final victory no nearer in sight and her resources in men and materials depleted. French and British troops beat back the enemy last night in his desperate efforts to advance toward Amiens and to push out from the Montdidier salient. Slight progress in the drive for Amiens along the Luce and Avre valleys is the only forward movement reported anywhere along the line, despite the almost incessant Teutonic attacks and at one point at least the enemy was pushed back. The most determined assaults in this effort seem to have been in the neighborhood of Hangard-En-Santerre, where Franco-British troops met the assaulting waves. A British counter attack checked the way for an allied victory after the combined forces had broken up the German attack. French gallantly followed up the advantage and the village was recaptured.

DEVELOPMENTS IN THE WEST

By Associated Press. British Army Headquarters last evening made two British lines west of the enemy was driven back. At 2 o'clock yesterday attack before Moreuil. troops gradually forced the large forest lying between the Luce and the Somme. The immediate objective of the Somme was to push energetically against the German line westward toward Amiens.

SATURDAY PROMISING TO ALLIES

"HARRY, THE YOT" GERMAN LEADERS IS KILLED BEFORE GIVING EVIDENCE OF AMERICANS

Dead Man Said for Several Weeks to Have Been Secret Informer as to Methods of Fighting and Character of Stells Still Unknown

By Associated Press. New York, April 1.—Seven hours before the district attorney's office was to have been informed by Harry Cohen, also known as "Harry the Yot" of the name of the "man higher up" in the prosecutor's anti-gambling crusade, Cohen was shot and killed at 6:20 o'clock this morning. District Attorney Swann immediately ordered the apprehension of Sam Scheppegans, who was one of the prosecutors star witnesses against Charles Becker, the police lieutenant who was executed for the murder of Herman Rosenthal, gambler in 1912. Scheppegans and two other men who were with him when the police visited the jewelry shop in Sixth Avenue were taken into custody a few hours after the shooting. Go to Attorney's Office. The police say that Scheppegans, established after the Scheppegans shooting and the conviction which resulted, has recently been under observation. It was not asserted that Scheppegans was near when Cohen was shot, but the police declare that he is identified as a friend of a woman, who with two men, was arrested last week upon information furnished by "Harry the Yot". Cohen, according to Assistant District Attorney James E. Smith, had for several weeks been a secret informer. Cohen telephoned the prosecutor some time ago and said he had been "trimmed at a crooked wheel" in a hotel and volunteered his services in helping the gambling crusade. Against the advice of the assistant prosecutor, Cohen several times visited Mr. Smith's house, openly with information which was considered valuable. At daylight this morning, Cohen telephoned to Mr. Smith asking him to meet him at Fifth Avenue and Thirty Sixth Street at 1:30 o'clock this morning. "Be ready to hit," said "Harry the Yot" alluding to the gambler. "I've got the goods on the main man." The next Mr. Smith heard from Cohen was a bullet through the body. Hurrying to the scene, a shooting, a hall lobby in the 32nd Street apartment, where he had been staying, Mr. Smith learned that Cohen was killed by a man as yet unidentified. A boy, furnished the police with information that the slayer was a man purloined as far as Central Park. The man made his escape by driving a car. Cohen was 38 years old. Planned alongside. Mr. Smith said he assumed the gambler had planned to see prospective "sucker" with information that Cohen purposed to lead to a raid at the time the gambling investigation was being conducted.

RESULTS TO ADMINISTRATORS

By Associated Press. Kansas City, Mo., April 1.—The National Food Administration has been appealed to by the state administration to prevent a bread famine in Kansas City, resulting from the walk-out of union bakers in connection with the "outlet strike" here. It was announced today. Every large bakery with one exception has been affected by the strike and as a number of the closed concerns have war contracts, efforts will be made to bring about a settlement on this basis. Street cars on seventeen lines were in operation today, which included service in Kansas City, Kansas for the first time since the car men went out. With guards on each car and motor cars filled with armed members of the Seventh Regiment patrolling the city, there were no attempts of violence. Laundries also began opening up today, the walkout of whose drivers and laundry workers was the cause of the general strike call. Mediation conferences continued today.

KANSAS CITY BAKERIES CLOSED RESULT OF STRIKE

By Associated Press. Kansas City, Mo., April 1.—With practically every bakery in Kansas City closed today as a result of the union bakers participating in the sympathy strike, the inconvenience of doing without bread is added to the list of closed barber shops, laundries, restaurants and uncertain transportation service. B. Howard Smith, president of a large bakery here, said today that bakers representing 95 per cent of the output, were closed and that none of these had any left over bread with which to supply the public. Hope in a settlement of the street car walkout today was expressed by W. D. Mahon, of Detroit, international president of the Amalgamated Association of Street and Electric Railway Employees. The statement was made following a conference between Mahon and P. J. Kealy, president of the Kansas City Railway Company. It was believed that a solution of the street car tieup would have a tendency to bring together other elements of the general strike which was inaugurated as a result of a laundry workers strike. Further conferences of federal mediators, employers and union leaders were expected today. Guarded street cars continued to run on some of the lines today.

EIGHT BUILDINGS ARE BURNED IN ATLANTIC CITY

By Associated Press. Atlantic City, N. J., April 1.—Fire broke out today in the Oliver H. Guttridge building in the center of a business block and destroyed eight business buildings with property loss estimated at \$300,000.

REPORTS FROM FRONT FAVORABLE TO ALLIES

By Associated Press. London, April 1.—The reports from the battle front this morning are regarded as favorable for the allies and the belief is held that the first onrush of the enemy has been stemmed. He is engaged in the process of consolidating his positions and bringing up heavy artillery and it is expected that when this work has been completed another big blow will be directed with all the energy which he still has on the ground and with coordination of command the hope is expressed here that the allied line will prove impregnable and that the Germans will dash themselves against it in vain. The newspapers are occupied with the manpower proposals and America's expected participation in the fighting. The Standard advises the general to "think in the offensive." It says their forces are ample to remain the initiative after the present German effort is frustrated. By calling up all men of military age and raising the age limit England can have an additional million men by autumn, it says and adds that the gathering forces of the United States there should not be less than two million war troops engaged in the warfare in the autumn.

CELTIC VEILED

By Associated Press. New York, April 1.—The Celtic was attacked by a German submarine reliable information marine circles here from England to a being made to it is believed, as the Celtic has \$1,204 and has 1

POLLING BOARDS WILL OPEN IN CITY AT 8 O'CLOCK IN MORNING

places where on tomorrow. Wichita, Mo., April 1.—Polling boards will open at 8 o'clock in the city offices for the coming election. The boards will be placed at 8 o'clock in the city offices for the coming election. The boards will be placed at 8 o'clock in the city offices for the coming election.

PRESIDENT WILL OPEN LIBERTY LOAN DRIVE

By Associated Press. Washington, April 1.—President Wilson today accepted an invitation to open the Liberty Loan campaign in Baltimore Saturday, the first anniversary of America's entrance into the war. While in Baltimore the president will also review 15,000 troops from the National Army cantonment at Camp Meade. The occasion of the address is the "Liberty Loan cantonment" being held at Baltimore to stimulate the interest in the loan drive. Secretary Daniels will speak at the cantonment tomorrow night and the next few weeks the president will include other cabinet officers and diplomatic representatives of allied governments. The president has been following closely the situation with the battle front and various international political developments in recent weeks.

Liberty Loan Campaign

By Associated Press. Chicago, April 1.—Liberty Loan campaign will be placed in the hands of the most people in the country. The Chicago fire department is recommended to buy Liberty Loan bonds.

COMPANY STATUS OF SITUATION

WORST IS BELIEVED OVER AS REGARDS SUPPLY FOR CITY.

HAS SPENT \$13,000

Underground Supply in Tested Fields Said to Have Proven Lacking in Quantity.

Over \$12,000 has been expended by the Wichita Falls water company in the last six months in making one hundred tests for underground water in sufficient quantity to supply the city, according to the statement of N. F. Lawton, manager, in a letter telling of the efforts of the company to get water of a quality usable for all purposes from wells sunk in a number of places in the immediate vicinity of the city.

Last fall when Lake Wichita commenced to get low, we started tests for underground water in various places over a hundred tests in parts of the city and the immediate vicinity. We tested the valley of Holiday Creek, the ground near the Plaines Mill, the slough east of the Denver Round House, Crescent Lake, along the Wichita River, vacant lots on Indiana and Ohio Sts., and many other locations recommended by citizens of long residence in this city.

The most encouraging well was developed on the Downing Nursery, some three miles west of the city. Well No. 1, made 225 gals. per minute on a fifty six hour test. We dug well number 2 and it made 285 gals. per minute on a forty eight hour test. Wells Nos. 3 and 4 made 125 gals. per minute on 36 hour test.

We made six tests in the slough east of the Denver Round House, but found that this water was very hard, and the location very undesirable from a sanitary standpoint. Wells drilled in the center of the city could never be used for a city water supply. When Dr. Golias, the State Board of Health Sanitary Engineer was here he told me that such wells would surely become contaminated from leaky sewers, etc.

Our prospecting so far indicates that the underground water is very limited in quantity and of a very hard mineral quality unfit for boiler purposes and general domestic use.

Our new filter plant will be completed in a few weeks and when the water goes through this filter it will come out clear as a crystal and give the people of the city a quality of water superior to any ground water that has been located.

WAR MUSEUM TRAIN WILL REACH CITY APRIL ELEVENTH

The Liberty Loan "War Museum on Wheels," will be in Wichita Falls Wednesday, April 11, for an overnight stay, according to the schedule announced by the Federal Reserve Bank.

Open to Public. The train will be open to the public during the evening of its stay here, and for a short time in the morning, the committee expects, as the schedule provides for leaving Wichita Falls at 8 o'clock Thursday morning, April 11. The train will carry lecturers to explain in detail the history of the nation and American soldiers will act as guards of honor.

This exhibit, the property of the French Government, has been loaned to the United States, and is in charge of H. B. Cole, representative of the French High Commission. Mr. Cole is being assisted in arranging the war trophies by M. L. Fuller, special representative of the Missouri Pacific Railroad, and the routing and transportation of the train over the various railroads of this reserve district is in charge of O. W. Campbell, assistant chief operating officer, Missouri, Kansas & Texas Railway. The train is now being assembled at Waco.

The exhibit comprises several carloads of every kind of fighting machine and apparatus and equipment used on the battlefields of Europe, in submarine warfare and in aerial fighting. The collection is considered priceless, being not only complete, but showing also the effects of various kinds of ammunition and guns. Many of the pieces are battle tested and others are trophies from the enemy of worn-out equipment of the French Army, valuable beyond price because of historic associations. When arranged, the collection will be transferred to the United States Government and then turned over to the care of the officials of the Eleventh Federal Reserve District for this purpose.

Flag of Nation Is Now Floating From Pole at Camp Here

Old Glory is now flying from the flag pole in front of headquarters at Fall Field, and the many queries as to why there was a flag at the camp have been answered by the production of a flag. The customary formal ceremonies of raising the flag at sunrise and lowering it at sunset are now gone through with daily.

There has been no flag at the post previously because there has been no appropriation with which to buy a flag. Through some means this oversight of the war department was remedied and the flagpole began this past week to perform its duty. A formal flag raising with speeches, music and so forth had been planned but the weather was so good that all the time was devoted to flying and the flag had to be raised informally.

WRIGLEYS
Keep WRIGLEYS in mind as the longest-lasting confection you can buy. Send it to the boys at the front.

BAPTISTS WILL GATHER IN CITY FOR CONVENTION

SUNDAY SCHOOL WORKERS ARE TO CONVENE HERE ON APRIL SEVENTH

Some of the most prominent leaders in Baptist work in the south, both in ministerial and educational lines, will be in the city during the week beginning April 7 to attend a Baptist Sunday school convention to be held in Wichita Falls at that time.

The characteristics of the convention and the instruction are included in the work for next week, several courses in practical Sunday School instruction being included in the program of lectures, music and the like. The chief aim of the meeting is the training of one hundred teachers for more efficient service in the Sunday schools.

Among the most well known workers to be in the city are W. P. Phillips, state secretary of the convention work of Dallas, Rev. H. Beauchamp, prominent in the work throughout the South, and Mr. and Mrs. J. L. Black, leaders of the elementary work in the Sunday schools.

Thirteen counties will be included in the district convention and about one hundred delegates are expected. The visitors will be entertained by the members of the church on the Harvard plan, bed and breakfast.

Rev. O. L. Powers is expecting big results in the Sunday school work from this meeting, both in the local situation and throughout the district.

The need of really trained teachers in the Sunday school as in the public schools, he says, is great, and the courses offered in this convention will fill the need with practical and efficient teachers.

Rev. Mr. Powers is planning to follow the Sunday school work up with a church revival, beginning on the fourteenth. He will do the preaching himself, with P. B. McKinney, of Fort Worth as musical director, leading the work of local musicians.

METHODICAL CALM SHOWN IN ENGLAND IN PRESSING WAR

MAN IS RELIEVED OF DUTY FOR VACATION WHEN "IN THICK" OF IT

By K. WALTER
London, Mar. 29—I met a man home on leave at lunch today. "When did you come over?" I asked. "Yesterday. Forty-eight hours ago I was in the thick of it."

These are small matters to send across the ocean as echoes of the great conflict but I believe they will help you to realize better any official assurances the methodical calm with which England's supreme effort for democracy is being conducted.

Will the battle be decisive? Will it bring peace? At the time of writing the best opinion I have been able to consult answers yes to the first and shakes its head over the second.

On the other hand the British plan of a steady retreating and grueling defensive has succeeded and the Allied counter-offensive has not yet been received.

THE ALAND ISLANDS
Washington, D. C., April 1.—Sweden succeeds in reacquiring the Aland islands while all Russia is in turmoil.

Great's navy won its first important victory, defeating the Swedes in 1717. Only about 90 of the 300 islands are inhabited and the fishermen, in the main, are of Swedish descent.

COMMANCHE DANCE IN BATTLE AREA

By George T. Bye
British Headquarters in France, April 1.—It was Oklahoma night at British G. H. Q. We had with us Mr. Glenn Condon, member of the Oklahoma legislature, with whom I have been talking the British front.

"Ok-la-homa!" repeated the brisk London captain who had been risking his neck for several days to show us around the front. "Is that a war whoop or a cough medicine?"

"My town Tulsa is the oil capital of America. That town has more money to the square inch than any town its size in the world. It's as pretty as a picture. I'm a member of the Tulsa park board and I know what I'm talking about.

Among those especially attentive was a British major who had seen much service in India and a captain who had had duty in Africa. They questioned Mr. Condon about the Indians, whether they were ferocious.

Well, it was fine missionary work for Oklahoma, which I tried to divert partially for the benefit of my native Missouri. There seems to be a general sentiment among men at the front that after the war they are going to pull up home stakes and settle in new country, preferably on farms and in towns and small cities.

PRESIDENT FIRM AS TO PURPOSE REGARDING HUNS

STILL DECLARES THAT AMERICA CAN HAVE NO NEGOTIATED PEACE.
By Associated Press.
New York, April 1.—President Wilson has not changed his attitude concerning a negotiated peace with the Central Powers, as expressed in his Flag Day address, his reply to Pope Benedict and his message to Congress on the declaration of war with Austria, according to a letter he has written to Bishop Theodore S. Henderson, of the Methodist Episcopal church, made public here today by the National War Council of the church.

"HARRY, THE VOT," IS KILLED BEFORE GIVING EVIDENCE

(Continued from Page 1.)
between Cohen and the man who shot him, as they stood in the lobby. The boy was not certain which man received the money.
The circumstances in the case recalled those connected with the murder of Elizabeth S. Bennett, a gambler about to be a witness in the inquiry which Governor Charles S. Whitman, then district attorney, was conducting into the criminal association between gamblers and certain police, was summoned to the sidewalk in front of the former Metropolitan hotel and there shot and killed by a gang of gamblers who, it was charged, were hired by Charles Becker, a police lieutenant, to commit the crime. Becker and four gunmen were convicted of the murder and hanged in the electric chair at Sing Sing.

GERMAN LEADERS NOW SEEK NEWS OF AMERICANS

(Continued from page 1.)
"Are the Americans careful and cautious? And are they careful or noisy? What is their behavior during smoke screens? What is their behavior at meal times? When are these? Are they concentrated? How is the behavior day and night? Is there more or less transport of material than formerly?"
Ask As to Relief.
The Germans also want to know whether during relief there are more troops in the rear than is customary with the French and what are the times and sounds of relief. It is said that used infantry and machine gun bullets, unexploded shells, and shell splinters are being collected. The Germans want to know whether the copper rotating bands have sharp incisions, indicating new or worn out guns. The Germans also want to know whether the Germans naturally have found answers to many of the questions but about the others the American expeditionary force believes it still has the enemy guessing.

Fore-runner of Progress
A thousand miles without changing cars; freight from coast to coast; fast express from afar;—all are the outgrowth of a great principle first applied by
WESTERN UNION
when it brought under one system the early unconnected telegraph lines. On this principle of "through connections" all freight, express and sleeping car service is based today.
THE WESTERN UNION TELEGRAPH CO.

An hour early today!
Have you paid your income tax? Past due!

Confidence Rewarded
The confidence of the people of the allied nations in their soldiers at the front now seems about to be rewarded. The German offensive, heralded long by the Kaiser as the beginning of the end of the Allies, is now history and the Allied offensive is only beginning. Germany, say experts, has lost the battle, has failed to gain the objectives for which the tremendous attack was set in motion, and now, battle weary, must face the most formidable attack the entente has yet launched.

Census Takers Fear That Some May Be Missed
Despite care in taking the 1918 census, Misses Imogene and Jewell Brown, census takers, appointed by the board, fear that some may have been missed, through not being at home, or falling to come to the door. The census is now finished but an opportunity is given any parents whose children have not been recorded to get in the names of their children for the census. The census takers may be found at the homes of a large number of children omitted from this year's census are asked to call as soon as possible, so that their names be not left out. The census is now finished but very necessary that all scholastics be accounted for.

Germany Stakes Its Fortune on Spring Campaign
By Associated Press.
Washington, April 1.—Germany has staked its fortune on the spring campaign, says the war department's weekly review of the military situation today and the Allies and the United States must be prepared for fresh attacks at new points if the Teutons fail to achieve victory in the present fighting.
"Germany's higher command," continues the statement, "is apparently determined to force a decision or prove to its own satisfaction that it is unable to do so. We must be prepared in case of his failure to obtain major results in the present theatre of operations, that he will attempt further offensive assaults in adjacent areas."

German Money is Reported Being Given Negroes
By Associated Press.
Jackson, Miss., April 1.—Evidence is being used in Mississippi to encourage negroes to evade the selective draft law, is contained in a report filed by E. K. Ehrbridge, state inspector of local exemption boards, and made public today by the state adjutant general's office.
Mr. Ehrbridge's report deals largely with conditions in Holmes county, where difficulty was experienced in getting negro registrants to report. For the purpose of the school it is reported that a negro church, known as the "Church of God in Christ," pro-German sermons were preached; that the sect, the headquarters of which are said to be in Los Angeles, several months ago erected a \$10,000 church in the town of Lexington, and that the pastor, hitherto an obscure negro preacher, recently built a \$25,000 residence in Memphis.
The report also tells of a meeting held in this church by a foreigner, who during his stay in Louisiana received a code message which has not been deciphered.

Uncle Sam Asks Belgian Pictures for Authorities
Get out the banished picture postcard album and look over your postcards from foreign countries, go thru your books of travel in France, Belgium or Germany, for Uncle Sam is asking for pictures and descriptions of bridges, and buildings in towns, cities and localities in France and Belgium, occupied by the Germans. Those souvenirs of a European trip, yours or a friend's, may be of great value to the intelligence department of the government and the Red Cross will receive all pictures and other articles for which the government has issued a call.
A bulletin has been received by the local Red Cross asking that it procure as soon as possible for use for intelligence purposes photographs, drawings and descriptions of bridges, buildings towns and localities now occupied by the German forces in France Belgium and Luxembourg, and likewise in that portion of Germany lying west of a line running north and south through Hamburg.
Of the material wanted are picture postals, photographs, halftone reproductions and other illustrative matter. All people who have such copies are requested to send them in immediately. They can be either delivered in person or by mail.
The bulletins ask that all leading newspapers that are likely to have in their library files or " morgues " a considerable amount of the matter above described contribute the same to the Protective League. All contributions will be accepted as being given in a patriotic spirit. It is explained that a large quantity of material is desired and may be received without any attempt to avoid duplication. Many copies of the same objects may be desirable in special instances.

Injured Soldiers Carefully Cared For While Recuperating
By Associated Press.
Washington, April 1.—Disabled members of the military service will be cared for by rehabilitation surgeons, even though not expected to return to duty until they attain complete recovery, it was announced today by Surgeon General Gorgas. The inauguration of this continued treatment is expected to result during the war, in the saving to the service of a large number of efficient officers and soldiers.
Additional hospitals for reconstruction work were designated today for the treatment of wounded soldiers at work at the army and navy hospital at Hot Springs, Ark., and base hospitals at Des Moines, Fort Riley, Kansas and Ft. Sam Houston, Texas.

Meatless Days Will Be Abolished for the Month to Come
Meat markets will remain open Tuesday, usually observed as Meatless Day. T. B. Smock, the county food administrator, announces, as E. A. Peden, state administrator has sent out to his county representatives orders that for 30 days Meatless Days will be abolished.

WASHWOMAN DOESN'T SHOW UP SO YOU DECIDE TO SHOW THE WIFE WHAT A CINCH IT IS.
EXCUSES TO THE OFFICE NEXT MORNING—A WORKLESS DAY FOR YOU!
THEN THAT LITTLE MATTER YOU SHOULD HAVE ATTENDED TO—LONG AGO.
Ha! Ha! Ha!
We all like to laugh when the joke is on the other fellow!
Hee! Hee! Ho! Ho!
"An optimist is the man who doesn't care what happens—so long as it doesn't happen to him."
But say—wait a minute—what about your wife?
That tub-suds-scrub-rub business isn't one bit funny in real life. Sprained back, muss, fuss, worry—and looking forward to the same old thing, week after week—is a serious thing after all.
"But—we have a washwoman!" Just as bad—the "joke" is still in your home and you're paying for it.
You never heard of a washwoman going 'round the block to avoid the home with an
ELECTRIC WASHER! Did you?
The roughest, hardest, highest spot—the "peak" load—in housekeeping is the washing and ironing.
But it is almost like magic, the way the Electric Washer and Electric Iron reduce it to the level of a pleasant duty!
Sounds fine. Now if we can make the purchase part just as attractive—in fact easy—nothing stands in the way.
We can. We will. Make us prove it.
Let's surprise the wife next washday.

Developments Over Saturday Favor Allies
The fighting further south was no less violent. Grievances were the subject of powerful attacks which were renewed incessantly, leading to hand to hand fighting. This town remained in the hands of the French, who inflicted considerable losses on the Germans.
Between Montdidier and Lasigny there is nothing to report.

Official
GREAT BRITAIN
London, April 1.—The Germans made two attacks on British positions in the western outskirts of Albert last evening and in both cases were repulsed, the war office announces.
South of the Somme the enemy persisted in his attempts to advance along the Luce and Avre valleys but made little progress.
The number of machine guns taken by the British in their attack near Serre on Saturday was 109.

Large Sum to be Added to Packers Pay Rolls
By Associated Press.
Fort Worth, Texas, April 1.—Federal Judge Alschuler's decision in packing wage arbitration, given in Chicago Saturday, meant an increase of \$1,125,000 in the pay of the men here.

Freight Warehouse Will Close at 4:30
Effective tomorrow, Tuesday, April 2, the Fort Worth and Denton local freight warehouse will be closed for the receipt of freight at 4:30 daily. This order is now in effect in a number of other Texas cities and according to belief M. A. Bundy of the local Denver office, will be permanent and generally observed. This is a war measure, taken to expedite the work of getting freight shipments on the road and will mean a saving of time at the job office of each railroad.

Card of Thanks.

We desire to express our sincere appreciation for the kindness and sympathy shown us by our friends in our bereavement, the death of our father, Mr. and Mrs. Verne M. Clifton Mrs. Maybelle Clifton Spalding.

Card of Thanks.

The relatives of Mrs. R. C. Melver wish to take this means of extending their heartfelt thanks and appreciation to the numerous friends for their great kindness during her illness, and for the beautiful floral offerings and their services at the time of her death and burial.

"Spook" O'Mary and a youth by name of Wright are on trial this afternoon in the county court on a charge of theft from the person.

LENLEY HUMPHRIS MAKES ANNOUNCEMENT TO VOTERS

I was appointed by the United States Marshal several months ago as register of alien enemies for the federal government for Wichita Falls and vicinity. This appointment carried no compensation but I was glad to serve as a patriotic duty. The work kept me pretty close to the city hall so that I was unable to see many citizens in my race for city marshal. I offer this statement, not as a reason why any man should vote for me, but as an explanation why I have failed to see a number of voters and many of my personal friends.

I want all of them to know that I will greatly appreciate their votes tomorrow, and that I will continue to merit their continued confidence and support.

Very sincerely,
LENLEY HUMPHRIS.

R. E. Huff and C. E. Rodgers left this afternoon for Breckenridge, where they will attend a meeting of the executive committee of the Oil Highway. At this meeting reports on the county organizations will be made and a plan of work adopted. Mr. Huff is president of the association.

Income Tax Experts Leave For Austin; Get All Reports

W. B. Hestand and W. S. Michael, income tax experts from the office of the collector of internal revenue at Austin left this afternoon for Austin. Both Mr. Hestand and Mr. Michael received reports on income and profits taxes Sunday, though no reports were made out by them on this day. They also permitted reports to be filed with them this morning. There were only a few late ones, they report and they believe that the county has been thoroughly covered and that practically everyone eligible to the tax has filed a report.

SOCIETY

MR. AND MRS. RAWLS GIVE DINNER TO SOLDIERS

Sunday evening a number of soldiers from Call Field were delightfully entertained with a dinner at the home of Mr. and Mrs. W. N. Rawls, Mesdames Galpher and Humphries acting as joint hostesses.

After dinner a delightful informal musical program was enjoyed. The guests were Sergeants Snell, of Camp Bowie, Laroche, and Tennybaker, and Messrs. O'Neal, Jacobs, Cox, Smith, Lyon, Peterson, McCoy, of Camp Bowie, and Bullock.

KODAKING PARTY IS ENJOYED BY NUMBER

Mesdames Rawls, Humphries and Galpher entertained a number of friends Sunday afternoon with a delightful kodaking party. After several hours outing, the young people were taken to the home of Miss Ruby Edwards where a pleasant social hour was enjoyed and a delicious refreshment course served. Those enjoying the entertainment were Misses Edwards, Kessler, Bolton, Hudson, Lena, Mattie and Annette Humphries, Hess and Mrs. Lewis, and Sergeants Laroche, Tennybaker, and Snell, of Camp Bowie, and Messrs. O'Neal, Jacobs, Cox, Smith, Peterson, Lyon, Bullock, McCoy of Camp Bowie, Williams, White, Rawls and Humphries.

CHLORINATING PLANT WILL BE RECEIVED SOON

ANNOUNCEMENT MADE AT AUSTIN LOAN IS FOR ONLY 30 DAYS.

The state chlorinating plant which was loaned the city by the state of Texas was shipped from Austin last Friday, according to advices from the food and drug commissioner, R. H. Hoffman, who advises the city administration that this plant is only loaned to them temporarily and that they will have to buy another machine. This machine is available for 30 days only, at the present time, Mr. Hoffman states.

This plant is to be installed on arrival at the river, where the pump station of Irish Potatoes is located, and the plans when the chlorinator was requested from the state department.

Mrs. T. B. Smock, City Inspector, Wichita Falls, Texas.

Dear Mrs. Smock: I beg to acknowledge receipt of your letter of March 25th, with report on car of Irish Potatoes enclosed, and I wish to assure you that I appreciate very much your sending me this report.

I am sending you Chlorinating machine by today's express, and I hope it will reach there promptly. Please advise the City Administration that this machine is only loaned to them temporarily, and that they will have to once buy another machine, as I do not think it will be possible for me to loan your city this machine for more than thirty days.

I really think the water supply is one of the most important problems of the day, and I would advise that you take samples from every one there that is selling water. I also want to thank you for my report on the tuberculin test. I am writing the Chairman of the Live Stock Sanitary Commission to send one of the State veterinarians there for making the re-test about April 10th.

With very best wishes, I am,
Your very truly,
R. H. HOFFMAN,
Food and Drug Commissioner.

Resolutions of Respect
Whereas, the Great and Supreme Ruler of the Universe has, in His infinite wisdom, removed from among us one of our sisters, Mrs. Rosa Kendig, and whereas, the members of Wichita Rebekah Lodge No. 236 have lost a faithful and valued member, it is befitting that we regard our appreciation of her; therefore be it

RESOLVED, that her loving service and companionship will be held in loving remembrance by this lodge. Be it also

RESOLVED, that with deep sympathy with the family, we express hope that even so great a loss to us may be overruled for good, by Him who doeth all things well. Be it further

RESOLVED, that a copy of these resolutions be spread upon the minutes of our lodge and that a copy be printed in the local paper, and that a copy be sent to the bereaved family.
MRS. MAGGIE DILLARD,
MRS. FANNIE COLBERT,
MRS. CORA JOHNSON,
Committee.

TODAY'S MARKETS

REPORTS OF RAINS DO NOT PUT DOWN PRICE OF COTTON

New York, April 1.—Reports of rains in the south have caused some scattered selling in the cotton market at the reopening today but the offerings were well taken by trade buying and after opening six to 25 points higher, active months sold 15 to 22 points above Thursday's closing figures. The feeling appeared to be, however, that there has been nothing but temporary relief from the serious winter drought and spinners were reported to be calling considerable cotton on the advance to 32.45 for July and 31.18 for October.

Demand tapered off around 32.47 for July and 31.23 for October, or about 25 to 35 points above Thursday's closing figures. Reactions of 9 or 10 points followed under realizing but there were very few contracts for sale and the tone was generally steady late in the morning. Buying by trade interests was the feature on the advance and was accompanied by reports that spinners were fixing prices or buying against further sales of goods to the government.

Cotton futures opened steady: May 32.80; July 32.25; Oct. 31.04; December 30.85; January 29.76. Covering became more active during the early afternoon and for a time the market was almost sensationally excited with all deliveries making new high records for the season. May sold to 32.50 and July to 32.90, or 76 to 78 point net higher since October touched 31.45 or 47 points above Thursday's close. The more urgent demand subsided at this level and later fractions were somewhat irregular as a result of realizing. Cotton closed firm.

New Orleans Cotton. New Orleans, April 1.—The price of cotton was advanced by 2 1/2 points in the first half hour of business here today on buying based on a better feeling regarding the situation in France. Offerings were moderate from all sources.

Cotton opened steady. Opening bid: May 31.56; July 31.04; Oct. 29.98; Dec. 29.72; Jan. 29.81.

Reports of a large demand for cotton goods and comparatively large mill takings for last week, 202,000 bales, increased the inquiry for contracts. In the trading up to noon the advance was widened to 25 to 45 points.

Cotton closed steady at an advance of 45 to 55 points.

New York Stocks. New York, April 1.—Reassuring advices from the western battle front served largely to strengthen prices in today's early stock dealings. No indications of public participation were visible however, in the small volume of business. United States Steel and Standard Oil were conspicuous features with the copper group at average gains of a point. In a few instances, notably General Motors and Texas Company, advances approximated two points. Liberty bonds were irregular.

The heaviness of automobile shares at extreme recessions of 1 to 2 1/2 points unsettled the general list in the early afternoon. Reading and other rails yielded large fractions to a point and low priced specialties developed reactionary tendencies.

The increased heaviness of motors in the last hour was balanced by further gains in tobacco and a moderate inquiry for Central Weather and American Telephone. The closing was firm. Liberty 3 1/2's sold at 98.90 to 99, first 4's at 96.92 to 97.06 and second 4's at 95.90 to 97.06.

PRICES OF GRAIN SHOW STEADINESS THROUGHOUT DAY

Chicago, April 1.—Grain prices showed steadiness today apparently awaiting military developments in Picardy. Corn started a trifle easier influenced by favorable weather but soon rallied as a result of scattered purchasing. Opening prices, which exhibited 1/4 cent decline, with May 82 1/2¢ were followed by a rally to above Saturday's closing figures.

Auspicious field conditions had only a transient bearish effect on prices. Provisions weakened owing to a falling off in shipments. Besides, hog arrivals here for March were showing to have been more plentiful ever known for this time of the year.

Subsequently an upturn of the hog market led to a rally, especially in lard.

| | OPEN | HIGH | LOW | CLOSE |
|-----------|----------|--------|----------|----------|
| CORN | 1.25 1/4 | 1.26 | 1.24 1/4 | 1.25 1/4 |
| WHEAT | 84 1/2 | 85 1/2 | 83 1/2 | 83 1/2 |
| BARLEY | 89 | 89 | 87 1/2 | 87 1/2 |
| PORK | 47.60 | 47.70 | 47.45 | 47.65 |
| LARD | 25.70 | 25.85 | 25.60 | 25.85 |
| BEANS | 25.75 | 25.95 | 25.65 | 25.95 |
| RYE | 24.50 | 24.50 | 24.17 | 24.35 |
| BUCKWHEAT | 24.80 | 24.80 | 24.60 | 24.75 |

Kansas City Cash Grain. Kansas City, Mo., April 1.—Corn: No. 2 mixed 1.55@1.63; No. 2 white 1.75@1.78; No. 2 yellow 1.65@1.75; Oats: No. 2 white 88 1/2¢; No. 2 mixed 84@85.

Sugar Market. New York, April 1.—Raw sugar steady, centrifugal 6.00¢; molasses nominal. Refined steady: cut loaf 89¢; crushed 87¢; mould "A" 79 1/2¢; "B" 82¢; "X" powdered 76 1/2¢; powdered 76¢; fine granulated 74 1/2¢; diamond "A" 74 1/2¢; confectioners "A" 73 1/2¢; No. 1, 73¢.

Fort Worth Livestock. Fort Worth, April 1.—CATTLE: Receipts 2,500; steady. Heaves \$8.50@13.00; stockers \$8.00@10.25; heifers \$7.00@12.75; cows \$6.90@10.50; bulls \$6.00@9.00; calves \$7.50@12.75. HOGS: Receipts 4,000; 10 to 15 cents up. Heavy 16.90@17.05; light 16.75@16.90; medium 16.50@16.75; mixed 16.00@16.50; common 15.25@16.00; pigs \$9.50@16.85. SHEEP: Receipts 2,500; strong. DANCERS WHO WILL BE SEEN HERE

Miss Stef Anderson and Edwin Stanley, famous dancing experts with the Victor Herbert musical comedy success, "The Princess Fair" at the Wichita Theatre on Saturday April 6th. Matinee and night.

Continued efforts to reach the highest possible perfection in the training of the men at Camp Travis are resulting in a combination of mental and physical training which will produce both a superior soldier and a more efficient man after the war, according to statements made by authorities at the camp. Major General Henry T. Allen, commanding the 1st Infantry division, declares that positive proof of the necessity of both mental and physical training was given him in a recent visit to the allied armies in the front, where men in every rank must have a clear and active brain as well as well trained body. Major General Allen believes that in the independence and the clearness of the brain of the allied soldier, he found the secret of the success of the armies of England and France, and he states that he is introducing the elements of training into the work at Camp Travis with men and women soldiers in our own army. Officials at the camp have invited friends and relatives of the men to visit the camp and to bring with them any and all material that visitors are universally carried at the good surroundings and treatment of the men as well as with the advantages offered in the splendid training.

In an effort to secure the greatest possible service from all limited garments and to do away with all chances for German propaganda, the authorities at Camp Travis will collect all Red Cross knitted garments this spring and take charge of them until the cold weather brings the need of warmer clothing.

Lord Rhouda, who is the Hoover of the business over here, is the son of a grocer and everybody who could find anything else to grumble about said that it was a mean trick to put a man like that in control of the nation's eats; but somehow he has succeeded in persuading even the upper classes that it's precisely because he knows the food business from the inside that he has been able to manage the rationing of England without favoring anyone but the soldiers and the sailors and the women who are working outside England for the army and the navy.

Lord Rhouda was one of the survivors of the Lusitania. I guess you remember because he said in the first issue of his little paper that he had picked up that the rest of his life he dedicated on the spot to serving his country. He certainly is working hard these days and he has not forgotten to send periodic messages to the men at the front telling them how things are going and assuring them that their families are not going to suffer.

No One Makes Complaint There isn't anybody who is making complaint that the rationing is eating so well. God knows they need it for the work they have to do. The only thing I have heard is that our particular rationing system has not leave last made us promise not to send him anything more to eat because he swore they had ever so much more than he needed. He may have butter for every meal, eggs, milk, meat by the half and quarter of any sort, but he has plenty of sugar and chocolate and coffee. So we shall have to figure out what we can now send that will be acceptable. Incidentally the food shortage has meant an enormous reduction in the packages sent out to the front and an easing up of the terrific strain this was on the Postal department. This was shown first at Christmas time when private persons were forbidden to send plum puddings to the forces, the government providing every soldier in the army with a plum pudding.

All Vegetable Diet Bernard Shaw, the notorious vegetarian, has been writing articles about the advantages of an all vegetable diet and it strikes me that the easiest and pleasantest way to manage the present shortage is for us who are not manual workers to renounce our meat and eat vegetables and oat vegetables and what nuts and cheese we can lay hands on. But this last is easier said than done for there isn't a bit of cheese in the shops and the only way to get it is from outside the rationed area. There are of course ration cards to this, but in London and the adjoining counties it is only the preliminary to rationing the whole country, and naturally the outside districts are not going to send away all their provisions, especially when they are not allowed to charge more than the price set by the government.

At present the situation stands like this: Every grown-up has a food card which contains four coupons for each week. Each of the first three coupons represents a ten cent value in any fresh meat, mind you, not a weight but a money value. The consequence is that there is no chance of getting more meat, however you twist it. You are allowed to use all three coupons at the same time if you like and get your third coupon for a pound of beef, fourth coupon for a pound of mutton, fifth coupon for a pound of chicken, rabbit, venison, horsefish or game, and various in amount from that to the government half ounces. The week's ration of chicken is about equal to half of a medium sized bird uncooked.

If you want to eat mutton you draw just one chop a week. There is no lamb. But if you can content yourself with "official" meat, the government expropriation, not mine, you get quite a large amount of heart, kidneys, liver, sweetbreads, or other disagreeable in which I prefer not to sample even if there is a war on.

GREAT VIGILANCE ASKED OF PARENTS DURING CONFLICT

Discussion of the necessity of increased vigilance on the part of parents, schools and other agencies which play a part in the growth and development of child life, on account of the war, formed the central theme of the convention of the First District Congress of Mothers, which adjourned Saturday evening, after a three day's session in Denton. According to Mrs. J. W. Lee, president of the First District, who with Mrs. J. Russell and Miss Grace represented Wichita Falls at the convention, there has never been a more enthusiastic or more generally beneficial meeting held in the First District.

Addresses Congress. Dr. Giddings of Columbia University addressed the Congress, Friday evening on the subject of "America After the War" and a reception was given at the Normal building in honor of Dr. Giddings and the representatives of the district. The delegates were also entertained at C. I. A. and many courtesies shown them during their entire stay by the Denton people, according to the returned delegates.

The Congress heard Mr. Hume of the Treasury Department at Washington on the subject of war savings and thrift stamps and the necessity of providing money for the war by lending to the government through Liberty bonds and savings stamps. Mr. Hume explained that "the means" was not successful, the government would be forced to tax the people heavily, and then their money would be gone if paid out in taxes, instead of being interest on their money if it is loaned to the government.

Will Push Sale. All members of the Congress agreed to push the sale of War Savings and Thrift Stamps in their communities as much as possible.

Plans were made for the Child-Welfare Campaign which is to start next Saturday, April 6, with Mrs. A. E. Waters of Port Worth as state chairman. This campaign will be in the main educational, impressing upon the public the necessity of conserving child welfare especially during the present war, for the sake of the nation's future men and women.

There were about 75 delegates present.

SAVING OF HAY URGED BY ARMY OF ALL FARMERS

The necessity and advantage of saving all wild hay, and straw from wheat, oats and rye for the army this season, is brought out in a letter from General G. W. Goethals, acting quartermaster general of the army, written to the bureau of markets, and a campaign urging the marketing of these materials is advocated by that department. According to General Goethals the needs of the army for straw are very great and the farmers throughout the country are urged to lend their support and cooperation in this work. The letter from General Goethals follows in part:

AFTER THE WAR—WHAT?

London (by mail).—While England is straining every nerve to do her part of the job in France she is at the same time preparing for reconstruction after the war, and this goes on the Ministry of Reconstruction is taking up one after another of the after-war problems and preparing the ground for the social and industrial changes which will be something in the nature of a revolution in British industry.

The factory acts as they are called, which before the war governed the hours and conditions under which women worked in England, were suspended, one after another, at the beginning of the war so that any industry engaged in war work might have freedom to get the utmost of productivity out of the workers.

Before the war legal hours of work only affected women and girls engaged in industry, children under fourteen were not allowed to work full time but in the textile trades they were permitted to put in half time, in other mornings or afternoons of 1 1/2 hours without rest, and night trades the hours were 10 1/2 hours a day and 7 1/2 hours on Saturday, making a total of 60 hours a week; in the textile trades 10 hours a day, 5 hours on Saturday, making a total of 55 hours a week. In the textile trades workers were allowed only spells of 1 1/2 hours without rest, and at least it was required that "women should not be employed between the hours of ten at night and five in the morning."

Continuous work, that is day and night, is now customary in war industries, shipbuilding and munitions factories and whereas a year ago it was almost universally divided into two shifts of 12 hours each, now, in consequence of a series of exhaustive experiments carried on by the most eminent scientists of the country, these shifts are being divided into three of eight hours each and the output is being "doubled" and some places trebled in consequence.

The Ministry of Reconstruction gives free lectures weekly dealing with industrial hygiene, housing, industrial workers, and food in its relation to output. Lectures are sent all over the country by the government to spread the knowledge which is being gained day by day regarding the scientific management of factories and munitions shops.

To give one or two examples which have been proved over and over to be correct: in the first place, the first requisite for a maximum output is a scientific selection of workers. This is how industry is being run today, for example as the one used in ball bearing factories. The applicant is shown a number of objects, one of which is defective. The inspector shows the defect the process a button and only those who register within a given time are qualified.

FACTORY WAS WORKING TEN AND A HALF HOURS A DAY

This is partly the reason why great numbers of girls are being turned out of munitions factories every week, why it is increasingly difficult for girls to pass the entrance tests in the great munitions works and government controlled factories. Incidentally it accounts for the increasingly higher wages offered for work which before the war was not considered skilled. The simplest processes are being subjected to scientific tests and only those who are qualified to execute them are engaged.

Also it is a well known fact that the health of the nation has grown steadily better during the war; child mortality is decreasing month by month and the government is looking forward to a reconstructive period when suitable and well paid work, scientifically adjusted hours, and proper housing will be the universal condition of industrial workers. There is even under official consideration the proposal to give two holidays at the end of the week instead of Sunday only; up to the present the factories and plants which have tried this new system have demonstrated a greatly increased output and a standard 10 per cent higher than similar factories working six days a week.

VERDICT OF MANSLAUGHTER FOUND IN WOMAN'S CASE

Wakeney, Kansas, April 1.—A verdict of manslaughter in the third degree was agreed on early today by the jury in the second trial of Miss Madeline Briggs for the killing of Mrs. Ethel Fisher January 28. The court was to announce sentence today. Mrs. Fisher was shot and killed at Cuyler, Kansas, by Miss Briggs, an 18 year old girl, who asserted Mrs. Fisher had annoyed her invalid mother by repeating gossip.

FOURTEENTH CAVALRY GOES OVERLAND TO CAMP AT SAN ANTONIO

By Associated Press. Eagle Pass, Texas, April 1.—Business was suspended and flags were flown today when the second squadron of the Fourteenth United States Cavalry under command of Major E. C. Wells left Camp Eagle Pass for Camp Travis, San Antonio. The squadron will march overland, it will meet a squadron at Uvalde from Del Rio where the two squadrons will march under one head to San Antonio.

If it takes only a comfortable mattress to induce it.

LAKE WICHITA IS VISITED SUNDAY BY LARGE NUMBER

Lake Wichita, though only in effect of its former self, proved a great attraction Sunday and all afternoon. The park and grounds were thronged with people viewing the glory that was Wichita and the grounds that was built. The site of Wichita had got a good deal of water in the lake, there being some such a small amount in the lake that the results were very noticeable, and the end of the lake is now surrounded by water.

Grandfield Women Given Blue Ribbons Result Good Cooking

As judge of the best work in a food conservation cooking exhibit held on Saturday afternoon at Grandfield, Oklahoma, Miss Sallie Oliver, local county food demonstrator, awarded a blue ribbon certificate for excellent work to about sixteen contestants. Miss Oliver declares the work splendid, and the community one of the most enthusiastic and patriotic she has witnessed. After the exhibition, all the entries had a number of other prizes awarded at auction and the proceeds amounting to \$7.00 were turned over to the Grandfield chapter of the Red Cross. Members of the Red Cross units of Grandfield and the surrounding communities were the principal participants in the exhibition.

Jury Being Secured to Try 113 I. W. W. Members in Chicago

By Associated Press. Chicago, April 1.—The work of selecting a jury to try 113 members of the Industrial Workers of the World on charges of violating the Espionage Act was begun in the United States district court today before Judge K. M. Landis. A special venire was ordered by Judge Landis, and attorneys for both sides predicted that at least a week would be required in obtaining a jury.

SCOUT COUNCIL TO BE TAKEN UP TUESDAY EVENING

SESSION WILL BE HELD AT 8 O'CLOCK AND ALL INTERESTED INVITED TO ATTEND.

An invitation has been extended to business men of the city who are interested in boys in general and in the Scout movement in particular to be present Tuesday evening at 8 o'clock at a meeting to be held in the headquarters of Scout Troop No. 4, where organization of a Scout Council will be drafted. J. F. Hilton of Dallas, one of the leading Scout workers in the state will be in Wichita Falls at that time and will address the Scoutmasters in getting the council started. Mr. Hilton was here several days last week and started a movement toward a wider interest in the Scouts among the grownups of the city by talks at the Rotary Club and at the Wichita Theater.

Chapman Ends Walk Totalling 15,000 Miles to Baltimore

Chicago, April 1.—W. S. Chapman, 72 years old, is here today, having lately yesterday completed a fifteen thousand mile walk. Chapman starting from Baltimore, Md. March 9, 1916 on his long hike to win a wager of \$5,500 put up by a club in New York.

OLD MATTRESSES MADE NEW.

A faulty uneven mattress makes a good night's sleep impossible. Let us make over any such mattress you may have in mind. We'll return it to you not just as good but better than it was when you bought it new. And as to our own special make, we will not only guarantee its substantiality, workmanship, but guarantee you a good night's sleep if it takes only a comfortable mattress to induce it.

LAKE WICHITA IS VISITED SUNDAY BY LARGE NUMBER

Lake Wichita, though only "a ghost of its former self," proved a great attraction Sunday and all afternoon the pavilion and piers were thronged with crowds viewing "the glory that was Greece and the grandeur that was Rome." The rain of Friday had put a good deal of water in the lake, there having been such a small amount in before the rain that the results were very noticeable, and the end of the pier is now surrounded by water, though the fishing piers have no water even at the base.

ing of any sort, and some of the men, who hail from the Pacific coast were having great sports frolicking in the bed of the lake.

Grandfield Women Given Blue Ribbons Result Good Cooking

As judge of the best work in a food conservation cooking exhibit held on Saturday afternoon at Grandfield, Oklahoma, Miss Sadie Oliver, local county food demonstrator, awarded a blue ribbon certificate for excellent work to about sixteen contestants. Miss Oliver declares the work splendid, and the community one of the most enthusiastic and patriotic she has visited. After the exhibition, all the entries and a number of other products were sold at auction and the proceeds amounting to \$140 were turned over to the Grandfield chapter of the Red Cross. Members of the Red Cross units of Grandfield and the surrounding communities were the principal participants in the exhibition.

Jury Being Secured to Try 113 I. W. W. Members in Chicago

Chicago, April 1.—The work of selecting a jury to try 113 members of the Industrial Workers of the World charged with violating the Espionage act was begun in the United States district court today before Judge E. M. Landis. A special venire was ordered by Judge Landis and attorneys for both sides predicted that at least a week would be required in obtaining a jury.

MEMORIAL
"IT IS WONDERFUL how an envious competitor will endeavor to malign the reputation of the successful, thinking by their jealousy to influence business in their favor. Happily, the false statements act as a detriment even when they come to the attention of strangers to us. With 10 years service in Wichita, we can substantiate every statement we make."
—Wichita Marble & Granite Works

THERE IS A HUN CARBUNCLE

on the World's neck, and its got to be extracted. It's going to hurt, and hurt like the dickens, but it's got to be done. But, as Mother used to say when I had to have a tooth extracted, "It will feel so good when it's all over"
