NUMBER 290

SECRETARY BAKER LANDS IN AMERICA AFTER TRIP TO INSPECT BATTLE LINE

Promises Review of What He Has Seen Abroad and Is Confident of Ultimate Victory of Allies Over Germany

An Atlantic Port, April 16.—New-
ton D. Baker, secretary of war, re-
turned to America today after a jour-
ney to Europe in which he had the
opportunity to confer with British, French
and Italian military and political leaders
regarding his own country's co-opera-
tion in the war against Germany and
to inspect the battle line in France.
On this unprecedented mission, the secre-
tary was out of the country about
six weeks.

"I return with a sense of pride and
confidence at the achievements of the
United States and Allied troops
abroad that would justify many who
across the water," the secretary said
as he stepped aboard a train which
will take him to Washington.

This was the only statement the
secretary said he cared to make un-
til his return to Washington, where
he promised a broad review of his
voyage and the results of those who
returned with the secretary said they
did not doubt that they reflected Mr.
Baker's feeling when they said that
there was complete optimism and
confidence among the peoples of the
Entente nations that the war would
be won.

To Go To Washington.
"Our party got in at 8:30 o'clock
this morning," the secretary said.
"I had as soon as I can find a train
with a seat in it I am going to start
for Washington."

Mr. Baker said he would be pre-
pared to discuss later the historical
voyage which took him to England
and France, where he conferred with
the entente war leaders, military and
political and General Pershing, com-
mander in chief of the American forces
in France, and assembled military facilities
which he will present to President
Wilson.

The secretary left American shores
about six weeks ago, arriving at a
French port on March 19. At Paris
he conferred with Arthur J. Balfour,
British foreign secretary, and General
Foch of the French army. The
great engineering feats which Ameri-
cans have accomplished to accommo-
date the accumulating arrival of
American soldiers in France were in-
spected by the secretary.

Toured American Lines.
He toured the American lines com-
munication at one point narrowly es-
caping injury from a German shell.
He visited the Belgian front and met
King Albert of Belgium, went to Lon-
don and was received by King George
and visited Premier Lloyd George
and American Ambassador Page.

Returning to France, Mr. Baker
conferred with General Pershing at
American headquarters, approving
the American commander's action in
placing his troops at the unqualified
disposal of General Foch.

Early this month, Mr. Baker went
to Venice inspecting the ruins caused
by the Teutonic air raids; visited
Italian army headquarters and was
welcomed at Rome by the American
ambassador and Italian officials. He
conferred with Premier Orlando and
the foreign and war ministers. Re-
turning to Paris on April 4, he at-
tended the ceremony held in celebra-
tion of the anniversary of America's
entry into the war, which was received
by Premier Clemenceau.

The secretary's departure for
America was secreted the same as
when he embarked when he left
Europe and until his history here
becomes a law, about June 27, all
Texas will be "dry," and both inter-
state and intrastate shipments of li-
quor will be prohibited.

Seven breweries located in Gal-
veston, Houston, San Antonio, Fort
Worth, and Dallas are expected to
operate until the state-wide prohibi-
tion law is enacted. They will be
ready some are engaged in the man-
ufacture of non-alcoholic drinks and it
is believed that all will follow with
the closing of all saloons.

Bill introduced.

When the ten-mile zone law was
first proposed and introduced in the
legislature it was expected to apply
only to those towns near which army
cantonments were located. Later it
was altered to include every district
in which there is a fort, arsenal, avi-
ation field or school where soldiers,
sailors, marines or aviators are quar-
tered or where ships are being built
under contract with the government.
Under a ruling of the attorney gen-
eral the ten-mile zone law includes
all regular landing fields for aviators.
This ruling placed in the "dry" coun-
ties a number of Central and South
Texas towns which would have other-
wise remained open until June 27.

The original prohibition move in
Texas was made in 1875 when the
state constitution was adopted. Ar-
ticle 16 of Section 20 gave the citi-
zens the right to vote on the local
option provision. Shortly after that
the Texas Local Option Association
came into existence. Prof. H. A. Ivy
of Sherman was the secretary and
general manager and campaigns were
waged resulting in several
counties voting out saloons. Rock-
wall county has been the only
county to go into the dry col-
umn. In 1906 the Texas Anti-Saloon
League was organized with Dr. B. F.
Riley as superintendent. This or-
ganization began a systematic cam-
paign on Texas saloons and has been
active in all local option contests.
For the past several years Dr. A. J.
Barton has been superintendent of
the league with offices in Dallas.
The big drive by the "dry" forces
was launched last summer in Dallas
when a local option election was
called for September 10. Much to
the surprise of many the largest town
in Texas voted "dry" by a good ma-
jority and on October 20 about 200
wholesale and retail liquor establish-
ments closed their doors. Waco next
voted the saloon out, followed by
Martin and Austin and a number of
smaller places.

Recommended By Hobby.
The ten-mile zone law was recom-
mended to the special session of the
legislature by Governor W. P. Hobby
at the suggestion of Secretary of War
Baker in view of the fact that there
are cantonments or training camps
large point in the state.

In the main Texas saloonmen ex-
pect to quit the business. A few in-
stead of move to Louisiana or other
nearby "wet" states but the majority
are arranging to engage in other oc-
cupations. When the saloons were
voted out of Dallas and Waco man-
aged of the proprietors who had been en-
gaged in that business converted
their establishments into restaurants
and cafes, using to a great extent the
fixtures that had been installed in
the drink emporiums. Domino and
reading tables were decorated with
flowers.

(Continued on Page Six)

TEN MILE ZONE LAW IN EFFECT OVER TEXAS NOW

BREWERIES, WHILE NOT CLOS-
ED, WILL NOT SELL IN
PROHIBITION TERRITORY.

TRANSPORTATION BARRED

One May Not Bring Liquor Into Any
of Zones Without Becoming Li-
able to Penalty Under
New Law.

By Associated Press.
BULLETIN—Austin, Tex., Apr.
16.—Liquor is being shipped
into limits of the ten mile zone
for manufacturing purposes, ac-
cording to an interpretation of
the zone recently by Assistant
Attorney General Keating. The
point was raised when an El Paso
manufacturer of toilet water asked
the attorney general's depart-
ment if shipments of alcohol
be used in manufacturing toilet
articles was prohibited.

By Associated Press.
Austin, Tex., April 16.—Texas to-
day took its first stride toward the
prohibition column when Gov. W. P.
Hobby's Ten Mile Zone Bill, which
bans saloons within a radius of
ten miles of every camp of military
instruction in the state and which
also applies to cities having ship-
building plants working on govern-
ment contracts, became a law. The
act is effective for the duration of
the war.

For the purpose of enacting this
law, Governor Hobby called the Tex-
as legislature into special session
February 26 and a bill embodying
provisions recommended by him and
approved by Secretary Baker of the
War Department, was enacted without
delay.

Towns Now Dry.
The principal cities of the state
that entered the "dry" column last
midnight (referring to twelve o'clock
midnight, April 15) are: Fort Worth,
Galveston, San Antonio, Houston, El
Paso, Wichita Falls, Beadmont, Or-
ange.

These cities today not only are
without saloons, but under provisions
of the law, residents within the ten-
mile zone are prohibited from import-
ing liquor into their homes or places
of business for any purpose except
for sacramental, scientific, medical
or mechanical purposes.

Attorney General B. F. Looney has
construed the Zone Bill to apply to
landing fields of aviators. In his con-
struction it is not a matter of courts,
it is at least a half dozen smaller towns
must quit business.

When the statutory prohibition bill
becomes a law, about June 27, all
Texas will be "dry," and both inter-
state and intrastate shipments of li-
quor will be prohibited.

Seven breweries located in Gal-
veston, Houston, San Antonio, Fort
Worth, and Dallas are expected to
operate until the state-wide prohibi-
tion law is enacted. They will be
ready some are engaged in the man-
ufacture of non-alcoholic drinks and it
is believed that all will follow with
the closing of all saloons.

BAILLEUL IS EVACUATED BY FORCES OF BRITISH; HUNS HIT HARD SEEKING TO TAKE MESSINES RIDGE

FEDERAL OFFICERS FIND BIG SUPPLY OF WHISKEY

About three thousand quarts of
whiskey were destroyed this after-
noon by a crowd composed of county
and federal officers and citizens,
about twenty in number. The whis-
key was found in two places, in two
unoccupied houses near the river
where it had been stored, and in Joe
Legois' place near the flats.

E. H. and Hattie Hubbard have been
arrested.

The Hubbards were arrested and
their automobile, a new Paige, seized,
together with the whiskey that was
destroyed. The federal officers ar-
rested them in the house where some
of the whiskey was stored. They will
be given a hearing late this afternoon
before U. S. Commissioner Lantz and
were held in jail pending the hearing.

A photograph of the broken bot-
tles and the liquor flowing
freely was taken by order of U. S.
Deputy Marshal Goodfellow, to serve
as evidence in the case against the
Hubbards.

Much is Destroyed.
The party of officers armed with
hatchets and axes, first visited the
places near the river and broke up
the cases of whiskey, 150 in number,
containing about 1300 quarts. The
bottles were broken and their contents
spilled on the ground. At the Legois
place about 1000 quarts were destroyed,
according to the report.

Wytshaete Is Point Also Being Attacked; Defenders Determined

The war situation of today is summarized by the Associated
Press as follows:
Tremendous pressure exerted by picked fresh troops in the
desperate German effort to drive the British from Messines ridge
has compelled a slight retirement of the British line on the north-
ern edge of the Lys battle front. The town of Bailleul has been
evacuated and the British front withdrawn to a line running from
north of that town to the north of Wulverghem and thence to
Wytshaete.

Wytshaete occupies the highest point of the easterly ridge sys-
tem and the British have been firmly established here since the
early days of the enemy offensive. The Germans through their
push into the southwest are now apparently in a more advantage-
ous position to attack it and their expected drive upon it was re-
ported developing this morning. As it forms the pivot of the
British line which bends to the north, an extremely determined
defense of it is looked for from Field Marshal Haig's troops.

SALES OF BONDS CONTINUE HEAVY OVER THE NATION

By Associated Press.
Washington, April 16.—Liberty
bond subscriptions amounting to
\$206,465,250 were reported today to
the treasury from eleven of the
twelve federal reserve districts. This
is \$114,853,450 more than was reported
last night, and includes most of Mon-
day's subscriptions. No report has
come from the Minneapolis district
where the selling campaign started
yesterday.

Reports from local committees con-
tinued to tell of a large number of
subscriptions from persons of small
means and of the withholding of the
bigger subscriptions by banks until
later in the campaign. The number
of small loans which have exceeded
their quotas is now so great that the
treasury has given up efforts to keep
a complete roll.

A feature of the report from the
Dallas district was that the number
of individual subscribers was increas-
ing far beyond expectation of the cam-
paign managers.

CZERNIN IS TO ENTER ARMY IS REPORT

By Associated Press.
London, April 16.—Count Czernin
has decided to enter the army after
retiring from the foreign portfolio of
the Copenhagen correspondent of the
Exchange Telegraph Company cables
he will command a brigade on the
Italian front.

The correspondent also says the
count had an interview of half an
hour yesterday with Emperor Charles
and that a sharp exchange of opin-
ions took place.

WINEYER OPPOSES COTTON PRICE FIXING

By Associated Press.
Austin, Tex., April 16.—Opposition
to legislation pending before con-
gress which would fix the price of
cotton at eighteen cents is voiced in
a statement issued today by F. C.
Wineyer, commissioner of markets
and warehouses of Texas. He asserts
that in many instances it costs the
Texas grower more than eighteen
cents to produce the crop. The pro-
posed legislation, his statement says,
did not originate among cotton pro-
ducers but with the manufacturers.

"EMPEROR CHARLES SHOULD HAVE RESIGNED

Rome, April 16.—"Emperor Charles
should have resigned, but as it is not
customary for sovereigns to leave their
posts, even when they make blunders,"
Count Czernin was obliged to say, as
the London Daily Mail in commenting up-
on the resignation of Count Czernin as
Austrian foreign minister.

ENEMIES WILL NOT BE GIVEN PATENTS

By Associated Press.
Washington, April 16.—
President Wilson today stopped the
issuance of patents and copyrights
to enemies and revoked the authori-
ties given Americans to apply for patents
in enemy countries.

RAILROAD EMPLOYEES BUY LIBERTY BONDS

By Associated Press.
Lockhart, Tex., April 16.—Seven-
teen hundred employees of the San
Antonio and Aransas Pass Railway
have subscribed \$109,045 in Liberty
bonds it was announced today.

IN GOOD TRIM

Apparently in perfect physical
trim, with color in his cheeks and en-
ergy to plunge into his duties at Wash-
ington, the secretary stepped ashore
at 8:30 o'clock this morning from the
deck of a ship which once sailed the
seas as a German merchantman. His
trip from Europe had been undistur-
bed by any submarine.

Accompanying the secretary were
Major General Wm. Black, chief of
engineers, U. S. A.; Colonel M. L.
Brett, ordnance department, U. S. A.;
and Ralph Hayes, Mr. Baker's pri-
vate secretary.

Questions asked of the secretary
by newspaper men remained un-
answered. "Not a word," he said in re-
ply to queries as to his opinion re-
garding the Irish situation, aircraft
production and the appeal of Arthur
L. Balfour, the British foreign secre-
tary, for the United States to hurry
troops to France.

The secretary returned to America
on one of the large steamships which
fly the German flag, before the
United States entered the war.

RED CROSS BODY IS APPOINTED TO GO TO PALESTINE

By Associated Press.
Halifax, N. S., April 16.—A commis-
sion of about sixty members, headed
by John H. Finley, commissioner of
education of New York, has been
sent to Palestine, it was announced
today at Red Cross headquarters, to
study the needs of the people of the
Holy Land and assist in their re-
lief.

The Red Cross has made compre-
hensive plans for the relief of the
people of the Holy Land, who for cen-
turies have suffered under Turkish
rule and who recently were rescued
through the British conquest of Jeru-
salem.

"For some time," said an announce-
ment, "the American Red Cross has
had under consideration the best
way to relieve conditions in Pal-
estine. Famine and disease have ex-
isted here for centuries and cholera
and typhus have been epidemic. In no
part of the world into which the war
has been carried is the condition of
the civilian population worse than in
the land of the Bible.

"The war council appropriated
\$300,000 as a beginning. The emer-
gency work is to be done in connec-
tion with the British Syria and Pal-
estine relief fund, and the American
Armenian and Syrian relief commit-
tee, which already have been doing
what they could."

The initial work of the Red Cross
commission will establish in Pal-
estine four medical units to combat di-
sease. The lay assistants attached to
the medical units will devote their
time to general civilian relief such
as the distribution of clothing and
food, and the rehabilitation and re-
construction of devastated areas.

ANOTHER RADIO OPERATOR PROVES HERO OF VESSEL

By Associated Press.
Halifax, N. S., April 16.—The story
of the destruction of the American
steamship City of Wilmington by fire
south of Sable Island Saturday be-
came known today. The vessel was
burst from the hold with great sud-
denness early Saturday morning and
spread rapidly driving the crew to the
boats.

One of the last men to leave the
steamer was the radio operator. With
the flames sweeping the doomed lin-
ing out his back to his post, he
flashed out his S. O. S. keeping land
stations informed of the ship's posi-
tion and the progress of the fire. While
the crew was piling hastily into
the boats he sent word that he
was going to make a final search to
make sure all hands were safe. Af-
ter exploring the portions of the ves-
sel that were not enveloped in flames
he jumped back to his key, called
the nearest station and reported all
were leaping skyward almost as high
as the fire mast when he sent his
last message. "Go for the near-
est boat, good-bye." In the meantime
his calls for help had been
picked up by a Norwegian steamer
under forced draft she hastened to
the scene, guided through the night
by the pillar of fire, and found the
flotilla of small boats with the men
resting on their oars watching in
silence the destruction of their ship.
As the Norwegian steamed away at
pick-up the Wilmington's crew
enveloped in flames from stern to
stern.

Denmark Importers Declared Seeking To Force Trading

Washington, April 16.—Reports
that Danish importers, seeking to
force a release of American products
have been circulating among mer-
chants and manufacturers in the United
States hinting that unless they are
permitted to purchase what they
want to go to Germany or to sub-
stitute for the war, has drawn from the
war trade board assurance that
everything possible will be done to
safeguard American commerce.

Proposals for commercial agree-
ment with Denmark, similar to those
with other countries, have been held
in abeyance for several weeks owing
to the refusal of the Danish govern-
ment to give assurances required of
all neutrals that the goods obtained
from the United States should not be
allowed to go to Germany or to sub-
stitute for domestic products sent in
to Germany.

Boy Rescues Enough Lives for Those Lost In Storm

By Associated Press.
Fort Worth, Tex., April 16.—Mayor
Wright today announced that Sunday
morning a storm centered its violence
in the vicinity of Fort Worth, and
announced this morning that plenty
of food and clothing had been pro-
vided for the homeless and suf-
fering and that shelter too is avail-
able.

Donations began to
roll in in answer to his ap-
peal for help. The injured in
hospitals will recover it
this morning.

German Trawlers Sunk By Gunfire Of British Ships

London, April 15.—Ten German
trawlers have been sunk by gun fire
in the Cattegat (between Sweden and
Denmark), the admiralty announces.
Their crews were saved by British
ships. There were no British casualties.

The operation in the Cattegat, the
statement says, were undertaken by
the commander in chief of the grand
fleet.

BRITISH MISSIONS COMING TO UNITED STATES

By Associated Press.
A Canadian Atlantic Port, April 16.
—The British missions to the United
States arrived here today and will
proceed soon to New York.

LIBERTY LOAN QUOTA WILL BE SECURED BEFORE NIGHT

Wichita Falls will go over the top
with the third Liberty Loan before
today, Tuesday, April 16, is over, as at
three o'clock \$50,000 had been sub-
scribed, leaving only about \$150,000 to
be raised between then and nightfall
and the chairman of the county com-
mittee, J. A. Kemp, reporting that
this would be secured without any
difficulty.

At 1:20 P. M. Burnett phoned in
the triumphant message, "we have gone
over the top," Mr. Kemp, reporting that
they had raised more than their
allotment of \$110,000. Iowa Park
last week subscribed her quota
of \$65,000 and Wichita Falls to date only
subscribed about \$35,000 but will have
her allotment of \$125,000 in before
the week is over, according to the

French Class of 1919 Is Beginning Training; All Are in High Spirits

By Associated Press.
Paris, April 15.—The 1919 contingent
of the French army (youths of 19
years) is just going to the bar-
acks to begin training. Although
called out a year before the usual
time, these young men are in better
condition physically than any of their
predecessors.

They are starting out in as high
spirits as the army did in August,
1914, shouting from the car windows
that they will beat the Germans. The
scenes around the railroad stations
in the last two days have been more
like the time of the mobilization than
any which have been witnessed since
contributing to a wave of optimism
which seems to have replaced the
anxiety which was felt in the early
days of the great German drive.

Work Starts With Rush

Local committees started to work
early this morning with a vigor and
determination that seemed to assure
that the end sought would be attained
and Wichita Falls would finish up its
\$787,600 worth of subscriptions to the
Third Liberty Loan. The Retail
Merchants Association, the woman's
committee and the banks' committees
were all at work by nine o'clock and
the entire business district was can-
vassed, and numerous large and small
subscriptions were received, the com-
mittee meeting with but few refusals,
and these being in most cases where
circumstances did not permit the
bond subscriptions but where the in-

Individuals were buying Thrift and Savings Stamps.

The woman's committee sold about
\$15,000 during the morning. The sub-
scriptions being with but one excep-
tion, a \$500 subscription, for the small-
er bonds, \$50 and \$100. The other
workers among the Retail Merchants'
committee were enthusiastic reports
at one o'clock when they gathered
at the City National Bank to finish
up their work in the afternoon.

Banks Busy Places

All of the banks presented busy
scenes throughout the day. As the
cards or subscription blanks were
turned in to the banks by the vari-
ous committees the subscriber's name and
the amount of the subscription was en-
tered on the books.

(Continued on Page Four)

2 MORE HANDSOME HOMES ARE STARTED IN WICHITA FALLS

FIRST WORK ON \$40,000 RESIDENCE OF H. N. MARTIN COMMENCED TODAY.

Two more handsome homes are to go up in the residence district of Wichita Falls in the immediate future. Preliminary work for the construction of the beautiful new \$40,000 residence of H. N. Martin, the well-known financier, was begun this morning at Eleventh and Harrison streets.

C. W. Reid, president of the National Bank of Commerce, has just closed a contract with Taylor Brothers to erect a \$15,000 home for him on Twelfth street at the corner of the 1900 block. Construction will begin immediately.

Designed by Local Firm.

Both of these handsome homes were designed by Sankuinet, State & Pate, 567 Komp & Kell building. The home of Mr. Reid will be two stories high and will be built in the mission type of architecture and finished in stucco. The structure will contain 10 rooms and a basement. It will be heated by hot air and the outer walls will be of interlocking tile. The porches, which have been designed to be roomy and comfortable, will have cement floors and the floors and wainscoting will be used in finishing the bath rooms. The roof will be of composition shingles, with a graceful porte cochere on one side of the house and an open sunterrace porch at the other side.

The residence of Mr. Martin will contain 10 rooms and a basement and will be 50 feet wide by 47 feet long. The outer walls will be of brick and the roof will be of tile. There will be tile floors on the front and rear porches and also tile floors and wainscoting in the kitchen and bath rooms.

The outer walls of the residence will be trimmed with Luders stone, with Carthage stone steps, and there will be a 12-foot wide porch across the front of the dwelling. At one side, the front porch, which will extend clear across the front of the house, will be entered from a graceful porte cochere. The house will face the east.

Interior of Home.
In the interior, the rooms downstairs will be finished in red gum, with quarter-sawn oak floors. On the second story, the floors will be of maple, with birch trimmings, and in the basement there will be completely equipped billiard room finished in red gum, with maple flooring.

When completed, the entrance to the new dwelling will open into a large reception hall, from which a Colonial stairway will lead to the sleeping rooms on the second floor. In the rear of the Colonial stairway, with wide windows and a spacious open fire-place, will be the library and den of the owner.

PASSPORTS MAY BE ISSUED ALL WHO GO ABROAD

By Associated Press.

Washington, April 16.—Supervising travel of American citizens so as to guard the country against spies and other enemy agents is provided under broad powers conferred by a bill pending in the house with the administration and foreign affairs committee as its sponsor. It is proposed to give the government necessary supplementary powers to watch the border and act quickly where present laws are inadequate and to follow, in principle, at least the regulations taken in Europe.

Recently there have been numerous suspicious departures for Cuba which it was impossible for this government to prevent. Other individual cases of entry and departure at various points have excited the greatest anxiety. This is particularly true of the Mexican border, passage across which cannot legally be issued by the department of state, and there is no reason to believe, according to the framers of the bill, that any American citizen will be annoyed in consequence of these restrictions.

ALEXANDER NOW WANTS TO GO INTO NAVY

By Associated Press.

St. Louis, April 16.—Grover Cleveland Alexander, who is to pitch the opening game of the season for the Chicago Nationals in their game today with the St. Louis Cardinals, upon his arrival here today from Chicago said that he had telegraphed his draft board at St. Paul, Nebraska, asking for permission to join the navy. This decision followed a visit yesterday at the Great Lakes Naval training station.

Knights of Liberty Put Tar and Feather Coat Upon Hyphenate

By Associated Press.

Tulsa, Okla., April 16.—John Kubecka, 26, German-American, was taken from the street late Monday night by the "Knights of Liberty," taken quietly to a secluded spot north of the city, tarred and feathered and given fifty lashes. Kubecka is alleged to have invaded the intimacies of the home of a soldier called in the draft and to have made derogatory remarks. He was made to promise that he would leave Tulsa, never to see the woman again and never make another derogatory remark. The Knights of Liberty came into prominence here last November when fifteen alleged I. W. W. were taken out and given a coat of tar and feathers and whipped.

WATER IN LAKE NOW WILL LAST THREE MONTHS

ECONOMY IN USE OF SUPPLY, HOWEVER, URGED BY COMPANY.

The three recent rains, including that of last Saturday and Sunday, have put a three months additional water supply in Lake Wichita, according to the statement of F. N. Lawson, the manager of the Wichita Falls Water Company. This of course is a material aid to the water situation but before the supply may be considered safe there must be very much more water put in the lake. More rains of course are to be expected, now that the drought is seemingly broken, but Mr. Lawson is of the opinion that the water should be conserved as far as possible, individual consumers being asked to observe economy and not waste any water. There will be no necessity for watering lawns or gardens for some time, with the moisture in the ground at present from the heavy rains and economy on water will hurt now as much as before the rains came.

Irish Hold Meetings To Protest Against Proposed Draft Law

By Associated Press.

London, April 16.—Meetings to protest against conscription were held Monday in 100 parishes in Ireland, all classes of the population participating says a dispatch from Dublin to the Times. The clergy took a leading part in all the meetings. Resolutions of protest are pouring in from public bodies and Sinn Fein clubs are very active. "Unquestionably," the dispatch adds, "the present temper of nationalist Ireland is very deplorable. The country has lost all sense of proportion and has forgotten not merely home rule but the war. It is a country of contradictions, however, for in Dublin and some other towns voluntary recruiting has been remarkably good in the past few days."

MEN AND WOMEN BADLY NEEDED BY RED CROSS

WORKERS IN FIELD IN FRANCE ARE DECLARED TO BE SCARCE

Opportunity is now offered for numerous men and women of the proper qualifications to serve the Red Cross in various capacities in France. The need is acute, according to the latest bulletin, which enumerates the positions which need filling. Each chapter is authorized to receive applications and send them in with their recommendation to the general headquarters. Those who may desire to do work of this sort will find the following extract from the latest "Important Items" official publication of the Red Cross, of much interest.

Cable Received.

We have just received the following cable from Mr. Davidson, now in France:

"Situation now such that every fair-minded intelligent American man or woman with right spirit and unquestioned loyalty can be utilized, so put extreme pressure upon locating and sending all who have been asked for, and more; you cannot send too many and there is work for all who come, in fact this matter so vital that you may think it necessary to organize on even larger scale committees of men and women."

VLADIVOSTOK CALM WITH BLUEJACKETS OF JAPAN IN CITY

By Associated Press.

Tokyo, Wednesday, April 10.—Official advices from Vladivostok say the city is calm. Japanese bluejackets are not replying to occasional shots from snipers at night. Protection of the French consulate has been taken over by the Japanese. The Japanese foreign office announces there is no confirmation of a Petrograd dispatch that the Bolshevik government has proclaimed a state of war in Siberia, and ordered the Red Guards to oppose the Japanese marines.

Needs of Service.
Field representatives, 13; inspector—manufacture of splints, 1; nitrous oxide expert, 1; factory organizers—artificial limbs, 1; mechanical engineers, 1; district delegates—inside devastated areas, 6; journalists, 4; lecturer—bureau mutilés, 1; graphic exhibit expert, 1; moving picture machine operators, 9; district delegates—outside devastated areas, 29; chief cable man, 1; assistant cable man, 1; architect, 2; zone commanders, 2; assistant zone commanders, 3; canteen managers—French front, 10; associate chiefs, 4; division heads, 16; executive delegates—bureau mutilés, 1; assistant director—Bureau Supplies, 1; executives—Transportation Dept., 24; executives, Stores Section, 9; zone medical supply men, 3; representative—base hospitals, France, 179; social service, (M), 6; journalist, 1; rolling canteen workers, 10; assistant secretary, 1; warehouse superintendents, 2; assistant warehouse superintendents, 6; secretary, 1; unassigned workers, 5; Total, 356.

Please give this subject publicity in your local papers and forward such applications as you can conscientiously endorse to Charles P. Pettus, Director of Personnel, 1617 Railway Exchange Bldg., St. Louis.

The following are some of the positions for men that are still unfilled and for which we are asked to secure enrollments:

DEADS FILED FOR RECORD

By Associated Press.

S. D. Sillman and wife to E. A. Mathler, lots 7 and 8 block 116, Iowa Park, Texas, \$550.

AMERICANS STILL SURE OF VICTORY DESPITE ATTACKS

By Associated Press.

Americans in France are optimistic as ever, even since the big drive has commenced, according to a letter has received here from Sergeant William C. Toney, who has been in France for several months with an aero division. This letter of Sergeant Toney's was written after the big gun had killed ten people in Paris, and after the big drive had commenced.

"Kaiser Bill has all the crowned heads of Germany on his front lines," he says. "Oh, how we wish we could get a crack at him and his nobility, too. If we could only get at him."

He also says that in the opinion of the soldiers the big gun will not get much for them, for it is said to have cost \$100,000 and there were only 10 people killed in Paris, when the letter was written. It also cost an enormous amount to fire one shot. The only object is to terrorize the people here.

The weather continues cold, and though there is plenty of work the men are all impatient to get into action on the front.

PROHIBITION ELECTIONS ARE HELD IN ILLINOIS

By Associated Press.

Chicago, April 16.—Saloons are the issue in elections being held in a number of Illinois cities and villages. In these wet and dry contests the existence of 217 down state saloons are at stake. In some of these, notably Alton, the "drys" will make their second assault on "wet" strongholds within a fortnight, the question having been voted on at the township elections April 2.

MORE DEADLY THAN A MAD DOG'S BITE

By Associated Press.

The bite of a rabid dog is no longer deadly, due to the now famous Pasteur treatment, but the slow, living death, the result of poisoning of the system by deadly uric acid is as sure and inevitable as day follows night.

No other ailment of the human body are so important to health making as the kidneys and bladder. Keep your kidneys clean and your bladder in working condition and you need have no fear of disease. Don't try to cheat nature. It is a cruel master. Whenever you experience backache, nervousness, difficulty in passing urine, "go on the job." Your kidneys and bladder require immediate attention. Don't delay. This is the time to take the bull by the horns. GOLD MEDAL Haarlem Oil Capsules will do the trick. For over two hundred years they have proven meritorious in the treatment of diseases of the stomach, kidneys, liver and bladder. It is a world famous remedy, in use as a household necessity for over 200 years.

If you have been doctoring without result, get a box of GOLD MEDAL Haarlem Oil Capsules today. Your druggists sell them. Absolutely guaranteed or money refunded. Beware of imitations. Look for the name GOLD MEDAL on every box.

Wounded Civil War Veteran Strongly Endorses Nujol

After suffering many years from chronic constipation, W. H. Collingwood found Nujol so effective that he was able to greatly reduce the dose a week after starting the treatment. Read his letter:

NUJOL LABORATORIES
STANDARD OIL CO. (New Jersey),
BAYONNE, N. J.
Gentlemen:—

Am 71 years of age, and for many years have been afflicted with constipation, which has been aggravated by neuritis caused by a severe wound received during the Civil War, in which I served three years. Have used Nujol for some time past with most satisfactory results. Am now practically free from constipation. After using Nujol for about one week was able to reduce dose one-half.

Would add: was troubled with heart-burn almost daily, but Nujol has entirely relieved me.

It is with pleasure I write you as above.
Sincerely yours,
Collingwood Poultry Farm W. H. Collingwood.
Hampton, N. J., Dec. 22, 1916.

CONSTIPATION sufferers read between the lines of Mr. Collingwood's letter! Note that many more than one serious ailment begins with constipation—and all are avoided by prompt relief from constipation. The necessary relief is best supplied by Nujol—in all cases, chronic or occasional.

Nujol clears the bowel-tract in gentle, effective fashion, without stimulating the system; without pricking; and without the least reaction. Nujol is a pure, reliable, non-habit-forming remedy. It is pleasant to take. Thousands now use it instead of harmful pills and physics. Be "regular as clockwork"—use Nujol.

ABSOLUTELY HARMLESS
There are no substitutes
—there is only Nujol.

At every drug store. Send 50c, and we will ship new kit size to soldiers or sailors anywhere.

Nujol for constipation

In bottles only, bearing the Nujol trademark—never in bulk. Write for free booklet.

NEW HIGH SCHOOL BUILDING NEEDED SAYS SUPERVISOR

J. P. BUCK VISITS INSTITUTION AND MAKES RECOMMENDATION.

PRESENT ONE TOO SMALL

Official Report is Made Following Close Examination—Teachers' Pay Low.

Wichita Falls has outgrown its high school building and will probably need another within a year, according to the report made the state department of education by J. P. Buck, the high school supervisor who visited the local high school in March. The school teachers are all so paid less than they should be the supervisor says.

He praises the work of various departments, adds some criticism, and makes various recommendations, all of which will receive immediate attention, according to Lee Clark, the city superintendent, to whom the report is addressed.

The report, which will be of much interest to the patrons of the schools and all others interested in the cause of education, follows:

Letter to Clark.
Wichita Falls High School, Lee Clark Superintendent.
Visited by J. P. Buck, March 5, 1918.

Wichita Falls High School occupies a modern, three-story brick building which has adequately served the needs of the community in the past, but owing to the very rapid growth of the school, will probably not be large enough for another year.

The library occupies a separate room and is adequately equipped with well-selected books. The history department is lacking in modern maps and charts. The supervisor was assured that these will be provided.

Two rooms are used for laboratory purposes, but the equipment is inadequate. For physiology, models are needed; for zoology, relief globes and blackboard outlines; for physics, approximately \$500 worth of apparatus; and for chemistry, lockers and sinks.

Manual Training.
The manual training department is adequately equipped to do the regular two years' course, but not the industrial courses which are (1) A course in "Iron and Steel"; (2) Art Metal Work; (3) Pattern making. The manual training department needs a table saw, jointer, and planer for wood work; an extra room for iron and steel and Art Metal courses and about \$1,000 worth of equipment, if these courses are to serve their broadest purpose.

The spirit of the school is good, in all of its departments. The teachers are all college trained and are enthusiastic in this work. This enthusiasm has been imparted to the pupils, as evidenced by recitations observed. It is doubtful, however, whether this class of professional talent can be retained at the present salary schedule.

An eighth grade English class gave a good recitation. The work was well presented and the response was good. This suggestion is respectfully offered that the work in the seventh grade be made stronger so that the eighth grade can do stronger work.

A manual training class was doing pattern making. The boys showed a spirit of work and good results are being obtained.

A tenth grade zoology class was doing some laboratory work. The teacher is very properly requiring all drawings to be made from the real operations and objects instead of from models given in the book. The notebook work of this class is good.

Recommendations.
1. That the high school be provided with comprehensive sets of maps and charts for the respective history courses taught.
2. That the laboratory be provided with \$500 worth of apparatus.
3. That the manual training department be provided with \$1,000 worth of equipment and the short courses given be made full year courses.
4. That the salaries of teachers be raised.

That the following additional credits be granted if the specimens submitted meet the requirements of the examiners: (1) English, 1 unit; (2) Zoology, 1 unit; and (3) that additional credit be granted in manual training, the amount to be determined after examination of the specimens.

"Gets-It"—2 Drops—Then to the Dance!
"Goodnight to Corn Pains—Corns Peel Off With 'Gets-It'."
"Say, girls, you can laugh at tight shoes, or damp, corn-pulling weather, big bumpy corns, calluses on the soles of your feet, corns between the toes, hard and soft corns,

if you will just touch the corn or callus with a few drops of 'Gets-It.' What a blessed relief it gives to corn pain! You won't limp any more; you can enjoy the dance every minute; you can see how that corn or callus will come right off complete, like a banana peel and without the least pain. It is just wonderful. 'Gets-It' is the biggest seller among corn removers in the world today, simply because it is so wonderfully simple and always works. Be sure you get 'Gets-It.' 'Gets-It' is the guaranteed, money-back corn-remover, the only sure way, costs but a trifle at any drug store. M'F'd by E. Lawrence & Co., Chicago, Ill.

Sold in Wichita Falls and recommended as the world's best corn remedy by Palaco Drug Store, Mack Taylor's Drug Store, The Miller Drug Store.

WOMEN ARE URGED TO SECURE BONDS OF THIRD ISSUE

INCIDENTALLY, WHAT WOMEN ARE DOING IN EUROPE POINTED OUT

"Women of the southwest, we look to our men to subscribe the Liberty Loan quota. We look to you to double it," says Deputy Governor Hoopes of the Dallas Federal Reserve bank in a telegram to the Times in which he answers the question raised by Miss Grace Parker, who has been to Europe to investigate the women's war work over there, as to why American women were not allowed to do the same work the English and French women are doing.

Mr. Hoopes calls the attention of the women to the transportation difficulties and other physical features which hinder such a course. Continuing, Mr. Hoopes points out other ways for doing important war work which are open to the women of the United States, emphasizing the Liberty Loan work.

The telegram in full follows:
Hoopes Telegram
"Why should we American women be shielded and kept from doing the work that French and English women have done?"

This is the question being asked by Miss Grace Parker who was sent to Europe to investigate woman's war work on the other side of the Atlantic. Miss Parker points out that one million English women are making ammunition; that several hundreds of thousands are working on the farm; that they are performing every kind of labor needed to build a battleship, that ten thousand are working in France behind the firing line, that twelve thousand are acting as motor drivers, that within ten days of the declaration of war sixty thousand nurses were enlisted.

At her meeting in Dallas recently Miss Parker's question was applauded vehemently. This was to be expected of Southern womanhood, yet we would ask both Miss Parker and the women of this district to remember that the difficulty of transportation and other purely physical features explain to quite an extent the reason why American women are not asked to do the same kind of work as their European sisters.

There is a work, however, into which the women of the Southwest can throw all these energies, which they would gladly extend in more arduous and dangerous tasks. They can secure for the Government a huge over-subscription to the Liberty Loan. This will send food and ammunition to our soldiers and to our allies, and will build ships to help to crush Germany and so achieve the object of every true American woman. Do the duty that arises clearly defined before you, and the same credit will be due as to the over-land, dirt-stained sister on the other side.

In the army of democracy some must go "over the top," some must engage in the prosaic work of mule driving, some must make ammunition, others again must provide the money. All are necessary.

Do your part, and you will share

equally in that glorious triumph which one day must be ours. Women of the Southwest, we look to our men to subscribe to the Liberty Loan quota, we look to you to double it.

HOPKES, Deputy, Governor Federal Reserve Bank.

CHAMBERLAIN IS LIKELY TO BE MEMBER WAR BOARD
London, April 16.—The committee which is in charge of the drafting of an Irish home rule bill, says the Times, includes J. Austen Chamberlain, former secretary for India. This, it adds, is a "fact which" suggests that he already is or is about to become a member of the war cabinet.

The same paper prints an appeal from the unionist members of parliament urging the immediate introduction of a measure of home rule as "generous as can be devised by the light of the recent discussion of the Irish convention."

The U.S. Food Administration
writes, urging that we help them bring to the attention of our customers the importance of saving wheat.

Lots of folks over there in Germany and Austria think that they are in hard luck, but the fellow who knows what hard luck is acts as mouthpiece for a king when the king hasn't very much sense. Take Czernin, for instance.

Liberty Loan committees are coming the city today for subscribers, and the people are reported to be giving their usual generous response.

There is a great deal of satisfaction in the realization that while Germany may pound forward for a small gain here and a smaller one there, the army cannot keep the terrific pace under which it has been going for very long. Then the reserves of the Allies will have a chance to attack.

Wichita Falls today is in the dry-town class. The people confidently predict that never again will saloons open their doors in this city.

IRELAND!

It is marvellous to contemplate the mind of the Irish.

Great Britain has offered the people of the Isles any sort of a settlement which they will all agree to accept, and no agreement of any sort upon any matter seems in the realms of the possible among all of the people of the Islands.

England is now insisting that the draft should be put into effect in Ireland, since these champions of freedom are themselves as much menaced by the German autocracy as are the free people of any other country.

But no! Ireland will have none of the draft. There is even talk of a revolt in event an effort to draft Irishmen is begun.

It would be well for the Irish to temporarily compose their differences, enter heartily into the war with the British, and then settle their small troubles with the parent country after the great conflict has been ended. For, in all conscience, Ireland can as little afford a continuance of German domination in Europe as can England or the United States.

Drafted Men Agree To Start Drilling Before Call Comes

About 60 men, all of whom are included in Classes 1 and 2 of the draft gathered at the Court House last night and preliminary steps were taken to arrange for the drilling of the men here at least one night a week so that they may know something of the drill and the duties of soldiers before they are called to camp.

It is expected that, by the time the first drill night comes around, there will be fully 100 men on hand ready to tackle the work. Arrangements have not yet been completed but will be announced later.

At last night's meeting, short talks were made by B. J. Porch; Assistant County Attorney John Davenport; G. Clint Wood and Dr. Michael M. Walker. Under the present plan, the men will be called out for drill one night a week.

LABOR NOT TO MEET MEN OF ENEMY NATIONS

London, April 16.—The declaration of the American Federation of Labor that it will not meet enemy representatives during the war which James Wilson, chairman of the visiting American labor delegation expressed at a luncheon yesterday, is expressed by the press.

OFFICIAL

Great Britain. London, April 16.—The Germans have captured Bailleul on the northern battle front, the war office announces.

The British have fallen back to new positions north of Bailleul and Wulverghem.

Fresh German attacks are developing in the neighborhood of Wyszczete. A German attack southwest of Vieux Barquin was repulsed.

Yesterday evening, preceded by an intense bombardment, the enemy launched very heavy attacks against our positions between Bailleul and Neuve Eglise. The assault was delivered by three picked German divisions which had not been previously engaged in the battle and it succeeded after a fierce and bitter struggle in carrying the high ground south east and east of Bailleul known as Mount De Lille and Revetsberg. Our troops on this front have fallen back to positions to the north of Bailleul and Wulverghem. Bailleul has fallen into the hands of the enemy.

This morning fresh German attacks were developing in the neighborhood of Wyszczete.

Early this morning the enemy also attacked southwest of Vieux Barquin under heavy artillery and trench mortar fire, but was repulsed.

A number of prisoners were taken by us during the night in a successful minor enterprise northeast of Boulogne.

On the remainder of the British front there was nothing of special interest to report.

The statement follows: "The commander in chief of the grand fleet reports having undertaken to sweep the Channel on April 15. Ten German trawlers were sunk by gun fire, their crews being saved by British ships. There were no British casualties."

France.

Paris, April 16.—Heavy artillery fighting occurred last night on the battle front in the neighborhood of Montdidier the war office announces. The French captured a machine gun and prisoners near the Oise canal.

The statement follows: "In the region south of Montdidier there was heavy artillery fighting in the sector of Novon the French made some progress in a local operation."

"French reconnoitering parties were very active, especially in the region of the Oise canal. A French detachment crossed the canal west of Pierremande and brought back ten prisoners and one machine gun. French patrols also took prisoners in the sector on Corbeny in the Champagne near Seicheprey and in the Vosges. A German raid at Teton was repulsed."

"Everywhere else the night was calm."

LIBERTY LOAN QUOTA WILL BE SECURED BY NIGHT

Continued from page 1. tered on a card, to be handed to the main committee, and the subscription checked off on the main committee's list. Each bank kept a total of their sales and a duplicate list of subscribers.

Tomorrow the results will be given a final check by the committee. T. B. Noble, manager of the Wichita Falls Broom Company's plant here, got busy at the factory yesterday morning and about \$1,400 was subscribed for Liberty Loan Bonds before noon.

Every one of the 26 men employed subscribed for a \$50 bond and the one exception signed up for a \$100 bond. About five or six boys also are employed at the plant but these were not asked to subscribe as their earnings did not warrant it.

Railroad Men Subscribe. While this was going on at the broom factory, Superintendent J. L. Walsh, of the Wichita Falls and Northwestern railway, combed his offices in the depot building and obtained \$1,350 in subscriptions in a few minutes. As soon as blanks are received the entire line of the M. K. & T. and W. F. & N. W. will be canvassed thoroughly and the officials expect to receive a prompt response from the men.

"We will make a vigorous campaign all along the line," said Albert F. Winn, general freight and passenger agent of the W. F. & N. W. today. Through Superintendent Walsh and others the campaign already has been started and it will be carried out vigorously among all employees of the Superintendent's district, which extends from Whitesboro, Tex., to Pockan, Okla., also including the Newcastle and Wellington branches.

The members of the committee were much pleased with the results of the day's work and will continue their work late into tonight, checking up reports of the committees. They will stay with the job as long tonight as it is necessary to bring up the amount subscribed to the necessary \$787,600.

By one o'clock this afternoon, the offices of Marvin Bundy, freight agent of the Ft. Worth Denver City Rv., had subscribed \$1,000 to the Liberty Loan, and that total is not in every day use in American homes. The first list cut off only commodities of which there was an ample supply or which could be produced here. The second will make it necessary, almost for the first time since the war began for people "to do without."

The extent of the list and the amount of tonnage to be saved, for war purposes have not been made known. Conferences have been held with representatives of the trades, mechanics and in some instances with representatives of governments of foreign countries from which the imports come. Every effort has been made to work as little hardship as possible.

LABOR NOT TO MEET MEN OF ENEMY NATIONS

By Associated Press. London, April 16.—The declaration of the American Federation of Labor that it will not meet enemy representatives during the war which James Wilson, chairman of the visiting American labor delegation expressed at a luncheon yesterday, is expressed by the press.

BERLIN GIVES HOME VERSION UPON BATTLE

By Associated Press. Amsterdam, April 16.—North of St. Mihiel on Sunday night, says a Wolff Bureau dispatch from Berlin dated Monday, the main part of the American position situated to the eastward and southeastward of Malzy on the right bank of the Meuse River, was taken by storm.

A large section of the main enemy lines of defense on the high road from St. Mihiel to Bouris, the dispatch adds, was rolled up despite the brave resistance of the enemy, who suffered the severest casualties in addition to the loss of prisoners.

The German attack against the American positions on the right bank of the River Meuse, north of St. Mihiel, Sunday, was made by a force of 400 picked troops who recently had been transferred from the Russian front. Although the Americans were outnumbered more than two to one, the correspondent of the Associated Press with the American army in France telegraphed under date of Monday that the Germans were completely repulsed and were driven back into their own trenches. The known enemy casualties included 64 dead, many wounded and eleven prisoners, besides a number of wounded who were dragged back to the German line by their comrades.

WANTS ESPIONAGE CASES TRIED IN ARMY. Washington, April 16.—The bill to bring all persons charged with violations of the espionage act under the jurisdiction of the military court martial was introduced today by Senator Chamberlain of Oregon, chairman of the senate military committee.

PARIS BOMBARDMENT CONTINUES; WOMAN KILLED. Paris, April 16.—Shells from the long range German guns killed one woman and wounded one woman and one man in the Paris district last night, according to an official statement issued today. The bombardment continues.

BRUSSARD FUNERAL HELD AT NEW IBERIA. New Iberia, La., April 16.—The funeral of U. S. Senator Robert F. Brussaard, who died at his home here last Friday night, was held today, attended by an immense throng of close personal friends and men prominent in the affairs of the state and nation.

TEN BRIGADIERS ARE NOMINATED BY PRES. WILSON

By Associated Press. Washington, April 16.—Ten brigadier generals of the national army were nominated today by President Wilson to be major generals, and twenty seven colonels were nominated to be brigadier generals. The major generals nominated follow: William P. Burnham, James H. McRae, Ernest Hinds, Charles S. Farnsworth, Edward F. McGlachlin, Jr., Willard A. Holbrook, George B. Duncan, Charles H. Martin, James W. McAndrew, Leroy S. Lyon.

Nominated to be brigadier generals: Colonels Robert H. Noble, Arthur Johnson, Charles Gerhard, William K. Dashedell, Guy H. Preston, Frank M. Caldwell, Lutz Wahl, John L. Hines, Joseph C. Castner, Julian R. Lindsey, George H. Jamerson, Lincoln C. Andrews, Dwight E. Aultman, Ora E. Hunt, Adrian S. Fleming, Thomas W. Darragh, Johnson Pagood, Lytle Brown, Alfred A. Starbuck, Edward T. Donnelly, Fred T. Austin, William I. Westervelt, Augustine McIntyre, Richard W. Young, George A. Wingate, Hugh S. Johnson; Lieutenant Colonel Robert E. Wood.

GERMANY SECURES LEASE ON OIL FIELD. Amsterdam, April 16.—In connection with the provision of the Rumanian peace treaty giving Germany a lease of 99 years on the Rumanian oil wells, the Berlin Tages Zeitung reports, Germany has reserved the right of military occupation of the oil producing territory for several years.

By Associated Press. Paris, April 16.—The German government has reserved the right of military occupation of the oil producing territory for several years.

Commercial Agents Will Be Dispensed With By Railroads

In accordance with orders from general headquarters of the M. K. & T. and the W. F. & N. W., the office of the Commercial Agent, E. J. Pope, will be closed here May 1. After that date, all the business formerly handled by Mr. Pope's office for both the Katy and the W. F. & N. W. will be handled by the office of General Freight and Passenger Agent, Albert F. Winn.

"The change is in direct line with the orders of Director General of Railroads McAdoo," said Mr. Winn this afternoon. "When the secretary of the Treasury, who happens to be directing the railroads, eliminated the solicitation of freight by all of the railroads, he practically eliminated the use of the railroads for Mr. Pope's department. I presume that a similar change will be made on other lines throughout the country."

"Under the present handling of the railroads, there is no competition under federal control. Freight is routed in the quickest way possible in connection with the availability of cars. Mr. Pope's department was confined to the getting of business. Now this will be taken over by the general officers."

GERMANY SECURES LEASE ON OIL FIELD

Amsterdam, April 16.—In connection with the provision of the Rumanian peace treaty giving Germany a lease of 99 years on the Rumanian oil wells, the Berlin Tages Zeitung reports, Germany has reserved the right of military occupation of the oil producing territory for several years.

How Our Ice Helps Mr. Hoover

Your refrigerator and OUR ICE can be real aids in the nation wide campaign to conserve foods.

Here's how they can help, with your assistance.

Though everything else has gone up in price, our pure ice costs no more today than ten years ago. Use it freely. Keep the refrigerator at a cool even temperature so that butter, vegetables, fruits and other perishables may every bit be SAVED.

The numerous "left-overs" that we indulgent folks consign so readily to the garbage pail, many of them can be made over into dainty dishes and set before "the King" again—with the help of those two great conservators, your refrigerator and our ice.

The most important part, after all, of the Food Conservation Campaign is don't waste food.

With your refrigerator and our pure ice you can do "your bit" not only to save needed food but to materially reduce the high cost of living.

TODAY'S MARKETS

BREAK IN COTTON SENDS PRICES DOWN FOR 100 POINTS

By Associated Press. New York, April 16.—There was renewed excitement and a further sensational break in prices at the opening of the cotton market today. Liverpool cables reported the full maximum break of 100 points permitted for the day in the market there before the local opening with sellers at the local prices, and there was further active Liverpool selling around the local risk as well as continued general liquidation. The opening was 100 to 113 points lower on old crop positions with May selling at \$27.95 and July at \$27.10 during the call. Later deliveries opened at a decline of 44 to 60 points with October selling at \$26.00 and December at \$26.45 during the first few minutes. No fresh bearish feature was in evidence, but sentiment was extremely nervous and unsettled and liquidation was probably stimulated by reports that the break in futures had checked demand for both spot cotton and goods. The suspension of a local broker was announced but it was considered of little or no influence on the market. Cotton futures opened irregular. May \$28.50 to \$27.95; July \$27.75 to \$27.40; October \$26.30 to \$26.90; December \$26.45 to \$26.60; January \$26.40 to \$26.55. The heavy early offerings were absorbed around \$27.40 for July and \$26.90 for October or about 120 points under last night's closing figures. Later the market seemed to have been pretty well liquidated and the covering movement started which became extremely active and excited during the middle of the day. Bullish spot advice and a belief that the weekly weather report tomorrow would comment unfavorably on recent low temperatures stimulated the disposition to take profits on short cotton. Stop orders were uncovered and the advance was almost as rapid as the earlier decline with July selling up to \$28.88 and October \$27.50 or 148 to 175 points above the low level of the morning and 28 to 25 points higher. The covering movement seemed to have pretty well run its course before the end of the noon hour and the market was quiet for the remainder of the day. Prices sagging off from the best under renewed liquidation or realizing by early sellers for a turn. July worked off from \$28.88 to \$28.25 and October from \$27.75 to \$27.18, or about 22 to 25 points net lower. Cotton closed firm.

New Orleans Cotton. New Orleans, April 16.—Weakness featured the early trading in cotton here today, the market losing 66 to 93 points in the first half hour of business. Selling was general and the market was nervous and excited with 10 to 25 points between trades. Opening bid: May \$27.25; July \$26.45; October \$25.40 asked; December \$25.00; January \$25.00. Shorts commenced to take profits and the market promptly took on an oversold appearance. An exceedingly strong bulge occurred which in the trading up to noon, carried the strongest months about 120 points up from the bottom and put the market 37 to 60 points over yesterday's close. The strong tone was not long retained and the market sagged and the afternoon under renewed selling. At 1 o'clock trading months were 23 to 25 points below the level of yesterday's final prices. Cotton closed steady at an advance of 18 to 48 points.

Liverpool Spot Cotton. Liverpool, April 16.—Cotton spot quiet; prices weak. Good middling \$23.24; middling \$22.21; low middling \$22.19; good ordinary \$21.19; ordinary \$20.66. Sales 4,000 including 3,300 American. Receipts 18,000 including 14,000 American. Futures closed weak. The only business in new contracts was at a penny decline, the minimum price. Closing prices were: April \$22.67; May \$22.38; June \$22.13; July \$21.92; August \$21.72. Old contracts fixed prices: April \$21.26; April-May \$21.18; May-June \$21.10; June-July \$21.02.

LIVESTOCK

Fort Worth Livestock. Fort Worth, Tex., April 16.—Cattle receipts 2,000; market 15 to 25 higher. Beefsteers \$9.00@13.50; stockers \$8.50@11.75; cows \$7.25@10.75; heifers \$8.50@12.75; bulls \$7.50@9.25; calves \$8.50@12.50. Hogs receipts 2,000; ten cents higher. Heavy \$17.50@17.60; lights \$17.40@17.50; medium \$17.25@17.40; mixe \$16.75@17.25; common \$15.00@16.50; pigs \$9.50@15.75. Sheep receipts 800; steady. Lambs \$15.00@19.00; yearlings \$15.00@16.00; wethers 14.00@15.00; ewes \$13.00@14.50; culls \$14.50; culls \$9.50@11.00; goats \$7.50@9.50.

Kansas City Livestock. Kansas City, Mo., April 16.—Hogs: receipts, 11,000; steady. Bulk \$17.35@17.55; heavy \$17.25@17.55; light \$17.35@17.55; pigs \$13.75@17.25. Cattle receipts 5,000; strong and higher; prime fed steers \$15.00@16.75; dressed beef steers \$13.75@15.50; southern steers \$9.00@14.00; cows \$7.75@13.60; heifers \$8.75@14.00; stockers \$8.50@13.25; calves \$8.50@13.50. Sheep receipts 5,000; 10 higher. Lambs \$20.00@21.00; yearlings \$18.00@17.50; wethers 16.00@16.75; ewes 15.00@16.00; stockers \$8.50@15.50.

Chicago Produce. Chicago, April 16.—Butter higher; creamery \$24.25. Eggs higher; receipts 42,568 cases; firsts 32 1/2 @ 34; ordinary firsts 31 1/2 @ 33; at mark cases included 31 1/2 @ 33. Potatoes receipts 37 cars unchanged.

New York Stock Market. New York, April 16.—War bulletins received in the financial district shortly before the opening of today's stock market tended to depress prices moderately in the initial dealings. The leaders of the preceding session including U. S. Steel, Crucible Steel, Baldwin Locomotive, shippings, Readings, oil and alcohol yielded the better part of a point, while specialties fell back under the reaction in General Motors, that stock losing 2 1/2. Prices hardened before the end of the first half hour. Liberty Bonds were steady. A brisk demand for steels and allied equipments set in at midday. United States Steel led the movement, changing hands in large blocks up to 3 1/2. Bethlehem Steel, American Car, American Can and Baldwin were included in the advance, also Reading. Leaders reached from large fractions to a point on the lighter dealings of the last hour. The closing was irregular. Liberty 3 1/2's sold at \$98.94 to \$98.88, first 4's at \$96.26 to \$96.50 and second 4's at \$96.18 to \$96.40. Sinclair Oil & Refining, 27 1/2; Texas Co., 14 1/2.

By Associated Press. Washington, April 16.—The war department has decided that German prisoners of war held in the United States shall earn their keep. Orders were sent out today giving authorization to use about 1,270 of them in building roads about the two posts where they are held.

By Associated Press. Washington, April 16.—The heavy price the Germans are paying for their advance on the western front was told in dispatches to the state department today saying that 25 train loads with wounded are passing through Aix-la-Chapelle every night.

CORN PRICE GOES DOWNWARD RESULT FAVORABLE RAINS

By Associated Press. Chicago, April 16.—Excellent planting conditions had a decided bearish effect today on corn. The general rains were said to have been of great benefit in preparing the soil. Unfavorable war developments tended also, according to some authorities, to carry the market down grade. Opening prices, which ranged from 1/4 to 3/4 lower, with May \$1.27 and July \$1.49 to \$1.49 1/4, were followed by a sharp additional break, especially in the July delivery. Oats like corn, showed weakness on account of bearish weather and war advices. After opening 1/2 to 3/4 off with May \$1 to \$1 1/4, prices continued to sag. Provisions were depressed by the liberal increase in land supplies during the first half of April. Despite some rallies, the heaviness of the market increased as the session approached an end. Prices closed weak 1/2 to 2 1/2 net lower with May \$1.27 and July \$1.47 1/4 to \$1.47 3/4.

Table with columns: CORN, OATS, PORK, LARD, RIBS, MAY, JUNE, JULY. Includes prices for various commodities.

Kansas City Cash Grain. Kansas City, April 16.—Corn number 2 mixed \$1.62@1.66; number 2 white \$1.70@1.75; number 2 yellow \$1.65@1.66. Oats number 2 white \$1.38; number 2 mixed \$1.33@1.34.

WICHITA MILL IS TO STOP SELLING FLOUR FOR MONTH

For the next forty-five days the Wichita Mill and Elevator Co., will sell no flour to wholesalers or jobbers, in compliance with a request made by the State Food Administrator E. A. Peden. Any surplus which may result from this action will be offered to the government for export to feed the Allies and the American army. The mill makes this announcement following the receipt of the following telegram from Mr. Peden: Houston Texas, April 16. Wichita Mill and Elevator Co. All wholesalers and jobbers throughout state have voluntarily agreed not to handle flour for period of forty-five days. Therefore in order to obtain best results the Administration requests you to kindly refrain from selling flour to the wholesale or retail trade during this period and if you have any surplus flour on account of this action to tender same to Government for export to Soldiers and Allies. PEDEN.

NAN'S LETTER HOME

By MARGARET WALTER My Dear Sis: How I wish you could see the crocuses, white and gold and purple, that are flung like jewels across the grass stretches in Kensington Gardens. As we walk across the park every morning it gives us heart for the day, whatever it may bring, and even the morning after a particularly noisy rain, when we get in sight of a certain sheltered sweep of grass we begin to walk faster and in a minute we decide that it isn't so bad after all.

Country children are selling little bouquets of primroses in the streets and yesterday I went for a walk in Hampstead and saw all the suburbanites working like anything in their allotments. The minister of agriculture has made a call for a million acres of potatoes and if the rest of England goes at the job in the same way that they are doing in London I think they will get it easy.

But there weren't any young fellows working. Mile after mile as we passed along the lanes they were old men, old ladies, who looked as if they ought to be tucked up by the fire with a cup of tea, and middle aged women with their little children playing round them. It wasn't a nice spring day either. We've had about a fortnight of biting East wind and yesterday was anything but a Sunday when you felt just naturally called out of doors. But that didn't trouble the allotment workers any, and some of them had been at it since day light. I tell you it's pretty hard work for an old man who has been called back into business or drafted in some government employment to take the place of a soldier, to have to spend his one free day making garden. I couldn't help but feel that the majority of these men are just as plucky as the young men at the front. And you have no idea what a brave face they put on it too. They unobtrusively talk about their ages and do their best to keep things going. One dear old lad stopped a minute to chat with me and I told him about raising corn, (of course I had to call it maize).

"You must be gettin' on yourself," I said, noticing how pinched he looked. "Oh yes, miss. Before the war I used to be seventy-eight, but since my three boys left home, I've just sort of harked back, an' now I'm forty-five. You see we couldn't hev the boys come home and find everything gone to waste. Mother 'n' me, we keeps the house all spic and span and I works at the munitions all day and mother at a depot, an' then in the evening she knits and I sits by the fire and reads the papers aloud to her. And funny it is to read again, because I was gettin' blind 'fore the war, I can't see the sun or the moon, an' I tell the boys I was done for and a burden 'n' all that, and I sort of liked to make them feel bad. And now what I'd give hev 'em back here. Why it seems to me sometimes as if I'd like to hev 'em sit round the house all day and let me and the ol' woman work for 'em. Just to show our grit."

We got on so well that the old boy asked me to come home with him for tea and I was glad enough to do it because standing there the wind had chilled me through.

"Mother was a typical Cockney with a round smooth rosy face and a prim little figure that didn't look as if it had borne any brunt, but when I saw the pictures of her three big boys and saw her fly round and make tea in the shining kitchen, I realized that she was a good mate and had kept up her end of the job.

We three sat round the kitchen fire and the kettle sang merrily. We had tea, very strong and black—I think it had been boiling all afternoon—and war bread with molasses. Her husband wouldn't let Mother stand in queues for food and when she can't get things they go without. They said she had never lacked the necessaries but I guess they have run pretty close at times. Every week they invest the whole of their earnings except what they actually spend on their keep in war bonds and they showed me their little coupon books with pride.

Chatting with them by the fire I got an idea. I had been complaining of the prices of everything and the man who used to be a cabinet maker, said he didn't see why folks didn't go back to the old ways and build their lockers and dressers into the houses and so save wood and work.

Another Outbreak Is Reported at Houston; Hundred Leave Camp By Associated Press. Houston, Tex., April 15.—Camp Logan had its first outbreak late yesterday afternoon when approximately 100 men belonging to various organizations in the headquarters trains and military police companies escaped from camp. The escape followed the issuance of orders for the transfer of the men to other organizations in the division. The men rebelled against the order. All but two of them have been recaptured and returned to the organizations to which they had been transferred and probably will face charges involving the starting of a mutiny. Colonel Ginnin, head of the ammunition train and military police, expresses the opinion that the escape undoubtedly was the result of a carefully planned mutinous program. Most of the men who got away were from the old "Fighting Seventh" regiment of Chicago, and 32 of them were from one company, formerly commanded by Captain Edmund Newfields, who recently left the service. Others were in equal proportion from other companies including the two military police. A total of 162 men were included in the order for the transfer. As fast as the men were recaptured they were sent to the organizations to which they were transferred.

Plaza Airdome Tonight

HIGH CLASS PICTURES and the "DE WOLFE'S FUNMAKERS"

a company of entertainers which we guarantee to please—different than the usual—DON'T MISS THIS PROGRAM TONIGHT.

He said when he learned his trade in Yorkshire they didn't have furniture the way people do here. Things were built into the houses. He made me some drawings and I'm going to have them reproduced in our house if only I can get it done. Instead of buying wardrobes and dressing tables and bureaus I'm going to have cupboards and shelves with curtains. Besides utilizing the walls of the house and corners for the backs of cupboards and wardrobes it saves all that moving and lifting. And to save the eternal running up and down stairs we have had a square piece cut out of the dining room floor and a service elevator let into the floor. It is worked by a weight and the plates and dishes and all can be set on the shelves and run up into the dining room from the kitchen below. But the very first thing we have to do is to get our meat tickets, our margarine tickets, and our sugar tickets, and then scramble round and find a nice kind grocery king who will consent to take us on as customers. They're as bad as bankers now—and I always was scared of a banker—and of losing checks. The other day I met Ray Stannard Baker and of course I asked him what he thought of London today. "Oh, I've only been over a week and I've needed every particle of that time to get my ration papers made out," he said. "As it is I've forfeited the sugar ticket altogether because I signed my name in the wrong place."

Your loving NAN.

MISS OLIVER TALKS AT SCHOOL FOR NEGROES Offering recipes calling for meat and flour substitution, Miss Sadie Oliver this afternoon addressed interested audiences at the negro schoolhouse and at the home of Mrs. Caskey, east of town the headquarters of the Red Cross unit. A number of recipes were successfully tried out and their value demonstrated.
