## BRITISH RETAKE WYTSCHAETE DRIVING HUNS BACKWARD

### BAKER ASKS SUPPORT OF ALL NATION

By Associated Press. Washington, April 17.—Secretary Baker, back from a seven-weeks trip to Europe, today called on the American people for renewed support of the war. The secretary expressed his support to President Wilson some time during the day.

"The American soldier has made good in France," Secretary Baker today assured newspaper men who met him at the war department. "The French and British authorities are uniform in their praise of the courage, endurance and soldierly qualities of our men."

**Must Support War**

"The big thing for America to do is to support the war," Secretary Baker continued, "to support it financially and with firm belief. The right arm of America is in France, it is bared and ready to strike. The rest of the world is bare in the United States and it must support the arm. This support should include subscriptions to Liberty Loans as well as moral support of high confidence."

The condition of American troops, the secretary said, is excellent. They are all well physically and "well in every other way," their spirits are high, their behavior admirable and their relations with the French and British cordial and sympathetic, he said.

"One rarely meets an American soldier in France who does not smile and wave his hand," Mr. Baker said. "The only American who does not smile is the one who fears they may have to come back before the job is done."

**Got Information**

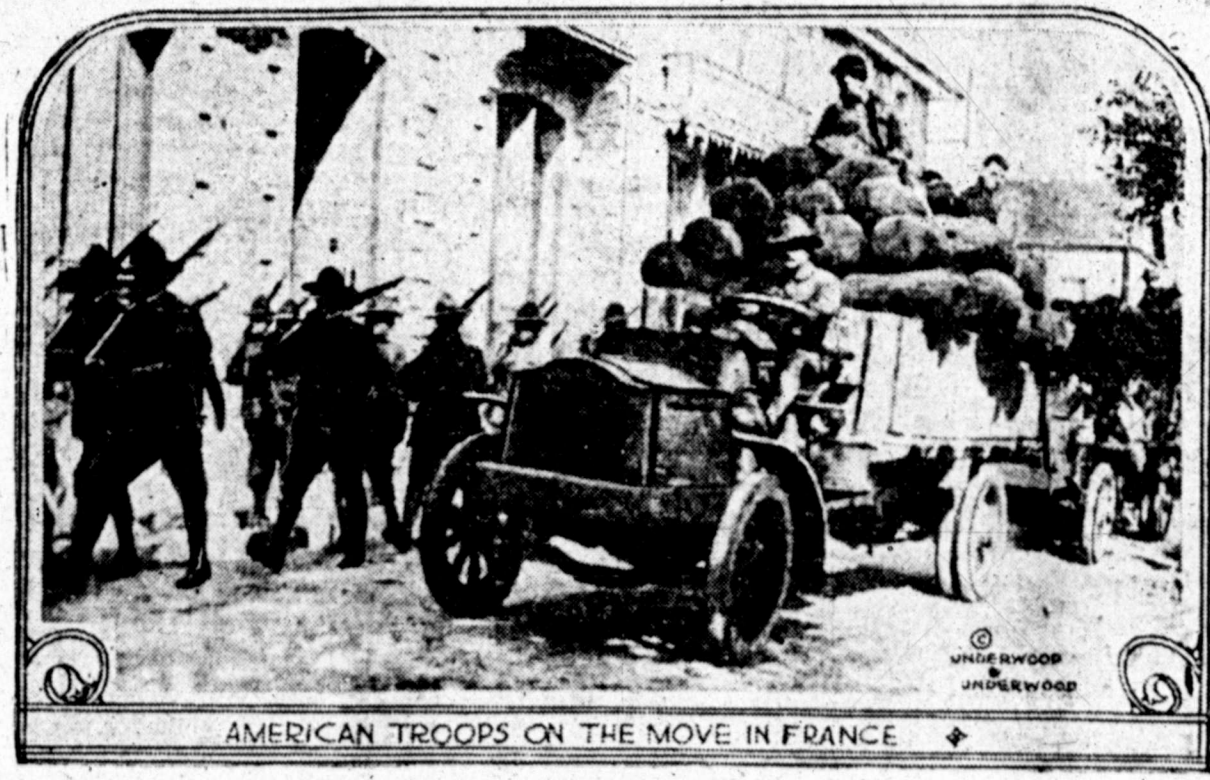

"The information went to get it," Mr. Baker said. His trip, he said, would bring a closer and more understanding co-operation between the war department and the navy. As for the secretary himself, he feels that he is "now equipped with the means of judging and appreciating the kind of co-operation needed."

The impression one gets in France is one of determination, confidence, and courage," said Mr. Baker.

"The American, British, French and Italian armies are filled with this tremendous spirit and the civilian populations show the same feeling," he said. "Everyone is quite determined to see the job through and quite confident of the outcome. I would say that the general sentiment is one of inspired determination."

"So far as the work of our own forces is concerned it gives one the impression of magnitude, thoroughness and speedy accomplishment. No hours of work are being observed. There are no limitations on labor. A glimpse of the tremendous extent of the American supply facilities, lines of communication, warehouses and numerous schools for men and officers reminds one of a gigantic beehive filled with energetic men."

### AMERICAN SUPPLY WAGONS PASSING THROUGH FRENCH TOWN

This is how the American troops in France escort their supplies to the front. The huge motor trucks, protected by an armed escort of Uncle Sam's soldiers, convey plenty of supplies for the boys in the trenches.

### SUIT INSTITUTED TO TEST TEN MILE ZONE MEASURE

By Associated Press. Austin, Tex., April 17.—A habeas corpus suit to test the constitutionality of the ten mile zone law was filed in the court of criminal appeals this morning by Attorneys Leonard M. Levy, and McLean, Scott and McLean of Fort Worth. The suit is the outgrowth of the arrest yesterday of G. H. Hillingsworth, charged with selling a quart of whiskey inside the Fort Worth zone.

The court of criminal appeals granted bail in the case of three thousand dollars and set the case for hearing April 21.

Although Attorney General Looney would be quoted, it is said that his department will be represented at the hearing. It is regarded likely that Assistant Attorney General Hendricks, appointed by the governor to represent the state in cases in the court of criminal appeals, will take part in the case. It also is considered probable that the attorney general's department will be further represented.

Governor Hobby was in the attorney general's office when word of the filing of the suit was taken to Mr. Looney. The governor made inquiries concerning the nature of the case.

The governor and Mr. Looney then conferred for some time.

The constitutionality of the zone law was attacked on eight grounds as follows:

- 1.—That it conflicts with section 20 of the constitution which provides for local option elections.
- 2.—That prior to the date of its enactment congress had legislated on the same subject enacting a law making it a penal offense to sell or to give liquor to soldiers.
- 3.—That it is void and of no force because it is an exercise of police power of the state.
- 4.—That the title clause is defective and insufficient and conflicts with the body of the act.
- 5.—That the act is void for the reason that the same contains more than one subject.
- 6.—That it is void and of no effect because it contains more than one subject which is not expressed in its title.
- 7.—That it is further void on the grounds it is vague, indefinite and uncertain and its application and operation is wholly dependent upon the location, removal and shifting of army camps.
- 8.—That it is void and of no effect for various other reasons manifested upon the face of the act.

### BARON BURIAN IS CHOSEN PREMIER; FOLLOWS CZERNIN

By Associated Press. Amsterdam, April 17.—Baron Burian has been appointed Austrian-Hungarian foreign minister in succession to Count Czernin, according to a Vienna dispatch. He returns his portfolio of ministry of finance.

Baron Stephen Burian Raletz was minister of foreign affairs from September 15, 1914 to December 23, 1916, when he was succeeded by Count Czernin, whose place he now takes. Baron Burian has been Austrian-Hungarian finance minister since Count Czernin has been in the foreign office department. The place of Count Berchthold as foreign minister in 1914 and he was the author of the notes to the United States on the case of the Italian steamship Ancona, sunk in the Mediterranean with the loss of American lives in the fall of 1915.

### BOLO PAHA SHOT BY FIRING SQUAD; MADE NO STRUGGLE

By Associated Press. Paris, April 17.—Standing before a firing squad in the forest of Vincennes early today Paul Bolo Pasha, condemned traitor, lost entirely the attitude of indifference he had maintained subsequent to and during his trial. When the order to fire was given the rifles spoke and Bolo crumpled up with several bullets in his head.

Escorted by several guards, Bolo left the Sante private prison forty minutes before his execution. After leaving the automobile at Vincennes he listened to the exhortations of a prison chaplain. Then his eyes were bandaged and he went without a struggle to his place before the firing squad.

"So much better; I am delighted," Bolo exclaimed when awakened this morning by Commandant Julien of the third court martial when he set forth from the prison. These were the only words spoken by Bolo except for instructions to the chaplain to take from his body a silk lace handkerchief which he placed on his chest and gave it to his brother Monsignor Bolo.

The condemned man went to his execution in a new suit of clothes brought to the prison by his brother and wearing white gloves.

Before setting forth from the prison Bolo asked to be permitted to partake of communion.

After the execution the form of an interment at Vincennes was gone through and then the body was turned over to Bolo's family.

### REGARDED AS MORE FRIENDLY THAN MANY TO UNITED STATES

Washington, April 17.—Confirmation of the appointment of Baron Burian to be Austro-Hungarian foreign minister, has been received at the state department here from its own agencies in Europe.

Burian has been regarded by officials here as more friendly to America in the past than any of the other statesmen of the dual empire. It is realized, however, that his attitude may have changed since the entry of America into the war, and particularly in view of the measure of success attending the present drive of the central powers in the west, which has strengthened the war parties in Germany and Austria and helped to silence the moderates.

### WIND AND RAIN DO DAMAGE IN ARKANSAS

By Associated Press. Little Rock, Ark., April 17.—A heavy wind and rain storm here at 11:40 o'clock Tuesday night did considerable property damage here and in the surrounding country. One woman was seriously hurt when a chimney crashed through the roof of her home.

The wind reached a velocity of 56 miles an hour and more than one half an inch of rain fell in 15 minutes accompanied by hail. The storm lasted two hours.

Telephone and telegraph communication over the state is demoralized. Several persons are reported killed at Kensett but so far the report is not confirmed. Wires are down to Hot Springs, Pine Bluff, Texarkana and other parts of the state.

### NEARLY BILLION IS RAISED FOR LOAN

BULLETIN—Washington, Apr. 17.—Subscriptions to the third Liberty Loan as shown in reports to the treasury now total \$931,156,050. The first day's business for the Mineapolis district where campaigning began yesterday totaled approximately \$25,000,000.

Reports today told of a great flood of small subscriptions from people of moderate means.

El Paso, Texas, wired headquarters today that its minimum quota had been passed.

### Aviator Kills Coyote Striking Animal With One Of Landing Wheels

Civilian instructor Harmon Norton, Call Field, yesterday taught a coyote not to fight with airplanes, and today the antagonistic coyote's skin is already in process of being tanned for a rug for Mr. Norton.

Norton, with a student flying south of Lake Wichita when they noticed two coyotes in a field just under them, chasing the machine.

Thinking to give them a scare, Mr. Norton dived down and flew close over the animals, succeeding in scaring one away but the other stood his ground and showed unmistakable evidences of fight. As the coyote continued to challenge the plane, undoubtedly taking it to be only a large species of hawk or buzzard, natural enemies of

the coyote tribe, the flyer drove the plane still closer to earth and hitting the coyote with a wheel of the landing gear put an end to the fight.

Coyote hunting from an automobile has for some time been a diverting West Texas sport, but this is the first time known of that an airplane has been used both as a means of chase and a weapon of slaughter. It is nothing being so daring. Mr. Norton brought his plane to land after killing the coyote and took the body back to camp and today brought it to town to have the hide tanned for a rug.

## ARTILLERY BOMBARDMENT OF TERRIBLE INTENSITY

### MANPOWER BILL IS ENDORSED BY BRITISH COMMONS

SUGGESTION IS MADE THAT IRELAND SHOULD HAVE SELF-GOVERNMENT.

### LLOYD-GEORGE FAVORS IT

By Associated Press. London, April 16.—By a majority of 198 the house of commons tonight adopted the third reading of the government man power bill after an exciting debate, originated by John Dillon, nationalist leader. Mr. Dillon again strongly attacked the government policy and moved omission of the clause applying conscription to Ireland.

The nationalist members again showed themselves unopposed to conscription, while Sir Edward Carson the Ulster leader, also made a warm attack on the government methods.

**Lloyd George Speaks**

In discussing the manpower bill Premier Lloyd-George asked whether conscription in Ireland was to be the government's only recourse to a resort of the most remarkable convention ever held in Ireland. Such an answer would be regarded as unsatisfactory, not only in Ireland but in England, he said. If there was trouble in Ireland arising from refusal to legislate after the Irish convention, only conscription was offered, any resistance in Ireland would paralyze the effort to enforce conscription in Ireland.

The premier stressed especially the attitude of the labor party, adding: "I do not wish to see conscription in the statute books unless we intend to enforce it, and it is useless to try to enforce it, unless behind the government there is a feeling that Ireland has been justly treated. Moreover, Ireland is not the only country to be considered."

By Associated Press. (BULLETIN) With the British Army in France, April 17. (10 a. m.)— It was reported this morning that the British, fighting magnificently, had regained the much contested town of Wytschaete, although this was not confirmed at the time of filing the present dispatch.

By Associated Press. (BULLETIN) London, April 17.—The greater part of Wytschaete, and probably all of it, is in the hands of the British, Major General F. B. Maurice, chief director of military operations at the war office announced today.

Counter attacking successfully at Meteren and south of that place the British have driven back the Germans half way to Bailleul. They have advanced and improved their lines in the direction of Neuve Eglise.

By Associated Press. London, April 17.—Flanders is raging with incredible intensity, telegraphs the correspondent of Reuters Limited, at the British headquarters in France. As far as the latest reports enable the correspondent to judge the battle is going in favor of the British.

Notwithstanding the desperate attacks of the Germans, they have gained no further ground since Tuesday morning and apparently they have lost some.

During his three years' experience in the war zone, the correspondent says he has never heard such terrific and intermittent gunfire as has gone on since Tuesday afternoon and which continued as he filed his dispatch this morning.

### LOSS OF BAILLEUL REPORTED SERIOUS BUT IS NOT FATAL

DAILY MAIL POINTS TO FACT FRESH DIVISION ARE BEING EMPLOYED BY ENEMY

By Associated Press. London, April 17.—There is no inclination to minimize the seriousness of the loss of Bailleul and the possibility that it may lead to the evacuation of Ypres and Passchendaele.

Under the heading "They still advance," the Daily Mail says that up to this time in their advance the Germans have been in marshy ground. Yesterday they captured the first of the important ridges by storming Wytschaete, being aided by the fall of Bailleul and thus "the security of our left, and touched with such immortal memories to us, is imperiled."

The Daily Graphic thinks it would be wise to withdraw the British troops from Ypres and Passchendaele to avoid the risk of their being cut off and compelled to surrender. It continues:

"That the situation is made more serious by the loss of Bailleul is obvious and it would be dishonest to herald otherwise."

The paper adds, however, that as long as the allied armies remain unbroken Germany's purpose is not attained, while she is exhausting herself in order to force a decision.

Correspondents on the front say the Germans have used up 120 of the 200 divisions in the west and have been compelled to bring another division from Russia.

"These unpleasant reverses must be faced steadily," says the Times. "Their significance must neither be minimized or exaggerated. Far more serious than the loss of ground is the revelation of the growing weight of the German pressure."

**Hear Too Much of Losses.**

"We hear too much of the enemy's losses, mistakes, difficulties and of their failure to reach appointed objectives on particular days and not half enough about the serious fact that they are still bringing fresh divisions from Russia."

The Times says the enemy will continue drawing on their reserves in Russia until "allied statements stop dreaming vain dreams about Russia and do something practical to compel the enemy to cease depleting the Russian front."

The war situation of today is summarized by the Associated Press as follows:

"With the Ypres salient in southwest Belgium menaced by the continued advance of the Germans on the Lys battle front, immediately to the south, the British have begun to withdraw from this line. Today's official reports from Field Marshal Haig's headquarters announces what is at least a partial withdrawal from the Ypres sector.

The British forward positions east of Ypres have been given up and a line to the west occupied. The withdrawal was made without enemy interference.

Apparently the retrograde movement is pivoting on the Wytschaete sector where the British began successful counter attack which yesterday captured the town of Wytschaete, near the highest point of the eastern Messines ridge and which presumably pushed out somewhat beyond the town. They are unofficially reported as having advanced to St. Eloi, a mile and a half north of Bailleul, six miles west of Holbeke and about six miles directly south of Ypres.

**An Old Battleground**

St. Eloi is on the old battle lines as it existed before 1917. The British began their offensive last year, taking Messines ridge and later pushing on and gradually absorbing all of the Passchendaele ridge, the continuation of the spur to the northeast.

This may be an indication that the British retirement is to the line of the spring of 1917, although such a withdrawal would include the abandonment of the entire Passchendaele position as well as the Messines ridge area, from the greater part of which they have driven in the present battle. It would leave the town of Ypres, however, still in British hands.

The German objective here is the capture of a retirement on a much larger scale than this on the northern end of the Franco-Belgian line. The line, as a whole, appears to be held as long as the railway communication supporting it are intact. Apparently the security of these communications has been provided for by the massing of large forces in the northwestern sector of the Lys battle front.

**Objective is Hazebrouck.**

The German objective here is Hazebrouck, the important railway junction about four miles beyond the point of the farthest advance westward, near Steppe wood, six miles southwest of Bailleul. A British counter attack last night resulted in the driving of the Germans from the town of Meteren, a mile and a half west of Bailleul.

The Germans are still hammering the British line north of Bailleul while to the northwest the are reported to be close to Mount Kemmel, the highest height which dominates the situation in this sector. The British now seem able to deal with them along the Bailleul-Wytschaete line, however, and the repulse of repeated attacks with terrible losses to the enemy in the Bailleul sector are reported. The present attack in Flanders does not seem to have diverted materially British reserves from the Somme battle front as the Germans apparently expected and such operations as are occurring to the southward from Arras reveal the British in strength on this, the battle front where the main German efforts must inevitably be exerted.

The Somme battle appears likely to break out furiously again in the near future judging from the reports that come from both the French and the British war offices of the increase in the artillery fire south of the Somme.

### AMERICAN MONEY IS BOUGHT IN CHRISTIANA

By Associated Press. Christiania, April 17.—Wholesale purchase of American money mostly by Danish agents working for German principals has cleared the local market of American coin and bills. The dollar rate paid was 350 against the normal rate before the war of 372 and the present official rate of 315.

### Heads of Express Companies Discuss Mergers Concerning

Washington, April 17.—Heads of express companies discussed today with the railroad administration a proposal for consolidating the express companies into one corporation which would be authorized by Director General McAdoo to conduct all the express business in the country.—The corporation would have a capital of about \$40,000,000 divided among the companies in proportion to the physical valuation of their properties. The plan probably will be referred to the director general for approval late this week.

### "STATE OF WAR" SAVES MEXICANS UNDER SENTENCE

By Associated Press. Austin, Tex., April 17.—The court of criminal appeals today reversed and remanded the cases of Jose Antonio Arce, et al, Mexicans, convicted of murder and sentenced to death in Webb county, as the outgrowth of a clash between Mexican and American troops in 1916, near Alredo. The court held that the trial court did not have jurisdiction because of a "state of war" existing between the two countries.

The Mexican defendants in the case were: Jose Antonio Arce, Vincente Lira, Pablino Sanchez, Jesus Cerda, Isabel De Los Santos and Federico Gutierrez Zapata. They were charged with the murder of William Oberlies, a member of the United States forces during a clash between Mexican and American troops on the Texas side of the border. General Pershing's forces were in Mexico.

The court held that the Mexican trouble at that time was "not what authorities may term a complete state of war, but rather in the nature of an incomplete state of war."

The court's opinion adds that among the happenings a force was organized by an officer under direction of the Carranza de facto government with a view of invading Texas and attacking some United States troops just below Laredo.

### BREWERS DISCLAIM ANY CONNECTION WITH SUIT

By Associated Press. Houston, Tex., April 17.—Texas brewers disclaim any connection with the suit being tried in Fort Worth to test the validity of the ten mile dry zone law, according to a statement issued here today by R. L. Autrey, vice president of the Houston Beer and Brewing Association, and representing Texas brewers. The statement follows:

A contest involving the validity of the ten mile dry zone law has been instituted at Fort Worth and a writ of habeas corpus has been applied for by the court of criminal appeals at that place. The suit is clearly understood that they have nothing to do with this case.

Some days before the zone law went into effect the brewers communicated with one another and agreed not to contest the law but to make future plans in their own way for the best interests of their several properties. The several brewing plants in Texas were tendered to the food administration for storage use or manufacture of war material but I have today been advised by E. A. Peden, food administrator for Texas, that they will not be utilized for this purpose. We will make our announcements later.

ANOTHER CENSUS TO BE PROVIDED FOR BY CONGRESS

CENSUS BUREAU NOW RECEIVING SUGGESTIONS FOR EXTENDING WORK.

Washington, April 17.—Congress will soon be faced with the necessity of providing millions of dollars for the 1920 census.

Just what inquiries will be made at every American home is the problem now being worked out, before determining upon the exact appropriation needed.

Census Director Rogers estimates that the total cost of the census, including the annual and other inquiries occurring during the decennial census period, if done in accordance with plans the Census Bureau has formulated, will not exceed \$20,000,000 to \$22,000,000.

Receiving Suggestions. The Census Bureau is receiving many suggestions for extension of the usual field of nation-wide enumeration.

There has been a great demand to know the stock of hides, leather, and manufacture of saddles, shoes, boots, belting and leather goods and it was deemed essential to get at once the leather output, including wool drawn from the hides of kids and sheep that goes into the manufacture of woolen goods.

Despite criticisms of belated census reports in recent years, Director Rogers says the population of the United States could be ascertained and made public in less than six months, and likewise the number of farms, city and county by states, and that any other information on which the government wishes quick results could be sent out promptly.

Criticism Provision. Before the House census committee, which is about to frame the necessary legislation, there has been considerable criticism of a limiting provision proposed by the Census Bureau that "in no case shall information furnished under the authority of this act be used to the detriment of the person or persons to whom such information relates."

Director Rogers thinks the individual has the personal right to keep private information from other persons; that manufacturers, for instance, are willing to tell the census about their business for statistical purposes but do not want publicity of it and, if they knew it were to be published, they would not give the information at all or would do so under protest.

FREE SPEECH. By A. M. Sims. One of the "inside lines" upon which Germany moves in this war is her ability to run below the higher moral standards and the greater liberties of her opponents.

German Methods. As might be expected, this backward character of Germany's methods of war making is most evident in what

ANXIOUS TO MIX IT UP.

TED LEWIS.

Ted Lewis, the welterweight champion, is anxious to hook up once more with his old pal Jack Britton. These two lads have made many journeys in the padded ring. They always furnish something worth while.

she has herself called the "third line of offense," and which consists in propaganda to weaken the civilian morale of the enemy. Here Germany has committed some of the most heinous atrocities, won her greatest victories, and has the most sure of immunity. By this form of offensive she overcame Russia and Roumania and swept deep into Italy. By it she long held the United States at bay and still depends upon it as her main weapon against this country.

The story of how every publicity piece in this country was infested with these pests has been told until even those who secretly wish their success no longer deny their existence. It was these dispensers of mental poison gas that first asphyxiated free speech in America. Subsidy, equally with suppression, destroys free speech.

There could be no freedom of speech in this country until the roar of German dollars was stopped. Unfortunately, so many American organizations were making sounds impossible to be distinguished from that roar that it was inevitable, and perhaps not wholly unjust, that some should be punished because of their bad associations and worse appearances.

It is hard to find a defender of free speech and press so fanatical as to claim that the German Government should be permitted to keep its Von Reuter, Rintelen, and similar troops at work during war. But it will take fine discriminating marksmanship to hit these agents of the Kaiser and miss the pacifists and socialists who insist upon saying the same things in the same manner at the same inopportune time.

Any doctor will tell you that the ingredients of Vinol as printed below contain the elements needed to improve the health of delicate children and restore strength to old people.

Those who have puny, ailing or run-down children or aged parents may prove this at our expense.

DR. J. D. PROCTOR PAINLESS DENTIST. Phone: Office 1415; Residence 249; Office over Morris Drug Store, 802 1/2 Indiana Ave.

adox. Whenever a free and self-governing people fights for more freedom, it must momentarily restrict its own liberties. But liberties so self-repressed are never lost. They are only laid aside where they can easily be reached.

This necessity of control and self-limitation is one of penalties of being in advance of the race. It is also one of the conditions of progress. A nation that lacks the ability to repress things will not gain and hold liberty. So long as we have liberties that do not exist elsewhere we must constantly turn and fight the civilization that would have blocked our liberty, and in so turning back we can not avoid using the weapons of the age against which we are fighting.

Would End Fighting. We were war to make an end to war. In the same way we submit for the moment to a self-created autocracy that we may remove forever the threat of an imposed autocracy. We take upon ourselves the burden of militarism that is forever and finally crush militarism.

Freedom is not a fetter preventing struggles for new freedom. Casting off the shackles that render a free people helpless against the assault of tyranny, America has the right appeal in its own defense to any weapon used against her. We may rightfully close the mouths of those who favor an end of all free speech.

THE VICTORY OF GERMANY WOULD MEAN AN END OF THOSE LIBERTIES WHICH SO MUCH HAS BEEN SAID AND WHATEVER WORKS TO THAT END IS WORKING AGAINST FREE SPEECH, NO MATTER HOW CAREFULLY IT MAY CONCEAL ITSELF.

SOCIETY

BAPTIST GIRLS' AUXILIARY MEETS WITH RED CROSS

The members of the Baptist girls' auxiliary met as usual at the Red Cross work rooms on Tuesday afternoon. Good work was done in the surgical dressing department, the workers being Misses Georgia Maxwell, Gladys Price, Zula Hearn, Emma and Lynn Carter, Lula Mae Roark, Helen Davis and the supervisors, Mrs. Miller and Miss Smoot.

EPISCOPAL GUILD MAKE SURGICAL DRESSINGS

The members of the Episcopal Guild spent several hours in the surgical dressing department of the Red Cross of Tuesday afternoon. The workers were Mesdames Griffin, Lynch, Murdock, Larsen, Crayens, Lynch, Little and Pogonophl.

BETA DELPHIAN SOCIETY HOLDS GOOD MEETING

The Beta Delphian Society met Tuesday afternoon at the home of Mrs. J. W. Akin. After the necessary business was finished the lesson "Babylon and Her Neighbors" was taken. Social Life was discussed by Mrs. J. H. Martin.

QUOTA OF CITY GOES OVER TOP DURING TUESDAY

FULL AMOUNT NEEDED WILL BE SUBSCRIBED WHEN ALL ON LISTS HAVE SUBSCRIBED

With several large subscriptions from individuals and corporations, whose head offices are outside the city, counted in, Wichita Falls "went over the top" Tuesday night, in securing her allotment of about \$800,000, of the Third Liberty Loan, according to the report of J. A. Kemp, the county chairman. The committee was unable to see a number of citizens who are down on the lists, but they are sure that their subscriptions will come in, so, counting these the amount needed is thought to be secured.

Hobby Is Endorsed By Texas Mothers At Denton Meeting

Supporters of Governor Hobby's candidacy for nomination for governor in the July primaries here are congratulating him on the fact that the First Annual District Convention of Mothers made up of delegates from ninety counties of Northwest Texas, and held in Denton on the 23, 29 and 30 of March went on record as endorsing Governor Hobby's administration and his candidacy for nomination.

When Itching Stops

There is one safe, dependable treatment that relieves itching torture and skin irritation almost instantly and that cleanses and soothes the skin.

A little zemo, the penetrating, satisfying liquid, is all that is needed for it banishes most skin eruptions and makes the skin soft, smooth and healthy.

### MANY QUEER CLAIMS MADE BY MEN WHO SHUN ARMY LIFE

OKLAHOMANS OFFER NUMBER OF EXCUSES TO AVERT ARMY SERVICE

By Associated Press. Oklahoma City Okla., April 17.—If claims for exemption from military service with the national army, that have come under the jurisdiction of the district appeal board for the western district of Oklahoma, are any criterion of the ingenuity of the so-called "draft-dodger" has been severely put to it at times, to think of some likely story to bolster up his claim. While the legitimate claims have been many and in no case have been refused, there also were many who made rather unusual claims to their right to "stay at home where they are needed."

Claims of registrants who have contracted marriages since the selective service laws were promulgated, that they were needed at home to support dependent wives, have been numerous but by no means the majority.

"Expert Watch Repairer." One man wanted his claim for immunity from service granted on the ground that he was an "expert watch repairer." A great many watches in the territory formerly covered by his vocational activities will go unrepaired until the allied powers emerge victorious from the war as the "expert watch repairer" has gone to do his part. A fellow claimant who had stolen a watermelon in his early youth and had suffered incarceration in his county bastille for one night, insisted he was morally unfit to serve his country in any capacity.

Another registrant was "too busy" to report for examination when called by the local board and "did not think they really meant it, anyway." He declared himself possessed of a belief that the "government" can't really be in earnest about this thing.

A great many business houses, it appears, are dependent for their very existence on the activities of their male stenographers. At least this is true of the concern that employs the stenographer who said, "they will simply have to go out of business, stenographers are too scarce." Claims of this sort were well represented in the list of "excuses" and "reasons."

One young man, who, on application for a position with an express company, had signed an affidavit giving his age as 21 years and had registered with the rest of the nation on June 5, 1917, to back up his bluff, had a difficult time proving his real age when called to account for not answering a call by his local board.

Reporter Asks Exemption. Newspaper reporters should be exempt, in the opinion of one registrant. He firmly asserted that through his paper he was supplying the public with war news, which it could not well do without.

Claims of exemption on the ground that the claimants are attending schools of religious instruction and theological seminaries were almost as numerous as the claims of those who have recently acquired "dependents."

One registrant presented four different claims in as many days, but all of them failed of substantiation. On his first appearance before the board he declared that he had recently been honorably discharged from the regular army and had taken into himself a wife. When told that the board would like to review his discharge papers he departed hastily. On the following day he presented himself as morally unfit; this excuse failing, he was given more time. Subsequent claims that he was a "preacher," and then a farmer failed to get his exemption.

A claim presented by a "calf buyer" for a large packing house that men of his chosen calling were unusually scarce; an assertion that soldiers must have candy and that the claimant was engaged in manufacturing that commodity for "the boys" and the claim of the many who are subject to "fits" all were included in the category of the board's would-be "evaders."

Has "Two Wives." One man was unfortunate enough to have two wives dependent upon him for their daily bread. He had been exempted in the first draft because of his wife. After his exemption had been granted his wife obtained a divorce. When called under the new questionnaire system it was discovered he had married again, this time to a woman with a child. He was supporting his present wife and child and was contributing to the support of his former wife, he said.

The "morally unfit," the "watch repairer," the "necessary" newspaper reporter, the candy manufacturer who supplied "the boys," the "scarce" calf buyers, together with the "equally scarce" stenographers—all are at national army cantonments.

MEETING OF WOODMEN WILL BE HELD TONIGHT

W. O. W. Camp No. 3091 will hold their regular meeting tonight, and a most important meeting is scheduled to take place. A class of several candidates is to be initiated, and it is much desired that a large number of members be in attendance, and witness the work, as it is put on by the new equipment.

### WARNS MERCHANTS SUBSTITUTES MUST GO AT FAIR PRICES

ARE LIABLE TO PROSECUTION IF EXHIBITANT CHARGES ARE MADE

Merchants who charge exorbitant prices for flour substitutes are subject to prosecution, according to T. B. Smock, the county food administrator, whose attention has been called to alleged high prices being charged by some merchants for flour substitutes. This is a direct violation of the National Food Administration's regulations, Mr. Smock says, and as such will be prosecuted. His statement in regard to the price of flour substitutes follows:

April 16, 1918.

"My attention has been called to the fact that some retail merchants have been charging unreasonable prices for flour substitutes. The Food Administration has urged upon wholesalers and retailers, alike, the sale of flour substitutes at the lowest possible prices. The wholesaler is apparently doing his part, and the retailer must do likewise. Any merchant who is found taking an undue advantage of the present emergency by charging exorbitant prices for flour substitutes is violating the administration regulations and will be subject to prosecution."

T. B. SMOCK, "County Food Administrator."

### FLOUR SUBSTITUTES PRICES QUOTED BY LOCAL COMMITTEE

RICE AND CORN AS WELL AS KA-FIR ARE RECOMMENDED

Prices on rice flour, kafir corn flour and other wheat flour substitutes are quoted by the Price Interpreting Committee in its weekly list compiled at the regular meeting of the committee Tuesday afternoon. In former reports recipes for the use of flour substitutes have been given but it is thought advisable by the committee to again call the attention of the housewife to the ways in which these substitutes can be used. Wheat and rice flour used in equal proportions have been found to make delicious biscuits and the addition of corn flour adds materially to the mixture for bread. Rice flour can be used for paste and for thickening, kafir corn flour is especially recommended for mixing with corn flour or meal and rice flour for hot cakes. It is similar to buckwheat. It has also been found splendid for mixing with corn meal for corn bread and possesses the recommendation of "being the cheapest of all the flour substitutes."

The committee calls the attention of the housewife to Budex a new preparation of pure corn flour, containing shortening and corn sugar. Advice is given to use little or no sugar and very little shortening with it as it contains both. It should be mixed with other flour from 25 to 50 per cent. The question of prices charged by

some local merchants for flour substitutes was discussed by the committee and led to the issuing of a statement by the county food administrator T. B. Smock which appears in this issue. The committee states that the list of prices made out gives the merchant a fair profit, that they should not charge more but are permitted to charge less in fact the margin of prices will often permit them to sell for less. The work of the committee in getting up this price list and keeping the consumer in touch with the market from week to week is done in a spirit of patriotism, the committee adds, and the merchants are expected to assist in the work of helping the government in its work of coping with the food situation.

The administration insists that potatoes must be quoted by the pound, and the local committee asks the merchants of Wichita Falls to abide by the administration's requests.

The price schedule as revised Tuesday follows:

DISTRICT SUPERINTENDENT OF EMPLOYMENT CHOSEN

By Associated Press. Washington, April 17.—Among district superintendents appointed by the United States employment service are: District number 6, Georgia, Florida, Alabama, Mississippi and Louisiana, Cliff Williams. District number 11, Texas and New Mexico, H. W. Lewis, Smithville, Tex.

# TODAY'S MARKETS

## Cotton Is Damaged By Low Temperature Bureau Announces

Washington, April 17.—Cotton was hurt by low temperature during the week ending yesterday the national weather and crop bulletin today announced.

"The unseasonably cold weather that prevailed in the southern states was detrimental to cotton," says the review.

Considerable was killed by frost from Texas eastward to western Georgia and much re-planting will be necessary.

Planting was in progress as far north as southern Oklahoma and Tennessee. The early planting has a poor stand generally in Texas. Little or no rain fell in the cotton belt except in central and northern Texas, Oklahoma and portions of Arkansas.

The reaction from the opening advance carried July off to 28.40 and October to 27.38, or 12 to 19 points net lower.

There was a renewal of Liverpool selling this setback but the market firmed up later on the weekly report of the weather bureau.

This indicated that considerable re-planting would be necessary because of recent low temperatures in the belt and led to a flurry of covering which sent July up to 29.11 and October 28.05 or 52 points up on the general list.

Cotton futures opened firm, May 28.85; July 28.58; Oct. 27.69; Dec. 27.47; Jan. 27.12.

Cotton closed barely steady.

**New Orleans Cotton.** New Orleans, April 17.—Irregularity prevailed in cotton in the early trading here today. War news was considered unfavorable but sellers feared unfavorable weekly crop reports from the government.

After a fall of about ten points there was a recovery and a net advance of two points on October but at the end of the first half hour the market was off to net decline of 16 to 31 points.

Cotton opened steady. Opening bid: May 28.10; July 27.33; Oct. 26.33; Dec. 25.00; Jan. 25.17.

Private reports of a serious setback to the crop in the eastern belt through recent weather conditions intensified the effect of the regular weekly reports and resulted in an increased demand on which the market, in the trading up to 1 o'clock went 57 to 88 points over yesterday's final figures.

Cotton closed steady at an advance of 86 to 91 points.

**Liverpool Spot Cotton.** Liverpool, April 17.—Cotton spot in fair request; prices steady good middling 23.29; middling 22.75; low middling 22.24; good ordinary 21.24; ordinary 20.72.

Sales 5,000 including 3,500 American. No receipts. Futures closed unsettled. New contracts April 22.78; May 22.41; June 22.13; July 21.88; August 21.60. Old contracts, fixed prices April 21.80; April May 21.53; May June 21.45; June July 21.37.

**New York Stock Market.** New York, April 17.—Indications of a more definite crisis in the war resulted in further price recessions at the opening of today's market. U. S. Steel led the decline on sales of 4,000 shares at a maximum loss of 1 1/2. Other equipment and munitions reacted a point with shippings, coppers, Reading and specialties.

Fractional rallies were recorded before the end of the first half hour. Liberty Bonds were irregular, one block of \$350,000 second 4's selling at 96.30. The market threw off its indecision for a brief period during the afternoon but a sudden demand for the popular equipments and war issues. U. S. Steel made full recovery and American Can led the rally elsewhere at a gain of 1 1/2 points.

International Paper at a new high level and further rallies in U. S. Steel and Reading were the conspicuous features of the last hour. The closing was irregular. Liberty 3 1/2's 98.86 to 98.96, first 4's 96.14 to 96.36 and second 4's 96.10 to 96.40.

Sinclair Oil & Refining ..... 37 1/2  
Texas Co. .... 143

**Chicago Produce.** Chicago, April 17.—Butter unchanged. Eggs receipts 33,836 cases unchanged.

Potatoes higher: receipts 19 cars; Wisconsin, Michigan and Minnesota bulk 1.10@1.25; do sacks 1.20@1.30.

## GOOD WEATHER IS CAUSE OF BREAK IN CORN PRICE

Chicago, April 17.—Welcome rains beneficial to newly seeded corn and to soil in preparation for planting brought about sharp breaks today in the price of corn. Free selling in which important houses were conspicuous made the fact speedily evident that the market lacked any aggressive support. About the only demand came shorts collecting profits. Opening prices, which ranged from 1/2 to 3/4 lower, with May 1.26 1/2 and July 1.46 1/2 to 1.46 3/4, were followed by decided additional losses.

Gains headed down grade with corn. Trading in the July delivery took place for the first time this season, but the bulk of business continued to be in May. After opening unchanged to 3/4 lower with May 82 1/2 to 83, the market receded further before beginning to react.

Higher quotations on hogs lifted provisions. Advances, however, were more or less checked by the weakness of grain.

Declines in potatoes, hay and other farm commodities tested as further bearish factors. The close was unsettled at the same as yesterday's finish to 1 1/4 lower with May 1.27 and July 1.46 to 1.46 1/2.

**CORN—OPEN HIGH LOW CLOSE**

**Kansas City Produce.** Kansas City, April 17.—Butter creamery 40 1/2; firsts 39 1/2; seconds 38; packing 39.

Eggs firsts 32 1/2. Poultry roasters 18; broilers 24. Potatoes firm 1.25@1.35.

The break in grain counted with much greater force in the late dealings and led to begt setbacks.

## ANNIVERSARY TO BE CELEBRATED BY ODD FELLOWS

On next Monday night the Odd Fellows and Rebekahs of the Wichita County Association will meet at Odd Fellows hall for the third meeting to be held of the Association in this city. Quite a large number of members and their families are expected to be in attendance from Electra, Hurlburnett and Iowa Park. Wichita Falls members or those residing here, together with their families are expected to turn out in full numbers.

A most excellent programme and entertainment has been arranged by the committees having the matter in charge, and it is much desired that all members, especially those belonging to these orders be in attendance, and meet their fellowmembers and learn more about the orders, what they are doing and have accomplished.

This meeting is set at this time to honor the ninety ninth anniversary of the Odd Fellows organization, as it is known in the United States, though it goes back long before that time in England.

The Odd Fellows Order is among the very leading orders of America today, and has been for nearly a century.

At their regular meeting held in this city last Monday night, the Odd Fellows of Wichita expressed their loyalty by voting to purchase one more \$50.00 Liberty Bond and to also purchase \$50.00 worth of War Saving Stamps. This is in addition to the \$10.00 First Liberty Bond which they had previously purchased.

The committee decided that it would not be in keeping with economy and the teachings of Hoover and Smoot to provide for refreshments at the Association meeting next Monday night, and decided to take \$10.00 from the treasury of the Odd Fellows and \$5.00 from the treasury of the Rebekahs and donate it to the Red Cross as they felt they could hardly get off for less than that amount, even if they provided very light refreshments.

**Texas Company Will Apportion Its Fund To Bonds By Cities**

The Texas Company will apportion its total subscription for Liberty Bonds among the various cities and towns where offices and important plants are maintained and owing to their business being so widely scattered throughout the country their contributions in such cities will be numerous, and aggregate a considerable sum. The proportion allotted to Wichita Falls will be \$20,000.

**PERSONALS**

W. G. W. Verner of Ardmore, Oklahoma, is visiting R. G. Schuener and family.

P. H. Schuener of Nashville, Illinois is visiting his brother R. G. Schuener.

Mrs. A. R. Watland returned today from Mount Vernon, Iowa, where she had been for some time at the bedside of her mother who recently passed away.

Postmaster E. P. Suter, of Randlett, Okla., was registered as a guest at the Marlon Hotel today.

W. F. Reynolds, a well-known oil man of Denver, Colo., is a guest at the Hotel Hearn.

S. A. Whale, an oil man of Durant, Okla., is in Wichita Falls today and is making his headquarters at the Westland.

A. J. Workman, of the Cudaly Packing Company, Bowie, Texas, arrived in the city today and is stopping at the Hearn.

James J. North, of the Flak Company, of Dallas, is a guest at the Hotel Hearn.

Ira Wills, state distributor of the Rex Roy cigar, is in the city today on business.

H. T. Musselman, editor of the School Journal at Dallas, who was expected to be in Wichita Falls on Friday to address the school and citizens under the auspices of the school board and Chamber of Commerce, has advised Lee Clark, superintendent of schools, that sickness in his family will force him to postpone the visit for about two weeks.

**Announcement**

Dr. Robert E. Huff, Jr., having had the degree of Doctor of Dental Surgery conferred upon him by the faculty of Northwestern University, Chicago, upon his graduation of that institution, announces the opening of offices for dental service in Wichita Falls at the First National Bank Building. Latest methods and up to date equipment. Telephone 1707. 283-12tc

Experienced lady clerk wanted at People's Store 602 7 St. Only experienced lady need apply. Good salary assured right party. 284-tfc

Judge Harvey Harris yesterday afternoon refused to grant permission to J. E. Long, retail liquor dealer, to transfer his license superintendent from a location on Ohio avenue this city, to Friberg.

**For quick taxi, baggage and livery service phone 432. 115-tfc**

The complaint made by Federal officers against C. Flowers of Duncan, Okla., who was brought here Friday night, following a raid on his home, during which 300 quarts of whiskey were destroyed by Federal officers, was dismissed this morning, at a hearing held before U. S. Commissioner Lantz. Federal Officer Heyser asked that the complaint be dismissed for the present.

E. G. Hill, undertaker, office and parlors, 909 Scott Ave. Phone 225. Prompt ambulance service. 921tc

Garrard & Co's for staple and fancy groceries. Prompt delivery. Give us a trial order. Phone us your order before Thursday 17th for Tennessee Country Cured Ham. Phone 1415. 1306 11th St. 288-47p

**Notice**

Owners of closets not connected with the Sewer are required to obtain permit to maintain such closets. Fees for this quarter are now past due. If not paid at once, the accounts will be placed with the city attorney and complaints filed, and those that prefer to do so can settle with the court. Better call at city clerk's office and yet permit and save costs.

Respectfully,  
R. W. MORGAN,  
Sanitary Officer.

## DR. W. F. POWELL IS TO CONDUCT NIGHT SERVICE

**BAPTIST FOREIGN MISSION BOARD MEMBER PAYS VISIT HERE.**

Dr. W. L. Powell, of Louisville, Ky., of the Southern Baptist foreign missionary board, with headquarters at Richmond, Virginia, now touring Texas as with J. J. Gross, of the Texas board in the interest of the missionary fund, addressed the congregation at the First Baptist church in the evangelistic service held Tuesday evening.

The pastor states that, in spite of the weather, the meetings are very successful and that he is expecting larger crowds during the remaining services of the campaign.

The music, under the direction of B. B. McKinney, of Fort Worth, has been splendid, he says, a large choir having been organized. Other singers are invited to join in the work and help the services. This evening the pastor will talk on "The Land of Lost Life" at 8:30.

## DR. MUCKLEY WILL TALK TONIGHT AT FIRST CHRISTIAN

George W. Muckley, secretary of the board of extension of the Christian church, with headquarters at Kansas City, Mo., and one of the foremost leaders in the church, is in the city visiting his son, who is a cadet at Call Field, and will speak tonight at 8 o'clock at the First Christian church.

Rev. P. G. Cross, pastor of the church, is much pleased at this opportunity given to the people of Wichita Falls for hearing Dr. Muckley, and promises a most inspiring address.

**One Lonely Drunk Held Over Is Sole Police Court Case**

One of the most startling effects of the closing of the saloons in Wichita Falls, although it was to be expected, was the lack of riot at the opening of corporation court this morning. Just one lone drunk was on hand to plead, and he was held over from the day before who had wandered away and later returned to take his medicine. He was fined \$5 by Judge Ogle.

# Wooltex Coats and Suits

### for Your Summer Wardrobe

It is more than simply fashionable to have a trim light-weight coat and sport suit for summer. It's the most practical thing to do. You know how many purposes coats and suits can serve—how they save other clothes—how happy you can be all summer without extravagance.

But much depends on the worth of the coat and suit you buy. You must be your own judge of values.

We can point out two things to help you; the first is the reputation of our store for fair dealing; the second is the Wooltex Label which you will learn from experience is the best possible guarantee of Metropolitan style and expert tailoring in coats and suits.

This week we are featuring the latest outdoor models in Coats and Suits for Young Women.

**\$24.50, \$29.50 to \$65.00**

Are you buying thrift stamps?

Come get your share of the bargains.

**Sale Starts Friday, April 19th—Lasts 30 Days!** **JONES-KENNEDY CO.** Watch Tomorrow's Daily Times for Low Prices!

### CHURCHES OF CITY PLAN WORK ROOMS TO AID RED CROSS

BELIEVED IN THIS WAY MORE WOMEN WILL BE INTERESTED.

Wichita Falls churches are to be made Red Cross auxiliary workrooms through the summer, by the organization of Red Cross units in the various churches, two of which have already been accomplished in the First Presbyterian and First Methodist churches. This will accomplish a two fold purpose, bring more workers into the Red Cross by interesting women through their church who have not been actively at work, and leaving more room at the present headquarters for those women whose churches have no active plan of individual work. As there has come a call for a great increase in workers this new plan is expected to prove of great value. It is hoped to more than double the number of workers and the output of the local workrooms.

**Presbyterian Unit.**  
The First Presbyterian unit has called for pledges for a definite amount of work from every woman in the congregation. Already five sewing machines have been donated for the workroom which is to be fitted up in the basement of the church and Monday all the women of the church are to meet in all day session, bringing their lunch. Other days of the week the workroom will be kept open and the women who have pledged for the various days will be responsible for the upkeep of the daily output.

"It is a very good thing that the churches take up this Red Cross work," said Mrs. J. A. Kemp, of the First Presbyterian church, for the churches are standing solidly back of our government in this war and the Red Cross is a very vital factor in the struggle. "On the women of America the work of the Red Cross from now is going to fall, and it is nothing but right that while we are fresh in the struggle and the women of the country should not be unwilling to do as much as the men who are going to the front.

**Room Goes To Waste.**  
"Valuable results have been going to waste during the week in our churches and when they are used for this work for the sake of humanity will be used in the greatest cause now existing. In working together for the army of liberty the women are going to be bound closer to each other and to their church, and the result is the only way in which even a semblance of church social life can be maintained, for all are too busy, or should be too busy, for calls and entertainments. The new member coming to town can join in the work and come to know the other church members, while she is accomplishing something that will help win the war.

**Not To Be Selfish.**  
"This Presbyterian unit is not going to be a selfish unit, but one in which one dedicating to work in the neighborhood of the church will be welcomed. However we urge all women of the congregation to attend. Next Monday will be the best time to start. Come in this morning and be prepared to stay all day. And make your pledge for other work during the week. Think seriously and every hour that you are not needed in your home spend that in Red Cross work. Women have a very definite place in this war, and it does not consist in staying at home and worrying, or in going on with life and its social pleasures as in the past."

### Two More Regular Army Recruits Sign Enlistment Signs

Two more recruits for the regular army presented themselves at the local recruiting office this morning and will leave here tomorrow for Fort Worth, San Antonio. They will enter the Coast Artillery branch of the regular service. The two men are Verdie A. Harrison, whose home is here and who has been employed at the shops of the Wichita Falls and Northwestern, and George D. Edgum, whose home is at Holley, Colorado, but who has been employed here by W. P. McFall at 508 Eighth street.

### VIGOROUS ATTACKS MADE ON BRITISH NEAR METELEN

By Associated Press.  
London, April 17.—According to a Reuters telegram from British headquarters in France the Germans are making vigorous attacks in the direction of Metelen, but the position in that neighborhood is obscure. From Valenciennes to Koblenz the enemy is shelling the British vigorously. At the Boyelle, south of Arras, the enemy attacked this morning and penetrated the British front line trench system, but a prompt counter attack drove him back.

### BAD BREATH

Dr. Edwards' Olive Tablets Get at the Cause and Remove it.

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work. People afflicted with bad breath find quick relief through Dr. Edwards' Olive Tablets. The pleasant, sugar-coated tablets are taken for bad breath by all who know them. Dr. Edwards' Olive Tablets act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood and gently purifying the entire system. They do that which dangerous calomel does without any of the bad after effects.

All the benefits of nasty, sickening, griping cathartics are derived from Dr. Edwards' Olive Tablets without griping, pain or any disagreeable effects. Dr. F. M. Edwards discovered the formula after seventeen years of practice among patients afflicted with bowels and liver complaint, with the attendant bad breath. Dr. Edwards' Olive Tablets are purely a vegetable compound mixed with olive oil; you will know them by their olive color. Take one or two every night for a week and note the effect. 10c and 25c per box. All druggists.

### BOYS IN RAILROAD WORK ENLISTING IN U.S. BOYS' RESERVE

While Wichita County and the whole state and nation have been busy gathering their respective quotas of the Third Liberty Loan, other factors of the vast work for national preparedness also have been moving along. One of the important factors of the work is in the recruiting of the U. S. Boys' Working Reserve.

This is the gaining of an enrollment of boys between the ages of 16 and 21, and their registration under the U. S. Department of Labor to help the Nation where most needed to win the war in their own way.

**Clark in Charge of Work.**  
This work is being carried on in this county under the direction of School Superintendent Lee Clark. The railroad end of the work has been placed in the hands of Martin A. Bond, of the Ft. W. & D. C., who is enrolling officers for the railroad here.

**Many Gain Medals.**  
Beyond this, the Reserve recommends that all boys who are at school remain there and use their spare time in preparing themselves educationally for some essential occupation. The boys who thus train themselves and go into active service in a war-essential capacity in the Vocational Unit, are awarded the Federal bronze badge on taking employment.

### "The Oil Weekly" Will Be Published In Dallas-Houston

The Gulf Coast Oil News has ceased to exist, according to information given by the Times today by R. V. Ellzey, North Texas Manager of this publication. Henceforth it will be The Oil Weekly.

**Move Publication Place.**  
The Oil Weekly will be published in Houston and Dallas. The North Texas office which has been at 404 First National Bank Building, this city, has been moved to the Chamber of Commerce Building, Dallas.

With regard to moving the office, Mr. Ellzey said: "We simply are getting to a point from which we can operate quicker and more effectively than we can at present. In Dallas we will have twelve hours quicker mail service with our Houston office. This

### JUNIOR RED CROSS TO MAKE SHIPMENT TO HEADQUARTERS

Junior Red Cross workers of Wichita county have just completed articles to make their first shipment to headquarters and today Mrs. C. R. Hartsook, the county Junior chairman and Miss Polly Roberts, her assistant are busy getting the articles ready for shipment. There are at least five thousand articles in the shipment, all the work of the Junior Red Cross members of Wichita Falls and Burkburnett, as Eleccra and Iowa Park will not be ready to make their shipments before May 1. Mrs. Hartsook is very much pleased with the results of the Junior work during the past few months and plans are already being made to continue the work through the summer vacation.

**Complete Layettes.**  
Thirty-five complete layettes for the Belgian babies are included in this shipment. Burkburnett schools contributed 10 of these layettes and the local high school 25. The ladies are designed to be worn by children up to a year and a half and contain sufficient garments to clothe a child comfortably. Each layette contains: one dozen diapers, two pinnings, blankets, elder-down jacket and two pairs of booties.

### Seven Towns Taken On Macedonian Line By Allied Armies

By Associated Press.  
London, April 17.—The Greek and British troops which on Monday crossed the Struma River on the eastern flank of the Macedonian front occupied seven towns, the war office announced. The statement follows: "Greek troops crossed the River Struma above Lake Tabinos and occupied the villages of Beglik-Mah, Kakarska, Salman, Kispel and Ada. The operation was most successfully carried out with slight casualties. "Further to the north British troops occupied Kumli and Ormanli. A few Bulgarians were captured."

### KEPT HER AWAKE

**The Terrible Pains in Back and Sides. Cardui Gave Relief.**  
Marksville, La.—Mrs. Alice Johnson, of this place, writes: "For one year I suffered with an awful misery in my back and sides. My left side was hurting me all the time. The misery was something awful. I could not do anything, not even sleep at night. It kept me awake most of the night. I took different medicines, but nothing did me any good or relieved me until I took Cardui. I was not able to do any of my work for one year and I got worse all the time, was confined to my bed off and on. I got so bad with my back that when I stooped down I was not able to straighten up again. I decided I would try Cardui. By time I had taken the entire bottle I was feeling pretty good and could straighten up and my pains were nearly all gone. I shall always praise Cardui. I continued taking it until I was strong and well." If you suffer from pains due to female complaints, Cardui may be just what you need. Thousands of women who once suffered in this way now praise Cardui for their present good health. Give it a trial. NC-130

Bevo for everyone. A beverage that tastes like no other soft drink. Pure, wholesome and nutritious. Bevo—the all-year-round soft drink. Sold in bottles only and bottled exclusively by ANHEUSER-BUSCH—ST. LOUIS

### How Our Ice Helps Mr. Hoover

Your refrigerator and OUR ICE can be real aids in the nation wide campaign to conserve foods. Here's how they can help, with your assistance. Though everything else has gone up in price, our pure ice costs no more today than ten years ago. Use it freely. Keep the refrigerator at a cool even temperature so that butter, vegetables, fruits and other perishables may every bit be SAVED.

The numerous "left overs" that we indulgent folks consign so readily to the garbage pail, many of them can be made over into dainty dishes and set before "the King" again—with the help of those two great conservators, your refrigerator and our ice.

The most important part, after all, of the Food Conservation Campaign is don't waste food.

With your refrigerator and our pure ice you can do "your bit" not only to save needed food but to materially reduce the high cost of living.

MASSSES OF TROOPS STILL BEING USED BY HUN ATTACKERS

FOCH PLACES DEFINITE VALUE ON POSITIONS AND HAS FIXED PLAN.

By Associated Press. Ottawa, April 17.—The desperate fighting of the British troops to repel attacks made upon them by overwhelming German forces on the slopes of Messines ridge is described in a dispatch received today from the Reuters correspondent at British headquarters in France. The dispatch said the Germans had carried Wyt-hachte and the greater part of Messines ridge and had established themselves in Spanbroekmolen.

Value of Positions.

"The opening of the western front in the west has been revealed in 129 divisions, many of which have been used two and three times. Today's news is not so good as one could wish, but the following viewpoints are suggested: "We are confronted by enormous concentrations of men and guns. The purpose of the enemy has been revealed in its closest agreement with Field Marshal Haig, aiming not only at arresting the enemy, but at a counter-attack which shall defeat the Germans. Therefore, unless certain lines in the sound policy is to allow the Germans to spend their surplus power as lavishly as possible in order to reach the stage of equality or even inferiority.

MANPOWER BILL IS ENDORSED BY BRITISH COMMONS

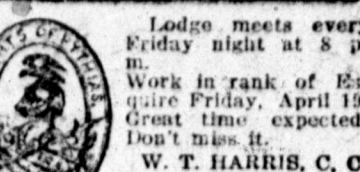

(Continued from page 1.)

HOME RULE MEASURE INTERESTS KINGDOM

By Associated Press. London, April 17.—While national Ireland is making plans for resistance to the enforcement of conscription in their country, the rest of the United Kingdom is more interested in the home rule bill which George Nicoll Barnes, labor member of the war cabinet, without portfolio, announced in the house of commons yesterday the government would introduce and pass or fail in the attempt.

Form of Bill

"The home rule bill, understood, will take the form of a measure amending the government of Ireland as it was passed just before the outbreak of the war but which adjourned until late without reaching a decision, several speakers urged every possible effort should be made to secure a home rule settlement. The Irish nationalist members of parliament having fought conscription for the last in the house of commons, are leaving for Dublin to formulate plans for resisting it.

Dutch Government Ready to Accept American Proposal

By Associated Press. Amsterdam, April 17.—The Dutch government, Dr. Louwen, the foreign minister announced in the second chamber yesterday, is prepared to accept the American government's proposal to send three shiploads of grain to Holland on condition that Holland sends three ships of about the same tonnage to America.

WICHITA FALLS MINISTER THANKFUL

"I had stomach trouble for nearly 20 years, also constipation which filled my system with gas and fever. I could not do any work, and while I was down sick a lady from out of town sent me a bottle of May's Wonderful Remedy which proved truly wonderful. I believe it is the best medicine on earth. It is a simple, harmless preparation that removes the catarrhal mucus from the stomach and relieves the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Mack Taylor—Adv.

EMPEROR CHIEF OF COURT IS REPORTED DISCHARGED

### FT. W. & D. C. MEN WIN 100 PERCENT ON LIBERTY LOAN

With the assurance that the employees of the Ft. Worth & Denver City Ry. in the freight offices here would have a 100 per cent showing in helping out the Third Liberty Loan, Freight Agent Hartley Bundy this morning announced that, before 10:00 a. m. the subscriptions of the local office had totaled \$2,350, from 22 men, and that the total for the office would reach at least \$2,800, before the last man has signed his application.

"As far as the employees of my office are concerned," said Mr. Bundy this morning, "every man of them has purchased at least one \$50 bond. Twelve of the men purchased \$100 bonds and one bought a \$200 bond.

"Among the employees here who subscribed to the Loan are eight negroes who took \$100 between them, eight white men, two negroes who are called upon to go to camp the 26th were not asked to subscribe. I didn't think it was fair as long as they were going themselves so soon."

scribed last night and today, in addition to the list published yesterday are: H. C. Ammann, index clerk, \$100; A. W. Patsky, night car clerk, \$100; H. I. Simmons, night chief clerk, \$100; John Stearns, night yard clerk, \$100; and A. D. Myers, night yard clerk, \$50.

The seventh and eighth negro employees to come to the front, making a 100 per cent total except for the two men who are to enter the army, are Toney Robinson, negro trucker, \$50, and Jim Tomplone, negro trucker, \$50.

### "UNDERGROUND CHINATOWN" AT C. A. WORTHAM SHOWS

There is hardly a person who has not heard about "Harbary Coast," a part of San Francisco, that was wiped out by the earthquake and fire. Harbary coast was noted for many features; there were saloons, dance halls, the dance halls, the underground holes where dregs of humanity, white slavers and victims, the gambler, drug fiend, city rouser, and the sporting inclined farmer mingled in mud debauch. It is said that Sodom and Gomorrah, in all their reputed vileness, were nothing like the dives that the fire wiped out.

It was there that the drug habit in its several forms, flourished. Safe from the eyes of the world, the vic-tims would seek solace in their favorite dope. The awfulness of the habit was the cause of governmental suppression of the traffic. However, where there is a will there is a way, and an exhibition touching on the subject was made and when shown, received the commendation of the U. S. Government. The exhibition is termed "Underground Chinatown" and is one of the big feature attractions with the C. A. Wortham exposition company that will exhibit in Wichita Falls for the week starting Monday, April 22.

The object of the exhibition is to acquaint the people with the terrible effects of the drug habit. "Fan Tan" the famous gambling game of the Chinese, is shown, with players sitting in the game. Dance hall and saloon are reproduced, the "dope fiend" begging a few pennies to get his favorite; the lottery agent, cadet and slave girls; the dope peddlers; victims sleeping off the effects. They are still there and the exhibition is said to be most vivid and realistic.

### Fall From Derrick Breaks Both Arms Of Electra Citizen

Falling forty feet from a derrick in Sunshine Hill, W. Q. Pillsbury of Electra, last night broke both arms, and one leg at the knee. He was brought here to the General hospital early this morning.

It is not understood definitely how the accident occurred.

### SCULPTURE

## WHAT'S IN A TRADE-MARK?

A trade mark is something more than a "sign"—It stands for the faith, the pride and reputation of the manufacturer in the product which he makes and sells. Good goods depend upon identification so that they may be asked for by name—recognized, remembered and called for again—

As Reliable Druggists—

### OUR TRADE-NAME IS OUR TRADE-MARK

We want our customers to look upon it as a stamp whereby we assume full responsibility for the quality of all goods we sell.

This store is a standard Drug Store—Making a Specialty of Standard Trade-Marked Advertised Goods—The Buying Public May Depend on This Store for First Quality in Everything.

First Attention To All Orders For The Sick **Palace Drug Store** Special Attention Given Our Prescription Dept.

### THIRD LOT OF MEN UPON SECOND CALL LEAVE MAY FIRST

On May 1 the third lot of drafted men on the second call will leave Wichita Falls, orders being received by the local draft board to send a few white men on this date to Fort Sam Houston. Previous parties have been entrained for Camp Travis, the national army cantonment near San Antonio, and no reason for shifting the place of arrival to the regular army post was given.

On April 26 a party of more than 30 white men will be sent to Camp Travis and on April 29 several negroes will leave for the same place. There will not be more than six or seven on the May 1 call the local board stated.

### Travellers Warned Not to Bring Liquor Into Limits of Zone

By Associated Press. Austin, Tex., April 17.—In reference to the ten mile zone law Assistant Attorney General Keeling emphasized the importance of the traveling public not overlooking the clause in the law which makes it a felony to carry intoxicants into the limits of a ten mile zone. He points out that if an officer should "happen to search a suitcase or bag," and find intoxicants therein, its owner would be in serious trouble.

### BRITISH RECRUITING MUCH STIMULATED

New York, April 17.—The German drive in Flanders and Picardy has greatly stimulated the recruiting of British subjects in this country. Last week established a record in the number of men enlisting, according to a statement today by the British and Canadian recruiting in men. During this period 1,175 recruits who enlisted in the various parts of the United States were sent over the Canadian border.

### THIRTY SEVEN DIE RESULT COLLISION OF SHIPS AT SEA

By Associated Press. An Atlantic Port, April 17.—Thirty seven lives were lost when the American steamship O. B. Jennings and the British steamer Warknight, both laden with nappala and inflammable oil collided off the British coast March 14, according to members of the crew of the Jennings, who arrived today. All who perished, with one exception, were on the British vessel. They were burned to death by blazing gas and oil.

Those who survived the flames on the Warknight were rescued in the nick of time by destroyers, for soon after, while the blazing hull was being towed toward shallow water, it struck a mine and was blown up. The destroyers went to the rescue through a field of blazing oil and took off also the crew of the Jennings. A number of the crew of the American ship, however, were badly burned and had to be removed to hospitals after being landed.

### PERUVIAN CABINET REPORTED TO HAVE RESIGNED

### HUCKABEE GOES INTO ARMY WORK AT DIX Y. M. C. A.

E. C. Huckabee, for the last eighteen months assistant pastor of the First Methodist church, south, left Tuesday evening for Camp Dix, Illinois where he is stationed temporarily at least for Y. M. C. A. work among the men at the camp. Mr. Huckabee applied for Y. M. C. A. work through the local recruiting chairman, Lee Clark, along with a number of others who have not yet been assigned to positions. Previous training gained at the Moody Bible ins. in addition to a college education and broad experiences makes the usual preliminary training for the work unnecessary in his case. Mr. Huckabee has given splendid service during his stay here and his place will be hard to fill. Unusual musical training and ability in addition to efficiency along the other lines of his work have added to his value and his many friends are hoping he may at some time be assigned to duty at the local camp. His wife and children will remain in this city for the present.

### MRS. O. C. SOMERS IS GRANTED JUDGMENT

Mrs. O. C. Somers was granted judgment of \$300 against Maxwell Hardware Company by a jury in county court late Tuesday afternoon. The suit involved a contest in which Mrs. Somers worked, which was put on by an out of town company for the local hardware firm. Mrs. Somers was one of the winners in the contest and the amount sued for was the amount of the prize she was to have received, under the terms of the contest contract.

### GRAND COMMANDERY OF KNIGHTS TEMPLAR MEET

By Associated Press. Austin, Tex., April 17.—Upwards of 200 members of the grand commandery of Knights Templar of the state of Texas met here today in their 65th annual convocation. The program will be concluded tomorrow.

### LICENSE OF KANSAS CITY CONCERN TO BE REVOKED

Washington, April 17.—Recommendation that the license of the Ismert Hincke Milling Company of Kansas City, one of the largest milling concerns in the Missouri valley, be revoked was made to the food administration today by Commissioner Murdock of the federal trade commission. The company is charged with inflating wheat costs, thereby increasing the selling price to the public.

### HOUSTON MAYOR RESIGNS TO BECOME FEDERAL JUDGE

By Associated Press. Houston, Texas, April 17.—J. C. Hutcheson, Jr., mayor of Houston, today resigned his office to qualify as federal district judge under the appointment of President Wilson. Mayor Hutcheson will fill the vacancy caused in the southern district by the recent death of Judge Walter T. Burns.

### Tax Commissioner Moody will be mayor successor

The election will be held April 20. Two candidates, Judge A. E. Amerman and D. S. Cagle are in the race to succeed Hutcheson.

### PARIS BASEBALL LEAGUE IS FORMED, ANNOUNCEMENT

By Associated Press. Paris, April 17.—The schedule was adopted last evening for the season's games of the Paris baseball league comprising twenty six teams. Ten of the games are scheduled for Sunday. All of the clubs are made up of American soldiers or army service men.
