

LOAFERS OF COUNTY GIVEN WARNING BY EXEMPTION BOARD

MEN BETWEEN 20 AND 50 YEARS MUST EITHER WORK OR FIGHT

"ENLIST OR GET ON JOB"

Body Points Out That Labor is Now Badly Needed Over Country and Wages Good

Addressed to "The Loafers of Wichita County between the ages of 20 and 50," the Local Exemption Board today issued the following statement, which forecasts opening of a great market similar to that already put in force in northern cities, in this city and other parts of the county, where men may be in the habit of being habitually unemployed:

Board's Statement
"For some time the Government has been complaining of the shortage of labor and directing the local Board not to disturb the agricultural department of their districts, but to take from the lines of business which are not necessary for the maintenance of the military strength of this country the men to fill out their quotas.

"There is no shortage of labor in this country. In fact, there would be a surplus if the idle men would go to work, especially in towns the size of Fort Worth, Dallas, and Wichita Falls, and the local Board are expecting orders from the Department to direct all civil officers in their districts to take charge of these idle men and see that they go to work. It is going to be up to the citizens of each community to handle this idle labor, as the Government is occupied in other branches of the Department trying to organize an army sufficient to protect the interests of the United States with the Allies in France.

Enough Idle Men
"There are enough idle men in Wichita county to fill all of the farm land in cultivation, after this county's quota has been filled for the next year or three years. On the other hand, there are a number of men who were placed in deferred classification on account of dependents, who will be put in Class 1 and sent to the front as fighting men unless they get into some useful employment. Whether your claim was just or not, it is a claim that your dependents are hanging on to your labor 'for you labor not.' Then, there are a number of men in this town between the ages of 20 and 50 who have not worked for some time, but you to my knowledge, whose faces are as familiar on Ohio and Indiana Avenues as the Avenue themselves, and if you continue to loaf around these streets, you are going to force the Government to have all men registered up to the age of 60, and have them drafted into the army or into the navy, and you probably in that way work hard labor on some innocent man, because you see fit to continue to loaf. It is certain that this bunch of loafers cannot continue to hang around the pool halls and saloons and force a shortage of labor while we are sending the best men of this country to the army.

Uncle Sam Will Handle Job
"If the outraged women and bleeding men in France and England have not awakened some manhood in you, then it is up to Uncle Sam to take and use you in some way, if for nothing else than to make gun wadding. For my part, I had just as soon have the enemy Germans running loose and destroying our elevators and warehouses so as to have some food wasted and consumed and filtered through the bodies of trifling men like you. In either case the food of this country is wasted, and the former would be more sanitary in my judgment, for the most important reason of war we have at this time is meat and breadstuff, and that we must conserve.

"Now, I think it is time for you loafers to get a hint of some kind of employment for the good of the whole people, and the quicker you give Wichita Falls the high ball, the better it will be for both you and the Government. I hope municipal and civil officers will take this matter up and force you to either get out and work or join the Army and fight, unless they are related in some way to the cause or at least sympathize with the same disease that you have. Some thing must be done, and the good people of this country are doing all they can, and do not see any way out except that you go to work. This is fair warning for you to get busy."

EVERY MEAL A POISONOUS INJECTION
Few folks suffering from kidney and bladder troubles ever think that the meals which they are taking are hastening their death. Every morsel of food taken gives up its quantity of uric acid. This poison is taken into the system through a diseased condition of the kidneys and bladder. In the healthy man nature provides an outlet for this poison. Those in ill-health must take a medicinal help to drive this death-dealing poison from the system. For over 200 years GOLD MEDAL Haarlem Oil Capsules have been doing this work. They effect prompt relief from the disease arising from kidney and bladder troubles. Don't put off this vital matter of attending to your health until it is time to make your general arrangements. Get a box of GOLD MEDAL Haarlem Oil Capsules today. Look for the genuine. Your druggist sells them. They are guaranteed or money refunded. Insist on GOLD MEDAL Brand.

Pioneer Texan Dies After Brief Illness In Iowa Park Section

Special to The Times.
Iowa Park, Tex., April 9.—J. M. Van Horn, 80, pioneer Texan and long time resident of the Iowa Park section of Wichita Falls, died at his home a few miles west of this city last evening, after a brief illness. Mr. Van Horn, who is a large property owner has a host of friends in many parts of the state who will regret to learn of his death.

He leaves three sons, Robert, Jesse and Charles, and one married daughter. The hour of the funeral has not been determined.

Harry Buren, of Archer City, who underwent an operation for appendicitis at the General Hospital Monday, is reported doing nicely. Mr. Buren was at one time with the Wichita Traction Company here.

STANDARD CLUB WILL MEET WEDNESDAY

The Standard club will meet at the home of Mrs. Harvey Harris, 1714 10th, on Wednesday instead of at the home of Mrs. John Davenport as previously announced.

EPISCOPAL GUILD GIVES PARISH PICNIC

About seventy five members and friends of the Church of the Good Shepherd enjoyed the parish picnic given by the Guild of that church on Monday evening.

A delicious supper was served in the popular picnic style, with pleasing results from the "measuring" system of payment which was employed.

FIRST CHRISTIAN CHURCH RED CROSS UNIT MEETS

The First Christian Church Red Cross unit was organized under the direction of Miss Willie May Kell at the meeting of the Ladies Aid of that church on Monday afternoon. The organization will meet for work all day each Monday at the church, continuing the Friday work already begun in addition to the new order.

The usual business affairs were disposed of in the short business session held yesterday afternoon.

FLORAL HEIGHTS LADIES AID HOLDS MEETING

Members of the Ladies Aid of the Floral Heights Presbyterian church met for regular work at the church Monday afternoon. The Bible lesson was conducted as usual. The members busy with quilting work the while. Several hours were spent in the work on Monday.

INTERESTING PROGRAM BY MISSIONARY SOCIETY

An interesting program was carried out at the regular monthly meeting of the Woman's Home Missionary Society of the First Methodist church held at the home of Mrs. E. V. Friberg Monday afternoon. Devotional services were led by Mrs. Friberg, after which the lesson on "Alaska" was taken up. Mesdames G. E. Friberg, O. B. Ross, and A. L. Thorberry read splendid papers on the subject. The meeting closed with a short business session in which regular routine matters were discussed.

MISSIONARY SOCIETY TO ENTERTAIN SOLDIERS

Invitations are being issued today to the men at Call Field and to a

number of local young people by the members of Circle No. 2 of the Missionary Society of the First Methodist Church, south, the "Over the Top" division, who will entertain at the church on Saturday evening, April 13. Special plans for a splendid program are being perfected. The church will be decorated and an unusually delightful evening is promised.

INTERESTING PROGRAM GIVEN BY METHODISTS

A program of unusual interest and benefit was enjoyed by a number of members of the Mission study class of the First Methodist Church, south, in the regular monthly meeting at the church Monday afternoon.

The following discussions from "The African Trail" led by Mrs. D. J. Carithers were ably developed:

Chart lesson—Mrs. D. J. Carithers.

"The Traders"—Mrs. J. W. Akin.
"Experiences of Missionaries"—Mrs. P. P. Langford.
"The Missionary, the Vagabond of Christ"—Mrs. T. P. Adams.

Alleged Spy Is Held In Salt Lake City by Men of Secret Service

By Associated Press.
Salt Lake, Utah, April 9.—Carl von Haasmar, alleged spy and former secret agent on the Pacific coast of the Austro-Hungarian embassy at Washington, better known in the west as "Chauncy Hollander," expert telegrapher is in Salt Lake City today, having arrived from Prescott, Ariz., in the custody of the United States marshal and is held in jail for the Department of Justice.

It is alleged Haasmar was caught in Arizona in the act of attempting to get into Mexico where it is said he was making arrangements to establish a radio station through which to furnish secret German agents with information of military movements in the United States.

C. D. Shamburger left today to attend the convention of Texas Lumbermen which meets in Dallas.

British Government Is Warned by Dublin Against Irish Draft

By Associated Press.
Dublin, April 8.—The corporation of the city of Dublin today adopted a resolution warning the British government against "disastrous results of any attempt to force conscription upon Ireland."

violently by every town and village in Ireland.

An addendum to the resolution requests the lord mayor to invite John Dillon and Joseph Devlin Nationalist leaders; Prof. De Valera, and Arthur Griffiths, Sinn Fein leaders, and representatives of the Irish trades union congress to meet him in conference to plan united Irish opposition to conscription.

Only one case came up in police court this morning. The prisoner was charged with drunkenness and was

What Does It Cost To Clean and Press a Suit of Clothes? As shown by figures given the National Cleaner and Dyer by the leading cleaners of the United States, who have made a careful and conservative estimate, it costs an average of \$1.20 to clean, press and deliver a suit of clothes. We have lots of money invested that the general public never realizes, however, we have tried to keep our prices down. But, in view of the fact that all chemicals and everything we use is advancing every day; gas has doubled in price, and the dollar has depreciated in value until our employes are forced to demand almost double their usual salary in order to live, we the undersigned cleaners, feel that we are not only forced, but justified in making a slight advance in some of our prices, beginning Monday, April 8th:

UNCLE SAM GAINS IN FORSIGHT

Countless lessons are being taught Uncle Sam every day the war continues and some of them have been sorely needed in years past.

For instance, the coal shortage last year could not have occurred, in spite of the severity of the weather, had preparations been made the summer before for "any eventuality."

But the people of the country had for many years led a from-hand-to-mouth existence. Individuals left matters of this kind to the retail coal dealers; the retail coal dealers relied upon the wholesalers; and the wholesalers counted completely upon the mines to produce in sufficient quantity and upon the ability of the railroads to transport the products when the need appeared.

That was the old style. But mark you the new one! State Fuel Administrator Blair, at Dallas, is already planning for the fronts of another winter, almost before the snows of the last have melted and the trees budded out. He is warning, with the voice of government authority, all retailers and jobbers that their orders for next winter's supply of fuel must be forthcoming this summer, in order that the railroads may handle same during the generally idle summer months, clearing the tracks and releasing rolling stock for other traffic during next fall and winter. He is securing data upon the average consumption of various communities each year, and retailers are warned that if they expect to continue in business next winter, they must be prepared well in advance. Their store houses must be filled this summer, and if their present storehouses are not large enough, they must be added to.

Whether in war or peace, this is a valuable economic forward step. There are many departments of government which have been found essential during the war. Many of these will be found most valuable during the peace that is to come. The fuel administration is one of these and we believe that when the war is over it is going to be found wise to continue some such organization with the view of coordinating the activities of all concerned in so vital a factor in the nation's economic welfare as heat producing.

Uncle Sam is beginning to get his business on a systematic basis, and in the future this is going to prevent the money grabbers and profiteers from sending prices skyward at a moments notice upon the flimsiest excuse in order that they may fatten on the pittance of the poor.

Uncle Sam is gaining foresight, and all business men know that Foresight is essential to good business.

TWO FT. W. & D. MEN LEAVE CITY FOR SERVICE IN ARMY

Two more of the young men of Wichita Falls are on their way to join the colors. Both are railroad men and both were employed as clerks in the freight offices of the Fort Worth & Denver. An Agent Marvin A. Bundy said this morning: "The railroads sure are doing their share and so is Wichita County."

The two latest recruits to Uncle Sam's army, left here evening for Jefferson Barracks, St. Louis. Mr. Ocke has been in the service of the Ft. W. & D. here for about one year. Mr. Townsend has been in the railroad service here for five years.

"They were both good men," said Mr. Bundy this morning. "Townsend had been with me here steadily for five years. His family home is Weatherford, Tex. and he showed a good deal of grit in going when he did, for he went home and buried his mother just before he left for St. Louis. They'll both do good service for Uncle Sam."

CANNERY TO BE ESTABLISHED IN CITY FOR PEOPLE

COMMUNITY EXPECTED TO DERIVE BENEFITS FROM ITS OPERATION

TOLL TO BE TAKEN OUT

Individuals Will Bring in Products and Be Expected to Assist in Putting Them Up

The Chamber of Commerce will underwrite a co-operative community for Wichita county as a food conservation measure. The cannery will be in charge of an expert. Cans will be furnished at cost and either a fee of a small sum for each can or a toll of the products canned will be taken for the service. The equipment and the cans will be supplied by the food conservation department of the A and M College. A steam process will be used. Those who bring products to be canned will be expected to help in their preparation.

Mrs. Marshall in City Mrs. Marshall representing the A and M College presented the matter to the directors of the Chamber of Commerce at the regular weekly meeting of the body this morning. On motion of Mr. Kell a resolution was adopted accepting the proposal and pledging the efforts of the Chamber of Commerce to get behind the enterprise and stand behind it, not only with its financial responsibility, but with its efforts to see that there were food products to can.

The directors also voted that the organization should assume responsibility for certain expenses for Miss Oliver in connection with her work to encourage home canning and poultry raising, at least, until it was seen what action the county commissioners would take toward appropriating money for these expenses. Mr. Curlee, in bringing the matter before the directors said that after Miss Oliver had paid her expenses she had very little or nothing left out of her salary.

The roads committee reported that a committee from Granfield, Oklahoma had laid before them a proposal for concrete bridge north of Burk Burnett, the cost of which was estimated at \$120,000, of which Wichita Falls was asked to subscribe \$100,000. The secretary was authorized to communicate with the authorities at Washington to learn whether the government would make an appropriation for the bridge as a military measure.

Appropriation Voted An appropriation of \$25 was voted to bring Editor Musselman, of the Texas School Journal here for lectures to the students and teachers of the public schools and for a free lecture at night to the general public on the subject of "The School and the Future of Democracy." Mr. Musselman is coming here to visit the schools with the view of writing an article on the public school of Wichita Falls to appear in the Journal. An appropriation of \$100, or so much thereof as needed, was voted to buy a cup to be given to the champion school in the district interscholastic meet at Henrietta on April 13. Messrs Harvey and Noble were appointed as a committee to buy the cup.

A committee was appointed to finish the collection of money subscribed for the purchase of the site for the Northwest Texas Insane Hospital for which bids are soon to be asked. Messrs R. O. Harvey and B. D. Donnell were named as a committee to commend a correspondent here to the Oil and Gas Journal and the Oil City Derrick.

Wichita Falls athletes and contestants in the literary events of the county interscholastic meet, went to Electra this afternoon to participate in the county meet, which is finally being held after having been postponed twice on account of the weather.

Winners at this afternoon's meet will be representatives of Wichita county in the district interscholastic meet, to be held Saturday, April 13, at Henrietta.

The program of the meet has just been announced. Friday evening, April 12, a reception will be given for all visitors and judges at the First Baptist church of Henrietta, from 8 to 10:30. On Saturday morning the literary section of the meet will be held at the school building, the spelling contest starting at 9:30. The debating preliminaries will be held from 10 to 12. The athletic preliminaries will start at 8:30. In the afternoon, beginning at 1:30, the finals in athletics will be held, and Saturday evening the final contests between the debating teams and the declamation contest will be held. The awarding of prizes will take place at the close of the night events. Four loving cups will be given, one each for Class A and Class B athletes, one for debate and one for the senior girls declamation. A five dollar gold piece will be given for the boy declamation winner. Several other prizes will be given in other events to be decided later.

Special to The Times. Iowa Park, Texas, April 9.—Injured when the automobile in which she, her husband and a friend were driving from Memphis, Tex. their home town, to Fort Worth for the grand military review to be held Thursday, Mrs. F. C. Bramley today lies at the point of death in an Iowa Park hotel. The accident occurred on a stretch of newly worked road five miles west of this city late last evening.

Neither Mr. Bramley nor his friend was seriously hurt, although both show bruises, but Mrs. Bramley is believed to be injured internally. The car was completely wrecked.

Winn Returns Home Following Visit to Road's Headquarters

Albert F. Winn, general freight and passenger agent of the W. F. & N. W. was back at his desk this morning after a visit of several days at headquarters in St. Louis.

"My trip was purely a business one," said Mr. Winn this morning "but I did notice one big feature in St. Louis and that was the enthusiasm there over the present Liberty Loan drive.

"They had a big plan there to rouse the city to real patriotism. A big parade was planned for Saturday, to start the drive, but the parade had to be postponed on account of a heavy rain storm. The result was a postponement of the parade until Sunday, with a start on the real business of the loan yesterday morning.

"What we are doing here, is being done all over the country."

SEDITION BILL GIVEN HURRY-UP BY CONGRESSMEN

Washington, April 9.—In an effort to hasten disposal of the sedition bill, punishing disloyal utterances and those intended to impede the army draft and liberty loan, voting on amendments was begun today by the Senate and administration leaders hoped to pass the measure before adjournment. Another effort for a final vote today with limited debate was made by Senator Overman of North Carolina, in charge of the legislation but Senator Reed of Missouri objected.

Austin, Texas, April 9.—There are one hundred thousand men in Texas in class one of the selective draft, including the approximately eight thousand that are to report to Camp Travis in June.

This information was wired to Provost Marshal General Crowder today by Major J. C. Townes, in charge of draft work in Texas. General Crowder had asked for this date.

Pure Ice Keeps the Home Folks Healthy

It is important to see that the ice used in the home to preserve and prepare foods is pure.

Nothing is more healthful than pure ice made, like ours, from water that has been thoroughly distilled. And on the other hand there is no greater menace to the family's health than ice that is impure. It contaminates the water and the iced tea and all of the delicious delicacies in the making of which ice is used.

Anybody can tell when ice is pure by observing carefully to see if it is frozen hard and solid and is free from soft, mushy places. Pure ice is always clear and practically transparent. If it appears otherwise you may be certain that it contains a foreign substance that is unhygienic.

Our ice is as clear and pure as modern, sanitary methods can make it. Use it freely and keep the home folks healthy.

MR. GORTON SAYS

Nujol Laboratories, Standard Oil Company, (New Jersey), Bayonne, New Jersey.

Dear Sirs: I am 74 years of age, and had chronic constipation for years. Have suffered much at times trying to get relief by using physics. Now I use Nujol every morning just an hour before eating, and find it sure to give relief without griping pains of any kind. It leaves no bad results.

I cannot say too much in favor of Nujol as the best remedy for constipation, sour or burning stomach; it gets away with those troubles right away. My friends use it with the same results: never fails; no griping, no physicking, no inconvenience. I surely recommend it to all sufferers from constipation, old or young.

Hurley, South Dakota, Yours truly, J. B. Gorton. January 3, 1917.

Mr. Gorton's letter is a valuable endorsement of Nujol to every sufferer from constipation. In all cases Nujol is a gentle, natural aid to normal bowel-action.

Don't merely tell your druggist, "Give me something for constipation." Insist on Nujol. You then protect your health against harmful pills and salts;—you run no risk of making the bowels dependent on laxatives and cathartics. There is not a single drug in Nujol! It is a safe remedy for young and old that makes you "regular as clockwork."

ABSOLUTELY HARMLESS There are no substitutes—there is only Nujol

At every drug store. Send 50c. and we will ship new kit size to soldiers or sailors anywhere.

How Many ACHES Are There in a Million Stitches?

Here's a perfect gem of an Electric Motor that will pedal your machine—will do those million stitches—for only 5 cents' worth of electric current. Just a slight press of the foot starts or stops the sewing; changes or holds the speed just where you want it.

The Sew-ez Motor

takes out all the ache—makes sewing a restful pleasure. Leaves nothing to do but guide the work. Attaches to any electric light socket just like a drop lamp. You can sew in any room (or part of the room) in the house; on the porch in the summer.

Takes no extra room—you can cover up (or drop) your machine as usual. Ready for work in a second, at any time. The cost for current is almost nothing—less than the smallest electric light you are using.

Why not try it for a week without any charge whatever. Foot-pedaling doesn't pay—does it?

SENATOR JOHNSON VISITS THIS CITY WAGING CAMPAIGN

Senator W. A. Johnson was a visitor in Wichita Falls Monday night, leaving this morning for points in North Texas in the first of his candidacy for lieutenant governor. Senator Johnson is traveling in an automobile. Although there are two other candidates for this office Senator Johnson is very confident that he will win.

He is one of the members of the Northwest Texas Asylum commission which has in charge the building of the asylum. He says that plans and specifications have been adopted and that bids will be asked for soon. The architect spent some time in consultation of experts of the Rockefeller Foundation and Senator Johnson says the Asylum here will be one of the best constructed and most modern in the country. He expects work to be in progress on the building, within less than ninety days.

Members of the committee of the Rotary Club in charge of the big Minstrel Benefit Performance to be given for the Red Cross at the Wichita Theatre Friday evening, April 12, at 8:30 o'clock, say the performance will be "rain or shine."

The committee also has decided to reserve the gallery for negroes who will be charged a flat rate of 25 cents a seat, without extra war tax. Tickets go on sale at the Rexall Drug Store tomorrow, and those who already have purchased tickets may obtain their reservations there at any time.

HUNS' FINN ACTIVITIES PART OF DEEP LAID PLAN Moscow, Monday, April 8.—German assistance of the government forces in Finland is part of a plan to gain control of northern Russia and cut the interior of European Russia off from the Arctic and Baltic. TODAY'S MARKETS

New York Cotton. New York, April 9.—The cotton market showed less nervousness today. Early fluctuations were irregular but on the whole prices showed a tendency to raise after the sharp break of yesterday. The opening was six to 15 points higher and before the end of the first hour active months sold 15 to 20 points above last night's closing. July touching 33.05 and October 31.52. Washington private reports indicating that no price fixing was contemplated on raw cotton this season and the continued bullish average of southern spot advices, promoted covering by some of yesterday's sellers. The advance met further scattering liquidation and some of the local bulls seemed to be disappointed by reports that private returns indicated domestic mill consumption for March of 551,000 bales against 503,319 last year.

Cotton futures opened steady. May 33.79; July 32.88; Oct. 31.40; Dec. 31.10; Jan. 31.08. Cotton closed firm.

New Orleans Cotton. New Orleans, April 9.—Around the opening call here today cotton was 2 to 7 points off under overnight selling orders. Immediately after the call buying increased, being based on abnormally cold weather in the belt and the fact that the local bulls seemed to be disappointed by reports that private returns indicated domestic mill consumption for March of 551,000 bales against 503,319 last year.

Liverpool Spot Cotton. Liverpool, April 9.—Cotton spot steady, prices quiet. Good middling 25.47; middling 24.42; good ordinary 23.43; ordinary 22.92. Sales 5,000 including 3,700 American. Receipts 41,000 including 14,800 American.

Chicago Grain. The broadening of the German drive on the west front provoked moderate selling in the first half hour of today's stock market. High grade rails and industrials yielded only fractionally but specialties offered less resistance to pressure. Oils were particularly heavy. Texas Company losing three points and Mexican Petroleum a point.

Cotton Seed Oil. New York, April 9.—The cotton seed oil market closed quiet. Spot none; August 19.80; ambulance 3200.

J. Q. Johnson was given a preliminary hearing this morning in Justice Jones court, on complaint charging assault with intent to kill, in connection with the shooting of Ed Parks several weeks ago, and was bound over to the grand jury in the sum of \$1,500. Parks was unable to appear against Johnson, who was returned to jail after the hearing, failing to make his bond.

MUCH ROAD WORK BEING DONE ON WAY TO SEYMOUR

L. L. Swartz returned last night from Seymour where he went on business, and is spending the day in the city. He is promoting the Star Highway which will lead north from this city. According to Mr. Swartz there is considerable road work being done on the roads between this city and Seymour over the Wichita Valley highway, and the road promises to soon be in first class shape.

New York Stock Market. Chicago, April 9.—Corn displayed a continued tendency to harden on account of the bullish effect looked for from the change of rules whereby on Thursday the commercial grades of corn will become the contract grades. The fact, however, that receipts were still above the aggregate at the corresponding time last year, formed something of a check on upturns in values. Besides business lacked volume. Opening prices which varied from unchanged figures to 1/4 off with May 1.27 1/2 to 1.27 1/4, were followed by an advance to slightly above yesterday's finish.

Reports of improved conditions for spring plowing acted substantially as a handicap to the bulls and so did the fact that the market was so near the present maximum level. Prices closed steady at the same as yesterday's finish with May 1.27 1/4. Slowness of cash demand together with accumulating stocks prevented any sharp advance.

TOTAL OF \$80,000 IN STREET PAVING DONE DURING TERMS

FOUR YEARS WORK IS 'CLEAN UP' AND PRACTICALLY ALL BILLS PAID.

MAYOR MAKES REPORT

Detailed Statement, Made Out by Britain, Read to Members of City Council Last Night.

At the last meeting of the present City Council, held last night with Mayor A. H. Britain presiding for the last time, the Mayor read detailed report showing the amount of street paving done in the City of Wichita Falls during the four years through which he has presided over the city as Mayor.

The report shows that, during the last four years the city has expended a total of \$80,000.00 in street paving work. Of this total sum, all of the bills have been paid except five small accounts and these unpaid accounts are upon work which makes the unpaid sums due the contractor, in case of last resort, and not the city corporation. The detailed report made by Mayor Britain is as follows:

Report of Mayor.

Wichita Falls, Tex., Apr 1, 1918. To Honorable Board of Aldermen, of the City of Wichita Falls, Texas.

Dear Sirs: I herewith submit for your information and approval statement of paving operations which have been conducted during my administration, showing the amounts and bills paved, the amount of the paving done due by property owners, the amount paid by them, the amount still due, and approximately the amount paid by the city itself. This estimate does not cover, however, the cost of excavating and bringing streets to grade, and to get an accurate idea of the cost of paving, you would have to be taken into account.

First paving—On Scott Avenue from Tenth Street to North side of Seventh Street, North Street from the East side of Lamar to connect with block pavement, Seventh and Eighth streets to Ninth Street, East side of Scott Avenue to connect.

Attached hereto will be found estimate by L. C. Hinckley, City Engineer, showing the estimate due by property owners to be \$12,554.22. All of this has been collected and deposited in the City National Bank of Wichita Falls, Texas, as follows:

Table with columns for date and amount. Includes entries for August 17, 1915 (\$2,504.95), August 27, 1915 (1,288.33), August 31, 1915 (566.11), September 3, 1915 (1,600.12), September 11, 1915 (1,419.33), September 21, 1915 (841.11), September 25, 1915 (1,023.43), October 2, 1915 (331.66), October 12, 1915 (241.82), October 30, 1915 (79.24), November 5, 1915 (230.11), December 4, 1915 (396.87), March 22, 1916 (1,419.33), September 11, 1915 (122.22), September 21, 1915 (411.67), September 25, 1915 (352.11), November 12th, 1915 (63.90).

Total deposited: \$2,242.30. You will observe that the amount deposited exceeds the estimate by \$9.94, sixty-nine cents of this in adjustment between property owners on account of being behind the Times Publishing Company building, referred to in Mr. Hinckley's estimate; the amounts actually paid being agreed upon between the property owners, and they actually paid a little more than the estimate called for. \$3.85 is an item of interest paid by one of the property owners for extension of time.

Second paving—Seventh Street from West side of Scott Avenue to East side of Tenth Street. Estimates hereto attached prepared by Mr. L. C. Hinckley, City Engineer, showing the amount due by property owners to be \$3,329.44.

All of this has been collected and deposited to the credit of W. J. Walkup, City Treasurer, a part in the City National Bank, and the balance in the National Bank of Commerce of Wichita Falls, Texas; (the City depository having been changed), as shown by the attached deposit slips, to-wit:

Table with columns for date and amount. Includes entries for September 25, 1915 (\$1,395.84), October 9, 1915 (343.93), October 1915 (891.94), October 30, 1915 (439.33), December 11, 1915 (150.00), January 7, 1916 (69.00), September 12, 1916 (36.94).

Total deposited: \$3,316.92. Third paving alley in Block No. 154 (the one back of First National Bank Building). Estimates as shown by City Engineer, L. C. Hinckley, \$1,657.88. All of this has been collected and deposited in the City National Bank of Wichita Falls, Texas, to the credit of W. J. Walkup, City Treasurer, as shown by the attached deposit slips, to-wit:

Table with columns for date and amount. Includes entries for September 11, 1915 (75.39), September 25, 1915 (496.54), October 9, 1915 (38.20), October 16, 1915 (102.95), October 30, 1915 (152.76), November 5, 1915 (38.20), November 13, 1915 (152.78).

Total deposited: \$1,057.84. Fourth paving of Tenth Street from East side of Van Buren Street to center of Lo. No. 12, Block No. 79. Floral Heights Addition, estimates of L. C. Hinckley, City Engineer, as follows:

Table with columns for location and amount. Includes entries for East side of Van Buren to west side of Harrison Street (\$1,625.92), West side of Harrison Street to West side of Tyler Street (1,571.59), West side of Tyler Street to West side of Polk Street (1,571.59), West side of Polk Street to West side of Filmore Street (1,571.59).

(The rewritten estimate Mr. Hinckley shows \$2,554.22, included in this is an error of \$91.67 for N. B. Chenault, which is later included in estimate from Filmore to Kemp Boulevard, and there is a further adjustment in the estimates for F. M. Gates and T. C. Thornberry which was authorized by Mr. Hinckley, after re-estimates in the estimate for F. M. Gates and T. C. Thornberry, which was authorized by Mr. Hinckley, after checking the same, further reducing the estimate \$1.87, which brought the correct estimate down to \$2,443.58).

Table with columns for date and amount. Includes entries for Total deposited (\$1,168.36), Balance due on paving (\$46.67), J. E. Bond, principal (106.67), Mrs. Virginia Cobb, principal (106.67), W. H. McAbee, principal (89.66), J. B. Kemp, Jr. (89.66), McCarty, City Clerk, deposited by W. A. McCarty in his January, 1916, statement (260.10), Block 49, Floral Heights Addition, donated to City in consideration of City taking care of paving (797.87), Balance H. E. Pounds later paid in cash, but not deposited (34.00), Total (\$12,556.61), Less amount of Farmerment Bros. overpaid (14.99), Balance (\$12,554.62).

In this connection I beg to say that there is interest due on each of the above three unpaid paving bills. Farmerment Bros. estimated \$106.67 when the estimate shows that they only owed \$91.67, which leaves a balance due them of \$14.99, which should be repaid to them. This error was not discovered until this statement was being made up.

Fifth paving Lamar Street from South side of Tenth Street to the North side of Seventeenth Street, estimates made by Mr. L. C. Hinckley, City Engineer, as follows:

Table with columns for location and amount. Includes entries for South side of Tenth Street to South side of Twelfth St. (\$3,775.27), From South side of Twelfth St. to South side of Thirteenth Street (2,901.86), From South side of Thirteenth Street to South side of Fifteenth Street (3,141.95), From South side of Fifteenth Street to North side of Seventeenth Street (2,985.11), Total (\$11,904.22).

All of the above amount has been collected with the exception of the amount due by the City on Lamar Park which is merely an expense to the city itself; the amounts having been deposited as shown by the deposit slips in the City depository, according to the following deposit slips, to-wit:

Table with columns for date and amount. Includes entries for January 22, 1916 (898.37), January 28, 1916 (74.45), February 19, 1916 (458.75), February 19, 1916 (100.67), February 28, 1916 (501.33), March 7, 1916 (339.67), March 19, 1916 (1,294.00), March 21, 1916 (50.67), March 25, 1916 (473.67).

BE READY FOR THE COLLECTOR

Receiving Want Ads by telephone is the final detail in making The Times Want Columns promptly and perfectly useful to the readers. Telephone Ads cost no more, in money—and less in time—but The Times must employ collectors to follow the phone. The extra accommodation of receiving by phone should be encouraged by always being ready for The Collector. DON'T LET HIM CALL THE SECOND TIME. If you have a room to rent, a house to rent, a farm for sale, or if you want to buy an article, whether new or second-hand, you should use The Times Want Ads columns daily. RATES—Want ads are one cent for the first insertion and half a cent a word for subsequent successive insertions. No want ad taken for less than fifteen cents and no ad taken to run three times for less than 25 cents. In giving in Want Ads PHONE 167.

LOCAL SALOONISTS ARE PREPARING TO OBEY NEW STATUTE

That the saloons of this city will close is a foregone conclusion and there is a general tendency of all proprietors to obey the law is a fact, but as to the future course of the various elevated parties there is an ever-banking cloud of befuddlement caused by the confusion of the untimely passing of so many businesses in one lump. Close Monday Night. Next Monday night at nine thirty o'clock will witness the passing of the saloons from Wichita Falls, and a business enterprise as old as the city will have passed into history. In the realm of the saloonists of Wichita Falls there will be some who will remain "at their posts" and will reduce their places to non-drink emporiums, some will move to other places and some will simply "close up shop" and go out of business. Still others are putting their trust in the fact that which is being brewed at Ft. Worth in which there is a possibility of their staying in business a little longer. Reduction of Stocks. In the matter of stocks on hand there has been a general reduction for some time and no great deal of liquor is now on hand, some stating that they believe they will be able to sell out completely before closing time Monday night, while others who have the larger stocks will ship to other points. There are at the present time twenty-seven saloons in Wichita Falls, with probably 40 proprietors, these places employ a total of 60 bartenders and 60 porters, while in the wholesale houses there are some 15 men employed as packers and shippers. Taking the work of the saloonmen themselves, as a basis for the statement, Wichita Falls will be a "very dry town" after Monday night at 9:20 o'clock. REGISTRANTS ARE TOLD TO KEEP THEIR CERTIFICATES OF CLASSIFICATION. Final classification cards are being issued this week by the local exemption board to all registrants in Wichita Falls county. These cards take the place of the registration card, issued last summer when men of draft age were registered and all registrants are warned that they should carry their card with them at all times, the following extract from Section 110 of the Selective Service Regulations explaining the card: "This certificate of final classification should be kept by every registrant at all times on his person, and all persons within the limits of his county, these cards are hereby required to exhibit their notice of final classification when called upon to do so by any member of a local or district board, or by any police officer." The local board warns registrants that if the cards are lost they should notify the board immediately and be reissued. NOTICES ELECTION NOTICE. On this the 8th day of April, 1918, the Citizens' Court of Wichita County, Texas, being in regular session and there being present Harvey Harris, County Judge and all Commissioners of said County and the Clerk of the Court being in attendance upon the court the matter of calling an election in and for said County to determine whether or not the sale of intoxicating liquors shall be prohibited within the limits of said County, State of Texas. It is further ordered by the court that the Clerk of this Court post or cause to be posted at least ten copies of this order at different places within said County, for at least twelve days to said April 24th A. D. 1918, and that said order be published once each week for five days in some newspaper published regularly for one year in said Wichita County, Texas, and it is further ordered that said Election shall be held by the officers heretofore appointed by this court to hold general elections, in the various voting precincts throughout said county, and at the place or places as heretofore established for general elections. At said Election, those favoring prohibition, within the limits of Wichita County, Texas, shall have written or printed on their tickets the words, "For Prohibition," and those who oppose it shall have written or printed on their tickets the words, "Against Prohibition." The Officers holding said election shall conform to existing laws regulating general elections as nearly as practicable and after the polls are closed, they shall proceed to count the votes and within ten days thereafter, make due report of said election to this Court. HARVEY HARRIS, County Judge, Wichita County, Texas. THE STATE OF TEXAS, County of Wichita. I, M. P. KELLY, Clerk of the County Court in and for said County and State, do hereby certify that the above and foregoing instrument of writing contains a true and correct copy of the original Order of the Commissioners of said County, ordering an election to determine whether or not the sale of intoxicating liquors shall be prohibited in said County, as same appears of record in Vol. 4, Page 477, Minutes of Commissioners, Court, Wichita County, Texas. Given under my hand and seal of office at Wichita Falls, Texas, this 9th day of April, A. D. 1918. [SEAL] M. P. KELLY, Clerk County Court, Wichita County, Texas. April 9-16.

WAR IS HEAVY DRAIN ON GERMAN NOBILITY

By Associated Press. Amsterdam, April 8.—The heavy drain of the war on German nobility is shown by the latest issues of Gotha's genealogical manual. LOAN DRIVE HERE IS BEING HELD UP; LISTS BEING MADE

COMMITTEE HAS FOUND APPROPRIATE THINGS TO BE SOME-THING OF JOB.

Wichita county's drive for the Third Liberty Loan is being held up for a day or two awaiting the perfecting of the equalization lists by the committees appointed to work on them, it proving to be a bigger task than was first anticipated to make out the allotments.

The committee is to meet again this afternoon and the work begun Monday will be completed at this time, so that when the committees take up work of canvassing for the bonds all details will be worked out and the drive go smoothly.

Women's Committee. The woman's committee, of which Mrs. J. W. Lee is chairman, met with the men's committee Monday and their plans were perfected and work began this afternoon.

Few Bonds Yet Sold. So far only a negligible quantity of the bonds have been sold.

There has been no canvass made for the bonds, but this will begin on tomorrow, Wednesday, if it is possible to finish the assessment list at this afternoon's meeting of the committee.

TOTAL OF \$80,000 IN STREET PAVING DONE DURING TERMS. prepared by City Engineer, M. M. Cook, which was also checked by I. H. Roberts, but it is my opinion that this estimate is in error, and Mr. Donnelly is charged not only with his own paving but with thirty feet of Mr. Priddy's paving, which came about on account of alley West of W. M. Priddy's house, Mr. Priddy being charged merely up to this alley, when in fact he owned 30 feet West of the alley, and Mr. Donnelly has been charged in my opinion with this 30 feet.
