## ARMENTIERES EVACUATED BY BRITISH AS GERMANS CONTINUE PUSH

### Americans Repulse Attack Made In Force By Germans Inflicting Heavy Losses

#### Preliminary Fireworks Last Three Whole Days But Fails of Purpose

With the American Army in France, Wednesday, April 10.—The Germans attempted an attack against the American positions northwest of Toul just before sunrise this morning and were completely repulsed. Two German prisoners said the enemy planned the attack with a force of 800 men but that it was stopped in its full strength by the effective fire of the American artillery.

The Americans lost no prisoners. One of the German prisoners died later of wounds.

**Evacuation of Armentieres**  
The evacuation of Armentieres has been completed by the British, while the Germans, driving in from the southwest of the town are struggling to push forward in the area southwest of Messines ridge, the key points of the British line in Flanders.

Messines Ridge itself has been the objective of desperate frontal attacks and the Germans are reported to have pushed on to the ridge several times during the fierce hand-to-hand fighting. Each time, however, the British came back at them with effective counter attacks and today were still holding the ridge.

Pushed fighting to limit the enemy, struggling in the deep salient, has pushed the fighting to the limit and at one time succeeded in driving some three miles toward the river Lys to La Croche. In this situation the British likewise reacted strongly and by vigorous counter attacks ousted the Germans from La Croche and other neighboring positions.

Wytchaete, also was the objective of heavy German attacks and possession of it changed several times by this morning. Field Marshal Haig's troops holding the town.

There was a similar hard fight for Lestrup, at the western tip of the German salient on the River Lawe. The Germans worked their way into this place yesterday but were unable to move on further and ultimately were driven out of it and back across the Lawe.

### PREMIER DEMANDS THAT MAN POWER BE GIVEN NATION

CHALLENGES COMMONS TO ACCEPT PROGRAM OR PROVIDE NEW GOVERNMENT

By Associated Press  
London, April 10.—Factors which governed the recent crisis over the resignation of General Sir William Robertson as chief of the general staff, still seem to control the political situation. The Lloyd George government has again challenged the House of Commons to accept its manpower policy or provide another government.

Since no parliamentary session appears ready to take the government responsibility for the present situation, the cabinet is expected to be shown by today's debate on the second reading that the government will carry the day, despite clear evidence that the new proposals meet with the most widespread criticism. Moreover, the news from the front today showing the continued gravity of the military situation is helping the ministers in their new campaign.

Opinion in the lobby of the House was that former premier Asquith could have taken a much stronger attitude against the government than he did and the fact that he refrained from utilizing the opportunity to embarrass the government is indicative of the spirit of a large section of the House.

Ireland and the attitude of the Nationalists, of course, remains an unknown factor, but Dillon at the end of his speech seemed to indicate a possible means of agreeing with the government. Until the government proposals on the projected home rule measure become known, nothing can be predicted with any degree of certainty.

After a somewhat exciting sitting today the government carried the second reading of the bill by a vote of 123 to 11. It is not unlikely, however, that the bill may be modified considerably in its passage through committee.

Andrew Bonar Law, government leader, intimated in the course of his debate that the government might be defeated by the opposition on April eight, instead of fifty.

### FORT WORTH SEES GREAT REVIEW OF PANTHER DIVISION

By Associated Press  
Fort Worth, Texas, April 11.—For three hours today, Texas and Oklahoma men who constitute the thirty-sixth—or as it is fondly named, the Panther—division of the United States Army, were reviewed by Brigadier General E. S. Greble and his staff, Governor W. P. Hobby of Texas, Governor Williams of Oklahoma and Adjutant General Harley of Texas. Brigadier General C. G. Hoare, commander of the Royal Flying Corps here, was also on the stand.

It was the first, and maybe the last, review for this division of southwesters. They have been in training at Camp Bowie six months, the 27,000 coming here as the Texas and Oklahoma national guards and being transferred into the federal unit last September.

Thousands of mothers and fathers, thinking this would be last chance to see their boys before they go across, came to Fort Worth for the review. It was the biggest crowd the city has ever seen.

The review was also a testimonial to General Greble who has been in command of the camp since its establishment. Recently, he was notified that he would be removed as commander and reduced to his old rank of brigadier general in the major general in the national army.

### Nessines Ridge Still in Hands of Forces of Allies

#### RIGHT TO STRIKE IS NOT ENDORSED BY SENATE VOTE

By Associated Press  
Washington, April 11.—The conference report on the bill providing severe penalties for destruction of or interference with a production of essential materials, containing the clause giving workmen the right to strike for better wages and working conditions, was rejected by the senate 34 to 25.

The roll call on adoption of the conference report followed:  
For—Democrats: Culberson, Fletcher, Gerry, Henderson, Hollis, James, Jones of New Mexico, McKellar, Marshall, Overman, Pittman, Ransdell, Shafer, Sheppard, Shields, Simmons, Swanson, Thompson, Tillman, Trammell and Vardaman. Democrats 11.  
Republicans: Johnson of California, Hays, Harding, Jones of Washington, Kellogg, Knox, Lodge, McCumber, New Page, Pol Dexter, Sherman, Townsend, Wadsworth, Warren and Weeks. Republicans 23. Total against 34.

**Will Reconsider Bill**  
The vote, taken immediately today upon reconvening of the senate and following yesterday's bitter denunciation of labor attitude in the war, will cause the house to reconsider the bill. The senate's opposition was directed solely to the clause providing that the bill should not restrict workmen from striking.

Many senators who objected to the provision regarding today's vote as a rebuke to workmen who have struck at shipyards and factories engaged on war work. Senator Overman of North Carolina, who had charge of the measure yesterday, declared instances are the senate "defeat" the conference report because of the labor clause, the entire legislation would die.

**Gomper Discussed**  
While the senate was rejecting the much discussed provision, President Gompers of the American Federation of Labor, speaking before the National Congress not to permit the deviating here, was denouncing the proposal to prohibit strikes and lockouts.

"As a patriotic American citizen," declared Gompers, "I serve warning on congress not to permit the deviating and folly of such a law. It will serve only to make strikers lawbreakers as well. Nothing will do more to create resentment than to make it unlawful for men to stop work."

Gompers complained that American newspapers are giving too unsparing criticism of small strikes, apparently forgetting that isolated instances are of minor importance—when it is considered that millions of organized laboring men are giving their best efforts to the nation's labor troubles, he said, have been few and in most cases, easily adjusted.

Nobody, he declared, has served more effectively in offsetting the influence of non-union propaganda than organized labor.

**BRITISH APPOINT NEW WAR COUNCIL DELEGATE**  
London, April 11.—Major General Sackville-West has been appointed British military representative at the Supreme war council at Versailles, it was announced today in the House of Commons by Andrew Bonar Law, the government spokesman in the lower house.

**Little Infantry Fighting**  
Infantry fighting on the Picardy battle front has quieted down momentarily since the British and German artillery fire has been violent north of Montdidier and along the Oise Canal, northwest of Soissons. There have been artillery exchanges on the British front which has not yet been linked up with the northern battlefield. There has been no infantry activity on the Loos-Lens-Vimy sector, the connecting line, although the German artillery fire is increasing.

Another drop in the sinking of allied merchantmen by German submarines is noted in current reports. The British losses are six ships, including four of more than 1,600 tons, in the next lowest weekly total since February 10, 1917. The lowest week was that of November 11, when one large and five small vessels went down. Last week's total was 13. One Italian and

By Associated Press  
Austin, Tex., April 11.—Transfer of retail liquor dealers licenses from within limits of the ten mile zone to points outside of it, may be made by the comptroller's department, according to the comptroller's investigation of the law. **Same Number of Saloons**  
The comptroller's department holds that after the zone is defined, any part of a justice precinct that is outside limits of the zone and in which the sale of liquors is not prohibited, is entitled to the same number of saloons as was the entire justice precinct before the zone law became effective, on the scholastic census day.

The comptroller's department explained that in the transferring of licenses to points outside the zone, care would be exercised that grants transfers only to saloon-keepers who heretofore have obeyed the law.

**As a result of the construction of the law, belief is expressed that a considerable number of saloons may be opened up on the fringe of the zone at various places. This visit, during which the Rotarian secretary sustained such a fright, was being made in the interest of the Rotary Club's Red Cross Vaudeville, to be given Friday night, when the 154th Squadron's Dramatic Club will assist the Rotarians and other local talent very materially.

Everything is in readiness for the Friday night show, and yesterday, the first day of the reserved seat sale, the plat at the Rexas Drug Store showed a heavy sale, forecasting a full house for the show, and a good sum to be turned over to the Red Cross, as 100 per cent of the proceeds will go to the Red Cross local branch.

CANADIANS WILL TELL PEOPLE OF TRENCH WARFARE

LECTURE TONIGHT AT WICHITA THEATRE WILL BE FREE OF CHARGE.

Every man, woman and child in Wichita Falls who wants to know something about actual conditions at the war front will have an opportunity to hear first-hand at the Wichita Theatre at 8:15 o'clock tonight, when two Canadian veterans of the trench warfare overseas will speak on "Personal Experiences in the War."

The men who will do the talking are Sergeant-Major J. H. Smith, of the Canadian-Scottish Regiment, Vancouver, B. C., and Sergeant A. C. Howard, Canadian Mounted Rifles, Victoria, B. C. Both men were wounded, incapacitated, returned to the trenches, were wounded again, recovered again and are now doing their bit by helping the Allied Powers by word of mouth all over this broad land of ours.

"Doing Our Bit." "We're just doing our bit representing the British-Canadian Recruiting Mission," explained Sergeant-Major Smith last evening. "We are prepared to enlist any British subjects there may be in the neighborhood and we are trying to explain conditions regarding married men; the separation allowance; and how wives and children of men at the front will be cared for. While we are here our headquarters will be in the board room at the Bank of Commerce."

Both of these men who are to speak tonight did active service at the British front in France. Sergeant-Major Smith received his first wound from a bayonet at the battle of Ypres April 22, 1915. He has a 10-inch scar on his leg to prove the truth of his story. The wound was received in a hand-to-hand conflict with the Prussian Guards. He was sent back to "Blighty," as the British call it, or "Hospital," in plain English, stayed there eight months. Then back to the trenches he went again.

Again he got it. April was his unlucky month. It was at the battle of Sanctuary Woods, April 19, 1916, when a shrapnel shell broke above the sergeant-major's section. He was severely wounded in the head, hand and thigh and this time was laid up for repairs for good, so far as the front line work was concerned. But again, after months in hospital, he wanted to be of some service so now he is doing what he can by word of mouth to help the allied cause.

Sergeant Howard also is a battle-scarred veteran. He went overseas with his British Columbia Regiment early in 1915. He was in service at the front 17 months and he was twice wounded. His first wound was received June 2, 1916, in the German attack on the village of Houzes in the Ypres salient. It was a bullet wound in the right leg. He was invalided and recovered and went back to the front again.

It was while fighting in the Regina trench on the Somme, Feb. 14, 1917, that he received his second wound. It was a bursting shrapnel shell wounding him in the left side that put him out of active service at the front forever. One more trip to "Blighty" and again a recovery and, since October, 1917, he, too, has been doing his bit by telling the citizens of the United States what the conditions are in actual warfare and what the boys are doing "over there."

WAR GARDENERS OF WICHITA FALLS

War gardeners of Wichita Falls have shown their faith by their works, and their faith has been rewarded.

The Germans, attacking in force, proved to their own entire satisfaction that the American troops are "trained to the minute."

When the Chamber of Commerce or any of the citizens desires to advertise the glories of Wichita Falls as an industrial center at conventions or other gatherings in future they will find a recent acquisition of the Chamber of Commerce very convenient.

THE PESSIMISTS' PART

Some folks help Germany without intending to do so while some others aid the Kaiser without any positive intent but because of latent or suppressed sympathy with Germany and the Germans.

It is the duty of loyal Americans and true patriots to combat this kind of talk whenever and wherever they hear it. The Germans are not supermen; they are inferior to Americans as fighters and in every other good quality; the allies are going to give them a terrible beating even if it takes until next year to do it and America is going to be there in force when the job is pulled off.

GET COAL SUPPLY, IS ADVICE

Wiley Blair, fuel administrator for Texas, has issued a statement advising the people of Texas to begin laying in their coal supply for next winter.

His advice seems timely and pertinent. If the people of Texas will follow it a supply of fuel sufficient for the winter's needs can be laid in, miners given steady employment, the railroads can move the coal at better advantage and the whole situation met with much less stress and confusion than if domestic users wait until fall to lay in their supply.

PUBLIC OPINION

READER APPROVES COMMISSIONERS ACT. Editor of the Times: The commission court did the right thing in ordering a county election on prohibition. Statewide prohibition, and the law prohibiting saloons from operating only in incorporated cities and towns for lack of a two thirds vote do not go into effect until ninety days after the legislature adjourns.

ROTARIANS ADD TO ENTHUSIASM FOR UNCLE SAM

Added enthusiasm to aid Uncle Sam in his fight against the Hun was given by the Rotarians of the Wichita Falls Rotary Club at the luncheon held at the St. James Hotel this afternoon.

The principal speaker of the noon session among the members of the club was A. E. Miles. There were no set topics for discussion but patriotism was in the air and Mr. Miles said in part:

"We have the highest authorities the world over that poverty is always with us but there is no reason why patriotism should be lacking. We have hanging here above our luncheon board the Stars and Stripes. Let us try to tell every man what that flag means."

"Now comes the flag of our Rotary Club. We have eight stars. It looks small in comparison with the big national banner—but each star means a man."

"I don't mean that Hugh B. Lee, our former president, went alone but it does point out what Hugh Lee's example can do for others."

"John Thomas is somewhere, hastening supplies. Mack Shelton and Joe Jones are doing their bit somewhere. And we, as Rotarians, have a membership of 40,000. What we have done here is only a trifle in comparison with what the national organization is doing all over the country."

"I'm not an orator," said Sergeant Howard, "but I can tell you a story that is the truth. I was a business man in 1914 when this war broke out. Since then, I have been a soldier. When the crash came, I was doing business in a Vancouver."

"I don't mean that Hugh B. Lee, our former president, went alone but it does point out what Hugh Lee's example can do for others."

MACCABEE LADIES TO OPEN SESSION IN CITY TOMORROW

Representatives from five towns in addition to the leaders will be in Wichita Falls tomorrow to attend an all day rally for the Womens Benefit Association of the Macabees, which will open with a meeting at 10 o'clock in the morning and continue throughout the day and evening.

Program open to the public at the hall at 8 o'clock. Class presentation of W. B. A. and K. O. T. M.—Mary E. Mott. Welcome to Class—Mrs. W. T. Carter.

MESSINES RIDGE STILL IN HANDS OF FORCES OF ALLIES

Two French merchantmen are reported as lost. It is believed in Washington that the falling off in submarine effectiveness is due to the fact that the Germans are turning their attention from merchantmen to transports.

CHANGE IN FRENCH LINE COSTLY TO GERMANS. With the French Army in France, Tuesday April 9.—The pre-arranged rectification of the French lines to the south of Baris gave to the Germans scarcely a shadow of advantage tactically, while it cost them wholly disproportionate losses.

Strong concentrations of German troops have been observed behind the German lines at several points today but their movements were greatly interfered with by the French airmen and gunners who left them little peace.

FOUR MEXICANS ARE KILLED BY RANGERS

# TODAY'S MARKETS

## GREAT PRESSURE IN COTTON MART HAMMERS PRICES

New York, April 11.—There seemed to be a good deal of pressure against the cotton market at the opening today. Selling orders had apparently accumulated overnight, the first prices were 17 to 25 points lower in response to weak cables, liquidation and scattered selling. The weather map showed underrably low temperatures in the south but seemed to make little impression on sentiment, which was unsettled, and before the end of the first hour July had eased off to \$32.37 and October to \$30.81 or 58 to 42 points net lower. The decline was accompanied by reports that spinners had pretty well secured cover against their more urgent requirements, while there was evidently nervousness over price fixing prospects in the goods trade and the war zone.

Cotton futures opened steady. Opening bid: May 32.18; July 31.28; October 29.90; Dec. 28.85; January 28.75. The weakness of the late Liverpool cable and heavy Liverpool selling here were prominent factors on the break during the middle of the morning. July sold off to 32.25 and Oct. to 30.66, or 53 to 54 points under last night's closing figures. After the close abroad prices here steadied on covering and reports of a sharp reduction in British marine war risks, which was considered largely responsible for the break in the English market.

Cotton futures opened steady. May 33.25; July 32.60; Oct. 31.00; Dec. 30.68; Jan. 30.58. Cotton closed barely steady.

**New Orleans Cotton.**  
New Orleans, April 11.—Poor cables caused heavy selling of cotton here today, which cost the price 37 to 43 points in the first half hour of business. Reports of damage to young cotton by cold had no effect on the market.

Rumors that buying of cotton for foreign government account was about to cease resulting in increased selling under which the decline was widened to 84 points. Here shorts were profit takers and cotton prices were 20 points up from the bottom.

**Liverpool Spot Cotton.**  
Liverpool, April 11.—Cotton spot quiet; prices lower. Good middling 25.29; middling 24.77; low middling 24.24; good ordinary 22.25; ordinary 22.72; Sales 5,000; including 3,800 American.

No receipts.  
Futures closed quiet. New contracts: April 24.75; May 24.40; June 24.26; July 24.06; August 23.86.

Old contracts (fixed prices): April 23.47; April May 23.34; May June 23.26; June July 23.18.

## CORN MARKET IS MOST ACTIVE AS PRICES INCREASE

By Associated Press  
Chicago, April 11.—With the removal of maximum price restrictions and the opening of trade in future delivery contracts based on the actual commercial grades, the corn market today became again a broad, active affair, and jumped considerably higher than even radical bulls had predicted. It had been anticipated that \$1.50 a bushel would be reached for the July option but some transactions took place as high as five cents above that level. The strength of the market was best illustrated by the fact that at the corresponding time a year ago July stood at \$1.25 1/2. After opening this morning at \$1.50 to \$1.55 July and \$1.27 1/4 to \$1.27 1/2, May prices steadied around \$1.18 to \$1.17 1/4 and May \$1.27 3/8.

Oats were comparatively neglected and showed a lack of support. Opening quotations which varied from unchanged to 7/8 lower, were followed by a material setback all around. Selling by pit traders tended to depress provisions. Higher prices on hogs received but little notice. Notice that spreads between the May and July deliveries would not be allowed had the effect of keeping May about stationary. July however, ran up sharply in the late dealing. The close was strong with July \$1.57 1/8 to \$1.57 1/4 and May \$1.27 3/8.

New York, April 11.—Petroleum was the heaviest feature at the opening of today's stock market. Sinclair Oil losing a point in suspension of the dividend. Mexican Petroleum and Texas Company fell back large fractions. Changes elsewhere, though mainly downward were confined to narrow limits. Shipplings and equipments manifested little of their recent activity and rails were again neglected. Liberty Bonds held steady.

Trading quieted during the mid-afternoon but reactionary tendencies continued. Coolers and specialties including motor subsidiaries lost 1 to 1 1/2 points. Pacific mail was an exception, gaining a point.  
Reading, United States Steel and other leaders were at lowest prices on the renewal of active selling in the final hour. The closing was heavy. Liberty 3 1-2's sold at \$98.52 to \$98.70, first 4's at \$95.88 to \$96.10 and second 4's at \$95.82 to \$96.02.

The Brotherhood of American Yeomen met in regular session on Tuesday evening. An unusually interesting meeting was enjoyed one candidate being received and important business being discussed.  
The organization has authorized its correspondent to purchase \$100 worth of liberty bonds following the purchase of war savings stamps of the same value some time ago.

Oil men are looking to Central West Texas to furnish the next big new oil field and developments almost daily are bringing the hopes of those early on the ground into reality. Reports have reached here that the Texas Company's Sandage No. 1 well and two and a half miles southwest of the Caddo well in Stephens county is in the sand at 3224 feet and is making a flow of about 50 to 600 barrels daily. The well is still drilling. Further south in Eastland county, Farabee, McAllister and others of Wichita Falls are fourteen feet in the lime at practically the same depth as the McCleskey and Daveport and Haganman wells and have a strong gas flow. They were reported yesterday as setting back the boiler preparatory to drilling in.

### TIDE IN SYRIA AND PALESTINE "EXPECTED TO TURN"

By Associated Press.  
 Amsterdam, April 10.—Lieut. von Barrenne, a well-known military writer, in an article in the Dusseldorf Nachrichten, a copy of which has been received here, says:  
 "The tide is about to turn in Syria and Palestine. With the Turkish victory near Es-Salt, the recapture of Jerusalem has become a practicable possibility. It is a satisfaction to us Germans that the struggle for the Holy Places is again proceeding with German arms as in the time of the Kaiser at the Barbours."

### TRAIN OF RELICS VISITED BY MANY HUNDRED PEOPLE

THOUSANDS ASSEMBLE ABOUT STATION MANY BEING UNABLE TO VIEW CURIOS.

From 7:40 last night until almost midnight, and again from the first break of dawn this morning until 8 o'clock when the train pulled out, the Third Liberty Loan Special, the train filled with French war relics, was thronged with a curious and interested throng, while the Union station yard on either side of the track on which the train was placed was filled with crowds waiting their turn to look at the guns, shells, bombs, wrecked planes and other battle paraphernalia, and the hundreds of photographs taken in the French and Belgian battle-grounds.

**Immense Shell.**  
 An immense shell, which the 16 inch gun that carries 24 miles fires, the shell weighing 2400 pounds, a huge Zep bomb and a wrecked German airplane were probably the most interesting objects on the flatcars. The plane, which was brought down in a wreck by a French flyer, bears on its shattered wings the German Iron Cross. The lecturers with the train explained that the machine when brought to earth contained a German officer, who had been killed in the air, who wore on his uniform the Iron Cross, the German government's highest mark for recognition of valor. There were many other gun carriages, trench mortars, and pieces of shells and bombs included in the exhibit, all of exceptional interest.

Wednesday evening while the crowd was assembled several talks for the Third Liberty Loan were made by local speakers, all of whom were enthusiastically cheered.  
 On account of the shortness of the stay of the train, though it's stay here was longer than in the majority of places, it was impossible to arrange any program. To have made a good inspection of the relics and photographs the people who were at the station last night and this morning would have required almost the entire day, but the cursory examination which they were able to give the shells and other implements of warfare could not but serve to convince them that to meet the German's big guns, capable of shooting shells that weighed more than one ton each, they will have to back up the government and the army with their men. The special could not but bring the war nearer home, and impress upon those who visited the exhibit the fearfulness of the slaughter that has been inflicted on the people and armies of the countries at war.

**SENATOR STONE IS REPORTED IMPROVED**  
 Washington, April 11.—After passing a fairly comfortable night, Senator Stone of Missouri, who yesterday suffered a stroke of paralysis, was reported somewhat improved today and his physicians hoped the critical period had passed.

### IOWA PARK WILL GO OVER TOP AS FIRST IN COUNTY

TOTAL OF \$65,000 ASKED OF PEOPLE THERE FOR LIBERTY LOAN.

Iowa Park is going to be the first Wichita county community to go "over the top," the Third Liberty Loan committee stated today, and the next report from Iowa Park is expected to be that the town has already subscribed the full amount of Third Liberty Wichita Falls had up to this morning subscribed \$227,250, about one-fourth of the \$87,600 which forms this city's allotment. There has however, been no active canvass by any of the banks' representatives or by members of the committee, and it is considered certain that the full amount required of both the city and county will be subscribed by next Tuesday, April 16, which has been set aside as Liberty Loan Day.

The entire county has been assessed \$1,087,600 as its minimum. Of this amount Burk Burnett was apportioned \$110,000, Electra \$125,000, Iowa Park \$65,000 and Wichita Falls \$87,600. Reports from Burk Burnett and Electra indicate that there has been but slight sales at those points. The committee in those places are planning to make their big drive on Liberty Loan Day.

It is understood and finish up at this time.  
 The women's committee in this city is at work, the chairman, Mrs. J. W. Lee reports, and a report of their sales will be ready the latter part of the week. Work was begun by this committee last Tuesday.

### Petition Circulated In Comanche County For Bond Election

A petition is in circulation in Comanche county for a precinct bond election to vote \$60,000 in bonds for one precinct's part of the Oil Belt Highway, according to the Brownwood Bulletin which says sentiment in the precinct is strongly in favor of the bonds.  
 The Bulletin also reports Curtis Hancock, chairman of the State Highway Commission has promised to spend ten days or more in the near future in going over the proposed route. The commission has already promised to lend state aid to the highway but the amount has not been designated.

### Thornberry Purchases Good Grazing Lands In Archer County

A. L. (Lank) Thornberry has purchased 1548 acres out of the Hunt Ranch in Archer county eight miles south of Wichita Falls for a consideration of \$25,000. The tract is very fine grass land but has no improvements except the fencing. The deal was made through Fred T. Couper's agency.

## A Mother's Endorsement

"With the children Nujol has done wonders"

Mothers! Assure the lasting, robust health of your children—health founded on regular bowel habits—by relieving their constipation with Nujol, the safe, effective remedy recommended in the following letters:—

NUJOL LABORATORIES,  
 STANDARD OIL CO. (New Jersey),  
 BAYONNE, N. J.

Dear Sirs:—  
 I have given Nujol to my two year old daughter with very beneficial effect. She had always been constipated, and I think the regular use of Nujol was what cured her and caused her to form regular habits.

Very sincerely,  
 Selina L. (Mrs. N. S.) Hopkins.  
 Dixondale, Va., Jan. 1, 1917.

Now read this extract from a mother in Winslow, Arizona:  
 "With the children Nujol has done wonders. A dose or two when they begin to fret results in their being as bright and happy as possible the day following."

Regular as Clockwork

EVERY mother knows how insidiously constipation saps vitality. The moment your children's bowels fail to act their bodies become easy prey to many serious ailments. By all means keep their bowels—and your own—naturally regular by the use of Nujol—the pure, safe, drugless remedy which cannot harm the smallest child, and which thousands now use instead of harmful pills and physics. Remember that repeated dosing with strong laxative drugs dangerously weakens the natural bowel-vitality.

Nujol relieves gently and thoroughly, without stimulation, griping or injurious reaction. Nujol is palatable, healing and reliable. Be "regular as clockwork"—use Nujol.

German Troops Busy On Southern Coast Of Finland, Report

By Associated Press Stockholm, April 11.—German troops numbering 15,000 are now operating along the southern coast of Finland where they already have had several small battles with the Finnish forces, according to information received by the Swedish government.

Butente diplomats here have received reports that thirty to forty Russian submarines and destroyers and four or five battleships are still off Helsinki, the capture of which is probably part of the German aim. It is believed, however, that the warships have all been rendered unserviceable by their crews.

### GOLF TOURNAMENT WILL BE PLAYED HERE APRIL 20TH

COURSE IS NOW DECLARED TO BE IN EXCELLENT CONDITION.

Official announcement of the opening of the Wichita Falls Golf Club's course for the spring is made in a statement which has just been issued by President W. F. Weeks, setting April 20th as the date for the first tournament of the year. While this will be the formal opening of the season, the links are being used daily by large numbers of the club members and the recent rains are said to have left the grounds in the best of condition.

Mr. Weeks' statement follows: "The season will be opened with a tournament on April 20th, the players being permitted to play any time in the afternoon. Every player will be handicapped, and those desiring to enter will please notify the Secretary, Fred T. Cooper, so that you will receive your handicap before the game. The list of entrants together with their handicaps will be published on Friday, the 19th.

"Very few members have dropped out, which is very gratifying. Those who have been actively interested in making the Club a success; and they now urge that those who have not paid their dues will please attend to this promptly, and any persons desiring to become members will please forward their applications to either Fred T. Cooper or E. McCutcheon at the First National Bank. The entrance fee is \$20.00 and the dues are \$5.00 per quarter.

**Call Field Players.** "There are quite a number of golf players at Call Field, and it is the plan to arrange matches between the club members and call field players. The Club has decided to permit all Call Field men to use the grounds at any time without charge, and in fact, they are cordially invited to make themselves at home on the local links. An effort will be made to have a goodly number of Call Field men in the April 20th tournament.

"Get out your clubs and come out and see what the recent rains have done for the grounds. Let's make this Club in every way a success. The new time schedule makes it easy for a man to play golf without losing any time from his business. We will not attempt to build a club house until after the war.

"Do not forget the opening tournament April 20th."

## CONCERT WILL BE GIVEN AT ACADEMY TO AID BELGIANS

EXCELLENT MUSIC WILL BE GIVEN ON FRIDAY EVENING.

"For the benefit of the Belgian Refugee children under the care of the Sisters of St. Mary in England the students of the Academy of Mary Immaculate will give a concert in the auditorium of the Academy on Friday evening, April 19. The following statement, explaining the cause for which the entertainment will be given and making an appeal for the support of the work has been made by the authorities at the Academy:

"In the evening of Friday, 19th, a concert will be given by the students at the Academy for the benefit of the Belgian Refugee children under the care of the Sisters of St. Mary in England. Perhaps it is not generally known that the teaching organization of the Sisters of St. Mary in charge of the Academy of Mary Immaculate in our city, had its origin in Namur, Belgium. At the beginning of the present war some 500 Sisters were engaged in teaching in Brussels, Namur, Liege and other Belgian cities. Shortly after the opening of the conflict the Sisters conducting St. Mary's Convent, Bishop's Stortford, near London, succeeded through American influence in obtaining the release of some Sisters and a number of children of their schools in Belgium. For those a refuge was obtained in Horstead, England.

"From the first the problem of providing for their subsistence has been a difficult one. As the British people are already maintaining many refugees from desolated Belgium, the Sisters were advised to appeal for aid. The generosity of America, a generosity never known to fail even when its exercise means privation and hardship.

**Seek Co-operation.** "The Sisters at A. M. I. take this opportunity of bringing before their fellow citizens of Wichita Falls, this particular branch of relief work confident that in spite of the many calls for help rendered necessary by worldwide distress, they will meet the hearty co-operation which will render this little undertaking for raising relief funds a success without being a burden to any individual.
