

PROHIBITIONISTS EASILY ROLL UP HEAVY MAJORITY

MORE THAN THREE TO ONE POLLED AGAINST SALOONS IN THIS COUNTY.

EVERY BAR IS DRY ONE

About One-Third of Vote of Entire County Is Said to Have Been Cast in Election.

By a vote of more than three to one Wichita county Tuesday ratified the state of prohibition that has existed in Wichita Falls for more than a week as a result of the operation of the ten mill zone law.

Every box in the county heard from returned a dry vote. The four boxes heard from this morning were Allendale, Denny, Coe and Beaver Creek. It is practically certain that all of these boxes will return dry majorities.

Announcement Made That Labor Paper Will Be Published

A newspaper is to be published in Wichita Falls, beginning Friday, May 1, and issued weekly thereafter. It is announced that the publication will be issued under the direction of the Trades and Labor Council, that organization having already endorsed the movement.

The statement is made that the interests of organized labor will have first consideration and that the publication will not only be made an interesting one from a news standpoint, but that live issues will be discussed fearlessly from time to time as the interests of labor may be involved.

While the patronage of the business men will be solicited to a limited extent, it is announced that the publication will not be sacrificed for financial gain. J. A. Wray will edit the newspaper, which will be known as the Labor Journal, and an office will be maintained in the Labor Temple on Ohio avenue.

When Is Missing Man Officially Dead Is Asked of Department

Washington, April 25.—The war risk bureau has asked the war department to rule as to when a soldier who has been reported "missing in action" shall be officially recorded as dead. The request was made in connection with payment of insurance on the lives of the officer and thirty-nine enlisted men still unaccounted for among those who were aboard the Tuscania. Under the law no payment can be made to the heirs until the death of the insured has been officially recorded.

FEDERAL AGENTS INQUIRE INTO THREE FIRES

Lima, Ohio, April 25.—Federal agents today are investigating three fires which broke out simultaneously in the Lake Erie and Western Railroad shops here last night and practically destroyed the plant valued at \$400,000. One arrest has been made and it is said others may be made during the day.

WEAK KIDNEYS MEANS A WEAK BODY

When you're fifty, your body begins to creak a little at the hinges. Motion is more slow and deliberate. "Not so young as I used to be" is a frequent and unwelcome thought. Certain bodily functions upon which good health and good spirits so much depend, are impaired. The weak spot is generally the bladder. Unpleasant symptoms show themselves. Painful and annoying complications in other organs arise. This is particularly true with elderly people. If you only know how, this trouble can be obviated.

CORRESPONDENCE BEFORE WAR NOW IS INTERESTING

KAISER'S DECLARATION OF OFFENSIVE WAR PROVEN TO BE FALSE

By Associated Press Washington, April 25.—Repeated declarations of the German emperor and Generals Hindenburg and Ludendorff that the war was forced upon Germany and assertions from the same sources that Germany was to be surprised by the Russian mobilization attacks, particular interest to certain papers taken from Capt. Von Papen late military attaché at Washington.

According to newspaper reports several railway trains were blown up by revolutionaries during the troubles in Mexico. In order to form an opinion whether or not the report of a European war explosion of the kind would have to be reckoned with, it is requested that if possible, information should be obtained as to how these attacks have been carried out.

Captain Von Papen replying from Mexico where it is now known he was industriously planting the seeds of German propaganda and establishing connections for Germany to use in the event that she should war upon the United States, did not regard the operations of the Mexican revolutionaries as of any particular value.

"I am convinced from personal evidence that all the recent cases of destruction of railway lines by explosion were brought about by burying dynamite under the line itself and then igniting it by an electric current as soon as the train has reached the appointed place. I consider it out of the question that explosions prepared in this way would have to be reckoned with in European war. They are only possible in this country often pass for miles through revolutionary districts and have no protection other than a pilot train. Internal machines so far as I know have never been employed."

"P. S. We never before have seen such preparations as are being made at present. German stocks fell today one per cent.

"Kind regards, "R. MIMEL." This letter was regarded as of particular interest by the British consuls in view of the correspondence in view of its date, July 25, 1914, while negotiations were still in progress to avoid war.

Dumba Was Optimistic Evidently Dr. Dumba, Austro-Hungarian ambassador to the United States, recalled at the request of this government, did not appreciate until the last moment the danger in which he was placed by his own machinations for optimism characterized in his last letter to Von Papen dated at Lenox, Massachusetts, September 1, 1915.

"Things are doing splendidly in Russia," wrote Dumba, "if only the Danubians hold out. Everything has ended happily in Washington, and people already think they hear the bells of peace ringing. We have not got that length yet but it just shows what a good effect is produced by good words and a light hand."

Justice Department Shown Long List Of Convictions In Year

Washington, April 25.—Refuting recent charges that the department of justice had not been active in combating enemy propaganda within the United States, the department today reported that at least 3,900 convictions had been obtained during the last year under "wholly inadequate federal law against sabotage, disloyal utterances and other forms of interference with the war."

These figures were gathered from partial records of United States attorneys and actually represent only a small part of the department's work of policing the country, it was said.

On charges interfering with operation of the draft, 3,465 persons have been convicted or have pleaded guilty and 181 have been acquitted. Under the espionage act which has been stretched to cover many varying cases of disloyalty there have been 226 convictions and 17 acquittals. Under general war statutes 228 have been convicted and 89 acquitted. Twenty-three persons have been found guilty of making threats against the president and ten acquitted on this charge.

LIBERTY CABBAGE IS LATEST NAME GIVEN

By Associated Press
New York, April 25.—Sauer kraut may be camouflaged under the name of Liberty Cabbage if the federal food board here acts favorably on the recommendation of local vegetable dealers who assert that the pro-German stigma of the dish has been responsible for a falling off of 75 per cent in consumption since America entered the war.

COLONEL OF HER REGIMENT

PRINCESS PATRICIA OF CONNAUGHT

Her Royal Highness Princess Patricia has been appointed honorary Colonel-in-Chief of the "Princess Pats" Canadian light infantry. Princess Patricia, known to her intimates as "Princess Pat," is easily the most popular of the younger members of the English royalty. The high place her father, the Duke of Connaught, a brother of King Edward, has always held in the affections of the English people is her heritage, and on every occasion she has shown herself worthy of the esteem bestowed upon her.

REVIVAL SERVICE AT FIRST BAPTIST IS DRAWING MANY

A large crowd was in attendance last night upon the revival service being conducted at the First Baptist Church by Rev. O. L. Powers, pastor, bearing him speak upon the subject "Saving Faith." The quartette dispensed good music and will sing again tonight when the pastor's subject will be "Why Men Are Not Saved." The services will be continued through Sunday night. Following the preaching last evening a reception to soldiers from Call Field was enjoyed.

German Lutheran Members Buy Many Liberty Loan Bonds

The German Lutheran church at Clara took the lead in the Liberty Bond sale in that community and following a Liberty Loan sermon preached by the pastor last Sunday the community decided to buy \$21,000 worth of the Third issue of the bonds. The church has also bought \$300 worth of Thrift and War Savings stamps from the church funds.

ACTION OF TEXAS ON WHEATLESS PERIOD COMMENCE

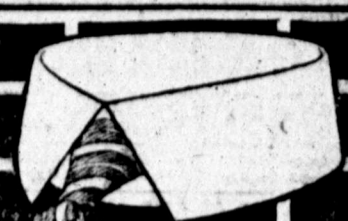

Commending the action of Texas in adopting a period of 45 wheatless days beginning April 15th and terminating June 1st, John W. Hallowell, first assistant to Herbert Hoover has written the following letter to Administrator Peden for Texas:
"Mr. Hoover wishes me to inform you that the following cable has been sent to General John J. Pershing: 'Entire State Texas will consume no

wheat until June first as a contribution toward winning the war."

A. E. PEDEN, State Food Administrator.
"We all felt that the patriotic action of your State in abstaining from the use of wheat until next June should be cabled in your name."
"Needless to say, cheering news of this nature will be tremendously appreciated by the American forces under General Pershing. If Texas had not been so well organized for this war emergency such news would have been impossible to send abroad at this critical moment. Therefore, the unanimous opinion here is that Texas is to be doubly congratulated."

Commenting upon the letter, Mr. Peden said: "I hope very much that the cablegram reached General Pershing before the terrific onslaught made upon the American front by the Germans—because any news from home that the American people are with the boys heart, body and soul—would strengthen the resolve to win; and make invincible the morale."

Nujol Affords Double Relief

How Nujol relieved Mr. Polk of pile trouble, as well as establishing regular habits, is described in the following letter:

NUJOL LABORATORIES, STANDARD OIL CO. (New Jersey), BAYONNE, N. J.

Dear Sirs:—

I have been using Nujol for several months and am well pleased with it. A tablespoonful night and morning does away with constipation, with no perceptible bad result. In using it for constipation, it has relieved me of trouble with the piles.

Yours truly,
W. L. Polk.

Vicksburg, Miss., Dec. 24, 1916.

If you have suffered from piles, you know the pain and difficulty of bowel movements. You handicap their healing if you do not keep your system clean and regular. And salts and purges only make the pain more acute.

Nujol covers the affected areas with a protective film. It allays irritation, makes the food waste pass easily over sore spots without friction, and helps the piles to heal.

Thousands who suffer from the double complaint are finding relief in Nujol. Mr. Polk did, and is insuring his future health by the Nujol treatment, safe, gentle and sure. You can have the same health. Try it.

ABSOLUTELY HARMLESS
There are no substitutes—there is only Nujol.

MAKING GOOD NAMES.

Read the casualty lists if you have been fearing that our foreign born elements are not being assimilated into our national life. The best proof of Americanism these days is not in nativity or education but a willingness to serve and to die for America. That's where the casualty lists will disprove your theories. You'll find in these lists more than ten Russian, Polish, Austrian, Bohemian and even German names to one of the older American family names.

This new blood of many elements is doing the fighting for America as it has been doing the work of her industries and in her commercial life. The men who bear them are making them mighty good and we are proud of some of these names we have trouble in pronouncing.

JOY OF GIVING.

Many people of the country are just beginning to learn the joy of giving. Some are even learning the happiness that comes with sacrifice in a good cause.

Those who are going forward to the hurrying point to purchase government bonds, thrift stamps and to subscribe to the Red Cross are finding that the pinch isn't so severe after all, so long as they are able to realize that they are conscientiously doing their bit in helping to win the war.

The man who does not support the government morally every chance he has, is the man who is doing nothing from a financial or personal sacrifice point of view to aid it. He is the one monumental slacker.

The fellow who is doing all he can materially for the country, is also its out-spoken champion.

MANY ANTIES VOTE DRY.

Wichita county has voted in a local option election by a ratio of about four dry votes to one wet. The voters voted the county dry from patriotic motives even though they may have felt in doing so that they would make it impossible for saloons to reopen in the county again. They felt that of the government wanted the saloons closed it was their duty to do everything in their power to close them and keep them closed.

The local option election was held for the purpose of making certain that the object of the ten mile zone law be made effective in Wichita Falls beyond the possibility of a saloon opening beyond the ten mile limit. The decisive vote yesterday shows that a large proportion of those who have been voting against prohibition in former elections put duty and patriotism above their own personal views. Anti prohibitionists must be given most of the credit for the large vote for prohibition Tuesday.

WICHITA COUNTY RED CROSS

Four suits of pajamas were completed by the following workers in the hospital garment department of the Red Cross work at the First Presbyterian Church on Wednesday. Mesdames Carrigan, Fowler Howard, Kemp, Beavers, Avis, Darnell, Butts and Munnell, instructor.

In the surgical dressing department 180 4x8 wipes were made by Mesdames Allen, Wade, Carrico, Bleachy, Smith, Tuttle, Burkett, and Misses Adickes, Baugh, Avis and Veale.

Thousands of German And Austro Prisoners Are Held In Siberia

By Associated Press. Harbin, Manchuria, March 25.—German and Austro war prisoners in Siberia are estimated to number more than 100,000 and in official circles here it is held they constitute a grave menace to the allied position in the far East.

PART OF GUARD FUND SECURED; MORE NECESSARY

About \$400 has been received of the \$2,500 fund asked for the Wichita Falls companies of the National Guard, according to Mayor J. B. Marlow. These organizations are expected to be fully recruited by Saturday, the date set by Col. W. A. Miller and already the recruiting committee has been put to some expense in securing posters and like advertising matter to stimulate recruiting, so the finance committee is anxious that the full amount be subscribed as soon as possible.

CITY JAIL FAST BEING EMPTIED UNDER DRY RULE

The city jail is rapidly approaching a state of emptiness since prohibition became effective. There are a few offenders with the city force working out fines, and their number is not being recruited rapidly enough through the police court to keep prisoners in the jail.

GRAND JURY IS STILL AT WORK; NO REPORT YET

No indication of when a report is to be expected from the Federal grand jury, sitting now for the third day, but from the number of witnesses and defendants crowding the courtroom, on all three floors and even in the basement, a lengthy docket is forecast. Officials who have just finished a busy term at Fort Worth are not cheered by the prospect as from the complaints filed with Commissioner Lantz, the Wichita Falls docket will be almost as lengthy as at Fort Worth, when 125 indictments were returned by the grand jury.

The suit of W. M. Priddy vs. the E. B. Conover Grain company continued on trial today, but there were indications of a conclusion this afternoon.

Be Economical Take Ice Regularly. These days everybody is trying to be economical. It's a vital part of patriotism. There are three ways that housewives can save in the use of their refrigerators. First, systematize your purchase of ice by the refrigerator. Let them cool off first, else amount at the same time every day the air in your refrigerator will always be at the same temperature and your ice will last longer and the foods in storage will be fresher and more palatable. Second, be careful not to put hot dishes in the refrigerator. Let them cool off first, else their heat will materially reduce the temperature and as a result the ice will melt twice as fast. Third, don't let the doors of the refrigerator stay open one minute more than is absolutely necessary. You can save quite a good deal—in both food and ice—if you will buy ice regularly and exercise reasonable care in the use of your refrigerator. Peoples Ice Co. Phone 81-259

TODAY'S MARKETS

RESERVED ACTIVITY IN COTTON MARKET SHOWN DURING DAY

By Associated Press New York, April 25.—There was reserved activity and excitement in the cotton market early today. Nothing further was heard regarding the increased offerings of spots and re-selling by exporters, rumors of which had unsettled sentiment late yesterday.

Main messages were received from the south denying rumors of increased spot offerings but rallies of 15 to 20 points met pressure from one source or another and the market was very weak late in the morning. July sold at \$26.70 and October at \$25.90 with active months generally showing net losses of about 25 to 105 points.

New Orleans Cotton

New Orleans, April 25.—The circulation of May notices caused heavy selling of cotton here today under which the market lost 39 to 54 points in the first half hour. It was estimated that total tenders here were under 1,000 bales and the market was affected sentimentally by them rather than by their weight.

Liverpool Spot Cotton

Liverpool, April 25.—Cotton spot quiet; prices lower. Good middling \$22.60; middling \$22.17; low middling \$21.64; good ordinary \$20.64. Sales 4,000 including 3300 American. No receipts. Futures closed barely steady.

JUDGE LINDSEY VISITS ENGLAND ON LECTURE TOUR

FINDS COUNTRY WARMLY IN SUPPORT OF PRESIDENT WILSON

(By K. Walter)

London, April 25.—One of the best American visitors in England these days is Judge Fred Lindsey of Denver. He has just left this office with a bundle of Colorado newspapers under his arm to read on the train to Oxford where he is lecturing to night on problems he has worked out in his famous court. The judge has had many surprises in England but not the least has been the ardor with which England officials and public audiences welcome his information and advice on questions which at first sight seem to be remote from the war. The truth is that the judge has struck England at a moment when the whole country is one big reform party and the reformers are having a few weeks of strenuous enjoyment in a jungle which seems to have no beast.

How England Looks at War.
"I never expected anything like it," he said. "I want our people back home to know that England is looking at the war not only as an opportunity to kill the best of Prussian militarism but as the best opportunity for reform ever offered by social conditions. I am on the go all day and every day and meeting all kinds of people from ministers and duchesses down to boys and girls in the police courts, and everywhere I am amazed by the eagerness with which the story of my work and my suggestions for tackling some of the big civilian problems of the war are received by the public and by those in authority. I never intended to do this kind of missionary work over here; I meant to get a good look at war conditions for myself and to tell them all about it; but first from one quarter and then from another I get requests for information and suggestions, and wherever I go I get myself such valuable information and suggestions, I begin to regret having to postpone my tour of the British and French fronts."

"But before I go farther, let me say this. Every American ought to know this fact about the English people. Their esteem and admiration for President Wilson is unbounded—absolutely unbounded. Nowhere in America could you hear more loyal and patriotic sentiments expressed about our president. And their feelings about America are just as cordial. It isn't only that they want us to help them win the war; they feel that the political and moral ideals of the two countries are the same and they are prepared to go hand in hand with us all the way.

"Now, this is a glorious opportunity. The things I have seen and heard, and the eagerness with which they take to American ideas, has put an idea into my head that we ought to make something more of the situation that has brought us together as military allies. I don't mean in the way of politics or sentiment, but as a solid bit of solid war work, work that will help to win the war and make it worth while winning. The thing we ought to get and get now is an alliance of the moral forces of the two countries.

When War is Over.
"Just look what is going to happen when the war is over. It will take us two years to bring our boys home. Where will they be, those who are waiting? Thousands and thousands of them will be here in these islands. Now, I have no criticism to make of moral conditions in England. I don't believe they are any better or worse than they are at home. But geographically the situation is different from ours. In America we can spread our camps hundreds of miles apart and far away from the great cities. This is impossible in England. Then think of the millions of Englishmen themselves who will be crowding home in the days of demobilization. What are all these men going to do during the time of waiting?

"England is preparing for that time on a scale that is way ahead of anything we are doing. We are new to the war; we have not started to work on after the war problems as they have in England. They have a Ministry of Reconstruction. They have all sorts of new agencies at work getting ready to master the problems of peace. On the side of social reconstruction we can learn from them, but we can also tell them a whole lot. And don't go away with the idea that this is work that can wait for the days of peace. It's the job in England that is going to win the war. It's the moral forces of the country that are winning the war. It's the moral forces of the country that give the staying power to these magnificent British troops which are holding out

against enormous odds east of Amiens today.

Moral Alliance.
"If we are going to have sound and fundamental cooperation between the two countries in the enforcement of a just and lasting democratic peace it has got to be a moral alliance. We have got to tell England all we can about our experiments and experiences in public welfare work, and we have got to learn and assimilate all we can of England's amazing reserve of moral force. I know that some of our people are making a thorough study of what England is doing in the way of trade and industrial reforms to help with the war and prepare for peace. Not after the war we shall not count our wealth in dollars and pounds but in human beings, in survivors of the war, particularly in young men and young women and children. That is what England is doing now—when she is giving thousands of the flower of her manhood in the defense of democracy. This is what I was told at one of the munition centers I visited by a high official, a woman, whom I had asked about the output of the factory: 'Firstly we are making weapons secondly we are making shells. That's the spirit of industrial England today.'

"As I said, there are scores of agencies at work for our boys and girls in both countries, but if we are going to make the most of our present opportunities, if Germany is going to be made to feel and respect the utmost the moral forces of the two countries, now and hereafter, we must forget all differences of the past, as the English have forgotten, and remember only that the common suffering of war has revealed to us the unity of our moral and political ideals. We owe it to our boys in France, and we owe it to England's boys in France to pool our moral resources.

"And that's as far as the idea has gone at present. I have no time now to work anything out in detail. Besides I want to see France before taking any definite steps in the matter. Meanwhile it's mighty good of you if you'll let them have my news back home because I don't know when I wrote anybody last."

Judge Lindsey has not decided just when he will sail for America, but he has made up his mind about one thing—he won't tempt Providence by fussing on any particular boat again. The judge and Mrs. Lindsey had a cabin reserved on the Tuscania; their reservation was transferred and their departure postponed owing to military requirements. They didn't like the change at all and did all they could to get on the Tuscania. The judge is going to let somebody else choose the ship for the trip home.

NEGROES PROTEST AGAINST LYNCHING OF THEIR FELLOWS

By Associated Press
New York, April 25.—Telegrams protesting against recent lynchings in Louisiana and Tennessee were made public here today by John R. Shillady, secretary of the National Association for the Advancement of Colored People, after having been sent to Governor R. G. Pleasant of Louisiana and the chambers of commerce of Baton Rouge and Monroe, La., and to Governor Thomas C. Rye and the chamber of commerce of Chattanooga, Nashville, Knoxville and Memphis.

Eleven negroes have been lynched without trial in Louisiana since America entered the war; the messages cite three of the Tennessee victims having been burned and tortured before death.

The telegram to Governor Pleasant urges that the lynchers be apprehended, that investigations be made to see if sheriffs used their full powers, that the governor issue a proclamation calling on citizens to obey the law and that the governor request President Wilson to "re-inforce your appeal by a statement to the nation."

The message concludes: "America's prestige abroad and her national morale at home demand vigorous, determined and patriotic action."

The telegram to Governor Rye says the Tennessee lynchings "imperil national unity" and urges action in bringing the lynchers to justice.

GRAND RALLY TO SECURE RECRUITS BE HELD FRIDAY

WICHITA THEATER WILL BE SCENE AND CAPT. COO WILL MAKE ADDRESS

Friday night, April 26, a big rally is to be held at the Wichita Theatre for the purpose of completing the recruiting of the cavalry troop and the machine gun company of the new National Guard which is being raised locally as Colonel Will A. Miller, commanding officer of the North Texas unit has asked that all organizations be fully recruited by Saturday, April 27. Captain Coo will be the principal speaker, as this rally will be co-ordinated with the Liberty Loan rally for which Captain Coo was sent here.

Judge John Kay will preside over the meeting and Major Smoot and probably other of the officers of the new Guard will speak, together with other prominent business men who are interested in seeing the Guard recruited. Musical selections will be furnished by the band and an enthusiastic meeting which will accomplish the purpose for which it is called is expected.

Practically every city and town in this part of the state has already completed its quota, with the exception of Wichita Falls, which is somewhat behind in the 200 men it is expected to raise in the cavalry troop being recruited by Captain Napier and the machine gun company, which is to be headed by Captain John Davenport. Major Smoot went to Nocona yesterday and reported that 40 men all that the town had been asked for were quickly recruited. The major is in Burkburnett today and expects that place to finish up at this time.

On Saturday, the day when recruiting is expected to be completed, the local recruiting committee will send parties to all of the nearby towns for the purpose of taking enlistments. The itinerary of this party follows: Holiday 10 a. m.; Dundee 2 p. m.; Mabelle, 4 p. m.; Archer City 4 p. m.; Harold 10 a. m.; Oklaunion 1 p. m.; Vernon 3 p. m.

KEMP LIBRARY
FURNITURE IS NOW IN CITY

REPORT ON LOAN DRIVE HERE WILL BE ANNOUNCED

The furniture for the Kemp Public Library has finally arrived. After having been on the road for nearly five months and after being lost and found by the county committee to the Federal reserve bank at Dallas and will show that Wichita county has oversubscribed her quota of \$1,087,500 by a considerable percentage according to R. E. Shepherd, the campaign manager. Reports from Electra on yesterday that the town had "gone over the top" finished up the loan and now all that is being awaited before making the final report is the official report from Electra, and the results of several committees who are at work locally.

Complete report of what Wichita county has done during the Third Liberty Loan will be made on Saturday by the county committee to the Federal reserve bank at Dallas and will show that Wichita county has oversubscribed her quota of \$1,087,500 by a considerable percentage according to R. E. Shepherd, the campaign manager. Reports from Electra on yesterday that the town had "gone over the top" finished up the loan and now all that is being awaited before making the final report is the official report from Electra, and the results of several committees who are at work locally.
