## BRITISH NAVAL FORCES MAKE RAID UPON BASES OF GERMAN SUBMARINES

### Reasonable Measure of Success Reported Attained in Meagre Report From Scene of Operations.

London, April 23.—British naval forces today raided the German submarine bases of Ostend and Zeebrugge. Five old cruisers which had been fitted with concrete for use in blocking the channels were run aground, blown up and abandoned by their crews. The admiralty reports that according to incomplete information thus far received the raid met with a reasonable measure of success.

The statement follows: "Early this morning a naval raid was made on Ostend and Zeebrugge, which are being employed by the enemy as destroyer and submarine bases. Our forces are returning and the safety information thus far received is to the effect that the raid met with a reasonable measure of success."

"With the exception of covering ships the force employed consisted of auxiliary vessels and obsolete cruisers. Five of these cruisers, fitted with concrete, were used as block ships and after being run aground, were in accordance with orders blown up and abandoned by the crews. A further communiqué will be issued when reports have been received from the ships which are now returning to their bases.

"No reports of casualties has yet been received."

**German Tolls of Raid.**  
The result of the whole operation, Sir Eric said, was regarded as very successful. While the operation was in progress, Sir Eric announced British parties were landed to distract the enemy. The officer who developed the scheme of attack was the commander of the Molee from the cruiser Vindictive. The casualties to the personnel, Sir Eric said, were heavy in proportion to the number engaged.

An enemy destroyer was torpedoed at Zeebrugge. Two of the blocking ships were sunk and blown up at the entrance to the Bruges canal. The piling beside the Molee at Zeebrugge was blown up by an obsolete submarine fitted with explosives.

**British Losses.**  
The casualties to British craft, Sir Eric said, were one destroyer and two coastal motor boats sunk and two launches missing.

The ports of Ostend and Zeebrugge on the Belgian coast are the principal bases for the operation of the submarines in their campaign against shipping in the North Sea and English Channel. They are of great importance

## FEDERAL COURT CONVENES HERE; DOCKET HEAVY

### JUDGE MEEK CHARGES GRAND JURY PARTICULARLY REGARD- ING SAFETY OF ARMY

### DISLOYALTY STRESSED

More Than One Hundred Matters are  
Expected to Come Before Body  
During Present Term

Laying especial stress on cases of pro-Germanism and disloyalty, selling or supplying liquor to soldiers and conducting a disorderly house within five miles of a military camp, Judge E. K. Meek this morning charged the grand jury as they went to their work for the start of the term in the district court of Federal Court, and started them on their work of considering more than 100 cases which have been brought to the attention of the U. S. commissioner within the past few months. Judge Meek asked that they consider all evidence carefully and pay especial attention to those matters which the war has made of particular moment and that the safeguarding of the soldiers of the United States be a primary consideration and that they see that no violation of the laws which the government has made for their special protection go unpunished.

**Equal Charges.**  
The usual charge on other federal statutes violations which are represented in the criminal docket, were also given the grand jury. Nine of the grand jurors summoned by the jury commissioner were excused, or were absent from court. Judge Meek on their plea that they were farming and that at present they were needed with their crops. Two were over the age of 70 and claimed exemption on that count. Nine additional grand jurors were summoned by U. S. Marshal Stokes to make up the jury soon as these were secured the jury was impaneled.

**Four Law Docket Cases.**  
There were only four cases on the law docket, which were called by Judge Meek while the additional jurors were being drawn. The suit of H. O. Gossett vs. Guy Waggoner, suit for personal injury, was called first. It was set for 10 o'clock Wednesday morning. In the case of Hamm vs. Roland, an injunction suit, set for 11 o'clock. The case of W. M. Priddy vs. E. B. Conover Grain Company was set for 12 o'clock Wednesday morning. In the case of W. M. Priddy vs. Western Union Telegraph Company the plaintiff took a non suit and the case of Willie Billings vs. Oscar Richardson was set for 1 o'clock. The case of W. M. Priddy vs. Western Union Telegraph Company was continued for the term. This case had been removed from the state court.

The equity docket was not called. There are several cases on docket and it is expected that some disposition of them will be made following the trial of the Ford case Wednesday. No report is expected from the grand jury until their work is completed.

**Grand Jurors.**  
The grand jurors for the term include: W. L. Bankstone, Byers, Clay county; Ralph Tuttle, Wichita Falls; C. L. Ayen, Combs, Seymour; J. T. Pezalla, Clay county; W. H. Dalley, Markley, Young county; S. P. Quisenberry, Buffalo Springs; Clay county; W. W. Wood, Casey, Wm. Meador, Scotland, Archer county; H. H. Fisher, Burk Burnett; J. H. Johnson, Electric; L. H. Thaxton, Henrietta; J. S. Richardson, Swanton, Little Combs; S. B. King, Oklahoma, Wilbarger county; Sam Kelly, Harrold, Wilbarger county; C. W. Reid, Frank Collier, J. Barnard, W. D. Barker, John Moore, J. J. Perkins, W. B. Ferguson, G. D. Anderson and T. T. Reese all of Wichita Falls.

**Petit Jurors were:**  
A. E. Boyd, Aera; P. S. Stallings, Bowie; J. W. Busby, Westover; A. B. Womack, Iowa Park; L. S. McConnel, Wichita Falls; J. A. Britain, Seymour; H. E. Conklin, Seymour; J. T. Lowe, Orth; E. Boyd, Byers; C. M. Duke, Wichita Falls; J. B. Turner, Sunset; R. A. Ferguson, C. H. Clark, Wichita Falls; R. C. Miller, Pezalla; C. B. Daniels, Newcastle; W. S. Priddy, Bowie; P. S. Tullis, Wichita Falls; C. D. Garner, Prospect; T. L. Reed, Seymour; S. C. Ashmore, Wichita Falls; R. C. Cotton, Wichita Falls; C. W. Reid, Vernon.

C. W. Reid was appointed by Judge Meek to act as foreman of the grand jury.

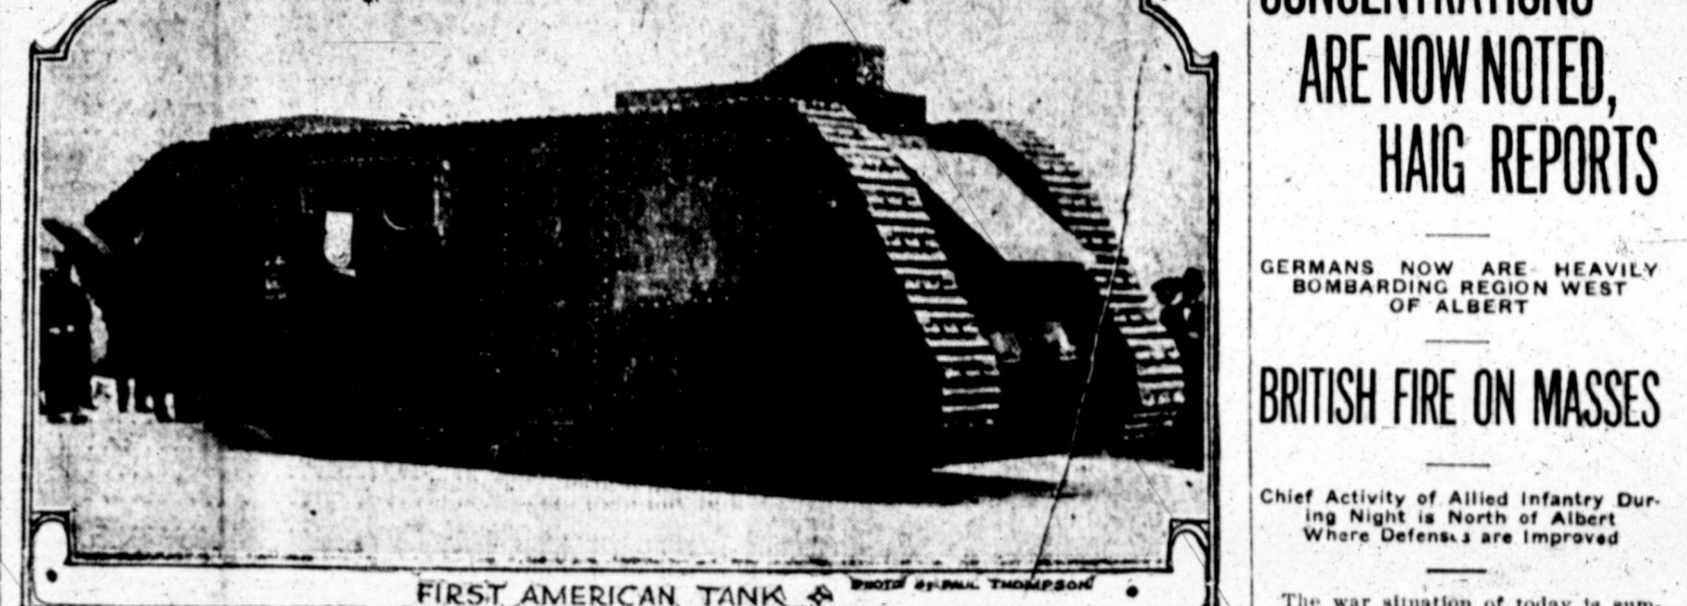

## BRITISH BUDGET WILL BE POPULAR SAYS DAILY MAIL

London, April 23.—The budget introduced into the House yesterday by Andrew Bonar Law, chancellor of the exchequer, the Daily Mail says, will be popular but it does not go far enough to relieve the heavy taxes, it adds, are placed on a very small class who will not complain and the newspaper is confident that the mass of wage earners would not resent a graduated tax on weekly wages.

"The practical workman-like budget seems to justify Mr. Bonar Law's optimism concerning our ultimate solvency," says the Daily Mail. "The income tax, the Daily News believes could have been increased more largely and adds:—  
"It is a wonderful testimony to the resources of the nation that we are still able to finance ourselves after financing the Allies for three years."

## HUNS PREPARE PUSH TOWARD ALIENS

### FIRST AMERICAN BUILT TANK TO ENTER BATTLE IN FRANCE

The first tank constructed in America soon will be ploughing its way across the battlefield in France to spread terror in Hun trenches. It has taken months to construct it at a cost of \$60,000. It is a giant in size, however, and is expected to overcome almost any obstacle that can be placed in its path by the enemy. The tank was constructed in a city near Boston. It crawled into Boston under its own power and was christened in historic Copley Square. Some idea of its tremendous size may be gained from the fact that a man may stand erect under the peak of its stern, which is but half the height of the land craft. It will be known as the America.

## THREE NATIONS NEAR BREAK WITH HUNS

### DUTCH STIRRED BY TROUBLE OVER REMOVING GRAVEL

### GERMANY SEEKS TO RESUME OLD PRACTICE BUT MEETS WITH OPPOSITION

London, April 23.—The German ultimatum to Holland, according to advisers received in London, demands the right of transit not only for civilian supplies and of sand and gravel through Holland, but also for war materials. The privilege of transit is asked not only on Dutch canals but on the railways.

The Hague, April 23.—The Dutch cabinet met yesterday in extraordinary session.

The Vredeland says an agreement has been reached regarding one point which has caused friction between Holland and Germany but that the old dispute concerning the transport of sand and gravel to Germany continues to be a stumbling block. Germany desired to resume the practice of shipping gravel through Holland but that some of the German officials in diplomatic circles in London were reported to look upon the situation with uneasiness. Rumors were that something in the nature of an ultimatum had been delivered to Holland by Germany.

The Handelsblad of Amsterdam on Monday expressed the belief that Germany would not hesitate to use communication through Holland even at the risk of war if she believed that something in the nature of an ultimatum could be obtained on the western front.

It was reported recently that Germany looked with disfavor upon Holland's attitude toward the seizure by the United States and Great Britain of Dutch tonnage in American and British ports.

**DISPUTE IS BELIEVED  
FAR FROM SETTLED**

Washington, April 23.—The dispute between Germany and Holland over gravel shipments, dispatches to the state department today, indicate, is far from settlement. The controversy is a three cornered one involving Great Britain also.

Last November Great Britain withdrew cable facilities from Holland after the Dutch had agreed to permit the transit of sand and gravel through Holland into occupied Belgium. For more than four months there was an embargo on commercial cables from Holland to overseas countries, including her colonies, but in February cable facilities were restored when it appeared that the gravel question was about to be settled.

The Dutch press had reported that as a result of the conciliatory attitude that the German government had taken it appeared possible to reach an agreement which would be satisfactory to all.

**SABOTAGE BILL IS  
SIGNED BY WILSON.**

Washington, April 23.—President Wilson today signed the sabotage bill carrying a penalty of \$10,000 and thirty years imprisonment for destruction of war materials or interference with war industries.

**FORD IS ELIMINATED  
AS POSSIBLE HEAD OF  
AIRCRAFT PRODUCTION**

Washington, April 23.—Henry Ford was eliminated from consideration for the post of director of aircraft production today when he notified President Wilson that under the circumstances could be accepted the appointment. The place was never officially tendered him, it was announced, but the president had been mentioned in connection with the position.

### EARTHQUAKE SAID TO HAVE SOURCE NEAR LOS ANGELES

San Jacinto, Calif., April 23.—Three more earthquake shocks during the night early today, captured by the Exchange Telegraph's correspondent at Amsterdam, The German newspapers have been notified to prepare the public for this development, he adds.

Los Angeles, April 23.—Stock taking of the havoc wrought by the series of earthquake shocks which were felt in Southern California, Western Arizona and Utah and which covered a period of thirty hours beginning at 3:32 p. m. Sunday, strengthened today the belief that the disturbance originated in the granite backbone of the San Jacinto mountain about sixty miles east of here.

Latest estimates of the damage done at San Jacinto placed the loss at \$200,000. Hemet's losses were believed to total \$50,000.

Much interest was aroused here by the belief that the quake resulted in the changing of the contour of the San Jacinto mountain. It was contended that the mountain peak was higher and now the southern peak appeared to be higher. Another curious phenomenon was the apparent rising of the bed of the San Jacinto river at the point where it flows past the town of the same name and the expulsion of water from its underground channels.

### CONCENTRATIONS ARE NOW NOTED, HAIG REPORTS

### GERMANS NOW ARE HEAVILY BOMBARDING REGION WEST OF ALBERT

### BRITISH FIRE ON MASSES

### Chief Activity of Allied Infantry During Night is North of Albert Where Defenses are Improved

The war situation of today is summarized by the Associated Press as follows:

There are evidences of German concentrations for a renewal of the great battle on the Somme front. Field Marshal Haig reports enemy activities of this nature in the vicinity of Villers-Bretonneux where the German wedge south of the Somme has been pushed furthest toward Amiens. The enemy masses were taken under fire by the British artillery as were similar concentrations north of the Somme, near Serre, seven miles north of Albert.

The Germans are heavily bombarding the region west of Albert and the entire northern side of the salient along the Lys on the Flanders front. The Paris war office reports considerable artillery activity also in the Somme battle area.

The chief activity of the British infantry last night was north of Albert, where the defensive positions were improved and sixty prisoners taken. Local fighting in which the British had the advantage, occurred also on the front near Robecq and in the neighborhood of Wytschaete.

**Enemy Still Waiting**  
New thrusts on the western front by the Germans are still held in abeyance. Holding out for the moment, the British are making ready to meet any renewed German offensive. The Allied forces are making ready their defenses. It is believed the Germans will not delay resumption of heavy fighting much longer.

German raids on both the northern and southern battle fronts indicate the enemy is feeling out his adversaries who realize that the longer the Germans hold off their new attack the heavier it is likely to be. Southwest of Ypres the Germans are massing large bodies of troops on the northern leg of the salient probably in preparation for further attempts to overtake the Mont Kemmel position and outflank Ypres. They have carried out small raids in the vicinity of Labasse and Festubert, where the southern leg of the salient joins the old battle line. In the center the British have further improved their position around Robecq. On the Picardy battle front the Germans show how increased activity north of the Somme. The apex is at the base of the triangle whose apex is the juncture of the Somme and Ancre rivers almost directly east of Amiens.

**May Attack Simultaneously**  
It is not improbable that the Germans may attack simultaneously the British lines on the Somme and directly north of the Somme in an effort to wipe out the strong Arras position. Field Marshal Haig has held stubbornly to the Arras sector for a month and his line south of Albert has repulsed numerous enemy attacks since the first week of the offensive movement. South of the Somme the German artillery fire continues strong on the Montdidier-Noyon sector.

Anglo-French armies are harassing the enemy by dropping many tons of bombs on his military positions behind both battle fronts. In aerial fighting 37 German airplanes have been accounted for by Allied aviators. The German planes are not reported their attack on the American lines east of St. Mihiel. General Pershing is understood to have reported to the War Department that the American casualties in Saturday's brisk fight totaled 200 and that those of the enemy were between 300 and 400.

**Fighting in Macedonia**  
Fighting operations in Macedonia, although evidently not on a large scale, are quite active. British, Serbian, French and American troops have been engaged with the enemy on the front between Monastir and Doiran. At Veronik the Serbians captured an important position from the Bulgarians and held it against a counter attack. The Allied artillery has been firing heavily on the enemy position.

Relations between Holland and Germany are again reported near the breaking point and the situation is said to be looked upon with anxiety in official circles in London. Rumors are current in the British capital that Holland has been served by Germany with a demand approaching an ultimatum. The Dutch press is becoming uneasy regarding Germany's attitude toward the smaller countries.

**HUN IS CAPTURED  
IN FRENCH UNIFORM**

Paris, April 23.—Wearing the uniform of a French infantryman, a German was arrested in the streets of Paris yesterday. He told the authorities he was born in Alsace and had deserted from the German army after being brought to the western front from Galicia. The police are of the opinion that the prisoner is a German officer.

**Enemy Alien Women  
Now Most Anxious  
To Leave Country**

New York, April 23.—A rush of German women to the New York port enemy alien bureau, seeking permission to return to Germany has followed the publication of the act requiring enemy alien women to register. It was announced today.

One of the applicants yesterday was Madame Margaret Arndt-Ober, a contractor, who sang at the Metropolitan Opera House under the name of "Margaret Ober." She said she hoped to obtain an engagement in Berlin. Her application has been referred to Washington.

**NEW SUBSCRIPTIONS  
SWELL LIBERTY LOAN**

Washington, April 23.—New subscriptions reported today raised the total of the Liberty Loan already pledged to \$1,596,700,000. Until further reports are received it will not be possible to determine whether the St. Louis or the Minneapolis district exceeded its quota first.

The St. Louis district reported 332,783 individual subscribers, little more than half the number that had been expected. In Phillips county, Arkansas, where the population quota was 2,515, there were 5,501 purchasers. All sections of the St. Louis district exceeded their quotas except Tennessee and the city of St. Louis.

# HOW MANY BONDS SHOULD ONE BUY ANSWERED HERE

## DEPUTY GOVERNOR J. W. HOOPES GIVES FAIR ALLOTMENT TO EACH MAN

# IS BASED UPON INCOME

### Federal Necessities are Taken Into Consideration in Figuring Out Exact Amount for Individuals

Just what is the share which each man should secure of Liberty Bonds if he is to do his own part as based on the necessities of the country, is given in detail by Deputy Governor J. W. Hoopes, of the Dallas Federal Reserve Bank, in a telegram received this morning by the Times.

His statement, which will come as a shock to many who have believed that they were carrying their respective shares of the burden of the country at this time, follows:

How much should I subscribe to the Liberty Loan? This is my share? These questions are being asked daily, and replied to in a thousand different ways. The need of some guide, some rule, on the subject has been felt by practically everyone.

Mr. Seward Prosser, President of the Bankers Trust Company of New York, has endeavored to supply the want. Calling to his assistance some of the cleverest financial brains of the country, he puts forth approximate figures based upon statistics of undoubted reliability. Presuming that we must raise fifteen billion dollars during the next twelve months to conduct the war, the following figures show how we must do it: customs, excise and indirect taxation will yield one half billion dollars. Corporations assessed on their wealth should provide by taxation and subscriptions to government loans two and three quarters billions. The banks of the country may well be asked to carry bonds for themselves and their customers to the value of three and one half billion dollars. This leaves a balance of seven and one quarter billion dollars to be actually saved and handed over to the government for war purposes during the coming year by the ordinary individuals comprising the general public, whose incomes range from eight hundred dollars to five million dollars yearly.

Seeing that eighty five per cent of us earn less than ten thousand dollars yearly, the figures relating to this class interest us all most closely. The actuaries and experts who worked on the problem have come to the conclusion that a family with an income of two thousand dollars yearly must save and hand over to the government yearly about two hundred and seventy dollars. A family earning five thousand dollars must save one thousand one hundred and twenty dollars. One earning ten thousand dollars must save four thousand dollars, and one having an income of twenty thousand dollars must put aside nine thousand dollars.

The citizens referred to may deduct from the amounts mentioned the personal tax they pay to the government, and the net balance is the amount they should actually pay out during the year for Liberty Bonds. If they wish to do their share, Americans paid out as installments on bonds should not be confused with "amount of bonds signed up for," three and one half billion dollars being carried by the banks under the suggested scheme, must eventually be absorbed by the individual.

In other words, it is our duty to pay out the sums mentioned as due from us, according to our financial ability, and to undertake during the year to mortgage our next year's resources to the extent of about fifty per cent of the amount we actually pay out.

A booklet has been published entitled, "What is my share of the cost of the war?" Which goes into the matter in detail. The Federal Reserve Bank at Dallas hopes to receive a supply of these for distribution. The figures will come as a shock to many who have believed hitherto that they were doing their share, and will provide food for thought for those who have salvaged their consciences with a small subscription. Not only are they brought face to face with their duty, but the facts are now brought home to their fellow-men.

While the officials of this bank cannot vouch for the exactness of the calculations referred to, yet they seem to represent an honest and very intelligent attempt to provide a fair basis on which to work.

Have you lived up to your responsibilities? Your conscience and your fellowmen await your reply?

# SUCCESSFUL BUSINESS MAN OUT FOR SENATE; HE RESIDES IN FOARD

The senatorial district of which Wichita county is a part has the opportunity in the coming primary to select a representative of successful business and ripe legislative experience. Hon. W. S. Bell of Foard county who is a candidate for the nomination has these qualifications. He is known as one of the most successful farmers and livestock men of the lower Panhandle. He is an official of a bank in his home town and is regarded as one of the county's most progressive and substantial citizens. He represented the district comprised of Hardeman, Foard and Knox counties in the state legislature in the 32nd, 34th and 35th legislatures and was chairman of the agricultural committee for which position he had the unanimous endorsement of the directors of the A. and M. College.

He was author in the House of the rural school bill appropriating \$1,000,000 for the aid of the rural schools of the state.

Mr. Bell has high standing among the legislators and is in a position to be of great service for his district if nominated to the State Senate.

Mr. Bell resides at home in Wichita county for he was one of its early settlers cultivating one of the first farms in the Wichita Valley in 1884. Later he removed to Foard county where he has since resided.

# DESERTION CHARGED AGAINST TRENTON MAN BY OFFICERS

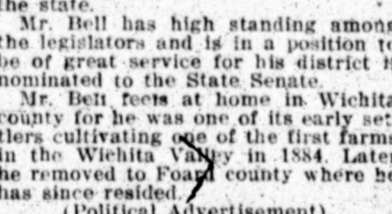

New York, April 23.—Charged with being a deserter, falsely representing himself as an army lieutenant and cashing a check, M. W. Hillymer, who said he was the son of a realty broker in Trenton, N. J., was arrested here today.

Hillymer registered at the Hotel Imperial as a lieutenant in the medical reserve corps and cashed a check for \$75 at the office. He was suspected and the police notified. Army headquarters announced that a man of the same name was wanted as a deserter from Camp Pike, Arkansas and later telegraphic instructions came from the army bank at the cantonment advising that Hillymer's check was worthless and asking that he be held.

Hillymer said he broke out of the camp guard house and later made his way to St. Louis, Chicago, Philadelphia and other cities. He claimed he had an account in the Camp Pike bank.

School Garden Army.  
Five million boys and girls working to increase the food output of America is the aim of the United States Bureau of Education, as announced by J. H. Francis, who is in charge of the work. The United States School Garden Army of America, Mr. Francis states, will be advised by four experts. These men will send directions for planting, and answer inquiries from their various divisions. C. M. Wood will have charge of the northeastern division, Frederick A. Merrill of the southern, Lester Irvine of the central western, and Cyril Stebbins of the western division.

The plan of the work as outlined by Mr. Francis is to put the school children of the country at work under proper supervision in community gardens and adjacent to the schools, and to have the immediate production of the food products of the Nation.

NEW RECORDS MADE AT ROOMS OF RED CROSS

MORE WORKERS ARE PRESENT FOR DAY THAN ON ANY PREVIOUS MONDAY

All previous Monday records were broken at the Red Cross workrooms yesterday in the number of workers present and in addition in the two church units working...

The First Christian church had 51 workers present and worked a total of 225 hours, completing eight suits of pajamas and making 618 compresses.

Half day workers: Miss Dorris, Mesdames Jones, Russell, Post, Tucker, Willis, Reese, Walkup, Brown, Herbert Brown, Tyson, Webb, Drennan, Reynolds, Pichard, Weston, O'Connell, Huff, Bundy, Stewart, Downing, Pinkston, Roe, Pennington, Reid, Duke, J. R. Hyatt and Young.

Fifty seven workers were present at the First Presbyterian Church and their complete work totaled 12 suits of pajamas completed, two bolts of gauze cut for surgical dressings and 618 x4 compresses made.

The church workrooms are to be kept open daily, as are those at the Red Cross headquarters, and members of the church have pledged certain terms or mornings, so that the work will be in progress at all times.

Mrs. H. E. Munnell was instructor in the hospital garments section and Mrs. C. J. C. McDowell hostess. The workers included: Mesdames Kemp, Fowler, Beavers, Darnell, Faulkner, Howard, Butts, J. M. Bell, W. W. Robertson, Coyne, Urban, Nicholson, Gibson, Albright, Humphrey, W. C. Bell, Fred Lewis, J. D. Lewis, Lewis, Warren, Leicham, Carrigan, Anderson, and Gafney. Misses Adeline Carson and Jodie Haynes.

Mrs. H. B. Patterson was hostess in the surgical dressings department and Miss Louise Maupin, Mrs. Grey and Mrs. Bullington instructors. The workers included: Mesdames Vaughn, Buchanan, Bernard Martin, Couner, Maer, Heasley, McMillan, J. D. Robertson, Quinn, Hines, Little, Tuttle, Shepherd, Burkett, Stone, White, Cobb, Ramsay, and Grier.

The Catholic Altar Society Class at the Red Cross rooms was the largest since the work has begun, and Mrs. Wade Walker the instructor and supervisor had the picture taken of the class.

American Pioneers In Europe Are Paid Tribute In Booklet

London Feb. 22.—Tribute is paid to the pioneers of the American army in Europe in a volume just published in Paris, entitled "The American Volunteers in the Allied Ranks," by Paul Louis Servet. From the first American volunteers flocked eagerly to seek service under the standard of one or other of the Allies.

DESTROYING SEIZED LIQUORS

Federal and county officers, together with a number of civilians who had been deputized for the occasion, are here shown just following the closing of the saloons of Wichita Falls after the ten mile zone law went into effect, destroying about 2,500 quarts of liquor which had been seized in an old house in "No Man's Land" along the river from One man, an Oklahoman, was arrested in connection with the affair and is being held to await the action of the Federal grand jury.

Note the federal expressions of many of those who are about to officiate, denoting the seriousness of the occasion.

BAPTIST REVIVAL CONTINUES TO BE WELL ATTENDED

Rev. O. L. Powers, Monday night revival sermon on "The Great Detective" was heard and enjoyed by a large audience at the First Baptist Church. Mr. Powers took as his text, "Be sure, your sins will find you out."

Services are announced for the regular hour tonight the pastor to preach on "The Man in a Hole."

No Police Court Is Held This Morning; Is But One Arrest

There was no docket for Judge Ogden in the city court this morning, prohibition having the effect of preventing the offenses which formerly made a big police docket here.

Only one man was arrested by city officers yesterday. This was a man taken off the southbound Fort Worth and Denver passenger train last night by Sheriff J. C. Gammet of Holt, Okla. The man was wanted to answer a statutory charge.

FIRST DRILL IS WELL ATTENDED AT COURTHOUSE

DRAFTED MEN AND NATIONAL GUARDSMEN MANIFEST DEEP INTEREST Between seventy-five and one hundred registrants for the draft and volunteers for the new Texas National Guard participated in the first drill at the court house Monday night.

The latter part of this week or the first of next week a school of instruction both for commissioned and non-commissioned officers will be started here, and it is expected that these will be no shortage of students.

Enlistments for the National Guard companies now organizing here, continue and there is every prospect that the local companies will be fully recruited.

"BE SURE TO VOTE IN PRO ELECTION TO BE TOMORROW"

THIS IS URGED BY COMMITTEE OF CITIZENS OF WICHITA COUNTY

Just as soon as the commissioners court of Wichita county discovered that an effort was being made to establish a road house for the sale of liquor in the Friburg neighborhood...

There are many good reasons why the people should turn out and vote in this election and to vote the county dry. One reason is that such a vote would be tantamount to a vote of confidence in our national and state governments which have both put the ban on the sale of intoxicants as a war measure.

Another reason is if those who make money out of the sale of liquor can possibly find a place in the county where they can be legally sold, they will establish road houses or neighborhood grog shops and will go into the business.

Today, we have a dry county. Whiskey cannot be legally sold anywhere in it and there is not a single licensed saloon. Our citizenship, both pro and anti, believe that it should remain so, at least until after the war is over and to that end and to make it all the more certain to remain as it is we appeal to the voters of Wichita county to be sure to vote next Wednesday.

PROHIBITION HAS ITS EFFECT

Police Judge Ogde, newly elected to office, is having trouble finding something to do.

Since the ten mile zone law went into effect on April 15, few cases have come before the court, for citizens of Wichita Falls have been sober.

Federal, county and city officers are of the opinion that they will continue sober, as the closest watch is going to be placed over the entire county to prevent bootleggers from beginning operations.

They are determined that prohibition shall prohibit.

PURCHASE COAL NOW.

The residents of at least one district in Wichita Falls are likely to be short of gas next winter.

The gas mains of the Wichita Falls Gas company have been leased in the factory district by the Wichita Falls Window Glass company with a view to insuring a bountiful supply for the plant, and it is possible that subscribers in this section of the city will find that there will not be enough for all purposes, particularly during the coldest weather.

Whether there is or there is not enough, it will be a good idea for the people of Wichita Falls to be prepared for "any eventuality." They should remember how hard it was for them to secure either coal or wood for heating purposes the last year and should prepare for cold weather during the summer months when transportation facilities will permit.

The fuel administration has warned all dealers to lay in an ample supply of fuel during the summer and individual householders have also been warned. It is stated with much assurance that the prevailing price of coal will not continue through another year but that next winter the government will probably find it necessary to permit a raise. In this day of high prices, every little saved is a help.

Therefore put in your order for such fuel as you think you will need early this summer, in order that your dealer and the railroads may be able to accommodate you at a time when traffic is ordinarily light.

Mexican Governor Will Meet Hobby At Eagle Pass, Tex.

By Associated Press. Eagle Pass, Tex., April 23.—Governor W. P. Hobby of Texas and Governor Mirales of Coahuila, Mexico will meet in Eagle Pass, Tex., today for a conference on border conditions and endeavor to establish closer relations between the two governments, according to messages received here today.

Governor Mirales has been active in stamping out German propaganda in Coahuila and has instructed municipal heads throughout the state not to permit pro-German demonstrations.

Greek Business Man Has Conference With Governor W. P. Hobby

Austin, Tex., April 23.—Polybios Leokos, of Athens, Greece, president of the national chamber of commerce of that country, was here today and had a conference with Governor Hobby relative to industrial and economic conditions in Texas. Mr. Leokos is making a tour of the United States gathering information on business methods as prevalent in this country with a view of applying American methods in Greece. He is also general representative of the semi-official press at Athens, of the Hellenic government of Liberals. He said that he was much impressed with what he had seen in this country and he felt certain the Greek government would adopt the up-to-date methods in operation in this country.

FOURTEEN BELGIANS ARE REPORTED SHOT

Amsterdam, April 23.—A dispatch from a point on the Belgian border reports that 14 Belgians, including a priest, and nun have been shot.

Antwerp on the charge of espionage. The Germans, the dispatch says, have abandoned their custom of announcing these executions on red posters.

CANADIANS RAID LINES OF HUNS IN MANY PLACES

By Associated Press. Canadian Army Headquarters in France, April 23.—(By the Canadian Press Limited)—The Canadians during the last twelve hours have raided the German lines at seven places, gassed the enemy with thousands of lackymatory and lethal shells, harassed him by special artillery shots, swept his trenches with machine gun and rifle bullets and hammered his front line with trench mortars.

In some of the raids sharp fighting developed, in one instance protracted hand to hand fighting taking place this struggle being so intense that the Canadians were unable to take prisoners. The seven raids together netted five prisoners and two machine guns. Two of the prisoners have since died.

Whole Front Lively.

From dusk until dawn the whole front has been lively north and south of Lens. The ceaseless rumble of our heavy artillery, particularly the hostile batteries by calculated and gas shelling, has been accompanied by the sharper chorus of our field artillery, carrying out a particularly harassing fire program. Periodically our artillery fire has reached a barrage intensity in support of raiding parties.

Regularly the boche lines have been lit up with scores of flares, betraying the nervousness which has been produced among the enemy by such activity as he has not known on his front for weeks. The enemy has been forced to man his guns under gas shell and in gas masks, he has betrayed the effect of our tactics by the diminishing volume of his fire but has made answer to our general raiding and gas activities by projecting much tear gas against our positions north of Lens.

Projection Bigger.

This projection was bigger in volume than anything ever attempted against the Canadians by the enemy. Its effect, beyond discomfort, was slight.

Of the batteries bombarded by our gunners during the last twelve hours many will not be heard from for some time.

Unable to obtain rubber to give the masks that fit close which is essential for full protection, the Germans' protective measures fall short of our own and the enemy gunners must have suffered heavily under our bombardment for we used nearly 50,000 shells against some thirty battery positions. Our 45 howitzer secured direct hits on concrete shelters in the Avion district.

Members of the committee were present in force as it was the first meeting of the secretary with any congressional committee since his return. Despite his announced intention not to bring up the question of the size of the army, Chairman Dent and his colleagues were curious as to the secretary's return. The line and disposed to accept his recommendation. The army appropriation bill has been held up for months by the secretary's return. The secretary's recommendations will be made soon and the war department already is preparing them.

Representative Shammenger of Nebraska has prepared a bill to extend the draft age from 21 to 40 but has deferred pressing it until he can ascertain the secretary's view.

WORTHAM SHOWS TO OPEN TONIGHT; TO BE HERE WEEK

Following a grand parade through the principal business streets of the city this evening, the C. A. Wortham show will formally launch a week of opening Monday, as had been intended. Festivities in this city tonight delayed in arriving in time for the thirty of cars of the company reached the city Monday evening, and this afternoon all was in readiness for the opening performance.

In the afternoon the excellent piece band, under direction of Chas. Jamison, of Armour, S. D., rendered several selections at the Times office in the early afternoon.

Count is Upset By Shooting of Hindu Defendant

By Associated Press. San Francisco, April 23.—Ravi Chandra, editor of the Hindu publication "Ghadr" (Revolution) was shot, probably fatally, here today by Ram Singh, another Hindu defendant in the trial of 32 persons charged with conspiring to foment revolution against British rule in India.

Court had just adjourned for the noon recess.

Singh fired two shots at Chandra, both of which took effect, returned from his chambers as the "Ghadr" staff rose from his seat to the court room and fired the shots.

Shouting wild confusion and a stampede for the door were quelled by United States District Judge William C. Van Fleet who returned from his chambers as the shooting began, ordered the room cleared and placed in charge of an armed guard.

FRANCE

Paris, April 23.—Active artillery operations on the Somme front and east of Rheims are reported in today's official communication.

The statement follows: "Rather spirited artillery engagements occurred on the Somme front east of Rheims."

"German raids between Laignevy and Noyon, northwest of Rheims and in the Vosges were without result. Prisoners remained in our hands. Everywhere else the night passed in quiet."

GREAT BRITAIN

London, April 23.—The British attack last night north of Albert was carried out on a front of about one thousand yards. Reuters correspondent at British headquarters reports that an advance was made to a depth of 50 yards.

The statement follows: "As a result of a successful local operation carried out by us last night north of Albert, we improved our position and captured sixty prisoners. A number of prisoners have been taken by us also in the Robecq section and near Wytschaete, in both of which areas local fighting occurred to our advantage."

"In the neighborhood of Fampoux one of our raiding parties entered the enemy's trenches and penetrated his support lines."

"The hostile artillery was active yesterday afternoon and during the night west of Albert and on the greater part of our front from south of the crest of Nieppe to east of Ypres. Concentration of hostile troops observed in the Villers Bretonnois sector and in the neighborhood of Serrevent engaged by our artillery."

WOMAN INDICTED UNDER ESPIONAGE ACT IN NEW YORK

MRS. ROSE STOKES MUST ANSWER TO THREE COUNTS IT IS ANNOUNCED

By Associated Press. Kansas City, April 23.—Mrs. Rose Stokos of New York was indicted by a federal grand jury here in three counts this afternoon. Mrs. Stokos was charged with violation of the espionage act.

The maximum penalty on each count is a fine of \$10,000 or imprisonment for twenty years or both.

The first count covers that section of the espionage law providing punishment for causing or attempting to cause insubordination, disloyalty, mutiny or refusal of duty in the military or naval forces of the United States.

The second count covers obstruction of recruiting while the nation is at war and the third count deals with making or conveying false reports interfering with the success of the military or naval forces or promoting success of the nation's enemies.

Mrs. Stokos, wife of J. G. Phelps Stokos, wealthy New York socialist, was not in the court room when the grand jury returned its findings. She was arrested at Willow Springs, Mo., March 22 and released on \$10,000 bond after her arraignment the following day when she pleaded not guilty.

Indictments also were returned by the grand jury against Carl Gleaser and Jacob Frohwerk, former owner and editor respectively of the Missouri Staats Zeitung, a German language newspaper. The indictments cover the same sections of the espionage act as those upon which Mrs. Stokos was indicted.

COUNT IS UPSET BY SHOOTING OF HINDU DEFENDANT

By Associated Press. San Francisco, April 23.—Ravi Chandra, editor of the Hindu publication "Ghadr" (Revolution) was shot, probably fatally, here today by Ram Singh, another Hindu defendant in the trial of 32 persons charged with conspiring to foment revolution against British rule in India.

"German raids between Laignevy and Noyon, northwest of Rheims and in the Vosges were without result. Prisoners remained in our hands. Everywhere else the night passed in quiet."

GREAT BRITAIN

London, April 23.—The British attack last night north of Albert was carried out on a front of about one thousand yards. Reuters correspondent at British headquarters reports that an advance was made to a depth of 50 yards.

The statement follows: "As a result of a successful local operation carried out by us last night north of Albert, we improved our position and captured sixty prisoners. A number of prisoners have been taken by us also in the Robecq section and near Wytschaete, in both of which areas local fighting occurred to our advantage."

"In the neighborhood of Fampoux one of our raiding parties entered the enemy's trenches and penetrated his support lines."

"The hostile artillery was active yesterday afternoon and during the night west of Albert and on the greater part of our front from south of the crest of Nieppe to east of Ypres. Concentration of hostile troops observed in the Villers Bretonnois sector and in the neighborhood of Serrevent engaged by our artillery."

BRITISH Y. M. C. A. HEAVY SUFFERER BY RETREAT

By Associated Press. London, April 23.—The British Y. M. C. A. was a heavy sufferer in the retreat on the western front. Eighty Y. M. C. A. huts with their equipment and supplies had to be destroyed with a financial loss of about \$500,000.

HUNGARIAN TROOPS ARRIVE IN BELGIUM

By Associated Press. Washington, April 23.—Diplomatic dispatches today from Berne said Hungarian troops have arrived in Belgium. Many troop trains, it was said, have passed through Liege. The presence of many Austrians was reported also at Antwerp and Ghent.

WOMAN INDICTED UNDER ESPIONAGE ACT IN NEW YORK

MRS. ROSE STOKES MUST ANSWER TO THREE COUNTS IT IS ANNOUNCED

By Associated Press. Kansas City, April 23.—Mrs. Rose Stokos of New York was indicted by a federal grand jury here in three counts this afternoon. Mrs. Stokos was charged with violation of the espionage act.

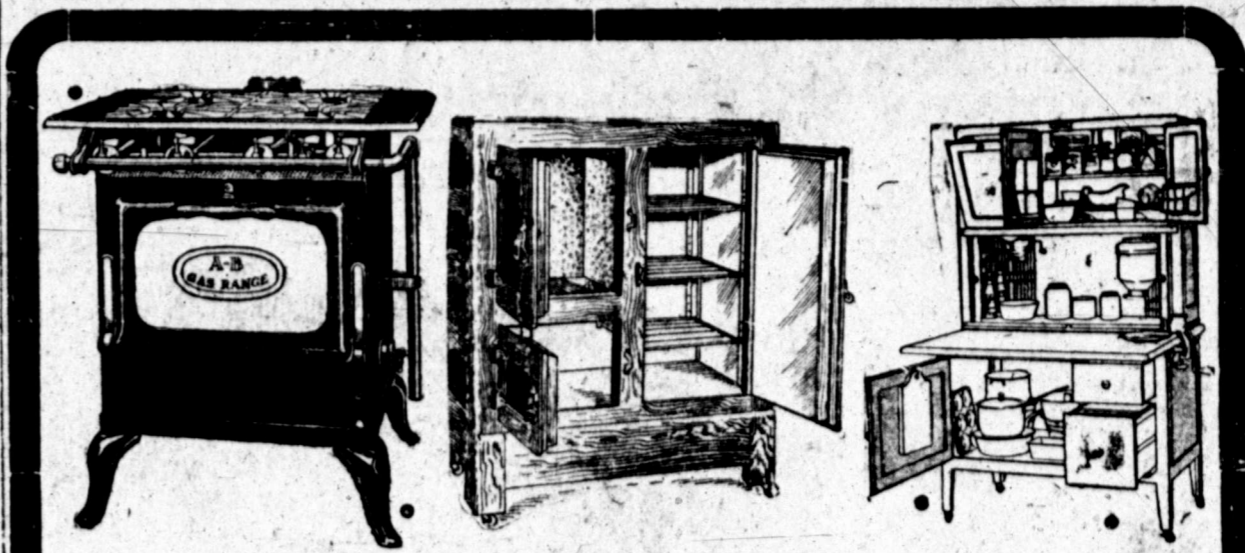

The maximum penalty on each count is a fine of \$10,000 or imprisonment for twenty years or both.

The first count covers that section of the espionage law providing punishment for causing or attempting to cause insubordination, disloyalty, mutiny or refusal of duty in the military or naval forces of the United States.

The second count covers obstruction of recruiting while the nation is at war and the third count deals with making or conveying false reports interfering with the success of the military or naval forces or promoting success of the nation's enemies.

Mrs. Stokos, wife of J. G. Phelps Stokos, wealthy New York socialist, was not in the court room when the grand jury returned its findings. She was arrested at Willow Springs, Mo., March 22 and released on \$10,000 bond after her arraignment the following day when she pleaded not guilty.

Indictments also were returned by the grand jury against Carl Gleaser and Jacob Frohwerk, former owner and editor respectively of the Missouri Staats Zeitung, a German language newspaper. The indictments cover the same sections of the espionage act as those upon which Mrs. Stokos was indicted.

The Brunswick ALL PHONOGRAPHS IN ONE

All Over Town People Are Talking About the New Brunswick

THE new Brunswick Method of Reproduction has met with instant acclaim. And music lovers predict for The Brunswick complete leadership.

Never before have people known such an advanced type of phonograph. It lacks all the crudities of yesterday.

Tone is more natural than ever before. The most difficult selections, such as piano and orchestra, are played with absolute fidelity.

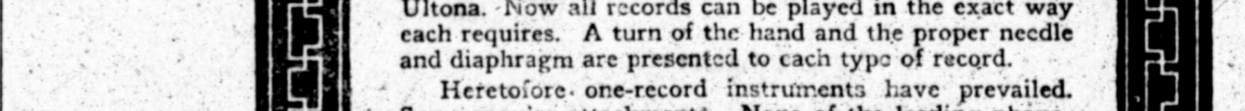

The Brunswick Method of Reproduction includes The Ultona. Now all records can be played in the exact way each requires. A turn of the hand and the proper needle and diaphragm are presented to each type of record.

Heretofore one-record instruments have prevailed. Some require attachments. None of the leading phonographs can offer the advantages of The Ultona.

Your ideas of phonographic values are bound to change now. You cannot be satisfied with yesterday's standards. Times have changed.

Come in today and hear the wonderful Brunswick which is made by The Brunswick-Balke-Coller Co. See if you do not agree that it is the most perfect.

CAPT. HOBSON ADVISED BLOCKING PASSAGES Fort Worth, Texas, April 23.—Captain Richard Pearson Hobson, here today, said that he had advised some time ago that the solution of the submarine menace was in blockading the bases by sinking old vessels in the channels, which the British did at Ostend and Zeebrugge Tuesday. Hobson sank the collier Merrimack in the entrance to Santiago harbor, twenty years ago in an effort to bottle up the Spanish fleet.

TODAY'S MARKETS

RENEWED SELLING OF COTTON SENDS PRICE DOWNWARD

New York, April 23.—Improving weather conditions in the south and favorable crop advices from Texas led to renewed selling in the cotton market here early today. Liverpool showed considerable firmness and the opening was irregular at an advance of 15 points to a decline of 3 points, near months being relatively firm. Houses with Liverpool connections were busy liquidating May contracts...

WESTERN FRONT TO DECIDE WAR DECLARE HUNS

LUDENDORFF BELIEVES THAT "FIGHT TO FINISH" ONLY CAN BRING PEACE

New York, April 23.—Peace for Germany, according to General Ludendorff, chief quartermaster general, rests upon the signing on the western front and without severe battles fought to finish, Germany cannot win.

Field Marshal Von Hindenburg was interviewed at the same time and the two German leaders apparently were convinced that for Germany peace was needed to bring about peace.

Peace in the east meant a tremendous relief for the Germans in the west, Ludendorff said, adding: "Now we are about to gain the ascendancy numerically. We ourselves are in a position to assume the offensive wherever we desire."

Referring to France, General Ludendorff said: "We may well say, without exaggeration that France has dug her own grave. She is about to bleed herself to death. Undoubtedly the French are brave soldiers."

The German army leaders look forward with grave concern to the final fighting. The saving of German blood they have at all times considered as a sacred duty. But the German people and their allies will have to accept the necessity that the final battle must be fought out.

Americans Honored For Their Services In the Escadrille

HUN MILITARY MACHINE DEVELOPING RESPECT FOR U. S. FIGHTERS

The German military machine has developed a wholesome respect for Americans as fighters according to Raymond Starbuck, an adjutant in the war work forces of the Salvation Army who has arrived at an Atlantic port after seven months strenuous work within range of German guns.

Adjutant Starbuck tells of a battle fought on March 26 in this fashion: Call Americans

"A certain section of the line was subjected to unusual pressure from the German forces, and in the heat of it all, one German, evidently more excited than his fellows, leaped to an exposed position and in very excellent English, shouted 'Come on you American dogs, and fight.' Before he could leap back to safety, one of our boys had thrown a hand grenade which took off both his legs and his arms.

"Then ensued a fierce encounter in which the Americans accounted for 180 out of an original 200 of the raiding group. Our men later discovered that the German who leaped out to challenge the Americans and lost his life was a former New York merchant. The officer carried a rifle which was recovered by our men and I have brought it back to America with me.

"German prisoners taken said they have all along planned to terrify the Americans, believing that they are not real soldiers and have no disposition to fight, but they now are stunned by the experience they have bought dearly.

"It is quite impossible to describe the inferno over there. Just before I left a giant shell from the German line exploded in the center of our line within 40 feet of a Salvation Army hut in which was Captain Arthur Andrews and some assistants. Had the shell exploded the hut and its occupants would have been blown to atoms, but although it plowed in 12 feet, it did not go off.

"On particular contingent of German troops opposite our men is referred to as 'the butchers' by the Americans because of their wanton cruelty and brutality. German prisoners who these men are instructed to terrify the Americans, but they are really securing an opposite result. For example, 'the butchers' sharpen their bayonets to the keenness of a razor and they do not impale by simply thrusting forward as of old; they aim to side-swipe and tip up and down, often disabling or killing three men at one sweep.

"Shave with Bayonets "The Americans were quick to find this out, and they have not only become enthusiastic adepts at side-swiping and scythe fighting but many of them are actually shaving themselves with their bayonets, so keenly have they sharpened them with grindstones and upon leather.

"The line in France will bend as good strategy requires, I believe, but it will not break and you will find a soldier under the flag of the allies who has the slightest doubt but that right and justice will prevail in the end, and that Germany will be defeated."

Adjutant Starbuck, who has been a Salvationist for 20 years, is here only for a brief stay. The recruits he will take back are women past the age of 25 years, whose strength and spirit will permit them to undertake the strenuous work in the huts. No men of military age will be accepted.

NINE PERSONS INJURED; FREIGHT ENGINE EXPLODES

By Associated Press. Beaumont, Tex., April 23.—Nine persons were injured, some severely when the locomotive of a Gulf Coast freight train blew up here early today. The explosion was believed to have been caused by a blistered crown sheet. Two houses were partly demolished and their occupants scalded and bruised. All of the injured will recover.

YOUNG NURSES IN ARMY UNIFORMS ENJOY SENDOFF TO FRANCE

Young women nurses, wearing their army uniforms of blue serge, enjoyed their final social fling in America before going to the front in France, at a tea given to two hundred and fifty of their number from every State in the Union by Mrs. James Speyer, at her home in New York city. Mrs. Speyer is chairman of the Committee on Nurses of the Committee of Women of National Defence.

D. A. R. BRING HOME LIFE TO SOLDIERS IN CAMPS

Kalamazoo, Mich., April 21.—Members of the Lucinda Stone Chapter, D. A. R. are bringing a bit of home life to the men stationed at Camp Custer, Michigan. The chapter maintains attractive rooms in the city of Kalamazoo, which is near the camp, and here various courtesies are extended to the soldiers.

Women relatives of the enlisted men are entertained once a month with music, refreshments, and short patriotic talks. On one Tuesday of each month the members of the chapter meet in the rooms for personal war work in behalf of the destitute women of France. These meetings are many citizens' wives can be located are the invited guests of the day. Wednesday and Saturday afternoon, Sundays, and holidays the soldiers visit the headquarters, and two women chosen for dignity and tact are the hostesses on these occasions.

No young girls or young married women are given this work. Smoking is allowed and cigarettes furnished. Candy and homemade cake are provided on holidays and fruit is always in evidence. Writing materials are handy and there is a good supply of timely books and magazines. On Sundays any men who are staying in town for the day are invited home to dinner by chapter members.

To women old enough to be their mothers, the soldiers talk as boys might, and as one member puts it: "We hear much praise of Army Life, of officers, of the dream of world freedom, and of shyly spoken ideals, until we know that our soldiers are the finest men in the world."

IDAHO REGISTERS ALL NATIONALITIES

Regarding registration in Idaho, Eva Hunt Decker, of the press committee, Idaho Federation of Women's Clubs, says: "Work with the foreigners has been interesting. In Pocatello a Greek tailor closed his shop and went with the registrars to register the Greek women in Shoshone county. The Italian women were most enthusiastic, one offering to knit a pair of socks a day. In Boise the Spanish and Basques are doing fine work. One of the Spanish women, a teacher, has offered to go anywhere as an interpreter to register her countrywomen. A strong effort is being made to influence women of the Austrian colony.

"This is an example of the practical-working use of registration in one town. A woman who was eager to work at Red Cross headquarters could not do so, because of two small children. In the next block a trained kindergarten, whose eyes are too poor for sewing, registered to care for children. The registrars were put in touch with each other immediately, with the result that Mrs. A. is now giving six hours a week to Red Cross work, while Mrs. B. tends the children.

SMALL GRAIN IS BELOW NORMAL IN THIS STATE NOW

Special to The Times.

Dallas, Texas, April 23.—Small grain crops in Texas are distinctly below normal, though rapid improvement has occurred since the early April rains, according to information gathered and compiled by the Texas Agricultural Congress for the State Food Administration.

Tabulation of reports from more than 2,000 correspondents, among whom were county food administrators, county farm demonstrators and country bankers, shows the wheat acreage 50 per cent normal and its condition 45 percent normal on April 1, while the oat acreage was 81 per cent normal and its condition 53 per cent normal. 88 per cent of the normal crop were indicated on April 1, but rains an imminent labor shortage, and the various "feed and food" movements have acted as a deterrent upon planting of crops which require much labor for cultivation or harvesting. Cotton planting will probably be further decreased as a result of efforts to raise enough corn to take the place of wheat as a human food. Grain sorghums, peanuts, Irish and sweet potatoes have been planted about 10 per cent in excess of normal. Home wardens are nearly 50 per cent above normal, and many communities will be able to live largely on their own produce for several weeks this summer.

GRADUATES ARE URGED TO HAVE SIMPLE EXERCISES

By Associated Press.

Washington, April 23.—An appeal to prospective colleges and schools graduates to conduct their 1918 graduation exercises as simple as possible and invest their money usually spent on clothes, invitations and dinners, in War Saving Stamps, has been sent to all institutions of learning in the United States by Dr. P. P. Claxton, commissioner of education in the United States. Dr. Claxton estimates that \$6,000,000 will be saved for patriotic purposes if the graduates accept his suggestion.

AMERICANS DO NOT MIND SHELLING BY LONG RANGE GUNS

COME OUT IN OPEN AND TIME INTERVALS BETWEEN EXPLOSIONS

"American soldiers in Paris clocked the shells from the 72 mile gun when the Germans began bombarding the French capital," was the report made today by Albert Ogden, of Columbia county, New York, one of the Y. M. C. A. secretaries arriving at the New York headquarters of the National War Council of Columbia county, after having experienced three days of sensational "express gun" shelling.

"The question has been asked 'How did the Americans act when the long distance shells hit Paris?'" "The Americans did not take to cover when the 'Alert' was sounded but went out into the street, con- sidered their watches and 'clocked' the intervals between the shots by the long range guns," said this "Y" man. "One of the shells hit a building in the Grand Boulevard, called from the 'Y' Pavillon, one of the three hotels we conduct in Paris. Our men held their watches on the shots and figured out that they were almost out of ten minutes, practically on the quarter hour by the clock."

"French Planes Puzzled "The French could not believe at first that Paris was being shelled and not being bombed in an airplane raid. The French airplanes went up, circling around until they were almost out of sight, looking for the Germans. It was not until later that they realized that it was a case of bombardment. I saw the mark of one shell where it had cut through a house a horizontal mark, and not from above; I also saw a sly- er of a shell.

"The long range shooting is follow- ed up by nightly air raids. The Ameri- can soldiers have become utterly indif- ferent to them. One night recently there was an air raid and the 'Alert' was sounded, the police and firemen blow their whistles and I heard a sol- dier protesting against being awaken- ed up and told to get into the cellar. His voice followed down the air shaft, 'Bring that cellar up here.'"

"Don't Bother "American soldiers and Y. M. C. A. men over there do not worry over bombardments. As one "Y" worker who has been under shell fire in the trenches for months advised me "Don't bother about the screech of the shells because you won't hear the screech of the one that hits you. If it has your number on it, it'll get you."

Germans Boast As To Success Of New Loan Now Being Secured

By Associated Press.

Amsterdam, April 23.—The Reichstag assembled yesterday. The vice president, Dr. Hellan Paasche made an address. Berlin dispatches report, in which he said:

"The success of the eighth war loan undoubtedly will help to show our opponents as well as neutrals to what extent a web of deceit has been woven around Germany and also to reveal the fact to them that Germany's internal strength remains unbroken. We hope this victory in the financial field will contribute substantially to the attainment of our goal as quickly as possible."

High Cattle Prices Accompany High Beef Prices. If consumers are to pay less for beef, live-stock raisers naturally will receive less for cattle. If farmers are paid more for live stock, consumers will necessarily pay more for meat. Swift & Company pays for cattle approximately 90 per cent of the price received for beef and by-products. The remaining 10 per cent pays for dressing, freight to market, operation of distributing houses, and in most cases, delivery to the retailer. Net profits also have to come out of this 10 per cent. This margin cannot be squeezed arbitrarily without danger of crippling the only effective means of performing the complex service of converting cattle into meat and distributing this meat to the fighting forces and to consumers. Swift & Company's net profit on beef during 1917 was only 1/4 of a cent per pound. On all products, it was a little less than four cents on each dollar of sales. Complete elimination of these profits would not affect appreciably retail prices of meat, or farm prices of live stock. Swift & Company will be glad to co-operate in devising methods that will improve conditions in the meat and live stock industry. 1918 Year Book of interesting and instructive facts sent on request. Address Swift & Company, Union Stock Yards, Chicago, Illinois. Swift & Company U. S. A.

Lessen the Cost of Your "Table" Use Plenty of Good Ice!

Patriotic economy and individual economy are twins. When you save for Uncle Sam's soldiers you are saving for yourself, too. The prime question nowadays is not "shall we be economical" but "how may we be economical?" Right away most housewives think about the high cost of food. Plenty of good ice in that good friend, your refrigerator, will save many a dollar. It will conserve and preserve to the last bit all of the perishable foodstuffs you are buying—fresh vegetables, meats, milk and butter and fruits. Never an ounce will be spoiled, and wasted, if you will keep the refrigerator in tune with our pure ice all of the time. And what a deal of food is taken from the table, some of it practically untouched! How easy it is, and economical, to SAVE it in the refrigerator, and serve it again under a new nom de plum. And how often does the produce peddler offer a low price if you will buy a little more than you need. How easy it is to say when you keep plenty of our good ice in that refrigerator. —By the way, pay for your ice with Coupons. It is so much more convenient and you get MORE ice for your money. Buy a Coupon Book from the driver.

WHAT ARE YOU? Are you a man and doing a man's part in this big war game? Which had you rather do—go over there and fight, or stay here and deprive yourself of some of the pleasures of life, taking the money saved in this way and lending it to Uncle Sam? Some of us are going to have to pay and go "over there" too. The balance of us are going to have to pay and pay until it hurts. If you are not going to fight go in tomorrow and buy all of the LIBERTY BONDS that you can pay for in the next six months—then buy some more. "BE A MAN" Wichita Typewriter Exchange 707 Eighth St. R. COLLEGE BOYS MORE ALERT THAN BEFORE THE WAR

"Instead of sleepy youths strolling along the streets with their hands in their pockets, one sees today on the college walks youths of alert expression, vigorous gait, erect carriage, and a general appearance of purpose and dignity." Thus Mrs. Arthur T. Hadley, wife of the president of Yale University, compares the college man before the war and the purposeful student of today. Mrs. Hadley, who is on the committee on woman's activities of the Connecticut State Council of Defense, has herself two sons in the Army, one of them a major, and she has been active in the organization of the Reserve Officers' Training Corps and the Yale Naval Training Unit of the university. "The change in the facial expression of the average undergraduate has also been remarked. I am told that the change is noticeable in the classrooms. There is more alertness and more attentiveness. When a man realizes that he may soon be of age to leave college and go 'over there' he begins to appreciate keenly a number of advantages in college work and life that had not occurred to him before."

**CAPTAIN COO TO SPEAK UPON LOAN HERE NEXT FRIDAY**

**CHANGE IN GRADE OF TWO STREETS NOW AUTHORIZED**

Captain Coo, Canadian officer who has seen service on the front in France will be in Wichita Falls Friday, April 26 and will speak in the evening at the Wichita Theater, in behalf of the Third Liberty Loan. The local committee is endeavoring to have a large representation from Electric, Burk Burnett and Iowa Park to hear the Canadian officer, who will have a message of interest and enthusiasm to bring the people. He will also be able to present the problem which the men of the United States are facing on the battle front now, in common with the other allies, to the people of Wichita Falls in all of its seriousness and help them realize just how much their dollars are needed in the Third Liberty Loan.

The City Council in an adjourned session this morning authorized some changes in the grades of Austin and Travis streets at their intersection with Ninth street so as to make more gradual the incline of Ninth street which is to be paved.

Councilmen McFall and Lea voted against changing the engineers grade and Councilmen Walker and Reed voted for the change. Mayor Marlow cast the deciding vote in favor of the change. It was also voted to make the curb lines on Lamar street Sixth to Tenth fifty feet from line to line. This action was unanimous. Petitions are in circulation asking for the paving of Lamar street.

Councilman Walker reported that there had been some delay in the imposition of quarantine regulations that had come under his observation. He said there had been a delay of 24 hours in one case of measles and a delay of six hours in a case of scarlet fever. Mayor Marlow said that he would take up the matter with the official responsible.

### NAMES OF SEVERAL LIKELY TO GO TO BANK AT DALLAS

**MEN OF MEANS GIVEN CHANCE TO BUY BONDS DURING THIS WEEK**  
Names of several citizens of Wichita county who have not subscribed as fully to the loan as it is thought their income and means justify will be sent to the federal reserve bank at Dallas by the close of the week if the committee does not receive a satisfactory answer to the personal letters which have been sent to the individuals. The committee states that it feels that in no instance has an unreasonable demand been made upon a man, that in every case every circumstance has been carefully weighed and the allotments made after careful consideration of the bankers of the city. It is hoped that it will be unnecessary to send any names to Dallas and that the report can be made that Wichita county is "100 per cent patriotic."
